Chapter 1421

.....

But all this, have little to do with Ye Chen!

At the moment, he is still thinking about how to get ten thousand years of soul dragon grass!

In the reincarnation cemetery, the ice sword immortal Mou Zi coagulates. It seems that Zun is aware of something. He quickly sends a voice to Ye Chen: "boy, just now the reincarnation cemetery seems to have resisted the exploration of a strong man on his own!"

"Probe?"

Ye Chen was stunned and thought for a second, and then he said:

"if I guess correctly, this investigation is either from the soul clan or from the blood spirit clan!"

"The ancestor of the blood spirit clan, he lived in the nine layers of heaven. He used to think that he was very strong, but after he came to Lingwu, he didn't feel anything! As for the soul clan, it's a trouble. However, it's the strong people in this place who are exploring me. "

"When you leave! I also heard the dialogue between qingjianxianzun and the ancestor of the soul clan! "

"It seems that both sides are the realm of creation, but the ancestor of the soul clan here should be in the early stage of the state of creation. He should have been exploring me with his strength just now. Unfortunately, he was blocked back by the samsara cemetery, so don't worry about it!"

He came out of the samsara cemetery, paced in the room, thinking of the rope: "to go to the soul clan to collect ten thousand years of soul dragon grass!"

"It's hard to break in!"

"Unless there are two more masters, and I arrive at the Hunyuan realm, or I can gather the strength of six masters, I can fight against one of them!"

"As for now, no!"

"What about the deal?" With his left hand on the window, he thought, "if you want to exchange the spirit dragon grass with the combination of Tao artifacts, the people of the soul clan will agree. A piece of magic tool means that a person with a strong state of harmony can only exchange a plant of soul dragon grass, which should be OK!"

Even if it's not enough, you can add more!

After exchange, you will get ten thousand year soul dragon grass. After detoxifying Ji Lin, you will come back immediately!

Soul clan is not good stubble, ye Chen doesn't want to trade with them!

After all, there is no reincarnation graveyard, and there is no green sword immortal to respect them. Ye Chen died in the soul clan long ago!

So, the right deal!

Ye Chen never thought about it!

"But now that my identity has been revealed, it is impossible for me to come forward!"

"Who should I look for?"

"Wanjiandi palace has something to leave now. I can't find wanjiandi palace to fight!"

"By the way, Beigong Ziyu is nearby. It may be feasible for her to come forward or ask her to come to exchange with the powerful members of the northern palace family who are in the same Taoist realm!"

Ye Chen quickly came to the hotel room where Ziyu in the North Palace was resting. His eyes swept over Du Bai, Li Shu, Zheng Bo and so on. He immediately clasped his fist and said, "are you ok?"

"Thanks to you!" Hua Di fan gnashing his teeth to see ye Chen!

Hua Tianfan's face is cold too!

This time, the chance of the soul clan is completely gone!

Broken in the hands of Ye Chen!

Originally, after they accepted the chance, they might be able to enter the kingdom of God and become a city lord or even a Dharma protector. Unexpectedly, all these things were destroyed in Ye Chen's hands!

Zheng Bo and Li Shu are expressionless, can not see is blame or indifferent!

The North palace purple jade one face is sad, indifferent said: "master, you are OK!"

She took a long breath and said, "I didn't know before. The girl for the memorial ceremony of the soul clan is your friend. If I know, I will help.

But this trip to the soul clan was ruined! It is estimated that in the future, it will be difficult for us to go to the soul clan to attend the memorial ceremony! "

This time!

Don't blame the master or us!

As for the soul clan, can it be strange? Still can't blame?

Beigong Ziyu doesn't know. She only knows that all this can be regarded as a coincidence. It can't be blamed on the master for breaking the altar ceremony. After all, the sacrifice is the master's friend, and it can't be blamed for the soul clan's action. After all, her own affairs have been smashed, so it's impossible not to stop!

All this.

It can only be regarded as providence!

"Ah

"Ye Shitian! This time, our Beigong family can not blame you! "

"But you kill the wrong people!" After a long time, Zheng Bo said, "the source of Changyu is ancient, Dugu FengChen, Hongkun, Youming 13, Feiyu Qiantian, Duanmu Qingyan, xuaninfinity!"

"Almost all the seven princes are buried in your hands!"

"Although they want to kill you, they should kill them, but you should never kill him in front of the public. The seven forces will certainly not let you go. Although the leader of the school has many descendants, killing their offspring is tantamount to provoking them!"

"We Beigong family, we can't keep you!"

"This morning, we received an order from the third supreme elder of the family and the head of the family to expel you. As for the two Hunyuan immortal tools that I promised you, I can't give them. It's compensation for this loss."

This soul clan memorial ceremony!

The northern palace family has paid a lot. Two Hunyuan immortal tools are far from enough to make up for it! But fortunately, the North Palace family is still reasonable. They didn't come down to catch Ye Chen directly, but let him leave. It was already good.

After all, they are only medium-sized families, not superior families and top families. They don't have the strength to protect Ye Chen!

"Gentlemen

"I know all this!"

Ye Chen gestured slightly, and immediately took out a heaven and earth ring and handed it to Zheng Bo. He said, "there are three hundred shenwangjing war puppets, one hundred Shenwang war puppets, one thousand immortal utensils, three Hunyuan immortal utensils."

"It's my apology to the Beigong family!"

"In addition, I have one more thing to do. I need the help of the North Palace master!"

These puppets and weapons should also be given.

It's very complicated. It's hard to tell who is right and who is wrong. Ye Chen needs someone from the Beigong family to help him exchange the ten thousand year soul dragon grass. It's easy to count these things up and down. As long as the people of the Beigong family come out to exchange them!

Zheng Bo took the ring from heaven and earth and looked at it. He nodded slightly. Then he handed the ring to Ziyu in the North Palace. He said, "these things are enough to convince the elders of the Supreme Court. But it's not enough for us to resist the seven families for you

"After all, our promises are useless!"

"Unless you can bring out the soldiers of time and space, we Beigong family will do our best to help you!"

"For the rest, we can't help it. As for meeting the owner..." He looked at the North palace purple jade, after getting its response, he said: "it can be, but I don't know what you want!"

Ye Chen showed a smile, completely do not see the seven forces in the eyes, said: "shelter, help me?"

"I can deal with these forces without you!"

"But it's just a local chicken and a dog. A year's time is enough to make them retreat."

"I want to see the master of the northern palace. I need him to exchange a treasure for me!"

Treasure?

What treasure?

In an instant, all people's eyes fall on Ye Chen's body.

Chapter 1422

What treasures need to be exchanged by the master of the northern palace?

The key is that a kid in a state of mind can afford this price?

Why do you want to exchange that treasure?

"What do you want to change?" The northern palace purple jade said softly, "if it's a combined way artifact, I can help you. I have this right, but you can get the treasure of corresponding value."

"Ten thousand year soul dragon grass!" Ye Chen's eyes were firm and resolute, and he said cautiously, "I need the master of the northern palace to exchange a thousand year old soul dragon grass for me to save people!"

Hearing this, the people are extremely changed!

Ten thousand year soul dragon grass?

Ye Shitian is crazy!

This is the treasure of the soul clan. Its value is not lower than that of Hedao artifact!

He wants to exchange one to save people. It's fantastic!

Almost at the same time, Zheng Bo, Li Shu and others all had this idea. The ten thousand year soul dragon grass and the combined Taoism artifact were too far away for them, especially the soul dragon grass, although there are many forbidden areas of the soul clan!

But ye Shitian had a fierce battle with the soul clan only yesterday!

Today, just want to exchange their treasure?

How dare you think!

Don't you fear that the ancestor of the soul clan will get angry?

Although ye Shitian is protected by wanjian emperor palace, the soul clan is not easy to provoke.

Especially this time when the soul clan is planted, ye Shitian has to contact the soul clan. Is he really afraid of death?

"Master!"

"Wannian soul dragon grass is very precious. I have no right to ask the elder to exchange it!"

"What's more, if you ask the elder to come forward, you need to report..." Beigong Ziyu was very embarrassed and said slowly, "master, you should be a disciple of wanjiandi palace. Why don't you let qingjianxianzun of wanjiandi palace exchange money?"

Qingjianxianzun!

