

## Physician 1021

### Chapter 1021

"Mr. Ye!"

"Master of the temple!"

Although ye Luo'er and ye Lingtian are not in the sword array, they are also attacked by ten thousand sword Qi.

With their accomplishments, they can't stop such sword killing areas.

"Get out of your way!" Ji Siqing pinches the Jue with his fingers and confronts the sudden sword Qi alone.

Ye Shitian is now in the array, and Mo Ning is also injured. She must be in charge of it alone.

Her face turned white with the powerful sword.

It's painful.

She still bears it!

She has been in Kunlun Xu for so many years and has always been a pretty girl of heaven. Only the appearance of Ye Shitian makes her feel threatened.

Although she did not know the true face of Ye Shitian, she always believed that she would not lose anyone!

But the power of sword is too terrible!

A trace of blood spilled from the corner of her mouth!

All of a sudden, she found something. Most of the pressure of the sword disappeared.

As soon as her eyes congealed, she looked at her side and naturally noticed moning.

Mo Ning took a look at Ji Siqing and said with a smile, "I should guard everything of the tomb owner."

Ji Siqing frowned: "as a member of the Mo family, how do you call ye Shitian tomb owner? You know him? What does he look like when he takes off his mask? Have you seen it? "

Mo Ning was stunned when he heard this sentence and did not speak. Instead, he climbed his momentum to the extreme. When his arm shook, his sword spirit suddenly disappeared!

And in the sword array.

Ye Chen is full of evil spirit and stands with Jiuyou sky killing gun. The whole person sends out the edge of the world, which seems to turn into a magic gun, and the murderous spirit spreads.

Hiss!!

Jiuyou sky killing gun seems to have devoured Ye Chen's violent evil spirit, becoming more and more powerful!

Break the sky three Jue gun display and pay!

Ye Chen dances the Jiuyou sky killing gun, and the blood in his body bursts out. A blood dragon rushes out and merges with the Jiuyou sky killing gun. A series of divine mansions shoot out from the tip of the gun, enough for the sun and the moon to contend for brilliance, and one shot is shot out. The night turns into day. The dragon's blood is like the sun, illuminating the sky again. A blood dragon flies and goes straight to the sword.

"Blood dragon, Jiuyou sky killing gun, destroy everything for me!"

Bang!!

Wanchong sword Qi diffuses, and the fourth member of the Xueling clan retreats.

Countless spiritual fog scattered, the supreme forest of killing opportunities emerged!

He turned to call out a magic sword, finger crazy pinch Jue.

"Sleepy!"

An old voice came, the sound fluctuated, as if it would be interrupted at any time.

An ancient spirit sword was revealed, and at the same time, four spiritual lights were shot out, and four towering divine trees were hooked. Then, thousands of sword Qi fell from the sky, and the ground quickly and orderly split to form a round open space.

Bang!

Four sacred trees moved from the center, located in the southeast, northwest and four directions.

The old four strong men of Xueling nationality blocked Ye Chen.

All of them are filled with blood on the ground!!

"Little beast, it's a glorious death."

The four elders of Xueling clan looked at the blood dragon and ye Chen in the array, and there was a trace of blood on the corner of his lips. "If it wasn't for the empty shadow, how could you hurt me?"

"I'm afraid it will be dangerous if the temple master is trapped?" Ye Lingtian stands in the distance, slightly worried.

"I believe in Mr. Ye." Ye Luo'er, on the contrary, was not worried and said, "that old guy, you want to kill Mr. Ye? I'm afraid it's not enough to go back and repair it for another 8000 years. "

In the ancient sword array, ye Chen's evil spirit became more and more vigorous, clanking and moving, and broke out endless murderous Qi. A gun light rushed to the top of the array, like a god hammer. The sword array was shaking with great force.

The gun is cold and killing. It can make those who practice under Xu Wang's territory fear to be in the bone marrow, and even before they are on the top, they have already broken up and died.

"Not good!"

What did the third member of the blood spirit family find outside? His eyebrows turned to be cruel. "This son is breaking the battle! Can't old four do nothing with this little beast? "

"This son must die!"

"The blood feud of old five and six must also be revenged!" The second brother of Xueling clan took out a pill and snorted coldly, "it seems that we all underestimated that mole ant. When I take this pill, I will go in and solve it with one sword!"

"I'll take it!" the third old man of Xueling clan took Shendan. "I'll skin and cramp the little animal myself to relieve the hatred in my heart."

The second brother of Xueling clan hasn't responded, and the third has already taken pills.

In a flash, the four sides were afraid of silence. A great power of the road was surging, and endless thunder clouds gathered to form an extreme vortex. A pillar of divine light fell down in an instant, including the three elders of the blood spirit family. Countless Daoyun began to nourish the body.

The old man swept a glance, his eyes narrowed slightly, and his hands were still attached to his back.

In fact, there was some uneasiness in his heart, which became more and more intense.

Does that Xuwang Kingdom boy really have the power to destroy the blood spirit family?

He doesn't want to believe it! But now I have to believe it! He looked at the old three who rushed into the upper ancient sword array and murmured: "if the third and the fourth can't take this little beast, I can only suppress it myself!"

In the sword array.

The four elders of the blood spirit clan step out step by step, and each step will cause thousands of ripples. The terrible Qi is like a thousand stars exploding!

He gently raised his sword, and a powerful force of blood spirit burst out!

The power of the four sacred trees is also crazy!

He looked at Ye Chen, his eyes killing machine was extremely terrible, "little beast, today I will destroy your spirit."

"But if you'd like to kneel and kowtow now."

"I can think about it. Instead of burning your soul with the fire of blood spirit, I will only shake your soul after you are skinned and cramped!"

"Oh." Ye Chen doesn't care about the threat. Jiuyou kills the sky gun. When he points out the gun, he suddenly draws out the meaning of countless magic Qi rolling gun, just like the tide of the sea!

Thousands of spears are coming, like thousands of horses galloping, and it seems that they are going to destroy the sword array.

All targets are the four elders of the blood spirit clan.

"Die!"

The four elders of the blood spirit clan roared, and the magic sword in his hand vibrated. Every inch of the sword was pulled forward, thousands of gods rushed out. In addition, countless lightning came together, and two destructive forces converged. However, a green round shield blocked the intention of thousands of guns.

Boom!!

"Old man, this is not what I used to be. I can kill you with one shot!"

Ye Chen despises the acme in his heart.

Although the other side is the emperor's realm, what's the matter? He is now blessed with evil Qi!

The power of the shadow is terrible!

He knows that there is a time limit and he must be killed as soon as possible!

"Go!"

Ye Chen stabbed Jiuyou sky killing spear with his back hand. The ancient inscription on the tip of the spear radiates luster. The gun Gang is like a tsunami avalanche, roaring and surging, like thousands of horses galloping, shattering the void, hitting the sword array spirit sword.

In a flash!

The array is full of light up and down, like the Milky Way slanting down in the nine days, and the brilliance of ten thousand channels appears.

From a distance, there are pieces of luster in the array, so you can't see the scene clearly.

However, the surging Qi of Taoism shocked everyone through the ancient sword array.

Moning saw the scene in front of her, and her expression was a little strange. She could feel the power of the sword array.

"Did the owner of the tomb wake up the guy in the blood?"

Chapter 1022

Monin was surprised for a reason.

She knows the secret of Ye Chen's blood more clearly than anyone else.

The existence of the samsara cemetery against the heaven will not choose a person at will.

Ye Chen can be said to be the most suitable existence among billions of stars and planes.

The earth is small!

Even in the cultivation realm and martial arts, it is far weaker than other places.

But ye Chen's birth is an opportunity to change everything here.

He thought it would be a long time for him to get in touch with those things in the blood according to Ye Chen's development. Now it seems that the speed is accelerating.

Her eyes were a little excited and murmured, "it seems that the tomb owner is going to go somewhere soon. I'm afraid these strong blood spirits will fall down today. And I have a premonition that the tomb owner will definitely grow up crazily in this blood spirit secret place!"

"Maybe it won't be long before I see my body!"

Ji Siqing naturally heard moning's words. He turned his head in surprise and said curiously, "what are you talking about? What is the owner of the tomb

Mo Ning was stunned and immediately shook his head: "nothing. We can't watch outside. The strength of the sword array is too strong. Let's share some."

"Good."

Ji Siqing, a member of the sword array, waved his hands and flew out of his palms. With the blue luster, he turned into a round of shield, covering himself with ye lu'er and ye Lingtian. He was not hurt by the array.

