Chapter 2141: Domineering and arrogant genes

Liancheng Yazhi's mouth twitched. Justice? This kid really used whatever he thought of. Liancheng Yazhi said, "that's enough. I believe you. You and Rong nuo have worked hard during this time. After the full moon banquet, you and Rong nuo can go on a trip if you want to."

tang zong chuckled. "it's no trouble at all. how can it be a trouble? nono said that in the future, you and big sis will have a hard time raising the two children in the family. the two of us can help out at home. also, my company has already been opened. i might be a little busy in the future."

Tang Zong's words made Liancheng Yazhi feel a little guilty. She wanted to help him look after his child, but in the end, he brought her ex-love rival back. This didn't seem very kind.

Liancheng Yazhi thought to himself that he should treat Tang Zong better in the future.

Xia Xuanmo had to hide this matter from Rong nuo and not let her know.

As the two were talking, Rong nuo suddenly ran over in a hurry and called out, "Brother-in-law! Brother-in-law! Brother-in-law!"

Seeing her anxious face, Liancheng Yazhi quickly asked, "What's wrong?"

Rong nuo gasped and pointed in the direction of the ward behind her. old man, old man, your family's old man, old man, is here.

"Oh, really? "i'm going to see ran ran," liancheng yazhi said as he moved quickly, leaving rong nuo a long way behind.

Liancheng Yazhi knew that old master Liancheng no longer had much hostility towards Rong Yan and the child.

However, he was still worried. He hurried back to the ward and did not see Rong Yan sitting in front of the window. The old man was holding Xuanji in his arms, the wrinkles on his face deepening with a smile.

Liancheng Yazhi heaved a sigh of relief and slowly walked into the room. father, why are you here?"

Old master Liancheng didn't even raise his head. Hmph, can't I come to see my grandson?"

"Of course you can." Liancheng Yazhi walked to Rong Yan and sat down.

Rong Yan smiled at him, telling him with her eyes that she was fine and that the old master had not made things difficult for her just now.

The old man didn't talk to them and kept playing with his grandson.

He only let go when his grandson was tired and wanted to sleep.

"I came to see you today because I have something to tell you," the old man said to Liancheng Yazhi.

Liancheng Yazhi nodded and said, "please tell me, Zhenzhen."

"His Highness is about to be a month old." The old man was very satisfied with the name "Your Highness." Even the men who had married had domineering and arrogant genes in their bones, so he admired the name.

However, he didn't like Wanwan's nickname for His Highness, and he scolded Liancheng Yazhi for a few hours.

But no matter what he said, Liancheng Yazhi said, "My son, whatever I want to call him, I'll call him Yingluo."

That one sentence almost made the old man pass out in anger.

liancheng yazhi was a little confused and did not know what the old man wanted to say. yes, soon. It's only a few days away from Wanwan's one-month-old party. Secretary Zhou has already prepared everything.

Old master Liancheng shook his head. I'm not talking about the one-month-old party. After the one-month-old party, you can start to take a medicinal bath. This is a rule passed down in the Liancheng family.

liancheng yazhi nodded. "thank you for the reminder, father. i'll get it ready."

how could he dare to forget this?

Chapter 2142: He likes little brother, not her

"let's start from the night of the full moon banquet. don't make any mistakes."

The old master had come today for this matter.

Even though he knew that his son would not forget about this matter, he was still worried.

According to the Lian Cheng family's rules, there could only be one boy in this generation.

From the moment this boy was born, he would receive the protection of the entire family.

Until he could protect himself and inherit the entire group.

To use an old saying, this was a single seedling in a thousand acres of fertile land.

He definitely couldn't be harmed.

When Liancheng Yazhi heard the old master repeat this matter, the extent to which he liked Wanwan had already exceeded his previous estimation.

He suddenly felt depressed and extremely unhappy.

What's wrong with our son? Did a son have to be given special treatment?

Why did the old man only think of his daughter? that little body of hers had yet to fully recover.

although rong yan had left that year and had no choice but to let her daughter wander outside, which had delayed her time ...

