### Chapter 1371

Seven handle six grade immortal long staff, Jue Lian swept across, in the middle of Ye Chen's chest, sounded a dull voice!

Ye Chen turned around and grasped seven long sticks, and directly collected them into the reincarnation cemetery. "I'd like to see how many immortal long sticks you have!"

Whoosh!!

It's five pieces of six immortals and long sticks!

Ye Chen shows his gold body and directly resists the long stick. He rings out several voices and immediately grabs the immortal long stick, which is once again included in the samsara cemetery. He took the initiative, flexible body, rowed in front of the other Arhats, and directly took away their immortal long stick!

"Eighteen bronze men?"

"I won't let you fight!"

"I'll take your weapons and see how you form a battle!"

As soon as the voice fell, the eighteen bronze men quickly pulled out to form an array to resist the enemy!

"Can we still form a battle?"

"Collect your immortal stones and see how you form a battle!"

Ye Chen dashes, fighting for the power of the flesh, and directly smashes open 18 bronze men. His hands are like claws. He directly reaches into the hearts of the two bronze men and grabs two top grade immortal stones. The Tongren who lost the energy source fell to the ground like a robot pulled out of the plug!

When ye Chen entered the palace of Shendan monarch, he met a similar war puppet!

He naturally knows how to solve it!

In just a few tens of seconds, ye Chen pulled out the immortal stones of eighteen bronze figures.

Dong Dong!

The sound of the Taoist bell rings, and then comes the sound of two broken doors!

Ye Chen takes a close look, and the door opens behind, which is the channel leading to the second floor. In the other gate, it is placed in a piece of one grade divine king's ware, on which are engraved three big characters: the demon subduing pestle.

The prohibition on the demon subduing pestle was released automatically. He grabbed the pestle, looked at the surrounding situation, and thought: "you should break it once and get a divine king tool!"

"There should be 18 pieces of King's utensils on the shelf!"

"Now there is only one. Many people should have broken the first floor and took away the other 17 pestles!"

"There should be a pestle to subdue demons at Nianxin monk's place!"

Ye Chen collected 18 bronze men as his booty. He thought, "only the first layer has the divine king's tools. In the future, we should reward a lot of them. Instead, we should seize more of them, repair the soul destroying magic spear and the sword of killing gods."

Both weapons are damaged!

If you use it again, I'm afraid it will crack. You need to melt other divine tools to repair it!

"Jinfo Wenchi and eighteen Hunyuan immortal utensils! With those two magic tools, they should be on the top of the list. " Ye Chen stepped on the second layer and saw the same 18 bronze men array, but the level was obviously much higher than before. The single combat power was comparable to that of the seven layers in the spirit state!

Ye Chen then began to break.

An hour later, ye Chen arrived at the fifth floor. Because he broke through the fourth floor, he got 72 war puppets and four early God King tools. On the fifth floor, he met a strong guard here. His strength was comparable to that of the second layer of shenwangjing. It is obvious that Nianxin monk should have defeated here!

Ye Chen breaks through the array at the same time, but the sky guards the pavilion to reveal a gold Buddhist text!

When the outside people gaze at these Buddhist texts, they must not change their looks, and they all know that someone is breaking the barrier!

Kuang Bai looked around and found that the Buddhist monk who could enter the interior was still nearby. He couldn't help but change his look. "Is it difficult for him to break the barrier, is ye Shitian?"

Everyone has just come in and are still gathering in one place!

In addition to the hundreds of people killed by accident or provocation, all the others are there. Those who are not there, or others who are irrelevant, are not strong. However, Kuang Bai finds that ye Shitian is not here!

According to reason!

Of the 2000 people this time, half of them have never entered the site of the Golden Buddha Tantric sect!

The time limit of the site is seven days. On the first day, we all know the terrain and break some arrays. On the second and third day, we will go to the mountain forest to find all kinds of treasures. Only when we just came in for a while, we went directly to the inner Tianshou Pavilion to break through the barrier!

Can go inside to break through!

It's just two or three hundred people!

These two or three hundred of them are monks and monks in the vacuum temple, Wuxiang Temple, Wusi temple and so on. Among them, the most powerful one is the Buddhist monk who has not gone. Who is going to break the barrier?

Who is likely to directly break through the fifth level, but also cause the resonance of the sky guard Pavilion and the Golden Shield?

Only ye Shitian!

"Damn it, ye Shitian has broken the barrier inside!"

"We quickly look for Shenwang tool breakthrough, break into the interior together, and kill him!" No trace immediately left, straight to the mountains and forests, where to go to the God King of the powerful temple, looking for a breakthrough in the king!

"You can't force yourself into the interior without the cultivation of divine kingdom!"

"Let's break through first and kill ye Shitian together. We can't let him break into the realm of God!"

"Otherwise, he will pursue us!"

Kuang Bai, Chen Ben, he Xuan, Lin Xuan and other leading figures have made up their minds. They rush to some broken temples with array breath, and attack the Golden Shield on the temples. Other disciples are also helping them! It is very difficult to break the Golden Shield of some temples and houses!

Any one of them needs the power of the divine Kingdom, and it takes tens of hundreds of people to break through one or two days. This is also the reason why the external environment has not been swept away for so many years. On the one hand, the time is too short, and on the other hand, the number of people is too large. It may be snatched by people after breaking the shield!

But now no matter how many people!

Everyone's goal is to break the border, to kill Ye Chen, to avoid being killed by Ye Chen!

Whoosh, whoosh!!!

A strong man broke through the battle and left. When the monk looked around, he found that more than 1800 people had been scattered. Most of them were Buddhist practitioners!

"Big brother Nianxin!"

"Let's go inside, too."

"We can directly enter the interior. Last time we didn't break the first hurdle, so many people will be able to do it this time!"

Many of the monks who had entered the eight layers of the heaven and the first to enter the ninth layer of the heaven narrated one after another!

"No!"

"Go to the temple on the mountain first!" Looking at the golden sky guarding the pavilion, the monk said, "I only break the fourth level. The fifth level is not as powerful as the second and third level of heaven in the kingdom of beauty. I can't break it!"

"It should take some time for ye to kill the sky!"

"Let's go to the temple that has been investigated first and seize the seven grade divine king's utensils. After I break through, I will kill ye and kill heaven."

Monk Nianxin is impatient. Ye Shitian is too fast. He thought ye Shitian couldn't get into the interior. Everyone can take his time.

Unexpectedly, ye Shitian is the first one to come in, the first to enter the interior, and the speed of clearance is also the first. If it goes on like this, everyone will be finished!

You must make a breakthrough before ye Shitian breaks through the Ninth level and gets a good breakthrough of the divine king's tools. Only in this way can you have the power to protect yourself!

Monk Nianxin led 270 monks in the later stage of entering the divine realm to the left of Baizhang mountain. He wanted to break the Golden Shield in front of the temple. It was a temple where the Buddha lived on the eighth floor of the divine kingdom. He had explored it for a long time!

This time, we can gather the strength of the people and break it in less than half a day!

Use one day to break the territory. After breaking the territory, you can directly kill ye Shitian, to avoid being killed by Ye Shitian first!

Chapter 1372

Within the Golden Buddha Tantra, more than 1000 people started their own actions. Some gathered the strength of the people to break the shield, and the moment they got the divine king's tool, they killed each other. Some broke the shield and were robbed by others.

Only Kuang Bai, Nianxin monk, he Xuan, Lin Xuan, Wuji, Chen Ben and others led the team, which was more stable!

In Tianshou Pavilion, ye Chen is still dealing with the strong man. He doesn't care about the idea of outsiders.

Even if it's killing him!

He is very clear, only strong oneself and constant breakthrough, is the kingcraft of Lingwu mainland survival!

On the canyon outside, Zheng Bo had extraordinary eyesight. Seeing the Buddhist texts lingering in the ruins, he could not help but wonder: "who is it? It's only an hour before we go in, and we've already broken the four hurdles! "

"It should be my mind in the temple!" Do not want to preside over the hands, say, "Amitabha!"

"My temple thought, originally wanted to get a seven grade divine king's Zen stick, but he went directly to Tianshou pavilion to break the barrier! I'm really worthy of being the first disciple of my vacuum temple. I'm very pleased! "

He slightly bowed his head, seemed to signal others, but in his eyes there was a sense of pride!

My temple mind!

In one hour this time, we will break four passes in a row!

seven days is enough to break nine passes, and even enough to break the internal boundary. Maybe we can break through 15 passes!

"I don't think so!"

