

Permit Me 521

Chapter 521 No news at all

Rong Yan didn't avoid being intimate with Liancheng Yazhi in front of Meowmeow. She felt that this was actually good for the child. This would leave an impression in her heart from a very young age that her parents had a good relationship. This kind of subtle understanding would be useful for Meowmeow when she grew up and got married.

After kissing for a while, she felt her butt being pressed against by something hard. Rong Yan quickly pushed Liancheng Yazhi away and put a finger on his lips, saying regretfully, "I can't do this anymore. Yo, yo, you need to go to work. You need to earn money to support the family!"

After she finished speaking, she quickly jumped down from Liancheng Yazhi's body and ran back to the bed in a few steps. She picked up her younger daughter, who was looking at her in a daze, grabbed her little hand and waved at Liancheng Yazhi. "Goodbye, Dad. We'll miss you."

Liancheng Yazhi held his forehead and sighed.

After the fire of desire in her body had subsided a little, she said to brother Rong Yan evilly, "Just you wait, I'll teach you a lesson tonight."

In the blink of an eye, she smiled at

after leaving the bedroom, the smile on Liancheng Yazhi's face gradually faded, and the worry between his brows deepened.

When he got in the car, his face became even more serious.

Secretary Zhou already knew about Miss

Although he was worried, he still had to report the bad news.

"Young master ya, Qianqian, you asked me to check it yesterday, but there's still no news." Secretary Zhou mustered up her courage and said.

Yesterday, before the laboratory could be found, Liancheng Ya had called Secretary Zhou. Since it might be hereditary, he had to first find out if there was any such hereditary disease in the family history of the Liancheng family.

However, Secretary Zhou did not manage to find any information about this, which made him depressed.

Liancheng Yazhi turned on his computer and quickly browsed the Liancheng family's internal network. There was a section in the network that contained confidential information that only the master of the family could access.

However, the so-called secret was only the property of the Liancheng family and nothing special.

Liancheng Yazhi turned off the laptop in frustration, and the cold killing intent on his face was extremely terrifying. He said, "Get the old man's blood sample as well, as soon as possible."

Secretary Zhou nodded. Yes, ran ran. I'll definitely deliver it tomorrow.

at the mention of old master liancheng, secretary zhou recalled something. ” when young master ya was investigating this matter, i realized that wanwan seemed to include the 10th generation of heads of the liancheng family from the old master’s generation. their information was all after the age of three. before the age of three, only the date of birth, time, and place were recorded. there was no record of anything else, not even the one you mentioned. ”

Liancheng Yazhi suddenly narrowed his eyes and muttered, ” “Before the age of three, Wanwan before the age of three, Wanwan”

A thought flashed through his mind. He remembered that when he was ten years old, Grandpa Liancheng once said to him, ” Yazhi, Grandpa can tell you with certainty that the men in our Liancheng family are the best. From birth to three years old, these are the most basic three years. They have left all the other children of the same age far behind, so you are better than everyone else. You must always believe in this. No one can beat the men in our Liancheng family.

Chapter 522 One by one

A lot of fragments flashed through Liancheng Yazhi’s mind. He felt like he had caught onto something, but Wanwan just couldn’t grasp it!

From birth to three years old, only God knew what had happened to a child in three years! What happened during this period?

Although he didn’t know, this was a big suspicion.

It would still be acceptable if the records of a family before the age of three were unclear, but if it was the same for ten generations, then there was definitely a problem.

a murderous glint flashed in liancheng yazhi’s eyes. ” secretary zhou, if you dig down from this point, there must be something that hasn’t been announced. go and find the old people who used to work in the liancheng family and ask them one by one. if they don’t say anything, kill them! ”

His hands had long been dirty. For his daughter, he didn’t mind turning into a Shura, nor was he afraid of blood on his hands and falling into hell forever after death.

Secretary Zhou quickly nodded and said, ”yes, it’s Yingluo.”

