Chapter 1361

Bang bang bang!!

Bang bang bang!!

Liuguang sword Qi in the confinement, under extremely strong pressure, immediately inch inch fracture, turned into countless crystals, but still imprisoned!

The body of ice soul sword is shaking, and it is also confined in the air. It cannot enter or retreat!

At the next moment, the owner of the Fox family waved a pale blue light wave, just like the light of destruction. The ice soul sword broke into powder, and countless crystals cracked at the same time. The trees and forests affected by Zhou burst out one after another!

Hunyuan strong, so strong!

Ye Luo'er looks pale, and immediately hits Ji Lin with one hand. He blows Ji Lin out several hundred meters, but he doesn't hurt him. He murmurs: "I can't go. You can find elder brother Ye as much as possible."

"Only he can save me!"

Brother Ye!

Lol can't help you!

These people come to Luo'er's trouble, I'm afraid they will do something to you in the future!

Right away, Luo'er will stop them for you and let Ji Lin inform you!

At the next moment, Ye Luo'er's body was filled with the spirit of a burning dragon, and his whole body turned into a man of fire, and a breath of silence burst into full bloom. As if the God of war had arrived, his arms were short-lived with incomparable and powerful fighting power!

She paid for her blood!

"It's not easy indeed."

"No wonder!"

Ling Hu's master frowned slightly and gazed at Ye Luo'er. At the next moment, he whispered: "imprison!"

Immediately, he burst out a myriad of pale blue luster, enveloping Ye Luo'er.

In a flash, Ye Luo'er, who was in an explosive state, was directly solidified, just as Ye Chen was facing the two elders of the Blood Sword sect. He was hard to resist. His body shape and the surrounding space were imprisoned. Although he could speak, he could not move!

Hua ~ ~

a streamer is coming back!

An elder of three layers of heaven in Hunyuan kingdom came back with Ji Lin, threw it to Ye Luo'er's side and said, "master, the dragon master just let us catch the big one. What should we do with the small one?"

"Small?"

"If we don't catch them, we don't have to catch them!" Linghu Master said, and suddenly sighed, way:
"small kill it, just in case!"

After that, an elder of the eight layers of Hunyuan Kingdom stood out and slightly stretched out his left hand. The palm of his hand flashed blue light, and constantly gathered the power of the law of space. Soon, a light blue ball came out, but it gave out a breath of destruction. As long as you hit it, you would be wiped out in an instant if you were afraid that you were the peak of the divine kingdom!

This little guy?

Ten years old, nine layers of heaven?

It is really weak enough, even the baby is not as good, now use the force of the law of space, it is safe!

The elder thought and nodded slightly, "it's her honor to kill such a person and use the power of the law of space!"

"The lowly things of the lowly world!"

"I shouldn't have come here, and I've come with this woman!"

"In that case, die!"

As soon as the voice fell, he threw out the blue light ball. The light ball crossed the air, causing the space turbulence. Gradually, the sky and the earth changed color and turned into light blue, as if everything was covered by this force. No one could escape!

This is the strong Hunyuan!

Block the space, no matter how strong you are, no matter how powerful you are, you have to be obedient in this space!

Accept my trial!

"No!"

"No, you, old man!"

Ji Lin stood up, grabbed his clothes with his fists, glared at the fire robed elder, and said angrily, "old tortoise, such a strong fighting power, still bullies me, shameless old thing You bastard, old bastard... "

Whoa, whoa!!

Whoa!!

The blue light ball gradually approached Ji Lin.

It hasn't really hit yet, but the law of space is approaching. Ji Lin's whole body is covered with blood and even his body is covered with knife marks. If the blue light ball really falls down, isn't it necessary to die?

"No!"

"No way!"

Ye Luo'er is struggling madly, Ji Lin is Ji Siqing's younger sister, can't die!

She tried her best to use the strength of her whole body's Qi and blood to break the confinement of space, but no matter how she attacked, even if she exploded, she could not break through the confinement of the law of space. Just at this moment, the flame of the dragon in her body ignited again!

Whoa, whoa!!

Whoa!!

A red glow flickered from yelol's body!

An unparalleled force runs through the sky and the earth. The shadow of a holy dragon slowly appears. The unbreakable space is confined under the huge dragon claws, and it is suddenly broken!

The shadow of a giant dragon appears behind ye Luo'er!

At this moment, ye Luo'er is burning with the endless flame gas, countless flame lights emerge, the shadow of the holy dragon behind roars, penetrates through the mountains and forests, and all the monsters and Warcraft realm within the range of 100,000 Li rush to the ground and pay homage to the Dragon King! It's blood!

Ye Luo'er has the blood of the holy dragon family, and is the purest Saint dragon blood, and even half of the blood of the half step saint. As soon as the divine power comes out, all the space barriers are broken in an instant!

"This

"No way! A thousand feet of blood are empty! "

The old man in the fire robe was extremely frightened. He gazed at the unreachable shadow of the holy dragon in front of him, and even could not see the marginal shadow. In his heart, countless fears sprang up!

The master of Linghu's family suddenly changed his face and looked at the empty shadow of the holy dragon. When he saw the shadow, there were even dragon scales. His huge body was even as high as the surrounding mountains. In a moment, he understood why he had done it himself!

This woman is from the dragon family!

Even if it's just a layer of heaven in the emperor's Zun state, it's not invincible to be inspired by blood and virtual shadow!

In Lingwu mainland, people's blood pulse stimulation and virtual shadow are only three or five Zhang, eight Zhang and ten Zhang, respectively. However, ye lu'er's blood pulse stimulation and virtual shadow are actually thousands of feet of holy dragon!

A thousand feet of holy dragon!

It's not a giant dragon!

Shenglong, on the same level as the dragon, is also above Yinglong, second only to the legendary Dragon God!

The dragon, which is thousands of feet long, looks like a real holy dragon. Instead of a four legged snake like a green dragon, it is so terrible that it can't be described.

The domineering dragon eyes reveal endless flame and flame. The teeth in the dragon mouth are tens of feet in size. If you breathe slightly, you will cause endless wind!

Blood red dragon scale, huge body, like a war machine!

The long dragon tail is more like a floating steel great wall!

This virtual shadow, does it show the ancestor of the holy dragon family, the holy King fighting the dragon?

"Master of the house!"

"This is the lineage of the dragon family."

On the edge, the supreme elder of the eight layers heaven of Hunyuan Kingdom exclaimed: "we have caused a disaster! Only the lineage of the Shenglong family, which is the main vein of the Shenglong family, was the 17th leader of the family, long Chengtian, who had been inspired by blood and had a virtual shadow, could have such a divine power! "

Linghu's master said nothing, but he was sweating. He looked up at the dragon and swallowed his mouth!

If this girl grows up, the whole land of Lingwu will look up to it!

What a small Linghu family he is!

Chapter 1362

At the moment, many thoughts are flying in the head of Linghu.

Do I really want to do something about this existence?

Why did he call me?

Don't you call the strong in harmony?

Is it because they are too busy, or is it because the Dragon Master is afraid of being discovered that he intercepts the legitimate members of the holy dragon family?

So let's do it. If we succeed, we won't pay attention to it?

In the mainland, there is no spiritual realm!

Even if they can only be regarded as the middle and lower reaches, they will not be watched. Is it because of this that the dragon family leader sent us here?

Hua Hua ~ ~

the blue light ball played by the elder just now is still flying, but it is very slow!

Everyone almost forgot, but it killed Ye Luo Er and Ji Lin, but it broke out with incomparable powerful force of space law!

"Remember!"

"Go to find Ye elder brother, they, I block for you!"

In the meantime, ye luo'er stands in front of Ji Lin, his hands are sealed, and the shadow of the holy dragon behind him waves two blood red giant claws and attacks the blue light ball at the same time. There is a loud burst sound, mixed with endless light, and rises from the sky!

Poof!!

Blood flies, and the power of the law of space is wiped out.

Ye luo'er suddenly retreats for dozens of steps, and his face turns pale. Even though he can completely activate his blood vessels, he is only one layer of heaven in emperor Zun's realm. He is lucky to survive the attack of the supreme elder of Linghu's family, who is eight layers of heaven in the Hunyuan realm!

She gazed at these people in front of her, thinking that although she activated her blood, she could not escape!

Simply, or send Ji Lin to leave!

She grabs Ji Lin, who is badly injured, and exerts a few holy dragon's power into his body. She is weak again. "Go to find elder brother ye and tell him that if there is someone who doesn't know who wants to look for him, avoid him as much as possible!"