The key to the great power of the state of fortune lies in the fact that the superior sects have a higher status than their own fathers!

It can even threaten the soul clan to give in, and the green sword immortal can exchange it. Isn't it better?

Ye Chen shook his head slightly and said: "wanjiandi palace has something to leave. I can't ask them to do it, so I want to ask Ziyu to introduce the North Palace master for me! A ten thousand year old soul dragon grass is, of course, a treasure for the soul of those who are in a strong state of harmony and Taoism! "

"But its value is just a tool of combining Taoism."

"I can produce a combination of Dao artifact, five Hunyuan immortal utensils, plus 300 Shenwang tools!"

"These are enough to exchange for a ten thousand year old dragon grass!"

Ten thousand year soul dragon grass!

It's just that it's very precious relative to the soul clan. If it can be compared with a divine king's tool in other places, it would be good!

Besides the soul clan, there is no need for any other warrior. Even if the power of the spirit and soul of other warriors wants to change qualitatively, they won't use the soul dragon grass. Only the soul clan has to go to the soul clan to exchange, so ye Chen is ready to pay the price!

Weapons are just external objects!

Anyway, I can make it in the future!

Ji Lin is the most important, we should save her anyway!

"Enough is enough!"

"Just..." The North palace purple jade sighs for a long time, finally said: "I introduce my father for you! It's just about the Golden Buddha Tantra on that day. Although many elders look after you, my father doesn't like you very much! "

"Add to this thing!"

"The elders don't have a good impression of you, but what you take out is enough to save it!"

"As for Dad, I'll tell you something first."

After saying that, the North Palace Ziyu took out the jade pendant and sent a message to her father. She thought that his father would not hesitate to refuse.

But unexpectedly, father agreed!

The only condition is that Beigong Ziyu takes ye Shitian to Beigong family in person!

.....

North palace purple jade without any hesitation, with Ye Chen and Zheng Bo and other people, directly back to the North Palace family!

The Beigong family is located in a mountain beyond the heaven and earth. The palace is very towering for hundreds of kilometers. Only a warrior can build such a magnificent palace group in this tens of thousands of meters high!

There are more than 100000 people living in the palace group, including the main vein and collateral members of the Beigong family. In addition, there are also door-to-door people, disciples, and miscellaneous workers. The total number is 230000, most of them are in the state of God and king!

There are not many Hunyuan places!

All of them are elders of one side. There are only a few Taishang elders in the base camp, plus three ancestors of zaohuajing!

Compared with the other four sects and five big families, the Beigong family ranks in the middle of the top ten forces. It's not strong but not weak!

Beigong Hongtian, the leader of the Beigong family, is sitting in the palace on the mountain!

He was like an emperor, dressed in purple and gold dragon robes, dealing with all the affairs of the clan!

Huo Ran, he looked up and saw the North palace purple jade. He sighed slightly. His eyebrows and feet were sharp. He said, "Ziyu, you are reckless this time. You know this master too early!" "What does daddy mean?"

"I think that once the master has stepped into the Hunyuan realm, he can even fight with the Taoist realm."

"This investment may be the best investment for the family!"

The North palace purple jade walked in quickly, Li uncle Zheng Bo and ye Chen and others were still waiting in the side hall.

She bit her lip and continued, "Daddy, master's potential is really great! In the future, we will certainly open up territory for our Beigong family! "

"Tomorrow!"

"That's tomorrow!" Beigong Hongtian smashed the jade slips on the desk with a cold breath all over his body. His eyes were like frost, and he said, "if you haven't reached the state of mind, you dare to provoke a hundred lower sects!"

"We're in a state of ecstasy!"

"Then you can kill the prince of the seven forces!"

"If he comes to the kingdom of God, isn't he going to provoke the superior sects? In this way, it is impossible for my Beigong family to keep him! "

Ye Shitian?

This person is powerful and has potential!

But too rigid, although there is strength, potential, but now too weak!

If the state of creation and the state of star orifices are powerful, our northern palace family will surely line up to welcome them, but they are all in the realm of God. They dare to do so. They are really looking for death. Let's see how long they will finish playing!

"Daddy

"You promised me

Beigong Ziyu's figure was swaying, and her eyes were full of tears. She said, "Dad, you can't do what you promised me! It's really necessary for you, master

"It's all ready to be exchanged for the spirit of the dragon!"

"And the master has been waiting in the side hall. As long as you help him this time, he will surely repay you when he is promoted to the realm of creation and Xingqiao in the future."

"Tomorrow?"

"How many days do you want?"

"You have no idea what the status of the Beigong family is now!"

Beigong Hongtian was completely infuriated. He suddenly stood up and glared at Ziyu: "how long is the future? Lingwu land seizes every day and night. How can he come from Japan? He doesn't need to come. He offended the soul clan. If it wasn't for the protection of wanjian emperor palace, he would have been torn apart today! "

Chapter 1423

"In a word!"

"This boy, I can't help him!"

"Ziyu, what I promised you before, being a father just wants you to come back!"

"Now that you're back..." He gazed at Ye Chen in the side hall. An idea summoned Ye Chen, Zheng Bo and Li Shu. He could not help but Snort and said, "ye Shitian, I warn you, no more connection with Ziyu!"

"You must remember, your identity!"

"You come from a low military position. You are very humble and even humble. You dare to spread rumors about the market and be arrogant. You will only die. No, you will certainly die. I will not let Ziyu have any contact with you, because when a person of your status dies, it will only involve my daughter!"

At the next moment, Beigong Hongtian directly imprisons the northern palace Ziyu by waving his hand. He is locked into the palace in the distance. He looks at Ye Chen and says, "I can't help you. Get out of here!"

As a father, how can Beigong Hongtian not be angry!

Ye Chen put his daughter in danger again and again, and destroyed the memorial ceremony of the soul clan!

Originally, the gifted disciples of the Beigong family were likely to get an opportunity from the soul clan memorial ceremony!

It can be said! Ye Chen's appearance! Bring endless nightmare to Beigong family!

In the eyes of Beigong Hongtian, ye Chen is a broom star!

He doesn't have to give any good temper!

Whoa!!

Whoa!!

A gust of wind swept by, including the power of the law of time and space, directly retreated ye chenzhen several meters!

Beigong Hongtian looks cold and stands with his hands on his back. He looks like an emperor. He stares at Ye Chen and sneers coldly. He whispers: "a mole ant, a humble mole ant with low military level. Do you want me to help him to exchange soul clan for ten thousand years of soul dragon grass?"

"It's ridiculous, fantastic!"

"If it wasn't for Ziyu to come back, you would not have the qualification to enter my Beigong family!"

"With your trip to the Golden Buddha Tantra a few days ago, plus this trip to the soul clan, it's enough to give you a death penalty. Now it's just the elders who have done it to bypass you!" He suddenly raised his head and gazed at the right side and said coldly, "right, elders!"

In the eyes of Beigong Hongtian!

Ye Shitian!

The guy from the low level thought that he had some potential and could cultivate one or two!

In addition, with him in the land of heaven and earth, all the major sects can guarantee that they can't ally and unite with each other. For the Beigong family, it's not bad!

Heaven and earth, a hundred sects!

Although they were subordinated to the Beigong family, they were not completely included in the Beigong family. Moreover, the jindaomen and wuwusi sects all intend to unite with the middle sects such as the huohuojujiao sect, and they want to go out!

Therefore, Beigong Hongtian thinks that putting ye shitian'an in the land of heaven and earth can greatly disrupt the deployment of various factions!

Let each faction's eyes and attention fall on ye Shitian, so that he can solve the other side's problems as soon as possible, and then take time and strength to completely integrate the heaven and earth, and completely swallow up all the sects!

Many elders agree with this goal!

However, ye Shitian was so paranoid that he even refused to give in. Finally, he made a huge scene in the Jinfo secret school and killed the disciples and elders of 100 sects. According to the character of Beigong Hongtian, his position was just stable, and the main force of his family was not in heaven and earth. Ye Chen should be asked to apologize to the hundred sects in order to delay time!

But I didn't expect that many elders of the clan still valued ye Shitian.

