

Permit Me 971

Chapter 971 I won't have the face to see anyone in the future

Rong Yan blushed and bit Liancheng Yazhi's shoulder. What a bastard. It's fine if he said this in front of his daughter, but the Butler is still here. It's over. I won't have the face to see anyone in the future!

"Oh, Yingluo, you guys go ahead, Yingluo."

The Butler cleared his throat. young master, young Madam, don't worry. I'll definitely take good care of the young miss.

With their assurance, Liancheng Yazhi happily carried his wife upstairs.

Every time, he would only be able to take a bite once in a while after careful planning. This kind of life was really not good.

After Xiaoxiao had a meat meal, Liancheng Yazhi quickly ran to Natsume and asked, " "

Natsume was stunned for a moment, not understanding why Liancheng Yazhi suddenly asked this. He replied, "Of course, why are you asking this?"

liancheng yazhi glared at him and said, "are you really stupid or are you just pretending to be stupid? of course, it's ran ran."

Although he was not shy, he still needed some pressure to say the last part. Fortunately, Natsume was not bored in the laboratory. He winked at Liancheng Yazhi suggestively. ah, I know. MeowMeow's health has been good recently. She can sleep alone (~ O ~)~ZZ.

Natsume added, "Oh, ran ran. But, later on, put a sensor on his chest where his heart is. I'll be able to know his heart rate at all times, just in case.

Liancheng Yazhi rubbed his hands happily and patted Natsume's shoulder. alright, ran ran. I'll do as you say. Natsume, ran ran when you get back.

Before he could finish, Natsume immediately said, " "sigh, don't expect me to talk to her this time. this kind of thing is between you and your wife. if you want to talk about it, go talk to her. if you have nothing else to do, go out. don't delay my work. my life is very precious. do you think that other people waste their lives like you?"

Liancheng Yazhi

After being pushed out by Natsume, Liancheng Yazhi was very distressed.

If he went to Rong Yan directly and told her to let MeowMeow sleep alone, she would never agree. Not only would she disagree, but she would also scold him. It was not worth it.

However, this matter required her consent. What should he do?

Liancheng Yazhi touched his chin and pondered. He really had to think about it and calculate it.

Liancheng Yazhi happened to see Rong Yan playing with MeowMeow when he went downstairs. His eyes lit up. That's right, if he couldn't take Rong Yan's path, he could learn from Gu Hesheng and take MeowMeow's path.

Gu Hesheng had made

liancheng yazhi's eyes were smiling. it seemed that he had to plan well and think of how to tell meowmeow!

....

When Rong Yan saw Gu Hesheng again, she was really a little embarrassed.

She bowed to Gu Hesheng. Mr. Gu, we accept the antique shop that you have given us. Thank you.

Miss Gu Hesheng stood up and said, "haha, it's good that you've accepted it. Come, take a seat. This is a good tea I just got last night. It's the best Da Hong Pao. It's not bad. I haven't had such a good Da Hong Pao in years.

As soon as Rong Yan sat down, MeowMeow automatically went to hug Gu Hesheng's thigh and was carried by him.

Rong Yan hesitated for a while and said,"Mr. Gu, please don't do this next time."

Chapter 972 Don't be so afraid

"don't hide it from you guys. are you trying to trick

meowmeowmeow is just a child. She doesn't know the value of this antique shop. The things you gave her might be like a room full of toys to her. It's a waste to give them to her. Rong Yan's words were reserved, but she was actually rejecting him. Please don't give it to her. It's a waste to give her such good things!

Gu Hesheng rebuked sternly, " what do you know? children will grow up sooner or later. What are those toys? a child's vision has to be developed from a young age. Those toys are for playing, and the toys I gave her are also for playing. However, the difference between the two is that the former is to make her childhood colorful, while the latter is to let her have a wider vision in the future. Only with more experience can she understand more.

Rong Yan gulped. He could even say such a great reason. He was indeed a great scholar.

But is it really appropriate for you to say that? Would children really understand?

