Chapter 1351

"Oh, no!" On the edge, a warrior warned, "where is the big hat? It's the grassland on top of your head! Otherwise, as for Mufeng's son, he called the strong men of his father's generation and even his grandfather's generation to find ye Shitian's trouble? "

With a deep Mo Yan, he thought, "in my opinion, 80% Ye killed Tian and Qi miss. He was married. Mr. Mufeng was angry. So he asked the strong man of his father to support him and go up to find trouble. As a result, Mr. Zheng came back!"

"It seems that master Mufeng's master has been severely damaged by Mr. Zheng!"

"The whole golden sword sect is in the process of explosion. Look at the disciples of the golden sword sect. All of them are like eating explosives. When they see anyone who is upset, they go to work. They are not happy that their elder martial brother has been brought with a green hat..."

.....

All kinds of comments are flying in the sky!

the elders in charge of the Dabi in the flying crane hall are not enough to sigh and shake their heads.

Do they know the reason for this? It is clearly that the two younger generations threaten each other. How can it be passed on? It turns out that ye Shitian puts a hat on Mufeng, and he has already married Miss Qi. Obviously, ye Shitian has never seen Miss seven when he yells!

It's two groups of them shouting in the air!

But below is a huge city. The sound is so loud that millions of people can hear it!

Therefore, countless martial arts practitioners have their own brain tonic!

Now, the disciples of other sects look very strange when they see the wind of Jindao sect.

Along with the other disciples of Jindao sect, they all received special attention. Everyone was so angry that they wanted to kill them!

Today is the beginning time of the hundred great competitions between heaven and earth!

The disciples of the major sects and the great monks came to participate in the competition, waiting for the ranking to enter the competition!

When Mufeng led his younger brothers and sisters to come, hundreds of thousands of people's eyes focused on him in an instant. His eyes swept over the crowd and said in a cold voice, "ye Shitian, if you dare to participate in the challenge arena today, I will make this place your tomb!"

However, the threat of Mufeng is quite different in other people's eyes. Many people whispered: "this Mufeng talent is good, but it doesn't have the temperament of a martial artist. It's estimated that ye jienai has something to do with Miss Qi. Otherwise, Mufeng can't be so angry!"

"That's right. It's hard for Miss Qi to hear what's wrong with Mufeng."

"Ye Shitian Di respects the eight levels of heaven, the heavenly stems and the five layers of the divine kingdom. It must be very good. No wonder Miss seven has taken a fancy to him!"

"Nine times out of ten, it's true that Mu's atmosphere is like this..."

.....

Mufeng is not angry, after all, it is a rumor in the street, many people don't believe it!

As a result, Mufeng announced that he was going to kill ye and kill heaven as soon as he arrived. It is not obvious to tell others that those rumors are facts?

Mufeng naturally heard some words. He was so angry that his nose smoked. He glared at those martial artists who were talking about it. He drew out his sword and was ready to kill him!

"Wait!"

"Don't do it!" An elder of the inner gate on the edge said with a gloomy look: "they can come to all sects and sects. Do you want us to offend against the anger of the people?"

"But

"No The elder of Neimen took a deep breath and held back his anger. He said, "ye Shitian, that little white face, will come to join the big contest. Then you will kill him for you and let us relieve our breath."

"Good!" Mufeng is extremely tangled, and finally he tries to hold back his hands and pinches all the Shenwang tools in his hands!

Ye Shitian!

I will not kill you, I will not be a man!

It is your family, I will not let go, every one of them will be skinned, cramped, put to death, to solve my heart hate!

"You don't have to worry!"

"This big contest will be presided over by our four big schools and Zheng Laozi of Beigong family."

"Maybe in the first two or three games, you and ye Shitian can't be arranged together!" The inner elder said coldly, "but after the fourth game, you and ye Shitian will be arranged in a challenge arena, and then you can torture him endlessly."

Not only this inner elder!

The Taishang elder of jindaomen, the elder uncle of Mufeng, who participated in hosting the competition, Mu Suiyuan is also extremely angry!

My nephew's daughter-in-law has been robbed!

I can only revenge on this occasion. It's a shame of my golden sword sect!

Kill ye Shitian!

Even if you offend Ziyu in the North Palace, you will kill this little white face!

In the past, flying crane hall, golden sword gate, vacuum temple and Zilin sect were the strong ones in Hunyuan state to preside over the competition, and four strong players were sent out by four schools as judges to lead the victory and defeat of each major arena!

Now, there are more Beigong families!

The Beigong family they were subject to interfered, and Zheng Bo of the Hunyuan kingdom became the fifth strong leader!

Even if Zheng Bo was only a servant of the Beigong family, his status was higher than that of the elders in the Hunyuan realm of various schools. He was fully qualified to be the chief judge!

.....

In the crowd. "Master, how much do you think you can rank?"

"Is the first 100 OK?" North palace purple jade pulls Ye Chen's Cape, curiously way: "still say, before 50, have a chance?"

Ye Chen looks down upon hundreds of thousands of contestants, and his eyes coagulate and says, "this time, I only want to be the first in the hundred great competitions between heaven and earth."

"First?" North palace purple jade frowned, "master must be joking!"

Although she thinks Ye Chen is very strong, but this first, not ordinary people can spy on.

In her opinion, ye Chen can enter the top ten and burn high incense.

After all, the master's background is too low, and he comes from the low level of martial arts. The gap between him and others is too big.

"Master, it's a gathering of 150000 warriors here."

"It's all the realm of emperor's respect and the state of entering into God."

"Half of the strong in the sky list

"It's just local chicken and dog!" Ye Chen doesn't care about it either. With his current combat power, he is in a state of mind. He doesn't really see the nine layers of heaven in front of him. Unless the other party is really fighting with Hunyuan immortal weapon, and his weapons are higher than his own, that will be troublesome!

Although I don't rely too much on weapons!

However, if there are Hunyuan immortals in the nine layers of heaven, there will also be a trace of space rules!

At that time, unless the ice sword xianzun helps, he will not be able to win the other party!

"Master, it depends on your performance today!"

At this time, several old people with terrible breath came to the North palace purple jade.

"Zheng Bo!"

The North palace purple jade pulls a leaf Chen's corner, the eye falls on other several people's body again, smile way: "everybody elder! This is my master ye Shitian. He will fight on behalf of our Beigong family. He will certainly play a wonderful game! "

"But please don't play any tricks secretly, or I will not let you go!"

"That's nature!" The elder of the flying crane hall touched his beard and said with a smile, "since you are the master of Miss Qi, there must be something extraordinary about it."

"I'll make a fair arrangement, too!"

"Yes, we dare not underestimate Miss Qi's master, but it is not easy for brother ye to win the first prize."

Vacuum temple and Zilin patriarch speak out one after another!

Chapter 1352

On the edge, Mu Suiyuan of jindaomen trembles with anger and stares at Ye Chen. He is eager to rush up and give ye Chen a slap!

Mu Feng around him was furious and said, "ye Shitian, I will kill you in the challenge arena today!"

Ye Chen swept a glance to bathe in the wind, spit out a word only: "Oh."

But this one word, is disdain to play incisively and vividly.

Mufeng has never been so neglected!

"Ye Shitian!"

"You dare to humiliate our golden sword sect. You will die and die in today's challenge arena!"

"Ye Shitian, you dare to try to kill Miss Ziyu in Beigong. You are such a low-level son of a bitch who humiliates our senior brother. We'd better not let us meet you, or we'll cripple you, and then give it to senior brother!"

Many of the disciples of the golden sword sect yelled, their red eyes and angry expression, just like what ye Chen really did.

"A bunch of idiots!"

"Ziyu, how to fight in this arena?" Ye Chen ignores them and brings Ziyu and Zheng Bo to the special room. Hundreds of thousands of martial artists sit in the open air outside. Only special people and special status can enjoy the special room!

Zheng bozheng wanted to explain, but was preempted by the northern palace purple jade, "150000 martial arts, of course, can not be slowly screened, a total of seven rounds!"

"In the first four rounds, half of them will be eliminated!"

"In the fifth round, there are four thousand left!"

"In the sixth round, 2000 people were eliminated and 2000 people decided to enter the Golden Buddha Tantra!"

"As for the seventh round, it is a melee, which is presided over by the elders and Zheng Bo in person. Those who want to participate in the scuffle will be ranked according to the ranking of the falling arena."

Ye Chen slightly nods, "that does not take long, can decide that two thousand people!"

