Chapter 1191

Ye Lingtian frowned when he heard that something happened to Huaxia and asked, "Lord, what happened to Huaxia? How about the dark hall? Do you want me to take Kunlun xudark hall and Guangming hall to Huaxia? "

Ye Chen's eyes fell on ye Lingtian, ye luo'er, Han Yun and others, saying: "no, the dark hall has suffered a heavy loss this time. Not only that, Xia Ruoxue and Ji Siqing have also disappeared. The only clue is the xuye family in Kunlun. Even if the Ye family doesn't invite me this time, I will personally set foot on the important members of the Ye family! "

"I'd like to see how the Ye family hold this Hongmen banquet!"

Ye family!

Perhaps not!

However, ye Chen can forcibly seal Ye family high-level.

The Ye family in the five layers of heaven in the emperor's honor, except for a few people who must be killed, such as ye Fudong, and others, all others suppressed and sealed, and the Ye family could not succeed.

With the strength of the soul, ye Chen can seal more people.

This is the power of Nie Baijian!

After all, he and ye Tianzheng have the blood of the xuye family in Kunlun.

Maybe Ye Fudong is the end of the family!

"Good!"

"Since the master of the temple had a plan."

"I won't worry about it later!" Ye Lingtian took a long breath. Fortunately, the hall master was not bewitched.

"Shao Zu, how about the detailed plan? How many emperors do we need to mobilize? "

"A hundred!"

"A hundred emperors respect the realm, so it's good to respect the realm of my demon clan."

Ye Chen looks at the king of Baizhan demon and others. Now that the hall of light has been incorporated into the hall of light, all the previous gods have been changed into Dharma protectors, and some of them are elders.

He said: "Baizhan elder and green sword demon emperor, follow me."

"Astronomy elder, phoenix elder, wind dragon elder, Earth Dragon elder."

"And sea dragon Dharma protector, blood kylin Dharma protector and jiuying Dharma protector!"

"You seven demon clan elders and Dharma protectors. You sent the original Tianming army and the original demon imperial army to respect the territory and protect the Dharma. You followed the two ancestors of the blood flag sect and the blood night gate to secretly surround the Ye family."

In one breath, he pointed out the seven emperors worshipped the monsters with six levels of heaven and above.

"Wait for me to break the Ye family, and then inform you to come out and take the Ye family in one fell swoop."

"Yes

"Yes, Lord!"

Astronomy and other elders have clasped hands.

On the edge, the blood flag surprised to nod, heart way: Shao Zu is worthy of Shao Zu!

These monsters are not weak in fighting.

But how can Kunlun Xu have so many powerful monsters?

Of course, it did not dare to ask.

After all, everyone has his own secret, not to mention Ye Chen.

"Han Yun!"

"You lead the other ten sects of elders, as well as the people and monsters of the emperor's Zunjing to attack the Huangjia emperor's Zunjing in kungu, capture as much as possible, and attract more Huangjia emperor Zunjing to confront you, so that the Huang family has no time to take care of the Ye family's affairs!"

"As for the rest of the emperor Zunjing people and demon plant."

"Be responsible for garrisoning Qianjue City, danxu town and Qianfeng mountain."

"The thousand Jue city is our base camp, danxu town is the place where we provide elixir, Qianfeng mountain is the base camp of the hundred alliance. No place can be lost. Unless the Huang family tries hard, I don't believe anyone can break my arrangement."

Ye Chen will now have the power to fight against the blood spirit clan, each distribution.

In an instant, it reversed the disadvantage of the Guangming hall and the hundred schools alliance. It was originally defeated by the Huang family. The Huang family has stored too much information over the years. Although there is no strong one in the spiritual realm, there are too many emperor Zun realms.

If ye Chen didn't kill all the Huang family's disciples who died in Dingjun mountain, it is estimated that twenty or thirty of them would have broken through. In another hundred years, there would be no sacrifice, which means that eight of the 150 descendants of the tenth generation can become emperor's realm.

Ten generations of people, how many emperors have to respect the strong environment ah.

"All right

"That's how it's arranged!" Ye Chen confessed, then looked at many demon clans and said: "you listen to the mobilization of Han Yun, blood flag and ye Lingtian. Do not disobey or betray, or I will kill them!"

"I'll wait for your orders!"

"Please rest assured

Brush, behind the demon clan strong all kneel down to respond.

In this scene, Han Yun was shocked and whispered: "I'm afraid from today on, Kunlun Xu's forces want to shake this young man, but they should also weigh it up! The Ye family is looking for death. "

"Good, Han Yun, ye Lingtian, blood flag, you mobilize the demon clan."

"Green sword demon emperor - no, elder Qingjian and elder Baizhan, go to Qianfeng mountain with me!" Ye Chen takes away the top fighting power of the two demon clans, but the elder of green sword and the green sword of qingtianmen have the same name, but their strength is different.

Ye Chen leaves. Han Yun also began to arrange urgently.

Half an hour later, ye Chen came to a mountain surrounded by clouds.

The array in the sky is extremely powerful.

A few drops of blood in the array.

This is where ye Chen places his parents.

Since he received his parents here from China, ye Chen seldom goes back. I don't know how his parents are now.

Ye Chen enters the array, and there is a modern villa on the mountains, which is almost the same as the villa of Ye family in Jiangcheng. This is also ye Chen's intention to dispel his parents' strangeness towards Kunlun Xu.

Ye Chen opens the door, is to feel the violent breakthrough breath surging in the whole hall.

Then, ye Chen stares at the two doors and discovers that his parents are breaking through.

And the breath of breakthrough is not weak at all.

Although father and mother were mortals in the first half of their lives, ye Chen knew very well that their blood vessels were not special.

Mother Jiang Peirong is one of the most talented people in China in the past 100 years!

And the father's body is flowing the blood of the Kunlun xuye family!

How can it be weak!

Ye Chen slightly sweeps, discovers this time two people break through almost is the Daoyuan realm.

There are countless pills here, plus the strong garrison, I am afraid that parents have been breaking through day and night in order not to delay themselves.

Ye Chen simply sat in the living room and waited.

A cigarette time, the breakthrough atmosphere in the room gradually disappeared.

The doors of the two training rooms suddenly open, and Jiang Peirong and ye Tianzheng come out. They just want to exchange their experience of this breakthrough, but Yu Guang has swept something.

The next second, their eyes are full of excitement.

"Chen'er!"

Jiang Peirong was the first to come to Ye Chen's face. She even reached out and touched Ye Chen's face: "chen'er, how do you think of coming back? You look at you, all thin, today's mother to stew chicken soup tonic! By the way, when are you leaving? "

Ye Tianzheng also came to Ye Chen's side, stretched out his hand and patted Ye Chen on the shoulder, without speaking.

Everything is in silence.

Even if ye Chen's strength is stronger, he is still a child in front of two people.

Chapter 1192

Looking at his parents, he was only moved.

If his parents didn't give up on themselves, I'm afraid he would not have achieved what he is now.

After a few greetings, ye Chen also went to the main topic and said, "Mom and Dad, how about going to xuye's house in Kunlun in a few days? It's time to go. "

Hearing of the xuye family in Kunlun, Jiang Peirong and ye Tian are stunned and fall into silence.

During this period of time, they also roughly completed some things of Kunlun Xu.

They also know what Kunlun xuye family means.

So they practice day and night in order to have the courage to take their children to xuye's house in Kunlun. But now they are going to die.

For a long time, ye Tianzheng put out the cigarette in his hand, looked at Ye Chen and said, "really want to be so?"

He gazed at Ye Chen, hesitated for a moment, drew out a cigarette again, condensed the flame with his fingers, lit the cigarette, allowed to smoke two mouthfuls, and said: "for so many years, I also want to go back, and I also want to send back your grandfather's spiritual position!"

"Once upon a time, we were the main vein of the Ye family!"

"Your grandfather should be the master of Ye family, but -"

"it's just Ye Fudong's animal that caused all this!"

Ye Tianzheng's eyes are full of anger.

At the beginning, what happened to the Ye family was a knot in his heart.

Now hearing Ye Chen say that he wants to go to Ye's house, he is afraid or not confident.

The three of them are too contemptuous. How can they fight against a top family that has been rooted in Kunlun for a long time?

