

Physician 1011

Chapter 1011

Ye Luo'er seemed to hear Ji Siqing's voice and opened his eyes with difficulty: "Mr. Ye, don't send me out. I can bear it. The master said that the people of the blood spirit clan destroyed my parents. I want to meet these people and I want to revenge."

Ye Chen's answer is somewhat ironic. He can't Tell ye Luo'er that the blood of the blood spirit clan is hidden in your body.

In other words, your real parents are from the blood spirit clan!

Ye Luo Er stands up, takes away Ye Chen's finger, the face is more and more pale, she step by step stubborn walked out!

But before three steps, the whole body was wet.

She has too much power to bear!

Ye Chen really can't bear, just want to persuade what, the distance suddenly spread a voice: "temple Lord!"

Hearing this sound, ye Chen is too familiar!

Ye Lingtian!

He fiercely turns around, is to discover ye Lingtian and Mo Ning gallop to come.

A few seconds later, ye Lingtian came to Ye Chen's front, knelt down directly and said excitedly, "see the hall master!"

Ji Siqing didn't think much when he heard the word "master of the temple". He was just curious about ye Shitian's identity.

She doesn't know ye Chen's identity as a temple master in the secular world.

Again, he can feel the strength of Lingye!

"Get up quickly."

Then, ye Chen's eyes fell on moning's body, and they nodded, but there was no more to say.

Ye Lingtian can feel Ye Chen's deliberate low voice. He frowns. When he notices Ji Siqing, he instantly understands it.

"Master of the temple, Miss Mo has made me stronger this time. When I enter the realm of Daoyuan, I will be able to cut off everything for him!"

Ye Chen and ye Lingtian are chatting, but Ji Siqing's eyes are staring at Mo Ning.

Naturally, she knew Monin's identity.

People of Mo family in ancient times.

No matter the appearance or talent, they are equal to themselves.

For some reason, she felt a sense of crisis.

At the thought of it, she shook her head and felt ridiculous.

How could she have a sense of crisis to a woman who did not like ye Shitian.

At best, it's about appreciation.

Mo Ningmei eyes also with a trace of hostility fell on Ji Siqing.

Her mood had changed a long time ago.

Now she is mo Ning'er, a great power in ancient times, and Mo's 20-year-old girl.

She had no possibility with the reincarnation tomb owner, but now that she is moning, what is impossible?

The key is that she's ahead of anyone else.

She knows Ye Chen is under the mask of Ye Shitian, and she knows what kind of road Ye Chen will take in the future!

No woman in this world is worthy of reincarnation.

There was a strong smell of gunpowder in the air.

Ye Chen naturally feels the second daughter's reaction. He is helpless. He just wants to speak. He hears a plop and goes along with the sound. He sees ye Luo'er fall on the ground again.

Ye Chen just want to help, but did not expect, the figure of red dress floats by.

Monin was the first to come to Ye Luo Er's side.

Ye Chen thought that Mo Ning wanted to help, but he didn't expect that Mo Ning directly crossed ye Luo'er's arm and took out a drop of blood.

Suspended in the palm of your hand.

Monin closed his eyes, felt the blood in the palm of his hand, and frowned.

"Moning, can you help Luo'er? She has a strong ability to absorb the aura here, but she can't bear it!"

Ye Chen Dao.

Mo Ning opened his eyes and took a deep look at Ye Chen: "are you sure you want to save her?"

Ye Chen nods.

Moning did not help, but stood up and went to a jungle: "you come with me, I have something to say to you."

Ye Chen some doubts, but still follow up.

Soon, ye Chen and moning are behind the jungle.

Moning is a gathering array, the dialogue between the two people, no one can detect.

After all this, Mo Ning began to say, "tomb owner, you should know the identity of the girl."

"If you don't know, I will tell you that the blood flowing on this person comes from the blood spirit clan! You should know how many powerful people of Kunlun Xu have been killed by the people of Xueling clan. If I were you, I would choose to kill her. "

"If there is no blood spirit clan, my noumenon will not be trapped, and those great powers will not be reduced here! Don't you think you're following a tiger

"Goodness will rob your mind! Tomb owner, if you can't do it, I will. "

At the moment, moning's voice is cold, with a trace of killing.

"No need."

Ye Chen opens a way directly, his attitude is unusual firm.

"Moning, ye Luo'er didn't know that she was a member of the blood spirit clan. She came here to kill the blood spirit people." "You don't know her, but I do. She won't do it to me. She'll help me. "

"Even if she finally knows the truth, I believe she will be on my side."

"What's more, master Xue Qiye didn't reject ye Luo'er. On the contrary, master Xue once told me that this girl might be the key for me to fight against the blood spirit clan."

Mo Ning looks at Ye Chen's firm appearance, killing intention subsides.

She couldn't influence the owner's thoughts.

The only thing she could do was to protect the owner.

"Curtain master, since you insist on this, I will not kill her, but if she does anything harmful to you, I promise that before she grows up, I will let her enjoy endless torture!"

.....

Two people return to the original place, Mo Ning comes to the pale Ye Luo Er body, the finger pinches the Jue, the technique displays the palm.

A light of reincarnation.

Then, moning is the palm of the hand that dazzling light hit Ye Luo Er's eyebrow.

Ye Luo'er's pale face instantly recovers ruddy, is opens the eye!

"Thank you..."

Although Ye Luo Er does not know what happened, it is obvious that the woman in front of him saved him.

"Don't thank me. If it wasn't for that guy, I wouldn't have saved you."

Finish saying, Mo Ning is to throw out a primitive and simple secret book.

"From today on, don't practice anything else, just practice the skills in this secret script. It's more suitable for you!"

This secret script is obtained by Mo Ning in the hands of the strong people of the Xueling clan. Ye Luo'er has the blood of the blood spirit family, so it is suitable for this.

"Thank you, Mr. Ye..."

Ye Luo'er's ambiguous way.

She is not stupid, knowing that this woman has given her the chance is totally on the face of Ye Chen.

Moreover, her body now seems to have a stronger ability to bear the aura of the outside world.

Ye Chen see everything done, then to Mo Ning way: "next how to do, you should know where the blood spirit clan people are."

Mo Ning nodded. Suddenly, her eyes shrank, she noticed something, and her mouth outlined a smile: "but below the eyes, we don't need to find those blood spirit people, because some people have already delivered to the door. But they don't know who the real prey is

Chapter 1012

After the sacrifice, Mo Ning had a bloody sword!

Long sword condenses a sword meaning, directly chop!

In a flash, all the giant trees in one direction turn into powder.

Form a direct and open way!

At the end of the open road, it is an old man.

The old man was leaning on a crutch, his body was bent, and he was in a black robe. He could hardly see his eyes clearly.

The only thing you can see is the light blood.

"It was discovered. It's interesting, girl in red. I wonder why you can find me. I feel a familiar feeling from you."

"And I wonder if you killed my companion."

The old voice came, extremely cold.

He's angry!

Incomparable anger!

He was in charge of the west, but he didn't expect to feel a few breath just after he fell down!

He knows very well that these people are outsiders!

Must not hesitate to kill people!

He wanted to communicate with other people for the first time, but he didn't expect to be found by this group of people!

Damn it!

At present, he does not care about everything, he is not like old six, he was killed easily!

His strength far surpasses old six!

There are only six old people in the blood spirit secret place. With the passage of time and time, the six people will become brothers.

Strength ranks from high to low.

He is the fifth of the six, so others call him the fifth.

The crutches in the hands of the fifth member of the blood spirit clan were torn apart in an instant, and the sawdust flew horizontally. It turned into a silver spirit stick.

