

Physician 101

Chapter 101

Ye Chen did not think much about it, but went directly to Zhu's villa.

When walking to the door, two icy voices sounded at the same time:

"no one is allowed to enter military important places! Those who violate it will be killed

Ye Chen didn't put such a threat in his heart and laughed: "I'm looking for Zhu Zixuan. I'm her friend."

But those two people did not pay any attention to Ye Chen.

Ye Chen naturally won't break in by force. Although he is not afraid of these people, if Zhu's family is surrounded only by national security, his forced entry will only add to his troubles.

Ye Chen thought for a few seconds, now can only use the relationship.

There are only two people with military background, Ying Qing and Baili Bing.

Ying Qing's phone he did not, he can only dial the phone in the corner of Baili ice.

"Ye Chen How did you think of calling me? " The sound of Bai Li ice rustling.

"There's something I want to trouble you about." Ye Chen Dao.

Bai Li Bing on the other end of the phone is stunned. In her opinion, ye Chen's strength is so terrible that she should even ask her for help?

"You say I will help if I can. "

"Do you know what happened to the Zhu family in Jiangcheng? I'm going to enter Zhu's villa now, and I'm stopped by the military." Ye Chen Dao.

Bailibeng naturally did not know about Zhu's family, she directly replied to Ye Chen: "you wait at the door for a while, I contact a person, he will come to help you."

The phone hung up.

About ten minutes later, a red flag car with special license plate drove into Zhujia villa.

A middle-aged man with a Chinese face came down from the car and ran directly to Ye Chen. He paid a standard military salute: "Mr. Ye, Miss Baili asked me to come."

Ye Chen nodded, but did not expect Baili ice to be so efficient.

The middle-aged man didn't talk nonsense. He went directly to the gate of Zhu's house and took out a certificate from his pocket.

When the certificate was opened, the two garrison soldiers were stunned, immediately stood at attention, and paid a military salute. As soon as they wanted to speak, the middle-aged man made a sign in his eyes, and then they closed their mouths.

The middle-aged man turned to Ye Chen and said, "Mr. Ye, let's go in together."

"Good."

Soon, ye Chen was accompanied by a middle-aged man to the living room of Zhu's villa. He found that the living room was almost surrounded by armed forces.

On the sofa in the living room were Zhu Rende, Zhu Zixuan and a couple. The couple should be Zhu Zixuan's parents.

Zhu Zixuan saw Ye Chen for the first time and exclaimed, "Mr. Ye!"

Hearing this, Zhu raised his head.

Ye Chen found that Zhu Rende's eyes were almost sunken and his face was pale. The whole person seemed to be in his teens.

After a few days' absence, how could Zhu Rende become like this?

Ye Chen walked over and sat on the sofa.

Those armed forces wanted to stop Ye Chen, but the middle-aged man took out his certificate and they did not move.

"Mr. Zhu, what happened?"

"Mr. Ye, if you are in trouble, don't get involved in this matter. I'll carry it alone." Zhu Rende's voice is a little hoarse.

Zhu Zixuan quickly sat down beside Ye Chen and said excitedly, "Mr. Ye, this is the case. A few days ago, a big man went south and came to Jiangcheng. He did not feel well, so he prepared several pairs of medicine in our Derentang, but who could have thought that there was something wrong with the medicine. I remember that those herbs were all selected by my grandfather himself. After checking them several times, there was no poisonous herb at all. But the big man took them, and something went wrong... "

Ye Chen's eyes are slightly narrowed. It is obvious that there is a problem in the middle link, and the medicinal materials have been lost. The Zhu family will not be stupid enough to do such a bad thing.

As for who it is, it is no longer important. The urgent task is to save it.

Although Zhu did not say which big man, but from the villa's armed forces, that person in the above position is not low.

"How's that guy..." Ye Chen asked.

Zhu Rende trembled and shook his head: "it's still under rescue, but the problem is very serious. If something happens to him, not only the Zhu family in Jiangcheng will be ruined, but also the Zhu family in Jiangnan province Oh! Why? Who in the end is going to harm our Zhu family? "

Ye Chen stood up and said seriously: "where is the man? As long as there is one breath, I can save it!"

As soon as this word comes out, the eyes of the whole room are all locked in Ye Chen.

Shock, surprise.

Can it be saved?

Save a fart!

Can't go back to the sky, what can you do to save it?

Zhu Rende was a little confused.

Although Ye Chen went to the Derentang to buy medicinal materials, all the herbs he bought were for cultivation. Naturally, the Zhu family would not think of him as a miracle doctor.

If we talk about the strength of martial arts, Zhu will not hesitate to believe Ye Chen.

But this is a matter of human life, not a joke!

Martial master, you can kill people, but you can't save people! Zhu Zixuan's father, Zhu Weifeng, couldn't look down. He said to Zhu Rende, "Dad, things are in a mess. Don't let an outsider make trouble, OK?"

Jiang Yali, Zhu Zixuan's mother, also blamed Zhu Zixuan: "Zixuan, did you just call this person? Do you think our Zhu family is not miserable enough? Now that one is still in the rescue. What's the use of this boy who hasn't grown his hair all the time? "

Ye Chensi paid no attention to the two men and glared at Zhu Rende: "Mr. Zhu, if you believe me, I will do it. If you don't believe it, I'll leave now. "

Ye Chen helps Zhu family is sentimental, does not help Zhu family is duty! It's Zhu Rende's choice!

At this moment, Zhu Rende hesitated.

Jiang Yali even said, "Dad, don't be a fool. Do you know the background of this guy? There's nothing full of hair... "

Before he finished speaking, Zhu Rende clapped his hand on the table and glared at Jiang Yali: "shut up for me, you woman. I'm the master of Zhu family! Can you insult Mr. Ye? Apologize to Mr. Ye! Or get out of Zhu's house immediately! "

Jiang Yali was so scared that she didn't see the old man lose his temper. She quickly bowed her head and apologized to Ye Chen: "Mr. Ye, I'm sorry..."

Later, Zhu Rende looked at Ye Chen and bit his teeth and said, "Mr. Ye, I choose to believe you."

He's going to gamble! Bet on the luck of the whole Zhu family!

Zhu family is already dying! But ye Chen is the only one who can pull the tide!

"Well, where is the man? Take me now."

.....

Ten minutes later, the military vehicle stopped.

They came to a quiet place.

There is only one building, a bit like a private hospital, but the armed forces and soldiers outside show that this place is not ordinary.

With the middle-aged man called by bailibeng, everything is much easier.

But everyone in the Zhu family was handcuffed and had no freedom.

They took the elevator directly to the sixth floor of the hospital.

Ye Chen even feels a few strong breath.

Ancient martial arts are strong.

In the operating room, ye Chen saw eight people, four men and three women, quite old, should be the offspring of the old man in the operation room.

Naturally, the eight people also noticed Zhu Rende.

"Damn it, you old man dare to come here! Say it! Who on earth let you deal with my dad! I put my words here. If anything happens to my father, I want all the people of Zhu's family to be buried with me!"

One of the burly men, whose eyes were red with blood, rushed directly over.

The wind comes with the steps, and the strength sweeps through.

Ancient warrior!

Because of the anger on his head, the man directly swung his fist at Zhu Rende.

Everyone's face changed!

With this blow, Zhu Rende's figure can't bear it!

Just as his fist was about to hit Zhu Rende's face, ye Chen held out his hand and directly grasped the powerful fist.

"You're not qualified to do it until the people inside wake up."

"Now, get out of here!"

Chapter 102

A "roll" word falls, at the same time, ye Chen rolled up a strong momentum, and pushed it out!

Feeling the overwhelming power, the burly man's face changed greatly, and he stepped back six steps!

He's in a fright, steady face!

"It's the master of Huajing!"

The man also wondered what courage Zhu Rende had to come here!

It turned out to be a great master to be a supporter!

But even if ten of them came today, they couldn't save Zhu's family, because he was offending the state machine!

The man stepped out, staring at Ye Chen and said, "boy, don't think you are a master, you can do whatever you want in Jiangcheng. There is no shortage of master in China! If you still stand on Zhu's side now, I promise, you will regret it! "

Threat!

A naked threat!

"Finished?" Ye Chen light way, "since finish saying, give me to get out of the way!"

The man was stunned. He didn't expect that the boy would dare to be so crazy when he came to the place directly under the control of the army!

Who gave him courage!

No, the point is, how did these people come up?

His eyes soon fell on the middle-aged man arranged by Baili ice.