Many emotions flashed across Liancheng Yazhi’s face. He took out his phone and said to Secretary Zhou before he dialed the number, ” turn around. I’m not going to the company. Send me to find a simple place.

secretary zhou did not know why liancheng yazhi suddenly stopped him from going to the company, but he knew that young master ya must have his reasons at this time.

After he finished speaking to Secretary Zhou, Liancheng Yazhi’s call went through.

“Kang Zhen, go to the simple place immediately. Yes, the sanatorium that my family owns. I need to talk to you.”

After he finished speaking in a few seconds, Liancheng Yazhi did not waste any time and immediately made a second call.”Crazy, if you didn’t die on a woman’s stomach, then quickly get up and go to the simple place!”

When Secretary Zhou heard Liancheng Yazhi's phone call, he roughly understood that young master ya wanted to find a solution in the shortest time possible, so ran ran wanted to mobilize the whole nation!

After Liancheng Yazhi hung up, he said, "Secretary Zhou, this time, all the experts who Qianqian knew about the blood problem between MeowMeow and me have to help me. This news must not be leaked, do you understand?"

Secretary Zhou's body trembled. Young master ya's blood was different from ordinary people's, and his self-healing ability was extremely strong. If this matter were to be spread, it would indeed bring a lot of trouble.

It might be like the Tangshan meat that everyone wanted to take a bite of. The temptation was too great.

"yes, young master ya, i understand!" It was unknown how many of those professors would survive in the end.

.....

Fifteen minutes later, they arrived at their destination.

Liancheng Yazhi asked Secretary Zhou to return to the company and he went directly into the simple Ward.

When he arrived, Jian Yi was in the midst of reconstruction. The process was so painful that others could not understand it, but when he saw that Jian Yi was sweating profusely, his clothes were drenched in sweat, and the veins on his neck and forehead were protruding, he knew that he was enduring a lot of pain.

Jian Jie did not stop the reconstruction after seeing Liancheng Yazhi. Instead, he said to Liancheng Yazhi, "i'm coming, yingluo, you sit first."

Liancheng Yazhi casually took off his coat and threw it on the sofa. He sat down and asked, "The crazy Kang Yu and the other guy haven't arrived yet?"

"The madman's here, Yingluo's here. She's in the bathroom washing her face and brushing her teeth!"

When Liancheng Yazhi heard this, he knew that this guy must not have gotten out of bed yet. After receiving the call, he immediately put on his clothes and came directly without even packing.

As they were talking, Feng nongtang came out while wiping his face. When he saw Liancheng Yazhi, he said, "you said that you don't usually see yourself, but you're always so anxious when you talk about meeting. Last time, you were showing off your daughter. This time, you're not showing off your son, are you?"

He simply stopped, 'daughter? Rong Yan's daughter?"

Chapter 523 Your son is so pitiful!

Feng nongtang hurriedly said, "yes, Yingluo, you don't know how beautiful she is. Don't you know that she's called cute Yingluo? even I want to have a daughter to play with. Young master ya, when will you let us see your daughter again? she's an uncle, after all. I've even prepared a gift.

The two of them were discussing Meow Meow and did not notice that Liancheng Yazhi's expression was gradually dimming.

About ten minutes later, Kang Zhen's tall figure appeared at the door. He was wearing a camouflage uniform and military boots. His short hair was neat, and his handsome face revealed a hint of evil. He stood there in a uniform that made many women drool.

"You're in a military exercise?" Jian Jie asked after seeing his attire.

there's no Kasaya. he simply walked over and sat down on the single-seater sofa next to Liancheng Yazhi.

"Then where did you get this from?"

"At home."

feng nongtang was curious and asked, "You're wearing camouflage at home? Who's your Wanwan fighting alone? your wife yingluo."

Kang Yu raised his eyes. His gaze was sharper than the military knife on his body."Why do you care about my wife?"

Feng nongtang chuckled, and continued to speak fearlessly,"Oh, you have an injury on your neck? I say, where did this unworldly master come from, even our Major General Kang could be injured, tsk tsk tsk tsk tsk."

After completing the simple reconstruction, he walked over with his legs still a little high and low. He said,"looking at the wound, yingluo was scratched by a woman's fingernail."

