

## Permit Me 2151

Chapter 2151: do you think i'm very pitiful now?

The director's heart skipped a beat,"ahem, ahem, okay, ahem, I understand, ahem."

Liancheng Yazhi no longer looked at them and said indifferently, " "You guys can leave."

Secretary Zhou knew that Liancheng Yazhi wanted to be quiet for a while, so he quickly pulled the hospital director out and very considerately closed the door.

liancheng yazhi pulled a chair and sat by the bed. he did not do anything but sit there in a daze, his mind empty.

Liancheng Yazhi suddenly remembered that when he was fourteen years old, he had asked Xia Xuanmo a question.

"What do you want to do when you grow up?" he asked.

Xia Xuanmo was wearing a neat school uniform, and his shirt was always spotless. Even after fighting with someone, it was always clean. At that time, he looked at the flock of birds flying in the sky and laughed, " what are you doing? I want to live freely."

Freedom?

Liancheng Yazhi smiled. No one in this world had absolute freedom.

As long as he was alive, there would be restrictions in this world.

And among the few of them, Xia Xuanmo was the one who was the least free. Whether it was in his heart or in his life, he was the one who carried the heaviest shackles.

When he was young, the wish he had spoken of was perhaps the one he desired the most in his heart.

Therefore, Liancheng Yazhi didn't want him to lose his legs. If he couldn't even walk freely, then Xia Xuanmo's heart would completely die.

Liancheng Yazhi didn't know how long he had been in a daze. When he came back to his senses, he just happened to see that Xia Xuanmo had opened his eyes and was looking at him.

Because Xia Xuanmo's eyes were red and bloodshot.

Liancheng Yazhi was not surprised and said indifferently, "you're awake."

"yes," xia xuanmo said. "yingluo, you're here."

His voice was very unpleasant and hoarse. If one did not listen carefully, one would not be able to hear what he was saying.

Liancheng Yazhi nodded and said,"yes, Zhenzhen is here."

Then, the two of them looked at each other without saying anything.

after a moment, xia xuanmo said, "Do you think I'm very pitiful now?"

Liancheng Yazhi did not hesitate. you reap what you sow.

that's right. Xia Xuanmo smiled. you reap what you sow.

"do you want some water?" liancheng yazhi asked.

"Good Yingluo."

liancheng yazhi stood up and poured a glass of warm water.

Xia Xuanmo couldn't sit up now, so Liancheng Yazhi found a straw.

"How did you know about my matter?" After drinking the water, Xia Xuanmo's throat was a little moist, and his voice finally became a lot clearer.

"The madman told me," Liancheng Yazhi did not hide it.

"why?" xia xuanmo smiled. "why did you bring me back?"

Tang Zhen didn't know about Feng nongtang.

however, he was really surprised that liancheng yazhi would actually ask kang rong to go all the way to get him here.

Liancheng Yazhi pursed his lips. I don't want you to die there. Even if I have to collect your corpse, I have to bury you in the capital.

he would not show any sympathy in front of xia xuanmo, nor would he say anything to pity him.

Xia Xuanmo's mood improved a little,"thank you, ran ran."

He understood Liancheng Yazhi, just like how Liancheng Yazhi understood him.

How could Xia Xuanmo not know that Liancheng Yazhi had asked Kang Rong to personally bring him back to the capital to treat his injuries?

It was because in his heart, he had always treated him as a friend and a brother.  
this was enough for Xia Xuanmo.

what? "Xia Xuanmo asked him," is my leg going to be broken? "

Liancheng Yazhi's answer was very straightforward and decisive. "I won't,

Chapter 2152: so vicious

He would not let Xia Xuanmo lose his legs.

don't lie to me. Xia Xuanmo smiled bitterly. don't lie to me.

Liancheng Yazhi looked at him seriously. no, you just took a little too long. Your original injury wasn't serious. The doctor said that it would be cured.

Xia Xuanmo smiled. Liancheng, do you know that you actually have a shortcoming? that is, every time you lie, you talk more than usual.

liancheng yazhi

He didn't seem to have noticed this.

Liancheng Yazhi was silent for a few seconds. He looked at Xia Xuanmo with a serious and firm expression. "I'm not lying this time."