Thank you Ye lu'er bowed his head cleverly, looked at the sword array, and said in a cold voice, "these old blood spirit people are really despicable! The master is right. None of the blood spirit clan is a good thing

"When I'm strong enough that day, I'll kill all these blood spirit people!"

Mo Ning looks at Ye Luo Er, helpless smile.

If the girl knew that her blood came from the blood spirit clan, I'm afraid she would not have said such words.

I don't know whether it's a good thing or a bad thing for this person to stay with the owner of the tomb.

Ye Luo'er noticed Mo Ning's eyes and glanced at it. Instead of thinking about it, he clenched his fist and said excitedly, "Mr. Ye must be able to break the sword array!"

She always has absolute confidence in Ye Chen.

That's exactly what happened.

Since knowing Ye Chen, Ye Chen has never been defeated. He pushed all the way. No matter elder martial sister or other strong men, he was defeated by Tianya in the end.

Today, the remaining several elders of the blood spirit clan in the emperor's reverence are no exception!

Ji Siqing looks forward to his beautiful eyes, stares at the sword array, his eyes wave like water, his black hair dances lightly, his spirit shows his connotation, and his eyes move around. He has no time to see the white jade, which is moving.

But the petals are flying and floating, setting off her more nimble.

She gazed at Ye Chen, thinking in her heart: after this war, he should be able to break through the realm.

And me?

As a beautiful girl of heaven, am I necessarily weaker than ye Xiaotian?

No way! I have to be strong!

At all costs!

Ji Siqing already knew that one and a half years later, no matter how, she would shoulder the future of Kunlun Xu!

She stares at the sword array. Although she is determined, she feels the fluctuation inside, and the horror in her heart is more and more intense.

Ye Shitian's swordsmanship and gun skills have reached such a level, crossing the realm of Daoyuan and nirvana emperor!

I'm afraid he is the only one in the world who can do all this.

Virtual Kingdom nirvana, Emperor Zun!

He's the only one!

Sword array!

"Little beast, dare to resist!"

"You must die today!"

The fourth elder of Xueling clan was furious, and his Qi and blood and strength were shocked to disperse the sword Qi all over the sky.

he has his hands in his sword, his hands are concentrated in his essence, and the everfount of vitality spills out of his body and converges on the sword. The sword is shining like the sun, and it is full of endless murderous weapons.

While refining his killing moves, he looks at Ye Chen: one move will kill you!

Let me use this move, you die also glory!

"Sword of vitality!"

The fourth elder of the blood spirit clan drank a lot. He was full of Qi and blood. The spirit sword on his chest turned into a hundred Zhang sword. Then his mind moved. He took out an array flag and threw it to the front. Seventy two array flags and thirty-six array eyes erupted. At the same time, Shen Tian power erupted. He was blessed on the divine sword with his mighty power.

In an instant, heaven and earth turn around, forming a unique world inside the ancient sword array.

The power of the whole world, turned into the power of sword, is equivalent to the sword of one world, which lies in Ye Chen's fight!

Ye Chen looked around and said, "it's not enough!"

He looked at the endless sword spirit in front of him, and his lips outlined a smile. The real power bloomed. His arms shook, and the evil spirit swept out. It ravaged the stars and destroyed most of the array.

Half of the sword array has been abandoned!

It can be seen how terrible the power of virtual shadow is

"kill!"

Ye Chen disdains him. He holds the Jiuyou sky killing gun in his right hand, and the endless force breaks out. It seems that the whole world is submissive to him. All kinds of strange images emerge. The blood moon is in the sky, and the golden sun is born. He is full of evil Qi and destroys everything. He is beheaded directly to the fourth elder of Xueling clan. Bang!

Along the way, countless vitality of the sword collapsed.

The sword meaning of the whole array can't stop Ye Chen!

Whoa!!

In an instant, all things are destroyed.

Ye Chen's Jiuyou sky killing gun cuts into the head of the fourth member of the Xueling clan with a violent evil spirit. When the spear shakes, and then with the impact of the blood dragon, the sound of bone fragmentation is heard, clear and loud.

Boom!!!

At the same time, the rest of the flag array is broken!

The sword array arranged by the blood spirit clan collapsed on the spot!

"You The old four of Xueling clan has a ferocious expression and a silly pestle in place! "How could this be..."

"How could it be?"

"No way!"

"I'm emperor Zunjing, how could it be so?"

The old four of Xueling clan is full of unbelievable eyes. He is the emperor's realm. He has reached the peak, and even gongshenzaohua. How could he die in the hands of this little beast?

And give it back!

This is a big joke!

Boom!

Jiuyou sky killing gun glides, smashing his internal organs.

At that moment, he looked at me and felt the pain Unexpectedly, was killed by a descendant of Xu Wang Jing? Ah... "

Soon, he fell into a frenzy and wanted to fight back.

Whoa!!

Ye Chen's long spear cuts his body, breaking the sky three Jue gun idea, magic gas, thunder and lightning, blood dragon, a variety of forces break out of the body, completely cut off his vitality.

He shakes the Jiuyou sky killing gun again, and the powerful force directly shatters the flesh of the fourth member of the Xueling clan, and countless blood rains are flying down.

A generation of emperors respect the strong!

The fourth of Xueling clan, fell here!!

Boom!!!

In the sword array, innumerable spears and thunder snakes twinkle, and the thunder light rushes in all directions, expanding a sea of thunder, and the waves are turbulent!

Ye Chen at this moment is like a God coming down to earth!

Above the sword array, no waves from the beginning!

Step by step, it expands to the appearance of cracks. The light waves of the eyes are like a spider web of the size of a disc. The diameter is not big, but the inside is red, green and blue. It seems that chaos is beginning to open!

Chapter 1023

Boom!!

There was a flash of lightning across the sky.

The drizzling rain fell on the faces of the people, and they just woke up!

"Good, good!" Ye Luo'er was elated and exclaimed, "Mr. Ye is so powerful!"

She clenched her fist and exclaimed, "what is emperor Zunjing? Mr. Ye can still be slaughtered!"

"Mr. Ye, there is only a virtual kingdom."

"No one will be Mr. Ye's opponent until he reaches the realm of emperor and reverence."

In such a scene, Ji Siqing clenched his fist.

Ye Shitian's powerful, let her heart to fight the desire to the extreme.

The original virtual Kingdom, can be powerful to this point!

She stares at the mask on Ye Chen's face, some familiar meaning.

This feeling reminds her of the original in the talent ratio, ye Chen a person's power to shake everything!

"Ye Shitian? Chenye? Why do I always feel like you two are like? "

She already had an uncertain answer in her mind.

And this answer must take off the mask on ye Shitian's face!

"Old four!"

"Old four!"

The third and the second of the Xueling clan changed their faces.

They stare at the big pupil, look up the ancient sword array, a face of disbelief.

"The fourth one is the level of emperor's respect!"

"Even if it's one level, it won't be killed by a boy in the virtual King's territory."

The third member of the Xueling clan couldn't believe it.

One is emperor Zun realm, the other is Xuwang realm!

This is like the difference between Banxian and ordinary people. How can it be crossed?

Even if there were talents who could cross many realms thousands of years ago, they could only draw with the fifth or sixth level of Daoyuan realm at most.

However, ye Chen actually crossed the Daoyuan realm, crossed nearly ten small realms, and killed Lao Si.

Plus, the feud between old five and old six!

Today, ye Chen must be cut off!

The head of the blood spirit clan has a majestic eye and a mottled cheek.

Staring at Ye Chen in the array, he said slowly, "this son was born extraordinary, and can't be treated as a normal human race!"

"He can kill the fourth, and his strength is about the same as that of emperor Zunjing."

"It's not right to fight across more than a dozen levels. I can feel that the boy's strength has suddenly increased, and his evil spirit is so strong. Is he possessed by the powerful demon clan?"

"The evil clan's method is extremely strange, not without this possibility!"

He quickly looked at the second member of the blood spirit clan and the third one who had already entered the array and said, "third, you are the third floor of emperor Zun realm. You may not be able to go alone!"

"Second, you are the fifth floor of emperor Zunjing. You take the third with you!"

"You two must kill the little beast in the shortest time! This kid is a total scam! There is a Demon power in his body

"As for the others, we'll deal with it after killing the little animals!"

"Understand!"

"Yes

The second brother of Xueling family took out an ancient sandalwood box and took out a magic pill from it.

Although it has the name of Shendan, it is not a true divine pill. However, its medicinal properties are enough to make the old emperor return to the fighting power when he was young, which can last for a day. However, as the day goes by, the user will grow older and heavier.

