Chapter 1041

Ye Chen hears Han Yun's words, slightly a Zheng.

He thought that these people were only taken away as slaves, but now listening to Han Yun's meaning, it is obvious that these people are used to torture and enjoy.

If so!

That's too much!

Even if these people are strong, they are not qualified to be like this!

Ye Chen Mou son a congealing, open mouth to Han Yun way: "have you witnessed with your own eyes?"

Han Yun stood up and nodded: "the seven strong members of the blood spirit clan are quite different from the six in the blood spirit secret realm. If we use the combat power, any one of these seven people should not be the emperor's realm."

"Do you mean that their realm is more than that of emperor?" Ye Chen's face was suddenly a little sad.

Although these things are expected, if they are, they will be much more difficult.

How to fight against him alone!

"How much more do you know about me in a year and a half?"

Ye Chen's tone is extremely serious and cold.

Han Yun sighed and continued:

"for so many years, I haven't changed!"

"I and even all the people in Kunlun void want to fight against it, but in the end, the result is too small. The gap between the strong blood spirit clan and us is just like that of Kunlun Xu practitioners and those ordinary Chinese people."

"They wave with the supreme rhyme, the technique is also fantastic, I pretend to be crazy for so many years, just do not want to be found by those people."

"There are fewer and fewer powerful empires of Kunlun emptiness, which also curbs the development of Kunlun Xu."

"Of course, there are also other families that have secretly cultivated some emperor Zun realms and preserved them to resist them!"

"But the seven of them, the most powerful one is close to that realm, and the weakest strength is not that we Kunlun people can resist!"

Looking at the seven empty shadows in front of him, Han Yun said with a little helplessness: "in my present state, or the ancestors of those families outside, it's hard to resist it."

"Anyone has the power to kill me in seconds!"

Hearing these words, ye Chen nodded slightly, thinking of cableway in his heart: with Han Yun's strength, he at least needs to step into the realm of emperor's respect to fight against it.

In this way, he must at least step into the top of the emperor's Zun realm, in order to ensure the victory of the seven blood spirit clan!

A year and a half, break through so many realms!

It's unbelievable!

Although the speed of their own breakthrough is said to be against the sky, but really want to do, the face of pain is too much!

There are many difficulties!

He can't always rely on the power of the samsara cemetery!

After all, they are just a kind of divinity. They can't do it in front of the seven people!

Key, I have to rely on myself!

Ye Chen's eyes were broad and fell on Han Yun's body and continued to ask, "what about the Huang family? As far as you are concerned, you should know the Huang family very well! "

"Nature!" Han Yun recalled for a moment and narrated: "at that time, the Huang family and several other forces cooperated with the Xueling clan, which led to the arrival of the Xueling clan in Kunlun. However, the Huang family did not have the top strong ones, and they have not been oppressed by the Xueling clan for so many years!"

"But even in this way, Huang's ancestors broke through the eight layers of heaven in the emperor's honor!"

"If you want to move the Huang family, I can contact the ancestors of each family. I will help you solve the problem first!"

"I can help you solve even the strong ones in the Huang family, but there are too many emperor Zun realms hidden in the Huang family."

"These years, they have never contributed to the emperor's respect for the strong! You can imagine how many strong men they hide

"What's more, the sky list has a lot to do with the Huang family. For so many years, almost no Huang family has been on the list! Even on the list, it's just to confuse the existence of the big families in Kunlun! "

Han Yun will think in the heart, told the whole: "best, we still think of a way, will the Huang family most of the strength. Because against the blood spirit clan, high-level combat power, the realm above the emperor's realm must be resisted by someone, but there must also be a sufficient number of the middle level of the emperor's Zun realm's combat power! "

"Otherwise, even if you win the strongest one of the blood spirit clan!"

"Kunlun virtual medium level combat power will also collapse, when you win back, maybe Kunlun Xu has been reduced to hell!"

Han Yun looks at Ye Chen, examines its movement manner, but does not see anything unusual.

He then said, "I didn't want to forgive the Huang family, but I used it to kill these traitors one by one after the end of the war."

Ye Chen did not speak, in his eyes, Huang family and those hidden in the dark family, should not stay.

Han Yun's suggestion is not wrong.

Now he is not qualified to kill the emperor in the deep of Huang's family!

The key is that even how many emperors in the Huang family do not know!

If you can control it, it's the best!

But these are emperor Zun environment strong person, how to control!!!When ye Chen had a headache, a voice resounded in his mind: "to control the emperor's realm, there is one person in the reincarnation cemetery who can do it!"

Ye Chen a Zheng, quickly control consciousness into the reincarnation cemetery!

Samsara cemetery!

Blood seven night standing in front of a tombstone, hands behind, eyes staring.

Ye chenlian said: "blood master, who can do it, can I motivate?"

This is Ye Chen's most concerned problem!

There are many tombstones in the samsara cemetery. He knows that the power has sealed too many strong ones!

But this also needs him to be able to move!

Blood for seven nights did not respond for a long time, full of 10 seconds before he opened his mouth: "this man is called the king of hundred swords, he also comes from Kunlun Xu! It also exists in the ancient times of Kunlun! This man is good at swordsmanship. If he talks about swords, I am not his opponent. "

"The key to this man's real fame is to seal the enemy by force! This skill is his original skill, and he has no descendants. This also leads to the disappearance of the seal method after the disappearance of the hundred sword king. "

"If you want to implement the Huangjia law you told Han Yun outside, you can only see the hundred sword monarch."

Ye Chen looked at the gloomy and desolate tombstone and said, "elder blood, I naturally want to see this man, but I also want to be able to arouse him. You admit me, I have spent too much time, and the tombstone of the king of hundred swords, it seems that I can't move it in a short time. Or, what can you do? "

Blood seven night did not speak, but looked at moning.

Mo Ning's eyes inspired, and then came to Ye Chen: "tomb owner, want to arouse the great power of the reincarnation cemetery, there is actually a way!"

"What method?" Ye Chen excited way.

Mo Ning's mouth showed a smile: "the tomb owner should know that, in addition to the energy, he needs to be recognized by the power of the reincarnation cemetery, and the king of hundred swords is from Kunlun Xu, and he cares about his sword very much!"

Chapter 1042

"To awaken the king of hundred swords, you may need to find the place where he lived before he went to war and get his saber!"

"As for where the sabre is, I'm not sure. Han Yun, as an existence who experienced the ancient war, must know it!"

Ye Chen suppresses the vibration in his heart and returns to reality. His eyes are even more directed at Han Yun, who is still talking for the Huang family, and says: "I understand what you mean! The useful people of the Huang family stay and make the best use of everything. Even if the rest of the young people will not be able to break through to the later stage of emperor Zun's realm, they will not have to survive! "

People who don't have to survive are naturally many talents of the Huang family!

Seal the master of Huangjia emperor's revered environment with the skill, and kill the people under the emperor's respect!

It's not cruel!

He contacted many people of the Huang family, who had been instilled with the idea of blood spirit slaves for a long time!

If you stay, the consequences are unimaginable!

Everything must be strangled in the cradle!

"King of hundred swords, do you know?" Ye Chen turns his words and asks suddenly.

"What, do you know the hundred sword king?" Han Yun was shocked and thought: "the king of hundred swords existed in ancient times. Ye Shitian was so young that he even knew him?"

It seems that master xueqiye told ye Shitian everything!

This apprentice, blood seven night master unexpectedly so value!

"Where is his former residence?" Ye Chen said again.

"Within the boundaries of the Huang family!" Han Yun responded.

Ye Chen pondered for a moment, and then said, "the secret place of blood spirit is about to end. After that, I will kill all the Huang family's disciples, and then go to his former residence. After that, I will suppress the emperor Zun state which seals the Huang family as a medium level power."

Huang family, from ancient times to now!

Absolutely more than any of the sects and aristocratic families, I believe that seizing the inside information of the Huang family, he will be able to enter the realm of emperor's respect!

After bleeding spirit secret place, you can first destroy Jingshui and xingtiandan, take their resources and upgrade them to the second level of Daoyuan realm. Then, within the Huangjia territory, you can find the sword of the hundred sword king!

