

Physician 1321

Chapter 1321

"Here it is!"

"It's a thousand miles away, I guess."

"There should be many sects stationed." Ye Chen murmured as he entered the city. Walking on the street, he saw all kinds of school disciples, some in blue robes, some in gold robes, and some in black and white robes. But they all have one thing in common. They are embroidered with their own school logo. Some are a small sword, some are tiger heads, and some are human figures. All kinds of them are found.

"Just two blocks!"

"I saw more than ten kinds of clothes of different sects!"

"Every kind of clothes, at least, is a nine grade spirit weapon, and some are even half immortals, local tyrants!"

Ye Chen is not enough to vomit trough, these sects are too rich, the clothes that ordinary make complaints about are actually semi fairy devices.

This scene is like the first time I entered Kunlun Xu. Everything in Kunlun Xu is a treasure in China, and everything here is also a treasure!

"Find a place to clean up the booty first!"

"Find out more about the situation!"

Ye Chen whispered a few words. He was a guy with seven layers of emperor's respect. No one paid any attention to him. Dozens of people were in the spirit state at random on the street, which was quite inconspicuous.

Soon, he gradually came to the center of the city. In a huge open square, several strong men were suspended in the air, as if they were telling something.

Ye Chen fixed his eyes and saw eight of them. Each of them was a strong one in the divine kingdom. He was surrounded by people of various colors. It seemed that he was waiting for the eight king states to announce something.

Among the eight, an old man in royal clothes came from jindaomen.

He stroked his white beard and said with a smile, "listen to the people of tianlingcheng. This time, the hundred heaven earth big match will be held in Wanshan Valley at the junction of Guling city and Tianling city."

"It is jointly held by the hundred masters of heaven and earth."

"In the past, the four schools led by jindaomen, wuwuwusi, Feihe temple and zilinzhong led the other schools to hold the Dabi. But now, the four factions have jointly decided to open the Dabi to several cities around it!"

"Anyone who is in the realm of the king of God can participate as long as his life is not more than 3000 years old."

"Tomorrow, you can sign up at the South Gate of Tianling city. I believe that you will also cherish this opportunity. Every time, the top two thousand martial artists and the one hundred grand ratio of heaven and earth can enter the site of the Golden Buddha Tantra and get treasures!"

As soon as these words came out, hundreds of thousands of martial arts people around immediately became excited!

Each look of joy, staring at the elder of the golden sword gate, cheering with joy!

Jinfo Tantong ruins!

Once upon a time, there were dozens of Hunyuan realm and nearly one hundred strongmen of Shenwang realm in this sect!

Once you get the chance to go in, you can find a lot of treasures in any place!

"Good chance!"

"This time, the hundred masters are willing to open up the site of the Golden Buddha Tantric sect. They are not afraid that their disciples will not be able to seize us?"

A young warrior on the edge said to himself with great joy: "the top two thousand, there must be tens of thousands of people who have signed up this time. With my fighting power, the top two thousand are sure!"

"Big brother, top 2000?"

"Such a large quantity?" Ye Chen was curious and asked, "can a clan site hold 2000 people?"

Ye Chen is naturally interested in the Golden Buddha Tantra!

Because there is a lot to do with the great power of the samsara cemetery!

"Hahaha, this little brother, it seems that he has just practiced for a long time, and he doesn't understand these things!" The young warrior explained with a smile: "the Golden Buddha Tantra is a medium sect. According to the division, the mountain gate is twice as large as the Tianling city."

"Do you know the population of Tianling city? How many people are there?"

"Ten million." Ye Chen thought for a moment and gave such a suitable answer.

The young warrior shook his head with a smile, raised his fingers, and said with a smile: "the population of Tianling city is only eight million, but ninety nine percent of them are civilians, but they are all emperor Zun territory and hundred schools of thought. Let's join in the free practice. I'm afraid there are twenty or thirty thousand people who have signed up in Tianling City alone."

At least three cities have been built around

"It's not even a sect or a family disciple."

"Oh, these sects and disciples are very strong?"

"A lot of them?" Ye Chen asked, these news is he urgently need to know, see today's war, he probably guessed, Lingwu mainland's sect disciples and Kunlun Xu, there is a great difference between the distance!

Some of the disciples of Kunlun Xu's sect are from China and some of them are from China!

Strictly speaking, Kunlun Xu is based on China, with a small population base!

But Lingwu is not the same. The land alone is tens of times of China, and the number of people is certainly dozens of times that of the earth. There are so many kinds of resources. For example, the high-end strong people in Kunlun, such as Shenjing, are stronger than ordinary people in Lingwu. They will certainly be cultivated in a large number, but I don't know the specific number."Yo, little brother!"

"You came out of the village near the city, I don't know!"

With a slight smile, the young man explained, "the sect depends on what kind of sect it is. Although there are hundreds of sects in the territory where heaven and earth kill, most of them are inferior sects.

Only the four major sects, such as jindaomen, vacuum temple, flying crane hall and Zilin sect, are medium sects! "

"Although there are more than ninety lower sects, they are all sects where some strong people in the Hunyuan area are in charge!"

"Although it is not as powerful as the Golden Buddha Tantra, the disciples of the sect, the emperor Zunjing, are the laborers, the junior high school students are the outer disciples, and the later stage to the peak of the spiritual realm are the inner disciples. After all, there are almost five or six hundred outer disciples in any lower sect. There are more than one thousand disciples in the outer sect and hundreds in the inner sect!"

Five or six hundred people in the state of God?

In the later stage of entering the state of mind?

Hearing this data, ye Chen's heart leaps and understands his own insignificance. No wonder the people in Lingwu City dare not come to Lingwu land alone. They all think about the whole family or sect and move here!

Together with the eight schools and five schools in Lingcheng, the thirteen major forces add up to the number of disciples in a lower sect.

It's no wonder that there were hundreds of jinyinmen disciples fighting with each other just now.

In Ye Chen's opinion, these two sects are already very strong. They think they are also superior sects. However, they can only mix with the middle class here.

"Little brother, I don't think you understand anything!"

"But there is a strong evil spirit on him. I'm afraid I just escaped from death."

The young warrior said with a smile, "can you make a friend? My name is Wang Yan. I think you will also participate in the hundred great competitions of heaven and earth. It's good to take care of each other!"

Chapter 1322

"Hello, my name is ye Shitian!"

"Brother Wang Yan, thank you for your care!"

Ye Chen doesn't really make friends. After all, when he meets on the street, the other party is still a strong man in seven layers of spiritual state. Who knows if he really wants to make friends, or what he wants to do? He doesn't trust the bottom of his power and doesn't reveal his real name. Let's see the situation!

Ye Shitian is not a secret in Kunlun.

But in Lingwu, I'm afraid few people know.

Even if the blood spirit clan and the Blood Sword clan pursue and kill themselves, they must be ye Chen.

As for ye Shitian, I'm afraid it has long been ignored.

More importantly, he also heard the names of some people in Lingwu.

It seems that there is also the existence of Ye Jingtian.

"Ye Shitian? That's a good name for you Wang Yan Mou son tiny MI, smile way.

.....

At this time, the enthusiasm of the masses was a little weak.

The elder of the golden sword gate continued: "this time, there will be a hundred great competitions between heaven and earth, which will be held in three days. The first is the challenge arena."

"Then, the top 2000 people can enter the land of the Golden Buddha Tantra!"

"It's just that people who are not members of our hundred schools need to give us an eight grade immortal utensil as a gift after coming out of the land of the Golden Buddha Tantra."

"Well, you will register on purpose. Once upon entering the land of the Golden Buddha Tantra, many young martial artists went from the middle stage of entering the state of mind to the kingdom of God overnight. There were also cases when they entered the peak of the kingdom of God one day from the nine levels of heaven in the spirit state."

"I also hope that you can make great progress in your cultivation and come to our hundred schools and become a Dharma protector elder. You will be treated well."

After saying that, the elder of jindaomen and the other seven elders left in the sky, stepping on the high ground, and faintly heard waves, which made many of the martial arts people in the spirit state pale.

Ye Chen burst out the power of Qi and blood, blocking the pressure, whispered: "not yet started, will give us the horse power?"

"Brother ye, be careful

"This is the jinkuang elder of jindaomen. There is the peak of the nine layers heaven in the divine kingdom!"

"Do not slander the elder, or you will be killed if you are heard!"

