

Physician 1161

Chapter 1161

"This demon emperor!"

"They are descendants of the dragon family. They are promiscuous by nature. There are many demon concubines, nearly a thousand!"

"There are thousands of descendants. They are fond of killing. They are extremely arrogant. They will report their revenge."

The astronomy God will narrate: "300 years ago, the princess of a prince in kungu royal court was captured by a son of the demon emperor. The prince killed the son of the demon emperor, but he was beaten into blood mist by the demon emperor. The demon emperor is very powerful, but it is clearly the demon queen who did it for him!"

"Not only that, the demon emperor has always had the intention of cannibalizing Kunlun Xu. At the same time, it has a great connection with the blood spirit clan."

"It can even be said that he is closely related to the blood spirit clan!"

Ye Chen hears the blood spirit clan, Mou son flash a silk chill: "OK, I probably understand this demon emperor!"

"Since this guy has something to do with the blood spirit clan and even wants to devour Kunlun void, there is no need for him to exist!"

"Heaven orders the royal court to honor my order. Now I am the king's master!"

"Change the Tianming court to Guangming palace, and order the other three dynasties to come over in three days!"

"I will plan with them one by one."

"King!" Astronomy God will be slightly worried, said: "the king of the four kings, although it is recommended by everyone, but it is the demon Emperor himself! If the demon emperor sends demons, how do we deal with them? "

"It depends on the situation. If you are arrogant, kill it!"

"If you can chat, you can develop. The 200 gods and generals who have compiled the demon emperor will only kill all the demon emperor's veins!"

Ye Chen didn't intend to let go of the demon emperor. If the demon emperor was killed, those demon imperial concubines and dragons would be cruel. If they were left, they would bring disaster to the rear. They simply slaughtered them, and they could collect a pile of demon cores and blood essence, as well as refine their bodies!

He asked, "by the way, how many monsters are there up and down the body refining ground?"

"At the beginning, the blood spirit clan moved tens of thousands of demon clans into the place of body refining!"

"In the past three thousand years, there were not many big battles. Now the number of demons is about 50 million or 60 million. Most of them are low-level monsters." If it is under the command of the Heavenly Lord, he will go down immediately

"Go Ye Chen looked at the two demons and said, "I'm going to shut up for a few days. If there are foreign enemies coming, no matter who is directly killed, if you can't stop it, come to me again!"

"Yes

Astronomical God and Phoenix God will be a shock, exciting!

But if there are foreign enemies, kill them directly!

The king is strong and overbearing!

Even the demon emperor is just like this!

The king must have great confidence, and the strength is extremely strong!

After the two generals left, ye Chen found a cave around and asked Xiao Huang and Xuelong to protect the Dharma for himself. He took out the blood essence of the God ordered demon king and many gods and generals killed by the aftershock, and was ready to start to break through the second level of the hegemonic period!

The essence of more than 20 generals was quickly absorbed by Ye Chen!

Ye Chen feels that the power of Qi and blood has increased a lot, and the basic blood gas has reached 3.7 million jin, which is the level of normal human emperor's dignity!

He took out the blood essence of the demon king and the golden blood essence. He was so furious that he broke the whole space. Then he put the blood essence upside down in a special wooden bucket and sat in it to absorb it.

The golden essence blood, contains an extremely murderous spirit, extremely powerful energy!

However, even if the murderous Qi is no more powerful than the golden blood in Ye Chen's body, it just boils for a while and is absorbed by Ye Chen.

The third stage of super sports!

Is to start casting the body again, let the body change again, make it stronger!

From the most basic bone, skull, bone marrow, and then to capillaries, meridians, skin, blood and flesh and so on, step by step to re agglomerate!

Hoo Hoo Hoo!!

Hoo Hoo!!!

Ye Chen stepped into the third stage of the dominating period, and his whole body was tempered. From the inside to the outside, there was a golden light between them. His basic Qi and blood suddenly increased to 4.2 million jin. Combined with the way of killing and the immortal sword, he could explode twice his fighting power. Now he is absolutely qualified to fight against the strong in the middle and later period of emperor Zun's territory!!

Even in the face of the strong blood spirit clan, he will not be too embarrassed!

Ye Chen's body shakes, the golden body dissipates, and the physical body recovers!

He took out a demon core, began to refine, absorb the power of the soul, in order to enhance himself!

Through the skill of "thousand turns of soul", he discovered that his soul power could seal 23 people, but he had to be promoted to the back to transform the soul power into attack, sword or knife, and stab the opponent's soul!

At the same time, ye Chen's soul power reaches 2.6 million points after 17 turns of cultivation. With the increase of 100000 points, you can seal one more person. If the power of soul exceeds 40 million points, you can cultivate Qiankun sword seal to a perfect state. When you seal your opponent, the soul power consumed can be ignored!

Ye Chen is still practicing, and the demon clan is building palaces in full swing. This is not the case with the other three royal courts.

.....

In the Royal Court of Lianyuan, the demon king of Lianyuan heard the last roar of the God appointed demon king, and his face was pale.

It sat on the throne with no eyes and murmured to itself, "the destiny is defeated, it is defeated!"

"Lord, what shall we do?"

"Lord, now..."

"Lord, the royal court is destroyed. What shall we do?"

Some of the gods asked one after another, and their faces looked frightened!

Ye Shitian has the ability to destroy the Tianming royal court, which means that he has the strength to destroy the Royal Court of Lianyuan. Life and death are in the twinkling of an eye. How can we calm down!

"The news is coming, Lord Wang, the king's court is defeated!"

"The God ordered demon king to make use of the treasure left by the blood spirit clan adults to upgrade the body to the super body stage, and hold a fairy ware!"

"In this way, ye Shitian has beaten them up

It pauses for a moment and sighs: "the God of tianmingwangting will lose more than half. The other gods and generals will take ye Shitian as the new king Lord. The Tianming army is also in rapid recruitment. It seems that the battle between the king of Tianming demon and ye Shitian has killed hundreds of thousands of tianmingjun, which needs to be supplemented urgently!"

"And our new messengers of light from the temple

"What shall we do?"

The hall was silent, and no demon spoke.

Everyone looked at each other and sat down helplessly, not knowing what to do.

Go out and fight?

Ye Shitian killed the demon king who entered the period of hegemony!

Go out and fight, not fight, but die!

Show friendship and make a treaty?

How do you account for it?

Over the past two thousand years, the four royal courts have always been under the Wanyao Tianting, and the four kings are all granted by the demon emperor. Although they attack each other, there is a bottom line. Each court will not really fall down, otherwise we can't explain to the demon emperor!

But now, the king of destiny demon has killed human beings alive!

The other three royal courts are in a dilemma.

"Let the messenger come in!"

The demon king of Lianyuan is a little decadent. Recalling what he said just now, it's like satire. His life is in danger at present. What else is he talking about in the future!

The key is what way ye Shitian is!

Why did you find this place for body building?

Why to destroy a demon king in such a short time!

Lianyuan demon king's eyes congealed, as if determined to close his eyes, forced out a drop of blood essence, fingers pinch Jue, head appeared a golden text!

Text rotation! As if to see through the mystery!

This is one of the most terrible places for the demon king of Lianyuan!

He is proficient in destiny and can see a part of the future of anyone at the cost of blood essence!

He would like to see the origin of Ye Shitian! At all costs!

Chapter 1162

The text on the head of the demon king of Lianyuan suddenly stops rotating!

Its eyes slightly narrowed, mouth is reciting a string of ancient inscriptions.

"The technique has its own way. Double pupils enter the world and break everything! There is no escape

"Ye Shitian, I want to see what you are from

As the words fall, a shadow suddenly appears in front of it.

The shadow is more and more clear!

It's Ye Chen with a mask!

"So you are ye Shitian. I don't know what kind of face you are under your mask! Break it for me

The demon king of Lianyuan waved his hand. He thought he could break the mask of virtual shadow, but he didn't expect that in this moment, the virtual shadow raised his head!

A pair of cold eyes gaze at it like this.

Like death!

It's extremely erosive.

"Poof!"

The next second, Lianyuan demon king can no longer bear, a mouthful of blood directly spit out.

The whole person is very weak!

"King!"

Many of his followers rushed to help the demon king of Lianyuan.

