

Permit Me 721

Chapter 721 I'm smashing your face

Rong Yan dared to guarantee that this woman's price was definitely very high. Ordinary families couldn't afford to raise such a temperament.

However, since she was born into a good family, why did she open a shop by herself when she was pregnant and had burns on her face? As long as her family was in a better situation, they would think of ways to get their daughter plastic surgery and skin grafting to remove the scars on her face.

The boss smiled at Rong Yan. Thank you, Madam Xuanji. The tiramisu, macarons, and puffs you ordered are ready. Thank you for coming.

You don't have to thank Wanwan. Rong Yan had just taken it from her and had not finished what she wanted to say.

Suddenly, there was a loud bang at the door. Rong Yan and the boss turned around at the same time, only to see a man as tall as a tower rush in like a gust of wind. He threw a stack of paper in front of the boss and grabbed her collar. Due to the huge difference in height and strength, he lifted the boss up so that she could only stand on her toes.

She did not care if her boss was pregnant at all with her rough actions. She was frightened when she saw Rong Yan.

He roared at the boss like a lion, "You still say that the child isn't mine?"

The face of the woman who had spoken softly in front of Rong Yan a moment ago, who was so gentle that she seemed to never have a temper and was as soft as water, instantly paled. Although her body was very uncomfortable and her neck was being strangled, her face was still calm, as if she was not the one who was being lifted.

"Who told you that?" he asked indifferently. They haven't slept with me, so how would they know who I've slept with? The child hasn't been born yet, so don't be in such a hurry to be a father. We'll do a paternity test in a few months."

The man's rough facial features looked extremely terrifying at this moment. He gritted his teeth and said, "If it's not my child, Yingluo, then you better abort the bastard in your stomach."

Rong Yan frowned as she watched from the side. She really looked down on men who bullied women. This boss was also a pregnant woman.

The boss smiled with some difficulty and said in disdain, "Tang Han, Who Do You Think You Are? You are not worthy of killing my child."

The man who was called Tang Han by the boss was the eldest young master of the Tang family in the South, Tang Han, who had a chance encounter with Liancheng Yazhi last night.

Tang Han's fists were clenched so tightly that they made cracking sounds. The anger contained in his tall body was like the power that was about to explode in his body. It was a completely powerful 'TNT' bomb.

you're my woman, I won't allow you to be pregnant with someone else's child. Come to the hospital with me now, Hanhan.

the boss's face finally showed a look of horror. he covered his hands with both hands and wanted to struggle, but he was afraid of hurting the child, so he could only let go and shout, "let go of me, tang han! get lost!"

Tang han had already lost his mind in his anger. He pulled the boss and was about to leave. However, just as he turned around, a hidden weapon came flying towards him. 'Pa', an unknown hidden weapon hit Tang Han's face.

Time seemed to have stopped. Tang han stood still. The boss looked at his face and his mouth was wide open in shock. He then turned to look at Rong Yan in a daze.

The hidden weapon on Tang Han's face slowly slid down, revealing his face that was covered in white cream.

It turned out that the hidden weapon just now was a cream cake, and the king of soldiers, who was said to be on par with Kang Yu, had lost his mind in anger and failed to avoid this unwise sneak attack.

.....

Chapter 722 I told you to get lost

Rong Yan stood in front of Tang han with her hands behind her back. She shrugged her shoulders with an apologetic look. "I'm sorry, my hand slipped."

Rong Yan had never been a nosy person, nor was she a soft-hearted person. However, when she saw her boss and Tang Han's overbearing attitude, she suddenly remembered herself three years ago. At that time, she was also pregnant alone. She had to bear with the strange looks from others and endure the pain of her pregnancy.

Seeing her boss, Rong Yan felt like she was looking at herself in the past, so it was inevitable that her heart softened.

Then, she picked up a cake and threw it at him.

After hitting her, Rong Yan didn't regret it. Instead, she felt a sense of relief. In this situation, as a mother who already had a child, she could understand her boss's fear and fear. He was afraid that he would lose his child and that he wouldn't be able to protect his child.

