Chapter 1031

After a year and a half after the killing, it's time to explore the real existence of the reincarnation cemetery.

From the stronger race, we can learn more about the strength of the blood spirit clan and the identity of Ye Luo'er's parents. We will make plans later.

When Ye Chen wants to know everything, a beautiful shadow comes up!

It was Ji Siqing.

Ji Siqing stares at the mask on Ye Chen's face, and his doubts are growing.

The first war just now shocked her heart without waves for a long time!

As a girl's sixth sense, she felt that Ye Shitian in front of her must have seen it somewhere!

The biggest suspect is Ye Chen!

For many moments, she even thought Ye Shitian was Ye Chen!

She needs an answer now!

"Ye Shitian, I want to ask you a question!"

"What is your relationship with Ye Chen?" Ji Siqing comes forward with a strange look on his eyebrows. How do you think ye Shitian feels like Ye Chen. The key is Ye Chen, who is also the temple leader in the secular world!

Are these two words "Hall master" the name of Chinese?

No way!

Is it?

Ye Chen is Ye Shi Tian's younger brother?

Are they two brothers?

If they were brothers, who taught them such a powerful brother.

After five years, one came back against the weather and had tremendous fighting power.

Ji Siqing was puzzled by the fact that he was decisive and could be called the God of killing. Even the old man of Xueling family, who was respected by the emperor, could fight against the sky. Before that, Ji Siqing still felt that ye Shitian threatened him.

But now, he can not resist the old blood spirit clan, but one after another in the hands of Ye Shitian.

She did not feel that ye Shitian threatened her. Instead, she felt that ye Shitian was extremely terrible. However, her familiar feeling made it difficult for her to mention the intention of war.

Ye Chen is stunned, his expression is a little strange.

Still found.

He knew very well that the further back he went, the more he could not conceal it.

Ji Siqing is very smart. Even if he denies it now, the other party will find out.

It's better to tell the truth directly.

"Do you really want to know?"

Ye Chen Dao.

You can't count your face as a friend, but I can't count your face

"If you don't want me to know, I won't force you, I'll choose to leave!"

Ji Siqing's faint voice fell.

Ye Chen shakes his head and steps out. His eyes gaze at Ji Siqing, and the familiar voice suddenly rings out!

"Thank you for protecting me all these years."

"After that, it's up to me to protect you."

Ji Siqing's eyes widened when she heard the words. She just wanted to talk, but ye Chen continued:

"I am Ye Chen!"

"At the same time, I am also ye Shitian!"

Ye Chen knew that there was no need to continue to hide. He took off his mask, outlined his smile and said, "Ye Chen is me, and ye Shitian is also me!"

"What?" Ji Siqing looked terrified. He quickly covered his lips and stepped back two steps. He was shocked and said, "you mean that ye Chen is the one who sets up the life and death situation for Mr. water in the same situation when he comes back against the heaven?"

"Decisively kill the old man of the blood spirit clan against the heaven, and let the revered Ye kill the sky, which is also you?"

"Ye Shitian and ye Chen?"

"The same man?"

Oh, my God!

No wonder I feel familiar. No wonder ye Lingtian also calls ye Shitian the master of the temple.

It turns out that ye Shitian and ye Chen are the same person, but the combat power and background are too terrible!

Ji Siqing can't imagine!

The waste that has been protected by her has grown to this point unconsciously!

Virtual King realm can fight against emperor Zun realm!

It's incredible!

She was short of breath and her chest was rolling.

Everything is connected!

She should have found out!

Ye's killing people are almost all related to Ye Chen!

And why did ye Shitian help his sister Jilin?

How could a decisive man be so kind!

Ye Chen cheated the whole Kunlun Xu with a name!

After calming down, Ji Siqing stares at Ye Chen and says, "I I Me, what should I call you now

"Ye Chen, ye Shitian?"

Ji Siqing suddenly a little shy, rather embarrassed to look at Ye Chen, heart waves.

She stares at Ye Chen quietly, thinking in her heart: I'm just about to break through the realm of emperor's respect, and I'm still in the nine layers of heaven of Tao source state!

However, ye killed the king of heaven, and he was able to fight against the emperor.

It is also against the heaven to wipe out the three emperors' dignity, lower me a big realm, all have such fighting power. In the future, how powerful he will be once he reaches the realm of emperor Zun!

"Ye Shitian Ye Chen..." Ye Chen's lips outlined a smile and said: "my identity in the blood spirit secret place is ye Shitian, which is just a fake identity. I am Ye Chen naturally."

He waved, put on his mask, and returned to ye Shitian's appearance, and then said, "this place is rich in resources. Let's make a breakthrough first."

Ye Chen knows that Ji Siqing has many problems, but the secret place of blood spirit is about to disappear. Every minute is extremely precious!

As for those doubts, it's not too late to talk about them after they are out of the secret. We must break through them as soon as possible!

"Good!" Ji Siqing began to take ye Chen as the backbone. He sat behind Ye Chen with ye Luo'er and ye Lingtian, and began to take miraculous medicine.

Ye Chen took out the ginseng with seven thousand years old and refined it himself. With the medicinal properties of the ginseng, he began to refine his muscles and bones, enhance his strength and gradually enhance his breath.

Refining many miraculous medicines and absorbing medicinal properties, the cultivation at this moment, even for a moment or three, is worth decades of the outside world.

After the elixir began to be refined, the density of the aura released was even 100 times or 1000 times higher than that of the outside world.

Last time, Xilong pool broke through many realms at one time.

This time, the energy of this elixir is much more than that of Xilong pool before. Ye Chen has to break through to the third and fourth layers of Daoyuan.

What is the origin of Tao? To understand a kind of Tao is the origin of Tao. However, ye Chen has a reincarnation graveyard and a hundred great powers in his body. There are many Tao in that great energy. Before he arrived at the source of Tao, ye Chen has already understood many sources of Tao.

Such as the light of samsara.

Don't destroy kendo.

The immortal fire and so on.

There are even Thor's eyes, breaking the sky three Jue guns, wanjian Guizong and so on. Any one of them is enough to make ye Chen break through the source of Tao immediately.

Boom!!!

A stream of spiritual power converged in Ye Chen's elixir field, forming a qualitative change.

The undeniable Kendo blooms, and a sense of destruction surrounds it, making a qualitative change.

An hour passed.

A perfect immortal Kendo unfolds and melts into Ye Chen's body.

At the moment, he has been promoted to the first level of Daoyuan state completely, and he has achieved the Tao perfectly. His pure combat power is close to the fourth or fifth level of Daoyuan state. With many secret methods, he can even fight against the people of six or seven levels of Daoyuan state.

"Keep breaking through!"

"This time, we have to reach the fourth floor of Daoyuan territory!"

Ye Chen took out another seven thousand year old elixir and twenty thousand year old elixir to refine and absorb the aura, which has been transformed into spiritual power, and then for the improvement of the eye of Thunder God and the return of ten thousand swords, etc.

Chapter 1032

Whoosh whoosh

Aura surrounds all around and gradually forms Reiki vortex, which is as strong as a storm.

Far away, outside the secret place.

Many of those who did not dare to get close to him and all the geniuses of all races looked at the storm one after another.

Zhou Yan, Han family genius, Wang family genius and so on, looked at these storms with dull eyes and said, "those strong people of the blood spirit clan are actually breaking through!"

"I'm afraid it's going to break through the realm of emperor's respect and reach a higher level."

"My God, these blood spirit clansmen trapped in the blood spirit secret place are so powerful."

"The real blood spirit clan, I'm afraid there is a God against heaven!"

On the edge, Huang's genius ridiculed Ye Chen's breakthrough aura storm and said: "before that, ye Shitian dared to challenge the ancestors of the blood spirit clan."

"This meeting, the ancestors of the blood spirit clan are breaking through. I'm afraid they have already killed ye Shitian."

"After this breakthrough is completed, it is Han Yun who has come in person and is not the opponent of these predecessors."

"When the real strong one of Xueling clan comes one year later, we Huang family will have to catch more people from emperor Zunjing to present them to the ancestors of Xueling clan."

Ye Shitian?

The outside world said he was a god of death?

The killing God of fart has not been killed by the blood spirit clan.

Moreover, it should be that the blood spirit of Ye Shitian was absorbed by the blood of Xueling clan. I should prepare more treasures for the blood spirit clan's elders!

Maybe they will reward me with some more powerful skills as soon as they are happy!

At that time, what Ji Siqing, what ye Chen, I all step on the foot!