"Maybe he Xuan and Lin Xuan were sent by me." The elder Lin Kuan of Zilin Zonglin held his hand and said slowly, "the shield of the Golden Buddha Tantra has weakened too much over the years. The shield outside the Tianshou Pavilion inside may not be able to stop some strong people!"

"It's like he Xuan from my school!"

"The combat power is not low, and it is the second in the sky list. It is the same if you directly enter the Tianshou Pavilion and break through the barrier!"

"I send Li Hong is also good, the first in the sky list!" On the edge, the elder of the sun chopping sect touched his beard and said with a smile, "Li Hong of our school is as powerful as the king of the United States. It is possible to even break four passes."

"The king of our school is the third in the sky list..."

"My school Kuang Bai, sixth in the sky list..."

"I send Chen Ben, the eighth in the sky list..."

"I send..."

Many old men praised their disciples one after another. At the moment, they all felt that they were their own disciples. They broke four passes in Tianshou Pavilion!

I even thought that before the deadline of seven days, I would break through ten passes and get a top-notch King tool!

The North palace purple jade listens, does not live to shake his head, whispers: "you do not happy too early, in case is my master?"

"Ye Shitian?"

"Miss seven, are you kidding?" The elder of the sun chopping sect said with a smile, "ye Shitian uses his base card to have the power of the divine kingdom. How can he use the base card to break the pass? The normal combat power is just as good as Mufeng, but Li Hong of our school is the first in the heaven list!"

"You can crush him as you like!"

"Indeed, ye Shitian's use of the cards seems to have serious consequences. It is impossible to break the barrier and use the cards!"

"The real strength is not like Wang Dao, Li Hong and he Xuan. He is definitely not the one who breaks the barrier!" Many elders say no!

Are you kidding? It's not a big contest to break the barrier!

Ye Shitian killed a Mufeng just, and it seems that the cost is not small, how can the clearance be so fast!

"Maybe ye Shitian is being chased and killed now." Mu Suiyuan leisurely said: "it is estimated that he will not live for a few days."

More than 30% of the people who entered the site, at least 5600, wanted to kill ye and kill heaven!

Nothing else!

Ye Shitian is too strong!

If he doesn't die, we can't get good treasures, such as the king's tools, and so on, they will be robbed by Ye Shitian!

Moreover, no one can resist ye Shitian alone, which is comparable to the fighting power of seven layers of heaven in the divine kingdom!

King!

Li Hong!

He Xuan!

The three top three in the sky list can't be stopped!

The three of them can fight against the two or three layers of heaven in the kingdom of war God alone, and even have a good chance of winning. But if they want to fight against Ye Shishi, who can break out the seven layers of heaven in the kingdom of God, there is no doubt that they will be defeated. Since they must be defeated, they must unite first. They will enter the Ninth Heaven of the God Kingdom, and do not believe that ye Shitian can not be killed!

"The seven layers of heaven in the kingdom of God?"

"Strong or weak!"

"If a hundred people enter into the nine layers of heaven, they can kill the seven or eight layers of heaven in the realm of God King!"

"If you go in, 400 people will join forces in the nine levels of heaven in the spirit state, and fight against the strong ones in the first level of Hunyuan state with the array."

Mu Sui would like to spread a comfortable smile on his lips and said: "it's just a pity that there are 400 people from different schools who are in the state of mind. It's hard to cooperate with each other. However, the 200 disciples of the nine sects can work together to kill one ye Shitian."

He held his hand and looked at the North palace purple jade and said slightly, "Miss seven, I'm sorry this time."

"When I went in, Kuang Bai, Chen Ben and Mu Lan of my school all said that ye Shitian was a threat!"

"They want to get rid of Ye Shitian first. But don't worry, Miss Qi. We will leave the whole body for you, master!" "You don't have to be too angry. I'll give you a vaccination first, and then don't be so angry and ask for trouble from our nine schools."

Nine groups of forces!

Gather the top 50!

There are more than 200 people in the nine layers of heaven. Don't you believe that ye Shitian is immortal?

This kind of situation, really let Ye kill the sky to run, isn't it amusing and generous?

"You

"Zheng Bo!" North palace purple jade looks at Zheng Bo!

Zheng Bo shook his head slightly and said, "in the site of the esoteric sect of the Golden Buddha, there is life and death and wealth in heaven. We can't control the death and injury! I can only hope ye Shitian Cong will be more clear and avoid it as much as possible, and come out on your own in seven days! "

In Zheng Bo's eyes, ye Shitian is indeed a monster!

But it's too sharp!

The battle power of seven layers of heaven in the kingdom of God broke out, which was deliberately exaggerated by Mu Suiyuan and directly became the target of everyone!

He himself is the emperor of the nine layers of heaven!

How can you survive the attack and killing of more than 200 people in the nine layers of heaven!

The top 50 of them are all the peaks of the nine layers of heaven. Their strength difference is only a line from that of Mufeng and Wang Peng, who died in the war. They are excluded from the hands of Shenwang and Hunyuan immortals, but look at their own combat power ranking!

In this way, 50 people are all kinds of leaders!

Some of the other 150 men have just entered the ninth tier sky, and some have stayed for a month. Their combat effectiveness is not too high, but they are absolutely invincible!

In this case, old people such as the Lord of Tianling city have to fall on the spot, not to mention ye Shitian!

If it's face to face!

There is no doubt that you will die!

If you avoid it, you may live!

Beigong Ziyu sighed. He had known that. He should warn his master not to explode too much to attract the attention of all parties! I can only hope ye Shitian will not die. As for the serious injury, no matter how serious it is, he can be cured!

After all, ye Shitian's help is needed to cultivate the way of extinction in the future!

"Zheng Bo!"

"Please contact elder Li Longjiang and ask about Lingyun xianzun."

"Such as Lingyun xianzun's new disciples, where they are recently and so on!" The northern palace purple jade took out a jade pendant, handed it to Zheng Bo, and said, "this is my reward to elder Li, which is comparable to the value of a six grade divine king's ware."

"Yes, Miss seven!" Zheng Bo took over the jade pendant and began to use the communication token to contact elder Li Longjiang of the Beigong family. The opponent was a strong man in the right environment. With a jade pendant comparable to the six grade divine king's ware, please deal with and explore some information, which is already enough face!

Chapter 1373

At the same time, within the Golden Buddha Tantra.

In Tianshou Pavilion, ye Chen was sitting in the room on the eighth floor, covered with blood, holding two pestles which had just obtained the five grade divine king's instrument. He sighed slightly: "the Buddha on the eighth floor is already the fourth layer of the divine kingdom!"

"If you go up to the Ninth level, it's very likely that the Buddha fighting puppet in the fifth layer of the divine kingdom will sit down!"

"Either it's the golden arhat transformed by the mind of all living beings, and then it's the strong one trapped here in the past years!"

"It's no wonder that from the sixth floor, there are 18 pieces of King's utensils in every room. It turns out that the people before have never come up!"

He took several healing pills, and his wounds were still healing. With the help of the ice sword xianzun, he passed through the 567 three passes and forcibly obtained nearly 50 pieces of Shenwang utensils, all of which were of the first, second and third grade.

Each level has 18 pieces of artifact!

However, the people guarding each level have two or three levels of divine kingdom. Those who have such fighting power, such as Wang Dao and Li Hong, are not qualified to come in. They can come in to recite their minds. Their fighting power is not high, and they can't keep going through the pass. They are stuck in the fourth level all the time.

In the past, the relics of Golden Buddha Tantra have been opened many times, and almost all of them have broken into the fourth level!

That's why Ye Chen can get so many Shenwang tools. If he wants to break through the border again, he can't do it without breaking the boundary. However, the highest level Shenwang tool he has at present is still incomplete, which is the sixth grade Shenwang tool.

In this way, I'm afraid the combat effectiveness of the frontier will not increase much!

Whoosh!!

All of a sudden, a number of God pillars rose out of the window, straight into the sky, full of a strong breath!

Ye Chen came to the window and looked at it. His face changed slightly. He said, "he Xuan, Lin Xuan, Nian Xin monk and other seven people are all starting to break the border! Looking at the momentum, it uses four or five grade divine king's tools. After breaking the state, it should be directly the three or four layers of heaven in the divine kingdom! "

"It takes a day to break the border!"

"It means I only have one day!"

"But if there is no Hunyuan immortal, can I break the boundary?" He is in a great tangle. At the moment, breaking the state will not increase the cultivation in the future, but if he doesn't break the mirror, he Xuan and others will attack him, and even Tianshou Pavilion will be broken. When Tianshou Pavilion collapses, he won't get any benefits!

Qiang Qiang Qiang!!!

Clang! Clang!!

All of a sudden, bursts of broken sound came out!

