

Physician 1221

Chapter 1221

A man on the edge also saw some clues and said: "elder martial brother Chen Ping's skill is not bad, but this time he used his blood, he did hurt some foundation. You might as well go back and give him two blood ginseng fruits to make up for the loss of foundation!"

"Second, as a reward for his killing Ye Chen!"

"In this way, three years later, Dabi, a foreign disciple, will surely get a good place!"

"Good!" Elder Wei nodded slightly, and the blood sword was deep in his own heart. At this time, he said this, cut to the good, and said: "when he has finished solving Ye Chen, I will take him as a disciple of zhenzhuang and teach him some Taoist methods!"

He stares at the challenge arena. Chen Ping is still crushing Ye Chen, but he is not comfortable.

Have you been fighting for such a long time?

It is also necessary to concentrate all the strength on one hand to avoid greater injury.

What a waste of time!

"Chen Ping is good, too!"

"It's just that ye Chen was still rampant at first, and now he's beaten like a dead dog!"

"Loser!"

Another blood spirit clansman, disdains to look at Ye Chen!

He said, "this kind of rubbish has some rampant skills, but it should not offend us most!"

"In kunlunxu, no one can stop him!"

"But in our blood spirit clan?"

"This kind of strength, go to a little bit bigger place, any one person can hit Ye Chen's body with one fist!"

The seven layers of heaven in Daoyuan?

What is this?

What is it to be compared with half entering the divine realm?

When you really meet a big family, don't say that the younger generation can crush him, that is, the youngsters with strong blood ties. Beating him is almost like killing a dog!

On the ring.

Ye Chen blocks Chen Ping's fist, explodes to withdraw several tens of meters, the armor that the evil Qi gathers is afraid to burst in the next moment.

"Boy, do you feel your contempt?" Chen Ping smiles from a commanding position.

He waited for ye Chen's plea for mercy.

However, ye Chen has no intention to beg for mercy at all!

At the moment, ye Chen is laughing loudly!

He stood like a green pine, his eyes shooting cold light!

Bloodthirsty!

Silence!

He raised his head and roared, "please be paralyzed!"

The words fall, behind Ye Chen suddenly suspended the way of extinction.

Clang! Clang!!

Clang!!

The sound of metal collision came out.

The road of extinction, which is 100 meters in size, is like a dragon and a snake. It is stretching to 200 meters!

The power of the Tao has entered the second section!

Boom!!

Ye Chen burst out a Gaishi Qi machine, and his powerful Qi and blood burst the crystal palm pressed down by the cover!

His breath ascended and reached the eighth heaven of Daoyuan!

That's right. Then Chen Ping's pressure brought the road of extinction to a higher level and entered the second stage.

At the same time, the realm has also stepped into the eight layers of heaven of Dao source!

"Chen Ping, thank you very much."

"Let me break through the realm, but now your death has come!"

Ye Chen murmured: "blood dragon!"

"Xiao Huang, give me strength!"

"What if he uses the power of his blood? I'll smash him directly with Qi and blood!"

"Understand!" Xiao Huang responds and plunges into Ye Chen's body. With a surge of majestic Qi and blood, she breaks through the starry night and blooms with brilliant brilliance.

In the blood of the dragon, the body goes out without saying a word!

Another peak of power into!

No matter Xiao Huang or Xue long Xu Ying, ye Chen has been accompanied along the way!

Is a part of Ye Chen's body!

Nature can borrow their power!

Xiao Huang comes from the blood of the great power of samsara cemetery! Natural terror!

And the blood dragon, the reincarnation graveyard's big ability once said, it will become Ye Chen's biggest card!

It may even crush anyone of the blood spirit clan!

How can it be rubbish!

Clang! Clang!!

Clang! Clang!!

One after another inch of metal luster, into a golden scale, thousands of pieces are lingering around Ye Chen.

At the next moment, the golden scales stick to Ye Chen's body and turn into a pair of golden armor. There is also a whirlpool of Qi and blood coming, which is the killing sword.

Ye Chen holds the Zhumie sword, wears the golden holy armor, and has the power of blood dragon and Xiao Huang. He bursts out a murderous spirit, which is like the ancient god of war. It is full of endless luster. At the same time, it emits a cold and frightful breath, which makes people shiver and even the soul trembles.

Overnight.

Changes in the wind and cloud, the four sides fear silence, a great way of God surging, blessing Ye Chen. The way of eternal sword, the way of killing and the way of extinction.

The power of the three ways is obvious. If three rounds of long river are suspended in the air, the water of Taotao river turns into a holy general, which softens the indestructible nature, the power of killing fury and extinction, and kills the shadow of nine babies in unison.

Whoosh ~ ~

whoosh ~ ~

the sound of air explosion is coming out.

Hundreds of God generals surrounded jiuying Xuying and fiercely attacked nine heads with war guns.

"Chen Ping!"

"You think you can beat me?"

"Well, I'll kill you completely today. I'll see how you resist!"

"In this land, I respect Ye Chen!"

Ye Chen waves the Zhumie sword to kill him, but he is blocked by Zhugui sword. The blade immediately sends out a force of annihilation. Like a light wave, it envelops Chen Ping, crisscross with withered yellow waves, and circulates all over Chen Ping's body.

Now!

The power of the power of annihilation can dissipate each other's 1500 years of life every second!

You don't have to kill you. As long as you are wiped out for some time, you will have to die!

Is it a long life span of 30000 years?

It's just 20 seconds!

"Ye Chen!"

"Ye Chen, you brute

"Ye Chen, let go of me, let go of me!"

Chen Ping screamed hysterically. At the same time, he bombarded the silenced light wave with his right hand.

He grabbed the ghost killing sword in his left hand, and burst out all his Qi and blood, trying to blow ye Chen out. Now, regardless of the problem of foundation, he has a lot of white hair in less than two seconds. If he goes down, Shouyuan will be exhausted!

Bang bang bang!!

Bang bang!!

The bloody fist attacks in the silent wave. It seems that there is no effect in general, which can only cause empty explosions.

As for the nine baby virtual shadow has been completely entangled, can not help the master resist the power of the annihilation light wave.

"No!"

Chen Ping held Zhugui sword in despair. He felt that he was getting weaker and weaker. His beautiful cheek had become bloated. After five seconds, his Shouyuan had passed away!

"You mean bastard, let go of it

"Come on Come on... "

Chen Ping's shrill shrieks spread quickly as Shou yuan weakened.

In the blink of an eye, his body is outlined, and he is extremely weak.

Ye Chen still ignores him, still controls Zhu Mie Dao to attack Zhugui sword!

His eyes are crazy and bloodthirsty!

If someone pays attention to it, he will find that ye Chen's eyes have changed.

A pupil with blue light, like the eyes of death from hell!

The other pupil is scarlet blood light, such as the master of reincarnation!

Chapter 1222

This is the case!

Chen Ping withdraws his sword and wants to drive back Ye Chen, but he will be cut and killed by Ye Chen first.

The power of the four immortals is not covered!

In terms of power alone, it is more than eight times that of the second grade immortal!

If ye Chen did not rely on the power of annihilation to resist part of the attack, and then control the way of killing and indestructible power to resist the other half of the attack, I am afraid he would have been shot out first!

If Chen Ping does not withdraw his sword, he will be surrounded by the silent light wave!

In 20 seconds, you must die!

Anyway!

Chen Ping, who has entered the realm of God, is bound to die!

As for the nine infant virtual shadow, it has been completely trapped by the power of the three channels, and can not deliver the power to Chen Ping. As a result, the original blood force has been cut off, and Chen Ping can only rely on his own strength of Qi and blood!

In a flash!

Junyi's young age marks are mottled and mottled, and his cheek tells about his unwillingness.

He called out feebly: "Ye Chen, I recognize the plant!"

"Let me go, I've been consumed by you for more than a long time!"

"If you let me go back, I won't be able to do it. Let me go!"

"I beg you!"

At the moment, Chen Ping is totally different from the arrogant devil.

In his heart, he even regretted: Why did he come out for this trip?

It's just to suppress a low level military level!

I just want to get some blood for cultivation!

Why?

Why should I meet a warrior who has cultivated the power of extinction?

Less than a quarter of an hour ago, he has lost a lot!

His future, his future, is so ruined!

He is not willing to!

"Well, if I lose, you will let me go!"

"Accept death honestly, you scum!"

"If you want to kill me, ye Chen must be aware of death!"