"Sister Luo'er --"

before Ji Lin finished, he had been sent away tens of thousands of meters away by Ye Luo'er!

Ye Luo'er manipulates the virtual shadow of the holy dragon once again, preparing to attack the Hunyuan strongman of Linghu's family!

"Well? Injured? "

"Why is the state so low?"

Linghu's master recovered a little. He looked at Ye Luo'er carefully and was thinking, "she blocked the elder's space law, but she was injured. Obviously, the blood vessel's virtual shadow is very strong, but she is too weak. You can catch her!"

This woman!

Although they are the direct lineage of the Shenglong family, they are from the low martial world!

Their own realm is not high, the strength is limited, even if it is inspired by blood, with the virtual shadow, at most can only be equivalent to the level of Hunyuan junior high school, with our strength, we can win!

Ling Hu's master thought, his brows showed a cruel color, but he sighed secretly!

He said: "the elder of the three inner doors, imprison the surrounding space, so that other people can not get close to it!"

"Yes, master!"

"Yes

Three elders of the inner gate of the three layers of heaven in Hunyuan Kingdom leap out together and are located around ye Luo'er. They form an extremely terrible confinement array. Their hands release the rules of space. The chains of space are connected with each other, and countless blue luster is released, which imprisons the heaven and earth!

Three Hunyuan strong!

At the same time, the rule of space, its power is not weaker than that of the strong man in the seven or eight layers of Hunyuan environment!

In order to deal with ye Luo'er and prevent her from escaping, she did not hesitate to spend three inner elders as the soldiers of array!

It is conceivable that the master of Linghu attaches great importance to ye Luo'er!

"Master, do you really want to fight?"

"She's a member of the holy dragon family."

On the edge, a white robed elder asked!

At the same time, the other three elders of the six layers of heaven in Hunyuan state had already fought each other. They fought with the Immortal Dragon shadow of Qianzhang. The earth collapsed and the stone cracked, and countless mountains and forests cracked. Ye Luo'er stepped into the shadow of the holy dragon and fought only by the shadow of the holy dragon!

Her body is too weak to fight with the elders of Linghu family directly!

Otherwise, it will fall in an instant!

Seeing this scene, the leader of the Fox family sighed and said, "this is the legitimate member of the holy dragon family!"

He turned his head and glared at the other nine people who had not yet made a move. He cautiously said, "everyone, how many of the main lineage members of the Shenglong family have fallen into the world of low martial arts?"

Which one of the Shenglong family members is not famous in mainland China? Even the worst one is the one who calls himself immortal! "

"There are even powerful stars and orifices with gods!"

"Have you ever wondered why the master of long Hongtian sent us to capture her instead of killing her?"

As soon as the words came out, others hesitated and worried, and the nine elders who did not make a move showed their curiosity!

The nine of them did not dare to fight at will, especially knowing that ye Luo'er is the lineage of the holy dragon family!

Holy dragon family!

The top forces in the mainland!

If you want to arrest their clansmen, isn't it? They listened to the family's speech and thought about it carefully. Finally, they said, "the main vein of the Shenglong family is very few. In addition to the few who died in the war, there are dozens of other people, each of whom has a name and a surname, and is famous in the mainland, except -"

"except for the baby girl born to the Lord of Longcheng Tianjia and Princess Ling Piaoping, which was not recorded in the family, and then disappeared! "The elder looked up at ye Luo'er and was shocked: is it hard! Is she the daughter of Longchengtian? "

Linghu's master nodded slightly, showing a cruel color, and said: "Longchengtian is the former owner, and Longhongtian is the former owner! Let us understand why this order has been given by the Lord

"This time, we can't catch her. Once we let her run, we'll report to the supreme elder group of the holy dragon family."

"What will happen to the dragon master? I don't know!"

"But we will destroy the Fox family!"

Now, it's on the fire!

If you don't catch ye Luo'er, Long Hongtian will not let them go!

If you don't catch ye Luo'er, the elders of the holy dragon family will not let them go!

Therefore, the only way out is to seize ye Luo'er and give it to the owner of Long Hongtian's family. This is the way to live!

"I see, master!"

"I see!"

"Kill!"

Immediately, five elders in the middle of Hunyuan Dynasty rushed out to fight with Shenglong Xuying!

The other four elders, with twinkling eyes, rushed to the holy dragon shadow with the leader of Linghu's family. No matter how strong the shadow is, they can still compete. Now, catching ye Luo'er is the only way to survive!

Bang bang bang!!

Boom! Boom!

Countless explosions sounded, sand and stone splashed, the earth cracked, mountains were broken by the shadow of the holy dragon, several elders were defeated one after another!

Fifteen Hunyuan realm elders, together with Linghu, the leader of the Linghu family, who is on the top of the nine layers of the Hunyuan realm, fought together, but it was extremely difficult at the moment!

The Dragon shadow of Qianzhang holy dragon is huge in size. One hit at random will severely damage an elder. However, because of its huge size, although the body is covered with dragon scales, it has no other defense. It is being attacked by seven or eight elders fiercely!

Chapter 1363

Hoo ~ ~

the virtual shadow of the holy dragon is like a real dragon, flowing countless dragon blood!

Ye Luo'er was even weaker, and even integrated into the heart of the holy dragon shadow. He manipulated the holy dragon's virtual shadow to fight, but he was still beaten, and the dragon's blood flew out like a fountain.

"Strike against the dragon!"

"Die!"

Ye Luo'er tried his best to control the combination of two dragon claws to kill them. The power of killing and cutting in countless spaces came out. It directly wrapped the two elders in the six layers of Hunyuan Kingdom, and immediately the Dragon claws were pinched!

Bang!

Bang!

Two bursts came out.

The bodies of the two elders burst open, and their spirits are destroyed by the Dragon flame!

"Kill!"

"Crush the shadow as soon as possible. She won't be able to hold on for long."

The master of Linghu's family drinks violently. He gathers the power of the law of space and the body of the sword. With one sword, he kills the left foot of the shadow of the holy dragon, and the huge dragon falls down!

"Kill!"

"Good chance!"

"Kill the tap!"

Five elders in the middle of Hunyuan Kingdom saw the Dragon fall down and killed them crazily towards the dragon head!

If you want to cut off the dragon head, crush the dragon body!

Just at this time, but heard a moving voice from heaven and earth, "against the dragon's flame!"

"Do not extinguish the Dragon flame!"

"Go!"

Yelo'er yelled, taking his body as the carrier, continuously releasing the blood essence in the body!

At the next moment, the shadow of the holy dragon opened its mouth and spewed out a breath of Immortal Dragon flame, which was like a column of fire directly into the sky, covering the five elders of Hunyuan realm. Only a tiny sound was heard. The bodies of the five elders were burned to ashes by the Dragon flame and directly died!

"No, no, no!"

"Kill, kill!"

Linghu, the elder of the eight layers of heaven in Hunyuan, attacked the Dragon claws of the holy dragon shadow, and finally cut off a hundred Zhang dragon claws!

Several other elders are also fighting to kill!

Linghu's master looked at the elders who had turned into ashes, and looked a little crazy. He said angrily, "kill, this woman has not much combat power. The flame of the anti dragon has been used, which is the last attack!"

The dragon has the scale, but also the flame!

It's the last flame of life. Once it's ejected, it means it's going to die!

However, this counter fire has burned out my five elders of Hunyuan state!

The lineage of Shenglong family is so powerful?

"Kill this shadow!"

"But don't kill this woman!" The master of Linghu's house drank violently.

"Master of the house!"

"Master, kill her!"

"Kill her, she killed so many of us!"

Several elders are crazy, regardless of everything to attack the holy dragon shadow, the Dragon scales splashed everywhere, flesh and blood flying!

Their fighting power in the six and seven layers of heaven in Hunyuan is not weak. Ye Luo'er, who attacks the holy dragon shadow and directly controls the virtual shadow, is also shocked and the injury is further deepened!

Hua ~ ~

suddenly, a thunderbolt appeared with the force of space law. It was extremely terrifying!

The elder Taishang of the eight layers heaven of Hunyuan kingdom again attacked ye Luo'er for the first time!

Now, several of his old friends, even his younger martial brother, were killed in the hands of Ye Luo'er. At the moment, he was desperate to kill ye Luo'er!

"Damn it!"

"You killed her, how to account for it!"

Linghu's master stood in front of the shadow of the holy dragon. With a sword, the master of Linghu's family attacked the elder Taishang and flew out. "The dragon family is mainly about living people, not corpses."

"You

The elder Taishang stopped and supervised the battle on the side!