It happened that he knew.

"Luo Zhengguo, why are you here? You brought this group of people? Believe it or not, I will take you to the military court! "

"You should know who is in the operation. If something happens to him, Bai Lixiong can't save you!"

The man almost growled.

Luo Zhengguo was just about to speak when the light in the operating room was on.

Two doctors in white coats came out in a hurry, their heads bowed and their faces were very bad.

The burly man turned around, grabbed a doctor's clothes and asked, "how's my dad?"

"Yes Sorry Chief, he The toxicity has spread. I really can't recover We really tried our best. "

Before the doctor finished speaking, he was thrown out by the big man.

"A bunch of rubbish!"

It's all rubbish

The big man's eyes are full of blood. He stares at Zhu Rende. Now he has no scruples!

Zhu Rende must die!

As soon as he was ready to make a move, he felt a dark shadow brush his shoulder.

"Bang!"

The next second, the door of the operating room is closed directly!

The speed is too fast, so fast that everyone has no reaction at all!

The burly man put his hand on the door, just wanted to break open, but found his strength as if hit on the cotton, disappeared.

How could it be?

The operating room door in front of me is like a wall!

It can't be pushed!

"This is..."

His cold eyes glanced around him and found that only the young man who had just started was missing!

Father has an accident, if his body is also destroyed, the consequences are unimaginable!

The man no longer hesitated, just about to open the door with violence, Luo Zhengguo appeared in front of him.

"Give Mr. Ye a chance. Mr. ye may be able to save the chief. If something goes wrong, I'll go to the military court myself. "

Luo Zhengguo's righteous words and Tao.

The reason why he said this is because he thought of Miss's explanation on the phone and helped Ye Chen at all costs.

Ye Chen is extremely important to the commander!

The burly man calmed down. He knew Luo Zhengguo, and the other side did not fight an uncertain battle. He could guarantee his own future, which showed that he fully trusted the young man.

Although this trust is somewhat puzzling, he still chooses to have a try.

"Well, I'll only give him ten minutes. Ten minutes without any results, I broke in. And if my dad's body is destroyed, I promise, you'll die miserably. "

The tension was extreme.

.....

Operating room.

Ye Chen has already felt the old man's body sends out a line of dead gas, those doctors said in fact is right.

The toxicity has spread.

But it doesn't mean it can't be saved!

Left him time is not much, ye Chen quickly took out the pills from his pocket, let the old man take them directly, and then beat up the pills with genuine Qi to help the old man absorb them.

Ye Chen keeps running the true Qi, which condenses and forms, and points to the old man's eyebrows.

See the whole body of the old man covered with a layer of light yellow light, the light wrapped the old man.

The black spots on the old man gradually faded.

Ye Chen again took out a pill, let the old man take it. He took a look around him and found something. His fingers closed slightly, and a bag of silver needles inhaled into his palm.

He spread out skillfully, and his fingers danced rapidly, and the silver needles fell down exactly as if they were beating notes.

Thirty six silver needles, all shaking. After all this, ye Chen, with his real Qi in his palm, drew an ancient Rune on the upper body of the old man.

The next second, the old man's chest actually flashing a dazzling golden light!

The light gradually dissipated, and those trembling silver needles, actually spilled a trace of black gas!

As if the old man's body poison along the silver needle constantly volatilized!

Five minutes later, the black gas completely disappeared, and the original straight-line ECG actually produced fluctuations, even stronger fluctuations!

The old man's face is ruddy!

Ye Chen took a look at the old man and noticed that all the wounds were on the old man's body. He could not help but sigh: "what kind of person is so vicious as to hurt such an old man who is fighting for his country?"

"But meeting me, ye Chen, is also your destiny, even if it is to do a good deed for the country."

Ye Chen just ready to leave, the old man's eyes suddenly opened.

When you see the youth's back, the turbid eyes produce a trace of light.

"Miracle doctor, stop!"

Ye Chen stopped, but he didn't expect the old man to wake up so quickly. He said:

"first, the poisoning has nothing to do with Zhu family. You can deal with this misunderstanding.

Secondly, I found that the poison on your body is a chronic poison. You have been taking it for more than a month. As you are, it's impossible for outsiders to do it. It's time to clean up the internal diseases.
"

Ye Chen's voice dropped faintly, not so much advice as command!

If the people who know that the power of xuanchen will be controlled by those who are in charge of it!

Hearing Ye Chen's words, the old man was stunned and immediately thought of something. He nodded his head and said, "thank you."

He also wanted to say what, ye Chen has pushed the door to leave.

The operating room.

The original tense atmosphere, because of Ye Chen's appearance, becomes more and more tense!

The big man looked at the time, only eight minutes have passed! Is this guy over?

Obviously nothing has been done!

He was just going to see if his father's body had been damaged when an old man in sick suit came out!

It's his father!

"Hiss --" at this moment, everyone at the scene took a breath.

Are you really alive?

The old chief is alive!

The key is still standing up! Like a man who's OK!

The doctors, who were almost beaten, collapsed on the ground with a look of hell.

Luo Zhengguo's eyes are also widened to the extreme, he roughly understood the whole thing.

The old chief was announced the time of death by these top doctors. Ye Chen went in for a few minutes and actually survived?

What's the situation?

Although he has been helping Ye Chen get through the relationship in the evening, he is totally looking at the face of Baili ice!

For ye Chen, he is actually questioning!

But the current situation, completely beyond his understanding.

Miracle doctor? Martial arts master?

He subconsciously searched for ye Chen in the crowd, but there was no shadow of Ye Chen on the sixth floor!

Doesn't this guy know who he saved?

Didn't you stay?

Once he has a good relationship with the old chief, he can walk horizontally in the whole Jiangnan province!

Chapter 103

The eyes of the old chief swept around him, looking for the figure of Ye Chen.

But after a circle, we didn't find it at all.

He can clearly feel the state of his body. Not only is the toxicity relieved, but also the whole body is incomparably light.

It's like returning to what it was 20 years ago.

The more so, the more surprised he was.

The young man's tactics are too much.

The burly man responded and rushed over with a lunge. He was quite excited and said, "Dad, is it really you? Are you alive? "

The old chief officer snorted coldly: "is it difficult that you still want me to die?"

"No, no, no Dad, I didn't mean that But just now the doctor clearly said that you... "

The burly man didn't go on talking. He even thought in his heart, was it really the boy who rescued him?

The old chief glared at his son and said, "if it's not the miracle doctor, you may really have to prepare a coffin for your father!"

Finish saying, the old chief then toward Zhu Rende and others, he thought of Ye Chen left before the account.

Those soldiers saw the old chief come over and quickly saluted a standard military salute: "chief!"

"Zhu family is innocent! Untie the handcuffs! What right do you have to do that? " The old chief said seriously.

"Yes, chief!"

Soon, everyone in the Zhu family was free again. They looked at the old man in front of them, and some of them were afraid to speak.

Although the old man has retired, the invisible power in his hand is terrible.

"These days, I'm sorry to embarrass you Zhu family." The old chief said.

This can frighten Zhu Rende and others to death!

How can they bear the apology of a big man.

It doesn't matter if several people make a statement.

The old chief nodded and turned his words: "do you know the doctor Zhu?"

At this moment, all talents suddenly realized why the old chief executive apologized!

Obviously because of Ye Chen!

Without Ye Chen, they may not even have freedom!

Zhu Weifeng and his wife looked a little ugly. When they thought of their own attitude towards Ye Chen in the living room at that time, they would like to smoke their own ears.

If the old man didn't throw it all alone at that time, the Zhu family might have been finished!

When Zhu Rende turned his head, he said to the old chief: "chief, the young doctor named Ye Chen is a little friend of Zhu by chance..."

"Ye Chen, good name..." The old chief nodded thoughtfully and said, "do you know his contact information?"

"To know is to know, but Mr. Ye doesn't like to disturb..." Zhu Rende has something to do.

After all, without Ye Chen's permission, it is not appropriate to sell his information rashly.

The old chief nodded, but he didn't ask for it. It was easy for him to know a person's information.

All of a sudden, he turned around, and his muddy eyes became a little cold. He was staring at a flustered woman, and told the guards around him, "Xiao Cui, send Zhu's family back to the villa! Next, I'm going to clean up some cancer! "

"Yes, chief!"

.....

Night, ink as black.

To the north of Jiangcheng is a bamboo garden near qiuhuangshan.

There is a courtyard in the bamboo garden, which is the house of Jiang family.

