Chapter 1101

"No, ye Chen's breath is rising too fast. It's prompting the secret method!"

I've noticed a lot of things in the sect.

Individual leader said: "it depends on Ye Chen, can you hold on to the end of the secret method and kill the twelve leaders!"

"If the secret law is over and you can't kill it Ye Chen, you must die

On the spot, of course, the top six schools are all on!

However, there is a gentleman named Jingshui. He and ye Chen are also enemies. If ye Chen can't kill the twelve leaders and Mr. Jingshui, I'm afraid he will die!

When the war is extremely fierce in qianjue square!

From the ancient times, the two sides will be separated from each other!

The man was full of vicissitudes, but he looked at Ye Chen and said, "Ye Chen, can you stop first? It's not too late to deal with the Huang family first, and then kill these people! "

"Han Yun!"

Ye Chen recognized Han Yun at a glance, "do you dare to stop me?"

"No!"

"It's not blocking, it's just deliberation."

Han Yun slightly bowed his head and said, "among the six schools, there are still some who can serve as the mainstay to resist the power of the blood spirit clan! It's better to go around their lives and let them deal with the Huang family and the blood spirit clan. In the end, it's up to them to see their luck! "

He must be a high-level practitioner who loves Kunlun Xu.

There's no way. Over the years, the blood spirit clan has been suppressed step by step. Kunlun's weakness has reached the extreme. Naturally, he wants to retain as much strength as possible!

Ye Chen's heart also calculated: Blood seven nights lend me strength, but can kill the twelve leaders!

But there are also Jingshui and the people of the Huang family!

Then let the blood come out to fight for seven nights!

Due to the large number of people here, it is not suitable to expose blood for seven nights. Anyway, they fight against the blood spirit clan. It's impossible to survive such a fierce war. It's better to use them to deal with the blood spirit clan!

"I can go around them!"

"But there are three people who have to die!"

Ye Chen's voice runs through heaven and earth, with irresistible majesty!

"Ye Chen, you!"

"Ye Chen, what do you mean, master Han Yun asked us to stop, you still want to do it?"

Huang Putian and leader linghaizong are not angry immediately!

"Shut up!"

Han Yunran drinks, a violent force catharsis, on the spot will two people beat blood spurting!

He glanced at twelve people and said, "dare to say more, I will kill you all!"

In the face of Han Yun, the twelve leaders could not raise the slightest sense of war. They went back to their original places and waited for Han Yun's ancestor to speak.

Han Yun's ancestor asked: "Ye little brother, I don't know, which three people do you want to kill?"

As soon as you say that!

People were shocked!

Han Yun!

The absolute strong man from the inventory of the ancient war actually compromised with Ye Chen!

Ye Chen looked cold, his eyes fell on the crowd and said, "the genius conference can continue! However, the leaders of Jingshui, huangputian and qingluan must come out to fight with me, and I will kill them myself! "

"Last time the talent contest, Jingshui was extremely shameless. He put the matter of killing the genius of various schools on me!"

"This time, I will kill him no matter how much contacts he has."

"As for the two qingluan Zong, they have asked me for trouble three times and four times, and they want to kill my senior brothers, sisters and masters, so they will die!"

After hearing this, Han Yun nodded slightly, looked at the three people, and said, "Since ye little brother, I want to fight with you!"

"Then you go, you can survive if you win!"

"If you lose the war, you will fall!"

His words, like the emperor's command, even if the environment of human relations also had to nod to agree.

Not far away, Mr. Jingshui gazed at Ye Chen, thinking quickly. Suddenly, he spread a smile on his lips and said, "a few months ago, ye Chen made an agreement with me that we would fight again in life and death. Originally, I thought you were just young and full of vigor."

"I didn't expect that you really had such strength!"

"I admire your strength."

People all stare at Mr. Jingshui, trying to see what he is going to say.

Mr. Jingshui has always had a wide range of contacts, active in mind and resourceful. He is willing to bow to Ye Chen. He must have some plans!

Mr. Jingshui's face showed a faint smile. He recognized a pill and said, "Ye Chen, I think your master has been hurt a lot. I have a hundred vitality pills here. It's very good for healing. Why don't you treat your master first until tomorrow morning, when you and I fight again?"

"What's more, the deadline we have agreed is just tomorrow! Shouldn't you come according to the agreement?"

The smile on his cheek gradually calmed down, but his heart was extremely crazy!

He stares at Ye Chen and says in secret: Little scumbags, as long as this is over, I will contact them at night and greatly improve their cultivation! Tomorrow, I will be your little scum, waste limbs Baihui, and then break your Dantian!

Let you spend your whole life in a wheelchair!

If you offend me, how can I let you go!

Hua ~ ~

Ye Chen took the pill, glanced at it, and crushed it in full view of the public!

"I don't care about your junk pill!"

Don't care?

It's a shock to everyone.

The pills that Mr. Jingshui throws out are not ordinary pills!

More than 100 vitality pills!

Kundan one of the top medicine!

This boy is so casually destroyed. You can't be a madman!

Ye Chen ignored everyone's eyes, jumped over, took out a silver needle, stabbed it in the heart, temporarily stabilized the wound, and at the same time took out the pill, directly to the master.

How can he need the pills of Mr. Jingshui!

After all this, ye Chen looks at Han Yun and says, "since the date of the agreement is tomorrow, I will perform it naturally. Tomorrow, Jingshui, Huangputian, the leader of Qingluan clan, will be executed one by one."

"Good, no problem!" Han Yun nodded slightly, glanced at the people of various sects and said, "tomorrow, after ye Chen's battle is over, the talent contest of all sects will officially begin. I will be the chief judge to stop all the rascals."

He took a meaningful look at Daozong, Huangjia and several top sects, and said, "after the big competition among the various sects, I have my own arrangement."

Based on Han Yun's cultivation, we naturally know that ye Shitian is Ye Chen. In addition, we have already made a plan with ye Shitian. Naturally, ye Chen is the main one!

"Since Mr. Han Yun said so, we will comply with it!"

Huangpu day holding fists, but the heart is extremely crazy, thinking: tomorrow?

Ha ha, can ye Chen's secret method be useful tomorrow?

Ye Chen's combat power is equivalent to the source of Taoism at most!

Does Daoyuanjing still want to fight against emperor Zun without pushing the Tantra?

It's ridiculous!

What's more, today Ye Chen's secret method is not without Kunlun. The consequence must be that you have to rest for three or five years at a time. They still don't believe it. Ye Chen's rubbish can urge the second secret method. Tomorrow, it will be when I kill him!

Chapter 1102

With a smile, qingluan Zong wiped the blood from his lips and said, "yes, master Han Yun!"

Although he was a strong emperor, he was beaten to death just now.

At the moment, he is still smiling, tomorrow, he does not believe, tomorrow Ye Chen can still urge this secret method!

When they saw that they were going to fight against Ye Chen, they all agreed one after another. The leaders and deputy leaders of the five sects, such as the leader of daocong and the leader of tianhaizong, had to agree. After the battle just now, twelve of them on their side fought Ye Chen in Nirvana, but they were defeated by Ye Chen!

Now, they are completely sober up and think ye Chen has the strength of Kunlun's ten greatest talents!

For them, five years ago, Kunlun Xu's top ten talents are not the younger generation at all. They can even compete with the older generation. Now that there are more Ye Chen, ye Chen should be handed over to the nine geniuses to deal with it!

"It really calmed down!"

"That's right. Ye Chen is so rampant that he once offended the six sects to the bone, but he didn't get any damage!"

"Yes, if it hadn't been for Han Yun's sudden appearance, it would have been uncertain who would have won the battle!"

A small sect leader said slowly, "if we keep fighting, I'm afraid the twelve leaders will not survive. I'm afraid Ye Chen will have to be badly hurt and leave far away! "

"Ye Chen's son can't be measured by ordinary people any more."

"I thought he was a madman, but I didn't expect that he was not only powerful, but also had such a profound background. Even Han Yun wanted to give him face..."

Han Yun stands in the sky, and his whole body is in full bloom!

Looking down upon more than 100 sects, he said, "the date of the beginning of the contest of all the geniuses will be changed from today to the day after tomorrow, and the registration time will be increased by some time."