There are only eight elders left to fight again, along with the three Hunyuan state three layer elders who block the space nearby. They want to smash the shadow of the holy dragon and capture ye Luo'er alive!

"Since it can't be stopped!"

"Then blow yourself up!"

Ye Luo'er drinks high, stimulates the whole body blood, directly detonates the holy dragon empty shadow!

In a moment, a light of destruction swept across the sky, countless dragon scales turned into powder, and the body of a thousand feet of dragon burst. One of the forces flowed into ye Luo'er's body to protect her from being killed on the spot!

Bang bang bang!!

Bang bang!!

One after another!

An elder of Linghu's family fell down one after another!

The three elders who blocked the space at the edge were all shocked by the aftershocks. Their bodies were cracked and countless blood gushed. The next moment, the bodies were directly exploded, and the blood spilled on the ground. With the release of the blocked space, the aftershocks spread to all directions, and seven or eight thousand Zhang mountain peaks were successively shaken!

"Poof!"

"What a poisonous woman

The owner of Linghu's family spurted blood. There was a blood hole the size of a bowl in his chest. Fortunately, it was not in the center of the explosion, otherwise it had fallen!

This aftershock can't kill him! When he turned around and looked around, there were only a few elders of Linghu's family around him. One of the eight layers of Hunyuan Kingdom and one of the seventh layer of Hunyuan state suffered heavy damage. Two six layers of Hunyuan kingdom were dying, and all the other elders died!

"What a cruel man

"Blow up the shadow of the holy dragon and kill four of me. If you are not the main living person of the dragon family, you will never survive!"

Linghu's master covered his chest and began to take Hunyuan Shendan to cure his wounds. He didn't even have time to pay attention to other elders!

This war, fifteen elders, plus me!

Sixteen strong Hunyuan!

In the end, there were only five people left, two of them were dying and ten people were dead!

Shenglong family, worthy of being the top family, even if the level of the legitimate clansmen is low, they can't look down on it at will!

The key is that the girl is crazy! At the expense of self-cultivation, burning blood essence and blood!

She doesn't want to live or continue to practice?

bam!!

Two dying elders, unable to bear the pain, burst body!

Their whole body bone is broken, the original foundation is destroyed, saved this life is a waste person, simply explode!

The number of people who died!

Arrive twelve!

Puff ~ ~

a figure rolled down and fell on the scorched earth. It was yelol!

At the moment, ye Luo'er, dressed in rags, has been blown to pieces. Fortunately, he is not dead, but he is also seriously injured. I'm afraid his blood vessels can't be activated in a short time!

If it is not to drag them, let Ji Lin go and leave.

Ye Luo Er is very likely to break through the space confinement to escape, but now is undoubtedly unable to escape!

She's hurt too much!

She is too small, can only use this kind of self destructing body against these people!

"Damned woman!"

The elder of the seventh layer heaven of Hunyuan Kingdom grabbed ye Luo'er and was about to tear her body apart. At the same time, he said angrily, "you brute, kill me so many brothers. Since the dragon family is the main living person, I won't kill you!"

"But I will torture you too!"

Whoa!!

Let's hit the space elder directly!

With a bang, the elder's body exploded and his spirit was destroyed!

It was the leader of Linghu's family. He looked at another person coldly and said, "don't touch her! The dragon family is mainly a living person, but this woman is a virgin. It is very likely that the dragon family mainly uses her as a furnace cauldron to absorb her Yin yuan and enhance her strength! "

"So, don't move her mind!"

Chapter 1364

"Understand!" An elder stood up, looked at ye Luo'er, and said, "my master, it was Linghu sword who was looking for death just now. I don't want to see who wants this person. This woman is a bit of a miss, which is the disaster of our extermination!"

"Give it to the dragon master. If you want to enjoy her beautiful color and graceful posture, you have to be the dragon master."

"Good!" The leader of Linghu's family nodded and immediately took out a long robe and threw it on ye Luo'er's body. "I've caught you, and I'll make up for the great loss I'll make up for!"

He Dao artifact!

If you have a magic tool, you can enter the realm of harmony. A strong one is better than twenty or thirty Hunyuan ones!

It's worth it to catch ye Luo'er alive and lose 13 strong Hunyuan people!

Hua Hua ~ ~

the immortal robe glows with brilliance, which is automatically worn on ye Luo'er's body. At the same time, several iron chains burst out, blocking ye Luo'er's strength of Qi and blood and soul!

Linghu's owner took out a cage again, threw ye Luo'er into it, and said, "let's go!"

Fairy ware!

Can store the immortal utensils of living people!

Heaven and earth ring can't store living people!

In an instant, Linghu's master and the elder left at the same time!

At the same time, a mountain in the distance.

Ji Lin gazed at the two men in the sky, heard the explosion just now, and felt ye Luo'er's breath. He immediately understood what was going on. "Sister Luo'er, don't worry, I'll find elder brother Ye to save you!"

"Wait for me, I will find elder brother Ye soon!"

"Believe me, I can do it!"

Immediately, she used the power of Ye Luo'er to stay in her own body, stepped into the heaven of emperor Zun state, and then drove to the direction of heaven and earth!

All the way, more than 200000 kilometers, separated by many sects and countless immortal beasts, is extremely dangerous. But no matter what danger he encounters, Ji Lin will go there!

This is the only chance!

Because Ji Lin has no communication token to contact Ye Chen, so he can only walk there!

It's even more difficult to travel through twenty thousand kilometers. It's even more difficult to travel through the five thousand kilometers!

At least Tang monk has three disciples!

Ji Lin has only herself. Even if she meets anyone at random, her strength is stronger than her. It's hard to imagine how dangerous and difficult her journey to find Ye Chen is!

.....

The land of heaven and earth!

In Wanshan Valley, Mufeng and ye Chen fight on No.1 challenge arena!

Ye Chen naturally does not know that Ji Lin and ye Luo'er have come here. If they know that, even if their strength is not good, they will do whatever they want to do!

At this moment, no one in the audience thought that an emperor's nine layers of heaven and a man's spirit realm were inseparable!

Such a scene made hundreds of thousands of people around him exclaim.

Ye Shitian is really strong!

It's really a monster. It's not invincible to fight across a great realm!

If ye killed heaven and stepped into the nine layers of heaven, wouldn't it be easy to solve the problem of Mufeng?

Just, ye Shitian is too anxious?

Emperor Zunjing nine layers of heaven!

The realm is really too low. In the face of Mufeng, the master of Jindao sect, even if he can skip the level, even if he has a card, he is not as good as Mufeng!

Mufeng has the whole golden sword gate behind it, and many Hunyuan elders support it!

What is behind ye Shitian?

North palace purple jade?

It's the master of Ziyu in Beigong!

It's hard to say, it's a good-looking man with strong special ability!

Beigong Ziyu will do it for him. The Beigong family can't do it for him!

Today, ye Shitian must die!

No one can save him. Neither Ziyu nor Mr. Zheng can do it!

"Inseparable!"

"Mr. Zheng, do you think the master can win?"

Beigong Ziyu leaned against the fence and held his chin in both hands. His face was slightly worried and said, "master and Mufeng are fighting hand in hand. They have not used their cards! Master didn't use the base card to enhance the strength, Mufeng didn't use the treasure

"Once used."

"I'm afraid the master is not an opponent."

"You have to save him!"

"Old slave, do your best." Zheng Bo's eyes fell on the flying crane hall and the elder of the golden sword gate. He sighed to himself and said, "ye Shitian's predicament is also caused by us. If the old slave handled things carefully, he would not be hated by the whole sect of the golden sword sect!"

"Now, he killed Wang Peng!"

"If you are defeated by Mufeng and want to live, Chen Tian and Mu Sui would not agree!"

"I can hold back for a while. Fortunately, he didn't kill Nianxin monk and Kuang Bai again!"

In Zheng Bo's eyes!

When ye Chen didn't accept the nine life days demon virtual shadow given by Miss seven, he had already lost! Yes, ye Chen with the bottom card can be compared to the five layers of heaven in the kingdom of beauty!

But only escaped under the five layers of the divine kingdom!

But in the face of full of hatred, Mufeng must revenge his wife. Once Mufeng uses the Hunyuan immortal tool that Mu Suiyuan is willing to give, he will surely fail!

At most, can only keep Ye Chen's life!

"Bathe in the wind!"

"Don't play any more. Kill ye Shitian!"

Mu Sui is willing to sit on the president's judgment table, and his eyes are full of fierce luster. He is urging Mufeng to kill Ye Chen!

Ye Chen, the shame of jindaomen!

