

Physician 1281

Chapter 1281

Countless spiritual powers are gathered around the heaven and Earth Dragon array. Even several mountains beyond the thousand Jue city have broken and shaken one after another. The earth dragons are rising in the sky and conveying power for the array. These earth dragons are not real living creatures, but are formed by the power of the earth's veins.

Han Yun's face is ferocious and his white hair is floating. His left hand receives the power from eight powerful people who are in a trance. His right hand is transmitted to the array eye.

Whoa, whoa!!

Whoa, whoa!!

A blue column of light.

A blood red light column, at the same time input into the array eye!

Among the 24 strong men in the array eye, three of them are responsible for the power delivered by the Qian position. After integrating the two forces into a state of mind, the three palm prints are powerful and fall on Ye Chen.

Bang bang bang!!

Bang bang!!

A series of empty explosions came out.

Ye Chen punches and punches, vaguely tearing the void. He feels the breath on his body, and faintly reaches the top level of the nine layers of heaven.

With his arms outstretched, the sword of killing gods and the spear of destroying souls haunted him. At the moment, he was like the king of heaven and earth. The release of simple breath was enough to suppress the warrior in the middle stage of his spiritual state.

"Power from one direction!"

"Let me be three times as powerful as I am, more than one or two times as powerful as words."

"The other two directions don't need to transport power!" Ye Chen smile, scattered the strength of the whole body, slowly said: "you don't have to be afraid, just the Blood Sword gate, what's the matter!"

"This array!"

"The eight trigrams and eight directions, and the power of one direction will enhance the power of Qi and blood and the power of soul to the level of the peak of nine levels of heaven in the spirit state!"

"As long as the two directions are combined, I will be the strong one in the early stage of the king of beauty in a short time!"

Ye Chen's slightly arched hand, the eyes are filled with the assurance of victory!

With a relaxed smile, he glanced at the ancestors of xingjianmen, Han Yun and others, and said again: "the strength of eight directions converges. I think it can fight against some more dangerous existence!"

"This time, I will let the Blood Sword gate come back and never come back!"

"Heaven, earth and sky dragon array, the power of this array is much stronger than that recorded in ancient books in those years!"

"Don't worry, everyone!"

"If ye Chen is with me, even if the heavenly king and Laozi come, they are not qualified to move Kunlun Xu!"

Hearing Ye Chen's words, the ancestor of xingjianmen gently touched his beard. The big stone in his heart was put down!

Kunlun has such an array. It's really powerful!

Gather 90 strong people into the spiritual realm, rely on this array, gather the strength on one person, and then burst out completely, that is, no matter how many strong people will attack, they will not be afraid!

My star sword gate, can escape a robbery!

As expected, it is a wonderful thing to form an alliance with Kunlun!

Han Yun, ye Wudi and Ye Feng also nodded slightly,

they thought they were going to die!

I didn't expect that the ancient array discovered by the temple master has such a powerful combat power. It's a great joy!

I Kunlun Xu, from today on, will completely stand up!

No more threat from the blood spirit clan!

Even tomorrow we can kill the people of the blood spirit clan. What a pleasure!

The Blood Sword sect is mainly composed of the strong members of the blood spirit clan. Basically, the elders, Dharma protectors, the supreme elder, the headmaster and many disciples are the blood spirit clan. As long as a small number of disciples are not, it can be said that the Blood Sword sect was formed by the expansion of the blood spirit family from a family to a sect.

The main fighting power is the blood spirit clan!

Fresh blood, new disciples and so on. Some people are the genius in the region controlled by the blood spirit clan.

But this is the Blood Sword sect. The strong people sent here this time will surely become our dead souls without considering the help of the Beigong family!

Ancient times!

Blood feud many years ago, tomorrow a settlement!

If it is not for our lack of strength, we really want to kill the land of Lingwu and destroy the cruel clan of Blood Sword clan.

"Just now, some of the strong people in the array's eyes were in a state of mind, and their consumption was not small!"

"I will ask Lingyi danzun to send you pills for recovery." Ye Chen's eyes swept over all the people and said, "everyone, let's rest here today. In my estimation, the blood spirit people should arrive at noon tomorrow."

"At that time, they will come to qianjue city first, and we will fight directly!"

"Kill all these invaders

Dare to invade Kunlun Xu!

This time you will be defeated!

In the future, our strength will increase greatly. We will kill Lingwu mainland and kill our blood sword clan!

"Well, I'll wait for them here!"

"Obey the orders of the Lord!"

"After all these years, it's going to be a shame!""New hatred and old resentment together..."

Many strong people in the state of mind are not angry. They sit around the heaven and Earth Dragon array with their knees crossed and meditate.

Ye Lingtian, who lived in the six layers of heaven of emperor Zun, took the pills refined by Lingyi danzun and broke through very quickly.

When he came to the palace, he glanced at the original leader of each pavilion. The deputy leader of the pavilion at the moment said, "the Lord of the temple and all the cabinet masters can control the array. This time, the blood spirit clan will be destroyed!"

"Tell them to come back and never come back!"

"After a period of time, everyone's strength is greatly increased. Let's follow the steps of the temple master and kill Lingwu land together!"

"Long live the master of the temple!" Huang Wu raised his left hand and said excitedly, "the Lord of the temple can kill immortals now. We followed the right people at that time."

"Yes, long live the Lord!" Huang zhantian and others are extremely excited!

Our Lord!

The source of the road, kill into the God!

Emperor Zun can also attack into the realm of killing gods!

With the blessing of the array, it must be more terrifying!

No matter how many strong members of the blood spirit clan come this time, they will surely die under our temple master!

Hall master, is invincible!

In the hall of Guangming hall, there are many powerful people who respect the territory of the hundred emperors. At the moment, people are in hot blood. Originally, they planned to set up an array to attack and kill the blood spirit people in the way of death squads. However, it is exciting to learn that the Hall master can control the array to kill a large number of blood spirit people!

The enemy, will be killed by the hall master!

I'll wait. There's no need to die!

There is the master of the temple!

Even if the sky is crossed, no one is the opponent of our temple master, and the God King state is not good!

.....

Kunlun Xu is almost ready.

The Blood Sword sect is full of blood spirit people, led by the leader Chen long and vice leader Chen Fengxuan!

Two leaders of Hedao state led the team and led 13 Hunyuan realm and 7 Shenwang state leaders to set out. When they just left the school, they all scared several schools nearby!

So many powerful people of the Blood Sword sect are going out together?

Which sect will you attack again?

If there were not some strong men in the early days of fortune, they would not dare to be neighbors with the Blood Sword sect. Who knows that the Blood Sword sect is decisive in killing, and the disciples are all abnormal. They like to kill the enemy and control several huge cities and low-level military positions.

However, which of these giant cities, including Beidou city and kunlunxu, was not tortured and killed by them?

Chapter 1282

The disciples of the surrounding sects and those of the Blood Sword sect almost turn around and leave.

Even the ancestors in the early days of the state of fortune were afraid of the old monster of the Blood Sword sect who was at the top of the Taoist realm. He was afraid of being attacked by the old monster. However, this time, the old monster woke up from the closed door and missed the chance to be promoted to the heaven realm, which made the ancestors of the surrounding sects relieved.

Otherwise, the ancestor of the Blood Sword clan was promoted to the realm of fortune and belonged to the Beigong family.

The surrounding sects don't want to live in peace!

"This time, when you step into Kunlun void, you can only win, not lose!"

"Years ago, we had a terrible defeat in the attack of ice sword gate!"

The leader Chen Long's hands are united, his arms are filled with blood, and his fingers pinch the formula to trigger the array. The array seems to form a sharp sword, which directly tears open the void, and then takes a palm to condense the space rules in the void and turn it into a bridge of space, leading to the Kunlun void.

Stepping into the bridge of space, he glanced at many strong men at the same time, "in the first battle of ice sword gate, our school lost three elders of Hunyuan state and seven Dharma protectors of Shenwang realm!"

"In this way, the Supreme Master is already very angry!"

"This time I go to Kunlun Xu, I want to kill all the ants who dare to betray me!"

"Remember what I said, all the people in the upper and lower levels of Kunlun Xu, regardless of men, women, young and old, with or without accomplishments, will be killed. Otherwise, other schools will think that if we fail once, we will lose our blood!"

Headmaster Chen Long's words are pearls, and his voice is as cold as Jiuyou, which makes him shiver.

He thought about the cableway: Kunlun Xu?

In such a low martial world, they dare to move their people.

I don't know who gave them the confidence?

As for ye Chen?