This was probably the first time in Tang Han's life that he had been humiliated like this. He was actually covered in a cake by a weak woman. Even without looking in the mirror, one could tell that he was in an unsightly state.

"Who are you? this has nothing to do with you. Get lost, Qingqing."

Tang Han's words were full of aura, but the Kasaya with the White cream on his face instantly reduced the intimidating power and made him look a little comical.

Rong Yan smiled and said, 'get lost? Are you talking about yourself? I think the person who should get out of here the most is you. You're a big man, tall and strong, don't tell me you only know how to bully women?'

“I told you to get lost.” Tang han was already extremely angry, and Rong Yan’s sudden provocation had directly hit the confidence that he had built up over the years.

Tang Zhen reached out to grab Rong Yan, but before he could grab her, he saw Rong Yan’s hand suddenly reach out from behind her. She was holding something in her hand and she threw it at him.

With the cake as a lesson, Tang han reached out to block it. However, he didn’t expect that it wasn’t the cake this time. Instead, it was the tea. Rong Yan even took the owner’s tea cup just now.

With a splash, a portion of the hot tea was blocked by his hand, and a portion splashed onto Tang Han’s face.

A portion of the White cream slid down his face under the washing of the tea. The White liquid dripped onto Tang Han’s Black suit.

This was the most embarrassing moment in Tang Han’s life. He was hit by a cake and splashed with water, but he couldn’t even block it.

Tang han glared at Rong Yan and his body was filled with killing intent, ” “You’re looking for death, Yingluo!”

Suddenly, Rong Yan quickly took out her phone from her bag. When she heard that the person on the other end of the line was 110, Rong Yan quickly said, ” hey, 110, did you hear that? there’s a man here assaulting a pregnant woman, saying that he’s going to make her miscarry. I’m here, and he’s going to hit me as well. Come here quickly, or someone’s going to die, Yingluo.

Before smashing the cake, Rong Yan had already dialed 110’s number to let the operator hear Tang Han’s ‘criminal voice’.

After giving her the address, Rong Yan hung up the phone.

Sir, do you want to leave or stay? I don’t think you’re going to kill someone for such a trivial disappearance. After Rong Yan finished speaking, there was one more person outside the door. The driver was already standing outside the door, waiting for Rong Yan’s instructions.

Tang Zhen wiped the cream off his face and laughed in anger, ” “police? Alright, I’ll see how they catch it. ”

.....

Chapter 723 Get young master to pick me up

He was a soldier with strict military discipline. He would never really hit a woman, but Rong Yan had really angered him. It was better to call the police. Let’s see if the police dared to arrest him. When the time came, he would Sue Rong Yan for slander. Since he didn’t want to deal with Rong Yan personally, he would let the police do it.

In any case, he couldn’t swallow this anger. Tang han sneered, ” “How we capture them, how we release them.”

Rong Yan became even more excited when she heard that. then I really want to see how capable you are.

The boss looked at Rong Yan with a face full of gratitude and guilt. She quickly came to her side and said in a low voice, " "madam, thank you for your help. i'm really grateful to you, but wanwan's matter has nothing to do with you. i can't drag you down. you'd better leave quickly."

Rong Yan turned around, took her bag, and sat down on the sofa in the shop. She threatened, " "I'm not leaving, I'm waiting to see him show his might."

In less than 15 minutes, the police rushed over. When they pushed the door open, a police officer asked loudly, " "Who reported the case?"

Rong Yan raised her hand,"it's me, Yingluo."

There were a total of four policemen, three men and one woman, all of whom were young. The policeman who asked the question looked a little familiar. After thinking for a while, Rong Yan suddenly remembered that he was one of the policemen who came to arrest Yang Yan when she called the police in the shopping mall. Today, she called the police for the second time and he came over again. It was really 'fate'.

"what's going on?" asked po cha.

Rong Yan pointed at Tang han and said, " I came here to buy a cake and was about to leave when this person suddenly rushed in and wanted to hit boss. He's pretty and wants to abort her child. If you don't believe me, Zhenzhen, look at boss's neck. The scar on it was caused by this man. I suspect that he's an anti-social violent person, Zhenzhen.

