

Physician 1431

Chapter 1431

"This is a way to make the best of three things!"

"Everyone will be happy!"

Beigong Hongtian began to say: "the three parties, my Beigong family, your soul clan, he ye Shitian, have their own demands!"

"My Beigong family wants something. As for what it is, you will know it after I finish and you will agree!"

"You soul clan, although you have been slaughtered by the green sword immortal, thousands of people who have entered the divine realm, but dare not revenge!"

"They all put their hatred on ye Shitian, so the heart of killing ye and killing heaven is extremely strong, but because of the prestige of wanjiandi palace, they dare not do it!"

"Ye Shitian needs a ten thousand year old soul dragon grass to detoxify his friends!"

"If all three parties have demands, it will be easy to solve them!" His lips showed a smile of evil charm, and now he said the purpose, "in this case, it's up to you soul clan to open the forbidden area!"

"Let Ye kill the sky in!"

"Let him go to the soul dragon array, but don't disturb him!"

"Ye Shitian has broken through, and the soul dragon grass of ten thousand years is given to him. He can't break through and be killed by the array. Ye Shitian asks for his own death. If he finds his own death, the palace of wanjian will find it. As long as you don't do it, the soul hall will protect you, and the wanjiandi palace doesn't dare to do it!"

Wanjian emperor palace!

Hum, the former wanjian emperor palace qiangheng!

Now, I'm being watched by the hundred immortals palace and the holy dragon family. I can't help myself!

As long as it is reasonable, it shows that ye Shitian made his own death to break through the soul clan's soul dragon array for ten thousand years. If he died like this, the dumb bakui wanjiandi palace was to eat, to eat and not to eat!

What's the situation of wanjiandi?

As long as you don't force too hard and tactfully kill ye Shitian, isn't it OK?

Beigong Hongtian continued: "such a situation, for you, is advantageous but harmful! As for how to connect the two sides, it is the matter of my Beigong family! My Beigong family will explain the situation to ye Shitian and tell him that we have won this, but he has the right to decide! "

"It's his business whether to go or not."

"But according to his circumstances, it's impossible not to go, so it's done!"

"And you soul clan soul dragon array, even the martial arts of the Taoist realm can be killed, not to mention a child in the spirit state!"

To put it bluntly, the Beigong family implicated both parties to achieve this!

But in the middle will touch the relationship completely, let ye Shitian decide to break through the battle, not induce!

It's the same with the soul clan. The array is here. Ye Shitian will break in by yourself. No wonder you are dead!

"So planned!"

"Good, perfect!" The ancestor of the soul clan nodded slightly, showing a wicked smile and saying, "this is what the three elders of the supreme master thought of. Otherwise, relying on you, it is not enough to match this matter!"

"It's just that I don't have a smooth flow."

"When, after all, my soul clan will have to show my mind to kill a person!"

Soul clan!

For thousands of years, it has been standing on the land of Lingwu!

Apart from the two top families, you can kill anyone you want. I didn't expect to kill ye Shitian today!

How could it cost so much effort and plan!

He guarded this land of soul clan. It's a shame to kill an enemy like this!

As for the Beigong family!

The soul clan ancestor's eyes were more cautious, staring at the North Palace Hongtian, and asked with a smile, "what do you want from the North Palace family? We will provide you and Tian ye with what we need

This time!

Beigong family, especially Beigong Hongtian!

As a very important identity, it is necessary to draw a lot!

Key ye Shitian is willing to jump into this trap. The Beigong family is the key!

"Our Beigong family!"

"I don't want much, a soldier of time and space!" Beigong Hongtian said calmly. In fact, he was extremely excited. When he broke the border, he used the last weapon of time and space. It will take 5000 years to refine the next one!

Now take the opportunity!

Even if Beigong Hongtian is in charge of Beigong family, he is very excited to get another weapon of time and space!

"No way!"

"Jiupin Hedao artifact!"

The old ancestor of the soul clan refused incomparably and simply, "if you want it, don't try to make another plan!"

"Hum!"

"Do you have a chance to do something else?" As soon as Beigong Hongtian said this, the ancestor of the soul clan immediately got up and looked at him with vigilance!

"Don't get me wrong!"

"Don't worry about it either!"

Beigong Hongtian gently waved his hand, motioned to the ancestor of the soul clan to sit down and said, "it's not intended to start a war, nor to kill you!"

"It's just that my Beigong family has worked hard to plan this matter!"

"Give me Jiupin Hedao artifact. I'm afraid it's a beggar." He took a deep breath, revealed his card, and said, "if you don't agree, my Beigong family will protect ye Shitian. The power of your land of soul clan will never encounter ye Shitian."

"Even, we will help ye Shitian to deal with your soul clan!"

"After all, the people behind ye Shitian may also give him the artifact of harmony. Although the value of the artifact may be somewhat different from yours, we can suppress you and weaken your strength by helping ye Shitian. Relatively speaking, it is also good!"

Before you come!

The three elders of the Supreme Master have explained the main points to the northern palace Hongtian!

Whether in the middle of the bridge, or to help ye Shitian thoroughly, are profitable, and the benefits are not small!

If the soul clan does not obey, it might as well help Ye kill the sky!

"You

"Threatening me?"

The ancestor of the soul clan has already mobilized the power of the whole body's space law, and his face is extremely pale!

"You can think I'm threatening you, you can think I'm helping you!"

Beigong Hongtian showed no fear, but also showed his own laws of time and space. He was more powerful than the ancestor of the soul clan. He said, "the matter is here. I know that you have at least three soldiers of time and space. Take one out and solve the hatred in your heart!"

"It's also an acceptable range."

"Although it makes you feel uncomfortable, it's your best choice!"

Inducement and force deterrence are used at the same time!

To put it bluntly, the plan tells you, either you agree to my plan or I help your enemy deal with you!

No matter what, I will benefit!

"You..."

"You are very well, very well!"

Although the soul clan ancestor is not willing, but did not refuse again!

A war of time and space, for a chance of shame!

Yes!

"Well, I promise you!"

"Within three days, you will bring me ye Shitian!"

"If my soul clan doesn't make a move, let him break into the soul dragon array for ten thousand years. In any case, he will die!"

As soon as the words fell, the ancestor of the soul clan recognized that a blue and red dagger was a weapon of time and space. It was enough to let a warrior who had reached the top of the nine layers of heaven in the realm of Taoism break through the realm and reach the realm of nature!

Chapter 1432

The whole space is full of ripples because of the war of time and space!

Beigong Hongtian stares at the soldiers of time and space, and even breathes a little!

Who could have thought that a boy from a low military level who was in a state of mind was worth a soldier of time and space!

Speaking out, it is bound to shock the whole Lingwu continent!

"Good, easy!"

"I like to do business with people like you. I will weigh the pros and cons quickly without hesitation."

"Within three days, make sure to bring ye to kill heaven!"

Beigong Hongtian takes over the soldiers of time and space, smiles and tears the space back directly!

Soon, Beigong Hongtian returned to the Beigong family, looked at the three elders of the Supreme Master, the fourth elder of the Supreme Master, and several elders in the realm of Taoism. He showed the soldiers of time and space and showed some of his achievements. He said with a hearty smile, "it's done!"

"In the family!"

"The five elders have stayed in the nine layers of heaven for 3000 years!"

"The five elements rule has long been cultivated to the great perfection, so the five elders will use this weapon of time and space."

After saying that, he threw the sword to the five elders. "The other elders, don't worry. It's still a long time. I will certainly help you to achieve the state of nature."

"Thank you very much

"Thank you

Five elders, six elders, seven elders, eight elders and so on, all hold hands to thank you!

At the moment, in their eyes, the master of Beigong Hongtian is finally qualified!

Less than 20 years after taking office, although he used his family's inside information to break the situation, he also brought back a weapon of time and space, which was regarded as paying off the debt of the family and adding a strong man to the family!

Looking at all this, the three elders of the Supreme Master nodded and said, "OK, plus Hongtian, the creator of the northern palace family, has reached double digits."

Then he said, "kill Ye Tian!"

"Hongtian, you go with me this time!"

"If ye Shitian succeeds in breaking through the soul dragon array of ten thousand years, you can bring him back and give him a daughter. The marriage is also good!"

"If we can't break through, we'll erase a potential danger!"