He looked into the vast interior of the valley and understood why he had chosen it.

In this valley, it is not a problem to accommodate 100000 challenge arena. The first round can be finished in one day, and the sixth round will be finished in three or five days if we are in a hurry!

As for the seventh round, it's interesting!

Those who are willing to participate will strive for the top ranking. Those who do not want to participate can also enter the Golden Buddha Tantra, just to win a high or low ranking! It's a good arrangement!

Ye Chen is breathing and meditating, and then the wind in the room next to him is already shaking with anger and has broken several pieces of immortal utensils!

"Bathe in the wind!"

"In the first round, Wang Peng killed the sky against Shangye!"

"Just arranged the ranking, originally did not expect you to be able to match ye Shitian in the first round!"

"But it is Wang Peng and ye Shitian who are against each other!" Mu Suiyuan's deep eyes looked at the gate of the flying crane hall and said with a faint smile: "it seems that those old guys also want to try ye Shitian's fighting power!"

"Uncle!"

"I want to kill ye Shitian with my own hands!" Mufeng bites his teeth and stares at ye Shitian in the left room!

"It's a piece of three grade divine king's ware!" Mu Sui is willing to throw a white blade to Mufeng, saying: "you give this immortal tool to Wang Peng, and let him be merciful to Ye Chen. In this way, you will have the opportunity to kill Ye Chen!"

"Thank you very much, uncle."

"I'll go in a minute!" Mufeng with full of anger, rushed to the room of the flying crane hall!

Nothing else!

To ask for the past opponent, let Ye kill Tian's horse!

Because he wants to kill ye Shitian in order to vent his hatred of robbing his wife!

.....

At the same time.

Lingwu mainland, in the northern region!

The fire robed old man still stood outside the forbidden area, looking at the figure in the distance, and immediately clasped his fist and said, "master of the house!"

The flying middle-aged man in black robe looks unchanged. On his deep and vicissitudes cheek, he seems to have no spirit. He falls out of the forbidden area like an immortal. Looking at the situation inside the forbidden area, he looks at the old man in the fire robe and asks, "Dragon Wing, is that true?"

"Homecoming, it's absolutely true!"

"I am responsible for guarding the forbidden area. If anything happens to the forbidden area, I will report to the head of the family according to the clan rules." The fire robed old man, named longyi, is obviously not a close friend of the master of the dragon family, but he still abides by the clan rules and tells the master about it first.

Long Hongtian, the master of Shenglong's family, hesitated for a long time, and his eyes had a trace of complicated color.

All of a sudden, he kneaded the Dharma seal with both hands, directly opened the sky, and even tore open the clouds, and forced to calculate the situation of Ye Luo'er!

His realm is far above the spirit of immortal, worthy of the overlord!

Since succeeding as the head of the family, he has broken through the territory with the resources of his family. At the moment, he is already a strong one at the level of true God, and the one who canonizes is not out. No one can suppress him!

Soon, long Hongtian's face was gloomy and said, "it's really her. The little beast is not dead!"

"She shouldn't have come back!"

"No one is allowed to destroy my position!"

"Anyone!" In his mind, long Hongtian recalled a man in a fairy armor who killed thousands of immortals and beasts in Hunyuan and Hedao by one person. He killed no one in the northern region, and that man was his brother, long Chengtian!

He is also the previous owner of the Shenglong family!

At the same time, he is also the biological father of Ye Luo Er!

Fifteen years ago, long Hongtian took advantage of longchengtian's killing of a demon beast of Fengshen level who was seriously injured. In that war, long Hongtian created the peak of the nine layers of the Huajing realm and personally attacked longchengtian in the early stage of Xingqiao state!

Just in case!

Guarantee complete!

Enter into the state of God, the state of God King, the state of Hunyuan, the state of harmony, the state of creation, the state of star orifices, the state of sealing doors, the state of Taixu!

In the whole land of Lingwu, it is the supreme existence that can achieve the realm of creation!

Long Hongtian brought out the first branch of the 15 strong gods, and even three ancestors of the real God!

In addition, dozens of xianzun and hundreds of strong people in the Taoist realm were added to kill 15 people in longchengtian's party!

In that war, from the northern border area to the central area of the northern region, we traveled thousands of miles of mountains and rivers, and finally killed ten Hedao and three Fengshen states under longchengtian's command. However, longchengtian's own loss was more than twice!

Finally, the three ancestors, who were called true gods, put the dragon city sky under the endless sea!

The endless sea is a sea area full of innumerable evil spirits, murderous spirits and evil spirits. Human beings can't touch it. However, all the water will be eroded by the sea water in a short time. Only the creation environment can barely stay in the sea area, and those who are powerful in the star world can stop for a few hours at most!

After longchengtian was beaten down, long Hongtian stuck to it for a day and a night to make sure that longchengtian did not come up again!

This just goes and pursues the person who kills long Chengtian's wife!

Longchengtian's wife is the three princesses of the hundred immortals palace, Ling Piaoping, and Longcheng Tiancheng have a daughter!

Finally, long Hongtian led all the people to fight, which defeated Ling Piaoping of Xingqiao state, and put it into the space crack.

Chapter 1353

I thought that the three would die.

Long Hongtian didn't go on looking for their daughter. In any case, a person who was sent to the world of low martial arts would have what kind of spray! After he returned to the Shenglong family, he reported everything, and because of the support of several ancestors, he became the master of the family!

But not for two days!

However, he found that the stone of life God of longchengtian was not broken, so he had been fighting against the owner of the dragon family in the southern magic region near the endless sea, hoping to find the seriously injured dragon Chengtian and kill him!

But!

Longchengtian has not been found!

Longchengtian's daughter is back.

At that time, because longchengtian didn't know whether he was alive or dead, plus the support of several ancestors, long Hongtian became the master of the family!

But if longchengtian's daughter returns, the ancestors who supported longchengtian will still support longchengtian's daughter!

Then I am the master of the house!

Is it not to be removed?

"Now that I'm back..." Long Hongtian flashed across his eyebrows and immediately waved to the fire robe Dragon Wing elder to leave!

"Master of the house!"

"Are you going to do it?" Elder longyi looked up at long Hongtian and sincerely said, "you have just ascended the throne, so you have to start with the daughter of the former owner. Once the supreme elder group knows about it, I'm afraid your position will not be guaranteed."

Whoa!

A touch of red light across the air, instantly turned into a sledgehammer, flying out the Elder Dragon Wing!

The elder in the middle of the creation of the realm could not resist a move under long Hongtian. He rolled out 100 meters away, his body was cracked, and even his origin was faintly scattered. It is obvious how strong long Hongtian is!

Worthy of the title of true God level strong!

The Dragon Wing, which is called xianzun, is not the combination of one move at all!

"Ha ha!"

"Master, I just broke through the situation and my strength is unstable!"

Dragon Wing is not angry, but laughs and says: "to call the realm of true God is just to send out the battle power of Fengshen state's peak! You have just stepped out of the threshold of the nine levels of heaven in Xingqiao state and entered the realm of sealing doors. Obviously, the realm and strength are not stable yet

Master!

The master of Shenglong family, long Hongtian!

Ten years ago, when I was on the top, I was just the peak of xianzun realm. In recent years, with the family background, I was able to step over the realm of deity and become the strong one of the Fengmen realm, which was called the true God. But obviously, the realm is not stable and is not the opponent of the supreme Presbyterian group!

"What do you want to say?"

"Do you really think I won't kill you?"

Looking at the Dragon Wing, long Hongtian gradually ignited a boundless flame, just like the Dragon flame, with a temperature as high as one million degrees. It seems that he can burn everything out in an instant. It is extremely powerful!

"My Dragon Wing!"

"From the fifth branch, not the person in the main vein, nor the person in the first branch of your family!"

"I will not be loyal to the main vein, nor to the first branch, nor to the master of the family. I will be loyal to the whole family of Shenglong!"

Long Yi staggered to get up, with deep eyes, and said slowly, "master long Hongtian, you can do it now, unless you do it yourself! But you have been restrained by the master of the dragon family. It is extremely difficult to come back this time! "

"You may not be able to kill that girl!"

"As for your men, they are fighting with the blood demons, and none of them can be drawn out!"

"If you pull it out by force, the Taishang Presbyterian group will surely know that it is composed of dozens of powerful deities and dozens of real gods. The Taishang Presbyterian group will surely know that you have intercepted that girl and killed the daughter of the former head of the family, long Chengtian. At that time, it will be a violation of the clan rules and will be expelled from the position of the next head of the family!"

