

## Physician 1071

### Chapter 1071

The rest of them, Ruohan, and the talented disciples of the other three families, Wang Fang, Gu Lu and Liu Yue, were still in the 16th and 7th order. As for the other Dan practitioners, they were able to reach the 10th level. It is hard to imagine Ye Chen's ascent so fast.

"Why

"How do you feel a little crispy and numb?"

Ye Chen ascended the 32nd step and looked around, "why does this cloud make me feel crispy and numb? Forget it

He was shocked all over his body, and his strong blood gas turned into blood mist, which directly dispelled the clouds. He stepped up to the 33rd step!

Another step, directly boarded the 100 meter arena!

"Up there

"It's so fast, so fast to get on the challenge arena. How could this happen?"

"It's too fast..."

If Han, Luo Fang, Cui Yue and others look at Ye Chen in surprise!

They gaze at Ye Chen's figure, and then look back at themselves. They have not yet reached the 25th step.

"He can do it, but I can't do it?"

Cui Yue did not care if she walked forward quickly. There were more and more clouds all over her body. She felt gnawed by ants and turned into a burning fire!

He took a few quick steps to step thirty-one!

"Ah..."

Cui Yue screamed, feeling that there were countless wild animals gnawing at him, and his face was twisted with pain,

bang!!!

The powerful force of clouds, like a sledgehammer, bombards Cui Yue.

Cui Yue gushed a mouthful of blood, and rolled down directly, falling 30 steps and 29 steps Straight stay in the position of the twentieth step, the whole body burning and gnawing feeling, just reduced some!

"Hum, if you don't have enough strength, you'd better go up slowly, but you still want to rush forward forcibly?"

"If you don't die, you have to be seriously injured." Ling Yi Dan Zun didn't look at Cui Yue who was rolling down. Instead, he met Ye Chen with a smile on his face and said in a low voice, "you are indeed here. With your talent, you can suppress the whole audience!"

Ling Yi Dan Zun gently patted Ye Chen on the shoulder and said, "that many ancient hundred miraculous elixirs are for you!"

"I hope you can catch up with your senior brother ye Shitian as soon as possible!"

"Good." Ye Chen nodded and went to the center of the challenge arena. His eyes swept over the other four danzuns and five families. The corners of his lips began to smile. Finally, his eyes fell on Cui yuan, the head of the Cui family. He said faintly, "I don't know, how is the funeral going recently?"

"If the coffins are not enough, I can give you some coffins for free."

Arrogant!!

In public, directly challenge Cui yuan, the leader of Cui family!

All around us, all the masters and danzuns looked at Ye Chen with a kind of appreciative eyes. Luo Wuyuan said in his heart that he was worthy of Ye Shitian's younger martial brother. This courage is OK!

I thought he was just a low-level practitioner, but I didn't expect that his spirit was so strong!

Bang!!

Cui yuan clapped his hands on the armrest of the table and chair, staring at Ye Chen with gnashing teeth. He was so angry that he trembled all over. Then he pointed at Ye Chen and said, "little bastard, don't be wild. If it wasn't for the Dandao meeting today, I'd tear you up!"

"Yes?"

"I'm looking forward to tearing up your Cui family!"

Ye Chen didn't care about Cui yuan's danger. He immediately took out several coffins and put them on the arena. He said, "Cui yuan, you don't have to be angry. I've prepared your coffin for you. It's made of the lowest grade rotten wood. It's suitable for you!"

"You

"Ye Chen, don't go too far!"

Cui Yuanzhi stood up. Under his shadowy eyes, his whole body was ablaze with flames. He immediately clasped his fist at Xingtian danzun and said, "Dan Zun, I ask to fight ye Chen. This son insults me, and I have to do it!"

Ye Chen, you deceive people too much!

How arrogant!

If I don't suppress you, I will be the head of the family in vain!

Xing Tian Dan Zun gets up, he has noticed Ye Chen for a long time. He didn't kill him last time.

But I didn't expect that this boy would dare to come to danxu town.

In this case, he would like to see what kind of confidence Ye Chen has!

Xingtian danzun waved away 30 pieces of Dan Ding and put them into his robe. His whole body was burning with a flame of ghosts. A stream of fire was formed in the palm of his hand. A ray of fire flew out, which was as sharp as a Heavenly Sword. He split the arena into two parts: "before Dan Bi, deal with personal gratitude and resentment!

I allow you to fight! The challenge arena can be lent to you temporarily! "

He looked at Ye Chen and snorted coldly. He said in his heart: ye Chen, ye Chen, you little scum, think you are ye Shitian?

With the strength of your virtual Kingdom, Cui yuan is enough to kill you!

What's more, if you take the initiative to challenge Cui yuan, you're looking for death!

The key is that so many Dan zuns are here. It is impossible for Lingyi danzun to protect Ye Chen in full view of the public!

Thank you very much

Cui yuan's lips and corners spread a vicious smile, and his fingers and palms flashed with thunder light. Countless pieces of ice thunder gathered into a cold ice spear. Under the cold light, ice dragons emerged, and the terrible intention of killing Ye Chen rushed away! He held the ice spear and said with a smile, "little bastard, today is your death day. Leave these coffins for your own use! I'm going to sacrifice my dead child with your blood

"Wait!" Lingyi danzun rushed to Cui yuan's body. His palm and fingertips flashed green light and turned into a group of green clouds tearing through the mountain and the ground. He drove Cui yuan away with dignity. "I'm the chief judge. Without my permission, who dares to do it on the spot?"

"Lingyi!"

Xing Tian Dan Zun suddenly stood up and pointed to Ye Chen and said, "this little scum is looking for trouble by himself. What are you blocking! You should have seen the situation just now! Do you really think that you are in charge of this competition? "

He took a long breath, glared at lingyidan Zun and said, "this time, you'd better not meddle in your business!"

"Business --" lingyidan Zun just wanted to say something, ye Chen stood up and arched his hands and said:

"master, I can understand your kindness, but I should finish this matter from me!"

"Lingyi danzun, since Cui yuan is looking for death, I have prepared a coffin. Please allow me to send him in personally!"

"This..." Ling Yi Dan Zun looked at Ye Chen and said, "I'm afraid your cultivation is not his opponent! After the last incident, Cui yuan closed down for many days and prepared a lot of cards. If you really want to do it, you may be defeated! "

"Don't worry, this old man is not my opponent!" Before the meeting, I would like to see you die

The seven layers of heaven in Daoyuan?

The head of the family?

What's the matter!

At this level, ye Chen doesn't care.

"Good!"

Lingyi danzun chose to believe in Ye Chen, so he faced the masses and the young alchemists who had climbed up and said, "now, Cui yuan, the leader of the Cui family, challenges Ye Chen. I have already allowed him. They will hold a contest on the challenge arena! The others will wait at the edge of the arena first! "

Chapter 1072

As soon as his voice fell, he palmed his hands into palms and drew a strong wind across it, which covered the huge arena to ensure that the aftermath of the battle did not involve other places.

Cui yuan grasped the ice spear with one hand, clenched his fist with the other, and burned the flames. Then he covered his whole body with the intention of killing, and a strong Qi was vented, just like a black dragon emerging!

His fists are flying in front of the white tiger!

Ye Chen, you little bastard!

Your senior brother ye Shitian killed so many people in my Cui family!

Today, I will kill you first, ask for some interest, and then I will kill your senior brother ye Shitian!

Ye Chen's eyes burst with cold electricity. He lifted his hand to destroy the withered and decaying ice, smashed the black dragon and white tiger, and the aftershocks burst out. His fists were strong enough to take Cui yuan!

Bang!!

A loud noise!

Ye Chen's fist strength smashed the ice spear, and countless ice blue fragments spread out. The powerful fist force fell on Cui yuan!

Poof!

In mid air, Cui Yuan Meng gushed a mouthful of blood, many internal bone fracture, looking at Ye Chen in horror!

He covered his chest with his left hand, and his right hand condensed a long white gold sword. The strong sword spirit crisscrossed out, "I don't believe that you can become the second ye Shitian!"

It's a shame that ye killed many people in Cui's family!

You ye Chen still want to insult my Cui family. It's impossible!

"Cui yuan!"

"As I said, you will use the coffin prepared for you!"

Ye Chen stepped out with one foot, and a powerful momentum broke out. He rushed up nine days and shook down. He was like a demon king, and his strength was like a vast ocean. He formed a long sword and blocked Cui yuan around!

"Shock Ye Chen, have a light drink!

At the same time, the hundred and ten long swords changed their luster, which broke Cui yuan's platinum sword!