Worthy of being an old fox!

Whether ye Chen can break through or not, he has made two preparations!

"Ye Shitian is coming!"

Beigong Hongtian looked at the glowing token in his hand, and his lips outlined a smile and said, "five elders, please go to the seclusion. This time, you will achieve the state of nature. You will have more top combat power. You can take the place of the five elders of the Supreme Master. We will be able to take charge of the sword area and the heaven and earth. We will be able to deal with the xuanhui and the fire cult in front of us, and our pressure will be reduced a lot."

The Beigong family has several domains under its command, which means a land of millions of miles. Among them, there are so many inferior sects that it is not enough to send the leader of Hedao kingdom to suppress them. Only in this way can we stop being instigated by other middle-sized families and sects!

The five domain boundaries under the northern palace family belong to the Dao domain, and the five elders of the supreme emperor sit in charge!

In the other four places, there are also four elders of the state of nature!

In the same way, five Taishang elders are needed to take charge of the subordinate territory. In addition, the territory directly under the shangbeigong family also needs to be suppressed by the creator's environment. At most, one place in a certain place can only be suppressed by a part of the forces, and even some forces can only let the nine layers of tianchanglao in the Hedao realm suppress it!

If there is one more elder of the realm of nature coming out!

The pressure will be reduced. In the face of the pressure of the porch Association and the fire cult, we should be more comfortable!

"Yes, master!"

"Master, we guard the fifth breakthrough!"

"With the fighting power of the fifth brother, we can break the border for ten days, and then our Beigong family will no longer be afraid of other medium-sized families!"

Several elders said one after another.

Beigong Hongtian nodded slightly, and immediately went directly to the front hall. Staring at ye Shitian, he said with a smile, "Ye Xiaoyou, I was a bit reckless before." He clasped his fist slightly, showing a kind look. "I apologize to you solemnly."

"It doesn't have to be!"

"The master of the northern palace still wants to get to the point?"

Ye Chen Mou son a congealed, he can not eat him this set, this old fox just drove out yesterday, today's attitude changes, must have the greasy!

Beigong Hongtian asked Ye Chen and Beigong Ziyu to sit down and said, "as you mentioned before, I thought for a long time that you can invest and even cultivate you. Therefore, I personally went out to persuade the ancestor of the soul clan for you at the cost of a combined Dao artifact."

"Soul clan ancestor, willing to open up the secret land!"

"As long as you can break through the ten thousand year soul dragon array, you can pick a thousand year soul dragon grass, and when you go in and come out, you won't do anything to you!"

"So, it's my chance to say so!"

"Of course, the ten thousand year soul dragon array is extremely dangerous. I don't recommend you to go, for fear of losing your life. Of course, it's up to you to decide!"

Take advance as retreat!

Ji Lin is a hermit by soul poison. He knows it!How can ye Chen not go!

"You say..."

"Let me go through the soul dragon array of ten thousand years by myself?" Ye Chen looks at Beigong Hongtian. Naturally, he knows that Beigong Hongtian has made an agreement with the ancestor of Hun clan. However, wanjiandi palace protects himself, so the Hun clan will not dare to fight, nor will the Beigong family!

Then it is the soul dragon array!

It's an array that once killed the martial arts in the same way!

Let me enter the realm of God, the key is to leave the decision to me!

Once I have an accident, the soul clan and the Beigong family do not have any responsibility. The wanjian emperor palace has no reason to seek trouble. Once I make trouble by force, I am afraid it will be attacked by all!

Good plan!

What a vicious plan!

However, this is the best result for me!

"It's just an array!"

"But you, the master of the northern palace, promised me that you would not be attacked by any one." Ye Chen took out the token of wanjian emperor's palace and said, "I will pass this word and decision to qingjianxianzun."

"Wait!"

"Ye Xiaoyou misunderstood me. What I said was" the soul clan said it would not hurt you. "

" it's not my promise that you will not be hurt in any way. "If people from other sects and families hurt you, I can't afford to be responsible! But in a word, you can go to the soul dragon array! " The old fox, Beigong Hongtian, made the responsibility clear at the first time, so as to avoid being bothered by wanjian emperor palace in the future!

Ye Chen nodded and said cautiously: "good!"

"Ten thousand year soul dragon array, I will break the soul clan array in two days!"

He has no choice!

This is the only way to save Ji Lin!

What's more! There is a tombstone in the samsara cemetery, which is very likely to have a great connection with the forbidden area of the soul clan!!!

From Kunlun Xu step into Lingwu mainland, the tombstones of the samsara cemetery open one after another! It's like a pair of big hands leading to a certain place step by step!

As for where this place is, only go down to know!

Why didn't you arrange for the general situation? Did Kunlun Xu's Extraterritorial meteorite in Ye's family hide the secrets of heaven??

Chapter 1433

"Good, bold!"

"But it's not a trivial matter. Two days is not enough. My master will give you three days to prepare. After three days, he will take you to the soul clan to fight for the battle!" This time, he gave you a warm smile

"The palace of my Beigong family!"

"You can choose one and live in it!"

"Your body, the sixth level of vigorous phase, is too weak!"

Huagang stage six!

It is equivalent to the flesh body of the six layers of heavenly warrior in the divine kingdom!

Compared with Ye Chen, who is in the seven layers of heaven, he is already very strong. However, if you want to break through the soul dragon array for ten thousand years, let alone whether the heaven and earth soul dragon who guards the array will kill him, the killing of gang Qi outside the array is enough to strangle Ye Chen!

Therefore, the northern palace Hongtian gave Ye Chen a bottle of essence blood of the demon beast of the Dao realm that countless people yearned for!

This is also sitting with two hands ready!

Even if ye Shitian's hope of breaking through is very slim, but he has given the demon blood essence, Wan Yiye will also write down his gratitude. If ye Shitian dies in the soul dragon array of ten thousand years, the people of wanjiandi palace will find him! It can also be said that the owner of my family has subsidized ye Shitian and guided him!

Ye Shitian is dead! It's not even his head!

"Oh."

"But you don't have to live in the Beigong family!"

"I'm used to living at the foot of the mountain!" Ye Chen takes the bottle of blood essence. His eyes twinkle and stares at Beigong Hongtian. He doesn't believe Beigong Hongtian is so kind. If Uncle Zheng Boli or other elders of Beigong family give it to him, maybe Ye Chen will write down his gratitude!

Last golden Buddha Tantra, this soul clan!

Also benefited from the elders of the North Palace family, more enlightened!

Therefore, he has not been wanted and blamed by the Beigong family. As for Beigong Hongtian's taking blood essence, he mostly wants to get rid of the relationship that can guide him to go, so that the people in wanjiandi palace think that he is wholeheartedly helping himself and that I am looking for death myself!

Hum!

The old fox who didn't get home!

This time, I broke the soul dragon array for ten thousand years. You will take out more things!

Ye Chen from Jiangcheng to Beijing, then to Kunlun Xu, and now into Lingwu mainland! Along the way, he had never seen anyone.

The general family children are not as experienced as ye Chen at all!

Naturally, he could see the intention of Beigong Hongtian at a glance.

It's a pity that Ziyu is still in the dark.

"Goodbye!"

Ye Chen looks at beigonghong's annoyance and turns to leave. He returns to the inn where he used to live. He begins to refine blood essence and enhance the strength of his body!

"Purple Jade!"

"You also go to have a rest, this time, you don't care!"

Beigong Hongtian took out some five grade monster blood essence, as well as the space God stone and a large number of treasures, handed them to Zheng Bo and Li Shu, and said, "take a good look at the purple jade cultivation. Don't let her out until the middle of the divine kingdom!"

Five grade monster blood essence!

Four grade demon blood essence!

Compared with the blood essence of the demons of the creation realm and the harmonious realm!

Like martial arts, demons are divided into grades and realms, but they are completely corresponding. For example, in the land of Lingwu, entering the divine realm is the first stage of cultivation, and the combined Taoist realm is the fourth stage!

The blood essence of a demon beast is not cheap, but it is not particularly expensive!

Especially for the Beigong family, which has nearly ten strong people in the natural environment, each of the more than 30 Dharma protectors in the family has the ability to kill the four level demon beast and take its blood essence, but it only gives Ye Chen a bottle of four grade demon blood!

