Chapter 1111

Ye Chen stood with his hands on his back. His eyes swept over many sect elders and leaders. His face was cold and arrogant. He said, "I am the God of medicine, not all of them can challenge us!"

He pointed to linghaizong, luanjianmen, daocong, tianhaizong, lingaxong, Kunlun sect, qingtianmen, xueyemen and other top schools, and said, "if anyone dares to hurt our medical Shenmen disciples, I will kill them with my own sword and kill them in order to destroy them!"

After saying that, with a clear and crisp sound of sword, it rushed to the sky and turned into a bloody dragon!

The mighty dragon is as powerful as the scorching sun and the eruption of hundred ten volcanoes. Countless magma and fire light illuminate the sky, and the powerful pressure impacts on every sectarian, which makes them dare not make any mistakes!

The roar of the dragon and the light of fire frighten the eight wastelands and Six Harmonies!

There was no one to speak out!

Hundreds of small sects of people, staring at Ye Chen, eyes gradually showing a sense of worship!

One person will dare to threaten the world's great faction!

How impressive!

He Qiwei Wu!

If there is a man who has cultivated his fighting power, he will have no regrets in his life!

Young girls and men stare at Ye Chen, listening to him looking down on all the top schools, all the middle and upper sects, and suppressing the same generation, they are excited. They have secretly accepted Ye Chen as an idol and dream that one day, ye Chen will threaten the world's sects like Ye Chen!

"Since no one hates me anymore!"

"Then the contest of Kunlun's empty talents can start!"

Ye Chen looked at Han Yun and said, "Han Yun, originally there were three referees, namely, the leader of daocong, the deputy head of the Huang family, and the head of Kunlun clan."

He took up his sword and stood between heaven and earth. "Now, the deputy head of the Huang family is dead. I want to take over the position of judge. I don't know what you think of it."

"Ye Chen!"

"Referees are the exclusive property of the old generation!"

"I haven't heard from the ten great talents of Kunlun. You, the younger generation, dare to try to be a judge?"

Among them, Huang Qiankun, the ninth Huang family of Kunlun, stands above the clouds. His eyebrows and feet exude cold and resolute breath. His eyes are like the entrance of two deep caves, which are dark and desolate!

Huang Qiankun stood in the clouds and suspended the "Tao" behind him.

He pointed to Ye Chen and said, "don't think that with a little external force, you can be as famous as us, and even more delusional to be superior to us!"

"For us, the top ten talents in Kunlun are illusory and secluded!"

"You're just a kid with some tricks. Five years ago, we came out of thousands of talents to fight. Now it's just easy to kill you!"

"Wise, go back and take part in the competition. You can't covet the position of referee!"

Huang Qiankun stares at Ye Chen, his eyes become colder and colder. He thinks in his heart: ye Chen!

You beat and killed the people of my Huang family, and cooperated with Han Yun's old dog to imprison me!

Later, if I fight with you, I will kill you on the spot!

The power given by the blood spirit clan is just useless!

You think!

Only you can fight against the emperor's five layers of heaven?

Funny little scum!

If he didn't know that he was defeated by Han Yun, he would have made a move!

Now ye Chen looks after the referee's position, just give him an excuse!

He does not believe that Han Yun will stand up to deal with himself at this time!

Immediately, he said: "Ye Chen, you bastard, so arrogant, do not look at the elders and us in the eyes! I'll give you two choices. First, get back to the game, but before you go back, kneel down and kowtow to apologize

"Second, I'll kill you myself!"

"Of course, if you want to hide behind Han Yun, I have no opinion, but I will look down on you!"

A fierce general!

Ye Chen snorted coldly: "I know what you are afraid of. Don't worry, master Han Yun won't fight, and! I'll give you three seconds, too

"Kneel down and apologize. I won't die around you!" He pointed his sword directly at Huang Qiankun. His body was icy and shining with stars. An infinite sense of war haunted the arena. It seemed that he was the invincible God of war, and all the enemies could only be defeated by his sword!

"You want to die!"

Huang Qiankun fought out, his arms turned into dragon and tiger, half man and half beast. He was extremely furious, and his blood was surging!

He opened his arms, and then the dragon and tiger virtual shadows opened their bloody mouths, sending out the sound waves. When they were entangled with each other, they spiraled out. At the moment when they touched the ground, countless holes burst on both sides of the left and right sides, and a series of bursts were made, directly taking Ye Chen's face door.

"Immortal Kendo!"

"Jianmen's appearance"

Ye Chen lightly drinks a sound, left hand holds a gun to stab out a gun, layer upon layer superposition gun gang like if heavy hammer, broke the spiral sound wave!

He raised his sword with his right hand, and the point of the sword shot out a lustre, which broke through the clouds and shocked the whole world! On the challenge arena!

The sword light emits multiple luster, lights up stars, and finally presents a spider web like star map. All the stars are lit by the sword light, and some of them are even more brilliant. They are located in the starry sky, showing a round of sword gate!

Starlight sword gate manifest!

The sword of innumerable stars in it is like a bright meteor shower, falling into the night sky!

"You are not afraid

"Blood spirit secret method -- blood spirit Canglong!"

Huang Qiankun hands in one, dragon and tiger virtual shadow into red and black two strands of essence, flying out into a square of blue sky!

He turned into two blood colored pupils, and his skin appeared blood cracks, overflowing with magic light, but his whole body was filled with endless blood color and luster. If a blood color demon would come from ancient times and point to the blue sky from nowhere, countless Green Qi would roll and turn into a black dragon flying across the sky. His wings were shaking. All over the sky were dragon shadows. He rushed out against the sky and ran straight to the falling sword of thousands of stars!

Boom!!!

With a blow, the Dragon shadow collapses, and most of the star sword collapses. The strong afterwaves smash the mountains one by one outside the city, turning into thousands of dust, and the ground vibrates violently!!

Whoosh!!

A hundred and ten swords of stars cut through the sky and go straight to Huang Qiankun.

Poof!!

Poof!!

The sound of Dao Dao sharp sword piercing flesh and blood appears in people's ears!

Huang Qiankun's chest was pierced by a star, and scarlet blood was dripping down the blade. There were also dozens of star swords piercing into the arena around, emitting unusual starlight!

Hoo Hoo Hoo!!

Whoosh!

In a flash, dozens of starlight swords burst out chains of light, interwoven with each other, forming a huge net of light. Huang Qiankun was kneeling on the ground. The immortal sword intention contained in the starlight made him unable to resist.

"Ah..."

"No, it can't be..."

"This sword is impossible and impossible to suppress the blood of the blood spirit in my body..."

"No!"

Huang Qiankun's eyes are so big!

This is the blood of the blood spirit!

Kunlun virtual almost no solution to the existence of ah!

Who is Ye Chen!

For and can fight against the blood of blood spirit!

Chapter 1112

Huang Qiankun raised his head to the sky and yelled. Struggling hard, however, would only increase the number of cracks on the surface of his body. Blood light and evil Qi overflowed from the cracks. It seemed that an infinite flame was burning his meridians and skin, making him feel that millions of ants were gnawing at his body, which was extremely painful.

This scene shocked everyone present!

I thought Ye Chen could barely reach the threshold of Kunlun's ten great talents!

I didn't expect that Huang Qiankun, who ranked ninth among the top ten talents, had no resistance under Ye Chen's command. Even though he used the unknown secret method and his combat power was approaching the middle of emperor Zun's territory, he was so miserable!

"Master, it's really good!"

Huang zhantian took a long breath, shook his head, gazed at Huang Qiankun who was kneeling down, and said in a low voice: "once upon a time, Huang Qiankun was a hidden family level existence and an invincible enemy to me. Unexpectedly, such strong enemies all knelt down in front of the master!"

Master!

It is the existence that I can never offend and resist!

It seems that I can never catch up with the master. It was only a month ago that the master broke out his fighting power in the early days of emperor Zun!

Now, the master has burst out the fighting power above the five layers of heaven in the emperor's Zun realm. This still does not stimulate the fighting power of secret methods. If you urge the secret method, I'm afraid it will be the ancestor of Han Yun, who can fight hard!