However, after MeowMeow and Rong Yan came back, the old man still didn't say anything even though he knew the reason. Liancheng Yazhi still couldn't get over this.

the old man's completely different attitude towards huahua and meowmeow made liancheng yazhi even more displeased.

she smiled and said gently, don't worry, father. This is my son. I will protect him well and not let him repeat my daughter's mistakes.

liancheng yazhi had already controlled his attitude to the best of his ability, but old master liancheng could still smell the sarcasm in his words.

the old master snorted and ignored liancheng yazhi.

In his heart, his son and daughter had always been different.

Although he had accepted

In his heart,

Liancheng Yazhi knew that it was impossible to change the old master's preference for boys over girls. Fortunately, his daughter still had a grandfather who loved her.

Liancheng Yazhi said to the old master. Wanwan is asleep. Father, you're tired. You should go back and rest.

The old master was so angry that he wanted to hit Liancheng Yazhi. Unfortunately, he could not move his body, so he could only say angrily, "I want to see my grandson fall asleep. Can't I?"

Liancheng Yazhi raised his voice and said,"father, Zhenzhen."

He smiled and rejected the old man in a very gentle tone, "no, father, Rong Yan should also rest. She's still in confinement and her body needs to be well nursed. She shouldn't be tired.

What he meant was, your daughter-in-law is going to sleep, you can't be staying here, right?

The old man trembled in anger. As expected, he and Liancheng Yazhi could never have a good conversation for more than three minutes. "i'm getting on in years, i just want to spend more time with my grandson."

Liancheng Yazhi did not seem to understand what the old man meant. "okay, when this child grows up, i'll let him see you more often."

The old master wanted to go back to the old house in Liancheng, but he couldn't bring himself to do it, so he said it tactfully.

If the old master had said so yesterday, Liancheng Yazhi might have agreed to take him back.

But now, he would not.

he couldn't let the old man give meowmeow a cold face and ignore her every day after he returned home.

She couldn't let MeowMeow realize that her grandfather only liked her little brother and not her.

Chapter 2143: He would never forgive anyone who mistreated her

To a child who was only a few years old, this was actually very hurtful.

As a father and a son, Liancheng Yazhi could no longer be a good son, so he had to be a good father.

He wanted to make up for the love that his daughter had lost. The happy, warm, and loving world that he had created for his daughter could not be destroyed by the old man.

liancheng yazhi's words had rejected the old master's request to return to the old mansion, and the old master was so angry that he clutched his chest and panted rapidly. you'll do whatever you want. Even if I die outside, I'll never return to the old residence.

father, please calm down. Liancheng Yazhi did not say anything to smooth things over. Instead, he used these four words to tell the old master tactfully.

You're right. Even after you die, I won't carry you back to the old estate.

Rong Yan watched from the side, her heart beating like a drum. The tension between the father and son always seemed to have just eased a little, but very soon, the war would start again, and smoke would fill the air.

Rong Yan wanted to say something to ease the atmosphere, but when she opened her mouth, she didn't know what to say.

She thought about it and decided not to say it.

The old master hated her. If she spoke up, he would definitely blame her for helping Liancheng Yazhi.

the old master had left in anger. when he was sending him off, liancheng yazhi said to the accompanying nurse, "after you go back, give the old master a good physical examination."

He didn't want to be angered to death. He also didn't want to be accused of angering his own father to death.

Rong Yan hesitated for a while. Liancheng, I actually think it's good for the old man to come home. Dad can also find a companion to play chess with.

Liancheng Yazhi put his arm around Rong Yan's shoulder. he doesn't have to go back. It's enough to have an old man in our family. The father-in-law has a good temper and is kind to the child, but the Father isn't.

Yingluo only likes Yingluo. Although he won't treat MeowMeow badly or scold her, he will definitely ignore her. When that happens, he will hurt MeowMeow.

Sometimes, the damage brought by cold violence had already exceeded the direct damage of violence.

The difference between the two was that one was a flesh wound, while the other was a spiritual wound.

It wasn't easy to make the child's character become lively and smile. Liancheng Yazhi didn't want his daughter to be hurt by his father.

Liancheng Yazhi did not hide anything and told Rong Yan his reason.

