

Permit Me 611

Chapter 611 I want to see him

Liancheng Yazhi's expression was funny and cute. Rong Yan admired it for a while and resisted the urge to laugh. She smiled and said, "Since you don't want to kiss, I'll leave then, Yingluo."

Rong Yan raised her hand and waved at Liancheng Yazhi a few times, her innocent eyes saying, "it's not that i don't want you to kiss me, but you can't kiss me, so you can only blame me!"

Liancheng Yazhi let go of his hand and lowered his head. He thought to himself, "old man, come back quickly. Let me deal with you. Hurry up and clean up."

Perhaps Liancheng Yazhi's devout prayers really worked ...

the next morning, at around 11 am, the landline phone in the living room of liancheng's house rang.

The one who picked up the phone was Rong Yan. She had been wearing a voice changer around her neck during the day to imitate Butler Li's voice, so once she picked up the phone, she automatically assumed the identity of a Butler. "hello, this is yingluo from the liancheng family."

A few seconds passed before a voice came from the phone. "Who are you?"

When the old voice entered her ears, Rong Yan was so excited that she almost smashed the phone. She resisted the urge to curse and said, "I'm the Liancheng family's butler. May I know who you're looking for?"

Soon, old master Liancheng's unhappy voice came from the phone, "butler? I'm looking for Liancheng Yazhi, you can put him on the phone."

Rong Yan laughed coldly and was quite ostentatious. She pretended not to know and asked, "I'm sorry, and you are?"

Old master Liancheng shouted in an overbearing manner, "I'm his father."

the corners of rong yan's mouth curled up into an evil smile. "So it's the old man. I'm sorry, I'm a new Butler, so I didn't know you. Please forgive me, it's not that I don't want to call you young master, but Zhenzhen is in a difficult situation right now!"

Old master Lian Cheng shouted very impolitely, "Difficult? what kind of difficult? he's my son, do i need you to tell me how difficult it is to see him?"

Rong Yan smiled disdainfully. This old man had changed from his usual Smiling Tiger character today. He was so arrogant when he opened his mouth. It seemed that he wanted to scare her, the new 'Butler'.

Rong Yan pretended to be a little afraid and said, "i'm really sorry, old master. young master wanwan, young master wanwan was in a bad mood yesterday, so wanwan drank a little too much."

Old master Lian Cheng was direct and said in a muffled voice, "hmp, yingluo, go and wake him up. if you can't even do such a small thing, you don't have to be the liancheng family's housekeeper."

Rong Yan opened her mouth and spat silently. What was this? did he think that she was new and didn't know? did he think that by scaring her, he would obediently go and teach Liancheng Yazhi? this old man really judged the person before him.

Rong Yan lowered her voice and said, "yes, yes, old master, don't be anxious. don't be angry with me, i'll go get young master, i'll go get him."

"Just say that his father wants to see him," old master Lian Cheng scolded.

Okay, okay. Please wait a moment. I'll go get young master. Don't worry, after the phone call, Rong Yan ran upstairs and tried her best to make old master Liancheng, who was on the other end of the phone, feel that she was very scared, so he was in a hurry!

Without knocking on the door, Rong Yan pushed open the door of the study and made a victory gesture to Liancheng Yazhi. your old man is more anxious than you think. He called and scolded me, but he asked you to go down to answer the phone. Are you going? "

Hmph, it looks like he's in a hurry. He's not picking up. Go tell him that I'm not picking up anyone's phone.

Chapter 612 The young master was in a bad mood

Liancheng Yazhi's face was full of disdain after he finished speaking and he continued to read the fairy tale book in his hand.

the stories were very childish and simple, but liancheng yazhi read them very carefully. he had been very emotional recently. he didn't expect that he would have to relive the childhood days that he didn't enjoy when he was young again when he was a father.

Rong Yan was originally very excited, but when she heard Liancheng Yazhi say this, she was a little surprised. "Why? We don't really want him to come back right now. He probably called to tell us about his return. Wouldn't it be good if you go with the flow and pick him up?"

