

## Permit Me 1931

Chapter 1931: can only wait for death

MO zhongkai's forehead was full of sweat and it rolled down drop by drop. His face was pale and he was simply carried forward, "it's no use even if you bring me out. If I'm hit by this laser, my injuries will never heal. I can only wait for death.

He simply turned to look at him, his eyes cold. are you waiting for death? It's just an arm, just chop it off."

MO zhongkai was stunned for a moment. He did not expect Jian Yi to say this.

It's just an arm, I'll just chop it off!

such heavy and bloody words, yet he said them so easily.

It was as if he wasn't cutting an arm, but a cabbage.

However, mo zhongkai also suddenly realized that he had not thought of this. He only thought that the wound would never heal. It would fester, become inflamed, and then die.

However, he had forgotten that the laser had hit his arm, which was directly cut off above the wound. Before the injury became serious, he would cut off the arm. This way, although the arm was gone, the person could still survive.

MO zhongkai suddenly did not know what to say. He realized that he needed to re-examine this simple person.

he said it so easily, as if it was because he was not the one who was injured.

However, mo zhongkai felt that even if he was injured, he would not hesitate. Was this the so-called "a strong man cutting off his wrist"?

For the rest of the road, the two of them did not speak again. Under the flashing lights, only mo zhongkai's heavy breathing could be heard because of the pain.

He was so fast that he roared at a turn in front and suddenly stopped. He whispered to mo zhongkai, "wait for me here."

MO zhongkai took two steps forward and saw a few people with guns lying in ambush in front of him.

MO zhongkai was surprised, he could hear the sound at this distance?

After that, mo zhongkai finally saw how powerful simple was. In just a few seconds, the speed was so fast that his eyes could not keep up. Those people either fell down or their guns were kicked away.

His smooth movements were fierce and ruthless. Although it wasn't a one-hit kill, it was enough to knock someone unconscious.

mo zhongkai did not forget that this was only half of his combat power.

and it was obvious that mo zhongkai had shown mercy. he did not use a killing move, he had shown mercy.

At this moment, mo zhongkai was a little scared. Fortunately, he didn't use force to force when he caught Jian an, but used a bit of a glorious method, using anesthetic needles. Otherwise, Qianqian and the others would definitely have been easily killed by Jian an.

He dealt with those people in the shortest time possible and turned around to help mo zhongkai up, "Let's go!"

Originally, mo zhongkai was most worried about the people from the first and second special service departments, but now they had become the easiest to deal with.

mo zhongkai thought, it would be easy to sneak out like this, right? Yingying was so relaxed that it felt like a dream.

The last exit was right in front of him. Once he got out of that door, he would be able to run out. His car was parked not far away. Once he got in the car and quickly found someone to pick him up, everything would be done.

Thinking of this, mo zhongkai's heart was a little jubilant, and it seemed that even his wounds did not hurt too much.

At the door, mo simply said, "you grab my hand and put it on top of me to caw"

he couldn't move his arm, but he had to key in his fingerprint and password to get out.

He simply nodded. His movements were not gentle, but he was fast and did not make mo zhongkai feel pain for too long.

The last door opened slowly, and the sound of thunder outside instantly entered his ears, and the cold wind blew against his face..

Chapter 1932: A person like him is fearless

Jian Jie and MO zhongkai did not have time to breathe a sigh of relief. They only saw a flash of lightning across the night sky, and the raindrops falling from the sky were clearly visible at that moment.

At the same time, they also saw three figures in the dark of the rainy night.

The three figures were standing in front of them with their guns pointed at them.

They were speechless. The situation was already very clear. If they dared to take a step forward, the bullets would be fired from the chamber.

mo zhongkai gritted his teeth. damn it, he didn't expect that he was so close to success and there was only one last step left. could it be that the heavens were really not on their side this time?

The sound of the rain was accompanied by the rolling Thunder.

Jian Jie and MO zhongkai looked at each other.

MO zhongkai's eyes moved. He wanted to tell Jian Jie that he would drag these three people out and ask Jian Jie to leave quickly.