In the early days of the battle God Kingdom, my headmaster brought seven peaks of the Shenwang realm. All of them were peerless experts in the nine layers of the Shenwang realm. One person was enough to kill Kunlun Xu, plus 13 Hunyuan realm, me and the deputy leader.

If Kunlun is immortal!

I'm sorry to wait. I'm back in the sect!

"Master!"

"This massacre of Kunlun Xu!"

"My subordinates suggest that the men should be slaughtered clean, and the women should be beautiful enough to be brought back to the door." An elder in the middle period of the Hunyuan kingdom said with a wicked smile, "these beautiful women, after taking them back, can clearly mark the price and let the disciples exchange them!"

"First of all, it can let the students vent their emotions!"

"Second, even if these women are killed, they will be punished by Kunlun Xu!"

"Not bad!" On the edge, the elder of the later period of Hunyuan kingdom said with a smile: "you can play, you can play any way you like, but you can't let these lowly women bear the offspring of my noble blood spirit family, even if they have them, they have to be destroyed!"

"The inferior Kunlun Xu woman, born after birth, does not deserve to have the blood of my blood spirit clan!"

"The whole world is a cheap world, not to mention the people in it!"

"Yes!" On the edge, there is a Dharma protector of Shenwang state saying, "some men, stubborn ones, can also be brought into the sect and hung on the blood wall to cultivate their descendants' awareness of killing and fighting."

"Think about it, live as the object of our descendants' killing!"

"In that way, once our descendants grow up in this environment, from small to large, after killing hundreds of people, they will be more energetic and stronger, and their tactics will be well cultivated."

Kunlun Xu, as a slave, is ready to be killed and beaten at any time.

Women, as slaves, are ready to be played to death.

"All right

"Here it is!"

Master Chen Long's lips outlined the evil smile. He was the first one to get out of the space bridge and came to the sky near the spirit city outside the void of Kunlun. The breath bloomed slightly, killing a large number of people in the virtual Kingdom and Daoyuan state.

Xuwang realm and Daoyuan realm?

It's very strong in Kunlun, but in front of Chen long, who is a strong man in the harmonious world, he doesn't need to move. Just a little breath will kill tens of thousands of people.

Hoo Hoo Hoo Hoo!!!

Whoa!!

A breath came out of the void, and the pressure bloomed out, covering the whole periphery of the spirit city.

In a short time, thousands of people turned into dead bodies, which could not resist the suppression of Qi and blood of the strong in Hunyuan and Hedao. Among them, the strongest was the king of Xu. People above the source of Taoism were urgently sent to Kunlun by various forces!

"It seems that there is no one here!"

"They should all die in Kunlun county."

Chen Fengxuan, the deputy leader, touched the blood as if he was looking at a toy. He stepped out of the Kunlun void and said with a smile, "I have sensed that 90 people are in the state of God, many emperors and tens of thousands of Daoyuan states are in one city!"

"The blood spirit clan kills hundreds of people every hundred years. How can there be so many emperors and even gods? Interesting! "

"Some of them must have gone out of the spirit city."

"A good spirit city will not stay, but it is better for ye Chen to form an alliance! It's just looking for death" So many people together, it seems, in a desperate struggle?"

"Or do you know there's no hope and just gather together to surrender to us?"

"Surrender? No surrender

In a flash, the leader Chen Long took the people directly to the outside of the thousand Jue city!

Looking at the closed gate, Chen Long stepped out of the gate, the gate directly cracked!

A young man stood with his hands on his back and chopped in the city gate with a smile on his mouth.

Cold, bloodthirsty, crazy smile!

It's Ye Chen!

Chen Long didn't expect that the mole ants in Kunlun would dare to look at him so calmly. He looked at Ye Chen and said with a cold smile: "you dare to kill the disciples and elders of the blood spirit clan. What should we do?"

"Ye Chen!"

"Han Yun, xingjianmen, good!"

"You are very nice." Chen Long nodded slightly, full of penetrating smile, and said: "give you a choice. Now I will decide myself. I will not kill your flesh, but only put your soul on the flame of Jiuyou and burn it for tens of thousands of years. How about it?"

"This is the greatest gift to you."

"Of course, only Ye Chen and those who are above the level of spiritual state are entitled to this condition!"

"In the early stage, we'd better kill the female ones. We'd better kill them together. We'd better kill them."

"Arrogant!"

"Bold blood spirit clan, dare to speak up when you die!"

Ye Chen leaps forward and falls into the eye of heaven, earth and dragon array. Then 90 people are in the state of mind. All of them are in the array range in an instant.

He pointed to Chen long with a sword. "I'm ready to kill you. If you want to surrender, you'll have to accept the punishment of high speed first!"

"Ha ha ha ha!"

"Children with yellow mouth are the most important skaters in the world."

"An array, 90 ants in the spirit state, want to resist US?"

Chapter 1283

"You want to resist the two realms of Tao, the thirteen Hunyuan, and the seven gods?"

"Stupid as an idiot!" The headmaster Chen longan scratched a luster and said with a smile: "gentlemen, from today on, the slaughter of Kunlun Xu is a grand gathering. No one can disturb our nature of killing and killing!"

"Since, they want to resist!"

"I'll give you a chance, seven Dharma protectors, you go!"

"Give me a blow and beat them. I will let them lose their despair when they are full of hope!"

"I feel the feeling of being tortured and insulted by us in despair!"

"Yes, master!" A seven Dharma protectors of Shenwang state quickly stood up and surrounded with seven Shenwang swords, like a sword immortal, and floated to Ye Chen and others, which was beneficial to the top of a building.

Ye Chen stood at the front end of the array eye and said angrily, "Qian, Kan, gen, Zhen!"

"The four forces gather together, gather in me!"

"Han Yun, Ye Feng, ye Wudi, the ancestor of xingjianmen!"

"Come on

"Obey the Lord!"

Four people sit in the square array eyes, almost at the same time open their hands to absorb the spiritual power of heaven and earth!

Behind them, thirty-two strong people in the spiritual realm are leaning against them to absorb spiritual power and the power of mountains and rivers!

Roar!!

Roar!!

The sound of the dragon's howling was heard.

One by one, earth dragons break through the earth and linger in the sky. Then they turn into pure energy and flow into the bodies of thirty-two strong people in the spiritual realm! These strong people use their bodies as carriers to transform energy into the power of Qi and blood and the power of soul, and pass it on to Han Yun and other four people!

During this transmission, the power of the earthworm has doubled!

"Master of the temple!"

"Here comes the strength!"

"Kill this maniac with one blow!"

"Shoot him, ye Dian Lord!"

Each of the four people said a word, and each of them made a palm toward the eye of the array, and the eight strands of power flowed into the eye of the array!

In the eye of the array, in addition to Ye Chen, who is the main member of the array, there are 24 strong people who are in the spiritual state. Among them, 12 strong people in the middle stage of the spiritual state corresponding to the four sides spread out their arms to accept eight forces. The power of their bodies will double again!

After that, the twelve strong people in the spiritual realm changed their steps and came to Ye Chen's back!

Almost at the same time, the twelve hands at the same time, the palms of the palms are pasted on the back of Ye Chen, and the power is input into Ye Chen's body.

Whoa!!

Whoa!!

Ye Chen suddenly burst out a strong breath on the top of the earth, covering the whole world. As soon as Yu Wei swept away, most of the buildings in qianjue city were shattered.

Eight forces into his body, and then double!

At the moment, his breath has been equivalent to the level of the later stage of the divine kingdom. His body begins to crack faintly. It is obviously difficult to bear this force!

Ye Chen knows that this war has a great price.

The master in the reincarnation cemetery also told him that the power of the array converged on the physical consequences!

Extremely serious!

But he can't care so much!

He has no choice!

His practice is too short!

In the face of the powerful blood spirit clan coming from Lingwu land, he can only resist like this!

"The peak of the divine kingdom?"

"What is that?"

"Gather all our strength and kill you. It's easy!"

Ye Chen grabs Zhushen sword and looks at the seven Dharma protectors. He immediately sacrifices a sword, and countless sword Qi crisscross out, leaving thousands of sword Qi in the air. Like a storm, he wants to destroy everything and destroy everything.

Even after the array, all the strong people hiding in the hall feel shocked when they look at Ye Chen's sword!

This sword!

Even if we cut down dozens of mountains, can we?

Kunlun's virtual spirit power is not dense. The mountains are not as hard as the Lingwu land. This sword can definitely cut the mountains. This is a sword that can open the sky and destroy the enemy!

"The sword of the temple master!"

