

## Physician 1411

### Chapter 1411

"The young man!"

"How do I feel a little familiar?"

Wang qingjue of wanjiandi palace looked down at the long sword in his hand and said gradually, "why do I feel his sword technique has the shadow of my wanjiandi palace?"

"Yes, some of them are similar to those born in the palace of wanjian emperor."

"Is it difficult to succeed? Is it the hidden disciple of an elder in the palace of wanjian emperor?"

The green sword immortal Zun is a little curious. Ye Chen's skills are very miscellaneous, including the ice sword immortal Zun's cold ice sword formula and time-space sword formula. However, they are only one move in one form, and they are not completely using the whole set of sword rhymes. Therefore, the two excellent disciples and elders of wanjian emperor palace just feel familiar!

But I can't say!

He didn't know how familiar it was.

What does this kid have to do with his own school?

BAM, BAM, bam!!!

Boom! Boom!!

Almost at the same time, a series of explosions came!

It can be clearly seen that more than a hundred Shenwang weapons burst out, producing a afterwave like a nuclear bomb explosion. In an instant, one tenth of the territory of the soul clan was destroyed, and the four array encircling Ye Chen was also broken!

Crackling!!

Bang bang bang!

With it!

In the sky, a line of God King Road is broken, and the power of countless space laws overflows and spreads!

One hundred and eighty disciples of the soul clan who participated in the encirclement and suppression of Ye Chen have already lost 25 people in the case of the explosion of a hundred Shenwang wares!

Everyone else was seriously injured!

Eighteen Hunyuan realm Dharma protectors retreated for dozens of steps before they could stop. Their lips were covered with blood and their faces were incredible!

"What a vicious little bastard

"No wonder you dare to enter my soul clan!"

.....

The eight elders of Hedao realm, step back!

They have been impacted, but their physical bodies in the virtual body stage will not be seriously damaged by the self explosion of the divine king weapon, but they have also suffered a lot of damage, but they are still within the acceptable range!

However, the self explosion of a hundred pieces of King's tools!

It's a big deal!

Damn it!

The smoke dissipated.

The people who had been panting stopped breathing completely!

The eyeball seems to burst!

"Not dead?"

"How could it be!"

Elder baikun's face changed greatly. He saw that ye Chen, who came out of many Hunyuan immortal tools and Hedao artifacts, didn't get much damage. After detonating the divine king's weapon, he used other weapons to assist him, so he didn't die?

But, did he detonate so many of them?

How can it not be eaten back?

"Ye Shitian!"

"You must die if you don't die today."

"Everybody, give it to me!" Elder baikun looked at the fallen and severely damaged soul clan disciples. Instead, he felt that his threat had been thoroughly challenged!

Mobilize so many people by yourself!

On the contrary, so many disciples were killed, and even three Hunyuan realm Dharma protectors were killed?

If you can't kill Ye Tian!

Where is his face?

"All together?"

"What is your soul clan?"

"If you want to kill me, you must be prepared to die together!"

Ye Chen wipes the blood from the corners of his lips, and the whole body's breath is also weakened. Maybe there is only the breath and combat power of the five layers of the Hunyuan realm!

His flesh hurts!

But he didn't have any pain!

On the contrary, they are full of energy!

He was not afraid at all. He raised his arms and beamed with endless brilliance. He kept laughing and said, "since I can't live, you can't make it better."

"All war puppets!"

"Shenbing, come out!"

"I'll blow up my puppets and soldiers, and I'll blow you to death!"

In an instant!

More than hundreds of brilliance are coming out of the sky!

570 war puppets, 127 war puppets, 18 Hunyuan war puppets!

In addition, there are 1300 pieces of immortal utensils, 857 pieces of Shenwang utensils, 18 pieces of Hunyuan immortal utensils, and two pieces of Hedao artifact. At the same time, ye Chen's whole body is suspended, and the ultimate brilliance is shining. I'm afraid it will burst out in the next moment!

See this scene!

All of the soul clan stopped in a hurry. Even the eight elders of the Hedao realm all decided to withdraw, and they didn't dare to challenge them!

Madman!

Ye Shitian is a complete madman!

It's all about the same fate!

At that time, the whole soul clan may no longer exist!

Even the dragon family and the palace of wanjian emperor must bear the terrible loss!

"A bunch of crap, running away?"

"I tell you, I ransacked the disciples of a hundred sects!" "It is enough to accumulate these treasures, not to mention the details of two or three lower sects!"

Ye Chen even if the injury again heavy, still arrogant laugh!

He's gambling!

Everyone is afraid!

Everyone thought he was a man.

It's a big mistake!

Not the tomb of samsara!

Not four masters!

He also entered the realm of God to Hunyuan and fought with 700 puppets!

All of them are war puppets refined from the corpses of the disciples and elders of various schools killed in the Golden Buddha Tantra!

He is a man, in fact, the top of the previous school!

"Bai Kun!"

"I, ye Shitian, put the words in front of me. Do you dare to order a fierce attack on me today?"

"I'll detonate these weapons and puppets. Don't try to use the law of time to change the flow velocity!"

"I have a syncretic artifact that is not controlled by the law of time!"

"Besides, I've never tried so many weapons and puppets to explode together." Ye Chen gazed at baikun with evil spirit and arrogance. He laughed wildly and said, "guess, will these things destroy your whole soul clan?"

He was standing on the ground, all around, in the air, with weapons and puppets hanging on his head!

At this moment, no one dares to approach him!

This will, he is a nuclear bomb!

Who's going to go in case it blows up!

That's the end of death!

"Anyway, I don't think the territory of the soul clan is very good. There are sand and stones everywhere. Although these stones are of different materials, they can be used to forge immortal utensils."

"It's just that I don't like it. I can change the site for you!"

Ye Chen is not afraid at the moment. He seems to be chatting, but he may detonate immortal weapons and war puppets anytime and anywhere!

He continued to smile: "so, I detonated these things, should be able to blow up your soul clan territory from the plain into a basin!"

"You should have a lot of immortal utensils up and down the soul clan!"

"A lot of fairy stones and treasures!"

"Do you think that if I detonate these weapons and puppets, will they affect those weapons and immortal stones one after another, causing two or three explosions?"

Arrogant!

Overbearing!

Don't die!

In an instant, the whole soul clan has been sluggish down!

They stare at Ye Chen, their hearts are shaking, for fear that ye Chen will detonate directly at the next moment, and all will disappear!

We used to confront each other, it was a personal grudge!

Big deal, chase each other!

Ye Shitian! What the hell does that mean!

With so many puppets and weapons to explode, I don't want to play like this!

It's just like in China, when two people had a competition in martial arts, they came over with a tank in front of them!

Chapter 1412

What a fool!

It's not to fight, not to fight!

Fight?

Let's all die together!

No?

What's the face of everyone?

For a while, we fell into a standoff, and we were silent!

At the next moment, an old voice came, "baikun, do it!"

"I will protect you with the law of time and space."

"Nine of you will not die!"

The fate of the soul clan can make a sound!

Bai Kun and others changed their looks. They were a little overjoyed. With the help of their ancestors, they would not die!

Well, ye Shitian must die!

Ye Chen's heart is pounding!

Deep down!

He can't detonate!

He never thought that there was an ancestor of the soul clan!

Damn it!

This time, he lost the bet!

Is it really going to die!

Ye Chen's cold eyes gradually appear a touch of determination!

"Kill!"

Bai Kun orders directly!

Eight elders of Hedao realm will kill you!

"Time and space sword formula!"

"Cold ice sword formula!"

Ye Chen takes out the Zhushen sword and a Hunyuan immortal weapon long sword. The two swords are waving, and the sword body flashes the laws of time and space. He wants to explode these weapons and puppets in an instant, and at the same time break out the whole body's combat power and kill eight elders!

Anyway! He will fight to the last minute!

"Wait!"

"Stop it all!"

In the middle of the battle, the eight swordsmen will be in the same place!

This scene completely changed everyone's face!

The palace of wanjiandi is so high up there that it's out there!

But isn't wanjian emperor palace supposed to be on their side?

What's going on now!