In the land of samsara, three tombstones are full of cracks, overflowing with the auspicious golden light of Buddhism. Then the three tombstones are broken, and the three figures jump out in a single jump. All of them are holding magic wands and wearing white robes, just like holy monks.

Three golden Buddhas of Hunyuan realm!

Three golden Buddhas from the Golden Buddha Tantra, their origins have also been intercepted!

Buddhist texts linger on the three golden Buddhas, which make them seem particularly peaceful and sacred.

As if it was the real golden Buddha in Chinese legend, the power of the Buddha was soft, and it felt like fighting out. No matter how powerful the power was, it would not kill people!

Three golden Buddhas!

In the legend of the sun and the moon, there are two statues of the Buddha!

Another kind-hearted Golden Buddha holding a miraculous medicine in his hand is like a medicine master Buddha in Chinese legend!

Ye Chen gazed at the three golden Buddhas and held his fist slightly and said, "Ye Chen, the reincarnation graveyard, has seen three elders!"

"Are you?"

"This is the samsara cemetery?"

The three golden Buddhas were obviously surprised and looked around at the surrounding environment.

But when they saw the weak Wang Qiantian and the ice sword immortal, they were shocked!

There is also a strong man who is in harmony with the Tao and a strong man in the realm of creation!

The ice sword immortal statue stood up and said faintly, "the three are the Golden Buddha Tantra, the sun moon Buddha and the pharmacist Buddha among the 18 Golden Buddha, right?"

"I am!"

"Yes..."

The three golden Buddhas all clasped hands, nodded slightly toward Ye Chen, and then nodded to the ice sword immortal!

Among them, the pharmacist Buddha slowly moves forward, and a memory appears in his mind, which seems to be about how to get to the samsara cemetery. At the same time, the moonlight Buddha and the sunlight Buddha also recall the original situation!

"Ah

"At that time, we should not forcibly extradite evil spirits into the clan!"

"I thought that the evil devil only wanted to put down the butcher's knife, and we could turn him into a Buddha, but we didn't want to harm our sect in the end." Moon Buddha sighs, they all have the peak combat power of the nine layer sky of Hunyuan realm, different from other powers!

Other powers, Kunlun void power, heaven and earth kill domain power!

All of them are the real ones, which are intercepted by the samsara cemetery. Only one percent of the fighting power of the noumenon, or at most two or three percent of the fighting power, is the source.

However, the three golden Buddhas are not low in combat power. They just have no space rules, and they have magnificent aura. I'm afraid their real combat power can only be comparable to that of Hunyuan!

"The past is gone!"

"I thought we were destroyed by that force, and we didn't have any chance!" "But I didn't expect to be intercepted by the samsara cemetery. Over the years, a lot of fighting power has been restored."

The pharmacist Buddha nodded to Ye Chen and said, "since you are the tomb owner of the samsara cemetery, I am not dead, but I am also blessed by you. From now on, I will follow you!"

He said slowly, "it's just that we've been destroyed. At present, we're just gods. Although the spirit body has accumulated power for nearly a thousand years!"

"But there will be a day of exhaustion. There are not many people who can help the tomb owner. Please make good use of our strength!"

The two Buddhas, sunlight and moonlight, are sighing on their faces!

It is obvious that there is still a mission to be fulfilled before he died. Now, to be born again is to complete the mission and help the tomb owner!

In this way, even if you die again, you can feel at ease!

"Three elders!"

"Don't be so sad!" Ye Chen clasped his fist and cautiously said, "the three elders are extremely strong in mind. They just need to find a pair of physical bodies and attach themselves to them. After a period of time, they will be able to live again for a lifetime."

Three golden Buddhas on the top of Hunyuan nine layer sky!

Although the Hunyuan environment is not enough to see, but for the current Ye Chen, there is such a help, is also an excellent thing!

Their fighting power is still on top of the ice sword immortal Zun. The ice sword immortal Zun has only one percent of the fighting power. They are full of fighting power!

Even if the Golden Buddha Tantra comes out, they can also use their power to exterminate the golden sword gate!

"No!"

"No!"

Sun and moon both shake their heads and refuse!

The pharmacist Buddha sighed: "since the body of our Buddhists is dead, how can we take the flesh of others and fulfill our own affairs?"

"Three elders!"

"Since other people's bodies can't be used, I can build three weapon bodies for you!"

Ye Chen said faintly: "take the divine king's tool as the carrier, the blade as the body, and the mind as the spirit! You can continue to use the law of space. After that, it is not impossible to integrate some natural materials and earth treasures into the real flesh body! "

Ye Chen is sure that if the present plan is successful! He will not be afraid of some threats in front of Lingwu continent!

It's more likely to be his strongest card right now!

Of course, this is a big risk!

Even ye Chen may be bitten back!

However, wealth insurance in demand!

Chapter 1374

Ye Chen is excited, after all, these three gods can definitely solve the dilemma in front of them!

But this method is too risky and difficult.

This is a secret skill of forging weapon revealed by forging God.

He even warned Ye Chen that he would never use this method unless he had to!

In fact, forging body training!

In the period of dominating body, the body is as strong as an immortal!

In the vigorous phase, the body contains vigorous Qi into the body. At the moment, the body is already equivalent to the divine king's weapon. The flesh body gradually turns to be a weapon. Hammer your body into an absolutely powerful weapon as far as possible. If you go up to the virtual body stage and the Divine Body stage, the body will be the weapon directly!

Even some of the elements on the body can be used to create Hunyuan immortal tools and Hedao artifact!

It's just a big damage!

Ye Chen's proposal is complementary to martial arts. In any case, it is also necessary to refine the body to be comparable to or even surpass weapons. It is also feasible to use weapons to build bodies for the three golden Buddhas in advance!

The three golden Buddhas looked at each other and nodded!

With a sigh, Yaoguang Buddha said, "thank you so much. Our Buddhists pay attention to cause and effect. The tomb owner builds our bodies for us. We are willing to pass on all the skills to the tomb owner, and hope the tomb owner doesn't mind!"

"Disciple Ye Chen!"

"Meet the three masters!" Ye Chen knelt down with his fist and said, "if you pass on the skill, it will be the master. Please accept my worship from the three masters!"

Ye Chen kowtowed.

The three golden Buddhas are satisfied with their faces, and just after they wake up, they meet the extremely arrogant emperor like the tomb owner. They are not only willing to build their bodies for themselves!

It's also a blessing to worship yourself as a teacher!

"Tomb owner!"

"After many days, I also want to know whether you would like to be my disciple?" Ice sword immortal Zun said with a smile.

"I've seen ice swordsman Zun!" Ye Chen also worships teachers!

"Ha ha ha ha!"

"Good!"

"It's very kind of me to have such a proud disciple!" Ice sword immortal Zun helped Ye Chen up and said with a laugh: "when I go out this time, I will teach you a sword formula. It was created by me in the past. It has a unique effect with the time and space sword formula."

Thank you very much

Ye Chen nodded slightly, and immediately looked at the other three golden Buddhas and said, "what was the situation of the three masters? Why were they killed by the powerful members of the Beigong family? But the Beigong family slaughtered wantonly?"

"No!"

"The host brought back a demon strong man from the endless sea

The pharmacist Buddha sighed and explained: "we see that the strong man's cultivation is not low, and he is in a level of heaven. We want to combine the strength of the whole sect to make him serve our Buddhism! But I didn't expect that in the process of transformation, the two hosts were turned into demons, and they were about to kill out of the sect and kill the world! "

"When the five elders of the northern palace family learned about it, they came to kill the powerful one!"

"But when he came, our whole sect had been demonized, and the five elders had to move a place of array to kill us all!"

"The pressure of the five elders is blooming! Kill thousands of enchanted disciples

"At the last moment, just before the place of the array was falling, the host suddenly woke up, drove away the demons with the journey of self extinction, and arranged the outer space shield together with the surviving Golden Buddha arhat, hoping that after our death, some Buddhists can inherit our heritage!"

"We will not be buried in the earth, and our skills will never see the sun!"

Pharmacist Buddha said lightly.

The first World War in those years was due to the failure of those who wanted to conquer the powerful. On the contrary, the whole sect was demonized and was about to be killed and was stopped by the five elders of the Beigong family!

Unfortunately, the demonized monks could not get rid of their demonic nature unless they gave up. They were killed one by one. Other Arhats and golden Buddhas, as well as the hosts, woke up at the most critical moment. Knowing that they could not escape, they arranged a space shield before they died, and then they all died in the hands of the five elders!

Finally, the ground cover of the array was pressed down, but it did not really suppress the Golden Buddha Tantra!