Then, the body of the sword glittered and burst out a golden chain. Ten golden chains crossed each other, pressing Cui Yuansheng, who was shaking all over, on the ground, unable to move!

Master Cui!

It is so face Ye Chen, kneeling on the ground, no resistance!

"My God!"

"When did ye Chen have such a high fighting capacity?" Luo Yao covered her cherry mouth and looked at all this in surprise. "Cui yuan, the leader of Cui family, actually let Ye Chen kneel on the ground!"

"Ye Chen's strength is almost the same as his elder brother ye Shitian."

"That's too strong."

Luoyao's beautiful eyes look forward to the extreme.

She did not expect Ye Chen really dare to come back!

What's more, ye Chen is so powerful!

"Asshole!"

Xingtian Dan Zun saw this, his face was completely black, and he raised his hand and came out with infinite strength!

Suddenly, a big red hand fell down, covering the earth like a red cloud cover, vast and unpredictable, the power of the powerful emperor!

Such a blow!

It's enough to kill the one who is strong in heaven!

Emperor Zun realm, a layer of cultivation is a layer of heaven, Emperor Zun four layers of heaven, Dan Zun personally to kill Ye Chen!

"Ye Chen, be careful!"

Luoyao and Ruohan speak at the same time, the two beautiful women in danxu town remind Ye Chen at the same time!

"A little bit of work!" Ye Chen gives a cold hum, and directly takes out the Jiuyou sky killing gun, stabs out a gun in the air, penetrates everything. The point of the gun is flat and has no front, and there is no blood and power fluctuation. He returns to the nature. When he really touches the red cloud, he makes the Xingtian danzun extremely dignified!

"How dare you

"Xingtian, you dare to do it!"

Lingyi danzun quickly took off, leaped up, and the sword light swayed, just like a green dragon flying into the sky. The green light flashed. The dragon body contained endless Taoist connotations, and rushed out, directly breaking the red clouds!

He held a long sword and glared at Xingtian Dan Zun and said: "if you dare to do it again, today's Dandao meeting will not be held. You and I will fight for life and death!"

"Hum!"

Xing Tian Dan Zun turns back to his seat!

"Xingtian danzun!"

"Dan Zun..."

"Help me Xingtian danzun... "

Cui yuan, kneeling in the arena, made a voice of pleading!

Xingtian Dan Zun snorted coldly, but he didn't pay attention to him. Cui yuan wanted to die himself. He deserved it!

Don't know the details of Ye Chen, Cui yuan dare to do it!

Just now, he felt Ye Chen's fighting power, which was at least as good as that of emperor Zunjing!

Strange as it is, it's not a matter of fact!

"Dan Zun!"

"Dan Zun, Xing Tian Dan Zun..."

Seeing that Xing Tian Dan Zun ignored himself, Cui yuan looked at Ye Chen and exclaimed, "Mr. Ye, please let me live! I beg you to let me live..."

Ye Chen ignores him, opens his fingers and grabs a rotten wooden coffin! He put away the Jiuyou sky killing gun and slapped it with his right hand. The golden light in his palm swept over him like a golden storm and a torrent of water!

Click!!

The vast ocean smashed Cui yuan's bones and meridians. Then the sword array rose from the ground and brought Cui yuan's body to Ye Chen's body!

Ye Chen placed Cui yuan in the rotten wooden coffin with his hand in the center of his eyebrow. With a little force, his blood burst out and his spirit was broken.

At the same time, Lingyi Dan Zun also untied the shield on the challenge arena!

"I said it!"

"If you want to die, I will send you to the coffin in advance to wait!"

Ye Chen closed the lid of the coffin, kicked the coffin to the seat of Cui's family, and said, "your master, apply to Dan Zun to challenge me. I accepted it. Now I'll kill your master and take it back!"

"You

"Ye Chen, you!"

The great Dharma protector of the Cui family and the three elder guests all clenched their fists, but they didn't dare to move!

However, they swept through Xingtian danzun, Lingyi danzun, Baiwu danzun and others, and said, "Ye Chen, we will not fight with you in the Dandao assembly. After the Dandao meeting, do you dare to fight with us in life and death?"

"Life and death war, you old guys, do not want to face ah!"

"With so many of you, you are powerful, and Mr. Ye is the source of his life and death war. You are shameless!" Luo Yao directly stood up to answer for ye Chen, "you old guys want to fight. If you have the ability to lower your accomplishments to Daoyuan, fight with Mr. Ye again!"

At the same time, another fragrance drifted by.

A beautiful girl also stood up to the Cui family and said, "I hope the Cui family doesn't bully people too much. Your master's own strength is not good. We all witnessed that he died."

It was Ruohan, another girl who attended the meeting.

If Han is elegant and elegant, she vomits the Pearl, and she is born with charming bone. Her appearance is almost perfect, and she can't pick out any flaws.

Ye Chen looks back at Ruohan, but she is 18 years old. She is delicate and slender. She is exquisitely carved like an immortal. She looks like a snow skin with frost, bright and cold, like an ice jade body.

Chapter 1073

Early Ye Chen has not noticed Ruohan, he is not too concerned about outsiders.

What he cares most is the matter of the blood spirit clan.

The appointed time is coming, if you don't improve yourself before this, the consequences are bound to be dangerous!

After solving the problem of danxu Town, he began to plan to promote the emperor's dignity.

He and the blood spirit clan strong person has started, knew the blood spirit family strong person's formidable!

The six strong members of the blood spirit secret realm are so terrible, not to mention the existence of the blood spirit clan coming!

Anyway, he couldn't escape it.

Reincarnation of the cemetery can be trapped, he is the only hope of 100 people!

He has no choice!

"Mr. Ye?"

If Han see ye Chen did not respond, gently called a, ye Chen instantly wake up.

Ye Chen's clear eyes fall on Ruohan's body, but this time, it is slightly absent-minded.

because as like as two peas, he was exactly the same as when he saw Xia Luo snow.

"If snow?"

Words just export, but let Ruohan doubt: "Mr. Ye, who is if snow? I'm Ruohan. "

Ye Chen deeply stares at if Han, this just found oneself admit mistake.

It's been nearly a year since he stepped into Kunlun Xu from Huaxia. At the beginning, Xia Ruoxue was not brought into Kunlun Xu by him, and he often thought of it.

Later, the more you face the enemy, the heavier the burden on you, and the less time you have to think about it.

I have a wife in China.

It's still the only legal wife for now.

If you don't go back to take ruoshue to kunlunxu, I'm really sorry for ruoshue.

Moreover, with the arrival of the blood spirit clan, Kunlun is in trouble, and problems will occur in both China and the earth. The strength of the dark hall of Huaxia cannot protect Xia Ruoxue. Only by keeping Xia Ruoxue can he feel at ease.

What's more, I don't know why, when ye Chen thinks of Xia Ruoxue, his eyebrows are full of blood and evil Qi.

It's like something upset happened.

Ye Chen Mou son a congealing, secretly already made up one's mind, wait for Dan Xu tower's matter to end, immediately go to China!

"Mr. Ye?"

If Han calls a few more, ye Chen this just reacts to come over, the corner of the mouth outlines a smile.

"Miss Ruohan, I'm really sorry. I just recognized her as a friend."

Ruohan listened to the flow of beautiful eyes: "so, Ruohan really envies that girl named ruoshue. If you have a chance, please introduce Mr. Ye.

How about this? When the conference is over, Ruohan will invite Mr. Ye to talk together. "

"Ruohan!"

"What are you doing?"

Seeing Ruohan and ye Chen chatting, Luo Yao was in a hurry and immediately jumped to his feet and called out, "Mr. Ye, it's good for you to come to our Luo's house. Well, this is what your elder martial brother ye Shitian told you!"

Ye Chen a Leng, the heart way: I am Ye kill the sky, when can I explain to you, the end of the Dandao meeting, I have to come to your Luo's home?

"Miss Luoyao is really interesting."

"Dandao conference, I will compete with you and expect us to have good results with each other!"

If the meaning of the whisper, beautiful moving!

"All right

"This episode will be suspended, and the Dandao conference will continue!" Lingyi danzun forcibly takes out 30 red tripods from Xingtian danzun's robes and puts them in the arena!

Thirty red tripods!

There are three rows of ten alchemists in each row, several meters apart!

At the same time, Lingyi danzun took out 300 pieces of different medicinal materials and provided them with 30 young alchemists to choose from. "Remember, your time is three hours. The final refining quality determines the level."

"In the case of the same quality, you can determine the level by the number of pills produced in a furnace!"

"In addition, there are 300 pieces of medicinal materials, you can choose your own!"

300 different herbs!