But at the moment, the demon king of Lianyuan looked a little frightened, which was never seen by everyone present!

Not only that, the demon king of Lianyuan kept murmuring: "this son's fate is not restricted by the way of heaven. Who is this son? Ye killed heaven? Is he really qualified to kill heaven? "

The more he thought about it, the more frightened he was. Suddenly, he thought of something. He raised his head fiercely, looked at the messenger who was walking slowly, and asked, "now, the destiny palace has been changed into the palace of light?"

"Yes, Lianyuan demon king!"

The emissary did not fear and was not polite. He was staring at the demon king of Lianyuan. He could stand on the mountain for a while. He didn't have to pay homage and kowtow to the demon king of Lianyuan as an emissary.

"Your new king!"

"Ye Shitian, right? He sent an emissary here. What can I do for you?"

The demon king of Lianyuan forced himself to calm down, and he couldn't mess up in front of the public.

"The king gave orders when his subordinates left."

"All the descendants of the demon emperor, and all the close demons of the demon imperial concubine, must be killed, and the evil seed of the demon emperor must not be allowed to live!"

Emissary cloud light wind light general, directly defined the demon emperor a vein of extinction pattern!

Whoa!!

Whoa!

Around, the solemn breath lingers.

Many gods looked at the emissary in surprise and doubted whether they had heard anything wrong!

Son of a demon prince!

At ordinary times, they are all favored by heaven. Although they are miscellaneous dragons, and they are promiscuous by nature, once they come, they are all provided by good banshees.

Now, the new king orders all the royal courts to destroy these guys?

Don't you fear that the demon emperor will go mad?

"Messenger!"

"What do you mean by that?" Lianyuan demon king's eyes were bright, and he had to pay attention to his own life and death. He said: "there are many descendants of the demon emperor. Do you want this king to kill the descendants of the demon emperor in our royal court?"

"Your king is not afraid of the demon emperor coming to seek his trouble?"

"I warn you, the demon emperor should not be provoked!"

"Ha ha ha ha!" The emissary roared up to the sky, and the burning skin all over his body was filled with fire, as if he had been burned by magma. "What is the demon emperor? The original words of our king are: completely destroy the demon emperor!"

"An old dragon with a group of small miscellaneous dragons, why fear!"

"Besides, you should know what kind of person the demon emperor is. Our king is determined to let it go!"

"Bold!" As soon as the demon king of Lianyuan slapped the table, he stood up, and his majestic power was overwhelming. The terror fell on the emissary, just like the half of the mountain covers. He said angrily, "do you dare to talk about the demon emperor like this? Do you want to die

The emissary was not afraid. He gestured to the north of Guangming palace with his hands clasped in his hands. He looked at Lianyuan Wangting fiercely and said coldly, "I am under Ye tianshiwang of Guangming palace. If you dare to kill me, you Lianyuan court will be ready to be destroyed!"

My king is ye Shitian!

If you dare to move me, you have to weigh the consequences and see if you can bear it!

Is that demon emperor how, has the king Lord in, we are not afraid!

"You

"Well, well, the emissary is so proud!"

"I haven't seen it before." The king of Lianyuan accepted the pressure and continued to sit on the throne, examining the emissary. He seemed to be choosing between the demon emperor and ye Shitian, or not to choose either side.

The emissary's words were plain, and he said slowly, "once it was the king who was ordered by heaven to lead the king's court. He was not strong enough and arrogant. Naturally, our gods dare not be too arrogant!"

"But now my Lord is ye Shitian

"If we are not arrogant and overbearing, we will not disgrace our Lord."

It suddenly pointed at the demon king of Lianyuan and said, "Lianyuan demon king, my lord ordered you to go to the king's court to discuss things in three days, remember!" It conveys the order that ye Chen handed over to him. After that, he directly turns around and wants to leave!

"You dare not respect my Lord!"

"Apologize to my Lord!"

On the edge, two monsters directly stood out, drew out their swords and pointed to the emissary!

"Are you deceiving me that there is no one in the Royal Court of Lianyuan?"

"Ye killed the king of heaven, slaughtered 5000 Lianyuan army!"

"If you don't give an account, even you dare to challenge my Lord. You don't want to live!"

What a bully!

Ye Shitian is not here yet!

Do his men dare to be so presumptuous and treat us as nothing?

"Messenger!"

"I haven't asked your new king for the life of my 5000 Lianyuan army!"

Another god general is also indignant, it seems to be from the Lianyuan king, very hard!

"Enough!"

"Let it go!" As soon as the king of Lianyuan patted the table, he shook back the two generals. He looked at the emissary bitterly and said, "go back and tell your king that I will go in three days! Let him be careful of the demon emperor, lest he fall under the demon emperor before three days

"King, the emissary provokes you, you should be killed!"

"Lord, it can't be so!"

"King!"

Many gods and generals can't bear to speak!

"I say it again!"

"Please leave!" The king of Lianyuan was really angry. He was shocked at his own gods and wounded many generals immediately!

It gazed at the emissary's far away figure and said: "you wait to think, I want to bear this tone?"

"There is no difference between my strength and the destiny demon king!"

"The treasure of the blood spirit clan is no less than that!"

"The destiny was killed by Ye Shitian! Do you want to think that this king was killed by Ye Shitian

All the gods and generals in the temple are honest when they say this!

The strength is not good, can't do others!

Really!

If you don't, you'll die!

The king of Lianyuan snorted coldly and said, "my Lianyuan and destiny are the second class among the four demon kings. But it's the Baizhan Wangting, the old man of Baizhan demon king, with profound strength, and wanted to take the position of demon emperor at the beginning

"If it wasn't for the blood spirit people supporting the old dragon, today's demon emperor might be the demon king of Baizhan!"

Chapter 1163

"Although I don't have the strength to resist, the Baizhan demon king is not easily provoked!"

"Does he think he is a demon emperor?"

"He also ordered the three demon kings to fight with the old man of Baizhan

"I'd like to sit on the mountain and watch the tiger fight. Why not do it?"

If you can become a demon king, you must have the ability of calculation.

In particular, the demon king of Lianyuan has great ambition. Although his fighting power is not high, he knows how to avoid the heavy ones, and how can he face ye Shitian!

Here in Lianyuan Wangting, the emissary has been successfully completed!

Kungu royal court, located in the third class of the four royal courts, is the weakest one. When the prince was killed by the demon emperor, the Kun ancient demon king did not dare to say a word. When ye Shitian Zhen killed the God appointed demon king, he was even more horrified. Facing the fierce emissaries, he did not even say a word of big words, so he quickly agreed!

For the envoys sent out by Ye Chen, the biggest problem is to face the Baizhan Wangting!

All the people in the hundred battle King's court are excellent teachers. The most important thing for a hundred battle people is the demon king of Baizhan. The emperor respects the seven layers of heaven and the third stage of the overlord period. When he sees the emissary sent by Ye Chen, he personally strikes the emissary without any strength to fight back. Every inch of it breaks, and breaks the rudiment of the road and destroys most of the soul.

Finally, the king of Baizhan demon became interested in Ye Chen and put the messenger back.

The storm emissary, who suffered heavy damage, staggered back to the new hall of light, and happened to see ye Chen go out of the pass.

"King!"

"The king of Baizhan demon provoked you and beat me to a serious injury. The prototype of the origin Avenue was almost wiped out!"

"Please avenge your subordinates

Fengyun emissary half knelt down. At the moment, his whole body was bathed in blood, full of wounds, and there were more than a hundred scars. The injury was so serious that it almost killed me!

In an instant, such a move attracted most of the generals.

Looking at the messengers of the wind and cloud, these generals were very angry. They knelt down one after another with fists and said, "please remove the messengers and kill the old beast!"

"Get up Ye Chen waved his hand and hit the force of Qi and blood. At the same time, he shot a dozen silver needles from his five fingers, covering the messenger of the wind and cloud, and temporarily stopped the injury.

He asked coldly: "king of Baizhan demon, really reckless? Or can you be provocative enough to get hurt?"

Ye Chen thinks, oneself shakes the life demon king!

The other three demon kings should feel dangerous, even if they don't bow down, they dare not challenge their subordinates!

Unexpectedly, Fengyun emissary was almost killed!

If it is really the king of Baizhan demon, he should teach a good lesson before taking over the old animals!