"Are you threatening me?" Long Hongtian looks at the Dragon Wings carefully.

When, a little xianzun!

How dare you shake your lips in front of me!

Just let's listen to what you say. If you don't speak well, you'll die!

Well said, it will kill you!

"If you and your men fight, it will cause family unrest."

"Let others do it, the forces under your command, or some other vassal!" Elder longyi sighed: "it's better not to move on the Hunyuan state. All the people above the Hunyuan state have their own tasks. To deal with the enemy's people, moving one will arouse others' suspicion."

"You don't need to come to my home."

"What about the daughter of longchengtian? It's just the emperor's realm now!"

"Hunyuanjing's hand is enough to catch her!" Long Hongtian takes out a token and calls on dozens of strong men in Hunyuan state. His eyes flash with killing intention. He takes out a painting scroll, which is exactly like ye luo'er!

He said coldly, "go and bring this man back to me! I want to live! "

"And, I reckon, now the girl is called Ye luo'er!"

"Anyway, you don't have the name of dragon. You should give back the power of your blood to the family!"

"Yes, master!" The leading Hunyuan strongman took the picture and ran straight to the place indicated above. The killing machine is powerful to the extreme.

Dozens of Hunyuan strongmen, Qi Qi rushed to the western regions to catch ye luo'er!

It's not about killing elor!

The Dragon Wing on the side looked at some puzzled and asked, "you don't want to kill her, you want to take her blood?"

"Longchengtian and lingpiaoping are the two top blood vessels. The blood of a daughter born of them is not bad."

"It may even be the first-class blood!"

"The first-class blood, that can breed the blood of the strong saint!"

Long Hongtian showed a faint smile, but he said in his heart: the old ancestor supported him, but he didn't support me!

It's just that his blood is stronger than mine!

But only a little stronger, he thought that he could achieve the Taixu realm and become the legend of the strong saint!

By what!

I don't know if I'm beaten now!

Even though his life God stone was not completely broken, it was more than half destroyed. Now he may be in a complete coma and deep sleep. I don't know which small place he has been reduced to. When he wakes up for thousands of years, I will achieve the goal of sealing the peak of the nine layers heaven!

Even if it's too empty, it's the realm of the sage!

It's just around the corner!

As long as you swallow the power of yelor's blood!

I will be able to have stronger blood of the dragon and the blood of the hundred immortals and half saints in the palace of hundred immortals. Who can stop me then!

Hundred immortals palace!

In terms of status, they should also be above the palace of Lingxian emperor and wanjian emperor. Those who have been in the state of semi sage, that is, those who have entered the realm of Taixu with half their feet, are more than the second-class ones, and they are not much worse than the first-class ones!

Such two blood born descendants!

It may be the first-class blood!

I devoured her blood. After a few days, I stepped into the state of Taixu and declared to the world!

At that time, the whole land of Lingwu will be mine!

"You..."

"That's it Long Yi shook his head and went back to the forbidden area without saying anything.

But he said in his heart: Hunyuan state, not very strong, maybe that girl has hope to escape!

After all, she is the daughter of the former owner of the family. The power of blood breaks out completely. She should be able to escape!

"This girl will die if she doesn't have a top-notch player around her."

"But in the land of Lingwu, who dares to offend the powerful long Hongtian for the sake of this girl?"

[in the new week, the state is good. Please send the recommendation ticket and monthly ticket on the eighth shift.

Chapter 1354

Elder Long Yi is a neutral member of the family. What he warned long Hongtian before was that he wanted long Hongtian to send weaker people to capture ye Luo'er, so that ye Luo'er could have a chance to escape!

Otherwise, long Hongtian will take his own hand. Unless the supreme Presbyterian group, no one can stop him!

"You're honest, you stay here!"

"Long Wu, you look at this old guy, dare to report to the supreme Presbyterian group and shoot him directly!" Long Hongtian explained that a flash of fire came, and a fiery dragon flew, which immediately became a human figure, a young man.

The young man clasped his fist at long Hongtian and motioned: "please rest assured

He is a subordinate of long Hongtian. He is the elder of Dragon Wings who guards the five layers of heaven in the realm of nature!

Long Yi doesn't matter. If you stay honest, you know that you will be guarded by longhongtian!

"Long Wu, look after him!"

"My family mainly goes to the place of mornan to solve those gangsters!"

Long Hongtian turned around and was about to leave. His eyebrows were filled with a smile and said to himself, "when we have finished solving the animals in the land of mornan and the descendants of ancient blood demons, ye Luo'er should have caught them!"

"At that time, the road of our master's hegemony will be the real beginning!"

"Ye Luo Er, ye Luo Er, this family owner perhaps should thank you!"

Ye Luo!

To be exact, it should be longluo'er!

Whoa, whoa, whoa!

Fire breaks through the sky!

Long Hong was transformed into a giant flaming dragon, which was like a demon God. All the way, he rushed to the land of mornan with a very strong posture. At the same time, those under the Hunyuan kingdom were also heading for the western regions!

Holy dragon family!

As the most powerful and powerful force in the northern region, there are naturally many sects and families under his command!

For example, this group of strong Hunyuan state is the family of long Hongtian's confidants. Although the combat effectiveness is not high, it is only the Hunyuan state, but the victory is that long Hongtian's private soldiers can be mobilized anytime and anywhere, because of their low cultivation, they are not noticeable!

Lingwu mainland is divided into five regions. In fact, the central region is not the most powerful region. On the contrary, the central region is facing four directions, and the boundary is the weakest. If it had not been supported by some ancient families, it would have been carved up by the top forces of the other four regions!

Among the five regions, the northern region is the most powerful!

There are dragon family, Shenglong family, wanjian emperor palace, and even the hundred immortals palace and other top forces and big forces. You can see the divine Kingdom everywhere, not like the western regions, where you can only see the spirit state. The overall level is much higher than the western regions!

As for the northern palace family in the southern region and the northern palace family in the western region, they belong to one branch.

On the contrary, the status of the Blood Sword clan and the blood spirit clan is equal to that of the golden sword gate and the flying crane hall in the western region. However, the strong sect, such as the Jindao sect, is obviously inferior to the Blood Sword clan!

As long as the ancestor of the Blood Sword clan was promoted to the realm of fortune, he would be able to upgrade the clan to a medium school and get rid of the control of the northern palace family in the southern region!

.....

In the western regions, under the northern palace family, there are four schools, namely, the golden sword gate, the flying crane hall, the vacuum temple, and the zilinzhong, which preside over the hundred patriarchal Bibi between heaven and earth!

The results of the first round draw also came out. 150000 people are about to fight on the challenge arena at the same time. It can be said that it is spectacular!

At this time, the wind of the golden sword gate had already brought the three grade divine king's tools to Wang Peng's door of the flying crane hall. He knocked on the door and said, "can brother Wang Peng be here?"

"Come on, brother Mufeng. What's the matter?"

"With the king's tools, what do you want to do?" Wang Peng is not angry. Last time he was angry, but the fire spread on him, he naturally did not have a good face!

"Go in and speak!"

"How long are the old people here?"

As soon as Mufeng entered the door, he saw dozens of Dharma protectors and elders sitting in the hall. Then he looked at Wang Peng and said, "what happened last time was my reckless act! As for this time, I have something to ask for! "

"I believe you know who your opponent is in the first round."

Wang Peng sat on the sofa, looked at Mufeng and said with a smile, "my opponent, ye Shitian!"

"You came to me with a king's utensil

"Obviously, not to challenge me!"

"I'm not here to give my treasure! It should be. I want to kill ye and kill heaven! "

Kill ye and kill heaven!

It's not a simple thing!

Although the other side's realm is low, but the strength is not weak. He still escaped from the hands of the God King City Lord in the middle of the kingdom of God, and killed out a channel!

Yes, but I can kill him too!

Just, he is the master of Miss seven!

I killed him, didn't I offend Miss seven?

"No!"

"Kill ye and kill heaven, I will do it myself!" Mufeng frowned like a lock hard to open, his eyes ferocious, gnashing his teeth and saying: "he dares to be so close to Ziyu, I will surely kill him!" "But I know your fighting power!"

"If you go on the stage, you will not kill ye Shitian, but you will severely damage him!"

"So, I hope you don't hurt ye Shitian seriously. I want to kill him in the arena with dignity and decency."