Wang Yan's face was pale, and he had no resistance. He was under pressure with his golden body. "You can sign up in the future. The competition will be held in three days. I think I will have a chance to enter the realm of God. There should be a place for ye xiaobrother for the first two thousand lives by then."

Top 2000!

Even if 500 people are sent out according to one clan, that is 50000 people!

Plus a hundred thousand meditations.

There are 150000 people who have entered the spiritual realm to fight for 2000 places. It is estimated that there is no cultivation in the later stage of the spiritual realm. It is simply a delusion!

Ye Chen, however, didn't take it seriously and said: "the first two thousand are nothing. If you want to fight, you will fight for the first place."

It's just a state of mind!

No matter how many, they are just martial artists at the level of spiritual realm!

If we don't fight for the first goal of the competition, the blood sword is not the goal!

"What a big voice!"

"A mole ant from the lower world, I dare to think about it!"

On the edge, a armour warrior, holding a long sword to guard against the four sides, looked at Ye Chen from time to time, and said slightly: "it turns out that it's the humble thing from Kunlun Xu. You Kunlun Xu was only a middle martial arts level three or four thousand years ago!"

"Now, I'm afraid it has been reduced to a place of low military level and even mole ants!"

"It's ridiculous and ridiculous that a waste of emperor's dignity dares to claim that the number one of the hundred heaven and earth's great contests comes first."

Ye Chen left Kunlun Xu not long ago, and his body naturally still filled with a trace of Kunlun Xu unique breath.

It also makes it easy to detect.

This armor warrior, wearing a special Cape, looks like a law enforcement team in the city. He has the cultivation of seven layers of heaven in the spirit realm, but the armor and cloak on his body are eight grade immortal tools, which is very unusual!

Wang Yan see the situation is not right, quickly pull Ye Chen, ready to leave.

"Brother ye, we'd better find a place to have a rest. Don't argue with others about words."

It's not that Wang Yan is not optimistic about ye Chen.

But the situation is obvious.

Ye Chen is not qualified to resist!

Ye Chen does not want to cause trouble, ready to turn around to leave, but did not expect a big hand directly patted on his shoulder!

The pressure is even more shrouded.

He Mou son a congeals, Yu Guang is to discover the hand is just that insult oneself of the man.

At the moment, the other party is looking at Ye Chen from a commanding position, reaches out his hand, points to his crotch, and laughs: "did I let you go?"

"For people like you, you can leave."

"But it has to get through the crotch!"

As soon as the words came out, the crowd burst into laughter.

Obviously, I'm ready to see a good play.

Ye Chen Mou son flash a kill meaning instantly. He did not expect that the breath of Kunlun emptiness had become an obstacle to him.

It seems that Lingwu mainland really depends on blood and identity!

In the eyes of Lingwu mainland people, Kunlun Xu is doomed to be bullied!

Ye Chen shoulder a shake, instantly broke free of each other's arm, but also turned around, did not give in, in the eyes of the people slowly walked to this person, smile: "since you say I am a waste, come, you and I fight, see who is the waste!"

"You

"Well, if you have the ability to go to the challenge arena!"

"If you dare to do something in other parts of the city, you will violate the regulations. I will shoot you directly according to the law."

The armor warrior looks cold, still dismissive!

He is one of the many law enforcement team leaders in Tianling city. Luo Shuyuan is also in charge of a team of hundreds of people in the spirit state. His position and role are similar to those of urban management in China. After all, he can't really enforce the law!

"Good!"

"Brother Wang Yan, where is the life and death arena?" Ye Chen asked.

However, at this time, several flustered figures ran to Luo Shuyuan. One of them said nervously: "Captain Luo, there is someone selling pills in the east gate. We are not rivals, you..."

"I'll be right there!" When Luo Shuyuan was about to leave, his eyes were gloomy and he said, "you are a poor bastard. I'll give you another night. I'll see you in the life and death arena tomorrow morning."

"Of course, if you change your mind, you are always welcome in my crotch, ha ha!"

After Luo Shuyuan finished speaking, he directly took his own people and prepared to check out the warrior who sold pills without authorization.

Ye Chen saw this scene, but shook his head.

He didn't want to cause trouble.

But now it seems that he has no choice.

Life and death arena?

Luo Shuyuan is too confident.

Unfortunately, blind self-confidence is the beginning of the nightmare.

On the edge, Wang Yan saw Luo Shuyuan leave, but he was worried and said, "brother ye, are you crazy? Why should you agree! This is a member of the law enforcement team

"The law enforcement team is subordinate to Zhou Xiaowei. It's a strong man at the top of the mental state."

"Life and death arena, if you kill him, you may get his revenge. Forget it, don't go!"

"The shame of the crotch is nothing! As long as you live, you are the king

Ye Chen smiles, but pats Wang Yan on the shoulder: "the dragon has inverse scales, the wolf has dark thorns. Those who peep are angry, those who touch them die. "

"Besides, I have no fear in ye Shitian's dictionary!"

Chapter 1323

Listen to this, the people on the edge can't help laughing, looking at Ye Chen's appearance, just like looking at an idiot!

Law enforcement teams are nothing in Lingwu.

However, no one dares to underestimate the strength of the law enforcement team from the low military level.

What's more, ye Chen is still an emperor!

There are thousands of law enforcement teams in a huge city, many of them are at the top of the mental state, and even the king of God is in charge!

Unless you are a strong king, you will be punished if you dare to kill, not to mention clamoring for holding the Dharma team!

This despicable guy from the lower world is probably the most powerful in his small place.

I don't know it's here!

He's not even as good as the bottom!

This boy simply does not know the height of heaven and earth, waiting to be killed by Captain Luo Shuyuan!

None of the people around him is optimistic about ye Chen, and Wang Yan is speechless!

Soon, ye Chen said, "brother Wang, I'll find an inn to live in. Tomorrow I'll finish Luo Shuyuan, and we'll sign up together."

"All right, all right!" Wang Yan took out a special token, handed it to Ye Chen, and said, "tomorrow you are still alive, so you can contact me again!"

Such attitude, so action!

Obviously, Wang Yan thinks that ye Chen may not live tomorrow morning!

Ten lives are not enough to offend the law enforcement team!

This little brother ye, it seems to be a pity.

Ye Chen also did not explain, took the token through the crowd, and from a distance saw a man who had been in a state of mind for three layers of heaven in Luo Shuyuan's crotch, which was extremely miserable.

Luo Shuyuan and the people around him are laughing, eyes full of fun.

It seems that Luo Shuyuan likes the feeling of a strong man getting into his crotch.

This is his authority as a law enforcer.

It is a pity that most people in Lingwu choose to compromise in the face of this authority.

This also created Luo Shuyuan's arrogance today.

He Ye Chen does not belong to the land of Lingwu.

He is only a passer-by here after all.

The goal of his coming here is very simple, to find out the secret behind the reincarnation cemetery, to rescue the hundred great powers, to strengthen himself, and to save Xia Ruoxue and Ji Siqing.

As for other people's life and death, he will not care.

When ye Chen is ready to leave, there is a scream in his ear.

He turned his head and found that the man who had penetrated into Luo Shuyuan's crotch had died under Luo Shuyuan's sword.

Ye Chen's eyes are full of anger.

I'm afraid that if I compromise today, it will also be the end of it.

Ye Chen looked at the cold corpse and ferocious and painful eyes, and said to himself, "although I don't know you, tomorrow, I will avenge you."

The cruelty of Lingwu mainland is realized by Ye Chen on the first day.

He came to the Inn and opened a guest room with a training room. Through the window of the corridor, he looked at the law enforcers on the street. Each of them wore armor and bullied the market. Gradually, he said to himself: "tomorrow's war, today we have to practice the soul destroying demon gun!"

"If you want to kill the law enforcers tomorrow, you can't break through the defense without two or three pieces of divine weapons!"

"As for the hundred and fifty thousand martial arts, it is estimated that I will be able to enter the nine layers of heaven and earth before I enter the land of Golden Buddha Tantra."

Ye Chen pushes open the door to go in, then feels innumerable aura is full of.

He closed the door and said to himself, "when the time comes, you should find a powerful king's tool in the Golden Buddha Tantra. At least you should have nine grades of divine king's ware. If you can find the Hunyuan immortal weapon, it will be better."