"At the same time, this time, the great talent contest of various sects continued its original goal. In addition, I will give the top ten personally irrigation skills, and then tell you why we held the talent contest of various sects in advance! "

When he finished speaking to the crowd, he sent a message to Ye Chen: "the plan has changed. Discuss it at midnight."

Ye Chen nodded slightly, took out 36 silver needles, and gave Duan Huai'an needles according to the acupoints. At present, the most important thing is to seal the blood vessels everywhere, so as not to expand the injury. After leaving, he will treat Duan Huai'an himself again!

"Well, except those who are still signing up, the rest of the sects!"

"Let's all go. There won't be any competition today!" After Han Yun's explanation, he turned into a streamer and disappeared at the end of the sky. It seemed that he was going straight to the general meeting of talents of various schools.

There is more than a leader in the clan!

In addition, the Taishang elders of the sects pressed down, and Han Yun called on them. All the Taishang elders of the upper and middle levels gathered together, and the talent contest of various sects launched by them in advance!

As a young man, you are qualified to leave the sword

"Don't think that by beating some rubbish, you can change the reality that you are rubbish!"

"Ji Siqing, it's always mine!"

"Heiyao!" On the edge, a young man in white stepped forward with a slanted body. His clothes and robes were swept by the wind, which was extremely gorgeous, just like a young Immortal King in ancient times. A smile appeared on his calm cheek and said, "it seems that you have an opponent this time?"

"We Kunlun virtual ten genius, except Ji Siqing's younger age, none of our peers can challenge us!"

"But look at Ye Chen's style, and we will soon be confronted. How do you deal with it?"

"Nothing else!" Black Yao looks cold, "kill Ye Chen on the spot!"

Black Yao circulates the eternal ancient breath all over the body, a stream of dark light straight foot lingers, sets off him like a dark devil like!

The sword he played with on his fingertips suddenly turned into a streamer and went through time and space.

However, his lips showed a smile of evil charm, and said: "do you think that if you can draw with several leaders, you can compete with us in Kunlun's top ten talents? The day after tomorrow is the day of Ye Chen's death! "

"But

"If he can catch my sword, he is qualified to be my enemy. Otherwise, he will only be the grave under my feet!"

Whoa!!

Black streamer through the void, chasing 10000 meters away!

There, ye Chen is healing Duan Huai'an with his hands on his back. The blood in his body gradually enters Duan Huaian's body in a peaceful manner, gradually repairing the broken meridians and broken bones in Duan Huaian's body!

Hoo Hoo Hoo!!!

Whoa!!

A stream of blood turns into the purest power of time, sometimes in the shape of a dragon or a tiger, lingering around Duan Huai'an and ye Chen!

Doctor is the master of God!

Suddenly, ye Chen's arms flow out of the spirit of life, and there are 108 silver needles floating around his body!Whoosh!!!

The silver needle flew out quickly and stabbed at the edge of Duan Huaian's wound. With the breath of life, it began to be about the wound!

Gradually, a feeling of pain, burning, and even itching appeared on Duan Huai'an. People saw that the blood hole the size of the bowl, which was pierced by the sword, was gradually healing, and the cells were producing rapidly. Then they formed a meat barrier and began to fill the hole in the wound!

Soon, the crisscross of blood and flesh wall appeared, sealing the bloody wound!

Regeneration of blood and flesh, regeneration of meridians, regeneration of internal bone, connection of broken inner bone, healing of wound from the root!

"How wonderful!"

"Master, this medical skill is so powerful that it can regenerate the bones and meridians in such a short time!"

Huang zhantian sighs that although it is normal for them to regenerate their limbs and flesh and blood, it will take at least three or five years. However, it is rare that ye Chen, like Ye Chen, can regenerate the flesh and blood, meridians and bones within dozens of minutes!

"That's natural!"

"Ye Chen is the great God who can restore the broken elixir field." Xiaobi was complacent. Suddenly, her face changed and she suddenly called out, "Ye Chen, there is a sword flying from behind!" She gazed at the streamer and saw a long black sword among them!

Hoo Hoo Hoo!!

The black sword came from the sky. It was Heiyao's sword!

A sword Qi flies out. Huang zhantian hands it himself, but he is shaken back to one side by the long black sword, and he spurs more blood.

"Protect the master!"

"Protect the master!"

"Protect the master!"

In an instant, Huang wugun and other three people have shot, each offering their own way, cooperating with the sword and spear!

Bang!!

A violent explosion came out!

At the same time, the three men retreated at the same time. With their strength, they couldn't stop the sword!

Chapter 1103

Ye Chen turned his head and looked at the back. The black sword was so fast that it was almost a shadow. The breath on the key black sword was extremely strong.

Whose sword?

And why did it suddenly come here?

In a flash, ye Chen has no right to think!

Black sword is about to touch him!

But ye Chen didn't stop treating Duan Huai'an, because once he retreated, Duan Huai'an, the master, was bound to get hurt. If the master was hit by a sword, he would be hurt and die!

The only thing ye Chen can do is to condense the rolling evil Qi and blood gas in his body into a blood wall to resist everything!

But the blood wall soon broke!

Bang!!!

The black long sword stabbed into Ye Chen's left shoulder. The sword is full of black smell. It's terrible!

Huang zhantian stopped the wound and ran to him. He was surprised and said in a low voice: "how can it be? This is Heiyao's sword" no trace ". Heiyao's cultivation is so strong that he has left me far behind!"

When he looked up again, he saw that ye Chen did not feel any pain, and even did not frown. He continued to cure Duan Huai'an. He said in his heart: the master would rather die than let Duan Huaian die!

It's no wonder that the master can cultivate this level. The friendship between master and apprentice is far inferior to me!

Just now, the master can avoid this sword!

Such a master is worth following!

"How are you, master?"

"Master, I'm going to arrange the formation now!"

Wanyan breaks the army and comes to Ye Chen. He dances his spear and arranges the next array to protect Ye Chen.

"Master Huang Wu gun was more seriously injured, but he reluctantly came to Ye Chen's back. He sat in front of Ye Chen and said, "who wants to hurt my master, pass me first!"

He said in his heart: anyway, ye Chen is dead, he can't live!

"Ye Chen! What do you want? "

Old Xue and Xiao Bi are all at once helpless.

"It's OK!" Ye Chen looks the same, and continues for a moment. Duan Huaian's chest wound is completely healed. Although the internal organs still need to be recuperated, it is not a big problem! He got up slowly, his eyes were like the cold lake of the twelfth lunar month. His whole body was full of blood, and burst out a loud voice!

Bang!!

The black sword broke up, then it broke into two and fell down from ye Chen's front and back!

Ye Chen closed his eyes a little and started to use his kung fu to make up for the wound. In just a few seconds, the wound had healed. He picked up the broken sword and said, "do you know who's sword is?"

"It's black!" Huang Zhan looked carefully in front of the sky and said: "this is the sword of Heiyao, one of the ten great talents in Kunlun! It must be Heiyao! But I didn't expect that two years ago, Heiyao and I were both at the top of Daoyuan realm. As a result, he is now on the top of emperor Zun realm! And from the breath of the sword body, it's not an ordinary imperial realm! "

Once upon a time, Huang zhantian and Huang wugun were considered as high spirited existence, but they were defeated by Heiyao five years ago, which made Heiyao one of the top ten talents in Kunlun!

Unexpectedly, only in the past five years, Heiyao has been irrigated by various schools, and his cultivation has reached such a terrible level!

The black Yao of the emperor's Zun realm is at least equivalent to the existence of the five layers above the emperor's realm!

Even the general patriarch is doomed to be unable to resist!

"Heiyao!" Ye Chen looked cold to the extreme, and said: "dare to attack me secretly. Since I have finished Liangzi today, I will surely frustrate Heiyao and bring ashes to ashes in the future? What kind of thing, when I solve the mirror water, the three of them, I will challenge each other again! "

After saying that, ye Chen grasped the broken sword with his fingertips, and squeezed the broken sword into pieces and floated out with the wind!

Qianjue square!

Suddenly, an abyss appeared behind Heiyao, a terrible abyss, which was interwoven with the thunder of death and the spirit of nine secluded. In a moment, he was the master of heaven and earth!