Liancheng Yazhi paused and added, " "you'll be fine. focus on your recovery and don't think about anything else."

xia xuanmo smiled. the redness in his eyes seemed to have subsided a little, and his face was a little more lively.

"You're making me think of my senior year," he said.

Liancheng Yazhi nodded and said,"yes, Yingluo."

He remembered the third year of high school.

feng nongtang had taken a fancy to a girl from another school, but in the end, that girl had long been with a local tyrant in society.

Then, he gathered a group of people to teach Feng nongtang a lesson, and the few of them went to help.

The result was not surprising, Xia Xuanmo was injured.

At that time in the hospital, Liancheng Yazhi had told him this-you will get better. Focus on recuperating and don't think about anything else.

Although the frivolous years of their youth were not very nutritious, now that they thought about it, they felt the purest feelings of youth.

Liancheng Yazhi sat for a while. I'm leaving.

"Tell Kang Yu to thank him," Xia Xuanmo said.

“Alright, I’ll tell him when I see him in the future.”

He wouldn’t be able to see Kang Yu for the time being, so he hoped that he would be fine.

Liancheng Yazhi walked out of the ward with a heavy heart and said to the director, ” “Use the best medicine, the best doctors, and the most advanced equipment for Hanhan.”

“understood,” the hospital director nodded,“i’ll do as you say.”

Secretary Zhou left with Liancheng Yazhi.

After getting in the car, he said to Liancheng Yazhi, ” “Young master ya, we’ve found out that Deng meile’s niece, Yueyue, was the one who waxed the floor of the elevator a while ago.”

Initially, Secretary Zhou brought some people to look for the girl. After they found her, the girl denied it, saying that she had lost the card more than a month ago and had not used it for a long time. She also found a few witnesses because she had been shopping when she lost the card, and all the classmates who had gone there knew about it.

If this was the truth, Secretary Zhou could not touch her.

Hence, Secretary Zhou went back to investigate on his own. The more he investigated, the more shocked he became. The more he investigated, the more he felt that the girl was simply too terrifying. At such a young age, she was so scheming and so vicious.

He was actually so experienced in doing such a harmful thing, much more so than a normal person.

He knew that he couldn’t show his face if he wanted to hurt her, and he knew that the bank card would expose her, so he had covered it up in advance.

however, although her methods were already very impressive for a child of his age, they couldn’t afford to be investigated in detail. as long as they were given time, they would still be able to find out.

“It’s that loathsome little girl.” liancheng yazhi was also very shocked when he heard this.

Although that girl was very annoying, Liancheng Yazhi had never thought that such a young child could be so vicious and think of such a way.

rong yan had no enmity with her, right?

Chapter 2153: leaving her alive is a future trouble

That day, when they were unhappy, Rong Yan didn’t say anything at all.

she could actually place her thoughts of revenge on rong yan. moreover, she actually used such cruel means to delude herself into harming someone else’s child. her behavior was simply outrageous.

Secretary Zhou nodded. yes, it’s that 16-year-old girl. Her thoughts are far from 16’s. If she were to do this again in a few years, I might not even be able to find out.

Secretary Zhou felt a lingering fear when she thought about it, because she almost slipped away when she went to catch them.

The first time they went to look for her, she didn't realize that they would be found out, so she began to ask his parents to help him with the procedures to go abroad.

He had almost made her leave the country.

Liancheng Yazhi's eyes were cold. "Why did he attack Rong Yan?"

After a while, Secretary Zhou said,"she said that she lost a lot of face that day, Wanwan."

the reason why she attacked young Madam was because she couldn't bear to see young Madam living so well. Qianqian saw young Madam's stomach and wanted to hit Qianqian. She even said that she felt that handsome guys like you and young master Tang deserve a beautiful girl like him.

there were still many things that secretary zhou had not said, and he really could not continue.

He's completely brainless.

That girl's mind was terrifyingly vicious, but she was also so brainless that it made people dumbfounded.

there was no reason for her to harm others.

It means that I don't like you, so I don't want you to live well.

I'm just trying to hurt you.

This kind of thinking was completely different from that of adults and those with dark hearts who had gone crazy after being treated unfairly. This kind of person was even more terrifying.