Because of this, the eight elders ordered ye Shitian to attend the soul clan memorial ceremony, hoping that the memorial ceremony would be over. Ye Shitian would stop for a few years, or even more than ten years to improve his cultivation. At that time, ye Shitian was promoted to the Shenwang realm or even the Hunyuan realm, and then he would cooperate with the main force of the Beigong family to wipe out the land of heaven and earth!

I didn't expect that something went wrong again!

This time, offend seven medium-sized families and schools!

The key is, completely offended the soul clan!

Behind the soul clan is the soul hall!

All these things exceeded the bottom line of Beigong Hongtian, so he decided that he couldn't leave ye to kill Tian again. The reason why he promised Beigong Ziyu before was that he wanted to cheat Beigong Ziyu back, so as not to have a long dream!

Ye Chen listens to the words of Beigong Hongtian and looks cold.

He understands the anger of the other side!

After all, I touched the interests of the Beigong family!

But he will never allow the other party to insult Kunlun Xu!

He raised his head and gazed at Beigong Hongtian with cold eyes. He said word by word: "master of the northern palace, these things started by Ye Shitian alone! I'll carry it alone

"From today on, I am no longer the Dharma protector of the Beigong family! It's not the master of Ziyu in Beigong! "

"I ye Shitian has nothing to do with the Beigong family in the future."

Finish saying, ye Chen then prepares to turn to leave!

"Master!" Ziyu in the North Palace had a feeling of powerlessness in her heart. She never thought it would be such a result! Never thought, with the master to come here, will let the master be insulted by his father!

She was hoarse.

"Master, even if you don't admit that Ziyu is your apprentice, ziyue will take you as my master! The only master

Ye Chen hears this figure, in the heart some touch, the footstep stops.

Beigong Hongtian took a look at his daughter and hated Ye Chen more and more. He said, "ye Shitian, if you don't get out of the Beigong family in three seconds, I will personally suppress you!"

Ye Chen clenched his fist and left directly!

Also to step forward a few steps, as if from the ancient voice slowly fell: "wait a minute!"

Hearing the sound, Beigong Hongtian's expression changed slightly, and his arrogant appearance also became awed.

He knew what the sound meant!

However, ye Chen's steps did not stop at all!

Even if you hear this voice from ancient times, you don't have the slightest hesitation!

As if, do not care at all!

"Ye Shitian, stop for me

Beigong Hongtian couldn't help but say that although he didn't know what it meant to wake up at this time, there must be a reason for ye Chen to stay!

Ye Chen finally stopped.

But he didn't turn around.

People can't see ye Chen's expression clearly.

Beigong Hongtian just wanted to say something, suddenly, a cold and resolute voice slowly fell down!

Ring through the whole Beigong family!

"Beigong Hongtian! You have no right to order me. "

"The people behind you are not qualified!"

"I said that from today on, ye Shitian has no contact with your Beigong family."

"If you want to stop, I will make you regret."

With that, ye Chen left! Only left a proud back!

At the moment, Beigong Hongtian's face is completely black!

He never suffered such an insult!

Or from a little generation who doesn't know how to live or die!

Chapter 1424

Beigong Hongtian's hands are entwined with endless killing intention. He just wants to shoot Ye Chen. A pair of withered hands press on Beigong Hongtian's shoulder.

"Hongtian, you shouldn't be. This leaf kills heaven... "

"I feel that there is a strong force in him."

an old man in white armor slowly appeared from the void and said, "at least, it is left by the strong man of the same level as me. Perhaps, he is not a lowly person, on the contrary, he may be the descendant of some top families who stay in the low military level! "

"If you don't die young, I'm afraid the future achievements will be terrible!"

"Even, before long, my Beigong family will look up to this young man!"

At this moment, beigonghong's eyes are completely widened! I can't believe it!

Looking up at this little bunny?

You're kidding!

Even if you kill the sky for ten thousand years, it's impossible!

Just as he was trying to argue for something, the old man continued:

"this time!"

"Ye Shitian is reckless, but you are also more reckless! I even doubt whether you are qualified to be the head of the house again

"The three elders! You Is it a mistake? " Beigong Hongtian's face became more and more ugly. He never thought that the biggest threat to his position as the master of his house was a mole ant who was in a trance!

He even suspected that he had heard something wrong. He looked at the old man and became more and more puzzled!

The old man shook his head helplessly! He has the right to say that!

He is the three elders of the northern palace family. He has lived for more than 30000 years. This time, he sensed the mysterious power of the reincarnation cemetery in Ye Chen's body, so he woke up and came here!

Not only the three elders!

Soon, several people appeared in the void, the first of them were the four elders of the supreme emperor of the realm of creation and the five elders of the realm of Taoism, including the eight elders and the five elders in the past. They all felt the special breath of Ye Chen, although they did not know what the special breath was!

But they are willing to bet!

Gambling leaves kill heaven in less than ten years, will become Lingwu mainland existence of fear!

"Of course, ye Shitian offended many people this time!"

"But you don't have to have a complete feud with him!" The four elders of the Supreme Master said slowly, "I have observed this man carefully, and even with the laws of time and space, I have not explored his foundation."

The law of time and space!

Explore the mystery of heaven!

It's not detected!

As soon as he said this, the people of the Beigong family around him changed their faces. They could not help looking at the direction Ye Chen left. They were shocked.

Beigong Hongtian is more and more! His heart seemed to set off a great wave!

Did you really do something wrong!

"Elder Taishang, I...."

Beigong Hongtian's words have not finished, the old voice directly interrupted him!

"He wants you to help exchange the spirit dragon grass! I think you can help! " The three elders of Taishang stopped for a long time, looked at the North Palace Hongtian, and said slightly, "Hongtian, you are too young to live for 800 years. You can't see through many things."

He stroked his beard, his lips outlined a smile, and said, "soul clan, you want to kill him, right?"

"He wants the soul's treasure, doesn't he?"

"Yes Beigong Hongtian nodded honestly, but he didn't respond!

"If you go to the soul clan and make a deal, isn't Wannian soul dragon grass protected by the ten thousand year soul dragon array? It can strangle the ordinary Hunyuan state and even the martial arts in the Taoist realm. You and the soul clan propose to let ye Shitian come to fight! "

The eyes of the three elders of the supreme emperor had a deep luster, and said slowly, "because of the power of the wanjian emperor palace, the Hun clan did not dare to attack ye ye Shitian! But now the

palace of wanjian emperor wants to resist foreign enemies. Although it will not be destroyed, it will not be able to help Ye kill heaven in a short time! "

"Of course, I'm telling you this, but I'm not asking you to kill the sky by catching Ye!"

"It is to inform the soul clan of these things and let the soul clan open up the soul dragon array. Ye Shitian goes to the array and kills ye Shitian when he breaks through. However, ye Shitian comes here voluntarily. In order to detoxify his friends, the wanjian emperor palace will not be so good!"

At this moment, Beigong Hongtian is a little confused!

Don't the three elders of the Supreme Lord value ye Shitian?

Why should we design to kill Ye instead?

The three elders of the Supreme Court seemed to see the doubts of the northern palace Hongtian. With a slight smile, they held their hands behind them and said faintly, "this is the way the world works."

"There are no eternal enemies and no eternal friends."

"Ye Shitian is not simple. He will not die young, but will grow up."

"Now, because of your absurd decision! Ye Shitian may not have any contact with the Beigong family! "

"Since you can't be a member of my Beigong family, you can't be a vassal of others!"

"If it doesn't belong to us, kill it!"

Beigong Hongtian also reacts. If he doesn't, he doesn't deserve to be the master! He raised his mouth slightly and said, "in this way, we have helped the soul clan a lot. Do you want to ask what the soul clan asks for?"

Soul clan!

We're going to help you bridge your enemies!

You can't give me something!

As for ye Shitian, we also help you build a bridge and give you this way. You have to give us treasures!

If we make a good relationship, we will benefit from both sides. If anything happens to both sides, we will not hinder us. After all, we are not forcing them to do it!

This matter, to the North Palace family, only good, no harm!

"Soul family It's a superior family. It's not too much to ask for a piece of war of time and space. It's not too much to change Ye's life of killing heaven

"Just ask them for a time and space soldier!" Seeing no expression, the three elders said, "I believe that the old thing of Hun clan will be given such an opportunity to kill enemies and wash disgrace by blood!"

soul clan!