The Huang family is not the Huang family in Kunlun for a long time. It has a rich foundation and the largest territory. It is due to other families and sects. Every hundred years, it will be wiped out, and hundreds of powerful emperors will not use it.

Only these, without the support of the blood spirit clan, they have been able to develop very strong!

"In this way, very good!"

"I'll contact some old friends and come out of the mountain again and kill the ancestors and important people of the Huang family first!"

"You take the people of the Huang family again, so as to integrate the upper and lower parts of Kunlun Xu, and begin to resist the Xueling clan!"

Han Chenyun and plan Ye!

Han Yun pretended to be insane for thousands of years. He has profound skills and good connections. He can meet several old friends and kill Huang's ancestors.

After talking about the arrival of the blood spirit clan in a year and a half later, ye Chen left first and called Ye Lingtian. He ordered: "you go and spread the news. Ye Shitian will invite all the talents of the Huang family to gather here tomorrow. If not, I will kill them one by one with Jiuyou sky killer gun."

"Yes, Lord!"

"Yes, Lord!"

Ye Lingtian and Zhou Yan are so excited that they can give orders to the disciples of the big family!

And still this kind of despotic and incomparable order, do not come to die!

Thanks to following the temple master, if you follow others, I'm afraid you would have died!

Ye Chen looks at these free practices, and his heart is filled with emotion.

He never thought that there would be a dark hall in Kunlun.

I don't know what happened to the group of people in the dark hall of China.

What about Xia Ruoxue, zhuya, Jiangnan province and even the capital.

Since stepping into Kunlun Xu, he has been faced with too many things. Kunlun Xu and Huaxia are just an array connection.

It's time to go back and have a look.

I'll go to Huaxia when I'm done with my current affairs.

While ye Chen was thinking about his trip to China, ye lu'o'er quietly came to Ye Chen's side, and his eyes were like water: "Mr. Ye, lu'o'er has an idea in his heart."

Ye Chen recovers, curiously way: "what idea?"

Ye Luo'er hesitated for a few seconds, but still encouraged his courage: "Mr. Ye, the secret place of the blood spirit is almost damaged. The six strong members of the blood spirit clan have also been killed by Mr. Ye. It is impossible for the master's holy grass hall to stay here any longer. I understand the master. Does the master always want to do something for Kunlun Xu?"

"So I hope Mr. Ye will ask the master to take the holy grass hall out! "

Ye Chen heard Ye Luo'er's words, but he looked at Ye Luo'er highly. He did have this idea.

Facing the blood spirit clan, the power of the holy grass hall is extremely critical!

Even against the Huang family, he also needs this power!

I don't know if Ye Luo'er's master will agree!

No longer think about it, Ye Chen said directly: "Luo'er, in this case, you and I will go to the holy grass hall together!"

Ye Luo'er didn't expect Ye Chen to agree. She was so surprised that her face was even more red! "Mr. Ye, let's go now!"

.....

An hour later, holy grass hall.

In the holy grass hall, hundreds of female disciples gather!

The atmosphere is dignified to the extreme!

Several elders of Emperor Zunjing also looked at Ye Chen and Ye Luo'er.

A purple robed female elder was quite respectful and said: "Mr. Ye, you can participate in nature. Even the six members of the blood spirit family who guard the secret place of blood spirit will be killed with one blow! What a rare talent in Kunlun for thousands of years

"You came here, but you want to discuss with my patriarch about fighting against the blood spirit clan?"

This time, the elders of the holy grass hall dare not look down upon Ye Chen again.

After all, such a big thing happened in the secret place of blood spirit has been spread all over the world!

Although they are shocked, but in the face of Ye Chen or some sense of propriety!

However, the key patriarch has repeatedly stressed that you should not rashly start when you see ye Shitian!

"That's it Ye Chen said, "where is the elder?"

"You are really extraordinary

Just then, an old voice sounded.

Ye Chen Mou son a congealing, the moment is to discover an old figure appeared in front of him!

Ye Luo'er is more excited to come to the side of the figure, "master!"

If the elder patted Ye Luo'er's hand, and then his eyes fell on Ye Chen's body, his face was full of affirmative color, he nodded his head and said, "I thought that the six members of the blood spirit clan were a life and death crisis for you, and even whether you could live to a year and a half later is a problem!"

"But now it seems that I'm worried too much! You have killed six members of the blood spirit clan one after another. This strength and courage are rare! "

The six members of the Xueling clan live in the secret place of Xueling for a long time.

Now, the breath is cut off and the vitality is not preserved. The emperor who is in the dense state of the blood spirit clan will know it in an instant!

If the elder looked at Ye Chen and said, "follow me to the back hall."

When they came to the back hall, if the elder didn't talk nonsense, they said directly: "this time, you met Han Yun and killed six people of Xueling family. You must have a plan. From ancient times to the present, some people dare to resist. You are also the first one who can really resist! "

Chapter 1043

"It's hard to feel the burden of the whole Kunlun empty on you alone. I know you have a secret. I don't care about the secret. I only care if Kunlun Xu can survive this time. "

"Although I don't have divination against heaven, I believe you can do it from the first time I see you."

"No doubt."

The more she saw Ye Jingtian, the more satisfied she was.

"I believe that after a year and a half, the strength of the seven people coming to the blood spirit clan will be strong and weak. Han Yun has told you all about it. But when you come to the holy grass hall, you must have a need. Is it a magic pill, a miraculous medicine, or something?"

"I hope the master will lead the whole holy grass hall to be born!"

"Kunlun Xu is now in a mess, but if I want to integrate all my strengths, I need the divine elixir support of the holy grass hall on the way!"

Ye Chen said bluntly: "I believe that the elders don't want to bear the oppression of the blood spirit clan, so I'm going to forcibly take over the Huang family and use the resources of the Huang family to improve myself. After a year and a half, I will kill those seven people and formally fight against the Xueling clan!"

"Ye Shitian, I know something about the Huang family. The Huang family is not as simple as you think. How are you sure you will win? The birth of the holy grass hall is not a family affair. As I told you before, I should be responsible for my disciples. I don't want to take them to risk, otherwise I can leave early. "

If the elder said.

"Sure?"

"To grasp nature is to have!" Ye Chen is thinking at the moment, which "grasp" to show to Ruo elder?

Reincarnation cemetery?

It can't be said!

Blood seven nights?

Let him come out in person and talk to master Ruo? And then it's ok?

Just when ye Chen was in some distress, he said in the tomb of samsara for seven nights: "if you say a word with her, she will understand that this sentence is what her master and I said. It is a top secret and only the masters of the holy grass hall can know it!"

"Because of this sentence, they are involved in the foundation of the holy grass hall!"

"So, just say it!"

"What words?" Ye Chen is a little curious.

He did not expect that the blood seven nights should have such a source with the holy grass hall!

"Kunlun slightly, the holy grass stands, the Big Dipper seven stars, the holy grass saves the world!" Blood seven nights quickly said this sentence and explained: "the meaning of this sentence was originally the foundation of the building of the holy grass hall, because the founder of the holy grass hall once created a healing skill with the Big Dipper seven stars!"

"That skill can rely on the power of the big dipper to produce continuous power."

"And the power of endless recovery. In addition, the founder of the hall decided to save his life in the world when he founded the hall of holy grass. That's why he said, "Kunlun is tiny, the holy grass is standing, the Big Dipper is seven stars, and the holy grass is saving the world."

Blood seven nights said a phone call, finally explained clearly.

"Understand!"

With the reply of seven nights of blood, ye Chen's eyes are like torches, stepping out step by step, surrounded by endless blood!

Extremely powerful and imposing!

If the elder sees this scene, some displeasure.

Of course, she saw ye Shitian, but if the youth in front of her thought that killing several people of the blood spirit clan could threaten her, then she was really wrong about this person!

She doesn't mind killing the youth in front of her!

Even if this person is the future of Kunlun Xu!

If the master's five fingers condense to kill gas, a magnetic sound resounds through the whole room!