Huang Ming, the genius of the Huang family, immediately ordered: "the adults of the blood spirit clan are making a breakthrough. Go immediately to capture other talents in the blood spirit secret realm, collect treasures and miraculous drugs, and prepare to present them to the blood spirit clan elders who have left the pass!"

"Especially those free cultivation talents, they must be captured alive!"

"The elders of Xueling clan like to absorb the blood of strangers to enhance their strength."

"In addition, more women should be prepared. The purer and the more beautiful, the better. When those adults break through, I will deliver them in person!"

Huang Ming stares at the aura storm formed in the dense cave of Xueling clan, and his face is proud and proud.

Delusion, these blood spirit clan elders, after breakthrough, they quickly send treasures, beauties, will certainly get some benefits.

If he knows that ye Chen and his party are breaking through the dense cave of Xueling clan, he doesn't know what reaction it is.

"Understand!"

"Yes, sir!"

"Understand!"

Dozens of Huang's geniuses left with fists in succession and began to kill the scattered practitioners around them.

Blood spirit clan elder generation!!

That's the senior of high position. The underpants of high position can be used as quilt cover. Even if they are happy, they can enjoy some leftovers from us. It's much better than Kunlun's top food!

Be a dog?

What's the problem? It's better to be a dog to the blood spirit clan than to be a dragon in Kunlun.

"Ha ha ha, don't run!"

"You are a gift for the adults of Xueling clan!"

"Go on

Dozens of virtual King's realm, and even Huang family's genius of Daoyuan realm, gushed out.

At present, most of the hundred and ten sanxiu were in the virtual King state. Some of them couldn't stop the Huang family's genius. Zhou Yan was also arrested, including dozens of pure female nuns. They were all tributes to the "blood spirit family elders" who were going to leave the pass.

Many families, such as the Han family, the Mo family, the Ning family, the Lin family and so on, can only whine and helpless, and barely protect their own people from being caught by the Huang family.

They have the ability to fight against the Huang family, but who dares?

Beating a dog depends on the owner. What's more, the blood spirit clan is still breaking through. Who dares to be so powerful!

Before that, ye chennie fought with the six members of the Xueling clan, and the battle range was within a certain extent and the sword array. No one outside knew about it. At the moment, ye Chen and others have broken through the realm with great momentum. People outside also think that the six members of Xueling clan are breaking through the realm.

They were all arrested by Huang Jiahua one by one.

Within the dense cave of Xueling clan, ye Shitian has already broken through to the second level of Daoyuan realm. His combat power has doubled, and the eye of Thor has transformed into a stronger one!

Ji Siqing is marching towards the realm of emperor's respect.

Ye Lingtian has also reached the eighth floor of Xuwang.

Ye Luo'er is crazy to absorb the aura here because of the blood of the blood spirit clan!

It's like this is for her!

In the twinkling of an eye, ye Luo'er also entered the realm of virtual king. His cultivation speed was very fast, and his combat power was also improved rapidly.

The resources in the dense cave of Xueling clan are far more than those of Mr. Jingshui's Xilong pool. The two are not at the same level at all. Therefore, people break through quickly, including the massive treasures obtained by killing the five members of the Xueling clan, which are even more abundant than any sect in Kunlun.

It's hard to imagine that this is just the servant sent by the blood spirit clan to Xuzuo town in Kunlun! Boom! Boom!!

Boom!!

Inside and outside the cave, the more powerful the Reiki storm is, expanding to hundreds of meters in diameter.

However, no one dares to stay and practice. They are afraid of the old people of the blood spirit clan, for fear that the whole family will be destroyed.

Another seven or eight hours!

Ye Chen is promoted to the third floor of Daoyuan realm!

In such an atmosphere, ye Lingtian also promoted to the level of Daoyuan realm and understood a kind of kendo.

Ye Luo'er advanced to seven levels of virtual King realm, and Ji Siqing also successfully stepped into the threshold of emperor's respect, and was in a stable state.

At the moment, Ji Siqing is the highest level, but in terms of combat power, how many Ji Siqing are not ye Chen's opponents!

Ji Siqing broke through the realm of emperor's respect, successfully stepped into the threshold, mastered the power of a special order God chain, and had the ability to cut off rivers with swords and destroy Mount Tai with fists.

Up to the eighth level, until the ninth floor of emperor Zun's realm, you need to cultivate the power of order God chain to the top, then you can break through.

Three thousand years ago, in that war, there were so many people in Kunlun who went to foreign countries. Most of them stepped into the supreme realm above the realm of emperor's respect, but they were defeated miserably and were killed and captured.

Han Yun, who once respected the eight layers of heaven, is only a small minion.

It can be seen that there is no end to the road of cultivation, and there is more than one realm above the realm of emperor's respect.

It will take some time for Ji Siqing to integrate the power of Tao into the chain of order gods.

Since they broke through the realm of seclusion, Xiaohuang has also taken many miraculous drugs to cure her injuries. Even further, the terrifying blood vessels and blood gas are as good as those in the emperor's revered territory!

As for ye Luo'er, he was originally a member of the blood spirit clan.

On the contrary, for the sake of blood refining, most of her people have been refining their blood.

Ye Luo'er can't practice Kunlun Xu's skills and digest Kunlun's elixir. However, entering here is like a fish entering the river and sea, and his promotion speed is faster than that of a rocket. Ye Lingtian, who secretly practices Kunlun Xu, is ashamed of himself.

Chapter 1033

Two hours later, the aura storm gradually shrank.

Ye Luo'er has already entered the level of the source of Tao.

Ye Lingtian also entered the third level of Daoyuan realm!

Ye Chen pinches the formula with both hands, and a new round of qualitative change is produced in the aura of his body, and another destructive Kendo is derived from the immortal kendo.

Immortality and destruction, originally mutually exclusive, are now complementary to each other, and their power reaches a new level.

The power of undeniable Kendo and destructive Kendo is still above the eye of Raytheon. The power is infinite.

In sum, ye Chen has already possessed three kinds of Tao. He has abundant spiritual power in his body. His cultivation once broke through to the fourth level of the source state of Taoism. His pure combat power is several times stronger than that just now. Without relying on any great power and other forces, ye Chen has a level of respect for the nirvana emperor.

"Hoo Hoo Hoo..."

"This breakthrough is fast, and my strength has greatly increased. It's time to go back to find Jingshui and Xingtian danzun and calculate the accounts!"

Ye Chen looked sideways, and then observed the whirlpool of aura. He said, "let's practice for an hour, stabilize the realm, and then go out. First kill the fleeing blood spirit clan leader, and then destroy all the yellow family members in the blood spirit secret realm!"

Huang family!

This kind of dog like family has no meaning to exist!

If you dare to be a traitor, you must bear the price of death!

"Yes, Lord!"

"Yes, Mr. Ye!"

Ye Lingtian and ye Luo'er respond one after another, and they are also in a stable state.

At the moment, before they entered the dense cave of the blood spirit clan, they could only be regarded as ordinary geniuses. Now they have entered the realm of Tao source, they are also regarded as real talents.

But all of this benefits from Ye Chen. Without Ye Chen, it may be that they all fell down just now.

Ji Siqing nodded slightly and his eyes were like silver moon. At the moment, he was no longer hostile to ye Shitian. Instead, he said, "when killing the Xueling people, I will crush me for you. See who dares to make trouble and destroy the whole family!"

"Good!" Ye Chen nodded and began to deposit in the cultivation.

Xiaohuang radiates the virtual shadow of nine giant beasts, communicating with the blood dragon in Ye Chen's body. She is also absorbing aura and undergoing qualitative change!

The resources left by the six old people of Xueling clan have been almost exhausted!

In the samsara cemetery, blood seven nights and moning looked at this scene, nodded slightly, but their eyebrows and feet were full of worry.

"With the strength of the tomb owner, one and a half years, he must be promoted to the emperor's Zun realm, and he can fight against the emperor's nine layers of Zun territory in person."

"Otherwise, if those people come in a year and a half later, the tomb owner will never be able to resist!"

"With the strength of the tomb owner, you can definitely arrive. The key is that after killing the people of the blood spirit clan, with the distance between Kunlun Xu and the blood spirit clan, the news will be sent back in less than ten years! "

"At that time, the army of the blood spirit clan will be killed again!"

"The owner of the tomb must also step into the top of the supreme realm before he can have the power to fight a war!"

As soon as the words came out, moning and blood looked at each other for seven nights.

That place!!

The two said in the same voice: "where should the tomb owner go! From the moment he got the reincarnation cemetery, he was destined to go there! "

"After all, Kunlun Xu is too small. Once the owner of the tomb has stepped into the top of the emperor's realm, it will be too difficult for him to upgrade again. However, the choice is up to him."

