

## Physician 1381

### Chapter 1381

"Zheng Kuang, you bastard!" The vacuum Temple didn't want to be in charge of it. He glared at Zheng Bo and scolded: "you shameless villains, you let ye Shitian attack and kill so many disciples of our hundred sect!"

"Damn it!"

"Ye Shitian, the little beast, should die!"

"Zheng Kuang, don't think you are a member of the Beigong family, so we dare not kill you!"

"Even miss seven, you are so vicious that you send ye Shitian in to kill our young warriors. How cruel you are

"If you're not the seventh miss of the Beigong family, I'll give you a cramp today!"

Many elders at the top of the Shenwang realm and the first and second tier of the Hunyuan realm pointed to Zheng Bo and the northern palace Ziyu!

Beigong Ziyu looks pale. She thought the master would have an accident.

I didn't expect it was someone else!

No!

To be exact, except for the master!

Few of the other hundred faction warriors survived!

Yesterday, the surviving disciples escaped to report that Chen Ben and more than 300 realm warriors of the God King of the broken state, together with 500 later stage disciples of entering the divine realm, joined hands to attack the Tianshou Pavilion. Unexpectedly, they attacked the 19th floor and encountered two battle puppets of Hunyuan kingdom!

800 Tianjiao!

Eight hundred pride!

Broken halberds sink into sand!

More than 700 people have fallen, and all 500 students have been killed!

Three hundred and fifty Shenwang state disciples have destroyed more than 200!

In addition, at the 20th level, they met with the evil thoughts of the Golden Buddha Tantra, which turned out to be the two layers of heaven power in the Hunyuan realm. The other 150 Shenwang state disciples were almost all destroyed. The Nianxin monks died miserably, including Chen Ben, Wang Dao, Li Hong, Kuang Bai and so on.

The remaining dozens of people who survived, retreated to the 19th floor, so far do not know whether life or death!

Who can do this except ye Shitian, a higher-level member of Tianshou pavilion?

Therefore, each faction believes that ye Shitian did it on purpose to harm the young warriors of each faction.

They would like to eat ye Chen alive!

The northern palace purple jade looks gaunt, Zheng Bo looks pale. Wang Qi and others present their Hunyuan immortal utensils one after another, and form a large array of archers to guard the seven young ladies. Once the seven girls have an accident, they will die anyway!

"Zheng Bo!"

"Now, what should I do?"

The purple jade of the North Palace caresses the forehead, and the rest of the light sweeps through the angry hundred sect elders!

Hundred sect elder!

There are hundreds of sects. Among them, four elders in the middle of the Hunyuan period, including Feihe temple, vacuum temple, Zilin sect and jindaomen, who were close to the middle sects, were eager to rush in yesterday after learning about the situation in the secret sect of Golden Buddha. If they were not afraid of rushing in, they would probably break the space confinement and hurt themselves!

The next five schools, such as zitianbao, xueyingbao, jianri sect, riyuezong and xuetianbao, all have the top strongmen of shenwangjing!

The 90 weaker sects have more or less shenwangjing elders here, and many of them are in the middle of the divine kingdom. They are not much weaker than the God City Lord. They are a very strong force. Now, most of their disciples, their children, fall in the Tianshou Pavilion!

What's more, those who fall are the descendants of shenwangjing!

If you are in the realm of God!

No matter how many people die, it doesn't matter. If you don't enter the kingdom of God, you are not a real warrior. Even if you enter any place, you may be killed at any time! Only Shenwang state, even the

strong one in the Shenwang realm, is enough to kill dozens of the strong ones in the nine layers of the divine realm!

But now, there are nearly 400 disciples of the fall of the divine kingdom!

It's like killing them!

"Hateful ye Shitian!"

"Damn it, bastard!"

The elders of individual sects are holding the God King's utensil. They wish they could wait for ye Chen to come out and kill them directly!

"That's what happened yesterday!"

"More than 300 fallen kings!" Elder Lin Kuan sighed, and gradually looked at Ziyu and Zheng Bo of Beigong. He said softly, "fifteen years ago, the new head of the Beigong family came to the top and won over or suppressed our hundred schools!"

"Confiscate the territory of our hundred schools, and move it within ten cities of the land of heaven and earth!"

"Each city has a city Lord who wants to completely rule over our hundred schools!"

"So!" He sighed, looked at the elders, shook his head slightly and said, "well, we have accepted it, and we have not betrayed you. But, Miss Qi, you have to remember that our baipai is subject to your Beigong family, not incorporated into your Beigong family!"

"Submission is also a vassal. We show our loyalty. The Beigong family, however, has a war. We will do our best to fight!"

"However, we have not merged into your Beigong family. We don't need Miss Qi to interfere in our internal affairs."

He looked at Mu Suiyuan, and then Wu Yu presided over it. He said, "five years ago, the head of the Beigong family wanted me to completely belong to the Beigong family. But now he has sent Miss Qi and this animal named ye Shitian to cut off the future of our hundred schools?" pretty good!

The future!

Those shenwangjing disciples are the future of baipai!

Because in less than a few hundred years, many of them will become Hunyuan strongmen!

But now that they have fallen, it means that there will be no match for the hundred schools in the next stage. It also indicates that the hundred schools will not have many strong Hunyuan people to support them in the millennium after their generation of elders, Dharma protectors have died or died in the war!

God kingdom!

It's easy to get there, but every one of them is trained by them!

For example, when ye Chen first arrived in Lingwu, he saw two schools of disciples fighting each other. He determined the strongest disciple by raising Gu, and then trained him to break through the realm of God King!

Among them, the resources and natural resources needed are hard to calculate!

But now, these disciples have fallen down. Within three or five hundred years, the hundred schools will still be able to operate. However, after seven or eight hundred years or even a thousand years, they will be completely weakened. There will be no more than two or three thousand years. Until the next generation of disciples grow up, the hundred schools will not be able to become a climate at all!

Therefore, Lin Kuan would say that the North palace purple jade, the North Palace family cruel!

"Everybody, you said this is what my master did. It may be a misunderstanding!"

"What's more, even if my master breaks through, he is only in a state of mind. How can it be..." North palace purple jade says, oneself all fall into bewilderment among!

Three hundred and fifty shenwangjing disciples have fallen!

Fall in the sky guard Pavilion!

And the master broke through in Tianshou Pavilion and suppressed one side?

But, no way!

Master is from the world of low martial arts. How can he have such great power?

Can you mobilize the guards of Tianshou Pavilion at will to kill a large number of Tianjiao of Shenwang?

I'm afraid no one is willing to believe this!

"In order to train our disciples!"

"It takes time and energy for decades, but it also consumes the natural materials and treasures accumulated over a hundred years!"

"That's the end of it!" Individual elder sighs with sadness, shaking his head and sighing. At the moment, they are all very sad.

Chapter 1382

"Ye Shitian!"

"North palace purple jade!" Wang Tian pointed to the North palace purple jade with anger in his eyes and cried out: "ye Shitian is a hybrid of the lower world. It is true that he does not have such power. But what about your Beigong family?"

"When the Golden Buddha Tantra died in your hands!"

"How could you not have the ability to control Tianshou pavilion?"

He was so angry that he cried out: "it must be your northern palace Ziyu who asked ye Shitian to do it!"

"North palace purple jade, we may not be able to kill you!"

"But ye Shitian, you must give it to us!"

"Not bad!" No desire to host also said: "ye Shitian, this little bastard, give it to me. I want to frustrate his bones and bring ashes to ashes, so as to avenge the disciples of our temple!"

The elder of the sun chopping sect angrily exclaimed, "yes, hand over ye Shitian!"

"I'm going to bring him to justice!"

"Kill ye Shitian thoroughly!"

.....

You can only kill many elders of ziye palace!

They can threaten Beigong Ziyu, but they can't kill Beigong Ziyu!

Because this is the most beloved seven daughters of the North Palace master!

But ye Shitian has nothing to do with the Beigong family!

The beast of the lower bound must be executed!

Ye Shitian is not a noble and noble, and he has no prominent identity. If he wants to revenge and vent his anger, he will find ye Shitian!

Today, the elders of all schools gather!

Ye Jingtian, you must die, you must die if you don't!

Otherwise, none of the elders of the hundred schools can go back to hand over the work!

"Elders

"No, ye Shitian is possessed and wants to kill us!"

At this time, a Tianjiao rushed out of the Golden Buddha Tantra!

This Tianjiao was covered with blood, his arms were broken, and his injury was so serious that it was hard to estimate.