Feng nongtang clapped his hands and immediately said, "Your wife!"

At first, everyone thought that Kang Zhen would either ignore them or just beat them up. Unexpectedly, he leaned back and placed his feet on the coffee table. His evil eyes revealed a smile that was not a smile."What's wrong with being my wife?"

Feng nongtang pointed at Kang Zhen and said with a hurt expression, didn't you say before that the wife you marry is just an object and that you don't have to care about it at all? now, you've betrayed our Alliance!

Kang Yu did not feel guilty at all,"did i say that? You're wrong."

Seeing that the bickering between the two would continue if he did not stop it, Jian Jie quickly asked, "Liancheng, do you have something to say to everyone?"

After asking, Feng nongtang left Kang Yu behind and sat next to Liancheng Yazhi. He grabbed a teacup and put it in front of him as a microphone. wait, I have a question first. Come, what's the new nanny's thoughts? tell me!

Everyone thought that Liancheng Yazhi would push it away, but he took it and said, " " my thoughts are that i've lived my previous life in vain. now, i'm living like a human! "

In the past, he had always been floating in the air. Now that Rong Yan and her daughter were back, he could finally be on solid ground.

"Then what do you plan to do in the future?" Kang Zhen asked suddenly.

Liancheng Yazhi spread out his hands with a happy smile on his face. it's good. I'm in charge of making money for the family, and the mother and daughter are in charge of being beautiful. If Yingluo has a son in the future, when the son grows up, he'll take care of me and the mother and daughter. Yingluo's life can't be better.

After Liancheng Yazhi finished speaking, the three men felt that their brains had rusted because of something. It was so unreal to hear these words from young master ya of the imperial capital.

Feng nongtang slowly put down his cup. this pursuit is really far-reaching!

"Your son is so pitiful!" Kang Zhen said after a moment of silence.

.....

Chapter 524 it's enough to be shot directly

How could he not be pitiful? he wasn't even born yet, and his father was already thinking about how he would have to work as a Coolie for the whole family in the future to support them.

the simplified version ended with two words,"yingluo is pretty good!"

However, the three of them were thinking at the same time that Wanwan really sounded pretty good when she heard Liancheng's words!

While the three of them were still pondering over Liancheng Yazhi's words, he slowly stood up and said to them, "I'm looking for you because I'm begging you, no matter what, please do me a favor, Yingluo."

The three of them were dumbfounded. Since young, who had ever heard the word 'beg' from young master ya's mouth? what did he need to lower his stance and beg others for? Other people were begging him!

At this moment, they all picked their ears at the same time. They must have heard wrong.

Feng nongtang gulped and said, "young master ya, Yingluo, please don't be like this. If you need anything, just say it. This bro will do his best to help you. Don't say it's a request or not. We brothers don't like this. You're treating us like outsiders.

jian jie nodded. "just tell us what you need. whether we can or can't help, we'll do our best. "

"Cut the crap and get to the point," Kang Zhen rapped the table with his foot.

Liancheng Yazhi smiled and then explained MeowMeow's situation in detail.

that's what happened. I don't have the time to look for them one by one. MeowMeow can't wait either. So, please do your best to help me find the best medical talents, especially those who are particularly proficient in biology. I'll focus on digging up the family history of the Liancheng family.

Feng nongtang was the first to jump up from the sofa. why didn't you say so earlier? you should have told me a few days ago. Look at you, you've wasted so many days. I might have already found a good doctor. I'll make a few calls.

Before he could finish his sentence, he ran to the window and started to make phone calls.

Kang Zhen was silent for a while, then he said a long string of words, the military has a secret organization that specializes in researching supernatural powers. There are also a few secret medical research groups. These people are more precious than pandas. I'll think of a way to get a few of them for you from there.

Kang Zhen made it sound easy, but everyone knew that those organizations were directly under the highest authority of the central government. Very few people knew about them. It was needless to say how dangerous it was to bring national secrets out of those organizations. It would be a light sentence to go to the military court, or even be sentenced to death.

A faint smile appeared on Liancheng Yazhi's face, "thank you, Zhenzhen."