"If he wants to live a stable life and live in the void of Kunlun, he has become a overlord, but it is a pity that our noumenon has to enjoy endless torture."

"That force is too terrible. The blood spirit clan is just a puppet. If the tomb owner chooses to stay here, it is human nature."

"In Kunlun xunei, when we were defeated in the first World War, most of our resources were plundered by the blood spirit clan. Every hundred years, the blood spirit clan slaughtered hundreds of powerful

people in the emperor's Zun territory. Kunlun Xu had no resources to cultivate people above the emperor's dignity."

"Even Han Yun, who is stuck in the nine layers of heaven in the emperor's honor, is hard to break through to the supreme realm with the help of Kunlun's virtual resources!"

"Only if the tomb owner enters there and improves with other forces, he will be able to resist the blood spirit clan army in ten years, and then he will unite with others to counter attack!"

After only a few exchanges, they knew the general plan.

In ancient times, Kunlun Xu was full of natural materials, treasures and miraculous drugs. Emperor Zun territory was full of streets, and there were hundreds of strong people in it. However, after the war, all the high-end combat power of Kunlun Xu, except Han Yun, who escaped, was destroyed.

Every hundred years, he sent a hundred emperors to the blood spirit clan to trample and kill them!

For many years, many sects have failed to cultivate a hundred emperors every hundred years, and even have to take the inside information and many natural materials and treasures to force the cultivation of those who are strong enough to provide the blood spirit clan with the opportunity to survive.

Even, all factions and major forces have become extremely weak.

Therefore, the tomb owner must go there to find other powerful races and use the resources of those races to make breakthroughs.

The tomb owner needs to break through the resources far more than others. Entering the holy land almost sucks up the Xi Long pool of Mr. Shui of the emperor's Zunjing. When he emptied the king's realm, he consumed up the accumulation of the six elders of the blood spirit clan for thousands of years before breaking through to the fourth level of Daoyuan realm! It is estimated that it will cost up the Kunlun virtual number of sects, so that the tomb owner can enter the realm of emperor's respect, and the blood spirit clan of the nine layers of heaven in the realm of emperor's respect.

In the future, we can only go there. Otherwise, the whole Kunlun village will not be enough for the tomb owner to cultivate to the supreme realm and fight against the army of the blood spirit family.

Fortunately, there is still time!

The tomb owner can reach the source of Tao when he is over 20 years old. With such potential, he will surely enter the supreme realm!

In the cave of Xueling nationality, ye Chen and others are in a stable state.

At the moment, on the kilometer plain outside the cave, Huang Ming and other dozens of Huang family geniuses are coming under the pressure of hundreds of sanxiu and dozens of pure female nuns. Around them are talented people from the Mo family, Han family and Lin family. They are all ready to visit the "blood spirit family elders!"

They were so excited!

This is the last chance for their family to turn over!

Han family, Lin family, ye family, Mo family and other big family genius, each guard around.

Han Tian of the Han family stood with hands in his arms and followed by dozens of Han talents. All of them were in the virtual King realm. Some of them arrived at the Daoyuan realm, and they were already peerless talents who could compete with the old people in the outside world.

Han Tian Leng hum a, way: "before entering, uncle also let me find a chance to kill ye Shitian."

"I didn't expect that ye Shitian, an idiot, came to provoke the people of the blood spirit clan. It's really idiotic and crazy!

" but it's good to save my time and kill this kind of waste! "

He killed his father and killed his father.

Han daoshan is not satisfied with ye Shitian. He secretly orders his nephew Han Tian to kill ye Shitian in the blood spirit secret place, and bring out ye Shitian's body. As a result of provoking the Han family, Han daoshan shows the Han family's dignity and inviolability.

Han Tiandao's cultivation of seven layers of heaven is not inferior to Ji Siqing, but it is not bad.

Chapter 1034

At the same time, Han Tian is one of the top 100 emperors who are dedicated to the blood spirit family. There is still a year and a half before he reaches the emperor's Zun state. He will be forced to be promoted to the emperor's Zun state if he can't reach the emperor's Zun state, and then he is gladly given to the blood spirit family by his family owner to ravage and kill him.

The number of one hundred emperors who respected the powerful was allocated to each major leader and each major sect.

At present, in addition to the Huang family's genius, the leading genius of the rest of the family owners, who are one of the hundreds of powerful emperors who intend to dedicate themselves to the blood spirit clan, are all within the quota.

Lin's family owns Lin Hai.

The real snow level cultivation talents also participated in the test of the blood spirit secret realm. They even reached the eighth floor of the Daoyuan realm. They pursued Ji Siqing and were full of blood. At the same time, they took the talents in their families and prepared to meet the "several people of the blood spirit clan"

the rest of the Mo family and Ning family, etc. the leading figures were all talents who had never been seen or heard of before.

They are all talents at the snow level. They will be sent out only when the secret place of blood spirit is opened. They will try their best to improve their strength and arrive at the emperor's Zun state, so as not to give the family Tiancai and earth treasures to them one and a half years later, and then give them to the blood spirit family.

"Well, you yellow dog

"Is it better to be a blood spirit dog than a man?"

"Humble bastards, have the ability to kill us!"

Many casual practitioners kneel on the ground, pierced by iron chains, but keep yelling. They hate Huang Ming!

Zhou Yan called out in a loud voice: "Huang Ming, you are a man of Kunlun void. You are willing to be a dog to the blood spirit clan. If you die, you will go to hell!"

Afraid!

Huang Ming slapped out his hands, and the heat waves swept out. He beat Zhou Yan out for several meters.

He stepped on Zhou Yan's chest and said in a cold voice, "when a dog? So what? It's better to be a dog to the absolute strong than to be a man among the weak

He looked around and looked at Han Tian, Lin Hai and others with a scornful smile: "you think I'm a dog and look down on me. But we Huang family don't look up to you. We Huang family is a dog for the blood spirit family, and we have the blood spirit family's protection

"You! You! You

"Who dares to touch a hair of my Huang family?"

"I'm the one who scolds Han Yun for being a jerk. What can he do for me?"

"How dare he deny me? I'm a blood spirit clan behind me. If he dares to do it, he will face endless torture again

"Now, I'm here to call you bastards brutes. Do you dare to fight me? I'm the blood spirit clan behind me. If you dare to start, you will face the disaster of the blood spirit family's copying and destroying the family. This is the dog in your mouth, but it is thousands of times more expensive than you! "

The people around him looked at Huang Ming, and his eyes were full of anger, but they didn't dare to do it!

Han Shang, I dare not crush my fist.

Lin Hai was so angry that he trembled all over, but he did not dare to move forward.

The Mo family and the Ning family all talented people, also can only silence.

Huang Ming, however, kicked Zhou Yan and said, "the adults of Xueling family are going to leave the pass soon. You are all tributes to the adults of Xueling family. The adults of the blood spirit clan will suck up your blood and soul, and then you will die. Don't worry

He looked at those pure nuns who were scared out of their wits and said with a terrible smile, "you don't have to be afraid. I won't hurt you!"

"Because you are the tribute of the adults of the blood spirit clan."

"The adults of the blood spirit clan will have fun with you, and finally kill you. Of course, in order to prevent you from committing suicide, I sealed your bodies!"

"All these things are dedicated to the adults of the blood spirit family who are in seclusion!"

As soon as this was said, nearly a thousand people around him were silent.

I don't dare to make a sound. The genius of several big families dare not even answer back. What's more, those casual practitioners can only cry and cry, and they dare not swear at the moment!

Hoo Hoo!!!

The aura storm has officially dispersed, which indicates that we are going to leave the pass!

The gate of the cave is also slowly opened, and a few figures can be seen. Each is powerful and will come out soon!

Huang Ming immediately raised his sword to the sky, and called on 15 Huang family geniuses to stand in line respectfully, patted their sleeves, and knelt half down, just like a Manchu minister kowtowing to the emperor. He knelt half down and bowed his head, shouting in unison: "see the adults of the blood spirit clan!"

"We're going to see the blood spirit clan elder!"

"Congratulations to the predecessors for thousands of years, your contributions to nature and the unification of Kunlun void!"

"We have specially collected a hundred of them, and twenty-eight of them are pure women, for our elders to enjoy."

The sound was so loud that it was continuous and powerful.

I don't know if people think that they are visiting the most powerful people!

"What?" Ye Chen was naturally the first to step out. Looking at the Huang family's geniuses kneeling on the ground, he immediately understood the whole story!

He was in a rage!

Huang family! What a Huang family!

