### Chapter 1301

Kunwu

"Be careful, this boy may cheat us!"

Lingcheng Danding sect elder took a look at Ye Chen and said, "this boy wants to kill all our disciples in one net. He has a big appetite."

"It depends on whether he can swallow it or not."

"Don't forget, he was hurt by the Hunyuan strongman of Blood Sword clan!" The elder of the crazy sword clan blinked his eyes and said steadily, "didn't you see that he didn't use the power of the Tao all the time!"

"The day before yesterday, he killed Li Jiawei in our spirit city."

"From the beginning to the end, almost all of them are using the power of the road, as if it were his way of extinction!"

"Although he used the power of annihilation, he did not use the power of extinction. But how can such a person relying on the power of the road use the power of the road? Obviously it doesn't work! "

"That's what he did The elder Taishang of the mad sword sect communicated with the other twelve people by the way of soul transmission. He said, "Ye Chen is seeking death!"

That's right!

Ye Chen is dying!

As we thought before, he wanted to use his own death to give Lingyun xianzun an excuse to protect Kunlun Xu!

"Can fight!"

"But you can't kill Ye Chen!"

The leader of the Li family said: "this man wants to die. It's just that we send our disciples together, and the disciples who are also saved will be sent to die one by one. If we go together, the probability will be higher! Just be careful not to kill Ye Chen! "

Look at the Li family leader and the elder of crazy sword sect.

Ye Chen no doubt wanted to die, the motive and the reason are sufficient, but how can they not think that ye Chen is intentionally swallowing all their disciples!

Try to ask, under the heaven, without wearing Hunyuan immortal utensils!

Who dares to challenge five or six hundred people of the same level in the emperor's respect? No, three or four hundred of them are higher than him!

Who can do it?

No one!

Even if there is, the elder of the mad sword sect and others will not believe it. Therefore, ye Chen's actions in their eyes undoubtedly know that he can't live, and that he simply died is worth some.

"Since he wants to spell it!"

"Then let the disciples spell it!"

The elder of Qiankun gate looked cold and said, "for tens of thousands of years, we have been alone, even if we went to the land of Lingwu, it is useless! There are so few strong people around us that it is difficult for them to become a climate. These disciples are about to catch up with our realm! "

People in the spirit city can't go to Lingwu land!

It's no use just to go there. One or two of them are alone and ten at a time. Even if there are more than one, the 16 space transmission arrays can transmit 300 strong people in the spiritual realm, but they will be scattered all over the land of Lingwu.

After all, it's still ten at a time. If you throw them into the city, you'll probably have bad luck. If you offend a strong person, you'll kill half of them on the same day. Unless all of them enter the land of Lingwu, it's still a force!

Therefore, these Taishang elders, ancestors, leaders and so on are not willing to enter the Lingwu continent alone!

Moreover, they are not the strongest from the bottom and have never been cultivated.

They were born in the spirit City, and once they were born, they were in control of the supreme resources. By the time they reached adulthood, they might have been emperor's realm, and they had no chance to try. They could not compete with Ye Chen at all. Even though Heiyao, Huang zhantian and Huang wugun had more experience and experience in fighting than them.

They don't have the luck and power. They go to the bottom. They have no chance to get up in Lingwu land and become the God King and Hunyuan state. So they can only rely on Blood Sword.

Over the past ten thousand years, many of their disciples have been in the spiritual state for six or seven levels. Even if they are weak enough, they are at the early and middle stages of spiritual state. Gradually, their prestige begins to decline!

"These disciples, come to our realm!"

"It's also a chaotic situation. It's better to let them go. If we succeed, we'll go to Lingwu together."

"Failed?" The elder of the heaven and earth gate sneered faintly and said, "that happens to be all dead, and few people dare to challenge our dignity."

"You're right, brother blood!"

"Brother Xue is right!"

"The arrival of Ye Chen is an opportunity."

"No matter how we choose, whether we win or lose, we won't lose too much!"

Soon, some of the elders of the Supreme Court and the master of the family came one after another!

These high-ranking old guys really don't take ye Chen seriously. They even want to consume their disciples and ensure their authority.

If they were like Kunlun Xu and led by Ye Chen, they would not fight any arena battle. They would go directly together. At that time, ye Chen had to let his master do it. Otherwise, he might fall down in the face of hundreds of strong people who were in a state of ecstasy!

Soon, thirteen old guys decided.

"Ye Chen, on behalf of the thirteen major forces, I agree with your request," the head of the Chen family said with a smile

When he looked at the people around him, he suddenly raised his hand and moved hundreds of thousands of people around him to a hundred meters away. Only the disciples of the major forces, about 600 people, were left. He said, "we, the thirteen major forces, have been standing in the spirit city for thousands of years.""Over the years, as students, you have nothing to experience!"

"Today, since Ye Chen is here to challenge you, you can go ahead!"

"But one thing is, since you've been fighting Ye Chen with 100 people at a time, you can't kill Ye Chen. You can do anything else!"

"Yes, all elders and leaders!" Hundreds of disciples clapped their hands in unison. When they looked at Ye Chen, they were all murderous. Some people were very curious. They all rubbed their hands and wanted to teach Ye Chen a lesson!

Ye Chen!

Yesterday, today, insult us continuously!

This meeting, we together, do not kill you, also have to destroy you, at least in the next year, you must become a useless waste, lying in bed, in order to achieve our goal!

Ye Chen to the beginning and end of the hands behind, eyes closed.

Perhaps some of the impatient, he opened his eyes, cold light flashed.

"You talk too much nonsense. If you want to go on, I'm still in a hurry to refine pills."

I thought they wouldn't agree!

I didn't expect that you agreed to kill me?

Ridiculous, I can kill your disciples by myself at that time!

In the reincarnation cemetery, Nie Baijian and others are looking at the novelty.

Chen Anping, the master of forging God, said with a smile: "this boy is good. I saw him resist the blood spirit clan before. He is worthy of being the reincarnation tomb owner."

"Now we are going to kill all the young people in Lingcheng! It's just to protect Kunlun

"Those guys are going crazy when they see the end."

"Crazy is definitely crazy!" The God Dan king looked at the ice sword immortal Zun and said with a smile: "at that time, I need you to help Ye Chen. Thank you again!"

The tomb owner did everything for the sake of Kunlun!

As long as we calm down the threat of Lingcheng and then go to Lingwu, we can ensure the security of the rear.

Chapter 1302

"When I wake up from the tomb of samsara, I naturally know what I am going to do!" Bingjian xianzun nodded slightly and said, "naturally, I will help him, but even if we help him, this boy will really be able to step into the Hunyuan realm, or even the combination of Taoism in a year?"

"It's almost impossible in Lingwu."

Ye Chen and Lingyun xianzun, Xueling clan's one year agreement!

Almost everyone thinks it is impossible. In the history of Lingwu mainland, there has never been such an example of climbing from emperor's reverence to the Dao realm. However, the ice sword immortal does not know why, but he believes it in his heart!

Nothing else!

This courage, this perseverance and responsibility!

Far more than all the people in the spirit City, the spirit city has no courage and perseverance, so they can't climb the peak when they go to Lingwu land alone, which also leads them to the situation they are in today.

But ye Chen dare!

His killing is full of tenacity.

He dares to do anything and never dies every time. Even for the rest of his life, even the supreme elders like Lingcheng may not have the rich combat experience Ye Chen has in just a few years.

"There are so many people who inherit it!"

"It's a good thing!" The ice sword immortal worshipped slowly.

On the edge, the king of hundred swords, the king of forging and the monarch of Shendan, but the spirit body is getting weaker and weaker.

It seems that it won't last long. They have been fighting for so many times that I'm afraid they can only survive for about ten days!

Bingjian xianzun is the guardian of the next tomb owner, but there will be more and more Taoist protectors. Every great power in the reincarnation cemetery is the guardian of the tomb owner, just as their mission is.

.....

Now.

At the same time, they changed a huge arena, which is hundreds of meters long and wide.

Three hundred and seventy-eight disciples stepped on the arena one by one to prepare for the decisive battle against Ye Chen.

.....

Under the distant starry sky, an ancient land full of thick blood smell, but a group of people came.

The ancient land of the Xueling nationality, the forbidden place of the Blood Sword gate, is the seclusion place of kuiying, the ancestor of Xueling nationality.

The leader Chen long and the vice leader Chen Fengxuan came back with several ten strong men. This time, they not only failed to conquer Kunlun Xu, but also killed a second elder of the fifth layer heaven of Hunyuan kingdom. It's really amazing!

Chen Kui's Qi and blood burst out of his eyes when he opened his eyes.

Kui Ying's eyes are deep like a sea of blood, old and mottled cheeks, full of the spirit of killing and cutting!