"How strong!" Ye Lingtian swallowed and salivated, thinking of the cableway: "you can definitely cut the seven dharmas of the blood spirit clan with one sword!"

"That's for sure!"

"The Lord of the temple is the strongest!" Huang zhantian and others are secretly holding hands, excited!

All the people watched the sea of swords formed by the sword Qi and rowed through the air. They were secretly excited, and all were looking forward to the fall of the blood spirit clan man!

Whoa, whoa!!

Whoa!

The sword spirit, like the tide of the sea, came to the body of the seven protection Dharma.

The seven Dharma protectors move slightly, and the seven Shenwang swords are superimposed on each other to form a giant sword, which is horizontal in front of the body.

Bang!!!

The sword sea burst out at the moment when it hit the giant sword.

This sword, which can cut the mountain, didn't shake the huge sword.

"Too weak!"

"Even if there's the aura of the divine realm." "But it's just breath. It's not your real strength!" Seven Dharma protectors despised it, put away the huge sword and turned it into a god king sword again. "You don't even have a trace of the power of the law. Do you still want to deal with me, the top strongman in the divine kingdom?"

You're kidding!

I am the peak of the divine realm, I have understood some of the laws of space!

Once you fight, you can't attack me if you don't understand the rules. Do you think you can win if you have more Qi and blood?

"Qian, Kan, gen, Zhen, Xun, Li, Kun, dui!"

"Eight door convergence!"

Ye Chen drinks again. He receives the power from 90 strong people who are in the state of mind. The clothes on his upper body are covered with cracks. It seems that he is very embarrassed.

He is the seventh level of the hegemonic period, which is equivalent to the body of the eight or nine layers of heaven in the divine realm. Now he has suffered such a strong force and has not burst open. He is already lucky!

His breath increased again, more than ten times than before!

He held the four grade sword in both hands and yelled: "kill!"

The Zhushen sword was cut out with one sword. A hundred Zhang sword flew out, and countless sword Qi gushed out. All of them killed the seven Dharma protectors!

"Eh, it's really a short time to reach the flavor of Hunyuan state?"

"It's almost the Qi and blood combat power of three layers of heaven in Hunyuan state!"

"This is a good array! You can actually use it to such an extent that you can be regarded as the son of heaven of Kunlun Xu. "

"Unfortunately, Kunlun is too small! The son of heaven is rubbish in my eyes The second elder of xuejianmen suddenly came out, looked at Ye Chen, and shook his head slightly: "a humble mole ant, trying to think that with an ancient array, we can defeat our blood spirit people?"

"Ridiculous!"

"Since you have burst out the Qi and blood of Hunyuan state!"

"Then let me, the real man of the mixed world, end you!"

The two elders suddenly started to attack. Without a powerful attack, they just condensed a bloody battle seal and crushed the sword gang and destroyed countless sword Qi!

He then looked at the heaven and Earth Dragon array and said, "there is no need to exist!"

The next moment!

The two elders once again gathered a bloody palm print to attack the array and attack Ye Chen at the same time!

Ye Chen's main array man, break him, and the array will be broken!

"Block!"

"Kill!"

"Silence!"

Ye Chen bursts out his strongest attack, but the sword gang and the sword light are covered by the bloody palm print. Then his whole body's magic gas barrier bursts, and even a trace of blood seeps from his body. He feels the power of the blood color palm print. He is like a boat in the sea, which may be destroyed at any time!

Chapter 1284

Boom!!

A violent explosion came out.

The heaven, earth and sky dragon array was broken, and 90 strong people in the spiritual realm fell in front of the hall in disorder, but they were only slightly injured. At most, they were only bitten by the force.

Whoa!

Bang!!

Ye Chen rolled down and his body was full of scars. He blocked all the attacks and was almost abandoned. Otherwise, all the 90 people would have been destroyed by now if they had not entered the realm of God!

"Poof!"

"How strong!"

Ye Chen vomited out blood. He got up hard and swallowed a pill. In the next second, he recovered some flesh body. His body was staggering, and he was severely damaged.

He gazed at the two elders of the Blood Sword sect, still holding the cracked sword of Zhushen, and said with a smile, "what is this? How about Hunyuan state? You can't kill Lao Tzu

.....

"Why? Some means

"Not dead!"

The two elders looked at his palm in surprise and whispered, "I clap down, but I can't beat him to death?"

"Oh, by the way, you have gathered a lot of Qi and blood power just now!"

"It's as good as Hunyuan's three layers of heaven!"

"It's not bad. It can gather so much power of Qi and blood. The body doesn't explode, and it gathers so much soul power. The elixir field is not broken. It's a good seedling, but you are still a waste!"

He jumped across the distance of 100 meters, lifted Ye Chen, and said with cold eyes: "what do you think you are?"

"Genius?"

"Ridiculous, you are not even a waste in Lingwu land!"

"Even though our blood sword sect is not a huge thing, even in the early days of emperor's reverence, there were many leapfrog battles into the realm of God."

"Even some monsters, such as the Protoss and the dragon family, whose children are born in the middle of the emperor's reign, can tear up the kingdom of God. What kind of rubbish are you and dare to resist?"

After that, the two elders smashed Ye Chen out.

It's like smashing sandbags. Ye Chen's seven level body is no different from the paper man in front of him.

Smoke and dust! It's like a million feet!

A huge pit appeared on the ground.

The second elder thought Ye Chen was dead this time, but he didn't expect that after the smoke and dust dissipated, a young man with injuries all over his body actually stood up!

Stand straight, like a pine!

Unyielding!

No one can shake it!

This is Ye Chen!

"Still alive? You have some fun, boy! But this time I won't give you a chance! "

The two elders became angry and went to Ye Chen again.

Take a shot!

This palm, carrying extremely violent power! The sky is changing color!

Black clouds roll!

Vision!

What a terrible power it must be to evoke visions!

Ye Chen must die!

Two elder's smile is almost ferocious, he enjoys this kind of torture prey's feeling!

However! The next second, he found that the dying youth had raised his head!

Ye Chen smiles!

Although the corners of the mouth with blood, but it is incomparable evil charm!

It's like controlling everything!

Not afraid of life and death!

"Old man, you want to kill me. Do you know what kind of existence is standing behind me?"

Ye Chen a roar! Golden bloom!

He raised his hand and smashed it out!

The second elder frowned. He couldn't think of it. The mole ant even resisted with the flesh!

Can't you die?

Is there such a huge gap between the two?

How hard are you?

However!

Next second!

Two elders disdainful smile suddenly solidified!

Because a force broke the hands of the two elders.

Ye Chen stepped back five or six steps, the corner of his mouth spilled a trace of blood.

But it doesn't matter.

"How could it be!"

The two elders on one side are staring at their hands in horror.

How could he not kill the ants?

That power just now is extremely special!

This power can even be said to be terrible!

It's impossible to release it from the ants!

He didn't know that there was a reincarnation cemetery in Ye Chen's body!

In the samsara cemetery, there are ancient great powers sitting in the town!

Just now, the forging God King made a move, and all the strength gathered in Ye Chen's body, which gave him the fighting power of five layers of heaven in the divine kingdom for a short time.

This matter, only Ye Chen knows!

Unfortunately, the spirit of forging the God King has been used too many times, and it is not enough to face such strong people now! Ye Chen clenched his fist and wiped off the blood stains on the corners of his mouth. His eyes were extremely serious!

He knows very well that the power of the reincarnation cemetery may not be enough!

He has to think of something else!

Xiaohuang and Xuelong?

No, they were injured last time, obviously not enough to support the fight now?

Devil's eye?

It seems that the strength is not enough!

Damn it!

Is it true that heaven is going to die? Ye Chen!

.....

Other people see such a scene, eyes are full of regret and panic!

Ye Lingtian is shouting: "Hall Lord, go quickly!"

"Temple Lord, let's go and leave us alone!"

"Temple Lord, your card has been used. Go away

"As long as the temple master is still alive, we will not be destroyed. Lord, go!"

"Go..."

Almost all people are letting Ye Chen leave.

It is impossible to fight at all. Combine all the people who are in the state of God, and gather the power on the main body of the temple.

However, after less than two moves, the array was smashed. The hall took the initiative to use the bottom card. Obviously, the strength was not as good as the strength when controlling the array. Now we must go! It's not an opponent at all. It's too late if you don't go!

"Go?"

"You think you can go?"

The two elders didn't think much about it. Countless blood and Qi gathered all over the body, and even more condensed a blood sword, pointing to Ye Chen!

The blood sword is getting closer and closer!

