

Physician 1251

Chapter 1251

The way of extinction is behind Ye Chen. It is three hundred meters long and three thousand meters wide. Obviously, it has been transformed to the extreme!

Undeniable Kendo is dark black. It is also 300 meters long and 2000 meters wide. It is undergoing transformation and its breath is gradually enhanced.

The power of a road, 300 meters long and 3000 meters wide, is the ultimate!

Further up, it can be transformed into the prototype of the road, which will be 3000 meters long and 9 kilometers wide. We will continue to improve the prototype of the road, refine every part of it to the extreme, and make its length and width reach 10000 meters. That is to say, we will enter the realm of God and become the real road. When we reach the kingdom of God, we will turn into the way of God and king.

Every time the power of Tao grows, ye Chen's strength of Qi and blood and the power of soul will increase by one point.

And every long point, it needs a lot of other Tao power to supplement!

Ye Chen doesn't have so much time to cultivate, refine and expand his own Tao. At the moment, absorbing the power of other people's Tao is the fastest way to cultivate. This time, he is not only training, but also an opportunity to enhance his strength!

Bang bang bang!!

Boom!!

Debris flying all over the sky.

An hour later, ye Chen has already broken through 57 arrays. The indestructible Kendo is 300 meters long and 3000 meters wide. It is like a huge river floating in the sky. It is extremely powerful. He is still breaking through the array. The next moment, he has broken the 58th array and absorbed the power of the water tree road!

At the same time, the way of killing is also changing and strengthening, and the murderous spirit spreads up and down the blood demon mountain, just like a demon God practicing on the mountain!

At the same time, the scarlet dragon on the magic ladder felt Ye Chen's tremendous Qi. He was so scared that he could not speak a word.

However, the next moment, it seems to find that it is also the way to kill. At this moment, ye Chen's killing spirit is enough for his own cultivation, and his simple nature is quickly transformed into human form!

The master deserves to be the unique overpass!

Destroy many arrays!

What's more, it's the power of Tao. Even if the power of the source of Tao is scattered a little, it's enough for me to make great progress in my cultivation!

The scarlet dragon immediately released its own way of killing. It was 2300 meters long and 8000 meters wide. It absorbed the useless Qi from the leaves and began to practice on its own!

Soon!

It broke through to the Ninth Heaven of emperor Zun!

Less than ten minutes later, it was promoted to the top of the nine layers of heaven.

At this time, a fairy tool flew down and fell on the scarlet dragon's side. It was ecstatic and said in a loud voice, "thank you for your reward. Hongwuding will follow the master for life and never dare to abandon it!"

"It's just a magic tool!"

"Step into the realm of God. In this way, you still have some use!"

Ye Chen's voice floated down from above, just like the order of an emperor. He was extremely aggressive!

"Thank you, master

"Hongwu will repay the master's great kindness!"

Hongwu grabs the second grade immortal tool and breaks through with the power of flying immortal!

Ye Chen didn't pay attention to it any more, and continued to break the array. This second grade immortal tool was just the one taken out after breaking the array. Since the slave happened to break through, he gave it to him!

He continued to break, less than half an hour later!

The 67th array is broken, and countless pieces are flying out.

The way of killing turns into a sea of killing. After the array is broken, it absorbs the power of the road that overflows and strengthens itself. At the same time, it emits a terrible murderous air, which makes the air quiet. Even if many city lords, patriarchs, ancestors and so on at the foot of the mountain, staring at all these things, it is extremely frightening!

"What a powerful Tianjiao!"

"The pride of heaven has never been better than this."

The master of the star sword gate murmured to himself: "it is not the realm of emperor's respect, but it has the fighting power of immortals and gods. This kind of arrogance has never been seen before."

He sighed slightly, glanced at the disciples around him, and said with a light smile: "if my disciples have such achievements and great prestige, I would be willing to die here!"

"Master!"

"Master, this..."

A group of Taoist disciples looked shocked and bowed their heads in shame.

The head of the sect is right. Before he reaches the emperor's realm, he has the fighting power of immortals. For tens of thousands of years, who has such divine power, who has such unparalleled combat power?

Many emperors hold the second or third level of celestial instruments, which can be compared with the fighting power of half entering the divine realm or even entering the divine realm!

The emperor respected the eight or nine layers of heaven and held the four kinds of immortal utensils. He could not but break out the fighting power of entering and leaving the second layer of heaven!

Especially these core disciples of xingjianmen, they can do all this!

However, if you are in charge of the nine layers of heaven and hold the immortal weapons, the combat power is as good as that of the four or five layers of the heaven. If you don't see it with your own eyes, who dare to believe it, it's that the history books have never recorded such an extraordinary arrogance!

"Wooding!"

"Write it down!" The ancestor of xingjianmen sighed and said, "the blood demon mountain has been established for many years. For thousands of years, the most proud man has stepped on the 60th step of the magic ladder!"

"Today, Kunlun is proud to climb the ten thousand magic ladder for the first time. Within half an hour, step on the hundred steps!"

"I've been fighting for four hours. I've broken through seventy-one formations!"

He looked at the master and asked, "what is the name of this peerless Tianjiao?"

"Ye Chen!" The master of Xingjian sect is responding!

Listen to the grandfather let the special recorder record Ye Chen's feats, some of the heart is not taste.

Why is Ye Chen not my disciple?

If you are so young, how nice it would be if you came from xingjianmen?

However, ye Chen is so talented that he is afraid that he is the master of the blood demon mountain. He will have compassion and want to accept him as a disciple!

"Yes, it's called Ye Chen!"

"Write it down and pass it on to future generations."

"What happened today is a feat for thousands of years!" The ancestor of xingjianmen took a breath and said, "the blood devil has been here for many years. He has set up a magic ladder, which only allows the martial arts under the six levels of heaven to roam around."

"I don't think anyone can make it!"

"After all, it's almost impossible to face the pressure of Qi and blood in the five layers of heaven, which is comparable to the spirit state."

"Even if you hold an immortal weapon, you must have a high-quality immortal tool. Even if you have such an immortal weapon, there are so many arrays behind it. But let a Kunlun Xu's man break in. "

He stroked his beard, glanced over many strong men and said with a smile, "Kunlun Xu, this is the rise of ah!"

So proud of heaven!

The blood spirit clan, I'm afraid it's impossible to touch the Kunlun void!!

"Since 3000 years ago, Kunlun has failed in vain!"

"I thought Kunlun Xu would never recover." A half step into the God of the old man said with a smile: "did not expect, but out of Ye Chen such a peerless Tianjiao!"

"When he comes down, may I help you?"

"Over the years, the Xueling people are very rampant. Wei Wucheng, who came out of Lingcheng a few days ago, did not kill Kunlun Xu?"

"I'm afraid it has already fallen into the hands of this boy."

"We pay too little attention to the matter of Kunlun Xu, which is originally disdain. Now it seems that people of Kunlun Xu disdain us!"

"Do you think if this son can really win the spirit card, will the spirit City usher in an earth shaking earthquake? It's interesting. It's interesting! "

Chapter 1252

"We are so proud of ourselves that we can support one or two?"

When the words fell, the master of the star sword sect took out a golden pill, which could enhance the soul. He said with a smile: "Huaxia, a place of mortal life, pays attention to investment. We should invest in Ye Chen. Maybe he will be strong in the future, and will open the blockade of the spirit City, so that we can just enter the world of martial arts?"

There is no martial arts world!

Without the immortal and artifact of the Gao Wu world, their cultivation has been stagnant. The strongest one is only eight layers into the state of mind. Without the help of top-level pills, they have to work hard and Practice for 10000 or 20000 years to break through.

Hundreds of years of cultivation without progress can drive a person crazy.

What's more, no progress has been made for thousands of years. Which of these top strongmen doesn't want to go to the spirit city or gaowu world?

I'm just afraid of the 108 formation on the blood demon mountain!

There are so many large arrays coming out. Without Ye Chen's ability to change from one to the other, it's hard to be in a state of mind when seven layers of heaven are coming. What's more, it's still a question whether he can leave alive or not when the Lord of the blood demon mountain mobilizes the array attack.

"So decided!"