The other three people, all have such a feeling!

The original surrender Ye Chen, signed a slave contract, all want to be liberated one day!

But when he saw Ye Chen's fighting power, he didn't want to leave his master. With such a powerful master, he would surely go out of Kunlun Xu in the future, set foot in foreign countries, and make some achievements. This is ten times, a hundred times better than marching on his own or under the guidance of his family!

Meeting a master like Ye Chen is not a disaster, but an opportunity!

Great opportunity!

"Blood of the blood spirit!"

"The boy got the blood of the blood spirit!"

In the tomb of samsara, the seven night blood was furious and said, "boy, this little beast must have sacrificed something to the blood spirit clan and get some residual blood from them! Now, the blood spirit flower has opened out in this little animal, and it must be killed as soon as possible! "

"The flower of blood spirit?"

"Residual blood?" Ye Chen asked in the tomb of reincarnation: "what is this?"

"The flower of blood spirit is the product evolved from the blood of blood spirit!" Blood seven night explained: "the blood spirit clan will give their own blood essence, that is, blood spirit blood, and this blood essence has parasitic ability!"

"In the early stage, it will improve the host's combat power, and even make the host explode several times its combat power!"

"But when the blood spirit flower is formed, the blood spirit people can absorb all the blood essence and strength of that person at will, and improve themselves. If you don't absorb that man, he will eventually become like a man or a beast, killing people everywhere like a madman, and he has a strong fighting power! "

The seven night blood sighed and said: "in ancient times, before the arrival of the blood spirit clan, we used this secret method to cultivate a large number of strong people in Kunlun Xu. Then Kunlun Xu fell into civil strife. We managed to pacify those who fell into madness and decided to fight an overseas war. Unexpectedly, we were defeated!"

"Therefore, you must eradicate Huang Qiankun as soon as possible!"

"The one who gave him blood essence has already been killed by you, but it won't take a year and a half for the flower of blood spirit to mature, and Huang Qiankun will turn into a madman and break out into a battle force of at least seven layers in the emperor's realm. At that time, he will kill people, and even his blood will turn into poison. Even if he dies, he will poison a hundred Li, and all living creatures within a hundred Li will die!"

Hearing this, ye Chen said: "the skills given by the original blood spirit clan to the Huang family not only squeeze their life potential, but also absorb their life essence, and even treat them as furnace cauldrons. This blood spirit clan is really evil, I must eradicate it!"

He waved his sword and pointed to Huang Qiankun, who was shouting crazily. He saw that on his arm and thigh skin, blood colored stamens had already grown!

The fierce blood color power washes every inch of the flesh and blood of Huang Qiankun. It seems that it is the mother of stamens and the flower of blood spirit. It is going to break out of the body!

"The blood of the spirit of blood, how good is it?"

"Say, what did you sacrifice to the old man of the blood spirit clan?"

Ye Chen puts the sword on Huang Qiankun's neck. The sword body is full of sword Qi, which stimulates the flower of blood spirit in Huang Qiankun's body. He crazily sucks Huang Qiankun's flesh and blood and yells in pain!

"But a few beauties were sacrificed!"

"You have the ability to kill me, torture me for what!"

"You brute, you have the ability to kill me. It will be your end in a year!"

"The ancestors of the blood spirit clan will pick your skin and cramp you, and will not easily bypass you!"

Huang Qiankun's face was twisted and his hands were full of blood colored flowers. The pain and itching feeling made him draw out constantly. However, under the suppression of the optical network, he could not move, so he could only bear it by force!

"You cultivate the martial arts of the blood spirit clan!"

"You have also received the blood of the blood spirit people, the blood of the blood spirit. Now you have produced the flower of blood spirit in your body. If you can't use the flower of blood spirit to mature, you can't die if you want to die. You will be completely crazy and kill people when you see people!"Ye

Chen looked bland, glancing at Huang Qiankun and many sects. "Do you want to tell the story of the blood spirit clan to all the people in Kunlun

"Ye Chen, what do you mean?" The leader of Qingtian sect took a step. His eyes were as cold as the winter. He gazed at Ye Chen and said, "don't talk nonsense. The blood spirit clan is just an alien race that invaded Kunlun Xu in ancient times. It has been defeated by us!"

As the leader, she is a middle-aged woman, named liangyue. She is still charming. Obviously, when she was young, she once caused a storm in Kunlun!

At the moment, she said in a sinister voice: "Ye Chen, do you want to make Kunlun virtual chaos? We can guarantee that we won't give you to the blood spirit clan to ravage you. You'd better shut up

"Yes?"

"Master liangyue, you said you would tell me that Kunlun Xu would send 100 powerful emperors to the blood spirit clan every 100 years to trample and kill them, but I can be an exception?" Ye Chen deliberately exposed his words, "it seems that in the previous thousands of years, the hundred emperors who were elected every hundred years seemed to have never appeared in Kunlun."

"What!"

"Ye Chen, what do you say?"

"Every year, we will send a blood spirit clan of 100 emperors who are strong in the territory, and they will be trampled like cattle?"

"Bastard blood spirit clan, is this true?"

"Asshole, how can it be?"

For a moment, all kinds of voices came out!

All of them come from small sects, some medium sects and even many young people!

Compared with the strong of the older generation, they are more indifferent to all this, looking at Ye Chen, looking at Han Yun, looking at liangyue leader, without making any refutation.

"Ye Chen! You're talking nonsense

"There's no such thing at all. They're just practicing in secret places."

Chapter 1113

Leader liangyue roared hysterically: "this is impossible. Don't confuse people with evil words, or I will kill you no matter who you have as a supporter."

"Yes?"

"They practice in secret places!"

"For thousands of years, why has no one come out?"

All of a sudden, ye Chen rose to the sky, with the way of killing and the immortal sword hanging behind him. He was like a fairy king. He was above the nine heavens and looked down on all the people. He said, "for so many years, every hundred years, one hundred emperors respected the territory, and three thousand emperors respected the strong one."

"Why didn't one come out of the secret place? Even, they have disappeared completely, without a trace! "

"What's more, if you say I mislead the public, you can call those people out to testify to you!"

"You Elder liangyue couldn't answer for a moment!

Let her find out over the years the hundred emperors respect the strong, come out to testify?

Where to find it?

Those people had already died in the hands of the blood spirit clan!

Not at all!

Ye Chen's eyes can not be doubtless, swept over the various sects and said: "among the 3000 emperors, there are not only young talents, but also many strong old generation of small sects! Do you think that your master, your master, went to the secret place for training? "

"No!"

"In those years, these sects failed to cultivate enough powerful people in the imperial realm, and they were forced to force them to upgrade their cultivation and provide blood spirit people with slaughter!"

"The same is true of this talent conference."

"Because a lot of geniuses died, they couldn't get enough emperor's territory, so they asked all the sects of Kunlun Xu to arrive here! At the end of the genius meeting, if the number of talents who can reach the emperor's realm is less than 100! "

"They will immediately arrest the leaders and lords of all your sects, and make up for a hundred powerful emperors!"

"Let the blood spirit clan spare the people of Kunlun, spare them!"

"This is the purpose of cultivating 100 powerful emperors every 100 years. All the middle and top sects know about it, and each family will share the quota equally!"

Ye Chen continued: "and the blood colored stamens on Huang Qiankun are the marks of the blood spirit clan! It is absolutely true that Kunlun Xu sends 100 emperors to the blood spirit clan every 100 years! "

These words go straight out!

More than 10000 people present are the most elite group of Kunlun Xu!

Immediately, many small sect leaders and big disciples rushed to the sky to question the leaders of xueyemen, daocong, qingtianmen, Kunlun sect and so on!

"Is Ye Chen really saying it?"

"A thousand years ago, you said that there was a surplus of places. Let our ancestors participate. It turned out that our ancestors were given to the blood spirit clan to ravage them!"

"You bastards, talk! What about our ancestors? Where did you go? Is that what ye Chen said

"Is what ye Chen said true?"

"You talk quickly..."

There are countless questions like clouds in the sky!