Don't kill ye Shitian, but mercilessly bombard Fei soul clan elder!

Even the dragon family's expression is a little strange.

Long Ao frowned and asked Bai Shuang Long Zun, "Auntie, what does wanjian emperor palace mean?"

"Ye Shitian should be killed. If ye Shitian does not die, the soul clan ceremony will not go on, and my dragon family and wanjian emperor palace will not get any benefits!"

White frost dragon Zun did not have the slightest fluctuation, light way: "look down."

The sight of countless pairs of doubts falls on the body of the green sword immortal Zun!

In full view of the public, qingjianxian Zun turned around and looked at Ye Chen. He suppressed his shock and said in a trembling voice, "boy, how can you master the time and space sword formula?"

Time and space sword code!

Unique sword formula of ice sword immortal in wanjian emperor palace!

As soon as this sentence came out, people in the palace of wanjian emperor changed their looks!

Even the white frost dragon of the dragon family knows something!

This leaf kills the sky!

It is very likely that he is a disciple of ice sword immortal Zun who disappeared for 50000 years!

What's more, it is very likely that they will be the disciples who have received complete inheritance. No, it is not inheritance!

Ice sword immortal Zun will not pass down his unique sword formula as a heritage. It must be ye Shitian. He has seen ice sword immortal Zun!

"Qing Jian Xian Zun!"

"What do you mean?"

The old ancestor of the soul clan asked!

He stares at qingjianxianzun, and doesn't pay any attention to the eight elders of hetaojing!

"This young man!"

"We wanjian palace will take it away!"

The green sword immortal Zun's eyebrows were filled with endless sword Qi. In an instant, he detached himself and aimed at all the powerful members of the soul clan, including the nine elders of the Hedao realm.

No matter what ye Shitian is!

May have something to do with the disappeared ice sword immortal statue!

Even if it has nothing to do with it, we should have a thorough investigation into wanjian emperor palace!

His voice was cold: "if you don't let go, or say, you insist on killing ye and killing heaven!"

"You soul clan this place!"

"Prepare for extinction."

"This is the foundation of our palace of wanjian emperor!"

Threat!

A naked threat!

The influence of soul clan is complicated! There is also the soul hall behind!

The general forces dare not offend at all!

Even the Beigong family is so!

But! Wanjian emperor palace really has this strength!

This is a declaration of war!

"Dare you The ancestor of the soul clan was furious. "This is the territory of our soul clan. You wanjian emperor palace really thinks that you can't speak in Lingwu land!"

The Green Sword Fairy respected her eyes and stepped out one step: "the land of Lingwu, I don't know if the palace of wanjian emperor can speak or not.""But now, in the face of your soul clan, I dare to do everything for you!"

"Ye Shitian, I'll make it!"

Whoosh!!

Whoosh!!

Countless icy swords are flying out!

A large number of soul people directly fell into the sky, and their bodies were turned into ice!

Qingjianxianzun was extremely powerful and said: "you will give you three seconds to think about it. Let your people leave, even you will leave yourself! Otherwise, next time, you will be killed by 723 kings of your soul clan! "

"Go down and kill 45 Hunyuan realm of your soul clan!"

"Then, I will kill you 13 of you who are strong in the realm of Taoism."

"In the end, you old thing!"

Overbearing!

Arrogant!

This is dialogue!

If you refuse to obey, you will be killed!

Kill until you promise, or kill to the end, kill you!

"You

"Are you not afraid to fight against the soul Temple behind me?"

The ancestor of the soul clan still didn't come out. He just hid in the ground and talked with the green sword immortal!

"Soul hall!"

"Not weak, but you are weak!"

"Heaven in the second layer of heaven, I don't need ten moves to kill you!"

"Of course, you can think about it. On behalf of Wan Jianxian Zun, I can tell you that ye Shitian is a boy we need and important! As long as you dare to kill him, we wanjian emperor palace can fight with the soul hall behind you

Qingjianxianzun did not give in at all, and his attitude was very positive!

He doesn't know if this choice is right!

I don't know what kind of behavior the people above will take on him!

But he has to bet!

Bet ye Shitian knows where the ice sword immortal statue has been missing for thousands of years!

This may even be the secret that shakes the whole Lingwu continent!

He took a step forward, put his hands behind his back, and continued to say to the ancestor of the soul clan: "on the eve of the war, I will destroy the place where you live this time, and then I will leave some of the Hun clan people and continue to control the soul altar. It is the same for us anyway!"

"You choose!"

"Two roads!"

"First, let your people leave, let ye Shitian leave!"

"The second way, you can let your people continue to attack ye Shitian, but I will kill you!"

"You..." The old ancestor of the soul clan was completely quiet. It was good to have the soul hall behind him, but the green sword immortal was also not easy to provoke!

The key is that he can't represent the soul clan!

But qingjianxianzun can represent wanjian emperor palace!

A long time ago!

The ancestor of the soul clan sighed and clenched his thin hand and said, "all the people give in and let ye Shitian, the little beast, leave!"

"Grandfather

Soul people shake! An incredible look!

"I said! Let ye Shitian leave Soul clan ancestor gnash teeth road!

Whoosh!!

Whoosh!

A strong soul clan left!

Each of them retreated to the distance, so that the three families looked horrified!

Ye Shitian!

Who the hell is it!

There are so many people in Tu miehun clan that people from wanjiandi palace will rescue him!

At this moment, the young man with scars in the distance is mysterious to the extreme!

Chapter 1413

Far away.

The northern palace purple jade suppressed the shock in her heart and said to Zheng Bo, "Zheng Bo, is the master not from a low level of martial arts?"

"According to our investigation, the master should have come from Kunlun Xu."

"Although Kunlun Xu used to be a middle martial arts level, it has long been reduced to a place of ants. The highest level of Kunlun Xu is only the state of God and Emperor's respect. The spirit is so thin. It's a great chance for the master to step into the spiritual state at this age. How could he be connected with the people in the palace of wanjian emperor?"

Zheng Bo shook his head helplessly!

He wants to know the reason more than anyone else!

This is the palace of wanjian emperor!

Countless people look up to the existence!

Even the soul clan dare not fight!

Now, the palace of wanjian emperor would rather abandon its own interests, but also to protect the next leaf killing heaven!

We can see the importance of Ye killing the sky!

After a long time, Zheng Bo said, "it seems that the master you are looking for is far from simple."

"Now we have the palace of wanjian emperor coming forward, and we should go too!"

The North palace purple jade jiao body one Zheng, finally heavily nods, directly toward Ye Chen.

.....

At the same time, in the center of the ancestral altar.

Ye Chen gently exhaled a breath.

He could feel a strong sense of exhaustion and pain coming from his body.

This is the result of his forcible confrontation with the soul clan in the spirit state.

If it wasn't for Ji Lin, he wouldn't have.

Now he needs to rest.

He glanced at Ji Lin, who was in a coma in the samsara cemetery. The stone in his heart was completely put down.

"Thank you for your sword

Qingjianxianzun's eyes were very hot at the moment. He opened his mouth and wanted to ask something, but he didn't say anything at last.

The land of the soul clan is full of people at the moment. When the ice sword immortal statue disappeared for so many years, they wanjian emperor palace looked for it at all costs!

No results!

There must be a lot involved in this matter!

At present, we must take ye Shitian to a safe place and discuss it slowly!

Ye Chen naturally understood qingjianxianzun's desire and stopped. He waved his arm, put away his weapons and puppets, and said, "I will tell you what you want to know! At the moment, I'm seriously injured and need a rest

He knew that the emperor palace of wanjian saved himself, and that he was saved by an elder of sword respect. If he didn't tell wanjian emperor palace something, he couldn't say it, which was unreasonable!

It's impossible!

Others saved their lives!

Don't tell me any news!

The green sword immortal Zun nodded slightly, and then said, "sure! I know there's a great place to rest near the Horde! Come with me

Soon, the palace of wanjian emperor left with Ye Chen and took the lead in coming to a huge city outside the soul clan!

People from Beitang, Baili, Beigong, wanjiandi palace, and even the Shenlong family all rushed to the place!

.....

An inn in the city.

Ye Chen closes the door, the next second, a mouth of red blood spit out.