Most value face and status!

Now, ye Shitian has swept their faces. If there is such a chance, the soul clan will give it!

The war of time and space for the soul clan is just like a magic tool for the northern palace family. It is precious but not indispensable!

"Ha ha, good!"

"In this way, our Beigong family can also add one more person with strong creative environment!"

Beigong Hongtian keeps nodding. For him, the strength of the Beigong family is the most important thing. These days, because of all kinds of things, they rush forward together and fail to see through the relationship between soul clan and ye Shitian!

Ye Shitian!

With the protection of wanjian emperor palace, the soul clan dare not move!

However, ye Shitian has what he wants. My Beigong family is a middleman, who can pool the two sides. No matter whether it is successful or not, our Beigong family is not in great danger. Even at the beginning, we can get a force of time and space. It is like killing two birds with one stone!

As for the seven sects and families!

However, it needs to pay some price to calm down. Of course, not every family and sect needs to calm down. The weaker ones don't need to pay attention to them. It was originally the enemy's, and now killing their child's highness is equivalent to cutting off the strong ones in their future. Better!

Chapter 1425

For the Beigong family, there is nothing more than a Duanmu family and a porch meeting that needs to apologize a little bit!

The price paid is far less than that of a soldier of time and space!

As for the future soul clan memorial ceremony!

If ye Shitian is killed by the soul clan, the contradiction between the northern palace family and the soul clan will be solved. In the future, we will still be able to send disciples to attend the memorial ceremony!

If ye Shitian has captured the soul dragon grass of ten thousand years, my Beigong family will make friends with him!

"Thank you very much for your advice."

"My master is too impatient these days, but he is reckless!" Beigong Hongtian said with a faint sneer: "as for ye Shitian, he has a lot of treasures, which is equivalent to one or two inferior sects."

"I want him to have a magic tool of the way!"

"If you want more, it will cause disgust. If you want less, you will not be happy."

Weigh the pros and cons before you act!

This is the standard for the master of a large family to act. Even if both sides have a grudge, it is common for them to change into comrades in arms as long as they have common interests!

Beigong Hongtian Xuan waved and called Beigong Ziyu, and untied the prohibition. He showed a smile. The old fox's attribute was exposed. "Ziyu, dad was a little angry just now, but he didn't mean to! After all, I'm worried about you. "

"Now my father has completely figured it out. Ye Shitian was once the Dharma protector of my Beigong family! It's your master. Dad can't bear to cry like this. "

"Dad, as the head of the Beigong family, naturally wants to protect the Dharma for the master. Ye Shitian wants to change the soul dragon grass of the soul clan for thousands of years!"

"Dad agreed!"

"Thank you, Dad!" North palace purple jade tearful eyes whirl, just now the supreme elder appeared, has long covered the North palace purple jade all.

At the moment, she thought she had discovered her conscience and was willing to help Shifu!

Beigong Hongtian gently waved his hand and said with a smile, "but I didn't go to exchange it for him personally. Instead, I gave him a chance to get it myself. You should inform him as soon as possible. He should be at the foot of the mountain now..."

"All in all!"

"Go to him quickly and tell him that everything is negotiable."

"I'd like to make amends with a Hunyuan immortal tool!"

"Good, Dad!" Beigong Ziyu's eyes are bright. I really believe Beigong Hongtian's words!

A Hunyuan immortal tool!

Dad is willing to go out, indicating that he is optimistic about the master!

I thought dad was really angry. I didn't expect it was just a moment of anger!

Beigong Hongtian looks at his daughter going down the mountain to find ye Shitian. His lips outline a smile!

What is a Hunyuan immortal tool!

Compared with the war of time and space!

Even if 100 pieces of Hunyuan immortal tools and dozens of Taoist artifacts can be smashed out unconditionally!

The medium-sized families are not unable to refine the soldiers of time and space, but can only refine one for thousands of years. Their desire for the weapons of time and space is no less than that of the golden sword sect for the magic weapon of the way of unity. They all want to increase the top strength of the family by a few points!

At this moment!

Ye Chen, originally at the foot of the mountain, was insulted so much. How could he continue to stay? He has already left!

Soon, ye Chen has come to a huge city thousands of miles away. He is preparing for how to directly sneak into the secret place of the soul clan and pick up the ten thousand year old soul dragon grass. Since others don't help, come by yourself!

.....

Far away, thousands of miles away!

In an ethereal fairyland, huge fairy stones are suspended in the air, on which there are magnificent attics, cranes flying from time to time, fairy grass and flowers are everywhere, and the spirit of immortality is high, just like the fairyland in Chinese legend!

Hua Hua ~ ~

Hua ~ ~

Hua ~ ~

a woman in white flies back and forth in the sky with a sword, just like an ethereal fairy. Everyone is so beautiful!

It seems that this is a sect, a sect that chooses its regional address in the air!

Those women in white are their disciples.

Among these women, the first one is exquisite, with skin like rain and looks like a celestial being. Holding a pale blue sword, she stands between many fairy stones and picks plum blossoms floating in the air from time to time. She is Ji Siqing!

Like other women in white, it seems to be testing speed and accuracy!

However, if you look closely, you can find that there are layers of prohibitions on each plum blossom. When you get close, the power of the spirit will enter into it and accept the challenge of a zunzhan puppet. After challenging the war puppet, you can get the plum blossom!

Hundreds of women in white!

However, Ji Siqing has the most plum blossom in his hand, but her realm is the lowest.

In the distance, Lingyun xianzun and several friends of xianzun stopped on a huge immortal stone and looked down on the disciples who took part in the test. They discussed with each other to see who was the strongest.

"Lingyun, this time! What a good young man

"This is the first layer of heaven in the divine kingdom. It's really good that the fighting power of the three or four layers of the divine kingdom can break out!" A green robed female immortal slightly pointed out: "this woman is called Ji Siqing, right? If you want to build a fairyland, you should take an ethereal and ethereal way. The best way is to have six quiet roots and not be disturbed by other things. You should cultivate your aura well."

"In the future, there will be another immortal."

"You are very lucky."

"You're welcome. You're welcome. It's just luck." Lingyun xianzun didn't care about it on the surface, but he was extremely proud in his heart. Staring at the speed of Ji Siqing's breaking through many war puppets, he couldn't help nodding. In less than a year, Ji Siqing had already arrived at the Shenwang realm from the emperor's realm!

This speed can be called a monster in Lingwu mainland! It's a good seedling indeed!

I don't know how Kunlun Xu, a place of rubbish, could have born such a genius!

It seems that she should go to Kunlun Xu and Huaxia a few times, maybe there are unexpected gains!

Ji Siqing understood the immortal Road, and then evolved into the Immortal King way!

At the beginning, I didn't miss her!

As for Xia Ruoxue?

He is also a good seedling, but he is trapped by the mole ant Ye Chen. He has to wait for ye Chen to have an accident next time before he will accept me as a teacher and ask me to rescue him. Ah, the mole ant of low martial level mistakenly my disciple!

However, Lingyun xianzun has been growing up.

Ji Siqing's breakthrough speed is so fast, on the one hand, of course, because of the anti heaven skill and endless Aura!

On the other hand, Lingyun xianzun grabs the spirit array with blood essence and plunders the Qi of others on Ji Siqing!

Of course, Ji Siqing didn't know all this!

For Ji Siqing, what he has to do now is to practice crazily!

Lingwu mainland is no more empty than Kunlun!

During this period of life, she felt the ruthlessness and coldness of Lingwu continent.

Everything around is so dangerous! It's more respect for the strong!

She doesn't know if ye Chen will come here to find her and Xia Ruoxue.

Ordinary people can't compete here!

Ye Chen is here. There is only one way to die!

But somehow, she always felt that before long, ye Chen would stand in front of her!

The three will meet!

So no matter when we meet, or what the consequences, only when she is strong can we protect the youth who is higher than the sky!

"I don't know where that guy is now. He should be alive Ah... "

Chapter 1426

From the very beginning, Ji Siqing was forced to worship Lingyun xianzun as his teacher and got a lot of resources. He was promoted to the realm of immortality at a high speed. He realized the way of immortality and got a lot of cultivation in the palace of Lingxian emperor. Therefore, in such a short period of time, Ji Siqing was promoted to the realm of God King!