"Silence the light, break it!"

Accompanied by Ye Chen's voice, the dead light waves suddenly broke into pieces, turning into deadly fragments, which stabbed Chen Ping's body like a sharp sword.

Ye Chen burst back and out, and then beat back the nine infant virtual shadow!

Whoa!!

A cold wind blowing, nine baby shadow directly into powder.

Chen Ping stood on the challenge arena blankly with white hair and wrinkled skin all over his body. At the moment, he looked like an old man in his 70s and 80s. I'm afraid that the next step is to step into the wind in the coffin and the candle will not last long.

Poof!

He burst out a mouthful of blood, "blood..."

He looked down at his whole body. There were some small pieces of extinction in his flesh and blood, which were disappearing rapidly. The rest of his Shouyuan was no longer able to recover!

I'm afraid it won't last a few seconds!

"I knew I shouldn't have come here!"

"Coming here is a big mistake I've made in my life!" Chen Ping glanced at all the people around him and said with a wry smile: "after 25 years of hard cultivation, I want to go to the sky once and dominate the world. Unexpectedly, I want to come to Kunlun Xu."

"But it's the end of my destiny!"

"Time flies, less than 30 seconds, fleeting..."

He gazed at Ye Chen as if the God of war, and evil spirit said, "you have a cruel heart!"

For a young man, it is better to kill him than to let him die quickly and powerlessly.

For Chen Ping, it is a great torment for Chen Ping to feel that his life expectancy is hundreds, thousands and tens of thousands of times.

Ye Chen, more terrible than the devil!

But this is the reincarnation of heaven.

There is no right or wrong in the world of martial arts, only strong and weak!

"How cruel?"

"How cruel were you when you slaughtered Kunlun Xu

Ye Chen dismissive, said: "today is just to pay off the debt, everything is your fault, blame no one!"

Silence the light wave!

From the power of extinction!

Have the ability to consume human or beast Shou yuan!

Such ability is a terrible nightmare for any enemy. Warriors can accept being killed, but it is more vicious to let them watch themselves die in a short period of time and destroy all their dreams and hopes!

But ye Chen is vicious?

No!

He only applies this technique to those who join the blood spirit clan and the blood spirit clan!

That's because it's necessary to deal with traitors and demons!

For the normal enemy, ye Chen disdains to torture people like this!

Hoo Hoo Hoo!!

Whoa!!

All around become silent, all people are staring at the challenge arena, eyes become dull gradually.

Especially Han Yun, ye Lingtian, astronomy, Baizhan and others!

It turns out that the master's card is so terrible! In 20 seconds, it has consumed the life yuan of a man who has entered the realm of God!

If it is used by people who respect the emperor?

I'm afraid it won't take a few seconds for each other to turn into powder, right?

Such ability can't be summed up in terms of adversity. Even if you have the ability to fight back against others, you can consume the strength of the other side by a large margin. In less than a minute, the most powerful enemy will have no combat power!

Among them, the most clear experience is the Baizhan elder. He has also practiced the way of extinction. However, he has not yet understood the move of "silencing the light wave", nor can he consume his opponent's Shouyuan in such a short period of time.

At most, they can only consume hundreds of years of life.

"The talent of the temple master is really terrible!"

"How long have you been practicing the way of extinction?" Baizhan elder sighed to himself and counted them carefully. It seems that it is less than a month?

Within a month!

Understand the power of the way of extinction to this extent!

And, practice to this degree!

It is only the genius of the big family in the blood spirit family that can be compared with the temple master!

Bang!!

Another sound came out, and a figure fell.

It was Chen Ping who fell down. At the moment of landing, his flesh turned into powder and floated in the sky!

"Chen Ping! You killed Chen Ping! "

"Dare you

Wei Wucheng was furious, regardless of the glory or not.

"Ye Chen, you brute, dare to kill my three disciples!"

"Especially Chen Ping!"

"You can never match his blood, you mean thing!"

He waved his hand and gathered a bloody thunder to kill him. In an instant, he hit Ye Chen out of the range of the challenge arena. "Do you know that Chen Ping is a talented disciple who can join the big contest of the outer gate? If you kill him, how can I make you feel better today?"

Immediately, with one hand as a knife, he cut out a rotating chart in the air, sweeping through the air and shaking the ground to pieces.

That is, the huge challenge arena built with the six spirit weapons has been smashed by the afterlife and turned into thousands of pieces flying out.

The whirling chart rubs against the air, producing a violent flame, leaving a long trail in the air.

"The sun and the moon are cut off!"

Ye Chen murmured and gathered Qi and blood in Zhumie Dao. He suddenly cut out a knife, and then the dragon and Phoenix appeared, and the sun and moon marks appeared.

Chapter 1223

Oops!!

The Dragon roars and the Phoenix crows.

With the body rotating and superimposing the sun and moon marks, it flies through the air, and collides with the chart of the rotation path.

Bang!!

A strong shock wave came out, and the weaker people were shaken out one after another.

On the edge, ye Lingtian was shaken to bleed, and his body swayed!

Only the afterwave has such power, can make the emperor's Zun state be damaged!

You can imagine!

How powerful is this picture of Tao!

Clang! Clang!!

Clang!!

The light fades away and the afterwaves break.

People can clearly see that long Fengzheng is pounding with each other like two flaming golden wheels. In a flash, a layer of aftershocks erupted and spread to smash the huge qianjue square.

"Run!"

"Withdraw!"

"Get out of here

The first idea of the Qin, Wang and Luanjianmen is to withdraw!

Just now that one afterwave all hit oneself and others seriously. In the face of a few afterwaves, you can't be killed alive by the earthquake on the spot!

With the evacuation of several door owners and home owners, others quickly left.

Bang!!

An afterwave spread out.

The huge Qianjue square burst with countless stones. The Qianjue square, which covers hundreds of thousands of square meters, has been destroyed for thousands of years! However, the road map bursts out bright golden light, which seems to be dissolving the power of the dragon and Phoenix.

"No way!"

"If we go on like this, we can't stop it!"

Ye Chen's face was extremely defeated. With a grasp of his left hand, Chen Ping's four grade immortal sword came flying!

He held the sword in his left hand and the sword in his right hand. His Qi and blood burst out from the tip of the sword and the tip of the sword at the same time, crisscross and crisscross like a waterfall, with the spirit of sweeping the sky.

Sword Qi and sword Qi are blessed on Dragon and Phoenix.

Block the attack of Daotu temporarily!

Is this the power of the five layers of heaven?

Do you have such power when you hit the hand knife at will?

"No!"

"The old man's blood power is very weak, and the power of Tao Tu is supported by Qi and blood!"

Therefore, the Qi and blood of Qi and blood of Ni Duan changed suddenly

"But his blood is weak."

"Not even the blood of Lop because of the python!"

"It should be eight or nine, absolutely low quality!"

"You try, with the power of blood!"

"You are reincarnated, and the suppression of blood should be enough to fight against it!"

"Good!" Ye Chen immediately nodded, and purple Qi and blood flowed from his arm, which flowed into the sword. As expected, the sword Qi and Dao Qi increased several times. He had not yet fully awakened his blood vessels, but only used some blood power.

"Boss!"

"Your blood, I'm afraid, must be of the top three."

"Absolutely more than the old man!" Xiao Huang's words ring through Ye Chen's ears.

The next moment, a golden light is disillusioned.

Then, a startling explosion came out. All they saw was that the shadow of dragon and Phoenix burst, and the road map hit Ye Chen.

In mid air, a figure passed by and fell heavily on the ground.

Ye Chen staggered to get up, blood stains on the body, extremely embarrassed.

Anyway, the gap between them is still too big.

The other party is a strong one in the spiritual realm!

If ye Chen stepped into the realm of emperor's respect, he would be able to resist entering the realm of God.

But now it's just the source of Tao!

How to fight!

"How strong!"

"Is this the real strength of entering the realm of God?"

Ye Chen regardless of the body injury, swallow a few pills, difficult to stand up.

However, the second product kill knife has been full of cracks, obviously can not bear the power of the road map, began to crack.

As for Sipin's ghost killing sword, there are several traces on the sword.

It's estimated that the sword can't be used for long!

Enter the five layers of heaven!

Sure enough!

I'm afraid it's easy to break the immortal utensils!

However, Wei Wucheng is a little surprised to see Ye Chen, seems to be surprised again.