What's more, he's a king of gods. He's already in this picture. It's hard to imagine what's going on in the Golden Buddha Tantra!

Lin Kuan, Wang Tian, Wu Yu presided over and Mu Suiyuan looked at him one after another!

Among them, the elder of the sun chopping sect came out with a sigh. This is the disciple of his sect. The sun sabre, the 37th in tianbang, has entered the peak of nine layers of heaven for half a year. Now he has entered the Golden Buddha Tantra and has achieved a level of divine kingdom. At this moment, his body is covered with black and blue, and he is about to fall!

It's hard to believe!

The spirit of the king!

Although not the old king of God, but also one of the young Tianjiao!

Unless the mind monk, Li Hong and other people put their hands on it, it is difficult to pick out the people among hundreds of thousands of people who can fight against him!

"Come on, what happened that day?" The elder of the chopping sun sect is a little sad. Looking around, there are only two elders of the same sect. This time, he brought 40 talents of his own sect. Yesterday, a report of his death announced that 28 people had fallen!

"Report to the elder!" the man said in a hurry

"The event is not good. Many of the disciples of other schools, as well as the younger martial brothers and sisters of our school, have broken into the realm of God King!"

"Under the leadership of he Xuan, a total of 300 king of gods were strong, and joined hands with 1000 others to attack Tianshou Pavilion again!"

When they heard this, they nodded a little!

OK!

There are also three hundred students who have entered the realm of God!

This time, it is obvious that all the external prohibitions of the Golden Buddha Tantra have been broken and all the divine king tools have been obtained!

At that time, the whole sect of the Golden Buddha Tantra was destroyed, and all the properties of the sect were there. There were thousands of disciples outside, hundreds of powerful king of gods, and there were 1008 supreme Arhats in the inner world. It should be all the details that can be left behind!

"Not bad!"

"I sent my disciples to get these king tools!"

"Ye Jingtian is dead!" An elder of zitianbao nodded his head with relief. He was so pleased that he finally got the good news.

On the edge, the elder of xuetianbao gently touched his beard and nodded slightly, "there are another 300 shenwangjing disciples, plus 1000 shenwangjing disciples who have broken through the pass!"

"You can definitely enter the level where ye Shitian is

"Kill him, this time kill ye Shitian, the loss is too big!"

As soon as these words came out, they were all the elders of dozens of sects and sighed. They felt that the cost of killing ye and killing heaven was a little too high!

But after all, ye Shitian is dead!

You can vent your anger!

"Ah

"Elder, it's not It's not what you think The day that person a face is uneasy, embrace a fist to bow body hard stuttered up, dare not say to go on!

The elder of the sun chopping sect frowned and angrily asked, "if you don't kill ye Shitian, you will lose too much?"

"No, no!"

"Why don't you tell me what's going on?"

Hearing this, the man took another look at the elder of the hundred schools and said, "at noon today, elder martial brother he Xuan led us all to attack Tianshou Pavilion. Together with elder martial brother Lin Xuan who left behind 18 passes, we will attack another 20 passes." "Although the loss is not small!"

"But in the end, I was lucky to kill the guard of the twenty-first pass. I think ye Shitian is in the twenty-first pass. We will attack and kill him!"

"Unexpectedly After swallowing his saliva, RI Dao said, "the one who guards the twenty-first pass is different from the Buddha who is transformed by the meditation of all living beings recorded in the books, but the devil Buddha transformed by the evil thoughts presided over by the Golden Buddha Tantric day in those years!"

It's true that the watchers of each pass in Tianshou Pavilion know how many schools they know and understand!

And record it and give it to the younger martial artists to break through the barrier!

However, ye Chen changed the watcher of the pass. The devil Buddha who had been stationed at the 25th pass was transferred to the 21st pass by him!

"We encounter the demons and Buddhas in the middle of Hunyuan state!"

"Three hundred and twenty-seven kings of God fell, and three hundred and seventeen people fell. Lin Xuan, he Xuan and other senior brothers died in battle. I took the other nine seriously injured people and fled to report to the elder!"

"As for the 1000 students who have entered the realm of God, they have been completely destroyed!"

Hoo Hoo Hoo!!

Whoosh!

There was silence all around, and Bai Pai Chang looked at each other.

Soon, the elder of zitianbao gave a sigh of sadness and fell into a paralysis directly. He cried out with grief and indignation: "the God killed ye Shitian, my disciple, my disciple, he even..."

He beat his chest and feet, trembled with anger, and yelled: "ye Shitian, I am at odds with you!

.....

Almost at the same time, all the elders of the 100 sects are crying out!

Each one clenched the Shenwang weapon in his hand, and was almost deformed by the weapon. The fire of anger in his heart was like a volcanic eruption, which could not be suppressed.

There are other people with a gloomy face!

It's over!

It's over!

No, the elite disciples of the two thousand hundred schools have lost one thousand six seven hundred.

In the next thousand years, all the sects will be silent and will usher in a period of the lowest ebb. Even some sects may not be able to relax. There are not enough strong ones in the Shenwang and Hunyuan realms, which will destroy the door!

.....

Just at this moment!

Ye Chen stood at the twenty-first level with a face speechless, but shook his head and said, "you all think your life is too long. Do you have to come and die?"

he put up a piece of weapons, armor and armor, and said, "I have changed the customs. You go on rushing to make complaints about your ancestors." Do you have to come and die? "

"It's really killing red eyes. I haven't seen such a bloody thing!"

"I don't have a feud with you. I have to kill me..."

Chapter 1383

Ye Chen looks at these corpses, and he is a bit confused. He is evil spirit and good killing God, but he will not kill unimportant people, let alone kill such a large number of people. But now that so many people have died, they are indirectly in his hands. Naturally, he is a little uncomfortable!

"Disciple

"You still don't kill enough!" "It's not that they came to die, but you're lucky. If you don't wake up the three golden Buddhas, you're the only one who lies in the dead body here today!"

Good!

Hundreds of Shenwang state disciples killed, dozens of Hunyuan strong people are not enough to see!

The ice sword immortal Zun and the three golden Buddhas help Ye Chen with all their strength. It's also a life of death!

"They will kill you and take away your treasures, but they will die in the hands of the gatekeepers you have deployed."

"Gradually, they kill red eyes. When they see the senior brothers and sisters die here, they will not easily forget it. In addition, they think that they can kill you. When they can get a lot of resources, they will certainly try their best to fight for it!"

"Although you intend to let them retreat, but their death is caused by greed. You have no responsibility or wrong, but you are not cruel enough. Otherwise, you don't have to wait until now to finish."

The ice sword immortal Zun said, ye Chen is not cruel enough!

These thousands of people want to kill you, but you just change the order of the gatekeepers to stop them, instead of killing them. This is not cruel enough!

Otherwise, you don't have to wait until now, between the gaps of Ye Chen's casting three weapons, you can attract all Tianjiao disciples to come and kill at one stroke. The killers will always kill them. Since they want to kill you, you should start first and kill them!

This is the survival rule of Lingwu continent!

"Disciples of the hundred schools!"

"That's it, you deserve it!"

Ye Chen with a palm, shattered their bodies.

"But I'm afraid everyone out there thinks I did it. I'd like to break me up."

"As for their elders, speak clearly about it; if you can't, you don't need to speak!"

Ye Chen, now you have confidence!

Get more than 500 pieces of divine kingdom!

Fifteen Hunyuan immortals!

All these are the gains of the gatekeepers who killed 1700 disciples of the hundred sect, not counting other elixirs, immortal stones, and so on. These alone are comparable to the details of a medium-sized sect, that is, the golden sword gate and the flying crane hall together. I'm afraid these are the only divine king tools!

It's just a pity!

More than 700 of them are in the state of God. In order to break into the realm of God King, they have consumed 700 or so Shenwang tools!

"It's got to be figured out."

"I have more than 800 pieces of King's utensils on me. The other 300 pieces are obtained by each pass."

"I've arranged a thousand soldiers to explode. This time, it's just a hundred schools of insight!" Ye Chen cold hum a, "do not know, I come to destroy the sky and destroy the earth!"

Suddenly, a touch of blue light across!

Jiupin Shenwang tool Zhushen sword, Qipin Shenwang implement soul killing magic gun appears in the hand!

Ye Chen has practiced these two weapons, including two Hunyuan immortal weapons and ten eight grade Shenwang weapons. Although the grade is not too high, the ordinary one or two Hunyuan immortal weapons are not the enemy of these two weapons!