Fairyland, also promoted to fairyland!

For this unique and ethereal power of Tao, Lingyun xianzun and others are very happy. They all think that Ji Siqing will step into the realm of nature in the future, and will be named xianzun, which will add another battle force to the Lingxian emperor palace!

Fairies and fairies!

Compared with Ye Chen's road of killing, extinction and immortality, as well as Buddhism, it's not bad at all!

The way of God and king, the power of Tao and the power of Tao are all three realms of continuous change of power. It is consistent to explore their origin. With the different power of Tao, the higher the realm, the stronger the combat power!

At the same time, they don't understand the way of killing the dragon and the spirit of the future!

"The power of a moral character!"

"Not bad..." On the edge, a middle-aged woman in red nodded slightly, accompanied by a flaming red sword at her waist. The shadow behind her was like a Phoenix, which seemed to have the blood of the Phoenix. She was another deputy leader of the Lingxian palace, huohuang xianzun!

The fire phoenix immortal respect is the same as the spirit immortal respect, the status, the realm, the combat effectiveness are consistent!

Just sighed all the time, didn't receive the good disciple!

We are preparing to learn Lingyun xianzun, travel all walks of life, looking for excellent talents!

But just as she was ready to travel, Lingyun xianzun brought back two talented disciples. One of them also awakened the power of moral education, which made her envious. Even some of them wanted to replace Lingyun xianzun to cultivate Ji Siqing's mind!

"Aura!"

"Ji Siqing worships you as a teacher, but Xia Ruoxue doesn't!"

"Summer may as well, if the snow for me, I can wake up!"

"We just wake up to the power of the second grade Taoism. Ji Siqing should go further. Maybe we can reach the level of the imperial master in the future. The title of true God must be no bad. Since you have a disciple, you don't need to take another one."

Take the students!

Especially the excellent and excellent students!

Ordinary strong, training a need to consume a lot of energy, not to mention two!

If Xia Ruoxue and Ji Siqing are trained together, one person will not be fully cultivated, which will affect his later cultivation!

In this way, it's better to bring Xia Ruoxue to my master for cultivation!

"Hum!"

"Huohuang, if you can't get a good apprentice, do you want to rob me?"

"The power of the first-class Taoism is almost invisible. It is only seen in the top families and sects. In the future, as long as the origin is not damaged and another artifact is seized, we will be able to break into the realm of star orifices." Lingyun xianzun said lightly.

She is the nine layers of heaven in the realm of nature. The palace of Lingxian emperor is not without artifact!

However, she and huohuang xianzun are both deficient in the power of Tao. They must practice the creation rules to make up for the vacancy, so as to make use of the artifact breakthrough. Otherwise, the Lingxian emperor palace, which has been established for tens of thousands of years, is not as profound as the wanjian Emperor Palace, but it should not have only one powerful star body!

Relatively speaking!

Ji Siqing doesn't need it!

When she reaches the peak of the realm of creation, she doesn't need to practice the rules of creation. She can use the artifact to break through!

In this way, we can avoid thousands of years of practicing the law of creation, even tens of thousands of years, and become the strong one in the astral world!

In contrast, Lingyun xianzun has been at the peak of the nine layers of heaven in the realm of nature for thousands of years. He has been studying the law of creation all the time, even on the way to seeking disciples in the low Wu continent. He has already reached the level of perfection. It only takes another two or three thousand years to cultivate the law of creation to the level of great perfection!

"The power of a moral character!"

"Yipin!"

"It's the way of fairies and gods..."

Around, several powerful people in the Lingxian emperor's palace were beaming with joy!

Even the elders of another sect, who came to participate in the trial, nodded and sighed that Lingyun xianzun had found a good disciple!

The power of a product of Tao!

It is a symbol of the road of cultivation without chance!

Compared with the thousands of warriors in Lingwu mainland, Ji Siqing has been ahead of them from the beginning!

As a matter of fact, no matter in Lingwu continent, Kunlun Xu, or other world, as long as the cultivation of martial arts and the power of cultivating Tao, the power of Tao cultivated by them has its grade division. The stronger the power of Tao is, the higher the grade is, the better the road ahead will be!

Such as the power of the immortal spirit Road, the power of the holy dragon road, the power of the Dragon Road, the power of the Phoenix Road and so on!

It means that there will be no bottleneck or difficulty between the realm of creation and the realm of astral orifices, and a breakthrough will be made as a matter of course!As for the power of destroying Tao, killing, immortality, annihilation, destruction and so on, they can only be regarded as the power of second grade Tao!

Ye Chen alone cultivates the power of the three second-class Tao, but it also needs to be respected by the immortal spirit. In the future, he will have to understand the law of creation, and practice until the great perfection can break the realm!

As for gold, wood, water, fire, earth, the power of the five elements, plus the power of swords, axes, guns and so on, it can only be regarded as the power of the three levels of Tao. It will be very difficult to

break the boundary. Basically, many people stop in the realm of creation all their lives. If they want to move forward, they need to understand the five elements principle and understand them thoroughly. For example, the eight elders and five elders of the Beigong family and the ancestor of the blood spirit family fully contain the five elements method. Then, it took nearly ten thousand years to break through the realm of Hedao. If it was replaced by Ye Chen, it would be unnecessary to go there for ten thousand years.

Further down, the power of some animal Tao can only be regarded as the force of four grades of Tao. Unless the body is beast, it will stop in Hunyuan state for a lifetime.

The power of blood, the dominant body of the body, the strength of spiritual power!

The power of the Tao is the talent that dominates the noumenon, and the strength of the law in the future!

The stronger the blood, the more dynamic use of the inside information!

The higher the level of the power of the Tao, the farther the road will be in the future!

"It's almost over!"

"Ji Siqing, worthy of being used in the way of fairies and gods!" On the edge, an elder of the three layers of heaven in the state of nature sighed, gazing at Ji Siqing's Leaping body and winning the first figure. Gradually, he was a little envious!

This is my apprentice!

How good would that be?

To be able to teach a disciple of the state of creation, even the realm of the star and the mind, is the glory and bragging capital of his life!

"Not bad, not bad!"

"Take the first place, good!" Lingyun xianzun picked up Ji Siqing and said with a smile: "you can rest for a few months, and I will take you to the star sea to practice!"

Chapter 1427

Star sea!

In another sea area in the northern region, there are creatures in different sea areas. There are no living creatures in the star sea. On the contrary, there are countless star stones. All of them are formed by the stars falling from the sky. After hundreds of thousands of twists and turns, the star stones absorb the immortal spirit of heaven and earth, and then evolve into gods. Each of them can strengthen the power of the road!

However, only those who understand the power of the second grade Taoism!

To absorb the star stone, the martial arts of the other three grades and four grades of Tao will be absorbed by force, and will be expanded and exploded alive!

"Master!"

"The absorption of the star stone How long will it take? "

Ji Siqing's eyebrows and eyes are clear, just like a fairy who doesn't enter the mortal world. He is in a long white dress and is floating in the air.

These days, she always has an ominous premonition. She is also very anxious about ye Chen's safety. She just understands the way of fairyland, and looks at the cold and resolute every move, just like an iceberg beauty. Her inner anxiety is hard to show!

"Disciple

"With your talent, you can absorb ten starstones!"

"At that time, your God King's way will be complete, and you will be promoted to the nine levels of heaven in the divine Kingdom, which will be fine!"

Lingyun xianzun has no direct response time. It takes months to absorb a star stone, not to mention a dozen pieces.

But as long as Ji Siqing has absorbed the star stone, he can directly break through the realm and arrive at the Hunyuan realm. At that time, she will be given the space God stone. With her talent, she should be able to advance to Hedao realm in 100 years!

Of course, Ji Siqing can't match the age and realm of the Dragon sons and daughters of the holy dragon family and the dragon family!

Although the talent of both sides is the same, Ji Siqing spent a lot of time in Kunlun Xu, the low martial land. Even if he is vigorously trained by Lingyun xianzun, he can't catch up with him. Only in a thousand years, Ji Siqing will achieve the realm of nature!

Compared with the two top families, Longzi and Longnu are extremely young when they arrive in the realm of nature!

Among them, the gifted ones may arrive around the age of 100.