She was born with an anti-human personality. When such a person grew up, there was no guarantee that she would not do crazy things.

After thinking about it, Secretary Zhou felt that the girl must have been spoiled by her family to the point that her heart was twisted.

It couldn't be measured by normal human thinking at all.

Secretary Zhou looked at Liancheng Yazhi's ugly expression and quickly said, " "Young master ya, please don't be angry. That brat is dark and twisted inside. She's too narcissistic and thinks that she's the best. The whole world should revolve around her and everyone should be good to her, Yingying."

After thinking about it, Secretary Zhou felt that the girl was probably born with a mental disorder, overthinking and princesses.

She would think that she was a Princess and everyone else was her servant.

Whoever dared to mistreat her or bully her, she would kill them.

Liancheng Yazhi snorted coldly, his eyes filled with killing intent."hmp!"

"young master ya, she's still in custody. do you want to go and take a look?" secretary zhou asked cautiously.

Liancheng Yazhi said in disgust, "there's no need. That kind of brain-dead person has no right to see me. You can handle this matter yourself. Clean it up. I don't want any trouble in the future."

Secretary Zhou nodded. yes, don't worry. I'll definitely do a good job.

Secretary Zhou was already thinking about how to deal with that girl.

although that girl was truly vicious, leaving her alive would definitely be a problem in the future.

However, she was only a 16-year-old girl after all. Aiyu, forget it. I'll just follow young master ya's instructions.

After a while, Liancheng Yazhi asked Secretary Zhou, "Where's the winter?"

"Master Jian said that young master Dong Tian is fine now. He will be back in two days," Secretary Zhou quickly said.

More than a month ago, Liancheng Yazhi had sent winter to the border and asked him to go there to train.

Chapter 2154: He didn't protect his future son-in-law

However, winter had escaped from the protection of the simplified humans and disappeared.

At that time, he did not dare to tell Liancheng Yazhi.

Three days later, Dong Tian himself appeared in a simple base camp with injuries all over his body. Only then did he immediately withdraw his troops and return.

In these three days, he simply led the group of people through the forest that they were familiar with, but they did not find winter.

when he received news that winter had returned, he found it unbelievable that it was so simple.

However, it had been more than a day since he returned to the village from the depths of the forest.

When she saw that Dong Tian was covered in injuries, with several of his ribs fractured and almost piercing his lungs, she realized that his injuries were not light.

Sighing, he had no choice but to say it.

However, he simply kept it a secret for a few days. After a week, he only told Liancheng Yazhi when his injuries in winter were better.

But at that time, Liancheng Yazhi didn't have time to care about this. Rong Yan had just given birth and had not woken up yet. He wouldn't hear anything you said to him, and it was useless to say anything to him.

When Secretary Zhou went to the hospital for the first time, he had also brought this matter with him.

However, when he saw Liancheng Yazhi's situation, he did not say anything because he knew that young master ya would not care even if the sky fell.

Secretary Zhou only told him when Rong Yan finally woke up and Liancheng Yazhi's condition had improved.

After Liancheng Yazhi found out, he was really angry. What did he tell Jian Jie at that time that he must protect his future son-in-law well?

But this kid had lost a child.

However, at the same time that he was angry, Liancheng Yazhi was also a little proud. After all, he was his child. He could actually run out from under the hands of a simple person. Even if he was fully equipped, he could complete the task and return within three days.

damn it, the key point was that they had already sent out simpletons, but they still could not find Dong Tian even after three days in the jungle.

At the thought of this, Liancheng Yazhi suddenly became proud.

However, Liancheng Yazhi was afraid that Rong Yan would be worried, so he never mentioned this matter. His warning was simple. No matter what, he had to send Dong Tian back after he was cured.

If there were any side effects left on winter, he would just cut off all ties with simple.

Now that Rong Yan was about to be discharged from the hospital, winter should be almost over there.

Liancheng Yazhi said to Secretary Zhou, "it's easy to rush him. The day after tomorrow is Xuanji's full-moon banquet. You must send winter back before that day.

The whole family had to be present for their youngest son's one-month-old party. Winter was their child, so of course, they couldn't miss it.

secretary Zhou nodded and said, "it's yingluo."