He was a little surprised and said, "you didn't die?"

"My Qi and blood power at this level can blow up the four levels of heaven in the spirit state, and it's no problem!"

"You just hurt you! You can't exaggerate even if you are exercising! It's interesting that a warrior on the garbage level can be so strong. "

"You are really good, but it's a pity that you are a Kunlun Xu person!"

He stood with a negative hand. If the emperor with high ambition gazed at Ye Chen, he said: "I want to see, you can resist me a few moves!" "Five moves?"

"Three moves?"

"I think it's almost a move." Wei Wu Cheng Si cableway: "just, a move to kill you!"

"It's a long dream to save!"

The next moment!

Wei Wucheng flies to qianjue square and ignores the people around him.

He slowly waved his left hand, and the power of Qi and blood flowed. The palm of his hand became pale blue, just like a crystal palm. Holding his fist firmly, his arm was surrounded by the vigorous wind of Taoism, which attracted bright flames, including purple, white, yellow and black.

The power of the fire, gathered in the fist.

Bang!!

Wei Wucheng made a fist, which contained all kinds of fire power. His fist strength flew out with a ferocious face. It seemed that it was an attack from hell. It sent out a terrible breath, and even other people could not help shaking!

"This one!"

"Very strong!"

He looked at Ye Chen from above, his eyes were extremely ferocious.

He is very clear, with the strength of Ye Chen can not block this blow.

This is the difference between Gao Wu plane and garbage plane!

This punch contains his endless anger!

Ye Chen has killed so many of his disciples. If he is known by that adult, he will surely die!

Only with Ye Chen's head back to the blood spirit clan, can you get the forgiveness of that adult!

Ye Chen raised his head, some blood stains covered his eyes, and his body was shaking.

The powerful pressure shrouds, even lets Ye Chen cannot help but spit out a mouthful of blood.

He wanted to communicate with the power of the samsara cemetery, but found that the blow closed everything.

In other words, ye Chen can only carry it by himself!

However, he is so seriously injured, how to carry it!

"Damn it!"

Ye Chen angrily scolded, he is very clear, this is the biggest crisis that he encounters at present, have a little carelessness, be sure to die!

He wanted to rely on the reincarnation cemetery, but now Wei Wucheng's power sealed everything!

Ye Chen Mou son a congealing, he stares at Wei Wucheng, as if in charge of all smile!

He has no choice, he takes a difficult step, no matter what the result, he will not shrink back!

However, at this time, a beautiful shadow flew in front of Ye Chen.

Let Ye Chen be surprised is that the hand is ye luo'er!

"Ye Luo, what the hell are you doing! Go away Ye Chen roared.

Chapter 1224

But ye Luo'er is dead in front of Ye Chen's body, the corner of his mouth outlines a fearless smile.

"Brother ye, Luo'er has no father, no mother and no relatives. But since I met elder brother ye, I know that I have one more relative."

"Luo'er is just a cheap life, but elder brother Ye is carrying the future of Kunlun Xu."

"Luo'er is willing to block this blow for brother Ye!"

Ye Luo'er slightly clapped out a palm, pushed the injured Ye Chen back several steps, with crystal like tears flowing from the corner of his eye, "elder brother ye, as long as you can remember me in the future!"

Ye Luo Er's eyes are full of fearlessness!

Since ye Chen brought her out in the blood spirit secret place, she has always wanted to help Ye Chen, but her strength is too poor. Every time she wants to help, she can't do it.

But this time, she can!

She can do it!

"What do you do?"

"Lol!" Ye Chen almost madly goes forward, wants to grasp ye luo'er's hand, but is shaken back by a breath!

Wei Wucheng saw this scene, but he sneered: "garbage is garbage. Do you think you can help this boy resist? You're kidding! Today, all of you are going to die! "

He urged the blow towards ye!

I thought ye luo'er would be shocked into blood fog by aftershocks!

But I didn't think of it!

Whoa, whoa!!

Whoa!!

A breath of holy dragon broke out from ye luo'er's body, and immediately the extremely strong blood mist appeared.

A huge flame dragon head stretched out from it, the Dragon claws with the scale of the flame dragon extended, and the dragon's feet stretched out. Soon, the body also came out of the blood mist. A flame holy dragon with the size of ten Zhang came out slowly. A pair of extinct dragon eyes were filled with a pure look.

The shadow of the holy dragon is on the fist seal!

It's the power of blood awakening!

Ye Luo Er's blood force, thoroughly awakened!

From the moment when ruozhong handed her over to Ye Chen, ye Chen knew that her identity was not simple. She was definitely an upper class member of the blood spirit family. However, she did not expect that her blood was so strong that it was far more than Chen Ping's five blood lines, at least two or three.

Otherwise, it will not have such a strong breath just because of the deficiency of blood vessels!

More than ten times the shadow of the holy baby!

Roar!!

Roar!!

The sound of the dragon's howling was heard.

Wei Shengquan seems to have no idea of attacking himself.

It is just in front of the body of Ye Luo Er, for the body to resist the attack.

"How could it be!"

Wei Wucheng's eyes are wide at the moment!

He's staring at yelor's body! More dead staring at the flame dragon!

He once saw this kind of blood deficiency shadow in the blood spirit clan!

Just more powerful!

This is the blood of the blood spirit clan! How can appear on a girl of Kunlun Xu?

No way! No way!

Bang!!!

The moment the fist seal hit the shadow of the holy dragon.

Countless bright flames burst out!

Seven or eight of the flames were flying, and the seal was directly burst.

The Dragon scales of the holy dragon's virtual shadow were splashing everywhere, and the huge virtual shadow also burst out in the air. Ye Luo'er was also hit by some forces!

Poof!!

Ye Luo'er spurts blood and flies upside down, like a heavenly daughter, and her white dress is dyed red with blood.

She fell in Ye Chen's arms and said with a smile, "brother ye, Luo'er seems to be getting worse!"

"You go

She stroked Ye Chen's cheek, "go quickly, hurry up, if you don't go, it will be too late!"

Brother Ye!

That's all I can do for you.

You must leave safely. I may fall asleep.

But I'm not going to die. I'll be waiting for you.

At the next moment, ye lu'o'er closes her eyes, seriously injured and unconscious, and seems to be in a state of suspended animation.

"Lol!"

"Lol!" Ye Chen hugs ye lu'o'er and looks at Wei Wucheng with gnashing teeth.

Wei Wucheng was very surprised. Looking at his fist, he was bitten by the shadow of the holy dragon, which had burst into pieces.

He said, "who is this girl! Kunlun Xu, when did this kind of kinship exist

"No, it's not Kunlun Xu!"

"This woman is a member of the blood spirit family, a woman of the holy dragon family, who was vagrant to Kunlun Xu?"

"Damn it!"

Holy dragon family!

The top big family of the blood spirit clan, if let them know, he has severely damaged their family's offspring.

That's my blood sword gate, all of them will be destroyed!

"These people in front of you!""Can't stay!"

Wei Wucheng immediately under the cruel, cold breath spread all over the body, to kill all the people present.

Including blood sword and another disciple, all must die!

Only when they are dead will the secret be preserved!

Even if the Shenglong people trace down, he can also say that Kunlun Xu's people hurt her!

If not traced down, the best!

"Wei Wucheng!"

"You want to kill us?"

"You old beast, today, I'm going to scratch your skin and cramp you!"

Ye Chen puts ye lu'er in a safe place and makes Baizhan guard.

His cold eyes were filled with endless madness, and there was a magic light in his eyebrows, which seemed to be an eye.

Yes, a bloody devil's eye appears!

It's the eye of the devil!

The next evil eye in his heart.

From Jiuyou!

Once in the blood spirit secret realm, it was the devil's eye that helped Ye Chen kill so many powerful people of the blood spirit clan!

Ye Chen knows that the appearance of the devil's eye represents a turning point!

He was haunted by the magic light, and his Qi and blood were climbing. He was as angry as a ghost!

Today's blood spirit people, one does not want to die safely, every one has to pick skin cramps!

Let everyone see, dare to move Ye Chen, death, is the biggest luxury!

In the tomb of samsara!

"The blood of the tomb owner has awakened again!"

"The eye of the devil!"

Blood seven night turn to look at Ye Luo Er, way: "this girl, still quite heavy affection!"

"A nice girl!"

"Ye Chen, I will give you all my strength to destroy Wei Wucheng!"

"Master!" Ye Chen asked, "how is Luo'er's injury?"