Rong Yan smiled embarrassedly and followed Gu Hesheng's words, " "You're right, I saw too little when I was young, so now that I've grown up, my vision is so shallow."

Gu Hesheng looked at Rong Yan with pity. sigh, it's a pity for you. If you had followed me, you would have achieved great things now.

Gu Hesheng was not bragging. He did not have any proper disciples under his name, but he had also given some advice to some people. Those who were taught by him were all very successful in the archeology academic world.

Rong Yan's eyes darkened, and the photo she had seen in Rong shenghai's old house floated in front of her eyes!

She pinched her own palm, and the pain calmed her down. She smiled and said, " "I'm actually quite lucky. After learning from you for a period of time, I feel like I've learned a lot. Thank you. In

the future, after our two-month agreement ends, I hope that you won't bother me if I come to disturb you often."

Since Liancheng Yazhi had said that Gu Hesheng's purpose was only for her and MeowMeow to come and accompany him often.

Rong Yan simply went with the flow and said what she wanted to say. After all, Gu Hesheng was a very famous and respected old man. He would never take the initiative to ask Rong Yan to come and see her.

Therefore, Rong Yan took the initiative to say it. Firstly, she wanted to gain a good impression in front of Gu Hesheng, and secondly, she wanted to thank him for giving her so many things!

Gu Hesheng's eyes flashed with a touch of emotion, he nodded his head and his smile became more and more kind, "Good, good Yingluo, I'm really happy that you guys can come here often."

Gu Hesheng's ability to see through people was as good as his ability to identify antiques with his fiery eyes.

He had long noticed that Rong Yan was actually a person who was very afraid of owing others a debt. Although she sometimes appeared cold and hard-hearted, in some matters, she was a person who had a sharp mouth but a soft heart. She had her own principles and stuck to her bottom line. She was especially protective of her own and would never allow others to provoke the people she protected.

From the many times he had sent gifts, Gu Hesheng knew that the antiques he had sent to Yingying were not for free.

Before he left, Gu Hesheng asked someone to bring something over.

Rong Yan thought it was another gift and quickly said, "Mr. Gu, we can't take it anymore. Please don't give it to us.

Gu Hesheng waved his hand, "It's not a big deal. It's not worth much. It's just a memento. Don't be so afraid!

Chapter 973 Don't lie, what's wrong with telling me?

Someone brought the thing over. Rong Yan looked at it and realized that it was actually the portrait of Yan Yang. Looking at the person in the portrait who looked almost identical to her, Rong Yan's heart started to turn cold.

Rong Yan really did not expect that Gu Hesheng would take out this item this time!

The thing that she had been avoiding all this time seemed to be approaching her bit by bit!

Gu Hesheng sighed, "I've always felt that this painting is fated with you. It's been with me for more than twenty years. I've been thinking about it for a long time. Do I have to leave it in a cold and damp room forever, without seeing the light of day?" Fortunately, I met you. I feel that you are more suitable for this painting than me. Take it."

Rong Yan's face was a little pale. She quickly shook her head and said loudly, "No, I can't have Yingluo!"

Because this painting was constantly reminding her about her past, the woman in the painting, and the secrets hidden by time.

Liancheng Yazhi threw the painting aside and turned around to hug Rong Yan tightly. He kissed her gently on the cheek and said calmly, "it's fine, it's fine. Don't feel pressured. It's just a painting. It's no big deal."

Chapter 974 mom, you're here to work for me

really, why did this old man give you this? when we get home, throw this painting in the basement immediately."

MeowMeow grabbed Rong Yan's hand and said seriously, "Mommy, don't be sad, Yingluo."

Rong Yan's heart warmed. with meowmeowmeowmeow around, mommy won't be sad!

The current days were the happiest days for Rong Yan after a long period of pain and despair. She really cherished the current days and didn't want anything to ruin them.

rong yan glanced at the oil painting that liancheng yazhi had thrown at his feet and made up her mind to leave this painting in the basement forever after she got home.

So what if he didn't need to see the light of day? some secrets, since they had been forgotten by time, there was no need to bring them out.