Not only these small sects began to question, but also the disciples of qingtianmen, Kunlun sect, daocong and so on.

The eldest disciple of qingtianmen's zhenzhuang immediately turned to look at the headmaster. He looked very different and said calmly, "master, more than 100 years ago, you said that you would send

elder martial brother Tianyue to the secret place to practice, but now elder martial brother Tianyue has not come out!"

"I ask you, elder martial brother Tianyue, has he been trampled to death by the blood spirit people, as ye Chen said

"Will my ending be the same?"

"Master, please answer me!"

On the edge, the eldest disciple of the Kunlun sect looked at the leader of the Kunlun sect with a different look and said, "headmaster, what you said about ye Chen is false. Why, the elder martial brothers and sisters who went to the secret place to practice a hundred years ago have not come back yet?"

"Even the elder martial brothers and sisters who went to the secret place for cultivation have not come back yet?"

"So far, they have not been found. Were they killed by the blood spirit clan?"

"Will my result be the same?"

One after another, the first disciples and true disciples of other sects began to ask the questions of

"headmaster..."

"Master..."

"Headmaster, are we also trained to be raped by the blood spirit clan? If not, please show us the evidence..."

.....

For a moment, ye Chen's words directly detonated the entire thousand Jue square!

Hundreds of small sects are hostile to dozens of big sects. It's not that none of them found out about it. They just didn't have the opportunity to ask, and they didn't have the strength to ask. When ye Chen said this, they naturally tried their best to ask the whereabouts of their ancestors and former leaders!

It's more urgent to ask questions. They should be true disciples and Taoist disciples of the great school!

If it is true, the small sects will lose their pillars at most, but they will end up dead! And before he died, he had to be trampled by the blood spirit clan, which was related to his own life. Naturally, he had to ask more eagerly!

At this time, eight of the ten great talents in Kunlun's virtual hermit world changed their faces very quickly.

Among them, a Taoist disciple in a white robe came forward. His name was Bai Yuquan. He asked Ye Chen, "what you said is true?"

"I need to cheat you?"

"Anyway, in a year and a half later, the blood spirit clan will be worshipped by hundreds of emperors in Kunlun. You happen to be a top talent and die the fastest!"

Ye Chen said flatly: "if you want to prove true or false, you can ask Han Yun, ask your parents, the head of your family, where the emperors of the past years were strong. What's more, what secret place can last for three thousand years

After listening to Ye Chen's words, Bai Yuquan's look changes very quickly, and his heart is very tangled!

Yeah!

Ye Chen is right. What secret place can last for three thousand years?

What's more, if you enter the secret place, you won't come out?

Is it true that the headmaster is going to take our lives in exchange for their continuation?

"Ye Chen!"

"Ye Chen!"

Immediately, two of the top ten talents, green sword and blood flag from qingtianmen and xueyemen, asked in one voice: "what you said is true?"

Even the top ten talents are not stable, let alone others!

On the thousand Jue square, it's a mess.

"Naturally and truly, this is what the top echelons of all factions default to implement!"

"And every time the talent contest, is to better choose the emperor who is superior to the blood spirit clan!"

Ye Chen looked around, and the sword Qi vibrated in all directions, and said: "for the blood spirit clan, I will definitely resist to the end. I will never let a Kunlun Xu man be trampled to death by them again!"

"If you don't want to die, you can follow me and fight against the blood spirit clan together!"

"Of course, you can also find a suitable place to find a tombstone in advance. When the blood spirit clan comes, you can commit suicide in advance."

"Anyway, whether you follow or not, I will fight with the blood spirit clan!"

Chapter 1114

"As long as you can defeat me, I will follow you!" The green sword of qingtianmen said, holding the spirit sword around his waist, he was so angry that he could not help but say: "bloody blood spirit clan, so ravage our Kunlun void!"

"Vow to fight to the death with the blood spirit clan!"

The blood flag of the blood night gate is also hard to speak of. "Every hundred years, we send hundreds of emperors to the blood spirit clan to kill them. How can these leaders be so cowardly. I mean, it's no wonder that we've never seen the elders who have entered the secret realm. They are all dead

Immediately, the blood flag turned to ask his leader!

"Just you, do you want to resist the blood spirit clan?"

A hoarse voice pierces the sky!

All people stop their actions and words and look to the birthplace of voice. It's Huang Qiankun!

Huang Qiankun's whole body was covered with blood colored stamens and said with a crazy smile: "are you such wastes, but also to resist the supreme blood spirit clan adults? It's ridiculous. It's ridiculous. Your leader didn't tell me. He just wanted you to suffer less! "

"Now what do you know?"

"In another year, the adults of the blood spirit clan will come to Kunlun Xu, and all of you will be tortured to death!"

"Even your spirits will be wiped out!"

Bang!!

Bai Yuquan slapped Huang Qiankun's face and scolded angrily, "are we the generation that lives on? If you speak half a minute, I'll kill you

"Dare you kill me?"

"My master is an adult of the blood spirit clan!"

"They will arrive in a year, and you will not die if you want to die. You will suffer a hundred times, a thousand times, of Han Yun's original torture."

Huang Qiankun hoarsely roared: "I'm not afraid to tell you that our Huang family had already joined the blood spirit clan in ancient times. But now, our Huang family is the first echelon family of Kunlun, and no sect of Kunlun sect, daocong and qingtianmen dare to touch us! "

"If you kill me, you will die!"

"Ye Chen, you killed so many people in my Huang family. When the adults of Xueling clan arrive, you will be the first to suffer from torture, skin cramps, and bruise the bones and ashes. You will never run away"

"and you

"All your favored children and so-called geniuses are just toys for the master to trample on."

Bang!!

Huang Qiankun was slapped in the face by a beautiful woman!

She also came from qingtianmen, named qinglirong. When Ji Siqing was not famous, Qing Lirong was once called the most beautiful saint of Kunlun!

She asked, "you traitor of Kunlun Xu!"

"Ha ha ha ha, how about our Huang family betraying Kunlun Xu? Do you dare to move our Huang family?"

"Which leader or elder of your sect dares to touch our Huang family?"

"The end of you will be in a year --"

Hua ~ ~ ~

a sword is flying, and it is the leader of daocong who has made a move!

The leader of daocong looked at Ye Chen with a gloomy look. I'm afraid he can't hide the secret today.

He said, "everybody, go back! The talent contest of various schools will be held later. We will study Ye Chen and Huang Qiankun well and give you an account! "

"Explain after research?"

"You said you were studying the wording and wanted to continue to deceive us!"

A leader of a small sect said with righteous words: "what ye Chen said, and what Huang Qiankun said, plus the things that you have never come back from the imperial examination all the years, we must make it clear today."

"Yes

"Explain clearly!"

"No discussion is allowed. If you want to discuss it, you have to discuss the wording that deceives us!"

Many leaders of small sects, as well as the true disciples of big sects, wish to tie up the leaders of all sects and interrogate the truth one by one!

Everyone knows that the top-level people hold the secret. When the middle and low-level people ask the top-level people about the real situation, if the top-level people want to discuss, then the result must be to deceive people into wording.

For a moment, the leaders of each faction were silent.

Even several leaders, such as the leader of random gun sect and the leader of tianhaizong, glared at the people who asked.

Like the Huang family, they all joined the blood spirit clan. But if they don't explain it today, they won't be able to gather up a hundred emperors and give them to the blood spirit clan in a year and a half, and their lives will be in danger!

"Han Yun!"

"Master Han Yun!"

Finally someone thought of Han Yun!

Xueqi, qinglirong, baiyuquan and other top talents are looking at Han Yun one after another!

Bai Yuquan asked, "Dear Mr. Han Yun, is what ye Chen said true? Is it true that every hundred years, Kunlun Xu will send out a hundred powerful emperors to kill the blood spirit clan? "

"Yes

With Ye Chen's permission, Han Yun will tell the truth!

He said: "when we were defeated, we could not resist the blood spirit clan, so every hundred years, we would give 100 emperors to the blood spirit family, and they would trample on them! The leaders of all schools in the past dynasties said that those who had been sent to the secret realm for cultivation were all sent to the blood spirit clan! "Boom!!