Ye Chen is weak to the extreme.

He could feel his body bursting!

He supported in front of the soul clan just now. Now he comes to a safe place, and he can no longer suppress it.

The clothes on the body are directly and mercilessly torn, and every part of the arm and even the skin is suffused with bursts of red light.

There are more cracks between them.

"Damn it!"

Ye Chen breathed violently, forced himself to sit cross legged, he felt his body burning!

It hurts!

It hurts!

Suddenly, there was a knock on the door outside.

Ye Chen Mou son a congealed, some angry, but still suppress the pain, changed a suit of clothes, got up to open the door.

The gate opens.

What ye Chen didn't expect was that Wang qingjue, a talented disciple of wanjiandi palace, was standing outside!

He is also a disciple who has been passed on by ice sword immortal!

Naturally, he knew Wang qingjue's intention and said directly, "what you want to know, I will tell you when I have finished healing! I hope you don't disturb me again

"Good, brother Ye!"

"This is a magic elixir!"

Wang qingjue took out a pill and handed it to Ye Chen. He said, "the level of this pill is good. It has the effect of curing the body!"

"And, eight o'clock tonight!"

"The Council and I are waiting for you upstairs. We are eager to know about the situation of ice sword immortal statue!"

"The elder has disappeared for so many years. He is also one of the ancestors of our family. I hope you can tell me!"

"Good!" Ye Chen agreed to come down and closed the door and began to close the door to heal! This time, his body collapsed many times, mainly because he could not bear all kinds of forces!

If you have the physical body in the period of virtual body and the realm of divine king's state, you won't nearly burst completely!

All of a sudden, ye Chen felt something, lowered his head and found that the clothes he had just changed were burned out directly!

At the same time, his skin again appeared fire like cracks!

The crack is constantly expanding, the burning feeling almost makes Ye Chen faint!

Ye Chen didn't dare to be careless, but he found that once he used the elixir field, the crack would be bigger!

"What to do!"

Ye Chen tries to take the pills given to him by Wang qingjue, and even all the high-level pills he has!

Still useless!

Ye Chen in Kunlun Xu is also regarded as the supreme medical God inheritance!

He even controlled Lin Qingxuan's technique!

But at the moment, all the medical skills in his mind had no effect on the current predicament.

"What the hell is this?"

Ye Chen now has the last choice, that is to ask the reincarnation cemetery power situation!

He just wanted to communicate, only to find the black stone flying out of his pocket.

Black stone suspended in front of Ye Chen, as if there is a spirit, looking at Ye Chen!

"You are..."

The stone is related to everything now!

The stone, as mysterious as dark eyes, has been peeping at him.

This stone carries the power of a hundred powerful spirits!

This stone is a supreme artifact!

Grandfather at all costs to lay down the overall situation, let himself with a black stone head-on into!

And the mysterious old man who came into Lingwu land!

All this is destined to have a lot to do with this black stone!

At the moment, the stone is flying on its own again. Is this helping itself?

As ye Chen ponders, the black stone blooms with a bright light.

The light sprinkles on Ye Chen's body, actually has a trace of warm meaning.

After that, ye Chen realized the three paths and floated out!

The way of extinction! The way to kill! The way of immortality!

If this inn is not built with special immortal stone and ancient array!

Must break through directly!

At the same time, there is a fourth way!

Buddhism!

Countless ancient Buddhist questions gush out of it and cover Ye Chen's body!

Ye Chen seems to see Sanskrit surging in the blood!

The wound has gradually healed!

But the speed is still very slow!

Chapter 1414

At this time, I feel the pain in my eyebrows!

The next second, the eyebrow heart black light suddenly appears!

An eye from the depths of hell appears!

An old, cold voice came slowly from the depths of his eyes: "you wake me up to help this boy."

"He's useful to me, and I won't let anything happen to him!"

"And! I want to tell the boy that the magic's restoring power is far better than anything else

"You four ways! It's better to step into the devil's road

Language down, endless evil Qi gushes from the eyebrow heart! Attached to Ye Chen!

Ye Chen is surprised to find that his injury is recovering rapidly!

More importantly! This evil Qi is totally different from the ordinary evil Qi!

This evil Qi is infinitely close to the original power!

And the sound just now! He's very familiar!

This is the strong one hidden in the devil's eye!

He didn't know the origin of the man behind the voice!

But every time the strong one comes, it is the end of the day!

Ye Chen opened his eyes and looked at the black stone!

This black stone can communicate with his four ways and the devil's eye!

He even felt the black eyes of the devil!

I don't know how long, the light of the black stone gradually disappeared.

Then quietly fell in the palm of Ye Chen.

It's like a deep sleep.

Ye Chen suppresses the shock in his heart and looks at his body which is just in a mess!

It's back to normal!

Even with a trace of special original gas!

"It seems that I underestimated the black stone."

"It's just that the black stone is getting stronger and stronger, but it makes me feel powerless."

"The wine pot fairy who came into Lingwu land said that the blood spirit clan is not my ultimate enemy. The power behind the black stone is more terrifying and powerful."

"Even, in the eyes of that power, Lingyun xianzun is a mole ant like existence!"

"However, since the black stone has chosen me, ye Chen, no matter what kind of existence I face, will personally pull them down from the altar!"

Ye Chen doesn't think much about it any more. He tries to keep it steady while his body's original Qi is still there!

Soul race war!

He's pushing out a lot of energy stored in his body!

The power of Hunyuan immortal utensil has almost consumed half of its power. The power of the pills taken before has also been completely opened!

So I was promoted to the seven layers of heaven!

It's just the physical realm. It may take time to hunt and kill some monsters to improve. I can't bear the fierce attack of the strong in the later period of Shenwang's realm. I can't cross the level and fight close for a long time!

All of a sudden, ye Chen felt a flow of information in his body.

He glanced, and a smile formed in the corner of his mouth.

"Space is cut off!"

"This is not a small gain from the battle of the soul clan."

Ye Chen's physical transformation uses the Hunyuan immortal utensil, so there is the law of space in his body.

Now, the power of Hunyuan immortal tools is exhausted, and the power of the natural space law also appears in Ye Chen's body. Although it is not as powerful as the space law of the strong Hunyuan state, it is also powerful enough to sweep the vast majority of the enemies in the God state and the God King state!

The law of space!

Formed a move called space chop!

With the power of the law of space, it can tear the void and the flesh of the enemy!

"Good, good!"

"At present, there is no problem with the physical condition. It's time to see Ji Lin's condition."

The other nine sacrificial children have been taken away by the people of wanjiandi palace. Ye Chen doesn't need to take more measures.

Those nine kids should be okay.

What he really worried about was Ji Lin.

Because when ye Chen's spiritual knowledge was swept, he found that among the ten people, Ji Lin was the most seriously injured! The weirdest!

Ye Chen enters the tomb of samsara with the power of spirit and spirit. He finds Ji Lin in a coma and is slightly puzzled. He tries to explore with his own medical skills or the power of the spirit. Instead, he is severely injured and spits out a mouthful of blood!

"How could it be!"

"How could there be an inexplicable force in her body?"

"Something's wrong. Is she poisoned?"

"But what poison can do to me?"

Ye Chen thought about it and couldn't figure out the problem.

I'm just probing, and I'm really hurt!

If I'm really poisoned!

I'm afraid Ji Lin has fallen!

"Disciple

"This is not a common poison, but a soul poison!"

The ice sword immortal statue suddenly appeared beside Ye Chen. He looked at Ji Lin, frowned, and said, "once upon a time, there was a soul hall at the corner of the western and northern regions of Lingwu! People in the soul hall are good at using the poison of soul and spirit! ""If I am a teacher, I am not wrong!"

"This little girl has a unique soul poison."

"I have explored it before and found that the altar of the soul clan needs not only the altar of living people, but also a unique soul poison in the living people, which can resonate with the altar!"

"Master, how to remove it?" Ye Chen asks anxiously!

Ice sword immortal statue fell into a deep thought and did not reply for a long time!

The other three Golden Buddha masters, though practicing Buddhism, can only remove the toxin from the body, not the soul and soul. They are helpless!