This is the inside story of the top families. It will take thousands of years, even tens of thousands of years, for others to achieve the goal of harmony. But in their environment, it is only one or two hundred years!

If it was not for the two families, on the one hand, to fight against each other, on the other hand to resist the attacks of Warcraft and riotous monsters, the land of Lingwu would be theirs!

"Star stone..."

"I hope I can absorb it quickly." Ji Siqing was thinking about it. Suddenly, his face changed sharply and turned pale. He immediately spat out a mouthful of blood. He stepped back two steps as if he had been badly hurt. A big sweat drop appeared on his forehead, and he was almost unable to stand still!

"Disciple! What's the matter with you? "

Lingyun xianzun's face changed slightly. He immediately helped Ji Siqing and mobilized the power of his own laws to explore Ji Siqing's physical condition!

What's going on?

Will my apprentice get hurt inexplicably?

Is it hard to do that? In this exchange trial competition organized by Lingxian emperor palace and BAIXIAN king palace, the people of BAIXIAN palace secretly started their own disciples?

Before finding out the situation, several elders of the hundred immortals palace wanted to come up to help, or to check one or two. They were all pushed back by Lingyun xianzun with a wave of his hand. Lingyun xianzun looked at them with a bad look. I'm afraid that once confirmed, they would not hesitate to do so!

My disciple!

No one is allowed to move, even the people of the holy dragon family and the dragon family!

Gradually, the elders of the hundred immortals Palace also noticed that something was wrong. They all retreated to one side to avoid suspicion. From time to time, they also looked at their own disciples and wondered if it was their own disciples' hands?

This time, the palace of hundred immortals, led by the team of three immortals, two in the middle and one in the late period of creation!

The other 100 disciples who followed him are all at the level of divine king's state. It's not difficult to attack Ji Siqing, but there's no reason. They are not from a sect. They don't have much benefit for themselves!

Moreover, the relationship between the palace of hundred immortals and the palace of Lingxian emperor is still an alliance.

A long time ago!

Lingyun xianzun looks a little wrong. He looks at Ji Siqing quietly and asks, "have you separated the power of your own spirit?"

He already knew the problem of Ji Siqing - the lack of power of spirit!

To be exact, it's the other half of the spirit's power broken, causing heavy damage to the body!

Ji Siqing's face was very clear. He took a Shenwang Dan to get better. He couldn't help nodding, and immediately his face was sad. He said faintly, "master, there's something wrong with Ye Chen. I ask you to save him!"

"Master!"

"My last request!"

"Shut up, what's the last request, you're not dead!" Lingyun xianzun sealed Ji Siqing's mouth directly. He looked at the immortal statues around him and said, "I still have something to deal with. You can move by yourself."

As soon as the voice fell, Lingyun xianzun returned to his own palace with Ji Siqing!

Xia Ruoxue was living in the palace to practice. She did not accept the Tiancai Dibao given by Lingyun xianzun, nor did she practice the skills of Lingxian emperor palace. She only practiced the skills given to her by Ye Chen. As a result, her accomplishments remained at the top of the seven layers of the emperor's realm. Although come to Lingwu continent, the surrounding fairies are rich and easy to break through!

However, without a large number of natural materials, earth treasures and Dharma formulas, it is not easy for those who want to enter the spiritual realm!

"Master!"

"Please do it for me once!" Ji Siqing felt that he could speak and said it in a hurry.

At the beginning, I divided part of the spirit power in Ye Chen's body in order to feel Ye Chen's life and death.

I didn't expect it worked now!

This is weird!

What the hell happened!

Ye Chen must be seriously injured, or his spirit power can not be broken!

It is very likely to encounter the people of the blood spirit clan!

May also be other strong, now only ask the master to rescue!

The present situation of Lingyun xianzun can't see whether he is angry or happy. He just stands with a negative hand and stares at Ji Siqing and Xia Ruoxue, thinking in his heart: ye Chen, this humble boy, has an accident again!

It seems that heaven helps me too!

At the beginning, you two didn't say that ye Chen would take me as a teacher when he was in trouble?

Ji Siqing worships me as a teacher. I fight against the blood spirit clan!

This time, it's summer snow!

If Xia Ruoxue takes Ben Zun as her teacher, I am sure that she can understand the power of the first grade of Tao. No matter how bad she is, she will be able to master the second grade of Tao. In the future, creating the realm of transformation will be determined. In that way, my Lingxian Palace will be more powerful!

There are thousands of disciples in Lingxian palace, but not everyone has the potential to become the realm of creation!

They allocate resources according to the power and talent of each disciple. Some of them may stop in Hunyuan state all their life, while others will stop in the realm of Taoism if they don't have an adventure. Lingyun xianzun allocates corresponding resources according to their talent. However, Ji Siqing and Xia Ruoxue are different. Their talent is too much higher than others, and they will become the realm of creation in the future. Therefore, Lingyun xianzun is not allowed Do not spend means, take them as apprentices, Zhuang Da Ling Xian Di palace!

Chapter 1428

"Master!"

"No..." Ji Siqing felt depressed and even his head was a little cracked. He immediately sensed the change of blood vessels and was surprised: "Ji Lin's spirit is actually being swallowed up by some evil thing! Something happened to her, too! Damn it

Ji Lin and she are sisters after all!

One accident, the other can also be sensed through the force of blood!

Not only his own sisters, but also all powerful martial artists can feel the injuries of the people around them and even their death in battle through the force of blood and cause and effect. Ji Siqing felt that Ji Lin had an accident and ye Chen was seriously injured!

There's something wrong with both of them!

Are they together?

"Ji Lin?"

"Your sister, right? I've met a little girl!"

"Something happened to both of them?" Lingyun xianzun immediately outlined a smile on his lips and said faintly, "Ji Siqing, what you said to me at the beginning, I also remember. Now, it's time for Xia Ruoxue to become a teacher!"

She holds her hands and looks at Xia Ruoxue. If she doesn't follow her teacher, she doesn't move!

Gradually, Lingyun xianzun felt strange. As a deputy leader of the Imperial Palace and the top of the nine layers of heaven in the heaven of heaven, when did he come to the point of threatening his disciples?

Forget it. I'll take it anyway!

As for the estrangement, there will be time to eliminate it!

Ji Siqing heard this, but also helpless, looked at Xia Ruoxue, his eyes showed a look of hope!

Lingyun xianzun didn't harm herself. Instead, she made great efforts to cultivate herself. Other people might have taken Lingyun xianzun as their teacher. However, she and Xia Ruoxue were not used to Lingyun xianzun's arrogant attitude, especially listening to Lingyun xianzun belittle Ye Chen.

Every time I hear it!

I feel that master is a little hateful!

But now there's no way!

This master, I have to worship!

"Disciple Xia Ruoxue!"

"See you, master! From today on, ruoshue is willing to practice according to the master's requirements!"
"Xia Ruoxue naturally saw the tension in Ji Siqing's eyes. She bit her red lips, knelt down slightly and kowtowed. After the ceremony, she said, "please save Ji Lin and ye Chen. We have fulfilled our promise at that time. I hope you can also fulfill your promise!"

Lingyun xianzun glanced at them and shook his head helplessly.

Commitment?

These two little girls!

What kind of person do you think of me

Ah, I'm eager to accept apprentices these years, and ye Chen is such a mean boy to make trouble!

I took the apprentices in person and worked hard. It took me so long to receive the disciples. If I let those old guys know the truth, I would laugh to death. But they laughed. After a thousand years, my two disciples will be promoted to the realm of nature!

At that time, there will be three powerful people named xianzun, which will be famous in the northern region!

In the future, the Lord of the palace abdicated to be the great elder of the supreme emperor. After becoming the ancestor, this palace can also take over the palace of Lingxian emperor!

Finally, Lingyun xianzun sighed helplessly and helped Xia Ruoxue up. With a little finger, a flash of brilliance flowed into Xia Ruoxue's mind. He passed on the core mental skills and skills of Lingxian palace. His disciples, naturally, were the Taoist disciples of Lingxian palace, and were qualified to practice the highest level of skills!

You two said: "you two good practice!"

"I will go to find Ye Chen and Ji Lin in person

"I promise I won't let Ji Lin have an accident. As for ye Chen, I'll see that boy realizes himself!"