Liancheng Yazhi kissed the corner of Rong Yan's lips. "don't blame yourself. this has nothing to do with you. it's me who wants to be a good father too much."

The more the old man disliked meowmeowmeow, the more Liancheng Yazhi's heart ached for his daughter. His daughter was so obedient, cute, and beautiful, why would he not like her?

he had always thought that his daughter was the best in the world. therefore, he would never forgive anyone who treated her badly.

Rong Yan was touched by Liancheng Yazhi's words. His love for his daughter had already surpassed the love most fathers had for their daughters.

rong yan leaned into his arms. " but this isn't fair to the old master. after all, yingluo is his home. "

Liancheng Yazhi smiled. it's okay. When the old man's temper gets better and he can treat our MeowMeow the same way he treats Yueyue, I'll definitely ask him to come back.

Rong Yan sighed. Liancheng Yazhi had said it so easily. Between the two of them, no one would believe that the old master's temper would become as good as old master Gu's one day.

however, rong yan didn't say anything else.

Chapter 2144: i can't be good to you

She was also a very selfish person, and she loved her daughter very much.

So, old master Liancheng, I'm sorry.

If you don't love my daughter, we can't be good to you.

The old man did pass out once after he was sent back to the sanatorium, but he was quickly woken up again.

Liancheng Yazhi sighed when he heard the news.

He would never be able to find a balance between him and the old man.

In this world, there were always some people who shared the same thoughts, but their thoughts were completely different. They would never stand on the same point and consider each other.

Liancheng Yazhi asked Secretary Zhou to make a trip to the nursing home. He could not say anything to comfort the old master.

It was possible that if he said it, the old master would think that he was angry with him again, and it would only make him more angry, which would not be good for his illness.

However, Secretary Zhou was different. He was tactful with his words and did things smoothly. He was very good at dealing with others, and when he spoke, he would not deliberately make people angry.

Secretary Zhou wouldn't say anything that would anger the old master.

Rong Yan hugged Liancheng Yazhi's waist and gently patted his back as if she was comforting a child, trying to comfort him.

Liancheng Yazhi's long arms hugged Rong Yan in his arms. "I'm fine, Yingluo, really."

Rong Yan said to him, “the child’s one-month-old party is coming soon. On that day, Wanwan must let the old master go no matter what. Let the doctors at the sanatorium do their best to treat him.

Liancheng Yazhi nodded. yes, I know. I’ve already informed Secretary Zhou.

I’ll be discharged in two days. I’ll have to go home and prepare, Hanhan.

Liancheng Yazhi thought for a while. There were only one or two days left before the confinement period, so there should not be any impact. He nodded. “Good Yingluo.”

Kang Yu rushed back on the day Rong Yan was discharged from the hospital. He took a plane there and came out just in time. The temperature on the plateau had dropped greatly and the wind was strong, so the plane couldn’t move at all. However, Xia Xuanmo’s injury couldn’t be delayed, so he got an armored off-road vehicle from the local army and drove it all the way out of the plateau against the strong wind.

When they got out of the gale area, they quickly called a helicopter and changed to another plane to rush back.

The timing was exactly the same as what he had told Tang Zong. It had been three days.

Liancheng Yazhi supported Rong Yan, who was wearing thick clothes, as they walked down the ward. Tang Zong had already opened the car door from outside.

after he got into the car, he received a call from kang yu.

Liancheng Yazhi looked at the number and subconsciously glanced at Tang Zong, who was the driver, and Rong nuo, who was in the front passenger seat.

He cleared his throat and answered the call.

once the call went through, kang yu’s hoarse voice from the high altitude could be heard. I’ve already brought Xuan Zi back. Secretary Zhou arranged for him to be admitted to the hospital.

“En, okay, I know. How is he?” liancheng yazhi grabbed rong yan’s hand and seemed to ask casually.

“Not too good. The wound is inflamed and the fever won’t go down.” Kang Yu’s voice grew heavy.

As soon as Liancheng Yazhi heard this, he knew that Xia Xuanmo’s condition might be more serious than what Kang Rong had said.

