

Physician 1131

Chapter 1131

Blood spirit clan!

It's reasonable to raise them to a higher level!

In the blood spirit clan, the emperor in his twenties and twenties is totally reasonable!

In this way, ye Chen was more than 20 years old, and burst out the breath of the later period of emperor Zunjing!

It seems, can also understand!

The master of the gate of Wandao mountain gazed at the ice cone and took down Ye Chen, the elder of emperor Zunjing. His eyes were dignified and he said, "let's not withdraw. We can't afford to lose the people in the array. Those elders outside..."

"I don't believe it!"

"Even if ye Chen broke out his accomplishments at the top of his empire, could he still wipe them out?"

"It's a big deal. We're guarding against Han Yun, and we're taking these talents with us."

Anyway!

These genius, must take away!

These talents are all trained by their own schools. Besides, they are all for the adults of the blood spirit clan. They must not be taken away by Ye Chen and Han Yun. Otherwise, the elder of emperor Zunjing who died under Ye Chen's command will be in vain!

Immediately!

Eight schools: qingtianmen, Kunlun sect, Xuedao League, Wandao mountain, Tiandao gate, baigun gate and so on!

Sixteen headmasters and vice headmasters began to move the net array gradually, and informed their ancestors to come!

Most of them are emperor Zun's five or six layers of heaven, and one of eight layers is not. Once the trapped array is removed and Han Yun kills them, they can't stop it!

On the ground, the dust is rolling!

Countless flesh and blood, sand all over the sky, one by one emperor Zunjing is like dominoes, falling two or three times in a row.

Dozens of elders of emperor Zunjing have died in battle!

The other 50, all injured and fell to the ground, not many of them were safe!

Ye Chen stood in the center, his black hair fluttered and his eyes were like endless stars. His majestic blood seemed to converge into a flowing river. The blood and murderous Spirit fell down from his back and turned into murderous and sword Qi, killing all directions and frightening the eight wastelands!

He held the star sword in his left hand and the Jiuyou broken sky spear in his right hand. With one sword and one gun, he was extremely strong!

How about Emperor Zunjing elder!

Defeat one with one sword!

One shot, one lost!

Once powerful and profound, the elders of emperor Zun realm could not support a few moves under him, and they were severely damaged to the end!

They have been the emperor's realm for hundreds of years, even thousands of years. They are also very rich in the details and perfection of the "Tao", as well as their combat experience and reaction to combat. They are much more powerful!

Even so!

They are under Ye Chen's command, just like those Taoist disciples!

No way to fight back!

Ye Chen!

Kunlun Xu youth talent first!

I'm afraid!

It won't take long!

He is the real Kunlun Xu first person!

"Xiao Huang!"

"Blood dragon!"

"Hit them directly, there's no need to kill them all!"

Ye Chen's body shape is passing by, and the light of lightning and reincarnation is lingering all over his body. He quickly hits two blood saber League elders in the four layers of heaven in the emperor's respect!

Bang bang!!

Two burst sound came out, lightning clip the murderous gas, pierced the opponent's limbs!

The two elders of emperor Zun state spread out on the ground with their limbs pierced. Even if they can recover, it will take a very long time. For the time being, they have no combat effectiveness.

"OK, no problem!"

"However, how did you change your direction? You used to kill people!"

Xiao Huang waves his huge claws and flies out of a sea of flames, which frightens Jiuchongtian. He flies across the sky and lands like a meteorite, which instantly destroys the five layer Tianchang of the two empires, making him powerless to fight!

It looked at Ye Chen and said, "now, how do you change to take over?"

"Of course I want to kill all these people!"

"But our real enemy is the blood spirit clan. These old guys have rich experience in fighting, so they can take them as soon as they can. In the future, they will be effective in fighting against the blood spirit clan."

Ye Chen dodged a sword, then leaped into the air to avoid the flying white tiger shadow. He hit a ten thousand Buddha Vajra fist, and a golden Buddha virtual shadow was revealed. The ten thousand character Buddhist script formed a fist seal and flew out. He went straight to the Taoist master of the blood knife alliance who had five layers of emperor's respect!

As he dodged, he said, "these elders, even in the same realm, can defeat all the talented people except the top ten talents and me."

"Such people must be accepted more!"

"In the future, against the blood spirit clan, they are the middle strength!"

Ye Chen subdues them, the idea is very normal!

Even if he could quickly refine pills and produce a number of strong men in the emperor's realm of two or three layers of heaven, or even four or five layers of heaven, but those who were so strong would reach the realm, have enough blood and enough Tao, but their combat experience and control of power could not be compared with these elders. Zhenzhuang elder and Daozhuang elder of eight sects!

Which one is not killed from the sea of corpses and blood, with extremely rich combat experience, is far from being comparable to the genius of emperor Zun environment who is addicted to drugs.

For example, ten emperors are young and talented, and they are fighting against the elders of ten emperors!

Unless one of the ten geniuses has a very strong talent and a strong weapon, like Ye Chen, who is bloodthirsty and attacked by countless enemies.

Otherwise, ten geniuses will surely be defeated.

It may even be wiped out!

For such an old man, ye Chen has the strength to say anything must be as much as possible to win!

"Ye Chen!"

"If you want to kill, you can capture us! We will only submit to the adults of the blood spirit clan. You are not qualified! "

A great elder of the five layers of heaven in the emperor's reverence state was stuck in his neck. As a result, he let Ye Chen slap his hand and fan Fei and lay down on one side.

Now, the old man is still twitching.

"Ye Chen!"

"Ye Chen!"

The two elders of qingtianmen opened their mouth and did not come to speak. Ye Chen's endless blood sent them flying.

A large part of this blood gas comes from blood seven nights!

How strong!

"Ye Chen, you little beast, what exactly do you mean? You really want to fight with the blood spirit clan?"

"Our Kunlun void has no such power any more."

"We have consumed too much these years!"

However, he can resist the attack of the elder's sword, but he can't resist the attack of the elder.

Ye Chen is the only one who monopolizes the eight road pass elder, and his breath is gradually weakening.

After all, it is not his own power that will be consumed and weakened with time and attack.

Eight Taoist elders attack Ye Chen at the same time, but they don't hit him once. Ye Chen's speed is too fast.

The source state of Tao is the Tao that breeds itself. It may be a kind of Tao. From the cultivation of one layer of heaven to the nine layers of heaven, the Tao evolves into the rudimentary form of Tao, and then enters the realm of emperor's respect.

It may also be the person who breeds several kinds of Tao at the same time, such as ye Chen, who has the way of killing and the immortal sword.

Chapter 1132

Ye Chen takes every three layers of heaven as a boundary and breeds a kind of Tao.

The more the Tao, the stronger the fighting power.

At most, the young genius of his generation gave birth to a kind of Tao, which gave birth to the rudiment of Tao. Because "Tao" needs too much talent, resources and time, even the eight top schools can only let talented students cultivate one kind of Tao.

But these elders are different.

Many of them are several kinds of Dao. After they entered the realm of emperor's respect, they spent a lot of time, spent hundreds of years and a lot of resources to breed a new way and make it the rudimentary form of Tao. Because of this, they are much better than the young emperor.

Of course, the elders of some sects still can't do it. They don't have enough resources!

"Ye Chen, enough!"

"We don't want to fight any more!"

The great elder of Kunlun sect had a look, and all the elders of emperor Zun realm on his side were almost solved by Xuelong and Xiaohuang.

The only remaining are eight of them and two of them are under siege by Xuelong and Xiaohuang!

Fight again!

Today, it's really planted here!

Dozens of emperors respect the territory!

No, eighty elders of emperor Zunjing!

Besieging one man, one dragon and one beast, he was not only unable to win, but also was killed and captured a large area.

If this is normal, the news spread out, the whole Kunlun empty will shake!

Ye Chen!

It's not at all the young genius who can kill at will!

Now, ye Chen is a giant enough to sit on one side!

However, the giant also hit them

which made them a little flustered!

Kunlun patriarch, named kuntian.

Kuntian didn't pay attention at once. He made Ye Chen Fan fly out and lay on the ground!