"Very good!" The master of the star sword gate said with a smile: "send orders to go down and set up a banquet for ye Chen! Let's meet Ye Chen"

"Yes, help Ye Chen, maybe help us later." The city master of ghost Star City said with a smile: "anyway, what we have in our hands can't make us further in our cultivation. It's better to give ye Chen. Anyway, he has such a strong talent. After entering the world of high martial arts, he will become a strong one in the divine Kingdom, or even a strong one in the Hunyuan state. Isn't it beautiful to open the blockade of the spirit city for us at that time?"

"Yes"

"That's right. I'll come too!"

"Yes"

While many powerful people are still talking about it.

In the wooden house, the master of the blood demon mountain gazed at all these things in front of him. He did not get angry because ye Chen destroyed his array. Instead, he felt a trace of joy and murmured to himself, "at last an interesting young man has come!"

"Destroy so many arrays with the power of one person!"

"Not bad, not bad, such arrogance is deep in my heart!"

He was like an old hunter, sitting by the window, tasting the wine and enjoying Ye Chen's breaking through the battle. He whispered: "this boy, the stronger the strength, the better! Maybe he's the one I'm waiting for"

He seemed to be sitting on a wooden stool, but in fact he had empty legs under his black cloak.

No, to be exact, the lower leg completely disappeared. It seems to have been worn out.

According to the law, when the body reaches the golden stage or even the vigorous stage, even if the body is destroyed, it can be recovered. How can the legs not be recovered?

Bang bang!!

Bang!

Ye Chen exerts a thousand ice sword array, combines the three forces, and draws a thousand ice swords, which smashes an array!

He looked around at the power of the three roads behind him, and all of them had been transformed to the extreme. In front of him, he happened to see a sky sky array of sunflower. "This array is actually arranged by using the power of the way of heaven and earth!"

"But, it seems different!"

"Yes, the Tao is so powerful that it is not taken away from a single person."

"It's a prototype of the road that has been stripped from many strong people and gradually integrated. No wonder it's tangible and godless!"

"And it's only sporadic. Even though the power of the way of heaven and earth in this array is a lot, it's only twice as much as that of heaven and earth separated from fire array!"

Holding the sword in his hand, he outlined a smile on the corner of his lips and said, "but this is enough. With the power of this array, I can enter the realm of emperor's respect."

"Thousand ice sword!"

Ye Chen directly breaks into dikui sky array and stabs out a sword in front of the sky. A stream of ice swirls around the body of the sword. Suddenly, the ice bursts out. In the sky, it explodes into thousands of ice. Each ice turns into an ice sword and falls like a rain curtain!

Whoosh!!

Whoosh!

The ice sword cuts through the sky and destroys most of the layout of the sky sky array.

Together with the three third grade immortal tools, they are all under the attack of the ice sword, and are blown away and fall into Ye Chen's hands.

"The way to kill!"

"Immortal Kendo!"

"The way of death!"

"Take it in!"

Ye Chen blooms the power of the three ways. With the absolute power of Qi and blood, he suppresses the sky sky array of sunflower, making the power of the three roads absorb the power of the three ways!

Visible to the naked eye, blue light spots are separated from the array and merged into the power of the three channels!

Suddenly, a destructive force broke out, and the power of the three roads expanded at the same time, from 300 meters long and 3000 meters wide to 3000 meters long and 9000 meters wide. In one day, it was transformed from the power of the road to the rudimentary form of the road. In addition, only refining and stabilization remained.

In that way, it will be very easy to promote the realm of emperor Zun!"I respect the realm for the emperor!"

"What are immortals?"

Ye Chen suddenly drinks a sound, one foot tramples on the ground sunflower sky dome, the whole body circulates an extreme evil spirit, as if the ancient demon God comes!

At this moment, he really stepped into the realm of emperor's respect, and became one layer of heaven in the realm of emperor's respect, but his momentum was equal to that of five layers of God's realm!

Even if Wei Wucheng, a strong man in the five layers of heaven, comes again!

He cut off the other side's throne with one sword!

Don't need the help of many masters!

"There are still 13 arrays left!"

"If I break through the realm of emperor Zun, it is not the same as it used to be. If so, it will be destroyed."

When he came to the graveyard, he would cut off dozens of immortals in an instant!

He walked slowly to the cabin and said, "the younger generation has broken the battle. Please give me a magic card!"

The wooden door opens.

"Come in!"

The master of blood demon mountain gazed at Ye Chen, who came in. He didn't nod his head and said, "you are so talented that you can sit down for me as a big disciple?"

Seeing that ye Chen did not respond, he quickly said, "I will pass on all the skills I have learned to you. After that, you are my first disciple and the only disciple of my blood demon mountain master."

"Don't think that I only have the cultivation of three layers of heaven in the state of God!"

"I don't know how many years ago, I was a powerful man in the kingdom of God!"

"My so-called unique skills of martial arts is definitely more than Kunlun's inherited martial arts."

"You worship me as a teacher, and I will pass on your skills. At the same time, I will give you a magic card to let you enter the world of high martial arts. But before you enter, you have to do something for me in the spirit City, OK?"

He drank a pot of wine, and then said, "under such conditions, I will not give it to a second person."

"You are the first and only one!"

"Don't hesitate!"

Chapter 1253

Hearing these conditions, I'm afraid anyone will act!

Once a powerful man in the realm of divine king, he took him as his apprentice and taught him unique skills. All these are just great opportunities!

However, ye Chen looks the same, he has a hundred great powers as a teacher, no longer need others!

100 great powers, the weakest is the peak of Shenwang state!

Most of them are at the peak of the Hunyuan realm, and even some of the strong ones in the harmony realm. It is estimated that there are also the powers of the creation state and the star body state. How could they worship the master of the blood demon mountain in front of him.

What's more, the other side used to be the king of God!

Now, it's just three layers of heaven in the realm of God, and they can all fight against it.

"Blood demon mountain master!"

"The younger generation already has a master. He is a great master in the realm of Taoism."

"I can't learn from you, please forgive me!" Ye Chen is neither humble nor arrogant. He looks at the blood demon mountain master, and vaguely sees the destroyed legs of the blood demon mountain master. He asks, "since you can't worship the master, it's not the thing that the elder mentioned. What is it?"

The blood demon mountain Lord's heart was not shaken.

He looked at Ye Chen and nodded, yes, yes.

Only by combining the world power of the Tao realm can we teach such peerless Tianjiao!

He took a long breath, and his mind gradually faded away. Even though he was in a whole body, he was not the opponent of master Ye Chen. What's more, he was not as good as ye Chen.

He said slowly, "since you don't want it, I don't want it!"

"It's just that thing. It's my lifelong hate. If you finish it, I'll give it to you."

The next moment, the master of blood demon mountain waved his hand and the wooden door was closed. He didn't want the dialogue to be known by others!

Sitting on a wooden stool, he sighed: "my real name is mu Chen. I was promoted to the kingdom of God 2000 years ago. I have traveled many middle and high martial level faces, but I didn't expect that when I returned to the spirit City, I found a villain's hand!"

Mu Chen looked hard and clenched his fist tightly.

He gritted his teeth and said: "before the Spring Festival, when I returned to the spirit City, it happened that the leader of the eight schools of Lingcheng gave me a chance to get rid of the dust. I drank too much and was happy for a while, so I will get a blood jade soul card from the blood spirit clan and show it out!"

"This blood jade soul card is a treasure I got from the blood demon secret place!"

"It's a great treasure for breaking through the Hunyuan realm!"

"I didn't expect that Li Jiawei, the leader of kunjian sect, was among the eight sects. This bastard thief had a vicious heart. When I was drunk, he gave me a poisonous medicine to win more blood jade soul cards!"

Mu Chen patted the table and roared from time to time: "Li Jiawei, you brute, bastard, scum!"

He took a deep breath for a long time. It seemed that when he heard the name "Li Jiawei", he would feel excited. After a long time of relaxation, he stopped and said, "this Li Jiawei has used the poison of his soul, which makes it difficult for me to give full play to his real combat power."

"Thus, let him, a little scum who is in the state of mind, successfully attacked me!"

"He interrupted my way of God and king, broke my Huagang gold body, and broke my legs, which made me unable to recover. Finally, he threw me out of the spirit City, but gave me a spirit card!"