The spirit stick is flowing with fierce blood, as if it can cover everything!

His black robe was taken off, revealing a somewhat ferocious face.

"Can't you hear me when I ask you?"

The sound of his roar was resounding, and the sound waves turned into a series of air waves, which roared towards the people.

Mo Ning snorted coldly and didn't care: "what if I killed you? I not only want to kill your companion, but also kill all the remaining evils of the blood spirit clan today!"

Hearing this sentence, the fifth of the blood spirit clan was completely angry!

"Hum! When you are 20 years old and enter the realm of emperor's respect, is that your strength? I hope you are still qualified to say that later! "

The fifth member of the Xueling clan disappeared.

Between the sky and the earth, it was so dim that a raging light swept over!

Suddenly, the fifth of the blood spirit clan appeared behind moning.

The spirit stick in the hand suddenly split, this blow, as if tearing the sky!

The air is frozen by the spirit of blood.

Everything seems to slow down in the eyes of the fifth blood spirit clan.

His eyes were ferocious and bloody.

One stick is going to hit Monin's head.

Moning suddenly stretched out his slender hand and grasped the stick directly.

"Bang!"

The ground under Monin's feet was torn instantly! Dust rolling!

But there was no dust on Monin.

"That's your strength. In my opinion, it's nothing more than that."

Mo Ning sneers repeatedly, the arm is even more a turn, and then a fierce punch hit the blood spirit family old five's chest!

The fifth of the blood spirit clan obviously didn't expect that the girl's strength would not lose him. His face changed slightly and he stepped back. At the same time, he met him with one hand.

The two forces collided.

Instant separation!

Moning stepped back three steps, and the fifth member of Xueling clan stepped back five steps!

The latter is a big change in face!

"Who are you in the end and why do you have ancient skills! And the strength in your body doesn't belong to a woman of twenty! You You are the strong to take over! Mean

The old five of Xueling clan screamed out!

The slightest slight in his heart was also subdued.

Moning laughed: "the strong take the house? Ridiculous! This is my body

"In ancient times, you brutes trapped me. Today, I will let you disappear from the world!"

Hearing this, the fifth of Xueling family suddenly thought of something!

In front of the girl in red is actually a separate body!

And it is also a part of those ancient powers trapped by the blood spirit clan!

"Damn it!"

He no longer hesitated, his breath changed completely.

What's more, he took out a piece of bloody jade pendant.

The jade pendant was held in the palm of my hand It broke with a sound.

The whole body is full of light!

His breath is rising!

This is his unique technique!

Not only that, the aura of heaven and earth around has changed, crazy toward the body of the fifth blood spirit clan! It's like a piece of armor on the surface of the body!

"You are qualified to let me sacrifice this Taoist method."

"If I'm outside, I may not be able to bear you, but here, we blood spirit people control everything here! Everything can be used by us! I'll kill you, easy! "

"Die!"

The sound wave rushed into people's minds, straight into the Lingtai, shaking the spirits.

The stick went straight out!

The whole world is silent in the bright brilliance, endless killing intention and the air waves all over the sky. Everyone can't help holding their breath!

Moning naturally felt the danger. She had faced an old man of the blood spirit clan before, but now she still has some injuries. At this moment, the change of the fifth blood spirit clan is likely to cause a fatal blow to her!

She quickly pinched the code with her fingers, and the red sword around her flew out!

The sword is blooming at this moment!

She forced out a drop of blood essence, but also all the strength into it!

A sword and a stick are about to collide!

Time, this moment seems to stop passing.

Space, as if solidified into eternity!

Boom

As if experienced countless long years, finally, the two severely collided together.

It's like a star collision, like a volcanic eruption.

After a brief silence, the world is boiling.

Bursts of roar came, and the world was shaking.

The whole earth trembled violently and the ground cracked. All around the border, in the middle of shaking, produce a crack.

"Such a strong fight! This power is far beyond the early days of emperor Zun! Is this the strength of Monin now? "

Ye Chen thought. His body seemed to be boiling with blood!

Ji Siqing also clenched her fist, which is the strength she longed for, and she must break through as soon as possible!!

Only by stepping into the realm of emperor's respect can we have the initiative!

Chapter 1013

Finally, I don't know how long it took. In those two crazy roars, the spirit stick of the fifth blood spirit clan was still stronger after all.

Moning's sword light broke and the army was destroyed.

Pooh hee

In a burst of shouts, but see Mo Ning body suddenly a shock, between the mouth spurt a mouthful of blood, the whole person was blown upside down to fly out.

The whole body skeleton seems to be broken, endless blood fog, into blood rain!

The whole world seems to be silent in the bright red.

Bang

Full fly down dozens of meters, moning this just hit the edge, the whole person has already been transformed into blood man!

Gasping, soul concussion, at the moment of moning, consciousness even began to blur.

She tried to stand up, but found it difficult.

She stares at the fifth of the blood spirit clan.

The fifth of the blood spirit clan is also hard to bear. His body is also smashed and flies out, with sword marks on his body!

Fortunately, the fifth member of the blood spirit clan has the armor made of aura.

It's blocking most of it.

He laughed darkly: "originally thought that this blow can easily kill you, now it seems that you are really tenacious. The power that I just burst out is almost as strong as that in the middle period of emperor's dignity, which can't be resisted by the strong in general. "

"But you will die soon! Ha ha ha

Coldly looking at Mo Ning lying on the ground in the distance, the fifth face of the blood spirit family is almost crazy.

How long, the resentment in the heart, this moment, seems to get vent. The anger in my heart seems to be erupting.

"Since you don't have the strength to fight again, that's it!"

Then, the wrist trembles, the spirit stick is held high, and the old five of the blood spirit family roars.

"Dong..."

The whole body Qi burst out, and the fifth member of the blood spirit clan disappeared again. This stick instantly turned into a long gun!

The spear is sharp and full of blood!

Once stabbed, you will die!

The whole world, for its shock.

At this moment, the sun and the moon make way for the spirit stick!

Between the world, who can defeat?

Monin, it's doomed!

Even at this moment, no one thought that Monin had the slightest hope.

In the light of the dragon and Phoenix, the fifth of the blood spirit family seems to see the scythe of death fall, and is about to take away moning's life.

"No..."

Ye Lingtian and others subconsciously exclaimed.

Ji Siqing wants to rush up and block them, but their way is blocked by the force of an array!

The surrounding area has long been turned into a boundary by the fifth member of the Xueling clan.

Monin was alone.

Death, it's moving towards her.

The strong breath came, and the cold of death began to spread!

"Did you ask me if you killed her?"

Seeing that the spear was about to penetrate into moning's body, a black light came through.

It's also a long gun!

The long spear is full of evil spirit!

The head of the gun is even more blue!

As if from the depths of the nine!

Jiuyou sky killing gun!

Ye Chen has long found that moning will be defeated.

Because the jade pendant broken by the fifth brother of Xueling clan is extremely strange.

This power even makes the samsara cemetery produce a trace of vibration!

It can even be said to be a limitation.

The power in Mo Ning's body comes from Mo Ning'er, and Mo Ning'er has something to do with reincarnation cemetery!

Bound to be limited!

He rushed into the boundary at the first time and offered Jiuyou sky killing gun!

He's not sure if he's strong enough!

But Monin can't have an accident!

"Bang!"

The whole body energy erupts, the body leaps up.

"Break it for me!"

Blood dragon, spirit rune, magic Qi, immortal fire, power of divine thunder!

Five forces blend together!

Jiuyou sky killing gun is powerful to the extreme!

"Boom!"

Two guns collide!