"Ye Chen, it seems that you are barely qualified to be my opponent!"

However, the young man in white gave a cold smile and said, "I can barely be your opponent. How many swords are you going to kill him?"

"Two swords!"

"No need for a third sword!" Black Yao looks cold, "kill this kind of waste, don't need a third sword!"

Looking at Huang Pu Tian and Jing Shui and others in the distance, he said, "let this kind of waste fulfill his last wish. When he is most happy, I will take measures to kill him and let him fall from the sky to the hell. Isn't it better?"

The next moment, the black light turned into a black light and disappeared between heaven and earth!

The young man in white looked at each other and shook their heads.

Eight young people, the whole body circulation archaic breath, the back drops 3000 streamers, just like a venerable Immortal King to come to the earth!

Each of them gives life a vague illusion, which seems to be close at hand, but seems to stand on the other side of the starry sky, isolated in the untouchable world!

No one can get close to them until they reach this level! They are eight of the ten great talents in Kunlun!

Originally, five years ago, he picked out the top ten talents in Kunlun. With some luck, Ji Siqing quietly entered into their level, but he failed to integrate into them. His accomplishments were not high or low!

Five years ago, Kunlun's top ten talents had a chance to enter an ancient secret place.

It's not a chance.

But in the end, only nine people entered.

Ji Siqing didn't go in.

Because at that time, a big event happened to Ye Chen. Ji Siqing was worried about ye Chen's accident and refused this big chance.

Otherwise, Ji Siqing might have stepped into the realm of emperor respect a few years ago.

Of course, this is a secret, ye Chen does not know, Kunlun Xu most people do not know.

If we really want to talk about Kunlun Xu's favorite son of heaven.

They may be the strongest group of young people in Kunlun!

Young practitioners like Heiyao and young people in white can stand up to the strong men like Mr. Jingshui and Huangpu Tian. They are the real pioneers of the younger generation!

The next moment, the eight young people turned into streamers and disappeared in the sky!

They come and go mysteriously!

In the square below, the leaders of many small sects, the elders of the Supreme People, and so on, were looking forward to their accomplishments.

Individual patriarch said: "if they have this cultivation, that would be great!"

"Most of their accomplishments are one or two layers of heaven in the emperor's respect, but they can treat the emperor's four or five layers of heaven, or even higher!"

"It's just that they still have a grudge with Ye Chen, and they don't know if ye Chen can fight them!"

"Ye Chen certainly can't fight them!" The other lords said, "they are the strongest group of talents in a thousand years! Even the Huang family's ancestor, the supreme elder of daocong and the patriarch of Kunlun sect all said that they were terrible beings who could enter the supreme realm

Chapter 1104

Ten talents who can enter the supreme realm!

Is Ye Chen comparable?

It's not a class at all, OK!

Ye Chen has the ability to suppress some ordinary people, such as Kunlun's ten most talented people. Facing them, ye Chen is only a stepping stone!

People are talking about it, and they are also continuing to sign up!

Many schools at the middle and upper levels have also begun to sign up. Although they may not get the top ten, they all hope that their disciples can get a good place. In this way, they can also win honor for the sect and monitor the strength of their disciples!

This big contest, Kunlun virtual hidden world ten big genius not to participate!

Basically, they are the battlefields of top inner disciples, zhenzhuang disciples and Taoist disciples. The top 100 key winners can enter the Xilong pool of Mr. Jingshui to improve themselves. At the same time, they will have a big contest again, and select ten people to form a new generation of Kunlun top ten talents of xuyinshi to accept the irrigation and promotion of various schools!

This side of the thousand Jue city is still lively. The six sects are busy collecting corpses, while other sects are busy signing up. Ye Chen's side is full of all kinds of gunpowder.

"The ten greatest talents of Kunlun

"That's why they did it to me? Do you really think they are the sky of Kunlun

Ye Chen looked at Huang zhantian and asked, "tell me what they are made of and what they come from."

"Yes, master!" Huang zhantian held his fist and explained: "Heiyao is the fifth of the ten great talents in Kunlun! From Kunlun sect

"The clan behind him is extremely powerful. Although he has been oppressed by the blood spirit clan for three thousand years, it is still very strong."

"The number of dizunjing is only one line weaker than that of our Huang family. There are all the strong ones in the eight or nine layers of emperor Zun territory, but none of them seems to be the opponent of Han Yun's predecessors!"

"Moreover, Heiyao is the son of the Kunlun patriarch!"

"Also known as the Holy Son of Kunlun Xu, Miss Ji Siqing is the most popular candidate for the saint. Since ancient times, the son has been matched with the saint, so he raided the master!"

"The son?" Ye Chen disdains a way: "when time comes, I am expecting to beat him like a dog!"

He helped Duan Huai'an up and led them to find a high-rise building and lived in several rooms!

He continued in the room: "what denominations and families are the other eight people from?"

"The other eight are from daocong, xueyemen, qingtianmen, etc! Apart from daocong, the other four forces are all first-class and first-class forces, and they can not be seen in ordinary times! "

It's not so much that you can't see it!

In fact, people of small and medium sects are not qualified to see these sects!

These sects, except for the Huang family, are the real and real great forces in ancient times. Many of the strong crusades against the blood spirit clan come from these sects. However, after the weakening of the blood spirit clan, they no longer exist in the supreme realm. The strongest sect is no more than the Emperor's nine layers of heaven, and they have to hide and hide in order to avoid being found by the strong members of the blood spirit clan and thus be killed What a disaster!

"Five forces!"

"By the way, master, there is a member of the Huang family, who is also one of the top ten talents in Kunlun. He is the ninth Huang Qiankun. I heard that he could fight the emperor to respect the four layers of heaven! As for the strength now, I don't know

"The man with the highest accomplishments comes from the blood gate. He can fight against the seven layers of heaven and the four layers of heaven."

Huang zhantian clasped his fist and said slowly.

Before ye Chen could speak, in the tomb of samsara, the seven nights of blood had a great reaction. He said angrily, "what happened to these kids? After all these years, there was no supreme realm. What a waste of my efforts!"

"Master?"

"Blood night gate is your school?" Ye Chen said differently.

Blood seven night long sigh, slightly nod, way: "calculate is! At the beginning, because of the friendship of some old friends, I was also the deputy leader of many forces. On the spur of the moment, I made a bloody night gate, but I was not in the door for a long time. "

"I didn't expect that after so many years, these guys haven't even trained a person with the highest level!"

Mo Ning son is a Tucao sentence: "when you first started, you did not make complaints about all the best people in the world."

She shook her head and went on to say: "all the people in the supreme realm of the blood night gate, even those who are more than five layers above the emperor's Zun realm, have followed you to fight. After so many years of repression by the blood spirit clan, it is normal that they can't cultivate people of the supreme realm!"

How difficult is it to reach the supreme realm!

Mo Ning'er is very clear, plus Kunlun Xu is not as good as it used to be. Even Han Yun stops at the nine layers of heaven in the imperial realm!

Not to mention the people of the blood gate!

"What do you think, master?"

"For the blood night gate, is it to take? Or? " Ye Chen said slowly, "since you are the master of your school, you should not betray Kunlun Xu!"

Blood seven night cold hum, way: "hum, if they dare to betray Kunlun Xu, I personally come out to destroy them!" Then, xueqiye took out a bloody jade pendant and handed it to Ye Chen. He said, "after the big match, Han Yun should have a plan to discuss with you. When you take him to take the blood gate, I'll give you my sect!"

"No problem!"

"What about Kunlun sect?" Ye Chen asked, "do you have any relatives or disciples. I can consider being merciful and not destroying their other disciples except Heiyao! "

"Kunlun sect..."

"The Kunlun sect has something to do with the king of hundred swords." Blood seven night thought for a long time, sighed: "I will let them surrender to you, if not, or betray Kunlun Xu, you may kill it!"

"Kunlun Xu people, if they don't submit to you and unite against the blood spirit clan, even if they kill all the emperor Zunjing, it's OK!"

"What I want is a Kunlun Xu who is united to resist the blood spirit clan. It is not a team that contains all kinds of tricks. If it is such a team, it is better to die. I will fight against the blood spirit family alone with you, even if you die without regret!"