Among them, there are ancient bailing pills, Wuling pills, tianhuangdan, Shuidan, Huodan, etc. each of them has three kinds of medicinal materials, and the other 200 pieces of medicinal materials are more inferior ones to ensure diversity!

Cui Yue rate first took a medicine of Wulingdan!

He looked at Cui Xu and Cui Wan on the side, and his angry eyes fell on Ye Chen.

They Cui family master, just can die in Ye Chen's hand, how can not hate!

Soon, Cui Yue and Cui WAN are arranged in the first row, which is the left and back of Ye Chen!

Ruohan was on the right side of Ye Chen. Luo Fang and more than 20 other young alchemists arranged in order and were all ready. They selected the medicinal materials respectively!

"Now, go!"

As lingyidanzun's voice dropped, the young alchemists quickly took action!

"Three hours!"

"Enough time, I first refine a furnace of enlightenment elixir, and then see ye Chen refining what pills, looking for opportunities to suppress him!"

Cui Yue looks ferocious, evil spirit to see ye Chen, heart way: ye Chen, this is our Cui home!If you can refine a pill completely!

I count you to win!

It is an indisputable fact that you are powerful!

But this time it's about Dan!

Hum!

Cui Yue's hands are full of fire, and the internal flame is released. After the condensation of clouds, the Dan fire is more and more powerful!

He slapped his back hand on the top of the tripod. The fire of the fire flowed into the cauldron. It was ferocious and terrifying. The temperature soared to the extreme. If there was no cultivation in the body, other ordinary people would be burned to death in an instant!

He grabbed two handfuls of herbs, "lingxu grass, Huangyan Lotus!"

"Bingxucao, baiwuhua..."

Cui Yue selected dozens of medicinal materials and added them to the Dan Ding according to the quantity and order!

Then, he put on the lid of the cauldron and jumped on it. His palms and fingertips were full of brilliance. A stream of blood and Qi flowed into the cauldron. Under the influence of the power of blood and Qi, bingxucao, lingxu grass and other medicinal materials were first opened.

Secondly, the white mist flower and the morning grass will bloom.

Multiple strands of liquid medicine are gathered together to receive the baking of Dan fire, and the medicinal properties are gradually integrated.

Cui Yue is still manipulating all kinds of miraculous drugs!

Ruohan hands on the side of the formula, elegant and awe inspiring, just like a fairy on earth. The star light of Taoism unfolds with him, and an invisible force picks up a pearl medicinal material and throws it into the Dan Ding!

"Let me make a furnace of enlightenment pill."

If Han said to himself, his eyebrows twinkled with ice light, and a force of ice projected into the Dan Ding. With the ice blue Dan fire, he began to refine and fuse the medicinal power of various herbs!

With Dan fire as the main body, and then with their own true Qi, or special skills, strength to open herbs, with Dan fire refining.

This is the easiest way!

Twenty young alchemists in the second and third rows also operated in the same way.

However, the ice pill, fire pill, Tianhuang pill and so on, which were first refined by them, were all seven grade pills. The time for the completion of the pills was about one hour. They could first refine a furnace, and then try to refine Wulingdan in the remaining time.

Different from them, ye Chen grabs the Dan Ding and throws it into the air. He immediately releases an invisible force and holds the tripod upside down in mid air!

Chapter 1074

"With my talent and level."

"Directly refining a furnace of ancient elixir, also lazy to refining other pills!"

Ye Chen directly took more than 30 kinds of medicinal materials to refine the ancient bailing pills. The medicinal materials cover the five elements of gold, wood, water, fire, earth, and three kinds of wind, thunder and ice. It's not easy to combine the herbs containing eight kinds of power together!

But he is Lin Qingxuan's disciple!

Holding the existence of reincarnation graveyard, what is the ancient pill to him!

He stretched out his left hand, and the palm of his hand suddenly kindled an immortal fire!

The palm of his hand trembled slightly, and the immortal fire flew into the cauldron. The powerful flame instantly produced aftershocks, which caused the surrounding Dan Ding to shake violently. Ruohan, Cui Yue, ruofang and others were all right, but other alchemists were not so lucky. The liquid that had just melted was directly shaken open and had to be fused again!

"Jinhua Cold ice grass... "

"Shenbing grass, leaves of grass Flaming flowers... "

Ye Chen selects eight pearls containing eight kinds of medicinal materials in turn and throws them into the Dan Ding!

After that, he pinched the formula with one hand, and a lot of brilliance appeared between his fingers, just like a thin thread. A variety of medicinal materials were melted and mixed. His right hand gathered an immortal fire to heat the bottom of the cauldron.

"Ye Chen, do you want to make alchemy

"How could you directly refine ancient pills!! And it seems that this movement may become Dan! We must stop with emotion! "

Cui Xu and Cui Wan speed up the refining of all the liquid medicine, and then seal the Dan Ding directly and approach Ye Chen quietly!

If Cui Xudan's traditional Chinese medicine has just been smashed, it means that Cui Xudan's medicine will be destroyed again!

There are only three materials for one person.

Can withstand several consumption ah!

"Looking for death!" Although Ye Chen is refining alchemy, his spiritual knowledge has been covered for a long time!

Don't mention the people on the stage, even the people under the stage can't escape his inspection!

Seeing that Cui Xu's spear was about to touch the tripod, ye Chen reached out and grasped the empty shadow of the spear. He turned around with a cold look. He took out his right hand and took his palm as a knife!

Bang!!!

Cui Xu's spear was instantly defeated, and then his body was cut in half!

Cui Xu of Xu Wang state is so easily killed by Ye Chen, and wears away the spirit!

"Ah..."

Cui Wan sat down on the ground, shook his head and said, "I just came to have a look. Ye, brother ye, I don't have any idea about it."

"Is it?" Ye Chen snorted coldly, but he knew that in the process of refining alchemy meeting, it was allowed to interfere with other people. As long as he did not take the initiative to kill people, it was not a foul.

Otherwise, if ye Chen gets angry and kills all the opponents, the five Dan Zun will not hold the competition.

"Go away!" Ye Chen angrily drinks a sound, the sound wave penetrates the gold gravel, like the torrent ocean, will Cui finish the attack to fly to retreat!

Cui Wan fell to the ground with blood dripping all over his body. He was directly injured and reluctantly ate a recovery pill. He could only continue refining pills!

Seeing this situation, the other three young alchemists of Cui's family were shocked. They did not dare to have any devious thoughts. They made alchemy honestly!

Soon, an hour passed!

Whoa!!

Hoo Hoo Hoo!!

The hot air from the cauldron, a spirit power.

A Luo family alchemist directly opened the lid of the cauldron and announced the Dan. In the moment, a spirit power was released. When his eyes fell on the tripod, they couldn't help feeling lost!

Dan Ding Zhong!

Three white pills give off spirit power. There are spiritual lines on the pills!

In addition to the ashes, there is no natural effect of the spirit elixir!

Baiwu danzun stepped forward and looked down on the tripod. He said, "top grade Tianhuang pills are three! Do you want to continue the elixir? "

"Lord danzun, I will continue to refine pills!" This young alchemist of Luo family continued to refine alchemy, began to refine ice pill, and strive for more pills in the next time!

Generally speaking, a furnace of pills out of the amount, divided into four grades!

According to a, B, C and D four to distinguish!

One to three pills are produced in one furnace.

Class C, four to six pills are produced in one furnace!

Class B, seven to nine pills in a furnace!

Class A, ten to twelve pills in a furnace!

For ordinary alchemists, there are four to six pills in a furnace. For alchemists of danzun's level, the output of a furnace is about 10!

For example, the young alchemist of the Luo family only produced three pills. It must be that something went wrong in the process of alchemy.

"Top four Tianhuang pills..."

"Five middle grade ice pills..." "Seven pieces of fire pills are inferior..."

The white fog Dan Zun looks in the Dan Ding one by one.

One after another, the young alchemists who began to refine the seven grade elixir came out one after another.

Another hour has passed!

If Han hands gather cold flame, for the last time into Dan!

Later, she took back the cold flame, and her whole body was empty and bright. With a gentle wave of her hand, the lid of the cauldron was turned over, and there was not much spiritual power spilled over.

People's eyes looked at the past. When the ice mist cleared, people could not help but be shocked when they saw the situation in Chu Dan Ding!

In Dan Ding!

There are seven ice colored pills, each of which has a Taoist Dan pattern.

At the same time, there are only two piles of waste pills around, and the efficiency of forming pills is far higher than that of young alchemists around!

The white fog Dan Zun went to check it, and said with a flat look: "the top seven Wuling pills are good! But still want to continue refining alchemy? "

"No more!" If Han is exhausted, he will sit on one side and have a rest!

"Top grade Wulingdan!"