Lingyun xianzun smiles again. With her old fox's nature, she concludes that ye Chen will not accept his help!

Therefore, this is a non cost business, only make no loss!

Apprentice, take it!

You don't have to really do it. Why not!

For those old masters like Lingyun xianzun who have survived for tens of thousands of years, Taoist disciples sometimes kiss more than their own sons and daughters. If their children are not gifted, they

will either die old or die in battle in the future. Only Taoist disciples, even more than their own disciples, should inherit the whole Tao to them.

Therefore, the disciples of Taoism are not only the people who accompany the master's life, but also the only one that the master cares about!

Now, Lingyun xianzun has accepted Xia Ruoxue and Ji Siqing, and he thinks about how to make his disciples forget Ye Chen and concentrate on cultivation. Especially Ji Siqing's fairyland, which has six pure roots and is not contaminated with a bit of red dust, is the best!

When Ji Lin finished the rescue, she took Xia Ruoxue and Ji Siqing to stay at Xingchen sea for two or three hundred years. In addition, she used the rule of time to make them think that it was only one or two years ago. When the two or three hundred years passed, ye Chen was already dead!

At that time, I may blame her!

But over a long period of time, after a thousand or eight hundred years, even a little hard work was staged, which was enough to eliminate most of the estrangement. Even when arranging the rules of time, she pretended that she didn't understand the situation. In addition, we arranged manpower in advance to protect the disciples' families, relatives and friends in Kunlun Xu!

That way!

Ye Chen is dead!

My two disciples have a bright future. The road of martial arts is bright!"Master? What's the matter with you? " Ji Siqing looks at Lingyun xianzun's deep thinking. He is puzzled. Is there any hidden disease in his master?

Xia Ruoxue did not have any reaction, after all, she was quiet, more often than not.

"It's OK, master, I think of one thing. You can rest assured to practice. Their lives are in the master's body!"

Lingyun xianzun deliberately put on a smile and said, "you two, don't you want to help Ye Chen? Go to the Xingchen sea and practice hard. I will try to use the law of time and change the flow rate. Maybe in a year or two, you can help Ye Chen when you break into the realm of harmony. "

"Really?"

"Thank you, master!" Ji Siqing is not interested in the star sea! But at the moment, it is extremely concerned!

Xia Ruoxue is also looking at the spirit of xianzun, eyes ease a lot.

The next second, Lingyun xianzun played a colorful celestial light and converged with a small palace in the city. "This is a kind of palaces for teachers. It can live in people. There are a lot of natural materials, earth treasures and pills, and there are also tools and spirits to help you. You can practice in it!"

"I will come back when I solve the problems there."

"And then I'll take you to the star sea!"

Lingyun xianzun entrusted the palace and Taoist artifact to an elder of the eight layers of heaven in the Lingxian emperor palace, who was her most trusted person. She was responsible for taking care of her disciples. Naturally, she believed that.

And Lingyun xianzun set out to find Ji Lin and ye Chen.

The elder of the eight layers of heaven, named Qingshui xianzun, is not small in the Lingxian emperor palace. She looks at the shrunk palaces and Taoist artifacts in her hands, and looks slightly changed. She sighs in a low voice, "aura is really bleeding this time!"

"Tianzhai house has been used!"

"It seems that these two disciples will become the realm of creation in the future, otherwise they are not qualified to use the Aura!"

Chapter 1429

Tianzhaiju!

Palaces and Taoist artifacts!

Although it's a kind of weapon, it's also a kind of palace weapon that can be easily retracted and can carry living people!

This kind of palace weapons must be at the level of the combined Dao artifact. By combining the time God stone and the space God stone, any palace weapon is a real and real moving palace, regardless of grade, but only in size. Even the smallest value can be comparable to the ordinary nine grade Hedao artifact!

Lingwu is a vast land!

The superior sects are separated by tens of thousands of Li from each other. If there are some big moves, the elder Dharma protectors can break through the void, but the disciples can't do it. Therefore, some senior masters have refined palace weapons, which can be installed in any realm!

Sometimes, it's like the palace of hundred immortals and the family of Shenglong, attacking the palace of wanjian emperor!

One of the most powerful men put others into the palace weapons and went on his own way. When he arrived at wanjiandi palace, he sent out other strong men to attack. In this way, he could not expose the news, but also hide his whereabouts, and bring enough warriors to go!

As a result, the palace of wanjian emperor is not allowed to issue a comprehensive order to order all the strong outside to return to resist the enemy!

For example, the blood spirit clan does not have such palace immortal tools. Only a few strong ones can tear the void and take others to set out together, or a transmission array. You can imagine the importance of a palace like treasure!

Now, Lingxian emperor palace has not attacked other sects!

Lingyun xianzun took out the palace type immortal utensils, and let Ji Siqing and Xia Ruoxue go in to receive the instruction from the spirit and take the natural materials and earth treasures she had accumulated. It is conceivable that Lingyun xianzun values them!

Qingshuixianzun sighed slightly, "a disciple who understands the power of one's moral character, one who may also understand the power of one's moral character!"

"It's good luck to be such a talented disciple."

Palace weapons!

She didn't!

There are palace weapons in the whole Lingxian emperor palace. There are only two vice masters of Lingyun xianzun and huohuangxianzun. In addition, the real king of Lingxian has a palace type immortal weapon of the level of war of time and space. It has special attack ability, which is much better than tianzhai residence!

.....

At the same time, Beigong family in a huge city under the mountain!

Ye Chen, with the help of the pills from the Golden Buddha Tantra, constantly forged his own body and cultivation.

He further smelt the power of Hunyuan immortal ware, until he mastered the power thoroughly, his body was promoted to the sixth level of Huagang period! The body contains ice and fire two kinds of vigorous Qi, plus a part of the force of space law!

After that, once Ye Chen makes a move, any move has the power of space law, which will increase 50% of its power out of thin air!

But the realm is still not improved!

The Boulevard of immortality, the Boulevard of annihilation and the avenue of slaughter!

Almost perfect to the extreme, just need to upgrade the realm, can evolve into the God King way!

Compared with the way of Buddhism, the evolution of Buddhism road is still not perfect enough!

Hoo Hoo Hoo!!

Whoa!!

One by one golden Buddhist texts linger around Ye Chen!

Among the ice blue body, there are three forces circling each other, constantly forging the body, constantly impacting each other, so that when ye Chen reveals his body, the whole person is like an ice crystal man, beautiful and crystal clear!

"Soul clan!"

"If you want to sneak into the soul clan, you must practice the art of breath control to the extreme!"

After ye Chen's practice, he sat at his desk and looked at the soul Clan Map he had got. The map showed all the buildings in this place, including which were the places where the elders of hedaojing lived, and

which were the places where the Dharma protectors of Hunyuan realm lived. That was where the ancestor of Zaohua realm was located, and also the forbidden area containing ten thousand years of soul dragon grass!

This map!

He bought it from another intelligence sect, Tianji Pavilion. It cost three Shenwang tools, which is not expensive!

"Outside the soul clan..."

"Thousands of people are killed by qingjianxianzun

"The rest of the people are in the kingdom of God, some of them have suffered heavy damage and some of them are slightly injured. Obviously, they are still in the process of healing in closed door!"

Ye Chen thought: "as for the Hunyuan state and the Hedao state, some of them heal their wounds and shut up, and some go to the soul hall to report the situation. Now, there are only less than 30% of the strong and fighting power left in this place of soul clan!"

"If you want to go in and capture the ten thousand year soul dragon grass, it will be in these days!"

"Once this time has passed, they have healed their wounds, and the warrior who went to report has come back. I'm afraid I don't have a chance!"

"As for the ancestor of the realm of nature..." He stroked his forehead and thought about the way to avoid the exploration of the soul clan ancestors!

The creator of the realm of martial arts!

In particular, the force of the spirit is extremely powerful and even has the effect of exploration. It is similar to the radar of China. Once the power of spirit is swept, it can be felt clearly within the kilometer and thousands of meters! We should avoid the exploration of these warriors first!

We must find a way to shield ourselves from any breath, even the invisible formula!

If you don't feel the breath of martial arts, you can only feel the breath!

As for stealth, it can't be done!