Blood seven night this words, lead to Ye Chen quite hot blood!

Yes, Kunlun Xu must unite to fight against the blood spirit clan!

If each one of them had the ghost to fight against the blood spirit clan, it must be the same as the ancient war. Kunlun Xu was defeated miserably. It's better to kill them all. Ye Chen and Xue Qiye fight against the blood spirit clan by themselves!

"I see!"

"Han Yun said to me that the plan has changed and will discuss with me tonight!"

"When this talent contest is over, I will go to look for the saber of Baijian God King!" When ye Chen mentions Baijian Shenjun, the tombstone of reincarnation cemetery, which symbolizes "Baijian God King", has a slight reaction!

It seems that it is not long before the king of hundred swords appears!!!

Chapter 1105

Among the 100 great powers in the samsara cemetery, more than 30 of them are Kunlun Xu's, and the other 60 or 70 are probably from other places. As long as you awaken these great powers and use the inside information of their hometown, ye Chen can quickly step into the supreme realm!

At that time, it is very possible to resist and even destroy the blood spirit clan!

"Master?"

"Master?"

Huang zhantian saw Ye Chen a little distracted and said, "master, are you ok?"

"It's OK. I know the situation of Kunlun's ten great talents." Ye Chen thought and said: "you go down! Let Lao Xue and Xiaobi come here, and I will heal them! "

Before he had finished speaking, a voice resounded.

"Ye Chen!"

Out of the window flew a burst of chaotic light, the light gradually dissipated, it was Han Yun!

Looking at Huang zhantian and others leaving, Han Yun asked, "I don't know, should I call you ye Shitian or Ye Chen?"

"Call me ye Chen!" Ye Chen has a keen eye and asks, "what's going on in the plan, so that you can deliberately urge the talented Dabi of all sects in the new session!"

This session of the various schools talent big match!

Originally, it will be held five years later, but now it is held ahead of schedule. Han Yun is also the promoter behind it!

Han Yun sat on the sofa and said slowly, "originally, I united with the two elders of the blood Ye gate and the three elders of the Kunlun sect, and wanted to kill the Huang family's ancestors. Unexpectedly, the Xueling people planted a force in the Huang family's ancestors!"

"All of our top five emperors failed to kill Huang's ancestors, but they also made him suffer a lot!"

"Therefore, I will promote the talented Dabi of various sects in advance. First, I will try to test the reaction of the Huang family. Second, I will gather all the sects according to your words, and prepare to announce the affairs of the blood spirit clan to the world after the Dabi is over."

"First cause disorder, clear the unstable forces, and then unify the whole Kunlun void!"

"We must be quick to deal with the Huang family!"

"That's for sure!" Ye chensi cabled: "you failed to get rid of the Huangs this time. The Huangs will contact the blood spirit clan, which may speed up the arrival of these blood spirits. At the same time, the Huang family sent these people to participate in the big contest of various clans. Obviously, they want to stabilize us!"

He poured himself a cup of coffee, Qingmin took a sip, and continued: "Kunlun Xu and I are related to the four places, one, danxu Town, I have stabilized! It's up to you to mobilize the old people to stabilize the killing place

"Qingxuanfeng and qianjue City, give it to me!"

"Do you have a plan?" Han Yun looked at Ye Chen and asked, "the city of thousand Jue has gathered all the sects, but not all the aristocratic families have gathered together! If you want to solve the aristocratic family together, I will send an announcement to you immediately, and let all the aristocratic families come! "

Ye Chen was silent for a moment and said, "no need! Solve the problem of sectarianism first! "

With his cold eyes, he gazed at Han Yun and asked, "in addition to the random gun gate, there are several sects that have joined the blood spirit clan. You can find a chance to control the supreme elders of these sects first."

Han Yun nodded: "good!"

"Now, after the end of the clan contest, let's first tell the story of the blood spirit clan, so that Kunlun will be in chaos!"

"I will take advantage of this opportunity to deal with the Huang family. After the destruction of the Huang family, I will uproot the clans of the blood spirit clan along the way, and then integrate the Kunlun void!"

Ye Chen settled down after the strategy, the way: "you go first!"

He sent Han Yun away and asked in the reincarnation cemetery, "do you remember clearly where the residence of Baijian God is?"

"The garrison of Baijian God is tens of thousands of miles away from here, in a secret space!"

"It will take at least a few days to come back and forth. You can go back and forth after the end of the contest. After practicing the skills of the king of the hundred swords, you will be able to eliminate each other when dealing with the Huang family." Blood seven night slowly said.

At this time, Duan Huaian, Xiaobi and others knocked on the door and came in.

"Ye Chen, I didn't expect you to be more and more powerful!"

"I am worthy of being my disciple." Duan Huaian came in, quite pleased, and said, "our medical God gate has finally ushered in the day of growth."

"That's nature!" Ye Chen looked at Lao Xue and Xiaobi, pondered for a moment, and then said, "master, there are too few strong doctors in our medical God family, or even almost none! And I have just refined several heats of Bailing pills here. I will give them all to you. When you go back, you will give them to the disciples to take! "

He handed over 18 bailing pills and cautiously told him, "these hundred miracles are of top quality, which are enough to promote everyone to the source of Taoism, and quickly enhance the prestige of our medical God gate."

He is a disciple of the medical God sect!

Nature should think for the door of medical God!

With Ye Chen's strength, it won't take long for the medical Shenmen to become the largest sect in Kunlun!

Of course, it is also the main force against the blood spirit clan. Therefore, all the people of the medical God sect need to improve their cultivation very quickly, and do not ask them to exist in the supreme realm. At least they need to have the strength to command the people of the Huang family, and then fight against the blood spirit clan!

Before fighting against the blood spirit clan, we should ask the place where the next batch of strong blood spirit clan came from! At that time, directly arrange a large array in that place, and kill these blood spirit people first!

"Good, good!"

"Ye Chen, my God of medicine, has been brilliant for at least ten thousand years." Duan Huaian was excited to accept 16 hundred spirit pills. He took out two of them and gave them to Xiaobi and Lao Xue. He said, "these are given to you by your younger martial brother. Take them as soon as possible."

"Xiaobi, old Xue!"

"Then

Ye Chen took out two bailing pills and gave them, saying, "you can take two more, which will be enough to raise your realm to one or two levels of heaven in the realm of Tao source! In the future, when I am not in Kunlun void, I need you to guard the door of medical God! "

"Yes, younger martial brother!"

"I understand, younger martial brother, don't worry. If you are not in Kunlun Xu, I will try my best to help your subordinates!"

Xiaobi and Lao Xue quickly take four bailing pills. Based on their accomplishments, they will surely soar after taking the best bailing pills!

When ye Chen left danxu Town, he took a few days to refine several heats of elixir. He wanted to give it to the people around him, so that they could have some self-protection. In the future, he would not be in Kunlun Xu, so in order to prevent in case, we should enhance their strength!

Ye Chen here, is discussing with Duan Huai'an after the matter!

On the other side of the thousand Jue City, on a high-rise building, Mr. Jingshui sits on the sofa beside him. He circulates colorful lights all over his body, which is condensing the spiritual power in his body at a very fast speed, so that his strength can reach a higher level!

Gradually, an hour or two passed!

Mr. Jing Shui stopped practicing. He went to the window with a gloomy look. He said with an evil smile on his lips: "Ye Chen, ye Chen, I have already broken through the two small realms of emperor Zun realm. I don't believe you can push the secret method twice!"

Chapter 1106

"You can't push the secret method. I'll kill you, it's no different from killing ants!"

"This time, don't think that others will come to save you!"

"It's no use if Ji Siqing comes. I'll kill you in the arena!"

Ye Chen?

Such a small face, let him live to now, has been the greatest gift to him!

As early as a few months ago, if it was not for Luoyao, ye Chen would have been cut into pieces by him!

This time, even if the little white face returns, how can it be!

Do you think that if you kill some zhenzhuan disciples and Taoist disciples, you can fight with him?

Dream!

Daydreaming!

Ye Chenshi must pay the price of death!

Mr. Jingshui said in empty words, "have you brought me what I want?"

"Of course it's here!"

An inexplicable voice appeared in the room!