Ye Chen naturally saw his father's fear and laughed: "Dad, during this period of time, my strength has grown a lot. Not only that, but also many strong men under my command! I can tell you very clearly, Kunlun Xu can shake me now, almost no! "

"What did the xuye family of Kunlun count?"

At the moment, ye Chen is blooming with strong self-confidence, just like a king in charge of everything!

Ye Tianzheng, looking at his son in front of him, took a long breath and said, "I've inquired that ye Fudong is not the eight layers of the virtual King's realm, but the emperor's realm. The Ye family has taken out all the details and will fight for it! At this time, if you take us back, it will lead to a great war? "

"The great war will break out naturally!"

"It can't be avoided." Ye Chen came forward, took the cigarette box, and ordered one himself, "although the Ye family can't be destroyed, some people must die! Those people who don't die will hinder the overall situation, and they will also hate us

In those days!

What ye Fudong has done has been determined by Ye Chen that ye Fudong must all die!

This pulse will never die and will always be an unstable factor.

Even if his father had feelings for the Ye family and didn't want to see a river of blood flowing into the Ye family, he didn't. The people who wanted to kill had to be killed. If he didn't kill, he would lead to a real stream of blood.

Ye Tianzheng's eyes swept over Ye Chen and took the cigarette out of his mouth directly, "little boy, smoke less."

"How sure are you?" he added

Although Ye Tianzheng believes in Ye Chen, the current problem is not to believe it. The details and strength of the Ye family are not what they can fight against!

If you are not careful, you will lose everything.

Ye Tianzheng, as ye Chen's father and Jiang Peirong's wife, had a hard time getting together. He really didn't want them to have an accident.

Ye Chen laughed and held out a finger.

Ye Tianzheng's eyes are full of loss: "a low point, to no longer wait?"

The next second, ye Chen was surprised: "Dad, what you misunderstood is ten percent! All you and mom have to do is trust me

Ye Tianzheng stares at Ye Chen, when he is absolutely sure of Ye Chen's firmness, he says: "good! Dad believes you

"When your grandfather died, he said," we can fight, but we can't destroy the Ye family! "

Ye Tianzheng pauses for a moment and allows to take a puff of cigarette, and then says, "this is the bottom line, because we are all ye family members. The evil Ye family can be killed, but the innocent cannot be killed. This is the principle! "

He gently patted Ye Chen on the shoulder, quite satisfied: "as your father, although I don't know how far you have grown during this period, but from your present state, you have grown up!"

"I've heard about you, too."

"You will fight against the blood spirit clan in the future!"

"Although I don't know what kind of existence the blood spirit clan is!"

"But I don't want you to become a murderer, so you are no different from the blood spirit family. Now that you can listen to me, I will tell you!"

"You are my father, how could I not listen to you?" When ye Chen replied, he gradually understood his father's meaning. He could kill the enemy by any means, but he could not kill innocent people, otherwise he would be the real devil.

Ye Chen said with a smile: "no, at least not now!"

He stopped for a moment and then said, "this time when I come back to Ye's house, I will let two elders specially protect you!" "But I mainly deal with the Ye family. You don't have to worry about it!"

Then he called out the elder Baizhan and the elder Qingjian!

"Yes, my Lord!"

"See you, my Lord!"

Two monsters close to the gods are clasping fists at Ye Tianzheng's husband and wife at the same time.

Ye Tianzheng's face changed greatly. Although he could not feel their accomplishments, the breath of the two in front of him even made him feel insignificant. He was surprised: "chen'er, where did you find these two elders?"

He said, "since they help you, you should treat others well."

"It's okay, Dad!"

"These are all my subordinates, and I will be at your disposal in the future." Ye Chen looked at Baizhan elder and said with a smile, "you say, right?"

"Yes, yes, yes!" The Baizhan elder responded with a smile.

As for the green sword elder on the edge, the old green dragon's soul has been wiped clean. Now, ye Chen's soul in his body is 10000% safe, and it is impossible to betray him.

But that's not enough!

After going to the Xueling clan, ye Chen has to catch several Hunyuan realms to protect his parents.

As for the Ye family!

Ye Chen's return this time is not just for ancestor worship!

According to the order and rules, the position of the Ye family leader should belong to his father ye Tianzheng after his death!

Even if ye Chen is now the head of the family, it will do no harm.

That this time, ye Chen is to take back his own things, package so big Ye home!

"Disciple

"You're back!"

Duan Huaian leaped up from the foot of the mountain. Seeing ye Chen, he said happily, "apprentice, the training between the hundred schools of alliance has been very good."

He looked at Ye Tianzheng and said, "you have a good son and I have a good apprentice."

These days!

Duan Huai'an got the support of Han Yun, and his realm also stepped into the realm of emperor's respect.

To tell you the truth, Duan Huaian has never been extravagant and will step into this realm after abandoning the elixir field!

He knows that everything comes from himself. He has a good disciple!

Chapter 1193

After all, the Han family is an ancient family, and its heritage is no worse than that of the Ye family. Since Han Yun values Ye Chen, he naturally inclines the family details to those around him, such as ye Tianzheng and his wife, ye Lingtian, ye Luo'er, and even Huang Wugun, all of whom have gained some benefits.

More than 200 small sects are gathered in the hundred clan alliance.

In the middle, there are few places for emperor's respect, but there are a lot of Daoyuan realms, so the Daoyuan realm is the main one.

The hall of light is the opposite.

Duan Huaian reported the situation to Ye Chen and asked, "listen to the ancestor of Han family, do you want to go back to Ye family this time?"

"Yes

"I'm going to take my parents and grandfather back to the throne!"

"By the way, take back the position of master of the house!" Ye Chen has a keen eye and says: "in order, if my father doesn't inherit, the position of the head of the house is mine. The hatred between Ye Fudong and my family in the past should be over this time."

"Good!"

"Ambitious!" Duan Huai'an took a deep breath and said, "there are many powerful alliance members at the foot of the mountain. Why don't you say something to encourage people?"

"No need!" Ye Chen said: "time is a little tight, I practice for a few days, stabilize the strength, then I will take my parents and grandfather's spiritual throne back!"

Duan Huai'an didn't ask for it either. Suddenly, he thought of something and said, "by the way, I have a heartless request for your teacher. Can your four subordinates lend me a hand? The situation needs it! "

After all, Huang wugun, Huang zhantian, Wanyan Junjun and Luanjiang are all the top talents second only to Kunlun's top ten talents.

At present, there is a lack of strong players in the hundred League. If these four people can come to his side, they will be more powerful!

"Good!"

"Let them belong to the door of medical God and be transferred by the master later!"

Ye Chen transmitted the four people with the power of soul, and then said, "after that, they are the Dharma protectors of our medical God gate."

Huang wugun and other four people, ten years of emergency emperor Zun territory five days, should be no problem.

Although the talent is excellent, it is obviously unable to keep up with Ye Chen's promotion speed. If you let them follow, they will die soon. It is better to merge them into the hundred alliance.

"That's good!"

Duan Huai'an also knows that ye Chen's time this year must be used for cultivation, otherwise, one year later, the blood spirit clan will come, and no one can resist it.

But some things really have to be dealt with by Ye Chen!

Because, he is the real master of the alliance and the hall of light!

Now ye Chen!

It's not the youth of that year.

He is a giant with two top forces in Kunlun!

Some small plans may be decided and dealt with by the deputy hall leader, or even Duan Huai'an, the deputy leader of the hundred schools.

However, ye chenlai is the only one to mobilize some elite figures, peerless talents and giant giants.

Because, they only serve ye Chen!

Others, can't move!

"All right

"Parents, you have a good rest these days!"

"I'll close the door, I'll take you back after I leave, and I'll take it back to us!" When ye Chen finished, he looked at the Baizhan elder and said, "you two, green sword protects my Dharma. You guard my parents, so as not to be attacked by the Huang family!"

"Yes, master!"

"No problem, master!"

The two demon elders agreed very simply.

Ye Chen also went directly to the second floor to practice. He got a huge amount of demon blood before digesting it. He continued to forge the red gold body and enhance the strength of the gold body.

The importance of the body is far more than the skill!

Of course.

There are still some remains of pinecones that have gained the power to lift the soul.

After digesting it, the power of the soul can be improved by leaps and bounds again.