The five elders simply left this place as a training place for the surrounding hundred schools!

Ye Chen listened carefully, and suddenly thought of what he said, saying: "three masters, since I am your disciple and the only disciple of the Golden Buddha Tantra at present, all the things in the Golden Buddha Tantra should not be mine?"

"Three masters, how to quickly enter the Golden Buddha culture pool? I want to refine the body. At the same time, you left 18 Hunyuan immortal tools. Where are they? I want to use it to break the situation. Of course, I will leave some for you to build your body! "

Listen to this, medicine light Buddha sighs, it seems that can only like this!

As a Tianjiao disciple, I also have Buddhist skills. I'm also a disciple of myself. I'm really the last disciple of the Golden Buddha Tantra!

"Tomb owner!"

"This is the token!" Moonlight Buddha used his own breath and meditation to condense a token, handed it to Ye Chen and said, "Heaven guard Pavilion is not forbidden to us. In the past, we can enter at will. You can take my token and go straight up to the top!""Jinfo Wenchi, on the 15th floor!"

"Eighteen Hunyuan immortals, I remember on the 24th floor!"

"The two handles of Taoist artifact are on the top floor, on the 25th floor!"

"The other levels, either the divine king's tools or the Golden Buddha's skills, you can take them all!"  
With a sigh, he said, "if there is a chance to rebuild the Golden Buddha Tantra in the future, all these will be used!"

"Thank you very much, master moonlight!"

Ye Chen takes the token and goes directly to the ninth floor. After taking out the token, the guard Buddha's war puppet directly opens the door of the tenth floor and the door for storing the divine king's utensils! He took the king's weapon and went straight up. There was a smile on the corner of his mouth, "this token is easy to use!"

"To the twenty fourth floor first!"

"Take a Hunyuan immortal tool to break through, and then return to 15 layers to quench the body!"

Ye Chen, acting with this idea, searched all the Shenwang artifacts and skills on all levels along the way. Except that the Golden Buddha culture pool on the 15th floor could not be moved, almost all the treasures up to the 24th floor were taken by him!

Whoa, whoa!!

Whoa!!

Enter the 24th floor!

Eighteen Hunyuan immortal utensils, suspended in the air, have all kinds of mo.

Zen stick, magic pestle, purple pestle, cassock, shoes, long stick and so on!

"This long stick!"

"Qipin Hunyuan immortal ware, good!" Ye Chen once grasped the Hunyuan immortal weapon, and no master weapon was forbidden.

He sat cross legged and began to use the Qipin Hunyuan immortal tool to break through, and began to mobilize the power of Qi and blood in his body, gradually absorbing the spirit in the Hunyuan immortal utensils, so that his Qi and blood power was transformed into Aura!

Whoa!

Ye Chen projected a divine light column from the sky!

Other external warriors can't help but change their looks and start to use the divine king's tools to break through. Now, regardless of the level of the divine king's weapon, they all think that the breakthrough will be dangerous if there is no self-protection after ye Shitian, so make a breakthrough first!

He Xuan, Lin Xuan, Kuang Bai, Nianxin monk and others are all shocked by the breakthrough!

Ye Shitian even started to break through!

They're going to speed up, too!

Chapter 1375

.....

At the same time!

Hundreds of thousands of miles away!

In a mountain forest, Ji Lin is dirty walking on the mountain road. His beautiful clothes and skirts are tattered at the moment. The whole person is like a child picking up garbage.

As she walked, she wiped her tears. "If you don't cry, you can find Ye Chen."

"I'm the only hope of my sister. I'm the most powerful one. It's nothing to be bitter about this. Sobbing..."

"If you don't cry, Jilin, you can't cry. Although I'm not familiar with life here, I'm not afraid of Ji Lin!"

"But I'm so hungry now Ji Lin covers her stomach and squats on the mountain road. She looks around with tears. Because of the rush from Kunlun, she doesn't take much snacks and food. At present, she doesn't dare to contact other people. He could only grasp a few handful of grass and stuff it into his mouth. After a long time, he sat powerlessly on the ground and said to himself, "the land of Lingwu is the place everyone yearns for."

"But I don't think it's at all!"

"I'm here. I don't have any food or clean clothes to wear. I can't go until the beast has finished drinking water."

"Sobbing, elder sister, Jilin misses you so much!"

She sat down under the big tree, her eyes red, and said to herself, "the source of Tao is nine layers of heaven. Too weak, too weak! "

"Any monster is the emperor's realm."

"I can't catch anything to eat, I don't have money, I can't see the city, I can't even see a few people."

Ji Lin looked at the sky dully and said, "is the direction I'm going in, right or wrong? Can I go to heaven and earth? The nine layers of heaven are so weak? So weak that they can't even eat... "

"Ye Chen, sister!"

"I miss you so much. I miss my days in Kunlun before..."

Gradually, Ji Lin, who was hungry and poor, fainted beside the tree.

In Lingwu land, there are almost no people under the emperor's dignity, not to mention the fierce beasts and immortal beasts under the emperor's dignity. For Ji Lin, who is in the nine layers of heaven in the Daoyuan realm, if she meets any fierce beast, she can not be defeated and can eat her!

I ran for several days in a row and escaped many fierce beasts.

But there was nothing that could be preserved, and she couldn't eat even the grass.

Because the energy contained was too abundant, she could not turn her body into flesh. She ate the fruit several times and nearly burst. So she did not dare to eat the fruit again. When she was hungry, she would eat some grass leaves. When she was thirsty, she could drink the water of a big fierce beast. When Yu Wei's breath did not disperse, she quickly went to drink a few mouthfuls, but could not drink much, for fear of being found by other fierce animals.

Just then, a red robed woman stood on a branch and looked at Ji Lin under the tree from a distance. She was curious.

"Poor little sister, where are you from? Why are you alone

The red robe woman is not full of flame, but a ghost force is lingering all over her body, just like the Yin difference coming out of the underworld. The dark red robe is particularly eye-catching and gives people a sense of tyranny at the same time!

She gently jumped to the ground, touched Ji Lin's cheek with her slender fingers, and said with a smile: "yes, there is no leakage, but the realm is so low, it should be from the low martial world. It's good to be promoted to the Ninth Heaven of Daoyuan state at such an age in the low martial world!"

Lingwu mainland, can not have the source of Dao!

Well, this girl, no doubt, is a person of low martial arts world!

With a smile, the woman in red gives people a feeling of enchantment. She explores Ji Lin's body carefully and says to herself from time to time: "I'm afraid the baby is in her place, and her talent is good too."

She thought a little, looked at the surrounding situation, and said: "the nearest space transmission array is the transmission array leading to the spirit city of low martial arts world, Kunlun Xu!"

"This girl, should come from Kunlun Xu!"

"Two years ago, there was a big war around the teleportation array."

"There are only a few ten dead in Hunyuan, so that the air contains the law of space that has not yet dissipated!"

As a strong Hunyuan strongman, she also came to explore the situation this time, but when she came to the space transmission array, ye Luo'er had been taken away by the leader of Linghu's family, so she explored around and found Ji Lin accidentally!

"Ah, you..."

"Who are you?" Ji Lin woke up and looked at the red robed woman with fear on his face. He said, "sister, I don't have any treasures. I don't have anything to give you. Don't you want to kill me?"

"Don't kill me!"

"Don't worry about killing you!" The red robed woman smiles and asks, "what's your name, little sister, where are you from? How can you be here?"

Ji Lin stares at the red robed woman and hesitates for a long time. The other party may be the only one who can help him. Although he will not starve to death and can automatically absorb the aura of heaven and earth to ensure the most basic operation, it will take at least a long time to find Ye Chen!

All right!

Bet she's a good person!"Sister, my name is Ji Lin!"

"From Kunlun Xu, I'm looking for my sister and friends here!" Ji Lin said faintly: "my friend's name is Ye Chen, who comes from Kunlun Xu like me. Now he is in the land of heaven and earth, where is the Beigong family!"

"Will you send me there and let him give you a magic weapon?"

In her cognition, immortal weapon is the most powerful weapon!

And, Luo Er elder sister is caught, oneself must tell Ye Chen!

Ye Chen will give it to you!

"Low martial world?"

"Ye Chen? I haven't heard of it. I think it's not Hunyuan

"No, a boy from a low martial world, how could he be a Hunyuan realm?"

The woman in red looked at Ji Lin and said to herself, "that is to say, you little genius with no leakage, you have no backing?"

"Sister!"

"What are you going to do?"

before he finished his words, Ji Lin felt a pressure all over his body, and he could hardly breathe! What a pain!

