Chapter 1081

If ye Chen is injured, he will not break the rules at all costs!

Just because what stands behind Ye Chen is not someone else, but Lin Qingxuan!

On the edge, Luo Yao worried: "Dad, will Mr. Ye have anything to do with the elder of the Wang family? He is not ye Shitian. He entered the realm of returning to emptiness only a month or two ago. Although he is now in the realm of Daoyuan, he may not be the opponent of the elder Wang family! "

What to do?

Ye Shitian is no longer in danxu town.

What if ye Chen is defeated?

Luo boundless eyes slightly narrow, extremely serious.

He hesitated for a long time, and finally decided to say, "Yao'er, when I first saw Ye Chen, I didn't know this chance! If I don't seize the chance this time, there will be no one in the Luo family!

So, this time, if ye Chen is hurt a little, I will do whatever it takes! Even if you pay the price of your life, do not hesitate to do so! "

Luo Yao was stunned. She turned her head and looked at her father.

She only hopes that ye Chen can survive this time!

Luo family can survive!

And now, on the ring.

Cui Yue sneered, and her lips outlined a smile and said: "Ye Chen, you can kill uncle Cui yuan because Cui yuan was injured before, so you will be killed. But the three elders of the Wang family are afraid that they can take you down with one hand!"

"You may not know that the Wang family is the hermit family of danxu town. If it was not for the Dan Dao assembly and the order of Dan Zun, it would never have come out!"

"The strong man of the hermit family is not something that you, a fledgling boy, can contend with!"

Ye Chen doesn't pay attention to Cui Yue's plan at all. With one shot and one sword, he floats all over his body.

Then, his hands are behind him, his eyes are filled with endless free and easy.

The three elders of the Wang family also stood with their hands on their hands, lingering in the ice and fog all over their bodies, just like the supreme predecessors examining a mole ant.

"Boy, I'll give you a mobile phone meeting!"

"Then I will waste your feet and your elixir field, and guarantee that you can still refine alchemy, but have no combat ability at all!"

He stretched out his hand. The ice skate in his hand burst out a piece of ice mist, covering half of the challenge arena. The ice fog was conveying strength for him. He said proudly, "come on, this is your last attack. After that, you will have no accomplishments again!"

"Old man, since you want to die, I'll take you on the road now!"

Ye Chen's arms trembled, and his blood swept away, covering himself and the three elders of the Wang family!

His bones writhed all over his body, and his voice was clear and crisp. His blood enveloped the three elders of the Wang family. He was like a demon God waking up!

"You are lucky, old man. You are the first one to die by the sword today!"

"After that, the people behind you will go to hell to accompany you!"

Ye Chen's whole body is burning with an indestructible flame, and his body is almost red!

He suddenly waved the star sword, and suddenly his blood was like a tide. After washing every inch of flesh and blood, he burst out from the sword body. His powerful cutting spirit was like a torrent of water, rushing to destroy, block and destroy everything!

"How strong!"

"No, how could Daoyuan be so powerful in the early days?"

The three elders of the Wang family did not have time to think about it. They took off to chop a knife, and a thick ice layer flew out of it. They kept releasing the ice fog, resisting Ye Chen's blood while enveloping the huge arena.

Crack!!!

Boom!!!

A burst of sound came out, shaking the ground of the challenge arena, and the afterwaves came out!

In a flash, five danzuns, all the family members and alchemists withdrew from the arena and returned to their respective positions!

The fifth danzun and Kunwu danzun gazed at the fog and blood. They could see only a few swords and swords, but they looked down on the specific situation inside. With the fierce shaking of the challenge arena, the battle seems to be the most intense time!

In the blood mist!

Ye Chen is as skillful as a dragon into the river and sea, showing his unique posture of giving up his own. His black hair is disordered and his eyes are as deep as stars!

He took up his sword mainly with his palm. With a sword in the air, the sword spirit of Daoyun leaped out, cut off the air, and suddenly fell on the shoulders of the three elders of the Wang family!

Poof!!

The three elders of the Wang family spurted blood and retreated. Their looks were appalled. They gazed at the seemingly irresistible demons in front of them. They said, "how can you be so familiar with this power? I have seen it. I must have seen it. Ye Chen, who are you?"

This power is absolutely comparable to Emperor Zun realm!

Ye Chen in the early days of Daoyuan state had such a strong fighting power!

But how can I be so familiar with this blood?

I must have seen it before!

"Who am I? I don't have to tell the dead!"

"The last blow, give you your words, you enjoy the last moment of life!"

Ye Chen stabs out a sword in the air. Endless murderous Qi condenses and flashes blood light. The star sword turns into a streamer and shoots out. It looks like a comet crossing the sky, destroying obstacles and erasing everything! Bang bang!!

Streamer through the ice, impact on the skate!

The three elders of the Wang family were shocked, and most of their bones were broken. They were not only spitting blood, but also looked ferocious. "I remember that this blood gas was the breath of Ye Shitian who killed the emperor of Cui three days ago!"

He looked back in astonishment. The enemy looked at Ye Chen. His voice was old and hoarse, as if he was trying to control himself. He was shaking. He was in terror!

"You are not ye Chen, you are ye Shitian -"

CLICK!!

Liuguang smashes the ice skate, and instantly penetrates the chest of the three elders of the Wang family, and then the elixir field is broken, and the cultivation of the whole body collapses.

Liuguang turns into a star sword and returns to Ye Chen's hand. When ye Chen waves his hand, his fingers shake out a sword wave, like a golden wave, one after another, hitting the three elders of the Wang family.

Bang bang bang!!

The bodies of the three elders of the Wang family burst constantly and were dying.

Outside people, simply can not see the situation in the blood mist, only hear bursts of burst sound.

Cui Yue held her hand in a cold voice and said with a smile, "the three elders of the Wang family will not be able to do it for a long time, and ye Chen's cultivation will be abandoned!"

He looked at the blood mist, "the three elders of the Wang family don't want us to see his means. They want to torture Ye Chen more. Master Wang Kun and master Li Lu, when the time comes, let's divide them into different categories! "

Refining ancient elixir, ye Chen a furnace out of six pills, a furnace about three hours!

Four heats of refining can be made in one day, that is, twenty-four grains can be refined in one day, and each family can be divided into eight pieces every day.

Think of all happy, should not take a year and a half, Cui's family can rush out of danxu Town, with the top of the clan and power to fight for high and low!

"Yes, ye Chen, this waste, will refine alchemy for us!"

"Sometimes, when we are happy, we can enjoy Ye Chen's leftovers. Maybe he can make it faster." The master of Li Lu's family is also looking forward to the time when he rushes out of danxu town and runs across Kunlun!

After catching Ye Chen, he Chou didn't have the elixir of ancient times, and he didn't have the strong source of Tao!

Chapter 1082

While they were in high spirits, the blood mist changed.

In a flash, the sword was shining in the sky, and the sword spirit rushed through the ancient and modern times. The sword spirit broke through the blood fog, and a murderous spirit conquered the sky. The huge blood fog burst in an instant, and the tragic breath burst out. People's eyes followed.

A young man, holding a long sword, nailed an old man to the ground!

"Ye Chen!"

"Three elders!"

Wang Kun's face changed greatly and he was filled with grief and indignation. He watched Ye Chen nail the corpses of the three elders of the star sword on the ground, "Ye Chen, you..."

He tried his best to control his emotions. He gradually stepped back two steps and looked at Ye Chen, and said hoarsely, "Ye Chen, you killed the elder of half step emperor Zun realm of my family, Dan Zun! Dan Zun, you must kill Ye Chen. This son is bloodthirsty. If you don't kill him, it will lead to disaster

Alchemy?

