

Physician 1341

Chapter 1341

"Mr. Zheng misunderstood me!" Ye Chen slightly arched his hand and motioned to Mr. Zheng. He immediately took a few steps, looked at Mufeng and Mu Tianbo, outlined a smile, and said, "I understand. The reason why you bring so many people, even your elders call here, is to embolden yourself!"

"I think your father is not here!"

"Otherwise, you can ask your father to support you and see what you look like. I haven't seen Beigong Ziyu, let alone chatted with him, but Beigong Ziyu took the initiative to find me!"

Ye Chen's morale is not bad at all, slowly said: "look at your fiance, how not confident?"

"When your fiancée saves someone, you are so angry that even your parents and grandparents call it out!"

"Want to take advantage of the crowd to deal with me?"

"You want to compete with me? Come in while I'm hurt? "

"It's ridiculous!"

"If I return to my heyday, what is your bathing in the wind?"

Ye Chen also held a breath, was chased for a day and a night, originally angry!

I didn't expect that she was saved by a girl's servant just now. As a result, the girl's fiance chased after her. She married as if I had robbed her daughter-in-law. Obviously, I haven't seen Beigong Ziyu. I didn't say a word to Beigong Ziyu. What are you worried about?

"Ye Shitian!"

"You dare to talk nonsense!"

"I promise you will not live today."

Mufeng has not been so spoken since childhood!

What's more, a mole ant said it was nothing!

What a shame!

He stretched out his hand, pointed to Ye Chen, and said word by word: "ye Shitian has the ability to fight!"

"Fart out of here!" Ye Chen is also angry, directly said: "you're in the nine layers of heaven, my emperor respect the eight layers of heaven, you are really shameful!"

"I'm not afraid of you. I'm not afraid of you. I can't stand it. If I don't apologize to me, I'll sleep Beigong Ziyu. Anyway, it's fiancee or baby kiss. What can't I rob?"

Hoo Hoo Hoo Hoo!!!

Hoo Hoo Hoo!!

As soon as these words came out, everyone was shocked.

In particular, Wang Qi and several shenwangjing bodyguards looked at Ye Chen, and their eyes changed.

I'm afraid the only one who dares to make such a joke on Miss Qi is the young man in front of him!

Although Zheng Bo had some anger in his heart, he also knew that it was a joke and did not attack.

However, the move is undoubtedly tacit in the eyes of jindaomen!

Mu Tian Bo's old face is gloomy to the extreme!

Mufeng directly roared: "ye Shitian, I swear to kill you!"

Mufeng roared like a Madman: "come out, come out, fight!"

"Get out of here! Get out of here

"If you don't come out again, you're not a man. You dare not do it. I will try my best to kill your family!"

"If you don't get out of here again, I'll kill each one of your family, relatives and friends who kill Tian ye in the future, and let you see the price of provoking me!"

"Listen to the Dharma protector of the golden sword gate!"

"With the order of the elder of the golden sword sect, I will tell you about the land of heaven and earth, and even all the warriors in the world!"

"Kill ye Shitian's relatives and friends, I present a nine grade immortal utensil, kill ye Shitian's parents, I present the divine king's utensil, insult other women who play dead leaf's killing heaven, I present Hunyuan immortal's utensil!"

In the sky, everywhere is lingering the sound of the wind howling, even in the continuous echo!

The people of jindaomen and Zheng Bo were hissing. One side was cold and looked at, and the other side was speechless. However, they highly appreciated Ye Chen's courage. Jindaomen would offend if they offended, or they would never die!

However, ye Chen's face is gloomy and cold, and his eyes show a way of killing. He looks up and down and is almost mad at Mufeng. He thinks secretly in his heart that he wants to kill my whole family and my relatives and friends?

Your golden sword gate will become the second Blood Sword gate!

But it will be my Ye Chen, the first sect to be destroyed!

Only by eradicating the roots can we eliminate the future trouble forever!

From this moment on, ye Chen made a thorough determination to destroy the jindaomen. It was not because of Mufeng's crazy words, but because of his actions. He wanted to reward Ye Chen's relatives and friends, so he could not stay!

In addition, although Mufeng may be unintentional words, but unintentional words, many times is the true expression of the heart!

Since Mufeng has such a heart, it is necessary to strangle the danger in the cradle!

"All right

"Mr. Zheng, don't you give me an explanation?"

Mu Tianbo let Mufeng shut up for a moment, and said coldly: "the marriage between Miss Ziyu of Beigong and Mufeng was made by the head of the Beigong family. Do you want to break the contract?"

"Now, ye Shitian's life is to break the contract!" "If you don't want to kill him today, I will kill him as well. Besides, you have to give us a reply!"

Bang!!

Zheng Bo shot his hand in an instant, just like thunder and lightning. He slapped his hand in Mu Tianbo's face!

Immediately, Zheng Bo said coldly: "strength is the reply! Ye Shitian, who is the seventh miss, can't die anyway

"Even if you all die, ye Shitian, you can't die!"

"Lingwu mainland, strength is respected!"

"You Mu Tianbo was covered with blood, and his gold robe was soaked with blood. However, he said angrily, "you still have to break the contract. You are guilty of our golden sword gate. That's not what the North Palace Master said when he was on the throne!"

"Since you are going to break the contract!"

"My golden sword sect is not easy to bully. My poor cultivation does not mean that I can be bullied!"

"Whatever you want!" Zheng Laoyi shakes the cuff, also does not pay attention to Mu Tian Bo.

"You two, don't be so eager!"

"What Mufeng said can't be discussed!" Ye Chen suddenly came out and saw the opportunity to kill him in the corner of his eyes. He said, "tomorrow will be a great contest between heaven and earth. Since Mufeng wants to fight, let's fight on the challenge arena."

War!

Not only fighting, but also killing Mufeng!

But now my strength has been greatly damaged and has not been recovered. The strength of the ice sword immortal master has not been completely controlled!

Otherwise, we don't have to wait until tomorrow, today we will kill Mufeng!

"Life and death are determined by the challenge arena!"

"I also give Mufeng a chance to vent."

Ye Chen doesn't see Mufeng in his eyes at all. As long as he is promoted to the Ninth Heaven of emperor Zunjing and holds the Zhushen general and the soul destroying demon gun, there is no problem in the first World War. With the devil's eye, Mufeng can be killed.

"Ha ha ha ha!"

"You're going to die, you mean bastard

"Well, I'll be waiting for you tomorrow."

Chapter 1342

"But don't worry, I'm the eldest son of jindaomen!"

"My golden sword sect is the dominant sect of Dabi. I will let people arrange it. If you want to die, you must die in my hands."

"Tomorrow's war will determine not only life and death, but also the ownership of Ziyu."

"I don't have the habit of taking women's ownership to make a decisive battle!" Ye Chen did not fear, even scornful way, "and, I already have a beloved, I have no interest in the North palace purple jade!"

"You

Mufeng was angry again, his lungs were almost exploded, and his head was fuming with anger!

However, Mu Tianbo snorted coldly and said, "ye Shitian, you son of a bitch, tomorrow will be the day of your death. Today you dare to touch Ziyu. I will make your family live in peace. Ziyu is my fiancée of jindaomen!"

"Get out of here, old man who depends on the old and sells the old!"

"Prepare a good coffin for your grandson tomorrow Ye Chen left a word, directly into Zheng Bo's car!"

Zheng Bo waved, cut open the space, ready to send off. Mu Tianbo took the man with him and left. I believe that soon, this matter will spread all over the land of heaven and earth.

In the car, Zheng Bo, with a black face, said to Ye Chen: "ye Shitian, if you dare to destroy the reputation of the young lady again, your words will do harm to her. I will abolish you!"

Ye Chen pine shoulder, ignore Zheng Bo, take Shenwang Dan to heal.

Soon, the party came to the ancient city.

.....

At the same time, China, Kunlun virtual deep.

In the palace of light.

Ye Luo Er is pacing ceaselessly, looking at the pale red blood vein on the arm, faintly some uneasiness.