"Not bad!" Blood seven nights is gathering all the strength, and the tomb of reincarnation is full of blood. "She is a member of the holy dragon family of the blood spirit family, and one of the top blood vessels. Although she has just awakened, it is comparable to the second rate blood."

"It's just that ye Luo'er's cultivation is too weak, so he has only defensive ability and no counterattack ability."

"But at least I can't die. I'm afraid it's going to take some time to heal my wounds."

Holy dragon family!

At first, I didn't know which family the girl belonged to.

I didn't expect to be one of the top forces of the blood spirit clan and the most mysterious person of the holy dragon family. At the beginning, it should be the Shenglong family that had civil strife, otherwise ye Luo'er would not have been exiled to Kunlun Xu!

However, since she was exiled to Kunlun Xu and was a disciple of mine, she was seriously injured to protect her apprentice. She is a good girl.

Chapter 1225

"Ye Chen!"

"Ready, this force will be strong!"

Blood seven night form a fall, body shape with the blood light, a fly into Ye Chen's body.

At the moment, ye Chen is like the ancient demon. He turns nine magic lights on his chest and turns into a pair of Demon Armor. His eyes show the spirit of despising the world. He abandons the Zhumie sword and Zhugui sword, and wants to kill Wei Wucheng simply with his fist!

Now! Because of the seven nights of blood and the power of the devil's eye.

His Qi and blood has reached a very terrible point, and even the evil Qi overflows his eyes.

Wei Wucheng, who was far more than that of Wei Wucheng, was so pure that he was comparable to the strong man who was in the state of God. As a result, the heads of Qin family and Wang family burst out in succession. More than 100 clan leaders and elders who flattered the blood spirit clan knelt down one after another.

The eye of the devil and the power of the seven nights of blood!

Two kinds of power release the prestige, the terror to the extreme!

Bang bang bang!!

Bang bang!!

Immediately, the bodies of the leaders of small sects and the elders of Taishang burst out.

It's like releasing fireworks, one by one, and the souls are all wiped out in an instant. How can these ants from Daoyuan and Emperor Zun bear the breath of Ye Chen.

In a flash!

Turning to the 170 small sects of the blood spirit clan, thousands of people spit blood from the patriarch to the elders.

Can't bear it!

The head of Luanjianmen, Linghai clan and so on, with an unbelievable look in his pale face!

Ye Chen!

It's a complete explosion!

So many emperors and nobles have been harmed by coercion alone, and thousands of Daoyuan states have been destroyed. This is simply a supernatural demon!

Bang!!

Bang!

There are dozens of spitting blood, and several middle-sized sect leaders, such as the random gun gate, whose blood is gradually stained!

They escorted the disciples of Guangming hall, whose shackles were untied one after another.

The spirit tools seized by thousands of disciples worshipped Ye Chen in unison and said, "I've seen the master of the hall!"

"The Lord of the temple is so powerful!"

"Get up!"

Ye Chen did not look at them much, his eyes fell on Wei Wucheng.

He came to Wei Wucheng like a flash of lightning. He smashed his magic weapon in his hand. He reached for Wei Wucheng's neck and lifted it like a chicken. The cold voice filled every part of the world, "my people never move. You are not the first or the last one!"

"But you're going to be the worst of all!"

"I promise!"

At the next moment, ye Chen grabs him upside down on the ground and bombards him with punches and punches. Each blow can cause ground shaking like an earthquake!

Elder Wei's eyes are full of panic!

What's the origin of Ye Chen!

Why does the feeling change a person! Incomparably strange!

The boy's power seems to have stepped into the realm of ecstasy!

Does Ye Chen have great power to take away her?

This is not ye Chen!

At the moment, ye Chen doesn't care about elder Wei's fear. He tries his best to preserve the strength of his fist, so as not to kill Wei Wucheng with one blow!

Bang bang!!

Bang!

After dozens of punches, Wei Wucheng was already bloody, his hands and feet were broken, but he still wanted to resist.

Such old people think that they may still have the strength to fight.

"The power of blood!"

"Show --"

Wei Wucheng drank a lot, and before he finished, he was beaten by Ye Chen with a fist full of blood.

However, his meridians are quickly mobilized. The lavender blood behind him shows the shadow of a sky tiger. The ten foot size of the sky tiger is also the virtual shadow of the ancient great demon. However, he is far less than jiuqing, and even not as powerful as Tianpeng's blood!

No doubt!

He's just a nine stream blood, is the bottom of the character!

Otherwise, how could it be that thousands of years of practice, even tens of thousands of years, are just five layers of heaven in the spirit realm!

"Roar!"

"Roar!"

The sky tiger virtual shadow roars several times, fiercely jumps up and bites Ye Chen's arm.

Ye Chen arm a shock, immediately to the sky tiger shock fly out, "low blood, also want to attack me?"

"You

Wei Wucheng is speechless. He has the blood of the ancient demon!

Ye Chen called it a lower blood!

"Come here!"

Ye Chen murmured, and with his left hand he grasped a ten foot sized tiger in his hand. When he closed his right hand, he tore the shadow of the tiger in the air.

Two half of the sky tiger empty shadow is standing upright burst, come quickly, turn into the front of the crystal stone flying down.

"Poof!"

"Ye Chen, you are so cruel! What kind of blood are you? "

Wei Wucheng spurts blood again, the blood manifestation is destroyed, and he is directly beaten into a serious injury! Ye Chen's eyes were bloodthirsty and roared: "what blood do you ask me! Good! I tell you! I am the blood of reincarnation

At the moment, hearing the four words of reincarnation, Wei Wucheng is completely confused!

How could it be!

Reincarnation is the existence of legend!

How could it be on a low plane trash!

But ye Chen power let him know that this is the truth!

He really realized it!

Ye Chen, you can't fight!

Absolutely not to fight!

At least under the six layers of heaven, ye Chen can't be stopped.

At the moment, ye Chen's Qi and blood power is not inferior to him, and he has even touched the level of "higher realm" power. At such a level, it is easy to smash a martial artist who has entered the three or four layers of the divine realm.

I have practiced for tens of thousands of years, and it is no longer the peak period.

How can you block Ye Chen?

"Ye Chen!"

"You let me go. I promise you that I won't report to you when I go back!"

"How?" Wei Wucheng is still in the hands of Ye Chen, unable to move, but also unable to attack Ye Chen.

Just now, he was like a demon, and now he is like a weak woman.

"Let you go?"

"Old man, are you so fatuous? You hurt me, yelor, and I'll step on you to hell

Ye Chen is surprised that Wei Wucheng's brain circuit can't see the situation clearly!

"All right!"

"You can't see the situation clearly. I want you to see clearly!"

Ye Chen grabs his left hand on Wei Wucheng's shoulder, and his sword will bloom. A stream of Qi and blood flows into Wei Wucheng's body and turns into a sword with a handle. He quickly cuts off Wei Wucheng's meridians and pulls them out at the same time.

"Ah..."

"Ye Chen, you How cruel, you beast... "

"No..." Wei Wucheng was sweating all over his body with blood dripping. He could see the meridians pulled out of his body everywhere. This kind of pain was several times more painful than that of ten thousand ants biting the heart. His whole meridians could be broken and turned into powder!

But being pulled out alive is more painful than killing him.

"Old thing!"

"Comfortable? In those days, you tortured my Kunlun Xu people and tortured Han Yun. It's the same way! "

"And you hurt me, lol, and I want you to pay back a hundred times!"

"Today, you have a good time too!" Ye Chen continued to release his sword Qi and began to separate and extract the flesh and bones in Wei Wucheng's body.

Chapter 1226

All of a sudden.

Blood Sword and another blood spirit clan disciple soared to the sky!

One is in the spirit state, the other is in the second level of heaven!

Almost absolute strength!

However, these two disciples didn't come to save Wei Wucheng, but they went to the Huang family. They left Kunlun void by the boundary wall and left with the help of space transmission array!

Are you kidding?

Ye Chen such strength, is to enter the spirit realm seven layers of heaven!

You can't take it down!

Elder Wei Wucheng has already captured him. If he doesn't run, when will he wait?

"Did I let you go?"

"Come back!" Ye Chen roared, and Qi and blood turned into Dao Dao sharp sword, as if penetrating through time and space, penetrating Blood Sword and others, and bringing it back! He waved again, his fingers shot out, and the luster flew out.