Life and death seem to be between another thought!

The second elder sneered: "this power does not seem to belong to you, but it is still weak. It is not as good as just now."

"Since you are the first person to resist my blood sword clan!"

"Well, I will kill you in front of everyone today."

After saying that, he waved his hand, a force of law fell on ye Lingtian, Ye Feng and other people.

All of a sudden, all the 90 entrances, thousands of emperors and tens of thousands of sources of Taoism were fixed, unable to move. They could only watch ye Chen helplessly.

The two elders showed a gloomy smile and said, "it's started!"

Hua ~ ~ ~

a wave of light swept across the world.

All of a sudden, no matter the people of the Blood Sword sect, the people of Kunlun Xu, and even the people of the eight major forces all stopped and kept their expressions and movements, just like the sudden stagnation of time. It was just that the two strong men in the early stage of the harmony of Taoism could not move.

Ye Chen is able to move, can not help but a Leng, "the law of time!"

"It's not a simple law of time!"

Hua ~ ~

another light wave emerged, and the surrounding space was cut apart, forming a 100 meter house alone.

Ye Chen looks around. He is no longer in front of the hall door. He is in a special space. "The power of terror has actually controlled everything. This is the arrival of the strong."

"Who is it?"

Just at this time, all kinds of brilliance appeared.

Chapter 1285

Ye Chen Mou son stares at that Guanghua dead.

Guanghua gradually dissipated.

I saw a middle-aged woman walking out slowly, wearing a light blue palace robe, wind hairpin on top of her head, just like a lady in general.

She is alone, staring at Ye Chen, her eyes are flat, eyes are all condescending.

Ye Chen sees this figure, the eye is astounded!

He never thought it would be this woman who suddenly arrived!

With a cold smile, the woman said:

"you can call me Lingyun xianzun!"

At the moment Ye Chen Mou son pan cold!

No matter what the purpose of the immortal statue's coming here, the hatred between them is still there!

"It's you!"

"What about Ji Siqing and Xia Ruoxue?"

"How are they?" Ye Chen glared at the immortal statue.

"Ji Siqing, already my disciple, Xia Ruoxue is fast!" "This time, if Ji Siqing didn't ask me to help you, you rubbish will die today!" he said

"I don't know. How can Ji Siqing like you?"

"Such a low realm, such a humble birth."

"But you dare to question me, because you want me to be angry?"

Her clear eyes, full of a trace of anger, said: "I tell you, if you are not Ji Siqing's favorite person, by virtue of your anger in your heart just now, I will have killed you thousands of times!"

"What's more, my disciples in Lingwu land are your hands! You know what the crime is

Ye Chen step out, under the pressure of Lingyun xianzun!

Four eyes on each other!

"You don't need to help me!"

"I don't need the help of you, the bloody elder who forcibly abducted people!"

"In my eyes, you are a robber!" Ye Chen glared at Lingyun xianzun and said angrily: "it's shameless to take my person away without authorization. If I have strength, I will surely knock you to the ground and kowtow!"

"Presumptuous!"

"You want to die!" Lingyun xianzun roared and pointed a little, just like a God. The power of numerous space laws turned into the blade of space and was hanged towards Ye Chen.

Hua Hua Hua Hua!!!

Whoa!!

The blade of space is the size of Chi Yu, but it is not in kind. It flies the Zhushen sword and the soul destroying magic gun, and falls on Ye Chen.

Ye Chen bares the upper body instantly appears one after another bloodstain!

Shocking!

The pain is hard to describe.

Then, a hammer of space directly blows Ye Chen out.

"Poof!"

"What a cruel old woman

Ye Chen got up with difficulty. His body was shocked, and he recovered his wound a little bit. He said, "old woman, you dare to insult me. I won't let you go today."

The next moment, he uses the power of his soul to contact the samsara cemetery!

Hua ~ ~

another flash of light flashed over him, which turned into a barrier before him and the samsara cemetery, and even cut off the connection between Ye Chen and the samsara cemetery.

The masters of the samsara cemetery can't come out!

"I don't know what secrets are in you!"

"I don't care!"

"Even if you follow the spirits of those who are strong in the Hedao and Hunyuan realms, you can challenge me?"

"I helped you through Ji Siqing's love, but now you have such an attitude, you know it's a death penalty!"

Lingyun xianzun's eyes were clear and indifferent: "kneel down, kneel down, I will spare you from death!"

How could ye Chen kneel!

"Kneel down?"

"What are you!"

"My Ye Chen only kneels down to his parents, that is to say, even heaven and earth do not kneel, let alone you!"

Ye Chen straightened his back, and his body was filled with crimson Qi and blood. His gold body turned into a red gold shape, just like a golden man standing in this space, as if he had been Pangu God standing between heaven and earth!

Kneel?

Practice for several years, even if this body, do not kneel, do not kneel down!

No one can make me kneel, unless I am willing to kneel down to my parents!

Otherwise, no one can do it!

What's more, it's your spirit immortal!

Forcibly take away my beloved, still want me to kneel you?

Crazy people talk about dreams!

"Heaven and earth?"

"Funny boy."

"Do you think heaven and earth are noble?"

Lingyun xianzun was smiling and seemed to be looking at a funny mole ant and saying, "heaven and earth. It depends on the world and the world! "

"If I were the heaven and earth in the land of Lingwu, I would not kneel down and disrespect the heaven and earth, even if it was a great power to seal the door."

"As for your humble and humble Kunlun empty heaven and earth, you don't even have the way of heaven and the road. What kind of thing are you?"

"I will not kill you because of Ji Siqing's words!" Her eyes were cold and hot, like an ancient god of death looking at Ye Chen, "but you don't think that I will not kill you." "No more!"

"Kneel down!"

With the sound of the Dharma, the Dharma comes and the Dharma comes.

The force of the law of space turns into a sledgehammer with a handle. The hammer hits Ye Chen's knee, but I want to see how hard the boy's bones are!

Whoosh!!

Whoosh!!

The blades of space come out of thin air, cutting Ye Chen's body.

Endless pressure is like a mountain!

But ye Chen is still like a stone statue standing there, not for any move, it seems that forever is the green pine!

Ye Chen stares at Lingyun xianzun, and even has some difficulties in speaking. For a moment, he is like a bloody man. Even if he is in pain again, he will bite his teeth and endure it!

This is his attitude towards the strong!

He won't accept it!

Today's disgrace, if let him live!

Certainly 100 times repay!

This kind of pain is even stronger than Wei Wucheng!

Wei Wucheng was stabbed by 3500 knives. At the beginning, he was in great pain. He even asked for mercy!

Ye Chen not only didn't beg for mercy, but even said nothing. His deep pupil glared at the immortal statue of Lingyun!

Kneel down!

Why kneel!

You can insult me just because you're better than me?

In that case, I will surely kill you on the day when I ascend the Hedao realm and beat you to the ground to beg for mercy!

What is lingchi!

I'm not only practicing, but also practicing. Even if all the flesh and blood are broken, I can recover in a moment. This pain can't make me yield and kneel down!

"Reverse!"

Lingyun xianzun lightly calls a word, the power of the law gushes out, enveloping Ye Chen.

It can be clearly seen that the wound that ye Chen was recovering from was suddenly reversed, and his body recovered to the time when his flesh and blood had not yet recovered. Strictly speaking, the time retrogressed for two seconds and stopped, and he did not let Ye Chen recover his golden body.

"bones are hard!"

"Gold body dominates the body seven steps, red gold bone!"

"Your body is not bad." Lingyun xianzun could not see on his cheek, but said with a smile: "in this case, I will break your dependence and see whether you kneel or not!"

My God!

It's the respect of all the immortals, the spirit of immortals!

Elder of Lingxian emperor palace, you are just emperor Zun. When you see me, you don't kneel down and dare to refute me!

Ben Zun Nian you are Ji Siqing's favorite. I won't kill you!

But today, you must kneel down for me!

Bang bang!!

Bang!!

A handle of space pressure hammer, bombarding Ye Chen's body, each attack is extremely strong, and faintly cracks Ye Chen.

Ye Chen still gnaws his teeth and glares at the immortal statue of Lingyun, mobilizing the power of Qi and blood as much as possible to heal.

At the moment, he is fixed by the law of space and wrapped by the law of time. He can't resist at all. He can only recover with the power of Qi and blood. If he doesn't kneel, even if heaven and earth don't kneel, how can he kneel down, you old witch!

Bang bang bang!!

Bang bang!!

The sound of the hammer of space is like a blacksmith's shop striking iron.