Liancheng Yazhi put down the fairy tale book and hooked his finger at Rong Yan. After Rong Yan walked over, he picked her up and let her sit on the desk, facing him!

"The more I don't pick up his call, the more anxious he gets. He also believes that my situation is really, really bad. Don't worry, he will definitely ask you to call me again and again. Don't worry, he won't let this opportunity go."

Rong Yan tilted her head and thought for a while before she nodded. A smile appeared on her face as she said happily, "hmm, not bad. my man has a brain. " Rong Yan happily hugged Liancheng Yazhi's head and kissed him hard on the cheek. you're right. I'll go back to him, Huahua.

looking at rong yan's back as she ran out happily, liancheng yazhi touched the spot on his face where she had just kissed him and smiled foolishly.

Although he felt that he couldn't go down in front of Rong Yan now, he was still very happy that Rong Yan took the initiative to kiss him. He hoped that Rong Yan would kiss him a few more times.

Especially when he heard Rong Yan say 'my man', Liancheng Yazhi's mood would become better. It was as if a flower had instantly bloomed in his heart, and it was especially beautiful.

After Liancheng Yazhi laughed to himself, he picked up the fairy tale book and continued to read. He had just seen the daughter of the sea, and now he was playing with it.

Rong Yan ran all the way downstairs and deliberately said in a panting voice, "I'm sorry, old master urged me to not call young master over. Young master is in a really bad mood. Qianqian said that Qianqian said that she didn't pick up anyone's phone.

Old master Lian Cheng immediately got angry over the phone and scolded loudly, "this brat is an unfilial son. He didn't even pick up his father's call. If Yingluo doesn't come again, then keep calling her.

Rong Yan's lips twitched disdainfully. It seemed that this old man was really bullying her because she was 'new'. He thought that he didn't know what position this old man had in the Liancheng family and thought that he was the retired emperor.

Rong Yan waited for old master Liancheng to finish shouting before she said nervously, "It's not that I don't want to call the old master, it's just that Hanhan, young master really doesn't want to come down, and now he's hesitating. Aiya, Hanhan, this class is so hard for me. You're the young master's father, so I won't hide it from you. Young master basically doesn't have a moment of consciousness now, and he drinks a lot every day. Hanhan's condition isn't good, and when I went to call him just now, I was almost smashed by a wine bottle. I'm sorry, I'm really sorry, I don't dare to go again, Hanhan."

.....

#### Chapter 613 The silly mermaid princess

Rong Yan's voice was full of helplessness, distress, worry, and fear. Her emotions were very rich, and anyone who heard it would immediately know that she was having a hard time now. Everyone would think that he was in a bad mood because he had just taken over the position of the Liancheng family's housekeeper. They thought that he had been promoted, but they did not expect to encounter such a thing.

Rong Yan seemed to have no choice but to reveal the news, which made old master Liancheng very happy. The more depressed and sad Liancheng Yazhi was, the higher his chances of winning. When he returned, it would be easier for him to take over the Liancheng family again, and it would even be particularly justified.

Everyone would think that he was forced to put down his carefree days and return to take over the Liancheng family because his son was not up to standard. He had to turn the tide and save the Liancheng family from its decline.

At that time, he would definitely be able to receive a lot of praise!

"you're just the liancheng family's housekeeper," old master liancheng said in disdain. "don't tell me you dare to disobey my orders?"

rong yan's fingers scratched on the table. she really wanted to slap this old man to the wall. if he were to stick to the wall, he wouldn't be able to pull it off even if she tried. what the hell was this?

Rong Yan thought evilly while saying, "of course I wouldn't dare to disobey you, but, Wanwan, but, young master, Wanwan, old master, please don't make things difficult for me. I can't get young

master to come. He's not meeting anyone now. Even if you, Wanwan, really came back, you wouldn't be able to knock on the door!