Ye Luo'er stops in his hall and looks at the white moon through the dark window, but he is sad.

"Brother Ye left for a few days, and I have recalled some scenes in succession."

"There are dead mountains and blood seas, blood spirit families, and even Lingwu land."

"After all, why?"

She spoke softly and stood in front of the window, floating in white like a cold fairy.

However, in these days, I often recall scenes of scenes, among which there is a sea of corpses:

it is between a lush forest and the ancient city pool.

In an instant, countless flames and light blades cut through the heaven and earth as if they were exterminating the world. A group of powerful warriors were killing hundreds of people. Those people were dressed in blood red robes, with dragon patterns carved on their chest and Dragon Wings on their backs.

It seems that every one of them is the existence of destroying heaven and earth.

Hundreds of strong men and women were killed, and the young men and women were seriously injured. However, the young men and women were very beautiful, wearing dragon robes and crowns, and the

women were floating like immortals. They were holding babies in their hands. They were decisive and cold on their cheeks, but they were extremely difficult. It was like they had just given birth to a child. They were badly wounded. How strong their fighting power was!

The group of people pursued and killed young men and women, thousands of miles away, along the way to destroy the land of fairies and animals.

Even to the end of the chase, the young man was hit by countless laws and light waves, and fell into the endless sea, life and death do not know.

The woman hesitated, came to a place of space transmission, the baby in her arms, sent away, and then killed herself out of the temple, submerged in countless laws, the same life and death do not know.

"Men and women, babies..."

"Is that the scene where Luo'er and his parents are separated?"

"Where is brother Ye now?"

For Chloe, she had no family.

The only relative is Ye Chen.

Ye Chen is her most important person.

Ye Luo'er whispered to herself. At the moment, he was like a ghost without a master. He was wandering around the house. The powerful men in the dark hall around him bowed down to her and gestured to her. She didn't seem to hear it. Gradually, she came to Ye Chen's room, stroking the refining utensil Dan Ding used by Ye Chen, and remembering the scenes with Ye Chen.

No, she said to herself: "Is that scene, really the scene of my parents and I separated?"

"Every time I think about it, my heart will ache, my head will throb, and the scene will become clearer and clearer. From seeing the appearance of young men and women, with the increasing number of dream memories, I gradually see their appearance, clothes and weapons."

"Are they my parents?"

"But why are parents being chased?"

"My father, who fell into the endless sea, is still alive?"

"The mother who killed the temple fell down or was captured? Why did so many people chase and kill us, but my mother put me in the transmission array and she didn't go? "

Ye Luo'er whispered: "elder brother Ye has said that every transmission array is built by the power of creation. Is it true that the person who pursues his father and mother has already surpassed the realm of nature. Is he a strong star or a strong seal, so that his mother knows that she can't leave together, so she goes out to fight for the running time of the space transmission array, so that she can send me away? ""What happened then?"

"Are parents still there?"

"Brother ye, how are you now?"

Ye Luo'er sighs and shakes his head slightly. He walks out of the room and sees Zhou Yan.

Zhou Yan is a casual practice that Ye Chen got to know in the secret place of blood spirit. Later, he joined the dark hall. With the development, he became the helmsman of Guangming hall in Han family. Last time, he sent someone back to Wei Wucheng and led people to come!

Now, he has entered the later period of emperor Zun's realm. He has become the Deputy elder of the heavenly army of Ye Chen's Guangming palace. He is practicing the soldiers composed of Daoyuan territory. According to Han Yun's idea, even if he is defeated one year later, he will have to fight a war.

Even if he kills the enemy by self explosion, his realm must be improved, otherwise the power of self explosion will not be enough.

"Miss Ye!"

"What can I do for you?"

Zhou Yan arched his hand and motioned to ye lu'o'er, and immediately asked respectfully.

He knows that ye Chen treats ye lu'o'er as his sister.

Naturally, we should have such an attitude.

Ye lu'o'er shakes his head, and suddenly thinks of Ye Chen, and then asks: "Zhou Yan, if it's elder brother ye, and discovers some very important things about his family, but he doesn't know the truth, what will elder brother ye do?"

"Hall master, I'm sure I'll make a thorough investigation."

"In any case, everything will come to light one day."

Zhou Yan solemnly and seriously replied: "as long as you are willing to check, everything will get the truth. If you don't, you may not get the answer all your life, even if you die, you don't know why!"

He asked subconsciously, "what's the matter, Miss ye? What's the matter with the temple master?"

"No!"

"I don't know about elder brother Ye's situation, but I have some doubts. I happened to meet you and ask about it!" Ye lu'o'er finished and was about to leave.

However, Zhou Yan said: "Miss ye, you are very important to the temple master. If you have any problems or your parents' affairs, you should go to check. The temple master will definitely help you. I also know that your identity is not simple!"

Chapter 1343

He stopped for a moment and then said, "I'll give you a suggestion. The Lord of the temple always has doubts to investigate, and questions to be investigated. You should explore your identity, at least your birth is not simple, ordinary people can not hurt you

"Perhaps, you are a noble person, born in a big family with high military position, and you are the most favored daughter of heaven. Perhaps you are more than Miss Ji Siqing, who has been worshipped by the immortal of Lingyun."

"You are born extraordinary, if you go to check."

"Maybe we can return to the family, and use the family power at that time, which will be of great help to the temple master!"

It's very helpful for the temple master!

Ye Luo'er didn't listen to the other words, only this one!

In an instant, Ye Luo'er's face changed, and she became firm and resolute, just like seeing the sky through the clouds. She no longer hesitated. She firmly believed: "yes, Luo'er needs to explore her own identity. Maybe Luo'er can help you a lot."

"Brother ye, you don't have to be humiliated by Lingyun xianzun!"

"When the time comes, Luo'er will help elder brother Ye crush everything and welcome back Ji Siqing and Xia Ruoxue for elder brother Ye!"

Ye Luo'er strengthened his confidence and said, "elder Zhou, I'm going to Lingwu land. Please tell Han Yun Ge Lord that they are there!"

Then Ye Luo'er went straight to the spirit city.

When Zhou Yan reacts, Ye Luo'er has disappeared at the end of the sky!

.....

Soon, Zhou Yan came to a closed palace. He clasped his hands and said, "master Han, Miss Ye Luo'er has left. It seems that he is going to the spirit city. He wants to go to Lingwu land to explore his identity and help the temple master. Do you need me to lead someone to bring Miss Ye back?"

Ye Luo!

Although the master of the temple is young, he also has the early cultivation of emperor Zunjing!

However, such cultivation in Kunlun is still unimpeded. If you go to Lingcheng or even Lingwu land, it will be very dangerous.

Do you want to chase Miss Ye back?

When the hall leader left, he didn't explain Miss Ye's affairs.

"Ye Luo Er!"

"She's gone." Han Yun wakes up from the closed door, has completely disappeared white hair appearance, turned into a middle-aged man, sitting cross knees, thinking: "her identity is not simple, we are not qualified to intervene in these!"

"If she can really help the temple master!"

"It's also to save Kunlun Xu. Let her go. It's useless to stop it. As for life danger, her blood power is very strong, at least far more than the blood spirit people. We can't stop those who really want to hurt her."

"And she inspires blood, and we can't stop her!"

Let her go!

Today's palace of light, without the master, there will be no top combat power!

Ye Luo'er is the blood of the holy dragon. It comes from the top families in Lingwu land. If you want to hurt Ye Luo'er, we can't stop it.

If Ye Luo'er returns to the family, I believe he can also bring some strong men to the temple master!

Therefore, Han Yun thinks that it's good to watch the changes of the palace of light!

"I see!"

"I'm down!" Zhou Yan clasped his fist and left immediately!

Ye Luo'er's departure did not cause much disturbance in the hall of light. The main reason is that the main cabinet masters and vice cabinet masters of the hall of light at the moment. All the strong men in the upper ranks of the platoon are in the process of closed cultivation, and they don't even know about it!

Even the leaders of the five cities and three sects, such as xingjianmen, and their followers are all practicing.