At the moment, the atmosphere in Chiang's mansion is dignified to the extreme, and there are three coffins in the middle of the yard!

A middle-aged man in a training room was sitting on the high hall, his body was shaking and his eyes were red!

He is Jiang Yuanli, the strongest martial arts master of the Jiang family!

All the masters of Jiang Yuanli dare not know that they are on the edge.

After all, his favorite son, Jiang Wenlin, is dead!

And it was a tragic death!

When the coffin appeared at the door of Chiang's house, Jiang Yuanli angrily punched, and the ground left a huge mouth!

Master's anger is not what ordinary people can bear!

"Pa!" Jiang Yuanli clapped his hand on the desk beside him. Almost instantly, the desk was broken!

A strong wave of air bombarded in all directions.

Some of the masters of the Jiang family couldn't help but step back, and the blood in their bodies surged up.

"Who is it! Why move my son Jiang Yuanli! Why

"The whole Jiangcheng, who dares not to give me face like this!"

A startling roar rang from ten miles around!

Jiang Yuanli's body trembled. After a few seconds, he suppressed his anger and looked at the two youths.

"Wenshui, Wenli, who sent the coffin? Have you found out?"

A young man stepped forward, shook his head and said, "Dad, we compared the appearance of those people. It seems that they are not from Jiangcheng, but are still under investigation..."

Jiang Yuanli stood up directly and snorted coldly: "look at Jiangcheng, there are few who dare to kill our Jiang family! What's more, Wenlin was involved in the auction. You should investigate everyone at the auction! Remember everyone! Even if we turn over the river city, we must find the murderer! I want him to die, I want him to watch a man die with his own eyes! ".....

Most apartments.

It was already 9:00 p.m. when ye Chen returned home, he thought that the second daughter was almost asleep, but when he opened the door, he felt a trace of something wrong.

There's a smell of outsiders coming in.

The door opened and the living room was quiet.

And he was surprised to find that there was not only Xia Ruoxue and Sun Yi in the room, but also a woman of noble temperament standing, seemingly confronting Xia Ruoxue.

Looking at her back, ye Chen understood that this was Xia Ruxue's mother.

Besides Xia's mother, there are two bodyguards, both of them are ancient martial arts, whose realm is not weak.

Xia's mother naturally noticed Ye Chen who came in. Her eyes glanced at her and snorted coldly. Then she said to Xia Ruoxue, "you stay in such a broken place these days. How do you live? You don't even have a bathtub. How do you take a bath? "

"If snow, don't play the devil, you can not go back to Jiangnan Province, but you must also live back to Jiangcheng villa."

Xia Ruoxue's eyes were cold and displeased. She looked up and said, "Mom, I think it's very good here. At least it's hotter than that cold villa! It's getting late. I'm going to have a rest. You can go. "

Sun Yi doesn't know what to do next. Her apartment itself is a compact commercial apartment, which naturally can't hold a bathtub. However, it's OK to live in. Xia's mother and Xia Ruoxue have been arguing for a long time, and she doesn't know whether to persuade her.

Xia's mother shook her head and said, "it's your birthday after a while. I've started to prepare a birthday party for you. This time, I put the party in Jiangcheng, which is my biggest setback. You go back with me, and you will see the real one at the party. "

How could Xia Ruoxue not understand her mother's intention and directly refused: "Sun Yi has promised to celebrate my birthday. I don't care for any party! That's it

Xia's mother's face was a little wrong, and she finally gave an ultimatum: "ruoshue, are you going to follow me or not? You are the daughter of Xia family. Living in this miscellaneous place, who will guarantee your safety..."

The words have not finished, ye Chen then mouth way: "her safety, I come to protect!"

Chapter 104

Xia's mother turned and looked at Ye Chen beside her and said with a sneer, "Ye Chen, I know everything about you. If you really have the ability to protect ruoshue's safety, how could your parents die in those years? The rules of the world are beyond your imagination! You, who can only struggle at the bottom, are not worthy of such a promise! "

Xia Mu's words are pearls. Xia Ruoxue really can't listen to it any more. She even says, "Mom, you're too much!"

Xia's mother gazed at Ye Chen with interest. Seeing that the other side didn't say a word, she said, "too much? What's too much? I just let this boy see the world early

"If snow, I really don't understand, how can you see this boy? To be able to have no ability, to have status without status, you heard the big talk that day. Within half a year, the Xia family couldn't stand up. Don't you think this kind of man is ridiculous! Now he even threatens to guarantee your safety. What guarantee does he take? "

For a moment, Xia Ruoxue some can not refute.

Although she wanted to believe that ye Chen could do it, she had to face the heavy reality.

Ye Chen can't do it, even if there is a miracle.

The world's ladder has always existed, and it is too difficult for the poor or the bottom to break the shackles of the ladder.

That's why the poor are getting poorer and the rich are getting richer.

Between the two, the gap between starting point and resources is too large.

At this time, a lazy voice sounded in the ears of summer mother and Xia Ruoxue: "half a year's agreement, time has not arrived, you are not qualified to speak."

"As for the safety of snow, I can really protect it."

Xia's mother heard such a big talk and just wanted to refute it. Ye Chen said: "do you think these two people around you can guarantee your safety?"

His eyes were cool, but there was a chill in his eyes.

If the woman in front of her was not Xia Ruoxue's mother, she might have become a cold corpse.

Xia's mother was stunned and immediately looked at the two bodyguards behind her.

This is a powerful ancient martial artist invited by the Xia family. His strength is extremely terrible.

When a car nearly hit her at the beginning, she saw one of them with her own eyes, clapping at the front of the car, the body almost twisted!

But the man didn't have a thing!

How can't such a strong man against the sky protect her safety?

More and more, she felt that the boy in front of her was ridiculous!

"Boy, you don't know the world, so you don't know how terrible the two people around me are!"

Summer mother cold channel.

"Terrible?" Ye Chen smiles.

Then, his body in place into a shadow.

Too fast!

Almost to the scene, no one can react!

Summer mother only felt a gust of wind blowing in front of her eyes! The next second, "plop!" One, she was shocked to find that the two ancient warriors who she had always trusted had knelt down! Pale to the extreme!

The corner of the mouth is overflowing a trace of blood!

Seriously injured.

"What's wrong with you..." Xia's mother's eyes were startled, even some could not speak.

This scene is too weird, two people are still good a second ago!

Xia Ruoxue and Sun Yi sitting on the sofa are also full of surprise, which one is this?

Are these two bodyguards hired by Ye Chen as extras?

However, the two ancient martial arts masters did not speak from the beginning to the end, just staring at the youth in front of them!

There was a storm in their hearts!

A second ago, they had already felt Ye Chen's hand and wanted to resist, but an invisible pressure covered their whole body!

Keep them from moving!

Even kneel down!

The strength of the other side is completely crushing!

Master Wudao, absolutely martial master!

Ye Chen's sight fell on Xia's mother's body, quite casually said: "Auntie, now, do you still think these two people around you can protect you?"

Xia's mother opened her mouth and wanted to say something. Ye Chen said again, "in fact, it's you who really don't understand the rules of the world."

Xia's mother was frightened by Ye Chen's momentum, and her high-heeled shoes retreated several steps.

Don't know why, she found that her understanding of this young man is almost blank!

"Now, you can rest assured to leave, if snow by my side, is safer than in the villa." Ye Chen light way.

The words fell, and the shackles of the two ancient warriors disappeared completely.

They stood up and said to Xia's mother, "Madam..."

"Let's go!" Xia's mother's face was not right, she stepped on her high-heeled shoes and left.

This is a strong she, the first time to choose compromise!

The key is to compromise with a boy who doesn't grow all the hair!

She has no choice.

Around the two strong are like this, the other side is completely with action to block his mouth. It seems that Ye Chen needs further investigation!

The focus of the investigation is where this guy went in the last five years!

When Xia's mother leaves and the door is completely closed, Xia ruoshue and Sun Yi on the sofa have not responded.

What happened just now?

Why did the two masters kneel down?

Is Ye Chen an ancient warrior?

After a few seconds, Sun Yi woke up, came to Ye Chen, turned a few circles, and said in surprise, "Ye Chen, how did you do it? Even if Snow's mother is angry? How did the two men get down on their knees

Ye Chen blinked and said with a smile: "in fact, I know those two bodyguards just now. One is my brother-in-law and the other is my comrade in arms. Just now, they cooperated with me. How else could these two strangers kneel down to me?"