If I had died in the hands of those strong blood spirit clan! I'm afraid these people welcome those who have destroyed Kunlun Xu! Ridiculous!

An enemy who wants to destroy the place where he was born, these false hopes of Kunlun are so humble as to be so humble!

What's the difference between this and those lackeys produced when China was invaded!

It's not even as good as their mounts!

Not only Ye Chen, ye Lingtian and Ji Siqing's eyes are extremely cold!

An invisible anger burns!

Those Huang Jiaqiang people didn't notice that ye Chen, wearing a mask, came out of the cave. Their voice was still shouting!

Flattery to the extreme!

Ye Chen hums coldly, step out! Hands raised, way: "a group of garbage, if you want to kneel, it is better to kneel down!"

"Ah?"

Huang Ming is surprised. Is the voice wrong?

He looked up!

When he saw that cold face, he was petrified completely!

This How could that be possible!

Ye Shitian!!!

It's the God killed ye Shitian!

How did ye Shitian come out of the cave of Xueling master? Did he surrender to Xueling master?

"I didn't expect you to be so loyal as dogs." Ye Chen said with a laugh: "a group of Huang family geniuses are not all boasting to be the dogs of the blood spirit clan? Why do you kneel down to me now

"Don't you want to be people instead of dogs?"

"But, you bastards, since you are dogs, don't be human beings!"

Hear that!

In a flash!

Brush!!

Brush! Brush!!

All the 16 Huang family geniuses stood up and glared at Ye Chen, but they didn't rush to start!

On the edge, Han Tian and Lin Hai, as well as other family leaders, are also staring at Ye Chen wearing a mask in horror!

Why did ye Shitian come out of Xueling cave?

"Ye Shitian!"

"What about the elders of the blood spirit clan?"

"Do you also join the blood spirit clan?"

Chapter 1035

Huang Ming drew out his sword and pointed to Ye Chen and called out, "if you join the blood spirit clan, you are also a dog. How can you insult us?"

"To join the blood spirit clan?" Ye Chen gave a cold smile and said, "it's a dog indeed. A dog with pure thought is not even a human being."

He stepped forward a step or two, looked around the geniuses, and said with a smile, "are you thinking about the old men of the blood spirit clan?"

I heard the word "Xueling clan".

All of them stepped back two or three steps together, and it was terrifying.

"No wonder you can't resist the blood spirit clan. When you hear the name of the blood spirit clan, you can't stand your ground!"

"If you dare to be a genius, I think you are a bunch of rubbish!"

"As for the six old men of the blood spirit clan?" Ye Chen casually took the heads of the fourth and fifth of the blood spirit clan, threw them on the ground, and said with a smile, "I have killed several of the six old men of the blood spirit clan, and I'm going to chase the last one!"

Bang ~ ~

Bang ~ ~

two bloody heads tumbled to the ground.

"Hiss!"

When everyone's realization falls on the head, take a breath together!

Although they have not seen the six members of the blood spirit clan!

But these six people still have the breath of emperor Zun on their heads!

The key is that Huang family still has secret method, can feel the strong person of blood spirit clan!

Huang Ming is almost sure that the two heads in front of him absolutely come from the blood spirit clan!

Huang Ming was as if he had died. The whole man was paralyzed on the ground. He was helpless. He couldn't even mention his fighting intention!

Blood spirit clan elders!

Actually died in ye Shitian's hands?

What about it?

How does he fight?

How did ye kill the sky!

No way!

No way!

Many talented people around him, such as Han Tian and Lin Hai, all turned pale. When they looked at ye Shitian again, they could not help but think of two words: "Sha Shen!"

This evil spirit dares to kill even the elders of the blood spirit clan.

Crazy man! crazy!

The blood spirit clan elder is dead, then in the future the blood spirit clan elder comes, does not see the human how to do?

Forget it, forget it!

Run first!

We must take this news back to the family. The blood spirit clan elders who have been in the blood spirit secret land for thousands of years actually died in ye Shitian's hands. We must pass the news back to the family and tell the family that ye Shitian should not be offended. What should be done when the blood spirit family arrives!

Brush! Brush!!

Brush!!

For a time, more than 30 talented people from the Ye family and Han family left one after another and did not catch up with the muddy water!

The Mo family and the Ning family have to leave one after another. The amount of information contained in these two heads is too large. If you can kill the powerful people of the blood spirit family in the emperor's and honor's territory, ye Shitian is not something that he and others can provoke! Run!

Have to run!

Who knows, ye Shitian this evil god is not happy, will we also chase and kill!

In an instant, two heads scared off the four families!

"Hoo Hoo!"

"Mr. Ye is mighty!"

"Mr. Ye is mighty!"

Hundreds of monks and nuns yelled in unison, staring at ye Shitian excitedly and shouting: "Mr. Ye, eradicate the blood spirit people! Mr. Ye is the first person in the ages, and Mr. Ye is the supreme one! "

" long live Mr. Ye! "

"Long live master Ye!"

Master ye, one person, not only killed the five emperors of Xueling family, but also the powerful ones!

What's more, he scared off the four big families, and scared Huang Ming, the arrogant young master of the Huang family, to the ground. For hundreds of years, there has never been a free practice!

In the cave, ye Luo'er and ye Lingtian, Ji Siqing and Xiao Huang come out one after another.

Seeing this scene in front of me, I was shocked.

Ye Lingtian asked, "Lord, what's wrong with this?"

"Mr. Ye, what happened?" Asked ye Luo'er.

"We closed the door. The Huang family thought that it was the old man of the blood spirit family who was breaking through the closed door, so they seized the sanxiu and the female nuns and prepared to send them as tributes."

"I didn't expect that it was us who got out."

"But..." Ye Chen looks at Huang Ming, "this dog is really loyal, really can lick, worthy of its name!"

When ye Chen grabs his five fingers in front of him, Jiuyou sky killing gun appears in the palm of his hand. He points to Huang Ming and other Huang Jiatian and says: "you betray Kunlun Xu, you will die! But if you can accept me, you can spare your life, abandon your accomplishments and become a loser! "

"You Huang Ming has no confidence!

"Go on

"Yellow dog, don't you think it's good to be a dog? Why don't you dare to fight with master ye?"

"Huang family dog, why don't you go up there?"

At the same time, with the help of Ye Lingtian and ye lu'o'er, they gradually untie the seal of the iron chain.

Zhou Yan said angrily: "brother ye Master ye, this yellow dog is extremely shameless. We must kill it!""Don't worry, they will die!" Ye Chen's nine you sky killing gun in his hand flows a stream of frightful evil Qi. He has the ability to soar to the sky, shaking the ground and saying, "since you don't do it, I'll come to understand you!"

Huang family!

Such rebellious families must be eradicated!

All over the house, one can not stay, dare to be a traitor, no, dare to be a traitor, steal and destroy the family!

Ye Chen sprang out of his body, and his blood was rolling like a river. A round of magic light appeared on the tip of Jiuyou sky killing spear in his hand, which contained the way of destruction. Along the way, he shook the ground and ran straight to Huang Ming, a fatal blow!

"Ah

Huang Ming shouts out a long sword to fight back.

He suddenly stabbed out a sword, the body of the sword stirred out a hundred ripples, a strong horizontal Kendo came out, shaking the ground along the way!

When a sword is sacrificed, the tip of the sword will bloom with brilliance, and the clouds will shake everywhere!

To the nine you kill the sky gun fight!

Boom, boom!!!

Two powerful "Tao" collide with each other.

The way of destruction destroys everything and destroys Huang Ming's swordsmanship with a flick of a finger, shattering a hundred ripples and brilliance.

The Jiuyou sky killing gun, which is full of evil Qi, shakes very fast. Hundreds of guns are shot out in one, each of which is real. It hits Huang Ming from top to bottom, leaving hundreds of blood holes.

Bang!

Nine you kill the sky gun into Huang Ming's chest, powerful evil Qi, Huang Ming shock into the sky blood mist!

Huang Ming, the seventh floor of Daoyuan territory, died with a shot!

Ye Chen at this moment is enough to kill even if it is one layer of heaven in the emperor's Zun realm, not to mention Huang Ming, the seventh layer of heaven in Daoyuan realm!

"Run

"Run

Dozens of Wong's genius turned around and wanted to run!

Are you kidding? Huang Ming, the young master of the seven layer heaven of Daoyuan Kingdom, was shot and killed by Ye Shitian. The highest combat power in front of him is no better than that of the third layer of Daoyuan kingdom!

All rush up, can't shake ye Shitian Yier!

Only run!

Have to run!

It's not ye Shitian's opponent at all!

"You go up, familiarize yourself with the high-level combat power!"