Before the rapid development of Kunlun Xu, Zhou Yan, Heiyao, Huang zhantian and others dominated all things of Kunlun Xu, mainly because their foundation was unstable and they could not improve the realm for a long time. They simply took charge of the daily operation of the palace of light and so on!

Since ye Chen left, there has been no war in Kunlun Xu.

All the sects and family forces, etc., are unified by the Guangming palace. Under the same hall, they will not fight against such powerful enemies as the blood spirit clan.

At the moment, ye lu'o'er, with the cultivation of emperor's dignity, said that she was strong or weak!

she came to the outside of the spirit city and looked at the boundless blue protective cover, and wrapped up the huge spirit city. Only by obtaining the spirit card, could she not enter the spirit city.

"Are you?"

"How familiar you look

"No, it's the people around Ye Chen!"

A group of middle-aged warriors, instantly recognized ye lu'o'er.

Among them, the elder of the Li family was the main one. He looked at ye lu'o'er with a look of horror. He kept remembering that since the arrival of the blood spirit clan and several times of fighting with Kunlun Xu, all their families and factions sent people to Kunlun Xu to investigate all the friends and subordinates around ye Chen!

Of course, including the Yelo in front of us!

The other side, it seems that ye Chen is very important to the woman!

"Are you?"

"Spirit City, how can I get in?"

Ye Luo'er became a little bit frosty, and no longer looked like a girl like before. She was in a white robe and a fairy skirt, holding a long ice sword. She was as graceful as Chang'e in Guanghan palace. "Are you from the city?" she asked

"I want to go to Lingwu land. How can I get in?"

"What do you need?"

"Are you from ye Chen?" Parents Li asked cautiously, "are you ye Luo Er?"

"Yes, I'm Carol!" Ye Luo'er's eyes were suddenly sharp. He looked at the elder of Li's family in doubt, and gradually became suspicious. The cold ice sword in his hand flowed with a blood red glow, and the smell of terror seeped through his way!

Bang bang!!

Bang!

The team of middle-aged warriors stepped back a few steps.

In particular, the elder of the Li family looked at ye Luo'er in horror and said, "you are really a person from the land of Lingwu. You are of extraordinary origin, and you are of top blood."

His heart trembled not to think of the cableway: only part of the power of blood distribution, there is such a power!

If it broke out completely, wouldn't it be able to kill the ancestors in the later stage of the divine realm?

No wonder they will follow Ye Chen. Ye Chen is full of extraordinary people!

There are female disciples who have been worshipped by Lingyun xianzun in front of us. Here comes a young princess with superb blood and even a little princess left by the top families in Lingwu mainland. We must treat her well!

Otherwise, it will be a disaster!

"Cough!"

"Miss ye, I have seen the master of Ye Dian several times!"

"The head of my family is already under the command of Ye Chen hall master. In a word, we are also people of your temple of light."

Li's parents always show a warm smile. They are right. The leader of the Li family is sealed by Ye Chen. They are also ye Chen's subordinates, half of the people in the palace of light. At the moment, he said in detail: "our name is the spirit city. To enter the spirit City, we need a spirit card!"

"It's a pity that kunlunxu has almost no Lingpai."

"But we can sacrifice one person to miss ye here!"

Chapter 1344

He motioned to the Li family around him, and soon a young Li family handed out a magic card. He then handed it to ye luo'er and said with a smile: "Miss ye, we admire the divine power of Ye Dian Lord. My Li family will open the way for you. If you want to go to Lingwu land, we will help you do it!"

"Enter the magic card!"

Ye luo'er holds the green card in his hand, his eyes twinkle and nods slightly!

"Wait a minute!"

"Sister lol, I'm going too!"

At this time, a petite little girl rushed over, wearing a pleated skirt and holding a generation of snacks in her hand. It was Ji Siqing's younger sister, Ji Lin, of course.

She was followed by a number of Ji family strong men, it seems that the other side is protecting her.

"Ji Lin!"

"What's the matter with you? Why are you here when you're not in the Ji family?"

Ye luo'er stroked Ji Lin's forehead and asked carefully, "it's very dangerous here. There are strong people everywhere. My sister also wants to go to the land of Lingwu. You're good. Go back and stay for a year or two. I'll be back with the temple master and your sister."

"It's only a year or two. Honey, go to China and play. Don't stay here."

"No!"

"Sister luo'er, I'm going to Lingwu land, too!"

Ji Lin said with a serious face: "my sister paid homage to the immortal statue. When the old man came to our Kunlun void, he was very strong and overbearing. I didn't like her. Even ye Chen didn't know where to go!"

"So, I'm going to find my sister!"

"Who knows if the old lady Lingyun bullied my sister?"

Ye Luo'er, with her eyebrows and slight frowns, caresses Ji Lin's small cheek and says softly, "Ji Lin, my sister is going to Lingwu land to find her own family, and then help elder brother Ye. Your sister is a member of Lingyun immortal. It won't take long for you to come back."

"Or are you still in Kunlunxu and so on

"I don't!" Ji Lin insisted: "I know a lot of things these days, such as the great power of Lingyun xianzun. It takes hundreds of years for the disciples to shut up, and it takes thousands of years to explore a place!"

"If Lingyun xianzun doesn't mean to, let my sister practice for hundreds of thousands of years!"

"Isn't it going to take me a long time to see her?"

"So, I want to enter the Lingwu land. I want to find my sister and ye Chen as well."

"All right." Ye Luo'er nodded, quite pleased, and said with a smile, "let's go to Lingwu land together!"

Do you still have the second hand to the elder

"Yes!"

"Here Li's parents took out a magic card and handed it to Ji Lin.

On the surface, he is light, but in fact he is painful!

Entering Spirit card is extremely precious!

He takes out one, which represents his own right hand, and his subordinates will never be able to enter the spirit city!

"Thank you, elder Chen." Ji Lin said goodbye, as ye Luo'er entered the spirit City, Li's parents were on the side.

Just stepped into the spirit City, there are several breath in the air!

A number of characters in the late stage of entering the divine realm are flying into the sky. It seems that ye Chen has come back again. Several ancestors who have entered the nine layers of heaven in the divine realm have risen to meet them!

Among them, there is a character, come faster!

The Li family leader, who was in a state of mind for seven days, clasped his fist at ye Luo'er and Ji Lin and said, "Ladies, what can I do for you?"

At the same time, Yukong, the ancestors of the three schools and five families, saw that ye Chen was not here in person, so he took a look at the Li family elder who reported the news. He sighed a little. He went down into the sky and sat in his attic to listen to the dialogue between ye Luo'er and the Li family master with the power of soul!

After all, it's not ye Chen!

There's no need for me to go out to meet him in person. It's good for the master of the Li family to go. Anyway, he's also under Ye Chen!

"Master Li!"

"I want to ask, which space transmission array did ye go to?"

"It is the space transmission array of qinghongmen, which leads to the land of heaven and earth in the western regions of Lingwu. It is controlled by the middle-sized family and the Beigong family!" The Li family said slowly.

"The Beigong family?"

Ye Luo'er was stunned and surprised.

Li's family leader said with a smile: "It's not the Beigong family! According to our investigation, the two northern palace families belong to the branches of the dragon family, which dominate the western and southern regions respectively, and control many sects! "

"Therefore, it is the northern palace family in the western regions that the temple Lord went to, not the northern palace family in the southern region!"

"Although they are two families, they are not from the same family name."

Lingwu mainland is different from Kunlun Xu. There are few upper and lower levels of Kunlun Xu sects. Generally, they coexist. Only when there is a big event, the weak sects follow the strong sects, such as the previous small sects, the Kunlun sect and the Taoist sect. In Lingwu mainland, the hierarchy is strict, and the lower sects, such as Xu Tianbao and Kunwu sect, must submit to the middle sects, such as Fei He Hall, Jin Daomen, or Beigong family. The Beigong family then submits to the top family Shenlong family. It has a strict system and is not really chaotic!

As for the powerful devil, they are all under the jurisdiction of the land, but it is not necessarily if the ministers do not submit!

Li's master said so, Ye Luo'er nodded slightly.