After a long time, ice sword immortal Zun said: "in our situation, we can't detoxify her!"

"Why?"

"Soul poison is not a poison without a source." Looking at Ye Chen, Bing Jian Xian Zun explained: "it's like a river, it's from the source! Soul poison also has its source. Do you think you can block the water of a river? "

"Even if you can stop it now!"

"There will be a continuous stream of water coming in, and it will not be blocked after all!"

"This is the case with the soul poison. It is the toxin separated from the spirit of the old ancestor of the soul clan. It can continuously receive the spirit power of that ancestor through the void and supply it!"

The immortal of ice sword sighed and said again: "the way to detoxify is to kill the old ancestor!"

"Or, we can only let the ancestor of the spirit clan cut off the toxin by himself!"

"Or, take an ancient soul dragon grass, thoroughly evolve and sublimate her spirit, and cut off this toxin from the root!"

Hearing the master's words, ye Chen also understood!

Ji Lin this kind of toxin!

Either kill the ancestors of the soul clan, or get the ancient dragon spirit grass!

His body has just recovered, but he is just in the spirit state. How can he resist the existence of the soul clan ancestor!

Suddenly! A gray yellow luster, in the body of Ji Lin flickered out!

"This is it!" Ye Chen suddenly has an ominous premonition!

The gray yellow luster seems to have a spiritual general gradually came to Ji Lin's head, combined with the special strength of Ji Lin's body, gradually combined into a soul dragon!

A long soul dragon!

The soul dragon seems to be conscious, blinking an eye around is a new world, can not help but be ecstatic, said: "you have strange treasures, can store a piece of heaven and earth!"

Chapter 1415

"Not bad, not bad!"

"When Ben long breaks through the world, he will report back to his master."

"This piece of heaven and earth is bound to be seized by its master. In the future, it will be the place where the dragon lives."

"Ha ha ha..."

Before ye Chen reacts to come over, a voice of gaffe suddenly rings in the ear!

"Soul dragon!"

"It's a soul dragon! Damn it

The pupil of ice sword immortal Zun is enlarged. He never thought that there is a soul dragon hidden in Ji Lin's body!

He carefully looked at the soul dragon in front of him, and his hands gushed with boundless blue luster. It seemed that he was using the power of space law to suppress the dragon!

Bang bang bang!!

Bang bang!!

When the force of space law is close to the soul dragon, it will be swept and broken by the dragon body!

The body of the grey soul dragon is like a great wall of steel, sweeping out, crushing the force of countless space laws along the way, and even oppressing the ice sword immortal Zun into the corner, and constantly attacking!

Soul dragon's mightiness, even surpasses Ye Chen to see before any demon beast!

"Xianzun!"

"I'll help you too!"

Sun, moon and moon Buddha rise up at the same time!

One man took part in the war and danced with the power of all living beings. It was like a huge Holy Buddha's cover, but it just barely resisted the fierce attack of the soul dragon!

Another man, dressed in a cassock, held a purple gold pestle, one hand on his chest, recited the Buddhist Vajra Sutra, and jerked the Vajra pestle with the other hand, forming a series of Buddhist light waves, attacking and killing the soul dragon!

Soul dragon one on three, fearless, even not falling behind!

Bang bang bang!!

Boom!!

Explosions are coming out!

Countless aftershocks shock thousands of, lead to the entire samsara tomb are shaking!

Ye Chen had never seen such a scene before. He could not help but look shocked and said: "how can a soul dragon, a soul dragon composed of the power of the spirit, fight three masters without defeat in a row, or even gradually crush three masters!"

"What did Bai Kun do?"

"Why did Ji Lin have such a strong soul poison in his body?"

Why!

Ji Lin is not valued by the soul clan!

In case I rescued her, so I put the poison in Ji Lin's body in advance?

Even arranged for a soul dragon to guard?

"Disciple

"Don't panic too much!"

"The strength of this soul dragon should not be too strong!" The herbalist Buddha looks pale now. It seems that he has consumed too much power to help Ye Chen resist the attack of soul dragon!

Now, the pharmacist Buddha has almost exhausted his power!

So I didn't go up to help!

"Master!"

"Why is this thing so powerful?"

"Is it difficult to accept the power of its master?" Ye Chen inquires. He stares at the ice sword immortal statue and the two golden Buddhas in the sky. He often can't really attack the soul dragon's body. Instead, each attack is either blocked or hit far away through the soul dragon's body!

Or maybe soul dragons can attack them, but they can't attack them!

It's just like the original soul knife attacking Ye Chen. The attack is an out of body spirit attack, which is not in kind, so ye Chen can't resist it and is severely damaged!

"Soul dragon!"

"This is a soul dragon made up of the power of the spirit and soul of the strong man who creates the realm!"

"Simply put, it's a soul clan who creates a world, cutting off the power of its own spirit and storing it in her body!" The pharmacist Buddha answered, "I just observed it. It doesn't belong to Ji Lin!"

"It's ten girls, each of whom has a part of the power of the spirit!"

"In general, this is the picture."

The power of the spirit of the great power of the state of creation!

It's really alive, and it's the power of creation in full bloom!

It's not like ice sword immortal Zun. It's only the strong one of the real body's success power. The ice sword immortal Zun is the five layers of heaven in the creation realm, and the ten percent strength is only equivalent to the one layer of the heaven's combat power in the creation realm. It has been consumed before, and the present combat strength is the later stage of the harmonious world!

As for the sunlight Buddha and the moonlight Buddha, the two golden Buddhas have just got their bodies!

Holding on to death can also give full play to the fighting power of Hunyuan junior high school!

Relative to having the combat power of the harmonious world!

And the soul dragon whose body is not in one dimension is extremely difficult to fight against it!

Bang bang!!

A burst came out!

The sunlight Buddha was hit by the soul dragon, and the dragon tail swept out and fell on the ground, covered with blood. Even his weapon body was cracked!

Obviously seriously injured, it is difficult to continue fighting! Boom!!

A burst came out!

The soul dragon bit the moon Buddha's left arm directly. A left arm made of three Shenwang tools exploded suddenly, producing a huge shock wave, which blasted the moon Buddha a hundred meters away!

"Ha ha ha ha!"

"A bunch of rubbish!"

"I thought it was the offspring of some great power!"

"I didn't expect that it was just a boy with an adventure!"

The soul dragon sneered and forced back the ice sword xianzun. The huge dragon head turned to gaze at Ye Chen and laughed: "boy, what are you! Soon Ben long will be able to break through your treasure

"Once you go back!"

"I will certainly inform the noumenon to come, and then your treasure will be mine!"

"Ha ha! Kill The soul dragon lowered the dragon's head, and suddenly opened the dragon's mouth. It ejected a gray yellow dragon flame, sending out a breath of terror. It was like the life dragon flame of a real dragon. It pushed back the ice sword immortal statue for hundreds of meters!

It looks back at the exit of the samsara tomb and flies away laughing!

Just then!

In a moment!

A violent to the extreme breath, throughout the tomb of samsara!

Secondly, there is a flame gushing out, which immediately envelops the soul dragon, and the soul dragon makes a miserable scream!

The blood dragon in Ye Chen's body rushes out. The body shape of Ye Chen is very different from that before. The blood dragon body is majestic!

Cold eyes imitate Buddha, can not tolerate everything!

It looked at the soul dragon, the instant surge! Burst out to carry out the sky of the Dragon chant!

Like a nine day dragon landing on the earth!

Can be called the real dragon king!

"You want to take this place?"

"That's looking for death!"

The blood dragon makes a cold and vicissitudes sound. At the moment, it seems like an ancient great power. With a slight wave of its blood red claws, it imprisons the soul dragon. Moreover, the whole body burns out fierce dragon flame, which turns into a long sword and cuts the soul dragon directly!

"No..."

"It can't be like this..."

"You, who are you?"

The soul dragon is extremely frightened. At the moment when the flame long sword approaches, it suddenly understands what it is!

"You are the ancient blood demon Dragon God -"

CLICK!!

Click!!

