

Permit Me 1901

Chapter 1901:harder than ascending to heaven

MO zhongkai said, "that's right. Keep the money well. You will need a lot of money when you go abroad in the future. "Yes, I understand, Zhenzhen." after breakfast, mo zhongkai went out.

He drove all the way to the Army. He first went to the place where he was working to deal with some things, then went to his old unit.

It was a top-secret place. Other than the internal staff, no one outside knew about it. Even the military's top brass had very few access to the secrets here.

after mo zhongkai went in, he met a colleague. when the person saw him, he said, " " congratulations on your promotion, lieutenant colonel mo. what brings you here today? "

MO zhongkai laughed and gave him a punch. you little brat, you must be joking with me. I'm only going to take over. I'll come back sooner or later.

what's wrong? " the man asked. you're in a bad mood. You're in trouble.

MO zhongkai sighed. there have been a lot of things bothering Wanwan recently. Let's go back to a familiar place and have some peace.

we know what happened to your family, Wanwan. You don't have to worry about it. We trust uncle.

Many people had seen the court hearing last time, and there were even more videos circulating on the internet. It was impossible not to be known, so mo zhongkai had already made preparations.

he smiled bitterly. " thank you, yingluo. you can go ahead. i'm just here for a walk. "

MO zhongkai had installed surveillance cameras everywhere, the walls were all equipped with electric currents, and each door required Iris + fingerprint + password verification, and the password of each door changed every hour.

If you entered the wrong password, the electric current on the wall would be triggered. Once you touched it, it would be more powerful than the high voltage. Even if you didn't touch the wall, the infrared lasers in various places would automatically activate. If you were hit _ the laser would nags through

your body. Even if you didn't die, the wound would be difficult to heal.

in short, it was almost impossible to take a piece of paper out of this place, and it was almost impossible to get a person out.

MO zhongkai walked at a moderate pace. His brain was recording the position of the monitor and calculating the pattern of the password change.

MO zhongkai had taken over Tang Wei's place to deal with Liancheng Yazhi. His main purpose was to get Kang Zhen out of the Liancheng family, and Jian Jie was a breakthrough for them. Because Jian Jie rescued Kang Zhen with Liancheng Yazhi, he had been living in the Liancheng family's house before he was caught, so he should be very clear about Kang Zhen's situation.

MO zhongkai's visit did not arouse any suspicion. He entered the room that was specially used to monitor the siphons. The room was like a precise laboratory with all kinds of equipment. There was a screen on the wall where all the simple movements could be seen. It had the feeling of a science fiction movie. The people who were busy here were almost all high-end elites.

After mo zhongkai went in, he found the person in charge of the interrogation and asked, "how is he? Did you tell me where Major General Kang is in Liancheng's house?"

That person was also quite familiar with mo zhongkai, he shook his head a little dispiritedly, "no, he still hasn't said a word after such a long time. We've used all kinds of methods and injected him with the truth serum, but he still hasn't said a word. I don't think even iron Men can be like him.

MO zhongkai took a look at the image. His body was already very weak and was a little frighteningly thin. Because he had not seen the sun for a long time, his skin was very pale..

Chapter 1902: It's more terrifying than death

In fact, many people didn't want to torture such a tough and unyielding person to this extent. However, everyone in Jian Jia was on a different side.

MO zhongkai asked casually, "then there's nothing Qianqian can do?" i haven't made any progress with liancheng yazhi, so i still want to get some news from him.

the other party shook his head. "i want to, but he's too strong. we've increased the dosage of the truth serum to the maximum, but it's still useless. if we continue, he'll die. look at how weak he is. there's really nothing he can do. "

They didn't use any simplified torture methods on him, at least they didn't cause any superficial wounds on his body. However, the truth-telling liquid was something that no torture method would cause pain.

An ordinary person wouldn't be able to withstand it at all. Being shot was more terrifying than death.

However, the simplistically built one had been holding on for so long.