He opened his mouth slowly, and his voice was like a nine hell devil. "This time, what's going on?"

"If you can't give me a reason!"

"Then you are ready to be tortured."

"Grandfather The leader Chen long and others knelt down in a hurry. At the beginning of he Daojing, he didn't dare to face the ancestors of the nine layers of heaven in the Hedao realm. Although they were all in the same realm, it was the difference between heaven and earth. Kui Ying wanted to kill him as easily as Lingyun xianzun obliterated the two elders.

He hastily explained: "ancestor, originally we have already defeated Kunlun Xu!"

"I'm going to kill Ye Chen, that little bastard!"

"But suddenly Lingyun xianzun is killed. The disciple of Lingyun xianzun is Ye Chen's beloved. It should be that disciple who let Lingyun xianzun do it!"

"She imprisoned us with the law of time and space. It seems that she talked to Ye Chen about something. Then ye Chen was seriously injured, and Lingyun xianzun agreed with us for a period of one year not to invade Kunlun Xu!"

Chen Long was soaked through. Facing the pressure, he almost had no resistance!

He quickly said: "the two elders wanted to fight against Lingyun xianzun, but they were killed. We are not rivals of Lingyun xianzun. Even if we forcibly attack, we will eventually die. So we come back and ask our ancestors to make decisions."

"Defeated, defeated!"

"The reason is reasonable, but I don't accept it!"

Kui Ying slightly raised his left hand, and his palmprint overflowed with the laws of time, converged into a mark, and then hit Chen long, and then burst out several space sharp blades!

"No..."

"Ancestor..."

Chen Long was thirty thousand years old in an instant, and his body was cut by the sharp edge of space, countless = blood flowed out!

He is a seven level flesh body in the stage of virtual body. His blood and bone are qualitative changed. He has no power to resist the law of space and is directly injured.

Whoa!

Whoa!!!

Several sharp blades of space pass through the crowd.

Among them, several Dharma protectors at the top of the divine realm were directly beaten to the ground with blood spurting, and the way of God and king was unstable.

The elder of hunyuanjing is pale and pale. He has been old for 20000 years, and his life is not enough. As for the vice leader Chen Fengxuan, his body was almost destroyed, and he did not dare to resist.

You and I are in the same realm!

Dozens of Hunyuan realm, digital Shenwang realm!

How could it be that such a light atmosphere has been seriously damaged by Kui Ying, especially the few people who lost Shou yuan, are extremely distressed! They have not yet reached the state of creation, and their life is limited. Now they have been lost for tens of thousands of years. It is likely that they will die old before they can break through.

"This is a punishment against you for this unfavorable time!"

"I will not kill you if I read it as the old thing of Lingyun."

"A year!" Kui Ying's eyes flicker slightly. Can you wait for a year?

Ye Chen, a son of the emperor, has been from ordinary people for several years. His fighting power is comparable to that of God. He has heaven and Taoism protection. He has strong blood and has no idea why he was born. He is the biggest enemy of the blood spirit family.

If he is given another year, it is likely to break through to the mixed yuan territory!

Even in the early days of the Hedao state, he was still sure to kill Ye Chen. But if ye Chen was too high, he was not sure!

"The order goes on!"

"Do not attack Kunlun virtual within one year, and blood will wash Kunlun deficiency after a year!"

Kuying ordered: "to command the southern region, no, to order five regions, my blood spirit clan and Blood Sword gate are guaranteed at the same time. Once Ye Chen enters the Lingwu continent and kills him, I give a combination of the Dao artifact, and I will help him achieve the harmony of Taoism by myself!"

The realm of God, the artifact of God!

Mixed yuan realm, mixed yuan immortal!

The state of the Tao, the artifact of the Tao!

Every breakthrough in the realm requires weapons comparable to each other.

If you enter the realm of God, you need to absorb the power of the divine king in the divine ware.

The nine story sky breakthrough of the divine kingdom requires the space law in the mixed yuan immortal ware to help them understand the space law to become the mixed yuan realm.

As for the nine-layer sky breakthrough in mixed yuan realm, it needs the time rule in the combination of the Dao artifact to break through!

A hand of the magic weapon of the Tao!

Enough to make some small schools crazy, let some lone travelers desperately!

This will inevitably lead to many strong mixed yuan territory to pursue Ye Chen.

"Aura!"

"We don't want to do it. It's not our business that someone else kills him!"

Kui Ying waved, and threw Chen long and others out, staring at the stars, and hidden several scars in his chest, "three consecutive calculations of the heavenly chance, only to get the certainty of killing Ye Chen, but not really kill Ye Chen!"

Chapter 1303

"Ye Chen's whereabouts and Qi are protected by the way of heaven!"

"At the moment, the aura comes in again!"

"More and more variables!"

"If it's not for me that I'm hard to break the boundary, if I'm the realm of creation, what's the aura? Why should we pay attention to her agreement?"

He pondered for a long time and said: "if ye Chen arrived in Hunyuan territory within one year, I would directly kill him, and Lingyun could not have come so quickly!"

"It will take thousands of years to confront her."

"It's better to kill Ye Chen. If ye Chen doesn't reach Hunyuan territory within one year, it will be easy to kill him again!"

.....

Here in Lingcheng, the 13th largest force, the youngest generation of disciples!

A total of 378 people, the lowest level of cultivation of emperor Zun state of two days, the highest level of three levels of God!

Among them, there are 70 people above the level of God, 150 and a half of them have entered the realm of God, and the rest are all emperor's realm!

See this, ye Chen all have to sigh a sentence, the spirit city is really profound!

Although it is in Kunlun deficiency, it is independent of Kunlun deficiency.

It is the most mysterious holy land of Kunlun.

It's also the existence of connecting with a stronger place!

"Three hundred seventy-eight of you!"

"Don't blame me for doing it first!"

Ye Chen and other people all stand on the challenge arena and roar. They control the soul killing magic weapon and directly kill the crowd. A single shot can kill dozens of people, and then three or five people can be killed with one punch and one foot!

Clang! Clang!!

Bang bang!!

All kinds of attacks, spirit tools and immortal tools hit Ye Chen, which can't break the evil Qi on Ye Chen's body!

On the contrary, ye Chen bumped into them and killed many people directly.

"Kill!"

"Kill Ye Chen!"

These disciples completely killed the madness, and did not talk about any rules and regulations, directly surrounded Ye Chen and fought fiercely.

In a short time, ye Chen had killed more than 50 emperor Zun territory, and his soul destroying magic spear burst out a ray of magic light, directly enveloping more than 30 powerful emperor Zun territory. With his current combat power, he killed emperor Zun territory like killing chickens and ducks.

Whoa!!

Whoa!!

Waves of killing light burst out from the tip of the spear, and each turned into weapons and weapons, killing those emperors in succession.

It's as easy as piercing through the earth with a handle weapon!

Soon, an emperor fell to the ground.

Poof!!

Poof!

Even if it is the emperor outside the light wave, it is also shocked by the aftershocks!

If you don't get into the spirit state, you can't resist Ye Chen's attack!

"Kill!"

"Kill Ye Chen. If we don't kill Ye Chen, we'll all die!"

"Kill!" Some disciples of the three layers of heaven, who were in a state of ecstasy, screamed and urged their immortal tools to attack and kill Ye Chen.

Soon, twenty seven strong men in the early stage of their spiritual state fused their immortal utensils into a long spear. They killed them with pride, broke through the blood colored light wave, and directly hit Ye Chen's gold body. The blood splashed out in all directions, and ye Chen was injured!

If you are alone, you can't hurt Ye Chen!

However, a group of people do not use it in the early stage of entering the state of mind. There is a big gap between them. However, when they attack in groups, the spirit power will change qualitatively. It is also normal to hurt Ye Chen!

"Wipe out the Buddhist kingdom!"

"The sun and the moon are cut off!"

Ye Chen took out his sword in his left hand and his ghost gun in his right hand. The two weapons collided with each other, and the power of his own Qi and blood and soul burst out, which immediately killed more than 30 disciples in the early days of emperor Zun.

In a moment, he pointed the sword to the twenty-seven people who were in a state of trance. The light blue lustre shot from the tip of the sword, and a dragon roared out of the sword. When the Dragon flame spat out, he instantly wiped out seven or eight students in the early stage of trance.

The spirit destroying magic spear points to dozens of other disciples who are in a state of mind. The point of the spear shoots out a series of flames, and a fire phoenix rushes out against the sky. It scatters a large amount of divine flame and burns the disciples of various schools in the arena.

Hua Hua ~ ~

Hua Hua ~ ~

in an instant, the dragon and Phoenix are united, and a long sword of dragon and phoenix is bred in the center, which goes straight to the hundred and a half people and enters the divine realm to kill them!