Mu Chen got up slowly, shook his body, and said sadly, "he said that I want revenge. You can take the spirit card to find him at any time. But Li Jiawei, a brute, broke through the nine layers of heaven by using the blood jade soul card, and my combat power was less than one thirtieth of that year

"What's more, Li Jiawei is cruel and vicious, and he looks for someone to kill me afterwards!"

"In order to protect myself, I founded the blood demon mountain, and spent many years setting down the magic ladder!"

He drank a pot of wine and said with a ferocious smile: "the people who died under the magic ladder year by year have been stripped of the rudiments of the road by me, and the gold bones are used to arrange the array and the killing atmosphere around the blood demon mountain. First of all, it is also to resist the villain's men!"

"Second, it's also hoped that one day someone will rush in!"

Mu Chen gazed at Ye Chen and said with a smile, "once someone breaks in, I will take the Lingpai as my sustenance and offer him a reward. Let him take Li Jiawei's head as a token of thanks."

He said, "Ye Chen, do you dare to take Li Jiawei's head?"

"As long as you take his head, I promise you a trump card!"

"It's just a nine story heaven in a state of mind!" Ye Chen showed a smile and said: "such a sinister villain, I should take my life to exchange for the Lingpai! However, it is not certain whether the Lingpai can be obtained at that time! "

Whoa ~ ~

a flash of light!

A pale blue token emerges.

The master of the blood demon mountain held it in his hand, his eyes were heavy, and he said, "you can get the spirit card first, but I will kill Li Jiawei within ten days. Otherwise, I will control the array on the Lingpai remotely and attack you!"

"Don't be paranoid. You can break the array on the trump card!"

"If I don't do it in person, you will be destroyed in a moment if you touch the Lingpai array!""Will you?"

"Of course Ye Chen takes the Lingpai.

In the samsara cemetery, Nie Baijian said: "boy, the array on the Lingpai is a little strange. We have to spend some time to remove it."

"No need!" Ye Chen took up his token, looked at several masters and said with a smile, "I can understand the hatred in Mu Chen's heart! If they are defeated face-to-face, they won't complain if they win the trump card! "

"But Li Jiawei, as one of the leaders of the eight schools in Lingcheng, is also a top magnate and a despicable person!"

"In this case, I will behead Li Jiawei, take his head and kill his spirit!"

"It can also be regarded as a kind of affection given to the spirit card in Mu Chen's heart!"

His words could not be heard, but Nie Baijian and others could not help feeling.

Tomb Ye Chen's behavior is really a husband.

Do something, do nothing!

In the cabin, Mu Chen's eyes were cold and said, "are you sure you want to do this next?"

"Of course

"Such shameless villains, I will kill them!" Ye Chen remembers cautiously!

"Good!" Mu Chen didn't nod his head and said, "in the past, I was willing to give all my family wealth to the people in the eighteen outer cities, but no one was willing to do it! Since you are willing to do so, I will give you a seven grade immortal. This is the only valuable thing that I have had in recent years! "

After saying that, he quickly took out a hammer and seven grade immortal tools, which had infinite power!

Thank you

"In ten days, I will take Li Jiawei's head and wipe out his spirit!" Ye Chen takes over the Warhammer and leaves.

"OK, after you killed Li Jiawei, I arranged some souls on the spirit card to feel it." Mu Chen gazed at Ye Chen's downhill figure, nodded his head slightly and said, "this boy is a hero, and his husband is not like those treacherous villains!"

Chapter 1254

In addition to the swords, I want to melt the swords of Tianyou king. I want to melt the swords of Tianyou and Tianyou sword.

At least, it is absolutely feasible to forge these weapons again and make them melt the weapons of travel.

He went to the top of the ten thousand magic ladder and looked down at thousands of people below. He had no words. Instead, he stepped down the ladder step by step. When he came to the 59th step, the demon dragon Hongwu was already half kneeling beside him.

The original scarlet dragon has been transformed into a real dragon!

He is promoted to the second level of heaven in the spirit state, and has the second grade immortal utensil in hand. The body of the real dragon, even if the third grade enters the divine state, it can also fight!

But the dragon and the blood dragon in the body can not be compared.

If the dragon is the product of Kunlun deficiency, the shadow of blood dragon in his body gives people the feeling that it comes from ancient times!

Against the sky!

It's just that it hasn't really grown up.

The demon dragon knelt and clasped his fist and said, "Hongwu, I've met the master formally!"

"Let's go!" Ye Chen whispered a word, and then took him down the hundred steps of the magic ladder. His eyes swept over many powerful people who blocked the way, and said, "what do you mean?"

"If you have anything to do with me, tell me!"

"If there is a challenge, I will take it too!"

"No, no, no!" The ancestor of xingjianmen said with a smile: "before that, we have all witnessed Ye Chen's younger brother, who has successfully broken through the hundred step magic ladder and 108 arrays. Do you know if you have got the spirit card?"

"What, you want to rob?" Ye Chen glanced at these people, and the highest one was in the seventh heaven. There were dozens of them, but they were not a powerful force. They had never seen it in their eyes!

"No, no, no!"

"You misunderstood me!"

"Little brother ye, you can break through 108 arrays, which means that you also have the fighting power to enter the five layers of heaven in the spirit realm!" The ancestor of xingjianmen touched his beard and said with a smile, "we can't find ourselves unhappy."

He arched his hands and said with a smile: "ye xiaobrother has set a record for 1800 years and is the first person to climb the blood demon mountain. We are all interested in making friends. We specially set up a banquet and invite young friends to have a good talk

"We just want to make friends with each other."

"Little friend is now the emperor's realm. He is less than 30 years old, but his fighting power is not whispering to me and other old monsters!"

"Is it possible to make friends?"

We have been practicing for thousands of years, but we are only in the middle of entering the state of mind!

Even the most powerful one is just at the later stage of entering the spiritual realm, which is no better than the people in the spirit City, nor the people in the middle and high martial positions.

However, they are far beyond the limits of their own achievements in the future.

We make friends with him now and help him when he is so proud and weak!

In the future, will he forget us when he achieves the invincible combat power?

"Good!"

"I happen to have something to ask you!" Ye Chen also knew that he didn't know much about Lingcheng. He just asked these old guys and said, "I'll go to a banquet in the evening, and I'll smelt some immortal utensils in the afternoon."

"Good, good!"

"Let's rent the small urinals to the sword refining room in the city!"

Soon, many big men led Ye Chen into Jianmen city again. At the same time, he rented out the most precious refining equipment room and gave him a lot of weapon refining materials!

Although this place is still in Kunlun, it seems that all the refining rooms here can forge immortal wares by themselves, but most of them are inferior ones.

It's like one or two pieces of fairy ware, but there is no lack of it.

However, almost no one owns the four or more immortal wares except those sect ancestors. No wonder the Lord Mu Chen of the blood demon mountain regards the seven grade immortal utensils as a treasure and presents them to him in return for his reward for eradicating Li Jiawei.

In the refining room, ye Chen began to melt zhenhun sword, Poyang sword, bloodthirsty poxu sword, Xingchen sword and broken Xianshi sword, Zhumie sword, Zhugui sword, Qipin Xianqi hammer and fishing sword in accordance with the guidance of forging Shenjun.

Many of these weapons are weapons that have been with us for a long time.

However, he did not refine the sky sword and Jiuyou sky killing spear together.

Because of the special significance of weapons!

As for killing immortals sword, Zhumie sword and so on, they are the spoils of our own. With the improvement of our strength and realm, these weapons have been unable to keep up with their own progress. It is better to smelt new weapons instead of abandoning them!

Four hours later!

With a sword and a gun, they burst out a series of destroying and killing Qi machines, and they go straight up and down the sky, with the power to shake the sky and the earth!

Outside were the ancestors of xingjianmen and others, who were shocked both physically and mentally.

A spear and a sword are three feet and four inches long. They are full of light of stars. They have a strong sense of killing and extinction. They depict hundreds of arrays. They have twice the increase of their Qi and blood power. They are four grade divine king's weapons, named zhushenjian! Zhushen sword is a fusion of zhenhun sword, Poyang sword, Xianshi sword, star sword, ghost killing sword and fishing sword!

Compared with the fishing sword, it has improved one product, but its power has improved a lot.