The boss's skin was very fair. After Tang han grabbed her clothes and lifted her for a while, a red mark really appeared on her neck. It was a little swollen and looked a little scary. It was as if she had been pinched. Her face was also very pale, and her hair and clothes were a little messy. She did look like she had been abused.

"is it really like what she said?" the police officer asked the boss.

tang han turned his head and looked at the boss.

After a while, the boss nodded and said,"it's Yingluo."

Rong Yan saw that the moment the boss said 'yes', Tang Han's eyes flashed with tears and hurt.

Rong Yan smiled disdainfully. She deserved it. She deserved it.

There were no obvious signs of a fight at the scene. There were only three people at the scene, and the two women were pointing their fingers at the only man. The police Cha made a copy of the footage from the surveillance camera in the store and took it away, then said to the three of them, " "Since that's the case, go to the police station and record your statement."

Before getting into the police car, the driver was sweating. "young madam?"

He was the one who brought the young Madam out, but in the end, the young Madam didn't go home and ended up in the police station. How was he going to explain this to the young master?

the young master would definitely say that he was useless and then tease him so that he might lose his job!

With someone to back her up, Rong Yan wasn't worried at all. She waved at him coolly. "I'm fine. Go and inform your young master to pick me up from the police station. Oh, and bring the cake I bought back for MeowMeow to eat."

The chauffeur nodded. yes, don't worry. You've been wronged for a while. I'll inform the young master right away. Let's go!

Chapter 724 Always by young Madam's side

The driver turned around and bowed to the police officers. sorry for the trouble. Please take care of our young Madam. Thank you.

One of the police officers said, " what do you think the police department is? she only called the police and didn't participate in any crime. She can go home after she takes her statement.

Rong Yan waved her hand. that's enough. You can go home. Tell MeowMeow that I'll be home late today. Tell her to wait for me obediently, don't cry, and don't make a fuss.

"Hey, I remember everything." The driver quickly lowered his head.

The driver watched as Rong Yan got into the police car and watched as the car drove away. Then, he turned around and quickly got into the car. After getting in the car, he quickly called Secretary Zhou. He did not have the phone that Liancheng had suppressed, so he could only look for Secretary Zhou.

The call took a while to get through. The driver said anxiously, " Hello, Secretary Zhou. Bad news.

"What's wrong? take your time."

" today, young madam came to the department store to buy something. on her way home, she saw a cake shop and asked me to stop the car. however, a man rushed in and i don't know why, but they got into an argument. then, the police came and took young madam away. "

"Ah?" Secretary Zhou's mouth was wide open. He had thought that after becoming a mother, the young Madam's temper had improved a lot.

Secretary Zhou recalled the time three years ago when Rong Yan was still Liancheng Yazhi's lover. After recovering from his shock, he quickly said, " alright, I understand. It's not a big deal. You can go back.

The driver nervously asked, "then Yueyue, I, I won't be fired, right?"

even though it's not to the extent of it, I'm sure I'll deduct a month's worth of your salary. Next time, you have to be by young Madam's side. If there's any danger, you must rush to her at the first instance.

thank you, Secretary Zhou. Thank you. Next time, I'll definitely be by young Madam's side and not leave her side.

.....

In the car, Rong Yan was very relaxed, not as nervous as the boss next to her.

rong yan saw that she was really pitiful and patted her arm. ” “Don’t be nervous. Be careful of the child. Nothing will happen.”

The boss shook his head, his face full of fear. “it’s not that easy. he’s from the tang family.”

Rong Yan frowned, ‘the Tang family? I’ve never heard of it. ”

Suddenly, the police officer who was driving in front asked Rong Yan, ” “Have we met before?”

Rong Yan smiled and nodded. we’ve met before. More than three years ago, at XX department store. I called the police and you came to Wanwan once.