Ye Chen quickly got rid of the battle circle, put away the star sword, and kneaded the sword seal with his left hand. The majestic sword spirit spread from his body to his arm, and then to the palm, where a burst of blue light bloomed in the palm. One after another of the extremely mysterious sword marks and swordsmanship are rapidly condensing!

The seal is only an inch in size. In the center is a small blue sword, which is surrounded by the majestic blue light and numerous blue grains.

If you look at it carefully, it's like planets around stars!

Countless blue particles, haunting the blue sword, suddenly burst out a very strong breath, shaking kuntian's soul!

"Heaven and earth sword seal!"

"Seal!" Ye Chen lightly drinks, then will blue sword seal into Kun Tian's brain tonic, straight to the depths of the soul and go!

He turned around and held the Jiuyou sky killing gun. One shot pierced the sky like a fireball flying across the night sky. Countless spears flew out as meteorites. At the same time, he gathered three Taoist elders.

Bang bang!!

Bang!!

At the same time, the three Taoist elders were punctured and pressed to the ground, unable to move!

Ye Chen didn't give all his strength. After all, there were 16 headmasters and deputy leaders behind him to deal with. Otherwise, if he sacrificed his sword, it would be enough to sweep the eight preaching elders!

"Ye Chen!"

"What did you do to kuntian?"

The other four Taoist elders, holding the spirit weapon at the same time, gaze at Ye Chen, and stop attacking!

They also know that it is not ye Chen's opponent!

There is no shock in my heart!

The rest!

Just fear!

Ye Chen's promotion speed, too fast!

"As the elders of the eight schools of Kunlun, you do not contribute to Kunlun Xu. Instead, you want to capture the people of Kunlun Xu and offer them to the blood spirit clan!"

"Are you worthy of your identity, your parents, brothers, relatives and friends?"

"It's polite to say you are animals!" Ye Chen, the four elders holding the sword, have already felt the seal of heaven and earth sword. They invade kuntian's soul and will soon seal kuntian!

He gazed at several people in front of him and said, "if you want to be human, follow me and fight against the blood spirit clan together!"

"It's light of you to say it!"

"Do you know how terrible the power of the blood spirit clan is?"

"Emperor Zun state is the weakest among them. How can we resist?"

Three elders refuted one after another.

Another person, however, shook his head helplessly and said, "Ye Chen, do you think we like to do this?"

"Yes, we have our own lives to sacrifice!"

"But we are not all like this. Do you know what the price will be if we don't contribute to the strong blood spirit clan?"

He was a little out of control, and his voice became wild and said: "at that price, I know, 2700 years ago, our factions were not willing to contribute the emperor's realm to the blood spirit family, but the price was that four of the blood spirit family entered the divine realm, three and a half entered the divine realm, and killed in the void of Kunlun." "The three top sects have been destroyed and all of them have been slaughtered!"

"Each of the other factions sent four emperors to come to them to make their own judgments and apologize."

"Do you know what it feels like?" This is the great Taoist elder of qingtianmen. Qingwuji was obviously insulted at that time, and his mood was extremely unstable at the moment.

"All the slaughter!"

"There are seven in the nine layers of heaven in the emperor's respect, 178 in the rest, and thousands in the source of Tao!"

"The others are all under the virtual King's territory, including the old, the weak, the disabled, the women and children, all of whom died in battle!"

"No, it can't even be said that they died in war. They were slaughtered to death!" "My wife, my brother and even my children all practiced in these three schools," he said

"But they are all dead!"

"Have you ever seen that? The sea of corpses and blood has gathered into a river! "

"Even lianshantou of the three sects has been ground down and completely disappeared in the history of Kunlun. Do you know what it feels like?"

"Do you think this is the first time? We know that you may have incorporated the bloody night gate

He took a long breath and said: "a thousand years ago, when we knew that xueyemen wanted to not contribute to the blood spirit clan, we would rather let the ancestor of the Huang family kill the fifth head and vice head of the blood night clan, rather than help the blood night gate!"

"We are not harming the blood gate!"

"We are in the blood saving night gate. It is better to die two sect leaders than to have all the members of the sect dead!"

"The so-called justice, this is the damned justice, save as many as you can!"

He was a man who survived the ancient times and saw this.

To be honest, from a neutral standpoint, he is right. This is a way that can't be done.

Ye Chen can't blame him. If it hadn't been for the death of the fifth head and deputy head of the blood night sect by the ancestor of the Huang family, the blood night clan had really done something. Even if Han Yun, the emperor of the nine layers of heaven, could not resist it and could only hide.

Blood night gate!

The whole faction must be destroyed!

Chapter 1133

"Ah, I didn't expect that Kunlun Xu had already reached this level!"

"I thought they were just willing to be dogs, but I didn't think it was this..."

In the tomb of samsara, seven nights of blood is full of mixed feelings. If it was him, he would have to do this. One or two people could have a warm blood, and they could resist, but they could not drive the whole sect to be slaughtered.

The next moment, he said: "Ye Chen, try your best to persuade them!"

"For the strong, no matter how strong the seal of soul is, it can't make them willingly!"

"Only if they are willing to follow you can we and the purpose be maximized!"

After saying that, he looked at Nie Baijian and said with a light smile: "at the beginning, you are the same way!"

"people oriented!"

"Keep your heart in mind!"

"Repression and seal are eternal, but they can never be subdued. Only by conquering their hearts can they be willing to follow and even die for you. This is the true and true eternal acceptance."

Nie Baijian said slowly that he had sealed a hundred strong men, even in the state of God and king.

He also knows that the most simple, but not eternal, is the benefit and forced repression. Only the acceptance is eternal, but also the most difficult. It takes a lot of time and effort.

"At present, Kunlun is weak, so we can only do it both hard and soft!"

"Only when these eight people are subdued can those sect leaders and even the whole sect be subdued!"

Blood seven night to see the immediate problem.

He looked at Ye Chen and said, "Ye Chen, among the eight schools, four of them are old guys from the nine layers of heaven, who have already arrived. Of course, Han Yun is here. Later, if you can persuade them, we will progress faster! "

Ye Chen, have the strength to suppress, force to accept?

Yes!

But after forcibly taking it, it will not only cause their resentment, but also arouse their opposition. Even they will be killed. Before the soul seal shatters their souls, ye Chen will be beaten down!

Friars, the strong, have dignity!

Being sealed is already an insult. In order to survive, he will help Ye Chen, but let them do their best. It's impossible for them to make five contributions!

Only by taking heart, can they do their best to help Ye Chen, commander of Kunlun, fight against the blood spirit clan!

Because kunlunxu's strength is too weak to make mistakes.

Otherwise, ye Chen may have nothing to do, but Kunlun virtual up and down will encounter disaster!

"Green without trace!"

"I think you know the details of Kunlun emptiness, getting weaker and weaker!"

"More than 2000 years ago, it was very easy to become an emperor's realm, because there were many spiritual herbs and miraculous herbs, which could be used to refine pills and stimulate cultivation."

"But will it last? Now, the elixir and pill are less than one tenth of what they were then! "

"If the next thousand years, Kunlun Xu will be an emperor's realm, and they will not be able to cultivate them!"

"What do you think then?" Ye Chen looked at Kun Tian who came to his senses on the side and continued: "at that time, even if you want to resist, you don't have this strength!"

He thought: "the blood spirit clan, treat a plane that can't even be cultivated by the emperor's dignity!"

"What do you think it will be?"

Ye Chen took a look at the leader of liangyue and the leader of Kunlun sect and said, "do you think they will let you go? I don't think you're useful or threatening, so you're gone? "

"If they had such an idea, they would have gone long ago!"

"According to the six blood spirit clansmen in the blood spirit secret realm, you all know that the blood spirit clan is warlike and killing!"

"Like tormenting and insulting people!"

"Once Kunlun is not even necessary to suppress it, the result will be that they will be captured from the blood spirit clan, and their accomplishments will be high enough for people to abuse and play. In any case, some lowly people can hang in the city, but those who are in a bad mood can be trampled and beaten."

"As for the low realm?" Ye Chen sneered and said, "have you ever seen captives in ancient China?"

Green without trace, Huoran looks at Ye Chen suddenly.