"King!"

"I know that the king of Baizhan demon has a bad temper. I just convey your words to the past according to the king's words!"

"I didn't expect that Baizhan demon Wang Si didn't look at his subordinates at all, and his words were beaten like this by his hands!"

The Fengyun emissary was not out of the ordinary. If there was no emissary, he would be arrogant. He said a few words according to the facts, but he didn't expect to fight like this for the demon king of Baizhan. Every time he thought of this, the Fengyun emissary felt a little subdued.

Ye Chen shook his head helplessly. He didn't want to make enemies.

But for now, since the Baizhan demon king has already threatened, it is not something that should or should not be wiped out.

It has to be solved.

Otherwise, his relatives and friends in kunlunxu would be in danger.

His Mou son a congeals, evil spirit erupts, the ground under the foot is broken a few minutes!

"Since some people don't want to, I can't help it. Today I will take the destiny army and meet the so-called Baizhan demon king for a while!"

.....

At the same time, Baizhan Wangting!

"Well, a little human dares to command me

"If he dares to come here, I will blow him up on the spot!"

A big figure was sitting on a huge throne. His body was covered with thick scales. The dark blue scales seemed to be dense and opaque, but there was a terrible pressure coming out!

It is wearing a bloody crown, wearing a bloody Dragon Robe!

It is the king of the Baizhan royal court, the Baizhan demon king, the emperor's seven layers of heaven, and the third-order terror in the hegemonic period. The Dragon King, who almost won the throne of demon emperor, has no intention to release his Qi and blood, but it makes people extremely uncomfortable.

"King!"

"Ye Shitian, who dares to send an emissary to find his death, why not shoot the emissary directly?"

A demon plant embraces the fist to narrate.

It was full of horror.

"Ye's killing the sky is killing the king of the heavenly demon, which is not enough to fear!"

"Why didn't the king directly kill ye Shitian in the newly established Guangming palace?"

Ye Shitian's provocation to my Baizhan Wangting is tantamount to suicide!

"King!"

"My subordinates are willing to lead the strong ones directly into the hall of light, kill ye Shitian, and eliminate all obstacles!" On the edge, a white phoenix God General stood up and clasped his fists and said: "I have been promoted to six layers of heaven in the emperor's Zun state, and my golden body is on the third level. I'm trying to kill the king of heaven and seize the heaven's court. I didn't expect ye Shitian to break out and let my subordinates destroy him!"

It secretly said: originally, the demon emperor set up four royal court structure, the king can change.

I also want to destroy the destiny demon king and become the new demon king!

But since you ye Shitian wants to come out, I will kill you first!

"Two generals, don't worry!"

"If I let go of the emissary, I want to lead this man who does not know the height of heaven and earth."

The king of Baizhan demon, with a look of disdain, said with a smile: "this human is bound to attack our Baizhan royal court. In this way, it will be easier for us to kill ye Shitian and organize a new Guangming palace."

It slightly looked at the sky and said, "the demon emperor should still be closed. If something like this happens, you can kill ye Shitian directly, accept a new royal court and claim to be king. Then you can inform the demon emperor

Fortunately!

The old demon emperor is closed!

Otherwise, the demon emperor will come out and kill ye Shitian in person, and then appoint others to take over the Tianming royal court, then its plan will be in vain!

Now, the demon emperor is not there, kill ye Shitian, and send it to take over the Tianming royal court, which is equivalent to the king controlling the strong of the two royal courts!

The blood spirit clan once issued an order that although the four royal courts were under the Wanyao heaven court and under the demon emperor, they could not be connected with each other. They were afraid that the four royal courts would collude with each other, and their strength would become more and more powerful. The demon emperor was not good at management and scheduling, and it was easy to lead to civil war.

Now, the king of Baizhan demon wants to take food from the mouth of tiger for a long time.

However, he did not expect that his plan had not been implemented. Ye Chen had already killed the king of the heavenly demon first and became the new controller.

It was the only accident.

Ye Chen's action of snatching food from the tiger's mouth, how could the king of Baizhan demon allow it? So he deliberately destroyed the foundation of the Fengyun Messenger, attracting Ye Chen to kill him, so as to kill Ye Chen!

"Newspaper!"

"Lord Wang, led by Ye Shitian, a strong man in the palace of light, has stepped into the realm of our royal court and is running to the hall!"

Chapter 1164

"Is it necessary to send out the Baizhan demon army?"

A message of God will rush in to report, even ready to move, Xianghe and ye Shitian fight, try.

"Palace of light?"

"The original destiny army, changed its name?"

"Forget it, I'll change it again anyway. I'll change it into my Baizhan demon army!" A general sneered at him and said, "Lord, please let me kill ye Shitian!"

"Don't worry!"

"Let ye Shitian lead the army in and let everyone watch

The king of Baizhan demon ate the fruit and said with a smile: "in this way, two gods and generals, one at a time, killed Ye Jingtian at will, so that he can ascend the throne and become the new king."

It stares at the youth coming from afar and sneers in his heart!

Ye Shitian, ye Shitian!

You helped me to die in such a hurry.

Besides, you still take the initiative to attack our Baizhan Wangting, giving us the reason to fight!

Kill you, my God will be on the top, but the demon emperor there, better explanation!

Beyond the palace!

Ye Chen stopped, his eyes were broad, he pointed his sword at the Baizhan Wangting, and yelled:
"Baizhan demon king, it depends on the master to beat a dog. I gave you a chance. Now, roll out and die!"

This voice, containing a strong and powerful implication, spread all over the world, and even shocked many monsters' ears to bleed!

"How dare you threaten me

"Ye Shitian, you have come to die!"

The Baizhan demon king led the generals to fly out and looked at Ye Chen. He said, "you are not qualified to be the king's opponent. I have left and right deputy generals under my command. You should fight them first, and you will be qualified to be the king's opponent if you defeat them!"

"If you are defeated by them!"

"Sorry, you have to use your life as compensation. At the same time, it has become the new king!"

"How?"

If you accept the challenge, then fight. If you win the two gods under me, you are qualified to fight against the king!

If you don't accept it, you will be killed by the royal court together!

If you accept, if you lose, you will die. My God will take over the royal court!

The king of Baizhan demon is the abacus.

Even after ye Chen was killed, he thought clearly about how to explain to the demon emperor and how to explain to the blood spirit clan. He even wanted to do something to make the demon emperor unable to find its mistakes.

Of course, if the demon king of Baizhan killed the Fengyun emissary and ye Chen came to him for trouble, it would be hard for him to explain. If ye Chen was killed, it would be even worse to explain to the demon emperor. All his calculations are extremely smart.

"Challenge?"

"Defeat?"

"New king?"

Ye Chen sneered and looked down at the two great generals not far away. He said with a sneer: "you, you waste, dare to challenge me?"

He pointed to the king of Baizhan demon with a sword and said with a smile, "you old beast, I still need to sacrifice my cards to win you. But your two mole ants come up to fight me. What is it?"

"Demon king of hundred battles!"

"I ye Shitian also gambled with you. Do you dare?"

"I can accept the challenge of your generals, even your challenge!"

"I will kill you one by one on the spot, and after that, everything you have in the court of hundred battles will belong to me!"

He stopped for a moment and said with a smile, "if I fail, the palace of light belongs to you, how about it?"

"Seriously?" Baizhan demon king's eyes were deep, and his mottled face showed a sinister smile. As soon as the gambling fight came out, he killed Ye Chen, which was even more justifiable. That is, the demon king had to do well beyond himself without a bit of fury!

"Nature takes it seriously!"

"Because you three are so weak!"

"Besides, my hall of light will not belong to you. You are just here to die."

Ye Chen wields his sword, and his sword Qi shakes the sky. He tears up the array in front of him. He yells: "the hall of light, stay back!"

"Yes, Lord!"

"Yes, Lord!"

The envoys of the wind and cloud, the celestial gods and all the monsters and beasts all retreated, and were ready to watch the war and congratulate their king and Lord, killing the four sides!

"Arrogant!"

"Ye Shitian, this God will take your dog's life today!"

The gods around the king of Baizhan demon will jump out in a single jump, and endless clusters of flowers will be born at the foot of the king. They will condense into a flower bridge, shining brightly in the sky. It stepped on the sky, roots into arms, holding a double-edged sword, the whole body circulation of simple and quiet breath.