"Ruohan actually refined the top-grade Wulingdan!"

"How could the goddess refine such a good pill..."

Under the challenge arena, the audience watched with surprise.

Eight level of enlightenment elixir level!

Its quality is in accordance with the inferior, the middle grade, the top grade, the last four and so on to distinguish!

On the contrary, Ruohan refined seven grade elixirs are all of the best quality, and the efficacy is much more than twice that of the medium grade. Although it has not reached the top grade, the strength has shocked the audience!

"Mr. Ye, you must be able to refine ten unique elixirs of ancient times!" Luo Yao said seriously, "I don't know. Mr. Ye has refined a rare pill, and he has to undergo the baptism of thunder robbery."

In the arena!

Ye Chen is still concentrating on refining pills.

It takes three hours to refine the ancient elixir without rest.

Fortunately, he was surrounded by an immortal fire, but no one dared to approach him at will. An hour ago, a disciple of the Cui family tried to interrupt Ye Chen, but his bones were melted by the fire.

"Good!"

"Dan is coming out at once!"

Cui Yue's eyes flashed with cold and hot color. She glanced at Ye Chen and disdained to the extreme in her heart. "You are just more powerful. I don't believe that you can't compare with you in alchemy."

Chapter 1075

Cui Yue's hands gradually collected Dan fire, and it was obvious that she was going to give out Dan.

"Ye Chen, two hours have passed!"

"As long as you can't refine the ancient hundred elixirs, the rest of the time you don't have enough to refine the eight grade elixir!"

"Then, you will be defeated!"

"The position of the chief alchemist in danxu town is mine. You can't take it away!"

Since ancient times, only dozens of people have been able to refine ancient elixirs!

You ye Chen also wants to refine the ancient elixir. It's just a dream!

Bang!!!

Cui Yue suddenly received the Dan fire and lifted the lid of the cauldron, but there was not a trace of spiritual power leaking out, which attracted everyone's attention in an instant!

Xingtian dazun looked at the tripod carefully, stroked his beard with satisfaction, and said with a smile: "all nine Wuling pills have been formed, three are inferior quality, two are medium quality, three are top quality, and one is unique quality!"

"Good, good!"

"You are indeed the most talented alchemist of the Cui family. It seems that the chief alchemist of danxu town is probably you!"

Xingtian Dan Zun's words have not finished, a voice of old people around him resounds!

"Xingtian, don't be happy too early. Ye Chen's talent is enough to win over Kunlun Xu. He is the hope of Kunlun Xudan! Don't talk too much about it

Xingtian Dan Zun glanced at lingyidan Zun and snorted coldly, no longer talking!

In the distance, Cui Yue also heard the dialogue between Xingtian dazun and Lingyi dazun.

Its heart sneers repeatedly!

"Hum, ye Chen also wants to refine the ancient elixir?"

"It's ridiculous!"

Cui Yue despised him, and there was a dazzling luster at his feet, which covered him with the title of "chief alchemist" on his head! He looked at the same Xingtian danzun and others in a unique way, then clasped his fist.

He said respectfully, "thank you for your approval."

"In the future, I will certainly Kuang Fu danxu Town, let our Cui family and danxu town live together, and I will cast gold statues for danzun with the best spirit stones, so that all the people of danxu town will appreciate danzun's past contributions!"

Xing Tian Dan Zun nodded with satisfaction.

He doesn't care who controls the final victory!

He only cares, who can control for him!

Cui yuan is dead. Cui Yue is the best candidate!

No longer think about it, Xingtian danzun's right hand gently waved, an invisible force gathered!

"Cui Yue, from now on, you will be the leader of the Cui family!"

"The Dandao meeting is over, I believe you will also become the chief alchemist!"

At the command of Xingtian danzun, it seems that there is infinite power gathering on Cui Yue. The great fortune of Cui family is gathered on Cui Yue. A golden cloud cover is pressed down, which contains Cui family's luck for hundreds of years!

Jinyun Yao day, majestic as the sea, seems to cover most of the sky!

The internal flow contains the divine power and the breath of eternal antiquity. It is the golden cloud formed by the qi movement of a large family!

In a flash!

Bursts of bright light flash, all tied to Cui Yue!

Cui family's so large family, all the power of Qi was irrigated on Cui Yue. In an instant, Cui Yue's realm was raised to several levels, and then the power of Qi transportation could not be improved.

"Wait!"

"Xing Tian, what qualifications do you have to intervene in Cui family's fortune! I don't seem to agree yet

Ling Yi Dan Zun walked slowly, patted with his left hand on the top of the Dan Ding. A strong sound shook the world. The golden cloud of Cui family's Qi Yun broke up. A sad voice came out. A Qi Yun Golden Dragon howled and turned to enter the void!

With a pat, the Cui family's Qi Yun Jin Yun was opened and Qi Yun Jin Long was scared off!

This kind of cultivation is not only to achieve the emperor's respect for the environment!

What's more, we should master the power of danxu town to do it!

Xing Tian Dan zunmou son is full of anger, the cold voice rings out: "spirit one, the result has been very obvious!"

Lingyi Dan Zun was carrying his hands behind him: "I don't think so! And ye Chen is not out of the pill

Poof!

Cui Yue spat out a mouthful of blood, staring at Lingyi danzun and saying, "Dan Zun, ye Chen can't refine the ancient hundred spirit elixirs. It's unfair of you to do so!"

He covered his chest, his face was hard, and his spirit was damaged. He said: "even if it is a noble five Dan Zun, refining the ancient hundred spirit elixir, the output of a furnace is only one. His Ye Chen is so young, it is impossible to have an ancient hundred spirit pill!"

Ancient elixir!

What is the ancient bailing pill? It is a combination of the eight forces of heaven and earth. Only when you know all the medicinal properties and pills can you refine them!

Ordinary alchemists, refining other pills, the worst furnace to produce two or three!

However, it is extremely difficult for the noble danzun to refine the ancient bailing pills. Only one pill can be produced in one furnace, and it is likely to be of inferior quality. Therefore, after taking the medicine, the virtual King realm can only cross a great realm. The real top-grade ancient bailing pill comes from the rarity of the ancient bailing pill. It is a treasure pill that can directly let the return to the virtual realm directly enter the Daoyuan realm! Other alchemists, who want to refine the ancient elixir, can't do it without a thousand years' study time!

"Who said it was impossible!"

"When I look at Ye Chen, I use the nine turn heavenly elixir to refine the pills. No one understands the mystery of Ye Chen except the disappeared elder Lin Qingxuan!" Bai Wu Dan Zun, who had been very quiet, stood up.

The white fog danzun is full of light white fog, but his eyes have the spirit of looking down on the world. Behind him, the clouds are rolling and the thunder is interwoven, just like a god!

He stood next to Lingyi danzun, and his attitude was very obvious, "chief alchemist, Lingyi and I have not agreed. When is it your turn to punish heaven?"

"White fog, what do you mean?"

"White fog, ye Chen can't refine the ancient elixir!"

Kunwu Dan Zun and another Dan Zun both took the lead in speaking. If ye Chen refined the ancient elixir, wouldn't it say that ye Chen's Alchemy level was equal to them, how could they deal with themselves?

What's more, a boy in his twenties, or a guy from China, how can he refine the ancient bailing pills? It's good to refine ice pills!

"The Dandao conference is not over yet

"What are you doing in such a hurry?" Lingyi danzun spoke, and the powerful momentum swept past like a strong wind, and suppressed the other danzuns. He had not seen these two danzuns in his eyes!

His white fingers stand up, row up, like the sky knife will be cut off the sky, the powerful spirit of the whole audience!

He said: "all the final conclusion, wait until all people finish refining pills, then talk about it!"

"I'm out of Dan!"

Luo Fang called out, and immediately opened the lid of the cauldron. A spirit overflowed. When the fog dispersed, people's eyes fell.

"Eight enlightenment pills!"

"Five inferior, three superior!" Xingtian danzun saw the result of Luo Fang's Alchemy at a glance, and said: "your quantity and quality of pills are not as good as Cui Yue. Go to one side and wait!"

"Yes, Dan Zun!"

At the same time, the alchemists of the other four families completed the alchemy successively.

Chapter 1076

There were ten people who wanted to refine Wulingdan. As a result, only Ruohan, Cui Yue and Luofang succeeded, while the other seven failed. They are stepping up the process of refining Qipin Lingdan and strive to win a good place in the remaining time!

Gradually, in the first row!

Only Ye Chen is still refining pills. His hands are dancing, sometimes showing the posture of the Big Dipper, sometimes showing the posture of various constellations. There is a flash of brilliance between the crosses. He is controlling the efficacy of the Dan tripod, using Lin Qingxuan's jiuzhuantian Dan Jue!