Kill it!

Mufeng has been fighting with Ye Chen for several minutes on stage, so far, it's no match!

Even the martial arts people around me thought that there was no one in the golden sword sect!

At the moment, Hunyuan immortal is a shame before snow!

"Yes, elder!"

"Ye Shitian, after fighting for so long, I thought I could kill you myself!"

"I didn't expect that we still had to use Hunyuan immortal tools."

Mufeng sneers faintly and blows out a fist. He knocks back Ye Chen for a moment. Then he takes out a long ice blue sword. The blade is carved with Ancient Runes and arrays, revealing the power of space rules!

He pointed at Ye Chen with a knife and said with a smile, "I'll kill you with Hunyuan immortal tools."

"You deserve your death!"

"Don't complain that you don't have the same weapons, and don't look at the status gap between you and me!"

"I am the elder martial brother of Jindao sect. My father is the leader of Jindao sect, and you are just a lowly bastard in a low martial world!"

"It's your honor to kill you today with Hunyuan immortal tools, who are not worthy to lift shoes to my disciples of Jindao sect."

After a moment, Mufeng waves the ice blue long knife, a piece of space law emerges!

Just a little wave, then burst out a record of ten Zhang sword Gang, with the force of countless space laws, imprisoned Ye Chen!

The law of space!

There is confinement, cutting power!

The strongest power of this long Dao is the ability to imprison, and it is also a Wupin Hunyuan immortal tool!

In the past years, Mu Suiyuan once imprisoned a strong man in Hunyuan state with a knife, and then a Dao Gang killed him on the spot!

"Look, Mufeng is using Hunyuan immortal tools!"

"Ye Shitian must die!"

"Absolutely dead!" Many martial artists even sighed!

Ye Shitian is also a proud man!

It's just that the rising time is too late, and it comes from the low armed world, so there is no backing!

There is no Hunyuan immortal weapon as a weapon, otherwise today's war will be much more wonderful!

As for ye Shitian, he can only be imprisoned and die!

Chapter 1365

And Mufeng is different!

He is a warrior of superior status, not a warrior in a world of low martial arts who can challenge him!

Ye Shitian died under the Hunyuan immortal, which is also a glory!

Hoo Hoo Hoo!!

The sword Gang is just like the sky sword falling down. It has incomparable power and is extremely fierce!

Ye Chen was imprisoned, but it broke out of the whole body's Qi and blood force, forcibly opened the space confinement, and then was bitten back and spurted a mouthful of blood!

Looking around, he found that the challenge arena was blocked by the law of space, and the surrounding area was also blocked. Even if he got rid of the shackles, he had no place to hide and could only resist!

"Well, how about hard resistance? I'd like to see how powerful Hunyuan immortal's tools are!"

"Three ways emerge, one shot is silenced!"

"Killing sword, sacrifice!"

Ye Chen suddenly drinks, three roads emerge behind!

The way of extinction, the way of killing and the way of indestructible sword have all been transformed into the road, which is more powerful and solid. It is only one step away from breaking the realm and becoming a strong one in the realm of God!

At the same time, he offered six products of God King tool to kill God sword, and two products of God King tool to kill soul and demon gun!

A sword and a gun float up in the air, draw three forces, and in an instant, the air waves roll!

Whoa!!

Zhushen sword and soul destroying magic gun kill Dao gang at the same time!

The Dao Gang, which is composed of the laws of space, is shining brilliantly at the moment of collision!

Boom!!

With a fierce light burst out, the aftershock swept the arena!

The challenge arena is broken, but the space law is still in its infancy!

The light faded away, and people looked at it. The spear tip of the demon gun broke and stabbed on the ground. The sword of Zhushen sword cracked and fell on the ground!

Both of them have been greatly damaged!

Fortunately, the spirit of the instrument is not extinguished, otherwise the two king of God vessels will be scrapped!

When people look again!

The ice blue long knife slightly cuts into Ye Chen's shoulder. The endless force of space law breaks Ye Chen's casual clothes, revealing his almost perfect figure.

"What a hard body, I can't break you!"

"But it's just right for me to kill you!" Mufeng showed a evil smile, immediately pulled out the ice blue long knife, one punch pushed Ye Chen back to the edge of the challenge arena, stroked the blood on the blade, and laughed: "good, good, this Hunyuan immortal tool, drinking your blood from ye Shitian, makes me extremely refreshing!"

"Ye Shitian!"

"How many knives do you want to bear, you mean bastard?"

"A hundred, a thousand, a thousand?"

"No, I won't let you die easily!"

"Ha ha ha, I can kill you with my own hands."

"The hatred of robbing my wife!" Mufeng almost hoarse roared out, immediately waved the knife to chop Ye Chen out again, four or five times in a row, he couldn't help but burst into laughter and said, "you mean and inferior thing, can you understand the gap between us?"

"All roads lead to Rome! And I was born in Rome! What are you, a mole ant in a low martial world! "

Immediately, he suddenly thought of something, and then toward the North palace purple jade roared:
"and! You mean woman, I'm going to quit you! "

"If you were not the daughter of the head of the Beigong family, I would kill you. From now on, you humble woman has nothing to do with me. Your so-called master, I will tear him into pieces step by step!"

"Bathe in the wind!"

"Shut up Beigong Ziyu was shaking with anger!

"Ha ha ha ha!"

"The lowly lowly world bastard and the base woman, just match!" Mufeng at the moment is no doubt to relieve his anger and constantly release his anger in his heart.

As for the consequences of offending the Beigong family, he didn't care at all!

At this moment, he will enjoy the killing!

"Ye Shitian, have you ever experienced despair?"

"From the beginning, I knew you were going to compete!"

"I'll arrange it. I'll kill you step by step!"

"But you killed Wang Peng, which surprised me!"

Whoa!!

A sharp sword!

Ye Chen dodges again, but the powerful air wave still makes Ye Chen feel a little uncomfortable.

Weapons gap is too big!

What's more, ye Chen has no weapons at all!

Mufeng draws a knife Gang again. Ye Chen has no place to hide, but can only resist.

Seeing this scene, Mufeng laughed wildly: "so, I changed the process behind! I will not send anyone to weaken you, nor will I send anyone to abuse you. I will kill you with my own hands

"For this reason, I got Hunyuan Xianqi!"

"For this, you are defeated!"

"You are not defeated by your strength, you are defeated by your position!"

"Understand, humble mole ant!"

"You lose my position, because you are a beast from the low martial world!" "You don't have Hunyuan immortal utensil!"

"You don't have any backing either!"

"But I have!"

"I have the support of jindaomen, I have the support of my father and uncle, so I have Hunyuan Xianqi! So I can kill you

The power of Hunyuan immortal ware can't be stopped until it reaches the kingdom of God!

Even ye Chen, not even!

"Zheng Bo, save ye and kill heaven!"

"Kill Mufeng for me!" The northern palace purple jade is also angry to the extreme, immediately sacrificed seven Hunyuan immortal utensils, aiming at Mufeng, has a desperate posture!

"Yes

"Yes

Zheng Bo, Wang Qi and others have to fight against the sky!

But!

In a moment of arrogance, a wave of annihilation gas rises from the sky!

No one thought that a bloody palm appeared out of thin air and broke the Dao Gang split by Mufeng!

This scene is too shocking!

What's more, it makes the whole scene like a graveyard in the middle of the night! Silence to the extreme!

How could it be!

The next second, people look along the blood hand!

You will see a proud young man!

The youth is haunted by countless evil spirits. Nine magic dragons appear on his chest, three roads on top of his head, and the spirit of heaven and earth. Although he is in rags, his injuries are recovering rapidly!

CHEN Ye is!

At the moment, he is like a demon in the world!

The breath is crazy, and it was once more powerful than the seven layers of the God Kingdom, and several times stronger than the previous God City Lord!

Not only that, but the temperature of the whole world suddenly drops!

Snowflakes are falling in the sky at this time!

The challenge arena is like ice sculpture!

It's the ice sword xianzun!

The spirit of ice sword immortal is attached to Ye Chen's body!

"How could it be?"

Mu Feng's eyes stare at Ye Chen. At this moment, he suddenly finds that the youth in front of him is a little strange.

Ye Chen's eyes, extremely cold, and as if the stars, simply can't see through!

How can this be the eyes of a mole ant at the top of the emperor's respect!

Suddenly, ye Chen moved!

Step out, the whole body of evil Qi and ice meaning, so that the solidification of the world seems to move.

With a wave of his arm, he covered the array.

"You shouldn't touch him."