Ye Chen is closed!

The master of baizong originally wanted to see ye Chen, but he failed to do so. Instead, he was forced to retreat by the green sword elder.

Han Yun can't do anything when he comes, let alone these Lords.

In the distance, ye Tianzheng gazed at a room on the second floor, lit a cigarette again and murmured: "my son is old. In the future, his journey and journey can only be left to him alone!"

"Headmaster Duan, thank you for taking care of Ye Chen before!"

My son is old!

The father could no longer protect himself.

The future storm can only be carried by his son.

Duan Huaian takes a look at the closed door on the second floor and can't tell the taste.

Along the way, ye Chen suffered too much.

Five years ago, the picture of Ye Chen being criticized by countless people is still vivid.

"Ye Chen is a good apprentice. Saving him at the beginning of Dongqian Lake is the most right thing I have ever done in my life."

When ye Tianzheng and Duan Huaian were feeling deeply.

In the tomb of samsara, blood seven nights and Nie Baijian also sighed. In Qiye's night, I should feel the way to forge the forbidden land

"You have awakened the forging God King, and you can pass down the method of forging immortal utensils again!"

"In a thousand years, it is very likely that Kunlun will recover to the level of Zhongwu."

"Understand!" While ye Chen was working on the skill, he responded, "what about the other tombstones

"Not for the time being!" Blood seven night to see Nie Baijian, said: "I think my mind can only last a month, after the matter to you and forge God King!"

"Don't worry." Nie Baijian nods. It's like a journey. One by one, he will accompany Ye Chen for a long time. However, I believe it will be very soon. Thousands of years have passed and they still care about the rising time of the tomb owner.

.....

Just when ye Chen was closing down, the Ye family began to prepare for the ancestor worship ceremony.

What is ancestor worship?

All the family disciples, no matter what they are doing or where they are, must come back and choose a good day for worship.

The scale of the ancestral worship ceremony of Ye family in Kunlun is that the ancient Chinese emperors worship the heaven. For the family disciples, the strong one in the family is the heaven, and the ancestors who sacrificed in the past dynasties are also the heaven. They only need to worship the ancestors, not the heaven.

Since the Ye family has been handed down to this day, it is the seven generations and the former seven generations who are on the stage.

Ye Fudong, ye Chen's grandfather is also the seventh generation, ye Tianzheng's eighth generation and ye Chen's ninth generation.

A large family, inherited, divided into the main vein and branch.

At the same time, the main vein is the main vein of the family, and there are eight branches, such as Ye Qing, ye Qin, ye Nantian and ye Wushuang, which can be regarded as four veins. Nowadays, ye Fudong is the main vein of these four veins, which firmly supports the Huang family and the Xueling clan.

The other four veins, three of which had a war with xueyege and Kunlun pavilion a thousand years ago, lost a lot of people. So far, the main characters have been handed down to the seventeen generations. However, all the ancestors of the eighth generation or above have been killed in the war, which can be regarded as a semi-existent branch. The only way to support the appearance is to have a different emperor's dignity.

This memorial ceremony is mainly to commemorate these ancestors who died in war.

Chapter 1194

Ye Fudong and ye Wushuang had four veins, and many people died in the war over the years. They had friction with the various schools in Kunlun and were also one of the ancestors of this memorial ceremony. As for the Ye family in ancient times, ye Fudong did not have the courage to sacrifice.

On the other hand, there are people who are responsible for the management of forbidden areas. They have a small number of children and have been passed on to the fifth generation. There are only a hundred old people who form the Ye family's supreme Presbyterian group. They are responsible for guarding the forbidden area or family details. They usually hide their seclusion and do not come out until they are in danger.

In front of the Ye family's gate, an ancestral hall has been built on an open space of tens of thousands of square meters.

A building with hundreds of meters tall and majestic ancient attic was built by Ye family disciples. Many prohibitions were set up to avoid being invaded by the enemy and disturb the peace of the ancestors.

On the plaque on the ancient pavilion, there are four big characters in ancient seal script: "Ye's ancestral hall", which is very grand.

It is also divided into several layers, in order to place thousands of spiritual places.

Ye Fudong and others came here in person and said, "other disciples, we need to recall them as soon as possible. Whatever they do, they must be called back, no matter what they do

"A memorial ceremony once a hundred years!"

"Anyone who doesn't come back will directly expel the genealogy and never be a member of the Ye family."

He looked at the nearby area, and then pointed out: "in this open space, try to build some brilliance, and set up a thousand and eight hundred tables of wine and banquet! When the Ye family's disciples have finished their memorial ceremony, they will have a banquet here. At the same time, they should be prepared for the banquet that other forces will participate in. "

Ancestor worship, although Ye family's business!

However, it is impossible for Ye's disciples not to marry with other families. They will certainly bring back the sons-in-law of the Han family, the daughter-in-law of the Mo family, and the daughter-in-law of the Mo family. Once they come back, they will inevitably follow the strong ones of the family, which is also an observation.

However, those who observe and observe can not enter the main memorial place!

We have to have a feast outside the valley. Only real Ye family disciples can hold a memorial ceremony here, including the wives of other families they married, and they can't come in!

So, get ready!

Of course, kill Ye Chen's place, also want to choose well!

In addition, inform the Huang family

"Let him send dozens of people who can speak up and respect the strong of Huangjia emperor!"

Ye Fudong continued to arrange, looked at everything in front of him, and said: "ye Wushuang and ye Nantian, as the first and second pass, you two executed Ye Chen on the spot there. After a shock, we informed the Huang family to prove our Ye family's heart!"

He continued to look at the elder Ye Qing and ye Qin behind him and said, "among them, there are eight major meridians. Among them, they can fight four veins. All of them have passed the pass for more than seven generations. Practice the seven night distraction array. If the people who sit in the third pass can't kill Ye Chen, let's go out together and kill Ye Chen!"

Don't believe Ye Dong!

You can't kill Ye Chen by using the whole Ye family to hold the Hongmen banquet!

What's more, if ye Chen's people don't come, even if other families come, they will come to some small shrimps and some emperor's realm is nothing. This is the Ye family's base camp. If ye Chen wants to run away, the Ye family will have no meaning of existence.

"Yes, master!"

"Yes, we will distinguish the guest area from the Ye family disciple area!"

Ye Qing and ye Qin held hands one after another.

They immediately went down and divided them into three parts, one of which was the place where the guests had a banquet. They could not see the other two places to avoid being seen and interfered by others when killing Ye Chen.

The other two places.

One is the place where ye's disciples feast and the other is where ye Chen is killed!

Ye's family started planning.

At the same time, a mysterious place outside the territory,

in front of a grand gate, three or five people came in groups, with a look of disgust.

The first man was dressed in a bloody robe, carrying a fairy sword, and there was a bloody sword seal between his eyebrows. The whole man was full of murderous air, as if he had come out of the sea of blood.

He sighed and said, "let's go. Let's explore the task assigned to us first."

"This time, take the space transmission array in the seventh district, and spread it to the vicinity of Kunlun void!"

"Why don't you go to the space transmission array in area 8? Isn't that faster?" Asked a woman, who was also dressed in a blood robe and had a cold face.

The man shook his head and explained, "this time we went to kunlunxu because there were seven blood spirit clansmen whose breath had dissipated. The man was suspicious. Let's inspect it in advance."

"The real task of going to kunlunxu every 100 years is the next task of Kui Mu and his followers."

"There is no one in Kunlun's family who is superior to us in recruiting people to practice swords. There is no one in Kunlun's family who can be highly respected."

His name is red sword. He lives by sword!

He continued: "besides, we will arrive tens of thousands of miles away from Kunlun when we go through the space transmission array in the seventh district. The elder gave us the immortal tools to go on the way. It will be about ten days at most. If we go to the eighth District, Quemoy, they'll have to go to the seventh"Damn it!" The woman stamped her feet and angrily said, "kunlunxu is a space transmission array. We have to make our way. Damn it, damn it. When we get there, I'll kill a lot!"

There is only one transmission array that can directly reach kunlunxu, which is the channel for Kui Mu and their passage.

If they want to go, they can only go to another one, which is a little close to the transmission array of kunlunxu. When they reach the position, they have to go a long way to get to kunlunxu. This is the nearest one.