The long sword pierces through the disciples of emperor Zun environment. The sword Qi blooming on both sides of the sword body is like a whirlpool. It absorbs the disciples of emperor Zun environment and is strangled by the sword spirit when they approach. The long sword flies along the center of the arena and falls directly on a group of half entering the divine realm disciples and explodes!

Boom!!

Only heard a loud noise, more than 50 and a half into the divine realm of disciples fell!

Ye Chen picked up these semi immortal utensils and immortal utensils. Kunlun Xu still needs a lot of immortal utensils, and there are a lot of emperor Zun realm to break through. Ye Lingtian and his several people obviously can't catch up with the speed of refining immortal utensils!

Soon, ye Chen killed more than 200 disciples by himself!

Almost all of the remaining 120 disciples of various sects have entered the divine realm, or entered the divine realm. The disciples who are in the state of God have died completely!

The masses around looked at this scene, and felt the power of Ye Chen's fighting power.

Even the disciples of the second, third and fourth generations are not enough to sigh. Their younger brothers and sisters have died miserably. But for them, the more they consume Ye Chen's power, the more beneficial they are!

These sacrifices are worth it!

However, in the eyes of the supreme elders of all sects, they are really worthy of sacrifice.

Dan Ding sent the supreme elder to watch the battle. He nodded and said in his heart: die, die as much as possible.

These disciples, coming in to bring Lingwu land, is also a burden!

As long as the Dharma protectors and ordinary elders are free, it's OK!

What's more, these four generations of disciples still want to seek all kinds of rights and interests under the eyes of old people like us. It's time to give them a lesson!

Just at the end of the fight.

Ye Chen was abandoned. It's enough to have one fifth of his disciples left!

The elder of the crazy sword sect admires all this and whispers: "so much power is consumed, ye Chen, it's almost to the end. The second generation of disciples may not be able to kill Ye Chen, but the third generation can drag Ye Chen away! "

"As long as there are four generations of disciples, how many will not die?"

For the mad sword sect, the fourth generation of disciples are his relatives' disciples, which can be regarded as his subordinates.

Therefore, he was willing to sacrifice one, two, three generations of disciples, and four generations could not die.

Other sects think that the death of two or three generations, the death of fourteen generations of disciples,

all kinds of entanglement, these old guys have lived in this city for tens of thousands of years, most of the time, they do the trick, calculate on their own disciples, integrate Ye Chen's mind!

"As long as the four generations of disciples do not die!"

"If ye Chen is abandoned, it will be enough!"

Li's, Chen's and so on are all of this idea.

Qingtianmen, xuettianmen, danqian and other five sects think the same way. The only one who wants four generations of disciples to die is the supreme elder of Danting sect and kunjian sect.

For these ten forces!

The bottom line is that four generations of disciples, as long as the four generations of disciples do not die, ye Chen abandoned, that's good!

If the fourth generation of disciples died, they would probably commit murder because they could not accept the consequences.

Chapter 1304

Ye Chen, in the process of fighting, looks at the expressions of these old things and hears their spiritual transmission. The power of his soul is incomparable to that of ordinary gods. Naturally, he can control these sounds.

It's just that those people are foolishly thinking that they are in a cocoon.

"It's time to end it too!"

At the next moment, ye Chen burst out a great deal of power of extinction, and directly took the remaining dozens of disciples who were in the early stage of spiritual state, and all of them disappeared and turned into a pile of white bones!

He said, "the second generation of disciples

"Good!" The head of the Chen family nodded and looked at Chen Bingrong, the representative of the second generation of disciples, and said with a smile, "kill Ye Chen!"

"Yes, master!" With a smile on his face, Chen Bingrong immediately turned his head to look at the 40 strong people in the state of mind behind him and said with a smile: "Ye Chen's strength is basically exhausted. We'll just scrap Ye Chen!"

"Yes Blood Tianmen blood gun also said with a smile: "waste Ye Chen, easy!"

"The death of younger martial brothers and sisters has paved the way for us. We can't let them down!"

"Ye Chen will be abolished today!" On the edge, Dan Ding Pai Dan Jian also thought so.

Ye Chen!

No matter how strong you are, if you kill more than 300 strong people by one person, you still have the ability to fight us?

We look at the bottom line of the elder's calculation, and we don't even have to think about the bottom line. Our second generation disciples alone are enough to kill you!

The reason why I don't kill you is that you look at your lover's sake, and you're just killed!

"Ye Chen, you are the number one little white face!"

"How can you let so many elders fear your concubine? You're a god eater!"

Chen Bingrong held a handle, leisurely and leisurely on the stage. He pointed his spear at Ye Chen and said, "at most, you only have one tenth of your fighting power. I can capture you by myself. Do you dare to fight?"

Chen Bingrong's fighting power is much weaker than Daoqian and Dansheng who died under Ye Chen. But what about ye Chen?

He killed more than 300 strong men!

How much power does he have left?

How much combat power is there?

One in five!

Ye Chen is the seventh level of the golden body. Yes, but there is a limit to it!

It does not mean that the power of Qi and blood will never be exhausted, unless it is the Dao Yun of the power of the Tao. As long as the body does not die, it will continue to flow.

But ye Chen from just now on, the size of so many battles, has not used the power of the road, obviously his road is broken! If it is not broken, it is impossible not to use the power of the road. Otherwise, once he uses the power of the way of extinction, many people will be beaten to white bones by him in an instant!

So!

Ye Chen is already exhausted!

Liu Bingrong wants this merit and reputation!

"Little white face?"

"A soft meal?"

"You should also be qualified to eat a soft meal!" Ye Chen snorted coldly.

Killing is blooming.

You are the second grandson of the Chen family leader, aren't you!

OK, today your Chen family is doomed!

"Kill the magic gun!"

"Kill!"

Ye Chen fought out in person. There was a great deal of annihilation power in the demon gun, which completely enveloped Liu Bingrong. Before he could react, more than 30 strong people in the spirit state had forcibly stepped in!

Whoosh!!

Whoosh!!

A handle of immortal weapon came and haunted the challenge arena. It was much more dangerous than the battle just now!

The more than 300 disciples can hurt less than 10 of them, but each of them can hurt himself, which is not easy to deal with!

"Silence!"

Ye Chen grabs Liu Bingrong and carries 15 powerful people in the spirit state to attack!

His left hand contains a huge power of annihilation. A slap on Liu Bingrong's face instantly transformed Liu Bingrong from a handsome young man of more than 200 years old to a drooping old man of more than 20000 years old, and slapped Liu Bingrong's Shouyuan away!

Today's Ye Chen, the way of extinction is completely changed into the road of extinction. A random strike contains the power of annihilation, which can dissipate the enemy's Shouyuan of more than 10000 to 20000 years. Unless those above the realm of Taoism don't care about Shouyuan, no matter who wins or loses, it won't be good!

Bang!!

Liu Bingrong was thrown out and his flesh and blood dried up, leaving only one breath.

He gazed at Ye Chen as if he were a demon, killing all directions, and his heart was cold.

Who said Ye Chen had been abandoned?

Who can be so powerful!

Soon, Liu Bingrong's vitality disappeared and he died completely.

BAM, BAM, bam!!!

Bang bang!!

On the edge of a burst of explosions, countless pieces of the ring fly out, ye Chen fell to the ground, blood dripping.

He got up in a hurry. As soon as he got up, he was attacked by 20 powerful people in the spirit state. His flesh had to be killed with many wounds. He grabbed the long gun of a strong man in the five layers of the spirit state with a ruthless heart. When he returned to the future and fought back, he was beaten out by other entrants! Already exhausted!

In the face of so many strong people at the moment, how can we be invincible!

"Waste Ye Chen!"

"Ye Chen can't stand it. Hurry up and abolish him!"

"Kill him!"

More than 30 strong people in the spiritual realm surrounded Ye Chen from all directions, giving Ye Chen no chance to break through!

On the stage, 45 strong people in the spirit state were killed by Ye Chen. Five of them were in the fourth level and five in the fifth level. The rest of the disciples were the weakest and the strongest was the sixth level!

It's more than enough to kill Ye Chen!

If it was not for the orders of the supreme elder and the sect leaders not to kill Ye Chen, or even with all his might, ye Chen's body would have been destroyed!

Bang bang!!

Bang!!

The arena burst in a series, and countless metal fragments fell on Ye Chen like a rain curtain.

He fought against three pieces of seven grade immortals and killed three people with one fist. However, he was beaten by others, and his blood and gold flew and fell on the ground!

No way!

Too many people!

I'm not strong enough!

Two fists are hard to beat four hands.