"You shouldn't be above the rules and move him."

"Status?"

"It's ridiculous!"

"The jindaomen, which are rubbish like in Lingwu mainland, are also qualified to be the premise of this respect?"

God?

I'm in a daze.

The golden sword gate has a superior position in the land of heaven and earth, but ye Shitian said it was rubbish at the moment?

Chapter 1366

A man with a low level of martial arts even said that the golden sword gate in Lingwu was rubbish?

Mufeng wakes up in an instant. With a cold smile, he cuts out: "what the hell are you, a lowly mole ant, qualified to call me the golden sword gate..."

Before he finished speaking, ye Chen took hold of the chopping Hunyuan immortal utensil with five fingers, and a fire burst out from the tips of his palms and fingers. He directly pinched and exploded the Hunyuan immortal utensil. Then he grasped Mufeng and smashed it to the ground as if he was carrying a chicken!

Mufeng is completely stunned!

He wanted to fight back, but found that he was not qualified to fight back!

How could it be!

At the moment, he felt that the youth in front of him seemed to be a mountain peak!

A mountain that cannot be crossed and countered!

It's an illusion!

"Young man, don't say it's you. Even if your father comes, he is not qualified to say mole ant in front of me!"

"Pa!"

"Pa!"

"Pa!"

Ye Chen threw out a few slaps, but let the Mufeng as if the spirit concussion!

At this moment, Mufeng was scared: "you can't kill me. I'm from the golden sword clan. If you hurt me, you will surely be tortured to death by the golden sword gate!"

"Torture?" Ye Chen smiles coldly, his finger pinches Jue, the whole body suddenly agglomerates several ice sword!

Next second, ice sword shot!

The whole challenge arena instantly spread the bleak cry of the wind!

At this moment, everyone was in a daze.

Although they found that the arena was covered, they could still see the situation inside!

Mufeng was defeated!

And it's a complete defeat!

Many warriors are even scared!

Ye Shitian!

What is the identity?

It was so powerful, what cards were used to break out the fighting power in the later period of shenwangjing!

This is too terrible!

Wang Yan, Wang Qi, Zheng Bo and others were stunned on the spot!

The North palace purple jade is a face surprised, covers the cherry small mouth, the language way: "the master is so strong, really strong!"

"This breath is the seven layers of heaven in the kingdom of God!"

"Unexpectedly, it broke out the combat power close to two great realms, and crushed the Hunyuan immortal utensils

"Again, it will be torment

"He is a descendant of the ancient demon gods

She swallowed and salivated. She didn't expect her master to have such fighting power!

No wonder, master dare to say that he is the first!

Who can block the master without the power of the later stage?

Who can?

No one!

Except for those shameless old people!

On the challenge arena.

Ice sword immortal Zun looked at the Mu Feng which was almost seriously injured, and then said to Ye Chen: "boy, next I'll give it to you."

"Thank you, master!"

Ye Chen regained consciousness.

His cold eyes fell on Mufeng's body and said in a cold voice:

"Mufeng!"

"I repeat, I have never had any irreconcilable desire for Beigong Ziyu. I only have a master apprentice relationship with her!"

"Put away your dirty thoughts, it doesn't matter if you ruin my reputation!"

"But not her reputation!"

"Besides!" Ye Chen grabbed the seriously injured Mufeng and said with a smile, "you want to kill me, do you want to kill me?"

"So what?"

"No one in the world is afraid of me

With Mufeng in his hand, he faced the elders and Dharma protectors of many sects and said angrily, "Whoever dares to kill me, I will kill the mountain gate, the sect, the people, the bones and the graves, and turn that sect into a dead zone!"

As the voice dropped, a burst came out!

Ye Chen, forcefully pinches and explodes the Mufeng of the nine layers of heaven!

It's as easy as breaking an egg!

As soon as this move was taken out, the mountain valley was silent, and hundreds of thousands of warriors were shocked to see ye Chen!

All the elders and disciples of baipai were extremely shocked. They looked at Ye Chen as if they were looking at the devil!

Kill shangshanmen, destroy its faction, kill people!

Kill their bones, destroy their graves!

Completely exterminate the faction!

These words dare to shout out, but also to all clans and families in the land of heaven and earth!

This kind of spirit has never been seen in ten thousand years!

"Ye Shitian!"

"You little bastard, you want to die!"

At the same time, dozens of other elders of the golden sword sect also rose to the sky, hoping to kill Ye Chen!

"You must die!"

Mu Sui is willing to sacrifice the Hunyuan immortal utensils, launch the strongest strike, one hit, and the diagram of whirling out.

When Yu xianbo gets close to the ice, he feels the power of nature. He just wanted to move, but a short knife came to block Daotu and even gradually wiped it out!

Immediately, a figure in front of Ye Chen, is Zheng Bo!

Zheng Bo's strength is not weak. In addition, he holds eight kinds of Hunyuan immortal utensils. Even if it is five layers of heaven in the Hunyuan area, it can also break out seven layers of battle power. It's not difficult to fight the six layers of Hunyuan kingdom!

Whoa, whoa!!

Bang bang!!

Dozens of weapons collide with each other in the sky!

There are more than ten strong Shenwang state. Half of them are Dharma protectors and elders of jindaomen, and half of them are bodyguards of Ziyu of Beigong!

"Zheng Kuang!"

"What do you mean?"

Mu Sui is willing to confront Zheng Bo and offer a long sword to collide with Zheng Bo's dagger!

Between two people, temporarily in a state of balance!

"Ye killed heaven and killed my nephew!"

"It's equivalent to killing the eldest son of jindaomen. This revenge must be revenged!"

"Zheng Kuang, you know how to get out of here!" Mu Suiyuan is about to die. Mufeng!

My nephew, who was brought up by himself, died in Ye Chen's hands!

This hatred, absolutely can't calculate like this!

You must kill Ye Chen to get rid of hatred!

"Mu Suiyuan!"

"The battle in the arena is divided into victory and death as well."

The northern palace Ziyu stepped in the air and stood beside Ye Chen. He sprinkled water on Ye Chen's body to help him recover. Meanwhile, he glared at Mu Suiyuan and said, "the battle of the challenge arena is to divide life and death."

"Did Xu Mufeng kill my master?"

"Don't you want my master to kill Mufeng?"

"But ye Shitian is a lowly hybrid, where is the talent?"

"yes! He has! " Beigong Ziyu grabbed Ye Chen and said to everyone, "ye Shitian is my master and the Dharma protector of Beigong family. Why not kill you, a member of a subordinate clan?"

Compare identity?

Compare status?

My miss is a thousand times higher than you!

Even if Miss Ben's master kills you, you should die!

"Miss Beigong and ye Shitian have a high status and a great potential, even more than Mufeng."

In their opinion, Beigong Ziyu declared all this in public, which was equivalent to fighting with jindaomen!

What is Mufeng?

It's just a son of a subordinate sect!

Can ye kill the sky powerful? Can ye kill the sky with great potential?

Ye Shitian Di respected the nine layers of heaven, and broke out the battle power of the seven layers of the God kingdom. In the future, it is inevitable to step into the Hunyuan realm. Even if you do not break through the realm and reach the Hedao realm, you may also have the combat power of the Hedao realm in the Hunyuan realm!

Chapter 1367

Such a person, the North Palace family will not pay attention to!

It is much better than Mufeng, and the gold content is much higher, because there is no strong person in jindaomen!

"Cough, everybody!"

"It's not personal gratitude and resentment that there are hundreds of big matches between heaven and earth now."

Lin Kuan, the elder of Zilin sect, rose slowly into the air and was also one of the chief judges of the five layers of heaven in Hunyuan.

He held his fist to the North palace purple jade and motioned, "the natural status of Miss Qi is higher than that of my nephew!"

"Plus, there's life and death in the challenge arena!"

"Elder mu, forget it!"

"Yes, almsgiver mu, forget it!" At the edge of the vacuum temple, without any desire to preside over it, also rose into the air. With his hands clasped, he saluted Ziyu in the northern palace. He immediately said, "it's normal to divide life and death in the arena."

"Hum, two old guys, also want to please Beigong Ziyu!"

"In vain, you are still a group of elders, a group of presiders, I bathe someone disdain to accompany you!"

Mu Sui was willing to withdraw his sword, looked at Ye Chen, and said with a sneer: "ye Shitian is not a light benevolent generation. He is decisive and fearless in killing."

He looked at Xiang Wuyu and elder Lin Kuan again and said with a smile, "if there is any dispute in the land of Golden Buddha Tantra, I'm afraid that none of the two disciples can escape from him!"

