Chapter 1181

In recent days, the biggest belief supporting Ye Chen's struggle against the place of body building is Huaxia.

He didn't know what happened to the Ye family.

But no matter what, if anyone dares to move his scale, he will uproot the other side!

Now he has two forces in Kunlun: dark hall and light hall, plus the power of this body refining place.

Leaving aside the top family, it is impossible for anyone to stop Ye Chen!

Of course, if the Ye family and Xia Ruoxue have an accident, it is really related to the blood spirit clan. Even if he breaks through the sky, he will kill everything!

Ye Chen suddenly takes out a light box. On the qianjue square, Han Yun received the spirit tool given to him by dozens of emperors of the Huang family.

He checked and found that the strongest one was the emperor. However, the emperor did not waste time to accept him.

With the power of his soul now, he can seal a hundred people!

Since Ye's family had an accident and the place of physical training was over, ye Chen didn't intend to continue to stay. He pinched the formula with his fingers, and there was an air wave under his feet, and the whole person was suspended!

Around the monster heard the movement, have raised their heads, is to see the foot on the waves of Ye Chen.

However, ye Chen's eyes are cold at the moment, which feels like the devil from hell, which makes them shiver all over.

Even if the face of the demon Emperor just now, ye Chen did not have such a killing intention.

There was only one question in people's hearts - what made this man so angry!

Ye Chen looked down at the crowd and suppressed his anger. He said, "today, I will bring some of you into the Kunlun void to participate in the future war against the blood spirit clan."

"But before we set out, there are three rules!"

"First, we must not harm human beings without authorization. If we are attacked, we can fight back at will."

"Second, we must not occupy human territory without permission."

"Third, we must not release our own pressure at will."

Each of the three regulations is related to the contact between the place of physical exercise and Kunlun Xu in the future.

If these monsters go out and wait for ye Chen's absence, they will be lawless, and ye Chen will be a sinner for ages!

"We will obey the king's orders."

"But if there is a violation, please die!" Baizhan God general, green sword demon emperor and other top demons led the crowd to kneel down and shout in unison!

Ye Chen orders to finish everything, also not nonsense, directly toward the export that will be opened!

At the moment, outside the exit, there are some disciples of the small sect who just passed by.

Their clan is nearby. In recent days, the earthquake around them is extremely strong. After all, ye Chen and many strong men are so powerful that they can't block out even if there is a border!

They were ordered by their master to come and check.

But the next second, when they saw the entrance, their eyes widened!

One by one, it's like hell!

They are sure that everything in front of them is the biggest fear of their life!

"Long -- long -- long -- elder!"

"Elder, monster!"

"A group of monsters!" A young man immediately got scared and ran to his elder. He called out, "elder, the smell of the monster is so terrible. How can there be a monster there? Kunlun Xu has never seen these monsters. Do they want to attack us?"

He looked at all this with trembling eyes!

In the past, when I met monsters, they were not all about the size of several Zhangs. They were all Shenyuan state, Zhenyuan state and so on.

At the top of the sky, it's only tens of feet in size.

But now, every beast in front of me seems to be able to kill them with a look!

"Elder..."

"Elder!"

Several of the disciples were determined to run over and were afraid to run.

Although they don't feel the blood pressure of Baizhan demon king and Qingjian demon emperor with their spiritual cultivation, they are simple people at a glance!

Even a part of the friars knelt down in a hurry and did not dare to move!

The elder is also scared to shiver all over, suddenly saw a demon beast body sitting on a young man.

Mount?

Is it a trainer?

He no longer hesitated, hurriedly came to Ye Chen's body, the body bow, carefully asked: "this elder, what is the situation of these monsters?"

"No harm!"

"Just my men!"

Ye Chen turned around to see the first to come out of the green sword demon emperor, and others, all of them were just like exterminating demons. He said with a wry smile, "send orders and turn them into human forms. Don't frighten people!"

"Yes The king of Baizhan demon immediately turned into a middle-aged man.

Astronomy, Phoenix, green sword, demon emperor and other monsters have been transformed into forms, and the follow-up troops have also begun to form in the channel.

"My God!"

"What a senior, with such a powerful staff

The elder of the green sword gate was relieved for a moment and knew that these monsters were not here to attack Kunlun Xu. But it was the young man in front of him?

How fierce is this young man?

"What a wonderful little brother - Master!"

"How could there be so many monsters under him!" A female disciple looked at Ye Chen admiringly, "if you can have one tenth of your predecessors' accomplishments in this life, it will be enough!"

She looked at her male disciple again and looked scornful!

What is genius!

That young man of our size can summon so many monsters!

Either end is enough to kill our whole sect!

This is the genius, the absolute genius!

"Before senior! Since there is no business for us here, I will leave first. "

An elder is not sure of Ye Chen's identity, and does not intend to stay more, ready to leave.

But he had not yet stepped forward, and behind him came a voice of Indifference:

"wait a minute!"

"Tell me about the situation of Kunlun deficiency these days!"

"The situation of Kunlun deficiency?"

"Is it possible that the elder of the green sword gate wants to stop talking and gaze up and down at Ye Chen, but his heart is uneasy.

It is estimated that this young man has the power to shake the sky and dry land.

But ask me about Kunlun Xu?

Is it not the younger generation, but the elder who left Kunlun for a long time?

Or other sleeping powers?

Ye Chen naturally saw the fear and suspicion in the eyes of the people, and he did not talk nonsense. He said directly:

"you don't have to be suspicious!"

"My name is ye Shitian!"

"No one dares to steal this name."

The words fall, those who are ready to leave the small clan disciples and elders thoroughly fried the pot!

"Ye Shitian!"

"Ye Shitian!"

All the young disciples were shocked by their faces.

The elder of qingjianmen swallows and swallows his saliva. He says, "Sha Shen, kill the evil god of all the young disciples of the Huang family!

The evil spirit in the front of the sky!

God block kill God, Buddha block kill Buddha Ye kill heaven!

God, no wonder there are so many monsters for him. I'm afraid these monsters are the weakest in Daoyuan.

Qingjianmen is just an ancestor of daoyuanjing, but I didn't expect that ye Shitian, the evil god, had hundreds of Daoyuan realms!

Chapter 1182

The elder of qingjianmen stabilized his body and mind and asked, "I don't know, what kind of things do you want to ask?"

"About the blood spirit clan!" As soon as ye Chen said this, many young people of qingjianmen were filled with righteous indignation.

Several young people trembled with anger, and all of them said angrily:

"blood spirit clan!"

"Bloody blood spirit clan, these animals will die clean sooner or later!"

"Shut up!" The elder of qingjianmen scolded his disciples, then looked at Ye Chen and said, "I heard that the elder's younger martial brother is master Ye Chen!"

"A few days ago, Lord Ye Chen announced this incident in qianjue square, and it spread all over Kunlun in less than two days!"

He said in detail: "for a while, there was a heated discussion between the upper and lower levels of Kunlun. Many middle school disciples asked the elder about the truth of the matter, and even some disciples made a big fuss about daocong Mountain Gate and Kunlun Mountain Gate."

"The most fierce is the tianhaizong, the Mo family, the Ye family, the luanjianmen and so on."

"Many of the disciples, faced with the teachers and elders who didn't answer, moved their hands and vowed to ask for a result!"

About the blood spirit clan!

The most urgent is a lot of talents, especially those who are close to the emperor's realm!

It is not easy for them to believe what ye Chen and Han Yun said, but this matter is related to their lives. They must be confirmed by their trusted elders, just like the original Qingjian and Heiyao!

The elder of qingjianmen sighed, "these disciples are either caught or killed!"

"Until the news comes out!"

"It's been a few days!"

"All the small sects, led by the medical God gate, and several of the top ten talents in Kunlun, organized a hundred sect alliance and swore to resist the blood spirit clan to the death!"

He pauses for a moment, always paying attention to the change of Ye Chen's expression, for fear that the sentence is wrong and be killed by a look.

He said slowly: "there are 237 small sects in the hundred schools alliance. Our qingjianmen sect is also in the hundred clan alliance. The leader of Duan Huai'an League and the deputy leader of Ye Lingtian are responsible for selecting the leaders and ancestors of each faction to cultivate them. They are going to train a number of Emperor Zun realms. They will follow Lord Ye Chen to fight against the blood spirit clan in the future."

