

## Physician 1331

### Chapter 1331

"Ye Jingtian, you need to see people when you are alive, and you need to see a corpse when you die!"

"Yes, Lord!"

The two Vice City lords of the second heaven of the divine Kingdom immediately led the law enforcers who could move out of the city!

The Lord of Tianling city looked at other monks and disciples of other sects, including the shenwangjing Dharma protectors in the three post houses, and said, "from now on, our heavenly spirit city has officially ordered ye to kill heaven!"

"Ye Shitian is a lowly hybrid with low military level. It is obvious that he has just used the secret method card. His real strength is just eight layers of heaven in the emperor's honor!"

"With his current injury, he certainly has no right to resist!"

"So everyone, if you kill Ye Tianjing, I'll reward a piece of King's artifact!"

"For those who capture ye and kill the sky, I will reward a third grade divine king's tool again!"

Third grade king of God!

Offer a reward to a person with low level of martial arts!

It's the first time!

People with low martial status should not be offered a reward. If they offend people, they can die on the spot. They can be offered a reward by the master of a city. What's more, it's a rare thing that has never been heard of. Even if there are hundreds of monks who have been repaired out of the city!

They are all the cultivation in the early and middle stages of entering the spirit realm!

I think it's no problem to pursue and kill a boy who is seriously injured in the emperor's eight layers of heaven!

"Thank you very much, then

"I'll wait for such a reward!"

"It's just a little man with low martial status and humble face. I'm the disciple of blood castle and the Lord of Tianling city!"

"Lord of Tianling City, I'm a disciple of jindaomen. I'll take it for you!"

"Lord of Tianling City, I'm a disciple of Zhenwu hall. I'll take it for you!"

"The Lord of the city, I will surely capture ye Shitian in one day!"

For a while, many sect disciples responded to him one after another. For them, it's not easy to capture and kill ye Shitian?

Many of them are in the middle or even the late stage of entering the state of mind, and they master the eight or nine immortals!

Of course, you can kill Ye Chen!

People with low level of martial arts have no background to speak of!

You mean bastard, your card has been used!

Even more seriously injured!

Three kinds of problems, all fatal problems!

Each of them is enough to kill people. What's more, if they can't catch all of them, wouldn't it make people laugh?

Besides, kill ye Shitian!

Can get a king of God!

Capture ye and kill the sky alive, and you can get the third grade divine king's ware!

Hundred disciples, how many of them don't have divine king's tools?

At least 90.5% of the total, at least thousands of disciples will attack Ye Chen, and they want to catch them and exchange them for Shenwang tools! If you have a divine king's weapon, you can greatly increase your strength. In three days' time, you will get a better place in the challenge arena!

"Well, thank you very much."

"My heavenly spirit is in the city Lord's house, waiting for you to come back with ye Shitian!"

The Lord of Tianling city held his fist and immediately returned to the city Lord's house. His injuries were still unhealed.

Otherwise, he would have killed Ye Chen long ago. Why issue a reward!

When the Lord of Tianling city left, even if there were thousands of sect disciples, they would rush out of the city to catch Ye Chen!

In the post house, the Dharma protector Bai Yue looked at all this, sighed in secret, and whispered: "in this case, ye Shitian, I'm afraid you can't escape!"

Originally thought that ye killed the sky was a guy who did not know the height of heaven and earth!

Unexpectedly, there are some cards!

Especially just now, the breath and fighting power of God King Kingdom broke out. If the Lord of Tianling city didn't attack, the four law enforcement Duwei couldn't stop him!

At the moment, I'm afraid it's hard to reward the city Lord for killing God!

If not, let it join my chopping sun hall, is also very good!

At least, there are not many disciples in my hall of killing the sun that can break out the fighting power of Shenwang realm like Ye Jingtian.

What a pity!

Such a young man will find his way to death!

"But the white moon sighs?"

"What a pity?"

The other two Dharma protectors have registered 5000 or 6000 applicants.

Among them, ziyue Dharma protector said with a smile: "at this moment, it has been an hour since ye Shitian left the city. I'm afraid tens of thousands of people have gone out to pursue ye Shitian. It won't take long for ye Shitian to be caught back and enter you to chop the sun Hall!"

"Unless jindaomen and Zhenwu hall do it!"

"Only with the king's tools can he be saved, otherwise, who can save him!" Another Dharma protector snorted coldly and said, "we'd better do our level work well. This time, there are so many talents in this hundred schools of heaven and earth. Ye Shitian is nothing!"

"Such as jindaomen Mufeng, wuwuwusi Nianxin monk, Zilin Zong he Xuan, flying crane hall Wang Peng!"

"The one who is not the most favored one in heaven, who can enter into the peak of God's realm and can be the king of war god's realm!" "Ye Shitian, too radical, too bold!"

"In my opinion, he should be arrested before evening!"

Hearing this, Bai Yue's Dharma protector sighed, shook his head, and said, "ye Shitian, if you can live, you will be on the earth list!"

Land list!

This is a list of the strong people who record the emperor's respect to enter the divine realm!

In fact, it is divided into four lists of heaven and earth, xuanhuang, which records the list of all the emperors and the powerful ones in the ten cities and tens of thousands of kilometers under the jurisdiction of the hundred schools. It is issued by the northern palace family that leads here!

Among them, the Yellow list ranks the most, with tens of thousands of people, and all the people on the list are the figures in the later period of emperor Zunjing!

Even the top one in the Yellow list is the top of the Ninth Heaven in dizunjing. The strong one who can fight in Nirvana in the three layers of heaven is already very strong for ordinary people, but he is the only law enforcement captain of dizunjing in Tianling city.

The captain of the law enforcement team, together with the other 100 law enforcement officers on the Yellow list, were all killed by Ye Chen.

As for the three lists of heaven and earth Xuan, there are 1000 strong people in the later stage (789 layers), the middle stage (456 layers), and the early stage (123 layers).

Among them, jindaomen Mufeng, wuwuwusi Nianxin monk, Zilin Zong he Xuan, flying crane hall Wang Peng and so on all rank in the top 20 in the sky list with their fighting power at the peak of the nine layers of heaven, which represents that each has the ability to surpass the ranks of the strong in the early days of Zhanshen kingdom!

In the view of Bai Yue's Dharma protection, ye Chen is of course the eighth heaven of emperor's respect, and should be ranked first in the Yellow list!

But the combat power is at least as good as that in the later stage of entering the spirit state, and it should not be a problem to be ranked in the top ten of the earth list!

Among the ten giant cities, tens of millions of emperor worshipped and god worshipped people, those who could enter the top 100000 were the best, not to mention the strong ones in the list!

"Land list?"

"Ye Shitian is nothing!"

"But there's only a king's tool. Maybe it's a magic weapon by luck!"

Chapter 1332

Ziyue, the Dharma protector of ziyue, said: "the disciples in the Dibang are all the disciples of the top 50 sects. Everyone has a piece of eight grade immortal utensils in their hands, and even the top 100 of the di list. Each has a semi divine king's tool, and each of the top ten has a divine king's tool!"

"Ye Shitian, what kind of thing is it?"

"It's good to be in the XUANBANG."

Zhuo Bai's disciples, who came to the school of Jiyue, still did not register.

.....

In the ancient spirit City, in a bailing fairy Pavilion, a girl in white on the top floor gently plays the guqin, but there is a rash on her cheek. From time to time, she murmurs: "really, Zheng Bo, why do you want me to practice Guqin?"

"I learned long sword!"

"I'm not used to it. I might as well practice beating people with ribbons."

"What's more, my father ordered me some baby relatives for no reason. Before I came out of the cabinet, I should be proficient in all kinds of music, chess, calligraphy and painting. The martial arts of our generation are even more fairyland martial arts people. They can master the immortal skills and fight. That's all

"Music, chess, calligraphy and painting, fancy, I don't like it!"

The girl in white pursed her mouth and put her hands on the Guqin. Although she looked beautiful, she gave people a sense of playfulness. She didn't look like a fairy in the legend at all, but she was a bit of Fairy Spirit floating around her.

She carefully lowered her head and fiddled with the Guqin at will. However, when she looked at it carefully, she could see that this piece of Guqin was full of ancient twists and turns. Obviously, it was a seven grade divine king's instrument. At the moment, it was used for practicing the zither. What's more, the jade pendant and sword worn by the girl in white were all seven or eight grade divine king's utensils.

It can be said that it is rich, no, it should be invincible!

On the edge, an old man in black stood solemnly, looking at the girl in white in front of him, and sighed: "Miss Qi, the old slave respects the master's order. You must watch Miss Qi learn how to play music, chess, calligraphy and painting. Look at you, Miss seven..."