He clenched his fist and scanned hundreds of thousands of people outside through the window and said, "I will hang him in front of all the people, so as to be shameful."

The two great enmities of mankind are irresolvable!

One is the hatred of killing my father!

The second is the hatred of robbing his wife!

"Bathe in the wind!"

"You want to do it yourself, are you sure?" On the edge, an elder of the flying crane hall put down his cigarette bag, looked at the Mufeng, and said with a faint smile: "I'm afraid the boat will capsize in the gutter. Ye Shitian can become the master of the seventh miss and the protector of the northern palace family!"

"How much, some strength!"

"If you are alone against him who is not seriously injured, it is hard to solve it!"

He stopped for a moment and then said: "anyway, you have brought a gift. It's better to change your intention. The divine king's utensil still gives Wang Peng. Let Wang Peng give you a heavy blow to ye Shitian. If you kill him again, it's OK."

"No!"

"I'm going to personally fight against ye Shitian in his heyday!"

"I'll trample him under my feet and trample him to death. This lowly bastard must die in my hands!"

Mufeng was extremely resolute, and at the same time, he handed the Shenwang ware to Wang Peng. He looked as if he could win. He said, "you just need to knock ye Shitian out of the arena. Then, I will let him advance to the second round, the third round and even the fourth round."

"Don't knock him out!"

"It's a good name to give face to the Beigong family and let him participate in it all the time!"

"I will finally meet him in the fourth round. In the first three rounds, I will let people humiliate him step by step and let everyone see the gap between him and me!"

As if on the real challenge arena, just as Mufeng said!

Ye Shitian!

You will lose in the first round, but I will never let you leave easily!

You have to finish three rounds, until the fourth round I will kill you, even if Ziyu hands, I will never let you go!

Chapter 1355

"Good!"

"I promise you!" Wang Peng takes the Shenwang instrument and sends Mufeng away.

He came back to look at the other elders, nodded slightly, and said, "it's good that we don't offend Miss Qi. At the same time, we can try ye Shitian's fighting power. How about it?"

On the first round, kill the sky!

He arranged it!

But he also knows that ye Shitian will not be eliminated, although it does not conform to the rules!

For the sake of Ziyu palace, you won't kill him easily!

One wants to see ye kill the sky and kill all directions!

One must slowly kill ye Shitian!

"Sure?"

"Ye Shitian's shooting frequency is very few, but each time is very decisive and ruthless!"

The elder, who smoked the bag just now, said again, "his power of extinction is not weak, and there are even divine vessels as the foundation."

"Don't care about him!"

"What is the power of extinction?" Wang Peng sneered, and a special immortal tool appeared in his hand, which slowly bloomed with destructive power. "Thank you very much for being old!"

"I have the artifact made of the stone of destruction!"

"Bloom with the power of destruction, enough to resist his power of extinction!"

"Besides, how strong is his power of extinction?" Wang Peng didn't agree, and said with a smile: "the power of destruction is the most powerful power to attack and kill in the world. With a little bit of destroying stone, even if it's just a finger size destroying stone, the artifact created by it is enough to break the flesh of Hunyuan state!"

"Originally, I had to try ye Shitian's fighting power with him! Look at this humble little white face. What kind of ability does he have? He dares to offend jindaomen Mufeng! "

"I don't need to use a knife to destroy it!"

"It's so easy to just hit ye Shitian, a man in the nine layers of heaven in the emperor's honor."

Wang Peng himself is the nine layers of heaven!

Even if it's just the first time to enter the Ninth Heaven of the divine realm, the combat power is extraordinary. Besides, there are several pieces of divine king's utensils, which can even be compared with the strong ones in the second layer of the divine kingdom. It's easy to kill ye and kill heaven!

If you want to destroy ye Shitian, you can do it at will!

.....

At this time, the valley sounded a burst of thundering sword sound!

It was the five judges who announced to all the participants that the first round of competition would begin!

In the first round, 150000 people will be on the stage. Some of them are against ordinary people, and some are fighting against each other. But there is no doubt that ye Chen and Wang Peng are the most noticeable.

.....

One hundred and fifty thousand martial artists all ascended 75000 arena!

However, not all of the martial artists have stepped onto the arena. There are still one or two hundred of them who have not yet entered the arena. They have to wait for others to finish the competition and then compare themselves. They are Tianjiao. Naturally, they can't participate in the first round of competition with these ordinary people!

About a hundred arena are empty!

More than one hundred martial artists who were in the eight or nine levels of the divine realm did not come to the stage, and dozens of others were in the middle or even the early stage of the spiritual realm. At this moment, the civil warriors in emperor Zun's realm were extremely depressed and waiting!

Wang Yan also boarded a challenge arena, looking at the opponent is the late emperor Zunjing, naturally not his opponent!

Simply, he ignored his opponent and directly opened up a five grade immortal weapon to attack and kill the opponent. Then he looked at ye Shitian on the observation platform and said to himself, "he did not come to the stage. He is also Tianjiao?"

Since two days ago, after fleeing the city, he took his friends to the city to sign up!

This meeting has just arrived in Wanshan Valley, and we have to start the arena competition. I thought that ye Shitian would definitely die if he offended Tianling City Lord. Unexpectedly, the other side survived. The news is more and more amazing!

First, hundreds of law enforcement officers were killed!

Another day and night, we killed more than 50 strong people who were in the state of mind!

Miss Ziyu's master is directly behind Ziyu palace!

In just a few days, ye Shitian has reached such a position. It's hard to predict!

"I've been studying hard for seven or eight hundred years!"

"It's only when you get to the eight levels of heaven, and you have to compete again and again!"

"I didn't expect that he was already a member of Miss Ziyu in Beigong and became the Dharma protector of Beigong family. Sure enough, capable people are not the same. If they do something earth shaking things casually, they will be caught in the eye, and they will go straight to the top."

Wang Yan shakes his head and looks at the opponent who is afraid of himself. He immediately claps it out and ends the competition directly and steps down smartly!

At the same time, thousands of people stepped down.

Most of these people are free to practice, others are disciples of the hundred schools, and some of them are outstanding. However, many of the disciples who are in the nine levels of the heaven realm of the spirit state have not been on the stage, waiting for them to play after they have finished. This also seems to be in a detached position!

Bang bang bang!!

Bang bang bang!!There's a lot of popping!

In an instant, thousands of civil warriors in the later period of emperor Zunjing were destroyed!

Soon, there were bursts of explosions, and a warrior who was in the early stage of God state and Emperor Zun's nine layers of heaven was beaten out of the challenge arena.

"150000 people!"

"It's a fast fight." Wang Qi nodded slightly, looked at ye Shitian, Wang Peng, Mufeng, Nianxin monk and others, and said with a smile, "you should go out right now. Be careful with Wang Peng!"

"You are not necessarily his opponent!"

"He has a five grade King's weapon. I'm afraid he has stronger weapons in hand to deal with you."

"Yes." Ye Chen doesn't care. He looks at the arena. The battle is almost over. The rest of the people stand on the arena.

High spirited.

"The first round of 100 matches is coming to an end!"

"All the others who have not yet come to power, please come to the stage!"

Mu Sui is willing to be a referee, announce a, immediately looked at Ye Chen, cold hum a, no longer pay attention to!

He sat on the referee's bench, and his eyes fell on Wang Peng. In addition to Wang Peng and ye Chen, everyone else has already played. It seems that these two little guys are ready to make the last move!

Wang Peng is so, can understand!

After all, the king's weapon that collects Mufeng will play well!

As for ye Shitian?

The lowly brute in the world of low martial arts thinks he is Tianjiao?

You want to pretend? You want to wait until the end?

Well, this referee will make you a success. If you had just participated in the competition and no one had noticed your miserable appearance, now everyone has finished the competition, you and Wang Peng will be left!

Wang Peng beat you in public. Look at you, a little beast, how to tolerate yourself!

Mufeng will personally kill you, but also won't let you live!

At the same time, Mufeng, Nianxin monk, Lin Xuan, and about a dozen other martial artists have come to the stage!

They are the most elite, the first round of almost all the folk martial arts, it is easy to kill the opponent, and then signaled the referee to walk down!

Mufeng walked down the challenge arena, his deep eyes looked at Ye Chen, and then looked at Wang Peng. He said, "next, look at you!"

Chapter 1356

"Don't worry!"

"Take your things and I'll do my best!" Wang Peng looks like a winner!