"Kunlun slightly, the holy grass stands, the Big Dipper seven stars, the holy grass saves the world!"

Ye Chen's plain words come out, and his eyes fall on Ruo elder.

Hearing the above words, if the elder was struck by thunder, his body trembled violently. He gazed at Ye Chen, his eyes were majestic, and said, "you What are you talking about? "

Her eyes were deep and she asked again, "do you know what you're talking about! You "

" of course I know! "

"Kunlun slightly, the holy grass stands, the Big Dipper seven stars, the holy grass saves the world. This is the purpose of your holy grass summit. At the same time, an elder told me that it is time to resist the blood spirit clan

Ye Chen pulls the tiger skin to do the overcoat, continues to say: "I don't know if these words are enough to let the holy grass hall come out?"

The core secret of the holy grass hall was told, and the elder also pointed it out.

The four words "that elder" alone contain a great deal of gold, which is to grasp.

If the elder looked at Ye Chen and could not see any emotion, he said, "let me ask you, what do these 16 words mean? If you understand, then... "

If ye Shitian really understood.

Then, the person behind him must have something to do with the ancestor or the master. Such great power is indeed a grasp!

Ye Chen nodded and stood with his hands on his back. There was a trace of blood all over his body. In the whole space, he said: "the first eight words mean that when Kunlun was still in the wilderness and the schools were still slightly weak, the holy grass hall had been established!"

"The last eight words, big dipper seven stars, sage grass salvation!""It means that the founder of the hall of creation used the seven stars of the big dipper to master a healing skill, and from then on he established the purpose of saving the world and the people of the holy grass hall!"

"Boom!"

These words, completely shocked if the elder!

When she looked at it again, her eyes had completely changed, and she asked uneasily, "which of your predecessors, what's your name?"

"That elder, surnamed blood!"

"Seven nights of blood!" If the elder called out the name of seven nights of blood, he was shocked and said: "did he not go out to fight abroad and die in the ancient battlefield? How can you possibly know each other! "

She walked forward two steps, a deep thought, and said to herself, "no, your bones can't see this person, but..."

"In ancient times, master xueqiye and my master were in agreement. They were about to tie knot. But facing the arrival of the blood spirit clan, they had to fight outside the territory. In that war, there was no trace of them. "

"Master Xue once served as the vice Lord of my holy grass hall. It's no wonder that you put forward those words and this name!"

"Blood master, did you survive?" If the elder looks happy, quickly asked: "my master, is still alive?"

Ye Chen's eyebrows revealed a sense of helplessness: "if the master's whereabouts, I don't know."

He changed his look and said, "however, master Xue is currently practicing in foreign countries. Before returning to Kunlun, he told me this sentence so that I could use it as a proof when I need to be born in the holy grass hall!"

As soon as this is said.

If only aura lingers all over the elder, it will be more vigorous.

The wooden crutches in her hands give off a special luster, which stealthily tears the space in front of her. An array of cracks appear. The strong wind rages up and down the inner hall. She looks back at Ye Chen and says, "go, I'll take you to a place."

"Well, if you are a master!"

"You don't have to call me elder. Since you know blood seven nights, so that I am of the same generation, you can call me Ruo Shijie!"

Chapter 1044

When ye Chen heard these words, he almost fell to the ground.

Call an old monster elder martial sister, he really can't call out.

The key is to call her elder martial sister, and then ye Luo Er calls herself Mr. Ye. This is not a complete mess.

He looked at ye Luo'er, but found that the latter was covering his mouth and laughing.

If the elder master seems to notice something wrong, he looks at Ye Chen and continues: "if your elder martial sister can't call out, please call me if you are the Lord. You can't say these two words any more."

Ye Chen nodded: "good."

If the patriarch looked at Ye Chen and forced out a blood essence, he quickly pinched the formula with his fingers, and when he waved, the heaven and earth changed color!

The array of the whole room seems to be torn apart!

Ye Chen only feels a ray of light covering him.

"What's the secret? Array? No

Ye Chen felt the power around him, and was shocked in his heart. He did not despise the holy grass hall!

Even he was sure that if the LORD was not as simple as he thought!

In a flash, if the patriarch and ye Chen came to another world, where the birds and flowers were fragrant, it was like a peach blossom land, which was enough to escape from the world and live in seclusion. It was beautiful and peaceful, with the traffic between the fields, the news of chickens and dogs, and the flourishing of spiritual trees and flowers.

If the patriarch leads him to a wooden house.

She gently pushed open the old and shapeless wooden door, and glanced at a large number of miraculous herbs stored in the wooden house. There were thousands of them, each of which was the top-level elixir of tens of thousands of years. She said, "here is the miraculous medicine accumulated by my holy grass hall for countless years!"

Holding a wooden crutch, she pointed to dozens of wooden houses nearby, sighed with a long sigh and said, "all the other wooden houses are miraculous herbs of more than a thousand years old. Since the arrival of the blood spirit clan, we have cultivated a large number of miraculous herbs in the holy grass hall, and have been purchasing them from abroad."

"All the elixirs are stored here!"

"I want to wait until one day when the Kunlun virtual counterattack is used. Now, this day is coming!"

If the patriarch turned around, looked at it carefully and said, "I can see that behind you, there must be those who survived in those years. Otherwise, you can't reach the level before you when you are more than 20 years old."

"Han Yun can't believe you either!"

"You can't kill spirits in the six Kingdoms one after another."

"Since we have been preparing for such a long time, we are waiting for the moment of war. Since this moment has arrived, I will never hesitate!"

If the patriarch's mottled arm waved gently, he said: "my holy grass hall will be born with you. I believe that the specific plan has been discussed by you and Han Yun. I won't ask any more, but I will know soon."

"My disciples and elders of the holy grass hall will help you with all the miraculous herbs."

"You don't have to have any doubts. Behind you are Han Yun and I, as well as many old people of Kunlun Xu! We are sure to win this battle

Ye Chen never thought that the old man in front of him could guess the connection between his back and some great powers disappeared in ancient times.

But it's normal to think about it.

The existence of blood seven nights, and their own virtual King environment to kill the strong blood spirit clan, if no one behind the hand, it is impossible!

He thought to himself: for three thousand years, the middle and low-level warriors have no idea about the blood spirit clan.

But the high-level strongmen have been oppressed by the blood spirit clan. Now it's time for the counterattack, so they will do their best!

If the patriarch has been paying attention to Ye Chen's expression, what does she think of and suddenly asks, "I want to know what is the relationship between you and blood seven nights? Can he accept you as an apprentice? If it's not convenient for you to say it

Ye Chen heard this sentence, subconsciously nodded: "indeed."

If the patriarch heard this sentence, he would be relieved.

The youth in front of us is not simple!

At least I can't foresee the future of this youth!

Although Ye Chen admits, but the blood seven nights of reincarnation cemetery is a cold voice: "boy, I'm afraid you think too much. I have never regarded you as my apprentice. With your current strength and cultivation, you are not qualified at all!"

Ye Chen didn't expect that the blood seven nights would dismantle the stage, and said with a smile: "blood master, Lin Qingxuan and they all accepted me as a disciple. I believe you are quick, master blood."

"So, don't be surprised. The enemy is the blood spirit clan now. When this wave of blood spirit family is destroyed, I will go to that place personally and release the real bodies of the predecessors!"

Hearing this, the blood seven night was silent for a period of time.

Ye Chen is their hope.

Although he did not formally accept Ye Chen as his apprentice, he was destined to become Ye Chen's master at the moment of reincarnation cemetery binding Ye Chen.

Only by controlling everything of the 100 powers can you be qualified to fight those guys!

One side of Mo Ning also looked at the blood seven nights, and said: "blood master, it must be hard for your real body to be locked in any place. However, if you wait a few years, you can get out of the predicament!" Blood seven night nodded and said: "this guy has a good talent. If he can really lead Kunlun Xu against the blood spirit clan, don't let me accept an apprentice. Even if I can worship him as a teacher, I can definitely do it!"