Ji Lin said, "Master Li, we are going to the land of heaven and earth to find elder brother Ye Chen!"

The Li family master was slightly embarrassed and explained: "the space transmission array leading to the heaven and earth has been used once. It takes 10 years of cooling time to let the space God stone accumulate the power of space law. Now, it can't be used!"

He immediately said: "there are two space transmission arrays in the Qinghong gate, both of which lead to the western regions. One of them is used by the hall master! The other one, leading to the land of Boyu, is another territory under the jurisdiction of a medium-sized family. It is 200000 kilometers away from the land of heaven and earth! "

"It's a lot of places separated from sects and immortal beasts. I'm afraid it's dangerous to rush through it!"

"I suggest you two, it's better not to go!"

Ye Luo'er said directly, "please take us to the Li family leader!"

After staring at ye Luo'er and Ji Lin for a long time, the leader of the Li family nodded slightly and took the second daughter to the Qinghong gate, only meeting the ancestor of Qinghong gate.

He pointed to the space transmission array in front of him and said, "you go up, I'll start it!"

"Thank you very much, Master Li!"

"Thank you, Uncle Li!"

Ye Luo Er and Ji Lin stand on the steps, and the law particles in the surrounding space begin to move.

Soon, the force of the law of space broke out of thin air, tearing open a channel. When ye luo'er and Ji Lin were being sent into the space tunnel, ye luo'er's blood force was slightly awakened, and even absorbed the power of the law of space to strengthen itself!

Chapter 1345

"Miss ye, please don't do this!"

The spiritual power of the master of the Li family was absorbed by the blood force of Ye luo'er. At the moment, he felt that his body and mind were empty, and it was difficult to continue to control the power of the space transmission array.

"No, it's the power of blood." Ye Luo Er is a little flustered, did not expect to be like this.

Ye luo'er looked at himself in a panic, and even wanted to control his own blood force, no longer devouring the power of the law of space, and the spiritual power of the master Li! But it seems that when the suzerain found her, she used the power of Qi and blood to practice, and did not get spiritual power nourishment!

According to the truth, people with the blood of the holy dragon, born in the land of Lingwu, will absorb huge spiritual power and achieve at least the cultivation of spiritual realm! When she was the king, she would only pick up the holy land.

Obviously, her body is in great need of spiritual nourishment!

It's like a sponge that has been dried up for a long time. Suddenly, he finds that there is a huge amount of water on the edge, and then he sucks it recklessly. Even yelol can't control it himself!

After all, for so many years, the body has always been a state of hunger. For example, a person from a small age to a large age, ate only 30% of his meals, or even only 10% of them, barely starving to death. Now I see the delicacies of the mountains and seas, and naturally devour them recklessly!

"No!"

"Grandfather, something's wrong!"

"The ancestor of qinghongmen..."

The master of the Li family yelled out, his face became colder and colder. He felt that the spiritual power in his body was absorbed by yelo'er!

Even the surrounding space transmission array is dim, and the opened space channels are somewhat gloomy, and even have the scene of healing. Is the space transmission array going to fail?

Isn't that a big loss?

Ye Chen's people did not have time to send off, but consumed a space transmission array of space law?

"What a blood vessel!"

"It's so powerful to absorb the power of space law independently. The person who can give birth to her is at least one who is strong in harmony with the Tao."

Two voices come into your ears!

Soon, the ancestors of the Li family came and put their hands behind the master of the Li family, and even mobilized the immortal tools to send spiritual power into it.

The ancestor of qinghongmen personally took a piece of space God stone and threw it into the space transmission array. The God stone once again bloomed a force of space law, nourishing the space law needed by the transmission array.

Hoo Hoo Hoo!!

Whoosh!

The wind is blowing!

After obtaining another larger space God stone containing more powerful law power, the space transmission array temporarily resumed its operation, but it was still engulfed by the power of yelor's blood!

The ancestor of qinghongmen could only help the transmission array to break through the space channel. He was so tired that he was sweating. He could not stop thinking about the cableway: "what a powerful blood vessel! It's so powerful. When the master of Ye Chen hall comes, he's not so powerful! "

"Come on

"Send them away, or the power of the space law of this transmission array will be consumed!"

The ancestor of Li family provides spiritual power. Otherwise, the master of Li family has been absorbed by Ye lu'er's blood force!

As he offered, he gazed at elor, not angry, but shocked!

The power of blood, absorb the law of space independently!

This must be a strong body, the law of space, the law of attack and kill is not weaker than the law of destruction. Once you hit an opponent, as long as the opponent does not temper the physical body of the virtual body, regardless of the level of the realm, it will be destroyed in an instant!

However, ye lu'er respects the environment with the emperor, and absorbs the law of space by the power of blood!

It means that from birth, the physical strength of Ye Luo'er is extremely strong. The channels and bones in the body can accommodate the power of the law of space!

In order to produce such descendants, they must have the cultivation of harmony of Tao and even the realm of creation. Otherwise, the blood force and body of the descendants will not be able to absorb the space rules without any damage!

Ye Luo!

Origin and birth, more terrible than ye Chen!

Never offend, or we will die!

"Two elders!"

"Sorry, I didn't know it would be like this!"

Ye Luo'er is a little flustered. He can only grasp Ji Lin's hand and worry about something happened in the transmission process!

"It's OK!"

"I'm ready to see you off!"

The two ancestors burst out their spiritual power with all their strength and sent it to the transmission array to activate the power of the space God stone. Then a blue light flashed from the transmission array. After the blue light disappeared, ye Luo'er and Ji Lin also entered the space channel!

When they look at it again, the teleportation array has dried up!

I'm afraid there is no time for thousands of years to recover!

The damage is much more serious than the one ye Chen used!

"Today's thing!"

"Don't spread it out!" The old ancestor of qinghongmen looked bad, and said: "why these descendants of great power appear in the world of low martial arts is already a great mystery. Even it contains countless blood. With our strength, we should not touch them!" "So, forget about it!"

"Good!" Li's ancestor also looked at the Li family owner and said, "remember, don't spread it out. To the public, there's no other thing happened in the transmission process of Ye Luo'er. We'll talk about other old guys!"

"Once known by some powerful people, especially those who are related to her life experience, I am afraid our lives are in danger!"

"No, it's a danger of extermination!"

The thirteen great forces of Lingcheng will not be destroyed for ten thousand years!

There are some rules of survival. What should be said, what should be done, what should not be done and what should not be said should never be disclosed.

"Understand!"

The two ancestors rose from the sky to inform the other eleven ancestors!

At about the same time, the thirteen ancestors acknowledged that it was more serious to suppress this incident than ye Chen's, because it involved their high and unattainable forces, and a slight mistake would be the danger of destroying the clan.

Even more dangerous than the Blood Sword gate, more than ye Chen!

There is nothing wrong with the spirit City, but after ye Luo'er and Ji Lin enter the space passage, because ye Luo'er absorbs the power of the space law, he gradually comes up with several pieces of skills specialized in practicing the law of space and the law of time!

At the same time, Lingwu northern territory!

In a war-torn place, countless sacred dragons inhabit, even the people who come and go, all of them are world-class strong!

In the center, there are thousands of sacred pillars standing in the sky, which means that the sky is not seen by them!

And here, is the forbidden area of the holy dragon family - the place where life God stones are placed!

All of a sudden!

A space God column sealed by iron chain, flickers with light blue luster!

On the edge, the strong guard of the sacred pillar, his face changed rapidly. A deep fear spread all over his body and murmured: "impossible, she didn't die. She broke through to such a state and touched the law of space!"

"No way!"

"No reason!"

"I'm afraid something will happen to Lingwu mainland."

Chapter 1346

The old man shook his head and even pinched the Dharma seal with both hands. He manipulated the space-time Dharma formula to explore. Unfortunately, he did not find out the specific reason.

The old man, as the strong one in charge of the life God stone in the holy dragon family, is a giant in the outside world, but in the top family, he can only be responsible for guarding some forbidden areas and some attics!

At the moment, he had countless thoughts in his mind: "is that girl not dead?"