"I'll thank her when she's better," said Kang Zhen, waving his hand.

"Liancheng, I'll find someone for you," Jian Yi said after they finished talking.

"Who?" Liancheng Yazhi's eyes narrowed.

anyone could become meowmeow's hope now, so liancheng yazhi would not give up on any one of them.

Jian Yi said, "Natsume, he's a military doctor from my base. Although he has never been to a proper hospital and has never studied in any impressive hospital, he's a real medical genius. If the results of his research in biology are released, it's more than enough to shock the entire earth. He once swore that he would never step foot in China again in his life. It'll take some effort to get him here.

Liancheng Yazhi stood up, his eyes fixed on the simplicity. "Where are you now?"

No matter how much effort Liancheng Yazhi put in, no matter what method he used, he would get someone to capture him.

.....

Chapter 525 I'll definitely bring her back for you

Jian Jie told him, "before I came, I told him not to go out of the base and to help me look after the place. He's probably still there, but I can't be sure about ran ran. If his research project encounters obstacles, he will go to the forest to find inspiration. He might be gone for a few days. Wait for me to make a call to confirm it.

The signal in the border area was not good, so they used special communication equipment to make simple phone calls. He limped to the table next to the bed, opened the drawer, took out a black thing that looked like a mobile phone, and dialed a number.

the call only connected after about half a minute. he said simply, "Hello, Natsume, it's me, Yingluo."

"Boss? you actually thought of calling, did something happen?" Natsume's voice sounded relaxed.

it's nothing. I'm just checking up on you. You haven't been running around the base recently, have you? "

of course not. Do I look like the kind of person who would abandon the base and run around? ”

“that’s good. you stay here. i’ll go back when i’m done.”

“Hey, is it really okay for you to call?”

“It’s fine, Yingluo is bored! Alright, I won’t talk to you anymore. I’m hanging up.”

He ended the call in a few sentences and simply said to Liancheng Yazhi, ” he’s at the base. If he hasn’t gone out, you can send someone to catch him.

“I’ll send someone over now.” Liancheng Yazhi couldn’t stop for a moment. He couldn’t wait to grab her now and buy more time for MeowMeow.

Jian Jie stopped him. Liancheng, wait a moment. I’ll go back with your people. If you send people to catch him, it won’t be easy. Both sides will be injured. He has many rare things in his hands, and some of them are very lethal. If he really uses them, it won’t be good for everyone.

“But your legs are still being reconstructed?” Liancheng Yazhi looked at the simple legs. Didn’t the doctor here say that it was best not to have any fractures during the reconstruction process?

He waved his hand nonchalantly. it’s fine. If I take a plane there, I’ll be back on the same day. Alright, don’t say anything else. Hurry up and arrange it.

Feng nongtang finished his call and walked over. He put an arm around his shoulders and patted his chest, ” “With us uncles here, it’ll definitely be fine. I won’t chat with you any longer. There are a few people that I have to make a trip to by myself. When our little niece has recovered, remember to thank us properly.”

“Sure, no problem.” Liancheng Yazhi nodded.

At this moment, he was glad that he had such Good Brothers by his side. When he was happy, they wouldn’t say it, but they would be happy for him. When he was in trouble, they would do everything to help him.

At the door, Feng nongtang turned back and asked, ” “Liancheng, can we go to your house to see your little princess later? I haven’t even given you the present in my hand.”

“Of course, Yingluo!”

It didn’t take long for Kang Yu to leave as well. If he wanted to bring people out from those places, it would be more troublesome than the others.

Finally, Liancheng Yazhi said to Jian Yi, ” the plane has been arranged. We’ll land on the roof in ten minutes. Let’s go!

Jian Jie nodded and followed Liancheng Yazhi to the roof with great difficulty.

Before he got on the plane, he simply said to Liancheng Yazhi, ” don’t worry, I’ll definitely bring her back for you. Meowmeowmeowmeowmeow, she’ll be fine too!

He watched the plane take off and fly Southwest, quickly disappearing in the sky.