MO zhongkai had a plan in his heart, he asked, "aren't you guys making improvements? Any progress?"

even you know that. It'll be done soon. It'll take a few more days for the reaction test.

MO zhongkai was a little anxious when he heard this. It seemed that he had to speed up and finish the simple version of the improved truth-telling liquid before the laboratory was completed. Otherwise, Jian Jia might not be able to survive the simple version.

MO zhongkai knew better than anyone else how much damage that thing could do to the human body, but he still urged, "Then hurry up, I'm still waiting over there."

The other party nodded. don't worry. I'll let you know as soon as there's any progress.

MO zhongkai did not leave immediately. After a while, he said, "I want to talk to him, can I?"

As soon as he said that, the other party waved his hand and said, "It's useless to talk to him. He doesn't talk to us at all. He's been here for so long, but has he said more than ten words?"

MO zhongkai smiled. he can choose not to speak, but he can not choose not to listen. I don't need him to speak. I only need him to listen to what I say.

“This Kasaya seems to be Kasaya.”

MO zhongkai patted his shoulder. try it as a last resort. If you can make him tell the truth, you don't have to use the thing you improved. To be honest, I admire this person.

I know, right? I'm quite impressed too. He's the only one I've seen who can do this. That's fine too. Go in and say a few words to him. However, you have to monitor the entire process here.

mo zhongkai nodded, ” that's for sure. no matter how weak a lion is, it's still a lion. i'm afraid that if i don't speak well and make him angry, he might attack me. if he does anything, you have to save me quickly. ”

“Alright, don't worry.”

“Then I'll go in.”

MO zhongkai smiled at them and left for the special simple prison room.

Opening the complicated electronic lock, mo zhongkai walked into the room. The moment he entered, the door was locked again.

MO zhongkai walked to a place five steps away from the simplified version and stopped, ” “Can we have a chat?”

Hello, do you still remember me? I'm mo zhongkai. I'm now taking over Tang Han's work and am currently in charge of communicating with Xuanji Liancheng Yazhi. MO zhongkai originally wanted to say that he was in charge of dealing with Liancheng Yazhi, but he felt that it didn't sound good, so he changed his words.

MO zhongkai was now digging his brains out. He wanted to pass on the signal of his cooperation with Liancheng Yazhi without anyone knowing it, but he found that it was quite difficult.

A group of highly intelligent people were staring at him.. What should he say?

Chapter 1903: I'm willing to do anything for him

MO zhongkai felt that this was really a headache.

If he couldn't let Jian Jie understand what he meant, then he definitely wouldn't cooperate with his plan.

However, if he said it too plainly and others found out, he and Jian Jie would be in trouble.

Therefore, mo zhongkai's expression was very solemn when he was not visible to the surveillance cameras.

MO zhongkai spoke for a while and simply ignored him. He didn't even look at him and was completely treated as if he didn't exist.

mo zhongkai was a little anxious. he could not stay here for too long, otherwise he would be suspected.

mo zhongkai gritted his teeth. if he couldn't even do this, then wouldn't the next operation be even more difficult?

He is a hero. The country and the Army will not treat him badly, let alone let him down.

Jian Jie still ignored mo zhongkai. MO zhongkai's heart was filled with hatred. This Jian Jie was as unlikable as Liancheng Yazhi.

MO zhongkai changed the topic and said, " perhaps some unpleasant things have happened between me and Mr. Liancheng recently. I have to start with my father. My father likes calligraphy and paintings. He especially likes ancient authentic works. He is crazy about them.

mo zhongkai told him everything about his father changing the original work, and how he was about to be sentenced, as well as the lawsuit between him and liancheng yazhi.

After saying that, he changed his tone. I'm very worried about my father and I love him very much. I don't want anything to happen to him. I especially want him to be released as soon as possible. I don't want to see him go to jail at all. This is the biggest desire of a son. If it's possible, I'm willing to do anything for my father. I think Mr. Liancheng's feelings are actually similar to mine. We're both worried about the people we care about. He must also hope to see you as soon as possible and to see you safe and sound. As far as I know, he's been looking for you, and he's never stopped teasing you." so, Mr. Jian, as long as you can tell me everything about Major General Kang and his specific location in Liancheng's house, you will be able to get out very soon. You don't want Mr. Liancheng to be so worried about you, right? "

MO zhongkai had already said everything that could be said. The next step was to see if Jian Jie's brain was working well and if she could connect the hidden meaning in his words.