Other people's emperors revered the nine layers of heaven, and they used semi immortal tools to break through. At most, one or two kinds of immortal utensils, sects and families, were not strong enough to use four or five kinds of immortal utensils to break through. Ye Chen wanted to use the divine king's tools to break through, which can be said to be extravagant and boundless!

King of God!

That's nine layers of heaven in the spirit state. It's only used to break through the realm!

I didn't see the thirteen ancestors of the spirit city. I didn't have a king's utensil. I don't know how many years I've been stuck in the nine layers of heaven!

"It's time to clean up the booty, too!"

Ye Chen was ecstatic and took out more than a dozen rings of heaven and earth, and entered the training room, counting the rings one by one.

He opened an orange ring of heaven and earth. According to the grade, the ring was almost the level of three grade immortal utensils, which was far higher than the spirit level Qiankun ring commonly used in Kunlun Xuping. "I've made a lot of money. There are hundreds of one or two grade heaven and earth rings in it!"

There are hundreds of first and second grade Qiankun rings in a third grade Qiankun ring.

It seems that the heaven and earth rings are standard for both sects and family disciples.

In the past, ye Chen killed the blood spirit clan, and even the people in the spirit City, but they didn't get too much treasure. But now it's different. Only these ten three grade heaven and earth rings can pack and buy the whole spirit city of Kunlun! Especially in the early stage of entering the spirit realm, there are many immortal utensils!

After a while, ye Chen spent about five hours ordering the treasures in the heaven and earth rings. He said to himself, "there are thousands of nine grade immortal utensils, 327 lower grade immortal utensils, 170 medium grade immortal wares and 29 top-grade immortal wares."

"There are 17 pieces of top-quality immortal utensils and 8 pieces of semi divine king tools. There are no divine king tools, but there are all kinds of immortal tools for defense, escape, attack and frighten the soul and spirit!"

"Among them, there are many immortal utensils that have been broken, but I have become a huge fortune by this stroke. What's more, there are hundreds of thousands of special spirit stones, all kinds of weapons, pills and so on!"

I can even think about the dark branch in the heart of Wu Temple

"It's a good harvest this time, but I didn't expect that there were still some spirit tools, but the grade seemed too low to be of any use to me. I just lost them."

Ye Chen just intends to deal with some spirit tools. The next second, a cold voice comes out from ye Chen's mind!

From the samsara cemetery!

Forging God King!

"Boy, the spirit weapon is dispensable to them, but it can detonate and kill the enemy!"

"Have you forgotten what I first said to you?"

"No matter whether there are immortal weapons or spirit weapons, or even Shenwang weapons, Hunyuan immortal weapons, Hedao immortal weapons and so on, as long as the weapons with the spirit can control their self explosion. These spirit weapons are of the same grade. After controlling the self explosion, a nine grade spirit weapon will be enough to hurt a warrior in the early stage of spiritual state."

"If you encounter the enemy in the future, you can directly detonate the immortal weapon to kill the enemy!"

"I'm going to pass you a skill. It's a recipe for using weapons to explode themselves. It's called" thousand soldiers exploding "!"

"This method can't be used in Kunlun, but in Lingwu land! Ha ha, I tell you! As long as you have enough weapons, you can be invincible

"I'm afraid some ancestors in the land of Lingwu are still in my fear of using a thousand weapons that day!"

Chapter 1324

"A thousand soldiers explode?"

"A thousand weapons explode together?"

Ye Chen heard the words of forging the God King, and his heart set off a storm.

Although he had not seen the scene, it was terrible to think about it!

It's just the behavior of a madman!

It may even be as powerful as a destructive weapon.

Ye Chen thought: "there are more than 300 pieces of incomplete immortal tools here, and there are more spiritual weapons. I can't sell them for any money. There are two pieces of incomplete semi divine king's tools. If they can be detonated together, it will be good if they can be used as Assassin's Mace."

Trigger the weapon to explode!

In particular, it's not easy to make immortal utensils or even semi divine king's wares!

Didn't you see 500 disciples fighting each other, but did you leave more than 500 immortal artifacts?

That's because if you want to control weapons, you need to gather the power of your soul and leave a brand in the weapons, so that you can completely control the weapons, including Ye Chen's Zhushen sword and soul destroying magic spear!

Once Zhushen sword or soul killing magic gun is broken, ye Chen will be bitten and injured!

The same weapon without a mark can't be detonated at all. At most, it can only be used as a general weapon. It's almost dispensable. It's just some powerful stones. If the master's thousand soldiers explode, they can detonate without immortal weapons. That would be great!

This is definitely a big killer!

"A thousand soldiers explode!"

"It contains the method of cutting the soul!"

"Cut out some of the power of your soul, as a brand on the immortal utensil, so that once the immortal tool explodes, you will not be attacked by reverse!" The forging God continued: "the common weapon training methods are based on the power of their own soul. After making the brand, there is a connection between the weapon and you!"

"But if you use a thousand soldiers, you won't!"

"In any case, the mind body of Ben Jun has not existed for a long time! I'll teach you everything

Forging God King is the weakest one among several kinds of mind body.

Before the outbreak of full strength, naturally not too long.

At the moment, the forging God King's finger pinches the Jue, the whole body is suffused with the light like the starry sky.

Very bright.

Point it out!

Point on Ye Chen's eyebrows.

Almost instantaneously, a powerful stream of information dashed into Ye Chen's mind.

Ye Chen's head seems to burst general, uncomfortable to the extreme.

These information flows, not only a thousand weapons explosion, but also countless weapon refining methods!

Even a large part of the content, ye Chen is not qualified to touch!

Ye Chen raised his head difficultly and looked at the forging God King who was more and more weak, but still felt a little uncomfortable in his heart.

The forging of the God King was a smile, which was quite liberating.

"Boy, I still like the killing in your eyes, not the tenderness at the moment."

"Besides, we are not different."

"I'm sure it won't be long before you meet my Ben Jian."

"My noumenon, though imprisoned and bound, still exists."

"Also, next time we meet, maybe you have already stepped on the top of martial arts."

"I don't want to talk much nonsense. I hope you will remember that you are the hope of our hundred people."

"It is the supreme tomb owner who controls the reincarnation cemetery!"

Language down, the figure of forging God King is more and more weak.

The samsara cemetery is a little lonely.

"By the way, I have nothing to give you. Before I disappear, I'll practice your two weapons."

In the next second, he forged the divine king's finger and Jue, and directly arranged the weapon refining array. He took over the killing sword and the soul destroying magic spear, and got six semi divine king weapons and 17 top-notch immortal weapons from Ye Chen. Only these weapons can be integrated into Ye Chen's weapons.

As for other top, middle and bottom products, it's useless to integrate them.

It's better to leave Ye Chen as a thousand soldiers.

Ye Chen adjusts his mood and sits cross legged.

He began to try to cultivate the power of his soul, which was hidden in the thousand pieces of nine grade spirit tools and one hundred pieces of lower level immortal tools. Fortunately, his soul power was so powerful that he had been able to cultivate the soul power of nine turns of soul, which was more powerful than that of the second layer of heaven in the realm of God of beauty.

Otherwise, it's not enough to cut so much.

"Hoo Hoo Hoo!"

"Hoo Hoo!"

Three hours later, ye Chen's face turned pale. He took dozens of pills to restore the power of the soul. The consumed power of soul was replenished! This kind of exorbitant elixir for healing the soul is like sugar beans here in Ye Chen.

No way, his harvest this time is equivalent to robbing 500 strong people in the spiritual realm!

The ordinary king of God is not rich, can be said to be very rich!

Soon, two shenwangqi flew out of the refining furnace and fell into Ye Chen's hands. They were the six grade divine king's killing sword and the second grade Shenwang's soul destroying magic spear. Zhushenjian is promoted to two levels!

The spirit killing magic weapon is directly promoted from the nine grade immortal weapon to the second grade divine king weapon!

Each of the two weapons is shining brilliantly, which makes Ye Chen feel that the aura inside is more than several times stronger. It can even break the first-order physical body of the virtual body stage. Even if facing the strong one in the divine Kingdom, it can also break the defense of the other party!

"All right, disciple!"

"I can only accompany you to this place!"

"At your speed, it won't be long before the Hunyuan realm can be expected!"

"When the time comes, you will be qualified to fight against that force only if you are promoted to Hedao realm again!"

The tone of forging God King has been very weak, and the next moment directly turned into a luster and gave the last strength to Ye Chen!