But simple and cold, since he came out from inside and came here, he would definitely not turn back.

No matter what the result was, he didn't want to be a person who lost his freedom again. The feeling of being locked up in a cage was really terrible.

He simply protected mo zhongkai as he slowly raised his foot and stepped out of the door.

he did not believe that his life would end here.

The moment he stepped out, the cold rain fell on his body, and the short few seconds were enough to drench his clothes.

"Simple Kasaya, you go first," mo zhongkai said in a low voice.

Jian Jie didn't say anything. His eyes were filled with the boiling killing intent of a beast. Just looking into his eyes was enough to make a timid person tremble in fear.

The three guns were aimed at the same time, with their fingers on the trigger, ready to pull at any time.

don't move, "one of them said. raise your hands and surrender, or we'll shoot.

Jian Jie was not afraid at all. He continued to move forward fearlessly. A person like him would never know what fear was. Threats, threats, and death were all useless to him.

"I'm warning you one more time, and it's the last time. If you don't surrender, we'll shoot."

Simplism was still non-existent.

While mo zhongkai admired Jian Jie's courage, he also sighed. Today, Qianqian was really going to die.

No matter how fast it was, it couldn't be faster than a bullet.

At such a close distance, it was impossible for him to rush over and instantly subdue three people with guns.

The three men's hands were already on the trigger, but just as they were about to shoot, they actually raised their guns.

Bang Bang Bang Bang Bang! a series of gunshots rang out, but the direction of the guns of the three men from Youyou was the night sky.

The bullets that the three of them fired all missed.

This made Jian Yi and MO zhongkai shocked. They were actually using anti-aircraft guns, why? This could no longer be described as missing. Who had ever seen a gun being greatly adjusted to miss?

MO zhongkai and Jian Jie had a big question mark in their hearts. Why did these three people do this?

He simply asked, “why don’t you guys do it?”

Before he could finish, one of the three said, ‘ “You guys should leave quickly, Yingluo.”

MO zhongkai asked, “why?” You guys!” we’re all soldiers trained by Major General Kang. I heard that you went abroad to bring him back. We’re all very grateful to you. This time, you saved Major General Kang’s life. But the next time we meet, I’ll kill you on the spot..

Chapter 1933: An influence that can ‘t be erased for a lifetime

with that said, jian jie understood.

These were Kang Yu’s soldiers, no wonder he let them go.

Kang Yu’s men had always been the most elite, the most powerful, and the most mysterious Special Forces.

It was indeed possible that team one and team two would poach him.

The key was that in the hearts of the soldiers, Kang kun was the soul of their troops. He was the person they respected and were proud of.

Even if they were transferred away from Kang Zhen’s team, their acknowledgment of Kang Zhen, or rather, the influence that Kang Zhen had on their hearts, would never be erased.

MO zhongkai finally understood what it meant when the heavens said that there was a way out.

When the situation was finally resolved, there was a glimmer of hope. On such a rainy day, he seemed to have finally seen the light.

jian jie looked at them seriously and only said one word, ” “Alright,” he said.

Jian Jie didn’t say thank you to them nor did he exchange pleasantries. He just brought mo zhongkai and walked out. His speed was very fast and the water under his feet that had almost reached his calf didn’t seem to affect him at all.

He simply and quickly opened the door of the front passenger seat and let mo zhongkai get in first.

then, he went around to the other side of the car and opened the door of the driver’s seat. he started the car and drove into the vast night.

The two army-green Jeeps were now driving on the road with their wheels almost running out, like a small boat sailing in a storm.

After getting in the car, they simply followed the direction pointed out by mo zhongkai and drove to the reception car arranged by Liancheng Yazhi at full speed.

In the car, he simply used mo zhongkai’s phone to call Secretary Zhou.

The call was picked up very quickly.

Secretary Zhou, we’re out, “he said coldly. we’re driving in your direction. You can get ready to retreat at any time.