Compared with the five grade monster blood essence!

It's not that easy to get!

The bottle of blood essence given to Beigong Ziyu was extracted by the second elder of the supreme emperor who killed a monster equivalent to five layers of heaven in the world of nature. It is a treasure of the family. It can make the body of Beigong Ziyu rise from the Ninth level of golden body to the fifth level of virtual body!

Imagine how precious it is!

"Daddy

"I want to see the master break through the battle!"

"Master, you can break the battle. Let me have a look." North palace purple jade says urgently.

Beigong Hongtian's eyes clouded down, neither against nor easy, just waved to Zheng Bo and Li Shu to take Beigong Ziyu away!

After Ziyu left Beigong, he turned to look at the torn void and several supreme elders who came out of the void. He said slowly, "ye Shitian, this boy, is sure to die. Why should the sixth elder of the supreme emperor ask me to give him a bottle of four grade demon blood essence?"

"This bottle of blood essence can at least cultivate a disciple of the eighth level flesh body in the vigorous stage!"

"To such a dying man, even if it is to clear away the suspicion that we deliberately calculated him!"

"But it's too expensive." hate to part with or use!

Yes, Beigong Hongtian can't even give up this thing!

No wonder the three elders said he was not qualified. The view of pattern was too small, and he was too reluctant to give up the treasure!

"Ha ha..."

"There will be a corresponding reward..."

A dry and cloudy voice came out!

The six elders of Taishang slowly stepped out of the cracks in the space, and the shriveled body was particularly eye-catching. His black robe was like a ghost King crawling out of hell. His eyes were like two deep emeralds. He looked like a normal warrior!

He gently raised his withered arm like wood and slid through the void for two times. His lips immediately spread out a smile of evil charm and said, "Hongtian, you are also the five layers of heaven in the realm of creation. Is it hard to do that? Don't you feel anything

"Induction?"

Beigong Hongtian sensed it carefully, and his face changed a little. He said, "the space is turbulent. Isn't it caused by the elders tearing up the void?"

"Cough!"

You are still too young

"This kind of space turbulence, even the supreme elder can not lead up!"

The two elders of the Supreme Master coughed twice, just like an old man who would die anytime and anywhere. In fact, it was because he practiced a special skill called "celestial corpse skill" ten thousand years ago, which made the body look like a dry corpse. It seemed that he was about to die. In fact, his vitality was tens of times stronger than that of the martial arts in the same situation. He even absorbed the power of the void and the life essence of the warrior to enhance himself!

Therefore, he can sense the unusual turbulence waves in the void and have such a sentence!

His straight eyes, like a poisonous snake, looked down at the huge city at the foot of the mountain. "There is a strong man at the top of the nine layers of heaven in the world of nature!"

The top of the nine layers of heaven!

This sentence directly shocked several people around!

Even if we are all in the state of creation, we are only in junior high school. We know that it is extremely difficult to improve every realm after entering the realm of creation!

In the western regions, only the ancestors of Feiyu Pavilion and Baili family are the strong ones at the top of the nine layers of heaven in the western region. It is impossible for these two ancestors to come. It may be that the strong people of the northern region have arrived!

Chapter 1434

"There is a strong one..."

"Eastern region or southern region?" Beigong Hongtian asked earnestly.

The five elders on the edge snorted coldly, and then said, "there is a trillions of miles between the two regions. It will take at least a few days to break up the void. If you have to be a warrior, how can you be from the two regions?"

The five elders of the Supreme Master obviously have no good feelings for the northern palace Hongtian, and directly point out the key to the problem!

Lingwu is a vast land with a population of 100 billion, and only the population of each city is calculated, not the population outside the city. I'm afraid the real population is hundreds of billions. The world with such a large population is divided into five regions, separated by hundreds of millions of miles. How can there be a strong man at the top of the nine layers of heaven in the creative realm, tearing space directly from the eastern and southern regions Come to Nanyu?

Obviously impossible!

If there is a slight mistake in the way, you may fall into the endless void!

Either the law of space is exhausted and trapped in the void. Only when the next person who happens to meet him can he be rescued. Of course, he may also be killed. Therefore, the people from the western regions who tear up the space are nothing but northern region warriors!

The northern region is close to the western region.

There is an endless river and sea with a width of 30 million kilometers between the western region and the southern region, which is nearly a quarter of the size of the region. If we want to catch up, we will also spend a lot of law power. The eastern region and the western region also have the middle region, which is also a vast territory.

Beigong Hongtian looks a little red!

He finally coughed twice, and then asked, "well, according to the five elders of Ethereum, who came from the northern region? There are a lot of martial arts in the northern region, and there are even many deities in the northern region. What's the matter with a warrior at the top of the nine layers of heaven in the northern region

"Hard or not!"

"Is it the soul hall or the holy dragon family? The dragon family wants to fight us?"

"Fool!" The five elders of the Supreme Master scolded him in a low voice, and he did not look up to the northern palace Hongtian.

On the other hand, the two elders of the Supreme Master said with a faint smile: "although the warrior at the top of the nine layers of heaven in the realm of nature has not met, I am still familiar with her breath. It seems that she is a person from the immortal palace of Lingxian, either a spiritual immortal or a fire phoenix immortal!"

"At the moment, she went to the inn where ye Shitian was."

"Do you think it's her who killed Tian Bei's descendants?"

A top level warrior named xianzun!

Is it really beneficial for us to kill people?

We help ye Shitian get on the line and give ye Shitian a bottle of four grade demon blood essence. Although the value is not too high, it is also considered that the immortal has made a fate. Isn't there a foundation for cooperation in the future?

Martial arts are mostly independent, and generally will not benefit those who are lower than their own level!

Only those with the same level of martial arts can make friends with each other. It is not bad for the northern palace family to make friends with one more God God!

Even if there is danger, you can pay the price. Please help us out!

"So, what the two elders of the Supreme Court said?"

"Should we be more friendly with ye Shitian?"

Beigong Hongtian vacillates. For a while, he feels that ye Shitian must die. For a while, he thinks it's good to make friends with immortal Zun!

"Stupid!" The dry left hand of the two elders of the Supreme Master gently laid on the shoulder of Beigong Hongtian, and only heard the sound of broken bones coming out. Beigong Hongtian's body of the sixth level of divine body was crushed by him!

He put down his hand and ignored the pain of Beigong Hongtian and said, "I'll see this old friend later! Before you do, don't contact ye Shitian any more

"If ye Shitian can!"

"That nature cultivates vigorously!"

"If you can't, you can't give me a fairy stone!"

Tough!

Too stingy or even too stingy!

Capable and talented people are cultivated by Beigong family at all costs!

If you have no ability or talent, you have to pay for food and water in the Beigong family!

Whoosh!

Whoa!!

The void is torn apart again!

The two elders of the Supreme Master hid themselves in the void, waiting for the Lingyun xianzun to come out to discuss after seeing ye Chen. They wanted to know whether Lingyun xianzun was the backing of Ye Chen or what other way to come!

.....

At the same time, ye Chen has just returned to the city!

He entered the Inn and directly arranged a large array to prevent other people from disturbing him. At the same time, he examined the blood essence of the four grade demon beasts in his hand. "It should be

the blood essence of Tianjin beast. Tianjin beast eats all kinds of ores and immortal utensils. Its body is very strong and its essence is very rich!"

"This head is the blood essence of the four layers of heaven in the Hedao realm, that is, the blood essence of the golden beast in the middle of the fourth grade!"

"After taking the training, I should be able to reach the level nine of Huagang stage."

"As for the realm of martial arts..." Ye Chen thinks that only when his Buddhist road is perfected, can he go to the nine layers of heaven and begin to prepare for a breakthrough! Emperor Zun breakthrough into the realm of God!

Use the Hunyuan immortal tool!

Enter the divine realm and break through to the divine realm!

Do you want to use the magic tool of harmony?

If I use it, it may make my body stronger, and produce the power of part of the laws of time and space. At that time, it will not be too difficult to fight Hunyuan warlords!

As for the more upward force of time and space!

Ye Chen didn't dare to think about it. It's a treasure that all martial artists in the realm of Taoism dream of!

For example, there are more than 30 martial arts practitioners in the northern palace family. Among them, about 15 of them have joined the nine levels of the Taoist realm. Why didn't they break through?