The body of the spear is carved with dragon totem, which is more than ten feet long. The gun body is haunted with powerful evil spirit. It has the power of the immortal sword and the way of extinction. A single shot can also kill the enemy's Shouyuan. It depicts more than 100 arrays, which can double the power of soul. It can focus on the soul of the enemy. It is a nine grade immortal weapon, the soul destroying magic spear!

The soul destroying magic spear is made of three weapons, namely, the seven grade immortal hammer, the bloodthirsty breaking empty sword and the Zhumie sword!

Although there are not many weapons melted, their power is extremely powerful. At least in the words of forging God King, all immortal weapons are not the opponents of soul destroying magic spear!

After that!

The sword and spear are ye Chen's exclusive weapons!

Ye Chen put away two magic weapons. "With these two weapons, it will be easier for me to kill Li Jiawei."

A piece of nine grade immortal weapon, mainly attacking the soul!

A piece of four grade divine king's instrument, mainly attacking Qi and blood!

Both can be used as a means of killing!

Even Li Jiawei, who is in the nine layers of heaven, must die!

"Welcome Ye little brother!"

"The banquet is waiting for you." The ancestor of xingjianmen came to know him well. He grabbed Ye Chen's wrist and walked and said, "little brother ye, this banquet has gathered seven or eight old things, all of whom are the same old ancestor and city Lord as me!"

"I want to ask, which gaowu plane are you going to?"

"Of course, we also want to send you something, but we also hope you can help!"

Ye Chen's eyes were deep, and he said, "I have some things to ask my predecessors."

"Oh?" The ancestor of xingjianmen led Ye Chen to the banquet. His eyes swept over the crowd and said, "little brother ye, if you have something to ask, we old guys, know everything and answer everything."

Chapter 1255

Ye Chen asked blandly, "everybody, do you know the master of kunjian gate in Xiaoling City, Li Jiawei?"

As soon as he said this, the head of Xingjian sect and his ancestors changed their looks. They looked at Ye Chen all the time. They seemed to want to know why, and some seemed to see some reasons.

The ancestor of xingjianmen stroked his beard and said with a smile, "brother ye, you must have agreed to the Lord of the blood demon mountain. Some things?"

He poured wine for ye Chen himself, and said with a smile: "the leader of kunjian sect is now one of the eight giants in the spirit city. We dare not provoke him. Although Ye's fighting power is comparable to that of five layers of heaven, it is not enough!"

"This is Li Jiawei's headmaster!"

"Three hundred years ago, it was nine layers of heaven in the state of God!"

"It's said that it's closing - no, I'm just out of the pass, and I don't know if I've broken through the Shenwang realm!"

"In a word, ye xiaobrother is not his opponent. You'd better not ask for trouble from yourself."

Ye Chen, your emperor reveres the realm of heaven, and its combat power is comparable to the five layers of heaven in the divine realm!

It's peerless pride!

But this is not the basis of your arrogance!

The nine layers of heaven in the spirit state are much stronger than the five layers of heaven in the spirit state. The gap between them is like the difference between clouds and mud.

We are in a state of mind for seven or eight days. We dare not go to find Li Jiawei's trouble. For fear of being killed by this insidious villain, just forget it.

The ancestors of xingjianmen didn't say these words clearly. After all, if you want to make friends with Ye Chen, it's not the same thing to say it.

Another kind-hearted old man said with a smile: "brother ye, do you know the list of gods in the spirit city?"

"I don't know!" Ye Chen asked, "what is this? Do you record the list of the strong people in the spiritual realm? "

"Yes The kind-hearted old man said cautiously, "there are 100 strong people in the spirit City, and the weakest one is also the fifth level heaven. However, the combat power is equal to that of the sixth level heaven. Holding a six grade immortal tool, it is extraordinary that the seventh level heaven in the spirit city can not be resisted!"

"However, do you know how much Li Jiawei ranks on it?"

"Tenth place!"

"Enter into the nine layers of heaven, holding a long sword of eight immortals, wearing armor of eight immortals, and holding double immortals in hand!"

"He is also the leader of kunjian sect, one of the eight schools. His accomplishments are even higher than some of the ancestors of the eight schools. It is even said that his accomplishments are infinitely close to the realm of God King."

He sighed a little and said, "do you know what the kingdom of God is?"

"The road turns into the way of God and king, and is not under the jurisdiction of heaven and earth."

"The way of cultivation is the ultimate. Everyone who falls down will change heaven and earth, and the sky will rain with blood. There is no such strong spirit City, but Li Jiawei is generally recognized as the strongest one who is closest to the kingdom of God!"

The city master of Jianmen City drank a few cups and said, "I know that the Lord of blood demon mountain must let you kill Li Jiawei!"

"If it's a normal state of mind, it's not particularly dangerous!"

"But this Li Jiawei is good at using poison. He is extremely shameless. In those years, he murdered the master of blood demon mountain, and all the strong people in the kingdom of God were defeated by him. What's more, you are an emperor and a layer of heaven."

He approached Ye Chen, patted Ye Chen on the shoulder, as if he were an elder, and said, "we don't want you to seek death!"

"Maybe you have a card and a strong man behind you, but that strong man can't follow you all the time?"

"Once Li Jiawei has a grudge against you and wants to poison you, if you drink food and water all day and night in the spirit City, you should be on guard against him poisoning. You may even buy a bottle of water on the street, and the water may have been poisoned by him."

"Yes "The reason why we say this is that we value your potential and want to make friends with you!" sighed the master of Xingjian gate

"After all, you are so arrogant that you have never been seen in the past!"

"We all want to invest in you. In the future, you will become a giant. Just give us something at will."

The so-called aid, the so-called help.

It must be to give help in time of crisis. It must be in Ye Chen's arrogance, and when he is not strong enough, he should help as soon as possible.

If ye Chen becomes a giant in the future, they will sell all their belongings to make friends with Ye Chen. Ye Chen may not even look at them!

It has to be said that the strong people outside the city are all sharp eyed people.

Of course, it is also possible that they are too lonely to enter the spirit City, so they have to invest in some young peerless talents, hoping that when these talents become powerful, they can enter the spirit city and travel to other worlds by space transmission array.

"I understand what you have said

"It's just something I promised the blood demon master, and I will certainly do it!"

Ye Chen disdains to say: "besides, Li Jiawei, a man of superb cultivation, is always doing evil and despicable means. If other people join the blood spirit clan, I will be in danger!"

He knew that in order to be powerful, Li Jiawei would even dare to plot against the blood demon mountain master in the God Kingdom state even when he was in the eight layers of heaven! Once the people of the Xueling clan come again, Li Jiawei will certainly join the Xueling clan. At that time, he will deal with the xutouma horse in Kunlun. With Li Jiawei's insidious and inferior means, Han Yun and Ye Lingtian are mostly not rivals.

Simply, before you go to find Ji Siqing, you can solve this despicable person first, which is also the wish of blood demon mountain master!

"Senior, don't be suspicious

"I understand how you want to invest!"

Ye Chen's words were plain. He glanced at nearly ten experts in the state of mind and said, "you just need to tell me where Li Jiawei appears and what martial arts skills he is good at. When I enter the spirit City, I will challenge Li Jiawei and kill him!"

"This..."

"You..."

Many gate owners and city lords are in a situation of hesitation and hesitation.

However, a young man came to Xingjianmen's ear and said.

Soon, the old ancestor of Xingjianmen clapped his hands and said, "I support you!"

He said with a happy look on his face: "I didn't expect that ye was the king of the palace of light in Xuguang of Kunlun. He was the first one of Kunlun Xu. With such means and talent, I believe you can kill Li Jiawei for the rest of his life!"

Just as the master of xingjianmen was talking, other top strong men also received intelligence respectively!

The person they sent to investigate Ye Chen in Kunlun Xu has come back and brought back very important information!

Ye Chen in front of you!

Not only the peerless Tianjiao!

He is also the first person of Kunlun Xu. All sects and forces of Kunlun Xu listen to Ye Chen's orders!

This weight is far beyond their expectation. Originally, they thought that they were only subsidizing Tianjiao, but they did not expect that they could discuss some other alliance matters with Kunlun Xu. After all, Kunlun Xu has already produced several martial artists who are in the spirit state.