Liancheng Yazhi could not care less now and said, ” “Don’t worry about the doctor. I’ll find the best one.”

When he said this, Rong Yan, Tang Zong, and Rong nuo, who were in front of him, subconsciously looked at him.

okay, his injuries can’t be delayed. He needs to be treated as soon as possible. I’m going back to the Army today, so I’ll leave the rest to you

Chapter 2145: The worst outcome

Before Kang Yu left, he had already decided that he would return once he returned. He had given three days and today was the last day. He had to rush back.

Liancheng Yazhi heaved a sigh of relief. Kang Yu had finally decided to go back. "Alright, you can go now. You'll be fine. You don't have to worry about the rest."

"En, if you have time, go visit him." Kang Yu was silent for a moment.

"Alright, I'll go." Liancheng Yazhi nodded.

If it was Xia Xuanmo, then he would definitely go and see it.

"I'm leaving: : Kang Zhen finally said:

The three words 'I'm leaving' were not a farewell, but a message to Liancheng Yazhi that he would go back directly after hanging up the phone.

He didn't know what he would have to face when he returned.

He had ignored the wishes of the higher-ups and insisted on not replying, which had already made the higher-ups very unhappy.

when he returned, there would definitely be an investigation.

however, he did not know how long the investigation would take.

It all depended on what the higher-ups wanted.

Liancheng Yazhi's mood suddenly became heavy. goodbye, I'll help you find one.

"Thank you, Qianqian," Kang Yu said.

After hanging up the phone, Tang Zong asked, "Brother-in-law, who's on the phone? you sounded so serious just now. Who did you say wasn't injured?"

Liancheng Yazhi did not look at Tang Zong. He hesitated for a moment and said, it's my Hanhan's father. His condition isn't very good, so I want to find more doctors to help him.

Both Tang Zong and Rong nuo believed him, because it was true that two days ago, when the old master came to see his grandson, he was so angry with his son that he fainted when he returned home.

Liancheng Yazhi's expression and heavy voice just now could not be refuted by such an explanation.

Rong nuo glared at Tang Zong.

"Brother-in-law, I'm sorry." Tang Zong hurriedly apologized.

Rong nuo comforted Liancheng Yazhi. brother-in-law, it's okay. The old master will definitely get better.

Liancheng Yazhi responded, "en, Yingluo."

Rong Yan, who was watching from the side, felt that something was wrong. She knew Liancheng Yazhi better than Rong nuo and Tang Zong.

This was her husband who shared the same bed as her.

this guy was clearly lying just now. when tang zong asked him, if it was normal, liancheng yazhi would definitely not hesitate to answer. the moment he hesitated, he was clearly thinking of a reason.

Moreover, this guy was in a bad mood, a very bad mood. Why?

Who was the one who made the call? who was the 'how is he' that Liancheng Yazhi mentioned?

rong yan absolutely didn't believe that liancheng yazhi would find another woman behind her back, but why didn't huahua tell her this time?

Rong Yan was very curious, but at this time, she could not ask in front of Tang Zong and Rong nuo, so she could only bear with it and go back.

If it were in the past, Liancheng Yazhi would have noticed that something was wrong with Rong Yan Long ago. But now, he was only thinking about Xia Xuanmo and Kang Yu.

He didn't know what would happen to Kang Yi in the future.

Although there was an 80 – 90% chance that nothing would happen to him and that he would be released after an investigation, it was hard to say how long the investigation period would take.

moreover, in kang kun's current situation, he was too easily angered. if he did something that he would regret, his military career might really end here. this was the last thing liancheng yazhi wanted to see, and it might even be the worst result.

And Xia Xuanmo, how bad is his situation now? I really want to go and see it.

Chapter 2146: home is still the most comfortable

he didn't know if secretary zhou had already found the best doctor to treat xia xuanmo.

Liancheng Yazhi rubbed his forehead. There seemed to be a lot of things happening recently.

Rong Yan grabbed his hand and looked at him. what's wrong? you seem to be in a bad mood.

Liancheng Yazhi put his arm around her shoulder and said,"it's not very good, Yingluo."

"we'll talk about it when we get back," rong yan said.