This time, the veins of Ye Chen didn't move, and the momentum of the whole body broke out like a flame! Burning!

But the old five of the blood spirit clan, who was injured, felt a terrible force coming through!

In the next second, the spear made of his spirit stick was twisted and deformed directly!

CLICK!

The bone of his right hand was broken directly! It's blood flowing out!

"No way! The power! You are a demon

"The demon clan has long disappeared in Kunlun void, you Who the hell are you? "

There is a reason for the fifth brother of the blood spirit clan to lose color. If we really want to say that Kunlun Xuzhong makes them fear the power of the blood spirit clan.

Only demons.

The demons communicate with each other and connect the hell.It's the darkest power.

From blood.

This is a little close to the power of the blood spirit clan, even stronger!

If it wasn't for the demons who had fallen in ancient times, they would not have done anything to Kunlun! Not so unscrupulous!

Now see the devil people, he can not be surprised!

Ye Chen doesn't care what the other side thinks. He doesn't dare to be careless and steps out again!

Out of him.

There was a faint light on the whole body.

The injured Monin saw the light on the evil Qi, and his pupil shrank to the extreme.

"The light of reincarnation!"

"The tomb owner can take the initiative to gather the light of reincarnation! This... "

She can't believe it!

She was surprised!

Because the light of reincarnation can only be done with the help of reincarnation graveyard!

But now ye Chen's light of reincarnation is definitely not from the samsara cemetery!

It's like blood!

"Is the blood of the tomb owner awakened?"

Moning thought of this place, excited to the extreme!

But at the moment Ye Chen is serious to the extreme.

With the outbreak of the light of reincarnation, ye Chen's whole body momentum is raging, the whole border, under his momentum, crazy shaking.

"This is..."

"How could..."

"This boy This energy This momentum It's not just the magic Qi, but also the power of its origin... "

Ye Chen's sudden gust of momentum makes the fifth member of the blood spirit clan stare big.

This energy What a bully!

He was forced to suppress his breath?

This momentum Even let him feel afraid!

"Three unique guns, the third!"

However, he didn't give the fifth member of the Xueling clan a chance to breathe and think. After climbing to a peak, ye Chen has already made a move!

This light of reincarnation, how much time did ye Chen accumulate?

Now it's his explosion.

Boom

One shot makes the mountains and rivers change color.

The light of the sword falls and the sky splits.

When the sword blows out, the immortal and the devil yield.

This sword, like an aurora, divides the whole time and space!

The energy of the sword is enough to suffocate people.

At this moment, the whole world fell into a dead silence.

Chapter 1014

In the face of such power, the fifth of the blood spirit clan can only choose to stare.

His eyes are full of blood.

The panic seemed to be magnified infinitely

What did he perceive.

He also understood why the blood mist could cover the young man and could not check it!

At the same time control the existence of evil Qi and reincarnation light, this kind of demon talent, what is the heaven's qualification to check!

The key is how this kind of person was born in Kunlun Xu.

He wanted to run away, he wanted to tell the news, but the smell of death had come.

It was as if countless blades had cut his body.

It's bloody.

Wearing a mask Ye Chen step by step, like the God of war.

His eyes were bloody and cold.

Even the moment of gaze, it seems that the ancient great power looked down on the mole ants.

Ji Siqing naturally also found the change of Ye Chen. Her mouth was slightly open and her face was unbelievable.

She knows ye Shitian's special identity, but she doesn't know that ye Shitian can break out the strength that can match or even surpass the emperor's realm!

The key is how can a person have the power of so many elements?

"Ye Shitian, what kind of person are you?"

But at the moment, the fifth of the blood spirit clan feels that the meaning of the gun has come to me.

"No!"

He said in horror.

He yelled loudly, but he was drowned in a raging storm.

He couldn't help shaking.

Is this the origin of the young man?

He wanted to know what kind of face it was under the mask!

The fifth member of the blood spirit clan felt as if he were in a dream. He hoped it was a dream.

"Ah You don't want to kill me

He knew that he must resist or die!

He forced out a drop after drop of blood essence!

Countless blood essence gathered into a huge shield.

Bloody shield!

He's going to make the last fight!

"Go!"

Then, the blood essence erupted, and the fifth member of the Xueling clan used the essence blood to urge the life-saving magic weapon!

This is the best defense method that the fifth of Xueling clan can think of.

The last hope of the fifth blood spirit clan is all placed on this shield.

Boom

As a matter of fact, ye Chen's moves have fallen completely when the fifth means of Xueling clan have been exhausted.

Wow

Everything is gone by the gun.

When the meaning of the gun touches the bloody shield, it seems to turn into a long dragon and break through everything.

Irresistible!

"Click!"

Suddenly, there was a crack in the bloody shield!

Obviously, the wounded fifth of Xueling clan is not qualified to fight against Ye Chen even if he uses the life preserving technique!

The cracks on the bloody shield spread like cobwebs!

Finally, it disintegrates directly.

Jiuyou sky killing gun with the three unique spears, the killing intention of the third gun directly penetrates the body of the fifth Xueling family.

The old five of Xueling clan has big eyes. It's unbelievable!

He looked down and saw a huge blood hole in his chest.

The blood hole was expanding, and the sense of death enveloped his whole body.

He was in agony.

His eyes staring at Ye Chen: "no matter who you are, offend the blood spirit clan, you have only one way to die!"

"For thousands of years, the blood spirit clan will surely step down the whole Kunlun void in a year and a half!"

"What if you kill me! You are not qualified to face the rest of the people here

"My strength is only the weakest. If I meet the boss, I can guarantee that your strength is weak!"

Ye Chen coldly looks at the blood spirit clan old five, shakes his head: "you nonsense too much."

Nine you kill the sky gun to sacrifice again, instantly tore the other side's body.

It's also turned into a spatter of flesh and blood, shocking.

At the same time, a very small crystal stone fell from the fifth of Xueling family.

There is a bright light on the crystal.

Ye Chen five fingers a grip, that crystal will fly to his palm.

Although it is small, ye Chen can feel the energy inside.

Extremely rich.

"What is this, and why is the energy so familiar?"

When ye Chen murmured, a red figure came over.

Monin.

Mourning's face was pale, and his injuries were obvious: "Tomb master."

Ye Chen Mou son shrinks, connect busy way: "how do you feel, need to find a place to heal and rest?"

Mo Ning shook his head: "no, if it wasn't for that guy who limited my power with his skills, I wouldn't be in such a mess. However, from the point of view of people's means, this group of strong people of blood spirit clan is far from as simple as imagined. I had a fight here a few days ago. Although I hurt the other party, I also felt bad." "I thought the strength I was facing was the strongest in this group of blood spirits. Now it seems that it is far from being comparable."

"It's going to be harder. But the chance will be even greater, just like the stone in your hand. "

Ye Chen's eyes fell on the crystal and said curiously, "moning, do you know this thing?"

Mo Ning nodded: "the power in this is similar to the light of reincarnation in the tomb of samsara. Both belong to the original power, but the crystal is too small to play its full power."

"But even so, the power that it erupts is not something that can be countered by ordinary emperors."

"Tomb owner, you crush it and feel it slightly."

Ye Chen naturally did as he did. In an instant, the crystal turned into countless starlight and poured into Ye Chen's body.

Ye Chen feels his blood as if boiling up.

These stones are extremely suitable for their own blood.

Not only that, he even found that the sleeping blood had a sense of awakening.

It's just that the crystal has too little energy.

It can't activate the blood completely.

"Monin, I feel the blood in my body is different, just like..."