Hearing this, ye Chen is relieved!

He left on that day and handed everything to Han Yun and Duan Huai'an. Obviously, there was no staggered person.

"Middle school, and aristocratic family."

"They were all in chaos because the elders in the family and the sect did not give an affirmative answer, which led to a large number of disciples leaving home and joining the hundred sect alliance." The elder of qingjianmen said slowly: "as for the top ten schools, such as qingtianmen, they are summarized in the hall of light!"

"They are forming an alliance with the Huang family, the Ye family, the Wang family, and the Chen family, and they are confronting each other."

"According to the news, the Huang family and other families firmly support the blood spirit clan, and take the coming of the blood spirit clan as the slogan, and the xuye family of Kunlun has officially launched a war on the Guangming hall!"

"War? Not looking for me? " Ye Chen joked that a few days ago, Huang's family was full of Kunlun Xu, but now he doesn't.

I have to say that I have changed a lot in the past few days.

But, as expected, the plan is progressing steadily.

"Cough, my Lord!"

"My Lord, you are wise and powerful, and you can participate in nature. Naturally, the Huang family dare not trouble you!"

"Lord Ye!" Looking at a group of monsters behind Ye Chen, the elder of qingjianmen was still terrified and said, "the strong people you follow are comparable to a top school. Who dares to move you?"

Ye Chen nodded, randomly took out a sunflower fruit to enhance the power of the soul, threw it to the old man, and said, "go, this thing is for you, thank you for your intelligence!"

The elder trembled next sunflower fruit. He really felt that the fruit was extraordinary!

There was a storm in his heart!

One thing that ye Shitian casually throws out is enough to shock the strong of the whole Kunlun!

He felt his hands extremely heavy!

Thank you

"I won't disturb you, my Lord!" The elder of qingjianmen led many disciples to leave.

Baizhan God looked at the crowd leaving, came to Ye Chen and said in a soft voice, "Lord, these people have exposed their traces. Do you need to erase them?"

Ye Chen shakes his head: "these people's realm is not high, can't turn up what spray, should really be small clan disciple."

"For now, you'll take someone to find a hidden place to hide. I have one more thing to deal with. I'll come to you when I'm done."

However, the general of Baizhan knelt down at the moment and said respectfully, "Lord, what is the matter? Is it related to your anger just now? I am willing to go through fire and water for the king!"

Ye Chen took a look at the Baizhan God generals and the many powerful monsters behind him, but shook his head.

Of course, these people are very strong, but if they enter China, they will inevitably lead to disaster.

Let's leave them in Kunlun.

As for Huaxia, he can step in alone. , "My words are very clear, you all stay in kunlunxu!"

Finish saying, ye Chen sleeves a wave, leave directly!

.....

Half a day later.

Capital airport.

Ye Chen changed into a casual suit and flew back directly from Kunlun Mountain airport.

The moment you step into the airport, a sense of familiarity comes.

"I haven't come back for a long time, but the haze in the capital has not changed."

Because this time back did not inform any dark hall and friends, no one to pick up Ye Chen.

Ye Chen directly took a taxi outside and went to Ye's house.

The taxi driver is a 40 year old uncle. He looks at Ye Chen from the rearview mirror while driving. He is quite talkative.

"Little brother, are you here to travel? You don't look like a local

Ye Chen shakes his head: "come to deal with something."

The driver can feel the ethereal temperament of Ye Chen, and carefully think about ye Chen's destination. Suddenly, his face changes and his eyes are full of fear.

"You're not going to that place, little brother. It's not peaceful near your destination. I heard there was a strong earthquake, and the official forces blocked it Although we ordinary people don't know what happened, no one wants to go there... "

Ye Chen heard this sentence and frowned: "what happened recently? Master, do you know anything? "

The driver shook his head violently: "I don't know anything, but I have a lot to do with my business. I heard that a group of people came some time ago, which should be related to them."

"Who is it?"

Ye Chen repeatedly asked, but the driver was obviously afraid of getting angry and kept silent.

Ye Chen also does not force, his heart bad premonition is more and more intense.

Ten minutes later, the taxi stopped. Ye Chen left 100 yuan and got off the bus directly.

At this moment, no one knows what kind of mood Ye Chen is. He thought he would be happy when he went back to the Ye family, but he didn't expect that he was angry at the moment!

Chapter 1183

The driver only felt a gust of wind, and then there was no figure of Ye Chen around him. He rubbed his eyes vigorously, and even more trembled in his voice: "what a hell today!"

.....

Ye's villa.

When ye Chen comes to the door, he feels that the array he once set up in the Ye family has been destroyed.

Now, the flowing array outside Ye's home comes from others!

Not only that, but also the existence of the four breath terror outside Ye's house.

These four people are definitely not the people of the dark hall!

It's just because their breath is the source of Tao!

Daoyuan realm is only one step away from emperor Zun realm. How can there be such a strong one in the dark hall of China!

The key is that such a strong person still exists as a gatekeeper?

Is it really the blood spirit family coming!

Ye Chen's eyes gradually release the killing intention!

Obviously, the four people outside Ye's house are also aware of Ye Chen, but ye Chen covers the breath, and they don't notice anything.

One of the gatekeepers stepped out, looked at Ye Chen from a commanding position, and said in a cold voice: "roll! Do you know where this place is? If you don't go away, the consequences will not be borne by you! "

Ye Chen hands negative behind him, light way: "I come to see a friend of Ye family."

The gatekeeper was stunned and immediately laughed: "mole ant, do you come to Ye's house to find someone? Hahaha, I'm sorry. I'm afraid you're looking for the Chinese Ye family. Unfortunately, the Ye family has long ceased to exist! "

"I advise you to get out of here, before I start to kill!"

Ye Chen Mou son a congealing, whole person sweeps out a kill idea, he step out: "I said, I want to find a person."

"I don't know who you are, but if you want to live well, tell me what happened to the Ye family."

"If not, shoot to death."

Ye Chen's voice does not have a trace of temperature, but in the eyes of the four gatekeepers, it is extremely ridiculous!

To kill?

How could someone in Huaxia want to attack them?

Although the Chinese Ye family is also a top martial arts family!

It is estimated that the boy in front of me also has some strength! But at most, it is in the state of mind wandering or virtual king!

Such a state, for them and mole ants no difference!

One finger can crush!

There was a glimmer of interest in the gatekeeper, who liked to torture the weak.

In a flash, the pressure of his source of Tao was shrouded and gone!

Cover Ye Chen's whole body!

In his opinion, the boy must kneel down and beg for mercy.

One second, two seconds Five seconds!

Something strange happened!

Not only did the boy not kneel down, but there was no sense of pain on his face, as if his authority had no effect at all!

How could it be!

He is the source of Tao!

Although it is a layer of Daoyuan, in China, it is absolutely crushing everything!

Even those so-called guardians of China can not resist!

How can this kid resist it!

The air was as quiet as it could be.

At this time, ye Chen said, "is it over? Is it my turn? "

Words fall, the breath on Ye Chen's body suddenly releases! Rolling to kill like a tsunami in front of the four people swept!

How terrifying is the momentum of Ye Chen!

It's all from the dead!

His whole body's blood and evil Qi, not to mention the one level of the Dao source state, even if the nine levels of the Dao source state are not necessarily qualified to block it!

"Bang!"

A big bang! I saw that the gatekeeper who was closest to Ye Chen, his body was shaking and flying directly, and heavily smashed on the wall of Ye's house!

Blood spits out, the whole person is weak to the extreme!

The other three were not well. They were under endless pressure and their knees were shaking!

Next second, get down on your knees!

The eyes of the four people had changed completely. At this moment, there was only fear in their eyes!

Who is the youth in front of you! How can you have such strength!

China's aura is so thin, how can such a strong person be born!

Is this person from Kunlun Xu?

There is no such young master in Kunlun!

"You Who are you... "

The people trembled and said, they just want to live now!

Ye Chen walked forward a few steps, looking down at the crowd, and his strong voice seemed to fall from the nine days: "you occupy the Ye family. Don't you even know who the head of the Ye family is in China?"

The eardrums of the four people seemed to break. Suddenly, what did they think of!

Chinese Ye family master!

The youth in front of him is Ye Chen!

But how can ye Chen have such strength!

Before qianjue square happened, they had already come to Huaxia. Naturally, they didn't know the terror that ye Chen broke out in it!