At the same time, countless warriors watching the war, even the 75000 who defeated, all focused their eyes on Ye Chen and Wang Peng!

A lot of people said: "they didn't do it!"

"These two guys, they can pretend to be

"What are you pretending to do? I dare not do it

"Otherwise, why didn't you go on the stage just now? Mufeng and Kuang Bai were all on the stage, but the little white face in the low martial world didn't dare to play!"

In people's eyes, just now so many Tianjiao took the stage to compete, but ye Chen dragged Wang Peng not to the stage, showing his fear!

It's worthy of being from the low martial world!

Although the rumors followed, but ye Chen was still silent, hands negative behind him, as if he didn't care at all.

At the same time, the eyes of the five referees all looked at Ye Chen and Wang Peng!

Zheng old eyebrow deep rope, don't know ye Chen to do what ghost!

The elders of the flying crane hall, the vacuum temple and the Zilin sect looked at Wang Peng and ye Chen, but they didn't speak and waited!

Mu Suiyuan coughed twice. His eyes were majestic. He looked at Ye Chen in public and said, "this time, there are 150 thousand participants in the contest. So far, more than 30000 warriors have died."

"Of course, some of these contestants are useless. They have great reputation, but they are timid and weak. They even dare not enter the arena."

"Now, if you don't go to the challenge arena, Dabi will give him the name of 'waste' and drive him out of the valley!"

This words a, innumerable eyes naturally fell on Ye Chen's body.

North palace purple jade hesitated a few minutes, or to Ye Chen way: "master, are you ok?"

"If you don't want to compete, I can ask them to cancel the competition. You can rest at ease. With me, no one dares to say you are useless."

Ye Chen shakes his head, the next second, step out, like a God in general, Kui fell on the new challenge arena!

At the same time, he took out the soul destroying magic gun, pointed at Wang Peng in a distance, and said, "my time is limited. If I come out to fight, you have only ten moves to fight!"

As soon as this word comes out, all the people on the scene take a cold breath!

Kill Wang Peng in ten moves?

Is ye Shitian crazy?

Think you are the nine layers of heaven?

I don't know that I'm the emperor who respects the nine layers of heaven, but Wang Peng is a great realm?

Do you dare to be so arrogant that you really think that Miss Ziyu of Beigong can do whatever he wants?

Almost all the warriors are like this. Ye Shitian is crazy. No, he is an idiot!

The nine layers of heaven in the emperor's honor should challenge the nine layers of heaven in the realm of God!

Even if ye Shitian had a record of escaping from the hands of the strong in the middle of the divine Kingdom, it does not mean that he is Wang Peng's opponent!

Wang Peng's nine layer heaven in the spirit state is not as good as Mufeng and Nianxin monks, but it is also a strong man whose fighting power is comparable to that of the second level of the spiritual realm!

"You are looking for death!"

"If it wasn't for that, I would have killed you today!"

"Well, I will beat you down in three moves!" Wang Peng's arms trembled, his clothes overflowed and his bronze skin was exposed. His majestic muscles haunted Dao Dao's aura. He was extremely fierce, just like a fierce beast!

He jumped to the challenge arena and took out his weapon!

An ice blue crack spear, a third class Shenwang ware!

With the aura in his body, he can only mobilize the three level divine king's tools, unlike Ye Chen's full of Qi and blood, plus the three powers, which is enough to use the six level divine king's tools to kill the divine sword!

King of God!

It's different from fairy ware!

It needs a certain strength to mobilize, otherwise it may not be achieved. Instead, it will be bitten by the spirit of the divine king tool!

"Kill!"

"Kill the gun!"

Wang Peng gave a high drink. He shot out a gun, and countless vigorous winds passed through both sides of the sword. At the next moment, the gun tip burst out with a cold luster, just like a curtain of light, covering the whole arena.

Whoosh!!

Whoosh!

All around the challenge arena are filled with vigorous wind gun Gang flying back and forth. Each blow has the power to kill emperor Zun's territory!

In order to deal with Ye Chen, Wang Peng is also under the cruel hand!

"One shot!"

"Perish!"

Wang Peng brandished the ice crack spear. With one shot, he passed the ice color trace, and the huge aura gathered. The vigorous wind in the air was turned into freezing point, and the freezing point was turned into a spear with a handle.

In a flash, thousands of spears fell down. Among them, an ice colored dragon lingered in the spear. It came from Wang Peng's divine instrument.

It is the manifestation of the spirit!

Obviously, Wang Peng is to defeat Ye Chen!

In the face of such provocation, he even forgot Mufeng's agreement that ye Chen should be severely damaged and finally leave Ye Chen a life to clean up Mufeng!"Three unique guns in the sky!"

"First shot!"

Ye Chen gently drinks, slightly raises the spirit killer gun, the body of the sword twinkles with the power of extinction. The gray yellow luster shines up and down the light curtain, and immediately a tide blooms. A tide of extinction sweeps up and collides with hundreds of ice guns!

Although Lin Qingxuan taught him the three unique spears, they were his martial arts skills in Kunlun.

But how can the martial arts skills given to him by reincarnation cemetery be limited to Kunlun Xu!

With the improvement of strength, ye Chen has a new understanding of breaking the sky three Jue guns!

Invincible!

Boom!!

Boom!!

A burst of sound came out!

The ice gun suddenly broke, and even the ice dragon cracked. Under the bombardment of Ye Chen's fist, it immediately burst out and turned into countless ice colored crystals!

"You can't!"

"I said, kill you in ten moves!"

"Now, the second move!" Ye Chen starts up, grabs the ice crack spear, and bombards Wang Peng's body with one fist, just like a star falling down. Each fist makes a shocking sound, and even the underground arena is cracked!

"Asshole!"

"It's impossible!"

Wang Peng reacted and killed Ye Chen by force and fought with Ye Chen!

He doesn't believe that if he competes with Ye Chen, he can still fall behind. At the moment, the king of God can't be used, so use the body!

Bang bang bang!!

Bang bang!

The sound of collision is coming out!

People outside can not see the situation in the light curtain, but can feel the fierce battle!

Lin Xuan's eyes were very different. He looked at Mufeng, and his heart was filled with waves. He thought, "ye Shitian, it's not easy! How could I fight Wang Peng like this? Although I didn't really see the battle process, this aftershock was enough to blow up and kill the warriors at the early stage of entering the divine realm! "

It's hard. Mufeng knows that it's too late to kill the sky on Shangye!

So Wang Peng was invited to kill Ye?

Or do you know that you have no absolute assurance, better than ye Shitian?

Not only Lin Xuan's eyes were quite different, but even monk Nianxin, Zhou Bai, ban mu, and so on, were all curious!

Isn't Ye Jingtian from the world of low martial arts?

Why is it so powerful?

Chapter 1357

The challenge arena was covered by the light curtain, and the surrounding audience also felt the aftershock. All their faces turned pale and looked at the light curtain strangely. They all thought of the cableway: ye Shitian!

Very strong!

Just do not fight, but wait for the opportunity!

We should wait for us to watch him fight in the challenge arena and become famous all over the world!

I'm afraid the ridicule we gave him before was just right for him!

In the light curtain, Wang Peng is blasted out, the ice crack spear is also inserted in the challenge arena, the strong body like a dragon is gradually weakened, obviously injured, and at the same time, it is consumed by Ye Chen's power of extinction for thousands of years!

He's a man of nine levels. But how can he be more experienced in combat than ye Chen!

Plus the weapons are almost the same, but the tactics are far lower than ye Chen!

How can you resist Ye Chen without using the road and blood!

At this moment, ye Chen fights and comes to fight. Wang Peng flies everywhere with his fists and his blood is dripping. Even Wang Peng's left arm is broken!

Bang!!

Wang Peng rolled down on the edge and said in great anger, "you mean beast, you use the power of silence!"

"Originally, I just wanted to get rid of you!"

"I didn't expect that you dare to fight hard, you lowly and low martial world bastard, you dare to do so!"

"Well, if you don't keep your hand, I'll kill you!"

The next moment, Wang Peng took out the weapon made of the stone of destruction. As soon as it was taken out, there was a sense of horror in the air!

Hoo Hoo Hoo!!

The air temperature drops, and the destroyer glows with bleeding red!

At this moment, it's just like a demon born. It's terrible!

"Ye Shitian!"

"I want you to understand what the land of Lingwu is today."

"If you have any last words, just say it, because no one can save you, not even miss seven!"