MO zhongkai said one last sentence: " I hope Mr. Jian can think about my words carefully. If you have thought it through, tell the people here that they can also look for me.

i'm looking forward to meeting mr. jian next time. goodbye. '

After mo zhongkai finished speaking, he nodded to Jian Yi and left.

MO zhongkai returned to the monitoring room and the person in charge said, "How is it? you still haven't said a single word, right? I told you that this is a tough bone. A tough bone made of iron. No matter how hard it is, it won't work. I've used both soft and hard methods. You can make him spit out the truth with just a few words. It's not that easy."

MO zhongkai sighed and then shook his head.

"By the way, you just said that as long as he talks about Major General Kang, you will let him out. Is that true? Has the higher-ups given a new order?" MO zhongkai shrugged his shoulders. I'm not just saying that. I have to give him some hope. Otherwise, he will be even more unwilling to say..

Chapter 1904:a worthy life

"I was wondering how you knew before we even received the order."

after a while, mo zhongkai saw that there was still no reaction from the surveillance screen and said, "I still have things to do outside, so I'll be leaving first. If anything happens to him, let me know at any time."

"Don't worry, Yingluo will definitely tell you."

"I'll be leaving then."

"Goodbye."

"Okay, goodbye."

MO zhongkai took one last look at the simplicity of the picture and shook his head helplessly.

In fact, after mo zhongkai left the room, he began to consider what mo zhongkai had just said.

MO zhongkai said it as if he was putting himself in her shoes, hoping to use his own situation to tell Jian Jie how worried Liancheng Yazhi was about him, and then use this to move Jian Jie. However, these words might not sound special to others, but it was far from that simple.

He had been imprisoned here for a long time, but he didn't know how long it had been.

however, ever since he came in, mo zhongkai had come to talk to him twice in the first few days. after that, he had not come to talk to him for a long time.

it was abnormal for her to suddenly come over and drag things out with him today.

MO zhongkai had just said that if he could get his father out, he was willing to do anything. Then, what was the 'anything' that he was talking about?

jian jie was liancheng yazhi's brother, and he knew how that guy did things. It was not his style to file a lawsuit with someone over a painting and make the whole city know about it. Moreover, why was the target of the lawsuit mo zhongkai's father?

Wasn't this too much of a coincidence?

Moreover, in the conversation just now, mo zhongkai also vaguely mentioned that the case, which was originally scheduled to be judged today, would suddenly be delayed.

Why was there a delay for no reason? Is there new evidence? Jian Jie would not believe this reason.

Liancheng Yazhi had never left anyone a way out. If it wasn't for something special, even if mo zhongkai's father died in prison, Liancheng Yazhi would let the trial start as scheduled, let alone new evidence.

When mo zhongkai left at the end, he seemed to emphasize that Jian Jie should think about what he had said.

In fact, mo zhongkai's meaning could be summed up as he hoped that his father would not go to jail and Liancheng Yazhi hoped that Jian Yi could get out as soon as possible.

In this case, it seemed that Wufu could be easily understood!

his simple eyes suddenly opened, and he felt his heart beating a little faster.

At this moment, he could already conclude that Liancheng Yazhi and MO zhongkai must have made some kind of deal.

Liancheng Yazhi withdrew the lawsuit against mo ding's father and allowed him to be exempted from prison, while mo zhongkai resentfully helped Liancheng Yazhi to save him.

The 'anything' that mo zhongkai was talking about was probably this.

based on a simple understanding of liancheng yazhi, from the beginning of mo father's case, liancheng yazhi's purpose was to make mo zhongkai turn against him.