Rong Yan heard old master Liancheng slam the table hard on the other end of the phone and curse, "Bastard, that bastard Qianqian is the head of the Liancheng family. How can she get drunk every day? You tell him that if he doesn't act up, I'll go back and deal with him myself. Quickly, tell him my exact words."

Rong Yan smiled sarcastically. This old man finally couldn't help but reveal his main purpose. After going in a big circle, he just wanted to come back.

Rong Yan let out a long sigh and said weakly into the phone, "Please wait a moment, I'll go again. I'll tell young master's Yingluo what you said."

When she ran upstairs for the second time, Rong Yan pushed the door open and said, "Your father said that if you don't do anything, he will come back in person!"

By now, Liancheng Yazhi had finished reading 'daughter of the sea' and was wondering if he should tell this story tonight. He looked up at Rong Yan. you tell him two words-whatever!!!

Rong Yan leaned against the door frame and asked,"you're not going to say anything more?"

Liancheng Yazhi shook his head. there's no need to. It's all nonsense. He'll believe it.

"Alright, I'll go down and tell him Yingluo."

Rong Yan turned to leave but was stopped by Liancheng Yazhi."Wait, I have something to ask you."

"What's the matter? is it important? Why don't you let me go down and reply to him first? it'll be quick anyway."

lian Cheng yazhi stretched out his hand to let rong yan go over. " what's the matter with him? let him wait. he's the one who's anxious now. the more you don't go down, the more worried he will be. don't worry, he definitely won't bear to hang up the phone. come over, our matter is more important. "

rong yan walked over and asked him curiously,"That's true. Then what do you want? I'm listening!"

Liancheng Yazhi asked Rong Yan in confusion, " Rong Yan, I saw the 'daughter of the sea' just now, but that mermaid princess is too silly. Do you think I can tell this story to MeowMeow? "

Chapter 614 If you like it, snatch it

After Liancheng Yazhi saw Wanhai's daughter, he did not feel anything special. The only thought he had was that the mermaid princess was simply stupid to the extreme.

She had saved the Prince, but no one knew about it. In order to turn into a human, she had to use her voice as a price. In the end, she had to watch the Prince get married happily. However, she had silently turned into bubbles. The Prince was not there when she saved him, and the Prince did not know when she died. What a joke.

it was said to be a poignant story, but in lian Cheng yazhi's opinion, this story could be completely described with one word-stupid!

In Liancheng Yazhi's world, there would never be such an extremely stupid behavior. If it were him, as long as he liked that person, he would use any means to snatch her and hold her in his hands tightly.

Rong Yan's expression immediately became very serious when she heard that. She quickly said, "of course you can't tell meowmeow everything in this book except for this daughter of the sea. don't tell meowmeow about this, okay?"

In Rong Yan's eyes, this fairy tale that many people thought was 'beautiful, sad, and beautiful' should never be told to her daughter. She didn't want her daughter to think in her young heart that she could love a person without any regrets.

At this moment, in the eyes of Rong Yan and Liancheng Yazhi, their daughter's education was more important than anything else. As for the old man who was still waiting for Rong Yan's call downstairs, who cared about him?

Liancheng Yazhi nodded. I think so too. Let's forget about this story. Our Miaomiao is not an ordinary little princess. The person who will marry her in the future must be carefully selected. It must be the best. Only the best can match our Miaomiao.

The two of them discussed the issue of MeowMeow's education for a while. In the end, they decided that tonight's story would be the "story of The Ugly Duckling" that Rong Yan had told MeowMeow before. They both agreed that this story was more meaningful.

after saying that, rong yan suddenly remembered that there was a phone downstairs. "aiya, it's been ten minutes since we talked. i'll go downstairs and see if your father has hung up."

Liancheng Yazhi rubbed Rong Yan's hair. "en, go on, yingluo."

After Rong Yan left, Liancheng Yazhi closed his book and stood up, muttering, "come back quickly, come back quickly, Yingluo. Otherwise, if this continues, you won't be able to hold on any longer!"

Downstairs, Rong Yan picked up the phone and found that it was just as Liancheng Yazhi had said. The old man really did not hang up.