Wang Peng waved his knife at will, and a destructive force diffused out. He directly cut the light curtain and let the two expose everyone at present!

He pointed to Ye Chen, deep and crazy eyes, very evil.

At the moment, he was so angry that he calmed down, and his body was full of killing intention. "Finally, I'll give you three seconds!"

"Give me your last words!"

"Today next year will be your death day!"

"Death day? It's your death day Ye Chen dismissive, put away the ghost demon gun, took out the Zhushen sword!

"Wang Peng, what are you going to do?"

"I told you to kill him, not to kill him!" Mufeng was worried at the edge and cried angrily, "Wang Peng, I'll kill ye and kill heaven. You can't rob me!"

"Wang Peng!"

"Stop it!"

Mufeng is more crazy at the moment. He grabs the pillar and roars: "ye Shitian is mine. I can only kill him. What are you doing?"

"Wang Peng, he can only be killed by me!"

"Wang Peng!"

"Wang Peng..."

The sound of Mufeng haunts the valley, and all the people pay attention to it. The warriors look different!

Mufeng is really crazy!

In order to kill ye Shitian, in order to kill ye Shitian, he is so crazy at the moment!

"You stop!" Mufeng saw that Wang Peng was still ready to jump out, but was stopped by other elders!

He can only do to look at Wang Peng, angry all over the body shaking, "ye Shitian, should I kill ah!"

The hatred of robbing his wife!

How can we not report it!

Wang Peng!

I present you with a divine king's tool, which is to let you not hurt ye Shitian!

Let me kill ye Shitian personally, but you break your promise!

You!

Asshole!

"What!"

"Do you all think that ye Shitian is easy to kill?"

Ye Chen holds the sword in both hands. At the same time, he is accumulating strength. The power of countless Qi and blood and the power of annihilation merge into Zhushen sword. He is ready to fight Wang Peng to decide life and death!

His eyes swept over the many geniuses who looked at all this coldly on the observation platform, as well as more elders, and said with a smile: "do you think I'm fish? You want to kill me? Who else will score? "

"Bathe in the wind!"

"If you want to kill me, you can come any time!"

"But I will certainly destroy you. As for Wang Peng in front of me, it's just a local chicken and a dog!"

Rampant!

Overbearing!

In the face of such a desperate situation, and even the desperate attack composed of the law of destruction, they are so arrogant!

I'm afraid Ye Chen is the only one who dares to do so!

In the war room, Ziyu in the North Palace was worried, "Wang Peng has a weapon made by Ruishen stone. Shifu, I'm afraid it's not an opponent."

"Wang Qi, you are ready!"

"Once the master is defeated, you can help him to leave immediately!"

The stone of destruction!

Contains the complete law of destruction! Although the power of destruction is similar to the power of extinction, one is composed of the power of law, and the other is a simple special force!

The power between the two is ten times different!

Unless the master's power of annihilation is also transformed into the power of law of extinction, it is not necessarily an opponent!

Today, Wang Peng's weapons of destruction are at least comparable to Hunyuan immortal weapons!

It's not obvious to bully people by using Hunyuan immortal tools!

Hua Hua ~ ~

Hua ~ ~

a wave of light streaked through the air!

Wang Peng and ye Chen, two people at the same time!

Wang Peng brandishes a destructive weapon and bumps into Ye Chen's Zhushen sword. The two forces collide with each other, producing a startling explosion!

Soon, a figure flew out and rolled down on the challenge arena. It was Ye Chen!

At the moment, ye Chen's casual clothes have been broken a few minutes, corner of the mouth spilled a trace of purplish red blood, shocked by the heavy damage!

In the eyes of the outsider, it is extremely awkward.

After all, Wang Peng's attack has the law of destruction!

Even a short time is better than the way of extinction!

How can ye Chen not be hurt!

The power of law can only be controlled by a very strong person!

Now ye Chen can't fight!

This blow, ye Chen's decline, this is inevitable!

"Ye Shitian, or not!"

"Ye Shitian's weapon is not good, it has to be defeated!"

"Ye Shitian is so crazy. I'm going to die this time!"

Many people speak, and some people, like Wang Yan, whose status and status are the same as ye Chen, are sighing!

Finally, one of them, ye Shitian, dares to challenge the sect disciples!

But I didn't expect that the end would be so miserable!

"Not bad!"

"Good fight!" Mu Sui was willing to touch his beard lightly, nodded slightly, and then said, "if ye Chen is not dead, he will be promoted to the second round, and Mu Feng will fight him directly. If he is dead, he will collect the corpse and feed the dog!"

Ye Shitian!

Dare to insult me!

Death doesn't let you have a good end!

"Wang Qi!"

"Go The North palace purple jade extremely anxious, eagerly straight stomps the foot!

Just when Wang Qi was about to make a move, ye Chen stood up slowly, surrounded by a dark flame, staring at Wang Peng, just like the nine you demon God staring at the prey, "do you think that this can hurt me?"

"You all say that people in the low martial world are as humble as ants."

"I'll tell you today!"

"I'm a man of low martial arts, you can't afford it!"

Chapter 1358

"The law of destruction!" In the reincarnation cemetery, the ice sword immortal Zun's eyebrows are mixed with a sense of obliteration. He says coldly, "Gao yechen is a big realm, and he dares to use such weapons. It's really deceiving!"

"Boy!"

"I give you some strength to destroy his weapon containing the law of destruction!"

"Thank you very much

Ye Chen's breath is climbing and stepping into the realm of God!

At the moment, his Qi and blood has already been comparable to the strong one in the divine king's state, and is still increasing. It is more than several times stronger than just now!

"No way!"

"The breath soars, it's the last move again!"

"This is what he used to fight against the city Lord of the heavenly spirit!" Wang Peng wakes up and looks at Ye Chen in front of him in horror. However, he has no confidence in his heart and has to accumulate strength again!

Wang Qi, who was about to make a move, also stopped and said in surprise: "Miss, ye Shitian used the bottom card to break out at least three layers of heaven's power in the divine kingdom! Although it is not as good as that against the city Lord of Tianling at that time, it is definitely not weak! "

Ye Shitian!

What's the origin?

How can the power of low martial world have such a bottom card?

The top of the nine layers of heaven in the emperor's Zun state has the power of Qi and blood comparable to that of the divine king state!

It's the power of Qi and blood, not aura. The power is several times different between the two. If ye Shitian steps into the realm of God, and the power of Qi and blood in his body is transformed into aura, isn't the combat power to be enhanced more?

"Almost!"

Ye Chen waited for Wang Peng to get ready. He held the sword of Zhushen in his right hand and walked slowly. However, he put a great pressure on Wang Peng, as if an ancient god had come. He didn't do anything, but only breath could hold Wang Peng down!

"A sword of destruction!"

"Ye Shitian, you must die!"

Wang Peng called out in a nervous voice. He flew into the air, holding the tool of destruction in his right hand. With a sharp knife, a round of destruction knife fell down, just like the blood moon falling into the sky, the huge destructive power and unstoppable murderous spirit spread out, and everyone was shocked.

"That's your fighting power?"

"Too weak!"

Ye Chen said softly, extremely despised!

At the next moment, he waved the Zhushen general and stabbed Wang Peng with a sword. The sword Qi gathered from all directions, broke through many obstacles and destroyed one after another. The endless sword Qi swept XueYue Daogang like a tide. With a burst, the blood moon sword Gang broke, and the sword Qi turned into a silver explosion again, drowning Wang Peng!

Sonorous!

Bang bang bang!

A series of percussion sound, burst sound out!

Immediately, a piece of blood streamed down, Wang Peng's body burst open, the spirit was shattered in an instant!

Hundreds of thousands of soldiers looked at this scene in horror and were at a loss for a time!

"Ye Shitian! Be bold

"You dare to kill my disciple!" The elder of the inner door of the flying crane hall was furious and slapped the table.

Chen Tian, the elder of the inner door of the flying crane hall, never expected that Wang Peng would die in ye Shitian's hand!

No way!

How can ye Shitian, a hybrid of the humble and low martial world, defeat Wang Peng, let alone kill Wang Peng?

Originally, isn't he going to be killed by Wang Peng?

Why did Wang Peng die instead?

This goddamn lowly world bastard!

"Ye Shitian!"

"You're looking for death!"

Chen tianteng rises from the sky and is surrounded by the power of the space law of Taoism. He is also a strong man of Hunyuan state!