It splits a sword in the air, the blade cuts through everything, spreads the power of golden Qi and blood, and even sneers: "a sword is enough to kill you!"

"It's just human beings. I don't know how much I killed thousands of years ago. What are you?"

A human under 100 years old?

Do you think that killing the king of destiny demon and stepping into the period of dominating body is enough to fight against this God general? Ridiculous, ridiculous, big joke!

"This war is almost over!"

"Yes, you see that ye Shitian has no intention of dodging."

"It must be a space blocked by the power of Qi and blood of the spirit spirit general. It can't move!"

The two generals of Baizhan royal court, who respected the five layers of heaven, chatted with each other. Their disdainful expression made the demon army of Baizhan happy!

Whoa!!

The spirit will use this sword with infinite power, just like a sword to open the sky, and chop it down towards Ye Chen's head!

This sword, at least contains more than the endless power of Qi and blood, the emperor does not repair the body of the six layers of heaven human, also absolutely can not resist!

However, ye Chen is the third stage of the dominating period, and his basic Qi and blood are not low!

See you!

Ye Chen's body shape slightly shakes, and his pupils exude that arrogant spirit, as if penetrating through the emptiness of the Ninth Heaven!

He suddenly raised his right hand, and then his casual clothes burst, and his limbs were covered with blood. The powerful force of Qi and blood burst out and haunted his right arm. He virtually tore the billowing air waves, just like a star rising from the sky, bursting out with brilliant brilliance!

Bang!!!

A violent explosion came out!

The sword was steadily blocked by Ye Chen's right hand, and a shock wave was sent out, which destroyed the trees several kilometers around, and shocked all the gods and generals back several steps. It was like two extreme weapons colliding, and the surrounding space vibrated and the dust rolled!

"I even welcome the fairies with my bare hands

"What's more, you garbage artifact

"Broken!" Ye Chen drinks softly. Five pure fingers grasp the body of the sword. The huge force erupts and pulls upward. The force is opposite to the body of the sword. Only a clear sound of the sword is heard, and the fragments spread around.

Spirit long sword!

It's broken!

Hard is broken by Ye Chen!

Ye Chen throws out half of the sword tip with his backhand, and the power bursts out. The sword tip flies out like a meteor, leaving a fiery red mark in the spot, and goes straight to the Magic general!

At this moment, he is like the evil spirit from hell!

Chapter 1165

"No!"

"Golden body show!"

Lingyun will drink several times, but is hit by the tip of the sword, resulting in an extreme explosion.

Its body fell down and spat out a mouthful of blood. If he had not stepped into the bully body, it would have been pierced by the tip of the sword.

Of course, there are cracks in its body. I'm afraid that if it is hit again, the gold body will be broken!

"No way!"

"You and I are both in the dominant period. Your basic Qi and blood are not as high as mine. How can I break my long sword?"

Spirit will be weak to the extreme, collapsed on the ground, surrounded by the golden power, is repairing the body.

It stares at Ye Chen and asks, "answer me, why?"

My emperor respects the six layers of heaven!

Basic blood gas is higher than you!

Why did I fail when I was on the same level as you?

It's a terrible defeat!

"Because I am Ye Jingtian!"

"Your skill is too bad, you can't break out when you are facing a battle, or your weapons are too many!"

Ye Chen is wearing a celestial sword around his waist, which increases 30% of his strength. The Qi and blood power that broke out just now is far stronger than the spirit spirit spirit general. In addition, he has obtained so many powerful skills, how can his power be inferior to a demon plant in the emperor's dignity!

"Old dragon of hundred battles!"

"I will take the life of your gods and generals!"

Ye Chen stands on the earth, but gives people a feeling of standing between the heaven and the earth. His eyes are like endless stars and endless sea separated from the demons. No one can get close to them and no one can compare with them!

This kind of feeling is more than the God ordered demon king and the Baizhan demon king!

To be more terrifying and powerful!

The so-called strongest!

Ye Chen's spirit is like a mountain, moving like thunder. When he is calm, he is like a fairy. Once a war starts, he will show his eyes like the God of war, like an angel and a devil from hell!

He waved his right hand, and the power of golden Qi and blood burst out, endless pressure, cover down, as if to destroy the world!

"No!"

"No, demon king, help me!"

"I don't want to die!"

Lingyun will cry desperately, only to see its body quickly split, just repaired the position, directly burst open, the lower half of the body completely become a gold fragment, the golden body is half useless, not also need a hundred years to recover!

"Lord leaf!"

"It's almost OK, my God general. You can't kill it yet!"

Baizhan demon king leisurely said a word, five fingers a piece, a palm print condensed out, with the pressure of Ye Chen hit a piece!

Boom!!

The two forces repeatedly hit for several times, and the aftershock made the world shake.

The small world opened up by the strong people in the harmony of Taoism is not particularly stable. It is very normal to be shaken by extremely strong forces. If the great energy behind Ye Chen can break out beyond the emperor's realm, it is not surprising that the place for body building will be broken!

Bang!!

Ye Chen hands, the power of golden Qi and blood breaks out again, and the spirit spirit will be crushed into a burst of gold powder. A generation of God general, the third-order demon plant in the period of dominating body, officially falls down! In Ye Chen's hands!

Not even more than three moves!

The second move, or Baizhan demon king to block, or the second move will be enough to fight the spirit of the spirit will burst the body, the soul destroyed!

"Hoo Hoo Hoo Hoo Hoo!"

Ye Chen takes back the pressure, breathing slightly dignified, cold eyes staring at the king of Baizhan demon.

The king of Baizhan demon was silent, and his eyes became deeper and deeper, just like two dark caves filled with killing and darkness.

However, the God behind is not angry!

"Lord, let's kill ye Shitian

"So, the king killed Tian Ye fiercely

"Lord Wang, avenge the spirit spirit general..."

The three or four layers of heaven in the emperor's honor kept clamoring.

They have not yet come into contact with the level of the period of hegemony and the late period of emperor Zun. They can't see ye Chen's strength at all. They seem to think that they can kill Ye Chen as long as their own king makes a move.

At this time, the white phoenix God swallowed his throat and whispered: "how strong, what is the origin of Ye Shitian? When is Kunlun Xu's genius so terrible?"

It secretly looked at the king of Baizhan demon and said in his heart: with this old guy's character, I won't be out of battle!

Fortunately, three hundred years ago, when the adults of the Xueling clan came to Kunlun, they came to inspect the place where we practiced!

I think my talent and combat power are good, give me some treasures!

It's enough to kill ye Shitian by using these treasures. It's a pity that it was originally intended to deal with the demon emperor, but now it's cheap.

"Come out!"

"White phoenix God general!"Ye Chen said with a smile on his face: "the Phoenix pulse, the Kunlun virtual extinction, did not expect that there is still in the place of body training! It's a pity that your blood is not pure. "

He stroked Xiaohuang in his arms and said, "my Xiaohuang has eaten a lot of monster meat, but I haven't eaten Phoenix meat. I'll kill you later. I won't smash you into pieces. I'll keep your blood essence to refine your body. As for your body, I'm going to use it for barbecue. The taste should be quite good!"

Barbecue?

As soon as the word came out, both sides were confused!

Is ye Shitian looking for death?

"Ye Chen!"

"If you want to eat me, you are so bold!"

The white phoenix God general did not care, condensed a virtual shadow, a snow-white Phoenix soared in the sky, burst out a whole breath of terror, and turned into a nine grade spirit tool. After two phoenix claws grasped it, they split a sword in the sky, and the sword Spirit fell again with the nirvana fire brought by Phoenix, just like the terror of stars falling into the world!

White flames burn the sky, all the way down!

The strong men in the rear of the hall of light felt that they had difficulty breathing and were burning all over. They did not dare to look at the sword directly.

Astronomy God will quickly shout: "Lord, be careful, this is the fire of Phoenix industry, the temperature is very high, can incinerate everything under the immortal utensil, you must be careful!"

"Just a little flame!"

"How dare you?" Ye Chen stares at the flame, then hands!

Ye Chen clapped his palm, and the golden lightning burst out from his palmprint. He rushed to all directions and turned into a golden thunder net, completely enveloping the flame and sword spirit!