And no matter how weak and aggravating things!

Today, I must kill this little beast!

Ye Chen does not die, the next day, not necessarily live to the moment of his death!

Whoa!!

Whoa!!

The second brother of Xueling nationality took Shendan.

In an instant, the four sides are afraid of silence, and the divine power of the road is surging!!!

Countless thunder clouds and dark clouds came together. In an instant, lightning and thunder thundered, and a stream of destructive gas burst into full bloom.

Hundreds of thousands of meters of thunder clouds and dark clouds form an extreme vortex respectively. A pillar of divine light falls down in an instant, including the third and the second of the blood spirit family. Countless Daoyun begin to nourish the body and restore the fighting power.

In any realm, the combat power will decline after old age.

At this moment, they are baptized by Tao Yun, return to the peak time, and master the real power of the blood spirit clan.

"Little beast, you die!"

"Little brute, you kill three strong people of the blood spirit clan. After killing you, I will use your skull as a bone bowl!"

In a flash, the second and the third of the blood spirit clan directly condensed an array!

Cover everything!

They look at Ye Chen who is full of evil spirit and dare not take it lightly! So many strong people have been killed!

They have to use their best killing skills!

In a flash, a vast expanse of swordsmanship broke the endless land. A blue sea of swords, with surging waves, enveloped the heaven and earth with two unspeakable murders. A king sat high in the blue sword sea, like a great God! Fire sword breaks the sky!!

Blue sea sword!!

The two moves were suddenly sent out. In the huge sword array, there were two forces, blocking the space and gathering the four sides. A strong stream of blood rushed down, interweaving a head of mixed light sword dragon, which had the potential to destroy the heaven and the earth!!

Boom!

With such power, the array does not release the spirit sword. The four towering divine trees try their best to release their own strength and maintain the big array itself!

"Two if one doesn't work? I will kill them all

Ye Chen holds the Jiuyou sky killing gun, mobilizes the internal strength, and the blood dragon rushes out.

He could feel that the power of the shadow was diminishing!

We must make a quick decision!

This shadow gives him too much power!

Once lost, he will die!

Right now, it has to do its best with every blow, even if it does harm to the body!

He can't care so much!

Jiuyou sky killing spear is dancing. The evil spirit is like a wave, and endless forces burst out. It seems that the whole heaven and earth are shaking. The blood moon is in the sky, and the blue sea is facing the sky. The sea of blood turns into a sickle of the God of death and falls down together!

The second and third of the Xueling clan's forces were against shangjiuyou's sky killing gun, and many forces collided, gradually becoming a disadvantage.

PA cha Crack!!

Boom!!!

After a burst of startling sound, countless golden lights flickered!

Poof!!!

In the air, three people spurt blood at the same time, turning into three streamers, each falling on one side.

The mask on Ye Chen's face is a sign of fragmentation!

There is a trace of blood on the corner of his mouth!

Just hold on!

The second brother of Xueling clan is also hard to bear. Under a blow, his mouth is covered with blood, and his chest is cut by the gun gang of Jiuyou sky killing gun. The third brother of Xueling clan is even more miserable. His left arm is penetrated by the meaning of the gun. They lose less than half of their combat power. They are barely able to compete with Ye Chen in his present state.

"The blood spirit clan is really shameless."

Ye Chen has already consumed a lot when he killed the fourth member of the Xueling clan just now. At the moment, he can only fight with them to seriously injure himself, and they will die in the end.

Outside, there is a blood spirit clan boss!

At the moment, I'm tired!

"Xiao Huang! Are you ready? "

Ye Chen murmurs, it has let Xiao Huang prepare in the mysterious space!

He has almost the time to fight for it!

If Xiaohuang doesn't come out again, it's dangerous!

Just then! A void opens and a giant beast steps out.

Just like the yellow after evolution!

Chapter 1024

Around the dust rolling, as if ten thousand feet!

The dust obscured everyone's view.

The crowd could only see a shadow faintly.

Huge shadow.

Hold your breath to the extreme.

Xiao Huang's blood and strength come from a great power in the samsara cemetery.

From the beginning, it was destined to be extraordinary.

And Lin Qingxuan told him that Xiao Huang had to go through many evolutions!

Every evolution will be extremely terrible!

and this evolution is absolutely against the sky!

The second and third of the Xueling nationality naturally noticed the strange smell in the smoke and dust, and their brows wrinkled.

"What the hell is this? Why do I feel something wrong? "

"It's like the roar of a monster. Did the little beast summon a monster?"

Even the peripheral blood spirit clan boss is also aware of something wrong, the smell of smoke and dust actually let it produce a trace of strange.

Even a threat!

Only moning knew what the shadow in the smoke was!

Xiao Huang!

But Xiao Huang's body does not seem to be so huge!

The power of her empire wants to penetrate the dust and see everything, but finds it impossible!

However, she can vaguely find that Xiaohuang in the smoke is extremely unstable, and her body has shrunk from time to time and is huge!

Ye Chen naturally also noticed that he and Xiaohuang have contact, he can feel what Xiaohuang seems to be struggling with!

Ye Chen just wanted to rush to help. Xiao Huang's blood red pupil suddenly looked at Ye Chen. A low voice rang out: "don't come here. Give me three seconds."

Ye Chen a Zheng, he can feel the blood red pupil in some different.

Even strange.

In the smoke and dust came the sound of monsters.

Ferocious.

Roaring.

The whole central place was shaking violently.

The second and third of Xueling clan feel more and more wrong.

They looked at each other with a resolute look in their eyes: "no matter what's in there, kill directly! There is no further delay! "

"Good!"

The next second, the two shadows burst into the smoke.

But before they stepped into it, an earth shaking roar suddenly rang through!

"Bang!"

Two people's bodies were instantly shot out, the strong sense of impact almost paralyzed their bodies!

Fortunately, they are in the state of emperor's respect, and they barely hold their bodies when they step on them!

At the same time, the strong wind, smoke and dust instantly disappeared.

A dark shadow twinkles!

When they saw the shadow in front of them, they were completely subdued!

It's a huge beast three meters high!!

There is a blood mark at the foot. The whole body is blood yellow and red, and the hair is erect. It is as sharp as a spirit sword. Its strength can pierce through gold and gravel. The blood color on the top of the head is the representative of a demon road. The whole body is haunted with blood, which is extremely terrifying.

The cold claws touched the ground, which made people feel a little cold.

Eyes fall on the head of the beast, like a lion from ancient times!

Especially the eyes of the giant beast, one blue and one red!

Red pupil with the impression from hell!

A single look makes one feel afraid.

The eyes of the blood spirit clan boss in the distance are also shrunk. He can clearly feel that the threat of the giant beast is getting stronger and stronger!

The key is that the breath of this giant beast does not belong to Kunlun Xu at all!

This is not a species here!

Even higher than the blood spirit clan!

How could it be!

Ji Siqing and moning also noticed the giant beast.

Mo ningxiu eyebrow a frown, she light Yi a, and looked at Ye Chen, want to say what still did not say export.

And Ji Siqing is more and more surprised, she simply did not expect ye Shitian to have this giant beast!

The key is that the beast is real!

How does Ye Jingtian put this existence around?

At this moment, she only thinks ye Shitian is a mysterious man!

Under the people's eyes, the beast did not have any movement, but the eyes fell on Ye Chen's body.

Staring at me.

The eyes are extremely complicated.

Awe, excitement.

"Xiao Huang?"

Ye Chen sees the appearance of Xiaohuang after evolution, and the shock in his heart is incomparable!

Who would have thought that the existence of a cat's size would have turned into such a situation!

He can even feel the breath of Xiao Huang, which is no less than that of emperor Zunjing!

Now Xiaohuang's realm is not low enough to cooperate with Ye Chen to kill two blood spirit clan elders.

Xiao Huang hears Ye Chen's call and nods slightly. "I still feel comfortable now, but this level of evolution is not stable, so we must make a quick decision. Some people dare to bully you if they don't have long eyes. Then I will let them understand the blood of ancient gods and beasts today!"

As the words fell, Xiao Huang's mouth shot out a flame. The flame seemed to sweep nine days. At the same time, a thunder sword was ejected from his mouth. Under the flow of the thunder sword, the flame outlined a long river of fire and burned the sword array and the earth.

"Beast!"

The second brother of the blood spirit clan murmured a word, then hit a long sword. After resisting for a while, he left.

In the distance, he looked back and saw that the sword array arranged by him and the third brother had been burned and turned into nothingness.