The Qianzhang soul dragon was cut by the flame long sword, and quickly broke into dozens of sections. The long and narrow dragon body is equivalent to the thick and huge body of the blood dragon. Even if it is very long, it will fall down. In an instant, it will be returned to its original state!

Chapter 1416

Whoosh!!

Whoosh!

The remnant limbs of soul dragon turn into gray luster and return to Ji Lin's body again!

"Blood dragon!"

"What's going on?"

"The soul dragon has not been destroyed yet?" Ye Chen anxiously asked, he found that Ji Lin had fallen into a coma!

That evil spirit clan power seems to be still in Ji Lin's body!

"Master

"With the power of blood, I suppress the soul dragon!"

"However, I can't completely eliminate the existence of the soul dragon. After all, it's the power of the spirit and soul of the strong man in the eight layers of the heaven in the heaven of the nature world. I can't get rid of it until I arrive at the first layer of heaven in the state of creation!" The blood dragon has become smaller and weaker!

It explained in detail: "and my strength now is at most equivalent to the level of Hunyuan realm! Of course, in the case of a complete outbreak, not necessarily! "

"It's just, I can't take the initiative to explode all the power!"

"Therefore, there is no way to completely eliminate the spirit power in Ji Lin's mind. It can only be said that every time these spirits come out, as long as I am there, they can be suppressed!"

The shadow of blood dragon in Ye Chen's body!

It has the blood power of ancient blood demon Dragon God!

The Dragon God is a powerful one with the title of true God. In ancient times, he can be called a giant. His own blood is naturally second-class, which is not similar to those of the Shenglong family and the Shenlong family!

The power of blood in Lingwu continent!

It is mainly decided by the most powerful ancestor. If it is the ancestor who arrives at Fengmen, the descendants of Zhenshen will be second rate blood!

Arriving at Taixu, that is, the realm of canonization, the blood of descendants is also the first-class blood!

This kind of blood can hardly be seen in Lingwu mainland!

The other lower blood vessels, three blood vessels corresponding to the ancestor cultivation, is the star orifices of the real God!

Four streams of blood, the corresponding ancestor is a strong Creator!

Five streams of blood, corresponding to the ancestor is a strong combination of Tao!

Six streams of blood, the corresponding ancestor is the Hunyuan realm.

Seven flow -- the divine kingdom!

Baliu - enter the realm of God!

Nine streams of blood, almost not into the stream, any warrior is Jiuli blood, can fight with their own blood force!

Relatively speaking, the blood dragon has a second-class blood, so it can suppress the four blood vessels of soul dragon and the pressure between blood veins. In addition, the blood dragon itself is in the same dimension with the soul dragon, so attacking the other side can also suppress the other side!

"So what?"

"Ji Lin's soul poison must be removed!" Ye Chen fell into distress, "we must find the right antidote!"

"To save this girl..." The pharmacist Buddha said slowly, "do you remember the methods I told you before?"

He gradually came out, put up three fingers, and said, "first, kill the powerful soul clan of the eight layers of heaven in the nature world!"

"Second, let the powerful soul clan remove the soul poison automatically!"

"The third one is to obtain ten thousand year soul dragon grass!"

Three ways!

Three ways!

The pharmacist Buddha continued: "the first one is impossible! At least, it won't be possible in a year. We don't have enough strength to kill the strong soul clan, and we don't have enough treasures to invite the strong to kill together

"Second, it's impossible!"

"If the soul clan captured Ji Lin, it must be used as a sacrifice. It is impossible to detoxify them!"

"What's more, we have just escaped, and now the soul clan hates us to the bone. It's a great luck for us to enter without being attacked by them."

As for the third With a sigh, the pharmacist Buddha paced around and said slowly, "the reason why the soul clan is powerful is that they specialize in the power of the spirit! The soul of Jin people will be transformed into a spirit of the people! "

"And the process of becoming a soul dragon!"

"We need a long-term soul dragon grass!"

Soul clan!

The people of the whole ethnic group cultivate the power of spirit and soul. For them, the nine layers of heaven in the harmony of Tao want to break through to the realm of creation!

After that, the spirit of the mass dragon can be changed into a spirit, and it needs to be changed into a spirit!

This is also the reason why the soul dragon is condensed in the minds of Ji Lin and others!

"And the soul poison and soul dragon in Ji Lin's body are extremely poisonous things for ordinary martial artists!"

"Only with the spirit of ten thousand years of grass, to fight poison with poison!"

"Just!"

"It usually takes 12000 years to mature this kind of grass."

"And each plant means the birth of a strong soul clan man. As far as I know, only the deepest forbidden area in this soul clan territory can grow soul dragon grass for thousands of years!" Looking at Ye Chen, the pharmacist Buddha sighed and said, "it's just that there is an array called the ten thousand year soul dragon array." "This array!"

"It's the one who is in a strong position and doesn't pay attention to it a little bit!"

"They may die, not to mention you..."

Ye Chen!

It's a monster!

It's powerful!

But now it's only the seven layers of heaven in the divine realm, which is at most equivalent to the combat power of the seven layers of the divine kingdom!

If you want to break into the road, you will have a dangerous soul dragon array. It's unrealistic!

Ye Chen looked at Ji Lin, he knew that he had no choice. Mou Zi congealed and said directly, "I must break through!"

"Ten thousand year soul dragon array is nothing!"

"It's just an array of two or three big realms higher than me!" Ye Chen's eyes were firm and resolute, and he continued: "I've been through this kind of array which is much higher than my own level before. I don't know whether Ji Lin lives or not. I promise Ji Siqing to protect Ji Lin, so I must go in and get the soul dragon grass of ten thousand years!"

Soul clan?

Ten thousand year soul dragon array?

What is that!

There is no array in the world that can block him. Maybe he will break into this array this time!

He can also be promoted to the top of nine layers of heaven!

At that time, when we arrive at Shenwang state, four roads will be promoted to Shenwang Dao. If we master some space rules, he will be able to kill easily in Hunyuan state without the help of masters!

"Ah

"Now that you have made up your mind, we will try our best to help you then!" The pharmacist Buddha said helplessly, "you must remember that a ten thousand year old soul dragon grass is enough. You must not take more, or it will cause the revolt of the soul clan, and it will not be easy to solve it at that time."

"Wait a minute!" Ice sword immortal suddenly noticed something, his eyes twinkled, staring at the two tombstones, quite mysteriously said: "it seems that there are two tombstones that have reacted!"

He raised his head and looked slightly, and his lips outlined a smile of evil charm. He said, "it seems that two new friends will come again! Maybe, this time, they will come out of the ten thousand year soul dragon array! "

"Then!"

"Gather the strength of the six of us to help the tomb owner!"

"Soul clan, you can kill out!"

"By the way, someone is looking for you outside. I'm afraid it's from wanjiandi palace!"

"You should not disclose too much about the palace of wanjian emperor."

Chapter 1417

Ye Chen nodded slightly, and finally came out of the tomb of samsara. As soon as he opened the door and came out, he saw Wang qingjue. Wanjian emperor palace still needed to deal with it. According to the meaning of ice sword xianzun, he only said that the real body of Bingjian xianzun was there. Let's not talk about other things. Let's see the reaction of wanjian emperor palace!

"Brother ye, please!"

"Our elder, qingjianxianzun, and all my younger brothers and sisters are waiting for you!"

Wang qingjue's eyes show the trace of the desire of Dao Dao. He obviously wants to know the trace of the ice sword immortal statue!

As the inheritor of the skills left by the ice sword immortal master, he is regarded as a disciple of the ice sword immortal master. However, he did not get the unique sword formula of the two immortal masters, namely, the time and space sword formula and the cold ice sword formula. What he got was mainly the combat experience and cultivation knowledge recorded by the ice sword immortal Zun's life!

Relatively speaking!

Ye Chen has the ice sword immortal statue to instruct and practice all the time!

It's much better than Wang qingjue!

However, Wang qingjue, who was in the eight layers of the divine Kingdom, did not dare to underestimate Ye Chen. When ye Chen passed by, he was acutely aware of an unusual feeling. He even felt that if he started, he would soon be killed by Ye Chen!

"On the fifth floor!"

"Follow me, please!"