That kid's plan was so simple, and his final goal was just to save him.

It was a simple and thin one, which he kept on his rapidly beating heart.

Just as he was about to lose hope, Liancheng Yazhi brought him the message of freedom.

Jian Jie's heart warmed up. He knew that as long as he could find any news of him, Liancheng Yazhi would definitely do everything he could to save him. To have such a brother in one's life, one's life was really not in vain..

Chapter 1905: What have you all done to him?

After mo zhongkai left, he drove to a mobile phone shop and bought a card that cost tens of Yuan and a very cheap mobile phone.

Then, he used that phone to call Liancheng Yazhi.

Once the call went through, he said directly, "I've just seen the simpletons and said something to him. As for whether he can understand or not, I don't know about the message I want to pass to him.

"how is he now?" liancheng yazhi immediately asked after hearing that.

MO zhongkai sighed, "the situation is not good. Because he was injected with a lot of truth-telling serums, his body is very weak. Now, it is difficult for him to walk normally. Moreover, he has not seen the sun for a long time, so he has to move slowly. Naturally, he can arrange for it to be at night.

If it was during the day, Jian Yi would not have been able to withstand the scorching and glaring sunlight.

Liancheng Yazhi gritted his teeth in hatred when he heard this. what have you all done to him?!

MO zhongkai could feel Liancheng Yazhi's anger and hatred at the moment, we can't do anything about it. We did it according to the rules. We only injected them with the truth-telling serum and didn't have any external injuries. This is already a very gentle interrogation.

MO zhongkai did not wait for Liancheng Yazhi to speak and continued, "also, I need to tell you that our time is limited. They are developing a new type of drug that is more effective and the pain is doubled. If they improve it and use it on a simple body, it will be difficult for his body to survive. So, we have to act before they succeed.

liancheng yazhi suppressed his anger. now was not the time to be angry. it was more important to quickly get the simplicity out.

"Alright, I know what Yingluo needs my help with."

MO zhongkai glanced at the endless stream of cars outside the window and said, "not yet, but you'd better get ready in advance and send him away as soon as the package is ready. He can't stay in the capital any longer. Also, he's not allowed to enter the country for a long time. Otherwise, he might not be able to leave even if he's a second late.

"Yes, I'll prepare all of these." Liancheng Yazhi was very worried at the thought of Jian Jie's physical condition. How could such a strong person like Jian Jie be so weak that she could not even walk?

"if i can find a medicine that can dissolve the effects of the truth-telling serum and allow a simple recovery of strength, can you bring it in?" liancheng yazhi asked mo zhongkai.

MO zhongkai was very surprised, "does this Qianqian have this kind of medicine?"

"first, tell me if i can bring it in."

"If there's such a medicine, I can try it." MO zhongkai had answered this question after some consideration. He thought about it and felt that if he could let Jian Jie recover his strength, it would be more helpful in bringing him out.

Moreover, that person was very powerful. Carrying a person who couldn't even walk, or carrying a walking weapon, which one had a higher chance of success was obvious.

Therefore, mo zhongkai felt that it was very beneficial for him to let the simple recovery of physical strength.

With mo zhongkai's words, Liancheng Yazhi said, "I'll go find the medicine. You'll be in charge of bringing it in and making it simple.

"Yes, I can."

After hanging up the phone, Liancheng Yazhi quickly went to find Natsume.

"Natsume, do you have any medicine that can dissolve the effect of the truth - telling liquid?"

Natsume was stunned for a moment. I don't know about this, " he said. I really haven't made this thing before. But, you can try it, Hanhan..

Chapter 1906: As long as he is safe

Liancheng Yazhi anxiously said, " quick, you must get it out now. It's best if you can get it out within two days. Oh, Yingluo, and it'll be better if you can let people who have been injected with the truth-telling serum many times recover their strength quickly.

Natsume was surprised to hear this, 'that thing can be injected multiple times?

Wouldn't that person be so weak that he could be blown away by the wind?"