Liancheng Yazhi looked at the gloomy sky, and his heart felt even heavier!

Chapter 526 you old thing that won't die

at two o'clock in the afternoon, it was time for

Before leaving, Rong Yan instructed the bodyguards at home to guard the bedroom and make all the necessary arrangements before she took a car to the nearest large supermarket.

Rong Yan had carefully selected a lot of ingredients in the supermarket. When she came to settle the bill, she could no longer carry them and had to ask the driver to come over and help.

The driver was an honest middle-aged man. He took everything from Rong Yan's hands and said, "Miss Rong, I'll carry these, I'll carry these, Zhenzhen. This bag of eggs is easy to break, you just have to carry one.

Alright."

"Thank you, Yingluo."

"You're too kind."

Just as she was about to walk out of the supermarket, the phone in Rong Yan's bag suddenly rang. She thought it was Liancheng Yazhi and quickly took it out, but she was stunned to see that it was an unknown number.

Rong Yan felt a sense of resistance from the bottom of her heart towards an unfamiliar number.

However, if she didn't pick up, the other party would keep calling. Finally, Rong Yan's finger pressed the green button to answer the call. "Hello, Yingluo."

"Miss Rong, you seem to be in a good mood recently," the old voice said after a few seconds.

Rong Yan's heart clenched fiercely, as if it had been gripped in her heart in an instant. Although she had only heard the other party's voice once, Xuxu remembered it so deeply.

The alarm on Rong Yan's body immediately rang, and she instantly entered a state of combat readiness.

It seemed that this old man still didn't plan to end it just like that. Why did he suddenly call today?

Rong Yan took a deep breath. Even if she lost, she would not lose the battle. She was determined not to be afraid and admit defeat.

"Thanks to your son's good fortune, I've been living quite well recently!" Rong Yan chuckled.

"Congratulations," old master Lian Cheng laughed. "I heard that MeowMeow's condition has been confirmed, right?"

"Yes, the diagnosis has been confirmed. You don't have to worry about it." Every word that Rong Yan said now had to be drafted repeatedly in her mind before she dared to say it, for fear that she would give the other side a chance to criticize her.

However, what Rong Yan didn't expect happened in the next second.

Liancheng's father sighed with regret, "AI, how can I not worry? no matter what, she's still my granddaughter. The heavens really love to play with people. Such a small child is really pitiful. If her current physical condition doesn't improve effectively, the next time she acts up, she might die,"

Rong Yan's heart trembled fiercely, and inexplicable fear and anger instantly burst out. She stopped in her tracks, her eyes spewing fire. Without giving any face, she gritted her teeth and scolded, "you old thing, don't think that just because you're Liancheng Yazhi's father, I won't f*cking dare to scold you. Try saying one more word about my daughter. Do you believe that I won't bewitch your son today and make him send you to hell to see your father?"

Moreover, Yingying, this old thing, actually dared to curse MeowMeow to die!

Rong Yan's angry roar scared the driver in front of her and he trembled, not daring to move.

Old master Liancheng sighed. I won't argue with a vulgar woman like you. But it seems that Wanwan Yazhi hasn't told you about your daughter's real illness! He's really worried about you. He'd rather keep you in the dark than let you worry."

.....

Chapter 527 Don't believe this, it's all nonsense

"Old thing, what are you trying to say?" Rong Yan had a bad feeling in her heart.

Old master Liancheng coughed twice and said, "miss Rong, you may not know this, but our Liancheng family has a different Constitution from ordinary people. We are stronger and more powerful than them. Our self-healing ability after getting sick and injured is many times stronger than that of ordinary people.

"Don't talk nonsense with me!" Rong Yan interrupted her impatiently.

Master Liancheng said unhurriedly,"don't worry, miss Rong. Your hot-tempered temper won't bring good luck to your daughter!" Listen to me slowly."

starting from Yazhi, all the way up to the head of the family ten generations away from him. From that generation, the Liancheng family obtained an extremely expensive and special pill that could change the system. From then on, every generation of direct descendants would receive the blood inheritance from the previous generation.