Several other preaching elders also stare at Ye Chen, and their eyes are changed.

"Do you mean we're going to die after all?" asked Qing Wuji

"Not necessarily! Because for those blood spirit clan, your realm is too low! Although they may not kill you, but you have to bear all kinds of pain! Even reduced to experimental products! Are you sure you want to stand on the side of the blood spirit clan now? "

Ye Chen's voice is not small, even many talents and leaders in Tianluo array can hear clearly.

He glanced at the crowd with cold eyes and continued:

"ask yourself, if you are such a combative, murderous and bloodthirsty guy like the blood spirit clan, you will let the people in it live and die by themselves. If this is the case, the blood spirit clan will be gone long ago!"

As soon as ye Chen said these words, both the elder of badaozhuan and the elder of emperor Zunjing, who was lying on the ground and lost the combat effectiveness, was a little shaken at the moment!Ye Chen is right!

At present, at least there is the realm of emperor's respect. At most, the blood spirit clan only needs to be worshipped and given priority to!

If it continues, the Kunlun void will not be able to produce even the emperor's realm. I'm afraid the blood spirit clan will not be like this!

In a huge plane, even the strong in the blood spirit family can not enter the God state and the God King state.

Can't those people from emperor Zunjing come?

They are the weakest existence in the blood spirit clan, but in the future Kunlun Xu, it is the God like existence!

Who want to kill who, who want to insult, who want to play dead, no one can restrict!

The Kunlun void is a hell!

At the moment, green no trace, also have no words, he knows, ye Chen said absolutely possible!

At this time, kuntian elder slowly got up, looked at Ye Chen, and said, "you sealed my soul?"

"Yes

"Heaven and earth sword seal!" Ye Chen looked flat, and his eyes swept over all the people and said, "surely, you all know that there are people behind me who support me, right?"

"Otherwise, my realm and strength can't be improved so fast!"

"And the person who supports me is not Han Yun. He is not qualified enough!"

Whoa!!

All hold their breath and gaze at Ye Chen!

Ye Chen comes to head, the background seems to be really big, Han Yun in front of him unexpectedly also does not have the qualification!

Is it true that ye Chen is able to support foreign countries?

Otherwise, ye Chen can't be promoted to this level in such a long time!

Those people of his age, at most, are at the top of the emperor's realm. What's the matter?

It's from childhood. When you are three years old, you can quench your body, if you are five years old, if you are seven years old, if you are ten years old, if you are twelve years old, if you are sixteen years old,

if you are sixteen years old, if you are eighteen years old, if you are in your early twenties, if you are close to thirty, you will be in the state of emperor's respect!

It is from such a small age that the peerless talents of the sects and families have broken through a realm in a year, and only when they are in their twenties do they have a level of respect!

But ye Chen, according to the news from Huaxia and Kunlun Xu, he didn't reach the state of quenching body when he was 20 years old. However, after a few years, he has been able to fight the emperor's six layers of heaven. Without the support of foreign countries, it would be impossible to break the sky!

Moreover, that extraterritorial power must be at the same level as the blood spirit clan to be possible!

At this moment, everyone is staring at Ye Chen!

They are all waiting for an answer!

What kind of existence stands behind Ye Chen!

Chapter 1134

Ye Chen Mou son a congealing, scanning all the people present.

He knew what the group wanted to know.

In addition to the top ones, these emperors are the most terrible people in Kunlun.

If you want to let these people give up all the blood spirit clan, there is only one possibility!

Let them fear!

And the source of this fear must be more terrible than the blood spirit clan!

Thinking about everything clearly, ye Chen stepped out of the room, and his cold voice seemed to rush to the Ninth Heaven:

"since you all want to know!"

"Then I will give you the answer. The existence standing behind me is completely superior to the blood spirit clan!"

"If they didn't disdain to do it, they would be able to suppress a strong one of the blood spirit clan by waving their hands!"

Ye Chen didn't intend to expose the blood seven nights and Nie Baijian, let alone the reincarnation cemetery.

In any case, the strong people above the supreme realm support me, that is certainly there!

As for who it is, it has little to do with them!

"All the skills I can do!"

"Ten Thousand Buddhas Vajra boxing, immortal Kendo, and killing way all come from the existence you look up to!"

Ye Chen continued: "as for his identity, you are not qualified to know, if you want to address, it is my master!"

"As my master said, Kunlun Xu was once one of the powerful people in harmony with Taoism."

"Some people may not know what a harmonious world is! I might as well tell you that in ancient times, there were as many powerful emperors as there were. After the emperor's reverence, what you call the supreme state is the state of entering into God, the state of God King, the state of Hunyuan, the state of harmony and the state of creation... "

"The master came out of Kunlun void. How could he let me be oppressed by the blood spirit clan? So he asked me to raise the banner against the blood spirit clan. The ancient elixirs on me were all refined by the master. I can tell you this!"

"Within a year, the people of the blood spirit clan come, and I will take the lead in killing them!"

"Even if I can't kill them, master will shoot them!"

"What's more, it takes a certain period of time for the space transmission array to be used. This period of time is enough for me to become a harmonious realm."

"This is my card!"

Ye Chen also knows that if you want to win over these strong men, you can't do it if you don't give some cards or show your own strength.

One by one, they are old monsters who have lived for hundreds and thousands of years.

He is very good at weighing the pros and cons. If you think ye Chen can, he will immediately give up the blood spirit clan and join Ye Chen!

Of course, it is possible to turn over and join the blood spirit clan!

At this time, Qiankun sword seal will be useful.

"After listening to you!"

"I think it's reasonable!" With a long sigh, Kuntian looked at his patriarch and said, "patriarch, I don't want to give the lives of my children, relatives and friends to the blood spirit clan. Let them be happy and let us go again!"

"We're going to fight, even if we're going to die!"

"Anyway, fighting is going to die. If you don't fight, you will be tortured and killed by the blood spirit clan. I choose to fight!"

Immediately, Kuntian cleaned up his robes and knelt half kneeling toward Ye Chen, saying, "Kuntian, the great elder of Kunlun sect, is willing to follow Ye Chen's horse, but if you have orders, you must do your best!"

Ye Chen's promotion speed, he sees in the eye!

Without the support of big groups, it is impossible for Han Yun to be so obedient without the support of foreign powers!

The most important thing is that he was sealed by Ye Chen, and he couldn't help it!

Down the slope, donkey!

"I want to fight too!"

"Damn it, I've been swallowing it for thousands of years. I can't bear it!"

"Yes, these animals of Xueling clan have killed all the children and descendants of Laozi. Even if Laozi is dead, he will die in a dignified manner."

"Yes, in the end, it's all death. I don't care whether he's a blood spirit clan or not, fuck him!"

"Dry..."

"Dry..."

Many elders of emperor Zunjing lying on the ground are really angry!

After careful calculation, according to the nature and behavior of the blood spirit clan, the whole town will be under complete management, and there will be a little bit of confrontation, that is, destroying the school and slaughtering the city. Once Kunlun Xu cultivates the emperor with strong dignity that the bloodless spirit clan wants, it means that it will lose its use for fun.

The blood spirit people of Gao Xiuwei may not come to slaughter!

However, the blood spirit people with low cultivation level will directly slaughter the younger generation or other martial arts people just like the six people in the blood spirit secret land, absorb blood and improve their cultivation!

Then!

Or die!

Instead of waiting for death, it's better to take the initiative to attack, and follow Ye Chen. Behind Ye Chen stands a strong man from abroad!

Maybe we can win!

Before drifting and betraying, there is no choice at all!

And now ye Chen's appearance is their biggest choice!

"You have no way to kill some of my people before the battle!" "But all of you have the heart to fight against the blood spirit clan!"

"Ye Chen has founded the temple of light. The blood gate and the hall of holy grass have joined our hall of light."

Ye Chen asked Xiaohuang and Xuelong to come back. He glanced over the old men and said, "so please turn the crowd into one and join my hall of light! My hall of light is specially built to resist the blood spirit clan

"As long as I join in, I will try my best to promote your accomplishments to the realm of God if I fight with the blood spirit clan in the future."