Ye Chen holds a sword in his left hand and a gun in his right hand. He is wearing a nine grade Hunyuan immortal cassock. At the moment, he has armed himself with the immortal utensils from Tianshou Pavilion!

He went out of the heaven guard Pavilion, and there was no one outside. Outside the Golden Buddha Tantra, there were all the elders of the king's realm of all the great gods!

Ye Chen is afraid to control a long sword of the king's weapon. With his Aura now, he is enough to resist the weapon.

Boom! Boom!!

Boom!!

Ye Chen just came out of the Golden Buddha Tantra, and the Forbidden Space suddenly broke into pieces. The canyons on both sides collapsed and submerged the Golden Buddha Tantra. From then on, the Golden Buddha Tantra was likely to be submerged in the long history!

The elder didn't come to see me, but they didn't want to see me dead

Ye Chen's words have not finished, they are scolded and interrupted by the public!

"I'm not ashamed of it!"

"You want to keep your lips and tongues alive? Hum

"Ye Shitian, do you dare to come out?"

Many elders look cold, completely surrounded Ye Chen, do not know what meaning!

Soon, Lin Kuan, Wang Tian, Wu Yu, Mu Suiyuan and others of the four major sects came out.

Lin Kuan looked cold, and said, "ye Shitian, put your hands on it. I can consider letting your family go!"

"Otherwise, if you dare to kill my disciples of the hundred schools, I will surely frustrate your family!"

Get caught with your hands tied!

All the elders of the hundred schools are here. Naturally, they don't need to do anything. They want ye Shitian to be captured by himself!

We are noble, we are strong, we are aloof!

If you skin and cramp yourself, you are a lower bound bastard. It will insult our status and dirty our hands!

At the moment, the elder of the hundred sects is extremely angry, but he is completely quiet. Everyone knows that the extreme anger is complete silence. I don't know when there will be violent murder!"Are you threatening me?"

Ye Chen frowned.

Lin Kuan snorted: "threat? You think highly of yourself. You are just an ant coming out of the low martial world. Even if you have good fighting power, you can't change the garbage and humble facts in front of us

"Today, even if the Beigong family wants to protect you, it is not qualified!"

Ye Chen hears this sentence, between eyebrow Yu produced instantly kill meaning!

He stepped out, pointed his gun at Lin Kuan and Bai Pai elders, and said in a cold voice, "no qualification? Ridiculous! Laozi said clearly now that the gatekeeper of Tianshou pavilion was changed by Laozi. What can you do? If your disciples don't come up to kill Laozi, they will die in Tianshou pavilion? "

"If they die, it's their own fault!"

"One last chance to make way for you!"

"Otherwise, don't blame me for being ruthless!"

What a breath!

It has been a great honor for the elders of the hundred schools to interrogate themselves and commit suicide!

After all, all the elders of the hundred sects are dignified figures, but ye Shitian dare to refute it?

As soon as this was said, all the 200 or 300 surviving disciples in the state of God all cringed up and did not even dare to look at Ye Chen!

In their eyes, ye Chen is the devil, the absolute evil spirit!

"Shameless bastard!"

"I'll kill you myself!"

An elder of the second layer heaven of the divine Kingdom sect fought out in person. His body was shocked, and countless light green vigorous Qi came out. In his hand, a four grade divine king's utensil was blooming with thousands of brilliance. If the rain curtain came out all over the sky, every brilliance had the power to wipe out the emperor's dignity!

"The sun and the moon are cut off!"

Just listen, ye Chen said softly. He put the sword and the magic gun in his hand. At the same time, he offered a dragon and a Phoenix. The dragon and Phoenix were auspicious. They became a gun of the sun and the moon. They pierced the glory of the road, just like following time and space. One shot pierced the elder's chest!

Bang!!

A figure of a hundred and ten meters back, rolling down on the ground!

Chapter 1384

The elder spurted blood, and a terrible God King Road floated behind him. A king of God sat high on the road and held a glass bottle to sprinkle countless waterfall of flying immortals. Before attacking, he was pierced by a broken sky gun gang.

Click!!

God King Road broken!

The elder spurted blood again and soon passed out.

When the God King's way was broken, he was also abolished, which was equivalent to the destruction of the original foundation. After that, he only had the fighting power of the nine layers of heaven in the Daoyuan realm, and could no longer use the power of the great way!

There is silence all around!

There are more than 200 elders of the hundred sect and 300 surviving disciples in the spirit world. They are all shocked and look at Ye Chen!

Sure enough!

Ye Chen does not just use the power of the level to kill many Shenwang realms!

He also has the three or four layers of the divine Kingdom, which is dozens of times more powerful than just now!

"It's a pity and a pity to be such a bastard, and even more hateful!"

"I can't stay today!" Lin Kuan said: "since we all want to kill him, and we are all people of high position and power, we will kill ye Shitian one by one. It's revenge to kill ye Shitian. It's not humiliating to die in Ye's hands!"

Yes, ye Shitian is a damned son, but not to the point of all elders!

Otherwise, it will spread out in the future that 200 elders of Shenwang state and Hunyuan realm will join hands to kill a lower bound animal in the early stage of entering the divine realm. What is our face? Go out a few elders, kill or capture, torture slowly and kill again.

There are more than 200 elders present, hate is hate, but not to let them lose their senses, desperate to the point!

Face, dignity and status are still important!

Otherwise, ye Chen may not really have time to detonate those divine weapons!

"Ye Shitian!"

"This son killed thirty-nine disciples of my chopping sun sect!"

"Thirty nine, half of them have stepped into the realm of God King, and there are five people who can be expected to live in the realm of Hunyuan!"

"So, it's your honor that I killed you myself!" Another elder came out, he was the fifth heaven of the divine kingdom. He was holding the six grade divine king's utensils and wearing the five grade divine king's armour. He was full of fighting power and terror!

Although it can't compare with the elder of inner gate who was the peak of the nine layers of heaven in the God kingdom!

But also determined not weak!

"Ye Shitian!"

"You've got a lot of treasures, Hunyuan immortal cassock!"

In addition to the master of suiri sect, I want to see the master's sword

Talk about the price!

That's right!

Sun Jianxuan regarded Ye Chen as a dying man, and directly discussed with Mu Suiyuan and others to get the booty!

"Good!" Mu Sui is willing to nod!

At this time, Beigong Ziyu said to Zheng Boyan with a worried face: "Zheng Bo, hurry up. The master is the Dharma protector of our Beigong family. How can outsiders bully you?"

"Miss seven, all the schools are angry! We'd better not get involved." Zheng Bo hesitated.

"Let's go!"

"Yes Zheng Bo nodded decisively and was about to fly out of the sky.

"Ziyu, Mr. Zheng, you don't have to do anything. I will solve these local chickens and dogs!" Ye Chen motioned to Zheng Bo. He immediately looked at sun Jianxuan and said with a smile: "I took a lot of pills after I broke the boundary. Maybe I can break the limit by your hand and break the limit!"

"Arrogant little bastard!"

"Within ten moves, you will be killed!"

The sun sword Xuan's body shape crossed, and there was a frost God King's road behind it. There was also a god king sitting on the road. It was the unique attack method of the God King's manifestation and the strong God King's situation.

"Thousands of frost!"

"Condense the world!"

With a light drink, his arms were agitated, and the icy King's way behind him burst out a breath of ice to the extreme. In an instant, countless freezing points turned into long ice swords, which was the same as Mo Ning'er's thousand ice sword array!

Whoosh!!

Whoosh!!

Ice sword across the low altitude, one after another in the body of Ye Chen.

That Hunyuan immortal cassock actively presents a light curtain to protect Ye Chen, but it is still difficult to block the attack of ice sword!

Poof!!

Ye Chen attacks fiercely with a sword and a gun!

He condenses the body of Huagang period. What he condenses is the Qi of extinction, that is, the Qi of extinction. It is different from the flesh body of ice of sun Jianxuan. His main purpose is to attack and kill, not to defend!

Poof!!

Ye Chen was blown out and rolled down on the grass. His cassock was a Hunyuan immortal weapon, but he could only play 3% of the power of Hunyuan immortal weapon. Like Mufeng, he did not have enough realm. He forced to use higher armor weapons, but he consumed too much aura, and his power was not as good as that of Shenwang's armor!

What's more, he has just broken through, and his realm is not stable!

He needs to fight now and be familiar with his state and realm!Whoa!!

Ye Chen took his cassock and barely resisted the killing of the long sword of ice!

"Ha ha ha ha!"

"How strong I thought it was, little beast!"