Secretary Zhou suddenly heard a simple voice. He was shocked at first, but then he jumped up happily. “Master Jian, it’s great that you’ve come out safely. Young master ya and young Madam

will be so happy to know about this. Don't worry, I've prepared everything. We'll leave as soon as you arrive." MO zhongkai reminded him, "tell him that he can arrange for my family to leave."

Jian Jie glanced at him and nodded, "Secretary Zhou, please arrange for mo zhongkai's family to leave the capital." &Nbsp;

Since the summary was out, Secretary Zhou immediately agreed. Okay, okay, no problem. Let them go immediately. The plane can't take off on a rainy day, so arrange for them to leave the capital first before going abroad. Tell Mr. MO not to worry. Young master ya will definitely help him fulfill his promise.

After a short conversation, he hung up. Although they had left the place, they had not left the capital.

It could be said that they were still within their control at the moment, and it was more important to seize every minute and second to leave the imperial capital.

After Secretary Zhou hung up the phone, he immediately called Liancheng Yazhi.

When he dialed the number, Secretary Zhou was so excited that he almost couldn't hold his phone. It kept shaking.

Once the call went through, Secretary Zhou shouted excitedly, "Young master ya, master Jian is coming out. He's on his way here."

Liancheng Yazhi instantly stood up from his chair when he heard this. The excitement he felt from this news was no less than Secretary Zhou's.

However, Liancheng Yazhi controlled himself better. He calmly said, "Alright, I'll wait for you at the second transfer point."

Secretary Zhou was a little surprised, "you're coming too?" young master ya, the water on the road is already very deep.."

Chapter 1934: Don't let your brother see

we're finally out. No matter what, I have to go over. Don't say anymore. I've been watching the situation outside. Oh right, where's Qianqian and MO xunxun?" as liancheng yazhi spoke, he glanced at rong yan and meowmeow.

the two of them were sleeping well, so he turned around and went out.

Secretary Zhou raised her head and glanced at mo xunxun, who was sitting in the corner of the back seat. She lowered her voice and said, "yes, I've already brought her over. She's with me now.

alright, "Liancheng Yazhi said. let's wait for them to finish speaking and quickly send them away.

He didn't want mo xunxun to delay her departure time, nor did he want her to be unable to catch up with the progress of the mo family.

"Understood," Secretary Zhou replied.

remember not to let mo zhongkai find mo xunxun, "Liancheng Yazhi added.

when he arrives, immediately arrange for him to take another car to meet his parents.

“Alright, I’ll do as you say.”

Liancheng Yazhi hung up the phone and continued to walk out. The bodyguard at the door had already opened an umbrella and was waiting for him. When he saw him coming over, he quickly walked up and moved the umbrella over

Liancheng Yazhi’s head.

Liancheng Yazhi did not hesitate and stepped into the heavy rain.

Lian Cheng’s house was built on high ground, and the drainage facilities were in place. No matter how heavy the rain outside was, there would not be any accumulated water in the house.

lian Cheng yazhi walked out of the door and got into a car that was different from usual. it had a very rough and tough style, and the wheels were big. it was completely fine to drive on the road with water.

On Secretary Zhou’s side, he was very carefully telling mo xunxun, ” miss mo, master Jian and your brother have come out safely. They’re on their way here now. You’ll see them soon.

Secretary Zhou’s voice was very soft. In the face of a girl like mo xunxun, it was really scary that he would be frightened if he spoke too loudly.

MO xunxun’s hands were twisted together. She was nervous but happy at the same time. She could finally see the easy way out. She had waited for so long.

mo xunxun did not dare to look at secretary zhou. she whispered, ” “Thank you, Yingluo.”

Secretary Zhou hesitated for a moment and said, “Yingluo, you have to hurry up. We still have to send you to your parents. If your brother finds out that our young master ya arranged for you to meet master Jian, he’ll probably kill us.

MO xunxun nodded. I, Wanwan, understand. Thank you, Wanwan.

Secretary Zhou smiled. well, ran ran. You don’t have to be so polite.

mo xunxun did not say anything else. she was not good at talking. sometimes, she would not say a word for an entire day, especially in front of people she was not familiar with.

mo xunxun kept looking out of the car window. she looked expectantly at the dark, rainy night.