Ye Chen's breath soars, the immortal sword technique is improved by 60%, and really enters the eight layers heaven of emperor Zun!

"Master!"

"Thank you very much. I will help you out soon."

Ye Chen bowed and clasped his fist to the southwest. Then he raised his head. His eyes were clear. He clenched his fist and said, "Blood Sword gate, I will definitely go there!"

"Rather than let you attack Kunlun Xu, I will defend again!"

"Why don't I attack your blood sword gate directly, so that all of you can't go to kunlunxu!"

At this time, ye Chen's side is more than a figure.

It's the ice sword immortal statue of Lingwu continent!

"Boy!"

"Remind me

The ice sword immortal zunsi cableway: "I feel that there are three stone tablets in the samsara cemetery, which have been loosened, and the power of Taoism and Buddhism overflows inside!"

"The masters of these Buddhist texts don't belong to Kunlun Xu. They are extremely mysterious."

"It should be from the place of Buddhism Tantra. You must get the quota to go to the place of Golden Buddha Tantra this time. In this way, the reincarnation cemetery is likely to wake up several Golden Buddha powers. If I am not wrong, it is one of the eighteen golden Buddhas of the Golden Buddha Tantra that has been lost."

"Their real bodies disappeared. Everyone thought they had fallen. Now it seems that things are not so simple!"

"There's definitely something wrong with the Golden Buddha Tantric place!"

Chapter 1325

"Even the secrets hidden in it are very likely to have a lot to do with the samsara cemetery."

"Of course, some words are too early. Lingwu mainland is different from Kunlun Xu. It is very difficult for you to stand out from so many strong people."

Ye Chen took a look at the ice sword immortal Zun and twisted his eyebrows into a character of Chuan.

He could feel that there was a big hand behind the samsara cemetery to push everything forward.

From Huaxia to Kunlun Xu, to now Lingwu continent, the reincarnation cemetery, the Bureau set by my grandfather, the mysterious old man.

It's like it's everything.

He can't control it. He has to go step by step.

Ye Chen took a deep breath and left the samsara cemetery. Looking at the day outside, the appointed period was coming.

Go straight to the South Gate of Tianling City, sign up first, or you may work with the law enforcement team later. You may not have time to sign up!

It's just light. It's about six o'clock in the morning!

The number of people in the South Gate of Tianling city is small, but there are already several strong men in the early stage of the God King's tool state. They are sitting in the post house. Outside the post house, there is a flag, which says, "where to sign up for a hundred heaven and earth dues!"

"The whole has a model and a style!"

"150000 people will participate. I want to see if I can meet some people who can make me do my best!"

Ye Chen said to himself, with his fighting power, he can fight in the later stage of entering the divine realm. In the Dabi who only entered the nine layers of the divine realm to participate in the war, there are really not many people who can resist him!

When he came to the post house, he held his fist and said, "master, I'm going to participate in the hundred heaven and earth duels!"

"You?"

"Are you sure?" The Dharma protector looked up at Ye Chen, shook his head and said, "it's better not to die!"

"I don't need to worry about it. I just want to sign up!"

Ye Chen took out his identity card, handed it to the Dharma protector, and said, "my name is Ye Jingtian. I come from From the village near Tianling city

He thought that ye Chen's identity had been exposed, which would inevitably attract the attention of the blood spirit clan.

If the blood spirit clan doesn't attack kunlunxu, it doesn't mean they won't kill themselves!

If you send to protect the Dharma in the kingdom of God, it's nothing!

It is not easy to solve the problem if you send the Hunyuan realm or even the Hedao realm. You can simply use the word ye Shitian in Kunlun to save some trouble!

"Good!"

"Ye Shitian, the name is OK!"

"The eight layers of heaven in the emperor's honor come from remote villages?" The Dharma protector thought slightly and said, "how do I feel that your breath comes from a low level of martial arts?"

"Generally, people with low military level will have a special brand in their breath! It's extremely easy to detect. "

"It's also the best way to distinguish between Lingwu and other waste level talents."

"It's not good for you to lie like that."

"Humble people should have humble consciousness, and do not climb the high branches of Lingwu land."

Ye Chen forgot about his breath and said with a smile: "I come from a place called Kunlun XuLing City, and I am in charge of the space transmission array! I stepped in by accident and wanted to seek some chance. "

"Oh, that place!"

"People come every few decades, but a lot of them die."

The Dharma protector looked at Ye Chen in surprise and said mildly, "it's not easy to practice. Don't come and die! You are too weak, and you are a person with low level of martial arts. We in Lingwu mainland, regardless of our family disciples or casual practitioners, look down on people with low level of martial arts! "

He did not directly insult Ye Chen, but his words and deeds were somewhat contemptuous.

It's like Kunlun Xu looks down on Chinese martial arts.

It's a fundamental difference.

"Hello, I still choose to sign up!"

"Who can prove that the emperor can't sign up for the eighth floor of the emperor's realm!"

Ye Chen step out, breath burst.

However, the icy fighting spirit made the Dharma protector's face change greatly.

For a moment, he was killed.

How could it be!

Was he threatened by a mole ant in the emperor's honor?

The key is that the mole ant still comes from that kind of unbearable small place!

Kunlun deficiency?

Unheard of!

And not qualified to be in his sight.

However, he was a little interested in Ye Chen and said with a smile:

"although the realm is in the realm of emperor's respect, the breath is comparable to the realm of spirit!"

"Good seedling, ye Shitian, right?"

The Dharma protector quickly recorded it, and gave Ye Chen a bronze sign, saying, "you are the 57000 registered person. Go to Wanshan valley after three days."

Ye Chen is a little fond of this dharma protector.

It seems that not everyone in the land of Lingwu is aggressive.

However! Just then, a few untimely voices rang out! A lowly bastard

"Would you like to sign up?"

Three or five martial arts practitioners walked in with pride on their faces. They were not young, and they looked fierce.

One of the women in a white dress said with a smile, "brother Chen Mingge, look, the humble things with low military level dare to sign up!"

"I see, 150000 people signed up this time!"

"It's estimated that half of the waste of the emperor's dignity comes to make up for it."

"Very likely!" The fat man on the edge put out his hand and stroked the woman's cheek and said with a smile, "hee, why don't you let me do it, beat this little bastard who doesn't know the height of heaven and earth, and kneel down to perform dog barking for you?"

"I'm one of the law enforcers now."

"My cousin, but the captain of law enforcement team Luo Shuyuan, even if I kill people, no one dares to move me!"

The woman who called Xi'er gave a kiss to Chen Ming and said with a smile, "I thought it was boring today, so it would be better!"

She raised her chin and looked at Ye Chen, as if in control of everything.

What's more, this guy from the low level has no background!

Kill him, what will the law enforcement team say?

"Luo Shuyuan?"

"It's just that before I could find him, you cousin came to the door first!"

Ye Chen looks at the five people in front of him, two in the early stage and three in the middle stage. They are all weak and can't do that!

Naturally, he was not afraid.

Those several people hear ye Chen's words, slightly a Zheng, immediately laugh.

"Are you still looking for Luo Shuyuan?"

"Do you know what Luo Shuyuan means here?"

"I feel insulted when these three words come out of your mouth!"

"Don't get on my knees

The next second, several pressure toward Ye Chen shrouded.

In their opinion, the pressure of their several spirits is enough to crush a boy in the emperor's realm!

It may even be obliterated!

The registered Dharma protector next to him stood up and wanted to say something, but his companion came over and pressed him down again.

"Just do what you want to do. Don't worry about it."

The Dharma protector took a deep look at Ye Chen, but he still didn't make a move.

The world of martial arts is so cruel.

If this little brother named ye Shitian knows how to endure, maybe today is another situation.

Chapter 1326

Now.

Countless pressure to Ye Chen, ye Chen mouth is outlined a smile.

Of course, he was in the realm of emperor's respect, but it was similar to the realm of entering into God.

He has a great state of bewilderment!

As for what these threats are!

The next second, ye Chen in full view of the public, step out!

"Vulnerable!"

Words fall, that countless shrouded pressure instantly dissipated!

At the same time, ye Chen's violent breath erupted like a blade!

Extremely strong!

Those few people feel wrong instantly!

Xi'er, the weakest in cultivation, is shocked to fly out under the eyes of panic!

Heavy hit on a stone pillar.

Die!

"Dare you

"I'm a law enforcer!"

"You dare to do something to me. Do you want to die?"