The blood color and luster are like sharp sword. It penetrates the Blood Sword and another person's meridians and elixir fields.

The pride of two blood spirits!

Elixir field is directly abandoned, a body cultivation is invalid!

"No..."

"My accomplishments

The two fell in front of Han Yun and others, and the immortal utensils on their bodies also fell on the ground, which was a four grade immortal tool and a three grade immortal tool!

After more than 20 years of painstaking cultivation, their accomplishments were abandoned. The blow and physical injuries made them faint and unable to resist.

"Han Yun!"

"Ye Lingtian, catch them and torture them well!"

When ye Chen finished his explanation, he looked at Wei Wucheng. His lips outlined a cold smile and said, "old man, if you want to die, I can't help you!"

"Do you think this is particularly familiar?"

"You said it before. Now, I'll give it back to you!"

"I'll make you worse than death!"

After saying that, ye Chen grabs Wei Wucheng and comes to the public. He binds Wei Wucheng to two crossed spirit tools sticks, and takes out a sharp knife, which penetrates Wei Wucheng one by one!

Wei Wucheng was highly cultivated, but his physical state was not high, but he was in the period of dominating body.

Not to the level of Huagang, blood gradually dyed, extremely embarrassed!

"Ye Chen, I beg you!"

"Let me go!"

"I'll give you whatever you want!" Wei Wucheng looked at Ye Chen's cold eyes, only remembering the word "mad devil". He kept shouting: "I beg you. For my age, I beg you, give me a death, ah..."

"I'm sorry, I'm a devil, I won't let anyone go!"

"Don't try to avoid a knife!" Ye Chen destroyed Wei Wucheng's elixir field with one punch!

Soon, Wei Wucheng's scream spread all over the city!

Once upon a time, 3000 years ago, there was the same scream of skin pinching and cramping, which shocked the whole world. However, the protagonist of the last time was Han Yun, a man of Kunlun Xu!

This time, it was Wei Wucheng, a member of the blood spirit clan!

Gao Gao went up to the blood spirit clan again. Today, ye Chen is also late!

"Good, easy!"

"Ha ha ha ha, ye Chen, good work!" Han Yun almost laughed wildly and went forward and said, "can I also give him a hundred knives?"

"Good!" Ye Chen handed Han Yun the small knife of the spirit tool and stood on one side and said, "the Han family has been destroyed by this man. I'll give you a hundred Dao chance!"

"Good!" Han Yun picked up the knife and finally had a chance to get revenge. He couldn't help saying, "Ye Chen, thank you very much. Without you, I would never have this chance!" When he looked at Wei Wucheng again, he gritted his teeth.

Han Yun personally operated the knife, facing Wei Wucheng lingchi.

Generally speaking, lingchi is divided into three levels: 1000 Dao, 2000 Dao and 3000 Dao. Ye Chen directly defines Wei Wucheng to the third level. He scrapes 3500 knives from his life, which seems cruel. In fact, to Wei Wucheng's level, his whole body will not die if his flesh and blood are smashed, as long as his bones and gold are still there.

The so-called lingchi is just pain. Wei Wucheng can't die.

At most, he should spend some more time to recover Wei Wucheng's body, and then perform the punishment of skin scraping, cramping and cauterizing.

Compared with these, at that time, the blood spirit clan's means were not cruel enough.

"Han Yun..."

"Han Yun, you old man..."

Wei Wucheng was tied to a cross and placed in the center of qianjue square. The high-ranking Xueling people have become prisoners. No, slaves should be more appropriate.

He glared at Han Yun angrily and felt the flesh on his body cut off by a knife, which was extremely painful.

"Han Yun, if you have the seed, you will kill me!"

"You killed me, Ben!"

"Ah Ah, what's the power to torture me

I should have known that!

He is determined not to come Kunlun Xu!

People who thought they could crush Kunlun.

Unexpectedly, he was crushed by Ye Chen. Now he is still in such a field. He can't live or die. Self explosion?

His elixir field was abandoned by Ye Chen, and his meridians were also interrupted. He could not mobilize Qi and blood of the whole body.

The soul explodes?

All souls are wiped away by Ye Chen, and there is no one in a hundred, which is even more impossible.

Now, even if Wei Wucheng wants to die, it is impossible for him to change to an ordinary person, at least he can bite his tongue and kill himself. He can't even die by biting his tongue into pieces.

"Ha ha ha ha!"

"You keep shouting, and I'll give you back the insult you used to have!"

"Ye Chen, thank you very much." Above the other side's Qi and blood, Wei's Qi and blood can't be cut, and Han Cheng's blood can't be cut!

Golden body!

It's really tough!

"Master of the temple!"

"I'll go too!" Ye Lingtian clasped his fist and motioned to Ye Chen, saying, "the blood spirit clan has insulted us and killed so many of our predecessors!"

He looked at the other two blood spirit clansmen on one side and said, "I request that those two people be tied up and put to death in a hurry!"

"Don't worry!" Ye Chen's indifferent eyes look at one of them. The second grade enters the divine realm and knows a lot of news about the blood spirit clan. For him, it is necessary for him to understand the blood spirit family, especially the news about entering the God state and the God King state.

In this regard, Nie Baijian has not yet been out of the war, so they will not pay attention to it.

Wei Wu Cheng's attitude to knock out the news is not good, even if the knock out may be false news!

In an instant, ye Chen grabs the man. His cold eyes are like nine hell demons. The devil's eyes in the middle of his eyebrows fade away. "Which sect are you from? What is the situation of your sect and what is the surrounding pattern? "

"Ha ha ha ha, ye Chen, I am already a man to die!"

"Do you think I'll tell you the news?" The blood man showed a helpless smile. Although Ye Chen held it in his hand, he did not have much fear. After all, the elixir field and meridians were abandoned. Even if he went back, he was also a waste man.

"You said it."

"I can kill you and keep you in the prison, waiting for the next day to level the blood spirit clan, and make the blood spirit clan a subordinate territory of Kunlun. I can let you go back and restore the elixir field for you."

Ye Chen's insipid narration of all this, seemingly insipid, but to the people around a great impact.

Ye Chen knows that Wei Wucheng is just the beginning!

The fall of these people in Kunlun will certainly infuriate the real power behind them!

He has to prepare!

And he wanted to know where the hundred great powers were trapped!

Chapter 1227

The man's deep blood pupil, staring at Ye Chen, asked: "really?"

Naturally, he wanted to live.

To live is to be possible!

Otherwise, his practice for so many years will turn into nothingness!

"Nature takes it seriously!"

"If you don't kill you, you won't have any threat to us!"

Ye Chen looks at each other from a commanding position. His eyes are indifferent. The fighting power of the other party at the moment is not necessarily the source of Dao.

"Good!"

"I'll tell you!"

The man's ear rings Wei Wucheng's scream, and he doesn't want to.

He said, "we took the teleportation array to the spirit city of Kunlun Xu, where there is a space transmission array leading to the blood spirit clan, and we come from a lower sect of the blood spirit family, belonging to the northern palace family!"

"This family is one of the families that led the attack on Kunlun Xu at that time, and there was a Xingqiao state in the family!"

"Xingqiao state, what is this state?" Ye Chen suddenly asked, although he knew that there must be a higher level of people in the blood spirit clan, and they also heard of the existence of the "Xingqiao state", but he did not know what kind of state it was.

The humanity: "after the emperor's respect, there is the state of entering into God, the state of God King, the state of Hunyuan, the state of harmony, the state of creation, the state of star orifices, the state of sealing doors, and the state of Taixu! Above the realm of harmony is the realm of creation, and above the realm of creation is the realm of astral orifices! "

"It's said that among the top families that control the blood spirit clan, there are even stronger ones who have a higher and deeper seal. As for the legendary Taixu state, I'm afraid no one knows whether there is such a existence!"

"Ye Chen, for the sake of not tormenting me, I will give you a suggestion!"

"Don't think of making enemies with our blood spirit clan!"

"The emperor's realm of our blood spirit people is just the most rubbish existence. There are more powerful people in the realm of God, God King, Hunyuan, Hedao, Zaohua, Xingqiao and Fengmen. You will die sooner or later if you are against us!"

His eyes swept over thousands of empty people in Kunlun and said with a smile, "they will die sooner or later."

"In the first World War, it was the Beigong family who attacked you, and the other big families didn't do anything about it!"

"Otherwise, it will be a matter in the blink of an eye if you want to come and destroy all of you

Click!