Ancient elixir?

What ancient elixir do you want now? Ye Chen can kill the elder of banbu emperor Zunjing. He can't stay!

Otherwise, there will be variables in the future. In order to avoid a long night's dream, ye Chen must be killed today!

In a flash, the dreams of Wang Kun, Cui Yue and Li Lu's family were dashed. They even felt the breath of death in front of them. They looked at Ye Chen in shock, and their body trembled. They cried in unison, "Ye Chen is a bloodthirsty son, just like a demon God, and must be killed on the spot!"

Ye Chen has ye Shitian's powerful fighting power!

We must kill on the spot!

Li Lu Chao Xingtian Dan Zun and others clasped fists and trembled. "Dan Zun, ye Chen dares to disobey your God's order. Please kill Ye Chen on the spot!"

"You go down first!"

Xingtian Dan zunsha looked at Ye Chen meaningfully, still full of disdain, and said with a sneer: "do you think you can continue to be rampant if you kill a guy who is in the emperor's territory? I will do it myself and kill you

Originally, I also planned to waste Ye Chen and let Ye Chen refine pills all his life.

But since Ye Chen has the strength to kill half step emperor, the variable is a little big, and it can't be left.

The most important thing is, ye Chen unexpectedly let Ling Yidan Zun not to hand!

It's just looking for death!

Ye Chen is nothing without the spirit of a Dan Zun!

Between the words, the three danzuns and other powerful family members one after another to the direction of Ye Chen, lock Ye Chen's escape route!

Three elder guests of the Cui family, one Dharma protector and five powerful members of the Li family, and four half step emperors of the Wang family, all of them, have come to Ye Chen's eyes and take out their weapons. As long as Dan Zun orders, ye Chen will fall in an instant!

"You are really going to rebel

, "do you think Dan Xu has the final say?"

Lingyi danzun can't help it! Drink it!

Even if there is boundless spiritual power gushing out, it is still too thin.

Too many strong hands!

If he wants to protect Ye Chen, it is very difficult!

Because Xingtian Dan Zun and Kunwu Dan Zun are covetous!

He finally understood why Xingtian danzun held the Dandao contest in advance!

I'm afraid a very important reason is Ye Chen!

It's just a Hongmen banquet!

"Lingyi, your opponent is me!"

Kunwudan stepped forward, and the starlight flowed all over his body, and the eighteen week Sky Sword array appeared behind him!

He was also in the middle of the emperor's reign. He and Lingyi were the four layers of heaven in the emperor's Zun territory. His breath was full of vitality and his sword array's blood was helpful to him. He was strong enough to fight against the emperor's five layers of heaven. At the moment, he stares at lingyidan Zun!

"Lingyi, do you think you are alone in danxu town?"

"now, we have the five has the final say!"

Kunwu Dan Zun also sacrificed weapons, a big blue tripod, overflowing infinite Tao Yun, and staring at lingyidan Zun!

"Ha ha ha ha!"

"Lingyi, you didn't expect to have today?" Xing Tian Dan Zun burst into laughter, everything seemed to be in his hands, "some time ago, I wanted to kill Ye Chen, you blocked me. But now, I'll see what you can do

The same as Dan Zun, one-on-one, not necessarily who lost who won!

But three to one, one spirit and one Dan will be defeated!

"White fog!"

Lingyi danzun looked at the white fog danzun, examined the surrounding situation, and said again: "today, I want to protect Ye Chen!"

In his hand, the spear in his hand circulates infinitely, and the green light is shining everywhere. "Those who are in danxu town still listen to my order, and come to the stage to protect Ye Chen!"

As soon as the voice dropped, there was a riot in the crowd.

Soon, the strong men of the Luo family and Luo Wuyuan all went to the challenge arena, but no one in the crowd stood out!

"Lingyi, you can't see the situation clearly!"

"This is the general trend, we are the general trend, you obediently hand over Ye Chen, you are still the guardian of danxu town! How about staying in your danxu tower

Xingtian Dan Zun sneered constantly.

"Or, you can shoot Ye Chen yourself!"

"Otherwise, you and all the Luo family will be destroyed!""You think you can stop the three of us? The Luo family can block the three families

"White fog!" The spirit calls again and again: "you still don't move!"

Bai Wu Dan Zun took a look at Ye Chen and his eyes were shining.

This is the best time for ye Chen to get the news of Ye Shitian.

If lingyidan Zun really saves Ye Chen, with this boy's temper, surely won't tell the secret!

So at this time, the white fog Dan Zun wavered!

The only thought in his heart is to take ye Chen!

After a few seconds, he sighed: "spirit one, hand over Ye Chen! Otherwise, it may cause a bloody battle today. It's not worth it for ye Chen alone! "

He said slowly, "we don't win at all in the current situation."

"You Ling Yi Dan Zun Lu was speechless, and said, "remember what you said!"

Ling Yi Dan Zun stepped up to Ye Chen and said, "you go quickly. I'll fight for the situation in front of me. I can send you away!"

He solemnly took out a jade pendant and gave it to Ye Chen and said, "please tell elder Lin Qingxuan that the only thing I can do is to escort his disciples away. I can only repay his kindness in the next life."

Ye Chen did not accept the jade pendant, but calmly glanced at more than ten strong men and three Dan zuns, "you waste, really think you can kill me?"

Kunwudan respectfully hummed: "today, I am the top strong man in most danxu town. I want to kill you!"

"is that right?"

Ye Chen didn't care about the powerful emperors in front of him. When he was crossing the robbery, he didn't give all his strength, even only a quarter of his strength!

He is absolutely sure that he will kill all the monks in front of him!

"Since you're on together, I'll pick all of you today!"

"It's just that you all come together to save me from killing you all over the place!"

"Mr. Ye!" Luoyao falls on the challenge arena with Luo Wuyuan. She picks up the jade pendant and says, "let's go quickly."

"There are so many powerful emperors, you can't fall here!"

"Let's go quickly, or the sacrifice of father, elders and Dan Zun will be in vain!"

Chapter 1083

Ye Chen gently patted Luo Yao on the shoulder and said with a smile, "do you believe me so much?"

After saying that, ignoring Luoyao, he went directly to the center of the challenge arena, looked around all the enemies and the scattered monks who had left in the distance, and said, "almost, come out, set up the array and kill all of them!"

All of them were still in a daze, and there were four sword lights shining between heaven and earth!

The sword light connects the heaven and the earth, representing the four attributes of wind, thunder, gold and fire. It is like four divine pillars that emit countless sword Qi. It blocks the space of ten thousand meters in the arena crisscross. It is the sword array that ye Chen blocked the genius of Huang family!

Under the four pillars!

There are four young men with weapons in their hands. They are Huang 5000, Huang zhantian, Wanyan, and another top power!

Their whole body exudes the breath of eternal antiquity. Their black hair dances wildly, and they are magnificent. The cultivation of the nine layers of heaven in Daoyuan state releases the breath, but they are like the emperor who respects the strong state. They are like four divine generals stationed in the four corners of heaven and earth!

At the next moment, they held fists and said, "master ordered us to listen to master Ye Chen's mobilization. At the moment, the sword array has blocked the space!"

"Ask the master to give orders!"

Hoo Hoo Hoo!!

Whoa!!

Luo Yao took a long breath and said in surprise: "Mr. Ye actually borrowed ye Shitian's four subordinates. Instead, he arranged a large array to capture all the three families and the three danzuns."

"That's crazy, isn't it?"

"It's Mr. Ye."

Kunwu danzun, the fifth danzun and Xingtian danzun looked at Huang zhantian and others in a gloomy look. Their weapons in their hands have been transferred to the God chain of order.