"Kill!" The third member of the Xueling clan punched Xiaohuang with a fist. He was beaten back by the electric light and flint, and he was also scratched. A wound quickly appeared from the wound, forcing him to expend his strength to suppress the wound.

"Xiao Huang, count me in! Kill these two old men together

Ye Chen naturally can't wait to die, the strength of virtual shadow to him has not completely disappeared!

He waved his arms, burst out the man sky god thunder and gun Gang, full of terror incomparable killing intention!

The blood dragon roared in his body and rushed out again, as if he had come from ancient times.

This attack is also from Lin Qingxuan, ye Chen, combined with the blood dragon, must be very strong, but has not been used!

"War!"

"I don't believe it. After so many years of practice, I can't solve a boy!"

The third brother of the Xueling family yelled angrily. He took the sword and stepped out. He chopped the sword in the air. The sword body was made up of a trace of road artistic conception. It fell down suddenly. The sword blade had a lot of meanings on both sides, forming a chain. He first trapped Xiao Huang and wanted to attack Ye Chen!

Click!!!

Ye Chen holds the Jiuyou sky killing gun and cuts off the chain of Daoyun. He blows into the sky with a sharp blow. The spear intention rushes to the top and turns into thousands of lightning and thunder.

BAM, BAM, bam!!!

One after another, lightning fell, forcing the third member of the blood spirit clan to dodge.

At the same time, for Daoyun's chain control error, Xiaohuang broke free and jumped out, and opened her mouth. Her blue eyes released extremely violent power!

The third member of Xueling clan felt something was wrong. He pinched the formula with his fingers, and instantly formed a green sword formula, which blocked the thunder and lightning released in Xiao Huang's dark blue eyes!

Even suppressed Xiao Huang's thunder and lightning!

He looked at Xiao Huang and sneered: "a beast really thinks he can control everything? The blood of my blood spirit clan crushes all monsters! What the hell are you doing! Today I will fight you back to samsara

"Is it?"

A voice rang out.

Chapter 1025

The third old man of the blood spirit clan was stunned. He never thought that the monster would talk!

The key words actually let him feel the fear in his heart!

Suddenly, he noticed something!

He found that the blue pupil of the giant beast in front of him was closed!

Only one eye left!

And that eye was glowing cold red!

That red pupil turns the rune quickly!

"This What is this thing

Before he reacts, Xiao Huang's red pupil Rune comes out directly!

It turns into a big net to live directly the third member of Xueling clan!

Red net is beginning to shrink!

He wants to break free and tear the big net, but he finds that he is not qualified at all!

This power actually suppressed the power of the blood spirit clan!

"How could it be!"

Before he could react, the net quickly shaved the arm of the third member of the blood spirit clan into white bones, and then bit it off.

Click! CLICK!!

The sound of broken bones resounded.

"Ah..."

The cry of the old three of the Xueling clan resounded continuously.

The second brother of Xueling clan is blocked by Ye Chen Jiuyou's sky killing gun. The blue sword sea that he displays can't move forward half a step!

"How dare you! Little beast, I will not let you go even if I die! "

The third half of the blood spirit clan was almost torn apart. The only half of his body was shining with blood. He wielded the magic sword in his hand, forcing a drop of blood essence to pat on his forehead. The sword light whizzed down like a rain curtain, and gradually condensed into a huge flame beast, shining brilliantly, like a thousand rounds of moon burst, and the endless power of blood color broke out completely.

This is the way for him to burn blood essence and cultivate himself!

He has no choice!

Who would have thought of such a tragic scene.

One man and one beast broke the peace of the blood spirit secret place, and killed so many people!

The elder brother of the blood spirit clan clenched his fist. "This boy is so strong that he can't stay any more!"

"Even if he's weak, I'm the only one who's going to kill him!"

"Otherwise, he will be promoted to the realm of emperor's respect, and with this giant beast, I will not be able to suppress him any more!"

Tao Yuanjing!

Emperor Zunjing!

If ye Chen reaches the level of Daoyuan, he will be helpless as long as he reaches the level of Daoyuan.

If ye Chen is promoted to the level of emperor Zun, I'm afraid he can directly kill the powerful people in the later period of emperor Zun state!

Whoa!!

Xueling clan boss no longer hesitates, take out a pill, intend to take it!

His eyebrows twinkled with old lines.

But this scene was noticed by Monin.

Although her sight has been on Ye Chen's body, but Yu Guang has always paid attention to the old man of the blood spirit clan.

This talent is the biggest threat to the secret place of blood spirit!

Seeing that the eldest brother of Xueling clan is ready to take the pill and go towards Ye Chen, she can't care about other things any more. She jumps to the head of Xueling clan.

"Two to two is fair!"

"If you intervene again, you will lose face? Or, you old man, you don't want to be ashamed? "

There was no fear in Monin's voice.

Seeing the woman in red in front of him, the leader of Xueling clan sneered: "a guy at the beginning of emperor's reign!"

"Do you think you can stop me?"

"Wise roll!" The leader of Xueling clan doesn't really see Mo Ning in his eyes. Although Mo Ning's realm is much higher than ye Chen's, his threat is far less than ye Chen's. It's important to solve Ye Chen first!

"No eating!"

Mo Ning forcefully moves, wants to prevent the blood spirit clan eldest to take the pill!

She is very clear that the people of the blood spirit clan are actually suppressed by this secret place, and this pill is to relieve the existence of this repression!

However, they were aware of too much realm. Even though Mo Ning blocked him, the leader of the blood spirit clan easily pushed him to a distance, and then took the pill. In an instant, a great power spread out.

Boom! Boom!!!

Heaven and earth are trembling. We should worship the powerful man in the imperial realm!

The forces of heaven and earth haunt each other and turn into lightning, which haunts the whole body of the blood spirit clan leader. It seems that they are paying homage to him. His white hair danced wildly, his eyes were empty, and his blood spirit was full of his whole body, just like hell devil.

It is like thousands of suns being detained and hanging in front of the head of the blood spirit clan. The brilliant brilliance exerts the power of the whole blood spirit secret place.

After taking pills, the second, third and fourth of Xueling clan all accept the irrigation power of heaven and earth. However, he actively absorbs the power of secret realm, which makes people tremble and seems to break all obstacles!

Such a scene!

Monin looks flustered! It's time to come!

It's impossible for her to stop!

Ye Chen and Xiao Huang can't!

Only with the help of the power of reincarnation cemetery!

"Grave master, be careful!"

At the moment, ye Chen in the battle circle naturally realizes that the surrounding atmosphere has completely changed.

The power of the whole secret place seems to be restrained!

"Little beast! You're dead! Ha ha ha

Blood spirit clan old three excited crazy cry, oneself have saved!

Click!!!

At the next moment, ye Chen shot a gun at the third member of the blood spirit clan, "no one can save you!"

Ye Chen is very clear, he and Xiao Huang face these two people so embarrassed, if you add that blood spirit clan boss, the consequence is unimaginable!

He has to deal with one person as soon as possible!

But not a single shot! The powerful pressure of emperor Zunjing is sweeping towards Ye Chen like a tsunami!

This power is too terrible, as if in charge of everything!

Ji Siqing, ye Luo'er and ye Lingtian are almost out of breath!

And ye Chen's Jiuyou sky killing gun seems to be solidified!

Can't go any further!

"My man, you want to kill? Humble mole ants, do you really think that is the power of the blood spirit clan!"

The pressure is more and more terrible!

A figure is suspended, but also in front of the injured blood spirit clan old three!

It's the leader of the blood spirit clan!

With his hands behind him, his surging true spirit stirred the sleeves of his robe and said in a cold voice, "now, do you dare to repeat what you said just now?"

Ye Chen did not speak, his eyes were extremely cold.

He's thinking about how to deal with it!

The eldest of Xueling clan looked at Ye Chen with more scorn in his eyes. Ye Chen's performance at this time was just as he expected. He immediately raised his feet and walked to Ye Chen and said:

"since I stepped into the secret place, I've rarely met any enemy. I've killed a lot of talented people all my life, and trampled on numerous sects and sects. Since I was promoted to the emperor's throne, he has shocked the secret place of Xueling In, all those who violate our imperial power will be eliminated. Your cultivation is very strange, but if you do not become emperor Zun, you will never understand the horror of emperor Zun. The reason why you are arrogant is that you are ignorant of the frog at the bottom of the well. You are not qualified to stand in front of me! "

Every step forward, the momentum of his body will be strong. When he finished the last word, people only felt that the whole world was pouring towards them. In addition to Ye Chen still standing in the same place, several other people's mouth corners spilled a trace of blood.