"The emperor respects the nine layers of heaven!"

"It's as powerful as the kingdom of beauty!"

"Tut Tut, what a wonderful person. I think it's OK to let him enter alone this time."

"Other people, no matter how much more, what use!"

As soon as the voice fell, many sect warriors below looked strangely at Ye Chen!

Among them, the five schools, especially zitianbao, xueyingbao, jianri sect and riyuezong, are second only to the four schools including jindaomen. Their disciples, especially the leading ones, are the top 20 of tianbang. Their fighting power is not bad. Wang Peng and Mufeng are not bad. Now they are looking at Ye Chen with great dignity!

Kuang Bai, a disciple of Xueying castle, not only said: "yes, we look at ye Shitian and Mufeng's resentment, but we forget his fighting power."

"It's very impressive. I'm afraid we have to join hands to fight against him!"

"Yes, I'm afraid it needs more than a few people to join hands, and it takes about ten people to fight together." Zilin zonglinxuan deliberately said: "I'd better enter the Golden Buddha Tantra and directly break through to the divine realm!"

"Otherwise, no matter how much you enter into the spirit realm, you are not the opponent of Ye Shitian."

"The wind at the top of the nine layers of heaven in the divine realm was directly crushed by Ye Shitian."

"Yes

"After entering, join hands to deal with ye Shitian!"

"After entering, you can directly obtain the Shenwang tool to break the state, and then deal with ye Shitian!"

After a while, there are already a lot of heaven's arrogance corresponding to the nine layers.

They are all strong in the sky list, but they all have the same goal at the moment. They should deal with Ye Chen!

"The words of death!"

"Cause everyone to be hostile to me!" Ye Chen hugged his hand and looked at Mu Suiyuan and said in a cold voice, "old man, you'd better not let me enter the realm of God King, or I will destroy your golden sword gate!"

Mu Suiyuan!

In a word, put me on the tip of everyone's knife!

Let everyone think I'm too strong to deal with me!

OK, then I will break through the Golden Buddha Tantra and kill all the disciples of the golden sword sect!

When you are promoted to Shenwang state and can kill Hunyuan realm, you will be killed by jindaomen!

"Ladies and gentlemen

"This round, go on!" Do not want to preside over the look a little different, looked at Ye Chen, but flashed a killing intention in the eye!

Elder Lin Kuan is the same. He wanted to please Miss Ziyu in the North Palace before!

I have forgotten that ye Shitian is not a waste, but a great threat. With such a strong ability of skipping the level, who will seize him after everyone enters the land of Golden Buddha Tantra?

Ye Jingtian, you need to plan to deal with it!

Otherwise, I'm afraid our disciples won't get any good King's tools!

Mu Suiyuan and others who are strong in the golden sword sect, even if they stop, they say something to kill their hearts, which makes Ye Chen become the target of everyone's attention in an instant!

Almost all the strong sects have paid attention to it!

Ye Shitian!

It's not easy!

In normal times, the emperor's nine layers of heaven can fight into the nine layers of God!

At the critical moment, it is possible to break out the fighting power of the seven layers of the divine kingdom!

Isn't it that after entering the site of the Golden Buddha Tantra, at least 10 or 20 people are required to enter the realm of God, and the nine layers of heaven can resist him?

Ye Shitian!

Is the most dangerous, the most should be eliminated!

Almost at the same time, all the martial artists of the hundred schools, especially those in the later stage of entering the divine realm, made a decision to seize as much as possible more Shenwang artifacts and Hunyuan immortal utensils for the Golden Buddha Tantra, as well as more golden Buddha inheriting skills and so on. After entering, they had to break through the divine kingdom! When the time comes, the joint efforts of several gods will be great!

Are you afraid that you can't kill the sky?

The top 100 tianbang masters are all nine layers of heaven. Some of them have just entered this realm in recent years, and some have stayed in this realm for a long time. They all want to enter the Golden Buddha Tantra and try to capture more powerful divine king's tools or even Hunyuan immortal tools!

But now I can't control so much. Let's break through and solve ye Shitian!

Within the Golden Buddha Tantra, there is no way to enter the harmony realm. The entrance of the Hunyuan state and the divine king state will be crushed into the nine layers of heaven.

However, after breaking through the realm of the divine king, the nine layers of heaven into the divine realm will not be suppressed again. On the contrary, it is an act allowed by the will of all living beings. Although it may damage the site of the esoteric sect of the Golden Buddha, the whole site may collapse when it comes out!

But not so much!

In the past, no one dares to break through, otherwise it will become the arrow of many heads and be targeted by people first, which is likely to fall down!

But not now, if you don't break through, you can kill the sky!

"The seventh round!"

"I don't participate!" Kuang Bai's words, began to shut up, ready to enter the Golden Buddha Tantra on the breakthrough!

"I'm not in the seventh round either!" Lin Xuan defeats his opponent and prepares to close down after stepping down!

"Me too..."

"I don't participate in the seventh..."

Many arrogant warriors announced that they would not participate in the seventh round!

Take advantage of the last day, adjust the state to the best, strive to enter the Golden Buddha Tantra, directly break the realm, and then seize 18 Hunyuan immortal tools!

Tianjiao of the nine levels of heaven, especially those of various sects, such as Nianxin monk, Lin Xuan and Kuang Bai, are likely to arrive at the second and third layers of Shenwang realm once they are broken. Of course, it depends on the level of weapons used!

It's like the land of the Golden Buddha Tantra, which contains 18 Hunyuan immortal tools!

If they want to make a breakthrough in this way, they may break through the five or six layers of Shenwang state. Just like Han Yun, they use the nine level immortal tools to break through and directly reach the seven layers of heaven.

How many small realms can be continuously broken after breaking the big boundary depends on two key points!

First of all, self-knowledge!

Second, the level of weapons used!

At the moment, all of us break through behind closed doors, with a clear purpose!

Kill ye and kill heaven in the Golden Buddha Tantra!

Chapter 1368

"Not ready for the seventh round?"

"It seems that in the seventh round, I can't meet a decent opponent!"

Ye Chen was a little helpless. In the seventh round, less than 300 people participated in the competition, all of them were in free practice. There were more than 100 people in the eight layer heaven in the spirit state, and the others were all in the nine layer heaven. But there is no doubt that the combat power can not be compared with the disciples of the sect!

He estimated: "the fighting power of the folk martial arts practitioners in the nine levels of spiritual realm is equal to that of the sect's disciples in the seven levels of spiritual realm!"

"They are all closed. Are there many treasures in the land of Golden Buddha Tantra?"

"Of course." The northern palace Ziyu explained: "the land of the Golden Buddha Tantra was a medium-sized sect at that time. All the details are in it. Among them, 18 golden Buddhas used 18 Hunyuan immortal tools, and no one has taken them away."

"The three handles and one Pinyin artifact possessed by the two masters!"

"No one has taken it!"

"The most important thing is that the Golden Buddha Tantra, the Golden Buddha Wenchu, is said to have the ability to transform itself, so far no one has ever been in it!"

She looked at Ye Chen and said with a smile, "master, if you go to the Golden Buddha culture pool, you may not get baptism, and you can directly enter the Huagang period."

"Huagang period?"

"Jinfo Wenchu, it sounds similar to Xilong pool!"

Ye Chen remembers that when there were hundreds of Dabi in the thousand Jue City, Mr. Jingshui's Dragon washing pool was also used to baptize the body. He absorbed the power of the Dragon washing pool and his body was transformed!

If you enter the Golden Buddha culture pool again!

It should not be difficult for the body to reach the vigorous stage!

"Eighteen Hunyuan immortal utensils!"

"If we use the three handles to make a breakthrough?"

Ye Chen suddenly laughed and said, "I guess I can directly enter the four layers of heaven into the spirit state?"

If someone else's emperor's realm is broken through with the combined way artifact, one hundred percent will be promoted to the top of the nine layers heaven in the divine realm!

However, ye Chen is very difficult. He needs a lot of nourishing power. The accumulated things in each realm are far more than those of his peers by ten times, or even a hundred times. This is the reason why he can cross a great realm on his own!

"If you break through with the magic tool of the harmony way!"

"Then I can even understand some laws of space and time in advance!"

"It is impossible to fully use and master it, but it is possible to integrate the power of obtaining part of the law of time into the power of extinction."

"The law of space is integrated into the way of killing and the sword of immortality, and I will be stronger!"

Ye Chen is looking forward to the three magic weapons. Because there are so many weapons and treasures, the place of heaven and earth will gather hundreds of schools to start the competition. Send Tianjiao as far as possible into the land of Golden Buddha Tantra!