"At the same time, I will also create a pulse of elixir and a pulse of refining utensils to refine a large number of imperial pills and immortal utensils!"

"Let you step into the realm of God, even the kingdom of God, and really fight against the blood spirit clan!"

Hoo Hoo Hoo!!

This moment!

Everyone held their breath!

Looking at Ye Chen, the shock in his eyes is already speechless. I am more convinced of the situation that there are strong foreign powers behind Ye Chen!

Fairy ware!

Imperial pill!

Even in the future, the elixir, or the elixir!

can be expected!

In the future, maybe we can fight against the blood spirit clan and recover to the glory of ancient times!

Suddenly, a voice cut through the silence!

"I'll join you!"

Qingtianmen, an elder of emperor Zunjing, raises his hand to join!

"Qing Kuan Yu, what do you mean?" Leader liangyue looked at the situation in front of him. He was struggling and wanted to stop him. He was afraid that he would be killed by Han Yun!

She glared at a crowd of qingtianmen and called out: "dare you join us. The adults of the blood spirit clan will be the first to destroy you!"

"I'll join you!" Green no trace looked at the leader of liangyue indifferently, and said in a cold voice: "don't think that I don't know what relationship you have with the strong people of the blood spirit clan. I will be outside the door on the day you strip off your clothes and sacrifice yourself!"

"Your shamelessness, though it brings you a little strength!"

"You are so proud of it that you even bring the gate of Qingtian into the abyss!"

"We will never allow it. Even if ye Chen doesn't, I will shoot you!"

Hoo Hoo Hoo!!

Whoosh!

In a flash!

All people's eyes are focused on the leader of liangyue!

Chapter 1135

Undress and sacrifice?

I didn't expect, the headmistress!

Unexpectedly, there is such a beautiful and shameless scene!

"Shameless bitch!" The leader of Kunlun clan snorted coldly. His eyes fell on the leader of the blood knife alliance and the master of Wandao mountain. He said, "this cheap woman is really a shame to Kunlun. When the array is withdrawn, kill her first!"

Everyone is maintaining the formation!

I can't do it!

But once out of the battle, you must kill this cheap woman liangyue!

It's really shameful of Kunlun to take off clothes and sacrifice to the existence of Xueling clan!

Even if you bow your head, you can't lower it to this level!

"Green without trace!"

"If you dare to slander me, I will let you die!"

Master liangyue called twice, his face blushed, but he didn't dare to move!

But I didn't expect that this guy would know about his dedication to the strong blood spirit clan!

When the ancestor arrives, I have to leave the first time after withdrawing the array!

The chief and deputy leader of the 16th National Congress of the Communist Party of China (CPC) is now in a difficult situation.

Remove the array, afraid of being attacked and killed by Han Yun and ye Chen.

If you don't remove the array, you can't help but watch your own people being collected by Ye Chen and dripping blood painfully. You have to launch the secret skills of the blood spirit clan from time to time to attack those disciples who have recovered. As a result, the disciples hate themselves even more.

As for running?

Where are you going with the formation?

Even if this situation runs one day, ye Chen can catch up in an instant!

Qingwuji ignores the cool moon and comes to Ye Chen. He clasps his fist and says, "I'd like to join the hall of light!"

Ye Chen nodded and said in a cold voice, "I can't believe you for no reason. I must use the technique of soul seal on you!"

Green no trace does not have any complaint: "you did right, I will not resist!"

Ye Chen continued: "there is a little rest assured that I will not threaten you to do what you do not want, as long as you resist the blood spirit clan!"

Ye Chen's face did not change. His eyes fell on the other six Taoist elders and said, "so are you."

Both sides believe that we can achieve success!

This is also in case, after a period of time, ye Chen really feel that they are dedicated to their efforts, but also can give them relief!

After all, ye Chen can only seal 20 people now!

"Good!"

"No problem, I promise. As long as we don't continue to be traitors, the temple master will not kill us!"

"Yes, since we are willing to follow the Lord, please come!"

"I would like to..."

The other six preaching elders agreed one after another!

Ye Chen waved his left hand, and blue light flowed from his palm and fingertips. Six small blue swords flew out and entered everyone's mind. After the seal of soul was completed, the blue sword stayed in the minds and souls of these elders!

As long as they rebel!

Ye Chen read, blue sword will instantly start, wear out their soul!

The soul falls, then becomes a corpse!

Soon!

Sealed with six Taoist great elders, ye Chen obviously felt that he knew the sea and felt some pain.

Obviously, the first day, the first use, sealed eight people, some of the soul can not bear!

After a long time, can also adapt!

"Lord, what about us?"

"Lord of the temple, please seal our soul!"

"Master of the temple!" Qingtianmen zhenzhuan big elder came up and said: "we attacked you before. In order to express our apology and our loyalty, please set our soul seal for us!"

CHEN Ye attacked just now!

In order to show their loyalty, they are willing to be sealed!

No way, helpless under the betrayal of Kunlun Xu, but now with Ye Chen, who wants to continue to betray ah!

"Ladies and gentlemen

"The power of my soul is limited!"

"Besides, your loyalty will soon show." Ye Chen looked to the southwest and said, "soon, I will deal with the people of the Huang family! I will seal the heads of the Huang family

"But in the middle of the Huang family, there are some dead loyal members at the level of elders and guards in the fifth or sixth floor of emperor Zun's realm!"

"I still need you to kill me. Whether you are loyal at that time will be clear to me."

At the same time, ye Chen asked in the reincarnation Cemetery: "master Nie, how long does it take to cultivate the Qiankun sword seal to the great Yuanman?"

"You don't have to think about it for the time being."

"You have to be a king, or you don't have the foundation to cultivate the great and perfect state!"

Nie Baijian Si cableway: "maybe, when you finish everything at present, it's time to go there, where you can get a great promotion!"

Blood seven night heard Nie Baijian's words, Mou son a shrink, surprised way: "you want this boy to go there? no way! He has not yet stepped into the realm of emperor's respect. Even if he does, he will surely die there! "Obviously, the blood seven night is extremely opposed to the place in the mouth of Nie Bai sword!

"What are you talking about? Is there a blood spirit clan? " Ye Chen asked.

"There is no blood spirit clan." Seven nights of blood sighed and said, "now, there are two places left in Kunlun that are useful to you. Other families and sects don't know. But extremely dangerous! Even if I enter, I may not be qualified to come out alive. "

"That place is more terrible than the secret place of blood spirit. I advise you to give up this idea. If you want to improve the realm, there are other ways!"

Ye Chen took a look at Nie Baijian, and then looked at the blood for seven nights. He knew that the place in the two populations was extremely dangerous.

But at present, there is not much time left for the arrival of the strong blood spirit clan!

He Ye Chen has no choice!

Ye Chen didn't think much about it any more. He directly arched his hand and said, "if I don't promote myself by force now, when the strong one of the blood spirit clan comes, I may also fall down! Rather than die in the hands of others, it is better to control your own destiny in your hands. I will go to both places in your mouth

Knowing Ye Chen's obstinacy, Xue Qiye shook his head helplessly and said:

"one is the power to cultivate the soul and transform the soul into a spirit!"

"One is the secret place of body building!" Blood seven night sighed: "your body, of course, step into the body, but still too bad! If you don't have a strong body, you don't have the qualification to break through the realm of emperor's dignity or enter the realm of God! "

"Ye Chen, your body is in the period of bone coagulation, that is, the bone has just agglomerated and disintegrated!"

"If you put on your golden silk dress, it is at most equivalent to the body of the emperor in the early days of emperor's reign!"

"Now Kunlun empty, very few people practice body, so your body in the early stage took a lot of advantage!"

"But in the back, it won't work. You see, dozens of emperors and Zunjing have joined hands, and you've almost been defeated."

To the back?

With Ye Chen's body, he can't carry the spirit of the blood spirit family!

Even if there are many rudiments of MI FA and Da Dao, ye Chen will be torn apart if they hit Ye Chen with their flesh.

Blood seven night explained the importance of the body to Ye Chen. In the face of the blood spirit family, where there is no strong body, it is to seek death!