Looking at Ye Chen at the moment is more amazing!It's like seeing a demon!

Ye Chen gazed at one of them and said directly, "where are Xia Ruoxue and ye family members?"

The man was completely frightened and trembled in his voice: "I I don't know. "

Words fall, ye Chen a palm shot out, virtual shadow flicker, instantly penetrated the body of that person!

Turned into a blood mist on the spot!

Ye Chen looked at the remaining three people and continued: "I don't want to ask the third time, tell me the answer."

The three did not expect Ye Chen to be so strong. They even said, "Mr. Ye, we really don't know who Xia Ruoxue is? The people above just let us occupy the Ye family. Others are responsible for the rest. "

Ye Chen can see that this group of people did not lie, which is at least a good news, Xia Ruoxue should not be in Ye's house, at least in front of safety.

Just why didn't Ji Siqing look for these people?

Did Ji Siqing have an accident on the way?

It's not that there is no such possibility.

Ye Chen is no nonsense and continues to ask, "who are you behind? Tell me. "

Hearing this question, the three people's looks changed, even a trace of determination appeared in their eyes.

The next second, three people clapped in their eyebrows, all of a sudden fell down!

Ye Chen looked at the three corpses in front of him and shook his head: "it turned out to be a group of bodyguards."

"You think I can't find the people behind you in this way. Ridiculous!"

Ye Chen directly steps into Ye's villa. The villa is empty and full of blood and fighting atmosphere.

Not only that, but everything is destroyed.

Even rummaged, as if the group were looking for something in the Ye family.

Ye Chen took out the black stone in his pocket, which was the bearing of the reincarnation cemetery. He murmured, "are these people looking for this?"

Ye Chen doesn't think much about it. He must find Ji Siqing and Xia Ruoxue as soon as possible.

As for the people behind, since they have come to the Ye family, they will certainly come to find themselves.

Ye Chen forced out a drop of blood essence, fingers quickly pinch Jue, ancient inscriptions in the palm of the hand!

The next second, a picture suddenly appeared in front of you!

The picture is an abandoned factory!

This is the place where the smell of summer snow is entangled!

Ye Chen naturally knows about this factory. This is his backhand for the dark hall. It has a shielding array, which the strong can't watch. It seems that Lu Lingfeng should send Xia Ruoxue here.

Unlike the Ye family, it is extremely hidden, but it is a good place to hide.

Chapter 1184

ten minutes later.

Ye Chen comes to the abandoned factory.

When he came here, his expression suddenly solidified.

Because the array here has been destroyed, and even like the Ye family, there is a residual atmosphere of fierce fighting.

"The fighting atmosphere is the emperor's realm! How is that possible? Did emperor Zun come to China

Suddenly, ye Chen Mou son a congeals, perceived what, he came to a wall above, the wall has a red bloodstain.

Blood stains have been around for a day.

He stretched out his hand and wiped it. The cold feeling in his eyes became stronger.

"This is Ji Siqing's blood. It seems that Ji Siqing is also injured."

"Ji Siqing has just stepped into the realm of emperor's respect. If he fights with those who have already stepped into the realm of emperor's respect, he will be weak."

"Ji Siqing was going to come to China at the beginning. He thought that there could be no emperor in China. Now it seems that he wants more."

Ye Chen wants to continue to search for Ji Siqing and Xia Ruoxue with the technique, but finds that the method is useless.

The final clue of the two men can only be found here.

"It seems that the strong one erased everything."

Ye Chen frowns tightly, this is the first time he feels powerless.

Although he is strong in the place of physical training, he is helpless in the face of the current problems.

"What should I do?"

When ye Chen pondered, a faint voice came.

"Hall master..."

Ye Chen a Zheng, fierce turn around, is in the distance to notice an almost dying man!

The man was among the bodies, hard to detect.

Ye Chen quickly walked forward and helped the man up. When he saw the man's face, the anger in Ye Chen's heart became stronger and stronger!

Dark hall protector Lu Lingfeng!

The former helmsman of Xuemei hall in Jiangnan!

Lu Lingfeng and ye Lingtian are his right hands!

But now Lu Lingfeng's injury is so heavy, if not determined, I'm afraid he would have gone to the West!

Ye Chen forcibly suppresses the inner anger and takes a pill from the samsara cemetery to Lu Lingfeng.

At the same time, ye Chen takes out dozens of silver needles, and triggers the genuine Qi in his body and falls down directly!

Ye Chenwu's way is tough, but what he is really afraid of is medical skills!

Soon, Lu Lingfeng gradually wake up, when the youth in front of him is Ye Chen, Lu Lingfeng's eyes are full of tears and guilt!

"Lord, Ling Feng is ashamed of you! Ling Feng is willing to show his ambition with his death! "

Ye Chen shakes his head: "what you want to do now is not guilt, but what happened when I went to Kunlun Xu!"

"And where has Xia Ruoxue gone! Isn't it up to you to protect it? "

Lu Lingfeng stood up, looked around, clenched his fists, and explained: "Lord, not long ago, a group of people came to China. These people are extremely terrifying. The dark hall and even the guardians can't fight against it. Between their waves, they suppress countless strong men! They're like nightmares! "

"I knew that ye's family could not be defended any more, so I went to Miss Xia to escape. I thought that at least she could hold on until the master came back, but I didn't realize that the powerful people didn't know how to find here!"

"When Xia Ruoxue and I were about to have an accident, a mysterious girl appeared to fight against many strong men with one person's strength! Even more, he killed many masters

When ye Chen hears this, he guesses that the mysterious girl should be Ji Siqing.

"What happened in the back?"

Lu Lingfeng took a careful look at Ye Chen and continued: "it's a pity that the mysterious girl is strong, but that group of despicable people actually attack Miss Xia. In order not to let Miss Xia get hurt, the mysterious girl resists a sword, which is very serious! Even more so

"Later, the mysterious girl can only take Miss Xia away in confusion, and the rest of the strong ones also catch up with her. I can only live here because of my serious injury!"

Ye Chen's eyes are full of fury!

Now it's just two results!

Ji Siqing with Xia Ruoxue escaped to a safe place!

Either Ji Siqing and Xia Ruoxue are taken away by these people!

No matter which one is extremely serious for ye Chen!

"Ling Feng, do you know the origin of these people? Do they have something special?"

Ye Chen can only use this to find clues!

Lu Lingfeng frowned and pondered for a moment. Suddenly, he thought of something. He looked up at Ye Chen and said directly, "Lord of the hall, one of the old people is called Lord Ye. I'm very impressed because I have the same surname as the hall master."

"Leaf?"

Ye Chen hears this surname, and has the power of emperor Zunjing. At present, there is only one answer.

Kunlun xuye family!

He has a great connection with the xuye family in Kunlun!

At that time, my grandfather was killed by Ye Fudong, the leader of the xuye family in Kunlun! If it was not for the matter of the blood spirit clan, he would have done something to the Ye family!

Does the xuye family of Kunlun seek death by themselves?

Of course, all this is also a wrong guess. To be sure, he must go to Ye's house in person!

Ye Chen no longer hesitated, took out a pile of pills and handed them to Lu Lingfeng: "take these things. I want to go to Kunlun Xu. I'll give you the things of Huaxia first. When I find Xia Ruoxue, I will come back."

Without waiting for Lu Lingfeng's reaction, ye Chen disappeared completely.

.....

Kunlun Xu, Wanren mountain!

Ye family.

Many ye family members are in urgent consultation.

Ye Fudong, the head of the Ye family, and dozens of elders of the emperor's realm all sat around the round table. "Recently, Kunlun is not peaceful. How is the war going?"

"This time, although the Huang family is the leader, my Ye family also contributed a lot."

"More than 20 Dharma protectors of the Ye family have gone to discuss the situation."

As for the missing, Shutian has been killed by zaye Ye Fudong pauses for a moment and then says, "by the way, ye Shitian can't be found. His younger brother Ye Chen is a breakthrough. Ye Chen comes from China. I asked the elder to go to China before. What's the situation?"

One of the old men stood up and respectfully said, "master, there is news from Huaxia that ye's house has disappeared, and the dark hall of yechen has also been severely damaged. We have learned that ye

Chen has a confidant in Huaxia. If you bring it back, it is not difficult to kill Ye Chen and ye Shitian. After all, the hero is sad about the beauty pass! "

Ye Fudong took a look at the elder. Although he thought it was despicable, he couldn't help them in an extraordinary period.