Their young master ya was at loggerheads with Jian Jie because of Dong Tian's injury. For the time being, he did not plan to communicate with Jian Jie directly and pushed everything to him.

After Secretary Zhou went back, he quickly made a call to Jian an.

"Young master Jian, young master ya's intention is to send young master Dong Tian back before his Highness's one-month celebration. He must attend the party."

"Yes, I'll send him back today," a simple and steady voice said.

After a short conversation, the two of them died.

After that, he simply got someone to pack up and prepare to send winter back immediately.

However, there was a little trouble.

everything was ready, just before boarding.

Jian Jie and winter's voices trembled.

"I'll go back myself," Dong Tian said.

"I'll send you off," Jian Yi said.

Dong Tian stubbornly raised his chin, his refusal simple. "I'll go back by myself."

Jian Jie's expression did not change and he continued, "I'll send you off."

Chapter 2155: winter, get down here

“I’ll go back by myself.”

“I’ll give you Yingluo.”

The two of them only repeated these two sentences for nearly twenty minutes. Neither of them was willing to compromise.

Mo xunxun watched from the side. She looked left and right and sighed.

The two of them were more stubborn than the other. If they were to continue arguing like this, it wouldn’t be enough even if they were given another day.

Mo xunxun bit her lip and hesitated for a moment before saying, ” “Winter Qianqian, you’re still a child. The hurt on your body is beautiful, you Qianqian”

In the end, Dong Tian said decisively,”I can.”

Mo xunxun couldn’t do it in the winter, so she could only stretch out her hand and pull on the simple fingers.

” why don’t you let winter go back by himself? if he doesn’t come back today, he’ll waste more time. ”

Jian Jie looked at her and pulled her to his side.

“Listen to me on this matter, Yingluo.”

Liancheng Yazhi was already angry with him because he didn’t take good care of winter. If anything happened to winter on the road this time, Liancheng Yazhi would probably really cut off all ties with him.

Therefore, he had to personally send him back. Mo xunxun looked at Dong Tian and said,”yes.”

Dong Tian glanced at them arrogantly and turned around, refusing to board the helicopter.

He was using his actions to tell Jian Jie that if he didn’t let him leave, he wouldn’t return.

He simply frowned. This kind of young kid was indeed the most difficult to deal with. If Dong Tian was not injured, he would just have to teach him a lesson. However, this kid was actually trying to pick a fight with him just because he had not recovered from his injuries.

“Let’s go in first.”

He simply hugged mo xunxun and entered the house.

“Take a rest,” he said to mo xunxun.

Mo xunxun shook her head. I’m not tired. I don’t need to rest.

“You don’t need to rest?” he simply raised his eyebrows.

Mo xunxun nodded,”yes, Yingluo.”

Jian Jie’s expression was serious. looks like I don’t need to show mercy tonight.

Suddenly, mo xunxun's small face turned red. She glared at him. Her shy look was like a peach blossom blooming on the branch in March. Looking at her was like looking at the beauty of spring. He simply raised his hand and touched her cheek.

"in the future, don't look at others like that," he said.

"What's the matter?" mo xunxun was puzzled.

"Just remember my words."

mm, Zhenzhen. mo xunxun nodded. She always remembered simple words.

Suddenly, the sound of a helicopter's spinning propeller and the sound of an engine could be heard from outside.

Jian Jie's expression changed, and he immediately ran out the door.

He saw that the helicopter had already started and was now two meters above the ground. The one sitting in the pilot's seat was winter, and the original pilot had been driven to the co-pilot's seat.

Jian Jie's heart tightened when he saw this scene and he shouted, "winter, get your ass down here."

During winter's training, he had learned some escape techniques, one of which was helicopter piloting. However, this was the first time he had actually used it.

As he familiarized himself with the flying button, he turned on the loudspeaker and said, "uncle said that you'll be caught once you enter the capital. you'd better stay here obediently."

Jian Jie almost vomited blood. This brat, why didn't he beat him up just now?

"get down here. don't force yourself. i'll get someone to send you back." Since he had already compromised, he was forced to give up his previous insistence by Dong Tian.

between flying a plane back in winter and getting a proper pilot to send him back, he could only choose the latter.