Soon, the seventh round was over, and there was no Tianjiao participating in it!

Ye Chen directly won the first!

.....

There was no word all night.

The next day.

Ye Chen follows Zheng Bo and the people of baipai to a deep valley. The rift valley is ten thousand meters deep, and there is a strong golden barrier below!

"It seems that this is the Golden Buddha Tantra in the past!"

"Before the fall of the two hosts, use the law of space to arrange this prohibition!"

Ye Chen looks at it carefully, and at the same time finds the black stone shaking violently again!

Extremely strong!

He glanced at the samsara cemetery and found that there were three stone tablets shaking violently. Obviously, three golden Buddhas might be coming out!

"It seems that the samsara cemetery is far from that simple."

If there are three Hunyuan Jinpo to help me!

Even if you want to exterminate the golden sword gate!

Ye Chen thought, and suddenly feel a little stuffy chest, the brain is flashing a blood light, he frowned, said to himself: "I feel so someone in the dark in calling me?"

It's like people around you, some of whom are in danger.

"Is it difficult? Is my cultivation not enough? Can't feel it? "

"Who is calling me?"

"Ji Siqing, Xia Ruoxue, ye Lingtian, Han Yun, Luo'er, or who?"

"Luo'er and Ji Lin are still in Kunlun void. There are so many people in Kunlun void. The bloody sword sect dare not attack within one year. The spirit city is also awed by me and killed so many people. It must be that they dare not attack Kunlun Xu!"

He thought and said, "those power cities outside the spirit city? No, some of them have already cooperated with me. Other forces may not be powerful enough to attack Kunlun

"Then ye Lingtian, Luo'er and Ji Lin should be all right!"

"That's Xia Ruoxue and Ji Siqing?" Ye Chen suddenly looked at Ziyu in the North Palace and asked, "Miss Qi, can you ask your father about Lingyun xianzun?"

The North palace purple jade hears Lingyun Xian Zun these words, Xiu eyebrow a frown.

She really can't figure out why Ye Shitian is so fond of the old lady Lingyun xianzun.

However, since the last time Ye Chen asked, she inquired about it a little, and then she said directly: "Lingyun xianzun, since called xianzun, has been based in the southern region all the year round, and stands in the southern region with the Blood Sword gate and another northern palace family!" "You want to see her? What's the matter with her? "

"Yes, I have something to do with Lingyun xianzun!" Ye Chen pauses for a moment and asks, "do you know where Lingyun xianzun has gone? What kind of influence is her Lingxian palace? "

Hearing this, Ziyu in the North Palace quietly looked at Ye Chen, and immediately said, "the palace of Lingxian emperor is located in the southern region, which is a middle and superior sect. The palace master is a strong one in the Xingqiao realm. He is called the true God of Lingxian and the emperor of Lingxian. Lingyun xianzun is one of her two deputy masters, all of whom are at the top of the nine layers of heaven in the realm of nature!"

"The Lingxian emperor palace only accepts female disciples, but this Lingyun xianzun has a deep relationship with our Beigong family! That's what I found out in my chat with my father

"It's just that the connection is not like what is rumored to be. My Beigong family and they just take what they need."

The northern palace family, both in the western and southern regions, comes from a big family!

The difference is that although the northern palace family of the western regions, namely the northern palace Ziyu branch, did not pay attention to the low martial world, the northern palace family in the southern region often sent its Blood Sword sect and other sects to attack the low martial world and the surrounding sects!

"Contact?"

Ye Chen suddenly looked sharp and asked, "what kind of connection, transaction, material transaction?"

"That's what you can do."

"Our northern palace family has cooperation with Lingxian emperor palace. Our family's refiners can refine Hunyuan immortal utensils. Usually, 20 pieces of Hunyuan immortal utensils can be exchanged in Lingxian emperor palace for a combined Dao artifact. Of course, I don't know what grade to change!"

"Twenty Hunyuan immortals?"

"Change for a magic tool of harmony?"

Ye Chen is shocked, one to twenty!

Is he Dao artifact so valuable?

It's no wonder that the Blood Sword sect has been reluctant to kill the forging God King who can refine Hedao artifact. It turns out that in the Lingwu continent, a Hedao artifact can actually pay such a high price. It is the Hunyuan immortal tool in the flying crane hall and the golden sword gate. I'm afraid it's only about ten handles.

Chapter 1369

Not every force in Lingwu has Hunyuan immortal tools!

Equivalent to, a flying crane hall all immortal utensils, can exchange for a Hedao artifact, even may not be able to exchange!

I'm afraid this is the relationship between the golden sword gate and the flying crane hall under the northern palace family all the time. If there is no one who is strong in the Taoist realm, he will not be qualified to talk with the northern palace family, let alone get out!

"The artifact of harmony?"

"There are forge masters in Lingxian palace, who can refine the artifact of he Dao?" Ye Chen asks!

"Yes!" "Generally speaking, only those families and sects above the middle level can have the strong ones who can refine the magic tools of the harmony of Taoism, because refining them needs to inject a part of the law of time, and it is difficult to forge them without the harmony of Taoism, unless there are special strange people!"

"There are not many strong places in Lingxian emperor's palace, but many are strong in harmony with Taoism."

"A thousand years ago, they attacked a mountain island in the endless sea, hanged the immortal beasts in shangbaihe Taoist realm, and acquired more than one hundred hands of combined Taoist artifact. However, there are only dozens of powerful ones in the same way, so there are a lot of spare parts!"

"In addition, Lingyun xianzun, they all like to accept apprentices!"

"The palace master, the two chief vice masters, the eight elders, and so on, each of them has thousands of disciples. Some of them will practice to the peak of the divine Kingdom, but they are lack of Hunyuan immortal tools. They can't be self-sufficient. So they exchange them with surplus Hedao artifact, some first and second-class Hedao artifact, to get a large number of Hunyuan immortal utensils! And the people who trade every hundred years are the immortal statue of Lingyun! "

Hear here, ye Chen is to understand!

In Lingxian palace, there are many powerful combined Dao realms, but there are more Hedao artifact. It can also refine Hedao artifact itself!

The northern palace family lacks the Hedao realm, and there are many strong Hunyuan realms. Therefore, the Hunyuan immortal wares are used to exchange them with the Lingxian emperor palace, because they can only refine the Hunyuan immortal utensils, but can't refine them. Or the refining speed is very slow, which can't catch up with the improvement speed of the strong ones in the family!

As a matter of fact, after reaching the state of mind!

Corresponding to the state of God, corresponding to the immortal.

God King state, God King tool!

Hunyuan realm, Hunyuan immortal weapon and so on. Every time you break through a realm, you need a weapon. For example, when you break through the nine layers of heaven in the Shenwang realm, you need a Hunyuan immortal weapon. After breaking through, the immortal weapon will melt into your body and turn into power. This new breakthrough of Hunyuan realm one level heaven power also needs a Hunyuan immortal weapon!

Equivalent to, a strong need two corresponding weapons, one has a breakthrough, the other for combat!

The Lingxian emperor palace can refine the Hedao artifact, but there are not so many people refining the Hunyuan immortal ware!

Beigong family can refine Hunyuan immortal utensils, but few people can refine Hedao artifact.

Therefore, the northern palace family will trade with Lingxian emperor palace, and Lingyun xianzun will be responsible for it!

"What's the next time you're in charge of the deal?"

"Where will Lingyun xianzun take his disciples to practice?" Ye Chen asks continuously.

"The next trading time is about a month later! There may be changes. "

The northern Palace ziyusi cableway: "as for the cultivation of the disciples of Lingyun xianzun, I don't know. After all, I just entered the realm of God. When you are out of the land of the Golden Buddha Tantra, I will take you to ask the elder."

Thank you very much

Ye Chen holds his fist to Ziyu in the North Palace, thinking: it seems that Xia Ruoxue and Ji Siqing are calling me before!

When the Golden Buddha Tantra trip is over, I will ask Xia ruoshue where they practice.

.....

"All warriors ready!"

"Coming in soon!"

Zheng Bo murmured, together with Mu Suiyuan and other four groups of elders presided over it. At the same time, he played the space rule and slightly broke the prohibition.

Whoa, whoa!!

Whoa!!

At the same time, the five strong men in the middle of the Hunyuan state played their own rules of space. Five light blue columns appeared in the air and hit the golden protective cover. The protective cover gradually changed, showing the appearance of spider web, which was slightly fragmented.