"Gone

"Let's go to Kunlun to have a look first." Red sword looked at his four companions and said, "this time, it's bad luck that some Xu people stationed in Kunlun have been killed. It's estimated that some mole ants want to rebel. Let's suppress them first."

"By the way, the elder will make up with us later if he has to delay."

"Go Other team members are also full of anger, and are preparing to practice in seclusion, so they are urged by the elder to go to a rubbish place.

No one can shake them, though they go to the subordinate level.

But it's not good to be interrupted!

Wait until Kunlun is empty!

It's necessary to kill a lot of people in order to calm down!

that's right. The five red swords plan to kill more than 100000 people one by one. At least they can absorb some blood to make up for the consumption of this trip.

With all five people entering the space transmission array.

A force of space surges.

It dissipates completely.

After they had dissipated, an old man came out of the dark, his old face flushed, as if drunk.

He had a gourd shaped wine pot in the palm of his hand.

If ye Chen is here, he will surely find that the old man is the strong one he saw on the rooftop of Xiangjiang hotel in Huaxia!

It is also the existence of this great connection with grandfather!

Although the old man was drunk, but his eyes were extremely sober. He took a sip of wine and said faintly, "the boy's real trouble is coming, oh, interesting, interesting!"

Chapter 1195

Time flies.

For a few days, blink.

Ye Chen from the villa ancestral hall, respectfully took out his grandfather's spiritual throne, looked at his parents and said: "almost, mom and Dad, let's go."

"Good."

From Qianfeng mountain to the place of Ye's family, when they arrived in the scope of Ye's family, Ye's family began to decorate all kinds of firecrackers and candles in such a large city.

The most central place of the Ye family is full of lanterns, and a large number of Ye family disciples come back from various places.

When ye Chen and others appeared, ye Qingchang himself came to greet him, "great, ye Chen, you are here at last!"

He looked at Ye Tianzheng, showed a smile, heart way: good! All three are here.

When he saw the other two people around Ye Chen's parents, he was slightly stunned.

Yeah, two more?

These two people naturally accompany Ye Chen's parents around the demon clan strong, but was wiped out the breath.

However, in Ye Qing's opinion, these two people's breath is weak, and they should not be highly trained. I'm afraid they are the servants of Ye Tianzheng's husband and wife!

Just, anyway, ye Nantian's hand will be shot at that time. As long as the hundred alliance and the hall of light do not come in a large scale, it will be good.

"Come on, come on!"

"I welcome you in!" Ye Qing leader, with Ye Chen and others through the streets, which will pass through a place full of banquets.

Ye Chen also saw many disciples of the Mo family and the Han family, and asked, "is not only the Ye family able to come?"

"That's not the main area!"

"These are our Ye family's son-in-law, daughter-in-law and so on. They are half of the Ye family!" Elder Ye Qing led Ye Chen and them to the core Ye family area. "So they can come here, but they can't enter the core area, let alone worship their ancestors!"

"Of course, our banquet is just outside the ancestral hall!"

"They're out there, they can't see us, they don't have the right to see us!"

Half Ye family!

Only half of them!

If the husband or wife is the Ye family, then the Ye family will sit inside, then the relatives will sit outside.

Would you like to have a seat? No, I'm not qualified!

Of course, this also has the relationship of Ye Chen, if everyone is in, it is not easy to start.

Also afraid that we will inform the hall of light and the people of the alliance of the hundred, so we have made a special distinction.

Ye Qing leads Ye Chen and others to a wide open space. In front of him is the magnificent Ye family ancestral hall. The newly built ancestral hall is now filled with banquet for several miles. Pucheng, a monster beast used on the ground, is surrounded by crystal columns and crystal tables. Although there is no ceiling, every place around is extremely luxurious.

"Come on, come on!"

"You sit at table three!" Ye Qing looked at Baizhan and Qingjian and said, "you can either sit outside or stand!"

"You Baizhan elder wants to stop speaking, but he still stands behind Ye Tianzheng's husband and wife.

They protect Ye Tianzheng and his wife. It doesn't matter whether they sit or not.

Maybe we haven't had a banquet yet. We've got a fight.

He knew his master's plan.

"You do it first!"

"I'm going to meet the others, and I'm almost there."

"The master of the house is coming soon. We will worship our ancestors first and then have a banquet." Ye Qing said a few words, and then withdrew, not to meet other people. Ye's disciples, elders and Dharma protectors had already arrived. He just found an excuse to inform Ye Fudong that the plan could start.

Ye Chen and other three people sit down and find this table, just the three of them.

A lot of tables are full around, many of them are middle-aged people, and there are also many young people. It is difficult to tell how many generations it is. It's really their grandparents and their grandsons.

Perhaps because of his nervousness, or his impatience, ye Tianzheng drew a cigarette from his pocket and looked around him. He felt that there was nothing wrong with it. Just as he was about to light it, a strange sound came from the edge.

"Ouch

"Today is the ancestor worship ceremony. How dare you smoke such rubbish?"

"Smoky, fairy?" A young man of Ye family said strangely: "even if you smoke, what kind of ghost do you smoke? You smoke rubbish. It's no wonder that you are Chinese people, so low-grade!"

When he waved his hand, something similar to a cigarette appeared in his palm. It was surrounded by aura, which must be unusual. He looked at Ye Chen provocatively and said, "garbage, this is smoking. Do you think your son can come back to smoke filled fairy if he has done something and done a little feat in the outside world? "

"What is it?"

"You don't look either"

PA!!

A clear voice came out.

A bloody palm print cover was pressed down, turning youth into blood mist on the spot.

Who did not expect Ye Chen to shoot suddenly!

This is a great event of the Ye family once a century!No matter how crazy you are!

Ye Chen clapped his hands, a face disdainful, way: "rubbish, the virtual King realm also dare to be wordy!"

"Ye Chen!"

"Ye Chen, what do you mean?"

"Ye Chen, he only taught you a few words. Do you really think you have made great achievements?"

"Ye Chen, you killed the children of your family in front of the ancestral hall. Don't you want to live?"

For a moment, dozens of Ye's disciples got up and criticized Ye Chen. Instead, they turned the man's instigation on Ye Chen into teaching. They really avoided the key point. Even some middle-aged Mo Shi family members began to blame Ye Chen.

A middle-aged Mo like Ye family got up and said, "Ye Chen! I warn you, you'd better put your hands on me

"According to the rules of the Ye family, it is the crime of dethroning Xiuwei to kill Ye's disciples without authorization!"

"If you beat and killed a family disciple like this, you must abandon your accomplishments today, or you won't want to jump out!"

"Ye family!"

"It's not a place where you can clamor. Kneel down and wait for the elder to deal with you!"

PA!!!

A golden palm print is taken down, and the man is immediately turned into a blood mist.

Then several burst sound came out, and other disciples who criticized Ye Chen were beaten into blood fog one after another!

This moment!

All the disciples of the ten thousand leaves family got up and gazed at Ye Chen, and the idea of killing gradually appeared in his heart!

Ye Chen!

In spite of the family rules, this son dares to kill several disciples of the same clan in front of the ancestral hall!

Damn it!

Damn it!

"Are you angry

"Ye Qing, ye Qin, don't you come out?"

Ye Chen stood up slowly, his lips outlined a smile, looked down at thousands of Ye's disciples, and said with a smile: "you invited me today, just to set up a Hongmen banquet and kill me?"

"Come out!"

"You asked the first man to instigate me, that is to make me do it!"

"I'll give you the reason to let everyone think I'm lawless. I'm the devil. I ignore the family rules!"

"In that case, let's all come out!"

"I killed you one by one."

Clan rules?

Family rules?

Bullshit. When they attacked and killed my parents and left injuries, why didn't they mention the clan rules?

My grandfather died, why not mention the clan rules?

Chapter 1196

"Ye Chen!"

"You are too presumptuous. When you go back to Ye Qing's house, you will be disappointed."

"Hum!"

"What are you! If you want me to kneel down to Ye Fudong, what qualifications does he have? "

Ye Chen looked at his grandfather's throne and said earnestly, "today, I not only want to kill Ye Fudong, but also let my grandfather's spiritual throne rank at the highest place of Ye family's ancestral hall. I don't care how they die, in short, I want to be like this!"