"It's just that there are too many dangers along the way, life and death are uncertain. No one knows what he has to face alone! If you're a little bit careless, you'll lose the game! "

At the moment, ye Chen did not pay attention to the reincarnation cemetery, but looked at Ruo Zong Zhu and said: "these miraculous drugs, let the elders pack them in batches!"

If the patriarch nodded: "good."

Xu Zhizhi orders us to go out of the sky to fight against the blood of ten thousand people, and then we will leave the sky together

If the patriarch pinches the wooden crutches, a stream of green light blooms, containing Tao Yun and tearing everything here.

Whoa!!!

A blue light flashed through their eyes.

The next moment, they have returned to the inner hall, come to the hall together!

"All elders and disciples, I have talked with ye Shitian clearly!"

"The blood spirit clan has oppressed my Kunlun void for too long. Now it's time for us to resist!" If the patriarch speaks slowly, the hall will be like a frying pan, and the elders will talk about it, even the disciples.

Ye Chen also came out and swept everyone.

He said calmly and coldly, "the blood spirit clan, I believe many of you don't know the blood spirit clan very well."

"Kunlun xushang and Xiaxia have to send 100 powerful emperors every 100 years to be slaves to the blood spirits, even to the families who have been trampled and killed. You may be the source of Tao, the virtual king, or the emperor's respect!"

"You also want to ask why the temple of holy grass has not been humiliated by the blood spirit clan?"

"That's because of the special geographical location of Shengcao hall, and the Xueling clan can't find it. Instead, they have to bully other Kunlun Xu sects and force them to hand over 100 emperors every 100 years."

"It is because of this that every sect in Kunlun has been weakening."

"When they are so weak that they can't cultivate the emperor's realm, the blood spirit clan will attack you at the holy grass hall."

Chapter 1045

Ye Chen feels that the people in the hundred grass hall are ignited by his words and continue to step out!

At the moment, his whole body exudes rolling evil Qi, strong to the extreme!

It's like an immortal!

Perhaps because of the samsara blood, the fighting power and momentum that his realm can break out is close to Emperor Zunjing!

No one dares to despise ye Chen!

Ye Chen stops, the whole hall is rolling a breeze!

He looked at several elders of emperor Zunjing and dozens of disciples of daoyuanjing and xuwangjing, and said, "you have two choices for Xueling clan!"

"One is to muddle along until the other sects of Kunlun Xu are too weak."

"Your holy grass hall will be exterminated by the blood spirit family. Of course, before the extinction, you will be killed by the blood spirit family. As a daughter, you should be very clear!"

"And the other one?"

"Master ye, what about the other one?"

Many young disciples could not help asking.

All the disciples were beautiful girls, and they all stared in fear when they heard that they were going to be trampled and played with by the blood spirit clan to death.

Even if they were several elders of the emperor, they were extremely worried.

"The other one is born now!"

"If you start fighting against the blood spirit clan, you may die, but your innocence will definitely be preserved. If you don't resist, you can't keep your innocence. "

Ye Chen said the key points directly.

Which girl does not cherish themselves, do not pay attention to their own innocence.

Especially in front of this group of beautiful maidens in the holy grass hall, innocence is even more important than life. Hearing Ye Chen say so, they instantly become angry.

"Master ye, we must fight those blood spirit clans

"The blood spirit clan is such an asshole that we must destroy them!"

"Master ye, we are willing to follow. We must destroy the blood spirit clan!"

"Destroy the blood spirit clan!"

"Destroy the blood spirit clan!"

.....

Group of women excited, each silver teeth bite lip, gas chest mountain up and down shaking.

Finally, they held hands and said, "Lord, we are willing to fight for the blood spirit clan. These bastards are too much!"

"Well, since you will wait!"

"When the blood spirit secret place is born, we will be born together in the holy grass hall!"

If the patriarch looks at Ye Chen and says, "younger martial brother ye, our holy grass hall has decided to be born with you and formally fight against the blood spirit clan. However, only the higher authorities in the middle period of emperor Zun's territory will know about the delivery of 100 martial Taoists every 100 years to the blood spirit clan for trampling and killing! "

"This secret, do you want to keep it secret?" she asked

"There's no need. At this time, whether the virtual energy of Kunlun can exist or not is a problem. The sooner this secret is made public, the better!" Ye Chen rejected it.

"But it could cause riots." If the patriarch said, "it may cause the genius of all sects to revolt, and even kill their own masters!"

Ye Chen showed evil charm smile and said: "I want this effect!"

With a cruel look on his face, he said: "Kunlun is empty in front of us. The hierarchy of forces has been fixed for too long. It is not difficult to unify these forces, but there are traitors like Huang family, so the more chaotic the better."

"How do you say that?" If the Lord asks.

"If this incident is spread out, all kinds of genius will inevitably riot, and even ordinary casual practitioners will ask for an explanation from the great man!"

"Those who are really strong in Kunlun will naturally explain to those talents and the younger generation with painstaking efforts to obtain forgiveness."

"On the contrary, those who have taken refuge in the blood spirit clan, seeing that one and a half years later, the 100 emperors can not be sent there. They certainly think that the delay will be punished. Naturally, they will try their best to suppress the news, even the younger generation who ask their opinions in a rigid manner!"

Ye Chen snorted coldly, and his armor was shining, and his fierce and indestructible sword idea soared into the sky!

Sonorous!

All the swords in the hall are shaking together, which means that they worship ye Chen.

Ye Chen Mou son a Ning, continue to say: "our first goal is to suppress the news, suppress the younger generation of people, because they are likely to be traitors!"

"Chaos means that the more chaotic the better, the faster the integration of the major forces in Kunlun. If we master it calmly, it will be a problem."

Although Ye Chen is killing, he is not killing innocent people indiscriminately.

He is very clear that the current situation in Kunlun must be solved internally.

In addition to the Huang family, Kunlun Xu has more powerful forces to betray.

He didn't have time to look for them one by one!

We can only wait for these people to show up first!

In fact, ye Chen still has an idea not to say.

That is, if the Kunlun Xu sects are too easy to control and unify, they will inevitably have their own thoughts. If all kinds of people are still alive, things will not come true. Therefore, we need chaos, we need to kill a large number of people and a large number of traitors with wrong opinions! Only in this way can all forces of Kunlun Xu be fully integrated!

This is the truth that heroes emerge in troubled times!

"Well, I'm worthy of being the apprentice of blood seven nights!"

"I admire Ye's courage!" If the patriarch said: "when I go out of the blood spirit secret place, I will contact Han Yun and several old guys to let them spread the news together. I think whoever dares to suppress and suppress will destroy them!"

Ye Chen nodded slightly and then said, "there are still a few days to go before the blood spirit secret place is closed! During this period of time, you should prepare as soon as possible. I want to kill all the Huang family members in the secret place of blood spirit. Such rebellious people as Huang family can never live in the world! "

After saying that, ye Chen jumped up and disappeared in the hall.

Only a shadow remains.

After ye Chen stepped into the realm of Daoyuan, his control of body method became more and more powerful.

Even the skills given to Ye Chen by Da Neng who disappeared from the samsara cemetery are completely clear.

If the patriarch looks at Ye Chen's direction, he subconsciously nods and praises: "it's worthy of being trained by blood seven nights. He is young and has all kinds of strategies and strength. With him, he will surely defeat the blood spirit clan."

"From ancient times to the present, Kunlun Xu has been in a passive position. I'm afraid Ye Chen is the biggest turning point of Kunlun Xu!"

.....

In half an hour! Han Yun's residence in the secret place of blood spirit!

When ye Chen returned to the Han family, he saw that all the people were there, so he asked, "can someone from the Huang family come?"

"Lord of the temple, none of them!" Ye Lingtian replied: "on the contrary, after the master of the palace issued the order, all the Huang family members were like rats, and they all disappeared. Now, according to the information from the outside, it seems that there are dozens of Huang family talents left!"

"These people seem to be holding each other together!"

"They are in Dingjun mountain and shatiangu in Kunlun

"No one from the outside world can see a genius of the Huang family. It should be all gathered together!"

The accuracy rate of Ye Lingtian's information is not low.