Ye Chen's body also appeared cracks, the pain is like being crushed back and forth by 100 trains.

He remembers this feeling to death!

Chapter 1286

Samsara cemetery!

Chen Anping, Nie Baijian, Wang Qiantian, Wang Qiantian, and xianzun are all serious. Looking at the passage above them, they are filled with the power of fierce laws, like a barrier.

It seems that he is separated from his own.

Bang!!

Nie Baijian was sacrificed with one sword, but he was bounced back by the barrier and fell on the ground more weak.

The power of his mind was in decline with time.

If it is noumenon, it may be qualified to break open!

But now, obviously not!

He coughed a few times and said, "no, we are the mind body. We are not qualified to use the force of the law. We can't break the array barrier arranged by the old witch!"

"What about that?"

"The old witch is the peak of the realm of fortune The forging God Jun spread out his hand and said, "the tomb owner will be killed in a second if he goes up to her! What to do? "

Ye Chen is their hope. If he was planted here, they would not be at a loss?

The problem is that Lingyun xianzun, the old woman, they did not provoke her, she came to cut off their contact with Ye Chen, what do you mean!

The key is, ye Chen's two little daughter-in-law were taken away by her, what does it mean?

"Our four spirits, thoughts and bodies are one!"

"It's also possible to have the power to burst out of the Hunyuan realm, to break this screen!"

Shendan's eyes twinkled, thinking: "break this barrier, we can still have some combat power left, then break the old witch's space skill, and leave with that boy!"

Lingyun xianzun!

She has lived for tens of thousands of years!

How could she use the space barrier combined with the laws of time and space to deal with the tomb owner? The old witch is not sure!

The owner of the tomb is now everyone's hope. We must not let the owner of the tomb have an accident!

"Good!"

"We will unite our strength now!" Nie Baijian gets up in a hurry.

"No!"

"There is not much left of the power of your mind body."

"Nie Bai sword, you have only one tenth of your strength left, and you have not much power to forge Shenjun and Shendan monarch. Even if you combine with me, even if you break out the fighting power of the early Hunyuan kingdom!"

"For the time being, have some space rules of the real body!"

"But we have no law of time!"

"What's more, aura is the realm of creation, which has integrated the laws of time and space. We can't break through this barrier without the fighting power of the nine layers of heaven in the harmony realm!"

"What about that?" Nie Baijian almost drank.

"Wait!"

"We are not strong enough! The real body is trapped, there is no way to rescue Ye Chen! "

"When I came out, I explored Ye Chen a little, and I found that ye Chen had two super powerful forces on her body."

Ice sword immortal has a keen eye, as if penetrating through time and space. He stood with his hands on his back and said slowly, "it seems that there is a breath of ancient blood devil Dragon God. Maybe the blood of the tomb owner is the blood of the ancient blood demon Dragon God!"

Of course, this refers to ancient times.

It's not the ancient times of Kunlun Xu, it was only 3000 years ago!

It's the ancient times of Lingwu, hundreds of thousands of years ago!

Ancient blood demon Dragon God!

Blood dragon?

"Maybe you don't know what the ancient blood demon Dragon God is!"

"But I can tell you that it is a very powerful blood demon dragon, which has reached the realm of deification."

"In ancient times, several great powers at the level of gods were fighting in the void."

The elder of the spirit sword immortal breathed a breath and recalled that when he was a child, he looked through the ancient books in the palace of ice sword emperor, "the ancient blood demon Dragon God seems to have fallen at last, but the power of the blood demon and blood vessel left behind has not been found!"

"Therefore, I suspect that ye Chen has the power of blood demon Dragon God!"

"Don't worry about Lingyun xianzun!"

"As for the other force, I can't tell."

He stood with his sword on his back, glanced at three people, and sighed: "Ye Chen should have three kinds of blood power. One is from the ancient dragon god, which is the key to the blood dragon's virtual shadow. One is his own blood, and the other is too powerful. I have never seen it in any ancient books. It is the blood of the first generation or reincarnation."

"But I don't know what kind of original blood line it is!"

"I don't know the tomb owner."

In those days, I also read many books and knew many taboos and secrets of ancient times.

But I don't know what kind of specific blood is on Xiao Ye Chen's body.

But I know the power of the ancient blood demon Dragon God.

Hearing this, Nie Baijian nodded slightly. He had seen the shadow of the blood dragon on the tomb owner. The powerful and powerful blood of the ancient god should come from this monster! Nie Baijian felt relieved a little, but he was helpless.

Chen Anping and Wang Qiantian are not much different from him. As for the ice sword immortal statue, although he has full combat power, and it is OK to escape the attack of the Blood Sword gate with the tomb owner, it is impossible to fight against the battle spirit immortal Zun. After all, how can a deity body of the same level defeat other people's Noumenon.

Outside, in the space barrier.

This space barrier is just like a small house. There is no time to elapse here, or even a separate space. It may be a moment for the outside world to be in the past for a long time.

"Not kneeling yet?"

"Well, I've ruined your body!"

Lingyun xianzun pointed out that the vast clouds like the sky were covered and pressed down, pressing on the top of Ye Chen's head, which was of great importance.

Click!!

The body of Ye Chen is loud and clanging, flashing many sparks, and his whole body is covered with cracks. I'm afraid it will be broken in the next moment!

The physical body in the period of dominating body is not the body of Huagang state!

During the period of hegemony, the flesh and blood of the golden body will be broken, as long as the golden bone is still there!

However, when the golden bone is broken, only the power of the soul is left. Even if the body can be reconstituted at that time, the combat power of ordinary people will be weakened by at least 80%. At that time, any person in the later period of emperor Zun could kill Ye Chen.

"Want me to kneel!"

"You are not qualified, old witch!"

"Even if my whole body bursts and my life experiences fall apart, I will never kneel down for you!"

Ye Chen is still upright, but ready to be broken!

"Down!"

Lingyun xianzun's face is blank, and the words are sent out. The clouds fall down, and ye Chen's body is broken further!

Seeing that the body is about to be completely broken, an extreme force of Qi and blood broke through the shackles of the law of space!

The next second, a blood dragon rushed out of Ye Chen's body and quickly turned into a dragon. Countless powerful forces shattered the power of the law of space!

It's not over yet!

"Dare to touch my master

"You're finished, old witch!"

Another blood yellow luster from ye Chen's body, is Xiaohuang!

At the moment, Xiao Huang turns into a giant beast of more than ten meters in size. She treads on the law of time and space, and roars. Countless murderous spirits rush out, directly shattering the law of time!

Chapter 1287

At this moment, Lingyun xianzun's expression changed completely!

She never thought that ye Chen still had these two forces in her body!

Key these two forces appear too overbearing!

How could she directly break through her laws!

You're kidding!

How could her power be broken by the rubbish of a low plane?

She's pissed off!

Staring at a man and two animals not far away!

The laws of time and space are broken by blood dragon and Xiao Huang!

The two beasts guard Ye Chen. Ye Chen has a flash of light on his body. He can quickly repair the wound with the strength of his body. Taking the pill, though not so embarrassed, is still scarred. He takes a look at Xiaohuang and Xuelong.

I didn't expect these two guys to come and save themselves.

Don't they get hurt, too?

It's killing you to help yourself?

However, these are not ye Chen's concerns!

He stepped out one step and glared at Lingyun xianzun, "old woman, I'm going to clean you up today!"

"Boy, do you still want to turn the sky?"

"Two evil animals, also want to block the emperor!"

"Looking for death!" Lingyun xianzun spread out his arms and his hands were filled with a force.

The palm of the left hand burst out a scarlet luster, a group of light waves slowly generated, is composed of laws!

The palm of the right hand bursts out a light blue luster, and a blade of space is condensed out, which is composed of the laws of space!

The realm of creation!

What is the realm of creation?

Integrating the laws of time and space, and understanding a trace of the law of creation, it has the reputation of creating heaven and earth. As long as you are promoted to the realm of star orifices, you will not be hurt by time and space. As long as you are immortal, it is convenient for heaven and earth to coexist.

Lingyun xianzun, the peak of the state of creation, has already stepped into the realm of star orifices with half a foot, which is why people in the early stage of Xingqiao state can't help her!

At the moment, a little Ye Chen, a man of three layers of heaven in emperor Zunjing, dares to contradict her!

Dare to fight back!

What a death!

"The blade of time and space!"

"Kill!"

Lingyun xianzun combines the two forces of both hands into one, and turns into a weapon that glitters with refining luster. It is directly sacrificed. When crossing the space, the space barrier of Lingyun xianzun trembles. With such a strike, it is impossible to stop the combination of the two forces!