Realization quickly dawned on the police Cha’s face, ”Ah, Yingluo, I remember. The last one was Yingluo, Xia Yingluo.”

speaking of ‘xia’, he stopped and his face showed a look of awe. over the years, he had handled many cases, but the case of rong yan was personally handled by xia xuanmo, so he had always had an impression of her.

He sneaked a glance at Rong Yan. No wonder she was not afraid at all. It was because she had a backer that she was not afraid.

At that time, Rong Yan didn’t feel that it was bad to have a backer and said proudly, ” he was the one who got me out that time. He’s my husband’s friend, but I don’t have to trouble him this time, Yingluo.

hehe, hehe, ” officer Cha replied with a ‘God hehe’. Other than these two words, he couldn’t think of anything else.

As for Xia Xuanmo’s friend, there was no need to think about it. Her identity was definitely there, and they, the police officers, couldn’t afford to offend her.

The man just now didn’t look like an easy person to deal with. He hoped that he wouldn’t be implicated in this matter.

Chapter 725 Like a puppet

According to the rules, we’re going to record his statement at the police department, Xuxu.

The one who recorded Tang Han’s statement was a male police officer, Cha. you look like a man too. Why are you so cowardly? ”

A small notebook was thrown in front of him.

The police officer was stunned for a moment. When he saw the words on it clearly, he was shocked. He quickly picked it up and read the contents carefully. Then, he stood up and saluted Tang han. He bowed with both hands holding the small book and handed it to Tang han. I’m sorry, I’m sorry, ran ran. I’ll tell the director immediately. Please wait a moment, please wait a moment.

after that, he ran out in a panic and knocked on the door of the bureau chief’s office.

However, in the office, police officer Cha, who had met Rong Yan twice, was also reporting to the director.

“That woman’s name is Rong Yan. She called the police once three years ago, and it just so happened that I was the one who led the team there. In the end, ran ran was

stopped by Deputy Mayor Xia, Xia Xuanmo, on the way. She said personally that Xia Xuanmo and her husband were friends, and this time, her husband will come in person. If her husband can be friends with Xia Xuanmo, his status must be quite high."

as soon as he finished speaking, the police officer who recorded tang han's statement came in in a panic. " the man that the bureau chief arrested, he ... he's tang han ... "

"Which Tang han?" the director was stunned and asked.

"It's the one who appeared in the Military Channel of Xuanji. It's the southern Army's Tang han."

the director's face instantly changed. on one side was the wife of xia xuan mo's friend. although her status was unknown, it was definitely not low. on the other side was tang han from the tang family in the south. this was going to be a big scene. the police department of the cha had not been this lively for a long time. if they didn't handle this well, they would offend both sides.

"Yingluo, you're going to make me worried to death!" The director was anxious. He couldn't afford to offend either of these two families. " yingluo, you guys deal with it. yingluo, aiyo, my head hurts, my back hurts, and the old gunshot wound on my shoulder has reappeared. i have to go to the hospital quickly. "

The director was about to pick up his hat and hide, but a helpless voice came, " chief, stop pretending. If we don't solve it well, they'll blame you for it. The U.S. Doesn't need us to run errands for them.

The director put down his hat, his face ashen. then, Wanwan, go and meet him. Make some tea and invite him to our big conference room. Prepare some fruit.

.....

A few minutes later, in the conference room.

The cream on Tang Han's face had already been cleaned, but there were still many white marks on his suit.

Rong Yan sat on the chair, leisurely drinking tea and eating fruits.

The owner of the cake shop sat there like a puppet, not moving.

the director looked at both parties with/headache and tried to persuade them. " "The three of you don't have much of a dispute, and there weren't any casualties. How about you settle this privately?"

Rong Yan put down her cup and said,"reconcile?" What if he went to find trouble with them in the future? he didn't succeed today, but that doesn't mean he won't succeed in the future. the key is that yingluo has a motive for committing the crime."

“That’s between me and her. It has nothing to do with you. Mind your own business.” Tang Han’s eyes were filled with killing intent as he stared at Rong Yan. If his eyes were a gun, Rong Yan would have been beaten into a honeycomb.