He is good strange way: "in such a case, that wench can bring back leaf home?"

Hearing this, the old man blushed and said slowly: "it was about to succeed, but somehow, Ji Siqing, one of the ten great talents of Kunlun, suddenly appeared."

"At the beginning, the waste Ye Chen had been under the protection of Ji Siqing, but I didn't expect that Ji Siqing even wanted to protect the people around him!"

"I really can't think of it. With Ji Siqing's talent, who is not good to choose, but ye Chen!"

Chapter 1185

"Pa!"

Ye Fudong slapped his palm on the table, and the table was directly broken: "Ji Siqing is certainly the top ten talents of Kunlun, but in terms of strength, the people we sent out should not lose. Can so many people still be defeated by a girl?"

The old man was sweating and even said, "don't worry. Everything is under control. Ji Siqing has been seriously injured. Although she left with the girl named Xia Ruxue, it is estimated that she will not escape for long. Our people will be able to bring it back!"

Ye Fudong nodded and said, "that's good. If you can't handle this small matter well, you can get out of Ye's house for me!"

Well, let's not talk about China. At this meeting, we are still discussing how to deal with the coalition forces under Han Yun and Guangming hall! "

That ye Shitian is so bold!

What a jerk. Don't you know you're mean?

Dare to come out and raise a flag to fight against the adults of the blood spirit clan, it's damned!

"Let's talk about the war on the front line first."

Ye Fudong said slowly, "elder Ye Qing, come out and talk about it. How about the casualties?"

"Report to the owner of the house!"

A middle-aged man with an eagle nose clasped his fist and said, "the front battlefield is mainly the land of kungu! The strong members of the Ye family and the Huang family unite to fight against the Guangming hall and the hundred clan alliance

He pauses for a moment, hands over a document to Ye Fudong, and slowly says, "the Guangming hall, with Han Yun as the main force and the Xueye sect as the deputy, has gathered qingtianmen, Kunlun sect and other sects with strong strength."

"The Huang family didn't get any good food. There were many strong people who were seriously injured or died..."

"Fortunately, there is no one in the strong who died, but most of them are the source of Tao!"

Elder Ye Qing sighed and looked around many elders helplessly. He said, "Han Yun and the blood flag of the blood Yemen, they didn't know what skills they used. They actually trained the strong men of the Ye family into their subordinates. It was unexpected that we suffered heavy losses."

"It's impossible to take Han Yun and the head of the bloody night gate. I think we should find a breakthrough from ye Shitian. But now ye Shitian has disappeared, and the only clue has returned to the original place. Ye Chen is the only possibility. This boy should be relatively easy to find, but I heard that ye Chen's strength is not weak, and extremely strong, and it is not a fuel-efficient lamp. "

"Asshole!" A fat elder roared, slapped his hands on the chair, and the power of Qi and blood came into full bloom. "These little bunnies are going against the sky! Ye Chen, that little bastard, I know, is the son of Ye Tianzheng, that rubbish

He was so angry that he shivered and said, "I can't believe that I spared Ye Tianzheng's useless parents at the beginning."

"Today that guy's son of a bitch has made such a big thing!"

"Elder Ye Sheng, please calm down! All elders, master of your family, please stop your anger Elder Ye Qing continued: "now, the people who openly resist the blood spirit clan are mainly the hundred clan alliance and the Guangming hall."

"The hundred clan alliance was founded by Duan Huai'an, the master of Ye Chen's little beast!"

He snorted coldly and said, "but more than 30 emperors respect the territory. They are all scabies."

"As for the hall of light, it is difficult!"

"Not only the strength of the original ten schools, but also the support of the holy grass hall in secret!"

"It is difficult for the Ye family and the Huang family to take this hall of light in a short time!"

"You have to do something about it!"

"How?" For a while, many elders thought about it, as if they were facing a big enemy.

Finally, a small elder named Ye Nan said, "in a few days, it will be our Ye family's ancestor worship ceremony, right?"

"For the ancestral worship meeting once a hundred years, all the Ye family members, no matter where they are, have to rush back to the ancestral temple!"

"Participate in the memorial ceremony of ancestors of all ages!"

Elder Ye Nan stroked his beard, and said with a smile, "my master, I have a plan to cut the bottom of the hole!"

"A plan to cut the bottom of the hole?"

"What's the plan? Tell me quickly!" Ye Fudong has been very busy these days. Most of the aristocratic families openly support the Xueling clan. However, the only ones who are really fighting and making contributions are his Ye family and Huang family.

The Huangjia family has been developing for three thousand years.

Although the top power is not as good as Guangming hall, but at the grass-roots and middle-level power is almost twice as much as the sum of Guangming hall and the hundred clan alliance!

The Huang family can afford it, but the Ye family can't!

Although Ye family is an ancient family, there are a lot of top-level forces preserved, such as the emperor, the number of strong, but they can not afford to lose ah!

The more this goes on, the weaker he is. At the moment, ye Nan says that he has a plan to cut through the bottom of the river. If he succeeds, he can solve the crisis of the Ye family in front of him.

"What's the plan to cut the bottom of the hole?"

"Ye Nan, tell me quickly!"

"Ye Nan, say it!"

Many parents of Ye always look at Ye Nan.

Ye Nan's lip corner outlines a vicious smile. The corner of his lips is sharp and sharp. He slowly says, "the alliance of the hundred schools, the hall of light, the Han family, the holy grass hall, etc., and even danxu Town, which is temporarily closed down, seems to be complicated. In fact, all of them are more or less related to one person." "That's Ye Chen!"

"Listen to me

"In the hundred schools alliance, the headmaster Duan Huai'an is Ye Chen's master, and the Deputy headmaster is Ye Chen's former subordinates."

"Guangming hall, Han Yun is the deputy hall master, and the blood flag is also the deputy hall master! It is said that Han Yun and ye Chen have a great relationship! "

"Their backbone is Ye Chen!"

Ye Nan coughed twice, cleared his mind and said, "so, come to such a conclusion."

"The alliance of the hundred schools and the hall of light are all related to Ye Chen."

"As far as danxu tower is concerned, according to the news, the Cui family of danxu tower has been destroyed by Ye Shitian. Later, ye Chen became the chief alchemist of danxu Town, and the two danzuns followed Ye Chen's lead."

"Therefore, the most important thing is Ye Chen."

He took out a genealogy, clearly pointing to the three words "Ye Tianzheng," and said, "if you really want to say, ye Tianzheng, ye Chen's father, is a member of our Ye family. Ye Chen's grandfather, the owner of the family, expelled him personally, which made him suffer to death. Now, we only need to send a letter to Ye Chen, inviting him to participate in the ancestor worship ceremony in a few days. "

"And let his grandfather and father, and even him return to the family

"With Ye Tianzheng's character, ye Chen will surely be advised to come and participate!"

"Even if they refused, if ye Chen knew his grandfather's death, he would have stepped into Ye's house in person! How about a turtle in a jar then? "

"That's a good plan!" Ye Fudong already knew what the plan was. He flashed a cold light before his eyes and said in a cold voice, "bring ye Chen here. As a descendant of the Ye family, only he and ye Tianzheng can come here!"

His fingers are very rhythmic tapping, "in this way, they are the father and son, into my Ye's house."

"At that time, all the elders, Dharma protectors, and even sent some Huangjia emperor to come here!"

"I don't believe that with the strength of my Ye family, I can't kill these two scumbags!"

The next moment, ye Fudong looked at elder Ye Qing and said, "this letter is up to you! Remember, I'm not the only one to invite Ye's descendants to "go home to worship their ancestors!"

Chapter 1186

Elder Ye Qing stood up, took over the letter written by Ye Fudong himself, and said with a smile, "OK, I understand, master of the house!"

He murmured a few words: "Ye's descendants come back to worship their ancestors. Yes, they come back to worship their ancestors!"

Now that I'm back to worship my ancestors!

Nature can only be the descendants of Ye family!

Other people can't come here. In that case, they are ye Tianzheng and ye Chen!

Han Yun can't intervene!

No Han Yun, ye Chen and his father, who doesn't know how to practice, how to turn over!

It's a real turtle in a jar!

So big Ye family, can't deal with these two guys?

