Chapter 1441

In the eyes of the soul clan ancestors! Ye Chen's death is not enough. It must be used for sacrificial array!

Feed the soul dragon of heaven and earth!

Later, when ye Chen enters the soul dragon array of ten thousand years, let the soul dragon in the forbidden area devour him directly, lest ye Chen die in the hands of war puppets or waste it in the mouth of cannibal black fish!

"You two, stop, stop!"

"Ye Chen, prepare as soon as possible."

"Soul clan ancestor, let's sit down and have a rest." Beigong Hongtian comes out to be the peacemaker!

But the next moment, a wave of spatial fluctuations!

Soul clan old man and North Palace Hongtian look at each other, see each other's eyes fear!

This is The strong come!

How can other strong men appear on this day of breaking the battle?

Is it the people of wanjiandi palace who destroyed it!

Don't plan to let Ye Chen rush into battle!

When they were wondering, a middle-aged woman in a luxurious brocade came out.

It's the spirit of xianzun!

Lingyun xianzun slowly fell to the ground. He glanced at Beigong Hongtian and the ancestor of hunzu, and gave a cold hum:

"you two are so afraid and worried about a lowly boy from a low level of martial arts. It's against the demeanor of chemical border warriors!"

Beigong Hongtian smiles bitterly, as if did not hear.

The old ancestor of the soul clan drank tea by himself, but he didn't hear that. He was stronger than them. He still didn't answer his mouth, so as not to be scolded!

The point is, he wondered what this kind of strong man suddenly came here to do?

At this time, the vision of Lingyun xianzun falls on Ye Chen's body, and the whole space seems to become extremely cold.

"Ye Chen, there are few people who can make me move. Today I want to see how you can break the array of soul clan!"

"Of course, if you are afraid, you can give up!"

"After all, you come from the land of ants. Cowardice is your nature in your bones!"

The soul clan old man heard Lingyun call ye Shitian Ye Chen. He thought of something in an instant, and his eyes flashed with light.

"Brush!"

Ye Chen stood up, cold eyes a coagulation: "Aura! How can we make a bet? "

Lingyun xianzun frowned, hesitated for a long time, or said: "what gambling? What else do you want to do

Ye Chen carried his hands behind him and said leisurely, "how do you like the word mole ant? I will help you. If I succeed in breaking the battle this time, I will call you a mole ant. How should you do?"

When Lingyun xianzun heard this sentence, his evil spirit was released, and his cold feeling made the northern palace Hongtian and the soul clan ancestors on one side all chilly!

This is the real killer!

Even if you want it!

This place can be turned into flat land in an instant!

They look at Ye Chen, eyes full of horror!

Is Ye Chen really special? Is he neuropathy?

Don't be afraid of them! Even the strong dare to speak like this!

Call Lingyun a mole ant??

I'm afraid only Ye Chen dares to do so in the whole Lingwu continent!

When the two did not react, Lingyun xianzun stopped and said, "OK! But you go in right now

The next second, the strong wind, ye Chen's body as if by an invisible force directly into the array!

No hesitation!

After all this, Lingyun xianzun snorted coldly, condensed a chair with his spiritual power, sat down, and then transformed into a heaven and earth mirror by the laws of time and space, which was projected into the soul dragon array of ten thousand years to check Ye Chen's condition. Soon, ye Chen's figure appeared in the mirror!

She drank her own divine tea, while enjoying Ye Chen's death in the ten thousand year soul dragon array, she looked at the other two people from time to time and said, "you two, one is the head of a medium-sized family, and the head of a branch Hall of a superior sect, are actually afraid of this garbage! It's ridiculous that you all have to do this to kill a mean boy in the world... "

In fact, Lingyun xianzun's words are not finished!

She really hopes that Beigong Hongtian or the ancestor of soul clan will kill Ye Chen directly!

She just has an excuse to kill these two people again, and then she can give them a hand back!

What a pity!