Chen Ming spurts out a mouthful of blood and looks at Ye Chen in horror!

I'm a law enforcement officer!

Don't you know what the law enforcers are?

You don't know the rules of the low level face bastards, ah, you dare to do it to me!

Chen Ming quickly took out a bamboo tube from his arms. When he pulled a long line, the bamboo tube reflected a firework to the sky. It burst out in the sky, and the alarm bell sounded around him. Although he was not lightly injured, he was fearless and said with a smile: "little bastard!"

"Laozi has detonated the law enforcement personnel to rescue the fireworks!"

"Right now, all the law enforcers will come around!"

"Now, I'll give you a chance to kneel on the ground and kowtow to me right now. I can consider making you live!"

"Otherwise, I will take your skin and cramp and avenge Xi'er!"

"Revenge?"

Ye Chen didn't think so. With five fingers, a blade on the ground flew directly into his hand.

He waves a knife force to chop and down, the powerful Dao Gang directly obliterates several other people, only remains Chen Ming!

The early stage of entering the state of mind!

In his hands, he can't even block his move!

Even if you are in the middle of the spiritual state, you can only block a few moves at most. What's more, it's a guy who doesn't even have top-grade immortal tools! If you are a sect disciple, if you are in the middle of the state of mind, you may even have a dozen moves with Ye Chen!

"You

"What are you going to do, I'll tell you!"

"If you dare to kill me, you will challenge all the law enforcers in spirit city!"

"As long as you stay in Tianling city for one day, you will face endless pursuit and killing!" Chen Ming is so frightened that he is paralyzed on the ground. Seeing that he has turned into flesh mud, he doesn't know how to be overbearing. His own people haven't come, so he doesn't dare to be overbearing!

What if this lengtouqing really killed himself?

This kind of emperor's dignity is rubbish here, but it is the most powerful in the low level!

"You don't!"

"You're killing me. I can let my cousin let you go!"

"Don't worry, I promise by my personality, I dare not revenge you!"

Chen Ming will shiver with fear.

He had no idea that he would meet a madman today!

A complete madman.

Ye Chen pulls out a chair and sits down directly beside Chen Ming. He doesn't rush to do it.

Today, this is his conflict with law enforcement.

It was solved together.

Chen Ming's eyes widened when he saw this scene!

He really did not understand, the law enforcement officials are coming, why the youth in front of him are still so fearless!

I don't know how long, a breath of instant influx.

Here comes the law enforcement!

Chen Ming breathed out his turbid breath, and his eyes turned from fear to coldness.

If it was Ye Chen's home court just now, it is undoubtedly Chen Ming's home court now!

"Boy, do you know what you're doing? It's a capital offense to kill a law enforcement officer!"

Ye Chen looked around, and there were law enforcers gathering around him. He raised Chen Ming, motioned to the public, and said with a smile, "law enforcers, what kind of bullshit law enforcers, kill at will. This is the law in your mouth? It's ridiculous

"Law enforcement, or you all enforce the law, no one can kill people!"

"Either don't enforce the law. If you can't do this, you're rubbish!"

"Today, I will kill a law enforcement officer in front of you to see how you can kill me!"

After that, his knife has reached Chen Ming's neck.

"No!"

"Ye Shitian, you little beast, stop

"Stop it!"

Several voices are coming!

Among them, there is Luo Shuyuan, Chen Ming's cousin. At the moment, Luo Shuyuan is so angry that he can't dare. How dare he, how dare he be! This is the land of Lingwu, not his low military level!

Do you really think he is still the overlord of low military level?

"Ye Shitian!"

"If you dare to kill my cousin!"

"I promise you won't get out of the city today!" Luo Shuyuan put the cruel words, constantly ran, and saw that he was about to come to Ye Chen!

"Oh, really?"

Crash ~ ~

a knife slides, and blood spills out!

Ye Chen killed a law enforcement officer in full view of the public.

It's not ye Chen who causes trouble, nor ye Chen's killing heart is too heavy.

But these days ye Chen in Lingwu mainland to see a scene, let him deeply understand!

In Lingwu land, compromise means burying yourself in the abyss!

And what he has to do now is face the power!

Law enforcement is his first step to break the gap in Lingwu mainland!

"Ye Shitian!"

"Beast, mean beast, dare you!"

"Ah, all the law enforcers obey orders. I, Luo Shuyuan, enforce the law. There are low-level and lowly bastards. The emperor respects the eight layers of heaven. They dare to kill the law enforcers in Tianling city without authorization. All the law enforcers come to kill ye Shitian!"

Luo Shuyuan offered a token, and the voice spread all over the city in an instant. Almost all the law enforcers heard this, and they were rushing to this side!

Ordinary people and soldiers can't help shaking when they hear this!

Wang Yan, who was still eating breakfast, suddenly trembled when he heard this, and all the dishes in his hands fell down. He was surprised and said, "this boy is too kind."

"I told him so clearly yesterday!"

"He dares to do so, don't you want to die?"

Madman! crazy!

He must be a madman. He treats law enforcement as nothing. He kills law enforcers in public!

This is a challenge to thousands of law enforcers in the city, tens of thousands of law enforcers of emperor's dignity. Ye Shitian is looking for death?

The key is that if you want to die, you don't have to look for it like this. I'm afraid people will beat them into powder. The bodies can't be left!

"Brother Wang, you said Ye Jingtian would fight Luo Shuyuan in a decisive battle!"

"What, we can't get through it yet?"

On the edge, two of them, who had the same meal, were in a state of trance, and asked blankly. Obviously, they also heard the voice!

One man provokes the city's law enforcers. It's too kind!

"Go, go, get some wool!"

"Run!" Wang Yan quickly got up, wiped his mouth, and quickly said: "yesterday I stood with him, he died, Luo Shuyuan will also anger me, today you two and I together, will also be angry, run!"

Chapter 1327

"Run to the ancient city to sign up!"

"This land can't be taken. Ye Shitian has made a big mistake!"

After saying that, Wang Yan left directly. He ran faster than the law enforcement officers who came here. We can see how much he cherished his life.

The other two looked at each other and ran to the north gate with Wang Yan.

Living is the key!

Whoosh! Whoosh!

Law enforcers are heading for the south gate.

Hundreds of thousands of people have come out to see the excitement and challenge the law enforcement officials. This is something that has not happened in hundreds of years!

In the past, when shenwangjing killed people, the law enforcers didn't care. They didn't dare to kill people in Shenwang state. What's more, we all want to see which lowly guy with low military level is so brave.

On the other side of the south gate, the three God kings protect the Dharma, but they all look at Ye Chen with interesting faces, and they don't mean to fight!

They are here to organize the registration, not to enforce the law.

At the beginning, the Dharma protector said with a smile, "the man with low military position is really brave!"

"Bai Yue, can you guess how long this boy can hold back?"

"Or can he be killed for a few minutes?" On the edge, a white robe protector asked!

Bai Yue is the Dharma protector who registered Ye Chen!

Bai Yue protected Dharma and shook her head helplessly: "about three minutes."

"I estimate two minutes!"

"I don't think it's going to last a minute. The emperor's eight layers of heaven are too weak. If it's not possible to cross the level, one of them will be killed face to face!"

The other two Dharma protectors are not optimistic about ye Chen at all. In their opinion, ye Chen is looking for death!

And I don't know the height of heaven and earth, it's just death!

The choice of death without life!

"Kunlun Xu, who is coming this time!"

"It's so arrogant that I have to die this time!" One of the Dharma protectors named lanyue said with a scornful smile: "this kind of lowly and inferior martial arts person, I don't know how to think about it. How could they even want to die like this? Strange

While the Three Dharma protectors were chatting, Luo Shuyuan had come to Ye Chen's body!

Luo Shuyuan fought with Ye Chen himself, and his cultivation of the seven layers of heaven was powerful in the heavenly spirit city!

Otherwise, he would not be the captain of the law enforcement team. In addition, his relatives were killed by Ye Chen. At the moment, he was filled with grief and indignation. Holding a Hunyuan stick, he attacked Ye Chen with all his strength. The stick in his hand was also a seven grade immortal weapon, which was incomparable in power and shocked nobody around!

Bang bang bang!

Bang bang!

Dozens of bursts came out one after another, and the aftershocks shook the surrounding areas.

Ye Chen holds a long sword with eight grade immortal tools. At the moment, the soul destroying magic gun and the sword of killing gods are also regarded as his secret magic weapons. To deal with such wastes in front of you, you don't need to use divine weapons!