"I didn't expect it. It's a waste!" The sun sword Xuan is overjoyed. He steps a hundred meters and jumps to Ye Chen. He wants to kill Ye Chen thoroughly!

"It's just rubbish!"

"The first level of Huagang period is equivalent to the physical body of a layer of heaven in the divine kingdom!"

"Do you still want to solve this elder's problem with such a low body and your humble status

"Ridiculous!"

Sun Jianxuan directly offered a Baizhang ice sword to kill Ye Chen. The ice sword hit Ye Chen many times, which not only blocked the attack of Zhushen sword, but also directly shocked Ye Chen!

He wantonly attacked Ye Chen, extremely relaxed!

Many elders on the edge nodded slightly when they saw this!

Ye Shitian, I'm still dying!

It's good to do so. The great Revenge of our disciples can be counted as revenge!

At that time, it is not too much loss to take back the treasures of the disciples. At least it has the power to cultivate the next generation of disciples!

"Death!"

when the sun sword Xuan was offered, the joy of the winner was already on his mouth!

The whole world is suddenly cold!

The sword light breaks through the sky, as if appearing in front of Ye Chen!

At the moment of stabbing Ye Chen's chest!

Ye Chen suddenly raised his head!

He laughed!

Pupil is blooming strange light!

"Old bastard!"

"Do you really think I can be deceived?"

"Four layers of heaven in the spirit realm, break it for Laozi!"

Ye Chen drinks a sound, the whole body rushes out a magic light, under the magic light baptism, the breath climbs unceasingly!

A large number of pills were taken before, but now the power of the medicine is melting. Ye Chen directly steps into the four layers of heaven in the spirit state and recovers his whole body injury. With a slap, he directly breaks the ice sword all over the sky, grabs the huge ice sword and flies back towards the sun sword!

Whoosh!!

The speed of Baizhang ice sword is faster than before!

Sun Jian Xuan's face changed greatly. His arms were shocked. The divine king's way behind him blocked the Baizhan ice sword, but his meridians were broken!

Just as he was about to take a breath, another king tool came!

Chapter 1385

The speed of this artifact is not fast or slow!

People are also at a loss. The power of the four grade divine king is not high, so they can't kill sun sword Xuan!

What does Ye Jitian want to do?

When people are in a daze!

Boom!!!

A cloud mushroom appeared, the aftershock around, so that dozens of God King state one or two Heaven elders were injured!

Sun Jianxuan was directly in the center of the explosion. Under the concussion of the aftershock, his whole body bone burst, and the way of God and king was broken, and he was dying!

Ye Chen quickly put out his hand and wiped out the sun sword Xuan with a sword. Then he deliberately and violently spurted blood, pretending that the divine king's utensil had been eaten back. He pointed his sword at many elders and angrily cried, "today, I'll give you a chance!"

"Ten battles!"

"Ten men, one for each, fight against me alone!"

"To win you is to avenge your disciples!"

"If you lose, get out of here. I have something else to do!"

Just now, ye Chen sensed that someone was calling for help from him!

Yes, help!

In the beginning, it is impossible for the elder to find out who is going to spend time with the Buddhas. Therefore, it may be more important to know who is going to ask for help than to spend time with the elder.

If the elder of the hundred sect is wise!

Ye Chen accompanies them to finish fighting, is to give them face, let them good cross!

If you don't know the phase, you can only kill all the people who stand in the way!

"The little beast even blew himself up

"He looks like he's going to be hit hard!"

"Although the broken state is in the middle stage of entering the spirit state!"

"But we don't need to fight one after another. He has got too many Shenwang and Hunyuan immortal tools. If he is allowed to detonate at the time of his death, I'm afraid we will lose a lot." Mu Suiyuan said quietly.

Indeed!

Ye Shitian now has at least hundreds of Shenwang wares in his hands!

If he knew he was going to die and detonated the king's weapon before he died, it would not be worth the loss!

"Let's do it together! Don't care about face! Kill ye and kill the sky immediately

Words fall!

Whoa!!

A knife awn across the air, straight to Ye Chen and go!

Ka ~

when a long sword is offered, it is also aimed at Ye Chen!

In a flash!

At the same time, dozens of God King vessels are offered!

At least 20 senior high school elders of shenwangjing have done it!

Kill Ye Chen!

Now the situation is out of control, then you don't have to wait, don't care about hiding your face, kill Ye Chen again!

Boom! Boom!!

Boom!

There are many holes on the grassland. Ye Chen never thought that this group of old monsters would attack themselves regardless of their reputation!

Now his casual clothes are full of blood!

It's a mess!

Twenty sect elders will sacrifice the king's utensils at that time. They want to kill Ye Chen once. As for the arena battle mentioned by Ye Chen, who will fight against Ye Chen? Joking, directly killed, before everyone did not, but also is the situation can be manipulated, you can force Ye Chen to commit suicide on the spot!

As for now!

Since you can't control it, kill Ye Chen!

Ye Chen dodged in confusion, and finally stabilized his body, then showed a cruel look in his eyes, "a group of old things, relying on people to bully Laozi more?"

"In that case, you can't blame me!! "

whoosh!

Whoosh!

In the twinkling of an eye, more than 30 pieces of God King's utensils flew out from ye Chen's hands and flew towards more than 20 elders!

These elders are also ruthless. They directly capture the shenwangqi and try to stop the explosion. They ignore Ye Chen, who has run several kilometers away.

"A thousand soldiers explode!"

"Blow it up for me!"

Ye Chen's spirit moved and directly detonated more than 30 pieces of Shenwang tools. The extremely powerful shock wave lifted him all a little distance!

Boom! Boom!!

Boom!!

A cloud of mushrooms in the air!

Countless flesh and blood are flying, and there are no sect elders at all. There are only huge holes in the place, hundreds of meters deep, covered with flesh and blood!

Clang! Clang!!

Clang! Clang!!

In the sky, one after another God King Road breaks open, indicating the fall of the elders!

Twenty one sect elders of shenwangjing junior high school!

If you are not dead, you will die!

In this scene, people are shocked by this scene. Ye Chen really explodes the divine king's utensils and drags so many elders to be buried with him?

What he said just now!

It's true!

It's true!

Mu Suiyuan's pupils are dilated, and their back is already wet. Fortunately, they didn't do it just now, otherwise they would have been severely damaged at the moment! Wang Tian, Lin Kuang and others looked gloomy, but they saw Ye Chen, who was climbing up from the soil in the distance. They were quick and ferocious, and they were killing out of the sky one after another!

Ye Shitian!

Detonate so many magic weapons!

Not dead!

He must be killed as soon as possible, or he will detonate all the Shenwang tools in his body, and everyone will die!

"Kill!"

"Kill ye and kill heaven!"

"Kill ye Shitian

In an instant, 1780 of the remaining elders went out!

Including the four elders of Hunyuan realm, they all have only one idea: kill ye Shitian!

"Zheng Bo, let's go!"

"Miss seven!"

"Go, ye Shitian, as long as he doesn't die, he will be in harmony with Taoism in the future, and may even achieve the realm of creation. This is the help of my Beigong family."

Beigong ziyufeng took out five Hunyuan immortal utensils and threw them to Zheng Bo and Wang Qi. He said, "stop them as much as possible and let master escape. I have already informed eight elders!"

Zheng Bo looked down at the two pieces of Jiupin Hunyuan immortals in his hand, and his eyes flashed!

Saving Ye Chen means making friends with the strong man in the future!

But it also means that we should thoroughly offend the hundred schools!

"That's it

"Guard team, leave one person to guard Miss seven. Others, follow me!"

With a big drink, Zheng Bo turned into a wild lion with golden fur. He turned out to be a demon family. No wonder he was the servant of Ziyu in the northern palace!

But he is also a strong man in the middle of Hunyuan state. He holds two top Hunyuan immortal tools, and directly blocks Mu Suiyuan and other four Hunyuan state masters!

Bang bang bang!!

Bang bang!

The five Hunyuan kingdom is facing each other with blood splashing!

Zheng Bo with one enemy four, but it resisted, even hit hard, no desire to host, "four, don't participate, I'm here!"

"Well, you stop us!"

"Ye Shitian must die Mu Suiyuan and others stopped and looked at Zheng Bo coldly!

On the edge, Wang Qi and other six shenwangjing hold three Hunyuan immortal utensils, but they block 20 shenwangjing elders. Although they are killed with blood splashing everywhere and their bodies are almost cracked, they are still blocked!

Beigong Ziyu's men!