He really wished he could see Jian Jie immediately, even though she might not be able to say a word after seeing him.

Time passed slowly in the rain.

MO xunxun felt that this short period of time was even longer than the ten years she had spent before.

Finally, mo xunxun vaguely heard the sound of a car engine. She sat up straight nervously and stretched her head to look outside.

Secretary Zhou quickly said, ”it should be them. Miss mo, please don’t move. Don’t let your brother see Hanhan.”

When the car with its lights off stopped not far away, Secretary Zhou quickly jumped out of the car and walked over with an umbrella. When he saw that the driver was a simple man, he was so excited that he almost cried. young master Jian, you're finally out. Hurry up and get in the car..

Chapter 1935: the impulse to take care of her

jian jie didn't get off the car immediately, but looked at mo zhongkai.

"What do you plan to do?" mo zhongkai was already on the verge of fainting from the pain in his arms. he tried his best to hold on for a while and said weakly, "My Xuanji's matters have come to this, so it doesn't matter anymore."

Knock, knock, knock. The sound of someone knocking on the car window could be heard.

He looked up and saw that Secretary Zhou's face was almost stuck to the glass.

After rolling down the car window, Secretary Zhou immediately said, "young master mo, our young master ya has left. i'll send you to meet up with your family and then send you off together." MO zhongkai's expression showed some hesitation.

after all, he was a little reluctant to leave this place.

when he first joined the army, he had once thought of devoting his life to the army. he wanted to live for the country and for his beliefs.

But now, he had betrayed them all.

Jian Yi saw that he didn't say anything and decided for him, "find him a doctor first, his arm is injured."

Only then did Secretary Zhou realize that mo zhongkai's face was frighteningly pale, and his arms were drooping without any strength, "Injured? Alright, alright, I'll contact the doctor now."

He simply turned to mo zhongkai and said, "there are many ways to live in this world. You don't have to be a soldier. You just haven't found your new pursuit yet.

mo zhongkai's lips moved a few times before he finally said, "Alright,

Yingluo."

Secretary Zhou had already contacted them. young master Jian, Mr. MO, you two should hurry up. We can't afford to waste any more time. The doctor has already been contacted. He's with Mr. Mot s parents.

he simply pushed open the door and got out of the car, walked around to the front passenger seat and opened the door, helping mo zhongkai out.

Secretary Zhou quickly waved for the two of them to come over.

Secretary Zhou said to mo zhongkai, "Mr. MO, your parents are still waiting for you. We will arrange for you to take another car and send you there safely. As soon as you arrive, we will send your family out of the capital. Don't worry, our young master ya will keep his word.

MO zhongkai did not doubt this. Liancheng Yazhi would not wait until the simplified version was completed and then suddenly make a countercharge.

If he was that kind of person, he wouldn't have become a famous young master.

MO zhongkai nodded, "good Zhenzhen."

Before he got into the car, he simply said to mo zhongkai, "Take care," he said.

MO zhongkai replied, "you're also a Pixiu."

The two of them had come out together and had experienced life and death together. Although they had known each other for a very short time, this experience made them identify with each other.

Secretary Zhou urged him silently in his heart. Get in the car. Hurry up and get in the car. There is someone waiting for you in the car.

Finally, mo zhongkai was helped into another car, and the car quickly drove away like a yacht.

Secretary Zhou urged him. master Jian, stop looking. Hurry up and get in the car. We don't have much time.

The simple lift-up card glanced at the raining sky Palace, then turned around and opened the car door.

however as soon as he went up, the people who saw him gave him a big shock.

The young girl sitting in the corner was as delicate as a flower that was about to be destroyed in a storm. Anyone who saw her would have a strong urge to take her home and carefully protect her.

She looked at him with tears in her eyes. She wanted to say something, but she couldn't. "It was you?" Jian Jie frowned.

"What are you doing here?"

Chapter 1936: She wanted to ask if he still remembered her?