Rong Yan quickly pretended to be sorry. "I'm sorry to have kept you waiting, old master. It's really hard to call him young master, so please forgive me, Wanwan."

"Just tell me! Did you see him?" old master Lian Cheng asked angrily.

"i knocked on the door for a long time before the young master opened it. i told him everything you said, but he only replied with two words."

"What word?"

Rong Yan was gloating, but she still spoke respectfully, "young master said ... Whatever, then he closed the door again. It's no use even if I knock on it again. If young master doesn't want alcohol now, he won't come downstairs!"

whatever means i don't care about you, it's up to you to come back or not!

Although it wasn't a clear answer, it was enough for the old man!

Old master Lian Cheng paused for a moment before saying, "alright, i got it."

Then, he didn't say anything more and hung up the phone decisively!

.....

Chapter 615 Young master ya, I have high hopes for you!

Rong Yan heard the busy tone from the phone and shrugged. "He really can't wait after getting the answer."

Liancheng Yazhi went downstairs and asked Rong Yan, "I hung up."

yeah, he hung up. He probably can't wait and wants to come back as soon as possible.

Liancheng Yazhi walked in front of her and raised his hand to brush away the hair on her cheek. He laughed at himself and said, "it's not that he can't wait, he's already on his way. Tsk, tsk, tsk, I've never been so excited for his return.

Seeing that there was no one around, Rong Yan opened her arms and hugged Liancheng Yazhi. then it's almost time for tomorrow. The real show is finally about to start.

Liancheng Yazhi nodded. yes, almost. He'll be here tomorrow. Even if he can't hold on for a minute, ran ran is far away. Even if he comes back, he'll be back at this time tomorrow.

Rong Yan clenched her fists tightly, her eyes shining brightly. my Dear Comrade, our battle is going to enter a state of white heat in close combat.

Liancheng Yazhi looked at Rong Yan's serious expression and laughed out loud. then, we'll definitely be the best partners.

Rong Yan raised her chin, "this is naturally Yingluo."

Suddenly, Rong Yan heard a faint cry coming from upstairs. She pushed Liancheng Yazhi away. MeowMeow is crying upstairs. Hurry up and go coax her.

Liancheng Yazhi sighed. Rong Yan had been free these few days, but he was busy.

however, for the sake of his daughter, liancheng yazhi was willing to be busy.

After making his daughter happy, Liancheng Yazhi held

He also told Secretary Zhou to make the company look a little messy. He wanted people who didn't know what was going on to think that the company was already in a state of panic, that there was no cohesion, and that it could break up at any time. The working state was lazy, and the people were not United. Rumors were spreading everywhere.

When Secretary Zhou received Liancheng Yazhi's call, he had stayed up for a few nights. He did not have enough sleep and answered the phone in a daze.

But,

After hearing Liancheng Yazhi say that the old master would reply tomorrow, Secretary Zhou instantly jumped up and almost cried with joy.

"Young master, is what you said true? Is the old man really coming back tomorrow?"

of course it's true. Just get ready. I guess Yingluo thinks he's suddenly returned to the capital, so he'll definitely go see what he's most concerned about first before he thinks of me. You know what you have to do, right? ”

After Secretary Zhou heard this, he was suddenly enlightened. I understand, I understand. The old man has always wanted the company. Now that he's back, he must first look at the company's operating conditions. It's impossible for him to look at the accounts!

Liancheng Yazhi could hear the ecstasy in Secretary Zhou's voice and smiled at him. very good, not bad. Just do what you want. Adapt to the situation. If you can't make it in time, don't inform me.

“Yes, yes, Yingluo. I won't let you down, young master ya.”

after hanging up the phone, secretary zhou hugged the phone and kissed it many times. he was too excited. he finally didn't have to continue to endure this endless torture. now that the old master was back, it was time for the young master to make a move.

Secretary Zhou really wanted to chew on him. young master ya, I have faith in you. You have to work hard!