At the moment, ye Chen has completely infuriated the spirit charm immortal Zun!

"Old witch!"

"If you think the realm is high, it's very powerful?"

Xiao Huang steps out and comes to Ye Chen's body. His red pupil twinkles with magic light, just like an ancient god.

Its red pupil quickly left a drop of blood tears, immediately burst out a magic light, showing a blood demon lion, with the power of shaking the sky and the earth. With a roar, its claws turned into blades. At the same time, the empty blades collided with each other, and countless aftershocks came out!

So powerful and powerful!

All of them are shocked.

Xiao Huang continued to break out the magic light and the terrible Qi and blood power, and pushed the spirit immortal statue out of the distance of 100 meters, leaving enough time for ye Chen's recovery.

Bang bang bang!!

Bang bang!!

With the sound of collision, countless pieces of laws of time and space scattered, and even the space barrier was broken. Lingyun xianzun once again condenses the space barrier, really is fighting with Xiaohuang!

I thought that I was the realm of creation!

Can be called the peak!

This lion, just a descendant of a strong one, dares to challenge me.

At the moment, it is a little look down on this lion, and actually use the original true strength to fight with me, regardless of the consequences!

"Well, you don't mind the consequences!"

"I won't let you die!"

Lingyun xianzun suddenly put out his hand, and there was a whip in his palm. A dragon blood whip made of dragon skin made of dragon skin. The whip broke through the space and went directly to Xiao Huang's back. He repeatedly played it thousands of times at the moment of falling.

"Poof!"

"You are cruel, old witch!"

"I won't let you go!"

Xiaohuang also played a real fire, blood dripping all over the body, bones were broken a lot!

At the moment, its whole body burns out a series of dark flame, and rises to the sky, repels the broken space, forces back the dragon blood whip, and the whole body is completely new, expanding to ten Zhang in size, like a lion demon swallowing the sky and destroying the earth.

It collects the virtual shadow, melts into its own body, and then envelops the body with supreme magic power, and fights with Lingyun xianzun.

Bang bang bang!

Boom!!

The fighting was fierce.

Lingyun immortal zunyue hit, the more surprised, said: "there are ancient lion demon war god blood!
Who the hell are you? "

Ancient times!

Lingwu mainland broke out again and again the battle of God! Among the battles among dragon body, demon God, sword God and so on, there is the lion demon war god who is said to swallow the sky and destroy the enemy. But isn't the original lion demon God of war gone?

And the blood is broken!

How can it appear on a monster in this garbage land?

Is this the reincarnation of the ancient lion?

Forget it, forget it!

What about reincarnation?

What about the descendants?

The God that has been destroyed is nothing in my eyes!

Today, I will not only suppress Ye Chen, but also abolish you to let you know the cost of provoking me.

She does not know that Xiao Huang's blood comes from the samsara cemetery!

From the samsara graveyard, a God against heaven!

"I am your ancestor!"

"Dare to bully my boss, I beat you even your mother doesn't know you!"

Although the small yellow mouth is hard, it is after all using its own source to fight against the spirit immortal, but it is not the power of its own body. Even if it is hit by the laws of time and space, it will be destroyed!

The reason is that the noumenon is too weak!

If not, if such power breaks out, how can we fear the spirit charm immortal!

Whoa, whoa!!

Whoa!!

On the edge, ye Chen's body twinkles with brilliance, just by virtue of the power of the space law of Lingyun xianzun, forging the body!

At the moment, his physical body was promoted to the eighth level of the golden body, and he glared at the immortal and said, "old witch, I will destroy you too!"

"Master, wait!"

"Bruce Lee can help you materialize the road temporarily!"

"At the same time, help you improve a road!"

What makes Ye Chen surprised is that the blood dragon actually talks.

The breath of blood dragon's empty shadow broke out, just like a Dragon God. He said: "the master's three roads are very strong. I can use the source to help the master go further."

"At that time, the master will absorb my power and materialize the road temporarily!"

"Fight the old witch again

Road entity!

What is materialization? Is it really obvious? The combat power has soared a hundred times!

Generally speaking, only the strong people who are in harmony with the Tao realm can make such a manifestation.

It is only a half entity for those who are strong in the realm of God King to change the way into the way of God and king, which only increases the combat power by one time. However, the materialization of the whole Tao will lead to an absolute qualitative change process!

Road building, and then the road entity.

It takes several processes, from the source of Tao to the realm of harmony.

To understand the power of the Tao, it evolves into the rudiment of the road, and the rudiment of the road is perfect, and turns into the real road.

The main road is semi materialized, and finally thoroughly materialized.

The reason why those who are in a strong state of Tao are called "he Dao" is to materialize the Tao and to be in harmony with itself. In this way, the Tao will not die and his body will not die.

"Good!"

"Hard work for you!"

Ye Chen quickly blooms his own road.

Bu Mie Kendo is revealed, and countless Bu Mie sword Qi is boiling out and rushing to the top.

The way of killing becomes obvious, and the spirit of killing is full of everywhere, just like killing all the living creatures in the event.

After the road of extinction was revealed, the power of the law of space was weakened by the countless forces of extinction. Each Avenue was 3000 meters long, but two of them were imperfect. They were only shadows, but not entities.

Chapter 1288

Every road is a first-class road. If it is materialized temporarily, ye Chen's combat power will soar to the level against the sky.

"Master

"Here I am!"

"I live by my master! Fight for the master

Blood dragon is formed in Ye Chen's body. If ye Chen falls, it will disappear!

It not only helps Ye Chen, but also helps itself!

So is Xiao Huang!

With the roar of the blood dragon's head up, a dragon core in his body completely releases its power. The boundless power of the blood demon spreads out and covers Ye Chen's three avenues. Each Avenue has been greatly improved!

Hua Hua Hua Hua!!!

Whoa!!

One after another, the way of killing is completely improved, releasing a momentum of annihilation of heaven and earth.

In contrast, ye Chen's realm is also rapidly improving, directly breaking through the six layers of the emperor's realm, and his combat power has been enhanced several times. However, in the eyes of Lingyun xianzun and others, it is nothing more. At most, they are stronger ants.

"Change the way!"

"Three ways!"

"Solidify!"

Blood dragon high drink, vertical sky and up, into the road blood light, respectively into the three roads!

Almost instantaneously, the three bursts out countless magic lights, crown the space barrier every place, a strong force into Ye Chen's body.

The three roads, the way of extinction, the way of indestructible sword, and the way of killing, are short-lived and consolidated. The blooming Qi even makes the space barrier tremble. The power of the blood dragon has gone beyond the level of the harmonious realm.

This is its original power, has been stored in the deepest power, as a precaution!

At the moment, all of them are used to solidify the road of Ye Chen.

Hoo Hoo Hoo!!!

Whoosh!

The wind swept through.

Ye Chen's black hair dances wildly, the blood dragon's spirit lingers on his chest, the power of stepping on heaven and earth, and the three roads on top of his head are just like ancient demons. Although there are only the laws of time and space, the power of Qi and blood has reached a peak level!

This is a short-term strength!

But enough!

He gazed at Lingyun xianzun and said, "this time, I won't let you taste the lesson. You really think that you are the immortal Zun standing on the top!"

"It's the power of the ancient blood demon Dragon God!"

"How could it be!" Lingyun xianzun broke out with all his strength, slapped Xiaohuang with one hand, and looked at Ye Chen in horror and said, "how could you have the power of ancient blood demon Dragon God?"

Ancient blood demon Dragon God!

Blood devil!

Dragon God!

These two words alone are enough to frighten most people in Lingwu land!

Blood demon means boundless and endless Qi and blood and evil Qi. The more fierce these strong people fight, the more powerful they are!

Dragon God! The God of the dragon clan is the ancient dragon, which should be slightly inferior to the Dragon God!

Ancient blood demon Dragon God, that is comparable to the Taixu realm of the powerful ah, even if the strong fall, its descendants are absolutely not ordinary ah!

He is also a descendant of a strong man who was a God in ancient times. What's the origin of Ye Chen?

The demon beast in front of me is a descendant of the ancient lion demon and war god. It is quite cruel of the lion demon and war god in the ancient times. It is not fatal to fight. How come a descendant of the ancient blood demon Dragon God!

Is this ye Chen also the descendant of a strong God worshipping man?

"You boy

"Extraordinary!"

"Well, I'll try your fighting power. How strong is it?"

"How strong are your cards?"