Because there is no time and space soldiers!

You can only stay in the nine layers of heaven in Hedao!

As for the ancestor of the blood spirit clan, of course, he was in the nine layers of heaven in the realm of Tao, and there was also a force of time and space. However, the practice of the five elements principle was not home yet, so it would take a thousand years to break through!

"Ten thousand year soul dragon array!"

"Three layers..." Ye Chen took out the analysis map of the ten thousand year soul dragon array given by the northern palace Hongtian, and looked at it carefully, "it is round. The outer layer is the fire and vigorous wind, and the fire fighting puppets stationed there. Each of them has the combat power of the divine kingdom!"

"The number is estimated..."

"Seventy up and down..."

"Second floor!"

In the second layer, the black water mysterious region is composed of a black water Xuan River, which is thousands of meters wide. The dark water in the river can corrode the body. At the same time, there is also a black fish, which is the golden body. The flesh body of the golden body will crack in an instant under the mouth of the black fish!

There are at least tens of thousands of cannibal black fish in a black river. Although each of them has only nine levels of cultivation in the divine realm, which is equivalent to a monster, if one hundred cannibal black fish are on one piece, even the martial arts of Hunyuan state can be gnawed clean in an instant, that is, the bones, Tao Yun and the road can't be left behind, and all of them will be gnawed by them.

You can see how terrible the second floor is!

Chapter 1435

"Black water mysterious domain!"

"It seems that the ten thousand year soul dragon array is not only an array, but also a huge array group, which contains a huge place!" Ye Chen is thinking when, suddenly a space crack appears, a middle-aged palace robe woman, slowly walked out!

Bang bang bang!!

The sound of tearing is coming out!

The array arranged by Ye Chen to prevent disturbance breaks down in the space cracks, and finally collapses completely. For the middle-aged palace robe woman, there is no obstruction at all, and this middle-aged palace robe woman is quite the original spirit charm immortal statue!

One of the two vice masters of Lingxian palace!

Ji Siqing and Xia Ruoxue's master, Lingyun xianzun!

Ye chenmeng stood up, cold eyes staring at the spirit of xianzun!

Eyes as if congested!

All over the blood!

It was this woman who took Ji Siqing and Xia Ruoxue personally!

It was this woman who made Ye Chen in a mess in Kunlun!

It was this woman who made a ridiculous one-year contract!

How can ye Chen not be angry!

"You boy, why don't you want to die?"

"Thanks to them, they asked me to save you and Ji Lin. unexpectedly, you really want to die like this!"

Lingyun xianzun was still arrogant and looked down on Ye Chen at all. After walking out of the space crack, he looked around and looked at Ye Chen. Although he was shocked, he was more disdainful, "I didn't expect that you could come to Lingwu land so soon!"

"Originally, I use your blood to track where you are!"

"I thought I needed to go to Kunlun, so that you don't have an accident every now and then and disturb my disciple's cultivation!"

"I didn't expect it was in the western regions

"It seems that I underestimated you."

For Lingyun xianzun, ye Chen is just a humble poor boy!

He and Ji Siqing and Xia Ruoxue are not the same kind of people at all.

The way of cultivation, inheritance and master is extremely important!

Like Ye Chen, this kind of heresy, after all, will not become a climate!

What's more, ye Chen's anger is too heavy, and this kind of person can easily die.

He doesn't like Ji Siqing and Xia Ruoxue following such a man with no future!

"Aura! Where are Ji Siqing and Xia Ruoxue? "

"What are you going to do with them Ye Chen immediately got angry and wanted to grasp the spirit charm immortal Zun, but as soon as he approached, he was shocked by the invisible vigorous Qi. He could not help saying, "you want to separate us. It's a poisonous heart!"

"Aren't you afraid that after my accomplishments have soared, you will tear down your Lingxian palace and then discard your accomplishments?"

Hearing this, Lingyun xianzun couldn't help sneering and said: "humble boy in the world of low martial arts!"

"How can I be worthy of my own disciple?"

This is like a noble lady speaking to a poor boy.

Even if the poor boy is cruel again, in front of the noble lady, they are just holding up to hide their face!

"My disciple Siqing!"

"I feel that you are seriously injured!"

"I feel that her sister has been poisoned. In my opinion, it should be soul poison." Lingyun xianzun looked at Ye Chen with pride, and immediately the power of the spirit bloomed. However, he did not detect the existence of Ji Lin, so he was surprised. He stepped back and said, "do you still have palace immortal tools?"

"How can you have such a baby with your accomplishments?"

Palace fairy ware!

Expensive and extremely important strategic immortal!

Ye Chen is such a mean boy, but he also has it. It's really God's blind!

If it was put in the hands of other immortals in the realm of nature, it would be of great use. It would be better to let the martial arts master of the same Taoism hold it than to waste it in Ye Chen's hand!

"Where is Ji Lin?" Lingyun xianzun said coldly.

Ye Chen naturally can't tell the story of the reincarnation cemetery. He carried his hands behind him and directly said, "you don't have the right to know!"

"Ye Chen, you are near the Beigong family!"

"Before, I should have gone to the soul clan, right?" Lingyun xianzun used the law of time and space to explore the way of heaven. He also learned that Ji Lin was taken as a tribute by the soul clan. Ye Chen was seriously injured in order to protect Ji Lin!

Immediately, she stretched out her hand and said in a bored way, "give me Jilin!"

"I am her elder sister's teacher, will not harm her, let her stay with you, will only harm her!"

"You, ye Chen, have no qualification, no chance, and no ability to save Ji Lin!"

"You're just a waste. Please hand it over so as not to delay Jilin's treatment. It's your responsibility to kill Jilin. I don't have to bear it!"

"You don't have to treat it!" Even though ye Chen was bound and unable to move, he still said angrily, "I will save Ji Lin, I will go to the ten thousand year soul dragon array and pick up the ten thousand year soul dragon grass to save Ji Lin!" He pointed to Lingyun xianzun and yelled: "I have the strength to save Ji Lin, I don't need you to manage it!"

For a moment, ye Chen wants to hand over Ji Lin!

But he knew the style of Lingyun xianzun. If Ji Lin influenced Ji Siqing's practice, she would erase some existence!

Rather than let Ji Lin follow this kind of peerless strong man, it is better to follow in his own side!

He only believes in himself!

"Hum! What a big voice

Lingyun xianzun immediately used the law of time and space to isolate the connection between the samsara cemetery and ye Chen, and directly imprison Ye Chen without giving Ye Chen any reaction, and it is impossible for ye Chen to reproduce the scene of the war with her in Kunlun Xu!

At this moment!

Not only Ye Chen, even Xuelong and Xiaohuang, are imprisoned by the space-time rules of Lingyun xianzun!

Although Ye Chen can break out the seven or eight layers of the Shenwang realm, with the blessing of Xuelong and Xiaohuang, he can break out the fighting power of the Hunyuan realm. In addition, with the power of the reincarnation cemetery, he can break out the power of the harmonious realm at all costs, but there must be a chance!

Last time, Lingyun xianzun carelessly gave Ye Chen a chance!

Not this time!

No matter how powerful Ye Chen is, you can't break free without understanding the laws of time and space!

"Boy, if you give up such a chance, you will regret it. Do you want to break into the battle of soul clan? ha-ha! Fantastic

"If you refuse to hand over Ji Lin, it's just no good!"

"Since you want it, I'll give it to you in a big deal!"

Lingyun xianzun took out a bottle of Hetao Shendan and threw it out like a garbage. He yelled: "take the pill and give it to Ji Lin, and then roll back to your Kunlun void. Don't try to beat my apprentice's attention. You don't deserve it!"

The boy of the low martial world!

Trying to make toads eat swan meat!

It's just fantastic!

Fierce pressure toward Ye Chen, ye Chen can even feel his knee bending!

It's like kneeling for the next second.

His whole body trembled!

Feel the desire for strength and cultivation again!!

Chapter 1436

Of course, the pressure, but ye Chen still bite teeth, like steel general standing, body did not bend half!

"Oh? Still so stubborn? "

Lingyun xianzun's eyes are slightly narrowed, but she knows how terrible Her Majesty is!

Don't mention Ye Chen who is in the state of God. Even the state of God and the state of Hunyuan can't be stopped!