My grandfather's throne!

So far, it has not returned!

Today, my grandfather is in the highest position!

Place the spirit throne with the courtesy of the master!

"Arrogant!"

"What is your grandfather?"

"It's just wishful thinking to enter the ancestral hall." Elder Ye Qin came out with a broad sword in his hand. He looked bad and said, "Ye Chen, you killed Ye family's disciples without authorization today. As the law enforcement elder of the Ye family, I will sentence you to abandon your accomplishments and drive out Kunlun Xu!"

"Just as it was to your father, to your grandfather!"

"You this vein, has all is the disaster, has regardless of the Ji clan kneels!"

"Today, I'm helping you by abandoning your accomplishments."

Ye Chen?

What are you!

In those days, we used the rules of your father and your grandfather. We made people look like human beings and ghosts like ghosts.

Unless, you have the strength to resist the whole Ye family.

If you bring people from Guangming temple and the hundred clan alliance, we are afraid of you, and ye family may be overturned by you.

But you dare come here with two servants.

Today is your burial place!

A group of Ye family disciples also glared at Ye Chen, guided by the public opinion and rules of Ye Qing and ye Qin.

A few disciples of the Ye family were resentful and cried out, "Ye Chen, you damned fellow!"

"That's right, damned guy, dare to challenge the blood spirit clan, but also implicate us!"

"Today, you'd better put your hands down and let the elders abandon your accomplishments and hand you over to the blood spirit clan."

"Yes, that's right."

"Ye Chen, you are a great sinner."

A lot of Ye's disciples yelled, and some of the martial arts said that they would not die.

They also have the idea of death of their families and not of their own.

What's more, he died not as a brother, but as a mole ant, what was it.

As long as they are safe and live a long life, even if ye Chen is crushed and his soul is broken, they will only cheer on the edge.

This is the idea of some Ye family disciples.

The rest of Ye's family are all looking very fast, looking at the people on both sides, neither talking nor doing anything.

They are neutral.

"Help me?"

"Also, Ye Qing, don't be fake. I knew your plan when you first came here!"

Where ye Chen is beneficial to the center of Ye's family, the majestic Qi and blood blooms like a vast ocean. His eyes are fixed on Ye Qing, just like the eagle's eyes on its prey. He says, "the emperor's three or four layers of territory? Is this the strength of being the first to challenge me? "

"In that case!"

"Then there is no need for you to exist!"

Ye Chen does not have any nonsense, a punch, tearing layers of air, endless force of Qi and blood burst out, has the ability to sweep everything.

There is a Buddha kingdom in the middle of the seal, and thousands of Buddhas are manifested.

It's Buddhism in boxing!

"Damned beast!"

"Dare you

Ye Qing didn't expect Ye Chen to be so decisive, but also to his own hand!

He quickly took out the knife and cut out a round of seven star sword seal. A hundred meter long road was suspended behind him. It was the road of fire. The fierce flame fell down and flew out with the seven star sword seal. It gave many ye family disciples a feeling of fear to bone marrow!

Many ye family disciples didn't think of it.

Ye Qing, one of the law enforcement elders, is so powerful. With a single blow, he is not facing himself, but he has such a divine power!

Worthy of being the elder of emperor Zunjing!

The blow.

Should be able to kill Ye Chen?

Kill Ye Chen, the memorial ceremony should continue.

But it turns out to be the opposite!

In the fist, the Buddha Kingdom easily broke the seven star sword seal and hit the elder of Zhongqing in one fell swoop. It was like a huge country crushing down. Ye Qing had no resistance at all because of the infinite power.

the sound of road breaking comes out.

The rudiment of the road of fire cracked, and elder Ye Qing screamed, and the whole person burst into a cloud of blood mist. Law enforcement elder Ye Qing, officially fell!

Under Ye Chen's fist!

No resistance at all!

"Hoo Hoo Hoo..."

Is it too strong for people to take a breath?

They thought Ye Chen was crushed!

But I didn't expect Ye Chen to crush an emperor with his fist!

This guy's breath is clearly the source of Tao!

When was Daoyuan territory so terrible!

Sleeping trough!

"Ye Qing!"

"Ye Chen, you beast!" When ye Qin saw Ye Qing killed by a fist, he was furious. Regardless of the plan behind him, he rushed to Ye Chen with a broad sword. In the middle of the way, he cut dozens of sword Gang, including Ye Tianzheng and ye Chen together!

Since Ye Qing has fallen!

He wants Ye Chen and ye Tianzheng to be buried together!

"You want to die! If you touch my parents, I will bury the whole xuye family of Kunlun! "

"Baizhan, Qingjian, protect my parents!" Ye Chen smashes the flying sword gang with his body and goes straight to elder Ye Qin.

"Dao Gang dare to come

"Out!"

Baizhan elder and Qingjian elder run Qi and blood respectively, and shatter the Dao Gang flying to Ye Tianzheng's husband and wife out of thin air!

They two demons, one standing in front, the other standing behind, 360 degrees overlooking the Ye family, do not give anyone a chance to attack Ye Tianzheng's husband and wife! This is Ye Chen's parents. If they are injured in their own protection, they can make their own punishment!

Ye Chen smashed many swords along the way with his body, just like a overlord. No one can stop him!

He took Ye Qin by the neck and pulled it out of thin air. "I'll kill whoever I want to kill! The so-called family rules, family rules, I abide by, he is the rules, I do not abide by, that is a bunch of waste paper

As for you

"Ye Qin, as the first group to challenge me!"

"The elder who set me up opposite Ye's family is really an idiot. Do you think your fighting power can stop me?"

"Can there be other elders of Ye family who can save you when I want to kill you?"

"Stop dreaming!"

As soon as the voice fell, ye Chen suddenly forced to crush the body and soul of Ye Qin!

Ye Chen didn't plan to be friendly with this group of people from the beginning!

Chapter 1197

"Presumptuous!"

"Ye Chen, don't let go

A sword mark was cut through the void and shocked everyone.

This sword seal with incomparable and powerful power, shocked the nine void, shocked the nine ghosts, pressed everyone's blood coagulation, many ye family members were pressed by the breath to kneel on the ground, unable to move.

Stab!

The sword seal hits Ye Chen's gold body, and ye Chen's body is shocked, and the sword seal is broken at the beginning.

Ye Nantian, a young man of the Ye family, killed with his sword. He was the one who was admired by the blood spirit family for a long time.

"Stop it!"

"Ye Chen, if you don't stop, you and your parents will be killed today!"

"Ye family, I will never give up!" Ye Nantian constantly rushes over, but is blocked by the Buddhist state in Ye Chen's fist.

Ye Chen sneered and said, "right? Is it up to you? "

He suddenly exerted his strength, and his Qi and blood shattered the body of elder Ye Qin. The body of the ninth stage in the period of bone coagulation was the same as crushing the ants to death.

At the next moment, the power of soul turned into a sword of soul and killed the soul of elder Ye Qin.

The seventh generation elder of Ye family!

Ye Qing, ye Qin!

All fall!

This moment, as if time stopped.

All ye's disciples are staring at Ye Chen, trembling in their hearts, so overbearing!

Ye Chen, what a bully!

Elder Ye Nantian and even the elder said to him to stop!

He was so powerful that he crushed elder Ye Qin!

Overbearing!

It is worthy of being the top 37 young strong man in the sky list!

I'm afraid after the war, ye Chen can be ranked in the top 30 of the sky list!

"You want me to stop, I'm going to stop it?"

"What are you!" Ye Chen waved his hand to break up the blood mist in front of him. He looked down on all the people of the Ye family like a demon and said, "what are you? You want to judge me? "

"Ridiculous!"

"It's a shame for ye family to have you elders!"

Although we have to conquer some branches of the Ye family.

However, some people must be killed, especially Ye Qing and ye Qin. If they do not kill, they will be unstable and will cause trouble in the future.

Ye Chen also knows that the main thing to deal with is Ye Fudong's vein, as well as the other four main veins. It is necessary to eradicate its head and recruit other people to take over the whole Ye family.

"Ye Chen!"

"How dare you

Ye Wushuang killed him from the west, carrying a broadsword and staring at Ye Chen, he said, "you son of a bitch, you have been possessed by the devil. Today we will execute you according to the family rules!"