Block the four schools of Hunyuan state, plus 20 powerful gods!

This is also the limit that the northern palace purple jade can do!

"Master!"

"Go away and come back after a while!"

"I'll inform the eight elders that I'll pick you up in a while. You can go. I can do this!"

At the same time, Ziyu in the North Palace was very pleased!

Today, I finally saw Ye Chen's toughness. He killed 20 powerful people in Shenwang state at one time. Although he may suffer a lot of damage, he is still arrogant. At least he is much stronger than Mufeng and Li Hong. With his cultivation in the spiritual realm, he has achieved what the Hunyuan state can do!

The future!

He must be the most powerful man in the world!

"Disciple

"You've done enough. You haven't been reduced to the point where you want to run away."

"Although these people are very strong, it is not enough to kill ye and Tian!"

Ye Chen stands on the grass, like a king, the vast world in general!

Crazy!

Crazy to the extreme, more than 100 than he is also a big realm of the strong kill!

He was not afraid at all!

Because the most important thing he needs is a big killer!

In a flash! The vision is rising!

Behind Ye Chen, a series of gods and kingly ways appear!

Chapter 1386

Now!

That group of elders did not notice Ye Chen's change at all, their speed is faster and faster, and even the distance with Ye Chen is close at hand!

Can ye Chen still not retreat, seems to be waiting for something!

Just when the two are about to touch each other thoroughly!

Ye Chen's mouth outlined a radian and roared:

"a thousand soldiers explode!"

As ye Chen's voice fell, fifty pieces of divine king's utensils and thousands of immortal tools flew out and fell beside the group of elders. Suddenly, a huge explosion sounded, moving up and down the earth, followed by the sound of the disintegration of the God King's way!

What a spectacle!

Seventeen elders of heaven and earth!

It's more than 30 of them. It's more than 30!

The unhurt elder is also a look of horror, more crazy to kill Ye Chen, just like their disciples, knowing that it is impossible to do it!

Kill the red eye completely!

No one thought that ye Chen had so many divine weapons and weapons!

The key can also detonate at the same time!

It's just outrageous!

The key is not fatal!

Ye Chen looked at the old people who had landed beside him, and frowned slightly:

"are you still alive?"

"You want to kill me?"

"That's it

Ye Chen shook his head slightly. The next moment, the magic light overflowed everywhere, just like the demon God of the world, "today, I will let you know what I am! To me, you are the mean thing

"A group of humble ants, but also want to kill me?"

"Ridiculous!"

Ye Chen, like a demon, looked at the many elders of Shengwang state, and said, "three masters, eight Guardian demons and five strong ones, all come out!"

In an instant, the wind and clouds were surging!

One after another, the golden light soared to the sky!

With countless magic lights, golden light and magic light appear together, just like the joint forces of good and evil.

It's even rare!

However, in Ye Chen's body, nothing can't happen!

"A thousand years!"

"After all, I will come out for a walk. It's time for my old friends to take back the weapons and skills of our school."

A Zen master, with a stick in his hand, slowly walks out with a magic wand!

"A thousand years have passed, and the sins of the poor monk and others have been redeemed!"

"Now, if old friends want to kill my disciples, I won't just sit back and watch!"

Sunlight Buddha also hands, a demon subduing pestle smashed down, directly killed three God King state of the second layer of heaven elders!

"Ah

"The Beigong family, however, is quite different. It helps my disciple and the leader of the Golden Buddha Tantra."

"The past years of gratitude and resentment have been written off. In addition, we have made mistakes in the past, but now we have redeemed all our sins. The new leader of our sect should not be humiliated!"

The pharmacist Buddha, with a strong hand, directly destroyed the eight God Kingdom elders!

Sunlight Buddha, moonlight Buddha, pharmacist Buddha!

In the past, one of the eighteen golden Buddhas of the Golden Buddha Tantra!

Thousands of years ago, it was the peak of the nine layers of heaven in the Hunyuan realm. Now, you can also play the fighting power of Hunyuan one or two layers with your weapon body!

At the same time, the five powerful deities who originally guarded the Tianshou Pavilion and the eight evil monks in the first layer of Hunyuan Kingdom immediately killed the elders. Just like a wolf into a sheep, a random blow can severely damage an elder!

Ye Chen himself holds an elder of the five layers of heaven in the divine Kingdom and fights against him to sharpen himself!

Competition backstage?

Compete with your subordinates. What is baipai!

Since the baipai wants to press people down, ye Chen will press them back directly!

More than 11 powerful people of Hun Yuan state fought against more than 100 God King state elders. They began to gain the upper hand and gradually flattened out. However, the Hunyuan state was not deceived by the God King state elder, and was once trapped in the Jiao battle!

But soon!

More than 20 elders of baipai fell down!

In the later period of the five kings, the strong ones were also directly destroyed.

Eight evil monks were hurt seriously, and they slaughtered dozens of shenwangjing elders of the hundred sects.

This is the scene!

Seeing the air, Mu Sui would like to see his eyes split. He immediately wanted to go down to help, but he was entangled by Zheng Bo!

"Zheng Kuang!"

"Look at ye Shitian!"

"He wants to destroy the elder of the hundred schools. Stop him, stop it!"

Mu Sui is willing to be stopped by Zheng Bo, but he can't go down to help!

The other three people are also like this, at the moment, anxious, how dare you provoke Ye Chen!

Ye Chen not only obtained all the treasures of the Golden Buddha Tantra!

He also became the new leader of the Golden Buddha Tantra. He brought out war puppets and strong men, and revived the three golden Buddhas. He had a great power! If all the elders of the king's realm of the 100 sects are killed in battle at the moment!

I'm afraid the hundred faction will be greatly damaged. Faced with the vacancy of two generations, even if there are still many divine realms, faults have appeared, and they are about to face the real end of the gap!

"Master, this is too strong!"

"No wonder he didn't want me to do it!"

"Eight elders, Uncle Li, what to do?" The North palace purple jade looks at the edge two strong!

One is Li Shu, who secretly protects the peak of nine layers of heaven in Hunyuan state, and the other is the eight elders of Beigong family, who is the strong one of the two layers of heaven in Hedao realm!

"The Golden Buddha in those days has survived!"

"No, those golden Buddhas were already possessed?" Li Shu, with no expression on his face, said in detail: "ye Shitian, it seems that there are still cards that are useless. Bai Pai can do nothing about him, otherwise he will not get all the inheritance of the Golden Buddha Tantra."

Eight elder nodded slightly and said, "there is no magic Qi on the Golden Buddha. It's strange! It seems that ye Shitian has many secrets hidden in him. "

New host of Golden Buddha Tantra!

In addition, detonating a large number of weapons and not dying, and understand the way of extinction, the body into the vigorous phase, with a number of Hunyuan immortal weapons, a variety of cards, really not vulgar! At least, not ordinary Tianjiao can be comparable!

The most important thing is that ye Shitian is the Dharma protector of their Beigong family!

He is also the master of Ziyu in Beigong!

There's no harm in tying them together!

"Eight elders!"

"Master is our Dharma protector. Please help him!" North palace purple jade says.

Eight elder is to smile, "with his ability now, fight to death these people of 100 schools, no problem!"

"Master, it's not a problem if you try to kill these people!"

"But the people from the other Shenwang and Hunyuan realms of the baipai sect are coming. The master can't stop them!" North palace purple jade worried way.

Eight elder nodded and looked at Ziyu in the North Palace. He thought of something. He said, "it's not only the Dharma protector of our family, but also the death of the disciples of the hundred schools is the result of their greed. If they don't go through the pass, they won't die. So are these elders!"

"Ziyu, seven days later, you take ye Shitian to the soul clan and attend the memorial ceremony!"

"Maybe..." He pauses for a moment, outlines a smile on the corner of his lips, and says: "maybe he can take the opportunity to break into the kingdom of God. Anyway, it's OK to give him one of the seven places!"

Chapter 1387

The North palace purple jade hears the great joy, hastily said: "thanks eight elder!"

Eight elders caressed the hair of Ziyu in Beigong with a kind look. He immediately rose into the air, operated the law of space, and directly dispersed the people and horses everywhere. He said, "this war is over. We are not the Beigong family against you for the hundred sects."

"It's your own death!"

"Over the years, we have more than 100 schools under the command of our Beigong family. They are not the same as they used to be. You should take care of them and do not do anything wrong with them!"

As soon as this was said, the remaining 80 elders of the hundred sects were pleased with each other!

Just right, don't fight with ye Shitian any more. It's too hard!