Ye Chen solved the three talents of the Huang family in Daoyuan state with one shot, and asked ye Lingtian and ye Luo'er to pursue and kill the others, so as to get familiar with the power of Daoyuan realm as soon as possible. After all, they broke through a big realm, and their strength was promoted too fast, which required a period of time to master and be familiar with.

At this time, Mo Ning came out from the samsara cemetery and came to Ye Chen's back.

She didn't say anything. She directly pinched the secret code with her fingers and urged the secret method to explore the escape position of the eldest of Xueling clan.

This is what blood seven night asked for.

Chapter 1036

A moment later, Mo Ning came to Ye Chen and said, "the remaining member of the blood spirit clan is now hiding in a cave in the southeast direction to heal his wounds. His fighting power is only one layer of the emperor's realm. He has been so seriously injured that he can't recover without a hundred years."

"When Ling Tian and Luo'er come back, they will kill him together!"

Ye Chen is extremely domineering. He doesn't look at the elder brother of Xueling clan at all. He begins to check the injuries of Sanxiu and gives Zhou Yan two healing pills!

Poor Zhou Yan, caught by Han's genius in front of him and Huang's genius in the back, are all ready to be dedicated to big people.

Did not expect, let Ye kill the sky to save, really is the day endless him.

After Zhou Yan's breath adjustment, he got up, clasped his fist, bowed to Ye Chen and said, "thank you very much for saving my life twice, or I have already died. Such kindness is hard to repay in this life. I, Zhou Yan, would like to follow master Ye all my life and be in a good position!"

"My God, thank you for your help. I'd like to follow you!"

"I, Gu Tian, thank you for your help and willing to follow me!"

"I am willing to follow my predecessors in nangu."

"We are willing to follow our predecessors!"

.....

As soon as Zhou Yan's words came out, dozens of casual cultivation talents of Xuwang Kingdom immediately knelt down and kowtowed to Ye Chen, expressing their willingness to follow.

As for them, they were scattered cultivation, which was not allowed by major sects and aristocratic families.

Only in this way can they be caught by Huang's geniuses, and there is no family or sect to save them.

Suddenly see ye kill the sky came, naturally is grateful!

"Wait, don't you fear the blood spirit clan?" Ye Chen asked blandly, with a trace of interest in his eyes, he swept a monk and said, "six members of the blood spirit clan, I have killed five people. I'm going to kill the remaining one. Do you want to take refuge in me? Don't you fear the Revenge of the blood spirit family

After being arrested, a large part of them knelt down and were willing to be loyal to Ye Chen.

All of them are willing to be loyal to each other. They are generally in the Holy Land and the virtual King realm. Although there is no source of Taoism, they have the power to crush others as long as they collide with the top talents of different families and sects and meet other people.

"If it had not been for master ye, we would have been dead!"

"What's more, Huang family will not let me wait!"

"It's better to take refuge in master Ye than to muddle along and live in disgrace."

Dozens of casual practitioners narrated in an orderly way.

Among them, Zhou Yan said: "we have been free from cultivation since we were born, and have been humiliated by others. All the big families and sects don't regard us as human beings. Now, elder ye saved our lives, but also killed the genius of Huang family and took out our anger for us!"

"Therefore, we are willing to follow master ye to the death!"

"Even if other strong members of the blood spirit clan arrive, we are willing to fight against the heaven with master Ye!"

"It's all death. We'd rather die standing than wait and be killed by the blood spirit people!" Tianfang also said: "what's more, Huang's family is such a thief, we'd like to tear down its bones and eat its meat!"

The sanxiu geniuses of Tianfang, Gutian, nangu, and so on, saluted Ye Chen and said, "so, please accept us, master Ye!"

Ye Chen slightly nods, the vision sweeps in front of all people, way: "since come to depend on, that I accept you!"

He looked at ye Lingtian and came back with the heads of other Huang family geniuses. He said, "Ling Tian, these people turn to me, and they will be under your command. After that, you will be responsible for training them as secret soldiers or assassins!"

Bang!!

Bang!

Ye Lingtian threw down the heads of three or four Huang family geniuses and said, "yes, the hall master!"

He bowed down and called out, "I will surely saddle the front and back for the Lord of the temple!"

Almost all of them knelt down and cried out, "I will die as the Lord of the temple, and I will saddle myself before and after my horse!"

"I swear to be the Lord of the palace, and I will be the emperor of the palace."

"I swear to be the Lord of the palace, and I will be the emperor of the palace."

.....

The rest of the loose repair is gathered in one place, each take out a certain amount of financial, handed it to Zhou Yan, let him pass it to ye Shitian, after expressing his gratitude. They left, after all, everyone's pursuit is different, they are more lonely, soon the birds and beasts scattered.

But a few years later, they heard the news of Ye Shitian again, only infinite regret.

Of course, this is the Afterword!

As for the twenty-eight pure nuns, they dried their tears, went up and worshipped, saying, "we are willing to join the dark hall!"

"Thank you for your help

"Please accept us, master Ye!"

The clear sound, such as the sound of yellow birds, is pleasing to people.

The twenty-eight nuns were all national and natural. No wonder Huang family genius arrested them.

Ye Chen looked at them and said in his heart: I went out of the pass and killed the man, but he still accepted such a man.

Forget it, forget it. I'll leave it to them later. Ye Lingtian is too lazy to run around!

"Ye Lingtian, take them!"

"Compile them according to our establishment in China!" Ye Chen explained, looking at the returning ye Luo'er, he asked, "can Huang Jiatian be killed here?"

"Mr. Ye, all of them have been killed!" Ye Luo'er did not carry the blood dripping head, but the pure cheek stained with a little blood, like a pure flower, dyed with a different color.

Ye Chen nodded and said, "luo'er, Ling Tian, you will take others to Han Yun there!"

"Ji Siqing, you and I will go after the leader of the blood spirit clan, and then we will exchange money at Han Yun's residence!"

"Yes, Lord!"

"Yes, Mr. Ye!"

Ye Lingtian and ye luo'er, lead those loose repair to leave and go straight to Han Yun.

Ye Chen and Ji Siqing, following the taste of blood and Mo Ning's secret technique, go after the leader of Xueling clan.

.....

At the same time, in a mountain, in a mysterious cave.

Haunted by the tattered blood, the blood color and aura are constantly flashing. A strong man sits on the stone platform with his hands together and takes out the miraculous medicine to be refined and healed!

He is the leader of the blood spirit clan.

After being severely injured by blood for seven nights, Yuan ran here to heal.

A moment later, a 3000 year old elixir was refined, and all its effects were absorbed by him. His chest was like a big hole in a bloody cavern. If the mainstream blood was stopped for a while, the wound was still hard to recover.

"Poof!"

The elder brother of Xueling family spurts out a mouthful of blood, and the breath is constantly deteriorating and weakening.

He held up the broken sword, looked miserable, and said angrily: "damn little animals, there are seven nights of blood standing behind. The virtual King kingdom can fight against the second and third brothers and kill them!"

"If you want me to return to the eight layers of heaven, I still can't help him!"

"No, I have to inform those adults that they will lead the army back again and eradicate these virtual ants of Kunlun again!"

Chapter 1037

"I must inform them that they can't kill 100 emperors every hundred years!"

"We also need to add 1000 Daoyuan realms and 10000 virtual King realms, so as to ensure that Kunlun emptiness will never turn over!"

The elder brother of the Xueling clan took a long breath and vomited out a puff of blood again. He was seriously injured, and his cultivation had fallen to the level of emperor Zun.

If the injury is more serious, you will fall to the ninth floor of Daoyuan realm!

His eyes were fierce, he waved his hand and arranged a set of array in the cave. He said to himself, "one and a half years, you wait for me, little beast. One and a half years later will be the end of you!"

"A year and a half later, I'll inform the adults!"

"First of all, I will discard ye Shitian's cultivation, and then I will cramp him to relieve my hatred."

The angry voice of the blood spirit clan leader resounds through the whole cave!

Very cold!

"Bloody seven nights, broken other miracles, I can only hide in the cave for a year and a half, waiting for adults to come. In other words, take advantage of the end of the blood spirit secret place, go to the Huang family

"Huang Junlong, the old man, took refuge in my blood spirit clan. It's time for him to do something!"

I'll go to the old man and recover some strength!

Wait until a year and a half later, the gratitude and hatred will be counted again!

Just as the leader of the blood spirit clan was imagining and dancing, suddenly there was a strong spirit outside the cave.

Boom!!!

A loud noise rocked through the mountains.

The smoke and dust are almost ten thousand feet!