Immediately, elder Ye Qing left the meeting room and went straight to the hall of light!

Although they don't know the whereabouts of Ye Chen, Han Yun and the people of Guangming hall naturally know!

These people will naturally send the news back.

Nowadays, although there is no complete war, the Huang family and ye family, as well as the Guangming hall, are facing each other in a place called kungu in Kunlun. They are basically dominated by Emperor Zunjing, supplemented by daoyuanjing, and mixed with a large number of xuwangjing friars!

This is a large-scale battle. Every faction in the temple of light has tried their best to send all the people in the middle and low levels who can be sent there!

First of all, ye Chen is not here, but he can't stop fighting, so we can gather our fighting power!

Second, it is also in order to uphold Ye Chen's idea, through the war to select the future to deal with the backbone of the blood spirit clan, to cultivate!

Ye's meeting room!

Ye Fudong took a mouthful of bitter tea and said with a smile, "in a sense, the ancestor worship ceremony is the Hongmen banquet! As for the Hongmen banquet, how many people should we prepare? "

He spread out his hand to the elders.

"Master of the house!"

"I heard Ye Chen had a very high ability of leaping over the level of that animal!" Elder Ye Qin thought: "he once fought against the elders of the eight sects outside the city of thousand battles, and won the eight sects. Of course, ye Shitian's help is not ruled out!"

"But I think we can muster as many people as we can."

"Our Ye family has been established for so many years. Some old people and talents in the family can fight against each other!"

"I mind setting up the array. I'll kill Ye Chen with the array!"

Such a large Ye family, over the years of accumulation, Emperor Zun realm is indeed not a few!

Even a part of the strength is stronger than ye Fudong.

The xuye family in Kunlun belongs to the category of low sense of existence among many forces and families, because the Ye family is extremely low-key.

In ancient times, the meteorite fell from the sky, and the Ye family rose from a small family. It was too mysterious behind it.

Keeping a low profile can make the foundation of the Ye family evergreen, which is the will left by the first generation ancestors of the Ye family.

In ancient times, ye family was the Shenwang realm and the Hunyuan realm. Although after the ancient wars, all of them died in the battle above the emperor Zun realm, many people still remained in the emperor Zun realm.

These people are all elders of past dynasties. For example, every generation of householders will have many children, only one of them will become the head of the family, and all the others will become elders. In particular, two thousand years ago, the Ye family, through the Huang family, surrendered to the Xueling family, and no longer needed to contribute the emperor's realm to the Xueling clan. The places to be provided were also allocated to daocong and Kunlun sect!

As a result, each generation of the Ye family's emperor Zun realm naturally increased, and did not need to contribute to the blood spirit clan.

Under the two-phase growth, as for a single Ye family, they are comparable to two or three big schools.

"The xuye family in Kunlun, different from the Ye family in ancient times, has been established for seven generations."

"Every generation has the birth of the elder of emperor Zunjing!" Elder Ye Qin said slowly, "I suggest that the seven generations of elders use the seven night distraction array to set up the array. The seven night distraction array is divided into seven parts, and each part is composed of one generation of elders!"

"Seven night distraction array can trap and kill the enemy!"

"It's the array inherited by Ye family. If the emperor and Zun state attack together, they can fight in the spirit state!"

"Is this too much of a fuss?" A fat elder dismissively said: "it's just a son and grandson, isn't it?"

His heart cold hum: this ye Chen certainly has some Ye family's blood, but is not recognized by Ye family! No matter how strong his achievements are now, they can not change the fact that they are useless.

Do you need to invite all the elders out of the seclusion?

Launch the seven night distraction array that used to kill gods and destroy Buddhas?

Ridiculous, ridiculous!

This fat elder is full of faint blue light, and has the spirit of looking down on the world. He is also an extraordinary figure in the seven layers of heaven! Seventy percent of his road prototype has been completed, which is the road of green wood.

The road of green wood is the rudiment of the road of wood system, which has endless power.

Once the practice reaches the extreme, as long as you don't get killed at once, you can recover quickly. It's also one of the pillars of Ye family!

He is the seven elders of Ye family, ye Wushuang!

"What's more, ye Chen is just one after another, and there are generations of them! It should be my great grandson! There is nothing to be afraid of Ye Wushuang leaned against the wall with a proud face, waved and said: "master, there is no need to arrange the array. Let me make a move. When the time comes, lead Ye Chen and ye Tianzheng in, and I will kill them directly!" "The hall of light and the alliance of the hundred schools!"

"It's bound to break up!"

"Ye Wushuang! You think I'm making a mountain out of a molehill? " Elder Ye Qin snorted coldly and said, "I know you are powerful. Even if you are Han Yun, you dare to fight, but ye Chen is no small matter!"

"Do you really think this is just a descendant of your descendants?"

Grandson's grandson?

I really think it's easy to bully him. How can the top ten sects willingly follow him!

From all over the world, ye Chen's clear-cut Xiaoxiong generation, in addition to the disciples of various schools, is decisive in killing and recruiting the leaders of all schools. You, a seven layer heaven of emperor Zun territory, can really play the top battle power of the nine layer heaven of emperor Zun territory. But if you make a mistake, I'm afraid Ye Chen will lead the Guangming palace to attack the Ye family. "

Ye Chen!

It is no longer the youth who fought alone in the past!

He is now the master of the hall of light!

What is the hall of light?

Twelve sects gather together, hundreds of small sects submit to the palace of loyalty!

Now, if you want to destroy the hall of light, you can go up alone and kill Ye Chen. If you can't kill Ye Chen, you will have to face Ye Chen's revenge!

"Cough!"

"Ye Wushuang!" Ye Fudong coughed a few times, motioned ye Wushuang to sit down and asked, "how many stages of your body training period are you?"

"It's OK. It's OK. It's the third stage of the super sports period." Ye Wushuang twisted his neck, loosened his muscles and bones, and said, "I have practiced for more than 600 years. Relying on the treasures left by my ancestors, I can be regarded as a very fast progress!"

"I believe it will not be long before I can follow the blood spirit clan and cross the starry sky."

"As for ye Chen, I will deal with it."

"I'll put him to death with family rules!"

Chapter 1187

A descendant? Fight him with what!

At this time, an elder of Ye family suddenly asked, "master, do we really want to put that guy's rank in the ancestral temple? Or is it a direct shot at Ye Chen? If the latter, will it be a little bad to hear? "

"Hum!" Ye Fudong thought for a long time, his eyes were deep, and he said, "in this way, ye Chen will come back to worship his ancestors. We will give him three passes, and let him put his grandfather's tablet in the ancestral temple after passing the three passes."

"The fallen leaves return to their roots!"

"The key is that he should have this qualification!"

"Presumably, ye Chen also wants his grandfather's rank, which is beneficial to the ancestral hall!"

"Ye Chen, a little beast, must pass the three passes if he wants to rank his grandfather and return to the ancestral hall."

"Ye Wushuang!"

"You're the man for the second level!" Ye Fudong looks cold and hot. He has been in charge of a big family for so many years. How can he have no means!

What's more, since Ye Chen disturbed the storm, he has thoroughly used the details left over from the past dynasties!

Soon, in a few months, he made use of these details to break through the three layers of heaven of emperor Zun!

Of course, these details are not general.

There are several "Tao" from the source of Tao for him to absorb, so he doesn't need to practice, and it comes naturally!

At the same time, there are two "Rudiments" of the emperor's respect to be absorbed by him, which makes him gain the combat power of the rudimentary road after he enters the realm of emperor's respect. However, even if this kind of inside information is completely opened up, it is just the birth of dozens of emperor's zuns.

These details.

Any one of them can be compared with a small sect!

The "Tao" of the Daoyuan realm needs to kill the strong in the later period of the Daoyuan realm. When they just die, the "power of the Tao" should be stripped out to ensure the accuracy!

Equivalent to a "Tao", one needs a strong source of Tao as the price.

The same is true of the "rudimentary form" of the emperor's respect, and a "prototype" of the "Great Road" will consume one.

So many years have passed, the Ye family has survived more than a dozen rudiments of the road, dozens of road force. This is the inside information of the top families. In ordinary times, the superficial strength may not be as good as that of the new families, or even far worse than that of the emerging families. However, once the inside information is used, it can instantly surpass the emerging families by 10 times!