When she heard this, Rong Yan's hand that was holding the egg suddenly tightened.

She remembered the day when the professor insisted on comparing Liancheng Yazhi's blood sample with MeowMeow's. Could it be that there was something else that Yueyue was hiding?

rong yan's heart trembled violently. she pretended to be calm and continued to stop.

Old master Lian Cheng took a breath and continued, " however, the power contained in the blood is so great that it's difficult to control in youth. It will speed up the blood flow and increase the burden on the heart. If you're not careful, you'll go into shock. So, Yingluo needs to use another method to neutralize it and suppress the manic power in her body. It's precisely because of this that the

Liancheng family's newborn child has to take a medicinal bath with a secret formula from one month old. Only when she's three years old can the power in her blood really improve.

At this moment, Rong Yan felt as if a corner of her heart had suddenly collapsed. She didn't seem to understand this sentence in her mind, but she felt that she could understand it completely.

On the other end, old master Liancheng sighed, "Aiya, only the head of the family knows about this secret. Miss Rong, you're in luck today. Furthermore, the secret of this medicinal bath can not be passed down from generation to generation, so I haven't told Yazhi about it yet. Think about it, which child before the age of three can remember it clearly?"

MeowMeow's heart has always been a problem. Of course, this isn't the main point. It's to make Zhenzhen have the Liancheng family's blood in her body. This kind of blood that can strengthen the Liancheng family's people is a fatal poison to her. Because right now, Zhenzhen's main task is not to cure her heart, but to improve the blood problem in her body. On this issue, I believe miss Rong, Zhenzhen, doesn't know which side is more important?"

The egg in Rong Yan's hand fell to the ground with a 'pa' sound and instantly shattered in the bag. The egg white and yolk flowed out, just like Rong Yan's heart that had been torn apart.

Blood there's a problem

It turned out that this was the key problem with MeowMeow's illness!

No wonder Liancheng Yazhi was in there for so long that day. No wonder the doctor insisted on checking their blood samples.

rong yan's body was on the verge of collapse, and her face was as white as a ghost. her body was so cold that she was about to freeze.

Rong Yan desperately wanted to tell herself not to believe it. She didn't want to believe it. These were all lies. That old thing was lying to her. He just wanted to drive her away!

But,

There was already a voice in Rong Yan's heart that silently believed in Yingluo.

Chapter 528 Your daughter's life is in your hands

Finally, she tried her best to suppress it and asked in a trembling voice, "What exactly do you want to do, Qianqian?"

Old master Lian Cheng said rather seriously, "Of course I don't want to do anything. A country has its laws and a family has its rules. Everything must be done according to the rules. Yazhi has made some irrational decisions in his youth and vigor. As his father, I can't watch him make mistakes again and again. However, miss Rong Yan, don't worry. MeowMeow is still a descendant of our Liancheng family. She's the first princess in a hundred years. As her grandfather, I may not like her, but I won't lay a hand on her either. But, Yingluo ..."

he stopped speaking, and rong yan took it and said, "I know. You want me to leave, right?"

Old master Liancheng's target was her, and he wanted to force her to leave!

perhaps a daughter wouldn't affect the liancheng family much, but in the future, if rong yan had a boy, that would be the key, yingluo.

Old master Lian Cheng laughed. "Miss Rong is a smart person, and it's easy to talk to smart people. You can't take on the position of the matriarch of the Liancheng family with your status. Even if Yazhi forces you to do it, you won't be able to do it comfortably. Instead of doing this, why don't you leave early? as long as you leave and make Yazhi give up on you, I'll tell Yazhi the formula immediately after you leave and let him treat MeowMeow. She'll still be the lady of the Liancheng family and have a status that everyone envies."

"

"miss rong, your daughter's life is in your hands now. whether zhenzhen wants to save her or not, it's up to you."

"of course, you can tell yazhi about what happened today, but the recipe is in my head. i'm already so old, death is nothing to be afraid of, but meowmeow is still so young, only two and a half years old, a little elf who has just come out of her flower bud. sigh, thinking about it, it's such a pity! "

"i think miss rong will make the wisest decision, don't you think so?"

old master liancheng advanced step by step, using his words as a sharp knife to force rong yan into a corner bit by bit.