Jian Jie immediately turned to look at Secretary Zhou.

secretary Zhou chuckled. "that master jian, it's all thanks to miss mo this time. if she didn't tell ya about your news, we wouldn't have known where you were locked up. young master ya wouldn't have thought of working with mr. mo. you have to thank miss mo. wanwan, you two can have a chat. i won't disturb you. "

After Secretary Zhou finished speaking, he quickly lowered the partition between the back seat and the front seat, instantly dividing the space in the car into two.

At this moment, Jian Jie was deeply shocked by what Secretary Zhou had just said. MO xunxun would actually help him?

This made him even more surprised than mo zhongkai coming to save him.

Why?

They had only met once, and MO xunxun had actually helped him like this?

Jian Jie never liked to owe favors, especially when Yingluo was mo xunxun. How was he supposed to return the favor?

Jian Yi was drenched all over. He leaned against the car seat as the rain slowly flowed down from his clothes and spread on the seat. His hair had grown longer and was wet in wisps. They were stuck to his forehead and some were covering his eyes.

This gave Jian Jie a handsome and unruly look that he had never had before. At this moment, he was sitting there, exuding a fascinating charm.

He simply looked at mo xunxun. The little girl was looking at him. Her delicate appearance and her fair little face looked like a Pearl in the dim light. He wanted to take her home and put her in an exquisite box, wiping her every day to prevent dust from falling on her.

He moved his fingers and finally clenched them into a fist. He asked, "Why are you helping me?"

MO xunxun bit her lip for a while before she said in a low voice, "I, I, I, I don't want anything to happen to you."

Jian Jie's heart trembled."You ..."

He really wanted to ask why, but he stopped after saying one word. He was worried that after he asked this question, he would not be able to bear the answer.

or rather, he didn't know what to do.

In the end, he simply hesitated for a moment and said, "Thank you for helping me this time. If you need my help in the future, I will definitely help you."

For Jian Jie to say such words, if anyone else heard it, they would be ecstatic. "did you make a wish for me?" mo xunxun asked as she looked at jian yi. "yes," jian jie nodded.

He suddenly felt an itch in his heart as he looked at mo xunxun's clear, bright, and shy eyes. He turned his head to look at the night sky outside the window. The sound of the rain hitting the car window made him feel a little annoyed. he had always been very calm and composed. even when he had escaped from that place and had been in danger several times, he had not panicked for a moment.

But now, it was a little chaotic because of a young girl.

your brother has already gone to meet up with your family," jian jie said to mo xunxun. "you should hurry over too. "

MO xunxun held back the urge to cry. She felt terrible. She had a lot of things to say, but it seemed so simple that she could not say anything.

She really wanted to ask him if he was okay.

She wanted to ask him why he had lost so much weight.

She wanted to ask him if Yueyue still remembered her.

MO xunxun sniffed lightly, lowered her head, and said in a low voice, " yes, Yueyue, I'll go. I just want to see you before I leave. I'm afraid I won't be able to see you again.

He moved his hand simply and could not help but look at mo xunxun.

The girl's delicate shoulders trembled slightly. She seemed to be crying. Even if one couldn't see her expression, it still made one want to take pity on her..

Chapter 1937: The heart is beating so fast

Jian Jie suddenly wanted to pull her into his arms, but just as he moved his fingers, he realized that he was drenched. If he carried her, he would only make her clothes wet.

He simply retracted his hand and finally made up his mind to knock on the board.

The board was quickly lowered, and Secretary Zhou simply said to Secretary Zhou, "Send him away,"

Secretary Zhou sneaked a glance at mo xunxun. The young lady was secretly wiping her tears.

Secretary Zhou's heart ached a little when he saw this. How could such a young lady like her fall in love with such an unromantic man? Aiyo, how pitiful.

Secretary Zhou suddenly felt a prick on his scalp. He turned around and saw Jian Jie looking at him coldly.

That gaze made Secretary Zhou shiver. He quickly said, "Alright," he said.

Secretary Zhou said to the driver, "stop the car at the intersection in front and transfer miss mo to the car behind. We'll send her to meet her parents."