Ye Chen doesn't want Sun Yi to be involved in this world. He can do it by doing his best to protect the pure land in Sun Yi's heart.

Sun Yi doesn't believe her, but she doesn't want to ask more questions.

I don't know why, she felt that today's affairs are similar to those of intruders.

There must be something unknown about Ye Chen.

Then Sun Yi went to wash.

Only Ye Chen and Xia Ruoxue are left in the whole room. The atmosphere is a little quiet.

Xia Ruoxue has been staring at Ye Chen. She doesn't know why. She feels that Ye Chen is an ancient warrior.

She hopes so, really.

Because the person who controls the rules in China is the ancient warrior!

If Ye Chen is strong enough, he can change everything and even make rules.

But Ye Chen's age is here, plus the previous investigation, leaving aside the five years of disappearance, this guy can't have a chance to practice!

Even if these five years of practice, it is obviously too late!

"Ye Chen, what kind of person are you?" Xia Ruoxue's heart.

Ye Chen, as the party concerned, no matter what the second daughter thinks, his phone rings. It's Shen Haihua.

He went to the balcony and pressed the answer button: "what's the matter?"

"Mr. Ye, Tianzheng Group is almost there. I wonder if the legal person will choose you or arrange someone else? And, maybe tomorrow, the news of the establishment of Tianzheng Group will spread all over Jiangcheng, will it affect you... "

Ye Chen looked at the night with a cold smile: "with my name, I want to tell all the people in Jiangcheng that I have come back!"

Chapter 105

When Shen Haihua heard Ye Chen's words, he was stunned.

In his memory, ye Chen is an extremely low-key person.

However, the identity of enterprise legal person is the most sensitive existence. He thought Ye Chen would choose to let others act as the legal person of the group, but he did not expect that ye Chen would eventually choose to be exposed in the sight of all people.

Tianzheng Group has a bad reputation in Jiangcheng. Most people in the circle know about the tragic incident of Ye family five years ago.

Once Ye Chen and Tianzheng Group appear at the same time, the whole situation of Jiangcheng will be affected.

People who have a heart will inevitably associate with Qinghe group and the relationship between Qingmen being destroyed and ye Chen!

Although these people have no direct evidence, Tianzheng Group is easy to become the target of everyone!

After all, the dandy is still in the Jiangcheng city.

As a businessman, Shen Haihua knows more than anyone how smoky this business district is!

Once exposed, Tianzheng Group is really dangerous!

The key is that he asked Ye Chen for three conditions last time. Now none of them appears.

Without the strong backstage of the government and the support of an underground force, the opening of Tianzheng Group may not be supported by anyone!

"Are you sure, Mr. Ye?" Shen Haihua said seriously.

"Sure." Ye Chen said, "I know what you are worried about. What happened five years ago will not happen again. Now, no one dares to move Tianzheng Group! You just have to believe me. "

What else could Shen Haihua say? He just nodded and hung up the phone.

"Maybe tomorrow, Jiangcheng will usher in an earthquake, but I don't know whether the accident is Tianzheng Group or those people."

.....

Ye Chen Hang up the phone, just ready to enter the house, he found a strange number called.

"Mr. Ye, are you in Tomson? I'll deliver it. It'll be there in about five minutes

Ye Chen this just reacts to come over, should be the thing that gold home brings auction meeting.

He said hello to the second daughter and went out.

When he arrived at the top floor of Tomson Yipin, he saw two delivery men, one of whom was Jin Qian wearing a duck cap.

Jin Qian sees Ye Chen, Mou son shrinks, palpitation of day seems to still be.

As an ancient warrior, he had never been so afraid of a man. But he saw this man kill a master like a chicken!

"Hello, Mr. Ye, this is Jin..."

"I know. Put it in."

Ye Chen opens the door, then signs to two people way.

"Good, good..."

After a while, Jin Qian and his wife carried the things into the room. Then they took out a box and carefully handed it to Ye Chen: "Mr. Ye, you can check it. The big one is the Baicao Ding, and this box is the tears of the stars. If you have any questions, you can contact me. "

Ye Chen opened the box and took a look at the tears of the stars. There was no problem.

Then he came to the huge box and put his palm on it gently At the sound of the sound, the box was shaken open!

Seeing this, Jin Qian and another person subconsciously stepped back, their faces pale.

Due to the particularity of baicaoding, the most solid ts-003 titanium material is used for packaging. It needs a key to open it. As a result, Mr. Ye broke it with one hand. This is too violent.

Ye Chen is very happy when he sees Baicao Ding.

He's been waiting for this thing too long!

With Dan Ding, the efficiency of his alchemy can be 100 times higher, and the efficacy is even more terrible!

At that time, the speed of cultivation can also be accelerated!

Ye Chen waved to those two people and said, "there is no problem with things. You can leave."

Jin Qian asked another person to go out first. Then he closed the door and came to Ye Chen. He said softly, "Mr. Ye, miss. Let me bring you a message."

"Oh? Say Ye Chen is quite curious.

"The Jiang family, Jiang Yuanli, received the three bodies. Their anger was beyond our imagination. The Chiang family even began to investigate everyone at the auction. Before long, he might suspect Mr. Ye. Even if he had no substantial evidence, according to Jiang Yuanli's character, he would rather kill a thousand by mistake than let go of one. The young lady was worried that Jiang Yuanli would attack Mr. Ye, so she hoped that Mr. ye would leave Jiangcheng temporarily.

Miss Ye has arranged a private plane. As long as Mr. Ye nods and sends Mr. Ye to Sanya immediately, it will be regarded as a tourist distraction... "

Ye Chen laughed and said to Jin Qian, "thank you for your kindness, but I won't leave. It's better for Jiang Yuanli to come and deal with me, for fear that he won't come! "

Hearing that sentence, Jin Qian took a cold breath, his heart seemed to be hammered!

How could Mr. Ye face the Chiang family? What's more, it seems that they are not afraid of Jiang Yuanli, the figure on the master list?

Mr. Ye is a fool! He didn't understand the horror of the Chiang family!Of course, Mr. Ye's strength is very strong, but the master he killed and Jiang Yuanli are very different from each other!

"Mr. Ye, think twice..." Jin Qian worried.

Ye Chen opens the door directly, his eyes indicate, but Jin qian can only leave.

Anyway, the attitude of the Jin family has shown that it is Mr. Ye who does not seize the opportunity.

After everyone left, ye Chen directly lifted the Baicao Ding with one hand and placed it in a suitable position. He took out the medicinal materials he had bought in Deren hall and put them directly into them. He started refining pills by activating Dan fire and covering with genuine Qi.

He is going to refine three kinds of pills, called qinglingdan.

The pills are divided into nine grades, each of which is subdivided into nine lines.

Qingling pill is called cultivation speed increasing pill, which can help the strong break through the cultivation limit. If the strong person in Kaiyuan level 9 takes it, it will break through the Qi dynamic state immediately!

With the help of qinglingdan and cultivation, ye Chen will surely stride across the aerodynamic environment at the fastest speed!

I will not kill the second master!

He closed his eyes, refining pills need to step by step, calm as water, heart without distractions.

Once upset, irritable, out of control, pills will inevitably fail, and even damage martial arts mood!

I don't know how long after, the whole top floor came with a strong smell of medicine.

Baicao Ding is slightly red!

Suddenly, "Ding!" At the sound of the sound, a Dan medicine breath diffuses from the Baicao Ding, which is extremely strong, and can not help but let Ye Chen's mind coagulate.

It's a success!

Ye Chen also ignored the extremely high temperature of the pill and took it out directly.

Soon, he found a whole ten pills, there are six abandoned pills!

Fortunately, four succeeded.

When you see the remaining four green elixir, ye Chen's eyes shrink, just like hell!

Because two of them have three grades and seven patterns!

This is three grades and seven patterns!

Excellent quality!

"How could..."

Ye Chen had psychological preparation before. It would be good to refine several three grades and three lines this time. Now there is a seven pattern pill, completely out of his cognition.

After all, these medicinal materials are not high-grade, so it is impossible to refine seven grain pills.

Is

Ye Chen's eyes fall on the Baicao Ding. There is only one possibility at present, that is, the Baicao tripod improves the properties of medicinal materials.

"It seems that it's a leak this time. Even if the pot is put in that place, it's a treasure level existence. I've made a lot of money..."

Chapter 106

Ye Chen put the two three products and seven patterns of qinglingdan into a box and carefully put them in the pocket.