Chapter 1136

"It seems that after explaining the matter here, I will try to practice in those two places first! No matter how dangerous it is, I have no choice. "

"I don't know how strong the blood spirit clan is, what is the level of the flesh body?"

"I always feel that something is wrong. I'm afraid that the blood spirit clan will not arrive on time and on time. It is likely to be ahead of time. After all, if six blood spirit clansmen are killed, there will be a great power sensing ahead of time."

These days, ye Chen has a kind of unspeakable taste, subconsciously told him there is danger.

But dangerous?

Who can threaten him?

Very few, unless Han Yun's head is whipped, gather all the martial arts of emperor Zunjing to kill him. Maybe it's dangerous.

But there is no doubt that Han won't do it.

What is the danger?

Ye Chen thinks about it, only the blood spirit clan!

Is it possible that the strong blood spirit clan will come soon?

Not a year later??

In the tomb of samsara!

Ye Chen tells the three people in front of him what he wants in his heart.

Blood seven night and Mo Ning, Nie Baijian three people look at each other, eyes in more than a different meaning.

The blood of the tomb owner seems to be awakening faster and faster!

After all, reincarnation is in control of reincarnation!

Communicate with Jiuyou and the gate of time and space!

Of course, this is not the most terrible reincarnation!

What's really terrible is the blood of Ye Chen's body. He can feel the coming threat!

"The spirit state of the blood spirit clan, the flesh body is generally in the dominant body period, even in the vigorous period!"

"The period of breaking body, coagulating bone, dominating body, dissolving vigorous, deficiency body, spirit body, magic power, broken soul and immortality"

"with the body of their dominating body stage." Blood seven night with a smile, said: "do not use skills and weapons, only rely on the body can kill you, so, your emperor Zun level of heaven, you can fight into the spirit of a layer of heaven, but the body must reach the dominant body period, if you can, the best is the vigorous period!"

"Then, as long as you don't want to die!"

"The God Kingdom monk can't kill you directly."

"Understand!" Ye Chen said again: "ten days at most. After solving the problems here, you can go to the place in your mouth? By the way, what is it called? "

"No name." Blood seven night road.

"Mo Ning'er and I are about to disappear."

Ye Chen nodded and asked again, "is there a master of refining vessels in the tomb of samsara?"

"There is one!" Blood seven night to see a tombstone, the last time ye Chen moved his tombstone, leading to the other two also wake up, but God has not come out, "named forging God King! He Dao Jing. In ancient times, there was an immortal artifact specially made for Kunlun

"Fairy ware? Or is it in harmony with Taoism? " Ye Chen looks a change, did not expect, the previous generation that accompanies lead last time, incredibly so fierce.

"What's the matter? It's just an old man." Blood seven night said.

"Ye Chen, the blood elder is also a harmonious realm." Mo Ning'er said slowly, "so is master Nie. The strong one in the samsara cemetery is a master in the realm of Taoism if he has the word "God King" in his name

"Among the names, those with the word" God "or" Tao "and" thousand "are at least experts in the Hunyuan realm! Those who don't have these words are at least the top experts of Shenwang state. Anyway, you remember, the stronger the name, the stronger the fighting power! "

Mo Ning'er reminds a way: "later you in other places, meet a strong name, beat but run quickly. We all attach great importance to the name. We won't take it at random, otherwise it will be a dead end. "

Don't listen to Mo Ning'er's initiative, ye Chen doesn't know how strong their strength is, but he didn't expect to be really strong, otherwise he would not be locked in the dungeon of the blood spirit clan.

Ye Chen carefully calculated that the 11 tombstones that he had triggered before, at least there were two of them in the realm of Taoism!

Blood seven night, seven night God King!

Nie Baijian!

Hundred sword God King!

Next!

And forging God King!

Almost three!

The other eight masters, with the lowest accomplishments, are all at the peak of the divine kingdom. They can live for tens of thousands of years until they break the blood spirit clan and save them.

"This kind of name, is there any kind of fake and powerful name? It sounds very strong, but it's weak to fight?" Ye Chen has a wonderful way.

If you take a god killing king, it seems to be more powerful than blood seven nights and Nie Baijian.

"Yes

"But they are all dead." Mo Ning'er said slowly: "if you don't have enough strength to support, you should learn to converge."

Ye Chen comes out of the reincarnation cemetery and looks at the eight sect elders in front of him. They have already taken refuge in themselves.

There were dozens of elders in the eight sects, but they killed 25 of them, and some of them remained.

Ye Chen thinks of Han Yun's blue light box, which is also sealed with a part of Huang Jiaqiang.

When he went back, Huang zhantian and Huang wugun tried to persuade him that his soul power was limited and could not be sealed completely. "Sixteen leaders and lords!"

"To such an extent, are you still willing to stop?"

"I know your ancestors are all on the road, and I think it will be an hour or two before they arrive."

The breath of Ye Chen unfolds, and the fierce blood turns into a dragon and a Phoenix. The Dragon flies through the sky and soars thousands of miles. The bloody dragon scales shine brilliantly and frighten the sky. The Phoenix flies against the sky and the Phoenix crows out to frighten the eight wastelands!

One dragon and one phoenix, awe the world!

It seems like the atmosphere of emperor's respect, but it can only last half an hour!

When the ancestors of these sects arrive, if they say that they can't accept it, they will lead them away and let the God King come out and destroy them.

"Han Yun, I've informed you too!"

"All eight of you, the core forces have turned to us!"

"Surrender, don't do such things again, or I'll blow you up one by one." Ye Chen looks at the trapped array and begins to think in his heart.

All in all!

Breaking from the outside world requires the highest level of cultivation of emperor Zunjing. Even if Han Yun arrives, he can't break it.

However, now it is the Tianluo array, and many of the elders of the emperor's Zun realm who set up the ground net array have already turned to themselves.

Hard work, ye Chen can also break the array, forcibly destroy, or subdue them.

But ye Chen still wants to win over some people as much as possible. It's better to accept people's heart than to accept people.

"Ye Chen!"

"You little scumbag, my grandfather will be here soon!"

"He informed the ancestors of the Huang family. The Huang family even had a secret method and contacted the Xueling clan!"

"You must die!" Leader liangyue still insisted.

Boom!!

It's not only a big sword, but also a powerful sword!

Since the other party doesn't even talk!

Ye Chen attacks the array by force!

Take the lead in killing liangyue!

Look at the other leaders!

Do you dare to shout!

Boom! Boom!!

The golden sword continuously hits Tianluo array, just like a huge hammer bombardment!

It can be seen clearly that the inverted bowl shaped Tianluo array has cracks, which can't last long!

The cracks are even like a spider's web!

Chapter 1137

"Ye Chen!"

"If you really want to do this, even if you give all your women to the adults of the blood spirit clan, it will not offset the result of your being destroyed!"

The leader of liangyue roared hysterically, just like a crazy woman, with her hair covered.

She looks like she's in her thirties, not to mention it's really different.

"Cheap woman!"

Qingwuji and kuntian spit and despise such a leader at all.

"At the beginning, I thought you were just admiring the strong, so I was humble. I offered my body to the blood spirit people. I didn't expect that you should be a cheap person and feel proud. Even the people of the Huang family are not as good as you are!"

"Ye Chen!"

"Not yet?"

Seeing ye Chen's attack more and more crazy, leader liangyue yelled: "if you dare to kill me, the adults of Xueling clan will kill all the women who have relations with you. I promise --"

boom!

The Tianluo array is broken, and the sixteen leaders and deputy leaders are bitten back, and the blood spurts to all sides in an instant!

Ye Chen has not yet made a move, but Nie Baijian in the tomb of reincarnation suddenly makes a move, "some people are stubborn! There's no need to stay! "

Hoo Hoo Hoo!!

In the air!

A round of pure white sword Qi stands out, as if to follow the passage of thousands of years of time, through time and space.

In an instant, the cold moon was cut off, and the aftershock was to turn it into a blood mist.

Kill such a man!

Nie Baijian feels sick!

He didn't want to fight, but the voice of the shrew came from the samsara cemetery, which made him unable to cultivate himself.

Ye Chen wakes up from Nie Baijian's hand, and her eyes shrink: "take them down!"