Chapter 616 The old man dropped out of nowhere

Just as Liancheng Yazhi had expected, the old master's plane finally arrived in the capital at about 11 A. M. The next day.

The first thing old master Liancheng did when he returned to China was not to visit his 'heartbroken' and 'heartbroken' son. Instead, he went to the company.

It was 11:30 A. M. When they arrived at the L & C group building. There was still half an hour before they got off work, so Grandpa Liancheng went in for a surprise inspection.

However, he was stopped at the front desk.

“sir, who are you looking for?” the receptionist asked.

Lian Chengbo was holding a walking stick used by the elderly. He slammed the walking stick on the front desk and scolded, ” “You don't even know me. I really don't know how you were recruited.”

the girls at the front desk looked at each other. who knows who you are?

The old man's aura was very powerful between the two of them, and his clothes were also very valuable. He didn't dare to be too negligent and asked, ” “May I know if you are Yingluo?”

Old master Liancheng roared out three words in anger, ” “Liancheng Bo, Zhenzhen”

The surname Lian Cheng was not common, especially since Yingluo had the same surname as their Big Boss. Hence, brother Lian was afraid and asked carefully, ” Liancheng ran ran, may I ask what's your relationship with the president? ”

“I'm his father!” When he shouted this, old master Liancheng's aura was definitely like that of a 'retired emperor'. He really had quite the style.

The two girls at the front desk quickly stood up, their faces pale with fear. I'm sorry, old Mr. Liancheng. I'm sorry, Yingluo. We didn't know, Yingluo.

Hmph, Hmph, Hmph. old master Liancheng snorted and turned to enter the elevator.

Old master Liancheng's personal secretaries, a man and a woman, followed behind him. They looked to be in their thirties and were very capable. If Lian Chengbo did not call them, they would not say a word. They did not have any extra expressions on their faces and their eyes were sharp. They looked like old master Liancheng's two bodyguards.

old master liancheng was afraid that liancheng yazhi would play tricks with him, so he looked up from the first floor, floor by floor, all the way to the secretary room.

In every department, every employee's face was filled with uneasiness and fear. Their work was full of flaws. They had to go back and forth several times to print a document before they could succeed. No one cleaned up the garbage on the ground. There was an 'we're about to disband' atmosphere everywhere.

Even the executives of some departments looked very tired and didn't want to say a word.

Seeing this situation, old master Liancheng was secretly happy, but the solemn expression on his face was getting uglier and uglier.

finally, he went to the secretary's office and saw secretary zhou. at that time, secretary zhou was scolding a department manager who was in charge of planning. before he could finish scolding, he turned around and saw old master liancheng looking behind him with a gloomy face.

Secretary Zhou was stunned for a moment, but he quickly reacted and waved the man away. As he had prepared in advance, Secretary Zhou did not panic. He calmly tidied up his clothes and walked to master Liancheng. He respectfully called out, "The old man asked you to come. Why are you here? why didn't you tell me? i could've gone to pick you up."

—

#### Chapter 617 Waiting for young master ya to return

secretary zhou was now glad that liancheng yazhi had informed him yesterday. otherwise, if he had seen this old man without any warning, he would really feel like he had seen a ghost.

Old master Liancheng felt that the scene of Secretary Zhou scolding someone was unusually piercing. He recalled the rumors of Liancheng Yazhi preparing to hand over the company to Secretary Zhou and was now more convinced.

He hit the ground with his walking stick. "Hmph, if I didn't come, even the Cheng family would have been ruined by that brat."

He actually wanted to give the company to an outsider. Fortunately, he came back in time, and there was still room for change.

Of course, Secretary Zhou knew what old master Liancheng meant. cough, cough, old master Xuanji, young master ya will pull himself together very soon.

pull yourself together, Qianqian! Grandpa Liancheng said angrily. watch how I'm going to deal with him when I get back. Old master Liancheng changed his tone and said, Secretary Zhou, you've been burdened by a lot of things in the company recently. You must be tired. Look at you. You must not have had a good rest for a long time. It's okay. Since I'm back, I won't let the company continue like this. You can have time to rest.

the other meaning of old master Liancheng's words was that since he was back, he would not let an outsider like him become the head of the Liancheng family. This family belonged to him, Liancheng Bo!