Wang qingjue led the way and thought: how fast the speed of cultivation! What's more, the murderous spirit of this man is too heavy!

I'm afraid that the breath is the strong one of the five or six layers of heaven in the kingdom of God, and fight with him! He'll be killed in a short time, isn't it?

It is said that he has also cultivated the road of extinction, which can annihilate other people's Shouyuan. If he can't be killed directly in a war, he may be consumed alive. No wonder he dares to provoke the soul clan and threaten to destroy the territory of the soul clan!

"Qingjianxianzun! And your younger brothers and sisters. "

"This time, are they alone?" Ye Chen asks!

"Yes Wang qingjue's eyes flashed a surprised luster, sighed, and said again: "originally, the elder of green sword contacted other elders in the sect. He wanted to come and ask about this matter together!"

"What a pity!"

"Today's news has been sent out, but there has been no response!"

"I don't know if something happened there!"

"But don't worry!" Wang qingjue said with a smile: "we have 16 jianzuns in the palace of wanjian emperor, plus five sword gods guarding the four sides. The ordinary enemies dare not fight against us!"

"Here it is!" Wang qingjue opened the door himself and motioned Ye Chen to go in!

The moment Ye Chen entered, he saw the green sword immortal Zun with a worried face. Then he looked at other people in the palace of wanjian emperor. He nodded slightly and took a seat. He said, "everyone, if you want to know any news, please ask me!"

"Good!"

"Your name is Ye Jingtian?" Green sword immortal Zun asked!

"I come from kunlunxu and come from the world of low martial arts. I can't hide this from you!" Ye Chen took a breath and said, "I don't know elder green sword, but what do you want to ask me?"

Qingjianxian Zun stares at Ye Chen, his eyes twinkle.

After a long pause, he finally waved the soundproof array outside the room to make sure that no one could eavesdrop on it. He asked cautiously, "I know that you used the space-time sword formula and the ice sword formula of the seven elders of our school when you were waiting for elder baikun of the war spirit clan just now!"

"I send seven elders!"

"It's the ice sword immortal statue that ran across the northern region fifty thousand years ago."

"At the age of one thousand years old, he was promoted to the realm of fortune. He once swept through one side and was called the first person of the younger generation!"

He sighed and then said, "it's a pity that ten thousand years ago, the seven elders suddenly wanted to go out. This was ten thousand years ago. So far, there is no news, but the Soul Crystal stored in the secret ground is not broken!"

"We can't tell if he fell or not!"

"But it was too long to wait for him to return. In addition, thousands of years ago and 3000 years ago, our palaces of wanjian emperor, Lingxian emperor, BAIXIAN king and Huangpu family clashed, and two sword zuns who created the four layers of heaven in the world fell down again!"

"Ten thousand years down!"

"I have been promoted to eight swordsmen, which is what you understand as the strong man of fortune!"

"But more than a dozen sword statues have fallen, and their cultivation can't keep up with the falling speed. So we opened the palace of ice sword immortal Zun and learned that he left the book. We judged that he had fallen into the secret land or could not come out of the Jedi!"

Qingjianxianzun said a lot, and finally said, "that's why we let our disciples inherit his skills!"

"When we say so much, we hope you believe it!"

"At the same time, it also expresses our desire and hope for the new Jian Zun!"

"When we opened the palace of the seven elders, we didn't get his two unique sword formula, but you have his two unique sword formula! So we want you to tell me where you met the seven elders! "

He stopped for a long time and deliberately observed Ye Chen's attitude and reaction. He found that ye Chen did not feel any panic or fear. It didn't seem like he was trying to hide anything. He continued: "if you know where the seven elders are, please tell us!"After listening to these words!

Ye Chen nods slightly, also preliminary had some understanding!

At least, the sincerity of wanjiandi palace is enough, otherwise it won't say so much to yourself!

However, if you want to know the whereabouts of the ice sword immortal statue, I guess I want to welcome back the ice sword immortal Zun and restore the strength of wanjian emperor palace. Of course, there may be other purposes, but this is normal, at least in the cultivation world!

It's impossible to save people for nothing! We must have our own interests to pursue, but when we are greedy for interests, we should observe carefully whether it is for ourselves or for the sect.

"Wanjian emperor palace!"

"Ten thousand years, twelve swordsmen have fallen!"

"This speed, a little amazing!"

Ye Chen has always felt that it is difficult for the strong people of the level of xianzun to fall down because they know the law of time and space. They are not afraid of Shouyuan's death. They also have many followers. Unexpectedly, there are so many strong people in wanjian palace!

In the tomb of samsara!

The ice sword immortal Zun can't sit still when he hears these things. He says to Ye Chen quickly: "just, you tell him where my real body is!"

"The palace of wanjian emperor is the place where I lived since I was a child. After years of cultivation by the clan, I was trapped in the nine Jedi before I came and paid for the sect. Tell them where I am, if they can save me!"

"My real body can also serve the sect!"

"At the same time, they can also help you get the soul dragon grass from the soul clan, killing two birds with one stone!"

"Yes, master!" Ye Chen was slightly distracted by the green sword immortal, but ye Chen didn't care. He stood up and said, "I know where the ice sword immortal is and what you think!"

Chapter 1418

Whoa!!

Whoa!!

In an instant, dozens of disciples of wanjian palace were shocked!

The elder jianzun ten thousand years ago, if we return, our sect will surely increase its strength!

Before that, the elder of ice sword was already in the middle of the state of creation!

If you can practice, isn't it enough to step into the realm of celestial beings and become the God of ice sword? If there is one more sword God, there will be no need for wanjian emperor palace to be besieged!

All the disciples have such ideas!

Wanjian emperor palace!

After all, it is a superior sect with sword God and sword Zun!

Even if he was jointly targeted by several superior sects and families, or even attacked by the soul hall, he still did not show weakness to the outside world. Even the weak qingjianxianzun dared to shout out the words of exterminating the soul clan!

Enough to see, if not strong enough! I'm afraid you've already suffered the disaster of extinction!

The so-called Buddhists put down the butcher's knife and become a Buddha!

But for them, to put down the butcher's knife is to die!

Therefore, the elders, Dharma protectors and disciples such as qingjianxianzun are all powerful to the outside world, and they have no secret cultivation disciples inside. They expect to have another sword master. Otherwise, they will not fight for ye Chen's bullying and willing to fight against the soul clan!

Everything is because of the ice sword xianzun!

The gold content of a sword Zun, even a sword God, is more than the value of dozens of people who are strong in Taoism!

"Ice sword immortal Zun!"

"It's my master, too!" Ye Chen said slowly, "when I came to Lingwu land, I got the guidance of the remnant mind left by the ice sword immortal Zun! Moreover, before the death of the last thought, he felt that he was trapped in the nine Jedi

"I promised ice sword immortal!"

"As long as the strength reaches the realm of creation, go and rescue his real body!"

Ye Chen naturally can't tell the secret of reincarnation cemetery, just tell the real location of ice sword immortal Zun!

As for how to search for the palace of wanjian emperor is their business!

Qingjianxianzun suppressed the vibration in his heart, nodded slightly and sighed: "yes, if you are not a disciple, if you are not a trusted person, even if it is just a remnant, you will not casually pass on the two unique sword secrets to you, since you have been passed on by the seven elders, and it is a Taoist Scripture!"

"That starts today!"

"You are a Taoist disciple of wanjiandi palace!"

"Wang qingjue, come here and see your senior brother!"

"Yes Wang qingjue looked respectfully at Ye Chen and said, "Hello, elder martial brother."

Ye Chen nodded!

The green sword immortal Zun but thought of the cableway: "the nine Jedi!"

"You mean the nine Jedi on the edge of the northern region?"

"Yes! Heaven and earth in the nine Jedi Ye Chen doesn't know what kind of situation Qiankun kill domain is. Anyway, the information is brought to him!

"It's heaven and earth! No wonder The green sword immortal couldn't help sighing, "no wonder seven elders have been trapped for ten thousand years and can't come out!"

Heaven and earth, Jedi!

Among the nine Jedi in the northern region, the most dangerous one!