But in such a large room, you can't see the second person except Mr. Jingshui. Only a little water waves flow out of thin air!

However, at the next moment, a middle-aged man appeared out of thin air, dressed in white, with a gloomy look.

The middle-aged man took out a small green tripod, handed it to Mr. Jingshui and said, "we gave it. According to the agreement, ye Chen will die!"

"That's nature!" Mr. Jing Shui put away the green tripod with deep eyes.

"With this, I can seal Ye Chen for a moment."

"Stop time and reverse space! No matter how great Ye Chen's accomplishments are, he will have to do nothing! " Mr. Jing Shui showed a smile and stood with a negative hand, "of course, ye Chen's cultivation is so low that I can't use it!"

He said, "just in case, I still have one more preparation."

"Every emperor's dignity is limited by the blood spirit green tripod. Even if ye Chen has great accomplishments, what kind of waves can he turn in front of this tripod?"

Ye Chen!

If you can't urge the secret method again!

I'll cut you into pieces, and then I'll bring you to ashes!

If you can activate the secret method, I will seal your cultivation for a quarter of an hour with the blood spirit green tripod!

See what resistance you have!

At that time, you will die!

If you don't die, you have to die!

"Just remember our agreement

"According to the news, ye Chen is ye Shitian's younger brother!" The middle-aged man said calmly, "ye Shitian, who slaughters my Huang family's son in the blood spirit secret realm, is doomed to die! Ye Chen, his younger brother, must be able to let go! "

This middle-aged man, obviously from the Huang family, did not know when he got the news!

Specially comes from the Huang family headquarters, hand over the blood spirit green Ding to the boundary water Mr., lets him kill Ye Chen!

The middle-aged man in white gazed at Mr. Jingshui with a cold face and said, "I don't care how much contacts and strength you have. If you can't do what you promised us, we will erase all your relatives and friends!"

"That's nature!" Mr. Huang, please tell the water to change your mind

"Good!" Middle aged people think of cableway: now the main force of the family is looking for ye Shitian!

It is said that Zhan Tian and Wu gun, they submit to ye Shitian!

We must find ye to kill heaven!

It's only to frustrate the bones and raise the ashes!

If Han Yun is not here, I will personally kill Ye Chen!

Kill ye Shitian's younger martial brother first, and then kill ye Shitian. Let Ye Zhizhi know that everyone in the Huang family can be provoked!

At the next moment, the middle-aged man is surrounded by water mist. Suddenly, the whole body turns into a water wave and disappears in the room. There is no trace of coming or going. He must be a strong man in the emperor's realm!

Mr. Jingshui took out the green tripod, scanned the blood lines on it, and said to himself, "the blood spirit clan has been here for many years. It's also time for me to turn to the blood spirit clan, so take advantage of this opportunity!"

.....

The next night, the starry river was dim, and countless stars were shining. It was extremely beautiful.

A meteor across the night sky, long tail flame, dazzling color to the extreme!

On qianjue square, people from hundreds of sects gathered, including the disciples, leaders and elders of the small sects all sat on the audience platform to watch the battle. A small number of big sects and the top ten talents of Kunlun were all standing on the high platform, looking down on the sky like an immortal!

Han Yun waved his magic power, offered a stool and sat on it himself!

He looked down at Mr. Jing Shui on the challenge arena, and his voice was old and common. "In this competition, Jingshui fights Ye Chen, the battle of life and death. No one else can intervene. If there is any intervention, kill him on the spot. I don't know who is in love with him!"

After that, he took a meaningful look at the Kunlun patriarch and the deputy head of the Huang family and said, "what do you think?"

"That's nature!" Kunlun patriarch nodded slightly!

"Without the intervention of others, ye Chen, this little animal, can't block the boundary water!" The deputy head of the Huang family hugged his hand and said with disdain: "the source of Dao is that it exists in the middle of the reign of emperor Zhan. This is something that hasn't happened for a long

time."He looked at Han Yun, dismissive, and said: "Ye Chen, this little beast, can't live tonight. Han Yun, you don't have to ask us about this opinion!"

Just as he was talking, a middle-aged man appeared. It was the man who gave Mr. Jingshui the Xueling Qingding last night. The man bowed his head and whispered, "Deputy master, things have been done, ye Chen will die!"

The deputy head of the Huang family nodded slightly, looking down at the crowd below!

Whoa!!!

A streamer of light is coming!

It was Ye Chen who stood on the challenge arena with the star sword in his hand. His black hair danced wildly. He was heroic, and his eyes were empty. He was like a demon king, but he was haunted by fairies. At the same time, he possessed the spirit of true demons, like immortals and demons!

He pointed to the deputy head of the Huang family with his sword and said, "old man, I'm not here. Do you dare to be so rampant?"

"If you don't accept it, you can come down to fight!"

"I can kill you before killing Jingshui!"

Bang!!

The deputy head of the Huang family snorted coldly and said: "little beast, let me fight with you. What are you? What qualifications do you have to fight with me? "

He fingertips playing with a bloody lightning, disdain said: "I go to war, I'm afraid one hand can kill you, but so easy to die, is not cheap you? Don't forget, you are going to be cut to pieces today, and you will be beaten to the bone and ashes! "

"It's too cheap for me to shoot you to death!"

"If you don't kneel before me, you and I will not be able to kneel before you."

"Arrogant!" Ye Chen gazed at the deputy head of the Huang family, looking cold, and said, "old man, I will crush you tonight, so that you will not come here in vain!"

He turned to Mr. Jingshui, rather disdainful, and said, "today is the day you agreed to me. How many moves do you want to die in my hands?"

"Ten moves?"

"Or eight moves?"

"A few months ago, you made me so embarrassed. Today I will give you all the money and interest!"

Chapter 1107

Ye Chen's words are very light, but they spread far away because of the true Qi!

When it falls on each ear force, it's like a thunderbolt.

All the people present know that ye Chen is crazy, but they don't know that ye Chen is crazy to this extent!

This is Mr. Jingshui!

In Kunlun, the existence of Xude is highly respected!

Strength startles the world, weeps the ghost God!

Even if ye Chen was born a demon, he could not compete with Mr. Jingshui!

But ye Chen at the moment is full of big talk!

It's just looking for death!

The whole world becomes extremely silent because of Ye Chen's words, just like a mound of graves!

Countless eyes subconsciously look at Mr. Jingshui!

Everyone is waiting for Mr. Jingshui's outrage!

Sure enough, Mr. Jingshui's whole face is black at the moment!

The body is trembling!

He gazed at Ye Chen and said, "little beast, do you want to kill me? Are you sure you have the qualification? "

"When I crushed many talents in Kunlun, your ancestors were not necessarily alive!"

Ye Chen did not have any fear, but sneered:

"old man, you made me so embarrassed at the beginning. I said that I would crush you to death on the appointed day! No matter what, you must die today, and the spirit will not survive! "

"Well, I won't argue with you!" With his hands raised, Mr. Jingshui pushed his sword and sword forward, and a round of starry sky developed around him. He had the elegant demeanor of never touching his body. He looked at the eight wastelands and said, "on that day, you killed all kinds of talents. This is your responsibility. You can never escape!"

He withdrew with both hands, and a knife and a sword were sacrificed along with the star river. The brilliant sword light burst like a hundred thunderbolts. In the Xinghe River, it was like a galaxy falling into the world and crashing down!

The cold Sabre Qi is like the sun breaking out, and a hundred and ten flames burst out. It is like a star river falling into the world. With the magnificent sword spirit, we attack Ye Chen together!

"Jianmen's appearance"

Ye Chen drinks softly and dances the star sword. The light of the sword touches the spirits of the sky. It seems that each star is transformed into a magic sword. It is connected with each other. It is located on the sky. A grand sword gate is revealed. Countless divine swords fall down and smash the flaming Sky Sword. The boundless sword technique and the immortal sword idea from ancient times fall down and take the mirror water first The door of life!

This is the immortal Kendo controlled by Ye Chen!

What's more, it has nothing to do with the star sword!

Bang bang bang!!

Bang bang!!

The whole body of flame and stars burst, a burst of air waves, countless stones fell on the challenge arena, exploded thousands of cremation!