"But the law of space on the life God stone has no corresponding spiritual power."

"In the middle of Jin's body, if she doesn't get the space of her body, she will not be able to absorb the spirit of life when she is in contact with the stone?"

The fire robe old man explained to himself, but he shook his head and was not sure. Finally, he took out his token to inform the owner!

The holy dragon family, like the dragon family, is full of the blood of the saints and several strong dragons. Therefore, every member of the lineage will have a life God stone, which is extremely terrible!

If they are born, as long as they exist, the life God stone will be placed in the forbidden area!

Special care!

The breath of the life God stone means the strength of their cultivation. At the same time, as long as there are members of the holy dragon family who achieve the Hunyuan realm and understand the space rules, the life God stone will react and bloom with blue light!

Understanding the law of time will also have a reaction. If you understand the law of time and space, the law of five elements, and even the law of creation, as long as you understand, there will be reactions on the life God stone. At the same time, if they fall, the life God stone will also automatically disintegrate.

Some are similar to recording the rise and fall of the main members of a family.

Other families only use the energy crystal to carry a trace of the power of the people's spirits. As long as the clansman falls, the energy crystal will burst automatically to prove the life and death of the people. However, the life God stone of the Shenglong family has a great effect, which shows its unusual features!

The fire robe old man informed the owner of the house, and he was staring at the most central life God stone with all his body and mind!

He knows who this life stone belongs to!

How big a relationship!

Even how much is involved? Once this person is really alive and his cultivation is successful, he will return to the holy dragon family in the future, which will cause a torrent of blood. The huge holy dragon family will suffer turbulence, which is no less than a subversive internal fight.

The old man in the fire robe looked at the two life God stones on the edge of Ye Luo'er's life God stone. They were slightly broken. One of them was even broken, and he didn't know whether to live or die. "The war that year was so miserable, if they didn't come back!"

"Today's dragon family!"

"It won't be the same as this one, and there won't be so many people who are at odds with their faces and hearts!"

"The master is in the land of Mornan. It should take a day to come back!"

"Do you want to inform the supreme Presbyterian group about this matter?"

He was extremely entangled, wandering, and even expelled some bodyguards and Dharma protectors of Hunyuan and Hedao States who came to inquire.

Looking at the blood red sky, he gradually recalled the scene more than ten years ago in his mind and murmured to himself: "if it is really their daughter who has come back, if his accomplishments are not low, he is still sure that if his accomplishments are low, I am afraid that the supreme Presbyterian will not support them!"

"Then, the elders of the main pulse will not give up."

"When the time comes, the first branch and the main vein will be in turmoil."

The fire robed old man clearly knows who ye luo'er's parents are!

Ye luo'er's father, who was an invincible genius of that time, who was the world's strongest and the younger generation's strong, and pushed everything horizontally. In the end, however, he fell into the endless sea and did not know whether life or death was known. Even the stone of life God was half broken.

As for the king's palace, the princess was the strong one.

So far, the outside world does not know all about their disappearance and disappearance in Lingwu mainland. If they come back at this time, there will be a bloody storm in the family, but it is impossible for the first branch to be the master of the main pulse!

The old man in the fire robe is still tangled.

Ye luo'er naturally did not know that her appearance would have such a great impact. She and Ji Lin are still walking in the space passage, and it will take some time to get out of the space passage.

At the same time, in the ancient spirit city!

On the white building of diaoshui, Ziyu of Beigong teases the little goshawk with boredom. She also gives out a silver bell like laugh and says to herself, "interesting, interesting little guy, he knows that he will help me press my hand, and then let me give it food. It's good, very smart!"

She patted an egg size goshawk with her hand.

At the moment, the two claws of the little goshawk are falling on the other hand of Beigong Ziyu. The two claws are like a cat stepping on milk. They massage their arms to Beigong Ziyu. After pressing a few times, they quickly raise their heads to ask for fairy fruits to eat. After eating, they press again and again. They are lovely, which makes Beigong Ziyu feel painful and cherish.

All of a sudden, she felt something, and her mouth outlined a funny smile."Here comes the big funny guy."

Beigong Ziyu held a small goshawk and looked at Zheng Bo, Wang Qi and others with big eyes of water spirit. Finally, she fixed her eyes on Ye Chen and said with a light smile: "the emperor respects the eight layers of heaven, and defeats the five layers of Shenwang realm. You are very good!"

"The key is to understand the way of extinction."

"Come, you come to me!" she waved

Ye Chen heard this sentence frowned, and did not start.

The tone of the other party's command even made him uncomfortable.

The North palace purple jade obviously did not expect Ye Chen to resist, the way: "don't you understand my words?"

Ye Chen, with both hands behind him, said directly, "no one can command me, including you."

This words a, not only the North palace purple jade is stunned, Wang Qi and Zheng Bo are sweating!

This is Zibei jade palace!

I'm afraid ye Shitian is a madman!

Just meet and fight back!

Wang Qi was afraid that Ziyu in the North Palace would be angry. He even said, "Miss, something happened just now."

"Wang Qi, let's talk about it. It's Mufeng who has embarrassed you."

Beigong Ziyu sits on the white jade stool, puts down the goshawk, looks at Ye Chen up and down, and listens to Wang Qi's return!

Wang Qi swallowed and salivated. He told the story clearly. Finally, he said, "if Zheng Bo wasn't there, we would be in danger. That Mufeng was just too deceiving! Ye Shitian can't be blamed for this. Of course, he has some problems! "

Ye Chen frowned when he heard this.

At that time, I had to wait and do nothing?

No way!

This time, we must put out the Mufeng. The threat of losing intelligence is like a time bomb. Who knows when to explode.

Ye Chen is not afraid, but what about the future?

Chapter 1347

In the future, when people of Kunlun Xu enter the Lingwu continent, they are likely to be retaliated by Mufeng. Therefore, in order to be on guard, Mufeng will die and the golden sword gate will be destroyed. It is not ye Chen's ruthlessness, but the survival law of the martial arts world.

Mufeng doesn't come to provoke Ye Chen, but he shouldn't have offered a reward in front of Ye Chen to attract many enemies to the empty people of Kunlun without any reason!

Now that the reward has been given, what's more, the reward is mainly given by the golden sword gate!

That ye Chen is about to destroy the golden sword gate and Mufeng, to eliminate future trouble!

After hearing this, Ziyu's face was covered with frost. He looked at Ye Chen from afar and paced for a long time before he said, "you don't have any interest in me?"

"Do you know that you and Mufeng have indirectly defiled me?"

Immediately, Beigong Ziyu stepped back two steps, stretched out her slender arm, motioned to Ye Chen, and said, "to fight, do not use weapons, just fight in flesh!"

"With weapons, I'm afraid others will say I bully you!"

"After all, you only have two Shenwang realms. All the weapons I use are Hunyuan immortal weapons!"

"Let me see, how strong are you, the guy who conquers the eight layers of the emperor's realm and the fifth layer of the Shenwang realm!"

Beigong Ziyu is angry, but she wants to see what kind of crazy Ye is!

"No need!"

"I'm afraid I'll hurt you!" Ye Chen looked bland and said, "once I use my power of extinction, I'm afraid you will change from a girl of fifteen years old to an old witch!"

"Dare you

On the edge, Zheng Bo opened his eyes, gazed at Ye Chen, and said, "Miss, let's do it! You have no right to let me go, miss

"After the fight, we will consider other things. Do you want to send you to participate in the heaven and earth hundred comparison?"

Now, there is no Beigong family to rely on, let Ye Chen to participate in the hundred heaven and earth Dabi.

How dangerous it must be, Zheng Bo is very clear. At least some old men of jindaomen would kill Ye Chen recklessly. But ye Chen made a name. If you can get the approval of the young lady, you can let him participate as a member of the Beigong family!

He also wants to see what he can do in the arena.

"Good!"

"Pure physical combat!"

Ye Chen has just finished, the North palace purple jade has suddenly killed over, arms like a snake in general, nimble between the fingers in Ye Chen's upper body, quickly break open the body.