In the same way, starting the inside story, naturally there are many powerful people out of the pass and appear!

Ye Wushuang, for example, used his own internal knowledge of this vein, especially a large amount of fierce animal essence and blood, to break through his body refining state to the third level of the dominating body stage, and his Qi and blood exceeded ten million.

"The second level?"

"Who do you want from your first and third level Ye Wushuang asked.

He held hands, lengbuding said: "of course, ye Chen and ye Tianzheng are two young children, and I will execute them in the end."

At the beginning, ye Chen and ye Tianzheng's family members were killed and injured, and they were seized by Ye Fudong, and became branches from the main vein.

Therefore, even with their closest Ye family, ye Wushuang is the only one.

"Ye Nantian

"This guy used to practice martial arts and blood spirit secrets with the elders of the blood spirit clan a hundred years ago!"

With a smile on his east face, ye Fu said, "my younger brother has won more than 100 emperors."

"Such a great achievement, the adults of the Blood Sword clan also gave him some treasures and opportunities!"

"Since returning to Kunlun a hundred years ago, I have been closed to the outside world all the time. Recently I have been out of the pass. Although the level is not high, the combat power is absolutely terrible!"

He looked at the door and said, "come out, please."

Bang!!!

The metal door suddenly cracked open, and then a gust of wind, it turned into powder.

A purple robed young man suddenly walked in, his cold eyes seemed to destroy everything in the world, and his whole body exuded an invincible fighting spirit, just like a god of ice war coming out from ancient times, holding a long gun of ice in his hand, and the cold air sent out froze the ground and the wall.

He walked in slowly, without any expression. He even looked down upon many elders and said, "Ye Nantian, the seventh generation elder of Ye family!"

Just a few words, no nonsense.

"Ye Nantian is one of the outstanding people of Ye family."

"Once upon a time, with the power of one person, we killed 30 emperors who were in a strong position!" Ye Fudong said with a sense of mystery: "as for his realm, the emperor respects the six levels

of the realm, ye Chen has no chance of winning at all. The key is that he still holds a pin immortal weapon, a cold ice gun!"

"Let him take charge of the first pass and guard Ye Chen!"

He patted Ye Nantian on the shoulder and said with a smile, "I believe you must be very interested in this boy!"

"But try your best to kill the little beast!"

"If you keep your hand, it's not easy to explain to those adults of Xueling clan one year later." Ye Fudong called out a hidden level of strong, any one can easily crush him, but he is the master of the family, also has the absolute power to mobilize them!

This is the top family!

Any one who comes out is enough to shock the outside world. No family that has been handed down for thousands of years can be easily despised. In particular, the Huang family, although the highest level of combat power is the emperor's eight layers of heaven, but the real combat power is that Han Yun is also invincible. Han Yun has not received the help of the blood spirit clan. It is impossible for him to be taken to the outer regions to fight and gain opportunities like ye Tiannan.

Therefore, a guy like ye Tiannan, though over 100 years old, is invincible in the generation of Kunlun Xu from 100 to 200 years old!

"What about the third level?" Ye Wushuang asked: "the first level is Tiannan, the second level is me!"

"The third level, is it necessary to find a top-level strongman?"

"Nature!" Ye Fu said with a smile: "the third level has its own candidates. Of course, there is also the fourth level. If all the three passes are defeated, all the elders of the emperor Zunjing will arrange a seven night distraction array to connect the surrounding dragon veins and trigger the big formation to kill Ye Chen and ye Tianzheng!"

He knew what he had done!

He killed Ye Chen's grandfather and expelled Ye Chen's family.

This is a complete conclusion.

Either Ye Chen died, or he died!

As for the assassination?

Sneak attack?

This method is basically ineffective for ye Chen.

To assassinate Ye Chen individually is equivalent to death. If a large number of people go to kill Ye Chen, it is not called assassination. Moreover, the terrain does not occupy an advantage. Once Ye Chen calls people to kill Ye Chen, the whole territory of Ye family Emperor may be destroyed!

So!

He tricked Ye Chen into coming to the Ye family to participate in the memorial ceremony, and recalled the descendants of Ye family in the tone of their descendants, so as to avoid Ye Chen taking his subordinates and helpers!

When the time comes to fight at home, ye Chen and ye Tianzheng can't be won!

"The third level candidate!"

"When the third level is needed, I will let him out!"

"Even if ye Chen is lucky and breaks the first level and the second level, the third level is definitely an existence that he can't look forward to in his whole life! In front of that man, no matter how strong he is, he is also a mole ant! "

Chapter 1188

"All right, elders, try to transfer the main force back!" Ye Fudong said: "the battle field of kungu will be handed over to the Huang family for the time being. Our Ye family is going to kill Ye Chen. Now don't catch Ye Chen alive, but kill Ye Chen!"

"Yes

"Yes, master!"

At the end of the meeting, many elders responded and left.

.....

Kunlun Xukun Valley is a huge basin, stretching for thousands of miles, all of which are forests. Originally, it was a sect of Kunlun Xu, which was specially used to resist beasts. But three thousand years ago, the Xueling clan took away all the high-level fierce beasts in Kunlun Valley, so that there were almost no living creatures in Kunlun valley!

In the past few years, some scattered fierce beasts, which had a very low level of cultivation, reached a high level. They found that the terrain of Kun valley was good, so they led the ethnic groups into the land of Kun Valley, but after the outbreak of war between Huang family and Guangming hall!

There are hundreds of ferocious beasts in the realm of virtual king and Tao source!

At the beginning, they were killed by the aftershock of the fight between the two emperors. As for other fierce beasts, they were either arrested or killed.

The huge kungu forest has become scorched earth!

The East and the West are stationed in the barracks respectively. The two sides are like real military operations. However, the number of people on both sides is small, and some people fall from each other. The Huang family has no intention to destroy the Guangming hall and wants to reduce the losses. The Guangming hall has no intention of taking in Ye Chen, so it has not launched a large-scale attack!

In front of each other, both sides fight with each other!

Bang bang!!

Bang!!

A piece of sand, both sides return to the virtual realm of disciples fighting together.

For those with higher accomplishments on both sides, Huang wugun, Huang zhantian and Qingjian are on the battlefield in Guangming hall, while the ninth generation elders are on the other side of Huangjia, which are also emperor Zun's two or three layers.

When ye Chen learns that Xia Ruoxue and Ji Siqing's disappearance may have something to do with the Ye family, he immediately comes to Kunlun Xu from Huaxia.

Of course, he also took a group of top monsters with him.

For him, the black stone of the reincarnation cemetery comes from the xuye family of Kunlun, which proves that the xuye family in Kunlun is not as simple as imagined!

No matter what role the xuye family played in the disappearance of the second daughter, if ye Chen's scales were hurt a little, he would have to pay a heavy price for it!

He wanted to go directly to xuye's home in Kunlun, but when he heard about the Guangming hall, he planned to come first.

Ye Chen, wearing a mask at the moment, has appeared in the Xukun valley of Kunlun.

His appearance immediately attracted everyone's attention!

Seemingly plain, but also gives a strong unspeakable, unpredictable!

The ninth generation elder of the Huang family, staring at the masked youth coming from afar, changed his face and cried out angrily: "Ye killed heaven!"

"How dare you come here! Good! Very good

He suddenly drew his sword and chopped it out. The light of the sword condensed into a violent shadow in the air, emitting bright luster and endless interlaced sword spirit. It seemed that he was going to suppress Ye Chen. "You little brute, you bewitched the people and harmed the tenth youth of the Huang family. It was completely destroyed. You must die today!"

Huang zhantian and Huang wugun are the tenth generation of Huang family!

He is the ninth generation, Emperor Zunjing three layers of heaven, coagulation period five levels, combat power on the same level is stronger!

"When!"

"How dare you be an enemy to me

Ye Chen hums coldly, waves his hand at will, gathers infinite strength, condenses directly into a golden arm, covers and presses down, just like a giant of the ancient wasteland, covering the heaven and earth, irresistible!

From the place of physical training, his strength is not what it used to be!

Crack!!

A clear explosion came out!

The virtual shadow of the sword light directly burst out, and the Golden Arm fell down. Even if the Huang family elder was beaten to pieces of meat.

The 11th and 12th generations of Huang's disciples looked terrified and did not dare to fight!

"See the master!"

"See the master!"