Chapter 1256

The spies sent out by the ancestors of xingjianmen had already sensed the breath of several powerful people in the spiritual realm when they entered Kunlun void. After all, they were considered as the strong ones in the later period of emperor Zun's realm. When they arrived, they announced their identity. After some explanation and communication, they knew that Tianjiao Ye Chen was actually the master of Kunlun Xu!

Lord of Guangming hall, Lord of Guangming palace!

Master of Kunlun!

Three identities, each one of which is frightening.

There are also many strong people in the spiritual realm, such as Han Yun, xuehongtian, Yifeng, ye Wudi, ye Wudi, and so on!

By the time the spies arrived at Kunlun Xu, Han Yun, ye Wudi, Ye Feng, Xue Hongtian and others had already made breakthroughs.

Many of them have survived for thousands of years. Their cultivation has reached the extreme. However, there have been no immortal tools to break through. Now there are seven or eight or even nine kinds of immortal tools to help them. A breakthrough will naturally lead to the six or seven levels of the divine realm!

Especially Han Yun!

In ancient times, it was the eighth heaven of emperor Zun. As early as 2000 years ago, it was the peak of nine layers of heaven!

This time, he broke through to the seven layers of heaven, holding the Jiupin immortal tool, and had temporarily guarded the Kunlun void on behalf of Ye Chen!

Lingyidanzun, ye Lingtian and others are also refining elixirs and utensils at a high speed. The imperial elixir has been successfully refined, and the Banxian utensil has been successfully refined. It has not been a few days since Ye Chen left. Great changes have taken place in Kunlun Xu, but it all depends on Ye Chen himself!

"It seems that you know who I am."

"Let's be frank. I can talk to you as the virtual Lord of Kunlun!"

Ye Chen looks plain, but gives people a great pressure, as if talking with an emperor in general!

He said: "I have estimated the strong of each school and city. There are thousands of emperors and hundreds of gods!"

"If you are interested in forming an alliance with Kunlun Xu to resist the blood spirit people who have come here for several years!"

"I Ye Chen promised that when I was promoted to Hunyuan state, no, God King state, I would break the guard of the spirit City, let you all enter the spirit City, take the space transmission array to leave, and go to the high martial world you want to go to, in order to make a breakthrough in cultivation!"

Seeing that the people's eyes were dignified, he said slowly, "I believe you sent someone to Kunlun to explore me. I also know that I'm only 30 years old, and I've been practicing for less than ten years, and I've already had such strength!"

"I can assure you!"

"Within ten years, I will become a strong one in the realm of Tao, and the realm of creation and Xingqiao will no longer talk about it!"

"I only want you to help prevent Kunlun deficiency!" His lips outlined a smile, said: "what you want, what you dream of is to open the spirit City, let you go to other places, look for opportunities, and then make breakthroughs!"

"The youngest of you is a thousand years old."

"It has passed through the time when Kunlun was oppressed. Although neither side of you participated in the battle of ancient times and did not get any advantages or disadvantages, your cultivation has been stagnant for more than a thousand years."

As soon as this was said, many people bowed their heads.

Indeed!

The cultivation has been stagnant for thousands of years and has been unable to be promoted!

I'm afraid other people are crazy, otherwise they won't come to make friends with Ye Chen in person.

"Good!"

"I promise you!"

One of the top stars stood up and said, "ten years, right?"

He took a deep breath and said, "our xingjianmen is willing to form an alliance with kunlunxu. Within ten years, we will fight against the enemies of the blood spirit clan for kunlunxu. Ten years later, ye Chen will send us into the spirit city and go to other high martial worlds."

"But if you don't do it ten years later, don't blame me for helping the blood spirit clan instead!"

"Good!" Ye Chen's eyes were firm and said, "it's a deal!"

Ten years?

It won't take long!

It's only three or five years at most. I'm bound to become a harmonious realm!

"I promise, too!"

"The high martial world of the Xueling clan is not entirely the enemy of Kunlun!"

"It's just that the Blood Sword clan and Kunlun Xu are enemies!" Another old man also stood out with deep eyes and said slowly, "the last time Wei Wucheng and others arrived, it seems that they did not sit in the exclusive transmission array of Blood Sword gate, but walked into another transmission array!"

"It means that they are not people who go to kunlunxu every hundred years!"

"Those who go to Kunlun empty every 100 years should be one year later. Those who come before will become the highest level of spiritual state. Even if there are changes, there will be a lot of eight or nine layers of heaven in the spirit state. It can't be the arrival of the divine kingdom!"

"I have heard of these people near the spirit city. They are suppressing the rebellion in other places. They can't come for a short time!"

"As long as the next time the people from the blood spirit clan are not in the divine Kingdom, it will take a very long time to use the space transmission array. This period of time is far more than the time set by Ye Chen and us. It's worth it!" "Yes, it's worth it!" They also nodded and said, "I am willing to form an alliance."

"I will, too!"

"I will!"

"Ha ha ha, it's better to go crazy than die. I'm willing to do it too!"

.....

Soon, the ancestors of these hermit forces near the spirit City expressed their willingness to form an alliance!

For them, after thousands of years of silence, it's better to be crazy. As long as you block the next time the Xueling people come to Kunlun Xu, it's all right. As for the next time, it's Ye Chen's business, which has nothing to do with them!

"Good!"

"The covenant is made!"

Ye Chen tells Han Yun and ye Lingtian what happened here in Guangming Palace by means of transmission!

He then went on to ask, "I have learned about Li Jiawei. Do you know about Lingyun xianzun?"

"Spirit charm immortal?" A fairy old man was surprised and said, "this man has been to the spirit city a few days ago. What are you looking for?"

Ye Chen asked: "she returned to the blood spirit clan?"

"I don't know!" The one who is in charge of Jiankun's gate can only ask the one who is in charge of the blood gate of Jiankun to continue to send the message

As for Li Jiawei

"He is good at the way of dark poison, which can corrode the enemy's road, even the soul and body of the enemy!"

"If you don't say anything about poisoning, you will be unable to move all day and night. Because of this, the Lord of blood demon mountain can't move and use his power. He will cut off the way of God and king. You should remember that!"

"Good!"

"Then I must have understood!" Ye Chen got up and hugged his fist and said, "everybody, I'm going to the spirit city first."

Not waiting for you to speak, ye Chen jumped up and turned into a luster disappeared.

After all, there is a spirit card, which records the location of the spirit city.

I don't know how long later, ye Chen saw a huge array of places, surrounded by light circle protectors, which can not be broken without Hunyuan realm. This city is just the spirit city!

The storm is about to surge!

Chapter 1257

"This is the most mysterious place of Kunlun void. It is the spirit city that communicates the existence of Kunlun Xu and Gao Wu plane?"

Ye Chen murmured a word, stretched out his hand to touch the array in front of the face, but found an extremely frightening force!

"Bang!"

His body flies out upside down. If it is not for body training, the consequences will be unimaginable!

The power of this array is extremely terrible!

It is worthy of carrying the space transmission array!

Ye Chen's eyes are slightly coagulated. He is very clear that this place, which is known as the most mysterious place of Kunlun emptiness, is also the connection point between Kunlun Xu and gaowu plane. It is not simple!

It can even be said to be extremely dangerous!

But ye Chen doesn't have much time to think about other things. Ji Siqing and Xia Ruoxue are missing. No matter what, he will step into the spirit city!

Ye Chen's spiritual consciousness is released. Although he can't detect the situation inside, he can roughly outline a outline.

Not vast! But the energy fluctuations are very strong!

Such a huge city, comparable to the magic capital of China, has only a population of 10 million, which is very open.

When ye Chen comes to the gate of the spirit City array, he no longer forces to break through, but shows the master's soul card. The aura suddenly opens an entrance for ye Chen to enter. After entering, the entrance disappears. Obviously, a soul card can only be used by one person.

Just after stepping into the spirit City, ye Chen felt that the aura around him was much stronger than that of Kunlun Xu, which could even be said to be terror.

Even the secret place of blood spirit and the place of body refining don't have such terrible Aura!

Not only that, ye Chen found that the streets were full of powerful emperors, and even many of them came and went.

Although the most powerful spirit city is the nine layers of heaven.

But there are more powerful people in the realm of God and Emperor's respect than the sum of them!

"Although the spirit city is in the void of Kunlun, it has always been in a closed state. Presumably, the blood spirit clan can't deprive it, which also leads most people to take refuge and survive here."