His hands are constantly printing, gathering the power of the law of space, to kill Ye Chen!

"Chen Tian, what do you mean?"

"I'm still here. How dare you be presumptuous?" Obviously, Zheng's power is stronger than Chen's law when he forces his hand to gather together!

He glared: "ye Shitian is the Dharma protector of my Beigong family!"

"It's also miss Qi's master. If you dare to attack him, you will provoke our Beigong family!"

"Besides, the contest in the arena is divided into victory and defeat, as well as life and death."

"Wang Peng should have died in battle!"

"Zheng Kuang, you!" Chen Tian glared at Zheng Bo, and finally stopped. He still sat on the judge's seat, glared at Ye Chen and said, "you're lucky this time, son of a bitch. Next time, don't let me meet you alone, or I'll kill you!"

Chen Tian finally didn't start, and the elders of the vacuum temple and Zilin sect didn't mean to help!

I'm afraid you can't hold down the field if you're alone!

Anyway, there is Mufeng behind. Let Mufeng solve ye Shitian by himself!

If Mufeng can't solve it, then join hands with Mu Suiyuan to kill ye Shitian!

"My master killed Wang Peng head on!"

"Referee, you can announce it!" The purple jade in the northern Palace also shows a cold side. Several powerful deities around him burst into a breath at the same time. If the flying crane hall dares to start, they will do nothing to rescue ye Shitian!Ye Shitian!

This is my master!

It's also the Dharma protector of my Beigong family. How can it be insulted by outsiders!

"This war!"

"Ye Shitian Sheng!"

With the referee's voice falling down, hundreds of thousands of martial arts just react, Wang Peng is dead!

The strong man in the sky list died in the hand of Ye Shitian!

Wang Yan in the crowd is not enough to shake his head, "too cruel! Wang Peng, he killed him

"Ye Shitian's strength has been improved too fast!"

"Two days ago, it was dangerous to drive the Lord of Tianling City crazy. Now he has killed Wang Peng!"

If you have a chance to make friends with him, maybe you can break through the situation quickly and enhance your strength!

Many sect disciples, even folk martial arts practitioners, have this idea. Of course, ye Chen has to come out of the Golden Buddha Tantra alive and have enough self-protection strength to make friends with Ye Chen. Otherwise, it would be very good if ye Chen didn't fall into trouble!

"Ye Shitian!"

"You are very good. You come from the world of low martial arts. You have such strength!"

"But the higher you stand, the worse you fall!"

"I will kill you personally!" Mufeng's eyes were deep. He took a special look at Mu Suiyuan, and immediately went back to the room. He wanted to practice the new Shenwang ware, even the Hunyuan immortal tool!

To kill Ye Chen! The elder of the inner gate of Jindao sect Mu Suiyuan even gave Mufeng Hunyuan immortal tool!

Although the instrument of destruction breeds the law of destruction, its material is only the level of the divine king's tool. It can only have the initial combat power of the Hunyuan immortal weapon, but it is not a real Hunyuan immortal tool. It can't be the same!

However, Mufeng got a Hunyuan immortal tool!

Contains the law of space, do not believe in killing Ye Chen!

On the challenge arena, ye Chen picked up the broken instrument of destruction, absorbed the law of destruction, and enhanced his own way of extinction. He felt that he could break the situation at any time, but he didn't get the Hunyuan immortal tool he wanted, so he kept suppressing his own realm!

First of all, I'll come back to the next room

Chapter 1359

"It seems that you are sure!"

"I should have believed you just now!" Wang Qi smiles!

Just now ye Chen said he wanted to win the first place. Who would believe it!

Estimate only North palace purple jade tiny believe!

But now!

Wang Peng, the ninth in the heaven list, was stabbed and burst by Ye Chen's sword. All the destructive tools comparable to Hunyuan immortal's tools were broken!

Ye Chen's combat power is estimated to be comparable to Lin Xuan, the seventh in the sky list!

Sky list!

It has been occupied by the direct disciples of each major sect!

Among them, Wang pengtian of flying crane hall ranks ninth, monk Nianxin of vacuum Temple ranks fifth, Zilin zonglinxuan ranks seventh, and jindaomen Mufeng tianbang ranks fourth! As for the top three in the sky list, they are all escorting the Golden Buddha Tantra this time, and have not participated in the challenge arena competition!

It is estimated that ye Chen will be able to face them directly after entering the Golden Buddha Tantra!

In the second round of the next day's competition, ye Chen confronted an ordinary disciple who was in the middle of the spiritual realm. The other side surrendered directly!

Later, in the third round and the fourth round, we didn't meet the strong one in tianbang!

Not to mention the monk Nianxin, Lin Xuan, Kuang Bai and others, ye Chen thinks that maybe it's the elder of several inner sects who can adjust the match quota!

Until the sixth round, decided 2000 people quota, ye Chen on the Mufeng!

"The draw is over!"

"The sixth round of challenge arena competition, in this order, according to the ranking you draw, two hours later, on the corresponding arena!"

Wuwei temple, the host announced!

Ye Chen looked down at the bamboo stick in his hand and wrote, "ye Shitian and Mufeng, No.1 challenge arena!"

"After five days, there was no wind in front of me!"

"During this time, is Mufeng broken? You can't enter the land of the Golden Buddha Tantra if you break through the boundary. It's obvious that you've got some treasures. You need time to refine and master them! " He looked at the well-established Mufeng, outlined a smile on the corner of his lips, and said, "unless you get the magic tool of harmony."

"Otherwise, you will die this time!"

"When I come out of the Golden Buddha Tantra, I will strangle your golden sword door!"

The distant Mufeng seems to feel Ye Chen's eyes, back with fierce eyes!

Suddenly, the next moment, the wind step out, the wave swept, even flew into the sky, glanced at the 4000 martial artists participating in the competition, and announced: "everyone, I have a hatred for ye Shitian!"

"Two hours! I can't wait so long, you guys, just go to one side and wait a minute! "

"I will challenge ye Shitian in advance

He called out a fairy sword and threw it out. He went deep into the ground in front of Ye Chen, "ye Shitian, you lowly thing in the low martial world, come out to fight! I will kill you today

"You don't have to look at Mr. Zheng!"

"You don't have to see Ziyu. Even if they stop today, you can't change your ending!"

I have mastered the Hunyuan immortal tool. Killing you and killing the sky is like searching for something!

"Master, be careful!"

"Mufeng obviously has a card!" Beigong Ziyu quietly came up and handed Ye Chen a light group. He said, "Mufeng's character and attitude have changed greatly. There's no doubt that it's the Hunyuan immortal's tool or the corresponding treasure. You can handle the master's skill!"

"Master, this is the ghost shadow of nine lives that my father gave me!"

"At the critical moment, you can break out of the Hunyuan state and kill the enemy at the top of the mountain!"

"Take it. If he uses the Hunyuan immortal tool, you can use it. Don't worry!"

In Beigong Ziyu's opinion, ye Chen comes from the mole ant land of Kunlun Xu.

There should not be too many cards to protect life. The cards used just now are obviously the ones used against the city Lord of Tianling!

Last time, the master had to flee after using it!

Obviously, Shifu's biggest card is this one. It's OK in the middle of Shenwang's realm, but Hunyuan's immortal weapon is more powerful than that of the later stage of meishenwang's realm. Shifu is bound to be in danger!

Her father gave her a lot of treasures. The ghost shadow of nine life days should be able to guarantee the master's worry free!

"I haven't reached the point where I can use my apprentice's treasure!"

Ye Chen rebuffed guangtuan and said with a light smile: "take it back, your life protecting object is to protect yourself, not to protect me! If I still need your treasure, I'm not worthy to be your master! "

"But, master..."

"Believe me, I will kill Mufeng!" Ye Chen walked out of the room, looking at the wind, without fear!

What about Hunyuan immortal ware?

I have a hundred great powers as the base card. Even if you hold the tool of the United way, I will not be afraid of a war!

Today, I will shoot you this threat!

"Ye Shitian!"

"Here you are, OK!"

Mufeng slowly fell on the No. 1 challenge arena, and his smile gradually became crazy.

He wants to kill Ye Chen, endless humiliation!

In front of hundreds of thousands of warriors! It is said that the emperor respected the nine layers of heaven and attacked Wang Peng who had entered the nine layers of heaven in the divine realm!

Legend has it that the nine layers of heaven in the emperor's realm fled from the strong in the middle of the divine kingdom!

Today, the legend of Ye Chen ends in his hands!