"With the power of black stone?"

"What do you think, masters?" Ye Chen asked.

"It should be!" After thinking about it for a while, he said, "I can't see the origin of your stone. In a word, it's mysterious and powerful! What's more, there are three tombstones in the tomb of samsara

"As long as you can get in!"

"It is very likely to trigger the tombstone in the tomb of samsara, and three more will come out!"

"Combined with the strength of the seven of us, you can escape the pursuit of the ancestor of the soul clan!"

"Just..."

It's just a failure!

That's death!

But if we don't do this, it won't take a month for Ji Lin to die!

"Let's have a try. What kind of soul clan is?"

"Even if the power of blood will break out and combine with many forces, I don't believe that I can't escape the pursuit of a warrior in the realm of nature!"

Ye Chen shows a fierce force. Looking back at Ji Lin in the tomb of samsara, although the blood dragon suppressed the soul dragon.

However, there is no way to solve the soul poison. The only way for the soul clan to avoid interrupting the altar ceremony for thousands of years is to take a risk in the forbidden area of soul clan!

"Good!"

"We will help you!" Ice sword immortal Zun said.

At the same time, the sunlight Buddha and other three golden Buddhas were all absorbing the power of various King vessels and Hunyuan immortal tools, trying to restore their strength to the peak as soon as possible. The injured places were also repaired by new king tools!

Now!

Three golden Buddhas, each of them has recovered to the fighting power of the five layers of heaven in Hunyuan!

Together, you can fight the peak of Hunyuan state. With a lot of immortal tools and two combined Dao artifact, it's not a big problem to resist the warriors in the early stage of Hedao realm!

But the key is that this time the enemy is the realm of nature!

Chapter 1430

"Start early this morning!"

"For the rest of my life, no one can kill me!"

"I don't believe it, it will be folded in the forbidden area of soul clan!" Ye Chen's eyes showed a cruel look, immediately heard a knock on the door!

Dong Dong!

Ye Chen opened the door, but found it was the North palace purple jade, eyebrows slightly wrinkled, asked: "Ziyu, what are you doing here?"

"Good news, master."

"My father is willing to help you!" North palace purple jade excitedly says.

"Help me?" Ye Chen's eyes are deep and meaningful to look at the North palace purple jade!

Beigong Hongtian!

Change your mind a little fast!

Something's wrong!

Beigong Hongtian, this guy, may be plotting something!

"Master!"

"My father is fighting for a chance for you!"

"You go to the family with me!" The North palace purple jade pulls Ye Chen to leave.

Ye Chen thinks for a while that it is impossible for the Beigong family to arrest him. After all, he is a medium-sized family and has not been afraid of the soul clan to this extent! What's more, if you want to catch yourself, you just caught it. You don't have to drive yourself away. Let your daughter invite you again!

Although, he has said before, no longer have contact with the North Palace family! But Ji Lin's life is more important than anything!

He has no choice!

Besides, it's just a deal between him and the Beigong family!

If Beigong Hongtian dares to make a mistake, he will kill several elders of the northern palace family and break through the door to teach them a lesson!

Kill and create a paradise!

Ye Chen is to think, just do not have that strength!

How to kill the Taoist realm?

Under the full force outbreak, regardless of any cost, just like in the soul clan a few days ago, you can kill two or three warriors in the early stage of he Dao realm, but that's all!

"Good!"

"Let's go!" Ye Chen naturally fearless, with the North palace purple jade on the boat!

At this time, Beigong Hongtian has already torn the void and arrived at the place where the soul clan lived, and directly came to the attic where the old soul clan closed down! As a warrior in the realm of nature, although he was promoted temporarily, his realm was much higher than that of the ancestor of the soul clan. Naturally, he was not afraid of it!

"Beigong Hongtian!"

"What do you mean here?"

The old man in the gray robed soul clan in the attic slowly opened his eyes, and his whole body was covered with blood. It seemed that he was seriously injured and had some difficulty in moving. So he just looked at Beigong Hongtian and said in a cold voice, "you don't want to revenge that little bastard ye Shitian, are you?"

"How could it be?"

"I come to the soul clan today just to talk business with you!" Beigong Hongtian went to the center, took out a chair and sat down. He poured himself a cup of tea, sipped it gently, and gazed at the old man in the grey robe. He outlined a smile on his lips and said, "is the injury still good?"

"It's been five hundred years, isn't it so heavy?"

"The one who hurt you seems to have suffered a lot, and you have also hurt your original foundation. Now that you have fallen to the top of the nine layers of heaven in the Hedao realm, how can you still stay in the second layer of heaven in the realm of creation?"

Five hundred years ago!

This soul clan old man once fought with a Dao Zun of fortune realm!

After fighting for five days and five nights, the two warriors of the realm of nature fought for thousands of miles to destroy a city. The aftershock killed millions of people. In the end, the Dao Zun was hit by the soul clan old man and was seriously injured. However, the sword of time and space in his hand also killed the origin of the soul clan ancestor!

After losing both sides!

The Dao Zun went far away to the western regions and went to the southern regions. He was under the command of another northern palace family. He even had something to do with the blood spirit family!

The northern palace Hongtian and the northern palace family in the southern regions must both be the branches of the dragon family. Some information is also exchanged, so it is natural to be clear about these news.

However, the soul clan old man was hit by the original source and closed for 500 years, but he still fell from the fifth layer of the nature world to the second layer of the nature world. The injury was so serious that he would aggravate the injury if he started. Ye Chen was so crazy a few days ago. If he didn't reach the desperate situation and wanted to die together, he would not speak up, let alone want to fight!

"I'm injured..."

"It's OK to waste all your accomplishments after you've worked hard!"

The soul clan old man gazes at the northern palace Hongtian. His pupils are like the nine secluded abyss, full of cruel and lonely meaning!

He sat down on his knees, put his hands on his legs and said quietly, "besides, I am the elder of the inner door of the soul hall. If you move me, the soul hall will not let you go! Besides, you can't move, you can't move

"Come on, what's the deal?"

"You Beigong family hasn't come to do business for two or three hundred years!"

Beigong Hongtian showed a smile and said faintly: "ye Shitian, I think you should want to kill him!"

As soon as the voice fell, the soul clan old man looked cold, and his whole body was filled with cold breath. In an instant, the whole attic seemed to be in the ice and snow, the ground was frozen, and the air was full of murderous air! No response, no anger!

But the murderous spirit overflows everywhere, which shows that the ancestor of the soul clan hates it!

"Don't be so nervous. In a way, we're in the same boat now." Beigong Hongtian Dao.

The soul clan old man was stunned and said curiously, "do you have a way to let us kill ye and kill heaven?"

"You are not afraid, wanjian emperor palace is troubling you?" The soul clan old man snorted coldly, some disdain, and said: "to make a chestnut out of a fire, or to fight on both sides of the drum, if you want to take advantage of fish people, it's equivalent to looking for death!"

Beigong Hongtian waved his hand and shook his head slightly. He said, "it's not like beating drums on both sides."

"It's not like taking a chestnut out of a fire!"

"It's not about reaping profits!"

"It's a way to perfect the beauty. You and I, even ye Shitian, will benefit. It will be a situation that everyone would like to see. Whether you can kill ye Shitian or not depends on the skill of your soul clan. If you kill ye Shitian, there is nothing to say about wanjian Emperor palace!"

"Everything makes sense!"

"Besides, there is a soul hall behind you. Since you are reasonable, the palace of wanjian emperor can't move any more!"

Say it!

The soul clan ancestor's eyes became complicated, staring at the northern palace Hongtian carefully, thinking constantly in his heart.

Beigong Hongtian!

Age is not small, but the heart is not small, usually the mind is not careful!

He has always been the three elders of the northern palace family as his military adviser, helping him guide his way and planning direction!

Today, it must be said by the three elders of the Supreme Court that we should listen to these plans!

"Say it

"In the end, what kind of method can make us kill ye Shitian without any trouble?"

The ancestor of the soul clan asked. After asking, he looked like a sculpture again. He sat cross legged, as if he was an old man who had been sitting for many years. The dust on his body was not cleaned up, but his eyes became smart!

Look from afar!

It's like a poisonous snake, staring at a target, but never moving!

Just looking at it will give people a deep fear!