They soon arrived at the intersection and the car stopped. Secretary Zhou was about to get out of the car when he saw Jian Jie pushing the door open.

He went around to the other side and opened the car door for mo xunxun,

"Come down, Yingluo."

MO xunxun's reddened eyes looked at him for a while. In the end, she lowered her head and slowly moved her legs, wanting to get down.

MO xunxun was wearing a light pink dress, revealing her fair and slender calves. Below was a pair of flat leather shoes. As soon as her legs stretched out of the car door, they were drenched by the falling rain. The cold rain fell on her skin, making her tremble.

jian jie suddenly reached out and pressed her calf, which was about to land on the ground. "Don't move first."

There was a very deep puddle of water on the ground. When she saw mo xunxun's legs, she suddenly felt that how could such a weak and slender leg step into the cold and dirty rain? a weak little person like her would fall sick if she were to be drenched in such heavy rain.

Jian Jie went to find Secretary Zhou and said, "umbrella." &Nbsp;

Secretary Zhou quickly handed over a black umbrella that was slightly larger than a normal umbrella.

He opened the simple umbrella and came in front of mo xunxun again. He looked at her and stretched out his long arms to pick her up.

He carried mo xunxun in one hand and held the umbrella in the other. The huge umbrella covered mo xunxun's head, but he did not care about it at all. This was the first time mo xunxun had been so close to a simple object. Her small face flushed red.

she looked up at jian yi. perhaps this was the only man qingqing could meet in her life.

at the thought of this, mo xunxun felt very sad. this was because if she left, her simple social interaction might end here.

In the future, maybe he would marry a wife one day, and she would definitely marry a man they thought was a good man under the arrangement of her parents. Her life would probably pass just like that.

Perhaps it was because she felt that this was the last time they would meet and she did not want to have too many regrets, mo xunxun became a little braver.

She bit her lower lip and timidly stretched out her slender arms to slowly wrap around his neck. Then she lowered her head and pressed her face against his chest.

MO xunxun's actions caused Jian Jie to stop in his tracks. Her warm face was pressed against his wet chest. Even though they were separated by a layer of clothes, Jian Jie could feel that his chest was burning. The heat was quickly spreading through his entire body, as if a piece of iron had been branded on his chest. There was no wound on the surface, but the inside was already boiling hot and difficult to control.

it wasn't that jian jie had never held a woman before, and he wasn't a pure virgin without any experience.

However, this was the first time, the first time that he felt his heart beating so fast just by holding a girl..

Chapter 1938: Can you take me with you?

Jian Jie gritted his teeth and continued to walk to the car behind. He did not look down at mo xunxun. There was an inexplicable panic in his heart, and even he himself did not know what he was afraid of.

Perhaps Wanwan was afraid that after seeing mo xunxun, she would have thoughts she shouldn't have.

The door of the rear car had already been opened. MO xunxun was carried over by the water that was only a few centimeters away from her knees. Then, she was placed in the car.

"Let's go!" Jian Jie looked at mo xunxun and said.

He turned around to leave, but found that his hand was grabbed by a small hand.

he simply looked down for a few seconds, then made up his mind, broke free from the hand, and strode away.

MO xunxun watched as Jian Yi walked further and further away. With every step he took, she could feel her heart throbbing in pain.

she had only wanted to take a look at him and leave, but now that she had seen him, she didn't want to leave anymore. what should she do?

MO xunxun didn't want to live the rest of her life in misery. She didn't want him to disappear from her life.

she did not want to marry another woman one day.

She really wanted to make it simple.

In mo xunxun's heart, she was unwilling and unwilling. She did not want simplicity to leave her life just like that.

He really didn't want to.

Jian Jie had already walked to the front of the car. Secretary Zhou was waiting in the puddles. When he saw Jian Jie coming over, he quickly opened the car door and wanted him to get in the car and leave immediately. He had already wasted a lot of time.

He stopped in front of the car door and tried hard to resist the urge to turn around. Finally, he raised his legs and prepared to get in the car.