Before ye Chen finished his words, Mo Ning said: "Tomb master, do you forget the state just now? Do you think you can kill the strong one of the blood spirit clan with your present strength? Even I can't fight against it. You can't do it at all. "

Ye Chen shakes his head, the feeling just now is very delicate, he seems to be controlled in general.

As for the strength of the power, he could not say.

After killing the fifth member of Xueling clan, the feeling disappeared completely.

Mo Ning knows that ye Chen's blood has not yet recovered. As for the situation just now, it may be caused by Ye Chen's belief, or the blood vessel takes the initiative to protect the Lord.

There is a certain probability that the power has not yet reached the point of being used by Ye Chen arbitrarily.

If the blood is awakened, ye Chen can suppress these blood spirit ants by waving his hand.

"Tomb owner, if I'm not wrong, your power just came from the blood in your body, not from the blood dragon or the divine thunder, but from the blood vessels in your body. But now your blood has not fully recovered, but it has a trace of signs. What you have to do is to activate the blood vessels in your body step by step, which is more important than anything."

"A year and a half later, facing the real strong blood spirit clan, you are not qualified to fight with your current strength, unless your blood is opened! To have a chance! "

"So what we need to do now is to make your blood wake up as soon as possible."

Chapter 1015

Ye Chen, of course, wants blood to wake up more than anyone else, but it's not easy.

Blood seven night said he was what reincarnation blood, but was identified as the root of Kunlun deficiency.

If he could wake up, he would have.

He knew it was a difficult road.

Mo Ning seems to be aware of Ye Chen's doubts, and said: "in fact, it's not difficult. The abnormality in your body just now comes from those crystal stones, but the energy of this crystal is too small. If you find a bigger one, you may have a chance to wake up completely."

"Tomb owner, there are still four strong blood spirits left. I doubt that one of them must have mastered this power!"

"But the deeper you go, the greater the danger. Are you sure you want to go further?"

Moning's words were full of seriousness.

Ye Chen hesitated for a few seconds, then his hands were negative behind him and went towards the deep.

"Since these hands have the power to awaken my dormant blood, no matter what, I will get it!"

"Six of them died in just a few days. I'm afraid they are the ones to fear."

.....

At the same time, the central place and even the other three aspects of the blood spirit of the elderly feel a swing.

The six old people who lived in the secret place of blood spirit had formed some kind of connection for a long time.

But now the contact is interrupted, there is only one possibility!

There's something wrong with number five!

Four people's faces all changed greatly!

How long has it been? Old six and five fall directly!

An invisible sense of pressure hung over them.

It's like a demon coming!

The strong man of the blood spirit clan in the central place has his eyes on the west, and his eyes are filled with endless anger!

"It seems that these mole ants in kunlunxu really want to challenge my bottom line this time?"

"You really think you can kill all the blood spirit clan by killing people of my own clan!"

"Ridiculous!"

"Since you're going to play this game, I'm going to have to see who laughs last."

The old man of Xueling clan in the central place closed his eyes, and his momentum rose suddenly, holding a crystal stone in his hand.

The crystal stone is much bigger than the crystal stone in the fifth hand.

It also represents the real power of origin.

His eyes were cold, his fingers were pinching, and an ancient blood Rune was looming.

His fingers sprang out and pointed to the old rune.

The rune was broken in an instant, as if it had turned into stars and scattered wildly in all directions.

Finally, it was attached to the huge array around it.

There were waves in the upper stream of the array, and an old voice came from the vast nine sky.

The whole ground began to shake wildly!

I can see that the surrounding array boundary has begun to shrink!

Crazy contraction!

"I don't care where you are now, I believe that with this technique, you will eventually come to the central place! I want to see who has given you the courage to kill my man

The cold voice rang through the center in an instant.

At the same time, ye Chen, Ji Siqing, Mo Ning and others are also aware of the vibration around them.

Ye Lingtian in the back, the first to find what: "Hall master, look!"

People's eyes looked in one direction, and saw that the array boundary was surging with smoke and dust.

Like the roar of beasts!

Extremely strong!

Seeing this scene, ye Chen's eyes narrowed slightly: "Mo Ning, why does this array's boundary shrink so much at this moment? This has destroyed the ecology of the whole array. After all, the array is irreversible."

Moning's expression was extremely serious. She was not very interested in the rapid reduction of the array boundary. She looked at the central place and said, "I'm afraid the difference of this array is artificial. Someone will force us to gather together."

"It will save us a lot of money, and then we will be able to catch all of them!"

Ji Siqing's expression is also strange: "are those people of the blood spirit clan whose companions are dead, I'm afraid this matter will not end well."

Mo Ning nodded: "the person who can control such an array is probably the strongest among those people. We must be careful. This time, we may not be facing a strong blood spirit clan, but four!"

"And any of these four should not be underestimated."

"This is destined to be a fierce battle."

Ye Chen takes a look at the samsara cemetery. Blood is playing chess in it for seven nights. His left and right hands play chess with each other.

It seems to be indifferent to everything.

"Elder blood, can you do it for me in the face of those strong blood spirit people later?"

Ye Chen Dao.

But blood seven night just smile, did not answer Ye Chen's desire.

Ye Chen can only temporarily shelve this idea, this time, he is to fall on Xiao Huang's body.

Xiao Huang is so lazy that she is sleeping. Beside it lies a Xuanling fruit.

Xuanling fruit's effect, once let Xiaohuang take it, can have an evolution! Even have the qualification of transformation!

He has to gamble.

"Xiaohuang, take xuanlingguo immediately!"

Ye Chen hastens a way.

Xiao Huang, who is sleeping comfortably in the samsara cemetery, naturally hears Ye Chen's voice and opens her eyes. Her blue and red pupils are more and more charming.

Its eyes fell on Xuan lingguo's body and said excitedly, "are you sure?"

"Yes, sure!"

"Good!"

Xiaohuang is no nonsense. It has been waiting for this moment for too long.

After all, the xuanlingguo is Ye Chen's fight for it. Whether it can take it or not depends on Ye Chen's meaning.

And now ye Chen obviously gave it a clear answer.

Don't mention how excited he is!

No more nonsense, Xiaohuang grabs xuanlingguo and swallows it.

When it swallowed the Xuanling fruit, there was an extremely red light all over the body.

It's like being pulled by an invisible force.

Xiao Huang's expression is a little painful, but also sent out a startling roar!

The roar spread far and wide, and even xueqiye noticed something. The chess player's hand stopped for a moment, and the rest of the light glanced at it,

blood seven night showed a smile and continued to play chess.

"Xiao Huang, can you bear it?"

Ye Chen sees this scene, some worry, can only use consciousness communication.

The little yellow face was ferocious, the hair on his body began to change, and the whole body seemed to be blown, which was a bit huge.

The powerful pain almost made it miserable.

It reluctantly opened its eyes and said to Ye Chen, "you don't have to worry about me. Give me half an hour. I will go through and start the next evolution."

"This evolution, I don't know what kind of results will be, after all, xuanlingguo is too powerful."

"But I know one thing well, xuanlingguo can make me stronger! Strong enough to crush those guys out there

"The only thing you have to do is survive in those guys' hands until I come out, okay?"

Ye Chen didn't expect Xiao Huang to be so serious.

He takes back his consciousness and pays no attention to everything in the samsara cemetery.

Chapter 1016

At present, he must find a way to fight against the remaining four strong blood spirit clan.

Not just for your own blood.

For the secret behind the samsara cemetery.

At this time, the boundary is still shrinking, and there is less space for them to survive.

The thought of this game is to let Huaxia Yiye.

I just don't know what he has to face when he shrinks to the extreme.

.....

Ten minutes later.