Once!

Lin Qingxuan's Dandao technique is far above the so-called Danshen in danxu town!

His jiuzhuantian Dan Jue, naturally incomparable, for the decomposition of various medicinal materials, fusion is also far above other alchemy!

This is also when ye Chen enters the realm of Tao source, he is qualified to control it!

"I believe, Mr. Ye, he will be able to refine the ancient elixir!" Luoyao looks confident and shouts with her small fist.

She had come into contact with Ye Chen, and she was surprised by Ye Chen's talent of Dan Dao!

Everyone knows that ye Chen is very powerful, but he doesn't know that ye Chen's Dan Dao is stronger!

Even if ancient pills, ye Chen is definitely qualified to refine!

"I don't know why, I also want to believe Ye Chen!" If Han Qingqian smile, seduce all living beings, graceful body, beautiful!

Soon, a lot of audience and Dan Zun, strong Daoyuan environment all focused on Ye Chen!

Ye Chen hands control Dan Ding, as well as the medicinal materials, quickly in the Dan fire under the shape!

Gradually, the six pills appeared in a cone, which was absorbing the power of the surrounding herbs. At the same time, they were burned by the Dan fire. They quickly agglomerated other medicinal solutions and formed special Dan lines on the surface of the pills!

More than half an hour has passed, and it is about to the end of the Dandao meeting!

Ye Chen, please take a breath and say, "it's a pill!"

Ye Chen's sentence "Cheng Dan" instantly brought all the people's eyes together!

Twenty nine young alchemists all finished their alchemy and looked at Ye Chen. There were some ridicule, disdain, affirmation and expectation in their eyes. They were mixed with five big families and each major loose cultivation. Their mentality was different!

"What kind of pills can be refined?"

"It must be a waste pill!" Xingtiandan Zun held hands, looked disdainful, and his whole body was rotating with luster, emitting a cold and forceful breath. He said: "you can refine the ancient hundred miraculous pills. It's a fool's dream!"

Ye Chen ignored them!

He stretched out his left hand, the palm of his hand was shining, setting off an invisible force to put the tripod back to the ground!

He stepped forward and the breath was released! After the Dragon beheaded, he asked the sky sword. It seemed that he felt the situation in the Dan Ding, so he changed his voice and rushed into the sky. Suddenly, thousands of swords roared around, and thousands of swords lit up the sky!

At the moment when ye Chen opens the Dan Ding, there is no spiritual power overflowing!

"Six ancient elixirs!"

"Six!"

The voice of Kunwu danzun and Baiwu danzun awed the audience!

Ye Chen, actually refined the ancient hundred miraculous elixir, and produced six pills in a furnace. My God, this is something that danxu town hasn't had for thousands of years!

"How could that happen?"

"No way!"

"How can this little beast refine six ancient elixirs?"

Xingtian danzun looks unbelievable. He steps back two or three steps. How can ye Chen refine six ancient bailing pills?

Ming Ming himself refining the ancient elixir, a furnace can only produce one!

How can ye Chen produce six pills in a furnace!

This is impossible at all!

"Ha ha ha ha!"

"It's Ye Chen. Well done!" Lingyi danzun nodded with satisfaction and looked at Cui Yue and Xingtian Dan Zun with a meaningful look. He held his hand and said, "the position of the chief alchemist can't be taken away by others!"

"Ye Chen is the real chief alchemist of danxu town!"

"Cui Yue, what thing, a lost dog, dare to come out and shout!"

When he waved his hand, he made a rain of gold waves and swords, like a broken mountain and river, like a vast ocean, directly defeated Cui's luck!

"No!" Cui Yue yelled, and then the luster of his feet collapsed, and the words "chief alchemist" on his head directly collapsed. He knelt down on the ground and looked at the six ancient elixirs in the cauldron in disbelief!

No! no

Danxu Town chief alchemist should be me!

It can't be ye Chen. It can't be!

Just at this moment! In the void, however, there are countless flashes of light. Blue, red and white combine to form a three color rob cloud, which falls on the top of the Dan tripod. The goal is the ancient elixir in the Dan Ding!

"Ha ha ha ha!"

"Dan Jie! Ye Chen, you deserve it

Cui Yue staggered to his feet and glanced at Ruohan, Luoyao and Luofang one by one, and said with a loud sneer: "ha ha ha, Dan Jie, the only one in a thousand years! Ha ha ha, ye Chen, your pill is doomed to fail! "Ha ha ha!

Dan Jie, Dan Jie!

You ye Chen has caught up with the Dan Jie that you haven't seen in a thousand years. I don't believe that the pills refined by Ye Chen can still be tempered by Dan Jie!

As soon as he said this, the other five danzuns were all lost in meditation!

Xingtian danzun stares at the gradually formed Dan Jie in the void. His lips are full of evil spirits. How about refining six ancient hundred spirit pills? They are doomed to be scrapped under the Dan Jie. They can't become pills again!

What is Dan Jie?

As long as the Jiupin elixir is refined, it is already against the heaven. There will be Tiandao falling down and destroying the pill!

When a monk practices to a certain extent, because it is against the heaven, he has to go through the natural calamity, and then he can reach the supreme realm!

The same is true of pills!

So far, there have been only dozens of Dan robberies!

The latest Dan Jie was just thousands of years ago!

And that time or by Lin Qingxuan himself refining the ancient hundred spirit elixir, caused by the Dan Jie!

It is said that the ancient elixir refined that time, which failed to pass the Dan Jie, all the ancient elixir were reduced to ashes under the disaster of heaven!

In the tomb of samsara, Mo Ning looked dignified and said: "the tomb owner's cultivation of Dan is so strong! It is worthy of getting the true biography of Lin Qingxuan. Lin Qingxuan did it, and the owner of the tomb also did it! "

The talent of the tomb owner is too strong!

The cultivation is so superb that the combat power can cross a great realm to kill the enemy!

Nowadays, the cultivation of Dan is so strong that it is able to refine the unique ancient hundred spirit elixir that arouses the heaven's way of Dan!

"Now I understand why those guys take him as their apprentice."

"What a good young man

Blood seven night dark smack tongue, live for so many years, have not seen Dan Jie.

Did not expect, is actually in Ye Chen saw what is the real Dan Jie!

Boom!!!

Boom! Boom!!

In the void, there are three layers of thunder clouds, each of which has the power to destroy everything. It seems to destroy everything and everything. Thousands of audiences just feel the terror of cloud hijacking, and they are scared to leave!

Chapter 1077

"Get out of the scope of the cloud robbery!"

"Retreat quickly!"

"Go

"Come on, go, get out of the range of Dan Jie!"

Cui Yue and others urge them to leave the arena one after another.

Although Tiandao Dan Jie is a calamity for pills, if people are in it, no matter how high or low the realm is, they will be tempered by the heavenly calamity together. After tempering, the body is incomparable, but the spirit and shape will be destroyed!

"Mr. Ye!"

Ruohan and Luoyao called out respectively.

Ye Chen looked back at them, and his lips outlined a smile. With absolute confidence, he said with a smile: "you go first. Don't worry. I don't see this point in my eyes! But it's just a cloud that can be wiped out with a wave, it's nothing! "

Ye Chen's body has God thunder, naturally not afraid!

From Huaxia to Kunlun Xu, he absorbed the power of thunder robbery!

The power of thunder is a great tonic to him!

What's more, the blood dragon can also devour the power of Tianjie. If you take an ancient hundred spirit pill, you can break through the present state!

"This..."

"Dad, ye Chenhe..."

Luoyao is at a loss. She has not left yet.

Boom!!

Boom!!

Between heaven and earth, more than a thousand silver lightning scattered, connecting the world up and down, covering the space within hundreds of meters, was included as the place where the natural calamity landed. In this space, the lightning of all kinds of training crisscross, enough to break down the tall buildings, making the strong wind, countless pieces flying, as if the end of the world!

Rolling thunder clouds, like pressure on the so big danxu Town, give people a deep fear of the soul!

"Yao'er, come here!" Luo Wuyuan came in and took Luoyao away. He said, "believe Ye Chen, with his strength, there is absolutely no problem!"

"Ye Chen will succeed if he wants to use the force of the natural calamity to his own body."

"Let's quit first!" Luo Wuyuan grabs Luoyao and jumps forward. Together with the important figures of the other four families, they come to a building with hundreds of stories. They use their spiritual power to fix the building and look into the space of the disaster!

Thousands of people have already scattered, or fled to danxu town.