"Ah, Zheng Bo!"

"There's no problem with music, chess, calligraphy and painting, but it's the wind of the jindaomen, the baby's kiss. Why should I make an engagement with him?"

"He's the one who's in the state of mind, heaven!"

The girl in white looked helpless and said, "I'm in the nine layers of heaven. I haven't gone to the sea of killing. I'll fight for the monster. (2) when he did not take part in the expedition against other families, he knew that he was fighting with the disciples of dozens of other sects! "

"I don't like this kind of man!"

"Miss seven!" Zheng Bo sighed: "Mufeng's father is the leader of the golden sword sect! Although jindaomen is a subordinate clan of our Beigong family, it is also a great help to the ancestors of the late Hunyuan period. "

"A later period of Hunyuan kingdom!"

"Did dad sell her daughter?"

"It's really annoying, Zheng Bo. Is there anything interesting recently?"

The girl in white is sitting on the white jade stool again. She is 15 or 16 years old, but she is at the top of the nine layers of heaven. If she is not lazy and playful, she will be the king's state!

She is the seventh miss of Beigong family, Beigong Ziyu!

At that time, the head of the Beigong family took office. In order to appease and frighten the subordinates' 100 clans, he suppressed a number of clans and made friends with some of them. The golden sword gate, the head of the hundred clans, was on the list!

The master of the northern palace is married to the leader of the golden sword sect!

Marry Mufeng, the eldest son of the leader of jindaomen, with his seventh daughter!

It was sixteen or seven years old. Now Mufeng was only in his early thirties, but he was only in the nine layers of heaven. Naturally, he was not valued by Beigong Ziyu. Beigong Ziyu did not want to practice at home, so he came to the ancient spirit city with his attendants.

Zheng Bo wiped his beard and said with a smile, "interesting things?"

"Miss Qi, I found something interesting here!"

"Oh, what's the matter? Tell me, is there any anecdote?" The North palace purple jade suddenly came the interest!

Zheng Bo shook his head slightly and sighed. Miss Qi is interested in anecdotes, but not in music, chess, calligraphy and painting.

He said slowly: "yesterday morning, something happened in Tianling city. A man named ye Shitian had just arrived in Tianling city. He respected the eight levels of heaven and earth with the emperor. He

signed up to participate in the hundred heaven earth big competitions. However, he made a spear shield with a law enforcement officer of Tianling city."

"People with low military status are in conflict with law enforcement officials?"

"It's going to be miserable." North palace purple jade pair of shake head Mo kind, "poor little fellow."

"No, no!"

"Ye Shitian, not only is he not miserable, but also has a great reputation. He spreads all over the ten cities and one hundred families overnight."

Zheng Bo said slowly, "the law enforcer was killed by Ye Shitian, and then another law enforcement officer came. He was the cousin of the original law enforcement officer. He was in a state of mind. He seemed to be called Luo Shuyuan. He fought with Ye Tiantian, but he was killed."

"Even Tianyuan, who is in the nine layers of the heaven, has unified hands!"

"In the end, it was abandoned by Ye Shitian!"

"Until the end, the city Lord of Tianling city made a move and killed the sky with Ye, and both sides were hurt!" How could it be The North palace purple jade nearly comes out, straight shakes his head, does not believe this matter at all.

"Zheng Bo, you lied to me. It's impossible!"

"It's absolutely impossible. The emperor respects the eight layers of heaven. How can it be possible to defeat the city master of the spirit city in the five layers of the divine kingdom?"

Ziyu in the North Palace shook her head, with a face full of disbelief, and said to herself, "I met the Lord of Tianling City three years ago. At that time, he was already in the five layers of the divine kingdom. In three years, he did not encounter a strong enemy, nor did his strength weaken!"

"What's more, he also has the seven grade divine king's tool Tianyu short saber given by his father!"

"There are also several Shenwang tools. How could they be defeated by Ye Shitian, the eight layer heaven in emperor Zun's realm?"

It's impossible!

If Zheng Bo said that ye Shitian was an eight layer heaven in the God Kingdom, not the eight layer heaven in emperor Zun's realm, I think I can believe it!

After all, in higher families, there is Tianjiao who does this, but the emperor respects the eight layers of heaven.

It's impossible to think about it!

There is no way, no God and King's way in the emperor's Zun state. Even if he holds a combined Dao artifact, he can't release the law of time. His spiritual power is far less than that of the strong one in the divine kingdom. Compared with the two, they are like rice grains and bright moon.

No way!

No way!

Absolutely impossible!

"Miss Qi, ha ha, you're interested

"Old slave, when did you cheat?" With a smile on his face, Zheng Bo was very kind.

He also grew up looking after Beigong Ziyu from childhood, just like his grandfather. Although he was a servant, he took good care of Beigong Ziyu!

"This one."

"Yes, indeed."

"Zheng Bo, you have never deceived me!"

"But!" Beigong Ziyu was a little impatient. She looked at the surrounding mountains with her hands on her hips and said, "I still don't think it's possible that the emperor respects the eight layers of heaven. How could he win the city master of the five layers of heaven in the divine kingdom?"

Chapter 1333

"How can we fight? Is it hard for the master of Tianling city to stand and let Ye kill the sky?"

"But that's impossible, unless ye Shitian has the first-class blood, and is the descendant of the ancient powerful saints!"

"however, Zheng Bo, you say ye Shitian is the lower world. How can there be the descendants of the ancient saints in the lower world? Ah, it's only a few million years since the ancient times in Lingwu continent, and there are no more than five strong saints!"

"Every descendant, descendant, family, record clearly, impossible!"

The North palace purple jade one face is tangled, how to think is not right.

The emperor respected the eight layers of heaven, and crossed two great realms. He attacked the city Lord of Tianling city in the middle of the kingdom of war god, and hurt each other, and finally escaped?

If Zheng Bo had never cheated her, she would have thought it was made up by Zheng Bo.

"Miss seven!"

"I'll take care of it."

Zheng Bo casually took out an energy crystal and placed it on the table with a little bit between his fingers. He began to trace back to the battle between the city master of Tianling city and ye Chen at that time. The energy crystal has the ability to record the battle scenes. Every city will place it. Once encountering a big battle, losing an enemy or winning a great victory, it will be recorded!

Just as it happened, Zheng Bo found out about it and went to take it to relieve the boredom of Miss Qi!

As Ziyu gazed back at the battle of light curtain, Zheng Bo said: "in the first world war yesterday, ye Shitian seemed to break out of his own special blood. He hit Tianyuan, who had entered the nine layers of heaven, and then suddenly his strength soared and made an attack comparable to that of the mid-term of Meishen kingdom!"

"It seems to come from the force of the five elements!"

"What's more, there is also the power of annihilation, and the thing transformed by the force of five elements can block the seven grade God King's tool Tianyu short knife!"

"The gun Gang, which contains the power of annihilation, pierced the heart of the Lord of Tianling City, and severely damaged it. Moreover, Shouyuan, the Lord of Tianling City, has disappeared for 7000 years!"

"This leaf kills heaven, is a genius also!"

Zheng bodu was not appreciative enough to say: "such a strike will consume other people's life and yuan, and it can even be said that the power of preliminary involvement in the law of time!"

"Miss Qi may not know that the law of annihilation is the law of annihilation, which has the ability to hurt, destroy and consume the enemy's life. The ability is equal to the law of time, but the power to attack and kill is above the law of space."

"Even the five elements principle of the state of creation is hard to compare with it!"

"The law of creation in the realm of star orifices has the ability to create all things, the law of extinction and destruction, and the ability to destroy all things! The three are more important than the laws of time and space. If ye kills heaven and understands the law of annihilation, it will be extremely powerful!"

Zheng Bo, as a strong man in Hunyuan, was naturally familiar with and knew these things!

It is also known that the most important reason why Ye Chen can win is the power of extinction and the road of extinction. The power of extinction has severely damaged the city master of Tianling city. Only in this way can he escape from Tianling City, or he will be seriously injured or even fall.

"My God, it's true!"

"Those mole ants with low military level can't be underestimated. This kind of small place often gives people unexpected surprise!"

"Thousands of years ago, there were dozens of powerful people in the realm of Taoism, such as seven nights of blood and seven nights of divine monarch, Chen Anping, King Qiantian of Shendan, and Nie Baijian, the prince of hundred swords. They were famous in the western regions and southern regions, and they were the great powers of the realm of creation. They may not be as good as them!"