He moved and flew out. His body was like lightning. In a blink of an eye, he came to the white phoenix general. He clapped his left hand and cracked. The infinite power was like a huge stone, hitting the Phoenix!

Bang!!

With a blow, the nine grade spirit weapon in the white phoenix's double claws was shaken out.

After landing, it turns into a human like shape, showing a golden overlord, with blood spilling from the corners of his lips

Golden Qi and blood flow to begin to repair the white phoenix's civil war!

Its body will be stronger than the spirit, that is, ye Chen's palm, but also suffered heavy damage, did not lose combat power!

It took out a blood colored light ball and roared: "Ye killed heaven, die!"

Chapter 1166

Ye Shitian, you force me to use my cards!

Well, I'm going to kill you to the point of bursting!

Otherwise, not enough to solve the hatred of God!

In a flash, the white phoenix God General crushed the light in his hand, and a strong and powerful Qi and blood poured into its body, instantly cured its internal injury, and turned its whole body into red gold, making it temporarily based on the fourth level of the super body period - the whole body bone turned red gold!

"Ye Shitian!"

"You must die!"

It flies out, like a phoenix reborn from the fire. It explodes the force of nearly six million jin of Qi and blood. It makes the heaven and earth tremble, all kinds of thunder light fall down, and the divine power is vast, which makes countless monsters tremble!

It suddenly hit a claw, burst out brilliant brilliance, like fireworks in bloom, gorgeous and eye-catching, with the breath of death, into a magic sword, through the layers of void, want to kill Ye Chen!

"Looking for death!"

"Ten Thousand Buddhas Vajra fist!"

Ye Chen murmured, and a cloud of extremely rendered Buddha light was shining all over the world, and then broke out. Like the manifestation of the Holy Buddha in the night sky, endless Buddhist texts flew out and lingered on his fist, as if there was a giant Buddha manifesting!

At the same time, he can't mobilize Kendo and break out twice the fighting power!

The power of fury breaks out!

Far beyond the power of white phoenix!

Boom! Boom!!

The Giant Buddha smashed the sword inch by inch, and the ferocious fist strength overlapped layer by layer!

Bang!!

With another burst sound, the fist hit the white phoenix's chest, completely cut off the blood of the blood spirit family, and even more shocked the white phoenix's golden body!

Bang!!!

White phoenix red gold left claw burst, no blood spilled, but countless gold fragments scattered, like a rain curtain general!

Bang!!

The right paw burst and turned into gold crystals!

Bang!

Right foot burst!

Bang!

Left foot burst!

Now, white phoenix's limbs, have been completely smashed!

Ye Chen directly beat the white phoenix into a disabled one. He grabbed the phoenix head and landed on the ground like a demon. He tore the head of the white phoenix, extracted the essence of the Phoenix and stored it in a special vessel!

"This time, not only do I have Phoenix blood, but I also have Phoenix meat to eat!"

Xiao Huang laughs and waves her claws. Her red and blue pupils are full of mysterious light. Then she plays an ancient force to kill the golden bully body in Baifenghuang's body. She turns it back to the bone setting stage from the dominating stage. The flesh is no longer golden, so you can eat it!

Ye Chen extracted the real blood of the Phoenix, threw the body of the white phoenix on the ground, raised the head of the Phoenix, looked at the king of Baizhan demon with a meaningful look, and said, "now, how about? You still want to kill me? "

He secretly took several pills to recover his wounds. He broke out twice just now, killing two generals of the Baizhan Wangting, which cost a lot!

He examined the white phoenix general and thought in his heart: this blood spirit family is really omnipresent!

It not only controls the upper demon emperor and the four demon kings in the land of refining body!

It is under control, has the potential to become the demon king of the demon beast and demon plant!

This kind of management mode is not afraid that the demon emperor and the demon kings will not obey the orders. Once they do not obey the orders, they will be able to continue to control the demon beasts that have been arranged before. It has to be said that the means of the blood spirit clan is not simple!

The white phoenix alone!

Although the treasure of the blood spirit clan does not have a single immortal tool, the long life of these Qi and blood is enough to make the hundred Phoenix step into the fourth and fifth level of the dominating body period. In that case, even if it does not break out twice the combat power, it will be far more than the Ninth Heaven in the emperor's Zun state of Kunlun!

According to Ye Chen's understanding of Han Yun, Han Yun's physical body is at most the first stage of the hegemonic period. Kunlun virtual body strongest in addition to their own, should be Han Yun and Huang family ancestors!

Although there are not many places for physical training, the top-level combat power is no worse than Han Yun and other sects and family ancestors!

"Ye Shitian!"

"You're very good at fighting!"

"I have to admit that you are a good genius." The king of Baizhan demon suddenly showed a smile and said, "I remember last month, the ancestor of the Huang family was searching for a man, a man named ye Shitian, who had slaughtered most of the young talents of the Huang family."

"He never searched this man, thinking he had run into the place of body building!"

"so as like as two peas, this king wants to see a lot of people." this king wants to come to a posterity. "But I see your deeds today, which is exactly the same as that of the Huang family. You are the one who killed the blood Ling people in the blood and soul.

"Ye Shitian!"

"It's exactly the same name, or it's just a person!"

At the moment, the Baizhan demon king's eyes are extremely sharp, as if he could see through Ye Chen directly. "Although the realm is in the Daoyuan realm, it has the fighting power of the emperor's Zun realm. There is also a 30% increase in strength and a 10% increase in cure rate of a celestial sword." "Your immortal utensil, should come from the destiny that idiot!"

"At the beginning, the ancestor of the Huang family gave me an order to find ye Shitian, which was a layer of heaven in the Daoyuan realm, a bone setting period!"

"It seems that he also killed more than 100 talents of the Huang family in daoyuanjing and xuwangjing!"

"Even take their excellent Huang zhantian and Huang Wu gun as their own!"

It suddenly stood up, gazed at Ye Chen, and asked, "but what kind of power can make you improve so much in a month or two, and your combat power is almost ten times as much?"

"But sometimes, I really feel that your fighting power, sometimes high or low, is not right!"

"The ancestor of the Huang family said that you killed the blood spirit people in the seven layers heaven of emperor Zun kingdom against heaven between the virtual King environment and the Dao source environment. However, according to the remains of the blood spirit secret place, when you beat Huang zhantian and Huang Wu gun, only the battle power of emperor Zun territory was one layer of heaven!"

"So I guess the person behind you should have a long history."

"What kind of Outland power do you get?"

"Maybe we can talk about it!"

The king of Baizhan demon ignored all the demons. He took out a bone cup and poured it with refined human blood wine. When he was about to drink it, he stopped suddenly and showed a smile. He took out a bone cup, poured the same human blood wine, and handed it to the God general around him, saying, "give it to the Lord Ye!"

"Lord, this?"

"Lord, he killed the spirit spirit general!"

"Lord, please avenge our white phoenix clan!"

Many gods and generals have asked for help.

These generals, most of their accomplishments are in the emperor's first or second heaven. They don't understand the meaning of Baizhan demon king.

According to the king's words, Huang's ancestors ordered to kill ye and kill heaven.

The king should fight to kill ye Shitian!

What's more, ye Shitian killed the Xueling people, which made the demons in Guangming palace and Baizhan King's court appalled. They should start to kill ye Shitian and offer them to the ancestors of Xueling clan in exchange for meritorious deeds.

"Who dares to speak half a minute?"

"I will kill it!" The king of Baizhan demon snorted coldly, and Qi and blood broke out, which shocked many gods to spurt blood backward.

Chapter 1167

"This

"King Ah "

many gods will bow their heads and dare not speak any more.

The God took the bone cup respectfully and flew away. He handed it to Ye Chen and said, "Ye Dian Lord, please!"

Bang!!

Ye Chen smashed the general with one fist, and his blood was burning all over his body!

This wine is brewed from human blood!

This bone cup is made from the skulls of the ancestors of the emperor of the human race!

How can ye Chen drink it!

There was a demon king before me. I thought it was over!

Now, I didn't expect that the king of Baizhan demon was the same!

This is provocation!

Extreme provocation.

Ye Chen's heart ignites a burning anger!

"No harm if you don't drink human blood wine!"

"But I have something to talk to you about." The king of Baizhan demon was not afraid, not angry, and said with a smile: "the demon emperor has closed down. I am respected in the place of refining body. You and I talk, don't worry!"