But the boy managed to block it!

At the moment, there was a sense of crisis in her heart!

It's like a year's appointment. It's possible that something unexpected will happen.

This kid is too variable.

The boy must die as soon as possible!

Of course, the idea was fleeting.

Lingyun xianzun shook his head and snorted coldly. He moved a little bit of the force of the law towards Ye Chen!

At this moment, ye Chen felt as if he was staring at the huge mountain on his shoulder!

He can't bear it!

"Damn it!"

Ye Chen's clothes are completely wet through. At the moment when his body is about to bend down, there is a sudden change in his pocket!

It's black stone!

In an instant, the black stone twinkled with light, as if aware of Ye Chen's danger. With Ye Chen's own reincarnation, an absolutely powerful force broke out again. The combination of the two forces broke through the shackles of the law of time and space!

The next moment, ye Chen unexpectedly moved!

Lingyun xianzun's eyes are suddenly enlarged, and the calm eyes are full of fright!

As if to burst!

"How could it be!"

Lingyun xianzun could not help but exclaimed!

She can't believe it!

If it is a coincidence that ye Chen has resisted the pressure just now, it is simply a shocking move to ignore the power of his own law!

No secret method is possible!

When Lingyun xianzun doubts, ye Chen grabs the five fingers and picks up the Hedao Shendan on the ground!

However! Hit the immortal to return directly!

A simple action!

But all the furniture around Ye Chen is broken!

The four walls turn into powder!

The whole Inn seems to be in vain at any time!

"Bang!"

Lingyun xianzun slightly dodged away from the pill bottle and suppressed the shock in his heart. He looked at Ye Chen and said, "it's strange that mingmingzun has blocked the connection between you and the palace immortal. Do you still have a card?"

"It seems that you can enter Lingwu land from Kunlun Xu, which is not as simple as I thought!"

"But do you really think you can live on your cards? The rules of Lingwu continent are different from those of Kunlun. It's cruel and cold here

"Now Ji Siqing's accomplishments are far better than you. Do you really think you can match Ji Siqing and Xia Ruoxue with this card? You... "

Before Lingyun xianzun's words were finished, ye Chen stepped out step by step, and even more extended a hand and pointed out to the outside:

"get out! I don't want to say it again! "

"Today you are so high that I can't do anything about it. But in the future, I will step on the immortal palace and pull your aura down from the altar."

This is Ye Chen's attitude!

At this moment, the anger of Lingyun xianzun completely exploded!

As the deputy head of the Lingxian emperor palace, who dares not to serve the people in Lingwu mainland carefully!

But in front of this boy named Ye Chen, her aura was called down from the altar!

With a wave of her hand, she directly repulsed Ye Chen, and said coldly, "arrogant boy, do you think that I am still in the world of low martial arts? Limited power? "

Lingyun xianzun used to be in Kunlun void before. Because of its ontological realm and combat power, it was far higher than the Kunlun virtual could bear, so she did not exert much combat power at all. But now she is at the top of the nine layers of heaven in the realm of Lingwu. She can kill the king of gods, not to mention a Ye Chen!

But is surprised at Ye Chen, actually can break through her time and space confinement!

"Old witch!"

"I tell you, I'll pick the ten thousand year old soul dragon grass by myself!"

"I will take the resources of cultivation by myself."

"The one-year agreement has not been moved. If you start now, does it mean you are afraid?"

Ye Chen wiped off the blood stains on the corners of his mouth and laughed coldly.

Others are afraid of Lingyun xianzun!

He's not afraid!

Even if Lingyun xianzun moved to kill his heart, he also believed that he was definitely not so easy to die!

Samsara cemetery chose him!

A hundred talents chose him!

My grandfather chose him for his eternal puzzle!

What is a aura!

He will eventually stand on the top of Lingwu land!

At that time, Lingyun was just a piece of yellow sand!

"A year's engagement?"

"Will I be afraid of you?" Lingyu xianzun instantly restrained his intention to kill and relaxed his attitude a little, mainly due to Ye Chen's shock to her!

A mole ant in the seventh heaven!

It can break through the shackles of the laws of time and space. Although half of them rely on foreign objects, the other half depends on their own blood!

Of course, he does not kill Ye Chen, but also lies in the agreement between Ji Siqing and Xia Ruoxue.

She promised that they would come here to help Ye Chen.

Otherwise, breaking the oath will easily affect her heart.

However, she wants to help. If the boy doesn't agree, it's another matter!

"Boy!"

"Now, don't say I don't give you a chance!"

Lingyun xianzun's lips outlined a playful smile and said, "your talent is good, and your blood is not bad. It should be a third or a higher blood. As for the power of Tao, four?"

"The power of the four ways is strange!"

"The power of the three second qualities, the one of the three virtues, the talent is not top-notch, not qualified!"

"But all the other martial arts are the power of one Tao. You are actually three. I'm not afraid that when you are promoted to Shenwang state, the power of Tao will evolve into the way of God King, and the huge power brought by it will burst you?"

She took a breath and said, "well, your talent is OK. You kneel down to kowtow to me and apologize."

"I can take you back to Lingxian palace to be a servant and servant!"

"In this way, you can at least meet Ji Siqing and Xia Ruoxue!"

"Isn't that what you want?"

"The result of this kind of war is not bad."

How can such old monsters as Lingyun xianzun not know ye Chen's character!

Ye Chen is not a perfectionist, nor a coward!

The more tough he is, the more rebellious Ye Chen must be and the more impossible he is to agree!

"Go away!"

"You're dreaming in a fool's head, and you're dreaming in the sky!"

Ye Chen's reaction, however, is in line with the idea of Lingyun xianzun!

"My father..."

"Ha ha ha, since you are so stubborn!! Don't say I didn't give you a chance

Lingyun xianzun glanced at Ye Chen and said plainly, "this is what you refused! Since you have to break into the forbidden area of the soul clan, I will guard it outside. By the way, you'd better give Ji Lin to me. If your front foot dies outside, the script Zun will go to the soul clan to exchange for the soul dragon array for ten thousand years. It's not a breach of faith to me! "

Chapter 1437

Ye Chen is too young for Lingyun!

If you are so violent and upset, if you go to the soul dragon array for ten thousand years, you will surely die!

Xia Ruoxue and Ji Siqing don't know what she said. At that time, they only know that ye Chen is determined to break through the soul dragon array of ten thousand years and prove himself!

In this case, she can't stop it!

Dead, not to blame her!

"No need!"

"I can't believe you old witch!"

"Up to now, I haven't even seen Xia Ruoxue and Ji Siqing. Who knows what you've done to them!"

Ye Chen can't give Ji Lin to Lingyun xianzun!

Let's not say that Lingyun xianzun has such an attitude and is so arrogant, let's talk about Xia Ruoxue and Ji Siqing!

Left to now, I do not know how they live!

It is even possible that Lingyun xianzun will persecute Ji Siqing?

I don't know how ye Chen could give Ji Lin to Lingyun xianzun and put it in his reincarnation cemetery. There are at least four masters looking after him!

"Hum!"

"I'll wait and see!"

Lingyun xianzun waved to tear the void again and disappeared directly!

When she left, she was full of joy, not scolded, but her own purpose, achieved!

Ye Chen!

Not to mention the humble identity, just his attitude!

She won't let Ye Chen and his disciples combine. The sooner the better, the sooner the better!

This time, not only to complete the commitment to Xia Ruoxue, anyway, she can definitely save Ji Lin in the end!

Can also let Ye Chen upset, oneself break into ten thousand year soul dragon array to die!

Kill two birds with one stone!

Ye Chen looks at the direction of the disappearance of Lingyun xianzun and clenches his fist. He vows to speed up his cultivation!

Let him despise the spirit of the immortal Zun, servant rush at his feet!

Today you love me to ignore, tomorrow I let you climb up!

Soon!

Ye Chen directly took out the blood essence of Tianjin beast in Sipin Hedao without refining it, let alone using immortal tools to avoid the loss of blood essence. He took it orally and externally and began to temper his own body. He was still biting his teeth, suffering from the pain of the tempered body!

Samsara cemetery!

The four masters saw a lot of clues!

The pharmacist Buddha clapped his hands together and sighed, "the matter of the world of mortals, trouble!"