The northern palace purple jade gradually smacked her tongue and exclaimed, "I didn't expect that there is another leaf killing heaven in today's low martial level plane!"

"That world is really a place of crouching tigers, hidden dragons!"

"Zheng Bo, how about ye Shitian's coming? Have you ever escaped?"

"No, the city Lord of the heavenly spirit city has issued a reward. You can get three kinds of King's utensils alive, and you can get them by killing them in the realm of God King!" Zheng Bo looked steady and said slowly, "at present, there are thousands of people in the surrounding cities, whether they are sect disciples or city law enforcers. They are going out to kill him!"

"According to the news coming in!"

"Yesterday, seven waves of people intercepted ye Shitian and all of them were killed by him. In the early morning of this day, another 20 people in the middle and later stages of the divine realm intercepted ye Shitian!"

"Ye Shitian suffered heavy damage, but he made great efforts to break through the encirclement and kill seven people who had entered the six layers of heaven in the divine realm!"

"In the morning, five people fell into the state of mind, and in the later stage, they were severely damaged and killed and left!"

"Now, no one seems to be able to rescue him!"

"Fun, fun!" The northern palace purple jade pace, praises: "with the emperor to respect the eight levels of heaven's realm, Nirvana war Tianling City Lord, but both lose!"

"But he can kill dozens of those who stop him from entering the spiritual realm continuously. If he doesn't die, he will return to the power of the God King in the past seven nights in the future, and kill seven powerful people in the same Taoism one night!"

At the next moment, Ziyu's eyes twinkled and she said with a smile, "Zheng Bo, I want to save him!"

"These prodigies have extraordinary blood, and they have more cards."

"I'm very interested in her. Please let them go and bring ye Shitian back. I want to talk with him about it."

"Ye Shitian!""His blood is strange. I can see the fighting scenes traced back from the energy crystal. His blood is not weaker than that of three bloodletting!"

"Three streams of blood, can also be one of the top blood vessels of a strong Fengshen!"

Beigong Ziyu was fond of all kinds of anecdotes since she was young. She even often watches the records of various powerful people in Lingwu mainland in her study. She is especially familiar with all kinds of blood vessels and skills, and her sword formula is superb!

She smile, slowly said: "such blood, in my opinion, did not open completely!"

"Only a part of the power has been awakened, and there seems to be a force similar to the original source in him. According to my observation, if it is completely erupted, it will be able to explode at least one layer of fighting power that is comparable to the kingdom of beauty!"

"What's more, he finally broke out with strong fighting power, even comparable to the five layers of the divine kingdom! It's a big secret! "

"In addition to his two Shenwang tools, his combat power is absolutely not weak, but it seems that he can't use it casually, and the combat power that erupts does not belong to him. That may be the power sealed in his body by the strong one."

"Imagine it!"

"With the power of those seals, he will be able to increase his combat power by ten times."

"It's equivalent to 20 times more than before, plus the unique power of annihilation and the way of extinction. Only in this way can we defeat the master of Tianling city. No matter whether he has the power to fight again or not, I am very interested in such a person!"

The northern palace purple jade in front of her eyes was bright, and her laughter was as clear and moving as a silver bell.

She thought again: "compared with the Mufeng of jindaomen, he is too strong! If two people fight in the same realm, Mufeng can't resist Ye's one move, and even half a move is enough to kill Mufeng. I'm interested in such a genius! "

"I want to talk with him and learn the power and the way of extinction."

"After all, there are so many martial arts in mainland China, even everywhere. There are emperors who respect the martial arts of the realm, and there are also great powers of creating chemical realms. However, there are only one person who can cultivate the power of annihilation and successfully create the way of extinction."

Chapter 1334

The power of silence!

It's not the way to die!

If only the power of annihilation, the king of Baizhan demon, the king of green sword demon, and even ye Wudi of xuye family in Kunlun have been cultivated, and have the ability to dissipate the enemy's Shouyuan, it is very difficult to achieve Ye Chen's ability to vanish the enemy's Shouyuan in such an instant. We must cultivate the way of extinction!

If you look at the hundred cities under the jurisdiction of the Beigong family, there are tens of millions of martial arts practitioners. Those who can cultivate the way of extinction are probably just five fingers!

This is enough to show the value of Ye Chen!

Miss Qi's eyes twinkled like stars and continued:

"what's more, although he doesn't know what his blood power is, I'm sure it's not ordinary!"

"It's very likely that some big family has left out people in the low level."

"Good!"

"Since Miss wants to!"

"I'm going to arrange it now!" Zheng Bo clasped his fist, and then he flashed away and disappeared in the Pavilion!

Beigong Ziyu stares at guqin, smiles and whispers: "Mufeng is not as good as ye Shitian. These talents must be met. Even if I get married, I only want to get married with them. Mufeng is nothing!"

Mufeng!

Golden sword door!

There are indeed strong Hunyuan in the background!

However, as long as ye Shitian is given some time, it does not take a hundred years. Once ye Shitian achieves the Hunyuan realm, understands the law of space, and cooperates with the way of extinction, it will be extremely easy to kill the same level!

This kind of genius, I recruit as a subordinate, but also for the family!

.....

Ye Chen at the moment naturally does not know that he has become the target of others.

Since leaving the spirit City, this is the next day at noon!

Ye Chen recovers from his wounds in a hidden cave underground. There are more than a dozen corpses lying in front of him. From the middle to the late stage of his spiritual state, there are a wave of people who intend to intercept him and exchange for the divine king's tools. He killed them here!

He quickly took out a large number of pills to recover from the injury!

Among the hundreds of immortal weapons obtained, except for dozens of those with eight grades or above, the others have exploded by themselves. When they first encounter the seven waves of interception, they burst the immortal weapons to escape. Because among the seven waves of enemies, even those who are in the top nine layers of heaven in the divine realm, have to detonate the immortal weapons, otherwise ye Chen will be in danger of life and death!

Such shame and embarrassment! Ye Chen in mind!

This anger, the other party must bear all of it!

What if the other side is the Lord of Tianling city!

Even the God of Lingxiao hall!

Ye Chen also wants to face, step on the sky!

"Boy!"

"Heal as soon as possible!"

"Use pills to break through and reach the top of the Ninth Heaven in emperor Zun's realm!"

"Maybe you can go to Wanshan mountain and directly participate in the hundred big competitions between heaven and earth!"

In the tomb of samsara, Nie Baijian said weakly: "the baizong Dabi is jointly organized by the Beigong family and baizong. You will not be intercepted by a large number of warriors like yesterday. At that time, you will succeed in getting the quota, and then enter the land of the Golden Buddha Tantra to find the top-notch Shenwang tools, and then break through!"

At the moment, Nie Baijian and Wang Qiantian are already very weak, obviously can't hold on!

The ice sword immortal Zun LAN XueYue shot several times to kill nearly 20 strong people who were deeply injured in the mental state for ye Chen, who was seriously injured. At the moment, he was exhausted. Such a fierce battle is extremely difficult for him to wake up!

At the moment, ice sword immortal Zun has to rest for a period of time, otherwise it is difficult to break out the fighting power and help Ye Chen!

Only Ye Chen's stronger presence can cope with some difficulties in Lingwu mainland!

"The old man of Tianling city is too shameless

"If you crush a younger generation in such a state, you will release a reward if you are not hostile to us!"

"What's more, it damages the elders of the samsara cemetery."

The anger in Ye Chen's heart seems to be burning.

The great power of reincarnation cemetery needs an opportunity, which is extremely precious for ye Chen.

Every time you consume energy, it means that the dissipation time is coming!

The key is so strong that he should use this method!

What a shame!

"Return to the land of Lingwu and the disciples of hundreds of schools. I worked so hard for a piece of King's tool. I killed more than 70 people who were in the spirit realm. All of them were more than five layers of heaven!"

"When I'm strong enough, I'll never let go of the Lord of Tianling city!"

Hundred disciples!

Although the vast majority of them have semi God King tools, or seventy-eight or nine grade immortal utensils!

However, there is no divine king tool. The disciples of Dibang and tianbang who have Shenwang tools will not be able to do so. However, ye Chen, who has been seriously injured, can't bear the huge amount of devotion to God!

Nourish and nourish ~ ~

a path of spiritual power circulation.

Ye Chen's physical body slightly made up for some, the injury barely recovered by one fifth, and the combat power was restored to the level comparable to the level of five layers of heaven in the spirit state!

However, at the moment of a few thunders! Dozens of bursts came out one after another, and large areas of land were turned over, flew to the sky and then fell down!