With a smile of evil charm, the red robed woman grabbed Ji Lin and said with a faint sneer: "little sister, my sister is called Hun Ying Ying. She comes from the soul family. You are such a genius. My sister likes it best, especially the little genius who has no backing!"

She grabs Ji Lin, the space law imprisons each other, at the moment, it is as simple as carrying a fruit basket!

She made a seal on her other hand, called for a mount, jumped up, threw Ji Lin into a cage, and said with a smile: "this time, people are almost enough. This is both a genius and a baby, but it's really hard to find a 12-year-old girl!"

"Just come out and have a look!"

"I can catch one of them. As for the backers?"

"A warrior from a low martial world is not to be afraid of!"

Chapter 1376

As soon as the voice fell, the lips of the soul outlined a pleasant smile. He personally controlled the mount to cross the mountains and rivers, and came to a very remote place in the western regions. Looking down, this area is full of scorched earth. There are mountains, even pure iron and pure steel. It is not like a place where human beings can live!

But this place is full of buildings!

Men, women, old and young in long gowns live here. There are even many Hunyuan strongmen guarding against the sky. There are even strong people in harmony with the Taoist realm who sit in the town, even in the realm of creation. There is a frightening name - Soul clan!

Soul clan!

Extremely threatening ethnic groups in Lingwu continent!

The human warriors here, unlike other places, do not cultivate the power of blood and aura, but only the power of spirit and the power of Tao!

Once the power of their spirits is used, the spirits of the strong at the same level can be wiped out in an instant. In this way, the other side has already fallen before the real fight starts. They are well-known ethnic groups in Lingwu mainland. There are strong people in the creation of chemical environment, but they dare not offend them at will!

Beigong family, Huangpu family, have a good relationship with them!

But even the medium-sized families will be afraid of them even if they meet in trade and business!

"Soul cherry!"

"Why did a girl come back this time?"

A young warrior asked, his face painted with evil spirit silver totem, just looking at him would be creepy!

He is also a strong man in Hunyuan. He is no more than 30 years old, but he is a young strong man in the soul clan, named hundao.

"You don't care!"

"At that time, when this memorial ceremony is over, you will no longer be entitled to see me!"

The martial arts and martial arts are suitable for the elder and the soul laying ceremony. There's no such thing as the elder's body and the soul

"Body without leakage!"

"That's right. It adds up to ten!" The white robed elder examined Ji Lin carefully, nodded slightly, and said, "the ten girls needed for this memorial ceremony are unexpected to gather so soon!"

How long will the memorial ceremony begin Soul cherry light said: "according to the rules, I provide a girl, qualified to participate!"

"Twelve days later," the white robed elder replied

Hearing this, soul cherry mouth outlines a smile.

"Twelve days!"

"If I can have a quota, then I can be promoted from the fourth tier to the fifth tier and even the sixth tier!"

"If you have excellent Qi and absorb the remnant thoughts of a strong person, you will become a strong person in the later period of Hunyuan state, which is not a problem!"

Soul cherry love words, eyes looking forward to the 12 days after the memorial ceremony!

She gradually looked at the edge of the soul knife, the corner of her lips outlined the meaning of disdain, and quietly snorted. These low-level men, who are only thirty years old, still want to pursue me?

After attending the memorial ceremony!

I will enter the inner circle in the later stage of Hunyuan. You are not qualified to see me in this life!

"Hum!"

"At that time, many people will attend the memorial ceremony."

"There are also many people who hope to make a breakthrough in the memorial ceremony. Many people hold this idea for the memorial ceremony once every 100 years, but only two or three people have succeeded in the past thousand years!" Soul knife also feel soul cherry's tone and attitude, look also some bad!

The white robed elder looked up at them and said slightly, "soul cherry, you can have a quota!"

"As for the soul knife!"

"You didn't catch the right person. Finish the task and get out!"

"Elder, maybe I can catch the right girl too. Why is it unfair that the people of my soul clan participate in the memorial ceremony of our soul clan at the least?"

before the words are finished, a strong light leaps by!

When the white robed elder takes a hand and directly hits the soul breaking sabre, he condenses a bloody red time blade. In an instant, he cuts the whole body of the soul Sabre and breaks it. Then he flies out. He continues to lower his head to depict the array on the weapon!

With his early cultivation in the realm of Taoism!

It's easy to clean up a disciple at the beginning of Hunyuan state!

However, the attack is also extremely cruel. If the soul Sabre suffers such heavy damage, it will take at least two or three hundred years to heal on its own. With such a blow, the talent road of soul Sabre will be broken. How cruel!

To the disciples of one's own clan!

They are so cruel!

It is worthy of being a soul clan that makes people feel scared!

"Elder, are the people participating in the memorial ceremony the same as before?"

"My soul, or twelve?" Hun Ying is also reluctant. Her own ethnic group held a memorial ceremony to consume the body, blood and essence of ten gifted girls. The ceremony was held to pursue the remnant thoughts of some powerful people who had fallen but were not dead!

Why, such rituals!

On the contrary, the number of participants of our soul clan is the least. All other factions can send people, and even more than 100 people have the chance to touch those last thoughts! If you are lucky, you can seize those last thoughts and swallow them up. Your strength will soar!

After all, after all, there are still strong people with residual ideas after the fall. Generally, they have the cultivation of the harmony realm. Even the vast majority of them are in the realm of creation. Thousands of years ago, there was a strong mind of the star and body state, which was engulfed by the genius of the dragon family. That genius was promoted from the five layers of the Hunyuan state to the top of the nine layers of the harmonious world!

There is so much power in remnant thoughts!

Why, my soul clan, can participate in so few people?

"You shouldn't know! You don't need to know! " The white robed elder looked up at Hun Ying and sighed, "well, when you have captured a girl, I will tell you something. Although this memorial ceremony is led by our school!"

"But it is the Beigong family, wanjiandi palace, invincible immortal palace and other forces that provide materials, space God stone, time God stone and even life God stone. Their people will naturally participate in it!"

"Only because of the unique physique and talent of our soul clan can we lead and open this big array!"

"And other strong people can't!"

The white robe elder's shadowy eyes, looked at the soul cherry, immediately the voice cold way: "well, you want to know, I told you!"

"Go away!" With a wave of his hand, he beat Hun Ying out of a kilometer away. He did not hurt the origin of Hun Ying. Otherwise, any palm would be enough to kill Hun Ying!

"This little girl!"

"I'm looking at the beautiful people, but I've come to the land of ants!" The white robed elder came to Ji Lin with a faint smile and a strange voice. He said, "it's still a good place. How to kill and play in the ants' land will not be a problem."

"People from Lingwu land!"

"It's not easy to grasp!"

He knew that once enough time and resources were given to the gifted girls needed for the soul clan memorial ceremony, everyone would be a person with great potential, even could be promoted to the realm of creation!

In Lingwu mainland, most of the girls with such talents are the descendants of a big family. They can't catch them or kill them. Otherwise, they will have trouble. So it's better to be in a low martial world!

Chapter 1377

Those who have captured the world of low martial arts, even if those who are strong know it!

What can we do?

Hua Hua ~ ~

Hua ~ ~

Hua ~ ~

the white robed elder made a splash of blue light, untied Ji Lin's blockade, and said with a smile: "little girl, I have wronged you in the past few days. Twelve days, the last day may be a little painful. Ten thousand ants are eating your heart. No matter how tough it is, you must stand up!"

"As soon as the time comes!"

"You're dead. Don't worry. The ceremony is not long. It's only half an hour."

"You will be free and have nine companions. You will not be lonely these days!"

He narrated all this calmly, incomparably indifferent!

Ji Lin wakes up and looks at the strange things around him.

She regretted it.

I regret it completely.

You shouldn't have come to Lingwu to look for your sister!

"Woo..."

"I don't want to die I don't want to die... "

"Elder sister, ye Chen Ji Lin doesn't want to die Sister Luo'er, how are you... "

Ji Lin held two iron pipes in his hands, and his young body stood in the cage with great sorrow. Tears ran straight across his cheek, and from time to time he patted the cage made of special steel and called out, "why?"

"Why?"

"I have not offended you. Why did you kill me?"

"Why? Obviously, I have not said you, nor scolded you, nor beat you. Why are you so vicious? "

Ji Lin hysterically roared: "let me out, or you don't want to complete the ceremony, I will explode now!"

She gradually mobilized the strength of her own Qi and blood, constantly supporting the body, and her young body gradually expanded.

Hua ~ ~

a red light flashed across!

Ji Lin's body is restored to its original state, and he looks at the white robed elder helplessly?

Why?

Why?

I didn't do anything. Why kill me?

Sister, ye Chen, sister Luo'er!