Xiaohuang and Xuelong are also injured, more impossible!

He can only communicate with the reincarnation cemetery!

"Ice sword immortal, lend me some strength!"

"Not too much. It's enough to restore the original situation!"

"Good!" Ice sword xianzun hit the cold light and fell on Ye Chen's body with a smile: "with a pair of dozens, to hundreds, but excellent experience, you have such a ambition, I will help you naturally!"

In the land of Lingwu, many families will indeed cultivate their descendants with extraordinary strength!

We will not let future generations face such a situation as ye Chen. In the first World War, dozens, hundreds, hundreds of times of danger, blood is everywhere. This courage and will are very good!

This son, extraordinary!

Soon, the outside Ye Chen suddenly turned up, the whole body burst out an extreme luster, instantly recovered to the peak level!

He held the soul destroying magic gun tightly, and with a single shot, he shot out countless calming power and killing gas, converging into a long vortex, directly enveloping dozens of powerful people in the spiritual realm, and then the blood flowed out in bursts.

Fifteen strong men in the early stage of entering the state of God!

Fall!

Chapter 1305

"Waste Ye Chen!"

"He's out of cards!"

"Hahaha, his cards are gone!" The disciples around look crazy, crazy attack Ye Chen!

As we all know, ye Chen has a card!

You can temporarily upgrade your strength to the realm of God King. At that time, even if you were the eight faction ancestors, you were not your opponent!

But now, ye Chen's bottom card used, yes, the bottom card used, directly recovered to the peak!

That means he doesn't have the next chance to recover!

Such an opportunity!

To waste Ye Chen is to exhaust Ye Chen's details completely!

"Kill!"

"Kill!"

The remaining 17 are in the state of mind, all kinds of their unique skills erupt. With their own immortal tools flying out, all kinds of virtual shadows appear in the mid air immortal tools, such as the silver dragon flying, the rosefinch tumbling, the Xuanwu sea breaking, the white tiger towering, and the virtual shadows of Yinglong and Lark birds and other fierce animals are publicized. In a moment, they occupy most of the challenge arena!

The immortals manifest!

It is dominated by immortal tools and spirits, and the blood vessels of ancient gods and beasts are transformed into virtual shadows!

Although it is not as strong as the blood of the people in Lingwu land, it is enough to attack and kill people in such a grand occasion, even if the seven layers of heaven in the divine realm are killed!

"Wipe out the Buddhist kingdom!"

"Thousand ice sword array!"

Ye Chen also broke out his two strongest attacks. He sacrificed the soul destroying magic spear and the Zhushen sword, flying out one after another of the shining ice swords. At the same time, thousands of lonely Buddhist texts poured out, continuously exploding a zunxu shadow!

The seven or eight virtual shadows run through the silent Buddhist texts, and the corresponding immortal utensils burst, which makes the master explode with blood and blast back!

Countless ice swords shot out, pierced the other ten virtual images, and even killed their master!

With Ye Chen's fighting power in his heyday, it's easy to kill them, but now only 60% of them are left. Otherwise, we won't fight with them for so long!

"The sun and the moon are cut off!"

"Kill!"

Ye Chen did not stay behind, holding two weapons, such as if the devil directly killed the past!

Soon, a corpse fell to the ground, and 45 second generation disciples from five families of eight schools all fell down!

In this scene, even though we are scared, many young people dare not go to see ye Chen!

Ye Chen!

Kill God!

What a cruel killing God! In less than an hour, he slaughtered more than 400 young Tianjiao in our spirit city!

Such a cruel killing God, many elders and family owners, really want him to leave alive?

Today!

He's just six layers of heaven!

If he is promoted to a level of heaven in the next day, no, even if he is only half into the divine realm, will he be able to kill our spiritual city with one sword?

These extraordinary arrogance is also the master of Kunlun!

It's a nightmare in the morning!

Everyone in the room was scared!

Many people in the spirit city can see ye Chen's ferocity thoroughly and kill Li Jiawei the day before yesterday. For them, Li Jiawei's strength is far higher than them, even though he is shameless. Ye Chen killed Li Jiawei, and his strength is not particularly obvious in their hearts!

But now!

Tianjiao people of the spirit city who are at the same level as them and even higher than their accomplishments!

Two wars, let Ye Chen slaughter more than 420 people!

Can't help but they are not afraid!

At the moment, ye Chen looks around these people's looks and faces, and nods slightly. The first goal has already reached half!

Kill the younger generation of Lingcheng and have no too strong strength!

With their blood, to prove the strength of Kunlun Xu!

If you dare to move Kunlun Xu, you will face his revenge!

"Ye Chen, be bold!"

The elder of xuettianmen was as cold as frost, staring at Ye Chen and saying, "you are just a demon. You have killed so many talented disciples. You really don't want to go out of our spirit city!"

The Taishang elders, such as the Dan Ding sect and the Dan Qian clan, including the Chen family and the Wang family, all looked very gloomy. They thought that even if ye Chen could not be destroyed in this war, he would be able to damage Ye Chen's origin and even half destroy Ye Chen's body!

Unexpectedly, ye Chen slapped everyone on the spot!

Still so ruthless and resolute, the thirteen great forces of Lingcheng, two generations of disciples, all died in the hands of one person!

"Gentlemen

"Are you so timid that you dare not send your disciples to war?"

"I have heard that the people of the thirteen sects in the spirit city are as timid as rats, just like rubbish!"

Ye Chen pointed to the other 100 young disciples with his soul destroying magic gun and said with a smile, "these wastes, if you are worried about them, I can not kill them. I will waste them. You will give me the medicinal materials, and then bow and apologize!"

"I can kill them!"

"You have only two choices!"

"Either give up and I'll kill them!""Either keep fighting, I'll kill them!"

"Other, no choice!"

Overbearing!

Domineering!

Your spirit city wants to calculate Laozi. If I don't kill your disciples, I won't call ye Chen!

"Ye Chen!"

"Don't go too far!" A long-time old man of the blood heavenly gate trembled all over his body and angrily pointed to Ye Chen and said, "you are so cruel and cruel that you don't deserve to be a man!"

"I killed you today!"

As soon as the voice fell, the elder, who was in the seventh heaven, jumped to the challenge arena.

All of them have not yet responded. Ye Chen pierces his forehead with a gun and covers it with a fist. The force of silence breaks out. In an instant, he disappears all his life yuan and turns him into a corpse!

Bang!

Ye Chen kicks the corpse out and stands in the center of the spirit city with one sword and one gun!

"Ye Chen!"

"Ye Chen, you are looking for death!"

"Everybody, don't mind what, kill Ye Chen!"

"Ye Chen despises us. I can't bear it any more. I don't want to kill Ye Chen even if I don't want it!"

"Kill Ye Chen, even if Lingyun comes to settle accounts with me, I will kill Ye Chen!"

In an instant, twenty or thirty elders in the middle and later stages of the divine realm soared into the sky, each holding immortal utensils and fighting against Ye Chen!

This scene is too fast!

The thirteen supreme elders and the master of the house were at a loss. The servants couldn't help but make a move!

The disciple who died just now is the descendant of these elders and Dharma protectors. These people can't help it!

"Ah

"These people!"

The elder of the crazy sword gate roared, but he didn't go to kill Ye Chen.

What's this called? It was originally decided to scrap Ye Chen. How come these subordinates are going to kill people!

I'm not in a hurry. What are you worried about!

"The way of death!"

"Silence all things!"

Ye Chen empties a violent drink, cuts through the night sky, and awakens everyone in an instant!

There was a long river of 3000 meters long and 9 kilometers wide floating behind him. Countless forces of extinction turned into a sword, and they were flying and killing. For a time, his fighting power increased by more than three times!

Using the Tao and Dao Yun!

Soon, another road was revealed, the way to kill!

In order to kill the road, countless killing gas converged into a respected general and rushed out!

Ye Chen, one of them, was even with twenty-five Dharma protectors in the middle and later periods of the divine realm!

Chapter 1306

"This little bastard!"

"Damn it, this little bastard, it's not hurt at all."

"The little beast

Kunjianmen Taishang elder, xuetianmen Taishang elder, Danding sect Taishang elder!

The three princesses are so old-fashioned that they kill Ye Chen with immortal tools!

"Ye Chen!"

"Lizi, you dare to cheat us and kill our disciples!"

"Damn you!"

Soon, the five family masters, including xuetianmen and the Chen family, together with six strong men in the eight layers of heaven, killed Ye Chen in unison!

Ye Chen shows the way!

He didn't get hurt. He pretended to be so poisonous!

This little bastard must die, or we will not have face!

Even if the woman behind this little son of a bitch comes to trouble, it's a big deal for us to enter the land of Lingwu. As big as the mainland is, the woman can't find me!