In a flash, the whole thousand Jue square fried!

Everyone glared at the leaders of ten big sects and wrapped up their disciples.

The leaders and ancestors of small sects were given to the blood spirit clan after being promoted to cultivation by force.

The disciples of the big school also have many fathers and brothers who have been sent to the blood spirit clan. Even they themselves will be trampled by the blood spirit clan. How can they not hate their own leader!

"Today's business, I'll tell you tomorrow!"

The leader of daocong threw down a sentence and took a look at Han Yun, then turned into a streamer to leave!

"I'll give you an account of today's affairs later!"

"What happened today..."

Dozens of leaders and deputy leaders of qingtianmen, Kunlun sect and so on left with a word. Han Yun can't rely on him. He must think of new ways to deal with his disciples and small sects who are about to become mobs!

The leaders of each faction left, and the people in the square fell into madness. Those who thought they were still alive had died for many years!

More humiliation!

Every 100 years, send 100 emperors to the blood spirit clan!

No one can stand such a great humiliation, no matter the young or the old strong!

Many people, hearing that ye Chen wanted to resist the blood spirit clan, went to Ye Chen one after another, ready to discuss the situation.

"Ye Chen, since what you said is true!"

"What shall we do now?"

"Ye Chen, how can we resist the blood spirit clan?"

"Anyway, even if I die, I can never be a dog to the blood spirit clan!"

"Yes, my husband stands up to heaven and earth. He is worthy of his parents' life and his death is worthy of heaven and earth. If he wants me to be a dog, he wants me to send my brothers and friends, and even if I sacrifice myself to the blood spirit clan to ravage, then I am willing to fight with the blood spirit clan to death!"

Many small sect leaders and ancestors have come to discuss with Ye Chen!

Many of them only have seven or eight levels of Daoyuan state, and some of them have reached the realm of emperor Zun. Their cultivation is not high, so they take ye Chen as the main body!

Chapter 1115

"Ladies and gentlemen

"The blood spirit clan has ravaged Kunlun Xu for thousands of years!"

"I will never let the blood spirit clan ravage me again. Ye Chen is willing to raise a banner against the blood spirit clan. If you are willing to join us, it is good!"

Ye Chen's eyes swept over the crowd and said, "everyone, the most important thing we are going to do now is to send 100 emperors to Zunjing every 100 years. It's a matter of ravaging the blood spirit clan. Tell all the people in Kunlun Xu!"

"Let them know that if they don't resist, the ultimate result of cultivation is nothing more than to let the leaders of the big school send them to the blood spirit clan to ravage them!"

"Therefore, we should mobilize as many people as possible, first destroy those families and clans that betray Kunlun Xu, and then gather our strength to fight against the blood spirit clan!"

Against the big flag of the blood spirit clan!

It must stand up!

With him ye Chen in, Kunlun Xu can no longer kowtow to the blood spirit clan!

Moreover, it is impossible to send 100 imperial monks to the blood spirit clan every 100 years to ravage and kill them!

"Yes, ye Chen is right!"

"We may be weak, but the combination of the strength of the whole Kunlun void can't resist the blood spirit clan!"

"Yes, ye Chen, you are right. I am willing to join you to fight against the blood spirit clan!"

Dan dingmen, the leader and ancestor of Luoshui sect, affirmed Ye Chen's words at the first time!

For them, the matter of blood spirit clan is not only about life and death, but also about honor and the way of future generations!

"Ye Chen, you are the first person to erect the flag!"

"It's not like those big bullshit who just kowtow to be a dog!"

The leader of the magic sword sect immediately said: "I will return to the sect now, mobilize all forces to spread out the truth, and tell the young people and my colleagues that the blood spirit clan has ravaged our predecessors and brothers. Let them follow Ye Chen and fight against the blood spirit clan."

"Yes

"Da Pai is afraid of the blood spirit clan. Ye Chen is not afraid, so we will follow you."

"I am so big Kunlun Xu, even if the whole staff died in battle, it is impossible to be a dog for the blood spirit clan!"

The leader of Baidao sect also holds his fist to wait for ye Chen.

He took a deep breath, looked at Ye Chen, and said with emotion: "Ye Chen, you not only have the combat power comparable to the ten great genius of Kunlun, but also the first one to see through the truth. You have more courage and strength, and erect the banner openly and uprightly! I will fight against the blood spirit clan with you for the sake of life, glory and future generations

His words resonated with many leaders of small sects.

"For the sake of future generations and ourselves, we are willing to follow you," said the leaders and patriarchs one after another

"Good!"

"Ladies and gentlemen, your task now is to spread the news all over Kunlun Xu!"

"Tell those hidden talents and powerful people in the hidden world that they don't want to die in vain and do not want to continue to be oppressed. This flag against the blood spirit clan has been erected. If they are willing to be a man who can stand up to heaven and earth, I will always welcome them to the hall of light and the door of the God of medicine!"

"I will lead them against the blood spirit clan too

"One year later, it will be the day when the blood spirit clan comes. I will take the lead in killing this wave of blood spirit people!"

"Before the next time the blood spirit clan comes, I will try my best to mobilize Dan Zun of danxu town to refine pills for them, so that they have enough fighting power to fight against the blood spirit clan!"

Ye Chen's impassioned remarks immediately ignited the ambition of all the small sect monks!

A man who stands up to heaven and earth will die on the battlefield even if he dies!

It is impossible to be trampled to death by the blood spirit people without resistance!

Immediately!

Hundreds of people of small sects are ready to return to the Mountain Gate immediately and spread the news along the way!

When they return to the mountain gate, they will integrate their strength and prepare to fight against the blood spirit clan!

This is true of the small school, but the disciples of the big school, such as Qingjian, baiyuquan, Ruohan, Xueqi, qinglirong and other top disciples, are in confusion!

They looked at the departure of the master, the mood can not be difficult to calm down!

A teacher who loves himself and teaches himself martial arts?

Will you really send yourself to the blade of the blood spirit clan?

Every big school disciple is in a difficult situation. They are not willing to believe that cultivating their own sects, teaching their own martial arts, and even their father-in-law masters are actually in order to hand themselves over to the blood spirit clan in exchange for their own continuation.

"Master!"

"Master! Master

Bai Yuquan, as one of the ten great talents in Kunlun, could not help but tears. Looking at the master in the distance, Bai Yuquan knelt down from the sky and cried, "master, what Han Yun and ye Chen have said is true. I don't want to believe it, unless you tell me in person that you want to take my life for your continuation!"

"Master, please tell me, is it true?"

"Master, master..."

The voice spread more and more far away, and then the leaders of the major sects left without looking back. Hei Yao and other ten great talents in Kunlun were staring at the impassioned people of the small sects on the edge. Then he looked at the blank eyes of his younger brothers and sisters, and the masters were not willing to answer. And the distant background, are trapped in helplessness!

If we say, they are the favored ones!

At that moment, they have lost the motivation to move forward.

What's more, in the end, the cultivation is just to make the blood spirit people better trample, so why practice?

Gradually, the figures of the leaders and deputy leaders of each faction disappeared.

All the disciples of zhenzhuang and dao-zhuang of the major sects looked at the law enforcement elders and the ten great geniuses and asked one after another, "elder, is this true?"

"Elder Ke, I was brought up by you since I was a child. You are like a grandmother to me. I want you to tell me that my destiny is to give the blood spirit clan to trample to death?" A female disciple of Tianlan sect, kneeling in front of Ke elder, sincerely inquired.

"Child, I can't answer your question now!"

Ke elder left a word, led other law enforcement elders, all turned into a streamer far away!

At the moment, if they admit it, I'm afraid the disciples will collapse in a moment, and the huge sect will be empty.

"Ye Chen!"

Han Yun leaped forward, glanced at all the people and said, "the current situation is going to be chaotic for a period of time. Let's talk about how to deal with the blood spirit clan."

"Good!"

Ye Chen informed the leader of qingluan Zong and the deputy leader Huangpu Tian to discuss with him in the building beside qianjue square.