Or jump on a high-rise building without being affected and watch the great situation of the landing of Dan Jie. This is a rare sight for thousands of years! How can we not look at it? What's more, people who have been to China directly take out their mobile phones to prepare for the shooting process!

"Let's leave first."

"Good!"

Kunwu danzun and another danzun leaped out of the scope of Dan Jie and came to the danxu tower in the distance.

Xingtian Dan Zun snorted coldly, and his cold eyes swept Lingyi Dan Zun and Bai Wu Dan Zun, and said with a smile, "look at it. This time, I don't need to do anything. Ye Chen, this little scum, will fall under the scourge."

"How to resist with his qualifications! You should be able to feel the horror of this catastrophe

After saying that, he leaped forward and Yufeng came to Kunwu danzun!

"Lingyi!"

"We all smelt the elixir, but ye Chen refined the ancient hundred spirit elixir that triggered the Dan robbery. We'd better take ye Chen away!"

The white fog danzun looked uneasy. He gazed at the plunder cloud like an abyss. He could not help but tremble in his heart. He said: "the power of this Dan Jie is almost powerful, and the source of Tao is among them. If you want to accept the thunder and lightning that is comparable to the power of emperor Zun state, ye Chen can't stop it!"

Baiwu danzun has no intention of killing Ye Chen. The only thing that interests him is ye Shitian.

He is very clear, if ye Chen falls, he wants to see ye kill the sky is impossible!

"I believe in this boy!"

A round of luster appeared in linyidan Zun's hand, and a spirit sword appeared, which could arouse the spirit of heaven and earth. He said to Ye Chen, "Ye Chen, this sword is a star sword. I give it to you. If you are not defeated by Dan Jie, you can resist with this sword!"

He threw out the star sword and turned into a streamer. Then he turned around and went out of the range of Dan Jie with Bai Wu Dan Zun!

If they were within the scope of Dan Jie, they would have to accept the thunder and lightning of the power comparable to the supreme realm, and then even their realm would have to die!

Ye Chen took over the star sword, looked at the top of the rob cloud, and said with a smile: "wait for you to chop? It's better for me to take the initiative to split you, just rob the cloud, what's the matter? "

Immediately, ye Chen holds the star sword, steps one step, the blood rolls around the whole body, directly splits out a sword!

All of a sudden, the sword light soared to the sky and gathered into a golden sun, as if a star had fallen from the universe. The power of destruction was dazzling in the air, and the golden power was pouring like endless magma, falling from a higher place of the hijacking cloud!

Bang!!

Thousands of aftershocks came out, interwoven with each other, like the tides of the sea, and they had to disperse around one another.

So big thunder cloud, in an instant, Shengsheng was cut off by this sword, one third!

"Ha ha ha, thunder cloud can't be wasted!""Blood dragon, come out, devour these thunder and lightning, strengthen oneself!"

Ye Chen's blood is getting thicker and thicker!

Since he came out from the secret place of blood spirit, his understanding of killing way is more powerful!

His body shape formed a blood eight trigrams seal, a blood Dragon flew out, the Dragon roared, broke through the space, the huge dragon mouth opened, and the sharp dragon teeth seemed to swallow the thunder cloud in the air!

Boom!!!

The blood dragon devoured and cut down a third of the cloud, and the Dragon chanted! Ring through the world!

Then, the bloody dragon body, across the sky, each piece of dragon scales bloom with an eternal breath. The dragon body, like the great wall of steel, smashed on the clouds, and then some of them were swallowed up.

"You can't waste such a cloud robbery!"

Ye Chen knows that the robbery cloud in front of him is so huge, to a large extent, because of himself!

If only six ancient elixirs want to survive the Dan Hei, the resulting Dan Jie is only one-third of the present, and more Jieyun is to kill themselves!

"Xiao Huang!"

"There is a great tonic, come out quickly!"

Ye Chen's lips outline a smile, and countless runes flow between waves, interweaving into a round of marks.

The mark exudes eternal luster. It is round and more than ten meters in size. One of the giant beasts slowly walks out with blood colored hair. Its blue and red pupils have the ability to destroy everything. It is Xiaohuang!

"Rob cloud?"

"It's very nice that you've also attracted rob cloud."

"Swallow up the cloud, I can recover a lot!"

Xiao Huang said a few words with Ye Chen, and then rushed out. The roar broke through the void. His killing intention was like the ups and downs of the tide. All the people present were like falling into Purgatory.

It opens its mouth like a Kunpeng swallowing the heaven and earth, and crazily absorbs the thunder and lightning of cloud robbery.

Zizi ~ ~ ~

Zizi ~ ~

Zizi ~ ~

the thunder and lightning can kill the power of the source of Tao, but now it is swallowed by the blood dragon and Xiaohuang!

Soon, another third of the hijacking clouds were swallowed up by blood dragon and Xiaohuang!

Chapter 1078

In the distance, people looked at all this and were stunned!

Rob the clouds!

A cloud of robbery that has never been seen in a thousand years!

Unexpectedly, ye Chen's two pets are engulfed like this. Ye Chen is too rebellious!

"Dragon!"

"Ye Chen has a blood dragon with him!"

A dazun stares at Ye Chen and Xuelong in horror and says: "this blood dragon is actually a spirit beast with Ye Chen. Look at the breath is the source of Tao. My God, how many cards are useless for ye Chen?"

Ye Chen is so terrible!

How strong is ye to kill heaven?

No! I heard that ye Shitian also has a blood dragon!

What is the clan behind these two people!

A blood dragon?

This is too terrible!

A person who can make the four Taoists in the nine layers of heaven and obey his orders will dare to kill him in the middle of emperor Zun's realm!

Xingtian danzun looks gloomy and has a cold luster all over his body. His eyes are like a dark cave, which is full of killing and darkness.

He secretly clenched his fist and gazed at Xiao Huang, saying in his heart: Damn it, ye Chen is such a beast that he has the breath of emperor's respect!

It's hard to kill this little animal again!

What's more, there is a leaf killing the sky!

Must be at the end of the Dandao meeting, kill Ye Chen in advance, and then deal with ye Shitian!

Boom!!!

Boom! Boom!!

Jieyun also immediately counterattack, condensing a virtual shadow, holding a long knife, eyes full of lightning.

Lightning shadow is very light and flighty, like playing a beautiful fairy music, playing the ancient Tao Yun, and gradually evolved into a long river, with countless electric lights and purple gas overflowing, which can make the bright sun contend for brilliance, blocking the blood dragon on one side and blocking Xiaohuang on the other!

This is the thunder and lightning virtual shadow transformed from the power of heaven and earth, and the original power comes from robbing clouds!

How strong is the robbery cloud, how strong it is!

Bang!!

XUELONG and Xiaohuang are also struggling to defeat a lot of electric light and purple Qi, and are trapped in the battle!

"You can't stop robbing clouds, you can't stop attacking!"

"Then I will break the cloud first." Ye Chen sees the flaw of the thunder and lightning shadow. He waves the star sword, and the sword Qi condenses and kills the whole world. The star sword flies out, turning the day into night. The dragon blood is like the sun, and the haze is rendered. It is almost sad and beautiful, and hits the remaining one-third of the clouds!

"Break it for me!"

The shadow of thunder and lightning only reveals three words. The lightning whirls out of the sky, forming a purple tripod on top of its head. It is a hundred feet in size. It circulates infinitely. It emits a tricolor electric light, such as the light of the God of the early days, which cuts through the sky, and comes out with a terrible pressure. Hundreds of electric lights appear in the void, interwoven together!

Boom!!

Thousands of electric light suddenly fell down, thousands of luster, luster into a river, hundreds of rivers impact on the sky dragon, the power is huge, like thousands of stars gathering, make countless virtual King strong tremble, break all obstacles!

Bang!

Stab!!

The power of the star sword splits everything, and suddenly the lightning flashes. Countless thunder and lightning fall down together, crushing everything. In an instant, the ten square sword Qi sweeps across the sky, with thousands of colors on the end, completely swallowing the shadow of thunder and lightning!

"I'll break the bloody cloud

And the sword, like a blade of lightning, twinkles like a sword!

In his right hand, he offered a sword to cut the dragon and ask the sky. The tip of the sword revealed the thorns of the sky. The irresistible sword spirit spread up and down the earth, like the waves, one strong and one heavy, crushing the clouds!

Bang!!!

In a flash, the sky burst, countless stars gathered like a waterfall, thousands of roads, a vast expanse of white!

Heaven and earth stop shaking, and the rays of the sun scatter, no more thunder and lightning shadow, no more cloud hijacking!

Clear sky thousands of miles, countless lights flashing, indicating the end!

But I don't know if it's because ye Chen just broke the sky and robbed the clouds, which made the heaven angry. The clear sky immediately turned into night!