The remaining elder of the mad sword sect stares at Ye Chen with a gloomy look. He looks like a poisonous snake holding its prey. He is so angry that he pinches all the immortals in his hands. "Ye Chen, you brute, how brave you are

"If you really have the heart to swallow up the four generations of disciples of our spirit city!"

"If it wasn't for the elders who couldn't help but kill them and force you out of the fighting power!"

"I don't know. How dare you plan on me?"

"Old man, not only can you calculate people!" Ye Chen burst out a drink and smashed the Chen family master with a fist.

Ye Chen, with the power of one man, fought alone the six supreme elders and the four masters. He was not weak at all. He only used two avenues, and there was one undeniable avenue which was most seriously damaged. Even if it was released, it would be difficult to increase the fighting power!

However, these masters and elders are only eight layers of heaven.

The weak is the seven layers of heaven in the state of God!

Even if some powerful disciples just now hold powerful immortal tools, they can compete with them. No wonder they have the heart to hurt themselves, and they just fulfilled Ye Chen's plan!

Whoa!!

Ye Chen cuts out a sword to cut the arena thoroughly, and even cuts off the arm of the Chen family leader.

He turned around and shot out, and a sea of waves burst out from the tip of his sword, which directly submerged the remaining two generations of disciples who had not yet participated in the war!

Bang bang bang!!

Bang bang!!

One by one, the flesh burst!

A disciple in the early and middle stages of the spiritual realm has no resistance in Ye Chen's hands!

"No matter, let's go together!"

"Kill Ye Chen!"

"Kill Ye Chen!"

More than 20 disciples survived, regardless of what was involved. Qi Qi sacrificed and killed them.

The Dharma protectors and elders of other major sects and families have also taken out immortal utensils. This association doesn't care about the original plan, just kill Ye Chen!

Ye Chen is immortal!

Ann can relieve our hatred!

Camouflage the original foundation is damaged and kill more than 500 disciples of each sect in my spirit city!

The real strength broke out again, killing 11 elders and protecting the Dharma. This kind of behavior makes people and gods indignant and must be killed!

"Kill Ye Chen!"

"Let's go together today. Why can't you kill Ye Chen?"

Wang's Dharma protector's eyes were about to crack, and he was holding a big sword with five grade immortals. His body shape turned into a beam of light. When he came to Ye Chen's body, he was quickly split into two parts by Ye Chen's sword. The Dharma protector of the four layers of heaven was not Ye Chen's opponent at all!

He was not the only one who did so. There were dozens of Dharma protectors from the Dan Ding sect, the Dan Qian sect and the Chen family.

The fifteen Dharma protectors in the middle stage of their spiritual state lost most of their lives in an instant under Ye Chen's full attack.

Boom!!

Boom!!

The bright thunder and lightning killed the four sides, and the sword of killing God bloomed the power of sun, moon, dragon and Phoenix, and the soul destroying magic spear burst out the power of killing and cutting. Ye Chen was really like the God of war, and hundreds of strong people in Nirvana were in the nirvana!

At this moment!

The five sect elders, including xuetianmen, Danding sect, danqian gate, Qingtian gate, Wandao sect and xuejianzong, as well as their Dharma protectors, elders and disciples!

In addition, there are more than 200 masters of the five families of King Chen, Zhao and Liu, and their Dharma protectors and disciples. All of them are in a state of God. They want to kill Ye Chen together!

There are six in the eight layers of heaven alone!

Enter the realm of God, seven layers and eleven persons!

There are more than 70 people on the sixth floor, and more than 100 on the fifth floor. The number of people in the fourth floor is slightly weaker, mainly because ye Chen killed too many people!

There are so many strong people in the spiritual realm who join in the encirclement circle to strangle Ye Chen, but ye Chen rushes around and kills him. There is no one who can trap Ye Chen, and there is no strong person in the later stage of the spiritual state, who dare to resist Ye Chen's extinction!

The power of annihilation in the demon gun!

Once touched, Shouyuan will disappear for thousands of years in an instant. No one can afford to fight against Ye Chen! It is because of this, ye Chen rushed everywhere, no one can stop!

In the distance, the Taishang elders of crazy sword gate and Kun sword gate did not start. They had to sit in the pavilion. The audience in the distance had already run away, but the spirit city was not big. Even if other people fled, they could hear the sound of the war, and they would also be impacted by the aftershocks.

"Ye Chen, this son, is too crazy!"

"One person single handedly challenges my thirteen major forces!"

"But it's better if these guys go up and weaken Ye Chen's strength. I'll wait for it again, won't it be better?"

At this time, the elder of the mad sword sect was still thinking of taking advantage of him. He was always watching Ye Chen, who was fighting in a circle. He thought, "Ye Chen's cards have been exhausted, and he has not recovered to his fighting power in the divine kingdom."

"Obviously, before long, his strength will be exhausted!"

"There is no fighting power at all!"

"At that time, if we want to kill or abolish, it's up to us to decide." He looked at the supreme elder of Kun Jianmen and said with a smile, "your headmaster Li is really shameless, but this killing Ye Chen is also revenge for you."

The elder of Kun Jianmen snorted coldly and said in a low voice: "this time I come out, I told you that ye Chen would kill him if he could. He was a toothless tiger anyway!"

"In my opinion, 30 more dead people will be able to bring down Ye Chen!"

"Fifty people can die

"This battle is a surprise!"

Ye Chen burst out!

The other six schools and five families are crazy. Go up to kill Ye Chen!

We don't need to fight until ye Chen is abandoned. At that time, apart from our two factions, other forces will inevitably suffer serious damage. We can also seize the resources of those forces. As for ye Chen, we can kill or not!

The premise is that ye Chen has to be scrapped!

The blood spirit clan side, must have the heavy reward!

.....

At the same time, in the boundless desert of Lingwu, a temple is shining.

Two gorgeous girls sat cross legged in the middle of the palace.

Surrounded by countless rich Aura!

It's almost ten times or even a hundred times as much as Kunlun Xu!

If ye Chen is here, he will surely find that these two beautiful girls are Ji Siqing and Xia Ruoxue.

The potential of the two was exploited, and the skills given by Lingyun xianzun were just suitable for their blood, and their realm grew rapidly.

It's a pity that the two girls only have a sad face.

I don't know how long, a figure floating to!

It's the spirit of xianzun!

Lingyun xianzun looked down at them and nodded: "I knew that Kunlun Xu had such a talent hidden, I should have brought it into Lingwu land at the beginning of your birth."

"Although Kunlun void has aura, it can also give birth to the realm of emperor's respect and even the realm of God, but in my eyes, it is a humble place. Where humble mole ants live

"Only the land of Lingwu is entitled to the Tao!"

Xia Ruoxue and Ji Siqing opened their eyes together and said in the same voice: "what's the matter with Ye Chen?"

Hearing that the second daughter didn't even call her master, she only cared about the boy's life and death. Lingyun xianzun snorted coldly: "I'll protect that humble boy! This is what I promised you

"But I'm afraid this son will never be qualified to enter Lingwu land! You don't want to see this boy

Ji Siqing and Xia Ruoxue are stunned and wonder: "why?"

Lingyun xianzun's eyes shrunk: "I might as well tell you that the ancestor of the Blood Sword clan has issued a killing order. If the boy steps into the land of Lingwu, he will die!"

"This time, I can't save him!"

"He'd better keep the Kunlun void honestly!"

"Only, his life span is only one year!"

"Or not in a year!"

"If you don't have absolute strength, you will surely die if you dare to offend the most powerful people."

Chapter 1307

Ji Siqing and Xia Ruoxue look at each other, and their eyes are filled with horror and fear.

The ancestor of the Blood Sword sect in Lingwu mainland even used the order to chase Ye Chen!

This is undoubtedly a blockbuster!

They have been here for some days, and naturally understand some of the pattern and strength here.

Lingwu mainland as a high level of martial arts, Kunlun Xu and he are simply different!

Now the Blood Sword sect has issued a hunting order, although it is impossible to radiate the whole Lingwu continent!

But ye Chen is also in danger!

The strength of Blood Sword sect is even afraid of the spirit charm immortal. It's not what ye Chen can shake now!

Ye Chen's talent is against the sky, the strength grows extremely fast! But in Lingwu mainland, I can't bear to mention it!

The key is that they know ye Chen!

If ye Chen knows that they are here, he will surely step into the search!

Xia Ruoxue no longer hesitated, kneeling in front of Lingyun xianzun: "master, I hope you can save Ye Chen again! If snow is willing to accompany the master all the time. "

Xia Ruoxue did not hesitate to give up his freedom, but also to save Ye Chen!