In the building, Duan Huai'an, Xiao Bi, Lao Xue, Huang zhantian and others gather here.

Ye Chen of the Huangpu heavenly Dynasty clasped his fist and said: "in fact, it is very difficult to fight against the Xueling clan in the current situation of Kunlun. All the major factions have submitted to it, and it is more important to conceal the affairs of the Xueling clan from the younger generation!"

"Brother ye, you are very right!"

"If we want to break this pattern, we must make them in chaos and let their disciples know their destiny!"

"I didn't ask you to analyze it!" Ye Chen looks flat, light min a mouthful of tea, said: "hurry up to tell me what you know!"

Chapter 1116

"Yes

Huangpu tianbaoquan, looking at everyone, sighed: "once, we qingluan Zong had a deal with the Huang family, so we know something! The Huang family lacks the top power, but everyone cultivates the skills of the blood spirit clan. Every hundred years, they don't need to send the emperor's respect realm to

the blood spirit clan. Therefore, the number of emperor's Zun realms in the Huang family is almost equal to the sum of other sects! "

"A thousand years ago, my qingluan clan had a sitting ancestor who accompanied the Huang family's ancestor to meet the coming Xueling people!"

"The place where the blood spirit clan comes is in a mysterious place!"

"To be exact, there is a transmission array in the broken space beyond the void of Kunlun!"

He recalled: "it seems that the ancestors of the Huang family said that the land of the blood spirit clan is very far away from Kunlun void. If there is no accurate star map, it is impossible to find Kunlun Xu! Even if we find Kunlun Xu, it will take a long time for them to cultivate themselves! "

"Therefore, as early as before the war in ancient times, some blood spirit people set out to come to Kunlun Xu and set up a space transmission array!"

"And it will take half a year to reach the Kunlun space."

"It is said that every time a space transmission array is used, it needs a 10-year interval before it can be used again. Otherwise, the fixed space channel will not be able to withstand the pressure and collapse, so the space transmission array will have to be rebuilt!"

Space transmission array, a giant long-distance transmission array!

It's basically used for plane transmission outside the region, because the distance between each plane is very far. It takes too long to get to another plane by the Friar's own flying force. Therefore, he figured out how to use the stone of space to arrange a large space transmission array!

"Every ten years!"

"The transmission time is half a year!"

Listening to these data, ye Chen calculated in his mind.

"Han Yun, space transmission array, can it be destroyed?"

"How many are the space transmission arrays of the blood spirit clan in Kunlun Ye Chen asked.

"One!" Han Yun seriously pondered: "my experience over the years, as well as the understanding of the blood spirit clan at the beginning, is just a low plane for the blood spirit clan, and it is not worth them to arrange two precious space transmission arrays."

"As for destroying the teleport array?"

Han Yun gave a bitter smile, shook his head and said, "if it could be destroyed, I would have done it for thousands of years! You can't destroy the teleportation unless you reach the realm of harmony and understand the laws of space! "

"He Dao Jing?"

"The supreme realm after the emperor's reverence?" Ye Chen's words immediately aroused people's curiosity. They all looked at Han Yun and waited for an answer.

Han Yun said slowly: "the emperor's respect for the realm is the supreme realm for us, but for the blood spirit clan, it is the realm of garbage. For example, the top state Huajing master in China is not even the lowest realm in Kunlun!"

"There are only four realms I know after emperor Zunjing."

"They are the state of entering God, the state of God King, the state of Hunyuan, and the state of harmony. Each state is divided into nine levels, and then I don't know. But there must be people of higher realm. At the beginning, the blood spirit clan sent an existence above the harmony realm, which broke our defense at one stroke."

"And a year and a half later, ye Chen, almost all the people you want to deal with are in a state of mind!"

"To enter the spiritual realm, we need to use the immortal tools on top of the nine spirit tools as the medium to make the soul change qualitatively, and then use the immortal power of the immortal utensils to make the body change qualitatively, so as to enter the spiritual realm."

"As for the realm above the realm of God, I don't know what it needs as a medium to break through!"

Hearing these words, ye Chen understood why Han Yun had not broken through the nine layers of heaven of emperor Zun for thousands of years, and the huge Kunlun void had no immortal tools, so Han Yun could not enter the realm of God.

At the beginning, the blood spirit clan came to Kunlun empty time!

It not only slaughtered all the monks who had entered the divine realm and the divine king's realm, but also took away all the immortal utensils. As a result, Kunlun Xu did not have any immortal utensils and could not make immortal ones. In addition, one hundred emperor's realm was sent to the blood spirit clan every hundred years to ensure long-term rule!

"Enter the state of mind, the state of God King, the state of Hunyuan, the state of harmony of Tao"

"I will certainly achieve it!"

Ye Chen held his fists and said: "it's only a few years since I arrived at the source of Daoyuan from inner strength."

His whole body is haunted by an indomitable sense of war, "it must be several years, plus the reincarnation cemetery, enough time for me to reach the Hedao border! It's not hard to find the so-called immortal utensils! "

"Fairy ware?"

"I know a lot of weapons handed down by big schools!"

"I don't know if it's an immortal?" Duan Huaian asked.

Han Yun shook his head and said, "whatever can be handed down, the highest is just seven or eight spirit tools."

He looked at Ye Chen and said, "the star sword in your hand is only a spirit weapon of seven or eight grades. If you want to be promoted to the realm of God, you must go to other places and find an immortal tool as a medium to break through."

"However, with your potential and strength, I'm afraid ordinary immortal tools are not enough to carry your soul!""You still have to follow the guidance of your predecessors to find more powerful immortal tools!"

"Speaking of other places, the leader of qingluan sect, is the Xueling clan a strong and big plane or a special race?" Ye Chen looked at the leader of qingluan sect and said slowly, "if you don't have news worthy of your life, you don't need to live, because you are also a betrayer of Kunlun Xu!"

"Yes, yes, yes!"

"I have!"

The leader of qingluan sect said eagerly, "I once talked with Huang's ancestor and learned from him what a powerful race the blood spirit clan is!"

He tried hard to recall the conversation with Huang's ancestors and said: "the blood spirit clan is a ruling over hundreds of existence similar to the Kunlun void. Its trace involves a large span. In Chinese terms, the blood spirit family is the supreme and dominating general existence! It can't be shaken! "

"What's more, the place of Xueling clan is different from Kunlun Xu in essence, and the force is one level higher than us!"

"From the words of Huang's ancestors!"

"Kunlun is a low plane."

"The blood spirit clan still dominates some middle level martial arts levels. It seems that the blood spirit clan should be in the high level of martial arts. Therefore, the people with the lowest level of cultivation are even more powerful than those of us who are at the highest level of Kunlun."

The leader of qingluan sect said in a hurry: "from the words of Huang's ancestors, if Mr. Ye wants to go to other places, it seems that there are only two ways."

"The first one is to leave Kunlun void through the space transmission array of Xueling clan!"

"The second way, Mr. Ye, you can only use your own skills to control the sky, and after hundreds of years, you can get to other levels!"

Chapter 1117

In order to survive, the leader of qingluan sect even gave Ye Chen a personal consideration.

For him, to join the Huang family and the blood spirit clan is to live, and to join Ye Chen can also live. That doesn't care whether the information leakage will have any consequences, anyway, he can live!

"A hundred years!"

Ye Chen, who grew up in China as a child, understands science and now controls the reincarnation cemetery. After contacting with those great powers, he naturally knows that the world is vast and boundless. The distance between the planes of living races is calculated in tens of thousands of light years. Even if he reaches the realm of Dadi and flies with the help of spirit weapons, it will take hundreds

of years to reach a plane, However, compared with China's scientific and technological means, although it is countless times faster, it is still too slow.

He looked at Han Yun and asked, "can the space transmission array of the blood spirit clan change its position after transmission?"

"I don't know!" Han Yun shook his head and said: "in the first World War, we only fought with the blood spirit clan in the mysterious place outside the void of Kunlun. We didn't know the specific things about the space transmission array!"

"Ye Chen!"