"I thought my realm and strength were strong enough in Kunlun. Now it seems that there are people outside of people, and there are days outside."

"I'm afraid I'm the one with the lowest spirit level."

Ye Chen shakes his head and laughs at himself.

He sat down in an open-air teahouse, drinking tea on the surface, but actually searching for all the information that was useful to him.

He came to Lingcheng not for other reasons, but for Ji Siqing and Xia Ruoxue!

No more delay!

At this time, a voice into Ye Chen's ear.

"The eight thousand year birthday of kunjianmen sect leader!"

"Recruit talents from Lingcheng and accept them as disciples."

"You can't lose time and never come again..."

A warrior was peddling something similar to a newspaper in his hand, and from time to time he called out: "the head of the crazy sword sect has stepped into the spirit state, and the eldest disciple of the Qinghong sect has an affair with the illegitimate son of the master of kunjian sect Come on, there's news everywhere..."

Ye Chen frowned slightly. This man is a bit like a newspaper seller in China.

As for the file, it should be used to record messages, and the mode of shouting is mostly similar.

He went up and stopped each other and said, "how much is a message?"

"Ha ha ha, guest!"

"A piece of inferior fairy stone, a piece of news!"

"It contains anecdotes and anecdotes of various sects, even the special relationship between the leader's daughter and the leader's son, and the problems in the cultivation of the ancestors, and so on. All these news are available!" The man stares at Ye Chen and narrates it very seriously.

It seems that he has been specialized in this field for a long time!

And the face of Ye Chen in front of me is very fresh, I'm afraid I just came soon!

So his mouth is a piece of inferior immortal stone.

Although the spirit city is located in the inner part of the Kunlun void, it is connected with the high military level. The level of the spirit stone is obviously much lower, so the transaction is the start of the immortal stone.

Ye Chen got many so-called immortal stones from Wei Wucheng.

"Is there room to send messages from the array?"

"Are you?" The man gazed at Ye Chen again and said with a smile, "you are really a person from outside. Do you want to take the space transmission array? OK, the information is also included in it. The price remains unchanged. The situation of the 16 space transmission arrays guarded by each of the eight sects is available! "

Hua ~ ~

a lower grade immortal stone fell on his hand.

Ye Chen took over the newspaper, looked for an inn and looked it up carefully. The eight sects such as Kun Jianmen really mastered the right to use the space transmission array!

16 space transmission array!

It's not just transmitted to the Blood Sword gate.

Some of them are transmitted to other families and other sects of the blood spirit clan. There is only one transmission array that directly leads to the blood spirit clan. The other 15 are different. After all, some strong people do not want to go to the influence area of the Blood Sword clan and will go to other sects.

The Blood Sword gate belongs to the North Palace family of the blood spirit clan!

There is no doubt that this force is cruel by nature, and some people are afraid of being slaughtered. Therefore, at the very beginning, there was Daneng in the land of the blood spirit clan, and within the sphere of influence of dozens of other big families, left a space transmission array, giving the future generations a variety of choices.

"Space transmission array, don't worry at first!"

"I want to go to kunjianmen, kill Li Jiawei first, and then find out the trace of Lingyun xianzun there!"

"I don't know which space transmission array this immortal statue is sitting in!" Ye Chen murmured to himself that although the 16 space transmission arrays are all within the spirit City, each direction is tens of thousands of miles away from each other, and there are many forces, fierce beasts and so on in the middle. With Ye Chen's present state, once he goes wrong in the space transmission array, it will be difficult to find Lingyun xianzun again.

"Li Jiawei!"

"Tomorrow is the 8000 year old birthday. The leaders of the eight schools and the disciples of Taoism will come to celebrate their birthday!"

"It is possible to enter the kingdom of God before 8500 years old!" Ye Chen reads the above message, "Li Jiawei is a man with two pieces of eight pieces of immortal utensils, and the road is highly poisonous.

However, he can't fight with him normally. Maybe he has some opportunities to use the way of extinction."

"Enter into the nine layers of heaven!"

"Fifty thousand years of life!"

"In my way of extinction, it only takes me a minute to consume his birthday!"

Ye Chen secretly decided on a plan to prepare tonight, and tomorrow he will go to a banquet to look for Li Jiawei.

Li Jiawei, such a villain, may prefer to lose face in the face of other people's door-to-door challenges. Then, he should find a reason to let Li Jiawei confront him. Otherwise, it will cause the hostility of the other seven faction leaders, and it can't really destroy the leader of the eight schools in Lingcheng.

Of course, ye Chen also wanted to attack at night.

But at the thought of the formation here, he gave up.

His way is to kill. Why do you want to sneak?

This time, he planned for the worst.

The spirit city is mysterious, for the spirit City, he is just a stranger.

But then what!

He is an outsider who has to fight his way out!

Chapter 1258

.....

The next day!

Outside the palace of kunjianmen, a string of firecrackers resounded.

Beautiful men and women come in carrying all kinds of festive items, and then disperse on both sides, and come to the banquet to put down the items. Some of these items are fruit, delicious dishes, etc., which are used to entertain guests.

The leaders of the seven schools also arrived at noon.

Li Jiawei, dressed in red, came out to meet him in person.

This kunjianmen ancestor has black hair like a waterfall, but he looks like a young man, but he has some sharp tongues. He can see that he is not a man who can easily deal with it. He is not tall, but walks in the hall with a long march and a tiger. He laughs: "you old guys, you are finally here!"

"Come on, come and sit down!"

"Today, my headmaster's 8000 year old birthday is a step closer to the kingdom of God!"

With a life span of 50000 years, he is only 8000 years old. Compared with the life span of normal human beings, he is only eighteen or nine years old.

Li Jiawei personally welcomed the two female leaders to their seats and said with a smile, "you two, today is a good food and drink. I will accompany you to discuss life in the evening."

"Headmaster Li's speech is still so funny!"

One of the women in green robes smiles with disgust in her eyes. She is Qing Ruxue, the head of the Qinghong sect. She is a cultivation of eight layers of heaven in the spirit realm, but she dare not offend Li Jiawei. After all, a villain in in the nine layers of heaven in the spirit state offends too much danger and may be attacked by the other party at any time.

"Headmaster Li, you'd better go and entertain others."

Another woman in Black said slowly that although she was disgusted, she did not offend Li Jiawei.

She is the leader of blue water gate. She is like frost in the south. She is also in the state of nine layers of heaven, but she does not dare to offend powerful villains like Li Jiawei.

"You are here at last

"Old man!" Li Jiawei laughed and went out to meet the other leaders.

Li Jiawei personally met the five leaders, patted them on the chest, and looked like a big brother. He said, "you old people, really, when will you come?"

"Still showing off in front of Laozi?"

"Do you think my poison is not deep enough?"

Li Jiawei's voice suddenly cooled down.

Today, after all, he was very happy, but the people in front of him were so sad that he was extremely upset.

As soon as the words were said, many disciples around them gazed at them, and the hall was silent for a moment.

Everyone did not dare to speak. They all looked at Li Jiawei with a look of fear!

All of them are heroes and heroes. They fight head-on.

Where is Li Jiawei, such a shameless villain, secretly attacks and poisons.

A powerful man with nine layers of heaven!

Who can avoid it?

"No way!"

"No way!" A headmaster with a wry smile said, "we are late, we are late!"

He is the head of the crazy sword sect, crazy infinity. He is in the eight layers of heaven in the spirit realm, but he smiles bitterly and shows weakness slightly.

His combat power is not as good as Li Jiawei. If he is poisoned again, he will probably repeat the mistakes of the blood demon mountain master. Does such a strong man at the same level want to poison them? They also have to be careful. The scene when the master of blood demon mountain was poisoned can still be seen clearly!

Crazy infinity quickly pressed the hand of another leader and whispered: "Li Jiawei, this shameless villain, has high skill. I heard that he has collusion with the Blood Sword sect of the blood spirit clan. Don't offend him! Better offend the monarch than the villain

The leader sighed to himself and said, "Master Li, congratulations on your birthday!"

"Congratulations on the birthday of headmaster Li!"

"Congratulations on the birthday of headmaster li..."

.....

The other leaders also expressed their unwillingness to celebrate Li Jiawei's birthday with fists.