"En, we'll talk about it when we get back."

Rong nuo and Tang Zong, who were in front, could feel that the atmosphere in Liancheng Yazhi was not quite right.

The two of them looked at each other and did not speak.

they all thought that something had happened between liancheng yazhi and rong yan and that they needed to have a good talk.

Yingying, who was lying in Rong nuo's arms, suddenly burst into tears, Breaking the Silence in the carriage.

"Sister, what's wrong with ran ran?" Rong nuo quickly asked.

Rong Yan smiled. it's nothing. Let me see if you're hungry or if the little guy peed again.

After taking the child, Rong Yan placed the child on Liancheng Yazhi's thigh. She undid the swaddling cloth and realized that the little guy had really peed.

Hence, there was a busy period in the carriage. Liancheng Yazhi skillfully and deftly changed the little guy into diapers.

After a month of training, Liancheng Yazhi could now completely be a good stay-at-home dad.

Tang Zong looked at the rear view mirror and said in surprise, "Wow, brother-in-law, you're so amazing now."

"When you have a child, you have to know everything too," said Liancheng Yazhi.

Tang Zong chuckled. I've made an agreement with nuo nuo. It's better if we don't have children.

"Why?" Rong Yan immediately asked.

Tang Zong rubbed his nose. giving birth seems to be very painful. It's better not to let Nono experience this.

Rong Yan asked Rong nuo, "Rong nuo, you also think so."

Rong nuo was a little regretful. I'll just let nature take its course. If there's a child, then give birth to it. If there's no child, there's no regret. We already have MeowMeow and Yingluo in our family, it's good enough to have them.

you guys are so annoying. Rong Yan sighed. Forget it, this was between the two of them, so she didn't say much.

when they finally returned home, meowmeow and gu hesheng had already run to the gate to wait for them.

Seeing that the car had stopped, "Mommy, mommy, where's little brother?"

Liancheng Yazhi suddenly felt jealous. In the past, his daughter would call ran ran 'mom' and 'dad', but now, ran ran's father had changed to 'little brother'.

It seemed that his status in the family had fallen behind again. His daughter's heart did not only have her younger brother now. As a father, he was so sad. It felt like he had fallen out of love.

Liancheng Yazhi got out of the car and grumbled, "MeowMeow, don't you call me daddy?"

"daddy, daddy, i love you too," meowmeow said obediently, "but where's my little brother?"

Rong Yan smiled. he's here. Your brother peed on the way. He only fell asleep after changing into a new pair of diapers.

"Oh, then let little brother sleep."

"hurry up and go in, rong yan and lao ai can't be caught in the wind," gu hesheng said.

The family entered the house.

Butler li and the maids were already standing in front of the door to welcome the mistress and his Highness home.

Because the little fellow was asleep, the maids did not dare to speak and only bowed deeply.

The house was so clean that the floor could even be used as a mirror. After a month, Rong Yan sat on the sofa at home and heaved a long sigh of relief. it's still more comfortable to go home. I don't want to go to the hospital anymore.

Chapter 2147: You can't lie to me

Butler li served Rong Yan a cup of tea and said with a smile, " young Madam, it's too cold and cheerless at home when you're not home. I don't have the energy to work. It's better that you're back.

A house without a female owner was really not that popular.

"i won't go out again." rong yan smiled.

Rong Yan chatted with her family in the living room for a while before she went upstairs to rest, using the excuse that she was tired.

After returning to the bedroom that she had not seen for a long time, Rong Yan threw herself on the bed and rolled around twice.

"Our own bedroom still looks better," Rong Yan sighed.

Although the decorations in the hospital were similar to those at home, they were still replicas and not the original.

Moreover, there were traces of their life here, which was far from comparable to that place.

Liancheng Yazhi walked over and bent down to take off Rong Yan's shoes.

"don't you feel dizzy from the fall?" he said with a reproachful tone.

"yes, i fainted." Rong Yan said with a smile.

silly girl! Liancheng Yazhi poked Rong Yan's head.

Rong Yan lifted her feet and said,"hubby, Yingluo."

liancheng yazhi sat beside her and pressed down on her feet."What's wrong?"