Liancheng Yazhi pressed on Natsume's shoulder. that's why I came to you, Natsume. It's all up to you now.

Natsume swayed from the slap, 'who is the person you're talking about? Why are you so nervous?'

lian Cheng yazhi looked at Natsume seriously. "The Simplified Chinese Kasaya is simple. I've found his whereabouts, but it won't be easy to save him. So, you must develop that medicine as soon as possible, understand?"

Natsume's expression changed instantly. He grabbed his hair and said, "Jian Xin's simple armor, don't worry. I'll get it for you tomorrow.

get out. Hurry up and get out now. Don't disturb me before I get it out. Natsume drove Liancheng Yazhi out and placed a second locked door inside. No

one was allowed to enter. Natsume went in and searched for the medicine to dissolve the effect of the truth-telling serum.

Liancheng Yazhi looked at the bright sun above his head. He was sweating from the heat, but he did not feel hot at all.

He was extremely nervous. If he didn't come out for a day, he wouldn't be able to relax.

When Liancheng Yazhi returned to the room, Rong Yan quickly asked him, ' "

"How is it, what did mo zhongkai tell you?"

After Liancheng Yazhi finished mo zhongkai's call, he immediately ran to find Natsume.

Rong Yan was very anxious. She was really afraid that something would happen to Jian Yi.

Liancheng Yazhi smiled. mo zhongkai has already seen Jian Jie. Although the situation is not very good, it's better than not having any news at all.

mo zhongkai has already started to make arrangements. I estimate that it will be within four to five days. We just have to wait a little longer and we will be able to rescue Jian Yi.

Rong Yan put her hands together. it will definitely happen. Jian Yi will definitely come out safely.

lian Cheng yazhi put his arm around Rong Yan's shoulder and let her lean into his arms. "however, you might not be able to see him after the simplified version is completed. you have to send him away as soon as possible. you can't stop for even a moment. ' "

Rong Yan nodded vigorously. I understand. I understand that as long as Yingluo is safe, it doesn't matter if we see him or not. The most important thing is that he's fine. There's still a long way to go, and there will always be a chance to see him again.

Jian Jie was a person who was locked up in the military's top secret unit. Once he went missing, he would definitely be wanted by the entire city in the shortest time possible. They had to send Jian Jie out of the capital before they blocked the air and land traffic. He could not let it fall into their hands again.

Liancheng Yazhi kissed Rong Yan's forehead. "Don't worry, I'll definitely send the simple safety out."

Rong Yan smiled. yes, my husband is so powerful. He will definitely do a good job.

For the rest of the time, Liancheng Yazhi arranged a simple retreat route after they came out. MO zhongkai began to make arrangements with a simple plan and retreat route to leave the place.

MO zhongkai was in a difficult position. He needed to see Jian Jie again. However, after he went there last time, it was not good for him to go again in a short time. He needed Jian Jie to take the initiative to ask to see him.

However, Jian Jie had not made any movements since their last conversation.. MO zhongkai thought to himself, did Jian Jie not understand what he meant?

Chapter 1907: Colluding together

MO zhongkai thought about it, it shouldn't be. Such a powerful person, not only in terms of martial strength, but also in terms of intelligence. Otherwise, he wouldn't have become an Overlord and led such a large mercenary group.

He definitely understood, but why didn't she ask to see him?

could it be that jian jie had his own idea? Or did Yingying not believe him now? Did he think that he was lying to him?

However, after a day, mo zhongkai understood what was going on. Liancheng Yazhi asked Secretary Zhou to find him and tell him that they had found a medicine that could dissolve the effect of the truth-telling serum in his body and help him recover his strength.

mo zhongkai was very happy to hear this news. he could even recover his physical strength. this was simply the best news he had heard so far.

MO zhongkai and Secretary Zhou agreed to meet at a hidden place and he got the medicine from Secretary Zhou.

Secretary Zhou handed a small bottle of medicine to mo zhongkai, " Mr. MO, this is the medicine, Find a way to bring it to him, The effect will start to take effect an hour after he takes it.