"Ye Chen!"

Elder Ye Nantian also flew from the west, indignant.

"Ye Chen!"

"I'm so disappointed."

Ye Fudong walks out slowly, with a sigh on his face. In the frown of his eyebrows, there is a strong wind and thunder hidden in his face, which is full of killing intention.

He looked at Ye Chen, ye Tianzheng and others, and the hypocrite's Mo Shi showed up and said, "originally, I wanted to recruit back."

"After all, you are a descendant of my Ye family."

"I want to recruit you back and let you return to your family. At most, you can kneel down in front of the ancestral hall to make atonement."

"In this way, we may be able to help you resolve the gratitude and resentment between the Huang family."

"I didn't expect you to be so presumptuous."

His whole body circulates the purple breath, wears the Purple Dragon Robe, is than that Chinese emperor all must be extremely honored.

His expression changed from sighing to ruthlessness, and then he pretended to be forced to do something. He tried to win over the hearts of the people and warn the people of Kunlun Xu that ye Chen had violated the clan rules by killing Ye Chen.

In this way.

What excuse can Han Yun find?

First occupy the moral high ground, then look down on the good people, label them as demons, and then in the name of light, do things of darkness!

That's what most hypocrites do.

However, ye Fudong is much more hypocritical.

"You son of a bitch, you are so presumptuous."

"Otherwise, you can't stay in charge of my family

"Simply, the master of our family will shoot you to death according to the clan rules, and then pick your skin and cramp you, so as to warn the disciples of the Ye family not to violate the clan rules, let alone do anything beyond them!" Ye Fudong sighed again, "Ye Chen, I can't bear to kill you, but if you violate the clan rules, you must die. In this way, you will be caught with your hands tied. I think that when it is not easy for you to practice, you will just discard your accomplishments and cramp your skin and not take your life. "

"How?"

"At the same time, we can let your grandfather's spiritual throne enter the ancestral hall!"As he narrated, he thought, almost.

You can arrange for someone to kill him!

He deserved to kill him in this way.

"Have you finished your lines?"

"Is the play over?" Ye Chen gazed at Ye Fudong and saw a sword killing the immortal in his hand. He sneered and said, "I'm going to do it after you finish. My time is very precious."

Ye Fudong sighed, then looked at the worried Ye Tianzheng's husband and wife, and sighed: "devil, devil!"

"You are possessed

"Since you don't want to atone for your sins, my parents Ye always take you as a declaration of war against the hall of light and the hundred schools alliance."

"Well, my master will give you three passes. If you can pass the three passes!"

"My Lord will forgive you for your innocence."

"Forgive your paralysis!" Ye Chen broke out directly, and his evil spirit and killing intention were like a vast ocean. He smashed a law enforcement team on the spot, and killed all the hundreds of virtual King territory and dozens of Daoyuan territory. He waved his sword and looked at Ye Nantian and said with a smile: "it's you. I'll kill you first!"

There are many ye family elders, including seven generations, six generations, and even five generations of old antiques, but the powerful ones are ye Wushuang, ye Nantian, and two terrible elders!

All the seven generations of elders were over 100 to 300 years old.

Six generations are under six or seven hundred years old.

The Five Dynasties are about 1000 years old. The elders of other sects at this age are not very talented. In addition, they put pressure on the blood spirit clan and send their disciples to death. That is to say, the emperor respects three or four levels of heaven, and the highest level of heaven is five or six layers of heaven.

For example, the elders who besieged themselves in the imperial realm had an impact on the Taoist mind, so that their accomplishments were not high.

However, the Ye family joined the Xueling clan very early. However, they did not provide the emperor's Zun realm to the Xueling clan. They did not have any worries and pressures. Therefore, most of the antiques at this age are in the six or even seven layers of the emperor's Zun state.

Those two people who threatened Ye Chen were the emperor's seven layers of heaven and the two or three levels of golden body.

"Ye Chen!"

"You dare to come to me, ridiculous! Do you think killing Ye Qing and ye Qin is the heaven of Ye family?"

"

"Today, I'll tell you what is the top player!"

Chapter 1198

Ye Nantian suddenly kills with his sword. He draws out a seven star sword formula in the air, simulating the formation of the Big Dipper. With the power of the surrounding mountains, one sword comes out. It is as violent as the mountains and rivers fall down. The endless cutting of Qi turns into the Qi of the seven star sword, which flies down like a curtain of rain.

Bang bang bang!!

Bang bang!!

The ground is constantly being blown out of the hole by the seven star sword gas.

Baizhan and Qingjian two demons also use their skills to open a protective cover to avoid Ye Tianzheng's husband and wife from being injured.

Ye Chen is not afraid, seven star sword Qi hit his crazy bully body, can only cause physical resonance, breaking the body can not do.

This is the dread of body refining in the super body period!

The highest body is the king!

He was as fast as thunder and lightning. In an instant, he pierced the seven star sword seal with a sword, and walked to Ye Nantian. "If you only have such strength, you'd better die!"

Crash ~ ~

with a sword, the ground of Ye's house is smashed.

The immortal killing sword pierces Ye Nantian's chest, but ye Nantian's sword can't break Ye Chen's golden body, and even the tip of a fairy weapon's sword is broken!

"No way! This weapon is not a spirit weapon, this is the sword of blood spirit clan! How could you have it! "

Ye Nan Tian was surprised and was hit by the Buddhist kingdom in Ye Chen's fist.

Mid air!

A gorgeous figure fell down, bloodletting.

Ye Nantian's body is dim and his flesh and blood are broken. He is not ye Chen's opponent at all.

Who the hell could have thought that a Daoyuan state would fight the emperor and the powerful one would be defeated at all levels!

What a monster this is!

"Ye Chen, this little beast, is really despised. You can't let this guy grow up any more! Otherwise, no one can stop the whole Kunlun void! "

Elder Ye Nan's eyes twinkled and gazed at the two men in the battlefield and sighed in secret.

Ye Chen, if only Ye family could obey the orders of the blood spirit clan?

What a pity.

Ye Chen, a little beast, does not know the time.

Can only be shot on the spot, otherwise it will harm my Ye family to fall into the abyss.

Bang bang!!

Click!!

The two men, as if they were mad, attacked each other with immortal tools and fists.

Every collision is like a mountain jumping to pieces. The afterwaves of Qi and blood can shake and kill the virtual king.

Many Ye's disciples retreated to one side and withdrew from the banquet area. The place where ye Fudong specially prepared to kill Ye Chen didn't come in handy. Ye Chen and ye Nantian fought directly around the banquet.

As for ye Nantian's husband and wife, they did not return.

There are green sword and Baizhan to guard them. Unless the blood spirit clan arrives, no one can defeat them in a short time.

Boom!!

A startling explosion came out, accompanied by flesh and blood.

Ye Nantian was once again blasted away. His body was full of cracks and blood, leaving only a scarred body in battle. He picked up the half broken piece of a pin immortal, like a madman, "Ye Chen, you are really good, but you are going to die."

"I have seen a lot of talents like you in Beidou city."

"It's very good to fight against the heaven to fight against the emperor's environment and break the immortal's utensils."

"In Beidou City, I dare not attack and kill such enemies. I am afraid that I will kill them and be killed by their parents."

"But you, I don't have to be afraid. If I kill you, I will be a great achievement."

At the next moment, a tremendous force of Qi and blood emerged in his body, which came from the blood spirit family.

For a moment.

Ye Nantian's power of Qi and blood seems to cover the world.

This is the secret of the blood spirit clan!

Supreme secret!

Is also one of the reasons why Ye Nantian is strong!

He's going to kill the boy himself with this secret method!

The strong Qi and blood make his wound seem to tear, obviously, this is not the strength he can bear.

Most of his swordsmanship and skills came from Beidou City, which should have been obtained by the warriors who killed Beidou city. In terms of the increase of Qi and blood and combat effectiveness, it is much higher than Kunlun Xu's current skills.

"Using what your master gave you?"

"It's really a dog. The blood spirit family keeps a good dog."

Ye Chen is not afraid, holding the sword of killing immortals, and the evil Qi is also growing. "Every blood spirit family's garbage gives a group of Qi and blood. It's really taking you as a dog's breed!"