They did not expect that ye Chen actually borrowed these four people.

It is difficult to kill Ye Chen!

"You wait for orders!"

"With the power of sword array, kill all the people under the Li family, Cui family and Wang family emperor's respect!"

"As I said, three families will be destroyed!" Ye Chen ordered blandly, a burst of loud voice came out, pieces of gold fragments flying, pasted on his body, a set of gold armor emerged!

Ye chenxiong is vigorous, heroic and magnificent, the unity of heaven and man, one breath and one breath, the light of reincarnation covers the heaven and earth, like a god of war coming from ancient times!

This exuberant gas engine, like a starry River surging, is extremely terrifying. It is hard to face up to it!

He used the real cultivation, waved the star sword, pointed at the Xingtian danzun, "kill!"

In an instant, the war broke out, and the two sides were looking for opponents in the realm of emperor Zun, Daoyuan and even Xuwang!

"Little bastard!"

"I'll shoot you today!" Xingtian danzun opens his mouth and spits out a Guqin. He plays it with his left hand, and a sound wave flies out. It is as sharp as the way of heaven. He splits a crack and wants to swallow Ye Chen into it!

With his right hand, he controls a big blue tripod with a flash of blue light and a flash of dragon shadow. He crosses a hundred Zhangs away like a great steel wall, which is extremely strong. Then, with a light sound, the Dragon sings for nine days, and cooperates with the sound wave to kill Ye Chen!

Ye Chen's body crossed, and a great steel wall was hanged and killed, sweeping down a piece of green light, forming a piece of ruins!

If ye Chen hadn't flashed quickly, he would have been injured under such a strike!

Ye Chen presents a star sword, which turns into a thousand star sword and kills Xingtian danzun!

Thousands of stars will fall from the sky, but the sky will be destroyed by thousands of stars!

Bang bang!!!

The violent explosion let Ye Chen and Xingtian Dan Zun all blast back!

The two men are playing neck and neck for the time being!

"No way!"

"If we drag on like this, even if I destroy them all, the Luo family will lose a lot." Ye Chen's eyes scan other battlefields. The emperor of Luojiadi is besieged. Luo Wuyuan and others are besieged by Wang Kun and Li Lu. I'm afraid they won't last long!

He said in the tomb of Samsara: "Master blood, lend me some strength!"

Blood seven night silence for a moment, the way: "good!"

After the battle, you will be able to complete the battle! It's just that your body has to endure endless blows

After saying that, the blood seven night God thought pale a little!

Thank you Ye Chen's whole body is shining with nine kinds of light, the sound of loud clang is endless, one after another light is attached to the golden armor, the breath of reincarnation is blooming, and the earth shaking!

At this moment, Ye Chen's power has been comparable to the emperor's dignity!

He holds the star sword in his right hand, and swings it with a fist from his left hand. It is majestic, and he fights against the sky with the roar of blood dragons!

"What!"

"How can your breath become emperor's realm! Who the hell are you! impossible! No way

Xingtian Dan Zun's face changed greatly. He waved the big green tripod and pulled Kunwu danzun over!

"Xing Tian, what do you do?" "I'm attacking Lingyi, soon --"

CLICK!!

When Kunwu danzun was talking, his bloody fist suddenly killed him, and all kinds of forces penetrated his body.

Bang bang bang!!

A series of explosions!

Kunwu danzun was fried into flesh and blood on the spot, and the spirits were destroyed in an instant!

A generation of emperor Zun, four layers of heaven's Dan Zun, this fall!

Just at this time, all the soldiers turned back in astonishment and gazed at Ye Chen, who stood proud and proud.

Boom!

Ye Chen smashed the three elder Cui jiakeqing in a row. When he was in a state of no man, his incomparable flying sword leaped out and penetrated the four strong men of the Wang family!

Seven strong!

Under Ye Chen's two moves, all are destroyed!

At the same time, Jianwei diffused and wiped out 30 or 40 Taoist monks from the Cui family and Wang family!

The ground was bloody, with broken limbs and broken arms everywhere.

I thought that the three great danzuns and the three big families who had won the victory were beaten by Ye Chen. Almost all the Daoyuan and Xuwang realms were destroyed!

"No, ye Chen!"

"You're killing me!" Cui Yue suddenly knelt down on the ground and kept kowtowing and shouting: "I'll kowtow to you and apologize. You'll kill me..."

However, ye Chen has no intention to keep his hands at all. A wave of killing will sweep over and cut off Cui Yue's waist, and the spirits are all worn away!

Huang zhantian and other four people also stopped attacking, and each stood at the four sides of the sword array, staring at Ye Chen, who was fighting like a divine general.

Wanyan broke the army and smacked his tongue, "master, this cultivation is too terrible! No wonder I can kill six people of the blood spirit clan. Even if I send the elder Taishang to fight, I will not be the master's opponent! "

The master is so powerful that even the old people can't resist it!

"The master is so young that he has such accomplishments. He is destined to be the chosen one against the blood spirit clan!"

Outside the sword array, Ruohan looks at this scene and thinks deeply. He decides that after the war, he must consult Ye Chen about something.

Ye Chen is the only one she has ever seen who is qualified to open that thing!

It's about China! It's about Kunlun Xu! It's about the blood spirit clan!

Chapter 1084

Ye Chen gently patted Luo Yao on the shoulder and said with a smile, "do you believe me so much?"

After saying that, ignoring Luoyao, he went directly to the center of the challenge arena, looked around all the enemies and the scattered monks who had left in the distance, and said, "almost, come out, set up the array and kill all of them!"

Ye Chen is the only one she has ever seen who is qualified to open that thing!

It's about China! It's about Kunlun Xu! It's about the blood spirit clan!

Chapter 1085

And now.

In the sword array, Luoyao is trying to attack the enemy. Ye Chen's sword wave sweeps by and kills all the enemies in the virtual King's territory in front of her.

Seeing this, Luo Yao took a long breath. In a flash, however, she cried out in a loud voice: "Mr. Ye, I know you are good. You won't leave me some opponents!"

She put her hands in her waist. "I didn't expect you to be so powerful just now

"Really, I'm worried about it for nothing!"

Ye Chen didn't pay any attention to Luoyao's words. He waved the star sword, and the sword wave swept up and down the sword array. His incomparable strength was unparalleled in the world!

The three families of Cui, Wang and Li all fell under the sword wave of Ye Chen, and their spirits were all wiped out, no matter whether they were in the state of banbu dizun, Daoyuan or Xuwang!

Luo Wuyuan was surprised to see everything in front of her!

The other five strong members of the Luo family gave a bitter smile. The three big families even wanted to kill Ye Chen?

This is a joke!

Ye Chen's strength is more than enough to wipe out the whole danxu town!

The key who can think of this just a few months of time, ye Chen has grown to this point!

A moment later!

Ye Chen's strength gradually dissipated. There were no other than Xingtian Dan Zun and the fifth Dan Zun standing in front of him. Both of them were injured, and their cultivation was defeated by him!

"Ye Chen, you little beast, didn't expect..."

"Ye Chen, I admit that you are very strong, but if you kill like this, sooner or later, you will surely die, and you will die without a whole body!"

Two Dan Zun spurt a mouthful of blood, originally thought can kill Ye Chen instantaneously, did not expect, is about to be killed by the second is oneself!

The key is why Ye Chen's strength is suddenly so powerful!

It's like a different person!

What kind of ability is hidden in this boy's body!

The injured Kunwu danzun was killed by Ye Chen instantly!

How could ye Chen be the enemy of Ye Chen?