Although seven of the eight evil monks were destroyed by them, dozens of them were killed. What's more, there are three golden Buddhas sitting in the town. If they go on, they will only be more dangerous. As for the Revenge of Ye Shitian, it is impossible at present.

Eight elder, this is for them to step down!

How dare they refuse.

Then, eight elders looked at Ye Chen and said: "Ye killed heaven! Stop it

"You have a good talent. I appreciate you very much."

"By the way, Ziyu will invite you to the soul clan. Cherish this opportunity and work for my Beigong family in the future!"

"If you can become the Dharma protector of the Beigong family, it must be your greatest luck in this life!"

"This jade card is for you. If you drop blood into the jade card, you will be the preparatory elder of Beigong family in the future."

"From today on, no one dares to touch you!"

A jade card goes to Ye Chen in an instant.

At this moment, everyone at the scene took a breath!

Preparation elder?

This special mother is the preparatory elder of the Beigong family!

There has never been a low martial world person qualified to get!

This leaf killing the sky is equivalent to flying on the branch and changing into a phoenix in an instant!

Everyone thought Ye Chen would be grateful and even knelt down to promise!

But did not expect, at the moment Ye Chen tight frown.

Protect the law?

Although he has a good relationship with Beigong Ziyu, he doesn't like the attitude of eight elders.

It's impossible to be a part of Beigong family!

The next second, he pointed out, rolling evil gas swept away!

The jade card did not fall into Ye Chen's hands!

Instead, it turned into a fragment on the spot!

Ye Chen step out, eyebrows with a touch of determination!

"Eight elder, I accept your kindness!"

"But I, ye Shitian, have never been loyal to any family or force!"

The whole world seems to be quiet as soon as you say this!

No one thought Ye Chen would refuse!

Refuse without any consideration!

Such a good opportunity!

The eight face of the elder gradually refused to see him

"Sure?"

Ye Chen stares at the eight elders of the Beigong family, not with the slightest fear!

What is he Dao Jing!

He has even seen the creation of the realm, and in the future, he will be able to build the Lingxian emperor's palace of Lingyun xianzun!

What's more, if you are a strong person in the early stage of Taoism, you may not be as powerful as the original leader of the Blood Sword sect. Do you need to be afraid? Respect? No need!

Between heaven and earth!

In addition to their parents and teachers, no one can afford to pay Ye Chen a visit!

Even if the ancient creatures, once called saints, saints, holy kings, or the legendary Taixu strongmen, ye Chen would not kowtow to them at will. As long as they have time, what is Taixu!

"Hum!"

"Arrogant boy, no wonder you are not afraid of all schools alone!"

Eight elder cold hum, cold eyes are gradually emerging a touch of appreciation!

For a long time, he has seen many Tianjiao, such as Mufeng in the spirit state, the recitation of Shenwang state, the Dragon Taixu of Hunyuan state, etc., all of which are extremely respectful to him. It is because of his high strength that Tianjiao respects him!

On the contrary, ye killed the sky!

The cultivation of the four layers of heaven?

The ant like cultivation not only dares to provoke hundred schools, but also dare to disrespect the elder. He is a character!

"Tianjiao, peerless Tianjiao!"

"Heaven's talent, genius, I'm a lot of Lingwu mainland!"

"I don't know how many Beigong families I have." Eight elders look at Ye Chen, a slight smile, a pair of elder like appearance, said: "the one who finally survived is the real Tianjiao, can cross the mainland."

"Ye Shitian, you kill too much!"

"I don't know what's important. Although the hundred schools are not strong, they are not your enemy now!"

He sighed a little and said, "you have a bad temperament. You have to change it. The dragon can be big and small, can float between heaven and earth, and can hide in the mud. This is a real dragon. If you want to become a dragon and a Phoenix, you have to study hard!"The voice dropped!

There was silence all around, and the remaining 80 elders looked terrified!

Eight elders of the northern palace family, this, this is to instruct ye Shitian?

Ye Shitian, he was given the direction of the great power of the Hedao realm?

He also pointed out that ye Shitian wanted to be a real dragon. He could be big and small, and could bend and stretch. Obviously, he was optimistic about ye Shitian!

Is it true that the eight elder really wants to suppress our hundred sects at all costs?

Ye Shitian slaughtered the warriors of our hundred schools. Even if there is a reason, the eight elders should reprimand us on the surface, and give us a chance to go down the stairs. How could he instruct ye Shitian in front of us?

It seems that ye Shitian is not only favored by Miss Ziyu in the northern palace!

It is also valued by the elders of the North Palace family!

"Dragon, it can be big and small indeed

"But I don't want to be a dragon, and I don't care to be a dragon!"

Facing the eight elders directly, ye Chen said slowly: "if you are a martial artist, you will have to push the same territory in this life, and cover up the contemporary martial arts without being invincible. You don't need to be tolerant or flexible. If there is an enemy coming, you can kill it with one force."

He hesitated for two steps, as if he had understood something, and said, "the world says that it is easy to break if it is too hard. Therefore, when casting long sword shaped weapons, it should not be too long, otherwise it will easily crack. So there is such a famous saying, but I will not agree with it! "

"Oh? Tell me what you think Eight elders thoroughly came interested, looked at Ye Chen, said: "talk about what you think, what you understand!"

"The sword is broken!"

"If it's too hard, it's broken."

"In fact, the material used in the long sword is not good. Moreover, it is the weakness of the sword body that lies in the middle of the sword body, which is the weakest part of the whole sword body. The combination of the two can lead to such a conclusion."

Ye Chen released a strong momentum and continued: "however, as long as the long sword is made of excellent materials, and the body can be reinforced, the long sword made by this method will be invincible, and there will be no reason why the sword will be broken. The reason is that the forging master's own strength is not good, and he has come to a conclusion."

"In the same way, it's the same thing if you're too hard."

"It also means that things that are not strong enough and absolutely strong, such as lapis lazuli, are all invincible things!"

"Whether it will break depends on whether it is hard enough or not."

Chapter 1388

His lips suddenly spread out a smile, overlooking all the fighters around him, calmly said: "when I am strong enough, when my cards are strong enough, then I can push all the opponents horizontally and cover all the fighters in the same territory!"

"Even now, I dare to say that such a large world of Lingwu, people in the same territory!"

"All of them can be defeated by my subordinates, so it's impossible to be too tough and easy to break down!"

Good!

Too hard, easy to break!

That's because it's hard enough!

The same is true of martial arts. If one's own strength is not good, it will be broken naturally!

But if the strength is strong and the casting material is invincible, everyone will fight constantly!

"Hoo Hoo Hoo!"

"How crazy!"

"It is said that Buddhism cultivates self-cultivation, but it is the new leader of Golden Buddha Tantra, Lord Ye Shitian. He is not only arrogant, but also more powerful."

Many elders communicate with each other, and their eyes are full of horror!

They naturally understand what ye Chen said: as long as they are strong enough, who provokes me, I destroy who!

I've always been the only one to destroy others!

No one else killed me!

What a bully!

How arrogant?

How confident!

The martial arts who clamour for the world's spiritual realm claim to be invincible by the four layers of heaven!

There are hundreds of thousands of people in the land of heaven and earth. What's more, there are billions of people in the whole land of Lingwu. They dare to despise so many people. Ye Shitian is the most arrogant and overbearing person they have ever seen!

But ye Shitian, has the overbearing and arrogant capital!

He can cut down the four layers of heaven in the divine realm. As long as he is promoted to the level of nine layers of heaven in the next day, he may be able to defeat the nine layers of heaven in the divine realm. Then he will be the first one worthy of entering the spirit realm!

"Good!"

"Brave boy, I like you!"

"As the ancients said, there was no way to go. If people walked more, there would be a way."

Eight elders stopped for a moment and then said, "no one can walk your way, and no one can go down. How long can you walk and keep the same territory invincible? I'll wait and see. In the future, we will achieve the goal of harmony and even the realm of creation. Don't forget that you are the Dharma protector of our Beigong family."

"Whether loyal or not, my Beigong family can invest in you

"Especially the soul clan memorial ceremony in a few days!"

"I'll let Ziyu take you to the meeting. At that time, if you're promoted to the top of the nine layers of heaven, I can protect you and open up a sect of Golden Buddha Tantra!"

Protect ye Shitian!

Reopen the Golden Buddha sect?

This is to treat ye Shitian as the leader of a school!

Eight elder, are you not afraid of five elder's anger?

After all, the whole sect of the Golden Buddha Tantra was possessed by demons, but the five elders killed the whole sect!