Chapter 1046

A group of Huang family geniuses knew that ye Shitian had killed six Xueling elders, and also killed Huang Ming and other 15 people. Instead, they did not flee, but gathered together to fight against ye Shitian.

After all, there are more than a dozen talented people from the Huangs who came in this time.

There are even two talents in the nine layer heaven of Daoyuan state, Huang zhantian and Huang wugun. Both of them are no less talented than Ji Siqing. They were once one of the top ten talents in Kunlun, and they should not be underestimated.

For other forces, the Huang family's geniuses, who are so powerful, have not been destroyed by the Huang family.

On the contrary, ye Chen has to take the initiative to find their trouble!

"Ye Lingtian, Ji Siqing, lu'er, you all stay here!"

"Dingjun mountain and shatiangu, I will go to these two places in person. There are dozens of Huang family talents. None of them will leave the blood spirit secret place alive!" Ye Chen looked at Zhou Yan on the edge and said, "we have more than 100 disciples in the dark hall. Who is outside?"

"Hall master, there are dozens of them!" Zhou Yan asked, "is it time to withdraw them back?"

Ye Chen said: "yes, now take them back! Huang's family is not comparable to other families. Its strength is very strong. You can't cope with it for the time being. "

With a slight wave of his left hand, the sword spirit of all walks of life sprang out of the sky. The sword came out of thin air and released a great power. "You stay here, some gratitude and resentment! It's time to stop! "

"Master of the temple!"

"Hall master..."

Ji Siqing, ye Lingtian and ye Luo'er are just about to speak when ye Chen has completely disappeared.

For ye Chen, of course, there are virtual forces in Kunlun at present, but the strength of these scattered cultivation is too small after all.

Even if ye Luo'er and ye Lingtian are not good enough for the Huang family.

Ye Chen doesn't want to hurt these people!

Of course, after he stepped into the realm of Tao source, his realm was not completely stable!

Now, he needs to fight!

He was born for fighting and blood. Only by fighting can he control the source of Tao more and more!

What's more, after fighting against the strong blood spirit clan this time, he could feel his blood as if he was gradually waking up.

The so-called reincarnation is qualified to be awakened by the so-called reincarnation!

As for why not take Ji Siqing away, ye Chen has his reasons.

He has some affection for Ji Siqing. As a man, how can a woman take risks?

During his five years in Kunlun Xu, he became a waste and suffered too much humiliation. Ji Siqing had been secretly protecting her.

This time, she stepped into the realm of Daoyuan and had the ability to kill the emperor!

Nature should be protected and discipline should be clear!

Ji Siqing looked at Ye Chen's departure and said angrily, "it's hard to walk so fast. I'm afraid I'll drag him down?"

"Miss Ji, the head of the hall should think that although there are many people in the Huang family, their strength is not strong." Ye Lingtian said: "so, the hall master wants to go alone, and told me before, let Miss Ji shut up more, stabilize the realm!"

He said in his heart: the Lord really loves Miss Ji!

Such a powerful emperor will not take it.

Instead, let Miss Ji practice in seclusion by herself!

The Lord of the temple is facing it alone. Will it really be ok?

.....

Now, in Dingjun mountain!

Huang zhantian, who led the eight levels of three Daoyuan realms, thirteen Daoyuan realms, 567 floors, and more than a dozen Huang family geniuses from the virtual King realm, gathered in the conference hall! There are dozens of Huang family talents. Such a line-up is more powerful than all the talents in the blood spirit secret place of Han family.

As for the broken sky Valley Huang wugun led some other people, the lineup is also so huge.

Just looking at the number of talented people in daoyuanjing, the Huang family alone is comparable to the Han family, the Mo family and the Ning family, as well as the synthesis of several other sects. In the secret place of blood spirit, talents from dozens of sects and families enter the trial together.

But there is no doubt that the strongest is the Huang family.

One family is strong enough to resist four or five families. Now all of them have to retreat here, because ye killed heaven alone!

"Damn ye Shitian!"

"He killed six adults of the blood spirit clan. He ordered him to go to the Han family and set out to kill us!"

Huang Junqi, a genius of the yellow family on the seventh floor of Daoyuan Kingdom, slapped the table and angrily cried: "ye Shitian, this bastard, will be the end of it when the adults of Xueling clan come in a year and a half!"

From the top of his head, a stream of blood spilled from his body.

He seemed to be demonized, and his voice was deep and frightening. "Sooner or later, I'm going to cramp ye Shitian."

"Enough!"

Huang zhantian angrily drank, his eyes shot two luster, turned into two sharp swords, and flew Huang Junqi for tens of meters. "It's too noisy to be bothered. If you want to live, shut up, or I'll be killed by you now!" "Yes Huang Junqi was more than two meters tall, kneeling on the ground.

Huang Zhan's eyes swept over more than a dozen people in front of him and said calmly: "at first, Ye's cultivation of killing heaven was only in the realm of Xu Wang. I heard that he has now broken through the realm of Daoyuan. It has never existed in ancient times, and there is no way that the virtual King's realm can defeat the emperor's respect realm! "

"Not to mention the virtual King's territory killing the emperor Zun territory!"

"That's just a fable. It's impossible!"

"However, the six elders of Xueling clan have obviously fallen down!" Another Huang Family Road source area eight layers only every day Yellow Sea said: "total impossible, the blood spirit clan six elders, did not die!"

Huang zhantian was silent for a moment and sighed: "the six adults have fallen. I felt the six falling breath. At that time, it spread all over the secret place of blood spirit, but it could not be ye shitiandong's hand

"There is no doubt that the blood spirit secret place has the ability to kill the six elders!"

"It's Han Yun! It must be Han Yun's hand! "

"Han Yun is a mad dog. His condition has been unstable for thousands of years!"

"The mad dog must have gone mad, so he killed the six elders of the blood spirit clan!" Huang Zhan's eyes were deep, and he said, "well, it's OK. There's only one and a half years left. Then Han Yun, this mad dog, will die."

With a smile of evil spirit, he said: "I've heard that when the elder of Xueling clan tortured Han Yun, he suffered from skin cramps. The scene was very spectacular! This time, we will also see that ye Shitian, a little animal, and Han Yun, an old mad dog, are skinned and cramped by the elders of the blood spirit clan! "

"Skin cramps?"

"Who's skinning whom?"

A cold voice came out, which shocked all the Huang family's talents!

A great light came flying from the outside, and it was Ye Jingtian.

Ye Chen's black hair flutters, heroic and majestic. He breathes and breathes the charm. He steps on the three mysterious array of magic Qi. He rises from the sky and earth on his head. The light of reincarnation lingers in front of him. On the left stands a giant animal with red and blue pupils!

Chapter 1047

Ye Chen and Xiao Huang are so powerful that they look as if they are demons.

Ye Chen waved Jiuyou sky killing gun: "since you are traitors, I will give you a ride!"

For a moment, he stabbed out a gun. The gun body of Jiuyou sky killing gun shakes violently. A magic spirit of the world is rushing out. The gun tip shoots out hundreds of gun Gang, each of which is not true. Because the shaking frequency is too fast, the whole room is torn apart!

"Li Zi, dare you

"Ye Shitian, you want to die!"

"Ye Shitian! You really think our Huang family is afraid of you! "

At that moment, dozens of Huang family geniuses presented their weapons, one after another gun Gang, one sword spirit, one knife Gang roared out, the stars were bright, red, blue, white, just like, terrible murderous spirit shattered the whole hall, countless pieces of stone flying out!

Dozens of virtual Wang Jing Huang family genius! How many Huang family talents in Daoyuan! Qi Qi hands, such momentum, even if it is enough to exterminate a small family of Kunlun Xu!

At present, he is dealing with ye Shitian!

Moreover, ye Shitian is only the source of Tao!

Hoo Hoo Hoo!!!

Hoo Hoo Hoo!!

A hundred gun Gang cut through the air wave of Ye Chen's whole body, smashed down the gun Gang, sword Qi successively, and made a group of bright crystals.

Every gun Gang, as if it were the sickle of death, came to every genius of Huang family with the Qi of death.