However, it has not been broken. The space shield arranged by the two and a half step Taoist realm and the eighteen Hunyuan realm Golden Buddha is not broken by the five Hunyuan realm. After so many years of practice, the space shield has already cracked and has been opened many times. Obviously, the space shield will not last long, and it will last about 50 years at most!

After that, Suizong directly found a magic weapon for mujin to kill the Buddha

On the edge, the Wuxu abbot of the vacuum temple also sent a message to the monk Nianxin, saying: "after entering, go directly into the interior, look for a 67 grade divine king's tool for breakthrough, and then look for an opportunity to kill ye and kill heaven!"

Almost at the same time, Wang Tianchang of the flying crane hall sent a message to the other, giving the same order.

They can't go to the inner part of Tianxuan sect, such as the inner part of jinyubao, zitianbao, etc! Then look for opportunities to kill ye and kill heaven!

After solving this hot potato, we will plan 18 Hunyuan immortal utensils, as well as other Shenwang tools and treasures!

With his hands folded, the monk in white looked very holy. He took a look at Ye Chen and said, "benefactor ye, can you cooperate after entering?"

"No!"

Ye Chen directly cut off the transmission of soul.

At the next moment, a huge grotto with a diameter of 100 meters appears slowly in the golden protective cover. From the outside, it seems that you can see the inner mountain loft, like another piece of heaven and earth, which is very peaceful.

"Golden Buddha Tantra!"

"In the Rift Valley?" Ye Chen looked at the terrain and said slightly: "it's a paradise with mountains, valleys, attics and woods, but it's strange to stand in the rift valley."

At this time, the North palace purple jade explained: "master! At that time, the Golden Buddha Tantra made a big taboo and led the devil to enter, which almost led to chaos. The powerful man in the northern palace family directly moved a piece of grassland to cover the site of the Golden Buddha Tantra by moving mountains and filling the sea. "

Originally, the Golden Buddha Tantra is located in a plain, where mountains and trees meet!

However, if it was not for the release of space rules by the two masters, everything inside would have been pushed underground. Obviously, the rift valley was also due to the emergence of the golden protective cover, so that the falling grassland was opened.

"Be careful, then

"If when I come out, the golden shield is broken and these things are pressed down, it's not a small thing!" While ye Chen was talking to himself, Zheng Bo's voice came from his ear, "enter!"

Chapter 1370

"In!"

Five Hunyuan strong people drink at the same time!

words, Kuang Bai, Tian Tian, He Xuan, Nian Xin monk, no trace, etc., directly jump in a familiar way, jump down Rift Valley, adjust their physique in mid air, slow down, and fall into the open cavern.

"I'll go too! Ziyu, Lingyun xianzun, please help me to inquire about it again! "

When ye Chen spoke, hundreds of people had already jumped down. He also jumped down and fell down. He did not know how many meters. He saw the golden protective cover. Looking around, he actually landed faster than others, "strange!"

"Why are they behind me when they jump down first?"

"Is it difficult or not

When he was reacting, he was very fast. After entering the broken cave, he should have fallen a hundred meters below. It was a platform constructed by five Hunyuan strongmen!

but because he was too fast, his feet directly penetrated the platform, and he continued to fall down madly!

It's a place that belongs to the Golden Buddha Tantra!

The distance between the ground and the protective cover is more than 1000 meters, and the strong people in the spiritual realm can't resist the air. In order to prevent some disciples from falling down directly and causing serious injuries, the six joined hands to construct a huge platform 500 meters away from the ground by the force of space law, so that those disciples could stay and fall again.

But there is no doubt that when other people are falling, they all use the method of resisting the wind and body method, and slowly descend.

Ye Chen is directly down, the platform can not bear his strength.

The monk fell on the platform and looked closely at the figure below. He was surprised and said, "what? Has ye Shitian been here? How did you get down there? "

"It's not easy to find him again."

"Ye Shitian?" Snow Eagle Fort kuangbai, chopping sun sect without trace, Sun Moon Zong Chen Ben and others all fell on the platform. They were surprised to see ye Shitian come down first. Why didn't you see it?

"Ye Shitian seems to have gone down first?" The monk was surprised.

"Go down first? Is he not afraid to fall to death No trace holds hands and looks around, but he doesn't see ye Shitian's whereabouts. He can't help but wonder: "run? Inside? Then how do you kill him next

"I don't know!"

"Let's go outside first."

"Find shenwangqi and kill ye Shitian after breaking through!"

He Xuan, Lin Xuan, Chen Ben and others have spoken!

Soon, these people control the body to fall obliquely, did not dare to fall down directly like Ye Chen!

After they left, more than 1000 other talents came to the platform one after another. Many people looked at the ground hundreds of meters below, and they were afraid. If they fell down from this distance, one of them might fall into disability and be killed by the rear!

Lingwu land is different from Kunlun empty. It has a great gravity. If you are not in the Shenwang state, you can't control the sky. Even the Shenwang realm can only fly in the sky. The strong people in the Hunyuan state can control the sky. The people who have entered the spiritual realm will decline from the high altitude and will not die. The situation is similar to that of Huaxia. Some people who have practiced martial arts may not die if they fall down from a high building, but they are very likely to be disabled!

Below, he Xuan and others landed, did not see ye Chen, they went to look for Shenwang ware!

At the same time, in the sky guard Pavilion on a mountain peak in the distance!

A young man sat on the edge of the attic, gasping, "fortunately, I'm still in good shape, or I'll fall to death."

"Well? No, how can this attic be separated from the outside by a golden shield

It is Ye Chen who speaks!

Ye Chen looks around and finds that this land of Golden Buddha Tantra is mainly composed of three parts. The first part is plain and forest. There are some small attics and temples, which are indistinctly the residence of the Golden Buddha!

It seems that the second part of the shelter between the house and the forest is to break the shelter between the house and the forest!

At the same time, there are some houses in the mountain forest and underground, which contain the spirit state and the God King's utensils!

The third part is the Tianshou pavilion where ye Chen is!

The Tianshou Pavilion is built on the top of a 200 Zhang mountain. Some of them are similar to ancient Chinese buildings, but they are much more magnificent. There are walls on the outside and more than 20 storeys inside, just like a grand palace. The Tianshou Pavilion alone is hundreds of meters high,

reaching from the ground to the top of the golden shield. It is like a pillar standing in the sky and overlooking the whole Golden Buddha Tantra Land!

And this Sitting Sky guard Pavilion and the mountain peak have a more magnificent golden shield outside, which seems to be used to block three places.

Suddenly, in the reincarnation cemetery, the ice sword immortal Zun said: "boy, this is the inside!"

"I can sense that there is a lot of flavor of Hunyuan immortal utensils here. There should be 18 Hunyuan immortal utensils stored here, and two of them are combined with Dao artifact."

Ye Chen nodded slightly and looked around. He found that the Golden Shield of Tianshou Pavilion had been thrown out of a big hole by himself. It seemed that he had fallen down just now. He found that it was not right. He used Zhushen sword as a glider to glide outside the golden shield and came in unexpectedly!"I remember that both monk Nianxin and Ziyu from Beigong said! Is it that only the Buddhists can enter the Tianshou pavilion

"The last time the monk came in, he just got a piece of four grade God King tool!" Ye Chen thought, and suddenly saw the halcyon Buddhist Scripture in his hand. "Is it difficult? The nirvana Buddhist Scripture I practiced before contains the power of Buddhism, so the Golden Shield thinks that I am a Buddhist, let me in?"

That's the only explanation!

Ice Sword Fairy nodded and replied:

"it should be so!"

"Go and explore the attic."

"I can feel that the three stone tablets in the samsara cemetery are extremely strong!"

"It's estimated that their minds will come out in a day!"

Ye Chen nodded and immediately turned to enter the Tianshou Pavilion. He had fallen onto the balcony on the seventh floor. As soon as he got in, he immediately transferred it to the first floor. He looked at the eighteen bronze figures in the first floor. He guessed it was wrong, which should be used to test Buddhist disciples.

"Eighteen bronze men!"

"Equivalent to 18 war puppets!"

"All of them have the fighting power of five or six layers of heaven!"

"Together, you can fight into the nine layers of heaven in the divine realm!" Just as ye Chen was thinking about it, suddenly a bell rang, and the eighteen bronze men started at the same time, and the golden Buddhist scriptures were all around him.

Clang! Clang!!

Clang!!

The eighteen bronze men make clear voices!

Soon, with a touch of gold, the eighteen bronze men turned into eighteen living Arhats. All of them came with long sticks in their hands.

The speed is so fast that even the sound of breaking through the sky comes!