Ye Chen and Ji Siqing and others finally stop.

They have come to a huge square.

The square rises from the ground and is five meters high.

It is extremely vast, and it is a huge circle.

Obviously, this is the place where the strong members of the blood spirit clan live.

"Go up."

Mo Ning looked at the meaning of the fierce array behind him, even busy way.

The crowd stepped out one step at a time, and the strength broke out at the foot, and finally landed steadily on the central square.

And that has been reduced array boundary, also completely stopped.

Everything is closed.

Obviously, that force is trying to force people here in the end.

"Pa Pa Pa Pa Pa!"

All of a sudden, a round of applause broke out in the central square.

I saw a fairy old man staring at them with interest, and his hands were beating.

And behind the old man, there are three other black robed old men. Everyone's eyes are full of anger!

As if to tear Ye Chen and others into pieces.

After all, their brother just died at the hands of these people.

One of the old people of the blood spirit clan can't help it any longer. He just wanted to do it, but he was stopped by the old man with a good moral character.

"Third, it's not good for you to act like this."

The third elder of Xueling clan was stunned. He took a look at the immortal old man and said angrily, "boss, it's this group of guys who killed the fifth and sixth. If I don't kill them, how can I be right? Brothers, no matter what, these people are going to die!"

The immortal old man seems to be the strongest of the remaining four!

That's the eldest of these blood spirit elders!

He smiles and doesn't see any anger. Then, with a gentle wave of his arm, the third member of the blood spirit clan is instantly shaken back to its original position.

He is not in a hurry to say: "killing is a game, some revenge naturally to revenge, but I have a lot of doubts in my heart has not been solved, they can not die."

With that, the old man stepped out three steps, his hands behind him, his eyes fixed on moning in red.

"Miss, a few days ago, you were lucky to escape. Today we still meet, but this time, we don't want to let the tiger return to the mountain again!"

"I'm curious about your identity. Your bones show that you are only in your twenties. But when I look at your eyes, I can feel a sense of time. I want to know, who are you?"

Mo Ning snorted coldly, and his whole body was covered with a chill, and the opportunity to kill broke out: "my identity, how do you have the right to know, if I can't enter the heyday now, you may have been a corpse, which is not qualified to talk nonsense here."

The immortal old man laughed loudly: "what a strong woman, I really don't know where your confidence comes from. Judging from your breath, you should be hurt. It seems that the fifth has done something for us."

"You are the strongest person in this group, but you can't be the opponent of the fifth in hand. I want to know how you killed the fifth!"

This is also the biggest doubt in the old man's heart.

When he was disconnected from his companion, he saw something faintly.

It was a terrible blow.

In his opinion, among these people, only the strength of emperor Monin could do it.

As for ye Chen, although he also paid attention to some points, but when he found that ye Chen was only a virtual King state, he still did not have much doubt.

"Answer me, I might consider giving you a complete body."

His tone seems to come from nine days, full of cold and disdain.

How can moning compromise? She steps out, floating in red, the momentum of her body is forced to climb!

"There are not so many reasons to kill people. Since I was born, my only goal is to destroy all the remaining evils of the blood spirit clan!"

"The blood spirit clan should not exist!"

The immortal old man heard the word "remaining evils", his eyes shrank, and his plain smile seemed to turn into an extremely cold existence.

For him, he hated the three words of insulting the blood spirit clan.

The key is that the insult still comes from this humble mole ant's mouth.

"You really think you can control everything by killing number five. Today, I will let you feel what fear is!"

The whole square is windy.

A terrible power suddenly surged. I saw a long sword beside him, which was drawn out directly and shot at moning rapidly.

Monin's eyes were cold, and she could feel the power of the blow.

Now she is obviously unable to stop.

The only thing she can do is bear!

Her whole body momentum ascended to the extreme, and then sacrificed a red sword!

The sword dance, converges to the extreme point, shoots directly, confronts the immortal moral character old man's sword idea to dash away!

"Bang!"

The red sword broke on the spot!

And the old man's sword sense is getting faster and faster.

Finally came to moning's body.

Mo Ning finger pinches Jue, facial expression slightly changes, she knows the other side is very strong, but does not know strong to this degree.

It was like a mountain to her.

If not injured, combined with the light of reincarnation, she may still be qualified to resist.

But now she, obviously, has no ability.

Seeing that the sword was about to penetrate Mo Ning's body, the immortal old man laughed: "mole ants are indeed mole ants. I thought you could always bear a little bit. Now it seems that I look up to you. You can't even bear a blow. It's ridiculous."

Mo Ning's face was pale. He thought he was falling under the sword of the old man, but he found a tall and straight figure in front of him.

Ye Chen, of course!

At this moment, her mouth is showing a knowing smile.

She came here, the biggest dependence is not her own strength, but the reincarnation of the tomb owner, and the strength behind the owner.

She didn't believe that the owner of the tomb would die so soon!

however, if the master of the tomb xuwangjing didn't do it, what should he do?

Chapter 1017

Ye Chen doesn't care about everything. As a man, he won't let the injured woman bear this blow.

Looking at the rapid plunder of power, Jiuyou sky killing gun again, directly pierces the void!

"Bang!"

When the two forces collide, the blood dragon and the evil Qi all devour the old man's sword intention.

But although the blow is not weak, it is still aware of the disparity.

Ye Chen's body flies horizontally in an instant, but it is a turn over and falls on the ground reluctantly.

It's good to wear the body protection magic weapon from the stone statue, otherwise this blow will surely die.

Ye Chen wiped off a trace of blood stains from the corner of his mouth and looked at Mo Ning: "you are injured. Let ye Luo'er give you some healing holy liquid. As for here, give it to me for the time being. As long as I persist for half an hour, we will have vitality."

"Ye Luo Er, take good care of Miss mo

Ye Chen ordered.

Ye Luo'er nodded, went directly to the side of Mo Ning, took out some medicinal materials, ready to give Mo Ning healing.

She looked curiously at the old people of the blood spirit clan. She didn't know why. The blood in her body seemed to see something special. This feeling was very delicate, and ye Luo'er could not say it and didn't think about it.

The only thing she has to do is to listen to Ye Chen's words.

Ye Chen stepped out a step and gazed at the old man: "if you want to play, how about I accompany you to play?"

The immortal old man's eyes are slightly narrowed. He is curious about ye Chen's identity. After all, it is almost impossible to bear his blow and the immortal virtual King realm.

"It seems that the youth covered by the blood mist is you. Your existence makes me very uncomfortable. Although I don't know what qualification you have to shake me, you blood spirit clan, it doesn't matter, because you will soon turn into a blood mist."

"But heaven has a good life. I want to give you a chance. If you survive from my sword array, I can consider letting you go, but if you can't survive, I'm sorry. You have to bear the pain of wearing ten thousand swords!"

With that, the old man looked at the three people behind him and said, "sword array! I'd like to see what's special about this boy. The way of heaven can't check it! "

He enjoys playing with others!

And ye Chen is the one to play with!

He is not in a hurry to kill Ye Chen, but a little bit to play to death! He wants to unlock Ye Chen's secret!

This secret must be very important to the blood spirit clan!

Although they didn't understand the elder brother's behavior, they still closed their eyes and pinched their fingers.

An ancient array pattern suddenly appeared in the circular square.

The lines are as dense as spider webs.

After that, countless flying swords flew out of the ground!

The powerful sword array also has the fierce blood awn, is enough to devour everything!

"Boy, do you dare to enter?"

The old cynic.

Ye Chen glanced at the sword array, and he could feel that the power inside was extremely disordered. If he rushed in, he might be torn.