The black breath is breathless.

"Master, I'm back. This robbery will take some time to digest."

"I need to digest it for a while, too!"

Blood Dragon into Ye Chen body, Xiao Huang is directly into the reincarnation cemetery!

The collapse of the robbery cloud disappeared, the people were shocked to respond, staring at Ye Chen in shock, mouth wide can be stuffed with several eggs.

"No No, it can't be! "

"Rob cloud, let Ye Chen break?"

Cui Yue looked blankly at Ye Chen under the stars and the night, staring at the man who was like the God of war, and said, "it's impossible. Can't I have hallucinations? How can it be broken? "

Ever since!

It's not all people or pills to get through the cloud.No matter how bad they are, they have to be robbed. They are almost killed by the clouds. They are all injured and survive.

How could someone break through the cloud?

Let the spirit beast devour the power of the cloud?

Cui Yue is still muddled, other Dan Zun is looking at Ye Chen like a monster.

Baiwu danzun shook his head again and again, smacked his tongue and said, "you are worthy of Ye Shitian's younger brother! Ye Shitian can kill heaven in the source of Tao, and he can kill emperor Zun against the heaven. His younger brother Ye Chen can also be in the source of Tao. He can fight against heaven against the heaven to defeat the clouds that are comparable to the emperor's environment! "

"It's worthy of learning from the same school."

"Both of them are so powerful. They are monsters that have never been seen in ancient times."

Rob cloud!!!

Who is not afraid to see rob cloud?

As a result, ye Chen broke up the hijacking cloud directly. It's too terrible!

Luo Yao gazed at Ye Chen in the sky, smiling happily and whispering, "I knew that Mr. Ye must have survived the cloud robbery!"

"I didn't expect that you broke the cloud of robbery directly!"

If Han lowers his head and smiles, a wonderful feeling is born in the heart, and he has a good feeling for ye Chen!

Ling Yi Dan Zun and Bai Wu Dan Zun, similar to a smile, a feeling that he did not read the wrong person!

The clouds are gone!

Twenty nine young alchemists, five families and five danzuns have returned to their positions one after another!

Thousands of people gathered around the challenge arena with ecstasy. They all knew that ye Chen was the cultivation of Daoyuan state. In ancient times, only three of them could be taken. The other three might be sold on the spot. The money, spirit stone, spirit pulse and so on are ready to buy!

Lingyidan Zun came to the challenge arena under the attention of the public!

He carefully observed the cauldron and said with a smile, "Ye Chen, refined six ancient elixirs, each of which has excellent quality."

He looked around and happily preached: "Ye Chen, the winner of this Dandao conference, is also the chief alchemist of danxu town. In the future, he will take over my position and guard danxu town!"

As soon as the voice fell, Lingyi danzun raised his hand and made a piece of luster. It condensed into the words "chief alchemist" and fell on the top of Ye Chen!

Chapter 1079

Ye Chen turned and looked down upon the masses, smiling, the eyes of all the recipients.

"Chief alchemist!"

"Ye Chen, ye Chen!"

"Ye Chen, can you sell us an ancient elixir?"

"Ye Chen..."

The crowd's cheering sound like a vast ocean, almost drowned Ye Chen.

A rare top alchemist has appeared. Refining the ancient hundred spirit elixir is even more like a furnace of six. Five dazuns are not necessarily qualified. How can we not make people crazy?

You know, because after the ancient war, the elixir was almost destroyed. In the past, except for the five great dazuns, no one could refine the ancient hundred miraculous elixirs, whether it was a thousand Jue city or a killing place. Once upon a time, the number of Daoyuan realms was greatly reduced, and a large number of other miraculous drugs had to be used to cultivate the strong ones of Daoyuan environment!

Now, ye Chen is born!

An ancient hundred miraculous elixir is enough to create a strong Daoyuan environment. It is much faster than using miraculous medicine to create a strong one. Its consumption is only one thirtieth. How can it not make people crazy or happy!

What's more, the ancient elixir refined by the five great elixirs is only inferior to the ancient bailing pills!

Only lingyidanzun can achieve the level of middle-class and ancient hundred miraculous elixirs. However, they can only produce one pill in one furnace, and ye Chen can produce six pills in a furnace, and all of them are of top quality!

The quality of the ancient elixir ah!

It is enough for a monk who returns to the virtual state to reach the heaven level of Tao source directly!

Spanning two great realms, such a divine pill can be called against the heaven, and even can be compared with the divine elixir in the hands of the six members of the blood spirit clan!

It's a top-notch elixir of ancient times. Even if it's taken by monks in the first level of Daoyuan realm, it can be promoted several levels directly. If you take it in the middle of Daoyuan state, it's not a problem if you take it in the middle of Daoyuan state, and it's not a problem!

It is necessary to perfect one's own "Tao" in the realm of the origin of Tao. However, the ancient elixir contains eight forces of heaven and earth, which is enough to directly improve one's "Tao" in a very short period of time, without the need for gradual improvement. An ancient hundred miraculous elixir is an opportunity to ascend the heaven step by step!

"Ye Chen!"

"You've seen all this. I don't know if you're interested in selling one to them?"

Lingyi danzun asked specially and whispered: "you can refine more ancient hundred elixirs, give them to these people, or do some free practice, so as to win people's hearts. When you inherit my position, you will have better control of danxu town!"

At this moment, Lingyi danzun has completely regarded Ye Chen as his successor!

Ye Chen is also regarded as the guardian of danxu town in the future, so there will be such words!

Lingyi danzun continued to say: "it is not easy to get the ancient bailing pills to refine the medicinal materials, so we don't have much preparation this time, and our Dan Zun doesn't often refine them, because the ancient bailing pills have no effect on the emperor's realm!"

"But you can create a group of confidants with the ancient bailing pills."

"You are at least a Daoyuan alchemist. When you are promoted to the rank of emperor level alchemist, you will be able to refine elixirs that can quickly improve the cultivation of the emperor. Then you can have a great influence and do what you want to do!"

An imperial alchemist?

Ye Chen smiles bitterly, want to reach this level, oneself also need several years.

Besides, it's good to train the subordinates with the imperial pills, but the combat effectiveness of those who rush up with the pills is not as good as that of the emperor Zunjing who has been cultivated in the same realm. If you really want to gather forces against the blood spirit clan, you should first wake up the hundred sword monarch of the reincarnation cemetery!

In the tomb of samsara!

"The tomb owner's Alchemy technique has been improved very fast!" morningse cableway

"However, there are not many medicinal materials in Kunlun Xuzhong that can be used to refine imperial pills. If you go to that place, the tomb owner can refine more high-level pills and train a large number of his followers quickly!"

"It's true!" Blood seven night long sigh, he is also experienced ancient wars, can not help but say: "Tomb master's cultivation, of course, important. But it is impractical to rely on one person to fight against the blood spirit clan! "

"The six people in the blood spirit secret place are just the most rubbish of the blood spirit clan. I'm a little worried. When the blood spirit clan finds out that these six people have an accident, he will send someone to Kunlun empty ahead of time, and the tomb owner will surely die."

"This is not a threat, I know the one of the blood spirit clan! That's a cruel means, and no threat will be allowed! "

When Mo Ning heard the words of blood seven nights, he frowned and sighed for a long time: "I hope the blood spirit clan has not found out that it takes time to grow up under the eyes of the tomb owner. As long as you give the tomb owner one year, where the tomb owner goes is absolutely qualified! Even the owner of the tomb may wake up completely! "

"The blood of the tomb owner is the only way to fight those guys!"

At the moment, ye Chen doesn't know what happened in the samsara cemetery. He is dealing with the situation in front of him.

He gazed at the crowd and said, "I'm sorry, I didn't mean to sell the last hundred miracles!"

"However, the meeting will give me two ancient elixirs, and I will sell them on the spot. If the price is decided, we will discuss it later." Ye Chen put away the ancient elixir that he refined, but this remark has caught the hearts of all the audience!

The inferior quality of the ancient hundred spirit elixir refined by the danzuns can also make the friars of Xuwang realm break through the Daoyuan realm directly!

It's also a treasure!

"Dan Zun, please protect the Dharma for me!"

"I want to take an ancient elixir!"

After Ye Chen explained, he took out an ancient elixir and swallowed it directly like a sugar bean.

The next moment, the abdomen emerged a colorful bright, that a brilliant moment lingering Ye Chen!

In the middle of the air, the immortal Kendo appears in the air, tens of meters long, destroying all the flavor of all things. It's frightening!