I can't help it. My strength is inferior to that of others. If I offend Li Jiawei, I can poison myself for hundreds of years according to Li Jiawei's vindictive character. If I think about it, I may be poisoned every day and I can't prevent it at all!

Face to face.

The great leaders have nothing to say, nor can they speak anything.

"Good, good!"

"You old fellows, get on your seats!"

"I don't want to be affected by my eight thousand birthday!"

Li Jiawei looks at the thousands of martial artists in the palace, and is arrogant.

He laughs: "all of you give me good food and drink, but if anyone dares to eat something unhappy, the consequences will be at your own risk."

"Yes

"Master Li's 8000 birthday, we must have a good time..."

All the people replied quickly, their faces were not good-looking.

Li Jiawei is known as a madman in the spirit city.

How can an old monster who has lived for so many years have such an attitude towards people, but Li Jiawei is such a character. They are used to it.

His own leader was treated like this, if not inferior to his strength, he would have fought back.

The seven leaders were all at the same table, and other Dharma protectors, elders, disciples, etc. were all at their respective banquets. They enjoyed eating on the surface, but secretly cursed Li Jiawei.

Even everyone here wanted the party to end quickly!

Because they are completely in the shadow of a madman!

"Wow

In the middle of the banquet, the sound of breaking the air sounded, and a sword came flying.

To everyone's surprise, this sword directly pierced the chest of Li Jiawei's eldest disciple.

The sword was so powerful that it nailed this disciple to death in the hall, and the blood flowed all over the ground.

At this moment, the whole party changed its flavor!

This is provocation!

Naked provocation!

Who could have thought that someone would do something at Li Jiawei's banquet. He would be crazy!

"Who?"

"I'm not timid."

"How dare..."

.....

Everyone stood up and looked at the elder disciple in horror.

The genius of emperor Zunjing's five layers of heaven was so nailed to the hall by a sword?

Even the soul has been wiped out?

Don't you know that he is Li Jiawei's first disciple?

Even rumors are still the illegitimate son of Li Jiawei?

Who dares?

Challenge Li Jiawei face to face, don't you want to live?

They saw a young man walking slowly into the hall.

Young people wear casual clothes, carrying long spears and long swords on their backs. They are full of heroic spirit between their eyebrows and the icy essence of their eyes.

It's Ye Chen!

Ye Chen gazed at the people around him, and finally fell on Li Jiawei's body. The corner of his mouth outlined a curve: "I should also give some gifts for such a festive banquet."

"The blood flowing from the corpse should be my gift to Li Jiawei!"

As soon as the words came out, everyone was shocked and even more petrified!

On Li Jiawei's big day, send a corpse as a gift?

This kid is crazy!

Looking for death?

When people look at Ye Chen's accomplishments, they find that ye Chen is only in the early days of emperor's respect!

The breath of key Ye Chen's body obviously broke through not long ago!

The lowest threshold of the spirit city is the emperor's realm!

A mole ant who just broke through for a short time actually came to the door to challenge the school?

Chapter 1259

This kind of person is either crazy or looking for death!

Although people have no good impression on Li Jiawei, looking at Ye Chen is no different from seeing a corpse.

Not even pity.

Ignorant young people think that stepping into the realm of emperor's respect is the empty sky of Kunlun!

But I don't know that emperor Zun is just the beginning of the road of cultivation!

Just then, one of Li Jiawei's disciples reacted, stepped out and said angrily, "what kind of rubbish are you? Do you know where this is! Do you know what day it is

Ye Chen's eyes did not fall on the man, but his eyes were burning at Li Jiawei, with a strange smile.

There's no temperature.

"Since I want to know my name, I'll tell you."

"My name is Ye Chen. Today I'm going to challenge Li Jiawei instead of master Mu Chen of Xuemo mountain!"

"The death of Li Jiawei's disciple is a war book!"

"I have found out that your disciples commit all kinds of crimes, such as prostitution and plunder. Damn it!"

Ye Chen drew out his sword and pointed to Li Jiawei and said: "as for you, a shameless villain, you are a leader in vain. You like to poison secretly. You are good at attacking others. You are shameless. I will kill you in the first world war today."

The voice is flat but magnificent, as if the emperor preached.

The hall is silent. Everyone looks at Ye Chen and Li Jiawei.

Qing Ru Xue, however, gave a cold smile and whispered: "south is frost. You see, there are people challenging Li Jiawei so soon. Li Jiawei, the leader, is really worried. He deserves his illegitimate son to be nailed to the hall! "

"You deserve it

"It's not the last time that Li Jiawei and his son raped and raped each other!"

South such as frost suddenly in front of a bright, way: "wait, he said blood demon mountain Lord?"

"The God King who was strong years ago?"

"Can't it be that ye Chen is his disciple, who came to revenge specially?"

"Not necessarily!" Qing Ru Xue said: "the emperor respects the whole world. How can the master of blood demon mountain teach such rubbish disciples? Let's see how Li Jiawei deals with it."

The crowd whispered.

Li Jiawei's face was black at the moment.

He looked at the corpse on the ground, and the whole person was in a daze!

He is the leader of kunjian sect!

He is one of the eight giants of the spirit city!

How?

How could anyone dare to kill him on my birthday?

Next second!

A roar rang through!

"Ye Chen!"

"What kind of animal are you?" Li Jiawei was furious and said, "does the emperor respect the heaven?
How dare you dare to challenge me

"All the disciples, go up to me, and scatter Ye Chen's corpses to pieces on the spirit city."

"I want Ye Chen to die without a burial place!"

After roaring, Li Jiawei squatted down and looked at the corpse carefully.

But found that any pill can not help.

The power of Ye Chen's attack can't be survived.

This corpse is one of my closest people. It's a true story of myself.

Although they are arrogant and domineering on their own reputation outside, most people dare not investigate.

Even the outside world spread that this person is his illegitimate son!

It can be seen that the relationship is not general!

But such a person, how, how died

"The leader has the order, kill Ye Chen!"

"The leader has the order, kill Ye Chen!"

In an instant, there were hundreds of kunjianmen disciples in the hall.

There are many powerful emperors. In the early stage of entering the state of God, there are also several Taoist disciples who have entered the second layer of the divine realm, and they are also one of Li Jiawei's disciples.

These disciples are not Kunlun Xu people who can fight against it.

These people, skilled in fighting, turned the hall into a battlefield and forced the disciples and leaders of other schools to withdraw from the hall.

Whoa!!

Ye Chen cut out a sword and divided the hall into two parts. In the process, he killed several disciples of emperor zunjingkun.

Blood and corpses everywhere!

The other seven men retreated outside and observed everything in front of them.

Many people secretly surprised that ye Chen's fighting power is very strong!

"Kill!"

"In addition to the true disciples, the Taoist disciples are included!"

The old disciple who entered the second heaven of the divine realm commanded other people, and the other disciples were just like him.

Several disciples in the early stage of entering the state of mind formed a battle circle surrounding Ye Chen, while many disciples of emperor Zun Jing zhenzhuang cooperated in the periphery.

So many strong men besiege Ye Chen!

All kinds of swords and swords flickered, and the hall was completely turned into ruins. When the disciples in the spirit state approached Ye Chen, they were blasted by Ye Chen's fist in less than a second.

Bang bang bang!!Bang bang bang!!

The sound of the road burst one after another.

Countless blood streamed down, a pair of body burst.

Three disciples of kunjian sect who were in the early stage of entering the state of mind fell down!

People in the early stage of entering the state of mind can't resist Ye Chen's move.

The whole hall is extremely weird.

They have always heard that the emperor's realm was crushed by the divine realm, but they have never seen the emperor's realm crush the emperor's realm!

Many people even rubbed their eyes, thinking it was their own eyes!

However, the violent air waves around us have to make them think it is a fact!

.....

"Thousand ice sword!"

Ye Chen murmured and clenched the Zhushen sword, which was full of brilliance. It swept up and down the heaven and earth. The tip of the sword shot out cold ice. It was located in the sky and turned into an ice sword with a handle like a curtain of rain.

Poof!!

Poof!

The rest of the disciples who have just stepped into the spirit realm have been pierced by ice sword!

The blood flew down and smashed holes in the ground.