Obviously, the strong come!

And it is the peak of entering the divine realm, or even the strong one in the half step divine realm. Otherwise, it will never cause such momentum!

"Ye Shitian is here!"

"Report to the two Vice City lords, ye Shitian is here!"

In Tianling City, an elder of the law enforcement of the nine layers of heaven was very happy and said with a smile: "it was boring to vent. I didn't expect to find ye Shitian. It's a happy event!"

"Ha ha ha, ye Shitian, you humble bastard, have finally found you!"

"After chasing you for a day and a night, you still have to die under the people of our spirit city!"

This Tianyun elder controls the semi divine king tool and hovers in the air. Originally, he failed to kill Ye Chen because he pursued for a day and a night. As a result, he was scolded by the city master of Tianling city. He was dissatisfied and came out to look for it!

Unexpectedly, I found Ye Chen hidden here!

It's a God bless city!

This time, the king of God will not give it to outsiders!

Only him!

"The two vice lords are nearby

"Ye Shitian, you should be arrested. How much fighting power do you have left now?"

With a big wave of elder Tianyun's hand, hundreds of law enforcers surround Ye Chen.

He himself gazed at the two Vice City lords flying in the sky in the distance and said with a smile again: "I heard that you are from Kunlun Xu, no, it seems that you are a spiritual city. These are not important. Anyway, Kunlun Xu and Lingcheng are both of low martial level. In this kind of place, you can be humble and hybrid!"

"How arrogant he was in those seven nights of blood, but he was taken away by the people of the Blood Sword clan. It seems that he has been imprisoned for more than ten thousand years!"

"Now, you are such a lowly bastard, you still want to go from the path of those humble people who walked seven nights of blood, and also want to run wild in the land of Lingwu. I tell you, you humble thing, it is impossible!"

"As long as there are people from my heavenly spirit city!"

"You never want to have a good day!"

Then, the two Vice City Lords have already arrived!

The two Vice City lords of the second heaven of shenwangjing are not comparable to Ye Chen today, even though they are only in the early days of shenwangjing and the way of divine king is not strong!

Chapter 1335

In addition, the power consumption of the samsara tomb is too much, and the immortal's self explosion is almost the same!

Today, ye Chen may end up miserable!

"Ye Shitian!"

"You've been searching all day and night for such lowly bastards. You've done a lot of good and bad deeds!"

"Tie him up and press him back into the heavenly spirit city. The City chief will strip his skin and cramp him and put him to death at a high speed!"

One of the blue robed Deputy City Lord again said: "you wait for this time to find ye Shitian, and reward a piece of Shenwang ware! As for the capture of Ye Shitian, it is my credit! "

"This..." Elder Tianyun wanted to stop speaking, and finally sighed. He did not dare to speak again!

Dozens of people fell into the state of mind and instantly killed Ye Chen!

Bang bang bang!!

Bang bang!

Only dozens of bursts were heard!

Ye Chen threw out 15 pieces of immortal utensils and created a huge explosion, which destroyed more than 50 law enforcement personnel in the spirit realm. At the same time, he also blew himself hundreds of meters away. His leisure clothes were almost broken, but he ran towards the rear!

The voice of reincarnation graveyard power rang out in his mind!

Escape!

This is the most accurate advice that reincarnation cemetery can give him!

Ye Chen can only obey!

As for today's everything, he will let the other party pay back a thousand times!

"Hum! Do you want to escape? "

"Ridiculous!"

"Catch it

The blue robed Deputy City Lord drank softly, and the way of God and King appeared behind him. A kind of invisible force directly imprisoned Ye Chen!

Ye Chen looks at the surrounding confinement array, Mou son one congeals, uses all one's strength to blow out.

"Click!"

There is a tiny crack in the confinement array.

"Touch!"

Ye Chen blows out again!

This fist almost let Ye Chen's fist overflow a trace of blood!

This is his resistance to such power in Lingwu land!

But this one blow is to let the confinement barrier crack like a spider web!

The arrogant smile of the vice mayor of blue robe suddenly became stiff, and his face changed greatly!

Such powerful arrays can't break the peak of the enchanting realm. The little emperor's Zun state is about to be broken!

What's the origin of this guy?

If this son grows up again, it will threaten me and the city Lord! Will become our disaster!

The Deputy City Lord of blue robe suppressed his shock and quickly forced out a drop of blood essence. He quickly pinched the formula with his fingers. He crushed a jade pendant, and countless lights fell on the confinement array.

The almost broken array is restored like this! It's carrying a terrible pressure!

The Deputy City Lord of blue robed breathed out a breath and walked towards the trapped Ye Chen step by step. He even said with a smile: "such a proud and talented person, though of inferior status, will die in the hands of our heavenly spirit city!"

"To wash away the shame of my heavenly city!"

"You don't have to come again, gentlemen."

He looked around at the hundreds of strong people who were in the spirit state, and even thousands of them were coming. Some of them were sect disciples and some were free disciples. They were all ready to catch Ye Chen and send them to Tianling city in exchange for a reward!

At the moment, he saw that the Vice City Master of Tianling city had caught Ye Chen. All of them were sighing and saying:

"what a pity!"

"It's a pity, ye Shitian, why don't you insist on it?"

"I was just around. If I catch him, I'll have the third grade King's utensil!"

"What a pity!"

"But it's good to go back and see the Lord of Tianling city. How to deal with ye Shitian?"

"And guess?"

"Ye Shitian, a despicable man, dares to destroy the law enforcement team of Tianling city and even injure the Lord of Tianling city. He will surely die!"

Thousands of martial arts practitioners in the spiritual realm have been talking about it.

Only the sect disciples gathered here come from at least 20 sects!

Some of the sects in the land of heaven and earth stand in the city. For example, there are seven sects in Tianling City, such as Xueying castle and Tianyin gate. There are several sects outside the city that occupy the mountains. At this moment, most of the inner disciples come here!

For them!

The king's weapon is an unattainable weapon, even a dream.

If you don't get to the kingdom of God, you will never be given a king's tool by the sect. Now I have the chance to fight for a king's tool, but I'm hopeless!

Ye shishitian, you can get three kinds of Shenwang ware if you capture it alive!

Kill can get a product of God King!

However, I'm a little late to let this living artifact run away!

"Ye Shitian!"

"In order to prevent you from making trouble on the way, my deputy city Lord will cut off your whole meridians and discard the elixir field!"

The Deputy City Lord of blue robe is also extremely cruel. He immediately waves his left hand and gathers a burning fire, which is about to penetrate Ye Chen's body! At the moment, ye Chen looked at the fire surging, and suddenly felt a group of hot eyebrows.

He seemed to feel the anger.

Anger from the mysterious devil's eye.

Since coming to Lingwu, the frequency of devil's eye has increased.

It's like there's something here that attracts it.

What is the devil's eye going to do?

However, at this critical moment! A penetrating voice, resounding around everyone!

"Wait a minute!"

The blue robed Deputy City Lord looked horrified. When he looked up a little, he saw a group of people from the divine kingdom come out of the sky. They were like beasts that killed boundless animals. They were not shocked. Is there any power behind ye Shitian, a hybrid?

"There is an order!"

"Tianling city must not hurt ye and kill heaven!"

A man in white came with a token and was followed by six powerful gods!

Among the seven Shenwang realms, three of them were in the early stage, and the four were in the middle stage. Each of them was good at fighting. Their breath was so strong that they directly held down thousands of spirits on the ground.

The man in white motioned a bronze token to the Deputy City Lord in blue robe, on which the word "North Palace" was carved. It was vigorous and powerful, containing the meaning of Dao Dao Dao and sword, and had the power to break through the sky.

He did not look as if he was a robot. He said, "Zheng Bo has an order. Don't hurt ye Shitian."

"You wait for ye Shitian to be handed over to me

"Go back home

"Why?" The blue robed Deputy City Lord was unwilling and said angrily, "what do you want ye Shitian to do? Are you colluding with ye Shitian, the person behind him is you? Did you send ye Shitian to cholera our heavenly spirit city

When the man in white heard this, he sneered, and then stepped out, and his momentum was released!

"Don't forget it!"

"Your heavenly spirit city is directly under the Beigong family!"

"If it wasn't for your direct affiliation with the Beigong family, I would have been able to speak, otherwise you would have been a corpse."

As soon as the words came out, the man in white broke out a strong breath, and even forced to retreat a vice Lord of Tianling city!