"Why did you lie to Tang Zong in the car today?" Rong Yan asked him.

"you can tell?" Liancheng Yazhi smiled. He knew that he could not hide it from Rong Yan.

Rong Yan pouted. that's right. If I still can't tell, you can go and cry.

Liancheng Yazhi lay beside Rong Yan and hugged her. "I did lie to him because I thought it would be better if he didn't know about it."

Rong Yan turned sideways and lay on Liancheng Yazhi, her chin on his chest. “Why? Who called in the car? the person you’re talking about isn’t the old master, right?”

liancheng yazhi slowly combed rong yan’s hair with his fingers.”yes, it’s not the old master.”

“The phone call was from Kang Zhen. He left home three days ago and came back today.”

Rong Yan was surprised. She didn’t even know that Kang Yu had left the house. Oh, where did he go? ”

Liancheng Yazhi lowered his head to look at her and met her eyes. “He brought someone back from the Highlands this time.”

that person is ... Rong Yan’s heart skipped a beat. She felt that she already knew.

Liancheng Yazhi caressed Rong Yan’s cheek and rubbed his thumb gently. yes, it’s Xia Xuanmo. And ... I asked him to go.

“Why?” Rong Yan only felt surprised and confused, but she didn’t feel particularly intense.

Now, Rong nuo had her own happiness, and her resentment towards Xia Xuanmo had almost disappeared.

Liancheng Yazhi’s voice became a little low.”because he was injured. a rock hit his leg. it was very serious. i sent kang zhen to get treatment after he was released. you know that the lack of oxygen at high altitudes is not conducive to the healing of wounds. also, the medical facilities there are far from comparable to the imperial capital.”

“Ah, Yingluo injured her leg. Isn’t that very serious?” Rong Yan exclaimed.

Liancheng Yazhi nodded. that’s right. Kang Yu said it’s very serious. The wound is inflamed and Hanhan has been running a fever. I think her injury might be more serious than what Kang Yu said.

Rong Yan’s expression became serious. then, hurry up and find a doctor. Her leg is injured. We have to find an authority in the orthopedics department.

Liancheng Yazhi nodded. I know. I will do it. Because it involves Xia Xuanmo, I don’t want Tang Zong and Rong nuo to think too much about it. So, I plan to keep it a secret from them.

Rong Yan nodded. yes, I have to hide it. No wonder you said it was about the old man in the car. Don’t worry, hubby. I won’t let it slip.

Chapter 2148: The situation isn’t too good

Rong Yan was not a fool. How could she let them know about this?

Although Rong nuo was now Living a Good Life with Tang Zong, she felt that the influence Xia Xuanmo had on Rong nuo might not be erased for the rest of her life.

After all, that man had once played so many important roles in Rong nuo’s life.

He gave her love and also taught her how to live.

Although things didn't go as planned, those few years couldn't be ignored.

Rong Yan thought for a moment. why don't we let them go out for a while? ”

“I want to,” Liancheng Yazhi smiled bitterly.

“I've already told Tang Zong in private that after you're discharged, I'll let the two of them go out to play and rest. They've been too tired during this period of time, but it's no use!”

Back then, when Liancheng Yazhi said that to Tang Zong, he wanted them to go out and play for a while to avoid knowing or seeing Xia Xuanmo.

It would be best if he went out for a long time, just like last time.

But Tang Zong's words made Liancheng Yazhi very touched.

When he wanted to mention it again, he felt a little guilty.

Rong nuo was also in a difficult position. then, Zhenzhen, why don't I talk to Rong nuo? ”

Liancheng Yazhi nodded. alright, when you tell her, be more casual. Don't be too deliberate. Don't let her realize that you want them to leave for a while.

“I know, I'm not stupid.” Rong Yan rolled her eyes at him.

Liancheng Yazhi laughed and hugged Rong Yan. yes, my wife is the smartest. Others say that pregnancy makes one stupid for three years, but my wife is not stupid at all.

“of course, how can i become stupid?” rong yan raised her eyebrows.