In the tomb of samsara, the seventh night of blood said, "you don't have to worry. I can change the single transmission position of the space transmission array, and I have a star map. It's just that you can't change the transmission channel from the blood spirit clan to Kunlun Xu. "

If there is blood for seven nights, ye Chen is relieved!

He said, "OK, Huangpu heaven, you two go down first!"

"I'll spare your life for the time being. If you dare to have any connection with the Huang family and the blood spirit clan, I will kill you, the upper and lower parts of qingluan clan!"

"Yes

The leader of qingluan Zong and Huangpu Tianlao left the door honestly and waited in the next room.

Ye Chen looked at the people, told them his plan, and said, "our goal now is to deal with the xuhuang family in Kunlun. I'm going to take the Huang family by force, and take the Huang family as the main combat force. You need to unite the experts of various schools to control the Huang family experts and fight the blood spirit clan!"

"The blood spirit clan is a high level of martial arts. With our current strength, it is very difficult to resist it!"

"Therefore, we need to constantly improve our own strength, and I will also use some means to find immortal tools for you to break through!"

"With the arrogance of the blood spirit clan, we will not send high-level masters at the beginning of our low-level military level!"

"I guess that the highest level of blood spirit people who arrive one year later should be in the early stage of entering the realm of God!"

"After that, at most, it's the kingdom of God!"

"Ten years later, it should be the later stage of shenwanjing or Hunyuan realm!"

"Why?" Han Yun doubted: "at the beginning, the blood spirit clan came to a lot of Hunyuan realm, and even some experts in the Hedao realm broke our defense. This time, maybe they are also such a lineup!"

Ye Chen shook his head and carefully analyzed: "according to some information I have now, it can be inferred that the people behind the bleeding spirit clan are extremely warlike and will constantly attack other planes. Therefore, before we attract enough attention from the blood spirit clan, the blood spirit clan will not send in the main strong ones! "

"This is equivalent to giving us time to breathe and improve our realm!"

His eyes swept over the crowd, saw them a little confused, think the enemy is too strong.

He said carefully to the people: "you can change yourself into a blood spirit family to think."

"It has always been believed that mole ants have rebelled, and it is a low-level plane. They sent a large number of experts from the beginning, and even sent enough friars to fight against it?"

"It's not possible. The other planes don't need to be suppressed? The other planes don't need to be attacked? "

"Besides, the forced tactics of the blood spirit clan are bound to cause rebellion from other ruling planes."

"So we won't draw too much force in the first place!"

"Yes

Han Yun also gradually nodded, slowly said: "with my understanding of the blood spirit clan, they fight in many places, the main force will be sent out during the war, the round-trip time is very long!"

"Therefore, the blood spirit clan will not send the main strong to Kunlun Xu at the beginning! "

" however, if they fail once or twice, they will find something different, and then we will face the most difficult strong one! "

"Usually, we are very likely to be destroyed by the attack of the main force of the blood spirit clan!"

"But with Ye Chen there, ye Chen could not upgrade his martial arts to the realm of Daoyuan in a few years, and he could even fight the five layers of heaven in the emperor's Zun realm!"

"In 20 or 30 years, it will be enough to break through the heydao realm and destroy the space transmission array of the blood spirit clan. Then we will have 1000 years to prepare for the counterattack!"

"It doesn't take 20 or 30 years!" Ye Chen said firmly: "in a few years, I will be able to break through to the realm of harmony, destroy the space transmission array, and bring you time for counterattack! What I said just now also gave you confidence

He glanced at everything and said, "you don't have to worry. As long as I Ye Chen is here, it is absolutely feasible to fight against the blood spirit clan, even to counter attack the blood spirit clan! You just need to listen to orders and keep accumulating details and breakthroughs! "

Ye Chen now know, why blood seven night they want to ask themselves to train a large number of subordinates!The scope of the battle with the high level monks is too large and wide. They can fight against the leaders of the blood spirit clan. However, there are endless strong people in the blood spirit family, as well as many entering into the spirit state, the God King state, and the Hunyuan state. Therefore, Kunlun Xu must have enough strong people in the same realm to resist.

Otherwise, these blood spirit clansmen don't have to enter the Kunlun void. As long as any God King enters the Kunlun void, most monks will be killed. Even if ye Chen wins, the Kunlun Xu people will be dead, and the gain is not worth the loss!

"Good, younger martial brother, I support you!"

Xiaobi first said.

"Ye Chen, I'm very glad that you can set up the flag!"

Duan Huaian also said seriously: "as long as you can use it as a teacher, you can speak up!"

"For the future of Kunlun Xu, for future generations, even for our own lives, we will fight against the blood spirit clan together with you."

Brush!!

Huang zhantian and other four people knelt down at the same time and cried out in unison: "we are willing to listen to the master's instructions, but we have orders. We will definitely finish them to the death!"

"Good!" Ye Chen nodded and said, "everybody, with me, ye Chen, Kunlun will not collapse! The final victory will also belong to Kunlun Xu! "

"Han Yun, now the situation is completely in accordance with our plan!"

"Where the ancestors and leaders of each faction are, you need to take them in!"

"Before that, you need to go to the blood night gate with me. I have a way to accept the sect left by the seven night God King!"

.....

Ye Chen and Han Yun are discussing.

The leaders and deputy leaders of Kunlun sect, daocong school and qingtianmen sect are also deliberating!

Chapter 1118

"Damn Ye Chen, he actually made public the affairs of the blood spirit clan!"

"If we go on like this, we can't gather enough emperor's Zun realm to dedicate to the blood spirit clan!" Master liangyue was speechless. He patted his left face fiercely and gave a cold breath. "It seems that we can either continue to deceive those disciples, or we can only take them down by force and give them to the blood spirit people!"

The leader of daocong sighed and said, "for today's plan, we have to seize these disciples by force and offer them to the blood spirit clan."

"We don't have much time left, only one year left!"

"Originally, there were many disciples who had been promoted to Emperor Zunjing in the past 100 years. There were more than 80 disciples from different schools, and hundreds from Daoyuan realm. I thought that holding a contest of various talents could take in some students with lower talent and give them to the blood spirit clan after forcibly inculcating their accomplishments. "

"Let Heiyao and Qingjian survive!"

"But now let Ye Chen do this, the six schools of Taoism and zhenzhuan disciples are dead and injured."

"The disciples who originally wanted to survive had to be dedicated to the blood spirit clan. I don't know if it is enough."

"It must not be enough!" The headmaster of Luanjiang sect looks gloomy. His dark eyes are like a cave in the abyss. He says: "I just calculated. After removing the dead disciples of the six schools, the number of the other eight schools is not enough."

He took out a piece of paper and handed it to the headmasters. He said, "there are only 66 disciples from the other eight schools and big families. There are only 20 disciples who can be promoted to the emperor's realm by force."

"We must arrest the people of small sects to supplement the quota!"

As for ye Chen A cold light flashed across the corner of the eyes of the leader of the Luanjiang sect, which was like a blade of ice. "Ye Chen killed the people of the Huang family. The Huang family must try to catch Ye Chen before the arrival of the Xueling clan. Only by presenting Ye Chen to the Xueling clan can the anger of the adults of the Xueling clan be calmed down!"

The leader of the Kunlun sect, sitting on a high chair, drank a bottle of liquor and sighed, "now

"The most important thing for us is to give an account to the disciples."

"What else do you want to account for?" Leader liangyue suddenly turned around, glared at the crowd and said, "don't say you can't take down the disciples of your sect! Even if we can't win them, can't the ancestors of the sect still take these kids? "

"For the future of Kunlun, for us!"

"We must take down Ye Chen, the little beast, and these disciples who are trying to rebel!"

As soon as the words were said, the temperature of the conference hall suddenly cooled down!

Invisible, a cold breath spread, a leader's eyes, also become fierce up!

For them, even though these disciples are talented, they are masters. They are familiar with all their martial arts moves. Can't they win over these disciples?

The cold double pupil of leader liangyue looks around the people, but her cool and thin habit makes people have nothing to say.

What about these disciples?

As long as we live, what if we sacrifice?