Chapter 726 What happens to my wife is none of your business

The director’s head hurt even more. These two clearly had no intention of reconciling.

he turned to look at his boss. he felt that she seemed to be the weakest link among the three of them, and it would be easier for him to break through. he asked, ” this wanwan, miss gu, you’re the party involved. you see, there’s no point in continuing this matter. how about we settle this? ”

Rong Yan and Tang han turned to look at their boss at the same time. She sat there without moving. After a while, she slowly raised her head and faced the director. She said lightly, if he can promise not to disturb me and my child from now on, and not to hurt me, I will agree to reconcile.

Rong Yan heaved a sigh of relief. She was afraid that she would pull away at this time. It seemed that in the face of her child’s safety and this man’s dignity, she chose her own child.

Tang Zhen slammed the table and the teacup on the table jerked. He did not hesitate to say,”that’s impossible. whether or not the child in my stomach is mine, you have to come with me.”

“Then, Zhenzhen, don’t even think about making peace!” Rong Yan pushed the teacup in front of her away.

Tang han coldly snorted and turned his head away from Rong Yan. He felt that this was the most annoying woman he had ever seen in his thirty years of life. She even wanted him to change his principle of not hitting women.

Seeing that Rong Yan wasn’t afraid at all, the director felt even more uneasy. Damn it, she wasn’t even afraid of the Tang family. Whose wife was this?

The director asked Rong Yan softly, ” may I ask who your husband is? ”

Rong Yan raised her chin, looking like a fox exploiting a Tiger’s might, and clearly said, ” “liancheng yazhi,”

With a clang, the Bureau chief’s hand jerked, and the teacup in front of him was knocked over. The tea flowed out and dripped down.

He swallowed and said,”Madam, this is not a joke.” &Nbsp;

Rong Yan moved the corners of her lips and said, ” I’m not joking. Liancheng Yazhi is my daughter’s biological father. It doesn’t matter if you believe it or not. He’ll be here in a while anyway. You can ask him yourself then.

kiss me, come, come, come, come ... the director shivered as he took out a handkerchief from his pocket to wipe the cold sweat on his forehead.

Who in the capital didn’t know who Liancheng Yazhi was? if they provoked him, would they still want to stay in the capital? This time, Yingying was in big trouble.

After Tang han heard Liancheng Yazhi’s name, he was very surprised. He looked at Rong Yan from head to toe again. you’re the woman that Liancheng Yazhi just got engaged to? ”

Rong Yan was shocked that Tang han actually knew about it. it's me. It seems like you know about it.

Tang han smiled disdainfully. Humph! Humph! Humph! It seems that his eyesight is not that good!

The door of the meeting room was pushed open with a bang. Liancheng Yazhi stood in front of the door with a smile on his face and a sharp gaze. He walked in step by step and said word by word, "It's none of your business whether my eyesight is good or not. You can't control what kind of woman my wife is."

Liancheng Yazhi was only wearing a white silk shirt. His collar was unbuttoned, revealing his sexy neck. He rolled up his sleeves and slowly walked over. His innate elegance and his current craziness blended together, giving him a different kind of soul-stirring charm.

under everyone's surprised gazes, liancheng yazhi walked in and said, "If you have the time to judge the mother of my child, you might as well find out where your son is."

Chapter 727 You're in trouble again, come over!

Liancheng Yazhi reached out his hand to Rong Yan. you're in trouble again. Come over.

It sounded like she was blaming Rong Yan for causing trouble, but that dotting gaze and gentle voice, no matter how one looked at it, did not seem to have any intention of blaming.

rong yan stood up, walked over, and put her hand in liancheng yazhi's hand. she smiled and said, "You're here."

Liancheng Yazhi pulled her to his side and reached out to hold her waist. It was an obvious possessive and protective action. He pointed at Rong Yan's forehead and said, "If I don't come, what if you get bullied?"

The director and Tang han stood up at the same time.

One of them stammered and shouted, "Y Y Y young master y y"

"Liancheng Yazhi," one of them said expressionlessly.