Just now, when ye Shitian war broke out, there was magic light and evil Qi on his body!

Don't you worry that ye Shitian is the devil?

Dozens of sect elders were uneasy and looked at each other, shaking their heads and sighing in the end!

The four elders of Hunyuan territory all sighed. Finally, they didn't want to preside over it. They stood up and hugged their fists and asked, "dare you ask eight elders, how could the skill and Qi and blood used by Ye Shitian just now turn into evil Qi and magic light?"

Ye Chen snorted coldly:

"old monk, do you want to say the words of killing the heart again?"

"I'm not afraid to tell you that the right way and the devil's way are no different from Laozi's, as long as it's skill!"

Ye Chen pointed to Wu Xu and said coldly, "I've never harmed anyone with my magic skill, and I don't have any power to devour other people's spirits. You can say that I'm a devil. If you dare to say that I'm a devil, I'll kill you today!"

He also has three Golden Buddha masters!

Take out a large number of Shenwang and Hunyuan immortal tools, if all of them break out!

You don't want to be the host. You don't want to survive!

However, ye Chen didn't notice that the blood he inspired was similar to the magic light emitted by the magic skill!

My blood, since the appearance of the devil's eye in the eyebrow, seems to have changed!

Sometimes he even thought, will he have some connection with the demon clan!

The gods of war and demons are not really demons. They are cruel and resolute, and the weak are afraid. Therefore, they are given the name of "demon God" in the arrangement.

As for the practitioners, there are few in Kunlun!

Even if there are, at most, it is to seize a woman's Yin yuan and other inferior means. Compared with the devil practitioners and demons in the land of Lingwu, it can directly take people's spirits and devour them, cut off their gods and kings, and absorb their laws of space and time to practice.

Take the fruit of humanity to cultivate yourself, this is the behavior of the devil and the devil!

Ye Chen asked himself, practice for so many years!

I have never done it at will, let alone hurt innocent people!

"This

"Eight elders, please be fair to you." Do not want to preside, had to look to eight elder, now he is afraid to provoke Ye Chen. Are you kidding? Even if the Beigong family doesn't fight, ye Chen can fight to death and wait for someone else!

So many years of life!

The most cherished, in addition to face, is life!

Eight elders nodded slightly, his eyes as if penetrating into the future, ancient and modern, scanning Ye Chen.

Soon, he nodded slightly and said: "although there is something similar to the evil spirit in ye Shitian's body, it is not magic skill, nor is there any trace of swallowing the spirits of living people and the road. He has not done anything about the devil way!"

Eight elder although is the speech!

But secretly it was a little surprised!

I didn't see through ye Shitian's blood!

That is to say, ye Shitian's blood, several streams of blood, I don't know, can't help but pay attention to Ye Chen and be vigilant!

In fact, when he was just exploring, the ice sword xianzun cooperated with the power of the reincarnation cemetery to cut off the exploration of his spirit. Otherwise, once the blood of the owner of the tomb was exposed, the world would be shocked!

"All right

"These are the 200 elders of the hundred sect, which are left now."

"Elder mu, you don't want to preside over it. When you go back, tell the people of the sect to stop talking nonsense. Sometimes it's not a good thing to get involved in something."

Eight elder gently waved, mobilized the space rule, and directly moved the hundred sect elder to tens of thousands of meters away. He didn't want the two sides to fight again!

The sect God King realm elder who died today!

Although they are all in the junior high school of Shenwang state, there are few in the later period, but there are too many!

Hundreds of sects are different in strength and weakness. Dozens of sects may decline directly in this battle. The golden sword sect and other sects have lost nearly ten shenwangjing elders and lost one fifth of the experts in the sect!

This war!

Thoroughly hit a hundred schools of pain, but also the suppression of the North Palace family!

This tone, baipai will have to be suppressed if it is not stressed!

I'm afraid it won't be long before the whole land of heaven and earth will be famous for killing heaven!

It's just a drop in the ocean compared with the land of Lingwu!

If ye Shitian wants to stand firm in Lingwu land, it will take longer!

"Purple Jade!"

"Prepare well, kill the sky with ye in seven days, and set off!"

The eight elders explained that he directly tore the space away. He was a strong man in the realm of Taoism. He had a preliminary understanding of the law of time. The law of space had already reached the state of great perfection. Breaking through the void and leaving naturally is not a problem!

Chapter 1389

Uncle Li gave Zheng Bo some pills, which quickly turned into a shadow and dissipated between heaven and earth!

Seems to be using some secret method, continue to protect the northern palace purple jade!

Although Zheng Bo, Wang Qi and others didn't fall, they were hurt badly.

"Master?"

"You're collecting the goods, master!"

Beigong Ziyu looked at Ye Chen, who was picking up the booty. She was stunned. Master, the speed of collecting booty is so fast!

"It seems that the master is in the lower bound. He must be a cruel character!"

"It's definitely from the sea of corpses and blood. This time I went to the soul clan, there was a master sitting in the town. I wanted to see the youth of the soul clan. I dare not look down on the people of Beigong family!" Beigong Ziyu takes out a flying boat and waits for ye Chen to search the spoils. After that, she takes the people away and goes straight to the ancient spirit city!

On the boat!

Zheng Bo and others are healing, and Ziyu in the North Palace is looking at the jade slips.

Ye Chen was checking his booty and counting carefully: "there are 237 pieces of divine king's utensils, with an average of two for an elder. It's really poor enough. No wonder their disciples are not rich enough. It's no wonder that they dare to start with me, and they will like the divine king's tools in me when they cooperate."

"Except for the artifact that was blown up!"

"I have at least 8900 Shenwang tools on me now. I can use them to make some war puppets, and then find someone to send them to kunlunxu!"

Counting, ye Chen sighed slightly, "just, why do I feel that the idea of calling me is getting weaker and weaker? Did I feel wrong? Or is it because I'm heading in his direction and he's getting worse and worse over time, so I'm getting weaker and weaker? "

"What is the memorial ceremony of the soul clan?"

"The eight elders of the Dao state attach great importance to it. I think I'll ask Ziyu."

Feizhou zhongbeigong Ziyu has just finished reading the jade slips. This is a list of the Beigong family who attended the soul clan ceremony!

Seven people!

Among them North palace purple jade and ye Chen, occupy two!

The other five people, two of whom are affiliated sects, are not affiliated sects in the land of heaven and earth, but a subordinate sect in another area that Beigong family has established in the past ten years. The two outstanding disciples of huatianfan sect are all 21-year-old, and they are appointed by the elders of Beigong family to attend the soul clan ceremony!

As for the other three!

They are the grandson of the elder, the son of the Dharma protector, and the disciples of the northern palace family!

This time, only Beigong Ziyu is the real Beigong family member, and the other six people, including Ye Chen, can only be regarded as the strong vassal and the descendants of the strong!

"Huatianfan, huadifan!"

"The second heaven of Shenwang state, if you go this time, you have a chance to break into the middle of Shenwang realm!"

"If you get to the top of the heaven, you can't get to the top of the heaven with the help of Wang's words. If you get to the top of the heaven, you'll get to the top of the heaven with the help of Wang's words

The North palace purple jade ponders.

This time, she is the leader of seven people, so she naturally knows about the other six people!

Compared with the 21-year-old shenwangjing second heaven, 19-year-old shenwangjing juliantian peak!

Ye Chen was only in his twenties before he entered the four levels of the divine realm. If other people were involved in this realm, they would not have the right to know. It was Ye Chen who broke out with high fighting power that he was ordered by the eight elders to attend the memorial ceremony of the soul clan!

"Master, here you are

"Here's a list of the other five. Take a look at it!"

The northern palace Ziyu handed the jade slips to Ye Chen and said, "it's good to participate in the memorial ceremony as long as it can break through three small realms."

"It seems that people who have broken through seven or eight small realms or even a great realm in succession can only go out once after more than ten memorial ceremonies!"

Hearing this, ye Chen smiles bitterly and says: "why is the soul clan memorial ceremony? I don't know. It's useless for you to tell me the times and parameters."

He put down the jade slips and asked, "what is the ritual of the soul clan?"

"Almost forgotten!"

"The master just arrived in Lingwu land, and he didn't know about it!"

"We are in the western regions of Lingwu, right?" the northern palace purple jade explained

"The land of the western regions is mainly managed by five medium-sized families and sects, each of which has its own region and manages thousands of lower sects!"

"Although there are no superior sects, each of our top ten forces is related to the superior families in the northern region, even the top families. Even our Beigong family is regarded as a branch of the dragon family!"