It is full of all kinds of space-time blades left over from ancient wars, such as artifact, true artifact, holy soldier and so on. It even includes the remains of dozens of powerful people who have been granted gods and real gods, as well as Daoguo and Daoguo storage!

Although there are many treasures!

However, it is also a Jedi of mortal life. It is full of numerous space cracks. If you take a wrong step, you may be trapped in the small world like the ice sword immortal Zun for tens of thousands of years. This is good luck. If you are not lucky, you may fall directly into the endless void, and you will never return forever!

Moreover, the nine Jedi are at the junction of space!

Only those who are strong in Hunyuan environment can be qualified to enter if they understand the law of space!

In addition, even if they are both doomed to death, only the realm of creation can survive!

However, the green sword immortal Zun also wondered how the ice sword elder could enter such a dangerous place for no reason.

Was it forcibly brought in? Or is there another conspiracy?

Qingjianxian Zun stopped thinking about it, and his eyes fell on Ye Chen again:

"good, ye Shitian!"

"We won't forget the news you brought!"

"When I go back, I will tell the palace master that I will send a sword God elder and one or two sword masters to rescue your master!"

As for you Looking at Ye Chen, the green sword immortal Reverend sighed: "you don't want to go. The nine Jedi will die for a lifetime. It's not for nothing. Although some people go to explore it, they may be promoted to the Taixu state!"

"It's possible to get artifact, artifact!"

"But those are too far away for you to die!"

Each realm has its own weapon!

He Dao Jing is the artifact of he Dao!

The realm of creation is the "blade of time and space" which contains the law of time and space!Xingqiao state is able to use artifact, change time flow rate, create all things and so on, so it is called artifact!

Fengmenjing is a real artifact, and its power is still on the artifact!

As for the legendary Taixu state, where saints can be canonized, the weapons used are holy soldiers. It is said that once the holy soldiers come out, the world changes color. No one in Taixu can resist the power of holy soldiers. However, there are such weapons in the heaven and earth killing area!

It's all ancient wars! Several saints and sages are left behind by the strong people of Taixu state!

Suddenly!

Clang! Clang!!

Clang!!

A sharp voice came!

The green sword immortal Zun's face changed greatly. He quickly took out a communication token. His face was gloomy and asked, "what's the matter?"

"No, elder!"

"The hundred immortals palace unites the holy dragon family!"

"A total of 12 strong people in the creation of chemical environment, plus five powerful people of Fengshen Xingqiao state, attacked our wanjian palace!"

In the token came an urgent voice, saying: "the palace master ordered all the people outside to return to the sect to resist the enemy together, and at the same time avoid being attacked by the holy dragon family and the hundred immortals palace!"

"Damn it!"

Qingjianxianzun was very angry. He knew the whereabouts of the seven elders. Something went wrong!

Hundred immortals palace!

Holy dragon family!

Isn't it two families and clans that have already made a feud?

How could it suddenly combine?

Attack the emperor and return the sword to me?

"Ye Shitian!"

"Would you like to come back with us?"

"When we return to wanjian emperor palace, we have five sword gods and sixteen sword worshippers. Naturally, we are not afraid of Shenglong family and BAIXIAN emperor palace!"

"Even at the last moment of the war, we will drag them to death at least ten of them. We will never let them break through our Mountain Gate!"

Qingjianxianzun began to attach importance to Ye Chen. He said, "if you go back with us, I can guarantee you that our sword God sword master will not fall, your disciples will never die, and I will not let you die!"

"No need!"

"I'm going to stay here and deal with some things!"

Ye Chen also had to go to the soul clan and take the ten thousand year soul dragon grass. Originally, he wanted to ask the wanjian emperor palace to help!

Unexpectedly, the palace of wanjian emperor was attacked by a top family and a high-class sect. It seems that they can only rely on themselves to obtain the soul dragon grass of ten thousand years!

Chapter 1419

The green sword immortal Reverend gaze at Ye Shi Tian for ten seconds!

Finally, he nodded and gave Ye Chen a unique token with a long blue sword engraved on it. He said with deep heart: "since you are the Taoist disciple of the seven elders, that is, the people of wanjian emperor palace, don't forget this sentence!"

"No matter what difficulties you may have in the future, as long as you don't do anything harmful to nature or human relations!"

"I wanjian emperor palace will protect you, even if the whole faction is destroyed!"

"This kind of protection is not only for you, but also for all the disciples!" Immediately, he showed a smile and said, "the token I gave you can break out with all one's strength of the heaven in the harmonious realm, but only once!"

"This time, we have to go back!"

"Two shameless families and clans just killed some of their disciples, and several people who should have been killed have made such a big fuss!"

"I'll see whether their weapons are powerful or our swords are hard."

After saying this, qingjianxianzun turned to the other 15 disciples and solemnly ordered, "all the disciples are on the boat!"

He opened the window and jumped up to the boat. His disciples followed him!

The next moment!

A sound of breaking through the air!

The flying boat of wanjiandi palace directly tears the void and rushes back, looking very anxious!

Ye Chen stopped by the window and thought faintly about the cableway: "is it difficult? Is it a disciple of the wanjian emperor palace who killed the disciples of the Shenglong family and the hundred immortals palace?"

"So they were called on by the two forces."

"Besiege them and force them to hand over their disciples?"

"If the disciples of the two great forces who were killed are really damned, if the palace of wanjian emperor tries its best to protect its disciples, it will be the backbone of a great school!" He took the token in his hand and said with a smile, "I am a disciple of the wanjian emperor palace?"

"Forget it!"

"Those people and things are too powerful and too high!"

"It's not something I can deal with!"

Ye Chen walked out of the room, wandering on the corridor, thinking: "maybe, the soul of the clan, I should go to the North Palace Ziyu help!"

.....

Ye Chen is looking for Ziyu in Beigong!

Lingwu northern region, a desert, is full of endless resentment spirit!

Countless soul people are like slaves, carrying special stones and building so-called strange palaces!

In a palace that has been built, there is an old man in grey robe sitting on his knees. He is surrounded by countless stars, as if in a galaxy. He is a star, and the stars around him are stars. It is very beautiful, beautiful but with killing intention!

"Poof!"

"Who?"

The old man in the grey robe spurted out a mouthful of blood, and his look was a little startled!

He subconsciously looked at his palm. The strength in the palmprint was obviously weakened, and even his body turned blood red. Gradually, he said, "no, no How can I suddenly weaken so much

"What happened?"

"Did someone suppress my scattered spirit power?"

"Or is there a secret place of the soul clan broken?"

The old man in grey robe, as one of the elders of the soul hall, is the cultivation of the eight layers of heaven in the realm of nature!

At the moment, they are all spurting blood by the shock. Obviously, they feel that their soul dragon has been suppressed!

"Who is it?"

"I dare to suppress and even break my spirit power. If it wasn't for the qualitative change of my spirit, the power of the spirit would have been completely broken!" The old man in grey robe pondered thousands of times, but he still didn't think of what was going on!

"That's it

"Explore with the laws of time and space!"

"I can't find out if I don't believe it!"

The old man in grey robe took a he Dao Shen Dan. His breath was slightly stable, but his chest was still fluctuating. Obviously, he was hurt badly!

His hands were printed, his left hand lingering red light, turned into a Phoenix, and his right hand condensed blue light into a dragon. His hands were combined, and the laws of time and space were integrated to directly open the void above his head, and with the help of the characteristics of the law of time and space, he traced the cause!

A long time ago!

The original basin mouth size of the void cracks, gradually formed a picture!

Vaguely, a blood light appeared, and a fierce blood dragon appeared!

The sound of the dragon is resounding! Powerful!

Clang! Clang!!

Clang! Clang!!

Soon, the picture broke, a force directly hit the old man in grey robe!

"Poof!"

"Asshole!" The old man in grey robe angrily scolded. He was completely wounded and lay down on the ground. He even had the strength to get up!

"Elder!"

"Elder, what's the matter with you?"

The two Dharma protectors of the frontier came up to help the old man in grey robe, and took out the healing God pill to take it at the same time! The old man in grey robe took more than ten valuable healing pills in succession, and then his complexion was restored. He could not help but feel shocked. He said to himself, "the secret has been handed down in ancient times. The day when the blood dragon reappears is the time when I exterminate the clan."