"Come on

"Let me see what kind of Hunyuan immortal ware you get!"

Ye Chen's hands are shining. At the same time, he takes out the soul destroying magic spear and the sword of killing the soul. The road of extinction is suspended behind him. The endless force of extinction lingers around his body, and gradually turns into Buddhist texts. It seems merciful, but it has the evil intention of killing all living beings!

Since ancient times, Buddhists have always been compassionate, and it is their duty to spread the world!

However, Ye Chen is using Buddhism and Taoism to understand the method of killing all living beings - to annihilate the Buddhist kingdom!

"Kill!"

"Hunyuan hit!"

Mufeng offers a hammer of streamer light!

The hammer of streamer is suspended in the sky, constantly rotating, blooming the edge of boundless space, like a rain curtain falling down, constantly attacking Ye Chen!

Bang bang bang!!

Bang bang!!

A record of the extinction of the Buddhist kingdom!

At the same time, gun Gang broke the sky, sword Qi soared into the sky, and lightning flashed everywhere!

A battle between the nine layers of heaven in the emperor's respect and the nine layers in the God's land had a battle aftereffect comparable to that of the two gods. All the warriors were shocked and even kept away from it for fear of being affected and injured!

.....

Just at this moment!

A gate, with a light blue luster, opened slowly.

Two thin and delicate bodies show slightly.

It was ye Luo'er and Ji Lin who came up from Kunlun Xu!

They walked out slowly. When they left the gate, they felt the aura around them!

They were shocked and looked around in surprise!

"According to the master of the Li family

"There is still more than 120000 kilometers away from the place where brother Ye is located."

"At our speed, we expect to arrive soon!" Ye Luo'er is worried and frowns slightly. I don't know why he feels that someone is staring at him. He feels that he is being treated as a prey, but he can't tell what is going on!

"Sister lol!"

"Are there many sects here?"

"According to the information spread in Kunlun, this is the Lingwu land. Everyone should be born in the realm of emperor Zun."

Chapter 1360

Ji Lin looked around curiously, and even looked at the quiet grassland outside the gate. He thought, "I am still the nine layers of heaven in the source of Taoism. In Kunlun Xu, he is called a great genius. But here, I am not even as good as a baby."

"Sister Luo'er, are we going to find elder brother Ye first?" Ji Lin asked, "I don't know how my sister is now."

Ye Luo'er's eyebrows flashed a luster, thinking of the cableway: "I'll send you to find elder brother Ye, and I need to go to another place!"

She felt that there were some places to attract herself. It seemed that the force of blood in her body was induced!

Feel like if you're in that place!

Cultivation will certainly rise!

As long as the cultivation is greatly increased, and then return to the family, you will surely be able to bring a number of powerful helpers for elder brother Ye!

"All right."

"Let's go, then." Ji Lin Du mouth, holding ye Luo'er's hand ready to leave!

However, at this moment, a sudden change is emerging!

In an instant, dozens of terrible breath enveloped them!

Fifteen strong men came into the sky. The first one was a strong man at the peak of the nine layers heaven in Hunyuan. He was the head of Linghu family in the northern region. He also followed the orders of long Hongtian!

Linghu's master's deep eyes, examining Ji Lin and ye Luo'er, said: "you two, don't be so anxious!"

"The strong one!"

"sister Luo'er, a powerful person, can control the sky! But I don't feel quite right. " Ji Lin frowns slightly, she has a kind of ominous premonition.

Normally speaking, Lingwu mainland has no contact with them, so no one should bother them.

What kind of people are you looking at?

"What do you mean

"Our sisters have just arrived here, but they have not offended you!"

Ye Luo'er guards Ji Lin behind him, examines these people, and says again: "if you want to rob, you may have found the wrong person!"

Linghu's master ignored them. He took the picture from long Hongtian from the people around him. When he unfolded it, he saw that it was very similar to Ye Luo'er. He waved and condensed a blade of space and cut through Ye Luo'er's arm. Seeing a trace of blood falling and containing the majestic power, he said with great joy: "it's her, found her!"

We have found the man ordered by the dragon master!

If you take this woman back, maybe the dragon master will give him a magic tool!

"Master, is it really her?"

On the edge, a strong man in the six layers of Hunyuan kingdom came up to him. After checking the picture carefully, he saw a crazy look in his eyes and said with a laugh: "it's really her! It's as like as two peas. "

"Ladies and gentlemen, the master of long Hongtian personally orders us to arrest this woman!"

"Once we take it back, it's very likely that the dragon master will reward us with the magic tool of the Tao."

The master of Linghu's family is about to stop pressing. He begins to use the power of the law to explore the surrounding situation, but his eyes are always staring at Ye Luo'er!

They don't care what Jerome is!

In their eyes, Ye Luo'er is a walking artifact, a great treasure!

I thought that I would meet many strong men when I came to capture ye Luo'er this time. After all, it was the person sent by the master of long Hongtian's family to arrest ye Luo'er. It may be a tough person, but I didn't expect that she was a woman in the early days of emperor's reign!

I should have known that!

It's good for the master of my family to come in person. I don't have to take so long to be old!

Linghu family is one of the families attached to long Hongtian. The strong members in the family are all the family members of long Hongtian. Most of the time, when long Hongtian fights with the dragon family, they can only participate in the battle with the strong people in the same Taoist realm. They can only stare at other powerful people in the same Taoist realm, and win the treasures and break through the realm after victory!

But this time, the opportunity comes!

The leader of Linghu's family led 15 Hunyuan realm masters in his family. Among them, three of them were from three levels of heaven, ten were from six levels of heaven, and two were from seven to eight levels. In addition, he was the top master of nine layers of Hunyuan realm who thoroughly understood the rules of space!

I thought I was going to catch a woman in Shenwang state or Hunyuan state!

I didn't expect that!

It's to capture Nadi's dignity!

What a blessing!

Whoa, whoa!!

Whoa!

The master of Linghu's family made a move, and the palm of his palm continuously released a series of space blades, cutting the surrounding space. At the same time, a supreme elder of Hunyuan state, seven layers of heaven, used secret method to explore the situation in the main hall of the space transmission array!

After confirming that no one came, they both showed a happy smile!

"Everybody, what do you mean?"

"Catch me?"

Ye Luo'er's eyebrows flashed a cold luster and sighed to himself. They were all Hunyuan territory. How to fight the enemy!

She looked down at Ji Lin, who was the Ninth Heaven of Daoyuan state. She said, "I'll stop them later. You'll try your best to find elder brother Ye!" "Only brother Ye can help us!"

"This..."

"Sister lol, let's fight together!" Ji Lin is waving his fist. He may not know the strength of the strong man in the Hunyuan state. He can face this kind of space that can be cut, and even cut people into nothingness in an instant, and speak the words of fighting together!

In her eyes, the strongest is Ye Chen!

Next is Han Yun, and then Ye Luo'er.

Sister Luo'er once blocked Wei Wucheng's all-out attack. She should be able to escape from these people!

"Come on

"Run!" Ye Luo'er suddenly hands out a long sword of ice soul, brings out a long streamer to kill, startles the clouds in the sky, turns into countless sword Qi, and attacks 15 Hunyuan strongmen at the same time!

She turned her head and yelled, "Ji Lin, run quickly and find elder brother Ye!"

"I can't stop them for long!"

"Come on

These days, Ye Luo'er gradually recovers with his memory, and his strength has also increased a lot. Although the realm is still the level of Emperor Zun's realm, his combat power is at least as good as that in the early days of the enchanting realm. In Kunlun Xu, he is a first-class master, but in Lingwu land, he is too weak!

She knows very well that the target of this group is her!

Can only let Ji Lin escape as far as possible!

"Well, how dare you resist?"

"Dead and alive things! I don't want to see what you are! The master of Linghu's family sneered and waved with countless strength. Suddenly, he solidified the ice soul sword and imprisoned countless streamer swords in the air!

No, it's not the ice soul sword alone!

But imprison this piece of space!

Hunyuan state, understand the space law, there is the ability to imprison space, imprison the enemy!

Combining the Taoist realm, understanding the law of time and producing time difference, the combined law of time and space can show the spirit of the day when the immortal comes. The law of time and space can imprison all people, and fight ye Chen in the space cage for half a day. But two people can come out. The time of Kunlun emptiness is only one second!

The law of time and space is extremely powerful!

The law of space alone, unless the strong at the same level, is hard to break!