Click!

Ye Chen steps a step, that person's body instantly produced Dao Dao crack, icy way: "do not need you to remind!"

"In five years, I arrived from Kaiyuan to Daoyuan, and I could kill myself in God's land."

"Even if it's Xingqiao, fengmenjing, I'll arrive in ten years!"

He added, "how many schools are there like you under the Beigong family? Which sects are mainly responsible for Kunlun Xu? "

"Blood Sword sect, crazy blood sect and chaotic blood sect!" The man said intermittently, "these are the three! But I don't think that's what you're really interested in. What do you want to know? "

Ye Chen was stunned, but he didn't expect that this man could see anything. He didn't want to talk nonsense. He put his hands behind his back and directly asked, "in the ancient war, I heard that the hundred great powers were trapped by your blood spirit clan. Where are they trapped?"

He thought Ye Chen's ambition was just to protect Kunlun Xu. Now it seems that ye Chen's ultimate goal is not Kunlun Xu!

It's the top 100 prisoners!

This guy is crazy!

Before he could react, he felt a cold hand clasped on his neck: "I want to hear the truth, you have only one chance. If you dare to deceive me, promise, your head will leave your body

The man felt Ye Chen's cold killing intention, hesitated for a few seconds, and then said: "I don't have a high status in the blood spirit clan, but it's no secret that the place where hundreds of great powers were imprisoned. The place of imprisonment is Shenmo valley. There are top powerful members of the blood spirit clan sitting in the Shenmo valley. There are arrays that the heaven can't fight against. The valley of gods and demons is also called the valley of death, because anyone who steps into it must There is no doubt of death

"Don't say it's you. Even if the strong people of Hunyuan and Hedao enter, they will disappear in the twinkling of an eye! It's a nightmare to have the array and the powerful bully there! "

"Ants are not qualified to step in! The garbage on the low level is not qualified! "

After saying that, the next moment the man was thrown out by Ye Chen, and told ye Lingtian to say: "to the highest level of heaven prison, indefinitely!"

Unlimited!

Indefinite imprisonment, that person immediately pale!

What do you mean? Will I be held until the day when Shouyuan is exhausted?

I'd rather die than stay in jail for so long!

"Ye --"

the man still wanted to talk. In a flash, he was tied up by Ye Lingtian and handed it to Ye Feng, the ancestor who came here. "The master of the hall told me that he would be imprisoned in the highest level prison for eternity!"

"Good!" Ye Feng took over the man, early to see the strong blood spirit clan unhappy, a few big ear photons fan past, and then left with the man. As for the other blood spirit clansman, they are not so lucky.

Life is more than death.

Even flesh and blood have become the food of many monsters.

"Magic Valley? I want to see where I can stop Ye Chen

At the moment, ye Chen is full of lofty sentiments!

He took a black stone out of his pocket.

The stone is flowing with strange light.

This is the bearing of the samsara cemetery.

From the moment Ye Chen opens the reincarnation cemetery, it means that ye Chenshi must step on the blood spirit clan and go to the Shenmo Valley to save the hundred great powers!

These people's mind left, let Ye Chen throb countless times!

Teacher! senior!

How can he be ungrateful when they help themselves again and again!

How can we let these people suffer in the heat and water!

Of course, all this is too far away.

The fall of these powerful people of the blood spirit clan is bound to be detected by the people behind them.

There is not much time left for ye Chen.

The next time the blood spirit clan comes, I'm afraid it can't be God state!

Ye Chen must take the initiative!

But before the blood spirit clan, there is a more important thing to be solved by Ye Chen!

That is the whereabouts of Ji Siqing and Xia Ruoxue!

Obviously, the disappearance of the second daughter should have nothing to do with the blood spirit clan.

Is it really taken away by other powers?

Did you really go to the mysterious place called spirit city?

Ye Chen can't believe one side of the Ye family's words. He must prepare for the worst!

"Ye Lingtian!"

"Phoenix, hundred battles!" Ye Chen immediately called three people and said: "you order to go down, in Kunlun Xuhe and Huaxia, all aspects of the search for Ji Siqing and Xia Ruoxue's whereabouts, if anyone dares to hurt them, regardless of their identity, kill them!"

To Ji Siqing's early cultivation of emperor Zun!

If you want to capture her, I'm afraid you have to be a top player.

Maybe Ji Siqing fell into a secret state, such as the place where he had been practicing and the secret place of blood spirit before, and the outside world could not contact him.

Chapter 1228

"Yes, the Lord!"

"OK, the Lord!"

The three men went down quickly, spread the news to all the people in the light hall, and mobilized a large number of people to find the second daughter.

As for Wei Wucheng and another person, they were still executed in the square of Qianzhi.

People in the thousand cities have known the situation of Ye Chen who killed the blood spirit clan, and they came to check them.

Thousands of people, staring at the two people who were delayed, were shocked in their hearts, and it was hard to say!

Is this still a high blood spirit?

No, this is a slave!

The most wonderful expression is Huang's father and the contemporary owner of Huang family.

One day from excitement to loss, again excited, lost, mood more like riding roller coaster, finally fell to the bottom of the valley, climb can not climb up!

The big people of the blood spirit family, defeated!

Huang family's biggest dependence, back to the mountain, no!

Now, the evil God ye Chen is no different from the Kunlun virtual. But who can resist the fighting power in the early days of God state!

"My father!"

"What shall we do?" Huang family owner a face bitter color, almost ate several jin bitter melon.

He said calmly: "the blood spirit people have lost, and Kunlun will not be empty in a short time. Elder Wei Wucheng is delayed. Let's surrender!"

"If you don't surrender, I'm afraid it won't be better to get there than Wei Wucheng."

"This ye Chen, I have seen some signs. I just used the card, and broke out at least two times the life of elder Wei Wucheng. Unless we have several elders in Huang family who are comparable to Wei Wucheng, I may still have a war."

"And now, war is death."

"Although we have a lot of emperor respect, it is useless."

There is no more to the mountain.

By yourself?

Huang family does have many emperor respect.

The key is useless. Even if all the players are formed, the strength is too far from the peak leaf Chen. At most, it will last for a day, and there will be no place to run.

"This..."

"Vote!" Huang's father had a dead child.

Don't vote?

That could have been the whole nation's destruction!

Hit?

Go up to do, do not use Ye Chen, I am afraid that ye invincible and leaf maple, plus Han Yun, they can not do it!

"Everyone in the yellow family listens to the order!"

"Gather the team, see you See ye Dian Lord! "

The yellow family leader roared, and all sides came out of the various emperor's respect. The emperor's respect in Qing Dynasty was very poor in the early and middle stages.

Soon, more than 100 emperors and powerful people gathered. Under the leadership of the leader of Huang family, they came to Ye Chen and others, including the ancestors of Huang family, and knelt down and said, "Huang Qian lives with Huang family leader, and takes Huang family up and down, and all of them are sincere!"

"I hope Ye Dian Lord, wait for my life!"

"I will defend Kunlun Xu to death this time, and never betray!"

"Huang family, surrender quickly!" Ye Chen turned around and looked at these emperor's respect areas. Huang family is worthy of relying on blood spirit nationality. In the past 3000 years, a large number of emperor's respect has been cultivated.

Only, Emperor Zun state early good practice.

In the middle and above, it is urgent to improve and talent for the rudimentary form of the road, so 80% of these emperors' respect is the initial stage of emperor's respect.

Such a war is the place where the monster of the training body comes out, and it is enough to deal with the Huang family ancestors.

Other emperors and beasts in the territory of respect are mostly in the middle term, which can indeed suppress a large number of emperor and respect in Huang family.

Moreover, the skin of monsters is rough and flesh thick, and there is more blood and blood, and one pair of two will not easily fall into a disadvantage.

There is a winner, and it is not small.

But, it was a terrible victory!

Swish!!

Whoosh!!

A line of monsters rose to the sky, and powerful prestige swept the territory of the emperors in the yellow family.

It is the emperor of Guangming hall that the demon and demon planted in the territory!

At least 300 emperors have been in the state of respect. Now they are unified into human beings. They fall behind Ye Chen. Under the leadership of elder Jiuyou, they bow to their hands and say, "Lord Wang, we will send elders and Dharma to the court. Do you need to kill these losers in front of us?"

The voice was cold and clear.

As long as ye Chen gives orders, Emperor Zun territory demon clan will recklessly hand!