Secretary Zhou was already a smart person. If he couldn't tell, he would have hit his head against the wall. However, he didn't continue with old master Cheng's words. Instead, he said, "I don't dare to repeat the task that young master Ya has given me. I will do my best to complete it. However, I believe that you will be able to help young master Ya pull himself together very quickly. When young master Ya returns to the company, he will recover very quickly."

Secretary Zhou's every word was telling Lian Chengbo that even if he came back, at most, he could only help our boss get back on his feet. By then, the company would still be our boss's and it would have nothing to do with him. He could go wherever he wanted!

Old master Liancheng was so angry that his chest hurt. He thought hatefully in his heart, no wonder she followed that brat Liancheng Yazhi for so long. She's the same kind of person as him and is so unlikable.

Old master Lian Cheng snorted and turned around to ignore Secretary Zhou. Instead, he cleared his throat and said loudly to all the employees in the secretary's office, "I'm Liancheng Bo, the previous Chairman of the company and also Liancheng Yazhi's father. This time, my son is incompetent and has caused losses to the company due to some personal reasons. He has also made everyone worried about handkerchief. It's my fault for not managing him well. Don't worry, since I'm back, I won't let the company continue to be in such a slump. The company will soon welcome vitality, so you don't have to worry about losing your work."

For old master Lian Cheng to say such words in public, his meaning was very clear. He was telling everyone that he would soon take over the entire group.

Secretary Zhou's eyes flashed with a touch of ridicule. This old man was really an old steed with a hidden agenda. However, it was useless. It would depend on young master Ya to deal with him.

Secretary Zhou didn't stop old master Liancheng from speaking. He just let him say whatever he wanted. Anyway, he would only cover it up with his mouth.

After old master Liancheng finished, Secretary Zhou asked, "Old master, did you go back to see young master Ya?"

One sentence made Liancheng's father's face turn ugly. "I will go back. I don't need you to urge me."

Chapter 618 wait for him to come in

Secretary Zhou smiled and said, "Yes, yes. You're young master Ya's biological father. I'm sure you want to see him more than I do. You must be worried about your son. I was wrong. I hope you can forgive me."

Secretary Zhou's sarcasm made old master Liancheng lose his face. He snorted coldly and turned to leave.

After old master Liancheng walked away, the smile on Secretary Zhou's face gradually turned cold. "If any of you take what I just said seriously, you can just get lost."

Secretary Zhou added, " of course, I'm not asking you to keep what Wanwan said to yourself. It's just that you have to be clear about what you should say and what you shouldn't say. Otherwise, Wanwan will be in trouble.

The group of people in the secretary's office looked at each other. Secretary Zhou's words were getting more and more profound and incomprehensible. His aura was also getting more and more imposing, right?

Secretary Zhou returned to his private office and quickly called Liancheng Yazhi.

"Young master ya, just as you said, the old man came to the company directly and looked through every floor until he arrived at the secretary's office. He just told the people in the secretary's office that he would be back to take over the company soon. It seems that he can't wait any longer. He also believes that everyone in our company is in a state of panic, and he also believes the rumors that you, Wanwan, are going to hand the company over to me. He has just left the company and may be rushing to the old residence now."

" okay, i got it. yingluo, you just have to arrange the company. you don't have to worry about things here. "

Liancheng Yazhi hung up the phone after saying one sentence. He turned around and opened his arms to Rong Yan. " baby, we've been waiting for you. the old man has already left the company and will be home in half an hour at most. are you ready for the next scene? "

Rong Yan pounced over to hug him and waved her fist happily. don't worry, I've already prepared it. I'm just waiting for him to come in by himself. Oh, right, it's just in time for MeowMeow to take a nap. You should quickly coax her to sleep. It'll be bad if she wakes up later.