Lingyun xianzun, holding a long sword condensed by the laws of space, kills out in a fright. His body penetrates through the layers of space and comes to Ye Chen in an instant.

Ye Chen's three avenues absorbed the power and broke through a peak once again. He fought with Lingyun xianzun with his bare hands. He did not use the sword to kill God, nor did he use the soul destroying magic gun!

These two weapons!

The same is the nine grade immortal utensil, one is the four grade divine king's ware.

In the face of God King's situation, it is still useful. In the face of the spirit of heaven, the immortal statue will be broken in a short time, so as not to use it, so as not to be broken and wasted.

Boom! Boom!!

Bang bang bang!!

In the space barrier, ye Chen and Lingyun xianzun fight with each other for hundreds of moves, which are extremely fierce.

Fortunately, in the space barrier, if in the Kunlun void, I am afraid most of the Kunlun void has been broken, and countless people will die.

Finally, a body burst back out, is the spirit of immortal!

Lingyun xianzun's left arm cracked faintly, and his lips were covered with blood. He gazed at Ye Chen and said, "who are you?"

"I don't believe that there will be such a person as you in a lowly world!"

"Who are you descended from

"The power of your own blood seems to be the first generation of blood, but how can you have the first generation of blood, so strong in such a weak situation!" Hua ~ ~

Ye Chen suddenly retreats, just after landing, he spurts out a mouthful of blood, and the three roads behind him are completely knocked back to the virtual shadow state!

His left hand covered his chest and his right hand wiped the blood from the corners of his lips.

This world war!

Although I was seriously injured, the aura was not much better.

He said, "the blood of the first generation!"

"It's the blood of the first generation!"

"As for you, you don't deserve to know my blood!"

"If you want to fight, even if you die, I won't let you go!"

Hearing this, Lingyun xianzun laughed and nodded slightly: "it's not bad. It's qualified to pursue Ji Siqing."

"However, your realm is still too weak!"

"Those two fierce beasts are exhausted. You are a waste of emperor's dignity."

"It's just nine layers of heaven in the God's realm

Between words, Lingyun xianzun seems to recall tens of thousands of years ago.

I have also seen a young man who is indomitable and indomitable to the powerful. Even he, together with himself, is willing to follow him and exterminate the existence of those arrogant and despicable sects.

But once upon a time, the young man fell!

And themselves, want to do the slaughter of arrogant girls, but eventually become them!

They refer to those who are arrogant and look upon the weak as ants and bully the weak without authorization. They are not for the world but for individuals.

But when did she become that kind of person herself.

In this case, I will not continue, this ye Chen, is also pretty good.

From the low martial world to this step, I have experienced a lot. Naturally, I can't compare it with the youth of Lingwu world, let alone bully him. Now it's easy to kill him, but it's a pity to be such a good young man.

Compared with Ye Chen, the youth in Lingwu mainland are more beautiful.

They are different in origin, region, background and environment.

He is the master of the world.

And those young people, birth resources and so on are much higher than him, but it is difficult to be the overlord of Lingwu mainland.

On the whole, ye Chen, not bad.

Just can see Ji Siqing and Xia Ruoxue, depends on the nature of this son!

Hua Hua ~ ~

the law of space crossed.

Lingyun Xian Zun accepted the cold and looked at Ye Chen. At the moment, her idea has changed.

She said: "this visit to Kunlun Xu is entrusted by my disciple Ji Siqing to save you from being slaughtered by the Blood Sword clan."

Chapter 1289

"But I don't think I'll use it!"

"The strength you just burst out is enough to solve the problem, but now your strength is exhausted, it is impossible!"

"I still fulfill my promise to my disciple!"

"As for you, if you don't have a harmonious world, don't think about my disciple, because you don't deserve it!"

"I deserve it or not, you can't help it!" Ye Chen asked, "Ji Siqing and Xia Ruoxue, are they OK?"

Lingyun xianzun looked up at the sky and said with a smile: "it's not good to be my disciple of Lingyun xianzun?"

"They will be the most favored women in the future. They will be gods!"

"If you don't reach the realm of harmony, you are not worthy of my apprentice!"

She suddenly thought of something and said, "in that case, you like them both. They also said that your cultivation speed is very fast. In less than ten years, you have been promoted from an ordinary person to the master of Kunlun Xu!"

"It's OK. It's never been there!"

"I will also give you a test. Within a year, you will come to my Lingxian Imperial Palace from emperor Zun realm to Hedao realm."

"If you can beat me in a year, the two of them can leave with you."

"If you can't do it, get out of here!"

"Go as far as you can, never touch them!"

"Because you don't deserve it!"

A year!

From the six layers of heaven of emperor Zun to the peak of Hedao state.

At least, it must be at the top of the Taoist realm, in order to fight against the spirit immortal statue which integrates the laws of time and space!

The gap between the realm of harmony and the realm of creation is even more than that between any realm, just like the gap between mortals and immortals. Ye Chen also gets the top of the nine layers of heaven in the Hedao realm, in order to compete with the immortal spirit!

One year's time, from emperor Zun's six layers of heaven to Hedao's nine layers of heaven!

This is not the case for the top families. Even if they try their best to cultivate a disciple, it is very difficult.

What's more, they have to go beyond the level to fight against the spirit of the heaven at the top of the nine layers of heaven in the war-making chemical realm. It's just like a fool talking about a dream!

Lingyun xianzun, is to take this difficult to Ye Chen, let Ye Chen retreat?

"Just a year!"

"It's nothing. I'll go on with this agreement." Ye Chen's eyes are firm and resolute.

A year!

From the six layers of heaven in emperor Zun's realm to the nine layers of heaven in the Hedao realm!

For others, it's completely impossible to arrive.

But for ye Chen, it's not really a difficult thing. He came out of the secret realm and came to fight in the thousand Jue city. It's only a few months since he came out of the secret realm. His cultivation has been promoted from eight levels of the virtual King's realm to six layers of the Emperor's Zun realm, and more than 20 small realms have been raised!

Just speed up!

Lingwu land is full of treasure, resources are very much, when ye Chen in a year to promote to the nine layers of heaven in the Hedao realm, not a bad thing!

"Good!"

"I have courage

Lingyun xianzun nodded slightly. He didn't know whether to appreciate or despise.

She collected the space barrier, and they came outside the hall of light. All the strong people around her stagnated and were controlled by the law of time. For ye Chen, he had been in the space barrier for dozens of minutes, but for the outside world, it was just less than a second!

"How strong!"

"Time stagnates!"

"Space lock!" Ye Chen's eyes are looking at the immortal statue of Lingyun and secretly thinking about the cableway: is this the realm of creation?

Master and integrate the laws of time and space.

Let time stop for a short time on one hand, build a special space for trapped enemies on the other hand, and even use the space law to kill the enemy!

The battle between the strong is the difference of one second, which is enough for absolute life and death!

Especially the high-level combat!

For people who control the laws of time and space, such as Lingyun xianzun, it's really easy to kill and combine the Taoist realm!

"Let go

Lingyun xianzun drinks softly, time stops and everyone can move.

Han Yun, ye Lingtian, ye Wudi, Han Shuang and others stare at Ye Chen and Lingyun xianzun, all of whom are somewhat surprised.

This woman?

Is it the temple master's help?

How can I get here all of a sudden? I'm so fast that I can come here quickly in front of the strong people of the Blood Sword sect.

"Die!"

"Ye Chen!"

The two elders resume their movements. Seeing that ye Chen is not in his hand, he immediately flies to him and wants to grasp Ye Chen.

"Just Blood Sword gate!"

"Go away!"

Lingyun xianzun slapped on the two elders with a palm, and an invisible force broke out completely.

On the ground, the two elders stagnated, with an unbelievable look in their faces. They were surprised to see Lingyun xianzun, and then looked down at their own bodies. Their own bodies were actually cracked.

I am the five layers of Hunyuan kingdom! My body is the fifth stage of virtual body!

How could it be?

How can it be broken?

"No..."

"No!"

With a voice of despair.

The bodies of the two elders burst out, and their souls were all wiped out in an instant.

Xuejianmen and Xueling, a powerful man in the middle of Hunyuan, was easily killed with one hand.

In such a case, both sides look silly!

What power is this? The power that can't be crossed!

"How strong this woman is

"It's too powerful. Is it the master of the temple master?"

Ye Lingtian and Han Yun rubbed their eyes and couldn't believe to look at all this in front of them!

Five layers of heaven in Hunyuan, the middle of Hunyuan!

In the ancient times of Kunlun Xu, it was a overlord who could be so powerful that it was smashed by this mysterious woman?