Bang bang!!

Bang!!

A few clear voices came out.

The body method of the northern palace purple jade is sharp and bleak, wandering around Ye Chen's body. His fingers and toes hit Ye Chen's body like a sharp sword, breaking through Ye Chen's protective barrier.

Instead of fighting against Ye Chen, she wandered around Ye Chen with her flexible body, palm and footwork. She beat Ye Chen back step by step, but she didn't lay heavy hands on it. Otherwise, ye Chen would have been blown out!

The left hand of Ziyu of Beigong suddenly shakes and turns into a green bamboo. The green light flashes, like the awn in the thorn. Ye Chen blinks. The next moment, he has been hit by the green bamboo in the chest, and retreats a few steps, with a look of horror.

While she was fighting, she was thinking: ye Shitian, wrong!

The physical body is very strong, but the close combat method is not strong?

With this close combat method, once you encounter too many people, you can't use the power of the road and blood, and weapons!

It's likely to be beaten by someone!

No!

This guy can fight against the city Lord of Tianling city. I can see clearly the battle that day. His fighting ability is not bad!

It must be letting me!

Good!

Dare to look down on me!

I will make you suffer!

"Lingxi God palm!"

"Go!" Beigong Ziyu drinks softly, and holds out her left hand. The strong wind is about to shine. Dozens of blue lights are emitted from the palm of the hand. The blue light turns into a series of palm prints, which bombards Ye Chen like a huge hammer. It seems clear and elegant, but it is extremely powerful!

Bang bang bang!

Bang bang!

Ye Chen retreats to the attic edge, the whole body a shock, the wound quickly recovers, as if unimpeded general!

Such injuries are nothing to him.

Then, ye Chen and the North palace purple jade fight, but still north palace purple jade pressure Ye Chen to fight.

Wang Qi on the edge was a little puzzled, "no, ye Shitian, this boy, escaped for a day and a night, and killed at least hundreds of martial artists higher than his level. How could he not be the opponent of the young lady?"

Is miss very strong?

At the age of 15, you are in the state of mind, the peak of the Ninth Heaven!

Compared with many Dharma protectors in the kingdom of gods, it is not strong!

Compared with other people of the same age, such as Mufeng, 30-year-old is also the peak of the nine layers of heaven, which is not weak!

So the young lady is fighting so hard today?

"This boy, let Miss!" Zheng Bowei smiles and shakes his head and says, "Wang Qi, you have seen the energy crystal. Ye's unique skill of killing heaven is more than the way of extinction. I think he used more than a dozen kinds of martial skills to kill Luo Shuyuan and severely hurt others! "

"It's just for the young lady!"

"Ye Shitian, I don't need your permission!" The North palace purple jade hears this words, immediately under cruel hand!

Whoa, whoa!!

At the next moment, countless lights twinkled and gathered in the palm of Ziyu's hand in Beigong. A purple lightsaber suddenly flew out, as if to follow the time that has passed for thousands of years. When crossing the attic, it startles the surrounding mountains and waters, as if it were born out of the world!

Bang!

The palm of his hand was covered with blood, which made him look back.

He looked at Ziyu and shook his head.

If you don't, I'm afraid you won't be able to go tomorrow.

The next second, ye Chen moved.

"Burn the sky palm!"

"Tiansha fist!"

Ye Chen shouts violently. His left hand condenses the power of fire, and the right hand condenses the power of evil spirits. They come from two skills. The two powers are also evolved from the power of Qi and blood. They are not the power of weapons, the power of Tao, and the power of blood!

Ye Chen and the battle of Ziyu in Beigong!

Without weapons, blood, and the power of the road, he simply competed with the body and his own skills. Thus, Beigong Ziyu also had a slight advantage, and for the time being, he just managed to suppress Ye Chen, which was still under the condition that ye Chen did not use all his strength!

Ye Chen's ability of leaping over the level comes from three parts!

In the first part, one's own combat power. The golden body dominates the body at seven levels. The physical body is comparable to the strong one in the seven or eight layers of heaven in the spirit state. It may be weaker than that of the northern palace purple jade. However, the power of Qi and blood in the body reaches the eight or nine layers of heaven in the spirit state, which is extremely deep. It is in the middle of Bozhong with the northern palace purple jade!

The second part is the understanding of the three roads, the way of killing, the main killing, blood does not flow dry, fighting power is not destroyed.

If you don't destroy Kendo, Dao Yun won't be destroyed, and your sword will not be destroyed. Even if you are killed and your body collapses, you can guarantee your fighting power!

Chapter 1348

The way of extinction is the way of extinction. As long as it is not the realm of creation and can not fully understand and integrate the law of time, it is a matter of life. As long as the strong person with life can face Ye Chen, even if ye Chen is not able to resist the other party, he can kill the other party and turn him into a white bone!

The third part, the power of weapons and blood, as well as the power of martial arts.

Each of these three kinds of weapons is far superior to those of the same level. Compared with Beigong Ziyu, the weapons may not be as good as the opponent's, but the power of blood is absolutely stronger than that of the other side. The skills are even more powerful than dozens of Hedao, Hunyuan and Shenwang realms. They are not comparable to Beigong Ziyu!

Burning sky palm!

Tiansha boxing!

Ye chenchu's palms and fists used in martial arts are still well understood. When fighting in close combat, once used, they are extremely powerful!

Hoo Hoo Hoo!!

Whoa!!

The wind swept through the ears of Ziyu in Beigong. She felt that there was a piece of luster in front of her eyes. When she blinked, ye Chen in front of her eyes had been divided into two figures. Once again, it was four or even eight!

Eight virtual shadows, left hand palm, right hand boxing, attack and kill yourself!

Before she could react, she was concentrated by the eight fists and eight palms at the same time. Her body shape suddenly retreated, leaning against the white jade pillar, with a look of horror, and said: "the simple palm and fist techniques have been cultivated to such a degree!"

"It contains the power of burning the sky and the power of evil spirit!"

"No, not these two forces!"

"It's Qi and blood. His Qi and blood are so strong!"

Beigong Ziyu is still in a daze. Ye Chen has already killed her. This time, she has no strength to fight back. She retreats step by step, even reluctantly defends. However, she is shocked!

The power of Qi and blood!

The Qi and blood of the eight layers of heaven in the emperor's respect are even equal to the spiritual power of the eight layers of heaven in the spirit realm!

I can't even hit my fist in such a deep way!

This!

No wonder, he can level the five layers of heaven!

There are still some details, besides, he has not used the power of blood and the way of extinction!

If I use it, even if I use Hunyuan immortal, I don't know how to stop it!

"Ye Shitian!"

"All right!"

The northern palace purple jade drinks a high, sacrifices a green dragon treasure armor, a force of space law, temporarily gives ye chenzhen to retreat to one side!

She put away the Hunyuan immortal utensils, and immediately clasped her fists and said: "the power of Qi and blood of the elder is very powerful. If you are promoted to the spiritual realm, you will be able to fight the peak of the nine layers of heaven, even if you are promoted to the spirit state, or even win it!"

"What's more, the elder still has the way to die and the power of blood has not come out!"

Then she knelt down slightly with her fist clasped. "If I don't use Hunyuan immortal tools, I will lose!"

"If I had to meet my elder, please teach me how to cultivate the way of extinction and how to cultivate the art of war and martial arts as profound as the master!"

"Please teach me, I will definitely give you a Hunyuan immortal tool as a gift!"

"If you don't look up to me, I can let the Beigong family. No, the people under Ziyu's command of Beigong can protect the elder from cultivation to the realm of divine king!"

The depth of tactics and martial arts!

If you can cultivate to such an extreme level, you must have its special skills!

If the "two heavenly steps" will be improved to the extreme!

The way of annihilation can win life yuan even more. If you practice it to the extreme, you can take other people's life yuan. Those who make martial arts in the realm of creation dare not fight with me!

In this way, our combat power will be increased by 50%, or even more than double!

You must ask ye Shitian to teach me!

At the moment, Ziyu's behavior and mentality have completely changed!