It's not that there has been no sacrifice before. As long as we keep going, maybe one day, the blood spirit people will be defeated by people from other levels, and it will be better to ignore Kunlun Xu. It's better to follow these little bunnies to fight against the blood spirit clan and die?

No way!

"Ladies and gentlemen

"Let me remind you

The headmaster of the blood night sect said blandly, "the disciples of the past 100 years are the best ones from ancient times up to now! They all have the potential to enter the realm of God. It's a waste to let them die! "

"Hum!"

"If you don't want your disciples to die, you can! You take care of the numbers

"When the blood spirit clan comes, you can wait to be destroyed. Anyway, our sect can continue. Sooner or later, the blood spirit clan will be defeated by other powerful people. As long as we live, sooner or later, we will be free!"

Master liangyue said solemnly, as if kowtowing was the only right choice!

"I will not give my freedom and the life of my disciples to other people!"

"We don't expect others to save us!"

"It's not a good idea. Goodbye, everyone!"

With a wave of his sleeve, the headmaster of the bloody night school snorted coldly and left with the deputy leader!

Headmaster liangyue stares at the back of xueyemen and others, and continues: "tomorrow, we just need to call our talented disciples to a special place, and we will do it ourselves and catch them! As for the people of other small sects, if they want to make trouble, they have no strength to resist anyway! "

"Good!"

"I agree!"

"I agree!"

The master of Kunlun clan agreed with the leader of the clan!

After that, they began to plan specific matters!

Xueqi, the leader of Xueye sect, and Xuehong, the deputy leader, left the meeting hall. Facing this situation, they did not want to collude with each other to harm their talented disciples. However, if they did not, the whole sect would be destroyed! More than one family has been destroyed.

For thousands of years, there were so many big schools that were not willing to provide emperor Zunjing disciples to the blood spirit clan, which were eventually destroyed.

Among them, several other masters of Ye Chen, the clan established by Canghai equality people, were all destroyed by the blood spirit people in the long river of time!

Just when they were upset, suddenly! A great light is coming!

A cold and proud figure appears in front of Xueqi and Xuehong!

Whoa!!

It's just Wanyan breaking the army!

Wanyan broke into the army and looked at them. His eyes shrunk. He clasped his fist and said, "two leaders, my master, want to see you!"

Deputy leader Xue Hong frowned: "what is your master? From what sect? "

Although Wanyan broke the army, he still said: "Ye Chen is my master!"

"Ye Chen wants to see us?" Xueqi was stunned and sneered: "if he wants to see me, come in person!"

His blood night gate is not an ordinary clan gate. What qualification does Ye Chen have to let him see in person!

How to say ye Chen is also a junior!

No matter how strong he is!

He should also come to see himself!

At this moment, Xueqi's impression on Ye Chen is extremely poor!

Young, what do not learn, but learn from others to put on airs!

"Get out of here. If you don't, you'll have to ask Ye Chen to collect the corpse himself."

The rage of the night!

He is a strong emperor!

Seeing the violent air wave, Wanyan breaks the army and steps out step by step!

"See this one!" Wan Yan breaks the army and takes out a bloody jade sword. Suddenly, a majestic and unique sword meaning blooms. It is different from ye Chen's immortal sword meaning. It seems that it contains the power of stars!

Immediately, the headmaster Xueqi's eyes widened and his body trembled!

Chapter 1119

The whole expression is almost petrified!

Because! He knows everything in front of him!

This is the stuff of our ancestors!

He saw it in the ancient books of blood gate!

But I never thought that I would come back to the world again!

How could it be!

Xueqi took an excited step to Wanyan and broke the army. He said in a trembling voice: "this This is the sword meaning of the ancestor! Is the ancestor still alive? "

"Tell me! Where do you come from? "

Wanyan breaks the army with his hands behind him. He doesn't have the slightest fear of the strong in front of him, but says:

"I don't know if your ancestor is alive or not!"

"The master just told me to show you this and let me take you back!"

Wanyan broke the army and took up the blood jade sword and continued: "now, you should be qualified to follow me!"

Xueqi and Xuehong looked at each other without any nonsense. They said in the same voice: "lead the way ahead!"

No matter what, this thing comes again, there must be another reason!

Even if ye Chen is a little generation, this time, also must see!

Xueqi and Xuehong follow Wanyan to a high building!

Ye Chen is waiting for them in the room. When he sees the two people coming, he bursts out his seven night broken fist and sword meaning, "my sword meaning, I believe you know who it comes from! What's more, this sword idea has not been passed on to you, but it has been recorded in your door! "

Xueqi nodded and sighed: "this is the founder of blood night gate, the God King of seven nights, which is the unique sword meaning of blood seven nights!"

"Although the ancestor founded our blood night gate and passed down many skills, he didn't pass down the meaning of seven night broken fist and sword! It's a powerful sword. It turns into a fist. It's full of blood and is extremely powerful! "

"The sword meaning on you, I can be sure, is the sword meaning of the ancestor!"

"So, is the ancestor still alive?"

"Master, nature lives!" Ye Chen looked down at the two people, leisurely said: "long and long, the divine power shakes the world, dare to ask the world, give up who I am!"

"You should know that!"

"Yes!" Xueqi looked at Ye Chen strangely and said slowly, "you know the meaning of the sword and the formula of the ancestor! How can I be sure that you are really a disciple of the ancestor? "

What he said was like if the patriarch asked Ye Chen if he had a card!

They are all old monsters who have survived for thousands of years. It is impossible to believe Ye Chen easily!

"Master!"

"Have you left any words for your sect to apply for the position?"

"For example, what you said to suzerain before?" Ye Chen inquires about the blood seven nights. As for the blood seven nights, they are the founders of the school, and they will inevitably leave behind the details and secrets that are not known to outsiders, so as to facilitate their own people and contact their own sects!

Blood seven night silence for a moment, look Stern said: "seven night eternal, mighty, dare to ask heaven, who can fight!"

He later explained: "this is the words I left behind thousands of years ago, after I founded the blood night gate in front of a sword stone. The second generation of leaders at that time left these words as the words of inheriting later generations. You can tell you with these words! "

"I can't, I'll come out myself!"

"Good!" Ye Chen imitates the expression of blood seven nights. He seems to be a top swordsman who is superior to all the heroes in the world. He says, "seven nights are eternal and mighty. Dare to ask heaven, who can fight?"

The sound is like a continuous sword spirit, lingering around the room, constantly resounding and moving!

It's like a sharp sword, stabbing the heart of Xueqi and Xuehong!

"Seven nights forever!"

"It's mighty!"

"Dare to ask heaven!"

"Who can fight?"

Xueqi and Xuehong repeated this paragraph one by one, recalling the arrogance of the ancestors in those years, and it was difficult to find the arrogant posture of their opponents!

They look at Ye Chen in surprise, the color of excitement in their eyes is beyond words!

Yes!

Yes!

This paragraph, the leader and deputy leader of the blood night sect of all ages know that it has never appeared in the outside world!

Ye Chen said that he must be the disciple of the ancestor!

Immediately, Xueqi clasped his fist and said, "Xueqi, the seventh leader of the blood night sect, has seen Shaozu!"

Xuehong is directly kneeling down, "Xuehong, the seventh deputy leader of the blood night gate, has seen Shaozu!"

As far as they are concerned, the seven night God King is the founder of kaipai, and his disciples are naturally Shaozu!

"Get up Ye Chen held out his hand and gently waved it. The furious force lifted them up and continued, "master is still in the world. At this moment, I raise the flag against the blood spirit clan, which is the master's support!"

"I see. My grandfather is still here."

"I said," my grandfather can't fall so easily! "

Two people a burst of joy, pro gratitude, attitude toward Ye Chen also changed very quickly! This is Shao Zu, not Shao Zhu. In terms of status, ye Chen is the most noble and important existence of xueyemen!

"Oh, I didn't expect it!"

"The blood gate I founded has been passed down to now."

"However, although the second and third leader was only in the state of God and king, he fell in the war! The next fourth leader, the worst is the emperor Zunjing nine layers of heaven, can live for thousands of years, so will change quickly Blood seven night asked: "disciple, you help me to ask them why!"