Can you help me?

"Whether you do it or not."

"You have to die. If you want to ask the answer, it's your life!"

White robe elder evil spirit smile, a blue light in his hand, a special white prison uniform on Ji Lin's body, lifting the cage as if carrying a plaything, easily lifted the cage which contains the law of space and swaggered to the dungeon!

He walked through layers of guards, layers of checkpoints!

Among them, none of the guards dare to disrespect him, but wherever he goes, the guards all bow their heads and dare not look directly at him.

Soon, the white robed elder turned around and stopped and came to the deepest cell. The huge cell, which was hundreds of square meters, was extremely empty. There were nine cages in the center, among which were nine girls in white prison uniform.

Nine girls, with dull eyes, sat in the cage with their legs in their arms, as if they had lost their senses!

They look at the white robed elder without any action, carrying the weeping Ji Lin in, without any reaction.

It seems that I have accepted all this calmly!

Life, after 12 days!

Now, there is no need to have any emotion and words, after 12 days, everything is nothing.

"Well, seat 10!"

"Just right!" With a smile on his face, the white robed elder happily hung the cage on a special iron chain. Looking at the cage, Ji Lin was still asking and crying. He slapped Ji Lin on his face with a slap, which made him blush.

"Little girl!"

"I'll tell you!"

"If you dare to fool around again, I won't kill you, but I will let you realize what despair is!"

The white robed elder's cold eyes, like a lone wolf in the snow, were ruthless and fierce, "look at the nine of them, and they are also distressed at the beginning. The realm may not be as high as you, but you have been crying all the time, but what are the consequences? You can see what they are like now

"As for the consequences, guess for yourself!"

"That would be your nightmare!"

As soon as this word comes out, Ji Lin trembles and dare not speak a word again!

Seeing the white robe, the old man showed a cruel smile. "That's right. I'm not used to being called a pervert. I won't let others torture girls. I'm wise. Maybe in the last 12 days, you can eat and drink well before you go on the road."

"If you dare to make noise!"

As soon as the words fell, the white robed elder crushed a Hunyuan immortal utensil, and the fragment crossed Ji Lin's cheek, leaving a road wound. Immediately, his eyes were cruel and said, "when the time comes, don't blame the elder for not talking about human nature!"

Ji Lin stopped crying, but kept twitching, until the white robe elder left, she did not say a word.

Soon it was night, Ji Lin curled up in the cage edge, from time to time looked at the nine cages hanging on the left. The nine girls did not say a word, just like a sculpture. They curled up in the cage, making shaking and crying voices from time to time. It's hard to imagine what kind of treatment these girls have suffered before.

Even the mind is a little unclear.

Ji Lin curled up, a little sober, and said to himself, "Ye Chen, where are you?"

"Sister Luo'er is in danger. I want to inform you, but I can't do it. Ye Chen, where are you?"

"Sister, where are you? Jilin missed you so much. "

"I miss you so much. I Miss Chinese snacks. I Miss Han Yun and ye Lingtian. When ye Chen is away, they all protect me."

"Brother Heiyao, brother Qingxuan and brother Huang zhantian treat me a lot and give me a lot of snacks, but I can't eat them now. I really want to go back to Kunlun Xu. I really want to go back to meet them and let them play with me."

"Ye Chen, since you went to Lingwu for the first time, the blood spirit people came."

"Many elder brothers and uncles and uncles have been practicing hard and ignoring me. Brother Huang zhantian, they are all busy with all kinds of things. I'm the only one who has nothing to do in such a big palace. So I want to come to you. I'll go to the city outside the spirit City, but I can't get into the spirit city."

"I've been waiting."

"When I got to sister Luo'er, I could finally enter the spirit city and finally come to Lingwu land."

"Ye Chen, I thought I could come to you, just like I used to be in Kunlun, in the city of thousands of Jue, but Lingwu land is really too dangerous..."

Ji Lin said, while wiping tears, choking up several times, "there are still 12 days, I may die?"

"Ye Chen, will you come there to save me?"

"When the blood spirit family comes, Ye Chen, you come back. Will you come to save me this time?"

"Twelve days?" She looked at her little hand, waved her finger and said, "twelve days, I will wait for you every day."

"Ye Chen..."

With that, Ji Lin fell asleep.

In the middle of the night, the cold wind coming from the window, even the terrible wolf's roar, wakes Ji Lin up. She can only count every second, expecting Ye Chen to come in and save her in the next moment.

The nine girls on the edge looked at her, still did not speak, but their eyes showed sadness.

Chapter 1378

They have done such things for too many times. They have started to summon jade pendants, soul paper cranes, and even cut the original gods and spirits to invite people. But the next thing waiting for them is endless torture.

Even if ye Chen in Ji Lin's mouth came to save them?

No matter how strong Ye Chen is, does he dare to offend the soul clan?

No way!

.....

Now!

Jinfo Tantong site!

Chen Ben, he Xuan, Lin Xuan, Nianxin monk and other people broke through the realm, and dozens of gods and kings were revealed in the sky!

For five years, he Xuan and Lin Xuan of Zilin Zong set foot on the top of the nine layer heaven in the spirit state, and both used the six grade divine king's tools to break the state. After breaking the situation, they directly arrived at the fourth layer of the divine Kingdom, and their combat power was increased by more than ten times.

After breaking through the border, the two leaders of Zilin sect directly broke through the Golden Shield of Tianshou Pavilion and broke into Tianshou Pavilion. They began to break through the barrier and prepare to shoot Ye Chen.

They don't know what level ye shishitian is on, but they know that they can kill ye Shitian when ye Shitian is not completely broken!

Whoosh! Whoosh!

At the same time, dozens of Tianjiao of Shenwang state rushed into Tianshou Pavilion!

It's not Chen Ben and other Tianjiao, but some ordinary disciples. They own semi divine king tools, and even one or two grade divine king tools. It was found that he Xuan and Lin Xuan had broken through before!

They don't care. Maybe he Xuan and Lin Xuan killed ye Shitian!

Turn around and kill them?

In any case, we are not of one sect. We are enemies!

It was just because ye Shitian was breaking into the Tianshou Pavilion, so we all joined forces to search for the undiscovered Shenwang artifacts outside and seek some opportunities to break through. But now the opportunities are gone. Those who have not captured the king's tools simply use their inferior Shenwang tools to break through the situation!

These Tianjiao, many people only have a king's tool, and the grade is not high!

After the breakthrough, many of them are in the first layer of the divine realm, and the second layer of the kingdom of death. They are far less powerful than he Xuan and Lin Xuan!

Bang bang bang!!

Bang bang!

No matter how many people come in.

They will be divided into two parts, each corresponding to a room, to deal with the corresponding war puppet or Buddha.

In this way, the war puppets in the God kingdom are still unable to resist!

In the first four levels, there is still the ability to divide and surround other people, but in the fifth layer, there is no ability to separate others to break through.

The strong one guarding the second heaven of Shenwang state on the fifth floor was the evil thoughts of the monks in those years, but he Xuan and Lin Xuan could not resist. They had been killed to the seventh level, and were temporarily blocked by the strong men of the third heaven of the third level of Shenwang realm!

However, the dozens of Tianjiao who came later, because they did not meet the guards on the fifth and sixth floors, once came to the eighth floor. Some helped Lin Xuan and fought puppets on the eighth floor. Some secretly attacked Lin Xuan and he Xuan!

These war puppets!

It was used to torture the monks of the Golden Buddha Tantra in those days!

It's just that they were killed by the five elders of the Beigong family, and the five elders did not move these puppets, so they have been preserved until now!

In particular, the war puppets from the fifth level have hardly ever taken any action before, so now the core immortal stone energy consumption is not much, and they are still in full swing. If ye Chen had no token, otherwise they would not reach the tenth level, they would be exhausted or killed.

Bang bang bang!!

Bang bang!

In the sky guard Pavilion, the fight is in full swing!

In the mountain outside, a peaceful way of God and King slowly falls down and is absorbed into the body of the monk!

After stabilizing his state a little bit, monk Nianxin actually broke through the realm and arrived at the fifth heaven of Shenwang realm. He got a seven grade divine king's tool Zen stick. With many years of information, the broken state was higher than Lin Xuan and he Xuan. At the moment, his combat power was greatly increased!

"Almost!"

"It's time to kill ye and kill heaven!"

"These guys, they've been fighting for three hours, and they've only reached the tenth floor!"

Monk Nianxin glanced down and saw that there were more than 20 Buddhists and Tianjiao. With these Tianjiao, he went straight to Tianshou Pavilion and injected strength into the people who were going through the pass!