When she kneels down, she feels that she is much better than the one who wants to kneel down.

"Miss!"

"Miss seven!"

Wang Qi and Zheng Bo look a change, look at the North palace purple jade, are a shock in the heart!

They know what kind of strong master the master arranged for Miss Qi.

That is the famous existence of Lingwu continent!

Even if ye Shitian has been practicing for thousands of years, he can't match him!

But at the moment, the young lady actually asked a master of emperor Zunjing!

If this is spread out like this, it will certainly shake the whole land of Lingwu!

But miss, you can understand her behavior!

Few people in the mainland have lost their love for the road!

Ye Shitian is undoubtedly the best choice!

"Miss Beigong doesn't have to be like this!"

Ye Chen also received two forces, and immediately said, "if you ask me to discuss Tao and seek advice, then naturally we will discuss teaching with equality." He went up to help the northern palace purple jade and said, "the way to teach Kung Fu is not bad. As for the way of extinction, it is OK. But I don't need the Hunyuan immortal tools very much. I need a lot of excellent magic pills and Daoyun pills."

"After I'm promoted to the state of mind, I can take these excellent ecstasy pills to quickly improve my accomplishments!"

Hunyuan immortal ware is really rare!

But he himself is a craftsman, so he doesn't care!

What's more, there must be Hunyuan immortal utensils in the site of Jinpo Tantong!

However, it is very rare to supplement and enhance the spiritual power and the top-grade Shenshen pills. Except for these big families and sects, other sects do not have them. As for the best Daoyun Dan, it is also a special pill used to transform the power of the Tao into the God King Dao!

Ye Chen can be refined, but it is difficult to buy medicinal materials!

Only if you have the status of immortals, you can not buy them!

"Good to say!"

"Shifu wants to get into Shen Dan and Dao Yun Dan. I will do it right away!"

The northern palace purple jade turned to look at Zheng Bo and said: "with my identity card, go to the family to buy 100 excellent ecstasy pills, 20 Daoyun pills!"

She turned her head, carefully looked at Ye Chen, blushed slightly, and explained, "master, my identity is not low, but these two kinds of pills have a certain share limit every month. At present, these are the only shares I can use!"

"No problem!" Ye Chen accepted other people's benefits, naturally nodded happily, "tomorrow I'm going to participate in the hundred big competitions, and tonight I'll explain to you the way to cultivate the way of extinction!"

"Thank you very much, master." The North palace purple jade is quite excited, turn head to look at Wang Qi, say: "go quickly, go quickly, go to exchange to enter the spirit Dan and Dao Yun Dan to master!"

After everything, she said to herself:

"I'm finally going to control the way of extinction!"

"This time, no one dares to look down on me unless they are strong enough to create a new situation."

"Four brothers, five brothers, six elder sisters, I see you bully me so much this time!"

"Believe it or not, I will turn you into old men and old women!"

Beigong Ziyu remembered that she had been bullied by her brother and sister before.

But now the master taught me the way of extinction, and I will only bully them!

Chapter 1349

Ye Chen looks at the appearance of Ziyu in Beigong and reminds him:

"I'll teach you, but you can't learn it!"

"To learn the way of extinction is to see the talent and the power of blood!"

There are many people who have learned the power of extinction, but ye Chen is the only one who can fully understand the way of extinction!

The way of annihilation in the land of Lingwu is very strange. She can't learn it, and she can only say that she has no talent!

In any case, I teach the way of extinction, in exchange for so many pills, is also worth it!

As for the recruitment!

If this little girl is clever, it will do no harm to recruit students!

However, when Mufeng learns the news, he should be angry and vomit blood.

I will try my best to adjust the disciples of Jindao sect to fight with me.

It's also good for me to take the opportunity to destroy the golden sword gate!

Finally, I entered the land of the Golden Buddha Tantra and broke through into the Shenwang realm. When it came to the Shenwang realm, I could not help it. As for the Hunyuan realm, the strength of the elder Bingjian xianzun was restored, and they were not afraid of their ancestors of the Hunyuan realm!

"I know, I know!"

"Master, don't worry. As long as you teach, I can't learn. That's my business!"

"Never blame the master!" The North palace purple jade turns a head to see Zheng Bo is still, surprised way, "Zheng Bo you are so still, I want master to chat well!"

Zheng Bo turned black and left.

All the people went down to the attic, and the bodyguards around the king of gods looked at each other. They didn't see ye killing the world!

Is it hard to do it? I really want to be a bodyguard for miss?

"Cough, you listen!"

"From today on, ye Shitian is the external Dharma protector of our Beigong family and the master of Miss Qi!"

Zheng Bo solemnly said: "inform jindaomen and Feihe hall that ye Shitian will participate in the challenge arena as a member of our Beigong family!"

"Mr. Zheng?"

"Really?"

A bodyguard in the middle of Shenwang state was stunned and said, "our Beigong family never interferes with the universe and the universe. No one has participated in it for so many years. Now, ye HUFA is going to join in

"Yes

"If you want to take part in it, name it!"

"Let the flying crane hall arrange well!" Zheng Bo gave an account, then looked at Wang Qi and said, "you go back to exchange pills in person. I'm here to guard the seventh miss!"

The North Palace family, for seven young lady North palace purple jade value, can be said to be unique!

There are more than one king of God who acts as a guard. There are seven or eight of them!

In other sects, the Hunyuan realm is the elder, even the elder of the Supreme Court. But it is only the leader of the guard of Ziyu in the northern palace. It can be seen that the northern palace family attaches great importance to it!

Zheng Bo and Wang Qi arrange people to go out!

In the attic, ye chenzhen and Ziyu in the North Palace are talking about each other!

"Master!"

"Under what circumstances can the way of extinction be understood?"

"After understanding the power of extinction, how can we understand the way of extinction?" Beigong Ziyu looks like a curious baby. She doesn't understand anything. She starts to ask questions. Ye Chen can answer some questions, and some need to ask Bingjian xianzun to answer them.

"The way of extinction is evolved from the power of extinction!"

"As for the power of extinction, it is a mixture of the forces of space, of destruction and of time!"

"The power of space can imprison others, the power of destruction can destroy others' attacks, and the power of time will disappear the enemy's longevity yuan!" Ye Chen answered one by one: "to understand the power of extinction, we need to integrate the three forces!"

"Generally speaking, it is the one who understands the power of annihilation that he or she is in a strong state of creation!"

"Because they have already understood the laws of time and space. They only need to understand the law of destruction, and then they can combine the three methods and understand the power of extinction! But I am mainly a part of the power of space in my blood, and the power of time is the power taken from others! "

"As for the power of destruction, some of the killing roads I built are similar to the way of destruction!"

"There is the same thing in different ways!"

"So I have fused the three forces and understood the power of extinction."

Ye Chen said in detail, in fact, most of his power of extinction was obtained by depriving the green sword demon emperor and the Baizhan demon king.

He does have the killing power comparable to the destructive power, but he does not have the laws of time and the law of space. The green sword demon emperor received a piece of time God stone given by the Blood Sword disciples, but comprehending part of the time law has little effect, and can only delay the death of his life.

Baizhan demon king, got the space God stone given by Blood Sword gate!

Under such chance and coincidence, ye Chencai realized the power of extinction!

As for the northern palace purple jade, the space God stone and the time God stone, should not be difficult to obtain, mainly is the killing power, or the destruction power is not easy to cultivate!Ye Chen opens his palm slightly, and a force of extinction emerges. He divides it and explains it in detail.

"The way to cultivate the way of extinction is to cultivate the power of extinction to the extreme, which is naturally generated!"

"The road to extinction is very difficult!"

"But it's not difficult for you to get the stone of time and space in terms of your conditions."

"The most important is the power of destruction!" Ye Chen said slowly: "the power of destruction, you can get a stone of destruction god, but I don't know if your northern palace family has it. If not, you can only understand it from endless killing!"

Beigong Ziyu looked at Ye Chen cleverly and asked, "master, it must be wonderful to fight from the world of low martial arts. Can you tell me something about it?"

Ye Chen hesitated for a few seconds, or said some things.