Chapter 2156: He has a bit of Liancheng Yazhi's arrogance and boldness

However-

Dong Tian did not believe him.

Since he was already on the plane, and the plane had already taken off, he would never get off.

"there's no need for that," dong tian said. "i can go back by myself. i won't be bringing back the one-month-old gift you gave to my brother. i'll pass on your congratulations to my uncle."

After that, the plane slowly rose and gradually reached a high altitude. Then, it turned around in the air and flew toward the Inland.

Jian Jie was so angry that it was useless to scold him. Dong Tian had already run far away, how was he going to catch up?

It wasn't that he hadn't thought of the simplicity of bringing the plane along.

However, if he were to fly the plane over and intercept Dong Tian in mid-air, it was very likely that he would be nervous and afraid, causing operational errors.

If the plane malfunctioned in the air, it would not be a small matter.

Therefore, he had no choice but to give up on this idea after some thought.

A simple fist of Qi hit the pillar.

It was as if Dong Tian had been raised by Liancheng Yazhi. He had already been influenced to have some of Liancheng Yazhi's arrogance and boldness.

Moreover, this kid's progress was godly. He definitely wouldn't have escaped from him a year ago.

Mo Xunxun was so scared that her face turned pale. Dong Tian was only an eleven or twelve-year-old child, yet he dared to fly a helicopter back home. Just the thought of it made Mo Xunxun scared.

"Sijie, what if he cringes in the winter?" Mo Xunxun asked Sijie in a low voice.

He simply looked at the sky, which was empty. "What else can we do?"

She could only leave it at that. She couldn't chase after him, so she could only let him leave.

"I'll go and call Liancheng," he simply kicked the pillar again.

Liancheng Yazhi had already arrived home and was in the living room, watching MeowMeow play with Huahua.

Just then, his phone rang. He picked it up and saw that it was a simple number.

Liancheng Yazhi snorted. They were still in a Cold War.

Seeing that Liancheng Yazhi was not picking up the phone, Rong Yan leaned over to take a look.

Seeing that the number on the screen was simple, she asked curiously, "It's simple, why aren't you picking it up?"

Rong Yan glanced at Liancheng Yazhi's face, which seemed a little off, and smiled. "Why are you two still arguing? Why?"

Liancheng Yazhi touched his nose and said, "There's no such thing as Huahua."

He thought to himself, for the sake of his wife, I'd better answer the call.

Liancheng Yazhi's tone was not very good when he opened his mouth. "Hello, Yingluo, why are you calling me?"

Jian Jie rubbed her forehead. Don't get angry. I have something to tell you.

At the end, he simply added, "It's very important."

"Hurry up and tell me." Liancheng Yazhi's tone was as if he was very busy and didn't have so much time to talk nonsense with her.

And then,

“Winterfell went back,” Jian Jie said after a moment of silence.

When Liancheng Yazhi heard this, he thought that this was normal. Didn't he already ask Secretary Zhou to tell him to send winter back? “Oh, he's back. That's good. I've been waiting for him.”

“he went back by helicopter,” he simply added.

Liancheng Yazhi was baffled. Was there a need to say this kind of thing?

a plane is good. They should be here today.

Then, the simple words that made Liancheng Yazhi instantly go berserk, ” “but the pilot of the kongtong plane is himself.”

Liancheng Yazhi stood up, and his expression instantly turned cold.”Say that again.”

The people in the family looked at Liancheng Yazhi in confusion.

Jian Jie sighed. I was going to send him back, but he didn't agree. When I wasn't paying attention, he ran to the plane and flew it away.

Chapter 2157: indulging in beauty

f \* ck! Liancheng Yazhi instantly cursed.

He regretted it immediately after he said that. He saw his daughter looking at him with her big innocent eyes.

He looked at his son, who was waving his little paws and looking at him.

liancheng yazhi realized that he had said the wrong thing, but he really did not have the time to explain.

He gritted his teeth in anger. simplified version? did your body's functions degenerate during the time you were locked up? even if you step down, are your men still trash?”

There were so many men;

They were all f \* cking brutal mercenaries.

They actually let a child run onto the plane and fly it away right under their noses.