Huang wugun and Huang zhantian immediately knelt down with respect in their eyes. They did not dare to make a mistake!

Today, they also have the cultivation of two layers of heaven in the emperor's Zun state, which can be regarded as very fast. After the real talents enter the Empire, they will practice very quickly. Especially in the early days of emperor Zun state, it is very easy to get one to three levels, and after the next seven days, it really depends on the talent!

Of course, although there are many disciples of the Huang family, there are also many emperors.

However, most of them are emperor Zun's two or three layers of heaven, mainly without any intention of war. In recent years, the Huang family has been mobilized, which inevitably makes it difficult for them to survive the battle of life and death. Even if they are not poor in talent, they are also difficult to make progress.

"Master Ye!"

"I've heard that master Ye is the elder martial brother of Ye Chen hall master."

"It's really extraordinary to see you today." Qingjian held his fist slightly. These days, he untied his heart knot and achieved the four layers of emperor Zun state. However, when he faced Ye Chen, he felt that he had no strength to fight back, even more powerless than when he saw Ye Chen.

He looked around Ye Chen carefully, and he could not help but feel moved: monster! Many powerful monsters!

All of these monsters are emperor's realm!

What's ye Shitian's identity? There are so many monsters accompanying him!

And, stand ye Shitian side of the two monsters!

Wearing a green robe, with a faint dragon spirit, it is obviously a real dragon, not a weak one!

The other one, dressed in a white robe, looks like a middle-aged man, but he has the same dragon spirit. Although he is a little weaker, he is definitely weak!

Ye Shitian!

Where on earth did these monsters come from?

Ye Shitian and ye Chen are brothers. Who are their masters?

I'm afraid you are the best in Outland if you can teach such a strong brother!

"Green sword is free, and the other two will get up too." Ye Chen waved and motioned for the three of them to get up. Then he looked at the hundreds of Huang family disciples kneeling on the ground and asked, "what's wrong with these people?"

"Report to the master!"

"These are the 11th and 12th and 13th generations of Huang's disciples!"

Ye Chen looked at the past and said, "do these Huang family disciples mean to surrender?"

Huang zhantian gestured with his fist, and then went forward to many Huang family disciples and yelled: "you still don't surrender? I know you more or less, and I don't want to see you die here. What's more, my Lord is adhering to the great righteousness and fighting against the evil chief blood spirit clan

"Don't you surrender yet?"

"Surrender as soon as possible, you can avoid death!"

"No surrender!" Huang zhantian, a disciple of the Huang family, yelled: "Huang zhantian, you are our uncle in vain, but you betray the Huang family!"

"No surrender!"

"If you don't surrender, the adults of the blood spirit clan will come soon!"

"Surrender now and join us, and you will die in the future."

Bang!!

A dragon's claw cover was pressed down and cracked the ground directly. All the Huang's disciples were destroyed!

It's the demon king of Baizhan!

Baizhan demon king what power, its power, these yellow family people with what to resist!

No qualification!

Chapter 1189

Ye Chen nods slightly. These Huang family disciples are not good at cultivation and will not work in the future. However, they are still so comfortable when they are running dogs. There is no need to stay!

He said, "go, Huang zhantian, take me to meet other people!"

.....

In a palace thousands of kilometers away.

Han Yun sits in the town, supplemented by Ye Lingtian. Now ye Lingtian is also rapidly promoted to the peak of Daoyuan realm, which is the blessing of Han Yun.

Even ye Luo'er, who is standing on the edge, is also the state of Banbu emperor. They are the people around Ye Chen. Han Yun naturally takes out the family details and brings them to this realm. Of course, it does not mean that they have the fighting power of this realm, but it is enough to protect themselves!

"Master

"Master of the temple!"

Ye Luo'er and Ye Lingtian get up at the same time and kneel down towards Ye Chen in surprise!

At the moment, Ye Chen has removed his mask and regained his identity. Many of his subordinates were shocked. He didn't expect that Ye Chen, the king and the genius of the outside world, were alone!

"Get up, get up!" Ye Chen helped them and said with a smile, "you've been working hard these days."

"Master of the temple!"

"As expected, dozens of small families that have joined the blood spirit clan have been destroyed!"

Ye Lingtian said seriously: "all the members of the hundred clan alliance led by his subordinates have eradicated these small families and gained a lot of things. However, my subordinates found that although this small family had turned to the blood spirit family, they did not really see the people of the blood spirit family, but had to turn to the Huang family in disguise! "

"That's nature!"

"These small families with only a few emperors and dignitaries are not qualified to see the blood spirit clan!"

Ye Chen doesn't think so. Because of the special aura, a person may be emperor Zuo state when he is born. It's very normal to look down on these small families.

"Master of the temple!"

"The holy grass hall and the ten major sects are now based in the city of thousands of Yue, and the holy grass sect is responsible for providing herbs!"

"Lingyi danzhen and Luoja in danxu town mainly provide pills! The other ten sects have been completely incorporated into our Guangming hall. From then on, they are divided into Daoge, Kunlun Pavilion and

qingluan Pavilion! " Ye Lingtian said, "my subordinates have cut off the name of their sects and demoted them to our Guangming palace."

Ten schools!

It was the school that was the enemy of Ye Chen in qianjue city!

Now, join the Guangming hall, naturally can not retain the name of the sect!

It's good to leave a "branch cabinet" position!

Usually sit around the town, the key moment out of the main combat force, to assist the people of the hall of light decisive battle!

"Good!"

"You have done a good job. You are worthy of being my deputy hall master."

Ye Chen looked at Han Yun and asked, "how is the war going?"

Han Yun sighed, "you are not here, I did not rashly launch the war against the Huang family! As a matter of fact, I don't know how to win. The twelve school ancestors, together with our Han family, are the top 13 emperors who respect the territory, but we don't have immortal tools! "

"Before the first World War, many emperors of the Huang family respected the seven layers of heaven, all holding immortal tools, and even some were double immortal tools!"

"Seven people beat thirteen of us, and there was no result. Even the ancestor of qingluan clan almost fell down!"

"We have no choice but to wait for you to return."

Between the words, Han Yun was surprised to look at the green sword demon emperor and Baizhan God general, and said in surprise: "these two are the two demon kings of Kunlun void at the beginning. Have they already surrendered to you?"

"Nature!"

"Now, all the places of body building have come to me!"

Ye Chen took Han Yun and prepared to discuss the plan to deal with the Huang family. He said, "now, there are a lot of monsters in the emperor's respect area here. They can be the main force. We have some confidence to fight against the Huang family."

Look at the current situation!

There are no few emperor's dignity hidden in the Huang family.

Even if we break the Huang family and kill a lot of emperors, it is also a loss. We will only fight harder and weaker. On the contrary, when the blood spirit clan comes, we will start a real war, and there are very few strong people left!

All of a sudden, Han Yun thought of something and said, "the temple master, this period of time, there is a thorny matter! The Huang family is only half of the forces we face. "

"Half?" Ye Chen is a little surprised, Han the other half of the emperor Zunjing, ready to deal with who?

"Yes, half!"

"The other half, we need to guard against the Ye family!" Han Yun sighed, but shook his head: "the xuye family of Kunlun has completely allied itself with the Huang family. Now, dozens of emperors have been sent to help the Huang family fight in front of them."

"Ye's family is better than my Han family."

"Although it is not as powerful as the Huang family, we must not underestimate it. We must leave a certain emperor to respect the strong and deal with the Ye family."

Ye Chen hears Ye Jia, Mou son is full of a rage instantly!

His biggest goal is the Ye family!

He and the xuye family of Kunlun are dead enemies!

Now it's good. The xuye family of Kunlun is still connected with the blood spirit clan! As soon as Han Yun finished speaking, a Taoist elder came in!

"I'd like to see the temple master and the two vice hall masters!"

"Outside, Ye Qing, the elder of Ye family, asks to see you." The elder of Daoge said slowly, "it seems that I want to see the master of the temple and discuss the grand ceremony of Ye family's ancestor worship."

"Let him in!" Ye Chen's attitude is extremely cold.

He looked at Ye Qing who came by. He looked bad. The Ye family was not a good thing. His grandfather was expelled, and his parents were miserable, but they were all given by the Ye family! If Ji Siqing and Xia Ruoxue had an accident, the Ye family would no longer exist!