The head of the blood spirit clan has big eyes. Who could have thought that the array he arranged was smashed directly!

"Who is it! Has anyone found this place? "

The array outside is naturally broken by Ye Chen. Countless pieces of array are flying out, and several pieces hit the leader of the blood spirit clan.

Bang!

Successively, five pieces of array fragments hit the belly and arm of the blood spirit clan leader!

Poof!!

The elder of Xueling clan spurts blood again, and his breath is even weaker. He has fallen to the ninth floor of Daoyuan realm!

He is now in the healing stage, is his weakest and unprepared time!

Any injury can seriously hurt him!

Originally, he was so hard that he wandered on the level of emperor's dignity, and he was in danger of falling down all the time. Now he doesn't have to worry about the fall of the realm. He is directly knocked down by array fragments!

"Old man!"

"Today is the end of your life. Are you going out to die, or am I going to kill you myself?"

Ye Chen did not use the Jiuyou sky killing gun this time. Instead, he stood at the entrance of the cave with the sword of cutting the dragon and asking the sky. His whole body glowed with the spirit of the sword. The Qi of the immortal Kendo burst into full bloom. Like the waves, a stream of terror Qi was constantly fluctuating, sometimes powerful and calm, but it was eternal and eternal!

So Kendo Qi machine, so terrible!

Breaking through the hole of the Xueling clan, he is really stepping into the threshold of Kunlun's virtual high-level strongman. Facing the head of the Xueling clan on the ninth floor of Daoyuan Kingdom, he is not afraid and even eager to try. Let's see how many swords can kill him!

"Ye Shitian!"

"You chased me so far, you have already beaten me seriously, and you still refuse to let me go?"

The head of the blood spirit clan rushed out, his hair was covered with blood, and he was seriously injured!

He was holding a broken sword, and his Qi was less than one tenth of that before.

At the moment, the leader of the blood spirit clan is a toothless tiger. His combat effectiveness is greatly reduced. He has no threat to Ye Chen at all. He even has the intention of begging for mercy in his words, so he has no arrogance.

"How can I let you go!"

"Don't look at your identity. If I didn't fight at the beginning, would you let me go? Today, you must die

Ye Chen said that, and directly waved the sword of beheading the dragon to ask heaven. The tip of the sword shot out thousands of brilliance. It attacked and killed from all directions, making the leader of the blood spirit clan unstoppable and hiding.

At the same time, he holds the Jiuyou sky killing gun in his right hand, and displays the three unique spears of breaking the sky!

In a flash!

A spear point flies out, seems to break through the space. To follow the passing time, the extremely powerful gun Gang spreads around, tearing everything apart, with an incomparable killing intention, and dominates the world!

"Blood spirit sword!"

Although the leader of the blood spirit clan is injured, he knows better than anyone that he must do his best to survive!

Holding the handle of the sword in both hands, he forced out his whole body's blood and gathered it on the broken sword!

He suddenly stabbed out a sword, and a bloody light wave gathered at the fracture, containing a trace of great power, and rushed towards the gun gang and the sword spirit.

He himself kept dodging the sword spirit coming from his surroundings, looked directly at the attacking gun Gang, and spared no effort to mobilize his blood to bless the broken sword. The moment of life and death is this time!

Once upon a time, he never thought of it!

One day, I was forced to such a degree by a junior student of Daoyuan realm!

even sucked up blood gas and life essence to work hard. After so many years of training, he had never encountered such a difficult situation. Bang bang!!!

Boom!!!

The three powerful forces collided in one place, causing a series of aftershocks, flattening the mountains and dropping countless stones.

In the distance, no matter the talent of sanxiu or aristocratic family, the genius of sects dare not get close to it.

Ordinary genius in the virtual King's realm will be killed by Yu Bosheng once they are close to the center!

Ye Chen and the leader of Xueling clan, the battle between them has been regarded as the peak battle!

In the secret place of blood spirit, all the top battles that the younger generation can urge, no longer have any talent to fight such grand and powerful aftershocks, even Ji Siqing can't do it.

Although Ji Siqing is a level of emperor's respect!

It's just that you can step into the realm of emperor's respect, but you can't do that in terms of combat effectiveness.

The rest of Lin Hai, Li Tian and other places of origin are far from reaching this level.

"It is estimated that it will take some time for ye Chen to win!"

"This time, ye Chen killed five members of the Xueling clan. It's too weird. I don't know what kind of adventure this guy has. Fortunately, ye Chen's identity has not been revealed. Otherwise, Ye's family will be exposed in other places. Now, I will guard around for this guy!"

Ji Siqing waved his long sword and was on the edge of the battle. He arranged his array to prevent some people in the seven or eight levels of Daoyuan territory from making trouble, especially the people of the Huang family!

The Huang family has been a member of the Xueling clan for 3000 years.

Every hundred years, they will not be oppressed and killed by the blood spirit clan. Therefore, over the past three thousand years, too many masters and details have been accumulated.

There are many Huang family geniuses who only enter the secret realm of blood spirit. Among them, there are also a few talents like Huang Ming. There is even a Huang zhantian with nine levels of Daoyuan state, which is infinitely close to the emperor's realm!

Ji Siqing's move is mainly to prevent Huang zhantian leading people to make trouble!

Boom!!!

The battle between Ye Chen and the leader of Xueling clan is full of aftershocks.

All kinds of brilliant brilliance, sometimes red, sometimes blue, white, each brilliance is a kind of spark produced by the collision of powerful martial arts and powerful weapons, and the afterwaves completely razed the original mountains here!

Chapter 1038

Ye Chen a shot out, has the power to pierce through the ages, right in the left arm of the blood spirit clan boss!

He picked Jiuyou sky killing spear with force. The spear tip shocked thousands of spears, directly smashed the left arm of the Xueling clan leader. Then he cut the dragon and asked the sky sword to draw a sword. The sword light was like a big wave of the Yangtze River. It was powerful and heavy, and stacked repeatedly, cutting the right arm of Xueling clan leader!

Bang bang!!

The left arm burst and the right arm was cut off!

The head of the blood spirit clan screamed, and his shoulder spurted out two streams of blood, like a fountain. The pain made him scream repeatedly, and the sword on his chest also lost its luster. He fell on the ground. He looked at Ye Chen frantically and scolded: "little beast, little beast, you can't die well!"

"Today, you are going to kill me!"

"In the future, the adults of our blood spirit clan will also cut off your arms and have a skin cramp!"

Whoa!!!

A sword light flashed by, and the sword fell directly on the brow of the blood spirit clan leader.

The distance is only one centimeter.

Ye Chen wants to kill at any time!

The reason why he didn't chase after him at that time was that he hoped Ye Chen could get the secret about the reincarnation cemetery from the blood spirit clan leader!

The reincarnation graveyard has a maximum limit on a hundred talents!

That is, we can never reveal the things behind the samsara cemetery, only by touching Ye Chen!

And now is undoubtedly the only way for ye Chen to obtain that secret.

"You should understand why I don't kill." Ye Chen's indifferent voice resounds.

The eldest brother of the blood spirit clan looked at the long sword which was cold and glowing with blood before his eyes. He gave a cold smile: "little beast, I don't know anything! Kill if you want to

Ye Chen outlined a smile: "some things can't help you, I want to know where the blood spirit clan is! Since a year and a half later, the blood spirit people can get to Kunlun Xu, naturally there is an entrance! Where is the entrance! "

"What's more, in addition to the Huang family's contact with you, what other forces of Kunlun Xu betrayed Kunlun Xu?"

Ye Chen's heart is most worried about those top families hidden in the dark!

Fall apart.

If the internal problems of Kunlun are not solved, it will be dangerous when the strong ones of Xueling clan come!

The leader of the blood spirit clan suddenly burst out laughing!

"Little beast, you don't want to know for a lifetime! Even if I die, I will not betray the blood spirit clan! "

"Even if you are strong! You have seven nights of blood behind you! So what! After more than a year, those blood spirit family adults come, not only you, even blood seven nights also can not support a move! Ha ha ha

"What's more, do you know my position in the blood spirit clan? I'm just the lowest mole ant!"

"Emperor Zunjing? ha-ha! Before I die, I might as well tell you that emperor Zun's realm in Xueling clan is just the realm of rotten street! You know how many states there are behind! The only value of your humble blood is to be a slave of the blood spirit clan

Ye Chen listens to the words of the elder brother of the blood spirit clan and shakes his head helplessly.

He stepped out one step and waved his hand, "pa!" It's like a slap in the sky.

The blood spirit clan elder spits out a mouthful of blood on the spot, the whole person is almost overturned! Legs are kneeling in front of Ye Chen!