Every time they think about talking to Ye Chen before, they feel ridiculous, and their faces are also hot!

I didn't expect that the ants that could be removed by waving their hands have grown to such a terrible degree today!

"Ye Chen!"

Ling Yi Dan Zun came forward with a trace of blood on his lips. He sighed and said, "kill all of them!"

Disappointed, he looked up at Ye Chen and said, "danxu town is no longer the danxu town in those years. Only by your means can danxu town regain its former glory! From this moment on, you are the guardian of danxu town and the master of danxu town! "

"Good!" Ye Chen held the star sword and the dragon sword in both hands. He was full of blood and threw the two swords out!

Xingtian Dan Zun never thought that Lingyi danzun would issue such an order!

Kill directly!

Crazy!

His eyes widened, staring at Lingyi danzun, and he roared: "Lingyi, do you know what my accident means! You and ye Chen, the little beast, don't want to live

"The strong ones of the blood spirit clan will eventually dominate the whole Kunlun void. There is still a year, even a year, that we don't need! Do you think your strength alone can stop it? "

"No! Even if you step into the realm of emperor, in the eyes of the powerful, they are as small as dust! Ha ha ha

A burst of laughter resounded.

Ye Chen listens to the words of Xingtian danzun, but shakes his head helplessly. He has no intention to stop: "your nonsense is finished, and I will personally send you on the road!"

Hua ~ ~

Hua ~ ~

the two streamers pierced the chest of the two danzuns. As the elixir fields were broken, the swords blossomed and their spirits were destroyed!

Two danzuns!

Fall at the same time!

Ye Chen took back the sword and withdrew the sword array. Instead of looking at Baiwu danzun, he looked at countless onlookers in the distance. His voice was loud and loud, "from now on, there will be no Cui family, Wang family and Li family again! The other three families will come forward and surrender, or they will be killed on the spot! "

Ye Chen did not like these families.

He is not a killer, but he knows that these people are threats after all.

Killing threats can solve a lot of trouble.

The rioting crowd gazed at Ye Chen, who was like an immortal, and immediately calmed down.

Among them, three or four hundred people walked out slowly, all with a bitter face, or stood up in sorrow. Almost all of them were young people, or some very old people and old women. Their accomplishments were all in the realm of the virtual king, and most of them were in the holy or transcendental realm!

They are all the younger generation of the Wang family, the Li family and the Cui family, or the partial branch of the industry. Their accomplishments are not high, but they are engaged in the business of various industries.

After wandering and gazing at each other, more than 300 people knelt down and cried, "we are willing to leave the family. We even swear by blood essence that we will never attack Mr. Ye."

These words are, of course, true. They saw Ye Chen's horror. They didn't dare to revenge.

What's more, there is a more terrible elder martial brother behind Ye Chen, ye Shitian!

If ye Shitian and ye Chen join hands, in addition to those top forces in Kunlun Xu, who dares to move these two people!

Ye Chen did not pay attention to these people. Instead, he set his eyes on lingyidan Zun and said, "I can feel that there are still some killing intentions on the periphery. These people should not stay here and kill them directly."

"What's more, you should know the details behind the three dead danzuns. Now it's a very important thing. These resources are very useful to me!"

Xingtian Dan Zun, the fifth Dan Zun, Kunwu Dan Zun!

The three great danzuns have been in danxu town for many years, and their accumulated materials will surely be enough for ye Chen to break through again!

Lingyi danzun nodded: "even if you don't say it, I will help you deal with it. Among these three people, there are many treasures in the collection of Xingtian danzun. You can send someone to go with me, and this is what you deserve!"

Ye Chen knows the good intentions of Lingyi danzun, and bows his hand and says, "Ye Chen thanks lingyidan Zun here."

Lingyidan reveres the Mou son to coagulate slightly, did not speak again.

Then, ye Chen's eyes fell on several people's bodies and said, "Huang zhantian!"

"Wanyan breaks the army!"

"How many of you, go to the place where the three great danzuns are located and bring all the items to me!"

Ye Chen orders, the whole body light gradually dissipates, the blood and the evil spirit are like two ancient lines around, the divine power is magnificent.

He then said: "Huang wugun, you are responsible for going to the Wang's and Li's and collecting all materials. As for the property, the Luo family will accept it!"

At this moment, ye Chen defeated three families and three danzuns!

There is also the affirmation of Lingyi danzun, who is still the true guardian and owner of danxu town!

All the materials and industries in danxu town can be transferred at will!

The key to the whole danxu Town, who dares to attack Ye Chen or not!

It's just looking for death!

"I'll wait for your orders!"

Huang zhantian and other people flew in one direction.

They know what they should do!

Chapter 1086

Lingyi danzun also acquiesced to this move, and said: "Ye Chen, the meeting of the elixir has changed. The original hundred spirit elixir of ancient times should be given to the two families. I think it will be given to the Luo family and the Shen family. Let me and the white fog danzun refine it

He took a meaningful look at the white mist danzun.

For this critical moment, the guy who is wise to protect himself at this critical moment is greatly reduced, but he still keeps his Dan Zun name!

Three great danzuns were killed in the battle. If Baiwu danzun was also dead, danxu town would be empty in space, and its external prestige would be greatly reduced. If ye Chen left, danxu town might be in a slump! It may even be taken advantage of by other sects.

"I have no problem."

When ye Chen finished answering, he looked at luowuyuan and Luoyao, and continued: "you are the inheritors of the other three families. After that, in danxu Town, you can listen to Lingyi danzun's instructions, and he can represent me! "

"Thank you very much, Mr. Ye."

Luo Wuyuan clasped his hands.

"By the way, Mr. Ye, I'm afraid I'm tired from the war today. I'd like to go to my Luo's house to have a rest. My Luo family has prepared a banquet, so it's supposed to be a welcome to Mr. Ye!"

"No need!" Ye Chen said: "I want to go to a thousand unique city!"

Looking at Lingyi danzun and Baiwu danzun, he said, "the three great danzuns are dead. Danxu town will be empty for a period of time in the future. You can train young alchemists as soon as possible!"

"Yes Bai Wu Dan Zun bowed his head and clasped his fist, and did not dare to have any more thoughts.

He also had some PEEP on Ye Chen and ye Shitian, but Xingtian danzun and others died in Ye Chen's hands.

How dare he do it to Ye Chen!

"Don't worry. I can take care of danxu town. In addition, if you see Mr. Lin Qingxuan, please wait for me to say hello! " Lingyi danzun pauses for a moment and says, "only with his permission can I visit him."

"So, ye Chen, please!"

"If you don't see him again, please don't ask me again!"

Hearing this, ye Chen understands that Lingyi danzun is a grateful person.

However, Lin Qingxuan's spirit has disappeared from the samsara cemetery. To see Lin Qingxuan again, unless he kills the blood spirit clan and saves the hundred great powers, but now, the exact location of the blood spirit clan is still unknown.

Even ye Chen doesn't understand that the blood spirit clan is a special monk in a mysterious place.

It's a huge power all over the world.

All these can only be found in the old Huang family. At the beginning, the old Huang family introduced the blood spirit family. If you want to know the specific situation of the blood spirit family, you must interrogate the Huang family ancestor!

"You'll see the master!"

"But it's going to be a long time!"

Ye Chen brings Lingyi danzun and Baiwu danzun, luowuyuan, and the five strong men of Luo family into a room.

He glanced at everyone and said, "you should know about the blood spirit clan?"

"Blood spirit clan!"

Luo boundless pupil enlarges, faintly feels some fear.

The other five strong Luo family members also sighed and were suppressed by their terror.