In fact, it was not that old master Liancheng was very well-informed. Under Liancheng Yazhi's tight blockade, how could he know?

It was only because Yingluo was at this age and had put all his effort into trying to win over people's hearts that he understood how a mother felt when she was willing to sacrifice everything for her daughter.

In addition, it was also because he held the most deadly trump card in his hand. He knew the blood inheritance of the direct descendants of the Liancheng family. This was a trump card that even Liancheng Yazhi did not know about.

Old master Liancheng guessed that his son doted on Rong Yan so much that he definitely couldn't bear for her to worry, so he wouldn't tell her.

All he needed to do was to wait for the right moment.

After Rong Yan had completely relaxed, he would give her such a fatal blow.

At that time, her psychological defense would be quickly crushed, and then Yingying would have no choice but to listen to his command!

In the end, old master Liancheng said to Rong Yan in an extremely happy mood, " "Miss Rong, it was a pleasure talking to you today. I hope to hear good news from you as soon as possible. Goodbye."

At this moment, he could already imagine what state Rong Yan was in.

Rong Yan covered her face and knelt on the ground.

how could she choose between meowmeowmeowmeowmeow and liancheng yazhi?

Chapter 529 I'll be waiting for him here

seeing that rong yan was on the phone, the driver went to put the things in the car first. however, after a while, he turned around and saw rong yan sitting on the ground. he was so scared that he quickly went to help her up.”miss rong, what’s wrong?”

Rong Yan came back to her senses and pretended to look up inadvertently to rub her face. She quietly wiped away the tears in her eyes. it’s nothing, Wanwan just fell accidentally. Aiya, Wanwan’s eggs are all broken. I can’t make egg soup tonight.

The driver quickly helped Rong Yan up. the egg is fine. Did you notice? ”

“I’m fine. I’m fine!” Rong Yan shook her head.

“Miss Rong, it’s going to rain. Hurry up and get in the car.”

” good zhenzhen. ” rong yan nodded. her mind was in a mess at the moment and she didn’t know what to do. what if she had to make a choice between liancheng yazhi and meowmeow? Did she have a choice?

Lian Chengbo, that old bastard, had given her a single choice. There was no second choice.

after they got in the car, it had started to drizzle outside. rong yan said to the driver, ” “Don’t go home yet, go to the company for a walk.”

The driver immediately smiled. Oh, Yingluo, I know. Young master ya will be very happy to see you.

Rong Yan smiled and didn’t say anything.

A man wearing a cap and a mask walked out and watched Rong Yan’s car disappear into the rain.

.....

The car stopped at the company building. Rong Yan asked the driver to wait for her downstairs as she walked into the L&C group building in the rain.

This was Rong Yan’s first time here. The entire building belonged to the Liancheng family, and there was a front desk on the first floor. After Rong Yan walked in, the lady at the front desk immediately bowed to her and asked in a sweet voice, ” “Miss, may I ask who you are looking for?”

“I’m looking for Liancheng Yazhi,” Rong Yan said directly.

The two girls at the front desk looked like they were only in their twenties. When they heard that Rong Yan was looking for Liancheng Yazhi, they didn’t show any contempt or disdain. They just hesitated and asked, ” “I’m sorry, miss Wanwan, do you have an appointment?”

Rong Yan shook her head.

I’m sorry, miss, ” the two girls said awkwardly. we can’t let you go up. Please understand our job.

Rong Yan also knew that as receptionists, this was their fault. She didn’t take it by force and directly picked up the phone at the front desk. After thinking for a while, she still dialed Secretary Zhou’s number.

In less than five minutes, Secretary Zhou ran out from the elevator. “Miss Rong, why have you come?”

Rong Yan smiled. it's nothing. Yingluo just went out to buy something and passed by, so she came to take a look. Can you go up? "

sure, sure. who was Secretary Zhou? she followed Liancheng Yazhi around and helped him deal with many difficult things. She was good at observing people's expressions at the negotiation table and was good at reading people's minds. Although Rong Yan was forcing a smile at the moment, the haggardness in her eyes could not be hidden. It was obvious at a glance.