In a blink of an eye, ye Chen was like a demon. His body flashed out and killed many disciples in the divine realm. Then he stabbed out with a sword, moving clouds in all directions, and innumerable sword Qi gushed out. Like tides and waves, ye Chen directly drowned the disciples in the emperor's realm!

Crackling!!

Bang bang bang!!

If you put fireworks, one by one emperor Zunjing flesh burst.

So many strong people, against an emperor, a layer of heaven!

It's totally weak!

Either dead, or seriously injured and dying, is not ye Chen's opponent at all!

Ye Chen, like a green pine, stands in the center of the hall. He turns over and shoots out a gun. A black gun Gang flies across the air, like tracing back to the dead. He kills all the remaining disciples of emperor Zunjing!

There's only a shower of blood left!

At this moment, there was silence all around!

One hundred disciples of kunjianmen were destroyed overnight!

All the leaders put away their contempt, staring at Ye Chen, shocked in their hearts!

How many Taoist disciples in the spirit realm!

So many true disciples of emperor Zunjing!

The siege took less than a minute before and after, and all were destroyed.

I'm afraid that this kind of combat power has already been comparable to that in the middle or even later period of entering the divine realm?

At present, this young man named Ye Chen, looking at the root bone less than 30 years old, how could he be so powerful?

Is it Tianjiao from Gao Wu?

But it's not right. It's impossible for a person born in a high position to be so low?

In front of Ye Chen, there is only one layer of heaven of emperor Zun realm!

Chapter 1260

Just as the crowd was still surprised, Li Jiawei slowly stood up, surrounded by a magic light. He had a black cloak behind his back. He had five colors on his chest. A pair of eight grade immortal weapons and armor appeared. A four foot sword appeared in his hand, which was also an eight grade immortal weapon!

He pointed to Ye Chen with his sword, and his eyes were like the nether world. He said angrily, "little beast, it seems that I still underestimate you."

"No matter who you are, no matter what kind of existence you stand behind, you should not come here!"

"I'm going to cramp you today!"

"Life is not like death!"

"I want you to regret stepping into the spirit city!"

"Never, only I, Li Jiawei, kill others, no one else can kill me!"

In an instant!

When Li Jiawei kills him, he lifts the sky with one sword, and thousands of swords flash out. He kills him from all directions, making Ye Chen hiding.

"Buddhism in boxing!"

"Jianmen manifest!"

Ye Chen is slightly surprised, naturally dare not be careless.

With one sword and one punch, he broke out with the strongest fighting power!

The sword of Zhushen in his hand bloomed with starlight, blood light and magic light. Various forces converged and spurred thousands of sword Qi, which turned into a sword gate. Behind his back, there were ways of killing, indestructible and extinction. Countless sword spirits were contaminated with the power of the three, and then they were killed!

At the same time, the left hand blows out a fist, countless silent Buddhist texts emerge, covering the sky.

A Buddhist kingdom is formed in the seal of the fist. The Buddhist scriptures are recited at the same time, and the sword Qi and fist seal are used to kill the Buddha.

This sword!

This one!

It's enough to kill the ordinary five layers of spiritual state and even the weak six layers of spiritual state. They have to be destroyed on the spot, and there is no place to die!

Whoosh!!

Bang bang bang!!

The sword spirit, sword light and Buddhist kingdom collide.

At the next moment, ten thousand swords flash again, smashing the Buddha Kingdom and breaking the sword gate. Li Jiawei is a boxing Ye Chen!

Leaf Chen mouth corner overflows a mouthful of blood, the body is heavy smash falls.

Dust rolling!

He knew Li Jiawei was terrible, but he didn't know it was so terrible!

Damn it!

Ye Chen quickly climbed up and retreated to the back.

Just as ye Chen was about to step back, a violent roar came:

"how do you feel, little brute! Never despair! The game is just beginning! Today I will use your head as my birthday gift

Li Jiawei pursues and kills himself, does not kill Ye Chen, vows not to give up!

Many elders of kunjianmen looked scornful when they saw this scene.

Some elders said: "it's ridiculous that the emperor's respect is so small that he dares to come to our kunjian gate and be bold."

"The leader of the blood demon mountain in those days, the leader didn't poison him, he gave him face!"

"It's damned if we dare to be attacked and killed by our great leader."

"Yes The great elder of Kun Jianmen said angrily, "when ye Chen is killed today, we will go to the blood demon mountain to kill the blood demon mountain master! Think of our great leader, use lofty means to suppress the other seven sects, and create the flourishing age of our kunjian sect

"Now, what scoundrels dare to offend the leader!"

"Damn it!"

Ye Chen?

I want you to take your own sword, master Ben!

You not only dare to kill the leader, but also kill 100 zhenzhuan and Daoist disciples of our sect!

Damn it!

You mean thing, damn it!

Kunjianmen elder, Dharma protector and so on went after him.

The other seven faction leaders looked at each other, and Qing Ruxue said, "what shall we do? Help that kid? "

"Or help Li Jiawei?"

"It's Ye Chen. His ability of leaping over the level is really strong. However, the emperor has played the extreme combat power of entering the divine realm."

"It's kind of interesting."

"Wait a minute." LAN Rushuang sighed: "Li Jiawei is a man who will report his hatred. If he can't be killed, he will revenge us with his character! If ye Chen can defeat Li Jiawei, we will help him kill Li Jiawei."

"Even today, we have destroyed Kun Jianmen!"

"Yes The head of the crazy sword sect had a deep look and said: "I have never seen the emperor respect a layer of Tianjiao who can fight into the divine state. There must be a strong man behind Ye Chen. It is very likely that he is in the divine kingdom or even the Hunyuan state. Only in this way can we teach such a great genius!"

"If that elder hands, injures Li Jiawei!"

"We will take the opportunity to help Ye Chen..."

The seven faction leaders also followed up!

Li Jiawei and ye Chen fight in the spirit City, which has a great impact. However, ye Chen is defeated by Li Jiawei.

After all, the gap is too big!

Fortunately, ye Chen's body is terrible, as well as evil Qi and blood dragon to protect himself, so as not to be too embarrassed. Otherwise, it would have turned into blood fog!

"Little beast, is this feeling painful?"

Li Jiawei's violent force surges forward to Ye Chen!

I thought Ye Chen would beg for mercy or give up.

But did not expect that ye Chen actually closed his eyes at this time.

"Well?"

Li Jiawei frowns slightly, unable to understand Ye Chen's idea.

But his strength did not shrink at all!

His eyes are full of madness and bloodthirsty! He's enjoying the killing!

Then at the critical moment, ye Chen opened his eyes!

The corners of the mouth outline a radian!

"Just waiting for you!"

The next second, ye Chen fingers Jue, a road directly emerged.

"The way of death!"

"Burst out!" Ye Chen shouts and gets close to Li Jiawei. He punches Li Jiawei's fist with a fist. The force of extinction is pouring out. At the same time, he tries to deprive Li Jiawei of the power of Tao, which is used to supplement his own way and improve his realm!

Hoo Hoo Hoo!!

Whoosh!

At the speed visible to the naked eye, Li Jiawei's breath is decaying.

In just a few tens of seconds, Li Jiawei is old, I don't know how old he is!

"You control the way of extinction! How can it be! "

At this moment, Li Jiawei's face changed greatly!

Even a little scared!

The way of extinction is not controlled by an emperor!

What's more important is that the boy is so old and the way of extinction is so terrible!

It's unbelievable!

He does not care about everything, the body turns over, is to hit Ye Chen to fly out.

Ye Chen falls on the ground, his clothes are broken, but the way of silence behind his back is strengthened again, and then there is a very strong breath. At this moment, he absorbs the power of Li Jiawei's road, but he enters the second heaven of emperor's dignity!

What a windfall!

"Come again!"

Ye Chen tasted the sweetness, directly rushed to kill in the past!

At this moment, he is no longer afraid!

Even looking at Li Jiawei's eyes is like looking at prey!

In the whole world, who dares to do so!

And far away!

Li Jiawei is a little confused! Between the eyebrows filled with strange!

"What's the boy coming from?"

"His breath is so strange that he doesn't look like the strong man of the blood spirit clan, nor the rubbish of Kunlun Xu!"

"There is no such genius in the spirit city!"

"The key is that the boy used the way of extinction to absorb my strength to make a breakthrough!"