With Ye Chen's command, the elders of the emperor's Zun territory who are going to return to Ye Chen, if a fierce tiger comes out of the cage, quickly takes down 15 leaders and vice leaders.

The chief and deputy leaders were injured. Now, facing Ye Chen and so many powerful emperors, there is no room to fight back!

Ye Chen looked down at the crowd in front of him!

"Kunlun clan leader!"

"Leader of blood knife alliance!"

"Lord of daocong!"

Ye Chen looked at the three old men with white hair, and said with a cold look, "yesterday's meeting room, you and liangyue, my heart is very strong!"

"Pooh!"

"Little beast, you --"

before the master of daocong said his words, he was killed by a sword.

Ye Chen's eyes continued to look at the remaining two people and said: "the situation of the Huang family, you know, say it, maybe you can live!"

The leader of the Kunlun sect and the leader of the blood knife alliance looked at each other.

Both of them are on the top of the five layers of heaven, but they can't be ye Chen's opponents at all. Judging from ye Chen's breath, they are absolutely not weak.

I don't know what secret method can make a boy from Daoyuan state cross this point!

Even the strong one of the blood spirit clan has no!

Is it true that ye Chen said that the power behind him is above the blood spirit family?

But, about the Huang family.

In case Ye Chen fails in the future.

He and others will be found by Huang's ancestors, and life and death are uncertain.

I'm afraid I'll die in the next moment.

The leader of the blood knife alliance, staring at Ye Chen and many elders of the Blood Sword alliance who surrendered to Ye Chen, sighed: "for three thousand years, the ancestor of the yellow family has obtained some secret methods and skills of the blood spirit clan from the blood spirit people!"

"We have all accompanied the Huang family ancestors to meet the powerful people of the blood spirit family who have come to God!"

"Originally, in the 1000 years from 2000 years ago to 3000 years ago, the ancestors of the Huang family were responsible for the reception of the strong members of the Xueling clan ten times."

"Other sects of Kunlun Xu are not qualified to go."

He stopped for a moment, looked at Ye Chen, and then said, "however, Huang's ancestor asked us to accompany him to meet the blood spirit clan and tell us the strength of the blood spirit clan."

"After the event, it passed on the skill of the blood spirit clan!"

"It seems that Huang's ancestors want to assimilate us and work together for the blood spirit clan."

Hearing these, ye Chen scorned and said with a smile, "coercion and inducement? In this way, he was a traitor of the Huang family, and he was also a bit of a Taoist. He wanted to accept you as the power to completely surrender to the blood spirit clan? "

Threatening, destroying the faction!

Lure, teach them the skills of the blood spirit clan.

Moreover, it seems that more than one skill has been passed on, but it is basically to absorb the potential of life as a way to improve the skill.

Don't worry about it. At the end of cultivation, you will die of exhaustion of vitality.

Ye Chen's eyes swept over the fifteen headmasters and deputy leaders and said, "I'll give you a chance. Is it down or death?"

He held his hands and gazed at these people, who were almost all above the fifth floor of the emperor's realm, which could be regarded as a great battle force. "If it's down, you have to vote for it!"

"The heads of the Huang family at the same level, or capture them alive!"

"If you die, stand up and I'll shoot you!"

The voice dropped.

Four silent, in the past, the emperor respected the strong.

At the moment, even more than a word, are trembling, afraid of Ye Chen really hand!

"Me

"I surrender!" The vice leader of qingtianmen directly stood up and said, "the Huang family is searching ye Shitian's whereabouts. There is a man who is 100000 miles away from here, who is also the sixth heaven of emperor Zun territory. I'll take his head to you!"

"Do you want to go?"

Ye Chen stretched out his left hand out of thin air, combined with a force of heaven and earth, and directly caught the deputy leader back!

The existence of emperor Zun state is just like catching a chicken.

"If you leave so easily, what if you go back and rebel against me again?"

"Do you think I'm stupid?" The palm of Ye Chen's left hand radiates a pure white luster. A pure white sword is revealed. However, an inch in size emits a force of extinction. It contains a rudimentary Road, as if it can erase the space!

"This is the sword of the soul!"

"Will not seal you, but will store in your soul, let me know your whereabouts at any time!"

"Once you do something against it, I will urge the pure white sword to destroy your soul!"

Although, destroy their souls, in fact, not necessarily.

But at least let them be devastated. Don't get out of bed in a thousand years.

This is a special method in Qiankun sword seal. Because the sword seal is not cultivated to a perfect state, there are not many people who can seal it. Therefore, Nie Baijian, the king of hundred swords, has figured out a way to attack the soul!

As long as the pure white sword, into the soul of others, once detonated.

The weak will die directly, and the strong will have to be severely damaged, and it will be difficult to take them out.

"You..."

"What if you kill me one day when you're not happy?"

The deputy leader of qingtianmen is a middle-aged man in a Taoist robe. He is quite like a Taoist priest. But at the moment, he is dishevelled and has many blood holes in his body. He is afraid that the virtual King state or Daoyuan state has fallen.

"That's your bad luck!"

"How?" Ye Chen looks flat, it seems that he has never seen him in the eyes, "you do not accept, now die!"

Chapter 1138

"I..."

The deputy leader was in a very tangled state.

Finally, with a long sigh, he said, "OK."

Whoa!!

The next moment!

The pure white sword pierced his brow, went straight to the depths of his soul, hovered in the core position.

Once the pure white sword explodes, he will be disabled even if he doesn't die. In a thousand years, he won't do it.

"And you

"Leader of Kunlun sect, do you have any news?"

"By the way, the ancestor of your sect is coming!"

Ye Chen looks at other leaders and patriarchs, but they are not in a state of seeking death, so he plays out pure white swords one by one and places them in the depths of his soul.

He could vaguely feel the position, thought, and movement of these people.

In this way, even if it is not sealed.

There can also be deterrence.

"I don't have enough soul now. I have to get there as soon as possible." Ye Chen secretly thinks that his soul power is not enough, otherwise these leaders will be sealed directly, and the virtual top power of Kunlun will be left to the big families.

"The Huang family has a strong fighting power!"

"The emperor's respect for the realm is many times that of our schools."

"Although there is no top strong one, almost all the people in the Huang family have practiced the skills of the blood spirit clan. They say that they are blood spirit people. In fact, they can be established!" The leader of Kunlun sect stopped for a moment, thought for a moment, and said, "Mr. Ye, if you want to destroy the Huang family."

"With your fighting power, it's very easy!"

"But if you take them in, you will fight against the blood spirit clan in the future, which is also a strength."

The patriarchal heart of the Kunlun sect was also in a mess. At that time, it was suppressed by the Xueling clan and had to bow to the ground.

Today was suppressed by Ye Chen, also have to kowtow to tell the news.

Anyway, I am also a leader!

In front of Ye Chen.

It's not as good as the source of Tao.

"All these years!"

"You must all have close ties with Huang family members!"

"After waiting for a year, I will kill the people of the blood spirit clan. You will immediately take over the middle level of the Huang family, and I will untie the prohibition in your soul for you!"

Ye Chen looked at these people and continued: "go to one side. There is no difference between different schools now. Everyone is from our Guangming hall. If you do something without any reason to kill each other, the hall master will personally kill you!"

Ye Chen thought about it carefully. These sects of Kunlun Xu could be divided into several battle groups when they were integrated into the hall of light.

After that, it was not the matter of the various schools to fight against the blood spirit family, but the various schools were incorporated into the Guangming hall, which went against the blood spirit family. But before that, some people with ulterior motives had to be shocked and killed as soon as possible, such as leader liangyue, who betrayed completely.

Later, ye Chen came to more than 100 geniuses and said, "everybody, you should know everything about it."

"You all know what the leaders of each faction look like."

"But I tell you, ye Chen will fight with the blood spirit clan to the end, to the last man!"

"If anyone doesn't want to join our Guangming hall, you can leave first. Before the war, you can find a place to dig your own grave. It's better to die ahead of time than to be insulted by the blood spirit clan!"

"Ye Dian Lord!" Bai Yuquan clasped his fist and motioned: "I have offended so much before. I am willing to help Ye Dian Lord!"