“By the way, are you going to see him?” Rong Yan raised her head and asked.

liancheng yazhi nodded. ” i definitely have to go. i have to go and see what's going on with him. ”

The follow-up that Kang Zhen had mentioned was as light as possible. The real situation might be more serious than he thought, so he had to go there as soon as possible.

“Then you can go after lunch today.” Rong Yan pushed his chest.

Rong Yan knew that Liancheng Yazhi was very worried about Xia Xuanmo. As his wife, she had no reason to stop her husband from seeing his most important friend.

Liancheng Yazhi had once stood on Rong Yan's side because of Rong nuo.

However, since that matter had already faded, Rong Yan had no reason to stop Liancheng Yazhi.

liancheng yazhi lowered his head and kissed rong yan hard.”My wife is getting more and more understanding.”

Rong Yan raised her eyebrows,”of course, Yingluo.”

In the afternoon, Liancheng Yazhi left after saying that there were some tricky things to deal with in the company. Tang Zong and Rong nuo did not suspect anything.

liancheng yazhi went directly to the hospital that secretary zhou had arranged for xia xuanmo.

He went directly to Xia Xuanmo's ward, which was filled with the pungent smell of disinfectant. Four or five doctors were examining the person on the bed.

Secretary Zhou was talking to the hospital director on the other side. Both of them had very serious expressions on their faces. They did not look good.

When she saw Liancheng Yazhi, she quickly walked forward.

"Young master ya, you're here," Secretary Zhou said in a low voice.

Liancheng Yazhi saw that the doctor was examining him and did not go forward. how's the situation inside? "

The hospital director shook his head. his condition isn't very good. His injury has been delayed for a long time.

liancheng yazhi narrowed his eyes and said unhappily, "It can't be cured if it's dragged on for a long time?"

The director quickly shook his head. of course not. It's just very troublesome. Also, Yingluo's fever hasn't subsided. This situation is a bit tricky.

Chapter 2149: Either let him die or let him live well

Liancheng Yazhi sneered. if it wasn't troublesome, "he said," I wouldn't have come to you.

the director sighed. he was most afraid of dealing with people who were too rich.

"Young master ya, doctor Yingluo isn't all-powerful!"

this gentleman's condition is indeed too serious. We can only say that we'll do our best to treat him, but ...

The director felt a little uncomfortable. He paused for a moment, not knowing if he should say what he was going to say next.

Secretary Zhou, who was watching from the side, felt a little sympathetic for the hospital director.

young master ya, "he said to Liancheng Yazhi," I've taken a look. Mr. Xia's injuries are indeed too serious.

liancheng yazhi glanced at secretary zhou. "you know that's not what i want to hear."

"but what? what did you want to say?" he asked the director.

The Dean endured the pressure and closed his eyes. He gritted his teeth and said, "But we can keep Jian Jia alive, but we only have a 40% chance of breaking his leg."

if it wasn't for the fact that the person inside was so hurt, he would never say that.

Even if he had 50% confidence, he would not have told Liancheng Yazhi about this.

Liancheng Yazhi was not as angry as they had expected. Instead, he laughed.

Moreover, his smile was especially gentle.

secretary Zhou subconsciously took a step back and swallowed his saliva. Young Master Ya was finally angry.

Liancheng Yazhi smiled and asked very calmly, "You mean, there's a 60% chance that his descendants will be forever in wheelchairs and unable to stand up?"

This Dean was really bold. He nodded. "It's Yingluo."

The smile on Liancheng Yazhi's face deepened, and it was stunningly beautiful.

He stepped forward, looked at the Dean, and said softly, "Let me tell you, even if he's dead, he can't be unable to stand up forever. I don't care what you do, you have to keep his legs."

The hospital director and Secretary Zhou both looked at Liancheng Yazhi in surprise.

The director could not believe that Liancheng Yazhi would say such a thing.

Between his life and his legs, wasn't the former more important?

For the vast majority of people, everyone's choice would be life, right?

After the shock, Secretary Zhou gradually calmed down.

He thought he understood why Liancheng Yazhi said that.

Liancheng Yazhi knew what kind of person Xia Xuanmo was. How could he tolerate his brother not being able to stand up in front of him?