After all, his experience has a great effect on Beigong Ziyu's understanding of killing.

What's more, he also needs to get the whereabouts of Lingyun xianzun from Ziyu's mouth in the northern palace!

Beigong Ziyu was interested in the outside world, and he listened to it very carefully. Especially when he knew that ye Chen was from the late stage of Daoyuan to the early stage of emperor's reign, when the nirvana emperor respected the demon king at the top of the nine layers of heaven, a pair of water spirit eyes turned into hot and yearning worship eyes!

It turns out that the master was weak!

He has already swept the low level of martial arts, and now he is in Lingwu land!

Soon, it should be able to sweep the same generation of martial arts, covering the contemporary!

In Lingwu mainland, five hundred years is a time limit. All under 500 years old are young people, and most of the highest accomplishments are in Hunyuan.

Many of them are from the age of 500 to 1000. For example, the former owners of the Shenglong family used the Hedao realm to cover the contemporary era, and then entered the realm of creation with a strong force, pushing the powerful people of the land of Lingwu again until they died decades ago!

After 1500 years old, they are old people!

Those characters, such as Lingyun xianzun, kuiying, and so on, rarely rise, and are generally used as a benchmark to be surpassed by later generations!

Chapter 1350

Samsara cemetery!

Nie Baijian looked at Ye Chen and Ziyu in the North Palace and said, "this boy is lucky. He has just come to Lingwu land and can accept such an apprentice."

"It's not small yet!"

"There are even strong people in the Hunyuan realm around you, protecting them secretly!"

"The peak of Hunyuan state?" Wang Qiantian pondered, "that Zheng Bo didn't reach the peak of Hunyuan realm. Is there anyone else who is secretly protecting Beigong Ziyu?"

"That's nature!"

"It's just that I don't expect to help Ye Chen. After all, it's the man who protects the North palace purple jade."

Nie Baijian sighed and sighed again, gazing at the body that had disappeared.

I don't think I can make it tomorrow night!

The ice sword immortal Zun also said: "this boy also depends on his own strength, cross a big realm to win the North palace purple jade, this just is respected! However, the boy's blood is really strong, at least I have never seen such a strong blood in a superior family

"The power of Qi and blood in the eight layers of heaven in the emperor's respect is comparable to that in the eight layers of heaven in the spirit state!"

"If you are promoted to the realm of God, I'm afraid it will be the king of God, and the strong will not be able to do anything to him!"

"That's all. I'll give him a set of Jian Jue."

The next moment, a cold soul, into the sea of Ye Chen!

Ye Chen of the outside world slightly shakes, recollects quickly, in the mind many a sword Jue!

"Ice sword code"!

With a sword, heaven and earth turn into ice!

Can wear the law of time and space, can turn the ice into the sword of time and space, mutually contradictory!

Practice to the extreme, can break the law of time and space, also can turn water into ice at will, in turn into the sword of time and space!

The most powerful!

Thank you very much Ye Chen comes to the reincarnation cemetery and gives thanks to the ice sword immortal Zun!

Then he noticed Nie Baijian's disappearing body. He bit his lips and knelt down half directly: "master!"

Nie Baijian said with a knowing smile: "boy, the spirit body of my teacher is about to disappear."

"I don't want to urge you to practice as soon as possible. I've been trapped for so many years. I'd like to exercise my muscles and bones."

"Take advantage of this dissipation, I will help you again!"

After Nie Baijian finished speaking, his whole body turned into a wave of energy light, which converged into Ye Chen's body!

Soon, bumie Kendo will be more perfect and its combat power will be enhanced a lot!

At one time, it was improved to about 95%!

Ye Chen, officially promoted to the nine layers of heaven, the power of Qi and blood has doubled again, comparable to the spiritual power of nine layers of heaven!

"Thank you very much," he said

"It won't be long before I can save the masters!"

Blood Sword clan, blood spirit clan!

Not a year and a half, I will break your mountain gate and kill you all!

Then rescue the masters and strengthen the Kunlun void!

"Good!"

"Lao Nie's mind has dissipated, and I'm fast!"

"There are still a few days left. I can help you too!" Wang Qiantian thought for a while and said, "you can enter the land of Golden Buddha Tantra as soon as possible, and find a Hunyuan immortal tool to use for breakthrough. Then I will use my remaining strength to help you step into the realm of God as soon as possible!"

Thank you very much

"Go Wang Qiantian responded by sitting down and resting. He was in a turtle resting state, trying to avoid the overflow of strength.

At the moment, the outside world, North palace purple jade a face at a loss to look at the leaf Chen around, the heart set off ten thousand Zhang waves!

Her eyes almost widened!

"How could it be!"

"The master is sitting like this and talking with me. He can understand the way and go further."

"Directly broke through to the nine layers of heaven in emperor Zun's realm!"

She finally felt that ye Shitian was really terrible!

She has seen so many people that she has never seen such a monster!

If it goes on like this, it won't take long for master to be promoted to Shenwang state!

The left hand of Beigong Ziyu gently drops on Ye Chen's shoulder, transmitting a path of spiritual power to help Ye Chen stabilize his realm. He secretly says in his heart: my little master, you must grow up as soon as possible!

I'll depend on you later!

You are not here, I beat people with the power of silence!

You're here. You help me beat them!

Especially dad, the most annoying, actually sold me!

This time, you should teach Mufeng and jindaomen a lesson. When the time comes, I will show you a grand gathering of the soul clan, which will definitely increase your strength!

A long time ago!

Ye Chen opened his eyes slightly, and felt that his strength was stronger and his realm was incomparably stable.

He looked at Ziyu in the North Palace and said softly, "thank you."

"It's OK!"

"Master, I've got it. I'll go and understand it. You're ready for tomorrow's challenge contest!"

The North palace purple jade just planned to leave, ye Chen suddenly thought of the spirit rhyme immortal Zun matter, quickly pulled the North palace purple jade, way: "wait a minute."The North palace purple jade jiao body one Zheng, when sees Ye Chen's hand, the facial expression instantaneous crimson: "master..."

Ye Chen realized that it was not right and let go: "Ziyu, I heard that the relationship between Lingyun xianzun and Beigong family is not shallow. Do you know the whereabouts of Lingyun xianzun?"

Beigong Ziyu frowned and said in a hurry: "master, I've heard of Lingyun xianzun. I've been to the family several times, but all of them are talking about something with my father. As for her whereabouts, I don't know. Do you want me to ask my father?"

Ye Chen helplessly shakes his head: "no need, you go to comprehend."

The clue is broken.

The North palace purple jade looked at Ye Chen lost appearance, did not ask much, can only leave.

She guessed that the master was probably admiring the immortal.

After all, the gold content of xianzun in Lingwu land is unprecedented!

Soon, Beigong Ziyu went back to her room, but she couldn't settle down!

In her boudoir, Beigong Ziyu tosses and turns, unable to sleep and has no heart to practice. Ye Chen's Mo is always in her mind.

Until the next morning, Wang Qi returned after exchanging pills and handed them to Ye Chen. The northern palace Ziyu was still in this state.

Ye Chen is wholeheartedly taking Shen Shen Dan and Dao Yun Dan, trying to improve his own way!

We should improve the undeniable Kendo from 95% to 100%!

In this way, it is regarded as half entering the divine realm!

Just need to get the immortal tool, then you can break through!

In the north of the palace, he played chess.

However, the outside world, about ye Chen and Beigong Ziyu, has already spread. From old and weak women and children to children, Beigong Ziyu ordered his men to rescue Ye Chen, and even his subordinates did not hesitate to fight against the wind of jindaomen and against the fiance of Miss Qi.

Obviously!

This fiance is going down!

I'm afraid I'll be suspended before I get married!

The most interesting topics on the way are ye Chen, Mufeng and Beigong Ziyu!

"I heard that master Mufeng is going to be suspended."

"Yes, I heard that master Mufeng took his elders to find ye Shitian's trouble!"

"I was stopped by Mr. Zheng under Miss seven!"

"These big hats are gorgeous on the head of Mufeng