Liancheng Yazhi let MeowMeow sit on his lap and thought of his plan yesterday. He decided that his plan to win MeowMeow over would officially start today.

After returning home, the first thing Liancheng Yazhi did was to ask Butler li to put the painting in a sealed box and throw it into the basement so that Rong Yan would not see it.

.....

in the past few days, rong yan had discovered a very strange phenomenon.

Rong Yan was very puzzled. Was there anything that the father and daughter could not tell her?

Although she really wanted to know, Gu Hesheng had already started to handle the transfer procedures for that antique store. Besides, she also needed to know about the babies in the store. She couldn't be the boss who didn't even know what was on sale in her own store.

[meowmeowmeow: mommy, daddy said you're not the boss, you're here to work for me!]

Therefore, Rong Yan hadn't asked Yingluo about it recently because she was a little tight on time.

After more than a week, the time that Rong Yan and Gu Hesheng had agreed to meet arrived. On the last day, Rong Yan officially took over the antique shop that Gu Hesheng had transferred to.

On this day, Gu Hesheng took the family of three to the shop. The shop was not located in the middle of trouble, but in a very secluded alley. The name of the shop was 'Pingu garden'. The meaning of 'Pingu' was simple and clear. 'Pingu' meant to identify, and 'Gu' generally referred to all the things in ancient times.

The decorations in the shop were completely exquisite. Based on ancient shop decorations, there were many kinds of things on the antique-and-antique shelves.

there were two people taking care of the store. they were a father and son, and they were the waiters left behind by gu hesheng. the father was in his sixties, and the son was in his thirties.

The father and son explained the situation in the store to Rong Yan. there are very few people outside our store, and only people in the industry know about it. If it's not for regular customers, it's useless to come here. It's already enough to have two or three big items here all year round, so it's basically very idle. You can come here once a week without a problem. Usually, it's US father and son who clean the store. If there are guests, we'll call you.

Rong Yan was very satisfied when she heard that. He was indeed very free. However, she asked, " " i have a question. what if the customers here don't sell their goods through proper channels? "

There were many shady deals in the antique industry. Many of the antiques circulating in the market were actually obtained through illegal channels.

Therefore, Rong Yan was a little worried about this. Well, although she didn't seem to be a law-abiding person!

Chapter 975 Everyone has a crazy period of time

Both the father and son laughed, even Gu Hesheng laughed meaningfully.

Rong Yan looked at them in confusion. what's wrong? is my question very funny? "

The Father who was watching said, "that's not it. Your question is actually quite good. It's just that Yingluo, this Yingluo, how many of those who come here to sell their goods are legal? It's either stolen or obtained by a mayfly. Ordinary people basically don't know about our place."

After learning from Gu Hesheng for two months, Rong Yan had learned some basic knowledge. For example, 'fighting to the death' actually meant grave robbing.

Tomb raiding was a very old profession that was still continuing to this day. Moreover, this profession was passed down in many cities and families. They had a series of experience in tomb raiding left behind by their ancestors and relied on this to make a fortune.

However, in the past, Rong Yan had always felt that this industry was too far away from them and that she might never see a real grave robber in her life.

However, after hearing what they said today, Rong Yan was very shocked.

It turned out that behind the bright and beautiful surface of the city, there were so many unknown secrets hidden.

Those who survived in the cracks had their own set of survival rules. They had their own circles and ways, and Rong Yan stepped into it accidentally.

Rong Yan gulped. then, is it good for Huahua to be like this? what if the police come and ask? "

The Father, who was looking after the store, chuckled and said, "we're a business. We only care about receiving the goods and never ask where they came from. Those things are basically dug out from the ground. Besides the real experts, who else would know? if you take a Zhou Dynasty bronze cauldron and tell the police that it's an imitation, that you're the one who counterfeits and sold it to someone who likes to collect it for fun, what can the police do?"

Rong Yan nodded. It did make some sense. I see.

Rong Yan opened her mouth wide and only took a deep breath after a while. She said, "Alright, I'm done. You can tell me."