MO zhongkai kept it and smiled. your young master ya is really amazing. He can even get this kind of medicine.

Secretary Zhou replied humbly. it's nothing. The main thing is that I don't want master Jian to suffer when I'm teasing young master ya.

the two of them didn't talk much. they both had things to do, and after they were done, they said goodbye.

Not long ago, mo zhongkai had never thought that one day, he would sit down and have a calm conversation with the enemy he had always been against. It could even be said that they were in cahoots and colluded with each other.

After mo zhongkai went back, he pondered what excuse he should use to see Jian Jie.

In the end, it didn't take long for the other side to call him and ask him to go over, because Gong Jie simply asked to see him.

After mo zhongkai heard this, he was instantly dumbfounded.

Isn't this too much of a coincidence?

He had just received the medicine, and he wanted to see him.

MO zhongkai knew that it was impossible for Liancheng Yazhi to inform the internal department of Jian Jie. If there was someone in his company, they would not have looked for him.

However, was it a coincidence that Jian junzheng had asked to see him at this time?

or did ran ran guess that liancheng yazhi would find medicine for him?

MO zhongkai suddenly felt that the simplicity might be more terrifying than what he originally thought. The calculation was so precise.

in fact, mo zhongkai was a little too serious. he only understood liancheng yazhi and natsume.

One of them was his brother, and the other was his subordinate who had been with him for many years.

Jian Jie knew that Liancheng Yazhi would definitely think of a way to let him recover his strength because he could not walk out of there in his current state.

Moreover, he also believed that Natsume had the ability to concoct the medicine.

However, because of this incident, mo zhongkai's chances of winning with the simplistically designed item suddenly increased. He felt that since it was so simple, it was amazing.

the success rate would definitely increase.

However, it would be a very difficult task to get him there.

No matter who entered, they had to undergo a full-body scan before entering. Nothing could be brought in, not to mention a small pill, even a thread would be difficult to bring in.

MO zhongkai was in a difficult position, a very difficult position.

The other side called and urged him to hurry, but he had not thought of a solution yet.

MO zhongkai was so anxious that he was pacing around the room.

How could he bring it in without being discovered?

Suddenly, he saw the pen and paper on the table, and an idea flashed through his mind!

Chapter 1908: Our young master ya is powerful

MO zhongkai did not go to see Jian Jie immediately. He needed time to prepare some things.

When the other party called to urge him, mo zhongkai said unhurriedly, " don't worry, let him wait for a while. Let him be a little anxious too. If I rush over, he will think that we have no source of information other than the information in his hands. What if he comes up with some excessive conditions? "

The other party urged anxiously, "Aiya, I say, don't put on airs. Since he wants to say it now, you should hurry up. The words you said to him last time have an effect. He won't say it no matter who

asks. He only said that he wants to talk to you again. You should hurry up. If you can get some information from him, you'll have done a great service.

MO zhongkai comforted the other party, "don't worry. If I go over now, he might not say anything. At most, he just wants to see our attitude. You're right to listen to me. It's good to give him the cold shoulder. Moreover, I really can't get away now. You know about my father's incident, Wanwan. I've finally obtained new evidence and am in the process of collecting evidence. If it's ruined by Liancheng Yazhi, my father will really go to jail.

MO zhongkai had already said that his father was going to jail, so the other party could not urge him anymore, but he still gritted his teeth and gave him a time limit.

"I know what's going on at home, but no matter how anxious you are, you can't just ignore this. I'm telling you, the higher-ups are watching closely. You can only delay it for another five hours at most."

MO zhongkai did some calculations and felt that five hours was almost enough, so he said, "okay, five hours it is then. Don't worry, I'll definitely rush over. I'm at a critical point in collecting evidence. Once I'm done, I'll head over immediately.

After hanging up the phone, mo zhongkai quickly called Liancheng Yazhi.

MO zhongkai asked anxiously, "how is it? is the thing I asked for ready?" I can only delay for five hours."