The excitement on Liancheng Yazhi's face faded a little. alright, I got it. I'll go and put MeowMeow to sleep.

Rong Yan kissed Liancheng Yazhi on the lips. let's split up. I'll go downstairs to prepare to welcome your old man. After you put MeowMeow to sleep, quickly tidy up your body. You're too clean, not sloppy at all.

Liancheng Yazhi-- !

After more than 20 minutes, old master Liancheng's car finally stopped in front of the old mansion. He got out of the car and looked up at the familiar mansion. He was very excited. This was completely different from the desolate feeling he had when he left last time. This time, he felt that he was about to wash away his previous humiliation.

there were guests outside. as the 'butler', rong yan hurried out. when she saw old master liancheng, rong yan was stunned. to be honest, he really looked like a pretty handsome old man.

He was wearing a gray suit and looked to be in his sixties. However, he had taken good care of himself and looked to be in his fifties. His son was not young and did not look hunchbacked because of his old age.

Moreover, he could vaguely see the shadow of Liancheng Yazhi in his facial features. One look and he knew that he was very handsome when he was young.

Rong Yan pretended not to know him and asked, "May I know who Qianqian is looking for?"  
old master lian cheng sized rong yan up, his eyes full of disdain. "you're the new butler?"

Rong Yan lowered her head and replied,"yes, I'm Yingluo."

.....

Chapter 619 What are you doing back here?

Old master Liancheng narrowed his eyes. it seems like the rich are forgetful. We just talked on the phone yesterday. You forgot so quickly.

rong yan quickly raised her head with a surprised look on her face, as if she had suddenly recalled something. "Yesterday Xuxu, yesterday Xuxu, you, you are the old master? I'm really sorry, I didn't recognize you!"

Old master Liancheng ignored Rong Yan and walked past her arrogantly through the door.

Rong Yan quickly followed behind him and said in a flattering tone, "old man, why did you come back so suddenly? you didn't even inform us. We could've made some preparations!"

Old master Liancheng stopped and turned to look at Rong Yan in disdain. "Notice? Do I need to inform a Butler like you when I go back to my own home?"

"of course not yingluo. what i meant was yingluo, we'll get ready and welcome you. we'll help you tidy up your room."

Old master Liancheng did not reply to this question. He asked coldly, "Where is Liancheng Yazhi?"

Rong Yan pretended to hesitate, as if it was difficult for her to answer this question.

"Where is it?" Old master Liancheng's voice suddenly rose, and he knocked the walking stick in his hand on the ground.

Rong Yan pretended not to be frightened and hurriedly replied, "young master! Young master! Young master! Young master! Young master! Young master! Young master! Young master! Young master!"

old master liancheng turned around and walked briskly into the living room and upstairs. he didn't look old at all.

Rong Yan looked at his back, which was still straight even though he was old. She thought to herself,'this old man's health is better than most young people nowadays. It looks like he can live for a long time. Indeed, people who are greedy for power are afraid of death, so they take good care of their bodies.'

The old man was very familiar with the home environment. He went straight to the door of the study and knocked on the door with his Dragon-headed red sandalwood cane. He was very strong and shouted at the top of his voice, "Liancheng Yazhi, you brat, open the door. Don't play dead inside. Open the door quickly."

Rong Yan followed behind and said in a low voice, "old master, young master won't know how to drive it. It's useless, Zhenzhen."

"Not opening? I can't do anything if I don't open it?" old master Lian Cheng turned around and instructed his two followers, "The two of you go find a saw and move them away. I want to see what this unfilial son is up to."

Rong Yan pursed her lips. Damn, this old man wanted to use a saw, your sister.

She casually said, "old master can't, young master will get angry, Yingluo."

However, no one would listen to Rong Yan at this time. The two guardian deities quickly found an electric saw.

The sound of the electric saw was particularly harsh, so Rong Yan simply stood far away and waited to watch the show.