When Lingyun xianzun heard this sentence, he didn't feel any joy, but there was a trace of anger between his eyebrows!

"Hum! I don't know what's good about this boy! Let both of you treat it like this

"Maybe it's because you grew up in this rubbish land of Kunlun, and you can't see real talents!"

"In a few days, I will take you out for a trip. On the one hand, I will take you to practice, and on the other hand, I will show you what the real genius is!"

"Your vision is too small, the small Ye Chen and the small garbage are regarded as treasures! Don't talk about Lingwu. He can't even pass the level of Xuling city in Kunlun! "

"You'd better pray that the boy doesn't step into the land of Lingwu, or you'll be at your own risk! I can't save him either

With that, Lingyun xianzun waved his sleeve and dissipated directly in their sight.

Xia Ruoxue's body trembles and is very frightened.

At this time, Ji Siqing came to Xia Ruoxue's side, stretched out his hand to help Xia Ruoxue up, and comforted him: "if snow, now you and I can't rely on others."

Xia Ruoxue was stunned and looked up at Ji Siqing: "what should ye Chen do?"

Ji Siqing's eyes look at the vast desert, as if thinking about something.

For a long time, her eyes congealed, word by word: "since the aura gives us the strongest skills and training resources, we should treasure it!"

"Because we are the only ones who are stronger! In order to protect Ye Chen in a real sense

"Five years ago, ye Chen was a waste. I guarded him in Kunlun for five years! I always thought he could fly into the sky

"Tell me the truth, I guessed it right!"

"He is now the master of Kunlun Xu! But the present predicament seems to be getting bigger and bigger. Only when we are strong can we be qualified to control some discourse power! "

"If we are stronger than aura, then what is the Blood Sword gate?"

"So, if snow, from today on, we practice!"

"As for ye Chen, I believe he is not so easy to die."

Xia Ruoxue's moist eyes instantly ignited some things. She nodded seriously and sat cross legged!

"Good! Practice

"Although Lingyun didn't tell me what kind of blood I am, I believe that one day, I am qualified to stand by Ye Chen's side and help him block everything!"

"If anyone dares to touch my summer snow man, I will step on the broken sky!"

In a flash, the cold wind outside the hall, killing machine is spreading!

.....

Kunlun Xu, Lingcheng.

Ye Chen naturally did not know the situation in Lingwu.

At the moment, ye Chen's wounds are all over the body, and the evil spirit is like a flame burning in the body!

In the face of the people's difficulties, his way of killing is vertical and horizontal!

As a matter of fact, as long as the eight supreme elders of the eight great sects join hands and join forces to form an array, ye Chen will surely be trapped and severely damaged in an instant. The main reason is that these old foxes are too calculating!

Ye Chen is clearly aware of this, so just a little bit of their own strength, let them constantly think that they can take advantage of themselves, and then gradually fall into the trap of Ye Chen.

Bang!!

Ye Chen grabs the master of the Wang family, and the golden body is displayed. A red and golden light rises to the sky, turns into a shield and falls down again, enveloping Ye Chen to resist the attack of others!

In the golden shield, ye Chen fiercely attacked the king's family master, quickly cut off his limbs, punched through his heart, and completely burst out the power of annihilation. In an instant, he turned the master into a white bone!

Clang! Clang!!

Click ~ ~

the golden shield is gradually broken, hit by dozens of immortal weapons, and it is full of cracks!

Seeing this, ye Chen controls the golden shield, and starts to hit the strong people in the mental state around him. However, he finds that the man sees himself killed and runs away. He can't help laughing and says, "people with different hearts want to kill me ye Chen?" "It's a daydream!"

"Today, I will kill you all!"

At the next moment, ye Chen directly explodes the golden shield, which turns into a sharp sword, whizzing through dozens of Dharma protectors in the middle of the trance.

The soul destroying magic spear he held tightly infused the huge power of Qi and blood into it. One shot produced a powerful impact to kill the five Dharma protectors. The force generated by the gun front tore up the five Dharma protectors, but the other two were also knocked away!

"Wipe out the Buddhist kingdom!"

"Thousand ice sword array!"

"The sun and the moon are cut off!"

"Kill!"

Ye Chen broke out completely. The road of extinction and the road of killing floated out from behind. Each of them condensed an ice sword to form a sword array. The left hand punched out. A Buddhist kingdom appeared in the seal of the fist, and countless silent Buddhist texts emerged!

Holding the demon gun in his right hand, the tip of the gun burst out the shadow of dragon and Phoenix, and a long gun of dragon and Phoenix shot out.

Bang bang bang!!

Boom!!

The three attacks fly forward along the challenge arena. Along the way, there are not many strong people who are in a state of mind!

"Get out of the way!"

"Get out of the way!"

The Li family leader and the Chen family master had a big drink, and the strong ones in the later stage of their spiritual state dodged to one side. Some fell on the attic, some hid in the street. The four family heads and the six sect supreme elders were extremely fast and all escaped the attack!

However, other Dharma protectors, elders and disciples will suffer!

Under the attack of three kinds of extermination, a lot of strong people in the state of mind were killed in an instant.

Under these three attacks, at least more than 50 strong people in the divine realm will be killed!

"Back!"

"All back off!"

Chen's master cried out bitterly and angrily, saying, "the three masters will follow me and hang Ye Chen!"

He waved his sword and called out, "Ye Chen has not much combat power. We four will go up together. If we don't believe we can't kill Ye Chen!"

You can't let other people who are in the state of mind to kill them!

If you don't arrive at the later stage of entering the divine realm, you can't stop or avoid Ye Chen's attack!

If the others go up, they will die!

Chapter 1308

"Chen Kong's sword!"

"Kill!"

The master of the Chen family gave a violent drink and went down from the attic. In the middle of the way, the eight grade immortal utensils in his hand burst out a piece of orange luster, which quickly turned into a sword gang with the size of ten Zhang, and fell towards ye Chenli in the street!

Such sword Gang, such momentum, has the power to open the sky!

It contains his all-out strike of seven layers of heaven, including the explosion of eight grade immortal tools!

Even if it's a normal state of mind in the face of the eight layers of heaven, but also to heavy damage, do not believe that hurt Ye Chen!

"Let you feel the way of killing that Laozi has been nurturing since China!"

Ye Chen murmured and drew out the Zhushen sword. The body of the sword was shining. Dozens of sword Qi swept up from the sword spirit. A killing sword of more than ten meters in size was gathered above Ye Chen. It broke through the air. For a moment, the sword edge had the power to frighten the world!

Bang!!!

Two swords collide!

The long sword of killing quickly disintegrates, and the sword of ten Zhang size splits down with vigorous force, if it is on Ye Chen's forehead.

"Poof!"

"Not weak!"

Ye Chen blocks the sword Gang, but not only spurs blood. If it's not the seventh level of the body, I'm afraid it will be killed at the moment.

Before he returned, the master of the Chen family came close and punched him on his chest like a broken sack. As soon as he landed, he was attacked by the other three owners. His body burst out a series of bursts!

Ye Chen steadies the body forcibly, does not move like a mountain.

Drop by drop of blood on the ground, in an instant, the ground made of boulders, into cracks!

At the moment, a drop of blood of Ye Chen is extraordinary!

"Ha ha ha ha!"

"Ye Chen has no fighting power!"

The head of the Chen family is very excited and kills Ye Chen with his sword.

Before that, he didn't find a chance in the big melee. He always played soy sauce with the strong men of the same level and gave Ye Chen a blow from time to time. But now he is mainly attacking Ye Chen. After ye Chen's three major attacks, his life and blood are exhausted, and his fighting power is revealed!

The three masters of the family also stopped this meeting and all watched the Chen family leader kill Ye Chen.

The six sect elders of Taishang and so on all stand in the four directions to avoid the empty people of Kunlun. They are firm, ye Chen, and have no fighting power any more!

Ye Chen, this little beast!

Dying!

In this case, if you want to kill a dying man, you don't have to join us!

Since the master of the Chen family is willing to kill Ye Chen, he naturally gives it to him. As for ye Chen's life, since this little bastard wants to die, he will be fulfilled!

Bang bang bang!!

Bang bang!!

One after another, the sword Qi falls, and ye Chen's eyes shrink, so he can only retreat and dodge.

After all, he is facing a group of powerful people in the spirit city!

A good man is hard to beat four hands!

It's too despicable for so many people to deal with Ye Chen, who is already weak!

Although pushed aside, ye Chen still left a long bloodstain on his body, which seems to be incomparably embarrassed!

He put away the soul destroying magic spear and two roads. He held the four grade divine king's sword to fight against the enemy. He kept waving the sword, but his strength was not enough. He was repulsed again!