"If the boy had gone to the end of his three thousand troubles and was completely classified into Buddhism, there would have been no such thing today."

"Insulted by our beloved's master, we can't fight back, and we can't help!"

Powerless!

Pathetic!

What a pity!

"Thanks to my Buddha's favor, I'll wait for 3000 troubles to go!"

No more suffering from the world of mortals The pharmacist Buddha said devoutly.

"Monk, stay on the edge, what are you feeling?" Ice sword immortal Zun said angrily: "if your most respected Buddha is trampled under your feet, I think you can still sit still!"

"The boy is insulted this time! In fact, it's a good thing

"What can't kill this boy will only make him stronger! This may be the key to killing. "

"If we have a chance in the future, we will certainly accompany us to step on the Lingxian emperor palace and ask Lingyun, the old thing, to come out and bow and admit his mistake."

He was also angry to pace back and forth, his apprentice, so insulted by people in the same place!

He has not been able to move, but also cut off the contact with the disciple by the Aura!

Such things!

It's not just Ye Chen's insult!

What's more, it's an insult to him!

The moonlight Buddha and the sunlight Buddha sighed and chanted the Vajra Sutra with both hands, but they didn't understand the love of the world!

"Disciple

"Good for cultivation, good for forging!"

"In the future, I'll call the old witch of Lingyun, kneel down in front of you and admit your mistake!"

Ice sword xianzun exports his power to help Ye Chen forge his body!

He used the essence of the original Tianjin beast to give full play to 200% of the effect, and even used his own space-time rules to help Ye Chen thoroughly refine the seven grade Hunyuan immortal utensils in his body, and accept the power of Hunyuan immortal tools to break the boundary!

Thank you very much

After saying that, ye Chen began to concentrate on training his body!

.....

In the endless void!

As soon as Lingyun xianzun came in, he saw the two elders of the northern palace family. Lengbuding laughed and said, "Why are you waiting for me here? Or do you want to kill Ye Chen

Beigong Langyu, the name of the two elders!

It's just the name and shape, but it doesn't match. Maybe before practicing the corpse skill, the two elders of the Supreme Master were also pretty!

"Ye Chen?"

"Didn't he call ye Jingtian?" The two elders were surprised. They quickly realized it and said with a smile, "the original name is a pseudonym."

"So I remember Kui Ying of the blood spirit clan of the Blood Sword clan in the southern region!"

"It seems to be offering a reward for ye Chen's life."

"This ye Chen is that ye Chen

How can Beigong Langyu not be surprised!

At the beginning, the whole land of Lingwu was shocked by the order of pursuing and killing!

However, the influence of the Xueling clan is mainly in the southern regions, which has little influence on the Beigong family.

"Why, do you want to have a magic weapon over there?"

"Maybe you'll do it better!" Lingyun xianzun's face is still plain.

She looked quietly at the two elders of the Supreme Court and seemed to be looking forward to it!

Two elders of the northern palace family!

Kill Ye Chen!

With Ye Chen himself to die!

The results are the same!

Ye Chen exists one day, her aura can not be at ease.

I don't know why, just when ye Chen broke his ban, Lingyun felt that his one-year agreement was likely to fail!

It would be a good thing if the elders of the North Palace family took the initiative to solve Ye Chen first! But when the time comes, he will kill the two elders of the Supreme Master and express his revenge to Ye Chen, so that the two disciples will not be estranged from each other!

Of course, the second elder of the northern palace family, the peak of the seven layers of heaven!

Naturally, it will not be the opponent of Lingyun xianzun. Only the two fight. Lingyun xianzun is sure to kill the two elders of the supreme emperor within 100 moves!

Even if it's the supreme elder of the northern palace family, the guy from the eight layers of heaven in the realm of nature is coming!

Lingyun xianzun is also fearless!

No matter how big the trouble is, if it goes to the palace master and the dragon family, I have enough reasons to explain it!

"You..."

"How could it be I'm not going to kill that boy

The two elders of the Supreme Master obviously felt the unusual place of the spirit charm immortal respect, and quickly waved his hand to refuse!

I originally came to explore why Lingyun xianzun contacted Ye Chen, and even suspected that he was the person behind Ye Chen. How could he kill Ye Chen in front of Lingyun xianzun!

"Ha ha, good!"

"You are very clever

Lingyun xianzun smile on the surface, in fact, the two secretly have a fight!

As for the old foxes like them, the dialogue is always made clear. They judge each other's intention through subtle language and action. As long as the dialogue breaks through the words, or it is not conducive to their own actions, they will start in an instant!

Chapter 1438

Of course, if you don't know, you won't do it!

"Ye Shi No, it should be ye Chen. He is your disciple? " The two elders of the Supreme Master recalled: "if the blood spirit clan is really after the same person, then ye Chen should be from Kunlun in the low martial world?"

"Disciple?"

Lingyun xianzun's face was cold at once, and even sent out a sneer: "I don't accept male disciples in Lingxian palace!"

"What's more, ye Chen's garbage blood and strength can't get into my aura eyes!"

"He's just a toad who wants to eat swan meat!"

"I want to pursue my disciple, but it's a pity that he was born in a humble family and refused to let go. He is a disgusting guy who can't kill me!"

"If you kill him, I will thank you!" Lingyun xianzun said slowly, with a smile on his face.

"Oh? I see. I think so much, but I'm not interested in killing Ye Chen! " The second elder of the Supreme Master was still not sure about the intention of the immortal, so he said, "the soul clan, ye Chen, who has agreed to go to the soul dragon array for ten thousand years!"

"This time to go!"

"Must die!"

"Well, I'm going to watch the war one or two?"

Ye Chen!

I dare not kill you!

Don't say it's related to your Lingyun xianzun and your Lingxian emperor palace!

Even if it has nothing to do with you, he Ye Chen is also a Taoist disciple of wanjiandi palace. The power of wanjiandi palace can be above your Lingxian palace!

How can I kill myself? What's more, do you have any interests to say!

"Good!"

"We might as well watch the war together. I'd like to see how this despicable boy is killed!"

Lingyun xianzun didn't think ye Chen would survive at all. He was going to discuss with the ancestor of the soul clan. When ye Chen died, he saved Ji Lin himself and exchanged for a ten thousand year old soul dragon grass to save people. Unexpectedly, the invitation of the two elders of the northern palace family was just right!

"Good!"

"Please!"

The two elders of the Supreme Master indicated the spirit charm immortal respect!

They broke through the void and came to the Beigong family. Soon, Beigong Hongtian and several elders communicated with each other and understood what they were thinking! Are concerned about how ye Chen will die!

Ordinary times!

A warrior at the peak of nine layers of heaven!

How can they be seen in the eyes of the gods and gods in the realm of Tao and the immortal in the realm of creation!

But ye Chen is different!

Wanjian emperor palace dao zhuan disciple, but also Lingyun xianzun dao zhuan disciple adore!

If you want him to die, you can't do it yourself. You have to let him die!

.....

Time flies!

Today is the time for ye Chen to break through.

"Ladies and gentlemen

"Three days have come!"

Beigong Hongtian motioned to Lingyun xianzun and the second elder of the Supreme Master, and said with a smile, "I'm going to pick Ye Chen. Master Lingyun wants Ye Chen to die in the soul dragon array for ten thousand years. My Beigong family neither wants nor refuses to accept it. Let it be."

"Anyway, the boy is dead!"

"For me, it can also prevent him from taking my daughter's heart!"

After saying that, the North Palace Hongtian tears away!

He also has his own plan, the North palace purple jade seems to have some love ye Chen!

He just does not like Ye Chen, ye Chen died!

Just at this moment!

In an inn at the foot of the mountain.

An extremely strong shock came out of the repaired inn.

The tremor was spreading, and there was a sense of doomsday all over the ten miles.

The original clear sky is suddenly turned into cloudy!

And all this vision comes from a room in the inn!

This room is full of Buddhist light and magic Qi!

Many warriors noticed something and rushed out of the room to observe the house covered by the evil Qi and Buddha light.

Someone wanted to get close to him, but when he took a step, the fierce vigorous Qi just like a sword directly broke his body!

It's full of blood!

Since then, no one dares to approach!

There is only one question in the minds of all warriors!

What strong man is breaking through in this room!