When they looked at the man in white, they found that the other side's eyes were blooming with cold electricity, just like the God of killing. The boundless murderous spirit enveloped all the people. Their voice was cold and said, "I Wang Qi holds the bronze token of the Beigong family. If you don't hand in any more, you will be guilty of the following crimes. You should be punished!"

Chapter 1336

At the moment, the Deputy City Lord of blue robe is in a difficult situation. Ye Shitian was caught by himself. Give it to the city Lord of Tianling city. How can you explain it?

Don't pay people, white man Wang Qi and others once hand, they must die!

Ye Shitian, you can't take it back!

"Hand it in!"

"I'll do it!" The Deputy City Lord of blue robe takes a look at Ye Chen. Although he is unwilling, he can only obey.

He has no choice.

However, one thing can be sure that there is a strong background behind ye Shitian!

The North Palace family comes out directly! Visible identity!

At the time when all the people are determined that ye Shitian is going to be taken away, another sound of drinking is coming!

"My people, no one is qualified to take away!"

People follow the voice to look, when they see the people, the expression has changed incomparably playful!

Here comes the Lord of Tianling city!

At the moment, the city master of Tianling city is holding seven grade divine king tools and stepping on five grade divine king tools and flying swords. It's a magnificent display!

He recovered a lot from his injury. At the moment, he looked at Wang Qi grimly and gnashed his teeth and said, "Wang Qi, you are the bodyguard of the Beigong family, but I am the city master of the subordinate city of the Beigong family. In terms of status, I am much higher than you!"

"Ye Shitian is the enemy of destroying the city!"

"The Lord of this city can't let him go. Otherwise, how can I account to thousands of people?"

"Do you want to account? Then I Wang Qi tells you, do not need you to explain! "

Wang Qi looks a change, several Shenwang state bodyguards, are ready to start.

He continued to say in a cold voice: "this is the order of Zheng Bo. I don't care what the reason is and what the matter is. I only know that I will take ye Shitian back. As for you to punish or kill, it has nothing to do with me. If you don't accept it, go to the Beigong family and ask the head of the family."

"You

The city master of Tianling City drank violently and showed his true cultivation! Release the pressure!

It was holding two Shenwang tools, and one of them crushed the six guards of Shenwang state, and said fiercely, "I have fought for thousands of years, but you are not qualified to be arrogant in front of me!"

"Don't think it's the same realm. The Lord of this city can't kill you!"

"Today, ye Shitian, the son of a bitch, must be brought back to kill."

"Otherwise, I will never give up!"

As soon as the voice fell, thousands of martial arts people who were in the mental state were looking at each other!

Is Ye Jingtian a member of the Beigong family?

In order to strangle ye Shitian, the Lord of Tianling City confronted the bodyguards of the Beigong family. How brave and powerful he is!

"Lord of heavenly spirit City, I warn you!"

"If ye Shitian is dead, you must die too!"

Wang Qi didn't start at the moment. He knew that he was not the rival of the city Lord of Tianling city!

The scene suddenly froze!

But ye Shitian is the one who Zheng Bo ordered to take back!

"Wang Qi!"

"Ye Shitian disturbs Tianling City, destroys our law enforcement team, and kills more than 700 law enforcement officers!"

"His cultivation is not high, but there are a lot of spiritual and immortal tools. I think this is the idea of Lin Chao protecting Dharma."

However, the Lord of Tianling city felt strange. He glanced at all the people and said, "both the Dharma protector Lin Chao and Mr. Zheng are on the same boat. They have long been fed up with our city Lord. Yesterday, they sent ye Shitian to come here and become a leading bird. Do you want to teach the city Lord a lesson?"

"If you want to tell the city Lord that you are not allowed to train your subordinates without authorization?"

"I know clearly that the city Lord has vowed to kill ye and kill Tian, but he wants to take ye Shitian by force, and he wants to wipe out the city Lord's face!"

"Do you really think that the Lord of this city can be deceived?"

"I used ye to kill heaven to humiliate the city Lord. Now I have to take it back!"

"The Lord of this city will never agree!"

In the eyes of the Lord of Tianling City, ye Shitian's existence is probably the arrangement of Zheng Laohe and Lin HUFA!

Otherwise, a person with a low level of martial arts would not have such courage and strength, and there would not be so many immortal and spiritual weapons that could explode themselves! It must be someone in my family who deliberately suppressed me!

"Lord of Tianling city! What do you mean? We are all members of the Beigong family. How can we fight with each other? How do you think about it

Another word falls from the sky.

Then, the Lord of Tianling city changed his face!

Because this is the breath of the strong in Hunyuan!

I saw countless sword lights twinkling in the sky. An old man in black walked out slowly as if a God had come down to earth. There were countless colorful clouds around his feet, which was strange and magnificent.

He was Zheng Bo, who was ordered to come by Ziyu in the North Palace!

Zheng Boqing touched his beard and gently looked at the city master of Tianling City, sending out the breath of Hunyuan!

On the contrary, he said slowly with a smile: "you think too much. The Dharma protectors Lin Chao and I have no intention of suppressing you. If you want to suppress them, how can you still sit in the position of the city Lord?"

"YouFor a moment, the city master of Tianling city was speechless, and immediately stopped for a moment, and then asked, "why save Ye Xiaotian, a little beast?"

"Ye Shitian is a genius!"

"I will tell you the reason, so that you will not have too much suspicion, and do not agree with the family!"

Zheng Bo's eyes swept over all the people, sighed softly, as if they were in the immortal family. He said slowly: "Miss Qi, you know ye Shitian's battle in Tianling City, also know ye's blood is extraordinary, and he has built the road of extinction. Although it is the cultivation of the eight layers of heaven in the emperor's realm, he is not afraid of anyone!"

"We should not be so proud of the family?"

"Miss seven sent the old slave to take ye Shitian back. She wanted to talk with ye Shitian, be friends, or be the people of my Beigong family!"

As soon as this word comes out, everybody is astounded!

Both the Lord of Tianling city and the thousands of people in the spirit realm below are shocked!

"What do you say?"

"Miss seven, do you like ye Shitian

"Do you want to talk with him and be friends?" The city master of Tianling city was stupefied and murmured, "this humble man with low military position can be taken seriously by Miss seven?"

Miss seven!

North Palace family seven young ladies, North palace purple jade!

What is this identity?

For the people in the land of heaven and earth, the seventh miss is the goddess and the heavenly daughter!

Because she is the seventh daughter and the youngest daughter of the family leader of the northern palace, she has been regarded as the apple of her eye since she was a child, and she loves her very much. She is not yet an adult, but has already possessed a land of cultivation for thousands of miles. Her status is higher than that of her ancestors!

Such a high-ranking existence, actually fell in love with the humble ye Shitian of low military level?

"The emperor worships the eight layers of heaven, injures you, and flies your seven grade divine king's utensils!"

"That's enough!" Mr. Zheng is still plain, grasping the whole situation with a flick of his fingers!

The city master of Tianling city looked at Ye Chen with cold eyes, but could not shake his head. He said with a smile: "ye Shitian, you are so lucky. You are so lucky that I can't kill you today. It seems that I can't kill you today, but don't be too happy. There will be people with higher status who want to kill you!"

Chapter 1337

He suddenly showed a cold smile, ordered his men to untie the confinement array, and laughed: "ye Shitian, the city Lord arrested you to torture you for thousands of years before killing you, which means you still have a thousand years to live, but now, you can't live for three days!"

There is a reason why he said so!

Mufeng, the eldest disciple of Jindao sect, is the descendant of a strong man in the later period of Hunyuan state, the leader of Jindao sect. Such a powerful young master made an engagement with Miss Qi 15 years ago!

Since childhood baby kiss, that Mufeng child, also adores Miss seven!

Now, ye Shitian wants to talk with Miss Qi, and even more to be friends?

That childe is not an ordinary person!

The city master of Tianling city is not in a hurry to take revenge when he thinks of this. Anyway, ye Shitian must have offended master Mufeng today. Sooner or later, he has to die. He doesn't care about doing it himself. He also saves himself from offending Mr. Zheng!

Immediately, the city master of Tianling City glanced at thousands of martial artists in the spiritual realm and said: "ye Shitian, it seems that ye will have a close relationship with Miss Qi! No day to talk about the Tao, and then to be friends, and then to be close bodyguards, close to the seven miss! "

"It's your blessing to kill heaven!"

"Ha ha ha, ye Shitian, your blessing!"

The city master of Tianling city seems to smile, and the murderous spirit is not hidden in his eyes. He takes the people of Tianling city directly to leave!

As soon as he left, there were thousands of martial arts practitioners below, but they were frying pan!

Miss seven!