Blood flows from the torn and bloated mouth!

Ye Chen's cold eyes gazed at the blood spirit clan boss and said, "if you don't say these questions, I will naturally find out. Now I want to know where those great powers in ancient times were imprisoned?"

"Who controls everything behind the blood spirit clan? Why do you want to trap them? "

The eldest brother of the blood spirit clan heard this sentence, his eyes suddenly widened, and he raised his head to stare at Ye Chen: "what qualifications do you have to know about ancient things?"

"You don't deserve it!"

"What's more, what does the life and death of those people have to do with you?"

Ye Chen Mou son tiny MI, the body releases the thick blood gas: "have nothing to do with me? I'm sorry, those hundred talents are all my masters

"You said it had nothing to do with me!"

As soon as this word comes out, the pupil of the eldest brother of the blood spirit clan is more congested and seems to be petrified!

His face is unbelievable!

This Kunlun Xu youth is actually the trapped 100 powerful apprentices?

How could it be!

This young man is only in his twenties!

It's too far away from ancient times, let alone learn from teachers, even if we meet!

Although he didn't know the identity of the hundred trapped!

But there is one thing to be sure, these hundred are extremely terrible existence!

Even the top power of the blood spirit clan must be afraid!

More importantly, the blood spirit clan is not qualified to kill these hundred people!

For a long time, the old man of Xueling clan forced himself to calm down and stare at Ye Chen: "boy, you can eat rice at random, but you can't talk nonsense!"

"Don't say whether you have a chance to meet those hundred people. Even if you do meet them, they have a high vision. How can they accept you as an apprentice?" "Your blood and even the demon breath are not qualified to be the apprentice of those people!"

"You are humble --"

speaking of this, the voice of the leader of the blood spirit clan suddenly stops!

Only because he saw a black stone in Ye Chen's hand.

And the appearance of the stone, he hid in the body of the crystal stone actually crazy shaking up!

It's like seeing something to surrender!

"This is reincarnation..."

The blood spirit clan eldest body unexpectedly trembles!

He can't believe it!

The key is that this thing is so precious that countless great powers can watch it. How can it appear in Kunlun void!

"Boy, where on earth do you come from?"

The words of the leader of Xueling clan are extremely excited!

Ye Chen Mou son shrinks, what he really guesses is right!

The blood spirit clan knows the secret of this stone!

"What's the name of this stone? Tell me everything you know!"

But at the moment, the eyes of the blood spirit clan boss are full of madness!

In a flash, he thought a lot!

He also believed ye Chen's connection with those trapped!

No matter what, ye Chen can't stay! Only because ye Chen is the one who controls reincarnation in the legend of blood spirit clan!

Control reincarnation, can control all people's life and death!

This son is not allowed by heaven. How can the blood spirit family endure!

The next second, the blood spirit clan boss spits out a mouthful of blood essence, the whole human body is huge!

The red blood in his eyes is crazy to the extreme!

He will die with Ye Chen!

A dying person for a threat to the existence of the world, worth it!

Even if he suffers all kinds of torture!

Ye Chen feels the threat naturally, Mou son shrinks, also don't plan to get secret from the other party again, direct a sword to chop down!

The next second, the head of the blood spirit clan flies out and falls on the ground.

Even without the head, the body of the eldest of the blood spirit clan is still moving, even suffused with thick blood gas.

How can the leader of Xueling clan, who is preparing to explode, be the opponent of Ye Chen who breaks through the Daoyuan realm!

At the moment, ye Chen, in this secret place of blood spirit, has already dominated these so-called young talents!

"It's a pity that Kunlun Xu's technique can't get the secret from this guy, but one thing can be confirmed. The blood spirit clan knows the origin of the mysterious stone."

Chapter 1039

Ye Chen coldly sweeps a corpse and adds another gun. The Jiuyou sky killing gun suddenly penetrates the belly of the Xueling clan leader, and the powerful gun Gang stabs the five viscera and six viscera, and all the bones.

In a flash, the hundred Gang Qi shot out from the body of the blood spirit clan leader!

A generation of emperor respected the blood spirit clan boss! This fall, no longer possible to survive!

"Dead!"

"How did ye Chen cultivate himself? The wounded strong man of the blood spirit clan can't stand ten moves! Now he only goes through the source of Taoism. If the emperor respects the territory, who can limit him

Although Ji Siqing in the distance knew the result, he was still shocked when he saw the picture in front of him!

She came with beautiful eyes and beautiful eyes.

When she looked at Ye Chen, her eyes showed a different feeling. She knew that ye Chen and ye Shitian were one person, and that different feeling was still preserved. When she was opposite to Ye Chen's eyes, she bloomed without reservation.

"What are you staring at me for?"

"In love with me?"

Ye Chen joked, casually disposed of the body of the blood spirit clan boss, want to see if there is anything left on the strong blood spirit clan!

"You..." Ji Si hums coldly, Jiao rebukes a way: "even if you are very strong, how again! I only have martial arts in my heart. As for you, I have no interest. "

Ye Chen just wanted to say something to Ji Siqing. Suddenly, he found that the body of the blood spirit clan leader flashed with light.

"Well, this is?"

Ye Chen stretched out his hand, just wanted to grasp, but found that the light broke through the earth!

A bright crystal was suspended in the palm of his hand.

The light on the key crystal is extremely similar to the light of samsara!

Even the blood in his body is boiling!

Even the samsara cemetery is shaking up!

"It must be extremely important for the eldest of the blood spirit clan to hide things in his body. The key samsara graveyard also reacts. This thing is absolutely not simple! After dealing with the secret place of blood spirit, ask the master of blood seven nights! "

Ji Siqing noticed Ye Chen's doubts and said, "Ye Chen, what are we going to do next? It's estimated that the secret place of blood spirit will soon collapse."

Ye Chen took the crystal stone, pondered for a moment, and then said, "let's go back to Han Yun first. Since the blood spirit clan has been killed, the Huang family can't stay. When the holy grass hall specially cultivates miraculous medicine and treats the wounded, it can bring the secret place of bleeding spirit."

"Indeed

"Anyway, I've already torn my face. Before the next batch of Xueling people arrive, we must uproot the Huang family first!"

"It's just that over the past three thousand years, families and sects have been seriously damaged, but the Huang family has maintained great fighting power, which is not easy to deal with!" Ji Siqing's eyes and eyebrows twinkled, and quickly thought of the cableway: "let's go to Han Yun first!"

Ye Chen and Ji Siqing go to Han Yun quickly.

And now, in the samsara cemetery.

Blood seven night looking at the top of the head of the crystal stone, eyes hot: "I know this thing in that hand! I don't want to kill this guy, I just want that boy to take the initiative to get this thing! "

"With this thing, the blood of this boy and the other great powers of the reincarnation graveyard may also wake up!"

Monin looked at the top of the head of the crystal, the same excited!

She wants to absorb the energy of the crystal stone. After all, only this thing can make her recover to the peak strength of noumenon!

But the thought that this is also very important to Ye Chen, or give up.

She thought of something and looked at the blood seven nights: "master, the tomb owner does not have any threat in the secret place, but it is also very dangerous to face the top families of Kunlun void when she goes out of the secret place."

Blood seven night nodded and said: "for three thousand years, Kunlun Xu has lost 100 powerful emperors every hundred years. Even if the Huang family's heritage is regarded as cultivating one emperor's Zun environment every 100 years, then it will come down for 3000 years!"

"Huangjia emperor's respect realm, except for the death in war and accidental death, there are also many other closed imperial realm! The Huang family may also have strong ancestors. If they attack the tomb owner, it will be a threat. "

After hearing this, Mo Ning began to think about it and said: "the Huang family was originally a small family. After three thousand years of experience, it has gradually become the first echelon family of Kunlun."

Her eyes fell on the hundreds of tombstones and said, "I remember that there was a strong man who, before going out to battle with the blood spirit clan, realized a kind of martial arts that could forcibly subdue the enemy?"

"That strong man is also in the samsara cemetery!"

"If you wake him up, the owner of the tomb can learn his skills, and then he can collect the Huangjia emperor's dignity, forming a trend of ebb and flow."

"Although the whole family of the Huang family should be killed, it is still of some use now. After sealing the souls, they can be forced to fight against the blood spirit clan. After the tomb owner has defeated the blood spirit clan, they will be dealt with again!"

"So natural and good!" Blood seven night nodded, "it's just that whether the hand is still the key. If I remember correctly, the master's way of technique is the existence of the sky!"

And now, Han's side! Han Tian quickly fled back, extremely flustered, along the way scared other people.