Just like when Rong Yan was in elementary school, the teacher made her sit up straight and upright.

"Mom, there's something I've been thinking about for a long time, and I think it's time to tell you."

Rong Yan laughed. Meowmeowmeowmeow had only said her first sentence, but she was already laughing.

In the face of I'm sorry. I was wrong. I shouldn't have laughed. Please continue. I promise I won't laugh again.

Rong Yan laughed wildly in her heart. Damn it, Liancheng Yazhi must have taught MeowMeow to say these things. Otherwise, how could a three-year-old child say such things?

"Alright, I'll believe you," "I think today's weather is great," MeowMeow continued. "It's a good time for us to communicate."

"Mommy, look at how old I am. I've seen on TV that the girls and boys my age sleep alone and have their own rooms, but I still sleep with my parents. I don't look good and I'm a little sad, Yueyue."

rong yan immediately turned to look at liancheng yazhi, and two sharp knives flew over to her eyes.

It was definitely Liancheng Yazhi who taught

Liancheng Yazhi quickly cried out that he was innocent. I'm innocent. It was MeowMeow who saw the little boy sleeping alone on the TV and asked me. She asked me, so I had to tell her.

It was just that Liancheng Yazhi had specially found the video of the little boys sleeping alone for MeowMeow to watch!

Liancheng Yazhi would not tell anyone about this.

Meowmeowmeowmeow nodded vigorously. daddy is right. I asked it myself. Mommy, I want my own little room too. It's filled with all the toys I like. I can also lie on my Little Bear bed and sleep. Daddy said that as long as I like it, he can hang little stars on the roof for me, meowmeowmeowmeow.

Chapter 977 let's settle this in the future

However, Rong Yan knew that all of this must have been manipulated by this guy behind the scenes.

Hmph, Liancheng Yazhi, just you wait. Even if MeowMeow is sleeping alone, don't think you can eat so easily.

Rong Yan wanted to make one last effort to coax MeowMeow softly.

mom, I'm not young anymore. I'm already three years old. Other children can't even walk yet, and they sleep alone. In comparison, I feel very embarrassed. Mom, I've decided that I must sleep alone. I'm all grown up now. I want to be an adult!

sleep alone. It had nothing to do with him. If you want to cause trouble, go to Natsume. I've been doing everything according to his words.

lian Cheng yazhi silently said in his heart, 'xia mu, oh xia mu, please don't blame me. i'm only doing this because i can't do it. for the happiness of our couple, you can be cannon fodder. i'll write about your embarrassment in my heart.'

natsume shivered violently in the laboratory. the temperature was 26 degrees celsius, which was quite normal. he rubbed his arms and continued his experiment while shaking his head.

Rong Yan gritted her teeth, 'this Natsume, is he looking for death? He knows that looking at MeowMeow is more important than looking at my own eyes, but he still dares to say this to you. I'm going to find him later.'

Lian Cheng Yazhi took a deep breath and finally diverted the source of trouble. Fortunately, he was smart enough.

He said to Rong Yan, "don't be angry. It's not the time to be angry. We still have to count on Natsume for MeowMeow's illness. If we settle the score with him now, he will bear a grudge and not care about MeowMeow's illness anymore. Don't you think we'll be at a loss?"

Rong Yan shook her head. yes, yes. You're right. I can't get angry now. I have to endure Hanhan.

yeah, don't be angry. Yingluo, if you're really angry, just beat me up. Don't be angry and hurt yourself. lian Cheng yazhi quickly continued to show off after getting an advantage.

Rong Yan finally laughed. that's enough. Don't think that I don't know what you're thinking. Let's forget about this matter for now, but you're not allowed to do this again in the future.

"Don't worry, I definitely won't." Lian Cheng Yazhi silently added in his heart, " As long as meowmeowmeowmeow didn't come back to sleep, everything would be fine.