However, the power of Taoism scattered by the ancient hundred spirit elixir is to wrap the indestructible Kendo, perfect it and then sublimate it.

is the source of the eight systems, the essence of the source of Tao and the way to perfect oneself.

Ye Chen's whole body is full of vigor and momentum, bathing Daoyuan, looking up at the sky!

The immortal Kendo envelops the source of Dao, and grows inch by inch. The blood glitters with cold luster. From the initial 10 meters, it gradually rises to the size of 100 meters. It has been perfected to the peak level, and then sublimed!

Whoa!!

Ye Chen Zheng Zheng and move, absorb the spirit of the ancient hundred miraculous elixir, burst out a murderous spirit, a black light straight up to the night, powerful blood rolling!

At the moment, his realm is growing wildly!

Bumie Kendo has reached 300 meters. It's cold and cold. It's frightening to the bone marrow. Even the soul is shaking and the body is shaking!

Undeniable Kendo!

Has been completely sublimated, this road, has reached the peak!

Ye Chen slowly got up and sighed, "a rare ancient hundred miraculous elixir can only let me improve the small realm! It seems that it is not easy for emperor Zun to break through

Chapter 1080

Ye Chen's affairs have ended, he will gaze at the spirit of a Dan Zun and others, arch hand way: "please five start refining alchemy!"

Ye Chen's tone is very indifferent, this words fall into those Dan Zun's ears, instantly become harsh incomparable.

"Hum, boy, don't think that refining a furnace of ancient elixir is very powerful!"

"The ancient elixir is just a little more complicated. For us, it is chicken ribs."

"Besides, when it's your turn to make alchemy, we'll make alchemy!"

Kunwudan stood with his hands in his arms. His cold pupil looked at Ye Chen, and said with disdain: "a Daoyuan alchemist, you must learn from youzunbei first. We are alchemists. You have to kneel down and beg us before we can practice."

Hum!

Think that a furnace out of a few ancient elixir is great?

Even emperor level pills can't be refined. I dare to be so rampant.

"Oh, really?"

"With such a big voice, you old man's Alchemy should be better?" Ye Chen scorned, "that why, you this old thing's Dan quantity is so low?"

He squinted at Kunwu danzun and said, "the ancient hundred miraculous elixir is indeed Daoyuan level pill, but you, the imperial alchemist, are inferior to me in terms of quality and quantity? You old thing, you can't

"Presumptuous!"

Kunwu danzun suddenly patted the ground, and a burst of gold waves crossed out, shaking the ground apart!

He pointed to Ye Chen and said, "you are so arrogant that you have no respect for your predecessors. I think you want to die!"

"Your elder martial brother ye Shitian, it's OK to kill people in danxu town!"

"You ye Chen dare to be so arrogant. If you don't kill you, where is our prestige?"

Kunwu Dan Zun has been through the heaven for a long time. He is very clear about the purpose of the Dan meeting!

Ye Chen must die!

What's more, the alchemy of this little animal is so skillful that it must be eliminated as soon as possible, otherwise, there will be no status for him in the future!

Kunwu danzun stepped out again, and his momentum was released.

At the same time, Xingtian Dan Zun also stood up!

Ye Chen's attitude is so good, it's the reason to kill him!

It's a little bit of miscalculation! You killed yourself in the contest, Cui yuan. Who gave you the power? "

"Cui yuan is the leader of Cui family appointed by me. If you kill without permission, you will despise me!"

"Plus your arrogant remarks! Look for death

Xingtian Dan Zun looked cold and said coldly: "according to the rules of danxu Town, the younger generation despises the older generation, and should be on the right track!"

Ye Chen, last time the spirit protects you, let you run!

Can you run this time?

Do you think you are ye Shitian and can fight against emperor Zun?

Even if you can fight against emperor Zun, Kunwu danzun can hold down Lingyi danzun and Baiwu danzun. If you can fight against emperor Zun, you can be killed in a short period of time with my mid-term cultivation!

"Xing Tian, what do you mean?"

Lingyi danzun stood up and looked at Xingtian danzun in a cold voice and said, "Xingtian, Kunwu and ye Chen are the next generation guardians of danxu town appointed by me. If you want to bring him to justice, you have to ask me first!"

"Cough!"

"Everybody, I come out and say a fair word!" The fifth Dan Zun who had been standing on the edge stood out, glanced at all the people and said plainly: "Ye Chen is arrogant. If you don't see the two danzuns in your eyes, it means that you despise Dan Zun!"

"According to the rules of danxu Town, the younger generation despises the elder, so it's time to kill them!"

"However, since Ye Chen is the successor appointed by Lingyi, we should not deliberately embarrass ourselves!"

The danzun looked at Ye Chen and said with a smile: "well, ye Chen, kneel down and kowtow to the faces of Kunwu danzun and Xingtian Dan Zun, kowtow a few heads and admit that it was wrong. How about it? It's fair."

In his eyes, the younger generation kneels down, the younger generation is justified!

This also kills this ye Chen's spirit!

When all people think ye Chen will be soft, ye Chen is one step out, cold voice resounding!

It reverberates throughout danxu town!

"Justice?"

"What are you? What is the right to be fair to me? "

Ye Chen's knee does not kneel, heaven, does not kneel!

Just Dan Zun, what qualification does he have to kneel down!

Ye Chen holds the star sword, a sword points to that Dan Zun, "your nonsense is too much, which comes to roll back where to go!"

Fair?

Clearly put is to help Xingtian Dan Zun and Kunwu Dan Zun!

With this kind of Dan Zun, it's strange that Kunlun's virtual elixir can take off!

"Presumptuous!"

"You, the younger generation, despise Dan Zun. You must be upright in the ground!" That Dan Zun's look suddenly changed. He never thought that the younger generation not only provoked himself, but also dared to be so rampant. He had to be on the right track!

Immediately, with his hand as his sword, he drew out a flame and turned it into a hundred Zhang in the sky. It was like a Heavenly Sword across the sky, like the end of the day!"Attention

Ling Yi Dan Zun flashed to Ye Chen's body, clapped a palm and held up a blue shield.

Bang!!!

The flame splits on the green shield, breaks up half of it, and then is defeated by Lingyi danzun.

Ling Yi Dan Zun pointed to the Dan Zun of the hand and said in a cold voice, "you're not good at a younger generation?"

"Lingyi, you really want to help this little beast, it's not that we have to do it!"

"It's Ye Chen, a little scumbag, who defies our danzun and inherits danxu town in the future with his small achievements. How can he put us in the eye?" That Dan Zun said in an orderly way: "I come out to say a fair word, this son will dare to contradict me, there is no senior and junior, no respect for the elders!"

He shook his hand and snorted coldly, saying, "I'm still that fair word. He kneels down to kowtow to us and apologize. I can let bygones be bygones."

He thought to himself: ye Chen's character, how can he kneel down to apologize to me?

Then, I can take this to kill you!

If you have such a strong talent in your twenties, it will be a big trouble in the future, and it will be eliminated today!

"It's too easy to kneel down and kowtow and apologize!"

"Dear Dan Zun, ye Chen is so old that he dares to despise us and is so bloodthirsty. How can we protect danxu town in the future? When he inherits the position of guardian, we will be eradicated one by one. This man is ambitious and can never be left! "

Xingtian Dan Zun stands out, as one of the five Dan zuns, master one fifth of the power of danxu town!

He said with righteous words: "what's more, ye Chen has disturbed the order of the Dandao assembly."

"If you think you have refined the ancient elixir, you will be arrogant and even challenge Dan Zun!"

"Therefore, I propose to kill Ye Chen on the spot, and raise your hand if you agree!"

All of a sudden, the five danzuns all came to the arena and formed their own camp.

Kunwu danzun, Gonggong danzun and Xingtian danzun raised their hands one after another, and the three great danzuns expressed their opinions. The other three families, Cui family, Wang family and Li family, raised their hands one after another. More than ten emperors and powerful people in the scene all focused on Ye Chen!

As long as ye Chen moved, ten emperors respected the strong, and they should take ye Chen down in an instant!

Ye Chen's situation at the moment is what thousands of people point to!

All spearheads point at Ye Chen!

Just as the sword was drawn and the crossbow was stretched, a burst of laughter came!

Countless eyes follow the source of the sound, and find it is Ye Chen!

At the moment, the corner of Ye Chen's mouth outlines an arc, and steps towards the three aggressive Dan Zun!

"Don't you just want me to contradict you?"

"Well, I will satisfy you!"

"There was something wrong with what I said just now. I'll revise it."

Ye Chen pauses for a moment and lowers his head.

All of a sudden, his head was raised, his eyes were like cold stars, and he said word by word: "none of you is qualified to represent justice, because in my eyes, you three are rubbish!"