But he has no choice, at present, he must delay time for Xiao Huang!

"Hum!"

Ye Chen hums coldly and strides directly into it.

The array is submerged in an instant!

Within the sword array, the wind blows! When someone invades, the sword array instantly shows its ferocious scene.

Whew, whew

The sword Qi is boundless.

For a moment, the endless sword Qi swept towards Ye Chen.

At that moment, ye Chen only felt that he seemed to fall into a sea of swords.

In all directions, the sword Qi is vertical and horizontal, so you should wring yourself into pieces.

"Hall master, enter the sword array!" Ye Lingtian Dao.

"Is this leaf killing the sky useless?" Ji Siqing frowned.

"Why is Mr. Ye so impulsive?"

Ye Luo'er is so nervous that she doesn't want Ye Chen to have an accident.

Master said that only Ye Chen is qualified to explore the true secret of her life experience.

At this moment, Ye Luo'er felt some remorse. If he had the talent of cultivation, would everything change now?

In the distance, the four swordsmen who are not disdain the sword are those who do not disdain the sword.

The third sneered: "how long do you think this mole ant can sustain in strength? One minute or half a minute? Ha ha

Another strong member of the blood spirit clan said: "he is only in the virtual King's realm. I'm afraid he can't hold on for ten seconds. This is the blood spirit bloodthirsty sword array. Those who are strong in Kunlun Xu's empire don't have to bear it, let alone this waste!"

The immortal old man did not speak, his eyes always pay attention to Ye Chen!

He wanted to know what the secret of Ye Chen was!

In the sword array.

"Kill!"

At the moment when the blood spirit bloodthirsty sword array wants to destroy itself, Ye Chen's eyes burst with cold light and roars. Boom

The whole body burst into waves, the sword light flashed, and the sword array was displayed.

Nine you kill the sky gun, this moment came out.

The meaning of gun is constantly spreading. In a twinkling of an eye, with Ye Chen as the center, it is full of gun meaning. Broken sky three Jue gun and blood spirit bloodthirsty sword array produce endless vagrancy. At the moment, they complement each other, but they are full of killing opportunities. These two energies converge, as if to destroy heaven and earth!

Within the sword array, the wind and cloud swept the four directions of turbulence!

The collision of sword Qi burst out a dull roar.

The mountains and rivers vibrate, and there is no light in the world.

The air waves are rolling, the sand and the rocks are flying!

Every second, there are countless roars, such as on the void, thunder constantly.

"What a powerful blood spirit bloodthirsty sword array!"

Full of confrontation for a moment, watching the broken day three Jue gun show defeat, ye Chen pupil contraction, eyes cold light flashing.

After all, the three unique guns are still a little poor!

"It's not enough! What about my silver needle? "

Breaking the sky three Jue gun is certainly powerful! If ye Chen can be more powerful, maybe with his breaking sky three Jue gun, it will be enough to compete with the blood spirit bloodthirsty sword array.

But now, after all, it's a little bit worse. His realm is still not enough.

If you want to break the blood spirit bloodthirsty sword array, you need more powerful means.

The power of Lin Qingxuan's silver needle!

And the silver needle itself has a terrible fighting power!

This time, ye Chen wants to see all his cards. Can't he break this bullshit sword array!

Chapter 1018

Outside the sword array.

Xueling people look at Ye Chen, the corner of the mouth sneer more and more prosperous.

In their eyes, it is impossible for ordinary people to break the sword array.

Don't talk about the virtual King realm. Even if ye Chen is the emperor's realm, he is not qualified.

But at the moment, ye Chen has held on for more than ten seconds.

It's like slapping them in the face.

The old man of the blood spirit clan, who had not been able to hold on for ten seconds before, was a little dark.

"It seems that this little beast is more difficult than we thought."

"The blood mist obscures his trace, so that we can't check it. There must be a reason. We must kill him as soon as possible."

"Fourth, I will maintain the formation with the second. You can kill this boy in the array! You are the power of the emperor to respect the realm. You should be able to kill a virtual King trapped by the sword array. "

The old three of the blood spirit clan opens a way, his eyebrow is some serious.

The existence of the youth in the sword array is too fantastic.

It even destroyed all the balance in front of me.

It has to be killed.

"Boss, if I go in and kill this boy, will I be overqualified?"

The fourth of the blood spirit clan looks at the immortal old man who has never spoken.

The old man closed his eyes as if he didn't care about everything.

I don't know how long after that, he opened his eyes and nodded: "let's do it. The existence of this guy makes me very uncomfortable. We have more important things to do, so we won't waste time here."

With the elder brother's consent, the fourth elder doesn't talk nonsense, sneers and rushes directly into the sword array.

Ji Siqing and moning naturally saw this scene, their eyes were cold.

Ye Chen's strength is very strong, which is unexpected, but no matter how to say, it is also the virtual King realm!

If one side faces the array, but also faces the emperor to respect the strong, absolutely invincible!

Ji Siqing no longer hesitates. She releases her intention to kill. A thin sword appears in her hand. Just as she plans to rush into the sword array, she finds her hand held by someone.

It was Monin who stopped her.

Ji Siqing's eyes congealed and said in a cold voice, "what are you doing? Ye Shitian is in danger now. What we can do is to rescue him from danger!"

Mo Ning shook his head: "it's useless. This sword array comes from ancient times, and it has the meaning of blood spirit. Didn't you find a blood light around the sword array? Except for the blood spirit people, no one wants to enter. If you don't want to turn into a blood mist, try it. "

Ji Siqing hesitated for a few seconds. She took a deep look at the sword array and took a few steps. In a moment, she felt that her cheek was hurt by the blood spirit, like a knife cut.

It's hard.

She believed in Monin's words.

"What shall we do? Waiting to die? "

Mo Ning shook his head: "at present, the only thing we can do is to conserve our strength. Once the tomb owner kills the sword array and the powerful emperor who enters the sword array, we will fight against the remaining three! This is our only chance! "

Ji Siqing almost vomited blood when he heard this sentence.

Let Ye kill the sky to break the array and kill a very strong emperor?

How could that be possible!

Even if the king's situation is against the sky, it doesn't have the qualification!

Crazy!

"Mo Ning, I think you are going to see the death and not save it. What strength ye Shitian has? You and I can understand it clearly. Do you think he can do that? Ridiculous

Ji Siqing's face suddenly turned black.

She even developed a little hostility towards Monin.

In her eyes, moning is a bully and afraid of the hard!

She just wanted to start, but found that Mo Ning had been in front of her: "Ji Siqing, do you really think you know the youth in the sword array?"

"No, you don't understand."

"He doesn't die so easily. You can't imagine the people standing behind him. Besides, I can tell you exactly that it's impossible to kill him just because of the people in the imperial realm who want to kill him!"

"If you don't believe it, you can wait five minutes. If he dies, I'm willing to burn blood essence and practice and die with all the people present! If he survives, I hope you will be in awe in the future! "

Ji Siqing hesitated for a few seconds when he heard these words of moning, but finally he did not choose to rush into the array.

"I'll trust you once, then!"

.....

And now, in the sword array.

Ye Chen offered a sacrifice to Lin Qingxuan's silver needle, which trembled violently under the stimulation of surrounding aura and array power.

Around the silver needle there is a dazzling light.

Even expanding.

In the blink of an eye, it seems to be a mountain, facing the countless sword shadows.

"Help Jiuyou kill the sky gun!"

Ye Chen roared.

With the momentum of destroying heaven and earth, the silver needle suppressed the sword array and shrouded everything. Jiuyou sky killing spear is also aware that the silver needle is helping him to get rid of everything. It is also spinning with the silver needle, which seems to form a tornado in the sword array!