At the front, the Huang family geniuses of the two virtual kings were bombarded by three gun gang. They tried their best to make a fist, and their whole body was full of blood and Qi. They were like a majestic master. They were extraordinary in spirit, as if two meteors had fallen.

Boom!!

Boom!

Gun Gang smashed the male, straight through their chest, with a large amount of flesh and blood scattered on the ground.

The two Xu Wang Jing Huang family geniuses, have not yet responded, the spirit has been broken by gun Gang, the body quickly burst open, flesh and blood mixed with bones flying all over the sky!

Xu Wang, the genius of nine layers of heaven!

In front of gun Gang, vulnerable to a blow, this is only a small part of the power of Ye Shitian's random attack!

"Ye Shitian!"

"Ye Shitian, if you kill my cousin, you will die!"

"Ye Shitian!"

"Ye Shitian, you brute..."

More than a dozen virtual Wang Jing Huang family genius rushed up!

Thirty six gun gang were aimed at them. There was an indestructible artistic conception on the gun gang. It was simple and grand. Out of thin air, there were 36 gun Gang, 72 gun Gang, which ran through 12 of them in an instant!

BAM, BAM, bam!!!

Bang bang bang!!

In an instant, the gun gang was like the tide of the sea, and only heard bursts of burst sound. The body shape of the Huang family of the twelve virtual kings trembled, and three blood holes appeared on each of them, and their spirits were all wiped out! Into a blood mist!

Next moment, all down!

So far, ye Shitian stabbed a gun at random. Among the hundred gun Gang, 39 gun Gang directly killed more than a dozen virtual King level talents of the Huang family. Only a few of the remaining Huang family talents were also hit by 20 gun Gang!

With bursts of burst sound out!

The remaining king of the yellow family genius, collective fall!

So far, dozens of virtual King Huang family genius, all dead!

Ye Chen's body glows with bursts of evil Qi and divine thunder. His eyes are red and he is extremely crazy about blood!

He can even feel the blood dragon in the body to absorb everything madly!

What ye Chen killed was Xu Wang Jing!

The genius of this realm can be regarded as a unique genius in the outside world. Unexpectedly, ye killed the sky here like killing a chicken and killing a dog, killing dozens of people. Even among the hundreds of casual practitioners captured by Huang Ming before, there are not so many virtual King level talents!

"Ah

"Ah, ye Shitian, you bastard

"My brothers, my brothers, ye Shitian, you bastard, must die!"

Three Huang family geniuses from the third and fourth floors of Daoyuan realm killed them.

Each of them held a knife, a sword, or a bronze tripod. All the weapons were covered with silk and silk road. Behind them, there was a prime minister named Dao. The Dao, kendo, and Ding road were tens of meters long. They were killed by Ye Chen.

Three roads, like three crazy waves, contain infinite killing power!

Ordinary virtual King state genius and face, simply can't mention the war intention!

Bang bang!!!

In the middle of the air, forty-one guns are all out!

The three paths directly pierce through the waist and cut them into several sections. At the same time, it penetrates the lives of Huang family geniuses in the three Daoyuan realms!

Since then, ye Chen stabbed hundreds of spears at random, killing dozens of Huang family talents in the virtual King state and three Huang family talents in Daoyuan territory. The whole process was just a few seconds. Huang zhantian, Huang Junqi, Huang Hai and other high-level talents of the Huang family had not found out what was going on. More than half of them had been killed in the battle! They know ye's terror!

But I didn't know it was so terrible!

Huang family genius gathered in Dingjun mountain to discuss the matter in the blood spirit secret place later! However, not yet negotiated out, there have been dozens of talented people fall in the hands of Ye Chen who suddenly killed.

Huang zhantian and the Yellow Sea all retreated in time. Standing aside and watching the battle, we can see clearly ye Shitian's real strength in action!

In the distance, Huang Junqi, with another cousin of the eight story heaven of Daoyuan, also plans to do so!

On the contrary, the remaining ten Huang family geniuses from Daoyuan state all went to the Daoyuan realm for cultivation on the fifth and sixth levels. They had strong fighting power and could fight with Ye Chen for several rounds!

The five and six layers of Daoyuan realm belong to the middle stage of Daoyuan realm!

Compared with the level one, two and three in the early stage of Daoyuan, the strength has a qualitative change. Therefore, ye Chen didn't kill him directly. Instead, he could fight ye Chen with one or two moves.

In the distance, the Yellow Sea looked at the brilliant battlefield, and his heart leaped straight. It was like petrified. He murmured, "what kind of monster is this ye Shitian? It's too powerful!"

One face-to-face, we killed dozens of people!

However, if you look closely, you can see that ye Shitian's strength is equivalent to the emperor's realm, but he has never reached the level of killing the six elders of Xueling clan!

Perhaps, as Huang zhantian said, the six elders of Xueling clan were killed by Han Yun!

Bang!!

At the moment, ye Chen's blood dragon surrounds the whole body, and the evil Qi is like a cloak!

Kill the red eye completely!

Blood seems to make him more and more in control of the source of Tao!

Ye Chen blows out with one fist, which is as terrible as a tsunami. It sweeps out layers of blood waves, one layer is strong and the other is layer by layer. It destroys the whole building to the ground. What's more, he directly smashes the yellow family's son, who is in front of the five layers of Daoyuan Kingdom, into the sky of blood mist!

Boom!!

"Cut the dragon and ask the sky sword, come on!"

Ye Chen sacrificed with one sword, and then killed a Huang family genius with five layers of Daoyuan kingdom by killing thousands of sword Qi from all directions!

Chapter 1048

Outside, the so-called Huang family genius!

Here only by Ye Chen massacre share, fight back is extremely reluctant!

The remaining six Wong family geniuses blinked their eyes. They were not rivals at all. They immediately scattered in all directions, but they did not escape!

"Want to run?"

"Did I let you go?"

"Did you ever think about today when you betrayed Kunlun Xu and killed Kunlun Xu sanxiu?"

Ye Chen sets up the sword to cut the dragon and asks the sky. The sword body releases a terrible pressure. Then, a array of flags are erected in all directions, and a sword array is formed, covering all the Huang family's talents in the sword array!

You should know that ye Chen is not good at lightsaber and spear. His control of the array is stronger with the improvement of his realm!

In his left hand, he held the sword of chopping the dragon to ask heaven, and his right hand held the Jiuyou sky killing gun. His whole body was covered with evil Qi, just like a demon God who destroyed heaven and earth!

His eyes swept over the remaining ten people and said, "you'd better fight together, or you won't even have a chance to live!"

"Because you are so weak!"

"So weak that I can basically kill one of you, or even two or three of you!"

"Ye Shitian, you are too arrogant Huang Junqi couldn't help it. He rushed out with a sword. He was more than two meters tall. He was thin, just like a thin bamboo pole. "If you kill some guys in the virtual Kingdom, you dare to be so arrogant. Let me defeat you!"

"Let's see what the real Kunlun xuhuang family is!"

Huang Junqi splits his sword with all his strength. The sword is like the eight heavy waves. Attack it separately!

He jumped out of the body like thunder and lightning, extremely fast, in the blink of an eye faster than the wave sword Qi, first step to Ye Chen, want to crush Ye Chen, and then use the eight waves to kill ye Shitian!

"Click!"

Ye Chen's hands are behind him, and the corners of his mouth are indifferent.

I don't seem to care at all!

Until the opponent's fist is about to fall, ye Chen suddenly moves!

A flat light blow out, two forces suddenly collide!

This blow, however, directly interrupted Huang Junqi's fist, and then his whole body was shocked with blood, and his sword intention bloomed out. It directly swallowed up the sword spirit of the eight heavy waves and killed other Huang family talents!

Huang Junqi's whole body flies out!

His eyes are wide open! He completely felt the power of Ye Chen!

Terrible!

It's like facing a mountain that can never be crossed!

How can a young man in his twenties have such power!

He finally understood all kinds of terrible legends of Ye Shitian spreading in Kunlun Xu!

Originally he despised this, but now it seems that the fact is far more terrible than the legend!