Originally, there were more than 200 Buddhist disciples. Among them, there were about 60 or 70 people at the top of the nine layers of the heaven!

Some of these people choose to break through. Some of them still look for opportunities in the periphery. Not everyone will break through. After all, many of the Buddhist disciples who have broken through now are in the divine king's realm, one layer of heaven and two layers of heaven. Apart from the mind monk, there are almost no strong men in the three levels of heaven.

Nothing else!

There is no medium or high-level divine king's tool!

The inside information is not enough, but the time is short, we have to break through!

Otherwise, if you can't capture the treasure wheel by killing ye Shitian, you may even be killed by other disciples who have broken through the divine kingdom!

Heaven guard Pavilion!

There are more than 50 king of gods, Tianjiao, attacking the gatekeepers together!

Originally, more than 70 Shenwang realms came in, but in the case of cannibalism and gatekeepers killing each other, 20 shenwangjing Tianjiao fell down! God kingdom!

If a person falls from the outside world, it will cause turbulence!

Although the fall of the Shenwang state here is just broken through by the disciples of various sects, it will be the main combat power of each faction in the future!

If the outside world hundred faction strong person knew, does not know will have what kind of feeling.

"Keep killing!"

"Ye Shitian is not on the 10th floor!" He Xuan bathed in blood and gazed at a puppet who had been killed by them. He couldn't stop swearing: "he's still up there. Damn it. How did he get up there?"

"The tenth pass is the puppet of the sixth heaven of the divine kingdom!"

"How could ye kill the sky so quickly?" Chen Ben is short of words!

Wang Dao and Li Hong directly kill the 11th floor, and join hands with several Tianjiao who arrive at the middle stage of the divine kingdom to defend the Golden Buddha of the seven layers of the divine kingdom.

This golden Buddha is the result of the power of all living beings left behind in the Golden Buddha Tantra.

The immortal existence!

Can be so, still be quickly defeated by the public!

The monk Nianxin rushed to the next floor. The more he went up, the more shocked he was. Ye Shitian was not on the first 12 floors. It was shocking!

And all the magic weapons the king should get!

None of them!

According to everyone's cognition, the fifth level and above are all broken together!

Well, there are at least 18 pieces of artifact in one level!

However, from the fifth level to the twelfth level, a total of eight levels, a king of God has not been seen!

Where to go?

It must be ye Shitian's hand!

"Damn ye Shitian!"

"Why did he break the barrier so quickly?"

"The question is, after he has broken the border, why are there guards left?"

"On what level is ye Shitian closed down?"

Chen Ben raised this question, almost in the minds of all the strong!

Yeah!

Every level of the king of God is gone!

But the guards are still there!

Clearly, how could a nine layer heaven of emperor Zun state be so fast, or even surpass the clearance speed of our forty or fifty divine kings?

No way!

Impossible thing!

But it appears!

Chapter 1379

Is ye Shitian the descendant of the Golden Buddha Tantra?

Bullshit. The Golden Buddha Tantra was destroyed a thousand years ago. All the sects were there, and all the sects were dead. How could there be successors?

What is Ye Jingtian doing?

Li Hong resists the attack of the strong guard and gets angry, "Ye kills the sky! Damn ants

"This mole ant, break through the barrier and take away all the king's tools and benefits!"

"We killed all the way, and we didn't get any benefits or supplements. We didn't have time to heal!"

"All the benefits lie in ye Shitian Na, this damned son of a bitch!"

As one of the top three in the sky list, he is also broken!

At the same time, he directly broke through the realm and arrived at the fifth heaven of Shenwang realm. In this way, he almost suffered heavy damage to the guards. He did not understand how ye Chen broke the barrier.

Chen Ben, who had not opened his mouth all the time, couldn't help saying, "everybody! Break through the barrier quickly, 400 of us are in the state of mind, the peak of the Ninth Heaven! Now we have nearly a hundred people who have broken the state and become the strong ones in the God kingdom

"The other three hundred people will soon break through the border."

"At that time, we can't kill them all!"

"Otherwise, the elders behind them will not let us go. If they come, they will be distracted by the king's tools even if ye Shitian is killed!"

"Therefore, we must break through the barrier as soon as possible, kill ye Shitian, who is breaking through the border, and divide up the treasures in his hands. When other people come, they dare not do anything to us, and there is no reason to ask us to ask for shenwangqi!"

Don't send weapons!

You can kill if you are in the state of God!

But the kingdom of God, do not kill!

The disciples who have not yet arrived at the divine king's realm are all sacrificial creatures in the eyes of the elders of all sects. They don't care how much they sacrifice. Unless they are the descendants of strong people, such as Mufeng and Wang Peng, they are the real sons of the leader. Only when they die, the two sects are furious!

But in other places, it doesn't matter how much you die.

However, the disciples of Shenwang state can't die. They are all the main fighting forces of various sects. In the future, they are either elders or Dharma protectors.

For example, even the five layers of heaven in the divine Kingdom, such as the spirit of heaven, are all the city lords sitting on one side, with high power!

There are hundreds of gods here. They really want to fight with each other. If they go out, they can't get any good, and they will be punished!

Therefore, other Shenwang state disciples can't be killed unless they are killed in the chaos. It's just like in the Ninth level, when they were attacked and killed, more than 10 other Shenwang state disciples were killed by the guards!

Can't kill!

They want to rob the treasure again!

Therefore, for today's plan, only as soon as possible, kill ye Shitian!

If he has captured his treasure, there will be no reason for others to come in!

Bang bang bang!!

Bang bang bang!

Chen Ben and others attack the gatekeeper faster and faster!

In the twenty fourth floor of Tianshou Pavilion, ye Chen did not know about it.

The power of Qi and blood in his whole body is transformed into aura. Even his body contains the power of space law. What he breaks through is the seven grade Hunyuan immortal.

At the moment, his body exudes pure gold luster, reaching the ninth stage of the super body period!

Step 8, step 9!

This is the benefit of integrating into Hunyuan immortal utensils!

Hoo Hoo Hoo!!

Ye Chen is still absorbing the aura and space law of Hunyuan immortal!

In the tomb of reincarnation, the ice sword immortal looked at all this and nodded slightly, "it is breaking through, and has enough aura. But with his current strength, he is in the state of emperor's respect and the state of entering into God, and his soul has not yet turned into a spirit!"

"Though the flesh has broken through!"

"But the three roads have not been completely transformed!"

"We need to deliver power for him!" He looked at Wang Qiantian, who had opened his eyes, and said in a low voice, "go ahead. I'll give the boy a hand again

He looked at the pharmacist Buddha and asked, "Jinfo Wenchi, can you move it here?"

"The tomb owner is in excellent condition now!"

"If we absorb the power of Jinfo Wenchi again, we can forge the body to Huagang stage. At that time, we will be able to compete with those who are strong in the realm of God King without weapons."

It seems that there is only a small difference between the peak of nine layers of heaven and the level of heaven of King state!

But in the battle of Lingcheng, we can see the gap when we kill Li Jiawei!

Li Jiawei, the peak of the nine layers of heaven in the spirit realm, died before he could resist three punches when ye Chen broke out of the first layer of heaven in the God kingdom.

Between the two, at least ten times the difference!

If ye Chen had not forged the body of Huagang period, even if he had entered the three or four levels of the divine realm, he could at most defeat the strong one in the Shenwang state. This is still against the strong one who does not take the divine king's utensil. If the opponent takes the divine king's weapon, he will not be able to beat it.

"Yes, there are!"

"If the tomb owner is integrated into our inheritance skills!"

"The new leader of the Golden Buddha Tantra is qualified to move the Golden Buddha culture pool, but we can't!" The pharmacist Buddha took over the power of the sun and moon Buddha, and then combined his own strength with the power of the remaining 15 golden Buddhas and two masters in the Tianshou pavilion to synthesize a gold token and enter ye Chen's body!

In an instant!

A golden light spreads all over Tianshou Pavilion!

A new will appears in the Golden Buddha Tantra. It is Ye Chen's will!

From now on, ye Chen received the blessing of the 18 golden Buddhas and the two presiders, and officially became the new leader!

Ye Chen opened his eyes slightly and said in surprise, "monk Nianxin is in the five layers of heaven! He Xuan and Lin Xuan are four layers of heaven! "

"Chen Ben, Li Hong and Wang Dao are also the four layers of heaven in the divine kingdom!"

"Kuangbai Shenwang state three levels of heaven, they all broke through the state, and led 60 Shenwang state disciples who had just broken through the state, and actually attacked the thirteenth level!"

"It will take me some time to break through!"

"Well, transfer the guards of other levels and block them for the time being."