The eldest brother of the blood spirit clan frowned. He thought he could make the little beast kneel in front of him, but the other side didn't respond.

Just staring at him with cold eyes.

It's weird.

All of a sudden, ye Chen, who has not spoken, opened his mouth.

He drew a cold arc around the corner of his mouth: "don't you want to hear what I just said? I repeat, no one can save him

"Including you!"

Chapter 1026

Ye Chen's words fall, and there is a ray of light on his body.

The reason why he is so confident is that there is a voice coming from the Samsara Cemetery!

From the sound of blood seven nights!

This is Ye Chen's biggest card!

Hearing Ye Chen's arrogant words, the third elder of Xueling clan, who was injured in the distance, shook his head helplessly, and even more laughed: "Mole ants, you really think that you hurt me with some means, and your monster can kill everything?"

"You don't know what kind of power is hidden in my big brother!"

"Do you know what Kunlun Xu or the earth is in our eyes?"

"You are the frog in the well. The martial arts you cultivate are no different from garbage in my eyes."

"Your blood and talent are no better than a mouse in the eyes of our Blood Spirit clan! After a year and a half, all of you will die! All will be slaves"

The third of the Blood Spirit clan said that his face was extremely ferocious. He didn't even care about the constant flow of blood or the wound.

Ye Chen hurt him to this extent with Xu Wang Jing, which is an insult to him!

Suddenly, if you want to kill him, don't want to kill him. Don't think of me

After hearing this, the leader of the blood spirit clan pondered for a few seconds, and then nodded: "well, with me, no one can kill you. Now the only blood spirit secret place is you, me and the second. We can't lose any more. We should hand over some things we have mastered in recent years to the great powers of the blood spirit clan in person."

"For now, let's get rid of something that doesn't know how to live or die."

The eldest of the blood spirit clan fought countless battles in his life. He had already understood that the lion should do his best to fight the rabbit. At this time, the spiritual power in his body turned wildly. The real Qi of the heaven and earth in the blood spirit secret state seemed to be pulled together towards him. He held up his right hand, and a huge sword full of runes, which seemed to be enough to destroy the heaven and the earth, condensed in his hand.

"Xuantian exterminates God to cut!" The leader of the blood spirit clan gave a violent drink. At the moment when his whole body was in the strongest momentum, the huge sword formed by genuine Qi was cut towards Ye Chen. This move of Xuantian killing God has reached the peak of sword technique and technique. The huge energy contained in it is enough to sink a central place. The blood spirit clan leader has shown the power of emperor's respect in his hand, which is chilling.

"Ants, you should be glad that I can use this move to kill you! You are not qualified to kill the blood spirit clan! "

The sound of roar resounded like thunder!

Mo Ning's face changed greatly with the power of Xuantian killing God!

This prestige, is not the tomb owner can contend with!

Damn it!

She wanted to help, but found that her body was bound by the blow!

This feeling is very uncomfortable!

And ye Luo'er and ye Lingtian can't help but spit out a mouthful of blood!

Ji Siqing turned her head and didn't want to see ye Shitian die under the sword. For a moment, she felt that she was too small.

Although she didn't have much to do with ye Shitian, she only knew him for a few days, but somehow, she didn't want ye Shitian to have an accident!

I don't hope so much!

This kind of feeling is like a familiar old friend is about to leave!

Ye Lingtian and ye Luo'er are also swaying. They are not sure whether ye Chen can block the unparalleled attack.

Ye Lingtian couldn't help thinking: "I didn't expect that the strong man of the blood spirit clan should be so terrible. I've seen my grandfather do his best to weaken the strong one of the blood spirit clan by his peak cultivation. The temple master is in trouble

The head of the blood spirit clan looks indifferent, and ye Chenhide does not hide to stand in the same place. Even if he is a strong emperor, he can not be safe and sound. In his eyes, this arrogant young man is already a dead man.

But at this time, ye Chen suddenly opened his eyes, and his eyes burst out with bright light. He gave a simple punch to the huge sword that was cut off at the head. He said softly: "seven nights - Broken Sword fist."

In this time of life and death, blood seven nights will be a flow of information into his mind!

At the moment when fists and swords intersect, time seems to be at a standstill. The sword, which seems to be able to create a new world, is blocked by this fist. Before people even have a chance to be surprised, the huge sword has been broken and invisible.

The eldest of the blood spirit clan was completely stunned. His whole face was black, just like hell!

He looked at the boy in front of him in disbelief. He was pale, short of breath, and shaking slightly uncontrollably. It was obvious that the blow he had just made consumed him a lot.

He must not be able to resist my next move!

The blood spirit clan boss just wanted to make a move, suddenly, he found that he regarded as a mole ant boy actually disappeared!

Then, there was a cry full of grief and panic.

"Brother, help me!"

This voice comes from the third of Xueling clan!

At the moment, the old three of Xueling clan is stiff and his eyes are wide open!His smile seemed to solidify!

Because he thought the boy who must die suddenly appeared in front of him!

His cold eyes are like the devil from hell!

Terror! gloomy and cold! Bloodthirsty!

"I said, no one can save you. I kill the people who want to be killed by heaven. Even if the way of heaven stops me, I will break the way of heaven."

"Die for me!"

"Seven nights -- breaking soul and killing fist!"

Endless power surrounds Ye Chen's fist, which seems to be able to penetrate the air!

The fist fell steadily on the chest of the third member of the Xueling family.

The third of Xueling family slowly lowered his head and saw a fist sized blood hole in his chest!

He lowered his hand, which was ready to be raised, with a blank look in his eyes, and fell to the ground with a thump.

A generation of emperor respected the strong, and then fell!

No one would have thought that he would be killed by a mole ant of Kunlun in the presence of the leader of Xueling clan!

Even at the last moment of his death, his eyes were full of horror and fear!

It's a fear of the unknown!

"Who are you..."

Before the words were spoken, his body burst and turned into a blood mist on the spot!

The blood mist was all over the sky, and no one would have thought that things would develop in this way!

Ye Lingtian and ye luo'er didn't expect, Ji Siqing didn't think of it, even Mo Ning didn't think of it!

All of a sudden, she thought of something. The fist the tomb owner had just given just now did not belong to the power of Kunlun Xu!

From blood seven nights!

How terrible is blood seven nights? Moring doesn't know!

She only knew that if the blood seven nights had a fight with Lin Qingxuan, who was a doctor, he would surely lose!

Because it's not the same level at all!

Is the tomb owner completely recognized by blood seven nights?

She was short of breath, her fist clenched, staring at the young man in the blood mist.

Indomitable youth!

The opening of blood seven nights is the real beginning of reincarnation cemetery!

Chapter 1027

This also means that the tomb owner will touch the secret behind the reincarnation cemetery!

Even touch the stronger, the land of many strong!

Where her body, the reincarnation of the power of the cemetery, where cold and cruel!

Hell!

There the blood spirit clan is just a drop in the ocean!

Not to mention Kunlun Xu and earth!

Just when Moning was excited, a roar from heaven and earth was released!

"Little beast, I want to protect the people you dare to move! In that case, all of you will die! "

An old figure released a powerful blood light!

It's the leader of the blood spirit clan!

Moning's face changed slightly. Although she was hurt, she still wanted to block the owner of the tomb!

But not close to the old figure, her body was shaken out!

She was injured, how can she bear to live in an angry state of emperor Zun strong!

The key Ye Chen killed his people in front of this arrogant and powerful man, which is undoubtedly a slap in the face!

As the strongest person in this secret place, the eldest of the blood spirit clan carries the existence of the mission of the blood spirit family. How can he be willing to be like this!

Ye Chen comes back from his mind. He looks at the head of the blood spirit clan, and then looks at Mo Ning in the distance. He is only seriously injured and not in danger of life. He can't help but take a long breath.

Now, no matter how many possibilities, he has to do it!

Ye Chen Yu Guang glanced at Xiao Huang and the second child of Xueling family. They were almost exhausted!

After the evolution of Xiaohuang has done very well! At least one strong man was held up!

And the blood spirit clan boss doesn't give ye Chen time to react at all. He steps out in a state of rage!

What a hundred meters!

Directly came to Ye Chen's body!

The strong air pressure seems to pull the air out of the surrounding area!

"Little beast, I thought your strength was only one level of emperor's respect. Now I'm wrong. I despised you at the beginning! The boxing skill you just broke out doesn't belong to Kunlun Xu! "

"The blood dragon, magic Qi, divine thunder, and even the strange power promotion in your body show that you have a big secret! Great secret! Tell me the secret, and I will spare you

Ye Chen heard such words, a mouthful of blood spit out, he forced to support the body to stand up, sneered: "I care more about the secrets of your blood spirit clan, if you are willing to tell me, I will give you a whole body!"