Tornadoes wreak havoc on everything, and countless swords are devoured on the spot.

Bursts of roar, silver needle and Jiuyou sky killing gun carry the power of heaven and earth, overwhelming!

Sword array, a mess, as if mercilessly torn.

Tens of thousands of swords disappeared.

At this moment, ye Chen has the upper hand in the battle of blood spirit bloodthirsty sword array.

"Not good!"

"Damn it, this guy, what a sacrifice!"

The blood spirit clan several people stare big eyes, incomparably panic is full of.

"Fourth, hurry up

Naturally, the fourth elder of Xueling clan dare not waste any more time. He can feel that the strength in the sword array has been weakened!

His eyes are full of killing intention, and his whole body is covered with bursts of blood, which turns into a shadow, and instantly appears behind Ye Chen.

"Little beast, I admit you are beyond the expectation of our blood spirit clan, but you are still doomed to die!"

Ye Chen naturally felt the voice of breaking the sky behind him. He wanted to react, it was too late!

Who could have thought that someone else would appear in the sword array at this time!

The key is a strong emperor!

Ye Chen, who is locked in the center, even feels suffocated.

At the moment when the fourth elder of Xueling family wants to touch Ye Chen, a dragon song is heard in Ye Chen's body.

A blood dragon from ye Chen's body drilled out, is blocked in the back of Ye Chen.

"Bang!"

the power of destroying the withered and decaying instantly collides with the blood dragon!

The blood dragon is shocked to fly out on the spot, and ye Chen also shakes back more than ten steps, barely holding his figure.

He fiercely turned around, cold eyes staring at the fourth of the blood spirit clan in front of him: "it seems that the blood spirit clan is really rubbish, and even a younger generation of me was plotted against!"

Hearing the word "garbage", the fourth of Xueling clan has a ferocious face: "little beast, you dare to insult our blood spirit clan and seek death!"

He instantly turned into a streamer, and in his hand there was a bloody crescent saber! The machete condenses the cold killing intention, directly towards Ye Chen's neck!

Ye Chen's face is serious, and the power of the silver needle can't be used. He can only grasp it with five fingers and hold the Jiuyou sky killing gun in the palm of his hand. When the long gun is turned, he goes directly to the machete of the fourth elder of Xueling clan.

Chapter 1019

"Hum, you dare to resist. In this case, I will let you understand what is insignificant!"

The fourth elder of the Xueling clan stepped out in two steps. His momentum was like a rainbow, and his whole body was bursting and rolling. A knife to chop, is directly to meet up!

The power of emperor Zun's territory is fully opened!

one shot and one knife directly collide in the array, which is even more instantly exploded!

Ye Chen instantly felt an extremely frightening force.

The force almost broke his arm!

"Bang!"

Jiuyou sky killer gun directly broke away from ye Chen's hand and flew out. Finally, it fell from the sky and inserted into the sword array.

Not only that, ye Chen felt the pressure of the relentless impact, his body flew out, and finally hit the ground.

Ye Chen vomited out blood, and his face was pale to the extreme.

He has just faced the array, and the true Qi of Dantian has almost dried up. Now he has to face the emperor Zun state of the peak state. How to fight?

He communicated with the samsara cemetery for the first time, but he was still playing chess in the blood seven nights, and had no intention to make a move at all.

In the face of Ye Chen's request for war, blood seven nights only answered one sentence: "the time has not come, you don't need me."

This let Ye Chen almost angry curse!

If you don't do it again, how to fight?

The fourth of the blood spirit clan has come to Ye Chen's body. He looks at Ye Chen from a commanding position and reaches out his thin hand: "I don't like others to cover up. I want to see what kind of face you are under your mask!"

The language falls, the old four or five fingers of the blood spirit clan grasps, the mask on Ye Chen's face is instantly taken off, revealing the incomparable young face!

Seeing ye Chen's true face, the fourth of Xueling clan was stunned slightly. He always felt familiar.

As for where he had seen it, he did not know!

"Boy, I thought what kind of face was under the mask. Hum, I don't know what you're hiding!"

"But it doesn't matter! Don't talk about your face, even if you have your head, I'll take it

The fourth elder of the Xueling clan made a fist.

The whole body exploded.

Within the Dantian, the sea of Qi roared out and merged into the fists.

Strong wind surging, heaven and Earth Spirit gathering!

This fist contains the power of the blood spirit clan!

This punch seems to destroy everything!

His eyes are ferocious and want to smash Ye Chen into a powder!

He has the qualification!

Ye Chen's head turns quickly, and there is a blow from a strong emperor in his eyebrow. However, it can't be compared with the power of the blood spirit clan!

He thought of what he got in Shizun cave again!

But there's no time to use it now!

Seeing that a fist is about to fall, even ye Chen is not qualified to use the power of divine thunder!

I can only watch a punch fall.

He wanted to bet that the blood seven nights would come, but there was no movement in the reincarnation cemetery!

The fourth of the blood spirit clan smiles. His smile is ferocious. His eyes seem to have seen a cloud of blood mist.

Humble human beings, only to become slaves!

The cultivator of this world is the garbage of the lowest allelic plane!

To fight is to die!

The shadow of the fist is getting closer and closer. The distance between Ye Chen's eyebrows is only one inch.

All of a sudden, a sudden change!

Ye Chen eyebrow heart flickers out a dark and cold light.

The light was like an eye.

Eyes from hell.

Seeing this scene, the fourth elder of Xueling clan whispered: "what is this?"

Third eye?

No!

This power is a little cold, as if it can devour everything.

He even felt that the hellish eyes seemed to give birth to countless evil Qi, which hindered his power.

It's like hitting cotton!

"Little beast, what is that in your brow?"

The fourth of the blood spirit clan screamed in horror. He wanted to take back his fist, but he found that he was not qualified!

Not only that, he also noticed that ye Chen's eyes were red.

This red feeling, even with a trace of cold.

It's like seeing someone else!

"You shouldn't touch him. No one is entitled to deprive him of his life, even if you blood spirit clan! You shouldn't disturb the rest of my father. It's an unforgivable crime! "

"You will be sent to hell, no reincarnation qualification!"

An old voice suddenly sounded, and the fourth of Xueling family was completely frightened.

He had never seen such a strange thing in his life.

The power of the brow can speak!

Key, he found that all his power was mercilessly swallowed!

Around a mist surging, everything in the sword array is completely covered! I can't see it clearly!

"You Who the hell are you! I'm from the blood spirit clan... "

Xueling family old four just want to say something, but found that ye Chen head of the eye blink.

Cold, bloodthirsty.

Then, his arms were almost stiff.

It's like freezing.

"Click!"

A clear voice rang through, and his arm broke under his eyes.

Completely broken arm!

How could that be possible!

The fourth member of the Xueling clan was completely stunned and even forgot about the pain.

"Pa!"

The wind blows! For a time, the earth and the earth vibrated, and the sun and the moon were not bright.

That bursts of roar, such as thunder rolling.

A wave of substance billows toward the fourth elder of Xueling clan.

Where the powerful air waves pass, there is no grass, no sand and no stone!

The fourth of Xueling clan was lifted on the spot!

And the eye of hell has been suspended in the sky of the sword array, looking down at the fourth of the blood spirit clan.

"Who am I, you ask? Even if Linjiang Xuan of the blood spirit clan is in front of his father, he must kneel down and submit! "

A voice from nine days sounded!

And hear this sentence of blood spirit clan old four completely petrified!

Lin Jiang Xuan is so familiar with the name!

It's also the belief of the powerful people of countless blood spirits!