Seeing their paintings, ye Chen turned to Lingyi Dan Zun and Bai Wu Dan Zun and asked, "you should know that Kunlun Xu sends 100 powerful emperors to the blood spirit clan every 100 years!"

"Of course I know!" Lingyidan Zun was furious when he heard this!

"Yes, but no way!" Baiwu danzun seems to have lost his fighting spirit and seems to be very insipid. He seems to feel that it is impossible to change the situation, so he is muddled and has no expression any more!

Ye Chen thought for a while, and then prepared to tell them the intention in his heart!

He said: "a year later, it is the time to transport 100 emperors to respect the realm of genius. However, there are six blood spirit clansmen in the blood spirit secret place, you know that! "

"Yes!"

"Yes, those six bastards!"

Luo Wuyuan and Lingyidan Zun are full of resentment towards the six people.

Baiwu danzun was more calm and said: "every time the secret place of blood spirit is opened, the six of them will plunder the life Qi of young people to continue their own body. This seems to be normal."

Ye Chen took out a bloody head, outlined a smile on his lips, and said, "naturally, I will not allow them to live. In the secret place of blood spirit, I have killed them!"

He put his head on the table and motioned for people to look at it.

"What!"

"The head of Xueling people in the middle of emperor Zun's reign has the smell of Xueling clan on it!"

Bai Wu Dan Zun and Ling Yi Dan Zun first saw the source of their heads and looked at Ye Chen in horror!

Ling Yi Dan Zun was shocked and hard to calm down. He said, "you really killed those six people of the blood spirit clan!"

He really had nothing but fright.

He knows the strength of the six men better than anyone else!

How can ye Chen kill those six people!

Is it that ye Chen's realm has reached the peak of Kunlun Xu? impossible!

At the moment, the heart of Lingyi danzun is full of infinite doubts.

The white fog Dan Zun is also good not to where to go, in the heart's uneasiness is like the wave undulating unceasingly.

He was glad that he didn't stand by the side of Xingtian danzun at the beginning.

If ye Chen hands, I am afraid he has become a corpse.

Ye Chen is a madman!

Blood spirit people dare to kill!

This is a complete madman!

Is Ye Chen not afraid to be cleared by the Xueling people a year later?

Baiwu danzun hesitated for a few seconds, and then he said, "Mr. Ye, there is something you may not know. If there is an accident among those six people, the blood spirit clan will surely feel it. At that time, if a real strong blood spirit clan comes, their first target will be Mr. Ye, you

"People of the blood spirit clan, kill them

"What's to be afraid of!" Ye Chen's indifferent eyes scanned all of them, and then calmly said, "Kunlun Xu has been subject to the blood spirit clan for too long. There's no need to surrender! "

He took out Han Yun's jade pendant and the ring of vice patriarch given by Ruo Zong.

He put it on the table, and the jade pendant sent out spiritual light. One by one, a virtual shadow of a green dragon appeared, and the ring was shining. Then, in a flash, a virtual shadow of a hundred holy medicine appeared. The two virtual shadows, each emitting spiritual power, shocked people!

"Han Yun's green dragon jade pendant!"

"The vice Lord ring of the holy grass hall!"

When they looked up at Ye Chen again, they were in a trance, with shock and surprise in their eyes, but they didn't know why!

Ye Chen such action, is for oneself adds the convincing power!

Han Yun!!

At present, the only people who participated in the war in Kunlun County!

His cultivation is terrible. Many high-level people think that Han Yun is the most familiar with the existence of Xueling clan in Kunlun!

As for Shengcao hall, before the ancient war, the most magnificent sect of miraculous medicine mastered 40% of the supply of miraculous medicine in Kunlun. In ancient times, Kunlun was defeated and lagged behind, and Shengcao hall was hidden from the world. However, all kinds of materials, headmaster's keepsake and Deputy headmaster's Keepsake can't be patterned, they are still circulating in Kunlun!

Chapter 1087

Now, ye Chen has the holy grass hall and Han Yun Keepsake!

Is it not to say that master Han Yun and the holy grass hall have already supported Ye Chen?

This will greatly increase the two Dan Zun and Luo Wuyuan to support Ye Chen's plan. After all, ye Chen doesn't give any cards, and it's impossible for people to take the whole family and fight with Ye Chen to fight for the blood spirit clan with Ye Chen.

Lingyi Dan Zun asked, "here is the jade pendant of master Han Yun. Is master Han Yun cured? "

"Master Han Yun, you are not sick at all!"

"As for the vice Lord's ring, it would have been given to me by the Lord!"

"In fact, I have already discussed with them. This time, I will resist the blood spirit clan!" Ye Chen's calm eyes look down on the people, but give them an infinite pressure, as if a supreme existence in overlooking them!

Ye Chen said again, "you are my first stop against the blood spirit clan."

"I will gradually unify danxu Town, qianjue City, qingxuanfeng mountain and killing place, and integrate the whole Kunlun Xu to fight against the blood spirit clan!"

After hearing Ye Chen's words, lingyidan Zun was silent for a long time, then he sent a voice and asked, "if I guess correctly, elder Lin Qingxuan is also supporting this matter."

Ye Chen hesitated for a long time, or nodded: "I am his hope against the blood spirit clan."

"I see!" Lingyi danzun immediately stepped back, clasped his fist and said, "I Lingyi, I would like to contribute to the people who killed the blood spirit family. Since then, the town of danxu is mainly Ye Chen. I help Ye Chen manage danxu town and embark on the road to fight against the blood spirit clan."

He took a long breath and said with joy, "for thousands of years, someone has stood up and raised the flag against the blood spirit clan!"

"White fog!"

"The blood spirit clan has oppressed us for so many years. It's better to die upright than to live in servitude."

Lingyi danzun immediately stood in front of Ye Chen and said, "don't worry, danxu town is mainly based on you, and it will also become your strong supply point."

He said in his mind: fighting requires pills and miracles!

Holy grass hall is in charge of miraculous medicine, then I am in charge of pills!

Vow to follow Ye Chen and fight with the blood spirit clan to the end!

"Good!"

Baiwu danzun nodded suddenly, and his eyes recovered a little. "I've been muddleheaded for so many years, and I've lived enough. Even if I'm going to die, I have to do my best for Kunlun Xu! Ye Chen, you are the first person to raise the flag. I will respect you in the future

Look at the vast Kunlun void!

Who dares to resist the blood spirit clan?

Huang family? Daozong? Or the top forces?

The Huang family is a dog of the blood spirit clan!

Daozong did not dare to fart a fart when he saw the blood spirit people. The rest of the small families were scared when they heard the word "Xueling clan"!

Now, only Ye Chen has the courage, courage and strength to erect the banner against the blood spirit clan!

"Since the two danzuns have chosen this way!"

"How can I refuse?" Mr. danluo, you are the master of all kinds of medicine. You are the master of the Chinese medicine

"But, the top strong in our family, the combat power is too low."

"I'm afraid it will be useless to go to the battlefield in the future, so let them make alchemy together."

Hearing this, the five elders of the Luo family couldn't help laughing bitterly. The master of the family was right. Their fighting power was all part of Ye Chen's killing. It's not suitable to go to the battlefield. It's OK to practice pills!

"I will pass down the alchemy formula!"

"It makes it easier for you to refine elixir, tianwu pill, huangquandan and other pills that can improve your strength quickly!" Ye Chen concluded: "in short, you have two goals now! First, cultivate more alchemists and refine a lot of pills

"Second, quickly cultivate a large number of Taoist monks from the source of Taoism!"

"After that, I'll figure out a pill that can make daoyuanjing quickly promoted to Emperor Zun realm, and then give it to you to refine!"