In people's eyes, ye Chen is undoubtedly a frightened bird!

At this moment, it is the place where he will die!

"Ye Chen!"

"You are going to die in my hands at last

"Ha ha ha, you little bastard, damn it!" The master of the Chen family hit Ye Chen with a fist and laughed wildly: "Ye Chen, who used to be able to exert the fighting power of the king's Kingdom, is going to die in my hands now."

"Ha ha ha ha!"

"I'm Chen Guyan. I'm going to stay in history for a while."

"It's my great achievement to kill such outstanding Tianjiao."

What blood spirit clan?

What Lingyun xianzun, all go to one side!

My master killed Ye Chen, who is the most arrogant person in the world today. He will surely achieve the invincible road in the future. He will be promoted to the God King state, and then to the Hunyuan realm. How about the blood spirit family? How about the blood spirit family? You can't kill Ye Chen, but you will die under my sword!

"A sword opens the sky!"

"Three swords to destroy the world!"

The master of the Chen family broke out completely. His whole body's spiritual power was gathered on the eight grade immortal sword. The whole body erupted with infinite luster and turned into several giant dragons. The Dragon converged on the immortal sword. An invincible force broke through the sky. The sword held by the fingertips of his palms flowed with lightning and was about to cut off the three swords of extinction!

The fierce sword will destroy Ye Chen!

Suddenly!

Ye Chen raised his head!

Blood stained eyes, looks extremely ferocious and bloodthirsty.

In a flash!

Ye Chen's body is surging with rolling magic light!

The sky above is full of dark clouds!

Ye Chen smile, that scarlet eyes gaze at the Chen family master!

"Old thing!" "You think I'm going to lose?"

"Do you know who I am? You mean to kill me

"I don't know the height of the earth, old man!"

The next second, ye Chen's forehead even emerged a blood light.

In the blood light, it is an eye.

His eyes were bloodshot.

Eye of the devil!

Whoa ~ ~

a strong force of demons rushed out of Ye Chen's body and quickly formed several bloody tornadoes. However, those who were inhaled into the spirit state were hanged into blood mist in an instant!

Gradually, the power of demons became stronger and stronger, and even killed more than 20 Dharma protectors and disciples of various schools and families in succession!

As ye Chen's eyes of the devil in his eyebrows gradually open until they are completely opened, the devil's power breaks out completely. Countless thunder and lightning, like rain curtains, fall down in an instant. When they fall, they gather into a thunder sword and go straight to the master Chen!

"No one can kill the man I choose! This son is born for the devil

"This son dominates the reincarnation of hell!"

Suddenly a voice came out of the eyes!

Rich! icy!

Like from hell!

This is the voice of the devil's eye!

Bang!!

Thunder sword and three swords collide, countless thunder and lightning burst out, instantly wear out the three swords!

The three peerless swords, which were enough to cut into the eight layers of heaven in the divine realm, were so light that they burst into pieces all over the sky. The thunder sword went straight to the master of the Chen family.

"No!"

"No way!"

"How can you still burst out such a powerful force?"

The master of the Chen family is about to crack his eyes, and his whole body is trapped by the iron chain made of thunder. At this moment, the main road can not be released, and it is unable to move half a minute!

And the thunder sword that is about to be killed in front of him makes him feel a great crisis and even fall down!

No, it can't fall!

It will fall!

This thunder sword is so strong that I can't stop it!

"Ye Chen, I surrender!"

"Ye Chen, I surrender, I help you guard Kunlun Xu!"

"Really, I will help you guard Kunlun Xu. My Chen family will follow your lead and kill me!"

As soon as the Chen family leader's voice fell, thunder sword penetrated his body. The next moment, his body burst, and even more, the spirit and the road broke at the same time and completely fell down!

A master of seven layers of heaven!

Straight down!

This is only in the case of Ye Chen seriously injured!

If it is in its heyday, why use the devil's eye to kill him!

Chapter 1309

Hoo Hoo Hoo!!

Whoosh!

The scene is about to begin. Everyone looks at the broken body of the Chen family master and looks at each other!

In the mind only appears: ye Chen, also may have a war!

How to do that?

The master of the Chen family, who was immersed in the seven layers of heaven and mastered the eight grade immortals, died in a moment. Even if other masters went up, they would surely die!

As for the elder of the sixth sect, looking at Ye Chen at the moment, he has some hair in his heart.

This plan!

Looks like a big loss!

Not only did not abandon Ye Chen, but also killed more than 500 strong people in the spiritual realm!

What can I do?

"Ye Chen!"

"You..."

For a while, the elder of xuetianmen didn't know what to say!

His heart slightly uneasy: if a person on, will be killed by Ye Chen!

If together, but other people may not go up to kill Ye Chen!

"Old thing!"

"There's no need to explain, there's no need to make more reasons!"

"You people dare to surround and kill Lao Tzu. OK, you don't want to die. I will give you a chance."

"Come out alone and take two moves from me. If you don't die, you can survive!"

At the moment, ye Chen's words are extremely domineering, just like the overlord between heaven and earth. The supreme elders of all sects and the heads of families are like his ministers. The power of life and death is in his hands!

The devil's eye is clear to him!

Saving him!

The killing heart of these people and the blood around him completely awakened the evil things in his eyebrows!

His fighting power has completely shocked all factions!

Even if ye Chen does not lose the battle power of his heyday, it is definitely not easy!

"Three seven days left!"

"Six eight layers of sky!"

"Now the power and soul power that the devil's eye has given me can forcibly subdue some people!" Ye Chen's plan also has some changes, but it has already been implemented. As long as the result is the same, how the process is not in the way! He killed alone, fighting for the supreme elder of Danding sect!

Bang bang bang!!

Bang bang!!

Ye Chen passed by one after another of the big pits on the ground, his whole body burst out of the evil Qi, gathered into a magic fog, straight covered the sky, as if the devil came, the terror is incomparable, the evil Qi even makes people fear, even fear to the bone!

"Ye Chen, you!"

"Ann dares to deceive me!"

"Dan Ding!" The elder Taishang of the Danting sect offered a big tripod. The extremely powerful Dan Qi overflowed all over the place. Like a waterfall, it burst out a wave of light, which enveloped Ye Chen. He was killed and killed in the future.

At the next moment, ye Chen's sword pierced the shoulder of the supreme elder of the Danting sect and made a seal with one hand. A sword seal of heaven and earth penetrated into the elder's mind!

"What's going on..."

"Good pain, ye Chen, what have you done to me?"

"Ah Pain... "

The elder of Danting sect rolled on the ground in pain.

Soon, ye Chen captured the leader of the Li family and the supreme elder of danqian gate, and at the same time gave them the sword seal of heaven and earth. Unless the soul power of this person is equal to that of a strong person in the middle period of Meishen Kingdom, he will not be able to break the seal of heaven and earth!

Even if they are the ancestors of the nine layers of heaven, they can only do nothing!

This scene looked at the crowd at a loss, do not know what happened.

The next moment, the elder of Danting sent the Supreme Master to get up. His face was cold, like a machine. He knelt down to Ye Chen. He clasped his fist and said, "Dan miesheng, please see the master, but with the master's order, the slave is willing to kill the heaven of the spirit city!"

"What?"

"Master?"

"The great elder of Danting sect has become Ye Chen's slave?"

"What's the matter? Just now Dan Mie is growing old. Isn't he the most ruthless one to kill Ye Chen? "

"How could that happen?"

The other four groups of elders looked at each other and couldn't believe it!

A supreme elder who has entered the eight layers of heaven in the divine realm and has a status above ten thousand people under one person should actually be a servant to Ye Chen?

What secret method did ye Chen use?

So horrible?

"Li Qiankun, the master of the Li family, has met the master!"

"The elder of danqian gate, Dan Qisheng, has seen the master!"

Soon, the Li family leader and the elder of danqian gate kneel and kowtow to Ye Chen like Dan mieshen.

A God into the seven layers of heaven!

Two into the spirit of the eight levels of heaven!

Actually submit to Ye Chen!

Such news, such a situation, simply shocked the whole city!

When people in the city look at Ye Chen, the shock in their hearts is like the waves of the sea. From time to time, some people swallow their mouths and think of a few words in their hearts!

Evil spirit!

Evil spirit!The devil!

Ye Chen, where is the master of Kunlun? This is simply a demon!

There are actually demagogues, no, forcibly subdue the enemy, this is simply, too powerful!

If a secret Dharma was accidentally handed down by him, wouldn't we all be his slaves for the whole life? He might be able to take the lives of these people in an instant. Otherwise, how could the two supreme elders and one master of the family be so!

"Dan miesheng! Dan Qisheng

"Li Qiankun, what do you mean?"