On the other hand, Xia Xuanmo seemed to have a mild temper, but he was deep in thought. He had his pride, his principles, and his dignity.

He didn't want to be lower than his brother, and he didn't want to be pitied by everyone from now on.

Liancheng Yazhi suddenly grabbed the Dean's clothes, who was still in shock. "I'll give you two choices. Either let him die or let him live well."

The director was still in a daze. He asked, "What if Yingluo is dead?"

Liancheng Yazhi's thin lips spat out four words. "All of you shall be buried together."

A loud boom exploded above the Dean's head like thunder.

He immediately wanted to cry, but no tears came out. The fear in his heart climbed higher and higher.

If he had known earlier, he wouldn't have been so greedy. He's finished, Yingluo.

This Liancheng Yazhi said that he would give them two choices, but in fact, he did not give them a choice at all?

The director finally understood. They could either cure the patient inside or die with him. This was forcing him to commit suicide.

In any case, from now on, he absolutely could not mention anything about amputation.

After half an hour, the experts came out with serious expressions on their faces.

Chapter 2150: I only want to see him get better

“everyone, thank you for your hard work,” the hospital director said to them.

we have to come up with a proper plan during this period of time. We have to try our best to cure the patient’s injury and let him stand up.

The doctors were suddenly put in a difficult position.

“Director, this is a little difficult.”

“Our chances of success are really low.”

“so far, the most appropriate and safest way is to amputate it as soon as possible. otherwise, if the wound continues to deteriorate, it will be fatal.”

The Dean was bitter. How could he not know about this?

The key was that he didn’t agree to it.

The Dean immediately put on a serious and respectful expression.

“Everyone, you have to know who the person inside is and why he was injured.”

he is a very accomplished official who will bring many benefits to the people in the future. If he really loses his legs, his future will be over. This loss will not only be for himself, but also for the local people under his rule.

so, we have to do our best to protect his legs.

the hospital director’s words were very grand, and even liancheng yazhi and secretary zhou were a little surprised when they heard it.

Secretary Zhou was speechless. Damn, this hospital director’s ability to fool people was better than his.

He had actually managed to contact so many people at once. His personal injuries and illnesses had even elevated to the National sentiment.

Perhaps it was because the hospital director’s words had indeed moved the doctors.

“Director, we understand. We’ll try our best,” they said.

“We’ll find more people with authority in this area from other places. When the time comes, we’ll be more powerful with more people. We’ll definitely be able to overcome this difficulty,” the Dean continued.

on the other hand, if everyone can cure this patient, it would be a miracle in the medical world. At that time, everyone’s prestige in the medical world would take a big step forward.

The hospital director’s last sentence really hit what the doctors wanted the most.

for doctors, all they wanted was to be recognized for their medical skills and let more people know about their achievements.

Just like those actors, they must have one or two representative works in their acting career.

After comforting the doctor, the director accompanied Liancheng Yazhi into the ward.

Mr. Xia, “he said to Liancheng Yazhi,” ever since you sent him here, you’ve only been awake twice, and both times were very short.

Liancheng Yazhi looked at Xia Xuanmo, who was lying on the bed, and suddenly felt sad.

Xia Xuanmo was already very thin, and this injury made him even thinner.

his eye sockets were deep, his cheekbones were prominent, and his face was sallow and bloodless. he looked like someone who was beyond saving. The anger in him slowly disappeared.

there were several needles on the back of his hand, and his blood vessels were clearly visible under the skin. his legs had been rewrapped.

The Dean reached out and touched Xia Xuanmo’s forehead. It was still wet, but it seemed to have subsided a little.

The director said to Liancheng Yazhi, “it seems like the temperature has started to drop. We’ll measure it again in ten minutes. If it really drops, then it’ll be fine.

Liancheng Yazhi nodded in a daze.

The director hesitated for a moment. also, Mr. Xia has just come down from the plateau. His body is particularly weak. The sudden change in the environment has made it a little unbearable for his body.

Liancheng Yazhi suddenly turned his head. His eyes were like torches, with a fire that could burn him to death. “don’t tell me all of this. it’s your business how you want him to recover. i just want to see him recover.”