He clenched his fist in his left hand and held his sword in his right hand. He pointed to Ye Nantian and said, "come on, within ten moves, I will send you to the netherworld."

Blood spirit clan secret method?

Very strong?

It's not the first time he's seen it!

Ye Chen is not afraid!

"You forced me to use my cards!"

"You will regret it."

Ye Nantian's eyes were dark and ferocious, and his blood vessels and veins were exposed. He was like a madman. He suddenly killed him and jumped to pieces with one punch. He grabbed thousands of gravel and threw it at Ye Chen. He took a step at his feet and shot out of his body. He came to Ye Chen's body and attacked him constantly.

The bloody fist and the bloody broken sword stabbed Ye Chen.

Clang! Clang!!

Clang! Clang!!

Ye Chen's body resounds incessantly, but he has been attacked by Ye Nantian for more than 10000 times in a short minute. If it wasn't for the bully's physical strength, he would have been smashed.

In the end, his Qi and blood subsided, causing Ye Nantian to be stunned for a short time. Then he hit the Buddhist kingdom with a blow, which was accompanied by the power of extinction.

Boom!!!

A boxing fly Ye Nantian!

Ye Chen goes out with a fist on Ye Nantian's head. Each blow will crack the ground, just like an earthquake.

More crazy?

Ye Chen is more crazy than ye Nantian.

How about being valued by the blood spirit clan?

How about going to Beidou city?

You can't get up on the ground.

Bang bang bang!!

Bang bang!!

The sound appeared one after another, the ground had cracked completely, and many places had been shaken into basins.

Ye Wushuang looked at the scene in front of him and sighed. He shook his head and said, "master, I wanted to kill Ye Chen in the first level. Unexpectedly, ye Chen went to the second level. It's OK. If Nantian is defeated, I will solve Ye Chen again!"

He belongs to the sixth generation elder of Ye family. Although he is not as good as ye Nantian in physical training, his combat strength is far better than ye Nantian.

He is absolutely sure that ye Chen will be killed on the spot.

Bang!!

Another burst came out.

Ye Nantian's skull is broken, half of the body burst, leaving only the soul to escape, is being killed by Ye Chen.

"Stop it!"

"Ye Chen, you beast, I told you to stop, didn't you hear me?"

Ye Wushuang kills with a knife. His body quickly passes over half of the banquet area and rushes to Ye Nantian to save Ye Nantian!

Ye Nantian is a talented disciple valued by the Blood Spirit clan!

Outside disciple of Blood Sword clan!

Those who have made remarkable achievements in Beidou city can't die here!

Absolutely not. Ye Nantian is the hope of Ye family's complete rise!

Whoa, whoa!!

Whoa!!

Several Dao Gang flies out and is located in the mid air. It condenses into a bloody lotus flower. It tears the surrounding air and leads thousands of pieces to fly out. The spirit reaches nine levels of emptiness, just like a blood lotus that destroys the world. It is extremely terrifying!

Chapter 1199

In the place where the blood lotus passes, the ground collapses, showing a huge hole.

The sky seems to turn into nothingness. The array is torn apart, and the bright thunder light is blooming. The dazzling thunder light is shining everywhere, which gives people an opportunity to destroy the world!

Strong!

It's so strong!

This blow alone is enough to kill anyone in the six layers of the emperor's realm of other sects. It can't be resisted.

This is the skill of the blood spirit clan!

Blood knife lotus that crush all Kunlun empty skills!

It contains power beyond the scope of Kunlun virtual martial arts, which is dozens of levels higher than Ye's martial arts.

Blood lotus appears and rushes to Ye Chen. Although Dao Gang is not fully manifested, it is incomplete manifestation. This move is incomplete.

But it also erupted far beyond the power of this realm.

"The skill of the blood spirit clan?"

"It's wonderful, but it can't be!"

In the past, the Buddha's soul is flying in the sky, and the soul of the Buddha is flying in the sky.

Ye Wushuang!

Since you are going to attack me!

If you still use these martial arts and killing moves, then I will use the killing moves that you value people to feed you.

Bang!!!

A burst sound was heard, and Buddhist fragments were flying all over the sky.

A voice of soul extinction resounds all around. The hope of Ye Nantian, a generation of Tianjiao, has fallen directly!

The body is broken by Ye Chen, and the soul is broken by Ye Wushuang's blood lotus flower!

There is no life at all. No one can be saved!

Whoa!!

The blood colored lotus rush out of the Buddha's light. It is quite broken, but it still has a strong fighting power!

It seems that ye Wushuang's combat power is still higher than ye Nantian's, at least Ye's attack power is not as good as ye's.

"Broken!"

"Out!"

Ye Chen drank a few words, drew out the sword of killing immortals, and cut out a sword Gang, which communicated with the thunder and lightning of heaven and earth. It caused a lot of thunder light to haunt the sword body and burst out colorful sword Qi, just like the sword of flying immortal. In fact, the immortal killing sword is a kind of immortal tool and has the power of fairyland flying immortal!

Only, this power of flying immortal!

Much weaker!

After all, it is a broken piece of fairy ware!

Loud!!

A clear metal collision sound, resounding from all directions.

The power of flying immortal is broken, and the sword of killing immortals is broken again. The spirit of the instrument whines and falls into the state of suspended animation!

A kind of immortal tool -- killing immortal sword!

Broken again!

Ye Chen has a red gold luster all over his body. The body power of the gold body is revealed, and the strength of body refining openly breaks out.

Bang!!

Half of the bloody lotus beat him away.

The figure rolled out a hundred meters away, the flesh and blood almost collapsed, and the gold bone appeared a faint crack.

This one!

Very strong!

Almost will ye Chen's body burst.

After steady cultivation, ye Chen has entered the fifth level of the hegemonic period, and the power of his soul is not bad. All of them have been beaten to fly. Ye Wushuang is really strong.

"Poof!"

"Some strong!"

Ye Chen slowly stood up, took out some pills and fierce animal essence blood to take, the whole body lingers a group of blood light.

Soon, his body recovered a little, staring at ye Wushuang, "maybe, I can use you to polish my Tao Yun! My way of extinction seems to need your strength

Ye Wushuang's bloody martial arts contain the power of the way of extinction. Otherwise, you can't beat your own flesh and blood and nearly collapse.

Since I understand the way of extinction, although I have not gone out of the way of extinction, I might as well use ye Wushuang to polish it!

Let the road of extinction extend to tens of meters in size, and then you can also be promoted to the seventh heaven of Daoyuan!

"Little beast!"

"You killed Nantian, I can't think of how to torture you!"

Ye Wushuang suddenly kills, and the golden body dominates the body. He fights with Ye Chen.

From time to time, he looked more and more sad, his strength gradually strengthened, and even broke through his own limit. He said: "you have destroyed the hope of my Ye family."

"Brute, brute, I'm going to die alive today!"

"Brute, Nantian died in your hands. I will not explode my body and soul today. I'll take your mother's surname!"

"Go away, I don't care to have your surname Jiang!" Ye Chen's counterattack is also quite sharp. Ye Wushuang competes with ye Wushuang in strength of body and strength of Qi and blood. At the same time, he stealthily absorbs ye Wushuang's fist strength and the power of extinction in Dao gang!

The power of silence!

The way of extinction!

Cultivation is the most difficult, because the power contained is too terrible, even more than the way of destruction.

The law power of time and space, even a little bit sporadically, is enough to greatly increase the combat power! Fight to this point.

In ancient times, the blood is fierce and fierce.

Ye Wushuang's knife was smashed by Ye Chen's fist, and this one pin immortal tool was also scrapped.

It's a real fight, but with every blow, the ground trembles, the mountains fall, and the rocks are flying. Fortunately, it is far away from the people. Otherwise, a large number of Ye family members can be killed by the aftershocks or without injuries!

People around, with the shaking frequency of the earth, staring at all this.

Most of the disciples of the baizong clan and the Mozi family did not participate in the decision-making process.

A man from daoyuanjing, the tenth generation of the fifth branch of the Ye family, is responsible for managing some of the Ye family's industries in kunlunxu. Today, he also came to see the scene and sighed: "Ye Nantian is the hope of the Ye family, but how do I feel that ye Chen is the hope of the Ye family?"

"Yes, indeed."

"How old is Ye Chen? Can he fight with the matchless elder like this, can ye Nandian not do it?"