Liancheng Yazhi nodded at them and asked, "it's not solved yet, is it?" Then let's sit down and continue the discussion."

Like a master, he pulled Rong Yan to sit down and said to the director, "Let's continue,"

His stance was clear, "I'm here anyway. As long as I'm here, no one can touch a single hair on my woman."

The director suddenly felt extremely stressed. He really wanted to get a heart attack and pass out right now.

The director couldn't stop wiping his sweat. actually, Yingluo/young master Yingluo, this matter isn't serious. Yingluo just has some misunderstandings.

After Liancheng Yazhi sat down, he kept holding Rong Yan's hand. He looked up at Tang han and asked with a smile, "is this a misunderstanding, young master tang?"

On the way here, he had already understood what had happened. He knew that Rong Yan was a busybody. This time, she couldn't help but help the owner of the cake shop. It was probably because she saw that Rong Yan was pregnant and alone, so she thought of her past self.

When the matter reached the police station, Liancheng Yazhi did not blame Rong Yan at all. As a husband, he had to solve all problems for his wife. In short, if she caused trouble, he would clean up. If she killed someone, he would destroy the corpse. It was not tiring for a man and a woman to work together.

He had asked Secretary Zhou to investigate Tang Han's visit to the capital. However, he did not have any contact with the higher-ups and only went to the cake shop a few times. He felt that he might have come for personal matters this time.

Tang han looked at Liancheng Yazhi's Fox-like face and felt troubled. misunderstanding? This is something that you should ask your wife."

Rong Yan rolled her eyes. I don't think it's a misunderstanding. It's true that you want to drag her to get an abortion, right? this is the truth, right? "

Liancheng Yazhi pulled Rong Yan back into his arms. I see. I'm really sorry, young master Tang. My Rong Yan can't stand seeing men bullying women. Every time I see it, I'll be impulsive and can't control myself. I see that the cream on young master Tang's body is probably from my baby. I'm really sorry, but I've already prepared a set of clothes for you. Please accept it.

Secretary Zhou very appropriately stepped forward and placed the set of clothes in front of Tang han. Then, he silently retreated.

Liancheng Yazhi was very polite when he said 'good', as if he was really apologizing to Tang han. However, they were like soft knives, stabbing deeper and deeper.

First, his words made Tang Han's bullying of a woman a reality. It seemed like an apology, but he was actually saying that his wife did nothing wrong.

second, they were looking down on him completely. a soldier king like him was beaten up so badly by a weak and thin woman like his wife. did he still have the face to talk back?

Chapter 728 The bastard who deserves a beating

Tang han looked at the clothes in front of him, and his expression instantly became very ugly. Liancheng Yazhi's actions were undoubtedly a slap to his face.

If they were in a game, they could find a place to practice one-on-one and beat up whoever they didn't like.

but now he was in the capital, and the other party was liancheng yazhi, who was sinister, difficult to deal with, protective, and ruthless. he was not a reasonable person at all.

Although Tang han rarely came to the North, before he came here this time, he had specially learned about some of the difficult people in the imperial capital, especially the famous Liancheng Yazhi. He had also done a detailed investigation of his small team. So after knowing what kind of person Liancheng Yazhi was, Tang han knew that if he were to get angry at Liancheng Yazhi here, the outcome would be even worse.

He couldn't delay his own business over such a small matter.

Although Tang Zhen was a hot-tempered person, he had been in the military for many years. The longer he stayed in the position of commander, the more he would control his temper. Especially when it came to the interests of his family, he would not let his temper go.

From the moment he saw Liancheng Yazhi, Tang Han's heart already had the urge to hold back for a moment. Wanwan could only let this matter go.

Tang Han looked at the boss who was sitting in a daze, and a trace of struggle flashed through his eyes.

After a short struggle, he chose to give up.

Tang Han said to Liancheng Yazhi with a straight face, "thank you, Mr. Liancheng. It's just a small misunderstanding.

the director didn't even dare to breathe loudly, but when he heard this, he felt like he had come back to life. that's good, that's good. as long as one side can compromise, this matter can be resolved.