The elder of the mad sword sect couldn't sit still, so he had to ask, "do you want to take refuge in Ye Chen? Do you want to make enemies with everyone in the spirit city?"

"Willing to saddle the front and back for the master!"

"If you wait for a truce, we will kill you!"

Dan miesheng's face is expressionless, but it bursts out with Shentian killing intention!

Soon, the other two people were the same. All kinds of sacrificial utensils fixed the elder Taishang of the mad sword clan and the supreme elder of Kun Jianmen. As long as the other side dared to move, they would dare to kill them. Nothing was more important than their own lives!

They all know that their lives are in the hands of Ye Chen!

Even the chance and strength of resistance will not exist!

At the moment, it's the safest thing to sweep away the barrier for ye Chen!

Ye Chen smashed the barrier with one fist, took out the medicinal materials such as pyrotechnics, put them into the ring of heaven and earth, and then looked at other supreme elders and others, and said, "if you want to fight, I'm very happy. Anyway, the spirit city is gone. It's better for Kunlun Xu!"

"Little brother Ye is joking

Suddenly, an old voice came.

A sword light that connects the sky rushes out from the gate of mad sword gate and reaches the sky. Countless sword Qi flows out of it. It's so powerful!

An old man in white slowly stepped out of the sky. It was the ancestor of the mad sword sect. He stepped slowly into the air and came to the crowd. He held his fist slightly and motioned to Ye Chen. He said with a smile, "little brother ye, even though the origin is damaged, the combat power is not ordinary!"

Brother ye?

In the past, it was called master Ye!

This old guy, can really depend on the situation, even the scale changes so quickly!

"The ancestor of crazy sword clan!"

"Since you are here, why don't you leave the other ten or so?"

"Do you think ye Chen is injured and unable to kill you?" Ye Chen's voice was flat, but he was full of extreme self-confidence. He almost looked down at the old man in white and said with a smile: "I came to the spirit city in the past, but I saw the ancestors of eight schools!"

"Why, the other five ancestors are not ready to meet today?"

"Or will you come out when I kill your house myself?"

Chapter 1310

Whoosh!!

Whoosh!!

A column of light rises from the sky, vaguely against the thunder!

Each light column represents an ancestor who has entered the nine layers of heaven. Soon, twelve ancestors came out of nowhere, just like the fairy in Chinese legend. They didn't have any murderous spirit!

Obviously, the plans of all factions and schools have failed!

Ye Chen uses another card to break out the breath of nine layers of heaven. If it is not exhausted, it will destroy all schools and families! These ancestors couldn't afford to gamble, so they came out to play!

They feel Ye Chen injured, but they didn't expect Ye Chen to have so many cards and combat power!

Completely made a decision, ye Chen, can't provoke again!

Otherwise, it is not certain whether ye Chen can be abandoned or not. I'm afraid that all schools and families in Lingcheng will fall down completely. When Kunlun Xu's people attack, it will be completely finished.

"Little brother ye, you are still so impatient!"

"Brother ye, since we have come to the spirit City, we will naturally take care of your injury!"

"But your previous killing was a little heavy!"

Several ancestors spoke.

Soon, the twelve ancestors came to Ye Chen and others. All of the seven groups of ancestors were the peak of the nine layers of heaven in the spirit state. The other five ancestors were the first to enter the nine layers of heaven. They did not have the nine grade immortal tools. It seems that they are weaker than the former shameless villain Li Jiawei!

, "killing is not heavy. I has the final say."

"Each faction set up a challenge arena, but they also want to make some profits here, so as to make friends with the blood spirit clan?"

"Since you want to be slaves and want to calculate me, why can't you help coming out now?"

Ye Chen's demonic aura erupted, and a suit of armor appeared on his chest, and dozens of magic lights appeared. Dozens of demonized immortal weapons were flying out of his body, lingering around him. He could have a fatal blow anytime and anywhere, and even his body breath was climbing up!

As soon as there's a war!

Ye Chen was confident and immediately killed several ancestors who had just entered the nine layers of heaven.

This is the power of the devil's eye in his brow!

Terror to the extreme!

It's a pity that the devil's eye is rare!

The mysterious voice flickered!

Ye Chen can't control it at all!

Not to mention the devil's eye is his card!

"Little brother Ye is joking

"In such a situation, our plan has come to light."

On behalf of the other twelve ancestors, Kuangdaomen came forward to narrate: "we also know the plan of Ye Xiaobrother. We want us to harass the people of Kunlun Xu. We are also here to tell Ye Xiaobrother that we will not deal with anyone in Kunlun Xu in a year from now on!"

"How?"

"Not so much!"

Ye Chen's lips outlined a smile and said, "Dan Miesheng and other three people are my subordinates. Since then, they have been stationed in the spirit city."

He looked at the three men and said, "remember, garrison in the spirit city. Anyone who wants to enter Kunlun void can be killed, no matter how high or low their cultivation is, or even if they are your ancestors."

"In ten years, I will lift the seal for you!"

"And once someone kills you, I'll sense it!" His eyes fell on the thirteen ancestors and said with a smile, "I will come back and destroy the thirteen great forces."

Put people in the spirit city!

And the status of these three people is not low, can compete with the strength of part of the spirit city!

However, ye Chen is not a person who can resist the thirteen major forces. Ye Chenzai is their biggest card. They can interact with each other to ensure that the spirit city has no time to take care of Kunlun Xu in a few years!

"Yes, master!"

"We will certainly not let people from the spirit city enter Kunlun void!"

"Just!" Dan miesheng's eyes flashed a trace of worry and said, "but if there are other forces, such as the blood spirit clan from Lingwu mainland, or other clan families, we may not be able to resist it!"

"Well, you don't have to worry!"

Ye Chen looked at the thirteen ancestors and said with a smile, "you 13 people, you can help me block. If you don't stop me, I will be the first to take the spirit city to vent my anger! "

"Hum!"

"Little brother ye, you have a big voice!"

"Cruel enough!"

Even though they were displeased, they did not do it!

When they saw Ye Chen's outbreak of shenwangjing's combat power, they could not have done so without absolute details and assurance!

In this way, ye Chen's benevolence and authority can also stabilize the spirit city!

The ancestor of xuetianmen walked out slowly. With a wave of his left hand, dozens of lights converged into Ye Chen's palm and said, "these are the compensation given to you by all schools in my spirit city. You can go back and heal your wounds."

"I'll wait, I won't stir your mind again!"

"It's not that you can't wait, but if you dare, I'll kill you!" Ye Chen's immortal tools, turn around and leave! He could feel the power of the devil's eye vanishing!

Even a sense of exhaustion poured in.

If found by these old monsters, he may not be able to leave!

Now, save Xiao Huang and Xuelong!

This trip to Lingcheng greatly weakens the strength of Lingcheng!

At the same time, he also got 15 pieces of medium-sized immortal utensils, which can also show the strength of Kunlun Xu. As for Dan miesheng and others, they are all high-ranking people in the spirit city. To kill them, the spirit city is not willing to kill them, and they may not really kill the people in the spirit city. As long as the time goes on, Kunlun Xu will become stronger and stronger, and they will be all right.

Ye Chen returned to the Guangming hall and threw some of the immortal utensils that the lingzu got to Han Yun. At the same time, he asked ye Lingtian: "Lingtian, how is the situation of refining utensils pavilion? At the same time, what about the alchemy pavilion? "

Ye Lingtian clasped his fist and said cautiously, "master of the hall, I have received five disciples who are specially responsible for refining weapons! As for me and the vice cabinet leader, we can barely refine the semi immortal utensils! "

At the moment, ye Lingtian takes a lot of elixir, and his cultivation has been promoted to the Ninth Heaven of emperor Zun state!

As long as he enters the realm of God, he can refine the immortal utensils!

"Master of the temple!"

"I refine Dan Pavilion, can refine a product of elixir, contribute to the perfection of the road!"

Lingyidan Zun holds his fist and tells us that he was promoted to a level of ecstasy before the last war.

Since Lingyi danzun and Baiwu danzun can refine prototype pills, the strength of a large number of emperor Zun powerful people has increased rapidly!

Many of them are over 1000 years old. They have enough information, but they can't perfect the prototype of the road. Once they get the prototype pill, they will rise rapidly. Almost one prototype pill can make them break a realm. Some people even break through two or three realms in succession!

There were two or three people who were promoted to the state of God yesterday!

The strength of Kunlun Xu is also growing rapidly. Han Yun takes charge of various matters and takes time to practice. His combat power has increased a lot.

Eight forces such as xingjianmen entered Kunlun void and brought a large number of immortal tools and elixirs, which helped Kunlun Xu a lot.

Although there are so many pills, these pills can't help Ye Chen break through.