Good things should be kept for the last time.

The other two were swallowed in one breath.

In an instant, the fragrance of medicine overflowed everywhere, and an extremely breath was pounding in the field of elixir!

"It's a breakthrough!"

Ye Chen was overjoyed. He sat cross legged and ran nine days of xuanyang Jue.

At the moment, he seems to have entered a delicate realm.

Everything is wonderful.

His whole body was covered with a red light, and the strong breath made the ground tremble.

Before long, a black stone flew out of Ye Chen's pocket.

Directly above his head! And then a column of light came up!

"Broken!"

Ye Chen roars, the shackles of the body are all broken!

The cultivation is rising rapidly!

The sixth floor of Kaiyuan is a success!

But this is far from stopping, because the sixth layer is about to break through, and the effect has not been completely released.

"Come again!"

A few hours later, there was another sense of breakthrough in the house!

.....

At eight o'clock in the morning of the next day, ye Chen gradually opened his eyes, and his realm was stable in the seventh layer of Kaiyuan realm.

It's unbelievable to break through two small realms overnight.

"When is qinglingdan so rebellious?"

Ye Chen has some doubts in his heart. What he takes is just a general green elixir, which should not have such an exaggerated effect.

All of a sudden, his eyes congealed, and naturally noticed the black stone floating on his head.

He held out his hand, and the black stone fell on his palm instantly.

"Is it because of you?"

Ye Chen closed his eyes and instantly came to that samsara cemetery.

It's still deserted.

Of the 100 tombstones, only one has changed. It's "Sha Quan Zong, Luo Yuntian!"

There is a light on the tombstone, the light is constantly rotating, as if it is an ancient text.

Obviously, this is the meaning of tombstone.

Even ye Chen is sure that as long as he wants to, the so-called Luo Yuntian will appear in front of him.

But because there is only one chance, ye Chen will not use it when necessary.

It's the only card he's got at the moment.

Huaxia is not so simple. It's not a bad thing to keep the cards.

After that, ye Chen smelled his body. After a night's practice, his body eliminated many impurities. Some of them smelled, and went to the bathroom.

.....

At the same time, most apartments.

Sun Yi and Xia Ruoxue wake up early and are having breakfast. Sun Yi got up many times in the middle of the night yesterday, but they didn't find Ye Chen coming back. I don't know where this guy went again.

All day long, God is mysterious, night is not home.

Suddenly, a vibration came from Sun Yi's mobile phone.

Generally, this point is the headline news push of Jiangcheng commercial newspaper.

With a sneer, she estimated that it was the high-level transfer of the group or the merger of enterprises. These news did not nourish her at all.

She glanced casually. When she saw a few words on the screen, her smile suddenly stiffened, and the glass filled with milk in her hand fell to the ground.

"Pa!"

It's very crisp.

Sun Yi's eyes widened, because the headline of the news was: "Tianzheng Group, which disappeared five years ago, will return tomorrow! 】

Tianzheng Group!

These four words made Sun Yi pale.

Because, this is the enterprise that ye Chen's father created at that time!

Five years ago, with the disappearance of the three members of the Ye family, they also disappeared completely.

Now, it's back!

"Can it be the same name..."

Sun Yi whispered.

At this time, Xia Ruoxue came to Sun Yi's side, her eyes glowed with a trace of brilliance, which was very moving.

"as like as two peas, I have just received this message, which is not the same name. It is the five day ago group of the day. The registration address is the same. What is more weird is that the legal person of the group is Ye Chen.

When saying this sentence, Xia Ruoxue looks at Ye Chen's room, the corner of her mouth outlines a very sexy smile.

Is this guy declaring war on his mother? Or to declare war on the whole river city again?

Is he really good enough?

What can a business registration say?

But the name of Tianzheng Group is too sensitive

"Sun Yi, tomorrow's Jiangcheng may be very interesting."

.....

Jiangcheng Chu home, emergency meeting.

A family meeting hall of 80 square meters, with 15 people sitting. These 15 people are almost the core of the Chu family.

Chu shuran is also among them.

Her face is a little pale, staring at the news in the mobile phone.

Tianzheng Group is back

How did you come back.

Key online query of the legal name, is Ye Chen!

This guy's not dead?

The same name can't be so coincidental. The group name and legal person are related to the Ye family which was destroyed five years ago!

Key Tianzheng Group these four words almost no enterprise dares to register!

The banquet in Yunhu villa is a nightmare for countless Jiangcheng people!

Although the great man has returned to Beijing, Yu Wei is still there!

Who dares to register with Tianzheng Group is looking for death!

She was holding her mobile phone tightly. She didn't find the photo called Ye Chen on the Internet, but the family had already investigated.

It won't be long before we get results.

"Be quiet, everyone. The results of the investigation have come out. Ye Chen, who registered with the industrial and commercial bureau as a legal person of Tianzheng Group, should be the Ye family waste that fell into Dongqian Lake five years ago."

"This is his registration photo."

It's Chu shuran's father, Chu Zhengyan!

In the morning, seeing the news that Tianzheng Group reappeared in Jiangcheng, he immediately held an emergency family meeting.

Why?

Because Tianzheng Group should not exist at all!

Chu shuran raised her head, and her body trembled. When she saw the pictures on the big screen, her beautiful eyes were completely widened, as if she had seen something strange.

The young man in that photo was like a hammer, which split her heart.

Isn't this the waiter of Yuhao club!

He is Ye Chen!

He is really Ye Chen!

How could he be ye Chen?

How did the Ye family waste become an ancient warrior!

That pair of cowardly eyes how to become the overlord on all people!

Chu Zhengyan didn't notice her daughter's expression at all, and continued: "the appearance of Tianzheng Group is not terrible. What's terrible is that Tianzheng Group is built on Qinghe group!"

"Zheng Jingming of Qinghe group died a few days ago! Why died? The police report was a fire accident. I thought so at first, but when I saw today's news! I have to think about it! This is likely to be the Revenge of Tianzheng Group! "

"Not only that, but there is one more thing that we may know better! That is the biggest force in Jiangcheng. Qingmen was destroyed by the police a few days ago! "

"Is that really the case? I tell you, definitely not! I learned from a friend that at that time, the police rushed to the headquarters of Qinghe group, which was full of bodies of hundreds of people! Several martial masters of Qingmen, including the master of Qingmen, all died miserably! "

"I can tell you that the establishment of Tianzheng Group is based on a pile of corpses!"

"All things we Chu family can not care about, but at present only care about one thing, who is behind the Tianzheng Group!"

The voice of Chu Zhengyan is very excited!

"Hum!"

At this moment, Chu shuran's brain is blank!

Her heart seems to be hit by an invisible fist!

Because this answer, she knows, is the Ye Chen that she called rubbish at that time!

Chapter 107

Chu Zhengyan seemed to notice that his daughter Chu shuran's face was a little wrong, and he said, "Shuran, what's wrong with you? one 's mind is somewhat unhinged? Didn't sleep well yesterday? "

"Dad, I'm fine..." Chu shuran reluctantly smiles.

"By the way, how could I forget that! It seems that ye Chen was interested in you at the beginning. It is said that he confessed to you in public and was rejected? You did the right thing back then! How can this kind of waste match our Chu family.

As for the present Tianzheng Group, my initial guess is that ye Chen is just a puppet. There should be someone behind him who is pushing the whole thing forward. To be exact, it is a team... "

In the middle of that, his phone rang, and he went straight to the side to answer a phone call.

A minute later, Chu Zhengyan came back with a smile and said to all humanity: "the matter has been found out. Behind Ye Chen is Shen Haihua of Beiming group. The whole management team of Tianzheng Group is built by Shen Haihua. However, I seem to remember that Shen Haihua did not have cancer before? How did you come back to life? "

"It seems that I am confused. I dare to take the name of Tianzheng Group I'd like to see how he opens tomorrow! If you look at the whole city, people with brains won't join us! "

At the same time, Zhujiang villa area.

Summer mother also knew the news of Tianzheng Group.

At the thought of what happened yesterday, she felt a lingering fear.

She asked Xia's family to investigate Ye Chen's movements in the past five years, but she didn't know why. After searching the database of Huaxia, even the dark network, there was no news from ye Chen.

In the past five years, ye Chen seems to have evaporated from the world.

At the moment, she looked at the materials of Tianzheng Group with interest and sneered: "Ye Chen, ye Chen, you are really ignorant. Do you think that if you step into the ancient martial arts and establish the Tianzheng Group, you can shake the status of my Xia family? You can't tell the ideal from the reality.