"Ye Shitian, you brute

"Today, I will shoot you here to show the law enforcement power of Tianling city."

Luo Shuyuan leaped into the clear sky and held the Hunyuan stick in both hands. The stick's body flashed a variety of dazzling lights and turned into a virtual shadow of a fierce tiger, which mobilized the power of his blood. Suddenly, the tiger was integrated into the Hunyuan staff, and one stick was forced to chop down and collided with the long knife, which sparked countless sparks.

Ye Chen dances the long sword, displays one kind of knife technique, fights!

Around quickly surrounded by a law enforcement officers, the two people fight to surround the ground.

Gradually, hundreds of law enforcers have come. Most of them are in the early stage of entering the state of mind, and even some of them are at the peak of emperor Zun's realm. Among them, the strongest are just two small captains who have been immersed in the spirit state for seven days. It seems that Mo's position is similar to that of Luo Shuyuan.

Whoa!!

Whoa!!

Road shining, flying out, such as cherry floating snow!

At this time, a burly man came slowly, with petals flying all over his body. His appearance was very impressive, just like a god of flowers, overflowing with the fragrance of flowers penetrating the tip of a pen.

This man is not so young, but he has a hundred years old. However, according to the age of a warrior, he is just a teenager.

He slowly walked out of the battle circle, staring at the fight between Luo Shuyuan and ye Chen, and quietly ordered: "Luo Shuyuan, kill this mean and inferior thing. Don't delay any more, or any lowly generation in the future will dare to follow his example!"

This person is the South Gate of Tianling City, the law enforcement officer, Tianyuan!

The law enforcement at the peak of jiujiatian is also Luo Shuyuan's top boss. At this moment, he speaks in person. Other law enforcement officials will no longer interfere in the battle between Luo Shuyuan and ye Chen, but let Luo Shuyuan and ye Chen fight alone!

"Ye Shitian!"

"You little bastard, originally wanted to capture you alive, torture and kill you again!"

"But Lord Tianyuan has spoken. You are such a mean thing. You can't delay your death!"

Luo Shuyuan broke out with all his strength, and the Hunyuan stick was like a ribbon. It flew from all directions and bound Ye Chen. It was wrapped like a silkworm chrysalis, and it was hard to move!

He held the Hunyuan cudgel in both hands, and the shadow of tiger hunting behind him quickly gathered together, completely breaking out the power of blood. He also integrated the power of blood into the Hunyuan staff. He wanted to get ready to kill Ye Chen, "little bastard, don't struggle!" "Ye Shitian!

You mean bastard, dare to challenge my law enforcers!

Damn it, it's time to kill you. If it wasn't for your words, I would surely capture you alive and let you try all kinds of torture in Tianling city!

In the side post house, Three Dharma protectors of the divine Kingdom kept their faces unchanged, and one of them, wearing a purple robe, said with a smile: "white moon, you can't get there in three minutes to guess!"

"This leaf kills heaven!"

"I'm afraid we can't hide for half a minute. As long as Luo Shuyuan is ready to finish and hit with one stick, it will be enough to kill six layers of heaven in the divine realm."

"What's more, it's the low level military plane of the eight layers of heaven in the emperor's respect!"

Bai Yue's eyes twinkle and looks at ye Shitian, shaking her head slightly and sighing.

Be a good person with low level of martial arts. Don't think about being strong or being on your own.
Find a force to take refuge in.

Dare to challenge law enforcement!

Even if the law enforcers are strong, bullying the weak and afraid of the strong, they are not the weak ones who can be provoked!

I thought there was a visionary genius.

I didn't expect that it was a boy who didn't know the height of heaven and earth!

"Ye Shitian!"

"Die, you!"

Luo Shuyuan raised the Hunyuan staff that he was ready to finish. He jumped out of the air, and one of the sticks fell down, which was like the top of Mount Tai. The stick body broke out countless white luster, turned into a heavy white hammer, and then gathered together in one place, and fell down together with the stick body.

Such a blow!

Gods and demons are hard to avoid!

Even if it was the late stage of entering the state of mind, I would be seriously injured if I was attacked like this!

I don't know you little bastard, where are you going to die!

Bang!!

Only a burst was heard.

Ye Chen's golden body shows up and reaches out with one hand. Unexpectedly, he grabs the Hunyuan stick. The arm of the gold body is full of vigorous Qi, and the white hammer is broken one after another. It is so powerful that it is impossible to compete with it!

He turned around and took out the spirit killer gun. A single shot pierced Luo Shuyuan's chest as if it had pierced through the Jiuchong heavenly palace. His arm danced and nailed it to the ground. Then he grasped the tip of the gun and exploded Luo Shuyuan's body!

Chapter 1328

After all this, ye Chen pointed at Tianyuan with a sword and said, "you are not worthy to be a law enforcer. Those who are strong in the divine kingdom can kill at will, but those who enter the realm of God and Emperor's respect can't!"

"If you want to hold on to this kind of crooked law, you'd better not stick to it. If you dare to continue, I'll kill you all alone!"

Law enforcement, yes!

Everyone is treated equally. Don't kill anyone.

If you don't enforce the law, it's none of your business!

"Ye Shitian!"

"How dare you

Tianyuan has deep eyes, sharp eyebrows and feet, and says: "you dare to kill my subordinates, but also make a big Tianling city!"

He raised his left hand slightly, with countless petals flying in his palm, which gradually condensed into a long colored gun, pointed to Ye Chen, and said, "I will answer your question. We, the law enforcers, only stick to the law of entering the realm of God and Emperor's respect."

"In the land of Lingwu, the strong are respected!"

"The strong should have privileges. The strong will kill you. The weak can only die obediently!"

"Now, as a strong man, I want to kill you ye Shitian. No matter whether you are guilty or not, you must die."

Respect the strong!

The strong have privileges, and the strong are heaven!

The so-called law enforcement, so-called law enforcement, is just a system to control the weak, and you, the weak, dare to challenge!

Today, you will be killed here, otherwise in the future, how can we manage more weak people!

"You are not qualified!"

"It's better to ask your city Lord to come out!"

As soon as the words came out, there was an uproar.

Although Ye Chen was extremely strong just now!

But at the moment, we are facing Tianyuan, who is at the top of the spiritual realm!

I'm afraid ye Shitian is not an idiot?

With the cultivation of emperor respecting the eight layers of heaven, can't you look up to the leader of the nine layers of heaven?

You can't look for death like that, can you?

Tens of thousands of people around have come up with the idea that something from a humble world still wants to challenge Lord Tianyuan? If you want to fight the city Lord?

It seems that ye Shitian is more than an idiot!

He is a fool who doesn't know the height of heaven and earth!

"Go to hell!"

"Kill you, see who dares to make trouble in the future!"

Tianyuan killed with a pistol in his hand. He had the power to move the sky and fly with countless petals.

Hua ~ ~

a wave of gun shot from the lance and crossed the air.

Ye Chen drinks violently, revealing his golden body. His furious Qi and blood soar to the sky, and then the soul destroying magic spear stabs out. Two gun waves collide in one, and the aftershock shocks all around, driving Ye Chen back tens of meters.

"Poof!"

"How strong!"

Ye Chen wiped the blood from the corner of his lips, clenched his fist with his left hand and held a gun in his right hand. He killed him again!

At that time, Li Wei had more powerful spirit than the God of heaven.

Bang bang bang!!

Bang bang!!

Tianyuan, one shot at a time!

Hard hit hard!

Ye Chen is obviously tired!

"Bang!"

Tian Yuan turned around and smashed Ye Chen back with a fist. He laughed and said, "you mean thing. You want to fight with me. Do you really think you are a powerful person?"

"When you look at the eight layers of heaven in your emperor's respect, your combat power is at least comparable to that of the seven layers of heaven in the divine realm!"

"On the low level, you're still something!"

"But here, it's the waste of the waste!"

Bang bang bang!!

Bang bang!!

Tianyuan has fired dozens of guns in succession. The breath is extremely terrible!

"Ah, look at these lowly things!"

"Dare to challenge the Lord Tianyuan, even if you don't die!"

"Yes, but look at his physical strength, or he would have been killed by Tianyuan."

"How strong the body is, and no strong background, sooner or later it is a dead word."

"Look, how many moves, ye Shitian fell?"