"Just now, the king didn't inform the ancestor of the Huang family, but secretly sent someone to check on you!" It took a spirit pigeon, and said with a smile: "the message transmission of Mo's family, the ability to handle affairs, as expected, is fast!"

The king of Baizhan demon took a look at ye Shitian and said, "you are a mysterious man with strong cultivation. You are young, and your strength has been greatly improved! Ye Chen, who used to stir up all the big sects of Kunlun in qianjue square, is still your younger martial brother

"Your brother, your strength has been promoted so fast!"

"I think there must be a powerful power behind it. Can this kind of power come from Kunlun Xu? It must be people from high military level who are supporting you and so on!"

"In fact, I don't feel much about the blood spirit clan. If you are interested, I can help you kill the demon emperor, the ancient demon king of Kun and the demon king of Lianyuan. You are the main place for body refining. I will help you, but as a condition, you have to let me join you!"

"Your brother, you are on the road of reviving Kunlun Xu and fighting against the blood spirit clan."

It waved its claws at will, grabbed the monster in the distance, and said with a smile: "I heard that the place where the blood spirit clan is located is not peaceful. They have to face no less crisis than you face. You must be the person who is supported by the high level of military, otherwise you can't be promoted so fast!"

"I also want to join you. After all, I don't like the hierarchy of the blood spirit clan. There is too little room for me to ascend there. Maybe when I get to your high level of martial arts, I can make great achievements in the war and be promoted to the divine realm, even the divine realm!"

Said so much, Baizhan demon king finally said his purpose!

It wants to betray the blood spirit clan and help Ye Chen to obtain more cultivation resources and improve their status!

It is not willing to do a side demon king in a small world, it wants to be the overlord!

There is no doubt that ye Chen is the beginning of his idea. As long as you join Ye Chen, it seems that there will be a big step up the ladder!

These remarks directly shocked all the monsters present.

None of us thought that the Baizhan demon king would dare to betray the blood spirit clan openly. It seems that some means or cards are supporting its action. Otherwise, if ye Chen refuses to agree, it will not seek its own death, because the blood spirit clan will come to Kunlun in one year!

"You said that, I am a little bit excited!"

"But cooperation You are qualified and powerful, but I can't find you! "

"I'm not looking for an asshole who spoils the remains of my ancestors as a partner!"

Ye Chen's murderous spirit erupted, glared at the demon king of Baizhan and said in a cold voice: "I have the support of foreign strong people behind me, but you are not the object of cooperation! I don't need to cooperate with you. I'll give you a chance. If you beat me, you can consider it! "

"If I am defeated, I will pluck your skin and roast your meat!"

"Make a dragon feast!"

He did find a lot of cooperators. To be exact, he has won over many people.

For example, Han Yun, blood night gate and so on, but only in the case of not involving the bottom line.

As for the Baizhan demon king, such a bloodthirsty and inhumane being, he has no interest in cooperating with him.

Just trying to kill it!

"How about defeating the war?"

"With your strength, among the younger generation, you can be regarded as against the weather. But this is only limited to the Kunlun void. You can be rampant. Moreover, I am not willing to destroy your foundation, so that you can not break through the nine layers of heaven in the future

Baizhan demon king's language is plain, but always full of the spirit of the superior!

With its dominating body period, plus the blood of Canglong, the power of the outbreak is far more than all monsters!

Since ancient times, the dragon people are also divided into three, six, nine and so on!

It is of course the most inferior dragon blood, but it is also the Dragon Houyi!

The power of the dragon is far more powerful than all monsters and humans!

If you use immortal tools to break out again, you can definitely fight against the strong at the top of emperor Zun state, even if it is in the spirit state! Practice to the highest, the more you can understand how small the world is!

In the past, it always thought that emperor Zun was the peak of human beings!

But when you see the power of the blood spirit clan, it is only the beginning of the White Emperor's reverence!

Daoyuan realm, dizun realm, Shenwang realm, Hunyuan realm, Hedao realm, Caihua realm and so on!

He has the absolute right to fight against everything in this place of body building!

No matter how the other three demon kings are, even if they unite, they are not their opponents!

Two thousand years ago, if it wasn't for the intervention of the powerful people of the blood spirit clan, today the demon emperor's position would be its own. Therefore, it was not angry with the blood spirit clan's actions, and intended to help Ye Chen, and it still made it clear.

"You are the source of the territory, and your combat power is directly approaching the middle and later period of emperor Zun's territory! Not only that, but you're still refining your body and stepping into the super sports period

"Count you as the emperor's realm." The king of Baizhan demon had nothing to do, but he sat on the throne and said slowly, "do you know what level and status of the blood spirit people who come to Kunlun Xu every hundred years?"

Seeing ye Chen's doubts, he said, "a hundred years ago, seven people came, three emperors reached the summit, and four and a half entered the divine realm. It seemed that they were preparing to merge the immortal utensils. The soul has been transformed, and the flesh is still in the future and metamorphosis!"

"And every three hundred years, it's not the same batch!"

"These people are very young, compared with our low-level level, it is like sending the younger generation of the family to experience. The big people of the blood spirit clan send these young people, teenagers and 20 year olds to kunlunxu to kill wantonly, in order to temper themselves and let them know about killing. But only the younger generation is better than the strongest people in Kunlun Xu And be strong! "

"What do you put together?"

"I know your progress. Maybe a year later, you will arrive in the realm of emperor Zun. You can hold on to death as well as the early stage of entering the realm of God!"

Chapter 1168

"But even if you are qualified to fight against the God state, what about the rest of the strong blood spirit clan? Do you think, Han Yun and they can stop it? If you are half into the divine realm, you can have immortal tools in your hand. Even if there are seven or eight empires and nine layers in one, it's hard to be an opponent! "

The king of Baizhan demon stopped for a moment and then said, "if you agree, I can help you block one and a half into the divine realm. The condition is that after you succeed, I want a second grade immortal tool. In other words, let me see the people behind you and let them give me resources to improve my strength."

"I want to be promoted to the second level of the state of mind!"

"That's what I can do for you. If, before the war, you can give me a three grade immortal tool, I can consider helping you block a blood spirit people who are in God state. After that, we will be allies

"How?"

"Yes or no?"

Baizhan demon king, regardless of Ye Chen's attitude just now, still narrates.

It said a lot of the situation is also true, Han Yun is the strongest person in Kunlun Xu at present, and can block at most one and a half into the divine realm. The ancestors of other top sects tried their best to block one and a half into the divine realm without immortal tools!

So come down, there are many strong blood spirit clan need Ye Chen to resist!

What's he doing!

A young man in his twenties, even though his talent is terrible, has only one way to die in the face of the blood spirit clan!

And it Baizhan demon king has this foundation, because he is dragon blood and flesh body!

Therefore, it has a keen eye to know the defect of Ye Chen, and a hit at this defect, although it seems to let Ye Chen choose, it is actually an order! "That's not unreasonable."

"Why don't you tell me the situation of those people carefully and I'll think about it again!"

Ye Chen does not move like a mountain, still ready from the Baizhan demon king mouth, as many sets of news as possible!

He never intended to let go of the king of Baizhan demon easily. Even if he didn't have to pay much, he would never agree to cooperate!

Such a guy, drinking human blood wine, making bone cup from human skull!

There are only two ways!

First, ye Chen directly kills it!

Second, ye Chen's acceptance of it, of course, is equivalent to that of the Huang family and many other sects. They are all traitors and other sects. They have the power to take it in and resist the blood spirit clan. When the war is over, can you survive!

If you survive, you will surely contribute to Kunlun in the war!

If you can't survive, you will be loyal to Kunlun, or at least kill the enemy!

Baizhan demon king heard Ye Chen's words, his lips outlined a smile, as if to control everything.

In his eyes, the human youth to do so, is the most correct choice!

He who knows the current affairs is a hero!

But the monsters in the palace of light and the king of Baizhan are all confused, and their eyes are full of unspeakable meaning.

Just now, it seems that they are ready to do it!

This meeting, our two sides King Lord, unexpectedly began to chat?

Cooperation?

"Ye Shitian!"