Miss Ziyu of Beigong, the seventh most beautiful woman in the land of heaven and earth, is born noble and is the fiancée of master Mufeng of jindaomen!

Now, the fiancée, afraid of being killed by Ye Tian, is the first to take the lead!

"Don't know Mufeng, how do you think?"

"How can you think that his fiancée has now found ye Shitian as a friend?"

"What attitude, don't you see it?" One pretended to ask, but in his heart, he laughed!

A group of big disciples is the leader's parents and children!

His fiancée, help a man!

This is a good play!

"I'm afraid it won't take long. Miss seven will give you Mufeng a letter of divorce."

"Yes, yes, Ye Shi Tian Di respects the eight layers of heaven and can fight against the city master of Tianling city. In the next day, he can enter the nine layers of heaven in the divine realm, which is much better than master Mufeng!"

"If you want to find a husband, you have to find ye Shitian, which has great potential!"

"Let's break up. Let's not mix up with other people's high-level people. Let's wait until the afternoon news has passed. Let's have a look at Mr. Mufeng's reaction!"

.....

Thousands of fighters left.

The news that Miss Qi sent someone to rescue ye Shitian spread quickly around him like light!

In the distance, 30000 li away, Mufeng is having a banquet with several other friends in the city of Juling. Those who can attend the banquet are either of noble status or high combat power!

Among them, the monk Nianxin of the vacuum temple, he Xuan of Zilin Zong, Wang Peng of the flying crane hall, and so on. The top 20 talents of tianbang are all in the banquet!

What's more, there are several talented people who are ranked from 20 to 30 in tianbang. They are sitting on both sides, having a banquet and talking with Mufeng at the same time!

"Now, a new hundred big match between heaven and earth!"

"We are sure to win the place. We don't need to worry about it!"

"But the land of Golden Buddha Tantra needs to pay attention to!" He Xuan of Zilin Zong, dressed in green robes and armed with swords, looks like a leisurely young man drinking a cup of wine, and then he said: "I heard that people who came out last time said that there is a virtual shadow of Golden Buddha in the land of the Golden Buddha Tantra!"

"It seems that these eighteen golden Buddhas have fallen

"There seems to be some reaction!"

"It's just a remnant of the soul." On the edge, a strong man in black looked down, carrying a sky axe, fierce and powerful.

He is Wang Peng, the eldest disciple of the flying crane hall. He has been immersed in the cultivation of the nine layers of heaven in the spirit state. He can fight against the strong one in the second layer of the God kingdom with the four grade God King's tools!

He ate a piece of meat and said: "Jinfo Tantra, ten thousand years ago, dared to rebel and was killed by the powerful members of the Beigong family!"

"It's just death that brings out some secret place!"

"It's not for Buddhists to be able to get the inheritance skills and treasure house! Over the years, there are so many people who have entered the land of Golden Buddha Tantra, and there are hundreds of thousands of fallen talents, but none of them has taken out those treasures of inheritance! "

"I see, I'm thinking of you, you stinking monk. Maybe you'll have a chance this time."

The land of Golden Buddha Tantra!

It has been opened many times. Most of the people who go there, non Buddhists, can only seek some pills outside the mountain gate, or some semi divine king's utensils, top grade immortal utensils and so on.

Only the Buddhists can enter the interior and seek the inheritance skills of the Golden Buddha Tantra!

As well as a large number of Shenwang and Hunyuan immortal tools!

"Amitabha

"Don't be so manic, benefactor!"

A white monk on the edge, with his hands together, said slowly, "the Golden Buddha Tantra was already in the state of half step harmony, and there are two elders who are about to step into the realm of harmony. The restrictions they set are not easy to break." "But we, Buddhists and others, should be able to inherit Kung Fu!"

"Strengthen yourself!"

"Bullshit!" Wang Peng said angrily: "last time I went, I didn't split the internal prohibition! This time, Lao Tzu became the peak of the spiritual realm. With an axe, he broke through his prohibitions. Who dares to stop me from going in

"Brother Wang Peng, stop your anger!"

"At that time, I'll just wait for one!"

The wind is warm and moist like jade, and slowly raises the wine cup, indicating that people can drink it.

In an instant, a Dharma protector from the heaven of a divine Kingdom quickly ran in and held his fist toward Mufeng and said, "childe, it's not good. Something's wrong!"

"What's the matter, so flustered!"

"You must not be so flustered now that you are in the kingdom of God." Mufeng, with a smile on his face, waved his hand.

"This

"Young master, you are still drinking here, ah!" With a sigh, the Dharma protector immediately raised his head and said, "ye Shitian, who made a big event yesterday, was originally captured by the Vice City Lord of Tianling City, but Wang Qi stopped him. Finally, the city master of Tianling city made a move, but he was stopped by old Zheng!"

"Mr. Zheng, let's save ye Shitian!"

"It's Miss seven, Miss Ziyu of Beigong. She's interested in ye Shitian and wants to talk with him!"

"It's better to be a friend and a bodyguard. I'm afraid it's Miss seven who fell in love with ye Shitian. You should pay attention to it, young master!"

"What?"

In an instant, Mufeng's look changed greatly. He slapped the table and said angrily, "the garbage on the low level face dare to approach my fiancée!"

"Also on the road!"

"As a friend, as a bodyguard, as a mean beast, he dares!"

Close in as a bodyguard?

Isn't it clothing, food, housing and transportation together?

My fiancée, together with other men, talks and accompanies every day?

No way!

Absolutely not!

Ye Jingtian must die!

"Dispatch the bodyguard of the king of gods in the door!"

"Plus the elders of the inner and outer doors, and the nine elders of the supreme emperor!"

Chapter 1338

Mufeng was completely lost of his refined demeanor and was almost crazy. He ordered: "I personally lead them to kill ye Shitian. How can I let such a mean bastard get close to me, let alone talk about the truth close to me, absolutely not!"

At the moment, Mufeng is just like the eruption of a volcano. His face is full of anger. His eyes reveal endless killing intention. He pinches the God copper Cup in his hand. Soon, a clear voice appears, and a three grade immortal tool is crushed by him!

It's not easy for anyone to crush three kinds of immortal utensils!

What's more, it's a god bronze cup, which is so expensive that it's worth as much as four or five kinds of fairy ware!

You can imagine the anger of Mufeng!

"Childe

The bodyguard of Shenwang state hardened his head and said, "old Zheng is a strong man in Hunyuan state."

"We..."

"Go!"

Mufeng is proud to drink violently. He raises an immortal teapot and throws it on him directly.

At the moment, no matter what style, attitude, or natural and unrestrained, he directly criticized the bodyguards of Shenwang state and said, "Hunyuan state, is there no strong one in jindaomen? My father is the seventh heaven of the Hunyuan realm, and my ancestor is the peak of the Hunyuan realm!"

"

"I'm afraid he's not a slave!"

"According to my eldest son's order, transfer all the experts of jindaomen above the divine kingdom here to kill ye and kill heaven!"

Ye Shitian!

If you dare to go up to my fiancée, how can I deal with you if I don't kill you!

In the past 15 years, I have never approached any woman, let alone seen any woman. It is for the sake of the northern palace purple jade!

I don't want to see you again!

I'm worried all the time!

Now, you have to be Ziyu's bodyguard. I can only see Ziyu once for several years. You are looking for death!

"Yes, young master!"

"Yes, I will go now!" The bodyguard of Shenwang realm just left, but he was stopped by Mufeng!

At this moment, Mufeng, who has been completely crazy, roared: "find out ye Shitian's relatives and friends for me!"

"My fiancée who bathes in the wind, he dares to get close to me and dare to have an attempt!"

"I'm going to kill ye and kill the whole gate!"

Forbidden!

Mufeng child has already regarded Ziyu in the North Palace as his forbidden fish. Other men take a look at it and say a word with Ziyu. He doesn't agree!

What's more, ye Chen will become the bodyguard of Ziyu in the northern palace!

Ye Chen, of course, is not active contact with Beigong Ziyu, but Beigong Ziyu actively contacts Ye Chen!

But only this point, regardless of Ye Chen right or wrong, Mufeng childe must kill Ye Chen!

"Yes

"I'm going to investigate ye Shitian's origin and relationship immediately."

"No one will be let go, and we will certainly carry out the act of exterminating the door!"

The bodyguard of Shenwang state quickly goes down and informs the experts of jindaomen nearby with the highest notice!

No matter God King state or Hunyuan state, you must come in the shortest time!

In the hall, Wang Peng, Nianxin monk, he Xuan and others looked at each other in awe. Before that, Mufeng was gentle and gentle. How come now, it is so rude?