"We found ten altars together."

"At first, I thought it was just an ordinary altar. Later, a soul clan member opened the altar unintentionally, and unexpectedly summoned the remnant thoughts of the fallen strong!"

Speaking of this, the North palace purple jade all began to be excited!

She nagged the whole soul clan ceremony to Ye Chen said clearly, "the strong one who fell in the past!" "Master, if you want to know the strong in Lingwu mainland, you can only be regarded as strong if you are in harmony with Taoism!"

"That is to say, this altar can gather the remnant thoughts of those warriors who died in the war in the past years. When these warriors died in the war, their spirits were destroyed, that is, they were really

disappearing between heaven and earth. Fortunately, some spirits were not destroyed. Fortunately, there was a residual thought floating between heaven and earth."

"But can be summoned by the altar

"Of course, it is not to revive them, but to devour them."

"Devour?" Ye Chen is stunned. Isn't it similar to magic skill?

Difficult or not, swallow up the strong will, are open, blatantly dry?

"Cough!"

"Master, you will be wrong!" Beigong Ziyu knew by looking at Ye Chen's expression that "the devil cultivator devours the spirits of living people, which will lead to the pursuit of all warriors, but what we swallow is the will, that is, the other party is dead!"

"Only one remnant is left!"

"It may be resurrected, or it may die in a hundred or thousands of years!"

"So, we can get some of the power of the strong one by swallowing these remnants!"

Ye Chen asks: "what ability?"

"Such as the remnant thoughts of the martial arts in the realm of harmony!"

"Devour, can understand the law of time!"

"The remnant thoughts of the martial arts in the realm of creation devour the opportunity to comprehend the laws of time and space and even the five elements in advance. At the same time, they will get a lot of aura and Tao, and directly break through the realm. Of course, there are also cases of not swallowing the residual thoughts! "

If you want to sit on the red sandalwood altar, you will be able to absorb some of them

"It's just a pity!"

"Such altars can only be driven by soul power."

Chapter 1390

She shook her head and said, "originally, the soul clan is only a small family in the western regions. Because it can drive this altar, it has become stronger and stronger for thousands of years, and the means are extremely special. Even the strong people in the half step creation world will sit down and the strong people from all sides will be careful when they go to them."

"And the time to open the altar!"

"Also by the soul clan, from once a thousand years to once a hundred years!"

"Now..." "It's the twelfth time in a few days," she said

Listening to Ziyu's words, ye Chen frowned slightly and asked, "can't the soul clan open itself? In this way, the fighting power of the warriors in the clan can be increased rapidly

"Ha ha ha ha!"

"They do, but they can't do it with them!"

The northern palace purple jade looks proud and charming, staring at Ye Chen, and says faintly: "to open an altar, you need 100 pieces of Hunyuan immortal tools as the carrier, and also need all kinds of rare treasures, special soul fruits and so on. The total value is even more than a time and space weapon!"

Time and space weapons!

The weapon used in the realm of creation is made by the law of time and the law of space, as a carrier!

Its value is far more than that of Hedao artifact. Even the weakest weapon of time and space is ten times stronger than the most powerful one!

"So much for me!"

"The soul clan naturally can't get together, so it's up to our top ten forces, plus tens of thousands of Jiandi palace and Shenlong family, to jointly contribute."

"There are 100 places for each altar to be opened, and there are seven in my Beigong family."

"There are seven of the other nine forces, and the remaining 30 are controlled by the wanjian emperor palace and the dragon family!"

Altar!

It is equivalent to a large treasure to rapidly upgrade the realm!

Each faction and each family share the treasure. The soul clan is only the one who opens it, not the owner of the altar!

"Seven places!"

"Wanjian emperor palace, 30 places!" Ye Chen is in a trance, and suddenly remembers that he is the seven elders of wanjian emperor palace!

But it's only the seven elders 50000 years ago!

As for now, the attitude of wanjian emperor palace is not clear. I really don't know whether it is an enemy or a friend!

Ye Chen, with the power of the spirit, enters the reincarnation cemetery to refine a body, and exchanges with the ice sword immortal Zun!

In the realm of God, it is the power of the soul!

In the spirit state, the power of the soul is changed into the power of the spirit, and the soul is more powerful.

"Master!"

"Wanjian emperor palace, do you need me to explore one or two at that time?"

Ye Chen said faintly: "after all, 50000 years ago, you were trapped in a desperate situation and couldn't come out. Will someone frame you up intentionally?"

"Not necessarily!"

"In those days, I broke into the nine Jedi in order to find an ice soul hundred soul grass!"

"Finally trapped, I think it's a matter of luck!" "This time, you can help me to explore the situation of the palace of wanjian emperor."

Wanjian emperor palace!

As a high-class sect, there are stars and orifices in the realm of gods, and the strong will be in charge!

As long as we don't provoke the top families, such as the dragon family, the holy dragon family and so on, we can continue to spread.

It's impossible to have an accident!

You can let Ye Chen have a look. Fifty thousand years ago, the guys in the sect miss me or hate me!

At that time, the ice sword xianzun was the leader of the younger generation. In a very short time, he broke into the middle of the creation realm. He was the top group of the heaven's pride in the Lingwu continent. He was the star and the orifices, and even the door was sealed. He could look forward to one or two!

In the end, he was trapped in nine Jedi, and his body was hard to get out for 50000 years.

It seems that I haven't seen other elders of the heaven realm in wanjian emperor's palace to save himself. I don't want to save him, or I dare not. I just ask the disciple to check it out. After all, this is the only thing I can worry about!

"Good, master!"

"I will explore the attitude of wanjiandi palace!" Ye Chen's spirit body is broken and turns into the power of spirit and returns to Ye Chen's Noumenon!

Ye Chen asked: "since it is an altar, it is estimated that it is to sacrifice some living creatures."

"Yes

"To sacrifice the lives of ten Tianjiao girls!"

The northern palace Ziyu sighed, but said: "only Tianjiao girls can have complete Yin yuan, and use their spirit power as the medium to trigger the vibration of the altar, or else they will need to die!"

"These girls are in low status!"

"There are some lonely people, and I can't save them. Master, don't be compassionate at that time."

"Otherwise, not only you, but also my Beigong family, are extremely dangerous!"

Those arrogant girls, of course, are dangerous!

But there's no way!

Can't help it!

Ten medium-sized family sects, plus the rules set by a superior clan and a top family!! I'm afraid there is no God level combat power, not enough to see!

No matter how many Lingwu girls die every day, what's more, they don't want to die every day.

Relatively speaking, the North palace purple jade can accept more!

Ye Chen hums coldly, also did not have many words!

Since it's not a relative, it's not something you can do!

Simply not involved!

"Master!"

"Let's go back to the ancient city first."

"Seven days later, four days is enough for us to go on our way!"

The northern palace purple jade looks up at Ye Chen and says quietly: "master, you should use the Hunyuan immortal tool to break through?"

"Yes

"There is also a part of the power of space law in the body!"

Ye Chen thought: "it is estimated that we will soon reach the peak of the nine layers of heaven in the state of meditation. As for the state of body refining, we should be able to catch up with taking more pills."

Now!

Ye Chen's realm of Tao and implication is higher than the realm of refining body!

In the past, the state of body refining was high, but now it's reversed!

However, it is not easy to skip the level. The reason why Ye Chen can jump the level is to a large extent dependent on the body. If the body is fragile, it can not resist other people's attacks, let alone attack others!

"Good!"

"Here are some secret scripts, which can be read by Shifu."

"It's all about body building and realm upgrading."

Beigong Ziyu took out a lot of jade slips and handed them to Ye Chen. He said, "it's really luxurious for master to break through with seven or eight Hunyuan immortal utensils. When I broke into the realm of God, I only used one Hunyuan immortal utensil!"

"The stronger the hybrid immortal tools are!"

"The stronger the body and the realm of cultivation are, the master is obviously not completely stable in his cultivation."

"It is estimated that when the soul clan comes, the strength of the master will increase greatly."

Ye Chen took over the jade Jane, nodded slightly, he really has a lot of room to improve!

Soon, ye Chen went back to his room and began to refine the power of the residual space law in his body. He wanted to integrate it into the road of extinction. If the power of extinction combined with the law of space, the killing power would be stronger, and the means would be more mysterious and nihilistic!

At least!

Very few people are in a state of mind, mastering a trace of the law of space.

Once mastered, it is the ordinary state of mind, which is enough to sweep a large number of warriors of the same level!