But suddenly, a clear voice called out from behind, "Simple Kasaya"

Jian Jie and Secretary Zhou looked over at the same time, only to see a Petite Pink figure jump out of the car and into the deep water.

She was too weak. In the storm, she could be blown over at any time.

MO xunxun's actions shocked both Jian Jie and Secretary Zhou.

Secretary Zhou's first reaction was to wonder what the little girl was up to.

his first reaction was to take two big steps forward. he subconsciously wanted to carry mo xunxun out of the water.

However, after taking two steps, he stopped and held himself back from going. He wanted to see what mo xunxun was up to.

He had mixed feelings about this, but there was an almost imperceptible anticipation in his complicated feelings.

mo xunxun finally ran to the front of the simplicity. her pink dress was soaked, and her waist-length hair was also soaked, making her look even more pitiful. she was panting, and her face was flushed red from the exercise.

MO xunxun looked at it for two seconds before she suddenly threw herself into his arms and hugged his waist tightly. She said in a trembling voice, "Can you take me with you?"

MO xunxun's forceful pounce caused the simple body to sway slightly. Before he could be surprised by mo xunxun's action, he heard something even more shocking.

"No," Jian Jie replied without hesitation.

Although Jian Jie had rejected her, he did not pull mo xunxun away from his arms.

He lowered his head and looked at mo xunxun, who had only reached his chest. He would not tell anyone. When he heard those words, his heart trembled violently.

Secretary Zhou was so surprised that the umbrella in his hand dropped. He opened his mouth wide and waited for the rain to enter before he quickly closed it.

What the hell, what was this?

Eloping on a rainy night?

could it not be so unbelievable tonight?

MO xunxun raised her head and said, "I like you, Yingluo. Can you take me with you?"

What do you think will be written later?

Chapter 1939: I will never regret leaving with you

His heart was still trembling, but he still refused. "No,"

MO xunxun's eyes turned red. why? you don't like me? "

Frowning, he looked at mo xunxun's small face, which was drenched by the rain. He could not bear to see her like this, so he hardened his heart and said, "You can't go with me. You should be with your parents."

MO xunxun said with a nasal voice after crying, "But I want to be with you.

A girl like mo xunxun had to be carefully pampered, and his world did not suit her.

you said you'd agree to one request of mine, " mo xunxun said stubbornly.

you'll take me away. This is my request.

"Are you sure this is your request?" Jian Jie's eyebrows were tightly knitted.

MO xunxun nodded. that's right. That's my only request.

Jian Yi released her hand and pressed on her thin shoulder. "Do you know the price of following me?"

"I know, Wanwan. I won't regret it." MO xunxun forcefully wiped her tears.

However, she felt that if she missed this opportunity, the price she would have to pay would be a lifetime of regret and happiness.

Jian Jie looked at her for a long time without saying a word.

All of a sudden, the city's alarm went off at the same time. The ear-piercing alarm almost drowned out the rolling thunder in the night sky.

This was a signal to send out a full-on arrest warrant. The higher-ups must have known about the simple escape from prison by now and had launched a large-scale arrest.

When Secretary Zhou heard this, he couldn't be bothered with the gossip anymore. He quickly said, oh no, master Jian doesn't have time. You should make a decision quickly.

In fact, Secretary Zhou was looking forward to seeing the simple package take mo xunxun away. This pair was so magical!

However, it was a little awkward.

It was a little difficult to deal with mo zhongkai later.

Simply pinching mo xunxun's chin, he said, "you heard it. I'm now a wanted man in the entire city. I might never enter the country again. If you come with me, you might not be able to live the life you used to. Have you really thought about it?"

MO xunxun's body trembled slightly in the rain, but her voice was very firm.

"I've thought it through. As long as I'm with you, I'm fine with anything."

Jian Jie finally made a decision. alright, I'll take you away. Don't regret it in the future.

After saying this, Jian Jie's heart actually relaxed.

"I will never regret it." MO xunxun shook her head.

There was actually half a sentence that he didn't say after the simple explanation just now, which was-in the future, it would be too late for you to regret it.