"Is it difficult?"

"Can it be true?"

He remembers very clearly, so-called blood dragon!

It refers to the blood demon Dragon God originated from ancient wars!

"Elder, is the rumor true?"

"What do you mean, elder?"

The two Dharma protectors were confused and did not know what the old man in grey robe was saying.

The old man in grey robe looked at them and forced to suppress his anger and said in a cold voice:

"at that time, our ancestors, known as the true God of hundred exterminations, took part in the war together with 17 true gods and even a half step sage to kill the ancient blood demon dragon!"

"That war!"

"It's been smashed, seventeen true gods have fallen, and the half step sage has been transformed into a Taoist priest and collapsed!"

"The true God of baimie of our family was the nine layers of heaven in the Fengmen realm at that time, which was infinitely close to the sacred Taixu realm. He survived by chance, and was the true God who finally killed the ancient blood demon Dragon God and survived!"

Recalling all the records in ancient books, he continued: "after the return of the old ancestor, because of the power of the Dragon God, the blood demon led to his death after ten years of life. Before the fall, he once ordered people to record that once the blood dragon was born!"

"It is very likely that the hidden descendants of the blood demon Dragon God, or reincarnation, will come to take revenge on our soul clan!"

"And the blood dragon I saw today is the same as that in the records!"

"So I guess that the blood dragon is probably a descendant of the ancient blood demon Dragon God, and will surely come to seek our revenge!"

"Order to go down!" He took out his token, motioned to the two men and said, "at all costs, we should not let go of the news about the appearance of the blood dragon in the five regions, or there is a danger of extermination."

The two Dharma protectors were totally confused when they heard this sentence!

That's it?

They are the soul hall!

In the whole land of Lingwu, how many powerful people hear the spirit hall without fear!

But at the moment, the powerful soul hall is actually afraid of a blood dragon shadow?

The key is that they don't know what kind of existence stands behind the blood dragon!

Chapter 1420

Before meeting the old man in grey robe, the two people had not started yet. They drank violently:  
"don't you go to herald soon?"

The violent air waves burst like a bomb! The two Dharma protectors who are in harmony with the Taoist realm are directly shocked!

"Yes, yes! We'll go now

The two Dharma protectors in the same realm did not care about their own injuries, and rushed to one direction.

They know that if they don't leave, they are not qualified to bear the anger of the old man in grey robes!

After the two Dharma protectors left, the old man in grey robe gazed at the distance and fell into meditation. After a long time, he said to himself, "is it difficult? The legend from ancient times will soon become reality? Ancient blood demon Dragon God, is it really so powerful? "

"The soul hall really wants to dissipate in the world?"

It is recorded in the clan that several demon dragon gods, such as the ancient blood demon Dragon God, fought with the Terran in ancient times!

The Dragon God ranks among the half step saints, and no matter how bad it is, he is also the top strong one in the level of "nine layers of heaven" and "true God"!

However, those who killed them were also powerful in Fengmen and Taixu. That was the existence of the title of sage. In ancient times, wars could only be regarded as human tragedies!

At the cost of dozens of real gods and more than a hundred stars and orifices!

Killed three demon clan real God strong!

Isn't it!

Haven't you killed it completely?

Can these demon clans be reincarnated, or not dead at all, and their power has been recovering for hundreds of thousands of years?

No way!

Never let the ancient blood demon Dragon God revive!

Not to let my soul palace be destroyed!

"My part of the spirit power! Suffered the suppression of the blood dragon power! We should be able to trace some clues! "

As one of the strongmen of the soul hall, the old man in grey robe immediately began to investigate. He scattered a lot of spirit power to help the soul clan people everywhere to fight against enemies, suppress traitors, or other purposes!

The soul clan scattered all over the northern and western regions.

There are not only one residence on the side of elder baikun. On the contrary, there are more than ten residences. Some of them have half built strongholds and some have only Hedao. But there is no doubt that any place of residence has the combat power equivalent to a lower class sect!

Of course, the place where elder baikun lives controls a special altar, so they pour the spirit power given by the old man in grey robe into the body of ten girls. They will take it out for the next time after the altar is held!

But I didn't expect that the altar for thousands of years has not changed after ten or twenty times!

This time there was a change, and it was so big!

A long time ago!

The old man in the grey robe spat out a mouthful of blood again, and his expression became gloomy. "Using the law of time and space, we can only capture a trace of information. The blood dragon is in the territory of the northern palace family, but where is the specific..."

"It can't be found out at all!"

"There is even a mysterious force in the dark to counter my exploration, and even break up most of the power!"

"The blood dragon must be attached to an absolute strong one!"

He thought about the power of the blood dragon and the situation of many powerful people in the Beigong family!

A moment later, the old man in grey robe summoned Three Dharma protectors at the early stage of the Dao state, and asked coldly, "what is the strength of Beigong family now? How many people are there in the realm of harmony

"Report to elder huntian!"

"The Beigong family is a medium-sized family for the whole Lingwu continent! The qualifications are not bad! " Now, we have a total of thirty-six practitioners of the Dharma Realm

"Oh?" The elder of huntian thinks that the blood dragon should be attached to the martial arts of the same way.

Because his power has to travel through thousands of miles of space. When it reaches there, his strength has weakened a lot. Only the martial arts in the realm of Taoism can resist him. Moreover, within the jurisdiction of the Beigong family, the Beigong family is the most suspect!

"Is there anyone in just a hundred years, no Within ten years, the strength has suddenly soared, and there is no basis for it! " The old Hun Tianchang refined it step by step, and even asked, "are there any other martial artists in the northern palace family who are in harmony with the Tao and creating the chemical realm?"

"Report to the elder!"

"There are ten in the early stage, twelve in the middle stage, seven in the later period and seven in the peak of the northern palace family."

"As for..." The red robe Dharma protector frowned and recalled carefully: "the state of fortune is all eight ancestors of the Beigong family, five in the early stage (one to three layers of heaven), one in four layers, one in seven layers, and one in eight layers!"

"As for..."

"As for other realms of harmony and creation..."

"I don't know!"

Bang!!

A force of the law of time and space turned into a huge hammer, and in an instant, the red robed Dharma protector flew out, directly inflicting heavy damage on him, and his body almost collapsed!

The elder huntian looked even colder and said, "our soul clan has the ability to explore the world's sects. You don't even know how many harmonious and creative realms there are under a northern palace family. If you are not already a harmonious realm, I will kill you today!" "Don't go out and find out!"

"Give me special attention to those who have made great strides in power."

"Elder!" Another white robed Dharma protector asked with a stiff head: "under the state of harmony, do you want to check it?"

Bang!!

Another big hammer smashed the breastbone of the white robe protector directly!

Huntianchang was very angry, and suddenly patted the ground, and the ground trembled and cracked, "he Dao Jing? How can you block my exploration under the condition of harmony? What do you mean? Don't you look up to me

They are all mole ants in the realm of harmony!

Never block my exploration!

The person that the blood dragon depends on must be the realm of creation!

"Listen!"

"Go all out to trace and search for the martial artists in the inner realm of Taoism and the realm of creation within the jurisdiction of the northern palace family!"

"If you find something strange, report it to me directly. If you dare to hide it, I will frustrate you to the bone and ashes!" The soul day long old said, the internal injury recurred, and slapped the remaining two Dharma protectors to fly out!

He had to sit in meditation to heal his wounds and take some alchemy pills. He could not help but say to himself: "the blood dragon comes into the world. On the day of the extinction of our soul family, the old blood demon Dragon God will return soon. The everlasting hatred will be over."

"Even if we want to end it, we have to kill the blood dragon and the blood demon Dragon God." With a shadowy look, he set the pattern and the scope of his pursuit between the realm of harmony and the realm of creation!

He felt that Hunyuan could not stop himself!

Xingqiao state, they dare to explore, will be killed in an instant by the other side, so the blood dragon must only take these two states!

During this day, the huge soul hall was mobilized, and countless spies and dark lines emerged. All the people's eyes fell on the Beigong family and its jurisdiction, which even made many medium-sized families and sects panic!