Even if you have Shen Haihua's help, even if your strength is very strong, what? My Xia family can destroy your dream as long as you move your fingers

"Xia Jun." Xia Mu suddenly called out.

A middle-aged man in a suit walked up to the summer mother and said respectfully, "madam, what can I do for you?"

Xia's mother threw the information in her hand to the garbage can, and then said coldly, "go to pass on a message. Tomorrow, when the Tianzheng Group of Jiangcheng is open for business, as long as it is a flower basket for Tianzheng Group, whether it is an enterprise or an individual, it is the enemy of our Xia family."

The middle-aged man's face completely changed.

Madam, this is to completely destroy an enterprise.

Such a resolute attitude is to push Tianzheng Group to the end.

Where the authority of the Xia family lies, who dares to support it? Maybe tomorrow morning, no one dares to step into Tianzheng Group.

At that time, it will be the coldest enterprise in history.

Even after the business development of Tianzheng Group, there must be no partner!

It's strange that an enterprise that has no allies will not die!

One morning, almost all the families and enterprises in Jiangcheng knew the news of Tianzheng Group.

At first, all the families and businesses held the attitude of going to the theatre, but at noon, things changed completely.

Because the person in charge of Xiashi financial group in Jiangnan province has made it clear that as long as they support Tianzheng Group tomorrow, whether they are enterprises or individuals, it means that they will be enemies with Xia's consortium. Any Xiashi group of enterprises, all cut off the cooperative relationship.

The appearance of this news set off a great disturbance in the whole Jiangcheng!

Behind Xia's consortia is Xia family in Jiangnan!

Obviously, the top families in Jiangnan Province want to ban Tianzheng Group!

Five years ago, Tianzheng Group was blocked by the big man in Beijing!

Five years later, Tianzheng Group was banned by Xia family in Jiangnan province!

Everyone sympathizes with Tianzheng Group and the sudden appearance of Ye Chen.

Ye Chen is just a lonely star!

In the evening, things got out of hand!

Because the Chu family, the first family in Jiangnan Province, issued the same statement to ban Tianzheng Group!

Then, the remaining three families in Jiangnan Province, Zhao family, Lu family and Wan family, all declared their position and banned Tianzheng Group!

Tomorrow, any enterprise and individual who dares to join Tianzheng Group will offend the four top families in Jiangcheng and Xiajia in Jiangnan province!

Not only that, it even affected Beiming group.

Beiming group was boycotted by the whole Jiangnan Province, and its share price fell sharply!

Direct drop limit!

Shen Haihua's property shrank by a third!

There are even a lot of entrepreneurs and individuals on the Internet to send microblogs to Tianzheng Group to get out of Jiangcheng!

For a while, Tianzheng Group became the most popular topic in Jiangcheng!

Some unknown gourd eaters are curious. As a newly established enterprise, Tianzheng Group has offended so many big men?

It's like a wall falling down and people pushing!

.....

At night, Tomson's top floor. Ye Chen has been practicing because of his good state.

The phone is off.

At 7 o'clock in the evening, a boot, ye Chen actually found more than 80 phone calls.

Sun Yi, Xia Ruoxue, Shen Haihua, ye Lingtian, bailibeng and others have called several, and even some are unknown numbers.

"What's the matter? Is the end of the world?"

Ye Chen just recited a sentence, Shen Haihua called again.

Ye Chen pressed the answer button. Shortly after, Shen Haihua's voice came from the other end of the phone:

"Mr. Ye, you have finally answered the phone!"

"What's the matter?"

"Mr. Ye, something big is going on! Xiajia and Jiangcheng four families in Jiangnan Province jointly declared to boycott Tianzheng Group! Not only will the opening tomorrow be affected, but also our business will be affected! Even the shares of Beiming group have fallen sharply! "

Ye Chen brows a frown, pour is did not expect summer if Snow's mother will secretly to a gun.

Boycott?

Don't want Tianzheng Group to live?

"Mr. Ye, why don't we open our business at another time? Tomorrow, there are not even any people who would like to send flowers. I planned to let a few friends join us. As a result, they didn't even answer my phone calls. There are already 300 enterprises in Jiangcheng who have announced on the official website to boycott us!

If it goes on like this, tomorrow, Tianzheng Group will become a joke of Jiangnan province and even the whole country! "

Ye Chen sneered: "change time? Why change time? If they boycott, let them boycott. At that time, the products of Tianzheng Group will not be qualified to use!

You send someone to do one thing, record all the boycott enterprises and family information, and then publish an announcement on our official website. These guys are not qualified to buy and use Tianzheng Group's products in the future! "

"We don't have any products now..." Shen Haihua was about to cry.

"Yes, I'll give it to you in the next few days."

"Time really doesn't change? Tomorrow will be miserable All waiting to see our jokes..." Shen Haihua struggled.

At the beginning, ye Chen assured him of the three conditions, and now none of them is moving!

How else to play?

If tomorrow comes to a miserable end, where will Shen Haihua's old face go.

Ye Chen's cold eyes looked out of the window, and his mouth showed a confident smile: "don't change, tomorrow! You've been working hard at this time, so have a rest early. I'll leave it to me next! Not only do I want Tianzheng Group to open business normally, but I also want to hit everyone in the face

Chapter 108

Hang up the phone, ye Chen directly to Zhu Rende and Nanjiang Wang returned a call.

It's all about tomorrow.

Ye Lingtian asks Ye Chen whether he needs to appear in person tomorrow, but he is rejected by Ye Chen.

The identity of the king of Nanjiang is too special. No one dares to provoke him in the whole Jiangnan province. It is enough for him to be in the dark at present.

A small Jiangcheng does not need him to show up.

During this period, he received another call, which surprised him was a strange voice.

The other end of the phone only asked: is Mr. Ye's Tianzheng Group open tomorrow?

Ye Chen answered an en, the phone hung up.

Ye Chen didn't think much, and went back to Dadu apartment directly. The two girls almost blew her up on the phone. It's better to explain some things in person.

When the door opened, she found Xia Ruoxue sitting there, gazing at him with interesting eyes.

"Back?"

"Well."

"Are you really responsible for Tianzheng Group?" Summer if snow stands up, comes to Ye Chen's front to ask softly.

Ye Chen nodded and admitted.

Xia Ruoxue bit her lips, hesitated for a long time, and then said, "I'm sorry, I apologize for my mother's behavior. I didn't expect that she used Xia's family to threaten Tianzheng Group I called her several times and she didn't want to let go. I'm really sorry

Xia Ruoxue heart incomparable remorse, in the know Xia family inserts in, she directly in the telephone and summer mother quarrel.

Xia's mother has only one request. As long as Xia Ruoxue is willing to go back to the Xia family, she can immediately withdraw everything!

at that moment, she really wanted to promise her mother, but when she thought that she would only return to the Xia family, she could not come out.

She was scared and she shrank.

Ye Chen looked at Xia Ruoxue's remorse and joked: "this is not what you did. What do you feel guilty about? If you really feel guilty, why don't you kiss me and give me some comfort... "

Words have not finished, summer if Snow's body came up, fragrant, that sexy water moist red lips directly kiss on Ye Chen's cheek.

"Now, are you satisfied?" The voice is soft and sexy.

Ye Chen didn't expect that the cool and proud Xia Ruoxue would kiss himself.

He was just playing a joke just now, in order to ease the atmosphere.

The girl took it seriously?

He touched his cheek, then looked at Xia Ruoxue, whose face was slightly red and his head was low. He said, "if I said, I didn't pay attention to your mother at all, do you believe it?"

Xia Ruoxue shakes his head, why is Ye Chen so stubborn? At this point, is it necessary?

"Ye Chen, if you push the time, you don't have to open tomorrow. You can do the same when the storm over."

Ye Chen ignored Xia Ruoxue and went back to the room directly.

Only Xia Ruoxue is left in the living room. She looks at the closed door and sighs: "Ye Chen, I don't know where your confidence comes from? There is only a dead end to fighting against the Xia family. "

.....

The next morning at 8 o'clock.

The red carpet was spread on the gate of Tianzheng Group, and the decoration was also quite festive.

Shen Haihua was standing at the door, his face was a little wrong.

There are many people standing outside, but these people have no intention to come in and support the stage. They are obviously coming to see the play!

He looked at the time and found that ye Chen had not come. This is to make a scene like that!

This company is his! If the legal person doesn't come, let him be an outsider. This is too much.