No resistance?

He didn't even notice it, and then the body burst and the soul died?

Who is this woman? How powerful is she?

"Kill!"

"Kill!"

"Dare to kill my blood sword men!"

"Let's kill the enemy

The great elder of the nine layers of Hunyuan gave a violent drink, and with the other eleven Hunyuan realm and seven God King States, they were going to kill the immortal statue of Lingyun immediately!

"Stop it!"

"Stop!"

The two leaders of the same Taoist realm rushed to make a sound, and even personally stopped their own people!

You don't know her, I know her!

This is the immortal statue of Lingyun!

Even the master is not necessarily the opponent of the other party!

I didn't expect that ye Chen, a little animal, was standing behind such a strong terror!

That's tough stuff?

Dozens of elders and several Dharma protectors of the blood spirit clan are stunned. They look at their leader and are confused. Why don't they take revenge when their two elders are dead?

"You go back to one side!"

"I'll negotiate!" The headmaster Chen Long came out slowly. In the full view of the public, he clasped his fist toward the immortal of Lingyun and said, "I've met you, master!"

"You know what you are!" Lingyun xianzun stood with his hands down and nodded slightly.

"Excuse me, elder, is Ye Chen's master?"

"If it is, we will not dare to commit Kunlun Xu again!"

"I'll leave soon!"

Chen Long bowed and clasped his fist, and his posture was lowered to the extreme. "Master Lingyun xianzun killed the second elder just now. It's the second elder who dares to challenge him! You deserve it

He said again: "by the way, I don't know when, Kunlun has no care of you?"

Bang!!

A palm print flies in and blows Chen long out of the three layers of heaven.

Lingyun xianzun closed his hand and glanced at Ye Chen, the ancestor of xingjianmen, Han Yun and others, and said plainly: "I am not a person with Kunlun deficiency, nor the strong one behind Kunlun emptiness. As for taking care of Kunlun Xu."

"This is what I promised a disciple to do."

"My beloved disciple comes from Kunlun Xu! Therefore, if you attack Kunlun Xu and ye Chen

"Today, I will kill you without mercy!"

Chapter 1290

Lingyun xianzun's words are full of lofty!

Even in the face of the blood spirit clan Blood Sword door is so!

She has the qualification!

This is a world full of strong people!

Respect for strength!

If the people behind the Blood Sword door come, maybe there is a qualification to speak with her!

But in front of these people, obviously not!

"This Chen long struggled to get up, his mouth overflowing with blood, he hesitated for a long time, still holding his fist: "master, if I go back like this, my master there, it's not easy to explain!"

"It's not enough to be afraid of an old man who has only half a foot in creation!" Lingyun xianzun's breath bloomed, and severely damaged the seven God kings' Dharma protectors of the Blood Sword sect. He said, "he is an old guy, I will tell you about it!"

"As for Kunlun Xu!"

"Don't invade in a year!"

"Yes If you dare to refute his kung fu, you don't need to destroy him.

Later, Lingyun xianzun looked at Ye Chen and shook his head and said, "are you also the master of the world? Such a low level of strength, not to say is the original, is just a blood spirit family, you can't even out

"I advise you to forget Ji Siqing and Xia Ruoxue!"

"You are not worthy of my apprentice, such a lowly man!"

Ye Chen is trying to respond, but the injury is getting worse. Just now the power of the ancient array began to bite back.

He looked hard.

This kind of pain almost makes Ye Chen collapse.

Even so, ye Chen still tried to endure the pain and raised his head.

No fear.

Eyes cold and resolute!

"Lingyun, you are so high today that you are called immortal! Weilin eight sides, not die not die! But take away my beloved

"I Ye Chen doesn't accept your love, and I don't want you to do it!"

"I'll make it another year, and I'll definitely go to the one-year appointment! I will let you feel today's pain, I will let you understand my Ye Chen is what kind of existence

When Lingyun xianzun heard this sentence, he gave a cold smile: "I admit you have good talent, but this year, whether you can live or not is a problem."

"You've made too many enemies and you don't know how to endure. I'm afraid you'll die in a few months."

"However, I still hope you can step on my fairy palace, because at that time, I can crush you in front of Xia Ruoxue and Ji Siqing, and I will let them understand what kind of garbage you ye Chen is!"

At this moment, people look at Ye Chen with a dignified look.

Is this immortal immortal master of Ji Siqing?

It was Ji Siqing who begged Lingyun xianzun that she came to save us?

If this is the case, I really want to thank Lingyun xianzun. As for the temple master, the strength of the temple master is still too poor to match the people of the blood spirit family. Maybe the temple master should not have raised the banner of resistance to the blood spirit family so early.

Now, all the people in the hall of light feel that ye Chen's strength is not enough!

After all, ye Chen is too young!

Training time is too short!

No matter how talented you are, you can't fight against such old monsters!

Ye Chen's strength is the first in Kunlun, but what is it in Lingwu?

This time, if it wasn't for Lingyun xianzun, I'm afraid we would all fall down, including the hall master!

In this scene, the leader of the Blood Sword sect, Chen long, looked at him, and he said, "Ye Chen, you are a little white face!"

"I thought Lingyun xianzun was your master of Ye Chen!"

"I didn't expect that ye Chen still needs a woman."

"If it were not for your woman, you would have died today!"

Chen Long's words are indifferent, but every word is like a sharp blade, penetrating Ye Chen.

Ye Chen tries to endure the pain on her body and burns a fire in her heart.

He wants to practice!

He wants to practice madly!

Depend on women?

I never rely on women!

If Lingyun doesn't come today, I can still destroy you with the power of Xiaohuang and Xuelong!

Blood Sword gate!

Blood spirit clan!

When I'm promoted to Hunyuan, I'll kill your clan and kill you one by one!

Don't think that the sects of Lingwu mainland are very strong. In my eyes, they are just local chickens and dogs!

"Spirit charm immortal statue!"

"I will obey your words

"Attack kunlunxu again in a year, and let this little white face live another year!"

Chen Long clasped his fist and said slowly, "as for your apprentice, he is a goddess. We have all kinds of Tianjiao heroes in Lingwu mainland. We should not like such a low level of emperor's dignity ant!"

"Ye Chen, a mole ant, is not worthy of your apprentice!"

"So far, we go back first."After saying that, Chen long turned around and left with the blood spirit family.

Lingyun xianzun did not look at Ye Chen, but also turned to tear the space away, as if ye Chen in their eyes, really just a waste!

"Master of the temple!"

"Master, how are you?"

"Master, are you ok?"

"Ye Dian Lord!"

Han Yun, ye Wudi, Han Shuang and the ancestor of xingjianmen come to help Ye Chen.

Ye Chen is directly refused, still gnashing teeth angry, is trying to run Qi and blood to heal!

Today, I originally took the Kunlun Xuhe eight forces into the divine realm to resist the blood spirit clan!

But I didn't expect it to be like this!

Lingyun xianzun, an old woman, comes here to make a year's appointment!

Well, a year later, I beat your old woman to look for her teeth. I'll repay all the insults I've made today!

As for the leader of the Blood Sword sect, Chen long!

What about me?

Good!

In a few months, I will show you how I, a mole ant, exterminate your blood sword gate and eradicate your blood spirit clan!

If you don't take revenge, you will never be a man!

"No problem!"

"I'll go into the hall and rest!"

"Everything, let's leave it to Han Yun for the time being!"

Ye Chen briefly explained a few words, then entered the inner hall closed.

Although the strength of this battle has been greatly improved, the physical body has been fundamentally injured, and many parts of the three avenues have been defeated, which can be regarded as a thorough serious injury!

Hua Hua ~ ~ ~

two brilliance flying out of the road are Xiaohuang and Xuelong!

The blood dragon was extremely weak and did not speak. He went directly to the samsara cemetery to heal his wounds.

It has the blood of the ancient blood demon Dragon God, but even so, it spent too much power on the spirit immortal at the top of the nine layers of heaven in the war-making Huajing, so seriously injured that it almost fell into a deep sleep.

Xiao Huang Tan sat on the ground, looking at Ye Chen, and said, "boss, this time, in order to help you, I am not hurt lightly!"

It has shrunk to the size of a cat, with blood all over its body and weaker and weaker Qi and blood.

It had to say, "boss, I guess I'll have to sleep for a while."

"I don't know how long this time is..."

"It can be as short as a month, more than 30 or 50 years. I may not wake up. Of course, I may wake up all my life. Take care of it!"

After saying that, Xiaohuang turns into a luster and merges into Ye Chen's body.