Ye Chen said the words intact.

But Xueqi was ashamed. He sighed and explained, "Shao Zu, our fourth and fifth generation leaders and deputy leaders who wanted to fight against the blood spirit clan two thousand years ago, one thousand years ago and five hundred years ago, were killed by the blood spirit people before they took action. The sixth generation leader and deputy leader also died at the hands of the Huang family

"That's why we're changing so fast!"

He sighed and looked at the deputy leader. "Originally, we thought that we were orphans who had no backbone. We could only follow the flow, and under the rule of the blood spirit clan, we could not be safe. But now, when our little ancestor comes back, we will certainly follow him and raise the banner of resistance

"Yes Xuehong's eyes were firm and her tears were faintly rising. She was like an orphan finding her parents. She said, "Shao Zu, we have blood night gate. We respect you. Although we have little information, we are willing to fight with the blood spirit people at the command of Shao Zu!"

"With thousands of years of burden and thousands of years of frustration, we can only watch our beloved disciples, even our parents and daughters die outside the blood spirit clan, and dare not resist. It's not because we are afraid of death, but because we are afraid that such a large sect will be destroyed by the blood spirit clan."

So big Kunlun Xu, so many sects, is not the anti blood spirit clan!

It's not because of the lack of heroes, it's really a loose sand. A single faction can't work at all. Even if several factions gather together, they will be quickly suppressed by the Huang family or the blood spirit clan, so they can only tolerate it.

They have no choice!

Their strength can't fight at all!

Once confronted, it will be a dead end!

Chapter 1120

Besides, the 15th National Congress of Kunlun is medium-sized and top-notch.

At least half of them have secretly joined the thorough blood spirit clan, such as luanjianmen, qingtianmen and tianhaizong. As long as there are forces who want to resist and fight against the blood spirit, they and the Huang family will go ahead and kill the danger in the cradle.

Therefore, for thousands of years, there has been no one who stands up in front of all people the banner of resistance to the blood spirit clan!

Ye Chen, is the only one!

Of course, they will not completely destroy these forces. If there is any inside information of these forces, they will be left behind and let them continue to cultivate emperor Zunjing. Otherwise, their families will have to contribute more to the blood spirit family.

This is also the reason why the blood gate can survive!

"I will not let you die at will!"

"All the elders and disciples who will be in the thousand Jue City, please call here!"

"Since I'm a young ancestor, I'm also the first person to erect a banner to fight against the blood spirit clan. I also have a plan of my own."

"You will tell me the plan!" Ye Chen looked cold and said, "besides, our sixth generation leader and deputy leader died in the hands of the Huang family's ancestors. We must take this old man to open an operation first!"

"Yes, Shao Zu!"

"I'm going to get off my horse and summon all the people here!"

Xueqi quickly took out a message jade pendant and sent it to the Taoist elder in the door. He asked him to call all the elders, Dharma protectors and disciples together!

The talent contest of the various clans is not only a feast for Hongmen, but also a precaution!

Therefore, every sect, not only the principal and the deputy heads of the sect, but also the great Taoist elder and several elders with profound knowledge, as well as the top Dharma protectors, went out to escort the true disciples and Taoist disciples under the sect!

The vast city of thousands of Jue, nearly gathered all the elite members of Kunlun Xu sect!

"What about the Huang family?"

"This time, only one deputy head of the Huang family, as well as some miscellaneous fish, went there?" Ye Chen asked, and at the same time brewed a pot of superior oolong tea, Qingmin took a sip of tea, and then said, "the various sects have arrived, why doesn't the Huang family come?"

"Shao Zu!"

Xuehong explained: "last time in the blood spirit secret place, all the Huang family's disciples were destroyed! The main force of the Huang family is looking for ye Shitian's whereabouts. What's more, it seems that the Huang family's ancestor was besieged by Han Yun and some powerful men in the hidden world, and he returned with serious injuries! "

"So the whole Huang family is in a state of war readiness!"

"The main members of the family are all crouching in the territory."

"As for the other families?" He thought about it for a while and said, "because the clan Dabi is a contest between the sects, so the Han family, the Mo family, the Ye family, the Xiang family and so on, were not present."

He looked at Ye Chen and thought in his heart: if it is difficult, Shaozu should not only fight against all sects!

What about all the families?

If that is the case, I will certainly try my best to deploy manpower and follow Shao Zu!

The battle of Kunlun is empty!

After a while, the blood contract broke off the message jade pendant, and clasped his fist and said, "please wait for a moment, the hands in the door will arrive soon!"

Ye Chen nodded slightly and asked, "today, the leaders and deputy leaders of various sects can't answer the questions asked by the talented disciples. They should go to a place to plot a plan. Have you participated? What did they plot? "

"I just want to discuss this matter with Shao Zu!"

"The leaders and deputy leaders of the eight schools, including daocong, Kunlun sect, qingtianmen and tianhaizong, have decided on a vicious plan!" Xueqi told ye Chen what leader liangyue and daocong had said, and said, "Shaozu, are we going to save those geniuses, or?"

Ye Chen pondered for a moment, then asserted: "save, we must save!"

Kunlun's ten greatest talents!

Except for the ninth Huang Qiankun, he died in his own hands.

Ji Siqing has also become the deputy head of Guangming hall.

The other eight, in terms of talent and potential, are enough to enter the realm of God, or even the kingdom of God!

In the future, ye Chen will fight against the strong members of the blood spirit clan, and other mixed yuan and God King States will need them to deal with them!

Can't help, Kunlun Xu overall difference blood spirit clan a big level.

To start a war means that there are two practitioners of different levels. The battle between the two planes is decided by Ye Chen himself. However, in order to avoid greater consumption and personnel loss, Kunlun Xu must have enough friars of Hunyuan state and Shenwang state as the backbone.

Otherwise, even if ye Chen defeats the strongest of the Xueling clan, ye Lingtian, ye luo'er, Duan Huai'an, Ji Siqing, Ruohan and Luoyao will all fall into the hands of other Xueling people. This is something Ye Chen will never allow, so we must find candidates in advance.

First, look for the backbone of the main battle - the captured Huangjia emperor's realm!

Ye Chen, you can use pills, and then get immortal utensils to force these friars from the emperor's Zun realm to enter the divine realm as the main combat force! Second, look for the figures who control the war situation, that is, the friars of Shenwang and Hunyuan!

They are the people who control friars Huang to fight!

However, in order to reach the shenwanjing and Hunyuan realms, we need not only rigid requirements, but also celestial objects or some kind of objects as vehicles.

Also need soft requirements, that is, extremely high talent and insight, otherwise even if you take a lot of pills, the realm will not be able to rush up.

Those who meet the soft requirements are the leaders and vice leaders of various schools, the ancestors, and the ten great talents of Kunlun. These ten talents are the most potential group for thousands of years, and also the group who are most likely to be greatly promoted!

So ye Chen has to save them!

Of course, after the rescue, Heiyao, the Holy Son of Kunlun sect, had to make a good calculation!

Yesterday, when ye Chen and Duan Huai'an left qianjue square, Heiyao sneaked a sword. This account must be calculated clearly.

Whoa!!

A blood light flickers across the front of the blood contract!

He immediately looked very happy and said, "Shao Zu, everyone has arrived. They are waiting outside the building. Do you need to call them in now?"

"Call them in!" Ye Chen is a little pleased. He wandered alone several years ago. Not long ago, he has become a young ancestor and an old ancestor. There are many great talents and elders under his family. It's very cheap.

"Yes, Shao Zu!"

Xuehong went down in person and brought a group of people.

This group of people, a total of 70 people, including elders, Dharma protectors and disciples!

Xuehong brought out 18 horrible breath and explained himself: "this is the founder of our creation school and the disciple of the seven night God King!"

"Get down on your knees and call Shaozu!"

"Don't be rude!"

Blood night door people, whether young or old, all look at Ye Chen in horror?

Just now that lawless, no one can stop Ye Chen!

Is he the youngest ancestor of his own school?