If ye Chen had not saved him and promised him three conditions, he would not have done any Tianzheng Group to kill him!

To return to think, Shen Haihua is still very responsible, arrange a few front desk beauty to send flyers at the intersection, try to pull down the popularity.

But for more than ten minutes, no one took a list.

Tianzheng Group seems to be disliked by the world.

After a while, a list was finally sent out.

It's a middle-aged man in a suit.

The middle-aged man took the flyer and walked towards Shen Haihua.

Shen Haihua naturally noticed the middle-aged man with a trace of excitement on his face. He quickly put out his hand with a smile and said, "you Cheng! Ha ha, I knew you would sell me face. "

Zhao Youcheng, the middle-aged man, is the founder of Xintian group. I have been with Shen Haihua for more than ten years. During the financial crisis in 2008, the two people helped each other to survive. Therefore, the friendship was very deep. In Shen Haihua's opinion, the other side undoubtedly came to support the scene.

"Pa!"

When Shen Haihua's hand was about to be held together with Zhao Youcheng, an accident happened. Zhao Youcheng directly took the flyer and opened Shen Haihua's hand.

It's disgusting.

This is Shen Mengcheng

Zhao Youcheng sighed: "Haihua, you've been a brother for so many years. I advise you to close down. Your group's stock has fallen to the limit. Why do you still help that ye family waste? Tianzheng Group's cheese, you are not qualified to touch this level. "As soon as Shen Haihua wanted to speak, he noticed that ye Chen in a suit had come slowly. He suppressed his anger and went to meet Ye Chen: "Mr. Ye, you are here at last."

Ye Chen patted Shen Haihua on the shoulder: "hard work."

"Mr. Ye, it's not hard."

When Zhao Youcheng heard Shen Haihua's address to Ye Chen, he frowned: "Shen Haihua, are you sick and stupid and respect a waste so much?"

Shen Haihua could no longer restrain his anger. Turning around, he pointed to Zhao Youcheng and said, "Zhao Youcheng! If you are here today, I'd like to thank you from the bottom of my heart! If you're talking sarcastic, get out! Roll as far as you can! "

"Shen Haihua, I'm kind enough to persuade you, so you talk to me! Xiajia and Jiangcheng four families in Jiangnan province have banned Tianzheng Group. Who dares to support you! This attitude of yours is no doubt destroying you! I'd like to give you one last word of advice. Make a clear distinction between Tianzheng Group and the Ye family's rubbish. Otherwise, you don't know how to die at that time! "

Zhao Youcheng's face turned red! He really can't understand what kind of ecstasy this ye family waste gave Shen Haihua!

"Shen Haihua, and! If you don't regret it again, we have cooperated in those three projects this year, and all of them will be cancelled! "

This is undoubtedly a blow in the ointment.

Tianzheng Group is doomed to die. If Shen Haihua gets involved again, Beiming group will die too!

Shen Haihua directly called the security guard and roared at Zhao Youcheng: "Zhao Youcheng, get the hell out of here! I can see you clearly! If you lift it, you can get rid of it. I'm not short of one billion! Go away

Zhao Youcheng saw the security guard coming, he snorted coldly and left.

After a while, he came to a girl.

"Miss Chu, it's about nine o'clock soon. It's estimated that none of the big and small enterprises in Jiangcheng, as well as the people with status, will not be involved in it. Whoever gets involved will seek death..."

Chu shuran holds her chest in her hands and her chin is lifted. She looks at Ye Chen in the distance with great interest and murmurs: "Ye Chen, ye Chen, waste is waste after all. Today, I want to see how you can make Tianzheng Group this pair of mortal chess."

Chapter 109

At the same time, there is a courtyard in Jiangcheng.

An old man in a Zhongshan suit finished a set of fists in the yard, with some sweat on his forehead.

The old man is the old chief who was rescued by Ye Chen that day, Zhou Zhengde!

He is also the patriarch of Zhou family in Jiangnan province!

There are eight families in Jiangnan Province, each has its own merits, and Zhou family is one of them!

If the Xia family in Jiangnan province controls the economic lifeline, then the Zhou family controls the power lifeline!

There were three people standing not far from the yard! Watching the old chief punch.

One is Zhou Zhengde's son, Zhou Fulu.

Because of the old chief officer's relationship, Zhou Fulu held an important position in Jiangnan province! Special identity!

The other two are Jiang Cheng's power No. 1 and No. 2! (secretary and mayor)

although they didn't fight at the moment, they didn't know why there was a little sweat on their foreheads.

After Zhou Zhengde, the old chief, finished a set of fists, someone brought a towel and wanted to wipe it gently for him.

"I'll do it myself!"

The old chief took the towel directly, wiped off the sweat on his forehead, and then walked in the direction of the three.

"Chief..." The two men said cautiously.

"Dad, it's almost time. Tianzheng Group is about to open its business..." Zhou Fulu reminded.

Zhou Zhengde nodded and took a look at the two humanitarians in front of him: "those families in your jurisdiction are so powerful that they dare to block an enterprise directly! I wonder what happened to Tianzheng Group? "

"No There is nothing wrong with We must find a way to remedy it... "

Jiangcheng's rights No. 1 and No. 2, never thought that the old leader had grown up and called them to come early in the morning, actually for the sake of the Zhenggang group!

Tianzheng Group was blocked by those families. What's the matter with them!

They are really going to cry!

The key who knows that the person standing behind Tianzheng Group is the old chief!

Zhou Zhengde snorted coldly and directly threw the towel out: "remedy! Since we want to remedy it, what are we still doing here! Tianzheng Group opens at 9 o'clock! I hope to see your remedies! "

The two men were stunned and ran out of the yard. They soon disappeared into Zhou Zhengde's sight.

"Dad, is Ye Chen really worth it? If we support Tianzheng Group, it means that the relationship with Xia family is broken. " Zhou Fulu said.

Zhou Zhengde's eyes narrowed slightly, and his turbid eyes seemed to have a trace of light.

"Fulu, your position in Jiangnan province is not low. How can you not improve your skills? You had a discussion with him in the hospital that day. His strength is a martial arts master, right?"

"Dad, that's right."

Zhou Zhengde continued: "you have witnessed his martial arts strength, and I have witnessed his unpredictable medical skills, which is even more terrible than the master! It's not easy for a genius to practice both medicine and martial arts! If we don't stand in line today, we won't be qualified to stand in line in the future! "

"What's the matter of breaking up with the Xia family? Are they still ready to deal with my Zhou family? Since ancient times, businessmen have been unable to play with those in power! Do you understand? "

"I see."

"Is your basket ready?"

"Ready, in the car."

"Good! Let's go now! This may be the most important day to change the pattern of our Zhou family! "

.....

Tianzheng Group, 9:00 a.m.

Ye Chen and Shen Haihua and others were standing at the door, but no one came.

There are several media outside ready to report!

The title has been worked out.

The words are even more insulting.

[Tianzheng Group may be the earliest enterprise that died in Jiangcheng history]

[Tianzheng Group has opened a cold business, and no one has sent a decent flower basket]

[Jiangcheng's history of humiliation, unveiling Tianzheng Group's veil]

standing outside, Zhao Youcheng sneered and said to Chu shuran: "Miss Chu, we don't need to waste time here, No People will come... "

Chu shuran nodded. The morning in Jiangcheng was a little cold. She didn't want to stay. She just wanted to see ye Chen make a fool of herself.

Now it seems that there is no need to read. The newspapers in the evening must be scandals of today's Tianzheng Group.

Just as she was about to turn away, she saw two beautiful figures in the distance.

Each of them had a flower basket in their hands.

Xia Ruoxue and Sun Yi!

"Why are they here? To support Tianzheng Group

The appearance of the two beauties changed the surrounding atmosphere.

These two beauties walking on the red carpet are undoubtedly stars!

This temperament! This look! This figure! Jiangcheng can't find the third one!

There was a lot of noise coming from the crowd, and the reporters were even more crazy to capture.

This is definitely a hot news topic! Xia Ruoxue and Sun Yi put the opening flower basket on both sides of the gate of Tianzheng building, then blinked at Ye Chen.

"Xiaochenzi, are you very moved? I'm risking my dismissal to help you. If I'm fired, you can support me. "
Sun Yi smiles like a flower.

Now Huamei group has been accepted by Xia family, so she is undoubtedly contradicting Xia family, and her position will not be guaranteed.