Huang Junqi looked at Ye Chen and quickly came. Her eyes were frightened and said in a loud voice: "no Don't kill me

"Don't kill you? I'm sorry, ye Shitian doesn't agree! "

Ye Chen a roar! Mention a sword, the sword light flash out ten thousand gods thunder, the sky dark cloud transforms, terror to the extreme!

The fierce sword Qi cut off Huang Junqi's left arm without warning!

He turned around and put his leg on Huang Junqi's chest, and WAN Jun's giant force came out of his chest, which made Huang Junqi have a hole in his chest.

"Die!"

Ye Chen blows out a fist again, stirring up a storm and thunder. Huang Junqi's body is burst. Countless flesh and blood mixed bones are flying all over the sky. The spirit and soul are broken, and they can't live beyond life forever!

Huang Junqi, a genius of the Huang family in the eight layers of the Taoist realm!

Before ye Shitian, he didn't insist on it three times, and he died on the spot!

"Hoo

"Hoo

In this scene, Huang zhantian and others retreated hundreds of meters, and their breath became dignified.

Huang Hai was even more frightened and knelt down on his knees directly. He said in a trembling voice, "master ye, I am willing to surrender. I can help you to deal with the dog scum of zhanxueling clan. I hope you will kill me!"

Ye Chen looked down at the Yellow Sea and stepped out: "I won't leave any threat at my side! As for your life, if you can resist my blow, I will not do it again! "

Huang Hai was stunned, and his face was full of ecstasy!

No matter what, he will resist that blow!

However, his smile soon stiffened!

Because he felt a mountain of pressure surging!

Boom!!

A round of boundless strength roars out, running through the chest and back of the Yellow Sea!

Ye Chen presents a round of sword Qi, which is consistent with the meaning of the sword. Suddenly, the light of the sword is like thunder, and it is piled up again and again. It turns the Yellow Sea into a blood mist. In a blink of an eye, another genius of the Huang family in the eight layers of heaven of Daoyuan state falls on the spot!

So far, the genius of Huang family here!

There are only eight people left!

All Huang family geniuses, including Huang zhantian, have only one idea, run!

The eight people fled to the edge of the array. Under the fierce attack, they found that they could not break the sword array. Even as soon as they got close to the sword array, they killed three Huang family geniuses in Daoyuan's five level realm!"What's going on?"

"Why is the sword array so strong?"

"The fifth level of Daoyuan state has no resistance to this kind of array. Even the Ninth level of Daoyuan state can't be broken!"

"Ye Shitian's strength is terrible enough. How can the array be so accomplished! Is there really a genius in this world? "

Huang zhantian was completely confused at the moment. There was a sword array in front of him. Then he killed the God ye and asked for his life!

He looked at ye Shitian and quickly called out, "master ye, I am willing to surrender!"

"Master ye, I'm willing to surrender too!"

"Master ye, I am willing to surrender, please let me go!"

"Master, you are a big man who is going to kill the blood spirit family. You must be a pawn. We can be a cow and a horse for you. You can take our lives around us!"

The other five also cried and cried for mercy!

These five people, three of them are seven levels of Daoyuan realm, and two of them are eight levels of Daoyuan realm. If they are in other places, they are definitely first-class and first-class masters!

Ye Chen naturally did not intend to leave these people, he just wanted to start, but the reincarnation cemetery sounded the voice of moning.

"Tomb owner, these people can stay for a while!"

Ye Chen a Zheng, quickly communicate with the reincarnation cemetery, curious: "Mo Ning, do you have a way to subdue them?"

After all, the realm of these people is higher than themselves, and it is impossible to control them with that kind of technique!

Chapter 1049

"Tomb owner, I have a solution for the time being!"

"It's a kind of slave contract, you can set them down, their life and death are in your control, even you can erase their thoughts and turn them into weapons!" Monin said suddenly.

"How did the slave contract come into being?" Ye Chen just needs this disposable human weapon!

Since the five members of the Huang family, let's turn them into human weapons!

Mo Ning drew an ancient pattern with the palm of his hand and transmitted it to Ye Chen, saying: "tomb owner, I have already sent out the method to you. We need the blood essence of both sides as the medium to form the slave contract! This is not Kunlun Xu's technique. It comes from that place, but it has the same effect. The biggest advantage is that it can cross some gaps in the realm! "

"And because it is a slave contract, the owner of the tomb can erase their lives or thoughts at will."

"But after obliteration, the host will not have any problems! The only thing that can't be used to respect the emperor is to respect the emperor's spirit. "

"Good! I need it right now. " Ye Chen glanced at the five people in front of him and said, "it's not impossible to accept your surrender."

His left hand showed an antique pattern with a drop of blood essence on it. He said faintly, "but if you want to sign a slave contract, your life and death will be controlled by me. When you have made contributions to me to a certain extent, I can consider letting you go. Do you accept it?"

"Slave contract?"

They looked at each other with gray eyes.

They know they have no choice at all!

Either slave or die at once!

As a slave, at least there is the possibility of life!

Once the support to a year and a half later, the strong blood spirit clan come, they will have a chance!

Finally, a genius of the Huang family closed his eyes in despair. His face was pale. He knelt down and cried, "I, Huang Sanyao, are willing to serve master ye, serve him all his life, be loyal forever and never betray him."

"If the master is pleased, let me go."

"If the master doesn't like it, he can kill me at will."

Huang Sanyao said this sentence, suddenly opened his eyes, a drop of blood essence floating out of the eyebrow.

"Good!" A drop of blood essence spilled from ye Chen's palm, and the two enemies' blood essence collided. Then, a dazzling light lit up and flew to Huang Sanyao's eyebrows. A mysterious force bound Huang Sanyao's soul!

As long as ye Chen doesn't like it, you can kill Huang Sanyao anytime and anywhere!

Even if Huang Sanyao breaks through the realm of emperor's respect, he can't untie the slave contract. Unless ye Chen takes the initiative to terminate this contract, he will be bound to the soul of Huang Sanyao forever. Even if he enters into reincarnation, it will not be released!

Huang Sanyao felt a sharp pain in his mind. He knew that the contract was established!

He got up and bowed to Ye Chen and said, "slave Huang Sanyao, see your master!"

As soon as this situation happened, the other four people all looked at Ye Chen and Huang Sanyao and fell into the tangle of pain!

If you don't sign the slave contract and hand over the right of life and death to Ye Chen, you will die?

Revolt?

Just now, dozens of them joined hands, and in the blink of an eye, we were killed. Now it's more of a fight than a death.

Soon, another one of them came out and gazed at Ye Chen, who was haunted with evil Qi, treaded on the five elements of true Qi, and the light of reincarnation was flowing behind him. He almost saw a demon God, and his defense line collapsed completely. He yelled, "I, Huang Xuejun, are willing to serve master ye, serve you all my life, serve you all your life, and attack master Ye. I will always be loyal and never betray."

In the blink of an eye, commander Huang Xue breathes a breath and pays a blood essence in the center of his eyebrow, which is fused with Ye Chen's essence and blood.

A stabbing pain, like a long needle into the brain in general, the pain is very much, but it soon passed.

Huang Xuejun slowly stood up, standing together with Huang Sanyao, with no expression. He had been erased by Ye Chen, and became two human shaped weapons with seven levels in the source of Taoism. At this moment, they only knew how to attack, but did not know how to hurt or retreat!

As long as ye Chen orders a place, even if let them explode to death, they will not have more than half a minute!

Ye Chen holds the Jiuyou sky killing gun, and the evil spirit is rolling. As soon as you step on it, the ground is centered on the sole of the foot, and it spreads and breaks!

Dust rolling!

Ye Chen looked at the other three people and said, "are you dead or down?"

"I, Huang Tian, would like to serve master Ye as the Lord and serve you all my life..."

"I, Huang Di, would like to serve master Ye as the master and serve you all my life."

"I, Huang Yuchen, would like to serve master Ye as the master and have never been enslaved all my life..."

At the same time, the three Huang family disciples knelt down at the same time, expressing their willingness to surrender and signing the slave contract.