The two men sawed at the door with an electric saw, but before they could succeed, the door suddenly opened from the inside. Before they could see clearly, they felt pain in their stomachs and were kicked away at the same time. They fell to the ground with two loud bangs.

Rong Yan looked at the door and saw that Lian Cheng Yazhi's clothes were wrinkled, his hair was messy, there was a circle of green stubble on his chin, his eyes were red, and he seemed to be in a daze. He was still holding a wine bottle in his right hand, and the pungent smell of alcohol hit her face.

Old master Lian Cheng was also shocked to see his son's 'sloppy, dispirited, and hopeless' appearance. After a long time, he pointed at his son's nose and scolded, "Yingluo, how did you end up like this? You're really a disgrace to our Lian Cheng family!"

Lian Cheng Yazhi ignored his father's anger. He raised his neck and took a gulp of wine. He said coldly, "what are you doing back here?"

Chapter 620 you are not qualified

Old master Lian Cheng knocked on the door frame with his cane and scolded angrily, "if I don't come back, do I have to see you ruin the company and destroy the Lian Cheng family's hundred-year-old Foundation and the hard work of more than ten generations? how did the Lian Cheng family have such a good-for-nothing unfilial son like you?"

Rong Yan looked on coldly from the side. Although the old man's words seemed to be full of confidence, as if he was a strict father disciplining his disappointing son, Rong Yan could still see that he was worried and even a little afraid from his eyes that could pretend to be disappointed.

Rong Yan wanted to laugh in her heart. What exactly did Lian Cheng Yazhi do back then that he could still make the old master afraid in such an extremely dispirited situation?

Hmph, how good do you think you are? don't say this in front of me, you coward! Lian Cheng Yazhi curled his lips in disdain and sneered. "You're not qualified!"

As a son, he didn't show any respect to his father at all. He didn't even call him 'dad' since they met. He even disdainfully said that his father was not qualified to teach him. This situation was no

longer a rebellious teenager, but a battle between two adults. It could even be regarded as the enmity between two enemies.

The old man's image of the retired emperor, which he had wanted to display since he got off the plane, instantly turned into foam at Liancheng Yazhi's eyes. He was so angry that his whole body trembled. "I'll kill you, you unfilial son!"

old master liancheng raised the purple sandalwood cane in his hand and was about to hit chao liancheng yazhi. rong yan's eyes widened in shock, but it was too late for her to run up and stop him.

however, the moment old master liancheng raised his walking stick, liancheng yazhi looked at him impatiently. the cold killing intent in his eyes made old master liancheng shiver. the walking stick fell and brushed past liancheng yazhi's body, but it did not land on him. it was not that he did not want to hit him, nor did he miss. it was just that ... old master liancheng was subconsciously afraid after being looked at by liancheng yazhi. his body could not be controlled, and he automatically showed a timid expression.

Liancheng Yazhi stood there, his body swaying slightly. Because of the alcohol, he seemed to be in a daze. He seemed to have lost all his strength and was in poor spirits.

However, Liancheng Yazhi was still very vicious when he said it.

"I'll let you hit me, do you dare to?" he laughed mockingly.

Old master Liancheng's face had long been trampled by Liancheng Yazhi until nothing was left. He was already used to it, so he quickly regained his fighting strength.

The old man looked heartbroken and said, "how did I give birth to a son like you? you don't even care about the company. How can you face the ancestors of the Liancheng family in the future?"

Liancheng Yazhi impatiently took another sip of wine. "Secretary Zhou is taking care of Yingluo in the company."

Old master Liancheng was so angry that he really wanted to give Liancheng Yazhi a good beating. Unfortunately, he did not dare to do so. This son of his was not close to him since he was young and had grown up with his powerful grandfather, so his personality was more powerful than cold-blooded and cruel. All these were a level higher than Grandpa Liancheng back then.

In the years when old master Liancheng was defeated and exiled to the small island, he had been thinking about why he, a veteran who had been on the battlefield for a long time, would lose to a kid who was not even 20 years old. In the end, he still could not figure out why.