The elder brother of Xueling clan never thought that ye Chen was still so arrogant when he was dying!

"Humble rubbish, you are not qualified!"

The eldest of the blood spirit clan took his sword back to the scabbard, but his whole body strength was constantly accumulating. Every inch of the sword was high, there were thousands of divine powers

rushing out, making the giant trees and rocks in the distance crumble, all kinds of brilliance flickered, and the earth was cut open, and the whole blood spirit secret place seemed to be collapsing.

Everything, all in contrast to his late emperor Zun state master!

As soon as he entered the later stage of emperor Zun's realm, he was able to smash heaven and earth. For the leader of the blood spirit clan, it was not difficult to destroy the whole secret world.

The blood spirit clan leader points out with his left hand, and the luster changes between heaven and earth, forming various auspicious animals. The real dragon rises in the sky, the white tiger shines on the sun, and Xuanwu is born. The Phoenix soars and sings together continuously. There are larks and Yinglong rising from the sky. It is holy and peaceful, just like a god!!

Countless glorious beasts gather the sea of blood and countless magic swords before, as if the sun and the moon were in the sky. They almost reached the top of the mountain, shining brightly. It seemed that it was hard to see five fingers when reaching for one's hand. After a while, lightning flashed and thunder thundered, and the light and rain poured down.

"Is this the power of the real emperor's realm! And a few people before the gap is too big! Is this the real emperor's realm? "

"Master of the temple!"

Ye Lingtian's heart is startled, and looks back at Mo Ning in the distance.

Mo Ning spewed out a mouthful of blood, got up powerless, and laughed bitterly. If the leader of the blood spirit clan had attacked himself with such an offensive, he would have died on the spot.

She is not noumenon after all.

If it is noumenon, maybe we can have a war! Now, how to fight with one mind combined with separation?

Xiao Huang, who is fighting with Xueling family, is also aware that something is wrong. His eyes shrink and he quickly says to Ye Chen, "I'll help you!"

"No!"

Ye Chen refused.

Now he is very clear that even relying on Xiao Huang's strength is not qualified!

He's gambling!

Would you like to gamble on blood for seven nights!

He wanted to see the real power of the blood spirit clan before he launched his hand on the 7th night of blood!

He wanted to know how far he was from rescuing the hundred great powers and fighting against the hidden forces!

"You want to fight! Then fight Ye Chen's eyes swept the auspicious beast in front of him.

Extremely serious!

Only after the war can we know how big the gap is. When we win the throne in the future, we can better play our fighting power!

Ye Chengang is an action, and a voice comes from the samsara Cemetery: "boy, I'll teach you another move today. It's called five element Lingzhu array." "The strength of this array can barely lift you to the realm of emperor's respect, and it is also the only capital you have to fight in the first World War."

"But your health will be very bad after that! You will! "

Hear this familiar voice, ye Chen heart a joy!

Blood seven night again!

"Yes!"

Blood spirit clan boss has secret skill!

He has it too!

Ye Chen holds Jiuyou sky killing gun in his hand, and his left heart slightly rises, and five blood essence emerge one after another.

Quick finger pinching!

These five blood essence turned into five spirit beads!

Blood dragon, divine thunder, talisman, magic Qi, noumenon!

Each represents a force!

He wants to gather all his strength! have a try!

Even if you are injured, you will not hesitate!

His hands dance, mobilize the internal strength, with the Jiuyou sky killer spear as the leading, radiate five different attributes of power!

It seems to indicate the gold, wood, water, fire and earth in Chinese Physiognomy!

The water spirit bead glows with ice blue light, gathering out a series of Water Dragons, which are extremely strong all over the sky.

Wind beads gather together to form a pale white phoenix, which is a hundred Zhang in size.

The fire spirit beads haunt each other and form a vast ocean of flames. A phoenix is reborn in the fire and soars for nine days. It has the power of shocking the world.

The Earth Spirit bead is thick earth, which is rich in virtue and carries things. The endless light sweeps through the heaven and earth. With the power of noble Qi and the power of magic gun, the Qi engine is like a round of tide ups and downs, but the continuous waves are like the thick earth, unshakable,.

Mulingzhu, thousands of vines, interweave with each other to form a wooden man with a height of thousands of feet!

Mulingzhu is blessed by Jiuyou sky killing spear. In a flash, it bursts out thousands of blood rays, penetrates the whole world and lingers on the wooden man. At the same time, it has two forces to evaporate the surrounding trees.

"Kill!!!"

Ye Chen rushes out, and the five forces play their respective powers.

How terrible his blood can teach him!

In a flash, countless Water Dragons, countless wind blades and countless fire snakes rose and fell, and the powerful thick soil as the shield led to the killing ability of Jiuyou sky killing spear. The wooden man lingering in the blood rushed to the front.

Chapter 1028

"Hum!"

The eldest of the blood spirit clan snorted coldly, his arms agitated, and the ancient sword suddenly pulled out. At the same time, his fingers pinched the formula quickly. The power of the whole blood spirit secret place seemed to be used by him!

Tens of thousands of thunder and lightning, combined with the sea of blood, related auspicious animals killed, two powerful enough to destroy the secret place, collided together.

The real dragon, white tiger, Xuanwu, Phoenix, Yinglong and Lark bird, which he summoned, were all fighting with the power of five series of spirit beads.

The real dragon soars in the sky, the Dragon howls thousands of miles, the sound waves are shocking, the Dragon claws are powerful, and directly face the water dragon.

A brilliant aftershock!

White tiger and Xuanwu, face up to the wind blade and fire color, the world changes color.

The real dragon and Phoenix, against the wooden man with blood, the wooden man unfolds a big red net, which is like the stars all over the sky. It will haunt the real dragon and Phoenix. The broken array will kill two auspicious beasts step by step!

Lark and Blood Sea are facing Jiuyou sky killing gun.

What's more, Xiao Huang also helps. As soon as the giant claw is broken, air waves are everywhere, and the body of lark is constantly slapped, causing ripples.

Xiangguang auspicious beast and five Lingzhu fight together!

At the same time, ye Chen shows his unique posture of giving up his own. His black hair is disordered and his eyes are deep as stars. He even faces the leader of the blood spirit clan. His palmprint cracks out four sides of divine thunder, and his fist shadow shakes the sky. The virtual King realm makes a forceful gesture of emperor's respect!

Cover nine sky down!

Who will give me up!

A piece of fist shadow fell from the sky, turning into countless lights across the sky.

Ye Chen constantly absorbs the power of the five element spirit bead array. He feels very uncomfortable, but he can only resist it by force!

Once you give up, you will die!

Blood seven night Master said, this is his only chance to fight!

Between the two, fists, feet and swords intersect, all kinds of air waves erupt, and the battle soon turns white hot, which makes people too busy!

The elder of Xueling clan is more and more frightened in the Vietnam War!

He had no idea that a mole ant in the virtual kingdom could be so powerful through secret arts!

The key is that the five element spirit bead array is too weird!

He stayed in Kunlun void for too long and contacted too many talented disciples and strong men. He had never seen such energy fluctuation at all!

He is more and more interested in Ye Chen's secret!

If the king's realm can be like this, if his emperor's realm gets this secret, won't he be able to win the throne in the blood spirit clan!

What are these ants in Kunlun!

No longer think about it, there is a small crystal in the hands of the blood spirit clan boss!

The crystal breaks directly!

He was covered with a strange light!

This light is very similar to the light of reincarnation on Ye Chen's predecessor!

"Little beast, you have the ability to take this sword! I'll see how you pick it up! "

After a sound of anger, the head of the blood spirit clan threw his sword into the air. The light of the sword burst like a thousand thunderbolts. It burst out like a thousand feet of magnificent sword Qi, stabbing Ye Chen's chest, and cutting off the water dragon of the five element spirit bead array!

Bang!!

A violent explosion came out!

Many water dragons burst out, and the beads of water came back to Ye Chen's side and were collected.

The leader of the blood spirit clan is still making efforts. He is gradually climbing from the stage of being equal. He has a tendency to suppress Ye Chen. His sword spirit is magnificent, just like the Milky way falling into the world and falling suddenly. Hundreds of stars twinkle, dazzling and frightening!

Bang bang bang!!

Bang!!

Countless flames were cut by sword Qi and burst into red crystals one after another.