Ye Chen's words today are mainly to completely conquer danxu Town, and let the two danzuns and Luo family have a preparation and direction to fight against the blood spirit clan!

At the same time, use a large number of alchemists in danxu town to refine pills!

One year later, the blood spirit clan comes and solves it by yourself!

"I'll wait to understand!"

"Don't worry about it!"

Luo Wuyuan and the two danzuns have expressed their opinions!

Ye Chen took out several alchemy formulas, which were all obtained from the power of the previous reincarnation cemetery. Two were Daoyuan level alchemy, and the other was imperial alchemy. With the alchemy level of the two danzuns and luowuyuan, it would not be long before he could understand them.

At that time, they will refine the ancient elixir, and their efficiency will not be much worse than themselves.

"Well, that's how it is!"

"I have the house of light and the house of darkness. The dark hall is responsible for eradicating those small families that have joined the blood spirit clan! "

Ye Chen said, "I will let ye Lingtian, the person in charge of the dark hall, contact you. You are responsible for providing them with pills." He put away Han Yun's jade pendant and Ruo Lord's ring and said, "as for the Guangming hall, the main body is the Shengcao hall, and danxu town is now included in the Guangming hall! Later, I will ask the person in charge of the hall of light to contact you! "

"I need to deal with the problems of the Huang family. I don't have much time to ask about the situation of the two halls, but I don't want you to have a conflict!"

Ye Chen gives a brief account of the situation, and then informs ye lu'er and ye Lingtian with the technique, asking them to take the bright hall and the dark hall to danxu Town, with danxu town as the main base!

"Master

"Master, the elixir and all kinds of pills have been brought back!"

Wanyan broke the army and Huang zhantian came back one after another. They handed over three storage rings, which were filled with Xuanshi and various weapons, miraculous drugs, pills and so on!

Ye Chen takes a look at it. He sweeps his spiritual consciousness and is slightly surprised.

The heart is dark smack tongue.

The three great danzuns are so rich!

The three great danzuns have lived for thousands of years, and the inside information of any one person is far more than that of the middle school!

It can be said that every Dan Zun walks in the treasure house, but no one will take the initiative to offend Dan Zun. Ye Chen is an exception.

Now ye Chen, with a word to summarize - that is to fall into the vault!

"Qianxuan pill!"

"Wan Zhu Cao, Wu Dao Dan!"

Ye Chen from the three Dan Zun storage ring, respectively take out three pieces of treasure, enough to let him understand a path of miraculous medicine and pills!

He looked at lingyidanzun and others and said, "you go to refine the ancient elixir and give it to the Luo family and Shen family. At the same time, you can find three alchemists to take over the position of the three great danzuns! The operation of danxu town has started completely! "

"Now, I'm going to shut up and impact on the next state of Daoyuan state!"

See this, two big Dan Zun and Luo Wuyuan, five strong Luo family, leave together!

They need to be in charge of the rest.

Huang zhantian and other three people guard Ye Chen outside the door, and contact ye Lingtian and ye luo'er to come!

Chapter 1088

In the house!

Ye Chen took a deep breath, and then took out qianxuan pill. His eyes swept over the pills covered with Dan lines. He didn't talk nonsense. As soon as he took it orally, he felt that innumerable Daoyun exploded in his body and filled the whole elixir field, greatly improving his cultivation!

At the same time, wumie Kendo emerges behind Ye Chen!

This "Tao" has been perfected. To the extreme, ye Chen needs to perfect a new one!

The way to kill!

From the third great power in the samsara cemetery, the "Dao" of killing Daojun was

after the Daojun killed the Dao Jun and passed it on to Ye Chen, the deity disappeared.

This one leaf Chen only ponders over the fur, which is far less than the profound cultivation of Bu Mie kendo. But now, a breakthrough needs to be improved, and ye Chen chooses the way to kill!

The main way of killing is to kill. The killing power is still above the immortal sword!

But it is very difficult to practice. Only by taking the elixir containing Tao can we speed up the cultivation and perfection!

And qianxuan pill!

In terms of quality, it is a high-level elixir, but the effect is far above the ancient hundred miraculous elixir. Such a pill is enough to make the Taoist priest take it, and then it can be directly promoted to the eight level heaven of Daoyuan realm! But for ye Chen, after taking it, he can only perfect the way to kill!

Besides, Kunwu danzun only has such a qianxuan pill, which should be obtained by accident!

The alchemy of Kunwu danzun still can't refine this level of elixir!

Soon!

Ye Chen refined qianxuan pill. He was haunted by the ancient twists and turns. Behind his back, he suspended the way of killing in immortal kendo. He dropped more than a thousand terrifying sword Qi, just like the reincarnation of a fairy king. The breath of terror was like waves!

He then took Wan Zhu Cao and Wu Dao Dan!

.....

A few hours later!

A strong breath fills the whole danxu town!

Ye Chen sits cross legged. His closed eyes suddenly open. His body is full of light, just like a dragon reborn from the fire. He has infinite divine power. Behind him, there are the ways of killing and immortal kendo. All kinds of murderous swords are falling down, which makes the heaven and the earth sing for him. The divine power is so vast that the heaven and the earth are shaking!

Huang zhantian gazed at Ye Chen and said happily, "master, it's a breakthrough again!"

"If the master breaks through the source of Tao, he will have such divine power." Wanyan broke the army is also shocked to the extreme, "I don't know when the master will cross the realm of dao zun! Will the whole Kunlun void change at that time? "

At the time when people were shocked, a figure with blood stumbled out.

When he saw the man covered with blood, Huang zhantian and Wanyan broke the army and his face changed greatly!

Because the accident is not someone else, but is arranged by Ye Chen to Cui's yellow five gun!

"Huang Wu gun, what happened! Don't disturb the master's breakthrough! "

Huang zhantian steps out and quickly holds Huang Wu gun, but ye Chen breaks through the door of the room and pushes it open.

Huang wugun didn't pay any attention to Huang zhantian. Instead, he looked at the cross legged boy who was full of violent atmosphere and said: "master, four emperors and powerful people have sprung up in Cui's residence. I am defeated!"

Huang Wu gun runs over with blood all over his body. He ransacks the materials of the Wang family and the Li family. When he passes by the Cui family, he is attacked by Cui Jiaqiang and others!

At the moment, he had broken many internal bones. If not for his profound knowledge, he would have fallen in the face of the fierce attack of four powerful men who were almost equal to the emperor's dignity!

Whoa!!

Ye Chen instantly convergence breakthrough breath, but also stand up, looking at the direction of the Cui family, divine power shining sky, "Cui family remaining evil?"? Even my men dare to move? "

"In that case, just erase it!"

"I want to see if the blood spirit clan can protect them!"

A cold killing opportunity spread out in an instant!

"Huang Wu gun, you stay here to heal!"

"I'll kill the Cui family!"

Ye Chen explained that he went straight to the Cui family. After entering the Daoyuan realm, his speed was even faster. The huge danxu town seemed to be just a little distance under his feet, and he soon came to the Cui family's mansion!

Now, Cui's house is in a mess!

Women and children are running for their lives everywhere. Some of the guys who enter the Holy Land and the holy King's realm are following the four Cui family elders with weapons. They are confronting Luo Wuyuan and the five top powerful members of the Luo family!

Four Cui family elders!

However, they are the four elders of Cui Ming who are hiding. Because the Cui family turned to the blood spirit clan, they survived.

At the moment, the breath of the four people is terrible to the extreme!

"Ye Chen, you are here at last!"

Luo Wuyuan looked at Ye Chen and said, "the elder of the family said that these four old guys had been killed for the blood spirit clan in those years, but they survived. It seems that the Cui family has also joined the blood spirit clan!"