Your fiancée and ye Chenxing husband and wife matter, you anxious what ah!

"Cough, Mufeng, are you too serious?"

"It's just a bodyguard. It's a man's favorite at most."

"Not so!" Wang Peng said carelessly, "what's more, seven miss's must belong to you, and it must belong to you for the first time. Don't be so anxious. Do you want to go to war like this?"

"Attack and kill the people under Miss seven! It's equivalent to fighting with the Beigong family! "

"I don't care!" Mufeng shook his sleeve, and his whole body burst out with incomparable and powerful spiritual power. He drove Wang Peng out of the room for dozens of steps. His eyes were fierce and he said, "my favorite is to kill Ye Tian. I don't allow him to stay by Ziyu's side!"

"You also..."

"Wang Peng, if you dare to say one more word, I will break out all my fighting power today, and I will kill you no matter whether you live or die!"

As soon as this word came out, Wang Peng was no longer able to mix up again, and he sat down to his position.

On the edge, he Xuan sent a message to Nianxin monk: "Mufeng is crazy. If you want to kill a lowly servant, just send a few people. Why do you have so many people and make such a big noise? Miss Ziyu has ignored him these years. It seems that there are some problems in this respect."

"Benefactor he Xuan!"

"My fiancée was nearly robbed. Keke, although ye Shitian is a man of low martial level, he can't stand it as a man's pet, serving in front of Miss Ziyu! " Nianxin monk's voice was restored and Mufeng didn't know about it.

"Ladies and gentlemen, I'm not in the mood for any more banquets!"

"Drink each of you!" Mufeng swung his sleeve and left directly. He drove the flying fairy to leave!"Ye Shitian is expected to fall on Mufeng's hands this time!"

Wang Peng ate the meat and said carelessly, "a man with a low level of martial arts is innocent, but she has no background, but she is also favored by Miss Ziyu. That is the original sin, and the crime of robbing and destroying the family!"

"Miss Ziyu is equivalent to a goddess and a princess. Is it possible that ye Shitian, a low-level hybrid, can climb up to the top, even if she has some relationship with her, it is a death penalty!"

However, he Xuan said: "if this man with a low level of martial arts is the son of a top family, I'm afraid Mufeng doesn't even dare to fart!"

He gazed at the distant figure of Mufeng. "Ye Jingtian is bound to die. Mufeng's mood is damaged. I'm afraid miss Ziyu will dislike him. We have already taken the lead in this trip to Jinpo Tantra."

.....

At the moment, ye Chen naturally did not know that he was lying also shot, he was confused looking at the people in front of him.

Wang Qi and others see dust settled, eyes fall on Ye Chen's body: "OK, go."

Wang Qi said and then walked a few steps, but soon he found something, the pace stopped, turned his head, and looked at the leaf Chen who did not start: "why don't you go?"

"Why should I go?" Ye Chen frowned.

Wang Qi a Zheng, facial expression black come down, way: "are you refuse?"

Ye Chen shook his head and said directly, "first of all, I don't know Miss Ziyu in your mouth! And I won't leave with you! "

"Second, I'll repay you for today's business, if you have a chance in the future."

No!

No one thought Ye Chen would refuse!

This is a great chance!

Beigong family by the people do not know how many people dream of existence!

Not to mention the status of the Beigong family, there is no courage to refuse the beauty of Miss seven!

Who doesn't want to be near miss seven? Who doesn't want to climb up to the Beigong family!

And now, there are people who refuse!

No fool!

At this moment, countless people look at Ye Chen's eyes are very strange!

Envy, jealousy and hatred!

Chapter 1339

And ye Chen naturally has his reason to refuse!

The young lady of Beigong family has a high status. There are all the bodyguards of shenwangjing and the subordinates of Hunyuan realm!

It's just a young lady of this rank. What do you like him for?

Is it true or do you want to steal something from him?

The way of extinction?

Ye Chen knows the way of extinction, which is extremely powerful. At the same time, there are only one or two people who can build it. In addition, the road can be separated. Who knows whether the other side is greedy for his own way of extinction. After all, he has never seen Ziyu in the North Palace before. He knows his face and does not know his intention.

"Cough, little brother!"

"Don't worry, I won't hurt you yet!"

"This time, if it wasn't for us, you would have fallen!"

Wang Qi walked in slowly, smiling.

He thought that his attitude, ye Chen will compromise, but did not expect, ye Chen still turned away.

It's like I don't care about Miss Beigong at all.

At this moment, Wang Qi was not calm and forced to suppress his anger. He said, "ye Shitian, do you know how many people are attached to my Beigong family?"

"If you leave today, you will regret it."

"There are numerous powerful members in our Beigong family, and they are also powerful forces in Lingwu mainland! If you live here, you will die in three days

"Once upon a time, longxuanxian Zun and Lingyun xianzun were as arrogant as you. In the end, we did not compromise our Beigong family! You will regret it! "

When Wang Qi plans to continue to say, ye Chen's body suddenly is stunned!

Lingyun xianzun!

These four words blow up completely in Ye Chen's mind!

At the beginning, ye Chen destroyed a fairyland of Lingyun xianzun, and Lingyun naturally would not bind Xia Ruoxue and Ji Siqing there.

At present, he wants to know the whereabouts of Lingyun xianzun is a luxury.

He suffered from the absence of Ji Siqing and Xia Ruoxue!

And now, from Wang Qi's words!

Ji Siqing and Xia Ruoxue must have something to do with Beigong family!

It may even be in the land of the Beigong family!

Ye Chen turns around, gaze at Wang Qi, word by word: "what is your last sentence just now?"

Wang Qi some can not feel the brain, but still way: "you will regret."

"Last sentence."

"Once upon a time, the immortal immortal and the immortal immortal revered him..."

Wang Qi words have not finished, ye Chen is direct way: "I changed my mind, I go."

At this moment, Wang Qi and the people around are stupid?

The Beigong family and miss Qi are not enough to attract this boy?

As a result, the names of longxuanxianzun and Lingyun xianzun attracted ye Shitian?

What the hell is this!

.....

On the way.

Wang Qi took out a bottle of Shenwang pill and said, "this is the Ning body pill. After taking it, you can recover your body quickly. At least, your injury can be restored to more than 70% or more. The eight grade Shenwang pill is not cheap!"

"Take it quickly." He put the king of God into Ye Chen's hand and looked at Ye Chen carefully.

In front of the youth, looking slightly handsome, the root bone is only 30 years old, that is, the realm is lower.

However, since he came from the low military level, it was normal. After all, Emperor Zun was the limit of low military level, but he was able to have the combat power comparable to that of the king of the United States. He was also a genius who could cross two great realms. At least, those who could do this were too few and rare!

"Ye Shitian, I ask you, how long have you practiced?"

"How do you feel about the way of extinction?"

"Of course, we want to make friends with each other. You don't have to worry too much!" Wang Qi looked flat and said slowly, "maybe, you should be more curious. It's the lady of Ziyu in the North Palace. She called the roll herself and asked you to discuss with her."

"There is not much understanding of the way of extinction." Ye Chen responded blandly: "it has not yet reached the level of annihilation. If you practice, it is only six or seven years from ordinary people who have no fighting power to the present state."

Six or seven years!

Wang Qi was surprised and praised him a little. After all, it was hard and difficult to practice at the low level of martial arts, which was no less difficult than that in Lingwu. Ye Shitian spent seven years cultivating from ordinary people to such a level. He was worthy of being a wizard in Miss Qi's eyes!

Such a genius!

Fun, fun!

"What's the origin of Beigong Ziyu?"

"What does she need from me to save me?" Ye Chen asked, still with a trace of suspicion, some difficult to believe, after all, for no reason, even face have not seen, the other side to save themselves, it is indeed some unreasonable.

If it was not for Xia Ruoxue and Ji Siqing, he would not have changed his mind.

"You don't need to pay any price. You just need to discuss with Miss Qi about how to cultivate the way of extinction, how to practice Dharma formula, and so on, and so on Wang Qi said slowly, "you don't have to worry about killing you. If you want to take your treasure, you won't be sitting here, but sitting in the bottom prison!" "As for the origin of Miss seven!"

"The seventh lady, Ziyu in Beigong, is the seventh daughter of the head of my Beigong family. Although her accomplishments are not high, she has just entered the peak of the spiritual realm. She is about fifteen or sixteen years old! But she's the master of resources! In the future, one person must be under ten thousand people! "

"Miss Qi is naturally fond of playing and is very interested in all kinds of anecdotes and anecdotes."