This is a bunch of idiots, idiots, idiots, ah Yingluo

Dong Tian's injuries had not fully recovered. He had only learned the basics of driving before, but had not actually done it. It had been such a long time since he returned to the capital from the border. If anything went wrong, his son-in-law would be gone.

If Jian Jie were to stand in front of Liancheng Yazhi now, he really wanted to beat him up.

Liancheng Yazhi had a stomach full of anger, but in front of the old and young at home, he was too embarrassed to scold them.

With a cold face, he quickly walked out of the living room.

Once they were out of the door, he shouted, " simple, f \* ck you, what did I, Lao Ai, tell you? I taught you Dong Tian and asked you to keep an eye on him and not let him get hurt. In the end, he got himself covered in injuries and almost died at your place. I haven't even settled this with you yet, and now this has happened. I told you before that if Dong Tian doesn't come back safely this time, we'll cut off all ties.

Simply looking at the sky, he knew that Liancheng Yazhi would definitely be angry. Forget it, he had indeed underestimated Dong Tian's ability this time. He felt embarrassed just thinking about it. If Liancheng Yazhi wanted to scold him, he would just pretend that he did not hear it.

After Liancheng Yazhi had scolded him for a while, Jian said, " "I was careless in this matter, Yingluo."

Liancheng Yazhi was so angry that he wanted to kill someone. careless, I was too careless. I was too careless. I will never believe you again.

These words were said in a fit of pique, and also a little childish.

It was like two friends who were usually quite good friends suddenly quarreled over something. Then, one of them said, " I'm not going to let you go again.

Simply pinching the bridge of his nose, he said, " I didn't expect winter to be so bold either. That kid has your shadow in him now. You should teach him some good things, Yingluo.

Liancheng Yazhi was furious. What do you mean I didn't teach him the good? everything I taught him was good. Dong Tian is now being taught by me to the point that you can't even find him. Can you even teach him this ability? "

He let out a simple sigh. Alright, he had said the wrong thing again.

it's been half an hour since we took off in winter. We should be able to arrive at night.

"hmp, if something happens to dong tian, you don't have to look for me in the future."

liancheng yazhi knew that it was useless to scold jian jie now. he would only be at ease when he returned safely in winter.

However, Liancheng Yazhi decided that this matter could not be forgiven so easily.

That brat must have been indulging in beauty recently and living a life of drunkenness, which was why he had degenerated so much.

It seemed that mo xunxun was very much to his liking. Liancheng Yazhi gritted his teeth and said, " "If I had known earlier, I wouldn't have helped you abduct mo Xun Xun Xun Xun away."

Jian Jie frowned,"it's not her fault, ran ran."

Chapter 2158: Brother winter is coming back

Liancheng Yazhi pursed his lips. it's none of her business? "

tsk, tsk. He hasn't even said anything, and he's already protecting you. Let me tell you, if anything happens to Dong Tian, I'll ask Mo zhongkai to take mo xunxun away.

jian jie's face turned cold."liancheng xuanji."

Liancheng Yazhi had said those words out of anger, but his simple reaction had exceeded his expectations.

Liancheng Yazhi raised his eyebrows,"Oh, you've fallen for ran ran."

Jian Yi said, " I still have something to do. I'll hang up first. I'll keep track of winter's movements and inform you at any time. I'm hanging up.

As soon as he finished speaking, Jian Jie hung up the phone quickly, so anxious that it seemed like he was running away.

Liancheng Yazhi snorted coldly as he held the phone. you actually dare to hang up on me? just you wait, ran ran.

Liancheng Yazhi glanced at the sky. The weather was very clear today, and the clouds should not be thick at night.

Liancheng Yazhi's teeth hurt a little. Why couldn't he stop worrying about them?

Dong Tian, that kid, dared to fly a plane back by himself. He was too bold.

When he came back, he would teach him a lesson.

a ten-year-old child was the most rebellious. if she let him do whatever he wanted, he would turn the world upside down. she had to discipline him well.

Liancheng Yazhi had completely forgotten that when he was as old as winter, he was much more rebellious than winter and dared to do anything all day.

However, at that time, old master Liancheng was clamoring to teach him a lesson every day.

however, great-grandfather fang would always stop him. great-grandfather fang would always say, " a boy who would cause trouble would only have a future when he grew up. he was too obedient. what ability could a person who was like dough have when he grew up?