At the same time, Qingjian, qinglirong, dugujian, Heiyao and others all said in unison: "our top ten talents are not born to be afraid of death. Since we know about the affairs of the blood spirit clan, we will certainly do our best to fight against the blood spirit clan!"

Anyway, it's death to resist.

Resistance is also death. Instead of turning to the blood spirit clan and the Huang family, they put their hopes on them.

It is better to grasp the hope and future in their own hands, follow Ye Chen and fight against the blood spirit clan.

"We are willing to join the hall of light!"

"We are willing to follow Ye Dian Lord!"

"I'll wait..."

"I..."

In an instant!

Countless top talents, at the same time, half kneel and clasp fists, gaze at Ye Chen sincerely.

For them, ye Chen is hope!

"Not bad, not bad!"

"Ye Chen, you have done very well!"

A blue light flickers, Han Yun comes out from the void, and there are five old people with white hair. The breath is almost fierce to the extreme!

Han Yun gestured: "Mr. Ye, these five people are the ancestors of qingtianmen, Kunlun sect, Xuedao League, daocong and luanjianmen!"

"The last time we attacked and killed Huang family's ancestor, it was our hand that we moved with the ancestor of blood night gate!"

"It's a pity that the beast escaped!"

"Ye Xiaoyou The five ancestors clasped hands at the same time.

Five people gaze at Ye Chen, quite a shock in the heart.

Ye Chen! So young, so powerful!

Although it is secret law, if we fight with them, we really don't know who wins and who loses.

Fortunately!

On the way, Han Yun intercepted them and informed them of the situation.

As for the ancestors of the other three schools, they fled when they learned of the situation. They had completely turned to the blood spirit clan. If they followed, they would have to leave their lives.

Han Yun and Ye Chen narrated the situation. Ye Chen clasped his fist and said: "everyone, the people from the blood night gate and the Guangming hall are all in the city of thousands of Jue. You can take the lead in your own sect. It's good to enter our Guangming hall!"

"I still need to go to a place to improve my strength. I won't go back with you!"

"Because there's not much time left for that!"

"Deal with all kinds of things, including blocking and killing the people of the Huang family, let's leave it to Han Yun for the time being!"

The matter of Guangming hall shall be handed over to Han Yun.

It's normal. Ye Chen can't deal with all kinds of resource allocation every day. He has to practice.

Otherwise, a year later, when the blood spirit people came, they all entered the realm of God. How could he resist it.

"Good, Mr. Ye, let's go!"

The ancestor of qingtianmen held his fist and motioned: "liangyue killed well, I don't know how to be shameless!"

"Attention, Mr. Ye!"

The ancestor of the blood knife League also said slowly, "we old guys will handle the lock and do it according to Mr. Ye's plan. Please rest assured to practice."

"Please rest assured, Mr. Ye!"

The other three ancestors, too!

Ye Chen nodded and turned into a streamer, which disappeared at the end. In a short period of time, he had to go to one of the places in the mouth of the seven nights of blood. First, he had to temper his body to the period of dominating the body. Otherwise, when the fighting blood spirit clan was in the spiritual realm, even if he had the fighting power to kill in the divine realm, it would be ridiculous for the body to be smashed.

In the tomb of samsara, blood seven nights guides Ye Chen: "southwest direction!"

"Han and Huang's place to go north

Ye Chen Mou son a congealing: "good."

He's getting faster and faster.

But a few seconds later, ye Chen is suddenly stopped.

"What's the matter?"

Blood seven night frowned.

He released his consciousness and noticed that ye Chen was stiff and cold in his eyes!

Extremely cold!

It's like a raging fire!

At the moment, ye Chen clenched his fist, and the violent air wave almost burst out!

The ground is broken!

His anger is for a reason!

Hua Xia, Ye's family in Beijing, something happened!

Not only that, summer if snow, but also dangerous!

Chapter 1139

Since stepping into Kunlun Xu, ye Chen often misses his days in China.

Jiangcheng, Jiangnan Province, capital city, these memories often flash past.

If you want to say really miss, maybe it is Xia Ruoxue.

At the beginning, because of some reasons, Xia Ruoxue didn't step into Kunlun Xu with Ye Chen.

Ye Chen wants to meet Xia Ruoxue countless times, but because of some things shelved.

At present, he can clearly feel the restlessness of a drop of blood essence in his body.

This is what ye Chen got from Xia Ruoxue.

It's also the only connection between them now.

At least the first time to feel the safety of summer snow.

This drop of blood essence has been silent for a long time, but it is extremely abnormal today.

It's a sense of danger approaching.

Now in China, there is a dark palace to guard, and the strength of the dark hall is enough to win everything.

Those who practice can protect the Chinese leaf family, or Xia Ruoxue.

But now there are problems, it must mean that there are top-level strong people coming!

Blood spirit clan?

This is the first thought in Ye Chen's mind.

If those hiding in the dark of Kunlun Xu contact with the blood spirit clan, everything they have in China will be stripped out.

Although he still has an identity, ye Shitian.

But if someone is careful to check some things, you can still find that ye Shitian and ye Chen are the same person.

Blood seven night naturally felt Ye Chen's killing intention at the moment. He said seriously: "what's the matter?"

Ye Chen wakes up, Mou son a congeals: "blood elder generation, I feel a person who is very important to me has an accident, I must go back to China!"

"Back to China?" Blood seven night's eyes are more and more dignified, he just measured in the reincarnation cemetery, now ye Chen step into the body refining place, is the best time.

If the matter is delayed again, the next time the place is opened, ye Chen will be in danger.

Blood seven night hesitated for a few seconds or said: "China's affairs, you can hand over to other people, now you can also control some of the Empire's powerful, they put their hands, will certainly be able to solve, of course, you have to choose what you believe."

"China's aura is thin, even if there are strong ones, they can't surpass the emperor's realm! You can rest assured of that. "

Now, if you go to the lowest level, I suggest you go to dangerous places

Blood seven night originally thought Ye Chen would agree, but unexpectedly, ye Chen's attitude was extremely firm: "no, I don't care what happens if I miss the place of body training. Hua Xia Ye's family and Xia Ruoxue can't have an accident! Master Xue, I will go to the place where I can train my body after I have dealt with the affairs of China! "

Blood seven night helplessly shook his head, he did not know what to say.

I thought Ye Chen had stepped into the road of killing and would not care about the feelings of others. Now, it seems impossible.

This girl named Xia Ruoxue may be a disaster. This time, ye Chen enters the place of refining body again, and the chance to come out will be even more slim.

When ye Chen's mind was determined, a cold voice came from behind Ye Chen: "Ye Chen, the trip to China, I will go for you."

Hearing this sound, ye Chen was stunned and immediately turned around to find a beautiful girl with high temperament and cold temperament.

The girl is surrounded by the atmosphere of emperor's dignity.

The eyes are like the only spring left in the cold land.

Who else but Ji Siqing!

Ye Chen wanwan didn't expect Ji Siqing to appear here, and I don't know why. He heard his conversation with blood seven nights.

If we say that the whole Kunlun is empty, Ji Siqing should be one of them.

When he was still a waste among the masses, Ji Siqing helped himself every time.

Now he has more power than Ji Siqing. He thought Ji Siqing no longer needed to help himself. Now it seems that he still needs Ji Siqing.

Ji Siqing came to Ye Chen, and his cold face showed a smile: "just in time, I want to see the place where you have grown up for 20 years. I grew up in Kunlun Xu since I was a child. Although I know there is a paradise in China, I have never been there."

"What's more, Ji Lin is longing for that place. I'll take your place this time. Don't worry. With me, no one dares to move your Ye family, and no one dares to move the girl. "

Between the words, Ji Siqing's body blooms a cold killing intention.

The ground seemed to turn into ice.

In fact, the real reason is not to help Ye Chen, but Ji Siqing wants to see the girl named Xia Ruoxue.

This girl, sister Jilin, has mentioned it many times.

From her sister's mouth, she knows that this girl is very important to Ye Chen.

Even in Ye Chen's heart, the status may exceed himself.

What kind of magic is there in a mortal woman who can't practice?