Even if the enemy and the people are not, as long as the king orders, I will go, and the death of war will be glory.

At this moment.

The eyes of the people around, dozens of middle sectarian lords, many big family owners, etc. all gathered on Ye Chen.

As for the rebellious small sects, the lords had been deterred by the power of Ye Chen.

At this moment, everyone is waiting for ye Chen's choice.

Kill or stay?

Call!!

Call!!

Another group of people killed, and went to the sky, twelve large gate people! There are nine top sects and three medium sects!

The leader is the former leader of Kunlun sect, the present Guangming hall and Kunlun branch Pavilion master, Daoge Pavilion master, qingluan Ge Ge Ge master, Xuedao Ge Ge Ge master, Ruo Zong Lord, Qingtian Ge Ge Ge master, Xueye Ge Ge Ge master, and so on. They are all powerful emperors!

There are even eighteen ancestors who respect the eight layers of heaven!

These were the ancestors of various schools, but now they have become the supreme elders of Guangming hall. From the first row to the 18th, they are all within the sphere of influence of Guangming hall. They led more than 300 powerful emperors to come together!

Before that, the blood spirit clan came!

They don't have time to combine the array, and Han Yun and ye Chen have ordered them to disperse and hide.

Now, six members of the Xueling clan have been killed and captured by Ye Chen!

At this time, how long will it take for the twelve gales pavilion to come again?

"I'll wait for the twelve minute garret master!"

"Meet the master of the temple!" Kunlun Pavilion leader led the twelve cabinet masters, get up and kneel toward Ye Chen, eyes filled with incomparable blazing heat and worship!

Ye Chen!

From today on, it is the pronoun of Kunlun Xu!

It is even more crushing for Wei Wucheng elder to attack the heaven against the heaven!

All these things, let's not say that the younger generation can't compete with each other. The old people who have survived for thousands of years in Kunlun are not ye Chen's opponents!

It is a great blessing for Kunlun Xu to have such Tianjiao in charge of Kunlun Xu!

Twelve points Pavilion emperor Zunjing, also with 300 demon clan general, kneel down together!

For them, ye Chen, the master of the hall of light, is a man in the sky, who needs to be revered and revered. It is an honor to kneel down to Ye Chen at this moment. He is the strong man of the blood spirit family. I'm afraid he is not qualified to kneel down ye Chen!

"Master of the temple!"

"I'll be here soon!"

Baiwu danzun, Lingyi danzun, led danxu town under the jurisdiction of the emperor Zun, Daoyuan territory, Qi Qi came!

In such a prosperous age, the execution of the blood spirit clan and the Huang family will naturally come as forces supporting the supply of pills. They are also members of the Guangming hall and subordinates of Ye Chen.

Previously, they had been ordered to separate.

Now, the crisis of the blood spirit clan has been solved. Now, thousands of emperors of the yellow family are here. They are afraid of a war. How can they not come!

Two danzun and Luo Wuyuan fall to the ground.

Lingyi Dan Zun holds his fist and says: "Hall master, there are 27 emperors and 170 Daoyuan states under the jurisdiction of danxu town. All of them come to Qi!"

"As long as the hall master orders, we will wipe out the Huang family at this moment!"

Chapter 1229

Immediately, more than hundreds of emperors respected the powerful and said in unison: "Hall master, as long as the hall master orders, we will kill the Huang family!"

The Huang family were pale.

Looking at all these things in front of you, there are more than 600 emperor Zunjing. These are ye Chen's subordinates!

In a short period of more than a year, ye Chen has really become the master of Kunlun Xu!

If we really want to kill these 600 powerful emperors, I'm afraid the Huang family is a thousand of them, and they will be wiped out in a short time. Moreover, this is only the majority of the power of the

Guangming hall. The others are the dizunjing demon clan and the dizunjing of the big sub cabinet, sitting in all directions!

So count it!

Ye Chen, at least the number of emperor's Zun territory is terrible!

I'm afraid there is no such scene in the history of Kunlun Xu.

Tianjiao, a seven layer heaven in Daoyuan state, has more than hundreds of emperors and powerful people under his command?

What kind of concept is this?

It is the people of the city of thousands of decisions, who are staring at the moment.

The legendary Ye Chen is not only the evil God ye Shitian, but also the master of the hall of light. However, he did not expect to be so powerful.

"We should not betray Ye Chen!"

"Yes, I shouldn't have waited!"

"It's too powerful. The hall of light is too powerful..."

Some of the detained small sects are looking at all this with great regret at the moment.

In their eyes, ye Chen is a lone traveler.

That's because ye Chen alone is enough to fight against any force. At most, some of his subordinates surround the enemy. However, he didn't expect that the major forces under Ye Chen's command have reached such a high level!

Hundreds of emperors?

If the array is combined, the six blood spirit clansmen have the power to fight!

Moreover, there is a chance of victory, not a small one, but a tragic one.

"Ye Dian Lord!"

"My Huang family is sincere

"From now on, I dare not disrespect you any more!"

Huang's ancestors knelt down on the ground, and his forehead was covered with sweat drops as big as beans. He said, "we are also a group of strength. We know more about the situation of the blood spirit clan. If you accept us, we can serve you!"

"In the future, you must fight against the blood spirit clan!"

"We are willing to be pawns!"

Pawn?

Not necessarily at that time. Anyway, we should live first!

At the moment, there are dozens of other people at the same level who have locked him in. I'm afraid if he resists, the immortal will not be able to use it in time, and he will be killed on the spot!

"Everybody, get up!"

"You are here. I understand what you mean."

"It's just that kunlunxu is too poor these years. If these people are killed again, it will be a loss to Kunlun Xu."

"Let them kill the blood spirit clan in the future! If you can survive, you will naturally be able to clear your sins. If you can't survive, you will be rewarded with your merits! "

Ye Chen turned to look at the Huang family and said with a cold look: "if you want to live, you can accept the seal of the soul and hand in the immortal utensil given to you by the bleeding spirit clan."

"I will!"

"I'll wait for it!"

All the people of the Huang family agreed one after another!

At the next moment, the masters and ancestors of the Huang family, who were wrapped up by the emperors of the Huang family, threw out their immortal wares one after another.

In a flash, a product of immortal tools, two products of fairy ware flying out, all fell at the foot of Ye Chen.

Ye Chen was a little surprised, "so many immortal utensils? It seems that the blood spirit clan has given you many rewards these years

These immortal utensils can help Han Yun break through the realm with the help of them.

"Ye Dian Lord!"

"Some of these immortal utensils, some of which are Huang's disciples, have been brought to some places by the blood spirit people to participate in the fighting and get rewards!"

"For example, ye Nantian, the Ye family, went to Beidou city and got one or two immortal tools!"

Huang's ancestors honestly said: "over the years, some of the immortal utensils have been given by the blood spirit clan, and some have been accumulated by us! Now all of them have been handed over. I hope the master of Ye Dian will take his life around us

Ye Chen asked ye Lingtian to put away these immortal utensils!

He glanced at all the people of the Huang family and said, "the Huang family can be accepted, but the head of the family, the ancestor, and the two elders of the Supreme Court do not need to survive!"

In an instant, a cold frost enveloped qianjue square!

In addition to the wailing of Wei Wucheng and his disciples, the rest of the emperor Zunjing looked at the Huang family's ancestor and the master, as well as the other two supreme elders of the eighth heaven of emperor Zun's realm!

At the next moment, some of the supreme elders of the Guangming hall started!

The supreme elder of twelve points Pavilion, kill out in unison.

Whoosh!!

Whoosh!!

They only saw dozens of cold light, sword spirit and knife killing, and then heard the sound of breaking flesh.

The three emperors of the Huang family respected eight layers of heaven, and one of them was killed before he got up to fight back. The flesh has turned into pieces all over the ground!

Hoo Hoo Hoo!!

Whoosh!

Silence!

Huangjia emperor Zunjing all half knelt on the ground, no one dare to look up, not a person opened to speak.

They all know that if they look up at the moment, they will follow the footsteps of the ancestors and the elders!

Ye Chen's Hall of light is invincible!

"The people who led the Huang family to join the blood spirit clan on that day have already fallen into the law!"

"From today on, the Huang family was removed from the name, the emperor's dignity was broken up, and the contract soul seal was incorporated into the Guangming palace!"