Ye Chen nodded slightly, glanced over Cui Ming and others, and said, "since you Cui's family has joined the blood spirit clan, then all of you will die!" Join the blood spirit clan?

These rebellious generation, kill nine clans, are light!

At that moment, ye Chen pinched the formula with his fingers, and the power of the divine thunder broke out. The sound of thunder was heard everywhere. You could clearly see the thunder light falling in the sky and splitting into the ground of Cui's family!

Crackling!!

Bursts of burst sound came out, the huge Cui family building immediately turned into ashes!

Cui Ming gives a cold hum and directly sacrifices the long sword. The sword breaks free, and the head of his head resists the thunder light. He looks ferocious and says: "Ye Chen, you have killed me. The leader of Cui family is already the other strong ones. Why don't you let me go?"

He suddenly spewed out a mouthful of blood. Though he resisted the thunder, he was wounded by the civil war!

His hands were full of blood and lustre. He blessed his swords and said: ye Chen, at this moment, is not as powerful as killing the three great danzuns!

But I can't resist it!

Damn it, if I knew it, I would give up my family and not attack that person, or I would not lead Ye Chen here!

Originally, when the four elders of Cui family saw Ye Chen killing the three great danzuns, they knew that they were not their opponents, so they wanted to roll up the cloth and run away. When they were preparing to cover up, the Yellow five guns arrived. They wanted to attack and kill Huang Wu gun, and then they fled immediately!

Unexpectedly, Huang Wu gun blocked their attack and just escaped.

Ye Chen is here to kill God!

"Ye Chen, you let me wait for a way to live. We are willing to give you all the spirit stones, elixirs and pills!"

Cui Mingchang took a breath, and a group of gorgeous blood on the tip of his hands and fingers quietly appeared, and then burst out, just like a most gorgeous blood colored stamen suddenly blooming in the night sky, which exploded the thunder light all over the sky and made a way to live!

"Let's go!"

"Ye Chen, we can't stop it!"

Cui Ming shouts, and then runs away with the three elders!

Face to kill God ye Chen, only run!

"Did I let you go?"

Just as Cui Ming was about to leave, a voice sounded behind him.

The sound was extremely cold.

He even felt bloodthirsty!

Ye Chen!

When did ye Chen appear behind him!

How could it be!

Chapter 1089

"The four of you still want to live in the world. I'm sorry for those who once fought against the blood spirit clan!"

Ye Chen had no pity at all. He suddenly put out his hand, like a God, and clapped it on a bronze tripod suspended on the top of an old man of Cui's parents!

Bang!!

The next moment, the blue tripod burst out!

The Cui family elder suddenly took a mouthful of blood, his whole body bone was broken, and he was weak on the ground. He quickly called out, "Ye Chen, you're going to kill me. I can be a cow and a horse for you! You'll kill me

In the blink of an eye, he was severely damaged by Ye Chen!

It's not an opponent at all. It's extravagant to run for life!

"I don't need it!"

"Die!"

Ye Chen palms fall, such as a piece of blood cloud under the ground, beat it into blood mud, blood and flesh splashed on the ground!

At present, he did not have the means to control the emperor, so he did not accept the surrender of the Cui family elder.

Even if he had control of the emperor's realm, he would not keep his hands on these Cui family elders who betrayed Kunlun Xu!

And now!

The five emperors of the Luo family had stopped three elders, such as Cui Ming, and fought fiercely together!

Ye Chen's eyes fell on the elder Cui Ming and said, "you people, living in the void of Kunlun, waste air. I will send you on the road with my own hands."

The way of killing appeared behind him. His whole body was full of blood. Then he clapped his palm and fell on the top of Cui Ming's double swords. In a flash, the most first light burst out. It was like a round of volcanic explosion, and the magma was in disorder. A powerful murderous spirit swept across ten sides, shaking people's hearts and sweeping the eight wasteland and Six Harmonies!

"Ye Chen, we have no choice but to surrender to the blood spirit clan."

"You just go around us."

Cui Ming yelled, before still thinking of killing Ye Chen, but now it is quick to beg for mercy!

"If you have to, you have to join the blood spirit clan."

"Well, do you deserve those ancestors who fought against the blood spirit clan in ancient times?"

"It is a fact that you have descended the blood spirit clan, so you must die!" Ye Chen will not pity Cui Ming because of this.

Don't let go of the remaining evils of Cui family!

Therefore, the four emperors of the Cui family will die if they respect the strong environment!

Click ~ ~

there are cracks in the body of the double swords, and the blood is overflowing everywhere. You can see that you are about to collapse.

Ye Chen suddenly clapped out another hand and suppressed it!

Bang Bang ~ ~

Cui Ming's whole body burst out thousands of blood holes, and the spirits were wiped out in an instant!

A generation of emperor respected the strong, is so by Ye Chen two palms to kill!

"Ye Chen, your skill has risen to another level!"

"Dao Yuan state, wave to kill emperor Zun territory, this is too terrible!"

Luo Wuyuan gazed at Ye Chen in the distance and sighed, "no wonder he can raise a flag against the blood spirit clan. His talent and combat power, especially the promotion speed, are too fast. I'm afraid that no one in Kunlun will be his opponent in a short time."

He recalled that he had not seen Ye Chen, and he felt funny.

At the beginning, such a peerless monster was let out of the door.

If you had married Luoyao to Ye Chen directly and identified Ye Chen as her son-in-law, you would have been a strong force in the xuluo family of Kunlun!

Luo Wuyuan lamented.

Just when Luo Wuyuan is thinking about it for a long time, there are two bright lights in the distance!

With the sound of two explosions, the two emperors of Cui's family respected the strong men in the four layers of heaven, who were beaten into blood mist by Ye Chen's sword.

.....

After solving the Cui family's affairs, ye Chen is to return to the room, stable cultivation.

Ye Chen sits cross legged and runs the nine day xuanyang Jue, and the blood dragon in his body rushes out of his body.

The whole house was nearly broken.

Helpless, ye Chen can only let the blood dragon return to the samsara cemetery.

Ye Chen consciousness into the samsara cemetery, looking at the blood dragon in the sky, he can feel the blood dragon almost essence.

During this period of time, the blood dragon deficiency shadow absorbed too much blood gas.

Many of these blood gas even are the emperor respected the strong!

This is a great tonic for the blood dragon.

Killing Dao Jun said that the more people he killed, the stronger the way he killed, the stronger the blood dragon was.

It seems that it is not far from the virtual shadow of blood dragon to become a nine day dragon.

At that time, we may have to rely on the blood dragon to save the hundred great powers against the blood spirit clan.

Ye Chen doesn't think much about it any more and continues to practice.

There was no word all night.

In the early morning, ye Lingtian and ye luo'er arrived at danxu town. They met Lingyi danzun and Luo Wuyuan. After a talk, they began to prepare for alchemy and cultivate a large number of experts according to Ye Chen's account!

Danxu town was integrated into one.

On the bright side of the hall of light, the high-level practitioners of the Luo family and Shen family all joined the dark hall. Together with the masters of the holy grass hall, they began to clean up the small families that had joined the blood spirit family under the leadership of Ye Lingtian! Baiwu Dan Zun and Lingyi danzun have blocked danxu town at the same time, to avoid information exposure!

And relying on the resources of the holy grass hall, the three danzuns and the three big families, we began to develop behind closed doors and cultivate the strong on a large scale!

After ye Chen's steady cultivation, he took Huang zhantian and others to the city of thousand Jue!

Half of the city belongs to Huangjia and half to daocong. There are many sects around the intersection of the two forces, such as Linghai sect, Yunhai sect, lingax sect and so on!