Inside!

Ye Chen naturally did not know the outside situation, his eyes suddenly opened, a touch of cold light suddenly appeared!

His whole body seems to be surging with two terrible Dragon Tattoos!

"It's a breakthrough at last!"

"In these three days, I have made great progress."

"I want to thank the old lady of Lingyun

"Without her, I couldn't have broken through so smoothly!"

Words fall!

Ye Chen's arms shake, burst out a powerful Qi, directly shocked hundreds of martial artists in the inn who were in the state of mind and king! He shows his body like ice crystal, and his body is flowing with simple and mysterious Qi!

At this moment!

His physical realm has finally reached the first level of virtual body stage!

In physical cultivation, bones need to be condensed in the bone setting stage, and the golden body needs to be cast in the golden body stage. In the vigorous transformation stage, the body needs to contain vigorous Qi to reach the level of invincibility. In the virtual body stage, you should make your body empty and not be afraid of the damage of space cracks. You can cooperate with the law of space and tear the empty space for a journey!

If you are another warrior, the physical body has not reached the virtual body stage!

Even if they are led to travel through the void, they will be hurt by the force of space law from the cracks in the void!

But now, when ye Chen's body reaches the first level of virtual body stage, he is equivalent to the body of one layer of heaven in the Hunyuan state. If a warrior does not reach the eighth level of the divine Kingdom, he will not have the power to hurt his body. Even if the warriors in the eight or nine layers of the divine Kingdom attack him, they can only leave a white mark on his body!

"I'm back to my original feeling at last!"

"The realm of physical training greatly surpasses the realm of martial arts!"

"You don't have to worry about the collapse of the body if you fight over the level like this!"

Ye Chen said to himself that when he was on the level one or two of Daoyuan and Emperor Zun, he was cast on the sixth and seventh level of Jin Shen Ba Ti, which is equivalent to the body of a martial artist in the six or seven levels of spiritual realm. In that way, you don't have to worry about your body being smashed!

However, after he was promoted to the realm of God, his body remained in the period of Huagang. When he was fighting over the level, he was beaten and blasted many times!

As a result, he is eager to upgrade the physical body, so as to avoid being beaten up by people in leapfrog combat!

Now, he doesn't have to worry!

Hoo Hoo Hoo!!

Whoa!!

Suddenly, a Buddhist road appears!

At the back of Ye Chen, he is more condensed and perfect, and his breath is also strengthened, reaching the realm of eight layers of heaven!

At this time, the head of Ye Chen comes a strange move!

The space tears directly!

A shadow line!

"Sharpen your gun at the moment!"

"In fact, the results are the same!"

Beigong Hongtian comes out of the void and looks scornful when he sees this scene!

In his eyes, ye Chen is going to die anyway, break through and practice?

Do you really think it can change the outcome?

It's a waste of resources!

It's a pity that the blood essence of the four grade Tianjin beast is!

"Ye Chen!"

"I'll take you to the soul clan!" Beigong Hongtian looks relaxed and smiles!

Ye Chen takes a look at Beigong Hongtian, outlines a playful smile at the corner of his mouth, stretches out, doesn't speak, and walks in that direction!

As if, in his eyes, Beigong Hongtian is like air!

Chapter 1439

Beigong Hongtian feels Ye Chen's contempt and sneers in his heart.

It is impossible for a dying man to be angry.

He has known the terrible degree of the forbidden area array of soul clan these days!

In addition, the soul clan who knows that this boy is going to break in will definitely use the secret method to bless the array!

At that time, there will be only one dead end!

Even if he is the North Palace Hongtian to break, are not sure!

Even, Beigong Hongtian has prepared a coffin made of qianlingmu!

Once Ye Chen had an accident, he would send the coffin to the palace of wanjian emperor!

In this, it is also for the sake of making friends with wanjian emperor palace!

Suddenly, he found something and frowned!

Because at the moment Ye Chen actually went to his tearing space crack!

This kid is crazy!

With Ye Chen's realm, if you enter the space crack that he tore, you will not be able to bear it!

At that time, not to the soul clan, will be mercilessly torn by the power of space cracks!

"Ye Chen, you can't enter the space crack, your body can't bear it! Come back

The North Palace Great sky startles the voice way!

He also knows Ye Chen's origin from the supreme elder! I also know that ye Shitian is just a pseudonym!

This kind of guy who came up from Kunlun was chased by the ancestor of Xueling family. How can he be so reckless now!

Don't you know the things that even children in Lingwu land know?

However, ye Chen at the moment has no intention of paying attention to it, and goes to the space torn by Beigong Hongtian!

It is completely disappeared!

Waiting for the North Palace Hongtian to react to come over, the heart cluttered for a moment, hurriedly chased in! Even more follow Ye Chen into the space crack!

The atmosphere of Taoist space swept through their bodies, and swept up the long hair of Beigong Hongtian. His white robe seemed particularly ethereal. From the outside, he looked like a fairy in Chinese legend, so natural and unrestrained.

He went inside, the first time to look for ye Chen's figure!

When he saw a proud body not far away, the shock in his heart was like a flood collision!

Ye Chen has nothing to do!

According to reason!

There is no air in the space crack, but there are a lot of space laws in the vertical and horizontal!

The physical body is not in the golden body stage, it is immediately torn!

There are a lot of space laws, the body is not to the vigorous period, also difficult to bear!

What?

Ye Chen has nothing to do with it?

Kaka ~ ~

Ka ~ ~

Beigong Hongtian Mou Zi was more and more shocked!

For a moment, he found that he could not see through the young man who had come up from Kunlun!

"How do you do it..."

Before he finished speaking, Beigong Hongtian saw Ye Chen's ethereal spirit and said: "Ye Xiaoyou, your body is not what it used to be!"

"Is this the stage of virtual body

"With the cultivation of the seven layers of heaven in the spirit realm, the body is comparable to the warrior in the Hunyuan realm!"

"Your body is at least of the same rank. I've seen the strongest one among the warriors!"

Say it!

Beigong Hongtian knows very well, even the Dragon son and dragon daughter of the holy dragon family and the dragon family!

Under the same realm, ye Chen's flesh terror is impossible!

Do they have the resources to forge a realm beyond the two martial arts?

Yes, absolutely!

However, no one can bear the burden of too strong body and the pain of tempering, because the spiritual power required for maintaining the physical body at the virtual body stage is at least three times as much as that for maintaining the physical body at the vigorous stage and ten times as much as that for the body at the dominant stage!

Ordinary martial arts practitioners, even if they have forged the body of Huagang stage, will lose their attack power due to the sharp consumption of their spiritual power, in return for their strong defense!

But ye Chen is so strange!

His defense is very strong. If he doesn't use the Hunyuan immortal tools and special treasures, he should only play the battle power of the four or five layers of heaven in the divine Kingdom, but the physical body is that the nine layers of heaven in the divine kingdom can't be broken!

Is defense better than attack?

Consumption is also very large!

What does Ye Chen think?

However, ye Chen at the moment did not pay any attention to Beigong Hongtian.

In his eyes, only the array of soul clan is the existence he cares about.

Beigong Hongtian is also the head of the Beigong family. How could he be so ignored? He subconsciously stretched out his hand and grasped Ye Chen's shoulder: "Ye Chen, did you listen to me?"

Ye Chen stops, and Yu Guang glances at the hand on his shoulder and snorts coldly. His body flashes a magic light, which forcibly shakes the palm of Beigong Hongtian.

He turned his head and gazed at Beigong Hongtian Yan and said, "I don't need you to tell me more about my body. You can lead your way honestly." His spiritual power is at least dozens of times that of the same level!

Not afraid of consumption!

As long as the body is strong enough, he can kill any warrior in the realm of creation with the power of annihilating the road!

In the realm of creation, it means that there is life to speak of. It is a weakness and one of his cards!

"Hum!"

"Trees show in the forest!"

Beigong Hongtian whispered, accelerating the tearing of the space, and quickly came to the exit. He stepped out of the body and restored to its original appearance. He immediately took Ye Chen aside, looked at the ancestor of the soul clan and said, "ye Shitian is coming for you."

Hoo Hoo Hoo!!

There are gusts of wind blowing out of thin air in this attic!