Ye Chen didn't speak, but he continued: "Ye Chen, Ji Siqing has the power of emperor's dignity. I can also give her a strength. This strength is enough to solve all the problems she encounters in China. You can trust her to do it!" "If you still don't feel at ease, when you go to the place of physical training, you will immediately leave for China! I won't have any complaints. Of course, if you can come out alive. "

Blood seven night feel that Ji Siqing's plan is undoubtedly the best for ye Chen.

Ye Chen now has a Chinese obsession in his heart, and he will come out at all costs if he enters the place of refining body.

Body training is related to the body. Only when the mind has obsession can we break through the limit of the body!

Ye Chen took a look at Ji Siqing, hesitated for a few seconds, and finally nodded: "Siqing, please do everything. When my body training is over, I will come to China to meet you immediately."

Ji Siqing did not speak. Her hands were behind her, and she smelled of isolation. She turned around and left in the direction of Huaxia.

"Go, I'll wait for you."

Ye Chen watched Ji Siqing leave, and finally said to the blood seven nights with firm eyes: "blood master, time is urgent, please lead the way!"

Blood seven night nodded: "go, by the way, I take you as a disciple, why do you still call me elder?"

Ye Chen a Zheng, hastily changed a way: "master!"

.....

Half a day!

Ye Chen passes through the territory of the Huang family and the Han family, puts on a mask and recovers to Ye's identity of killing heaven.

He crossed three mountains and came to one.

The mountains are full of clouds and mists, and they go straight into the sky!

The most obvious thing is that there is a huge crack in the middle of the mountain range! As if by a sword mercilessly split general!

Ye Chen stares at this crack, can feel the desolate breath surging!

Not only that, the aura inside is actually stronger than the outside world!

The surrounding magnetic field seems to change because of the mountains!

He never thought that there was such a place in Kunlun Xu!

"Master, the place of body training, do you need to introduce it with special methods?"

"Or is the place of body building hidden in it?" Ye Chen looked at the crack in front of his eyes and said curiously.

"Feel it!"

Chapter 1140

"This secret place was originally the territory of the Royal beast clan, which once controlled many powerful monsters!"

Blood seven nights to Ye Chen a special secret method.

Ye Chen's hands are united, and a thousand blood awns appear behind his back, and gradually merge into a thousand Zhang figure, which shoots blood light into each crack. After a long time, some blood light returns, some blood light breaks directly.

Ten minutes to go!

Ye Chen opened his eyes, through the blood light contact, he looked southeast, a purple crack, said: "here it is!"

He calculated that the territory of the Royal beast sect was compressed into a place for body refining. It is likely that no friars can survive. However, there are many demon beasts that can be used to refine their bodies. It is enough to catch ten demon beasts in the emperor's territory and extract their blood essence!

Then he was driven into the rift.

Step into that moment, the whole body of space tremor, there is a light source in front.

The channel is not wide and narrow, just to accommodate a person through, the surrounding is the turbulent airflow with many changes. As long as you take a wrong step, it will be torn by the airflow soon.

Ye Chen finally understood why the blood seven night mentioned this place would be so serious.

His body, even his cultivation, is very difficult in the face of these currents.

Ye Chen walked on the channel and quickly stepped into the light source. His eyes were filled with mountains and forests, countless monsters, including the air force and separation and separation, and even the supernatural and supernatural spirits.

At the moment, these monsters feel Ye Chen's breath, flustered and incomparable. The monsters with some strength are running towards the outside one after another.

Weak aerodynamic environment and clutch environment monster, directly puff on the ground, like a kitten, the atmosphere dare not come out.

Ye Chen uses the secret method to explore as far as he can. Except for the forest and countless monsters that can't be seen, ye Chen doesn't see a human at all. The city is a little broken, but the number is very small. It looks like a broken world.

He quickly rushed to these human cities. They were all ancient buildings, not like danxu Town, where most of the houses were made of stone.

"The architecture here."

"I'm afraid it will be eroded by monsters and vegetation in tens of thousands of years."

Ye Chen gently caresses the wall, Qi and blood shock, bouncing a lot of vegetation, the wall also exposed the original mo.

He asked: "blood master, the original Royal beast clan, should be very big."

"Although the buildings here have some ancient style, there is no doubt that the building under my feet, which is similar to the Tianshou Pavilion, is ten times as large as the Tianshou Pavilion in China. It seems that this is not a place for raising monsters, but a place for regular hospitality."

"At that time, the Royal beast clan!"

Seven nights of blood sighed and said: "the original yushuzong was the third largest sect in Kunlun. There were 15 Hunyuan realm and 3 old guys who were in harmony with Taoism. Of course, the territory occupied by such forces is very large."

Through the tomb of samsara, the seventh night of blood slowly said, "the king of beasts, the king of beasts and the king of invincible God of yuuzong killed many of the strong people in the same realm of the blood spirit clan, so that after the defeat of the war, the whole school of yushuzong was destroyed!"

"At the beginning, there should have been a lot of monsters in the emperor's revered territory to survive in addition to the monsters who participated in the war."

"Exiled here. Besides, I don't feel the breath of human life here. I'm afraid that millions of people living here have died in the mouth of monsters, and there should be a lot of monsters in the imperial realm. You can seize some of them and extract the source of life and blood essence. It's enough for you to refine your body! "

Blood seven night pause for a moment, said: "however, you should pay attention to!"

"The number here is not large, but it is not like Kunlun Xu, who wants to send 100 monks to the blood spirit clan every 100 years. Therefore, there should be a lot of monsters in the emperor's respect area!"

To tell you the truth, the seven nights of blood is only the understanding of ancient wars.

After the war, it should have changed a lot, so that ye Chen had to catch some high-level monsters to inquire about the news.

It's incomparable for blood refining.

The secret place of blood spirit is created by man-made compression of space. The place of body refining is directly cut off by Hedao realm, which is the place of yushuzong, and becomes a small world of its own.

However, every small world is in a space rift, which can only last for thousands of years.

If it can't be maintained, it will collapse instantly, and all living creatures will fall into the cracks of space, strangled by the force of space or transported to other places.

"I don't know if there are blood spirit people here!"

"The blood spirit clan should have slaughtered many high-end warriors here." Mo Ning'er Si cableway: "these monsters, instead of Kunlun Xu people, may want to catch them as mounts, but the blood spirit clan can't see them, so it leads to all this."

"Who!"

"I'm not timid. The king's Kingdom also dares to explore me!"

Ye Chen has a claw out of thin air. His fierce blood rises to the sky and turns into a blood claw. He grabs a sky tiger and takes pictures from the sky.

Tian Hu crouches in a group, it is extremely difficult to gasp under the pressure of Ye Chen. As the demons in the holy King's realm, they are not weak. At least, there are so many monsters in the void of Kunlun.

"Holy Kingdom, open your mind!"

"Tell me what's going on here and now!" Ye Chen narrated.

"Big My Lord, are you from the outside world?" The voice of Tianhu is extremely and trembling. As a monster in the holy land, he has already opened his intelligence quotient. He also knows human language, but his voice is very strange.

"Tell me about the situation here!"

"Otherwise, I'll blow you up!" The breath of Ye Chen bloomed a little, then crushed most of the bones of the tiger.

"Woo..."

The sky tiger wailed, lowered its head and said, "my Lord, this place is called the place of body refining. Now there are four demon kings sitting in all directions, and even the demon emperor is in charge of the whole body refining place!"

The place of body building?

Four demon kings?

Demon emperor?

Ye Chen didn't expect that there were four demon kings and a demon emperor in such a secret place!

Although I don't know what level the demon king is, I will never lose myself!

Ye Chen continued to ask: "what realm do you mean by the demon king and the demon emperor?"

"In addition, you have a strong aura of heaven and earth, which should be self generated. In this case, monsters are easy to cultivate. Do you have demon plants?"

"My Lord!"

"According to the situation handed down from ancient times!"

"The demon emperor is the legendary demigod, invincible existence!"

"The four demon kings are estimated to be five layers above the emperor's realm, and there are many gods and generals under them." Tian Hu trembled and said: "my Lord, they are called Wanyao Tianting. This, adult, don't be angry. It's not what I said."