In the center of the burst, Mr. Jingshui retreated step by step, and his hands condensed the Dharma seal, calling out a water curtain to resist the fire of the stars. He suddenly looked up and saw the majestic sword gate. He was afraid of it. Unexpectedly, ye Chen was so powerful!

This boy has learned Kendo!

The key is that the power is almost emperor Zun state!

Damn it!

"A thousand mirror waters!"

Mr. Jingshui gave a big drink, his arms danced and shot out countless drops of water. Every drop of water turned into a water screen, struggling to resist the fire of the stars!

At the same time, he inspires his spiritual power and blood, condenses a water state and thinks about the cableway:

Ye Chen is too strong!

The sword gate alone has the momentum of being comparable to the three layers of heaven in the emperor's Zun realm!

I'm afraid that the ordinary emperor has already died under the sword gate!

"Mirror water turns into a dragon!"

Drinking the mirror water gently, a water Dragon flew out of his chest. The dragon body flashed blue light, like the great wall of iron and steel. It swept across the river and was powerful against thousands of troops!

"How dare you play dragon in front of me

"Your dragon, no way!"

Ye Chen holds the star sword in his right hand and continues to form the sword gate. With his left hand pointing to Mr. Jingshui, he can see clearly that there are pieces of meteorites flying out of the Jianmen gate like a meteor shower!

Boom!!

Boom!!

Pieces of meteorites hit the water dragon, and the strong force runs through the water dragon, causing Mr. Jingshui to spurt blood more than once!

Ye Chen looks plain, as if he is just doing the most insipid thing. "I said, old guy, you must die today, and the new feud and old grudge will be counted together today!"

He pointed to the sky again with his left hand and called two words: "God thunder! Fall

Zizizi!!!

Zizi!!

Innumerable thunder clouds gathered together, and a divine power surged!

The terrible purple thunder and lightning fell like a rain curtain, and instantly flooded Mr. Jingshui with the water dragon!

There's no doubt about it!

This scene shocked everyone present!

The head of the Tianhai sect changed his face and gazed at Ye Chen and thought: "this boy, we fought with each other yesterday to urge the secret method! Today, there is no urging secret method. They are all so strong!" "If one on one!"

"I'm afraid he will die under him."

Shocked!!

Shock four!

All the Lords and leaders were shocked to see all this!

The people of the small sect were shocked beyond words. Ye Chen actually pointed his sword at the sky and the enemy, attracting countless meteorites and thunder and lightning. He almost killed Mr. Jingshui. His strength is too strong!

On another high platform!

The deputy head of the Huang family looked very gloomy and said in a low voice: "mirror water, if you can't get rid of Ye Chen, all your friends and relatives don't need to live!"

As soon as he waved his hand, the middle-aged man in white in the rear went to action!

On that arena, all kinds of brilliance are flying. The sword gate is like the ancient great power. It is extremely terrifying. Countless sword Qi and meteorites fall down. The array jumps and collapses. Mr. Jingshui's scream breaks through the sky. The thunder and lightning from ten directions add to the sky. Countless audience positions tremble and fear!

"Ah

"Ah, ah, pain, ye Chen, you little beast!"

"You didn't regret killing me

"At the beginning, you not only killed many sectarian disciples, but now you have to kill me..."

Mr. Jingshui yelled hysterically.

Ye Chen rushes into the thunder and lightning and grabs Mr. Jingshui. "Old thing, it's time for you to slander me!"

He yanked Mr. Jingshui's arm. With a "stab" sound, the whole arm let ye Chenwei pull off, and the blood flew everywhere. Then Mr. Jingshui was smashed out by Ye Chen!

Boom!!

Mr. Jingshui fell to the ground and spat blood. "You forced me, little beast. You forced me!"

His left hand suddenly took out the blood spirit green Ding, "little beast, you can still turn the sky or not!"

He offered sacrifices to the bleeding spirit green tripod, urged the blood and chanted the formula: "the supreme blood spirit, all things can be destroyed, the supreme blood spirit, please suppress Ye Chen!"

With the end of the mantra, a stream of blood flows into the blood spirit green tripod!

In a flash, the lines on the blood spirit green tripod were lit up, and an eternal breath was sent out, overflowing with red and blue essence, turning into bright moon and sun. The sun moved like a dragon chanting nine days, which blocked Ye Chen's whole body time!

Chapter 1108

Haoyue move, like Fengming Jiuyou, Qinghui such as water, overflow the world, blocked the space around Ye Chen!!

Sun and moon double wheel, such as the real sun and moon in the sky!

The next leaf Chen, can't move, the whole body all time and space, all stagnates!

Ye Chen is a bit at a loss, all of a sudden the whole body can't move, can't even make a sound!

"What is this?"

Have not waited for ye Chen to react to come over, an endless pressure unexpectedly shrouds down!

The next second, ye Chen spits out a mouthful of blood!

The whole person is weak to the extreme!

He had no idea that Mr. Jingshui was such a magic weapon!

Key, this magic weapon is too weird!

Let him not have any sense of resistance!

Seeing this scene, Mr. Jingshui sneered at the corner of his mouth: "little beast, to tell you the truth, I've always underestimated you. Your growth speed is too fast. If I don't kill you today, I'm afraid Kunlun Xu will dominate you in the future!"

"Your strength now is estimated to be comparable to those masters in Kunlun's virtual hermit world!"

"Your talent is the most terrible existence I have ever seen."

"But what about the natural talent? You can't live today, ha ha!"

Now Mr. Jingshui's face is full of ferocity!

He opened his five fingers and clapped it with one hand. The endless palm Qi suddenly went towards Ye Chen!

Ye Chen mou son a coagulate, want to block, but found his body is completely controlled!

"Damn it!"

Words also decline, ye Chen's body on the spot was blown away!

The whole person is heavily hit on the ground!

A mouthful of red blood spit out!

In great confusion!

When the audience saw this scene, they had no pity but laughed!

"Ha ha, I thought Ye Chen could really dress up Mr. Jingshui. It seems that this little animal is not qualified to fight Mr. Jingshui!"

"Garbage is garbage. No matter how hard we struggle, we can't change the fact of garbage."

"Mr. Jingshui, kill Ye Chen quickly! I'm afraid there are countless opportunities in this boy

Someone even yelled!

In this way, ye Chen has become a national cry for the existence of the fight!

Why?

It's just because most people here are jealous of Ye Chen's crazy growth!

This madness is even a threat to them!

An original waste, what qualifications are better than them!

Mr. Jingshui looks around at the curse of Ye Chen and enjoys it very much.

He stepped out, came to Ye Chen's body, looked at Ye Chen from a commanding position, and said, "little beast, what will you say?"

"Such a magic weapon, no one is qualified to save you!"

"Ha ha, how does this despair feel?"

Mr. Jingshui's voice spread far away, making people palpitating.

Ye Chen did not speak, cold eyes staring at Mr. mirror water!

He seems to be waiting for something!

He can feel the power of this magic weapon, which is definitely not the product of Kunlun void!

The power inside is even familiar!

Seeing that Ye Chen did not continue to speak, Mr. Jingshui did not intend to delay. He stretched out his hand and condensed his true Qi!

Powerful to the extreme!

"Little brute, with this palm, I will burn you down myself! Die

The wind blows! As if it can swallow everything!

Looking at the mirror, Mr. water's virtual palm is about to touch Ye Chen. Ye Chen's body suddenly remembers a voice of earth shaking exclamation!

"Evil barrier!"

"You dare to use the blood spirit clan's things, when it is destroyed!"

Blood seven night rage, immediately released the power, with Ye Chen as the medium, formed a bloody sky knife above the challenge arena, as if to cut the heaven and earth!

The bloody sky Dao has a sharp head. The blade is carved with nine claw dragon patterns. The tail is brilliant. Even if the sun is gathering, it does not have his light. Kuiran a knife, the moon and the sun cut, all time velocity and space flow, all return to normal!

Mr. Jingshui spits out blood in an instant!

The whole eye almost stares out!

"This, what power is this! Actually broke the prohibition of that god thing! impossible! No way

Mr. Jingshui looked at the violent power around him, only fear in his heart!

Because he can feel the power completely crush himself!

At this moment, his heart only infinite contempt for small!

He raised his head and looked at the bloody sword: "don't No

However, the bloody Tiandao didn't pay any attention to it!