Wang Qi said the reason for rescuing Ye Chen, "there are only two things to save you. First, Miss seven wants to discuss with you and learn your way of extinction! 2、 You are too strong to fight. You have crossed two realms. Miss Qi is interested in you

Simple and clear, the original reason said!

Believe it or not, whatever you want!

In any case, a little guy with eight layers of heaven in the emperor's respect, even if he has any idea, can Zheng Bo of Hunyuan Kingdom sit in the town, can you still turn the sky?

"Little brother Ye!"

At this time, Zheng Bo, who had not appeared, came slowly. He looked at Ye Chen with a smile on his face. He said with a smile, "it's not too serious. When you see the young lady, you can almost recover. Maybe there will be a few hours. You can take pills to cure your wounds!"

"The question in your heart has been answered by Wang Qi!"

"I know that every one of you, such as you, who come to Lingwu land, is a strong one who has climbed out of the sea of corpses and blood. It's normal that you are suspicious and don't believe people. I don't give much explanation. As time goes on, you will understand it naturally."

Hearing Zheng Bo and Wang Qi's words, ye Chen ponders slightly.

In the tomb of reincarnation, the ice sword immortal Zun said: "boy, it should be OK!"

"One Hunyuan state seed stage, six Shenwang state junior high school period, how can you do it, you have already started!"

"Of course, it is necessary to guard against people!"

"Don't worry too much!"

"It will take another night, and I will be free to control my power!"

"At that time, I will be able to break out 10% of the strength of my heyday, which will be enough to calm down any trouble in front of you!"

"Thank you very much Ye Chen in the reincarnation of the tomb slightly clasped hands!"

At the moment, Nie Baijian and Wang Qiantian are no longer powerful.

Only master Bingjian xianzun is left with his fighting power, which is Ye Chen's greatest strength. As long as he can survive this evening and face any enemy, ye Chen will not be afraid of it!

Chapter 1340

This moment of Ye Chen unconsciously released a very strong momentum.

This momentum seems to be king in the world!

The pressure is incomparable!

Zheng Bo, who was about to say something, felt a chill.

He was secretly frightened.

He is three levels higher than the youth in front of him!

After entering the realm of God, a small gap is the natural moat!

What's more, the three realms!

In the whole land of Lingwu, he had never seen a young man release such a threat to him.

What is the origin of Ye Shitian?

"Little brother Ye!"

"Are you distracted?"

Zheng Bo didn't want to meet Ye Chen, so he said something.

Ye Chen hears the voice, this just realizes improper, hastily takes back momentum.

"Sorry, I was thinking about something."

Zheng Bo nodded, and then he opened the topic: "our young lady, although she is young, is a great nation. There have already been many headmasters of various sects, and even the princes of other families, they adore her a lot."

"One of the ten beauties! What's more, miss's fiance, Mr. Mufeng, is looking forward to her day and night and is not allowed to meet. "

"If the other soldiers are rescued by the young lady, I'm afraid they will be ecstatic and can't sleep all night. I pray to see you as soon as possible!"

"It's you. Not only are you not surprised, but you are calm and make me a little surprised."

According to Zheng Bo.

Although ye Shitian is a man from a low military position, his blood is absolutely extraordinary!

It should be a family member who has missed out on the low level of martial arts, and has experienced the situation of low level martial arts. His determination naturally surpasses that of the ordinary school!

In addition, the combat power is unparalleled, and the way of extinction is called a genius!

It's no wonder that Mufeng coveted Miss Mu and even waited for months. Miss Mu never saw Mu Feng, but she said that she wanted us to save ye Shitian. She didn't care what the outside world would do, let alone consider whether saving ye Shitian would damage her reputation!

In addition, ye Shitian's breath just bloomed on her body, which is bound to hide a huge secret!

Miss, this move is likely to be a key move.

Of course, the premise of everything is that ye Shitian must be obedient.

"Mufeng?"

Ye Chen suddenly thought of the words of the Lord of Tianling city before he left. He was interested and asked, "I'm afraid I was hated by this eldest son."

Without any reason, ye Chen got into an enemy!

One has the status, and has the strength, or the top 10 Mufeng.

What is it called.

What did Zheng bogang want to say? Suddenly, dozens of crackles came from outside!

The Beigong family's car is obviously under attack!

"Who?"

"so bold that we dare to attack our boat!"

Wang Qi was the first to rush out.

After that, ye Chen and Zheng Bo also rushed out, and they got a group of powerful people in the sky. Among them, dozens of God King's realm martial arts were suspended behind. There were dozens of God King's ways, such as the God of fire, the God of heaven, the God of earth, the God of wood, and so on. Each of them was extremely terrifying, and Jianzhi filled the sky!

So powerful!

Ye Chen is the third time to see, the second time is to see two sects fighting in the temple. It is also dozens of powerful gods fighting each other, but there is no such momentum. The first time is the arrival of the blood spirit family. There are a lot of Shenwang martial arts, but none of them is blooming!

Martial arts, the strongest way!

When the emperor worships the martial arts, when he wants to make the biggest attack, he will bloom the rudimentary form of the road, and so will those who enter the realm of God!

Like the city Lord of the spirit city in the five layers of the divine Kingdom, when he wants to kill Ye Chen, he also shows his own God King way to enhance his fighting power!

Now, dozens of God kings are gathering to fight?

Zheng Bo looks cold, not to encounter a strong enemy, but disdain, even a sense of provocation!

He raised his left hand slightly, and a series of space blades appeared in the palm of his hand, which gave full play to the breath of killing. In an instant, he shrouded dozens of powerful gods in the opposite direction, as if he could kill each other as long as he put his hand!

He said coldly, "jindaomen, seven Dharma protectors in junior high school, seven Dharma protectors in later Shenwang state, and peak elders are all here!"

"Dare to attack the Beigong family's car!"

"What are you going to do? Are you going to fight against my Beigong family?"

"Mr. Zheng, you misunderstood me!"

An old voice came, the sound line is very unstable, as if the next moment will die of old general!

Soon, an old man with gold robes stepped into the air and followed by a young man. It was Mufeng!

At the moment, Mufeng stands beside the old man in gold robe, glaring at Ye Chen with indignation on his face.

The old man in golden robe is the seventh elder of the golden sword sect. Mu Tianbo is also the great power of Hunyuan state. Mu Tian Bo looked cold and said slightly: "attacking your car is not to attack and kill you, Mr. Zheng!"

"It's me, the younger generation, who wants to find ye Shitian around you and have a fight with each other!"

"After all, ye Shitian is not a member of the Beigong family."

Mu Tianbo, as one of Mufeng's masters, loves Mufeng from his childhood and treats him as his grandson!

Just now I heard that someone wanted to rob Mufeng's fiancée, the seventh miss of Beigong family, Beigong Ziyu!

Immediately led many Dharma protectors and elders to support Mufeng!

No one can destroy the marriage between jindaomen and Beigong family.

What's more, jindaomen, the most important sect under the Beigong family, can't let a low-level and humble person approach the high-ranking seven young ladies!

"Learn from each other?"

"you are very optimistic about Mufeng, old man!"

"The peak of the nine layers of heaven in the Shenjing realm, you want to challenge and compete with the eight layers of heaven in the emperor Zun state?"

"In the name of deceiving the small, it's good. It's really in line with the reputation of jindaomen."

Although Zheng Bo is a servant of the Beigong family, he is also a servant of the Hunyuan kingdom. He is also the leader of the guard team of Ziyu in the northern palace. His position seems to be low, but he is not low!

"Hum!"

"Ye Shitian, you mean thing, dare not come out to fight with me?"

"If you want to get close to Ziyu, are you qualified?"

Mufeng angrily scolded: "the son of a bitch in the eight layer heaven of emperor Zun territory has the ability to fight. I'll kill you with one move!"

"Before that, you were able to fight against the Lord of spirit City, but only relying on foreign objects!"

"I want to deal with the city Lord of Tianling city. If you don't rely on immortal tools, you won't lose. It's thousands of times stronger than you who are useless!"

Listening to Mu Feng's scolding, ye Chen seems to understand something and is about to go forward.

However, Zheng Bo stopped him, shook his head slightly, and whispered: "you are not healed. Don't conflict with him. He is the son of the leader of the golden sword sect. He has practiced martial arts since childhood. He has high fighting power. He can use the divine weapons to fight against the people in the second and third layers of the divine kingdom!"

"If we use blood to fight against the Lord of Tianling City, it is not difficult!"

"But you should get hurt. Don't worry for a while."