It was mo xunxun who had taken the initiative to run into his arms. Even if she regretted it in the future, he would not let go.

If it wasn't for the time and place, Secretary Zhou really wanted to applaud them and congratulate them.

But now, he could only urge her. master Jian, miss mo. Since you've already decided, then get in the car.

He quickly carried her into the car and quickly closed the door.

After he got into the car, he took off the wet shoes and carried mo xunxun to sit on his lap. He did not let go.

There were no dry clothes or towels in the car. He simply looked at mo xunxun's wet clothes and hair and frowned. "Are you cold?"

"I'm not cold," mo xunxun shook her head.

He simply hugged her tightly and she buried her face deep in his chest.

Alright, are you satisfied now? Happy girl, I'm glad I changed my mind at the last minute and scattered some flowers to

Chapter 1940: The craziest decision in my life

MO xunxun's heart was beating so fast that it was about to jump out of her chest.

Being simply held in his arms made him feel like he was in a dream. That feeling was too unreal.

Only when her face was pressed against his cold chest, the coldness stimulating her skin, could she feel a little real.

This was the craziest decision that mo xunxun had ever made in her life, and it was also the one that Qianqian had no regrets about.

Many years later, she had always thought so. She had the courage to go crazy once and do something that would change the course of her life.

mo xunxun knew very well that in the years to come, she might feel lost, doubt, or regret. however, qianqian would definitely not regret it. never.

She was very grateful that fate had made things easy for her.

He was also very grateful for the decision he had made with all his courage.

He abandoned everything, his family, and his twenty years of life in an ivory tower without having to worry about food and clothing, and simply followed him into a world of slaughter and cruelty.

Secretary Zhou, who was sitting in front, kept glancing at the back. The two people at the back obviously looked like a beauty and a beast.

However, why did it look so beautiful? in the heavy rain, in the midst of the city's sirens, they eloped together, running towards the unknown future.

Damn, just thinking about it suddenly makes me feel so romantic?

Having such an experience once in a lifetime seemed to be a wonderful thing when he recalled it in the future.

No, no, you can't think like that.

Secretary Zhou quickly shook his head. He shouldn't be thinking about this now. Instead, he should be thinking about how he could run out.

Also, how would they explain to the mo family how their daughter had gone missing?

this is really difficult!

Secretary Zhou was so anxious that he had forgotten to inform Liancheng Yazhi that mo xunxun was staying.

When they arrived at the transfer point, Liancheng Yazhi saw Jian Yi and MO xunxun getting out of the car.

Liancheng Yazhi's initial excitement of seeing his brother safe and sound, as well as the words of reminiscing about the past, all turned into shock, extreme shock.

This scene made him feel that it was too magical.

lian Cheng yazhi was stunned for a while before he came back to his senses. he turned around and ignored jian jie. instead, he asked secretary Zhou, "Didn't I ask you to send him away? Why are you still here?"

Secretary Zhou's face was bitter. young master ya, I can't control this Wanwan.

secretary Zhou felt so wronged. how could he have expected that jian jie and mo xunxun would decide to elope so quickly?

MO xunxun could hear that Liancheng Yazhi's tone was not very good. She was a little scared. She was very scared that Liancheng Yazhi would insist on sending her away.

MO xunxun raised her head and looked at the simplicity.

Jian Jie's expression did not change as he walked towards Liancheng Yazhi and said simply, "Liancheng, I want to take her away."

Secretary Zhou was on the verge of tears. Boss, you make it sound so easy. Do you know how much difficulty you're making it difficult for us with just a few words?

Liancheng Yazhi's usual calm and composed appearance was completely seen by this simple sentence. He turned around on the spot twice and said, "jian jie, you're crazy. take her away. do you know yingluo?"

"I know," Jian Jie said before he could finish.

Liancheng Yazhi opened his mouth and closed it after a while. Then, he pointed to his head and said, "Are you sure you didn't stimulate your brain in there?"

His simple eyelids moved twice, and he said indifferently, "I only stimulated the muscles."

If he had said this at another time and place, it would have sounded a little self-deprecating..