Liancheng Yazhi glanced at Natsume and gestured to him, and he replied, soon, at most in three hours. Get ready and wait to get the things.

"That's great, I'll be waiting for your things." MO zhongkai's heart was instantly at ease.

In less than three hours, Secretary Zhou and MO zhongkai met again at the place where they met last time.

Secretary Zhou handed a file to mo zhongkai, "this is what you want. No one will be able to tell that there's something wrong with it.

MO zhongkai opened his mouth wide to take a look and his face was filled with joy, "That's good, that's good. Yingluo, I didn't expect you to be able to do this. I didn't expect it to be so perfect."

"Our young master ya's reputation is not for nothing," Secretary Zhou said with a little pride.

MO zhongkai nodded. it's not for nothing. They're waiting over there. I'm leaving now. I'll give you a message after I succeed.

Secretary Zhou picked up the cup of coffee beside him and said, I wish you success.

MO zhongkai picked it up and clinked it with Secretary Zhou's, "Thanks."

MO zhongkai came in a hurry and left in a hurry. He took the portfolio and went straight to the simple prison.

When they entered, it was naturally the elders who stopped them for inspection.

The gun on him was taken away for the time being. Other than that, there was nothing suspicious. However, the case file that he had brought with him was taken down and checked for a long time. MO zhongkai looked on silently from the side with an indifferent expression, but he couldn't help but clench his hands tightly in his pocket..

Chapter 1909: Poking his heart

the person in charge of the inspection said, " lieutenant colonel mo, it's best not to bring these pixiu in. you know what's outside. it's not good for them to enter our place. "

MO zhongkai said,"you can make an exception this time, this is really useful .." "But you know the rules here. It's not easy for us to do this."

MO zhongkai knew that it would be difficult to bring it in, so he called the person in charge of the simple problems and asked him to come out and pick him up.

the person-in-charge came out very quickly. when he saw mo zhongkai, he said, "didn't you say you were attacked? Why haven't you entered yet?"

MO zhongkai waved him over and showed him the information in the leather bag, " "These are the recent investigations on Liancheng Yazhi. I wanted to take them in and show them to Jian. If he didn't say anything, I could use this as a friendly attack, but he said that it was from the outside and it was inconvenient to bring it in, so we were in a deadlock here."

the man looked at it and said, " you're very thoughtful. this thing might really be useful. i think that guy is very hard. he only cares about his brothers. "

"Is there a problem with this information?" he asked the person in charge of the examination.

The other party shook his head. the machine did not detect any problems. However, this is something from the outside.

"check it again. if there's no problem, bring it in. if we can deal with that guy, we can all make a contribution. as for bringing in things from the outside, it's just a small violation. even if the punishment is severe, it won't be a big deal. moreover, these things were brought by lieutenant colonel mo, so there definitely won't be a problem."

"Alright then, Yingluo!" the people in charge of the inspection went through the information in various instruments and looked at it with a magnifying glass. it was indeed no different from ordinary paper.

"Don't worry, only the few of us know."

MO zhongkai's tensed heart finally relaxed a little when he heard this. He sighed secretly, it was too scary.

When he passed through the instrument, he looked calm on the surface as if he wasn't afraid at all. However, his whole body was tense, and the back of his shirt under the military uniform was almost soaked.

when he entered with the documents, he felt that his feet were floating.

On the way, the person in charge said, "you said you couldn't come because you wanted to prepare these materials, right?"

MO zhongkai nodded and smiled, "I have no choice. I still remember the simple iron bones. I really don't think that he would tell me his brother just based on my words. So, I have to make some preparations. Even if he doesn't tell me this time, we can break through bit by bit. It's better than making no progress at all.

The person-in-charge agreed with mo zhongkai's approach, "that's right, that's right. you've done a good job preparing for this. those photos will probably touch his heart."

He walked mo zhongkai all the way to the simple door of the detention room and said, "go in and talk nicely. Don't get angry. Try to move him as much as possible.

mo zhongkai nodded. "don't worry, i will. but don't have too much hope. i don't think it's possible to win on the first try."