Rong Yan raised her eyebrows. F * ck, she didn't expect Tang Han to back down so quickly. Although she had just met him, she felt that this person's personality was not like this. Was it because he was afraid of the power of the Liancheng family?

Rong Yan grabbed Liancheng Yazhi's hand. Were they doing something like bullying others?

Liancheng Yazhi curled his lips and grabbed Rong Yan's hand to stop her from moving. if there's nothing else, I'll take Rong Yan back first. After all, she's different from a single person like you. We still have a child to take care of at home. The child will cry if he doesn't see his parents at dinner time.

Tang Han actually endured it?

This also made Liancheng Yazhi very surprised. He had originally planned to split his arms and fight with Tang Han, but he didn't expect it to be resolved so quickly.

Looking at Tang Han's face as he endured the humiliation, Liancheng Yazhi was sure of one thing. He definitely did not come to the imperial capital for personal matters. He definitely had something important to do, so he did not want to become enemies with the Liancheng family at this time.

however, looking at Tang Han like this, Liancheng Yazhi felt that it was boring. when he spoke, he couldn't help but want to stab him.

Liancheng Yazhi clearly knew that the child in the female boss's stomach had a great relationship with Tang Han, but he mocked Tang Han for being single and repeatedly used the child to poke his weakness.

Tang Zhen's hands were placed on his knees and he clenched his teeth tightly. If it wasn't for the great perseverance he had gained from being in the Army for many years, he would have rushed forward to beat up Liancheng Yazhi.

This b * stard really deserved a beating.

In the midst of Tang Han's anger, Liancheng Yazhi pulled Rong Yan up. then, we will take our leave first. See you, eldest young master Tang, Wanwan.

Chapter 729 Come on, let's see if you dare?

Suddenly, Liancheng Yazhi's hand was pulled by Rong Yan. She pointed her chin at him, asking him to look at the boss.

Liancheng Yazhi stopped and pointed at the boss. Oh, and this is ran ran.

He knew that his boss's name was a little awkward and paused. The director seemed to have finally found a use for him and quickly said, "This young lady is called Gu youran."

Oh," Liancheng Yazhi said. I don't think this miss Gu has anything to do with young master Tang.

Gu youran stood up and faced Tang Zhen. She said indifferently, "Yes, we have no relationship at all, not even the child."

Liancheng Yazhi smiled elegantly. that's good. Since there's no relationship, the misunderstanding can be considered resolved. Then, eldest young master Tang, don't go to his shop in the future. After all, it's not easy for a woman to open a shop. If you meet someone like young master Tang all day, your life will be so hard. He's a pregnant woman. Even if you're the Father of his child, you have no right to take his child's life, not to mention you, ran ran.

Secretary Zhou rolled his eyes. Boss, you're making it sound like you're being very righteous.

If this matter were to fall on miss Rong, would you be able to do what you said? you're probably not as good as her. He shouldn't have thought about this. Pei Pei Pei, he definitely wouldn't appear.

tang han's fist was clenched so tightly that it hurt, and his knuckles were already making sounds. liancheng yazhi's request was simply a slap to his face, and then he wanted to strip him naked and kick him.

However, since he had already endured it, he would continue to endure it.

Tang Zhen lowered his head and bit his tongue. Under the stimulation of the pain and the smell of blood, he finally regained a little calmness, "today's incident will not happen again.

Tang Zhen had already been humiliated to the extreme today. He said this only to ensure that the incident of dragging Gu youran to get an abortion today would not happen again. However, whether Wanwan would go again in the future was another matter.

He had already reached his limit by making Tang han do this. Liancheng Yazhi knew that it was not appropriate to continue forcing him. Besides, he did not have the obligation to help Gu youran too much. If it was not for Rong Yan, who would care about this little thing?

liancheng yazhi pulled rong yan and said to tang han, "that's good. goodbye, young master tang."

Rong Yan also raised her claws and waved at him from the side. That action was completely provocative, as if she was saying, "Come on, come on, let's see if you dare to?"

Tang han really couldn't say the word 'goodbye' in a friendly manner, so he turned his head away and didn't look at them.