Ye Chen laughed: "xiaoyizi, you are so good to me, I can only make a promise by myself, and Tianzheng Group is short of people, all positions are optional! The annual salary is ten times of what you are now

Sun Yibai glanced at Ye Chen and stood quietly beside him. She knows Ye Chen must be under great pressure now.

But what's the significance of her and Xia Ruoxue's support.

"Who wants you to make a promise, huh?" Sun Yi said.

Xia Ruoxue also looked at Ye Chen: "I'm curious, but you don't have a trace of panic on your face. Is there any Assassin's mace?"

Ye Chen just wanted to talk, and suddenly there was a noise in the crowd!

See a long Maybach slowly stop!

Two bodyguards with strong breath get out of the car and open the door.

The next second, a hunchback man in a suit came down!

When this man appears, the whole world seems to be quiet!

Dead silence!

Because this man is the helmsman behind Yuhao club!

Famous rudder master!

Jiangcheng who doesn't know this man!

If you want to be the top figure in Jiangcheng and control the real resources and contacts, you must become a member of Yuhao club!

You have to get this man's nod!

Countless Jiangcheng's big families and entrepreneurs should respectfully call out the rudder master when they see this man!

Even many of the dandies who came to the theatre knelt and licked the hunchback man!

Even more bizarre things appear, the man who controls the top resources is holding a flower basket!

Even on the red carpet!

Step by step towards Tianzheng Group!

"Sleeping trough! What the hell is this

"How can the rudder Lord send flowers to Tianzheng Group?"

All people look at Tianzheng Group again. Their eyes are widened to the extreme. They are shocked in fear and surprised in fear!

The blockade of the four families in Jiangcheng?

Stop the fart!

You should try to block Yuhao club!

The resources controlled by rudder Lord are enough to kill 100% of the enterprises in Jiangcheng!

In addition to the rights of Jiangcheng No. 1 and No. 2, who dares to touch this man's mold!

Chapter 110

Tianzheng Group.

When the rudder Lord appeared, Shen Haihua was confused.

I'm totally confused.

He had been in the upper class of Jiangcheng ten years ago, and naturally knew who the hunchback man was coming to them!

In recent years, he wanted to be a member of Yuhao club for countless times, but he got only one reply!

He's not qualified at all!

But now, the helmsman behind Yuhao Club appears!

He also personally sent flower baskets to Tianzheng Group, which is more weird than comet hitting the earth!

Of course, the rudder master can't look at Shen Haihua's face! It must be Mr. Ye!

But he knew that ye Chen was a bull, but he didn't know ye Chen was so strong!

The rudder master put down the flower basket and came to Ye Chen. He arched his hands and said, "the hall Congratulations, Mr. Ye! In the future, Tianzheng Group will surely have a lot of money and fortune!"

Ye Chen nods, light way: "thank."

Rudder master quickly waved his hand: "should be, should be."

With that, he stood behind in silence.

A man who should have stood in position C actually chose to stand behind Ye Chen.

See this scene, summer such as snow beautiful Mou is full of accident and shock.

She knows more or less about the identity of the rudder master. The head of the family in Jiangcheng should bow and bow to thank him when he saw such a big man. However, ye Chen did not have any fluctuation in the whole process. On the contrary, he was cautious! It even makes people feel that the rudder master is looking at Ye Chen's face.

How could it be!

She stares at Ye Chen and finds that this man is far from simple.

Isn't this guy an ordinary guy?

.....

"How the hell could this be..."

Zhao Youcheng's brain in the crowd is blank, and he doesn't know what to say.

What's the status of rudder master! How can I send flowers to Tianzheng Group in person!

"Miss Chu, is there the helmsman of Yuhao Club standing behind Tianzheng Group?" Zhao Youcheng looks at Chu shuran, and his voice trembles.

If this is the case, he and Shen Haihua quarrel, no doubt is looking for death!

Rudder's contacts destroy him every minute!

Chu shuran finally wakes up from the shock. She thinks that ye Chen seems to be working as a waiter in Yuhao club.

Although I don't understand why the rudder master did this, there is such a relationship in it, and it can be explained easily.

"Ye Chen, the legal person of Tianzheng Group, used to be an employee of rudder master. It should be normal for the boss to come to see the employees..."

Chu shuran farfetched said, in fact, she did not believe.

"I see." Zhao Youcheng nodded thoughtfully. "I don't think that Tianzheng Group and rudder master have much to do with it..."

Before he finished, two more cars came!

The car is an Audi A6, which can't be compared with the Maybach of rudder master.

But when he saw the license plates of those two cars, the whole person was shocked!

This is the license plate of Jiangcheng Municipal Committee!

And it's the exclusive car of Jiangcheng Quanquan No.1 and No.2!

"No way It can't be There seems to be a meeting in the province today... "

He rubbed his eyes, the car had stopped, two middle-aged men in suits stepped out of the car!

When he saw the faces of the two men, ten thousand grass mud horses flew by in Zhao Youcheng's heart!

It's really two men who control the top power in Jiangcheng!

Any decision and attitude of them is related to the development of the whole Jiangcheng!

Now it appears in the opening ceremony of Tianzheng Group!

"Sleeping trough! Who can explain it? "

More terrifying things appeared, these two big figures took a flower basket from the Secretary's hand, and walked towards the Tianzheng Group quickly!

"Miss Chu, why are those two here..." Zhao Youcheng's voice trembled.

Chu shuran clenched her fist tightly and said in a cold voice, "you ask me, I ask who!"

The appearance of the two leading groups made those reporters crazy in an instant!

The crowd exploded!

The signal is too elusive.

Those who have published vulgar headlines called the editor in chief to withdraw the report!

Because this matter is not only related to Tianzheng Group, but also involves two top powers. Who dares to discredit Tianzheng Group!

Die!

Before everyone can relax, two more cars have been driven in the distance!

When you see the two cars, everyone's heart seems to hang up!

A strong sense of depression around the whole body!

Breathing almost stopped!

I dare not breathe!

The hands of those photographers in the crowd seemed to have lost consciousness!

Forget to press the shutter!

The periphery of the whole Tianzheng Group seems to be like a mound of graves, falling into silence! A reporter and those family children and entrepreneurs who watch the good plays are petrified on the spot! Big eyes! Like sculpture!

What did they see?

It's two camouflage green military vehicles!

Some knowledgeable people, eyes slowly down, fell on the white license plate.

Because the first two letters of the license plate can show the place of ownership.

The first letter is location and the second letter is department.

When they saw the letters of the two military vehicles, all kinds of waves set off in their hearts!

Southwest field troops!

The field forces are the forces that undertake the main combat tasks and cross regional combat tasks in China!

The existence of cattle!

The military vehicle slowly stopped and a man in military uniform came down!

Go straight to Ye Chen of Tianzheng Group!

Sleeping trough!

The crowd outside is completely blown up! Crazy!

"What the hell is Tianzheng Group?"

"How come the people from the military district are coming too!"

"It's OK to understand that the leading group of Jiangcheng has come to send flowers, but the people from the military area command are too much force! How can we play with it? "

All the people who watch the good play of Tianzheng Group are pale to the extreme!

The expression was so embarrassed that it was like eating shit!

"Miss Chu..."

Zhao Youcheng inside that shirt is all wet! Even the outermost suit is wet!

His legs were weak and he almost fell to the ground!

He is a businessman. He knows what a successful enterprise can see in China!

Don't look at the product, just look at the background!

What stands behind Tianzheng Group?

The helmsman of the top networking club!

No.1 and No.2 leaders of Jiangcheng!

Now it's about the military again!

Who dares to move Tianzheng Group?

The four big families in Jiangcheng are very good? But under the absolute power and background, the four families are nothing!

"Miss Chu, what about Tianzheng Group..."

"Shut up!"

Chu shuran roared wildly.

She stares at the distant Ye Chen's indifferent face, and her nails have fallen into the flesh! It's bleeding!

She thought it was to see ye Chen make a fool of herself!

But I didn't expect to make a fool of myself!

The key is how the waste of five years ago can make these big people come to join us!

What qualifications does he have!

He lost the Ye family, should only be more miserable, but why now everything is developing in the opposite direction!

Why!

Who can tell her why!

"Miss Chu..." Zhao Youcheng's eyes are dead staring at a direction, fear way.

"I told you to shut up!"

Chu shuran is completely angry. She is like a crazy woman, and she scatters all her anger on Zhao Youcheng.

But Zhao Youcheng didn't respond at all. He held out his finger outside and said in horror, "here comes the car again..."