Therefore, Liancheng Yazhi had developed a supercilious, arrogant, overbearing, and ruthless character when he was young.

Over the years, Liancheng Yazhi had become more mature and calm, but he had forgotten some of his own things in the past.

Liancheng Yazhi calmed down outside for a while before he turned and entered the house.

Inside the house, the entire family was waiting for him.

as soon as he entered, everyone looked at him. even the youngest, his highness xuanji, seemed to know that he had to listen to his father's explanation about what had happened just now.

As soon as Liancheng Yazhi saw them, he knew that he had to explain it to them this time.

But he looked at MeowMeow and felt a little conflicted.

If the adults knew that he had flown back in the winter, they would feel better. But if MeowMeow knew, it would not be good.

lian Cheng yazhi touched his nose, walked over, and sat down. "that yingluo"

Once he opened his mouth, he didn't know what to say. Lian Cheng Yazhi had a slight headache. If he had known earlier, he would have held back his temper and not cursed in front of everyone. He should have walked out calmly.

Rong Yan held her face and looked at him. "hurry up and say it. hubby, we're all listening."

Rong Yan saw it. It was a simple phone call just now, but Lian Cheng Yazhi suddenly had such a big reaction and was so angry. This was too strange. She had never seen Lian Cheng Yazhi so angry at his own brother.

Lian Cheng Yazhi rubbed his forehead. As long as he spoke the truth, he would say, "winter is coming back. he'll be back tonight."

Meow Meow was the first to call out. "really, dad? is brother winter coming back?"

Lian Cheng Yazhi smiled at his daughter. yep, he's coming back. You'll see him tonight. Let him stay at home with you a little longer this time.

MeowMeow nodded vigorously. yes, yes. I haven't seen Brother Winter in a long time. I miss him so much.

Chapter 2159: I only hope that he'll be safe

Lian Cheng Yazhi stretched out his hand to let  
meowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeow.

MeowMeow, winter is coming back tonight. Do you want to help Auntie tidy up his room? he hasn't been back in a long time. Can you open the window to let some air in? "

the maid received the order and quickly brought meowmeow upstairs.

Lian Cheng Yazhi sighed. He realized that what Xia Xuanmo said seemed to be right.

Every time he lied, he couldn't help but say a lot.

Lian Cheng Yazhi was obviously asking MeowMeow to avoid him. The little girl didn't know, but all the experts present could see it.

"Why did you trick  
meowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeow on  
purpose? did something happen in the winter?" Rong Yan asked.

lian Cheng yazhi nodded and said, "yes, something did happen, zhenzhen."

"Hurry up and tell me, what's the matter?" Rong Yan was anxious and pushed his arm.

Lian Cheng Yazhi knew that he could not hide it, so he said, "Just now, simply told me that winter ran ran onto the plane when he wasn't paying attention and came back. He was the pilot."

When Rong Yan, Rong nuo, Tang Zong, and Gu Hesheng heard this, they all exclaimed, “What?” None of them could believe what they had just heard. A child who was not even twelve years old was actually flying a plane by himself. Did he have to be so bold?

That was an airplane, not a bicycle. It was not something that could be climbed up and continued riding after a fall.

Liancheng Yazhi spread out his hands. at first, he simply said that he would send him back personally, but Dong Tian didn’t agree and insisted on coming back by himself. The two of them couldn’t get over it, so Dong Tian Ran back resentfully.

Everyone was silent. To them, flying a plane was a very difficult task. Furthermore, if an accident were to happen, it would really be life-threatening.

To fly a plane, one must have undergone strict training and obtained a pilot’s license.

However, the winter was only so big, where would they get a driving license?

In the silence, Tang Zong shouted, cool. This kid suits my taste too much. He’s so bold to be able to escape from the simplified eyelids. Amazing.

Rong nuo quickly patted him and glared at him. Didn’t he see that brother-in-law and eldest sister were so worried?

Tang Zong quickly shut his mouth and sat there obediently, not daring to speak.

Gu Hesheng frowned. he’s still a child. Has he ever learned how to fly a plane before? ”

I’ve learned some basic driving knowledge, ” Liancheng Yazhi said. but Qianqian has never really put it into practice. This is her first time.