"Fifteen moves!"

"About ten moves!"

.....

The masses have been talking about it. In their eyes, ye Chen is already a dead man!

Now, just guess how many moves Ye Chen died.

Boom!!!

Another explosion followed.

This time, ye Chen and Tian Yuan stepped back one after another!

No match!

But in fact, ye Chen's injury is more serious!

Tian Yuan Mou son a congealed, did not think that the mole ants in his eyes had such strong fighting power!

No one knows what kind of stormy waves he has set off at the moment!"Who are you? How can the garbage level have such power! "

"Are you hiding your accomplishments?"

Now.

Ye Chen is to wipe off the blood of the corner of the mouth, step by step toward Tianyuan.

Soon the steps stopped.

Ye Chen's finger pinches the Jue, a huge shielding array is formed instantly!

Cut off everything from the outside world!

It seems that only Ye Chen and Tian Yuan are left in the array!

"In ancient times, you are trapped? Only one person can walk out alive? "

When Tian Yuan saw this scene, he couldn't think of it.

Because the array in front of us not only covers everything outside, but also only one person can leave!

Is this the other party digging his own grave?

"You want to know who I am?"

Suddenly Ye Chen opened his mouth.

Step by step toward the Tianyuan.

All of a sudden, the whole body was haunted by endless evil Qi, and a magic light appeared at the foot, which gradually condensed into a heaven and earth array seal, and three roads were suspended on the top of the head!

At the next moment, the devil's eye slowly appeared in his eyebrow, and countless evil spirits poured into the devil's eye.

The devil's eye slowly unfolds, condenses a strike, the knife Gang across the air, as if to destroy the world.

"Well?"

"What is this?"

Tianyuan's face changed greatly. He waved countless petals to form a wall of flowers in front of him!

He felt an extreme danger. His subconscious mind was higher than his Dao Gang, which was very dangerous. He could even hurt his life. If he did not defend, he would die!

Damn it!

How can this descending hybrid have such a strong blood force?

Who is it?

Which top family child, left in the low military level?

Forget it! Stop talking!

"The gun breaks a thousand dust!"

"The flowers are dancing!"

At the same time, Tianyuan offered two unique moves, which were to drain the aura and the strength of the javelin in the body, and gather a huge gun Gang to rush to take the demon Dao gang. At the same time, the aura converged into the flower wall to increase the defense strength!

Bang!!

Devil knife Gang straight gun Gang cut, and then break the flower wall, directly through the chest of Tianyuan!

Under one strike, Tian Yuan was directly destroyed, and no more fighting power could be said!

At the same time, the ancient Jue trapped array was directly broken by Ye Chen's power!

Ignore the rules of the array!

But when people saw the scene in front of them, they were completely stunned!

Because the youth standing in the distance is not Tianyuan at all!

It's the humble mole ant from the low level!

Ye Shitian!

"What!"

"No way!"

The two captains who are in the seven layers of spirit state are even more astonished to the extreme!!

The eyeball seems to burst!

Lord Tianyuan, how could you be defeated suddenly?

It's a real failure!

They suddenly think of what, ye Shitian said his identity before he shot, is it difficult that he is a person of noble status?

Can't be provoked?

Chapter 1329

People feel Ye Chen's fighting power, which is a kind of fear from the soul!

The key is how emperor Zun state from low military level can seriously injure Tianyuan!

Of course, they did not see this process!

But - it was the immediate results that shocked them so much!

"What is the origin of this guy named ye Shitian?"

"Are they the descendants of the Lingwu family in the lower level of martial arts?"

"Possible!"

"Although we didn't see the situation inside, it seems that the power of this guy's explosion is not weak! How can the mole ants on the low-level plane have this blood force? "

Undoubtedly, this explanation is the most convincing.

Want to know everything, people look at Ye Chen's eyes also changed.

"Touch!"

Tian Yuan's body fell on the ground, such as a broken sack, spraying blood, injury is very serious!

Without hundreds of thousands of years, it is obviously impossible to recover!

Tian Yuan's cold eyes staring at Ye Chen, seems to have noticed something, but at this moment, he is laughing!

"Ye Shitian, do you know what it costs to hurt me?"

"Today, don't want to leave here!"

"I will not only let you die without a burial place, but also send people to your low level to look for anyone related to you! One by one! This is what happened to Tianyuan who offended me! "

Ye Chen didn't want to make trouble again, but at the moment he heard Tianyuan's words, his eyes flashed a cold light.

Extremely cold and bloodthirsty.

He walked towards Tianyuan step by step!

However, just then! A startling roar came from the sky!

"Bold!"

"Those who dare to hurt me in Tianling city!"

A roar from the sky!

A black robed middle-aged man stepped into the sky, surrounded by a red spirit. He was the king of God and the city master of Tianling city!

Tianling city is very small in Lingwu continent.

But the authority of the Lord of a city is beyond doubt!

The city Lord of the five layers of heaven in the kingdom of God is so cultivated that no one dares to neglect him!

Now, if you dare to make trouble in his city, you must kill him!

"Little beast!"

"I don't care where you come from, what kind of existence is standing behind you. If you make trouble in our heavenly spirit City, you will die!"

The Lord of Tianling city has a deep vision, like a king of gods. He looks down on Ye Chen and all his people, as if he were overlooking his own people!

He waved his hand slightly, and a short knife appeared in his hand. The blade of the sword radiated a great power!

The endless pressure is shrouded in the direction of Ye Chen.

"Boy, no good!"

"It's the strongman of the kingdom of God!"

In the reincarnation cemetery, Nie Baijian quickly said, "you withdraw quickly, we will give you some strength!"

"With our present strength, even if we block this guy, there will be other gods coming!"

"Today, you are too sharp!"

"Good!"

The city Lord didn't expect to fight the law enforcement.

One on one, killed Luo Shuyuan, defeated Tianyuan, and came to a stronger one!

It was a surprise to him.

In the face of ecstasy, even the top strong, he has the capital of World War I.

But in the face of the divine realm, ye Chen is not qualified at the moment.

Fortunately, he has a reincarnation cemetery.

At the next moment, ye Chen emerged countless auras, and his breath rose. In the eyes of the people, he even raised the realm to the second level of the divine kingdom. However, he only had the combat power of the second layer of the divine kingdom for a short time, which was not really the realm!

These are the power of reincarnation cemetery!

In this way, the city Lord who faces the five layers of heaven in the kingdom of God still has no chance to win!

For now, withdraw!

"It's amazing to use the secret method to upgrade to the realm of God King!"

"There are secrets in the world that can transcend two great realms!"

"It seems that you still have a lot of cards, and you can have such a secret against the sky!"

"But it will not be in vain to die in my hands."

The city master of Tianling City instantly throws out the dagger in his left hand, and a terrible God King Dao appears behind him. In the meantime, countless fire power rushes out, all of which gather on the dagger. He wants to kill Ye Chen with one blow!

God King way!

Born out of the road, the power is far above the road. It seems that the city of heaven and soul is mainly built on the road of fire. Now the king of fire, with the power of countless flames attached to a short knife, turns into a flame Phoenix, which flies against the sky!

Obviously, this short knife is also a divine weapon!

Hua Hua ~ ~ ~

Hua Hua Hua ~ ~ ~ The flame Phoenix across the sky, it seems that the sky of Angelica dahurica has turned into fire red, and even the white clouds have been burned, and countless sparks have been scattered down. Every spark seems to be like a star falling down, and a hole has been smashed on the ground!

"The Lord of the city has done it!"

"The Lord of Tianling city has made a move!"

"Ye Shitian must die!"

"There's no doubt about it!"

Many people's words, one after another to sacrifice their own immortal utensils, opened a protective cover to resist the drop of sparks, but the sparks collided with the protective cover, which still shocked the people's hearts!

Fortunately!

Fortunately, the city Lord didn't do anything to me. It's just these sparks that we can't bear!

If you are bombarded by the flaming Phoenix, you will die on the spot even if you are the most powerful person in the early days of the divine kingdom!

"No, the old man has done a good job!"

"You have to go back!"

Ye Chen's eyes are heavy. He holds the spirit of the demon in his right hand. He keeps accumulating the spirit of the devil. At the same time, with the help of the power of the evil spirit and aura, he is ready to break out! At the same time, he took out five spirit beads from his left hand, which was taught by the seven night God King!

The Lord of the spirit city in the middle of the kingdom of God, even if it's just a random blow!