Secretary Zhou muttered in his heart,"what's going on? the situation is not good."

He quickly led the way for Rong Yan. "Please follow me. I'll take you to see young master ya.

When the two front desk ladies saw how respectful Secretary Zhou was to Rong Yan, they looked at each other with bitter faces. "We're finished!"

secretary zhou took rong yan to liancheng yazhi's office. " miss rong, you can rest here for a while. young master ya is in a meeting. i'll go and tell him. "

"No, I'll wait for him here." Rong Yan shook her head.

Chapter 530 Then, will you propose to me?

"Then, please take a seat. What would you like to drink?"

"Give me a cup of warm water." Rong Yan's entire body, even her hair, was cold. She needed a little warmth.

Soon, the Secretary brought Rong Yan a cup of hot water and some snacks.

It was Rong Yan's first time in Liancheng Yazhi's office, but she was not in the mood to think about it. She held a glass of water and leaned against the window, looking at the tall buildings outside. Her mind was empty.

Rong Yan's eyes were dazed. She didn't even notice that the door had been pushed open.

in the meeting room, liancheng yazhi gave a bunch of senior executives a torrent of abuse. all of them were silent and did not even dare to vent their anger.

After Secretary Zhou came in and whispered in Liancheng Yazhi's ear, Liancheng Yazhi's face immediately darkened."Meeting dismissed!"

Liancheng Yazhi walked in and saw Rong Yan's thin figure standing there alone. It reminded him of a night many years ago in block A of the Empire. She stood in front of the window and lit a cigarette. At that time, she was so ethereal that he could not figure her out!

Liancheng Yazhi was a little flustered. He walked over and hugged Rong Yan from behind, lowering his head to kiss her ear."Why did you suddenly think of visiting me at the company?"

Rong Yan leaned back and was completely in Liancheng Yazhi's arms."Yazhi."

"What's wrong?" Liancheng Yazhi's hand touched Rong Yan's clothes and hair. He frowned and rebuked, " "Why do I feel a little wet? Are you in the rain?"

Liancheng Yazhi picked up Rong Yan and placed her on the desk. He picked up the phone and said to Secretary Zhou, who was outside,"Secretary Zhou has sent over a set of female clothes."

Rong Yan tilted her head and looked at Liancheng Yazhi. He was not wearing a coat now, and his tie was a little crooked. There was a trace of fatigue on his face, and his hair was a little messy. However, all these bad factors still looked so gorgeous on him. This was a man who could make women fall for him no matter when.

Rong Yan raised her arms and wrapped them around Liancheng Yazhi's neck. She looked up at him like a child, her eyes filled with confusion. "I suddenly feel that you're actually quite a good person, Yingluo. If you were a husband, it wouldn't be bad, Yingluo."

he was considerate and meticulous. he deliberately hid meowmeow's illness from her so that she wouldn't worry. then, he took on all the pressure by himself. there was really nothing to pick on about this kind of man. This already met the conditions of Rong Yan's husband.

However, Yingluo

All of these seemed impossible for Youyou to achieve.

Whether it was

lian Cheng yazhi raised the temperature in the office, then lowered his head and pressed his forehead against rong yan's forehead. he asked very seriously, "Baby, are you proposing to me again?" No way, a proposal was a man's business.

"Can I?" Rong Yan was disappointed.

Liancheng Yazhi shook his head decisively. no, I can't. I'm a man. You're snatching my job. What am I supposed to sit on? "

"then why don't you propose to me?"

tsk, I want to get married, Yingluo. Liancheng Yazhi was going crazy in his heart. The proposal was a surprise. How could he say in advance whether he would ask or not and when? if he said everything, what surprise would there be in the future?

however, xuxu lian Cheng yazhi's ears heated up. rong yan wanted him to propose. did this mean that xuxu had already fallen in love with him?

Rong Yan suddenly laughed out loud and bit his chin. "i'm just joking with you."