Whoa!!

A knife fell, Mr. mirror water on the spot into two!

Return to the future and be happy, return the future and hand. Mr. Jingshui, who has become a terror, has fallen under the bloody sky sword!

A moment later, the bloody Tiandao turns into Dao Dao Qi and flows into Ye Chen's body!Ye Chen recovered and sacrificed with a sword to destroy the spirit of Mr. Jingshui. He grabbed the blood spirit green tripod with a cold look. His eyes swept over Mr. Jingshui's friends and the people of the Huang family and said, "well, in my Kunlun void, I dare to use the things of the blood spirit clan!"

"Heaven forbids such acts! Everyone who is related to this thing, get out

"Otherwise, ye Chen will be in charge of the sword and destroy your family!"

This word a shock four!

Han Yun and others look cold, staring at the Huang family!

Many people from small sects said: "hateful, it's not light to fight against the blood spirit clan in ancient times."

"Now there are people who dare to use the things of the blood spirit clan. They deserve it!"

"Support Ye Chen, will mirror water such as rebellious generation, copy the family and destroy the family!"

"Support Ye Chen!"

"Support Ye Chen..."

Everyone's voice is like a tsunami!

This group of people is a force!

One second ago, he was still abusing Ye Chen! I wish Ye Chen would die!

One second later, he found that Mr. Jingshui fell down. What choice do they have!

The people around Mr. Jingshui stepped out step by step. They bowed their heads and did not dare to gaze at Ye Chen. They said, "we don't know about this. Jingshui has joined the blood spirit clan. We don't know..."

"Mr. Ye, we don't know about it!"

"Mr. Ye..."

Just at this time, a very inappropriate voice appeared, "why not use the blood spirit family's things? What's the problem with Jingshui helping the blood spirit clan? Or, what's your opinion

A yellow family Dharma protector walked out slowly, and his body armor was full of colorful luster, looking at the holy extreme!

"What's your opinion?"

"Well, I'll tell you what my opinion is!"

Ye Chen roars!

Boom!!

Ye Chen offers a sword and turns into a beam of terror. He hits the yellow family Dharma protector!

Bang!!!

At the next moment, the body of the yellow family Dharma protector burst out, and the spirits were all wiped out in an instant!

Ye Chen's face was cold, and his whole body was indestructible. Kendo and killing methods emerged. He said, "this is my opinion. Anyone who dares to help the blood spirit clan to do anything is OK, I will destroy him!"

He pointed to the Huang family, then pointed to many people and said, "who dares to say no!"

"No!"

Another Dharma protector of the Huang family held his fist and said, "my Huang family has joined the blood spirit clan. From generation to generation, you have --"

a sword spirit is offered!

Chapter 1109

In the air, he beat the emperor's statue into a layer of heaven protector, which made his body burst and his spirit broken!

After ye Chen sacrificed the sword, he stepped out one step. Standing on a ten meter tree, he looked down on a hundred people of the Huang family and said, "you dare to say one more word, I will kill you myself!"

Arrogant!

Overbearing!

How dare one face the big Huang family!

It is worthy of Ye madman!

Almost all the people of the small sects hung their hearts in their throat and gazed at Ye Chen for fear that they would fight and affect themselves!

However, ye Chen this courage is also big!

Huang family!

He is almost the leader of the first echelon of Kunlun Xu. He has been the leader of Kunlun Xu for thousands of years!

In the family, any Dharma protector has the cultivation of emperor's respect realm. There are so many powerful emperors in his family that they even surpass the sum of many Kunlun sects. In the face of such a family, ye Chen dare to challenge. It's crazy!

Emperor Zunjing!

Among the small sects, there is almost no imperial realm!

Even if there is a sect with Emperor's respect realm, the emperor's respect realm is also extremely noble. They are usually the inner sect elders, the zhenzhuan elders, and even the Taoist elders! But in the Huang family, the emperor's realm can only serve as a Dharma protector!

Such a terrible family!

Ye Chen dares to provoke!

Crazy!

"Ye Chen!"

"Ye Chen, what do you mean? Say it again if you have the ability!"

"Ye Chen!"

Immediately, several guardians of the Huang family clamored for help!

Ye Chen immediately sacrificed a sword, and countless sword Qi seemed to recover the time that had passed for thousands of years. Dozens of Huang family Dharma protectors were killed in a series of attacks!

Bang bang bang!!

Bang bang!!

Bursts of burst sound came out, the twelve emperors of the Huang family respected the Dharma protectors of the heaven, and fell in the hands of Ye Chen one after another!

"Ye Chen, what do you mean?"

The deputy head of the Huang family immediately pointed to Ye Chen and said, "you look down on my Huang family so much and kill so many people in my Huang family. What do you want to do?"

"You are the running dogs of the blood spirit clan. I will kill them with my sword!" At this time, you point to the sword of the yellow family and kill one by one

"You

"Dare you?"

Ye Chen is pressing the vice master of the Huang family step by step!

The deputy head of the Huang family is looking at Han Yun, and after all, he says, "so what! The yellow family has long been subject to the blood spirit family, and soon the blood spirit family will come here. Dare you kill me? If you dare to kill me, the adults of the blood spirit clan will obliterate your whole family

"Who dares to kill me?"

"When the adults of the blood spirit clan come, you will all be finished!"

Once this was said, the leaders of Kunlun sect, daocong sect, Tianhai sect and other sects fell silent and did not dare to speak!

The deputy head of the Huang family is right. Who dares!

Who moved them, one year later, they would have to risk being destroyed by the blood spirit clan!

"Han Yun!"

"Let's do it together and kill them!"

Ye Chen drinks softly, and at the same time, he sacrifices the star sword and Jiuyou sky killing gun!

He held the star sword in his left hand. The light of the sword touched the stars in the sky, as if each star turned into a magic sword. They were connected and located in the sky, showing a round of henggu sword door. Countless magic swords in it fell down. The reapers' lives were endless, and the sword intention was endless. It was like cutting grass, slaughtering dozens of Huang family elders!

In a flash!

The seventeen half step emperors of the Huang family, or Dharma protectors and elders of a layer of heaven, all fell under the sword gate!

Emperor Zunjing, a layer of realm, a layer of heaven!

Ye Chen has the ability to kill the four or five layers of heaven in the emperor's respect, and it's easy for the people of the Huang family to destroy these two layers of heaven!

"You

"Ye Chen, you must die!"

Huang's deputy head can move, there is a force to imprison heaven and earth to imprison him!

Han Yun came floating in the air, and he was crushed into pieces by a great force between the waves, and the spirits were instantly wiped out. A deputy head of the family of the emperor's five layers of heaven was wiped out in an instant by Han Yun!

Han Yun looked down at the crowd and said in a cold voice, "who dares to help the Huang family, destroy who!"

He sacrificed a piece of immortal light, and successively imprisoned dozens of other Huang family members. He looked at Ye Chen and said, "if they are willing to surrender, when they resist the blood spirit clan in the future, they can also be called to rush in front of them to make amends for their merits and sins!"

Ye Chen stopped!

He knew that Han Yun still pitied the lives of these Huang family members!

There are dozens of Huang family members, and there are not a few of them. Although the highest level is no more than five layers of heaven in the emperor's Zun realm, they are huge in number. One more will have more strength. One day, they will be forced to seal and fight against the blood spirit clan!

"Hoo

A blue light appears! A blue light box appears, and all the people of the Huang family will be included!

Han Yun took the light box and threw it to Ye Chen. He said, "here you are. You can handle it! It's just that I really want to remind you that the people of the Huang family can use it to fight against the blood spirit clan. It's a waste of money to kill them! "

"Good!" Ye Chen also nodded, and put the blue light box into the storage ring temporarily!

This blue light box is a magic weapon to store people's space, but it can't be stored for too long. There is no aura in it. It can't be cultivated!

But it's a wonderful way to hold people or imprison them!

Han Yun and ye Chen are finished here!

But the audience around the square were confused, especially the people of small sects. Seeing the war imminent, they didn't expect such an end!

Huang family!

So many Huang family's emperor respected the strong, actually let Han Yun clean up!

Moreover, Han Yun also handed them over to Ye Chen. What's the origin of Ye Chen? Let Han Yun follow this?