Liancheng Yazhi’s words made everyone’s hearts tighten again.

It was his first time actually operating it. This was too ridiculous. The key was that other people’s first time flying in the sky would usually be very short.

Winter, on the other hand, was going to fly for a long time. Could he take it?

Liancheng Yazhi sighed silently. He had not said that winter’s injury had not fully recovered.

Liancheng Yazhi was afraid that they would be too worried, so he added, ” simply put, the plane’s information we’ve tracked is normal for the time being. What we can do now is just hope that the kid can land safely.

Rong Yan was anxious and restless. why is that kid so bold now? can he fly a plane so easily? ”

“Don’t be angry, I’ll teach him a good lesson later,” Liancheng Yazhi quickly said.

Rong Yan sighed. ah, I’m not asking for it now. If you teach him a lesson, I just hope he can come back safely.

Chapter 2160: the time to cause trouble

Gu Hesheng nodded his head,”that’s right, as long as the child can return safely, let’s not talk about whether we will teach him a lesson or not.”

Liancheng Yazhi quickly nodded, but his mind would not change.

Look at how that kid made his family worry, how could he not teach him a lesson?

He wouldn't be sent to training for a while, so he would be at home and be trained by himself.

Dong Tian, who was focused on operating the plane, suddenly sneezed.

The pilot sitting in the co-pilot's seat shivered. The child next to him had his life in his hands.

Even if he yawned, he would feel his heart trembling, let alone sneeze.

"yingluo, is this really your first time driving a car?" he could not help but ask.

Dong Tian nodded,"yes!"

The pilot wanted to cry but had no tears. Oh my God, it was his first time flying in the sky and he had only flown for less than ten minutes.

In the Lian family, Rong Yan looked at the time.

it's only afternoon now. By the time he comes back, it'll be night time.

Everyone knew that it would be more difficult and dangerous to fly at night, so it was more dangerous at night.

"He should be back in the capital By the Time It Gets Dark," Liancheng Yazhi comforted her.

brother-in-law, sister, you guys are being too worried. I think that Dong Tian is quite capable. He was able to fly a plane and escape so easily. This is not something that ordinary people can't do. Besides, there's a parachute on the plane. Tang Zong said.

"It's best if he doesn't use a parachute." Liancheng Yazhi glanced at him.

If he didn't need a parachute, that meant he was fine.

"no wonder you want to avoid meowmeowmeowmeow." rong yan glanced at him.

"I'm just trying to scare MeowMeow."

Gu Hesheng said, " alright, let's not tell MeowMeow about this first. We'll just wait until winter.

"Where will he land?"

Liancheng Yazhi shook his head and said,"I don't know, Zhenzhen."

Flying in the air was one thing to be able to accurately determine the location, but landing in a designated location was another.

For someone like winter, who was flying for the first time, it was very likely that he would get lost in the air.

It was really too heart-wrenching.

Because of this, the whole family was worried, but in front of MeowMeow, they still played along and pretended to be happy.

the sky outside was getting darker and darker. Liancheng Yazhi had lost count of the number of times he had stood outside to look at the sky.

Rong Yan walked to his side. It's almost dark. I don't even know where he's gone. It's really worrying.

Liancheng Yazhi quickly took off his coat and wrapped it around Rong Yan before pushing her in. "Why did you come out? hurry up and go in."

"I'm fine, I'm already well," Rong Yan said.

Liancheng Yazhi did not give any explanation. There's wind outside. Once the sun sets, it will get cold quickly. Don't catch a cold.

After entering the house, Rong Yan said to Liancheng Yazhi, "Ask the kitchen to prepare dinner for Winterfell."

Liancheng Yazhi nodded. alright. Make him more of his favorite food.

Rong Yan sat down and said, "I haven't seen that child for a long time. I don't know if he has grown taller."

Liancheng Yazhi smiled. I think I've grown taller. A teenager grows the fastest. It's also the time when he can cause the most trouble.

Just as he finished speaking, Yingying, who was in Gu Hesheng's arms, called out, " "

Rong Yan looked over and reached out to take it. hey, what's wrong? do you think that mom and dad have neglected you? come, let mom take a look.