Ye Chen looks bland, just like an emperor, proclaims: "from today on, the twelve branch Pavilion, the Han family, the Ye family and a few big families under the Guangming hall will all be merged into the Guangming hall, and a separate Pavilion will be set up for the demon clan in the place of body refining."

"From then on, the hall of light will be changed into the hall of light!"

"All hands in the dark hall merge into the hall of light, and open another Pavilion - Dark Pavilion!"

"So far, the fifteen pavilions under the Guangming palace have been completely transformed into the people of the Guangming palace, and all the previous clan names and family names have been cancelled!"

"From today on, you will enter the state of cultivation and be ready to meet the blood spirit clan at any time!"

The voice dropped!

Ye Chen looks at the people of the Huang family, and the power of soul breaks out, forming a series of sword seals of heaven and earth, which seal all the Huangs above the initial stage of emperor's reverence, but they will not be used in the early stage. There is no wave in this level.

He said: "the people of the Huang family are the ones who bear the sin. Above the middle level, they have been sealed by the soul under the master of this hall."

"Since then, anyone who has the slightest sense of betrayal will be killed on the spot."

Bang bang bang!!

Bang!!

At that time, there were more than ten physical bodies burst out in Huangjia emperor's Zunjing.

As soon as the people around him looked shocked, ye Chen said blandly: "those who betray Kunlun Xu and my ideas, flesh and soul will burst in place!"

As soon as this was said, the rest of the Huangjia emperor's realm was completely silent.

Now, it's impossible to be a villain.

At any time, it may explode in situ, or follow Ye Chen honestly.

"In the early days of the emperor's court, the emperor's kingdom was merged into the emperor's palace."

"The master of Baizhan Pavilion is in charge of the management. At the same time, Huangjia emperor's Zunjing is mixed with the demon clan. Anyone who finds out that he has a different mind can be killed directly!"

Chapter 1230

"Yes, Lord!" The elder of Baizhan knelt down with his fist clasped. Now he has been promoted to the leader of the demon Pavilion. As for the original Qingjian demon emperor, ye Chen's war puppet does not hold any post. This has almost become a recognized situation. Many high-level people of the demon clan may have guessed some situations.

The leaders of Han Yun, Han Shuang, xuehongtian and other families and sects also clasped their fists and motioned: "follow the orders of the hall master, and since then, there will be only Guangming hall in Kunlun."

All the ancestors and family owners have acquiesced in all this.

Besides, we are all powerful people with our backs on the big tree. In case of any accident, we will help and take care of them when we act. We are no longer alone.

"Good!"

"Ye Lingtian, how many immortal utensils have you harvested this time?" Ye Chen asked.

Ye Lingtian ordered the immortal utensils as soon as possible, and then he said, "there are 92 pieces of first grade immortal utensils, 35 pieces of second grade immortal utensils, two handles of third grade immortal utensils, two handles of fourth grade immortal utensils, and three handles of five grade immortal utensils

Most of them were captured by the blood spirit people.

In particular, Wei Wucheng, who had three immortal tools, was suppressed by Ye Chen without using them.

When ye Chen was about to speak, Nie Baijian in the tomb of samsara said: "Ye Chen, using different levels of immortal utensils to break through, is also different for the speed of cultivation after entering the realm of God!"

"How to say that?" Ye Chen naturally found this clue, such as Chen Peng and Luo PU.

If they did not have the four immortals, they would not have entered the realm of God. Otherwise, with their conditions, they would certainly have become the strong ones in the spiritual realm.

Nie Baijian said slowly, "the grade of immortal utensils is mainly determined by the array depicted on the immortal utensils and the power contained in them!"

"A product of immortals, depicting three arrays!"

"This level can make the emperor's nine layers of heaven break through, and the physical body will be transformed. The physical body is equivalent to the second level of the golden body."

"Similarly, the attack power is mainly based on the inner array!"

He pauses and says slowly: "as for the second grade immortal utensil, depict five arrays!"

"After being used for breakthrough, it is equivalent to the second level of Jinshan body."

"The three grades are ten, and the golden body is the third class!"

"In this way, you can increase the level of Qi and blood after the transformation of the body. In the same way, after arriving at the spiritual realm, they mainly use the power inside to Nourish Qi and blood, and cultivate the Tao and the body. "

"The higher the level of immortal utensils used in breakthrough, the easier it will be to practice when you enter the realm of God!"

After listening to these words, ye Chen looked at the nine layers of heaven, and began to think.

It may be a pity that the virtual strong men of Kunlun who have been suppressed for many years use one, two or three kinds of immortal tools. They have a good foundation. If they use high-grade immortal tools, they will have strong strength after breaking through.

"Master, the whereabouts of the forging God King is in the Huang family's territory?"

"Let the forging God teach me how to forge immortal utensils. I should be able to forge seven or eight immortal wares?"

"Yes!"

"But there are limitations in materials. At present, there are not many materials for making immortal utensils in Kunlun Xu!"

"As for the materials for making the divine king's utensils, they may have been looted by the blood spirit clan at that time!"

Nie Baijian said: "at that time, the cultivation place of Shendan monarch was also in the Huangjia land boundary, which seemed to be adjacent to the forging God King. During this period of time, I observed the reincarnation graveyard and the tombstone of Shendan monarch, which also had some reaction, and could wake up!"

"You wake them up!"

"A way to teach how to make immortal tools!"

"It's possible for a teacher to refine imperial or even Hunyuan pills!"

"Good!" Ye Chen wakes up these two great powers, but he can greatly enhance Kunlun Xu and his own strength.

He suddenly asked, "master, Ji Siqing and Xia Ruoxue haven't heard from each other for some time!"

"Can you probe into their whereabouts?"

"I can't!" Nie Baijian sighed and said, "I've had this divine idea for some time, and I've given you strength, so my power is not enough to launch the secret art of scanning Kunlun void and the land of China. You can let the Lord of Shendan help you!"

"In the past, the divine elixir once had a formula called" the pursuit of thousands of miles. "

" no matter how far away a person is, as long as you use something that is contaminated with the breath of the other party, you can use this formula to cooperate with high-grade blood essence. With the power of blood essence, you can scan the whole world. No matter where the other party is hiding, it will be traced out! "

Nie Baijian suddenly laughed and said: "in the past, the old man of Shendan took hundreds of years to figure out a skill in order to find a commodity that he didn't pay back. After using it, he successfully found the opponent in a rift valley of Kunlun, and then gave him a beating!"

"This skill needs the cooperation of essence and blood!"

"We're all psychic bodies, we can't use them."

"But you can let him pass it on to you and urge them out with your blood. As long as they are in this world, they will be found. However, your accomplishments are not too high and may not be accurate." "Good, thank you for telling me!" Ye Chen is a little relieved. As long as he wakes up the king of Shendan, he can find Ji Siqing and Xia Ruoxue!

Immediately, he looked at the people in front of him, and repeated the situation after the breakthrough of the level of immortal utensils.

He said, "ladies and gentlemen, I'll take a long sword from the five immortals."

"You can distribute other immortal tools by yourself, which can be used to break through the realm!"

"Of course, I will find out a way to forge higher-level immortal wares, and then you will have a good breakthrough!"

"At the same time, I will also get pills for refining imperial pills and even higher level pills. At that time, I need two Dan zuns to help me!"

Two Dan Zun naturally nodded.

"Master of the temple!"

"I use a four pin fairy tool!" The ancestors of Kunlun sighed and said, "I have stayed in this realm for 2300 years, and I don't want to wait any longer! It's just this time to break through. The blood spirit clan will come again, and I'll help you too! "

"Good!" Ye Chen threw a four pin immortal utensil to this ancestor.

"Master of the temple!"

"I also want to make a breakthrough, just three kinds of immortal utensils!" Han Shuang said slowly that he was the elder of Daoge Taishang and had stayed in the Ninth Heaven of emperor Zun for more than 2000 years!

Lonely sword, the elder of Qingtian Pavilion also said: "I also break through, three grades are OK!"

"We old guys can't wait so long."

"The immortal tools forged in the back will be given to those younger generations. We will use them first. At least the next time the blood spirit clan comes back, we will have the power to fight a war!"

Ye Chen threw two hands of three immortals in the past!

He looked at xuehongtian, the supreme elder of the blood night Pavilion. Some wanted to stop, he asked, "do you want to break through?"

Xuehongtian nodded and sighed: "I have been in this realm for too long. I want to break through."

Whoa!!

A five grade immortal tool was thrown away.