Lian Cheng Yazhi deeply believed that the eldest and second children in the family should not be too old apart, especially when the eldest was a daughter. The second child had to be born quickly so that when they went to school, although they would not always be in the same class, the good thing was that they were in the same school. If the older sister was bullied, the younger brother would be able to stand up immediately.

Lian Cheng Yazhi wanted a boy so badly so that he could protect MeowMeow better in the future.

If he waited until

rong yan poked lian Cheng yazhi's face. "hey, tell me. how many days did you teach meowmeow to say these words?"

just a few days, really. Our daughter is very smart. I only gave her a few pointers, and the rest was basically learned from television.

Chapter 979 I'll help you out today

"i don't believe you," rong yan snorted.

“Really, you have to believe it. If you don’t believe it, you can teach her something tomorrow, Yingluo.”

“I’m not as bored as you, Yingying.”

“Then I’ll teach him to watch Yingluo.”

“That’s enough, Yingluo.”

Liancheng Yazhi’s mind turned. alright, let’s not talk about this. Let’s change the topic. Why don’t we have a walk tonight? ”

Rong Yan was very guarded against him at this moment. “shut up, don’t say that!”

“I haven’t even said anything yet. It’s not good for you to shut me up so early, baby!”

“It’s the same as not saying anything, Yingluo.”

Liancheng Yazhi(^)/

.....

the second time, meowmeow happily took rong yan’s hand and went to the shopping mall.

Liancheng Yazhi had originally planned to come with her, but Rong Yan said that he still had to go to work and did not let him follow too long. He came alone with MeowMeow and only left with MeowMeow after he went back.

Liancheng Yazhi sat in the car, a little disappointed. He was not in much spirits and asked the driver, ” “Do your children and wife often gang up to bully you?”

The driver was stunned for a moment and quickly said, “it’s more or less like what you said. My husband loves his son very much. As long as my son cries, regardless of whether it has anything to do with me or not, the first one to get scolded will definitely be me, Hanhan.

Liancheng Yazhi laughed. This was still okay. His meowmeowmeowmeowmeow would never do such a situation!

“Do you feel uncomfortable being scolded?”

I didn’t feel well at first, but I realized later that it was actually quite good. I made money outside so that my wife and children could live a comfortable life. Although my wife always scolded me when my son cried, most of the time, it was also to let me interact more with my child. Otherwise, if I didn’t have much contact with him for a long time, he might not be close to me when he grew up!

Liancheng Yazhi listened very seriously to the trivial matters of other people’s families and even gave some advice to the driver from time to time.

After he met Rong Yan. liancheng yazhi had done a lot of things that he had never thought of or done before.

For example, he, the most powerful young master in the imperial capital, was actually discussing parenting with an ordinary driver. How many people would believe such a thing? how many would dare to believe it?

eowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeowmeow
meow

Rong Yan rubbed “It’s okay, he’s lying to you.”

“hmp (^) bad guy.

Su Yue tapped “I’ll give you a little toy, play with it yourself.”

The little rabbit was the size of a palm, and it was carved from a whole piece of high-quality sheep-fat white jade. The rabbit’s eyes were chosen to be the best Ruby. When placed under the light, when the angle was changed, one could almost see the water flowing in the eyes. It was especially beautiful.

this item had obviously won over meowmeow’s heart the moment it appeared. however, no matter how much meowmeow liked it, she now knew to look up and ask for rong yan’s opinion when a stranger gave her something.

Rong Yan was in a difficult position. After all, the person in front of her was Su Yu. His thoughts were too difficult to understand and too complicated, so Rong Yan didn’t want the things he gave her.

However, Su Yu had given her a lot of help when she had just given birth. Rong Yan could not forget this no matter what.

but-

Su Yue took out a child’s present the moment they met. Did this mean that he had arranged for the ‘coincidental meeting’ at the mall?

Then how did he know where she was?

Su Yu knew what Rong Yan was thinking, and a sad smile flashed in his eyes.”Just accept it. It’s not something valuable, just a little toy.”

After a while, Rong Yan nodded. MeowMeow, take it. Thank uncle.

“Thank you, uncle. I really like this little rabbit,”