Ye Chen fell on the ground and looked closely. He saw the seriously injured soul ancestor of the second layer of heaven in the nature world. He showed a scornful smile and said, "you are injured and so serious. No wonder you didn't do it at the beginning."

The ancestor soul!

The original foundation is damaged!

For a warrior in such a state, the damage to the original foundation can not be solved by a simple elixir!

Ye Chen was injured by Lingyun xianzun last time. He only used the spirit level elixir. However, in order to cultivate the soul clan ancestor, he had to use the only miraculous elixir of the nature level. That kind of elixir is a kind of elixir which can change life for another day. Its value is close to a artifact. No wonder this soul clan ancestor has been unable to recover!

Soul clan!

Soul hall!

It's not a person who is light on goodness. A artifact can create a martial artist of Xingqiao state at the level of deity!

How can it be given to a man in the second layer of the natural world to recover from injury!

"Cough!"

"Boy, don't laugh at me!"

"You don't have much time to live!" The ancestor of the soul clan stood up with dignity. His black robe was not very eye-catching, but his eyes were like poisonous snakes, which could give people a feeling of penetrating into the soul.

He took a long breath, the corner of his lips outlined a evil smile, immediately waved his left hand, a drop of pure black blood overflowed between his fingers, floating in the air, the next moment, an invisible force spread out, a space crack opened, a contract appeared, combined with pure black blood!

Whoa!!

Whoa!

The contract of newspaper size seems to be a kind of contract handed down from ancient times. It is full of evil and dark power. It seems that it combines with the way of heaven, and it seems to be related to ancient demons!

Chapter 1440

"This is the blood Saint devil contract!"

"It is derived from the Dao which was handed down by the blood holy devil for 1.2 million years. It has the ability to combine the heaven's way!"

"If you and I make a contract with blood, anyone who violates the contract will be severely damaged by the contract."

The ancestor of the soul clan did not seem to have any expression. He said blandly, "the content of this contract is that you voluntarily ask our soul clan to let you enter the forbidden area and rush into the battle to pick the ten thousand year old soul dragon grass. If you succeed, you will give you a ten thousand year old soul dragon grass. If you fail, you will lose your life here. It has nothing to do with me and no one else can help you!"

Contract!

This old guy is more shrewd than the supreme elder of Beigong family!

As long as you sign a contract with Ye Chen, when ye Chen is dead and wanjian emperor palace comes to inquire, you can take out the contract and prove that you are not responsible. When the emperor wanjian wants to force trouble, it is tantamount to hitting the soul hall in the face, and the soul hall will naturally help him!

Such a contract!

It seems fair, but in fact it is to kill Ye Chen!

The forbidden area, which is enough to kill the martial artists in the Hedao realm, has a soul dragon array for ten thousand years. Ye Chen, a warrior who has entered into the seven layers of heaven in the divine realm, has made it clear that he will die, but the contract is enough to wipe out his responsibility!

Lingwu land!

The strength gap between the two sides is huge, so who is strong, who is fair, responsibility is the weak!

If the strength gap is not big, then we need to say it well, and we are not afraid of reason!

"Good!"

"That's the contract, I agree!"

Ye Chen ignored the first half of the contract. He saw the second part of the contract. He picked up the soul dragon grass by himself. The ancestor of the soul clan could not do it by himself! Of course, other people can't save themselves, which is also the clause that this old thing must die in order to let himself!

However, the old man underestimated himself!

As long as the old things don't make a move, he Ye Chen is confident to seize the soul dragon grass of ten thousand years and kill it after that!

Hua ~ ~

Ye Chen pushed out a drop of blood essence, and the bright red blood floated out and fell on the sheepskin contract. Immediately, the contract glowed with extreme luster, reaching up and down the world!

The whole room is incomparably gorgeous!

For ten seconds!

The light began to converge, and finally penetrated into the body of the soul clan ancestor and ye Chen!

A contract!

The way of heaven!

If either of them violates the contract, they will be attacked by the heavenly calamity. The natural calamity corresponds to the corresponding state of the sufferer. Ye Chen may still be able to resist it. As for the soul clan ancestor, he has suffered a lot. If he violates the contract, he will be destroyed by the Tianjie thunder robbery!

"Brave boy, I wish you a smart next life!"

When the ancestor of the soul clan saw that the contract between the saint and the devil disappeared in the void, his lips outlined the ultimate smile, as if he had seen the scene of Ye Chen's death in the soul dragon array of ten thousand years!

The contract is signed!

Anyone who dares to save Ye Chen will also be attacked by the contract!

Whether it is the green sword immortal of wanjiandi palace, or the Lingyun xianzun of Lingxian emperor palace, even the xianzun of the northern palace family, they can't save Ye Chen, otherwise they will be attacked!

Unless there is a strong saint, it is Taixu martial arts!

Otherwise, ye Chen is bound to die, and the person who makes the move is very likely to die!

Enter into the state of God, the state of God King, the state of Hunyuan, the state of harmony, the state of creation, the state of star orifices, the state of sealing doors, the state of Taixu!

Taixu can be regarded as the highest realm!

How could it have come here!

Thinking of such a situation, how can the ancestors of the soul clan not be happy?

Hate in my heart!

Humiliating hatred!

I have to report today!

"Old man!"

"You'd better not be happy too soon!"

"You old man, you're just whimsical. I'll come out with ten thousand years of soul dragon grass later, and I'll make you regret that there's no place to cry!"

"By the way, old man, in fact, I can tell fortune. I always feel that your life will not be long!"

Ye Chen is not afraid of the soul clan ancestor at the moment, and even intentionally whitens the soul clan ancestor. He finds a place to sit down and meditate across his knees to restore his state to the highest moment!

"Boy!"

"Let's talk! I know more about soul clan forbidden area than anything else! Don't say it's you. Even if the people behind you break into the battle, they will surely die! "

There is some anger in the soul clan ancestor's heart. This little bunny, who is going to die, dare to scold him?

"You have the skill to do it!"

"Do you think the thunder will kill you?"

Ye Chen spread out his hand and said with a strong smile: "just now the contract has been signed, you can't do it to me. I hope you can do it to me now, but I don't think you dare?"

"Once you do it, thunder will fall! You must die! After the thunder strikes you! "

"I will unite with the Beigong family and destroy you

"At that time, the treasures, weapons and pills of the residence of your soul hall will be divided by our two families!" He looked at Beigong Hongtian on purpose and said with a smile, "Beigong Hongtian, what do you think? This business is worth selling! There are at least one weapon of time and space in this land of soul clan. There are dozens of magic tools that combine Taoism. Kill them. Go to the palace of wanjian emperor, and I'll show you the way! "

"No more!" On the surface, Beigong Hongtian refused, but he looked at the ancestor of the soul clan. His eyes were special and seemed to be ready to move.

The snipe and mussel fight for each other, but he is the fisherman in Beigong Hongtian!

All the benefits are on him!

"Hum!"

Once the ancestor of the soul clan slapped the table, he could only swallow it by himself!

I didn't expect that the chips for preparing to kill the sky by the pit leaves and leading the leaves to kill the sky into the pit turned out to be the chips used by Ye Shitian to threaten himself!

Ye Shitian, a little animal, can live to this day. He is not only vicious, but also has some abilities!

He took a look at Beigong Hongtian. The power gathered secretly also meant to guard against it!

Although he has a cooperative relationship with Beigong Hongtian, he is not an ally. As long as the interests are big enough, the allies can bite back and guard against this wavering person!

"Cough!"

"I don't want to talk to you any more. It's time for you to break into the battle!"

"Do you mean you're scared by your procrastination?"

Ye Chen's eyes are slightly closed, without the slightest intention of starting.

"Since I say I want to break the battle, I will move naturally. I don't need you to teach me!"

"If you can't wait, why don't you sleep and congratulate me on my success?"

When the ancestor of the soul clan heard Ye Chen's words, his face was a little dark, but there was no definite time! What else can he do!

He waved his sleeve and said coldly, "I'd like to see how long you're going to delay!"

Ye Chen still didn't start, but said softly:

"the emperor is not in a hurry, and the eunuch is in a hurry."

Say it!

The soul clan ancestor was so angry that he almost exploded. Since ancient times, it was he who scolded others. Where did anyone scold him!

This little beast, hateful!

You can't let go of death!