The person-in-charge patted mo zhongkai's shoulder, "that's still better than not seeing you at all. the fact that he's willing to see you is the beginning of a new account. go in."

"That's right. I'll go in then."

MO zhongkai entered the door with the portfolio.

Just like the last time, the door closed immediately after he entered. It was so fast that no one had time to look back.

MO zhongkai smiled at Jian Jie, "I'm very happy to see you again."

He was simply dressed in pure white clothes, like a patient's uniform, but also a little like a prisoner's uniform.

He sat on the hard bed, a thin layer of sweat on his forehead. The temperature here was neither too hot nor too cold, and he was sweating because his body was too weak.

Her healthy bronze skin was gone, leaving behind only a sickly paleness..

Chapter 1910: See through all his secrets

MO zhongkai looked simple, but he just sat there as if he could not support himself and would fall down at any time.

But even so, his eyes were still filled with shocking determination.

The eyes had not lost their luster and hope after being imprisoned for a long time. His eyes were still as bright as a torch, sharp and cold. Looking into his eyes, you would know that such a person would never be defeated. Even if his body fell, his soul would never surrender to you.

For the first time, mo zhongkai felt that if there was such an enemy, no matter if he won or lost, it would be a happy thing and he should pay him the highest respect.

MO zhongkai walked to the front of Jian Jie, ” Mr. Jian, you want to see me? ”

Jian Jie didn't speak and looked at mo zhongkai with his eyes, as if he wanted to see through his heart and all the secrets in his heart.

Facing such simplicity, mo zhongkai sighed. Fortunately, he no longer had any secrets and he really wanted to get the simplicity out. He was considered to be on his side, otherwise, he really couldn't bear to see the simplicity like this.

“There's no rush today. We have a lot of time to sit down and talk.” however, after he finished speaking, mo zhongkai looked around the room. it seemed that there was only a thin and narrow bed in the room, and there was no other place to sit.

MO zhongkai pointed to the seat beside the simple, ” “Can my Yingluo sit next to you?”

Jian Jie looked at him coldly without saying anything.

MO zhongkai didn't know if he was still observing and not sure if he was an enemy or a friend or if he was too weak to speak.

“If you don't say anything, I'll take it as you agree.” MO zhongkai walked over after he finished speaking and sat in the corner as far as possible from the kitchen.

“What does Mr. Jian want to say to me?” mo zhongkai asked after sitting down.

Jian Jie still did not speak. MO zhongkai smiled, opened the file in his hand, and took out the things inside; I have some information on the Liancheng family's situation recently. Do you want to take a look? ”

The things that mo zhongkai took out were a few sheets of information filled with words and photos.

In the photos, there were some pictures of Tang Zong and Rong nuo's engagement. There was Liancheng Yazhi, Rong Yan, and also MeowMeow, winter, Tang Zong, Rong nuo, and everyone in the Liancheng family. It was a heartwarming scene.

When Jian Jie saw it, he had his first expression since he came here. The corners of his lips moved slightly, as if he was smiling.

MO zhongkai pushed the documents in front of Jian, ” “These are some of the things that Liancheng Yazhi has done to find you since you disappeared. You can see that their entire family is very worried about you. If you go out now, it will be the happiest thing for them.”

MO zhongkai's success seemed to be unintentional, but he gently tapped on a word on the information.

He quickly glanced at it and immediately understood.

After a while, he slowly opened his mouth, ” “I can give you what you want, but leave these things behind.”

Perhaps it was because he had not spoken for a long time, his simple voice was extremely hoarse. His voice was very low, and it was almost impossible to hear what he was saying.

mo zhongkai pretended to be in a difficult position, " I'm going to report this, Qianqian. Can you wait for a moment? "

MO zhongkai was overjoyed. He knew that this simplification was so powerful that it was impossible for it not to guess that he had already made a deal with Liancheng Yazhi. He was indeed a smart person, knowing what it meant with just a simple point of evidence..