"Do you know what is Zhongwu plane and what is gaowu plane? What is the low level plane? "

The king of Baizhan demon looks up at Ye Chen, and his heart is gradually excited, but he does not know that he has been caught in Ye Chen's scheme.

Although Ye Chen's training time is not long, he has experienced many battles and all kinds of calculations are not bad. He will take the king of Baizhan demon and may not know so much news. It is better to wait for the king of Baizhan demon to say all the news, and then take it by force and seal it directly!

Although this seal is not proper, ye Chen doesn't want to cultivate Baizhan demon king for a long time. At most, he wants to stop a half step into the divine realm when the blood spirit clan comes. It doesn't matter if he dies after exterminating the blood spirit clan.

Therefore, there is no need to take the way of heart closing like many schools in Kunlun.

Moreover, the demon clan is a demon clan after all, and there are few human beings who are so rich in emotions that they may not be able to achieve this goal.

"I don't know!"

"King of Baizhan demon, tell me about it!" Ye Chen is bland.

"Plane, race and civilization. In fact, they are just living stars in the endless sky The king of Baizhan demon recalled that he had contacted the blood spirit clan and many strong men in Kunlun Xu and began to explain.

"Anywhere!"

"It also depends on whether there is aura, whether there are Taoist beings, whether or not to practice martial arts and so on."

"Kunlun void is located in the border of China, and is one of the only places of cultivation on earth."

"You seem to have touched the threshold of Kunlun Xu's martial arts! But it's just the beginning! Kunlun void is just a low level plane! Even if you are against the heaven in your talent and cultivation, it will be extremely small if you put it in the place where the blood spirit clan is located! "

"In their eyes, we are all rubbish! All ants! "

"The highest level of martial arts, such as the existence of the blood spirit family, the lowest level of cultivation, is almost in the emperor's realm. After the emperor's reverence, there are such things as entering the divine realm, the divine king's realm, the Hunyuan realm, the harmonious Dao realm, and the creation realm. However high the cultivation level is, I have heard that there was once a " star body state ". I don't know how much higher this realm is than the Hedao realm.""I only know that the person who controls our face seems to be one of the families of Xueling family, and the subordinate clan of that family. I had a good talk with the outer disciples of this clan a thousand years ago."

The king of Baizhan demon knew that the blood spirit clan was powerful. He not only dared to betray, but was ready to move. He hoped that through the rebellion, he could get the benefits of Ye Chen and step into the realm of God and even the kingdom of God as soon as possible! It's not easy to repair it to this extent.

This discussion is not over.

Many of the gods and generals below have already been shocked and incomparable. I didn't expect that Zhongwu plane was so much stronger than Kunlun Xu and himself!

Not to mention Gao Wu plane!

The number of demon clans in the place of refining body, the source of Tao, that is, the realm of reverence, is completely and completely come over, never more than two thousand.

The level of Zhongwu is the worst city. Ordinary people all have the cultivation of Tao. The fundamental gap between them is not one or two levels, but the whole is too much.

Ye Chen also smacks his tongue secretly. Now he knows why, the six people in the blood spirit family's Secret realm say that emperor Zun state is the most rubbish cultivation in the blood spirit clan.

Together, Gao Wu's face, the starting point is too many high Huaxia Kunlun!

Kunlun Xu people, life also stop in the imperial realm, in Chinese language, Xueling people were born directly in the end of Kunlun Xuwu.

No wonder, so many sect leaders and elders dare not be villains!

But what about that?

He Ye Chen has a reincarnation cemetery. He has infinite potential. It doesn't take him a few years to be promoted to Hedao state and formally fight against the blood spirit clan!

Suppression of Kunlun Xu Xueling family, one of several families subordinate to the clan, then from this clan to deal with!

Until, destroy the whole blood spirit clan!

Chapter 1169

Baizhan demon king, worthy of being an old fossil level demon king!

Talking with it will benefit a lot. At least, people don't know about this knowledge at present.

Knowing this knowledge, it will be much easier to deal with the blood spirit clan in the future.

"Demon king of hundred battles!"

"This clan, belonging to the blood spirit clan, is responsible for controlling my Kunlun Xu force?"

Ye Chen asks that he can't know the news from Han Yun. Han Yun didn't participate in the battle at that time. He let the blood spirit people clean up when he came back. How could he know that? As for the blood seven nights, their minds are unstable, and their memory is broken. It's hard to ask. Once they are forced to recall, they may lose their divinity.

He asked, "what's the name of this clan! What are the specific origins of the seven young people who come every hundred years? "

"I heard that one of the most powerful members of the blood spirit clan was domineering and would never allow his subordinates to show any signs of rebellion."

This is the best!

Ye Chen is the blood spirit clansman that ye Chen learned from their mouth in the blood seven nights!

Ye Chen also wants to know what kind of powerful existence suppressed the blood seven nights. Only by understanding this powerful existence can we rescue the real bodies of blood seven nights and Mo Ning'er!

"Do you think it was the most powerful one who led the first battle against Kunlun?"

"The most powerful one is not the one guarding the lineage of Xueling family, but a member of several great families. It is said that he is the peak of the realm of fortune!"

The king of Baizhan demon sighed and said: "in those years, he also took the initiative to attack Kunlun Xu, and made Kunlun Xu from the middle level of martial arts to be the world's strongest in the low level! There seems to be the word "blood devil" in the name taboo

"When it comes to the war in ancient times, I asked the disciple of the blood spirit sect, and he only said," Lord blood devil! "

"I see!" Ye Chen felt that he had a long way to go to rescue the masters. At least, he could not rescue the masters if he didn't reach the level of harmony. However, with his own strength, he knew more and more about the blood spirit clan.

As for the realm of creation and Xingqiao, he could not know.

Are they the next two realms above the realm of harmony, or are they far beyond the realm of harmony?

I'm afraid that all of this will not be known until we kill the strong men who step into Kunlun next time.

"As for the seven who came a hundred years ago!"

"The Blood Sword sect, which comes from the blood spirit clan, is the lowest level of the outer disciples. It is not surprising that one year later, the people who arrived in Kunlun Xu might still be the people who lived a hundred years ago!"

Baizhan demon Wang said with a smile: "brother ye, I have said almost the news. It's time to talk about yourself!"

"How much support do you have behind you?"

"How can I go to that plane? Or, you brother ye, you personally sent me there? "

"Things about Xianqi..." "What are you going to do?" he said with a smile? Give me a Pinxian tool, I can block one and a half into the divine realm for you, and give me a second grade immortal tool. I can help you block the two and a half blood spirit people from entering the divine realm! "

Ye Chen moved his body and said with a smile, "What immortal instrument?"

"what plane?"

"What support?"

"Just now, but I just wanted to know the news!"

As for your help? I have a better way, that is - suppress you, force you to go! "

"Are you going or not? You can't help it! "

Ye Chen's golden body broke out, and Qi and blood broke through the sky, just like a hundred and ten rounds of volcanic eruption, which caused the ground to shake violently. The unknown monster thought that it was the place for body refining to be broken.

Ye Chen's Qi and blood contains a breath of destruction, which makes the souls of many gods tremble.

He reached out slightly, accompanied by a sword, a sword light flashing, killing immortal sword appeared in his hand!

A fine sword, powerful sword, rush to the four seas and eight wasteland!

The sword spirit and tool spirit of killing the immortal sword have become fairies and have self-consciousness!

With the active cooperation of Jianling, ye Chen's combat power will be enhanced a lot!

"Hum!"

"I really think that the king is afraid of you."

"Since you have no sincerity and break the rules, the demon king will kill you alive!"

The king of the heavenly destiny demon was also angry, and turned into the body. A thousand feet long black dragon appeared in the sky. The body was so big that it was full of red gold. From the internal bones to the bone marrow, meridians, blood vessels, viscera and other organs, it was all turned into gold!

The vigorous power of golden Qi and blood covers the sky like a vast ocean. Even if it is not in the spirit state, it is enough to face the strong people who are half into the divine state alone!

This is its palm!

More importantly, his body has reached a level of incomparable terror!

"Long live the demon king, long live!"

"The demon king is invincible. Kill ye Shitian

"Please kill ye Shitian Many of the generals in the Baizhan royal court are already excited!

Just now I thought that Wang and ye Shitian had a good time talking together. I didn't expect that they turned their faces and entered the peak state!