Liancheng Yazhi pulled Rong Yan out of the meeting room, with Gu youran following behind.

The director was just short of sending him off in a celebratory manner. "Young master ya, Madam, take care, Yingluo. Take care, Yingluo."

when they arrived at the entrance of the police department, Gu Youran said to Rong Yan, "Thank you, Mrs. Liancheng. If it wasn't for you, my child might not have survived today. I'm really grateful to you."

Rong Yan waved her hand. "You don't have to thank me. I just had a sudden impulse."

Gu Youran tucked her loose hair behind her ears, "No matter what, I'm still very grateful. I'll remember your kindness for the rest of my life. In the future, if you want to eat cake, come to my shop anytime. It's all free."

Rong Yan laughed happily. "That's good. I'll be going there often in the future."

"You're always welcome. Then I won't disturb you two. I'll take my leave first."

"Sure, goodbye."

"Goodbye."

Chapter 730 How many good children do you want?

Gu Youran nodded at Rong Yan and Liancheng Yazhi before turning around and leaving slowly.

She didn't ask to give it to him, and Rong Yan didn't say anything either. It seemed like they had a tacit understanding.

Gu Youran walked to the side of the road and waited for a while. She then hailed a taxi and left.

To Liancheng Yazhi and Rong Yan, Gu Youran's matter was just an insignificant interlude that they could forget in the blink of an eye.

However, in Gu Youran's heart, she would always be grateful and remember the name Rong Yan.

.....

On the way home, Rong Yan asked Liancheng Yazhi, "Gu Youran. That's a nice name, isn't it?"

Liancheng Yazhi pulled her into his arms and kissed the corner of her lips. "It's not as good as yours, but Yingluo seems to have a twin sister called Yingluo Gu Liunian."

"You know?" Rong Yan widened her eyes in surprise.

"Yes, you know how to tease the Gu family."

"The Gu family?"

Liancheng Yazhi explained to Rong Yan, "It was also a famous big family in the country seven years ago, but Zhenzhen has already lost. Some died, and some were caught. Her sister, Zhenzhen, should not have been released from prison yet. I can't remember clearly, but her ending was quite tragic. These are all things from many years ago. There was indeed a big commotion at that time. Oh, I remember now. It seems that Zhenzhen's Gu family and the Tang family had an engagement, but once something happened to the Gu family, it should have been canceled long ago."

Rong Yan was surprised. No wonder she felt a heavy and secretive aura from head to toe when she saw Gu Youran. Every strand of her hair seemed to have a story. At such a young age, she had experienced the decline of her family from prosperity. Then, Junjun, Gu Youran, is quite pitiful.

From an inhumanly rich young lady, she had fallen into such a pitiful state.

Liancheng Yazhi turned to look at Rong Yan. you're much softer now than before.

Rong Yan pouted. it's not that I'm soft-hearted to everyone. It's just that I feel like I'm a part of Yingluo. So, I can't help but care more about her.

Liancheng Yazhi hugged Rong Yan tightly and said seriously, " " no, you're not her. the gu and tang family's disputes are different from ours. there's nothing that can stop us now. we don't have to be afraid of anything. "

Rong Yan flashed a bright smile at Liancheng Yazhi. yes, we're not afraid of anything.

Liancheng Yazhi went on and on about his future plans."Let's raise

"How many children should I have?" Rong Yan was quite open-minded when it came to giving birth to children. Moreover, she felt that

Liancheng Yazhi quickly seized the opportunity and said,"Let's not talk about how many children we can have. Honey, MeowMeow has been sleeping with us, so we can't even have one child."

Rong Yan rolled her eyes at him. what's the hurry? meowmeowmeow is still young and her health isn't very good. She must sleep beside an adult at night and have another child in two years.

Liancheng Yazhi sighed. He knew that this matter would be postponed. So be it. Now was indeed not a good time. As long as MeowMeow's illness was not cured, they would not be able to really relax.

Liancheng Yazhi shifted to another question. alright, let's not talk about this for now.