Since the last time Luoyao took Ye Chen away, many clans have been in a state of shame!

Dan's been taken away. You're going to be killed!

This is no doubt a disgrace to all major sectors!

But they all need the elixir of danxu town. Naturally, they can't lead people to danxu town.

In addition, the talented disciples of each clan who entered the Xilong pool died, so they had to open a talent contest again to re elect many talents. Then Mr. Jingshui provided Xilong pool to wash the marrow of the talents of all schools!

Thousand Jue square!

Dozens of challenge arena are arranged with each other, surrounded by a large challenge arena of 100 meters long and wide.

As in the last time, all the major sects gathered together to form a new judge, including the elders of daocong and qingluan sect.

At the same time, hundreds of sects gathered, and all the other sects arrived except the Huang family.

"Oh, another talent contest."

"If ye Chen came back, it would be fun!"

Some people recalled: "think of the time, ye Chen killed many disciples of qingluan clan with a sword, and challenged Mr. Jingshui, but he left unharmed!"

"If ye Chen comes, the talent contest will be lively."

"What is Ye Chen?" Someone disdains a way: "this time, ye Chen dares to come is looking for death! Don't you know, all the sects participated in the talent contest. Except Ji Siqing, all the ten great talents of Kunlun came to Qi! There are even powerful clansmen in the hidden world

"These talents are not the last existence, there is no comparability at all. Even if Ji Siqing comes, maybe he can only barely get into the top ten."

Chapter 1090

"I've heard that there are several young people who have already stepped into the realm of emperor's respect! The talent contest this time is not at the same level as the last one! "

"Ye Chen, relative to the top ten geniuses, is absolute waste! Now, at most, it will be the virtual kingdom. I don't know where to hide! Even if they come, they will die! "

"I heard that he killed Xiang's family and disappeared."

"It should have been killed by the Xiang family. But Ji Siqing doesn't know where to go! "

"If Ji Siqing were here, all the ten real talents of Kunlun would have arrived!"

The square was full of people.

The word Ye Chen is very popular.

On the one hand, ye Chen's original performance was too dazzling!

From a waste to a strong one who can suppress many masters!

On the other hand, ye Chen and Mr. Jingshui bet, too ridiculous!

A few months ago, he was brilliant for a few days. Finally, he offended Mr. Jingwho and ran around like a homeless dog.

If it had not been for Luoyao in danxu Town, I would have died.

However, ye Chen's reputation as a little white face is growing. Ji Siqing is in front of him and Luoyao is in the back. In the eyes of people in the city of thousands of Jue, ye Chen is already the top white face with pure essence!

Just when people are talking about it!

In the corner, a young girl and a young girl did not sit on the ground. It was Xiaobi and laoxue from the door of medical God!

Originally, Duan Huai'an didn't want people from the medical God sect to participate in this talent contest, but this time it was jointly launched by daocong, Huangjia and kunxu faction!

All sects, big and small, in Kunlun must be compulsory!

Since the last ye Chen vibration big than, the door of medical God has risen a little bit.

Naturally, they dare to step in.

This time, not only represents the face of the door of medical God, but also represents the Ye Chen behind them!

Qianjue square is full of people, and you can see a person everywhere. They may be the vice leader of the xuzong sect of Kunlun, or the elder of the sect.

With a long sigh, Duan Huai'an's eyes fell on the disciples of dao宗 and yunhaizong, and said, "fortunately, ye Chen's boy is missing and has not come here. Otherwise, if you really come here, you will be in trouble! "

The last time I attended the contest were all disciples from different schools!

But this time, anyone who takes part in the big contest is all the true disciples and even the Taoist disciples of all sects!

Without the cultivation of eight layers of heaven in the virtual Kingdom, you can't participate at all. There are even nine hermit young talents who are respected by the emperor. Their fighting power is much higher than that of Ji Siqing. They are known as the top ten talents of Kunlun!

If it wasn't for that, these people might have disdained to participate.

The young generation who participated in such fierce battles could be compared with the elders of small sects.

This also makes this time the big than threshold of the city is much higher than the last time!

Although there are no disciples of the medical God sect who are qualified to participate in Dabi, they are still forced to be present by the Huang family and dao宗.

"Master!"

"We don't have the qualification to sign up. We have to stay here all the time." Old Xue chuckled bitterly. Last time, he had the chance to sign up. This time, he didn't even have the qualification to sign up. "I don't know what's going on with Ye Chen. I should have a good time in danxu town."

"I heard that danxu town has been blocked to stop external contact."

"It should be something big. After the big match, I will take you to danxu town to find Ye Chen!" Duan Huai'an thinks that since the recovery of the elixir field, his cultivation has been promoted more and more quickly, and now he has reached the seven layers of Daoyuan realm!

It should be enough to deal with some problems.

Just then, several icy sounds rang out.

"Oh, isn't this the door of the God of medicine?"

"You medical gods are really haunting."

A disciple of qingluan sect came forward with the clothes of zhenzhuan disciple on his body, which was very conspicuous.

He has been closed for nearly a hundred years. If it had not been for the illusory events in Kunlun, he would not have left the pass at this time!

He also heard about the thousand Jue City, so this time, he asked to go here on his own initiative!

Only for a snow before shame!

He looked at Duan Huai'an coldly with his hands in his arms and said, "the seven layers of heaven are the source of Tao? Old man, you've been promoted very fast. You've almost reached my level. Why don't you come to the arena with me

"Ye Chen killed many of my younger martial brothers," he said with a cold smile! Today, it happened to kill his master! "

"Besides!" He thought for a while, and said in a strange way: "I heard that the Dantian of Duan Huai'an was abandoned by the people of daojong."

"Why not, I will waste your elixir field again, and then kill you again, let you aftertaste the painful feeling! Well, that's a good idea, isn't it

"How are you, old man?"

"You're still a leader, but your accomplishments are so low. No wonder you haven't even got a decent disciple!" The young man's disdainful look was like a dragon flying for nine days, looking at the ants on the ground!

He hums and hugs his hands and says, "you medical God, you are all rubbish. The only one who can see through is Ye Chen. Yes, that little trash, it's said that the last time the talented Dabi of various sects' disciples was able to pretend, and he cheated Ji Siqing away."

"You'd better tell you ye Chen and Ji Siqing are the women he can't touch!"

"Because he doesn't deserve it!"

"A humble mole ant is not worthy of a proud Phoenix!"

In his eyes, ye Chen is just a coward hiding behind women all his life!

I don't know what kind of overpowering drug he gave Ji Siqing!

Had it not been for Ji Siqing and Luoyao, this scum would have died!

As the true disciple of qingluan sect, his cultivation is far higher than that of his inner disciples, even higher than the elder!

It can be said that there are two levels.

Last time's big contest of various sects, at best, was a contest among younger generations!

This time's zongmen Dabi is the real zongmen Dabi of Kunlun Xuzhen!

All zhenzhuan and Daoist disciples gathered together, and even nine of Kunlun's ten great talents were here!

He doesn't believe it. Ye Chen, this little scum, dares to come!

Even if he came, he would be killed!

As a man of high blood, old Xue couldn't help it any longer. He clenched his fist and gave a big drink. His eyes were red and his blood was rolling: "don't be too crazy!"

"As long as you have enough time, ye Chen will beat you too!"

"You qingluan clan will die in Ye Chen's hand sooner or later!"

Loud!!

A burst of spiritual power dispersed.

The man of qingluan Zong held up two fingers and threw him away with his strength.

He looked at Lao Xue from a commanding position, and said with disdain: "the holy King's territory also dares to fight. I really don't know the height of heaven and earth!"