The fire spirit bead of the five element spirit bead array also returns to Ye Chen dejectedly!

The eldest of the blood spirit clan monopolizes Ye Chen, and at the same time urges the sword Qi to help the virtual giant beast to attack the five element spirit bead array!

Just like just now, ye Chen resisted the ancient sword array with one hand and killed the fourth brother of Xueling clan with the other hand!

In the later period of emperor's respect, it can not be easily resisted.

There is a hole in the blood spirit secret place that is torn. Ye Lingtian and ye luo'er are shocked and stare at Ye Chen in shock!

No one would have thought that ye Chen could stop the powerful one in emperor Zun's territory!

I'm afraid no one will believe it!

But Monin was sad.

She was not shocked, but rather frightened!

The five element spirit bead array has been defeated by two.

If there is an accident with the remaining three, ye Chen will be extremely crazy!

It's a question whether you can live or not!

Ye Chen naturally felt the difference of his body. The two strongest beads of water and fire were defeated. Jiuyou sky killing spear immediately shot up into the sky, and thousands of gun Gang emerged. Countless gorgeous brilliance and evil Qi burst out, forming a large net in vain to swallow everything.

Boom!!

White tiger and real dragon hit Jiuyou sky killing gun. Xiao Huang also rushed out recklessly. There were red and blue breath in the big mouth. The sharp blood fangs crossed many auspicious animals and bit the head of Xueling clan on his arm.

"Evil animal!" The elder brother of Xueling clan has a bright arm, and flies Xiao Huang Zhen out directly.

Xiaohuang's evolution this time is not stable after all!

Even if you have the strength of emperor Zunjing, you have been hurt before! Facing such a strong person, it is obviously not so easy!

Key Ye Chen also found that the red pupil of Xiaohuang has been somewhat dim!

In the middle of the air, Xiao Huang turned around and managed to stabilize her body. Her eyes were extremely cold, and her hands and claws were more like human beings.

One big mouth shot many blood swords!

"Old bald ass! If Laozi evolves to the highest level, you are not qualified to touch me! Even if I die today, I won't let you hurt the master! "

In Xiao Huang's eyes, there is only determination.

"I can't do what I can! It's just a brute. You want to stop me. I'm afraid you'll have a lot of energy to fight with the second. Now I'm in the peak state and want to save that boy! You're as funny as that kid! I will send you two animals to hell together

"To live forever, never to exceed life!"

Bang!!

Looking back on his sword, the elder of Xueling clan wiped out the blood sword like a meteor shower, and pierced through Xiao Huang's body one by one, and countless blood poured out.

Bang!!

Xiao Huang falls on the ground and cracks the ground.

It can stand up, a mouthful of blood then spurt out, the whole body up and down the bone broken to seven or eight, it is difficult to effectively help Ye Chen.

"Xiao Huang!" Ye Chen's eyes are red with blood. He suddenly blocks Xiao Huang in front of him. The lightning and fist shadow of his palmprint crack out one after another, which also has the potential to destroy the heaven and the earth!

Ye Chen and Xiao Huang contact each other from the beginning, to recognize the Lord, and then to now, unconsciously, the relationship between the two people is more and more deep.

It's not just about recognizing the Lord!

It's brotherhood!

In his eyes, Xiao Huang is the most important friend, not a monster!

"Ha ha, a beast is dead and alive, little beast. Now it's your turn!"

Chapter 1029

"You are a virtual king. You are proud to be able to fight with me like this!"

"The last blow, I'll take you on the road in person."

In the eyes of the elder of the blood spirit clan, he shows the eternal Tao Yun. His whole body strength moves out. Behind him, a mountain river emerges. The sea of blood meets the sword light, and then with the mountains and rivers. It bursts out an incomparable luster and sweeps everything.

Boom! Boom!!

Boom!!

A burst of sound, like firecrackers as continuous.

Many wind blades burst in the air, and Feng Lingzhu had to return to Ye Chen's side!

At this point, the four spirit beads were eclipsed and could not stop the attack at all.

The last eye of the array, the Earth Spirit bead, has the power of thick earth. It turns into an archaic yellow shield, flowing endless Tao Yun and the chain of order God to resist Ye Chen's body.

Boom!!

A loud noise came out!

The Archean yellow shield burst open, countless dust flying, thick earth can not block the luster.

Tu Lingzhu also had to go back to Ye Chen!

Five color beads have been defeated, blood seven night to Ye Chen's power all disappeared!

The only dependence is gone!

Ye Chen feels like falling down at any time!

He's too tired!

Tired to sleep!

Ye Chen took a look at Xiao Huang's trembling and bleeding body and roared: "nine you kill the sky gun, come on!"

He vowed to do everything he could!

If you hurt Xiao Huang, he will kill him!

No matter how strong it is!

Whatever the cost!

Ye Chen holds the Jiuyou sky killing spear in his hand. His blood essence condenses, and the blood dragon coils around him. He releases endless evil Qi and mobilizes his whole body strength. When his arms shake, thousands of spears come out at once, covering the sky and tearing the earth apart. All the sizes around him are broken, forming an array to resist him!

Ye Chen visual about the coming destruction of luster, heart: must be blocked!

This is a secret skill!

Extremely powerful secret arts must be blocked, or I will be in danger of death!

Boom! Boom!!!

Boom!

Endless destruction of the luster of China jump, will gun Gang killed inch inch broken, countless afterwaves spread out.

In the distance, Mo Ning, Ji Siqing, ye Luo'er and ye Lingtian all felt the impact of this devastating force, and their faces were darkened.

"Poof!"

Ye Chen spurs out a mouthful of blood, gun Gang all broken.

After all, the gap is too big!

Although the Jiuyou sky killing spear is directly twisted to protect Ye Chen, it still lets a lot of destruction shine penetrate into it, causing Ye Chen to be seriously injured.

Ye Chen looked at the distance, almost dying. His cold eyes glanced at Xiao Huang lying on the ground. Then he could not see the edge of the destruction. He thought: am I going to fall here today?

This destructive luster is irresistible to those of different realms.

Even if the combat power is close to the emperor's realm, it is absolutely irresistible without the strength of the later period.

Ye Chen even felt death.

At this moment, in the samsara cemetery, a stone tablet suddenly glows with brilliance and trembles fiercely. The incomparable Qi mechanism radiates out, just like the heaven and earth living in chaos. The Qi is extremely strong, even reaching the level that people can't help kneeling down.

"Seven nights of blood!"

"Master, are you willing to do it?"

Ye Chen looks excited, the new tombstone opened, which means that there is a strong one out!

Blood seven nights, must be more powerful than the strong in front, to solve the blood spirit clan boss, should be no problem!

Boom!!

When the tombstone is opened, a giant man with terrible breath comes out!

Whoosh!!

A blood light flies out of Ye Chen's body, and the burly man glows with a torrent of weather. Behind him, there is a round of blue sky, a round of night, a round of day, and three kinds of visions of heaven and earth are displayed at the same time. The incomparable destruction and survival Qi are not exclusive, but complement each other!

As soon as he waved his hand, the three wheels of heaven and earth appeared in the same way. The powerful Qi machine directly destroyed the destruction luster of the attack!

"What's the situation? Who are you?"

The leader of the blood spirit clan looked at the vision and the figure in front of him and felt the threat.

My best strike was so easily destroyed!

How could it be!

Subconsciously, he stepped back, widened his eyes, and asked in horror, "is the emperor's highest place?"? This is emperor Zun Jiu Chong? You Who the hell are you? "

"Who am I? I tell you! I am seven nights of blood! "

"I didn't want to interfere! But you move the wrong people! "

"This son is our hope! Heaven has no right to shake! What's more, you are a mole ant of blood spirit clan! "

The burly man's look is plain, and he doesn't look at the elder brother of the blood spirit clan at all. His left hand condenses a magic sword. The sword light is bright and shining all over the world! Sword light combined with three rounds of heaven and earth vision, towards the blood Ling clan boss rolling out!

In the twinkling of an eye, the sword light sweeps across the stars, and the God shines on the ten wastelands!

Blood seven nights a sword, four clouds move, eight sides end color push three rounds of heaven and earth vision, and then break the blood sea and the blood spirit family God King vision, the blood spirit clan elder shot a hundred meters away, the ability of a sword, hurt the late emperor of the blood spirit clan boss!!

"No matter who you are!"

"Today, I am going to kill this little beast!"

Although the leader of the blood spirit clan was afraid, he could not lose the face of the blood spirit clan. He drew a comet like light with his sword. The ten sides of the scroll were full of colors, and the red clouds were blooming. They were gorgeous as smoke. The irresistible killing power spread out, like the stormy waves, with one strong and one heavy attack!