But for ye Chen, they are all fatal dangers!

In this way, we must break out two moves. One is to resist the flaming phoenix flying in front of you, and the other is to repel the city Lord of Tianling city before you can retreat!

Even if you are not willing to do it again, you have to retreat!

This old guy, relying on the strong and bullying the weak, beat the late emperor Zun state with the middle of the divine kingdom!

How shameless!

When I'm promoted to the realm of God, I'll settle accounts with him again!

Whoa, whoa!!

Five spiritual beads rise into the sky and bloom in five colors!

Fire is a kind of spirit bead. It releases countless flames and turns into a flame. The Phoenix has the spirit of killing against the sky. Its power is not similar to that of the flame Phoenix.

The water spirit bead turns into a water dragon, the dragon body twinkles innumerable luster, like the great wall of steel, crush and kill!

Jinmu Lingzhu turns into a virtual shadow of a hundred Zhang giant. It's cold with the Phoenix water dragon. Holding two swords, it's sweeping across the sky with great momentum!

Finally, the Earth Spirit pearl, based on the thick earth, attracts the spirit of the earth dragons around, gathers a magic cow, and flies out!

"Kill the magic gun!"

"Five element spirit beads!"

"Go!"

Ye Chen bursts out with all his strength. He swings the soul destroying magic spear and offers a shot. The four directions are full of evil Qi, and the spear tip emits a glow. It seems that he wants to trace back to the passing time. Countless silent Buddhist texts linger around.

Chapter 1330

Bang bang bang!!

Bang bang!!

Two kinds of attacks collide, produce an extreme explosion!

The four virtual shadows transformed by the five element spirit beads burst together with the flame Phoenix, which turned into fragments flying all over the sky. With such a strike, a divine king's tool was actually flying!

However, ye Chen was badly hurt by the aftershocks, and his clothes were suddenly broken and the scars were shocking.

Don't go on fighting for a long time, or you will die!

Bang!!

On the other side, the lonely magic gun directly touched the shoulder of the Lord of Tianling City, and drove it back ten steps!

At this moment, even though he had psychological preparation, the Lord of Tianling city still set off a storm in his heart.

He never thought that he would be defeated so many steps by an emperor!

The key is still in full view of the public!

Where is the power of his city Lord to be placed!

His heart kindled with anger, and his whole face was black!

"Poof!"

"Kill ye and kill heaven!"

"All hands, can't let him leave the spirit city!"

The Lord of the heavenly spirit City bowed his head and looked more and more frightened. His half God King's armor was actually broken!

He wanted to fight again, but he felt a sharp pain. Looking down at the wound on his left shoulder, he was actually in the process of rapid corrosion, and his Shouyuan was actually weakening!

The power of silence!

Ye Shitian, this little bastard!

How could it be that the road of extinction would extinguish my Shouyuan?

Damn it, damn it!

Immediately, the city master of Tianling City mobilized his aura to suppress the power of silencing Buddhism, but he could not do it again!

He looked at Ye Chen, who was about to leave, and roared: "all the law enforcers, go on, ye Shitian leaves tianlingcheng, you are all going to die!"

Ye Shitian!

Little bastard, how dare Ann hurt me!

Do not pick skin cramps, do not understand the hatred of the heart!

"Yes

"Yes, Lord!"

"Kill ye and kill heaven!"

"Kill ye and kill heaven!"

Hundreds of law enforcers rushed to the gate tower!

Among them, there are three law enforcers who are in the spirit state, and three or four hundred people who are in the spirit state rush forward. They don't believe that they can't kill a severely damaged ye Shitian!

Ye Shitian!

No matter how strong it is, it will be severely damaged by the city Lord!

I'll kill him if I wait for my hand!

"Still chasing?"

Ye Chen looks at the scene behind, eyes flash through a resolute.

His strength is rapidly fading.

Not only that, it's scarred!

There is nothing wrong with stepping into the land of Lingwu without fear of power.

This is his way of Ye Chen.

But it also needs to be tolerated.

He came here to be strong!

For now, he has to leave alive.

In the face of so many strong impact, ye Chen suddenly came up with three words in his mind!

A thousand soldiers!

Ye Chen jumps down and falls outside the city. Suddenly, he takes out thousands of Jiupin spirit tools and more than 200 pieces of incomplete immortal tools. He throws them directly to the rear. He turns around and runs. When he reaches a safe distance, he detonates again!

"What?"

"Fairy ware?"

"Artifact?"

"Ye Shitian is so generous that he wants to buy us with immortal tools?"

In the crowd, dozens of law enforcement officers caught Ye Chen's immortal and spirit tools, and were at a loss!

What?

When we were on the road, we scattered the immortal tools, thinking we would pick up the immortal tools and spirit tools?

Not after you?

"This idiot, kill him, these fairies are also ours!"

"Yes, go after him and kill him!"

"Kill..."

Just as hundreds of law enforcement officers rushed out of the city, they were just in the range of scattered immortal and spiritual weapons!

See far away Ye Chen finger pinches Jue, the force of soul surging, suddenly, a big drink: "thousand soldiers explosion!"

Boom! Boom!!

Boom!!

Immediately, a burst sound came out, countless smoke and dust, soon blood flying, a law enforcement officers were blown up to fly.

Even more people face the spirit of the artifact and after the explosion, on the spot was killed by the shock wave, so large the South Gate of Tianling City, half of them were destroyed.

Such a burst, people are shocked!

When the people and some monks and sectarian disciples arrived outside the city, they looked at the corpses all over the ground and the law enforcers groaning with pain. They looked shocked!

Although law enforcers have been killing innocent people for years, they all hate it.

But such a picture still makes people tremble!

Ye Shitian!

How could you blow up so many immortal and spirit tools?

How do you do it?

If you detonate a weapon, will the body be seriously damaged? How could ye Shitian detonate so many weapons and run so fast before he died?

"Lord of the city!"

"Ye Shitian detonated countless immortal and spirit weapons, which caused heavy losses to our law enforcement officers!"

A law enforcer, who was in the nine layers of heaven, was lucky to arrive.

At that time, he ran slowly and was just on the edge of the explosion range. At the moment, he was also shocked by the aftershock of the explosion. After making statistics, he came to report: "Lord of the city, our law enforcement officers have suffered heavy losses. None of the 500 law enforcement officers in the imperial region survived!"

"Four hundred law enforcers in the spirit world!"

"Three hundred serious injuries and one hundred minor injuries!"

"The fifteen law enforcement team leaders, including me, were seriously injured in the late stage of their spiritual state."

"Ah, ye Shitian!" The Lord of Tianling city rose from the sky, and a lot of thunder and lightning exploded behind his back. He roared: "from now on, all the forces directly under Tianling city will pursue ye Shitian for me!"

Ye Shitian!

My law enforcement team, ah, so many law enforcement teams, you dare to kill them with immortal weapons!

You want to die!

My Lord will destroy you!

The Lord of Tianling city nearly went mad. These law enforcers are his own soldiers!

In name, he is the Lord of Tianling City, but he is the Lord appointed by the Beigong family. This Tianling city is not his personal product. The law enforcers of about 1000 people are his real personal guard!

A thousand law enforcers!

Five hundred emperors are at the top of the world, and five hundred are in the spirit state!

Among them, there are four leaders who are in the peak of the nine layers of heaven, and the two deputy city lords in the early days of Shenwang state who are closing down!

This is all his belongings, but ye Shitian's coming directly abolished his law enforcement team.

That's right. Detonate thousands of spirit tools and 200 pieces of incomplete immortal tools!

If it hadn't been for a hundred law enforcers who had entered the divine realm, the loss would have been even heavier!

As for the 400 law enforcement officers injured by the explosion, they will not be able to recover without more than a decade!

It's equivalent to returning to pre liberation overnight.

Efforts for it decades ago Kung Fu, once abandoned!

"Old man

"Since the northern palace family rushed to Tianling city to take office, there has never been a disgrace!"

"Two deputy city lords, come out!"

The Lord of Tianling City yelled at him and called two Vice City lords and another hundred law enforcement officers!

He looked at them fiercely and said: "now, this low-level bastard named ye Shitian dares to destroy the law enforcer of Tianling city!"

"Now, all law enforcers, law enforcers who can move and run!"

"Including two deputy city lords, three into the spirit of the nine layer Tiandu Tong, all out of the city to kill ye Shitian!"