They all expect the Baizhan demon king to blow up ye Shitian!

On the other side, it's a different state.

"Our king, it seems that we are not as powerful as the demon king of Baizhan!"

Astronomy God and Phoenix God will, at the same time sigh!

The difference of momentum seems to indicate that ye Chen will be defeated!

This new Guangming court will not break up on the spot, will it?

In the process of thinking, a voice of anger resounded through the sky:

"ye Shitian!"

"You have to pay a price for playing with the king!"

"If you don't work with the rules, you have to pay a price."

The king of Baizhan demon dived down, and the smoke and dust rose. He immediately fought with Ye Chen. The dragon's claws could penetrate everything at will, attracting a piece of thunder and lightning and killing Ye Chen!

It quickly moved the huge body, a dragon swept the tail, set off a raging air wave, directly hit Ye Chen.

It has given Ye Chen a chance!

But I didn't expect it!

Ye Chen not only refused!

How can you be patient if you still have a black hand on yourself!

Ye Chen must be killed on the spot. If you can't beat him to death, you should lead out the person hiding behind Ye Chen, and talk to someone else!

This kind of unruly young people are looking for death!

Crackling!!

Endless to the air waves, like a blade in Ye Chen's whole body tear!

The clothes are completely broken!

Ye Chen is certainly very strong, but in the face of Baizhan demon king such a violent blow is also slightly palpitating.

He found that the king of Baizhan demon was more terrible than he imagined!

The gap between them is too big!

"Bang!"

With a blow, ye Chen's body fell like a meteor and fell dead in the pit. However, the immortal killing sword in his hand was crazy to arouse the sword spirit, strangling the dragon tail of the demon king of the hundred battles. With the spatter of the fire stars, there were also red and gold dragon skins cut off.

Even so, ye Chen is still too embarrassed!

Chapter 1170

Ye Chen stands up with difficulty, wiping off the blood from the corner of his mouth, and his cold eyes gaze at the Dragon King of Baizhan!

"I don't believe it. I can't kill you! No matter how strong you are

"Today either you are sealed, or my Ye Chen falls!"

Ye Chen's eyes are red. The stronger the enemy is, the stronger he will be!

From Huaxia to Kunlun Xu, every time!

In the face of a strong enemy, he can become stronger!

So at this moment, ye Chen burst out with all his strength, followed by a strike of the Dragon whip. Before it fell, he had already detonated many array junctions, and the speed could not even be detected by the naked eye!

"Kill the immortal sword, give me strength!"

"Don't destroy the sword and the way to kill. Turn the world around and give me strength!"

With Ye Chen's hysterical roar, his whole body is full of evil Qi!

It seems like a shadow standing behind me!

Shadow from hell!

This is Ye Chen's true way!

Kill the way!

And that empty shadow is the killing intention in Ye Chen's heart!

Ye Chen felt the violent power of his whole body, and no longer hesitated to make a fist. The seal of Daodao boxing was superimposed, just like the continuous waves of the sea, and directly hit out!

Bang!!!

A violent explosion made all the monsters tinnitus!

I saw the ground burst out, with a large amount of golden dragon blood sprinkled, the tail of the dragon was blurred, and a blood skeleton appeared in the center!

Who could have thought that the dragon tail of the king of Baizhan demon, who was so powerful as to be injured by Ye Chen!

Fierce pain instantly changes color of Baizhan Dragon King!

"Boy!"

"You dare to explode and die!"

The king of Baizhan demon was angry and broke out completely. Qi and blood covered the whole body and gathered on the tail of the dragon. He killed Ye Chen's power and forced the tail of the dragon to fall. The speed was as fast as a meteor swarm!

Bang!!!

Another burst came out, and a shadow escaped from it.

CHEN Ye is!

But now ye Chen has been scarred!

Blood all over the body!

He underestimated the Dragon King!

Although there is the blessing of killing, it is not enough!

The most important thing is that although the sword of Xueling clan is very strong, it is not suitable for ye Chen!

At least now ye Chen is not used to it!

It's better to cut dragon and ask Sky Sword and star sword!

"Poof!"

Ye Chen continuously spurts out several mouthfuls of blood, which has been seriously injured to the extreme. If the body of the golden body is broken again, he will die!

He examines the king of Baizhan demon, communication of consciousness, reincarnation cemetery!

"Don't you do it yet?"

The reason why Ye Chen dares to challenge the strong in the whole body refining place in the source of Tao is the great power in the reincarnation cemetery!

He didn't want to rely on the power of the samsara cemetery.

But so far, this is Ye Chen's most serious injury!

His body was almost destroyed. Fortunately, he entered the period of dominating body. If he stayed in the bone setting stage, he would be killed by the king of Baizhan demon.

There is no physical body in human beings at the bone setting stage.

At most, it's just bone degeneration and bone marrow enhancement. In other words, once the flesh and blood are smashed, it's basically half dead except for the soul! If the soul is also wiped out, it is a thorough death!

But the super sports period is not the same!

In the period of hegemonic period, human beings or monsters are extremely strong.

Even if the flesh and blood on the surface is blasted, it will not die. After decades of time, the flesh and hair can still be regenerated and grown, which is equivalent to one more life.

Of course, if even the gold body was hit by a blow, the soul was also destroyed!

That's only one death!

"It's over, it's over!"

"It's over, the king is ruined!"

The astronomy God will be sad, staring at the golden skeleton flashing in the sky, and his own king has been injured. If the Baizhan demon king starts again, it will be completely finished.

The generals of the Baizhan royal court cheered directly, shouting: "kill ye Shitian, kill ye Shitian!"

"Long live the king, kill ye Shitian and avenge the two adults!"

In the eyes of Baizhan Wangting, everything has settled down!

At the moment, in the samsara cemetery, the blood sighed for seven nights, looked at a figure and said, "Nie Baijian, let's go!"

"Mo Ning'er and I are no longer strong enough to support Ye Chen against this monster!"

"Even if all the power is transferred to Ye Chen, we can only let him defeat the black dragon, and our mind will die out, but we still have something not passed on to him!"

Blood seven nights of God, appear for a period of time!

In the process, he helped Ye Chen a lot.

There is also a lot of direct power to Ye Chen, but they all have a fixed power. Once consumed, the mind dissipates.

But before dissipating, since Ye Chen is identified as his own disciple, he has to hand in all the things he can get, at least let Ye Chen have more strength.

At present, Nie Baijian is the most suitable existence.

"Ah

"This boy, he's a real troublemaker!"

"Well, I give him some strength!" Nie Baijian looks at the blood seven nights and shakes his head helplessly.

Naturally, he didn't want Ye Chen to have an accident.

These days, he witnessed everything that happened around him, and he knew the character of the tomb owner.

In a sense, ye Chen has an appetite for him.

After that, Nie Baijian said, "Ye Chen, the matter has come to this point, I will give you a strength!"

"Remember, in the future, when we go to the place where the blood spirit clan is refining seals!"

"Open my shackles and seals first!"

As soon as the voice fell, a powerful force of Qi and blood flowed into Ye Chen's body!

This sense of power makes Ye Chen's eyes change slightly!

Clenching fists, ye Chen seems to control the whole world!

That's great!

"Roar!"

"Demon king of hundred battles!"

With the sound of a roar, the world changes color, endless thunder flashes, frightening the four seas and eight wasteland!

Ye Chen Re bred bleeding skin and hair, and took out a set of casual clothes to put on. His long hair drifted down, and the moving axis was like an immortal coming through the ages.

He was so strong that he took a step lightly, and a large area of the ground was broken. The huge force of Qi and blood attracted the trees in the whole body refining place to submit to him!

"You almost broke my body!"

"Even if I want to subdue you today, I will smash your body first!"

He put away the sword of killing immortals, which would be broken if he collided with the king of Baizhan demon.

It's better to match the fist.

And his Qi and blood, in a variety of growth, rampant to the peak.

He knows the power has time!

If you can't take the king of Baizhan demon in this time, you can't bear the power of Qi and blood and collapse by yourself!

"Boy! So that's your card? "

"The people behind you really value you very much. This secret method has forced you to upgrade so many levels! significant! It's good for you to die in your hands The king of Baizhan demon was fearless and even eager to try. He said, "ha ha, this king wanted to fight with you at the peak."