Boom! Boom!!

Boom!!!

Both sides collide in a piece, the aftershock shock world up and down!

But the result is too obvious!

Blood seven nights without moving!

However, the leader of Xueling clan is not an opponent at all. Although he is only a few levels lower than the blood of seven nights, he is one layer of heavy sky and one layer of difference, which is the distance between heaven and earth!

At the moment of touching, he seemed to feel the God of death!

The leader of the blood spirit clan knows better than anyone that he is not the opponent of this guy!

The key is how this guy suddenly appears here!

"Who are you? You can join the blood spirit clan with your strength. This Kunlun virtual root is not suitable for you

"As long as you nod, I can help you become the master of Kunlun Xu!"

The elder brother of the blood spirit clan said.

He has no choice, he must stabilize this great power, otherwise, he will not even have the qualification to live!

"Join the blood spirit clan?"

Blood seven night suddenly smile, laugh incomparably loud, his body's robe flies! The vision behind him is even more powerful! The whole blood spirit secret place can't bear it!

"What are you laughing at?" The head of Xueling clan said coldly.

Hearing this, the smile of blood seven nights suddenly stopped! He stepped out step by step, with endless power and direct bombing!

The blood spirit clan eldest one mouthful of blood spurts out on the spot!

The elder brother of Xueling clan never thought that he would have such a miserable day!

Chapter 1030

Blood seven night, eyes like cold stars, lips slightly open, like a voice from the nine sky star river slowly fell: "what did the blood spirit family calculate in front of me! If I hadn't been careless, how could I have been trapped by those animals! "

"From today on, ye Jingtian, the close disciple of my blood for seven nights, will kill all the animals! Your blood spirit clan will only be the beginning

The blood spirit clan elder spits out a mouthful of blood again, this sound wave power is too terrible, he has no qualification to stop!

Kill all the blood spirit clan, if this sentence is said from other people's mouth, he will not believe it at all!

But from the blood seven night mouth, he had to believe!

He finally understood the identity of the masked boy!

Ye Shitian!

This son is the apprentice of blood seven nights! If you don't die young, the strength in the future will definitely be terrible!

He has to run away! And hide it!

Within a year and a half, we must find a way to contact those people of the blood spirit clan! Otherwise, there will be endless troubles!

Blood seven night boss head fast rotation! He no longer hesitates, his body burns!

Burning blood essence and cultivation, display the strongest escape secret of the blood spirit clan!

He instantly turned into a ray of light, into the ground, disappeared!

At the same time, the light came out from the bottom of the ground, and even passed through the wounded second of the blood spirit clan!

The latter's body exploded on the spot!

"Big brother, why do you want to kill me?"

The second brother of Xueling clan couldn't react at all. He didn't expect this result!

Finally, he died in the hands of the strong blood spirit clan!

Before he died, the light returned to the ground again, and a cold voice came: "because no one in this world can be trusted except myself! Only the dead can keep the secrets of the blood spirit clan! "

"What's more, seven nights of blood, ye Shitian, I remember your names! I will kill you myself some other day

Blood seven night's eyes calmly glanced at the disappeared blood spirit clan boss and the blood mist. His mouth outlined a smile, but did not chase after him. Instead, he picked up Ye Chen.

Ye Chen opened his eyes and said excitedly, "blood master, the fleeing blood spirit clan..."

Blood seven night shook his head: "this person is not in a hurry to kill, he is also useful to us, the most important thing is your injury! Close your eyes and I'll take you to heal

Without giving Ye Chen the right to answer, Xue Qiye carried Ye Chen to the treasure cave of Xueling clan, and directly delivered the power to Ye Chen and Xiao Huang. He said to ye Lingtian, Ji Siqing, and Mo Ning, "this is the Xueling cave. There are various resources and martial arts skills here. You can practice here and break through soon."

Thank you

Thank you

Mo Ning, Ji Siqing, ye Lingtian and ye lu'er expressed their thanks.

I don't know how long after that, ye Chen wakes up, he feels a strong sense of pain.

Fortunately, the pain didn't last long. He stood up, looked around and found that there were murals all around him.

The key is that the aura in this cave is extremely strange!

The dormant blood vessels in your body seem to be absorbing crazily!

"Here is..."

Ye Chen stares big eyes, just open mouth, a voice is to spread.

"Boy, you don't have to worry about where this is. The secret place of blood spirit can't last long. You can break through it as soon as possible! The virtual kingdom is far from enough! "

Ye Chen knows that this is the voice of blood seven nights. He nods and doesn't talk nonsense. He sits cross legged and starts to break through!

This time, he wants to step into the source of Tao!

Moreover, in the dense cave of the blood spirit clan, there are miraculous medicines which are hard to calculate.

Xuanlingcao, Baixue ginseng, Tianhe and Cunninghamia lanceolata, etc. are all miraculous medicines calculated in thousand years. It's hard to imagine how many talented people of the Xueling clan killed in the blood spirit secret realm to win so many miraculous medicines.

Of course, Han Yun can no longer control them, which also leads them to gradually turn away from their guests and occupy the secret place of blood spirit step by step.

Blood seven night in the dark to see ye Chen, and finally turned into a blood light, into Ye Chen body, back to the samsara cemetery.

"Boy, the elixir and elixir here are enough for you to break through the realm of Xuwang and enter the realm of Daoyuan."

"The elder of the blood spirit clan, I have beaten him hard. However, the longer I stay in the outside world, the more I consume."

"Therefore, after you break through the realm, you need to kill him as soon as possible to avoid future trouble. After all, Huang family, who rebelled against Kunlun Xu, may help him!"

Although the eldest of Xueling clan takes pills, he recovers his fighting power.

But after all, he was severely damaged by blood seven nights, and his cultivation was beaten down by 80%.

Now, at most, he is equal to the strength of emperor's realm, and he can't run far.

When ye Chen reaches the level of Daoyuan, he will kill him by holding the sword of killing the dragon and Jiuyou sky killing spear!

"I know." Ye Chen looked grim. "The Huang family rebelled against Kunlun Xu and led the blood spirit clan into Kunlun Xu. I would have to copy their families and destroy their families. No matter for any reason, such rebellious families should not exist in this world!" "Kill the blood spirit clan first, then kill the Huang family!"

When moning heard the news, he came out of the darkness and said, "Tomb master, how are you?"

Ye Chen shakes his head: "it's OK."

Mo Ning felt Ye Chen's killing intention and continued: "tomb owner, with your current cultivation, after breaking through to the Daoyuan realm, it's no matter to kill the guy on the first floor of emperor Zun's realm!"

"After killing the blood spirit clan big man and the Huang family, it's time to start preparing for a year and a half later."

"One and a half years later, all the strong blood spirits who arrive in Kunlun will be above the emperor's realm. You need to be promoted to the emperor's realm as soon as possible."

For Kunlun Xu, Emperor Zunjing is already the top combat power.

However, for the blood spirit clan, that is, medium combat power, ordinary combat power, and so on, the emperor's state of respect is in the blood spirit family, which is equivalent to the low level state in Kunlun void. Therefore, ye Chen must improve the realm as soon as possible.

Otherwise, a year and a half later, the real blood spirit clan strong person comes, own secret method to find out what ye Chen has done.

At that time, if ye Chen can not stop, he will die.

Ye Chen suddenly thought of what, came to the outside, is to find ye Lingtian, Ji Siqing and others are in breakthrough.

Several people opened their eyes and just wanted to say something. Ye Chen took the lead in saying:

"believe that you have heard the words of several old men of the blood spirit clan!"

"When the storm arrives in a year, you must improve your cultivation as soon as possible, or you will not be qualified to be cannon fodder by then."

"Yes, Lord!" Ye Lingtian clasped his fist and said, "I will improve my strength and help the hall master. I will never fail to live up to the expectation of the hall master."

"Mr. Ye, I will also work hard to cultivate. I must kill those hateful blood spirit clan guys!" Sir, I'm afraid that the one who has been fighting with Ye Ling is not the one who has been fighting hard!

This revenge must be avenged!

In particular, the blood spirit clan insults Kunlun Xu once every 100 years, and must pay off the blood debt and blood.

Ye Chen nods slightly. He knows ye lu'er's real identity, and he also knows that ye lu'er may be the key to deal with the blood spirit clan. He also knows that ye lu'er's parents must have a high status in the blood spirit clan. But the key is how to destroy the blood spirit clan with Ye lu'er's hand?