"With the fighting power of the guards at those levels, they know that they will not be defeated and will withdraw automatically!"

He stretched out his hands and pinched a mark. In the 18th layer of Tianshou Pavilion, the eight gods and the five layers of heaven's war puppets came to the 13th floor in an instant, which greatly increased the pressure on Chen Ben and others!

"I don't want to kill you, but you move me to kill me!"

"I'm in seclusion. I don't have time to kill you. If you're smart, you can go back by yourself. If you're stubborn, don't blame those who guard the pass for being merciless."

So many sects!

Ye Chen has so much time to pay attention to it!

Can only mobilize a higher level of gatekeepers, to the middle level guard!

These people are interesting, they go back, it's OK!

If you don't know what to do, you deserve to die!

Ye Chen moved the Golden Buddha culture pool to me. He stepped into it without hesitation. At the same time, he said in a cold voice, "Xiaohuang, Xuelong, all come out. We can share this chance together!"

"Here it is, boss!"

"Master

Xiaohuang and Xuelong are revealed in an instant. One dragon and one beast are actually blooming with extremely terrible killing opportunities!

We can see how strong it is after the last breakthrough!

A dragon, a beast, a face surprised at the Golden Buddha Wen Chi!

Xiao Huang swallowed his throat and said, "boss, you robbed a secret place again? Last time, it seems that you robbed Mr. Jingshui's! "

"Don't talk nonsense, enter the cultivation!"

"After this breakthrough, I want you to shake the heaven of Lingwu land with me!"

Chapter 1380

Xiaohuang originally wanted to ask what, but ye Chen pressed Xiaohuang in with one hand!

At the same time, he roared: "blood dragon, into the sea!"

Blood dragon empty shadow Hear ye Chen's call, instantly fall from the sky!

Splash waves!

Ye Chen knows that time is pressing, he must break through as soon as possible!

After stepping into the land of Lingwu, he did not summon Xiao Huang to fight with the blood dragon!

On the one hand, he doesn't want both injured. On the other hand, he doesn't know what kind of storm will be stirred by the appearance of Xuelong and Xiaohuang!

After all, both of them are extremely adverse to the heaven!

At the moment, he himself is also receiving the nourishment of countless golden Buddhist texts. He has gathered a lot of Buddhist meditation in his body, and even wants to go out of the fourth way, the way of Buddhism!

Compared with Jingshui's Dragon washing pool, it is the forging body of countless murderous gas and thunder and lightning!

The Golden Buddha culture pool is formed by the meditation of all living beings and the power of Buddhism. It is extremely soft, and basically just lie in it!

Seven or eight hours have passed!

Ye Chen opens his eyes, and there are four thoroughfares behind him. The four perfect roads can be promoted to four God King's roads, which are Jimie Avenue, Bumie Kendo, Killing Avenue and Buddhism Avenue!

Three main roads ahead!

Buddhist road master treatment, with their own Buddhist mind to heal the body, and immune to the destructive power and annihilation power of opponents!

It can be said that both attack and defense!

"Swallow!"

"Melt!"

Ye Chen takes a drink and condenses the Qipin Hunyuan immortal utensil as a part of himself. In an instant, he bursts out a strong breath. His body breaks through the vigorous state and reaches the first level of Huagang state!

Finally, the body training has broken through!

At the moment, his body is absolutely comparable to the body of a strong man in the kingdom of God!

Hunyuan immortal ware!

It's not ye Chen that can be completely integrated into his body now, so he just extracts a part of his power to break the environment. The main body of the Hunyuan immortal tool is still there, which is condensed in the palm of his hand by Ye Chen. In this way, his left hand carries the power of Hunyuan immortal weapon, and his attack and killing power will be greatly enhanced!

I don't know how long it took!

Hoo Hoo Hoo!!

Whoa!!

Only a few sounds of breaking through the border are heard!

Ye Chen has been promoted to the three levels of the spirit state. The power of Qi and blood is transformed into a continuous stream of aura, and the power of soul is transformed into the power of spirit!

He went out of the Golden Buddha pool and saw that Xiaohuang and Xuelong were still absorbing the energy inside. The seven breath was extremely terrible!

He then looked at the other 17 Hunyuan immortal weapons, and came to his mind that there was an item in "ten thousand soldiers forging decision", which just recorded the method of using weapons to build bodies!

"Three masters!"

"And ice sword master Zun, you all give me some strength!"

"Now I'm going to mix the immortal weapons and try to carry your spirits with weapons!"

Ye Chen took a Hunyuan immortal utensil, and took out his own refining furnace, with himself as the carrier, began to try!

This move is undoubtedly crazy!

Never heard of it!

If it wasn't for the chance of forging God, you could not have been controlled by Ye Chen if you had not entered a mysterious land of Lingwu and cracked the ancient forging method!

"Good!"

Ice sword xianzun plays the power of space law!

Only when ye Chen has the power of space law can he transform the Hunyuan immortal utensils. Otherwise, he can't break the Hunyuan immortal tools.

The reason why warriors below Daoyuan can't use weapons is that their bodies are not qualified!

But after the body enters the period of dominating body, the spirit can carry the weapon body!

This process!

Not only does it take energy, it takes time!

Don't know how long, ye Chen failed again and again!

The face is extremely pale, rely on a large number of pills to recover!

But the emperor does not lose the heart, finally! Ye Chen created three weapon bodies that can carry spirits. Each weapon used three Hunyuan immortal weapons and twenty divine king weapons. The body strength of the weapon body was equal to that of the seventh level of virtual body stage.

For this reason, ye Chen consumed nine Hunyuan immortal utensils and sixty Shenwang wares!

"Three masters!"

"Good body, please enter the three masters!"

Ye Chen clasped his fist and motioned!

He suppressed the excitement in his heart!

He doesn't know if he will succeed!

Or the three masters cannot enter!

Now, he can only wait!

Soon, three golden lights flew out of the tomb of samsara and entered the three bodies respectively.

The three bodies are full of golden light of Buddhism, which is very peaceful, and even quickly condenses into human forms. It looks like a real person!

In this way, the pharmacist Buddha, the sunlight Buddha and the moonlight Buddha can be regarded as reborn!

The three Buddhists, who had been extinct for thousands of years, have returned and become a great help to Ye Chen!"I'm afraid we can't live for two or three months without you!"

"Yes, since then we have been your master, your protector and even your subordinates."

"Yes, we are under the new leader!"

The voice is first-class. The three golden Buddhas hold their hands together and bow their heads to Ye Chen!

At present, ye Chen is the new host of the Golden Buddha Tantra. They are the Golden Buddha, so they should salute the host. What's more, ye Chen still has the kindness to them, which is just like his parents. He is also their proud disciple. I'm afraid they will not have any objection if they are asked to work hard now!

"Three masters!"

"It's a shame to me. I will revitalize the Golden Buddha Tantra in the future."

Ye Chen asked, "now, how much combat power do the three masters have?"

The pharmacist Buddha looked at the other two people and said: "now we have just been reborn. We are short of aura, but the physical body is comparable to those of the seven layers of heaven in the Hunyuan realm. The space law also needs a period of time to recover!"

He stopped for a moment and then said, "it's equivalent to three layers of Hunyuan kingdom. We will recover our previous combat power as time goes by! It is estimated that in about one month, it can be restored to the seven levels of Hunyuan territory! "

"Good!"

"Great!" Ye Chen nods slightly!

Jindaomen is not afraid of it!

Three masters of Hunyuan!

Besides, master Bingjian is in charge. I dare to fight as long as it's not in the right place!

"Three masters!"

"You enter the samsara cemetery to recover!"

"Unless I'm in danger, I don't need three masters to help me out!"

Ye Chen looks at the three golden Buddhas entering. When he looks back, he finds that Xiaohuang and Xuelong have finished forging. The breath of the two demons is stronger than ever, and the Golden Buddha culture pool has been exhausted!

He thought about the harvest. There were still eight pieces left in Hunyuan state and hundreds of Shenwang wares. He was ready to go to the 25th floor to collect the other two pieces of Hedao artifact.

however, at the moment, the outside world is frying pot!

On both sides of the gorge, the elders of the hundred schools glared at Zheng Bo and others, holding the divine king's and Hunyuan immortal's tools in their hands!

Among them, Mu Suiyuan's eyes were red with blood, and his whole body trembled with anger. He glared at Zheng Bo and said, "good, good, your Beigong family is finally cruel!"

"You have already controlled the Golden Buddha Tantra and Tianshou Pavilion, right?"

"That's why you sent ye Shitian in and mobilized countless puppets and strong men in Tianshou pavilion to attack and kill our disciples!"