Soon, the blood essence condensed, the mind flashed tingling, the slave contract formed, their consciousness and thinking were completely wiped out by Ye Chen! Five Huang family geniuses and five seven level talents of Daoyuan realm have now become five human shaped weapons, which is definitely a sharp weapon for ye Chen's eyes.

Ye Chen thought of what, suddenly shot at Huang zhantian, who had been standing all the time, and said with a smile, "how do you want to die?"

Poop!!

Huang zhantian didn't say a word, just knelt down and left!

he slapped himself wildly, slapping his face and shouting: "I'm not a man, I'm an asshole. I dare to fight with master Ye. I'm a bear heart leopard. I'm an asshole. Please take me as a slave!"

Huang zhantian knelt on the ground, crawled over step by step, and wiped Ye Chen's shoes with his robe. "Master ye, let me be your slave. As long as I live, I can do anything!"

It's better to be a slave than to die!

Ye Chen kicks Huang zhantian away at will. His eyes are full of blood, and he wanted to kill him. However, Mo Ning in the reincarnation cemetery lets him leave Huang zhantian for the time being!

After all, Huang zhantian's strength can not be underestimated!

"Go away, I'll take you for the time being!" Ye Chen Dao!

"Thank you, master!"

Huang zhantian even kowtowed and begged for mercy, and hastened to force out a drop of blood essence, shouting: "I Huang zhantian, I am willing to serve master Ye as the master, have no slave for life, serve the left and right, and be driven by master Ye. I will always be loyal and never betray."

Bang!!

The essence of Huang zhantian and ye Chen are fused together.

The contract was soon completed. Ye Chen didn't rush to wipe out Huang zhantian's thinking. Instead, he asked, "what's the situation there?"

"Over there is the animal led by the Yellow five gun!"

"Master, the strength over there is weaker than ours. We can kill those bastards directly and take them all as slaves!" Huang zhantian showed a cruel look in his eyes and said: "with our strength, we can annihilate them all!"

Chapter 1050

"Master, I can help you with the five of them to hold down the Yellow five guns, as well as the three people on the eighth floor of Daoyuan realm!"

"In this way, after the master has solved the others, he can come and take over the four of them!"

Hearing this, ye Chen thought for a while and asked, "how many people are there, how many people are there in each realm?"

Huang zhantian explained: "the Yellow five Spears on the ninth floor of Daoyuan territory once competed with me for the position of the little family master. He was defeated by me. He was weaker than me. He should not be able to block the master's shot!"

"There are three people in the eight layer sky, five people in the seven layer sky, and ten people in total from six to one layer of heaven in the Daoyuan area!"

"The other twenty-one people are all virtual kings!"

"Master, there is no need to stay in the virtual Kingdom, just kill all of them!"

Ye Chen listens to Huang zhantian's account of the situation there.

Gradually, ye Chen didn't seem to want to erase Huang zhantian's thinking. After all, Huang zhantian was not weak in the Huang family. After going out of the blood spirit secret place, he still played a very important role. He also made a slave contract. If there was any betrayal, he would be burned by the fire and the spirit would die instantly. Therefore, there was no need to be afraid of Huang zhantian's betrayal!

"Good, take all the people from the Huang family in Daoyuan County!" Ye Chen with Huang zhantian and other six people, straight to break the sky Valley and go!

In the broken sky Valley, dozens of Huang family talents gather together. At the same time, there are also true disciples of linghaizong and luanlianmen. There are 78 or 80 people in total!

The eldest disciple of Linghai Zong, Wanyan broke the army and sat on the expensive dragon chair. He was full of the breath of nine layers of the source land, which was very terrifying.

On the contrary, with his twelve younger brothers and sisters, only three of them are Daoyuan realm, and the rest are Xuwang realm.

Thirteen of them are all the fighting power of linghaizong in the blood spirit secret realm at present. Of course, ye Chen has killed more than ten disciples of the virtual King realm in the Han family. It can be seen from here that the strength of linghaizong is far less than that of the Huang family.

On the other side, Zhan Ling, a disciple of luanjianmen, is also the ninth floor of Daoyuan realm!

There are at most thirty-five disciples in luanluimen, but there are only eight of them. The rest are Xuwang. The total number of disciples of the two schools is only one third of that of the Huang family.

Looking down at Huang wugun, Zhan Ling looks cold and has Taoist aura all over his body, just like a god man.

He stomped his spear and said, "yellow five, you don't think you're right? We are called here to resist ye Shitian? What spray can he turn alone

"You said that the six members of the blood spirit clan were killed by Ye Shitian!"

"Although I feel the falling Qi of the six emperors of Xueling family, it can't have been killed by Ye Shitian! When ye Jingtian came in, he was just a small virtual king. It was a miracle that you could fight against the sky with your yellow five guns! "

"You want to kill the six emperors? Among them, there is a strong man in the later period of emperor Zun state. Are you kidding? "

Hearing this, Huang wugun's eyebrows flow with a cold light. His eyes are like a cold sword, and his body is full of cold fog. Behind him is a road of ice sword, which is tens of meters long. It is his unique "Dao" which has been perfect!

The source of Tao is nine layers of heaven. The "Tao" is perfect and can be gradually transformed into the realm of emperor's respect!

The first level of emperor's respect is much stronger than the Ninth level of Daoyuan realm!

After stepping into the realm of emperor's respect, each layer of heaven is really a layer of heaven, with a great difference. This is the reason why Zhan Ling did not believe that ye Shitian killed the high-level emperor in Xuwang kingdom!

No one can believe it!

There is a big difference between the nine layers of heaven and the realm of emperor's respect, even comparable to the distance between heaven and heaven!

All of a sudden!

A light, flying into the broken sky Valley, into the Yellow five thousand waist jade pendant!

At the next moment, the jade pendant is quite dull, and its luster is not less than one third of that of the past!

Huang Wu gun picked up the jade pendant and looked at it. His face turned pale in an instant. He stepped back two steps and exclaimed, "no way! It's impossible at all

"What's going on?" Wanyan broke the army, his face changed. He went forward to hold Huang Wu gun and asked, "what's the matter?"

"Dead!" Huang wugun's eyes were blurred and he said: "the man of Dingjun mountain is dead! After so many deaths, ye Shitian must have broken Dingjun mountain, but how could it be! Isn't Huang zhantian guarding Dingjun mountain? "

"How could so much stillness come back to me?"

"So many dead spirits, at least dozens of them, how can they be broken? Even if the Han family, the Mo family and the Ning family work together, they can't break Dingjun mountain! "

Huang family genius, everyone has a life and death jade pendant.

Once a person falls, the jade pendant will also be broken, and the dead breath will be sent to the strongest members of the younger generation in the family. The intention is to revenge those Huang family talents who died in the war. However, dozens of dead breath are received all at once!

Can't help but be scared Huang 5000, look high, pale face!

Hearing these words, several people from the eighth and seventh layers of the Huangjia's Daoyuan state all looked startled. When they looked out of the Shatian Valley, several great lights came and they couldn't help but pick up their weapons!The three forces present!

There are 40 members of the Huang family, 13 members of the linghaizong family, and 35 people of the random gun gate, a total of 88 people.

Among them, three leading talents in the Ninth level of Daoyuan state, five of them in the eighth level and seven in the seventh level of Daoyuan state are sitting in the seat, and they are still looking at the great light coming from the sky as if they were facing a big enemy!

"It's the little master who broke the heaven!"

"The little Lord is coming!"

"No, how can there be another person around you?"

"That guy is wearing a mask! It's ye Shitian! Ye Jingtian has come

The eyes of Zheng live see innumerable leaf mask completely!

Linghaizong and luanjianmen, not to mention, are in a mess, holding weapons one after another. The sound of golden daggers resounds from all walks of life and emerges one by one. The strong blood is rolling constantly, just like a master, but like a stupid dog without wisdom!

But at the moment Ye Chen Mou son is tiny MI, the corner of the mouth is enough a smile.

Killing so many people, he has already felt the blood dragon in his body!

If you kill these people again, I'm afraid the blood dragon in your body will surprise you!