"That's right." Another disciple of the Ye family, who was in the eighth tier of Xuwang state, was puzzled and said, "Ye Chen is over 20 years old, and Wushuang elder is more than 600 years old. I can't see any strength gap like this! It's so weird

"I think ye Chen is the hope of Ye family."

"I see it the same way!"

"I don't know why the master and the elders want to Execute ye Chen."

"Yes, such a genius, what a pity!"

"Yes, ye Chen is so young, there are many possibilities." The middle-aged man gave a bitter smile and gazed at Ye Chen and ye Wushuang in the distant battlefield. He shook his head and said, "how nice it would be if he were friendly?"

He is a businessman, and he belongs to one of the four veins of Ye family.

He usually does business in Kunlun. Naturally, he hopes to be friendly. Of course, his seniority is not big.

A huge family, a large number of personnel, but the real genius is too few!

Ye Chen is entitled to be called genius by them!

"How strong!"

"Ye Chen is too strong!"

"It's much better than ye Nantian's talent!"

Ye Qing, the elder of Ye Qing, said to himself, "Ye Nantian is nearly 200 years old. He has been a proud man of two or three generations. The emperor has respected the five or six layers of heaven. However, he is not his opponent. Ye Chen's age is less than one ninth of ye Nantian's!"

Chapter 1200

What is genius?

What is contemporary genius?

Ye Chen, Qingjian, Heiyao, Ruohan, Huang Qiankun and Huang wugun are the contemporary talent overpasses.

The maintenance period of Tianjiao generation is about 50 to 100 years, because they are generally in their 70s and 80s, their talent has declined, and their level is not high. They will start to get married, have children and give birth to the next generation of overpasses.

However, ye Nantian, who has never been married, belongs to Tianjiao of the last two generations.

All these talents were killed in Ye Chen's hands. Ye Chen's talent is not only to push forward the contemporary Tianjiao, but also to suppress the upward four or five generations of Tianjiao.

"Matchless!"

"Why did it take so long?"

Ye Fudong was a little worried. With his state of mind and cultivation, he could only see the two fighting hand to hand. He could not see the power of annihilation and Qi and blood. He could not help saying to the people around him: "inform other elders to come as soon as possible!"

He gazed at Ye Chen being beaten to fly, but the gold body has not burst, and gradually some worry, "if ye Wushuang also can't block Ye Chen!"

"Only that man can do it!"

"That man's hand may help the Huang family to wipe out the hundred clan alliance and the hall of light!"

"As long as we calm down the civil strife before the arrival of the adults of the Xueling clan, we will not be irresponsible!"

When the servant heard this, he sighed and turned around.

As traitors, it is also necessary to assess and shoulder the responsibility to fight for the blood spirit clan. Once the Kunlun virtual rebellion occurs, they will not be able to escape the fate of being cleaned up.

In the battlefield!

All kinds of explosions rang out.

Ye Chen's way of killing and undeniable sword are unfolded and collide with ye Wushuang's way of extinction!

The three main roads are all a little broken down. It is obvious that the two sides are evenly matched.

It is necessary to transform the power of Tao into the rudiment of Tao.

Ye Chen has evolved the power of the two roads into the rudiment of the Tao. He said that he was the source of the Tao. In fact, his fighting power did not conform to his realm statement. It was reasonable to say that he was the emperor's six layers of heaven!

Just to be one.

Ye Chen wants to turn all the three "Tao" into the rudimentary form of the Tao, and then enter the realm of emperor's respect.

After entering the emperor's realm, six roads were built. After reaching the peak of the nine layers of heaven, the nine roads were combined into one, and the combat power was multiplied dozens of times.

Bang!!

Bang!!

A building was pulled up by Ye Wushuang and attacked and killed Ye Chen.

Ye Chen broke these boulders one after another. His left hand contained the power of killing, and the right hand contained the power of immortality. His fists bombarded ye Wushuang.

Boom!!

Like an explosion, ye Wushuang's gold body burst, leaving only a pair of gold bones.

Ye Chen is no better than that. There is only a golden bone covered with half a pair of flesh and blood, but there is a road of extinction floating behind. It is like the continuous waves of the river. The waves rise layer by layer, and every drop of water contains the power of extinction.

Drips ~ ~

drips ~ ~

drops of river water drop to the ground, and the ground collapses for tens of meters in an instant.

Even if a drop of river water has such power, this river is the way of extinction, which is ninety-nine meters long!

Ye Chen, has taken a step.

"Do you practice with me?"

"Asshole, you dare to learn my way of extinction!" Ye Wushuang broke out completely, and his fists haunted the power of extinction. Behind him, a 300 meter long river of extinction floated down, and the water fell down, as if to destroy the world.

Boom!!

Two people fight in a piece, quickly blow each other out.

Ye Wushuang was extremely miserable. One leg burst, leaving only one leg standing unsteadily. The river collapsed behind him. He looked at Ye Chen in surprise, "you have made a breakthrough!"

"How could it be!"

"Breakthrough in the face of war, the road to extinction is greatly increased!"

"You bastard, practice with me

Ye Wushuang has no way.

It's been a long time since I've learned how to kill myself.

The anger in my heart is beyond words.

On the other side, ye Chen slowly stood up, and his body burst completely, but the Qi engine became more and more prosperous. The river behind him was as long as 107 meters. After that step, the Qi engine also increased.

The power of life presented by heaven and earth is pouring into Ye Chen's body crazily. The golden body reappears and the evil spirit rolls on!

In just a few seconds, ye Chen arrived at the source of Daoyuan seven days ago. The road of extinction entered the first stage and broke through with the help of battle!

He looked at ye Wushuang and outlined a smile on his lips and said, "old thing, thank you very much."

"Without you, it will take me some time to cultivate my power of extinction."

"However, you will have no chance to release the power of annihilation in the first World War

Just now!

Ye Wushuang's fight is unscrupulous, releasing the power of annihilation, attempting to destroy Ye Chen's body, while making space stagnant. Of course, it also caused a lot of damage to Ye Chen's body, which almost destroyed Ye Chen.

On the contrary, in the time of self-cultivation, the power of self-cultivation is absorbed!

The ebb and flow!

Ye Wushuang's way of extinction is about to collapse.

And ye Chen's way of extinction has entered the first stage, and the combat effectiveness has doubled.

"Now!"

"You can go and die!" Ye Chen bursts out a fist, and the Buddhist scriptures of Taoism linger on the fist seal. In the seal, there is a Buddha who is reciting the scriptures with his hands together. The Buddha's whole body is bursting with terrifying power of annihilation. Instead, it covers the seal of the fist and covers ye Wushuang, so he wants to erase it.

"You little boy, you want to kill me

"Well, I'll see how strong you are."

"Today, you can't hurt my old man Ye Wushuang's half body was completely burned, and the huge force of extinction rose into the air and turned into a dragon. A dragon of hundreds of feet in size is all ye Wushuang's current combat power!

He burned his life and the way of death.

Burning everything that can burn, including the soul.

Only one blow!

Just as he said, martial arts practitioners attach great importance to their Taoist heart. If they are damaged, they will never be able to improve their strength. Of course, some old people who are extremely sad may go another way and continue to be promoted, including the great elder of xueyemen Taoism and the great elder of qingtianmen sect.

Besides themselves, the whole family died at the hands of the blood spirit clan.

They are forced to embark on the road of revenge, taking revenge as the training goal. Although they may be possessed by demons, they are resolute.

Otherwise, we must not break the situation and enhance our strength! Many of the elders of the eight schools also stagnated in the three or four layers of the heaven of the emperor's respect. Otherwise, in the past 1000 or 2000 years, they would be able to reach the six or seven layers of the heaven.

"Desperate?"

"good!" Ye Chen's lips outline a smile of evil spirits, and takes out a second grade immortal knife to kill the sword.

It's also a place for body refining.

His arm lingered with a huge power of extinction, which spread to the immortal killing sword. A breath of extinction rushed to all corners of the world, attracting endless thunder and lightning. The thunder clouds fell down and twinkled between heaven and earth.

For a moment, thunder, the power of annihilation and the power of flying immortal all burst out on the killing sword.

Ye Chen cuts a knife horizontally, has the power of exterminating the world!