He ran to the outside of Han Yun's mansion and called out, "Lao Zu, I've broken the sky!"

"The ancestors, the ancestors of the blood spirit clan, have been killed by Ye Tian!"

"The five elders of the blood spirit clan have been killed by Ye Shitian. I'm afraid the remaining one can't protect himself! So what should we do? If the strong blood spirit clan knows, how can we deal with it? "

Boom!!

A strong horizontal air jet swept out, flying Han Tianzhen tens of meters.

Han Tian fell to the ground and spat more blood. He knelt down and cried: "ancestor, I know I shouldn't disturb you, but now ye Shitian has pierced the sky. The blood spirit clan knows, I'm afraid we can't live!"

"Grandfather

"Lao Zu, please make a decision as soon as possible. Ye Shitian's men are coming to us. Shall we fight them back or let them in? "

"Go away!"

Han Yunqing drinks, the vicissitudes of the sound line ups and downs, can not judge the mood, but the voice into a heavy hammer, straight hit Han Tian a hundred meters away, if it was not his own descendants, he would have been drunk dead!

Poof!!

Poof!!

Han Tian, who was in the eight layer heaven of Daoyuan, spat three mouthfuls of blood, and could not resist a word from his ancestor.

Han Tian had to leave with his fists in his arms and came to the peripheral area, surrounded by dozens of Han family talents.

"Little Lord, what to do?" On the edge, a Han family's son said: "ahead, ye Shitian's men have arrived, led by Ye Lingtian and ye lu'er, as well as those casual repairs, they have all joined them!"

"They are coming to us!"

"What should we do?"

Bang!!

Han Tian slapped the man and said, "go, how do I know what to do? I don't see all the injuries on me

He gazed at ye Lingtian and ye Luo'er from afar, and thought to himself: ye Shitian, the evil god's subordinate!

Absolutely not!

This evil spirit dares to kill even the strong blood spirit clan, let alone him!

What's more, he talked with his grandfather before, which must be a good relationship. I have the right to put his subordinates in!

With a big wave of Han Tian's hand, the surrounding Han family disciples withdraw the array one after another.

Chapter 1040

He wiped the blood from the corner of his lips, went out in person, arched his hands and said, "come here, but what's the matter? Is master ye here? "

"The Lord of the temple will be here later!"

"Before departure, the temple master just told me to wait for the first time. The hall master will come to the Han family and make peace with us!"

Ye Lingtian is neither humble nor arrogant, but Han Tian can only treat it with a smile, and his posture is not even as high as ye Lingtian.

Ye Luo'er said: "I, Mr. Ye, have discussed with your ancestors that it should be about the blood spirit clan. You'd better not stop us, or I'm afraid that Mr. Ye will kill you with a knife if he gets angry!"

"I dare not, dare not!"

"I dare not!" Han Tian turned and waved: "give way!"

Brush!!

A group of Han family disciples, who have been arrogant and boundless since ancient times, have made way for a group of monks.

In this scene, we can see that the monks who have just joined the dark hall are very happy. In the past, they were bullied by the Han family. Now the Han family takes the initiative to step back and even welcome themselves. Don't mention how happy they are!

"Proud guys of the Han family!"

"Finally, today, I personally make way for us. When I first entered the secret place of blood spirit, I let us drill a dog hole!"

"Hateful son of a bitch, I'm out of breath today."

Gu Tian, nangu, Zhou Yan and so on, all felt very happy.

I was caught here a few days ago. I want to present it to Han Yun. Now I'm welcomed in by the Han family as a VIP. It's very different!

"Thank you very much

"Would they have been like this without the majesty of the temple master?"

Zhou Yan and Gu Tian recalled.

Zhou Yan said with ye Lingtian, "my Lord, you don't have to face the Han family! The Han family is a place where dogs can help others. If it wasn't for the master of the temple who killed the blood spirit family's bastards and shocked the whole blood spirit secret place, they might have killed us! "

He thought in his heart: as the Lord of the temple! We must see the situation clearly, and we must not be excited by the actions of the Han family at the moment.

Zhou Yan is very clear about his position. At present, everything depends on ye Shitian. Without ye Shitian, he would have died in the Han family.

The same is true of other free practices. Without ye Shitian, he died in the hands of the Huang family or the blood spirit clan!

Therefore, they did not have the slightest favor for Han Tian who personally welcomed them, but more appreciated ye Shitian!

"Hum!"

"The people of the Han family get out of the way. We won't disturb master Han Yun. We are here, waiting for the temple master to come!"

Ye Lingtian doesn't give them face, and directly lets Han Tian flash aside.

Han Tian can only stand aside obediently, and order some Han family to send good tea to ye Lingtian and others!

"Little Lord!"

"Little Lord, they are too much!"

"Young master, these casual practitioners look down on us. What a jerk

Several Han family disciples can't help it!

Pa Pa!

Han Tian slapped them three times in person and said angrily, "please don't take Laozi with you."

He pointed to ye Lingtian in the distance, grabbed his clothes and said, "do you know who that person is? That's ye Shitian's subordinates!

"ye Shitian even dares to shock and kill the blood spirit people

"The blood spirit people, there are six emperors in the territory of terror, let Ye kill five on the spot, and now you have to chase and kill another one. If you go to the hands of the terror strong, you will seek death, and finally you will implicate Laozi!"

"Han, I want to get rid of your clothes and go to my house again!"

"In case you are killed, I will be killed by Ye!"

This roar directly scared the three Han family disciples to kneel on the ground, fearing not to come out!

Dozens of Han family geniuses around him didn't feel uncomfortable. Instead, they felt that the young master had done too well!

Ye Shitian!

This kind of evil spirit's hand, you want to provoke, you go!

Don't get me involved!

Ye Lingtian and ye Luo'er sit upright in the room, and the rest of them perform their respective duties of guarding against the Han family.

On the contrary, Han Yun ponders in the hut.

Half an hour later!

Two shadows flashed and suddenly appeared in the mansion!

It is Ye Chen and Ji Siqing!

Brush!!

All the people in the dark hall got up and quickly went out of the house. They arranged themselves in order and worshipped: "welcome the Lord of the hall!"

"Get up Ye Chen waved, an invisible giant force lifted them all up, glanced at them and said, "you live here first, I have something to discuss with Han Yun!"

"Obey the orders of the temple master!"

Ye Lingtian leads the people to get up and return to the situation just now.

Ji Siqing also joined in, gathering in a room with the rest of the Han family around. Looking at this scene, Han Tian feels a little uneasy. He says: ye Shitian actually calls his ancestor's name. Is ye Shitian not a young generation?

Is it that ye Shitian's root is not in his twenties, but a great talent?

Camouflage?

Very likely!

Otherwise, how can we defeat the powerful people of the blood spirit clan so easily!

If ye Shitian was a great power, it would be perfectly reasonable to kill the five members of Xueling family. After all, the strongest young generation has just entered the realm of emperor's respect, and the combat power is absolutely not so exaggerated!

For the powerful people of the blood spirit family who have been wandering in the emperor's Zun for thousands of years, it is not a grade at all!

Thinking of this, Han Tian is glad that he didn't order to attack ye Shitian's men just now, otherwise he is already on the huangquan road!

Immediately, Han Tian ordered: "send up the best wine!"

He is the young master of the Han family. At present, in the secret state of blood spirit, he is respected in addition to his ancestor Han Yun!

What he said, other Han talents will do!

"Yes, yes!"

"We know it!"

A group of Han family geniuses also saw the scene just now. If they were startled, they quickly served all kinds of good wine and dishes!

At the moment, in a stone chamber, the array is covered.

Ye Chen looked at Han Yun and said, "you know about the Huang family. What are your plans for the Huang family?"

"Are you, too hasty?" Han Yun's eyes are broad and calm. It seems that there are stars between them. It seems that they are close to each other, but they are far away from the sky. "The six members of the blood spirit clan, I want to kill them. In fact, it's OK to kill them!"

"The key is that after a year and a half, the blood spirit clan will come to accept the 100 emperors' respect!"

"In a year and a half, are you sure you will be promoted to Emperor Zun? Is Nirvana fighting them? "

"Nature is sure!" Ye Chen casually sat on the wooden chair and asked, "the Huang family won't talk about it. Let's talk about the strength of the blood spirit people one and a half years later."

Han Yun nodded slightly and sat on the wooden chair.

His fingertips flow green light, blue light blooms, gradually forming seven portraits, "every hundred years, seven blood spirit clansmen will come to Kunlun Xu, accept 100 emperors' powerful situation, men's torture to death, women's trampling to death!"