Elder Ye Qing bowed and clasped his fist, indicating: "good three Hall masters!"

He took out a letter, a kind of affectionate money, and said: "soon it will be our Ye family's ancestor worship ceremony. The master hopes that all the Ye family's disciples will come back to worship the ancestors of our Ye family, so he specially invites you to return to Ye's family and participate in ancestor worship!"

Ye Qing did not expect Ye Chen to appear here.

These days, has not seen Ye Chen news, completely did not appear, but did not expect to hide here.

I'm afraid that ye Chen is not as terrible as the legend, but a greedy and afraid of death!

Ye Qing takes a look at Ye Chen. Seeing that ye Chen's eyes are cold, he can only say:

"Ye Dian Lord, I believe you also know it!"

"Although our Ye family has declined and its strength is not so good, it was once a famous clan in Kunlun in ancient times."

"In the past, there were many powerful people in the ancient Ye family, and many of them were in the divine realm! Even, there are those who are strong in Hunyuan's environment as the masters of their families, and those who are in a strong state of harmony are the ancestors! "

"Take a general view of Kunlun!"

"Family power, only our Ye family is the only one. Even if Kunlun is the first one, it is not easy to dare to be enemies with our Ye family."

"What a pity!" The elder Ye Qing even began to use bitter feeling drama in order to let Ye Chen take the bait.

He sighed and said, "after the first World War in ancient times, the three ancestors of the United Kingdom of Taoism died in battle, but there are no bones left!"

Chapter 1190

"The eleven elders of Hunyuan realm have no blood, which leads to my ancient Ye family almost no longer exist!"

"The blood spirit clan even killed all the hundred gods and thousands of powerful people in the realm of God of Ye family before they entered Kunlun void!"

"Even, we were nearly destroyed in those years."

"If ye Hong's ancestors did not leave, the Ye family would surely perish with the Ye family in ancient times."

"Ancestor Ye Hong established the xuye family in Kunlun with the emperor's respect for the eight layers of heaven. Over the years, we have been oppressed by the blood spirit clan."

The elder Ye Qing said, and his tears turned wildly. Looking at the sadness, ye Luo'er sighed.

He continued to grieve and said, "there are so many heroes and outstanding people in the Ye family that we can't die any more! This talent, forced to turn to the Huang family, to the blood spirit clan, in order to survive

"I know, ye Chen, you hate us!"

"Hate that we become traitors of Kunlun Xu!"

"It's just that we can't do anything about it. The Ye family is getting weaker and weaker. We can't help it!"

"Now So it is

He stepped forward, one after another, and said, "although our Ye family sent emperor Zunjing to fight this time, he was forced to do nothing. At the same time, this family memorial ceremony is also a memorial ceremony for the thousands of ancestors who were fighting with blood! "

"We hope that you and your father and mother will go home and offer sacrifices! No matter how you say, you are also flowing the blood of Ye family

"Even if there is a big thing, we are a family, we can sit down and talk about it!"

"To tell you the truth, in terms of seniority, I am your great grandfather. How can I harm you?"

"Come back to the memorial service, child!"

Ye Qing's eyes are full of regret, even a pair of kind-hearted eyes!

Han Yun is also a step forward, eyes gesture, but no words, he can see the authenticity of Ye Qing.

Ye Chen sneered in his heart: old guy?

Do you want to play a bitter drama?

It's a pity that Kunlun has no Oscar, otherwise Ye Qing must be the Oscar winner!

If you really care about me so much, if you can't help it, how can you bully my grandfather and force my father back to Ye's house?

Are you really helpless?

These days with the yellow family for the company of the Ye family emperor Zunjing, so hit my Guangming hall people so hard ah?

It must be that the xuye family of Kunlun didn't know that he had already gone to Huaxia!

He knows what happened in China!

Well, you want to play the bitter drama and cheat me to go back!

Want to kill me?

Good, Laozi and you have fun!

Then, ye Chen sighed, and his tears appeared. Looking at Ye Qing elder, he was like seeing his relatives!

Han Yun can't help but praise himself. Young people now can "show their true feelings" casually. Ye Qing, who wants to cheat Ye Chen, is still a little younger.

"Ye Elder Ye

"Ah..." Ye Chen, with regret, wants to stop.

Elder Ye Qing sighed and said, "the world is changing forever. It's not your fault."

He was furious in his heart, heart way: children are children, good cheat ah!

Ye Chen, this little scum, really didn't experience much!

It's so simple!

I tried my best to say a few words, and then pretended to be helpless and pathetic. I didn't expect that this boy would believe me!

Good!

Great!

this time, we should kill the little beast!

Ye Qing's face recovered and continued with a heavy pain: "this time, you must come home to worship your ancestors!"

"What's more, all of you are disciples of the Ye family. I'm afraid it's not suitable for you to come with us this time!"

"But don't worry, when you come back, we will set up a card for your grandfather, and let his spirit throne be placed on the ancestral hall!"

He didn't mean to point out that ye Chen's subordinates could not go!

I just stressed that this is a grand gathering of Ye family, and other families can't come!

"Good!"

"What do you want from outsiders when you go home to worship your ancestors?" Ye Chen light way, the corner of the mouth is outline a smile.

Hongmen banquet? He Ye Chen is about to break into the Hongmen banquet!

Behind him stood the reincarnation cemetery, and stepped into the period of hegemony. What did ye family count!

The light box given by Han Yun is enough to put the Baizhan demon king and the green sword demon emperor into it. The strength of these two is terrible. Plus Ye Chen, you can pick Ye family together!

What's more, ye Chen also knows that his parents also want to send his grandfather's memorial tablet back to the ancestral hall!

Although he was expelled, his father, ye Tianzheng, had some feelings for the Ye family!

This time, he accompanied his parents back to the Ye family. Qingjian and his parents were specially responsible for protecting their parents. Ye Chen, alone, tried to pick the Ye family and let the Ye family know who is the real Kunlun empty sky now! A long time ago!

Ye Chen received Ye Fudong's letter, and a killing idea flashed in front of him, and quickly died down.

After checking the letter, he invited himself and his parents to meet the Ye family and attend ancestor worship ceremonies and banquets. He said with a smile, "elder Ye Qing, go back first! I will leave for Ye's house in three days

"Good!"

"Worthy of being a descendant of the Ye family

"At that time, you must come, and your parents will get it. They are my family members!"

"As your elder, I want to meet your parents too!" Elder Ye Qing stepped out of the hall, just stepped out of the hall, and suddenly his lips outlined a smile. He said in his heart that he is worthy of being the master of the house. This plan will surely succeed!

I'm afraid that from now on, ye Chen will disappear in this world!

.....

After Ye Qing left, ye Lingtian clasped his fist and said, "Lord of the hall, Ye's family is not trustworthy!"

"The Ye family in ancient times is really terrible. It can be regarded as a overlord. In ancient times, they fought for our Kunlun virtual blood to the last step."

"However, today's xuye family in Kunlun is not credible!"

Ye family in ancient times is worthy of being the head of all families!

Three in the realm of Tao, eleven in the realm of Hunyuan! Such a strong person can stand tall and powerful!

This is the inside story of Ye family, and also the capital that ye family dominates Kunlun Xu.

However, these capitals were destroyed by the first World War in ancient times. All of them died in the war. Their bodies were destroyed. Their flesh and blood were not preserved. Even their souls could not survive. They were not the eternal strong men of the seven nights of blood. After all, they were worse, so they died in battle!

But he died for Kunlun Xu. He did not dare to say no, and no one would say no!

But today's Ye family is not the same. The Ye Hong ancestor fled from the ancient Ye family. Although he avoided death in the war, he dominated the present Ye family and joined the blood spirit clan and the enemy of the family extermination!

This alone, the whole family is not credible!

How can the Lord believe those guys!

Especially Ye Qing!

Looking at the human model, it is estimated that it is also an old Yin goods!

"No harm!"

"I know their scheme

"It's just that something happened in China, and I'm going to visit Ye's family for some important people. I'll fight through Ye's family and take over many of the Ye's emperors directly!" Ye Chen has no fear, ye family just, calculate what!

There are so many demon clan strongmen gathered here. Only one third of them will be enough to wipe out the Ye family!

Ye family!

How dare you!

However, it is to fulfill the wishes of his parents and send his grandfather back to the ancestral hall.

By the way, you can also complete your plan!