"Ye Chen!"

"I have something to tell you!" Huangpu heaven is extremely anxious to come forward!

Just with Mr. Jingshui, he saw it!

Although he can kill Mr. Jingshui, he knows his strength is not as good as ye Chen. Especially at the end of the battle, he can't resist the bloody sky sword. If he doesn't fall, he will die!

Therefore, Huangpu tianbaoquan said: "I'd like to ask you to kill me!"

Although Huangpu Tian is the vice leader of qingluan sect, he knows that he is not ye Chen's opponent at the moment!

If you don't fall, you will die!

Of course, he is not a member of the Huang family. Otherwise, you don't have to wait for him to speak. Ye Chen's sword has already called in the past!

Huangpu Tian whispered: "I know about the blood spirit clan and the Huang family. Even the blood spirit family came to the place where Kunlun Xu came, and many secrets of the blood spirit family. If you kill me, I can tell you all about it!"

Ye Chen took a look at Huangpu sky and said plainly: "if you surrender, why don't you kneel?"

Poop!!

Huangpu Tian kneels directly on the ring, which shocked four people!

"My God, the vice leader of qingluan clan kneels down to Ye Chen!"

"Qingluan sect is indeed a shameless sect!"

"Ye Chen is so powerful that Huangpu Tian kneels down in public."

Chapter 1110

The voices of the crowd rose one after another.

Surprised to see this scene, high on the green Luan Zong vice leader, actually to Ye Chen kneel down!

Ye Chen, this is too overbearing!

In the whole world, I'm afraid none of the ten great talents in Kunlun can make a vice leader kneel down!

When the leader of qingluan clan saw that Huang Pu Tian knelt down on yechen's knees, he was furious and said in a loud voice, "Huangpu heaven, do you know what you are doing?"

"We qingluan Zong's face will be completely disgraced by you!"

Huangpu day doesn't think so. He looks at Han Yun quietly. If he doesn't kneel, he will die. And Han Yun is here. Don't count on other sects to help!

I just didn't expect it!

Ye Chen's background, so hard!

Hard to Han Yun, for his sake, he turned over with the Huang family and imprisoned so many people of the Huang family!

"Good!"

"Now that you are on your knees, I will spare your life and go to one side."

Ye Chen took up his sword, lifted his legs slightly, and pushed Huangpu sky to a hundred meters away.

"These old guys are bullying and afraid of the hard. If it hadn't been for the information I wanted, I would have killed him with one sword."

Ye Chen looked at the leader of qingluan sect again. His eyebrows and eyes were like a sword, and his whole body was full of sword spirit. Then he waved the star sword and pointed to the past and said, "come on, the last battle, I will send you to the West!"

"This..."

"This..."

The leader of qingluan sect was in trouble at this time. He looked around and found that everyone was looking at him.

He looked embarrassed and said to himself, "go up and fight?"? That's death!

Ye Chen, this boy, is too strong!

Especially the bloody Tiandao breath just now!

This is the existence he fears most!

If you take the eight elders together, Han Yun will definitely fight!

As a result, I'm finished too!

All are dead!

I should never have provoked Ye Chen!

"Ye Chen Brother ye, let's talk about this matter! "

"Before that, I had been offended by qingluan sect, but I was blind and looked down upon by a dog..."

"How about this..." The leader of qingluan sect took out a box of nine grade elixirs, forced a smile on his face, and said, "I have a box of ancient heavenly elixirs, a total of six, all of which are of high quality. They are very good for your cultivation."

"Let's go over it."

In one place, four are shocked!

I thought that the vice leader of qingluan Zong was a spineless goods. He knelt down to Ye Chen at the beginning!

I didn't expect that the leader of qingluan sect, facing Ye Chen, was so subdued and forced to smile!

CHEN Ye!

It's not the original Ye Chen!

Forced qingluan Zong to take out the ancient elixir for mercy. This elixir is equivalent to a level of elixir!

Who cultivator of Daoyuan state doesn't want to have it!

It's a fantastic treasure!

Ye Chen scorned, "before you besieged me, but also killed me, you think a few rotten pills can turn over?"

"Rotten pills?"

"This is an ancient elixir The leader of qingluan sect held the pill box and said solemnly, "this is an ancient level elixir! The treasure handed down from generation to generation of my qingluan clan! You can see clearly, this is an antipyretic pill with no market price outside! "

Ye Chen, can't you understand this pill?

Such a dream level of ancient elixir, he could not even look up to it?

Must be ignorant, think I take some pills to fool him!

"It's just rubbish."

Ye Chen couldn't see it at all. He took out ten hundred elixirs and said, "see, this is also an ancient elixir, a hundred miraculous elixir! Top quality, by contrast, your heavenly elixir is rubbish

He played with elixir as if he were playing with marbles.

When the people saw this scene, their eyes widened!

Even more numerous powerful people exclaimed excitedly:

"Mr. Ye, please be gentle. It's an ancient elixir, which can't be refined without Dan Zun!"

"Ancient miraculous elixir, hundred miraculous elixir, rare quality, oh, my God!"

"Ye Chen, you are a god killer. There are so many ancient elixirs that you don't even care about it!"

The leader of daocong, linghaizong and so on widened their eyes and looked at Ye Chen's bailing elixir. They were shocked and incoherent.

Ye Chen, the details are too deep!

Ancient elixir as marbles?

Howe!

How proud!

Not only the leaders, but also the other Xiaozong sent people to see the Dalazi DC.

Ancient elixir!

We take a dream pill that can lead us into the nine layers of the Tao source realm!

Ye Chen actually has so many, what kind of sect does he come from and has such a profound background?

The leader of qingluan clan swallowed his saliva, looked down at the ancient elixir in his hand, and subconsciously took it back. He thought to himself: No, I have too many pills in my hand.

Can't compare with Ye Chen's pills!

All of a sudden, the leader of qingluan sect thought of a thing, and then passed the message: "Ye Chen!"

"I know that you are against the Huang family. I have a way to let you avoid the pursuit of those powerful people behind the Huang family!"

"The blood spirit clan is behind the Huang family. You can't resist the blood spirit clan!"

"I'll teach you how to avoid the Huang family and the blood spirit clan. Let me go!"

"I don't need to avoid the blood spirit clan and the Huang family!" Ye Chen looked cold, and his whole body was filled with star sword spirit, and said: "what I want to destroy is the Huang family and the blood spirit clan! If you have no news worthy of my knowledge, you can die! "

Qingluan sect is also a school in the middle and upper reaches!

We must know where the blood spirit clan came from!

Since they didn't ask about it from the Huang family and the Xueling people, maybe the leader and deputy leader of Xu qingluan clan can ask!

"You want to fight against the blood spirit clan?"

The leader of qingluan clan took a look at Han Yun, then at Ye Chen, and said, "OK, I can tell you something about the arrival of the blood spirit clan, their characteristics, and the place where they came! You can kill me, will you? "

Ye Chen said plainly: "yes! But if you surrender, why don't you kneel? "

"This

"Good!"

The leader of qingluan Zong immediately patted his left and right arms, then lowered his head and knelt on one knee!

He clasped his fist and said, "I ask Mr. Ye to kill me!"

"Go away!" Ye Chen takes a step, the force is turbulent, like cloud Teng roll, instantly left leg turns into a cloud column, kick it out!

Bang!!

An empty explosion came out!

The leader of qingluan clan flew out of the arena and hit the wall in the distance. His clothes were broken and his black hair was disordered!

This leg was almost a blow to him. If he didn't rely on the armour outside his robe, he would be seriously injured and bedridden for several years even if he didn't die!

"Fortunately!"

"Fortunately, I didn't fall out with Ye Chen. Otherwise, it would be easy for him to shoot me to death."

The headmaster of qingluan Zong covered his chest, coughed and spewed out a mouthful of blood.

Then, he hugged his fist at Ye Chen and said, "I promise you, qingluan Zong is no longer provoking your faction!"

Secretly, he and Huangpu day are the same, agreed with Ye Chen in the evening to talk about the blood spirit family and the Huang family!

"If only you knew that!"

"Otherwise, I will let the qingluan clan go up and down without leaving any dogs and chickens!"