What he's been looking for all his life!

The existence of such a rebellious nature, even in front of the eyes of hell to submit!

What the hell is this!

Who is this young man!

Who will tell him!

At this time, the eye of hell fell from the sky and formed a virtual shadow.

The shadow is covered by evil Qi, and it is a human figure.

"Kneel down!"

These two words alone have broken the most vulnerable heart of the fourth generation of Xueling clan.

"Plop!" He knelt down on the spot.

The blood spirit clan is arrogant, but the other party knows the name and dares to take such an attitude. It is definitely a higher level existence!

He did not dare to think about how this kind of existence could be on a mole ant!

The only thing he can do now is to protect himself!

"this adult, I didn't mean to offend you, I just want to deal with that boy. If you offend you carelessly, please don't mind the villain and let it go!"

"Let you go?" The evil Qi deficiency shadow sneered.

"Yes I am willing to serve you and do everything for you

The fourth way of Xueling nationality.

All of a sudden, the shadow began to laugh, laughing very loud!

"Garbage is rubbish. You know the identity of that young man!"

"Far better than his future achievements!"

"He is the only one who can control reincarnation!"

Chapter 1020

Control reincarnation?

Hearing this, the expression on his face of the old four of Xueling nationality was completely solidified.

There are thousands of ways in the world. The strongest way is reincarnation!

But who would have thought that this kid is the one who controls reincarnation.

His eyes fell on Ye Chen again. He wanted to see through the young man, but he found that he was not qualified at all!

Suddenly, he noticed something.

Young people are covered with a layer of light!

Light of reincarnation!

The power of the world!

He's more powerful than any other!

"This..."

This time, he really believed the words of the shadow.

The young man must die, or he will definitely threaten the blood spirit clan.

If you don't die young, the future achievements will be absolutely terrible!

But the presence of the evil Qi deficiency shadow in front of him makes it very difficult for him to do it!

The key is that people outside don't know what's going on inside! Otherwise, the rest of the blood spirit clan will be able to fight against this virtual shadow!

His head is flying fast!

But there is no result!

And ye Chen in the distance gradually wakes up, he just felt that consciousness is in a delicate state, he seems to be in a world surrounded by evil Qi.

Eyebrow heart is a world of its own.

The world is dark and bloodthirsty, like hell! Such as nine you!

He can feel that the power of the shadow outside comes from the small world in the middle of his eyebrows.

Key Ye Chen some do not believe that his eyebrow heart is just a magic bead, this magic bead is so powerful?

Or can he communicate with Jiuyou?

After all, his blood is reincarnation!

Reincarnation and hell are also related!

Ye Chen's head feels like a burst, and he doesn't want to think about it. At present, it is the key to deal with this group of strong blood spirits.

These blood spirit clan hides the secret of his life experience and the great power of the reincarnation cemetery!

That empty shadow seems to notice Ye Chen sober up, turn round, gaze at Ye Chen: "you finally come out from that nine secluded realm."

Ye Chen was stunned: "Jiuyou? Who are you? "

The shadow smile: "it doesn't matter who I am, but who you want to be! I could have erased everything from you, but there are still some ways for you to go by yourself. You have such blood, which means that you are born for Jiuyou. The evil spirit in you, the blood dragon in your body, and everything you have all indicate that you will take Jiuyou to dominate everything. So you can't die. "

"I won't allow anyone to let you die!"

Ye Chen frowns, some can't understand the empty shadow of the words, he thought of what, even busy way: "you are the reincarnation graveyard's power?"

I thought the other party would nod, but I didn't expect the shadow to shake his head: "I have never been trapped. My existence is for you, and I will disappear if you die! If you really want to follow me, I am a part of your blood! "

"Well, I can't stay in the outside world for too long, which will hurt you and me. Now, I will give you a strength to fight against the garbage in the sword array! As for those outside the Empire, it seems that they don't need me. "

With a wave of virtual shadow's big hand, endless evil Qi twines Ye Chen's whole body. Ye Chen can clearly feel the breath on his body and climb again.

This feeling of control is amazing!

He could even hear the blood dragon roaring in his body, as if this power let the blood dragon enjoy!

After finishing all this, Xu Ying took a look at the wounded fourth of the blood spirit clan behind him and snorted: "I don't care about you as a mole ant. I know that your blood spirit family still has some means to protect their lives. If you want to use them, you can crush the pride of your blood spirit clan without me!"

Finish saying that, empty shadow big hand a wave, is to drill into Ye Chen's eyebrow heart.

Everything dissipates.

As if it never existed.

Although he can crush everything, he knows that Ye Chen needs time to grow up now.

If blindly to him to open up everything, finally Ye Chen can not reach that height is not sure!

At the moment, the fourth member of the blood spirit clan is a little confused. He can't even imagine that Da Neng left like this?

Do you know that you still have the means and don't kill yourself?

And let the humble King's waste deal with himself?

Even if he is injured, even if the boy with a mask has the power of origin, as long as the other party does not grow up and he sacrifices something like that, the boy will surely die!

At this moment, his eyes are full of excitement!

He now controls the fate of the blood spirit clan! This son must die!

He swallowed the next pill, and his wound recovered in an instant.

Then, the corners of his mouth outlined an arc!

With five fingers in one hand, there are four similar seeds in the hand.

The seed is thrown gently and falls directly on the ground! More crazy growth up!

In a twinkling of an eye, became a towering tree!

Towering trees have to break through the array, and their blood is full of air!

Ye Chen frowned tightly and looked up at the four towering trees, each lingering in a chain of blood and spirit, releasing endless pressure, and the blood light came down one after another, as if congratulating the birth of gods.

Around is a blood like spirit spring surging.

It's cold.

Bone erosion.

"It doesn't seem to be Kunlun virtual. I'm afraid it comes from the blood spirit clan. No wonder it has such a divine power. If it wasn't for the virtual shadow that gave me strength, I would probably kneel down in front of the four sacred trees."

"In this case, just try the power that the shadow gives me!"

Ye Chen raised his hand slightly, and the power of imprisoning heaven and earth made the blood light stop, and the spirit spring flowing under the divine tree stopped abruptly, as if time was not moving forward. See, his fingers slightly move, a divine tree leaves, slowly flying.

The leaves of the sacred tree are flying in the sky, like meteors across the sky.

"Interesting."

The fourth of the blood spirit family realized this scene, and his contempt disappeared completely.

How could it be!

The boy can even control these leaves!

What the hell is this!

Only Xueling people are qualified to control it!

He doesn't care about all this! The eye son kills the machine to explode to shoot out!

A strong sword Qi soared into the sky, and all the places we passed were in the red land, and the vegetation withered.

A little sword power swept by, making the leaves of the divine tree wither. Then, ten thousand swords came. Every sword spirit was like a wave rolling into the sky, with the power of sweeping the heaven and earth.

"Little beast, die!"

The fourth elder of the blood spirit clan is holding a magic sword. The sword body continuously shoots the sword Qi, and merges the ten thousand sword spirit, and goes away crazily.

Boom!

Another sword flies, as if across the void, to follow the passage of thousands of years of time.

"Little beast, if that great power is not here, I will ask you to pay for your blood debt today!"

A bronze sword reveals its edge, and a piece of red glow is blooming, gorgeous as smoke.

"Playing with such things again?"

Ye Chen sneered. His eyes were like cold light. He shot two swords and cut through the long night.

He raised his hand and moved with the power of divine thunder on his fingertips. Jiuyou sky killing gun appeared in his hand. With a single shot, thousands of gun shadows appeared. Each one was real, because the frequency was too fast, so that the sword array would collapse.