Beigong Hongtian is not sure about these two goods. It seems that both sides are investing. To put it bluntly, it is almost impossible for him to make up his mind and do his own thing, which side is windy!

The old ancestor of the soul clan, listening to his reputation, is actually the lower level elder of the soul hall. After being seriously injured five hundred years ago, he was as if the cat was dead, and he was not willing to do it himself, so that ye Chen went to the soul dragon array for ten thousand years!

"It's good to rush into battle!"

"Master Lingyun, ye Chen is determined not to break through the array without my help!"

"And my master didn't help him any more!" Beigong Hongtian made a slight gesture and said: "it's nothing more than giving a bottle of four grade demon blood essence, but also to give wanjian emperor palace a word. Although Ye Chen's talent is excellent, he is still going to die!" "Don't worry too much!"

"It's Lingyun who came all the way to avoid it so carefully. It's confusing for the owner of this family."

"Is it difficult? Who is there behind Ye Chen? More than wanjian palace? Even the elders should be careful to deal with it? "

Beigong Hongtian is in a routine!

Looking at is flattering the spirit charm immortal Zun, is to show the elder whether has given the investment!

In fact, the ultimate goal is routine, he intends to ask Ye Chen's origin and the people behind him!

"Beigong Hongtian!"

"The Beigong family wants you to be the head of the family!"

"What a pity!"

Lingyun xianzun sighed: "the Beigong family has been declining in recent years, and it is falling apart. The biggest problem is blindness! It's a waste of resources to choose someone like you to be the master of your family

"One day, the Beigong family will be destroyed in your hands!"

"This is my Lingyun words. After ten years, you might as well look at it again! Has it come true? "

Can't!

Beigong Hongtian has no absolute position, who is strong to follow who!

The most important thing is to be good at finding out the identity and status of others. Even if they are hidden, he will try his best to find out. Once his identity is confirmed, he will immediately rebel without hesitation!

This kind of person, fighting in two factions!

Or when fighting in groups, sects, families, and even in the field, the dead are the fastest!

It is also the existence that countless strong people hate most!

The main idea of peace is not the general idea!

But Beigong Hong is narrow-minded and does not have the demeanor of the head of a family at all!

"Cough!"

"No, no, no!"

Facing each other with a smile, Beigong Hongtian said slowly, "I heard that kuiying, the ancestor of the blood spirit clan, is the great power of the nine layers of heaven in the realm of Taoism. No, he is offering a reward to kill Ye Chen for his artifact."

He asked cautiously, "I don't know. Why?"

At the same time, the ancestor of the soul clan also paid attention to Lingyun xianzun. He was also curious. He offered a reward for the weapon of combining Tao with the status of the Blood Sword sect of the blood spirit clan, which was equivalent to offering a reward for a weapon of time and space to kill Ye Chen!

We can see its importance!

Also can see the blood spirit clan to Ye Chen's hatred and must kill heart!

Chapter 1442

Lingyun xianzun glanced at Beigong Hongtian, and finally fell on the ancestor of the soul clan. His momentum was slightly released and he said:

"you two old guys!"

"I can tell you the answer!"

"The boy's identity is far less complicated than you think!"

"Ye Shitian, formerly known as ye Chen!"

"As for the world of Kunlun's low martial arts, no, according to the information sent by my father!"

"He came to a place called Huaxia Jiangcheng!" Lingyun xianzun said slowly: "he began to practice at the age of 20. He was promoted from Huaxia to Kunlun Xu. After five or six years, he was promoted from Kunlun Xu to Lingwu continent."

"After all, he only practiced martial arts for seven years."

Seven years!

From ordinary people to spiritual realm!

This speed, for ordinary people, for Huaxia, I'm afraid even the books that specifically record the practice dare not record it, because ye Chen is too evil!

But for people in Lingwu land!

At most can only feel surprised, can experience Ye Chen's ruthlessness and determination!

It's impossible to climb the peak if you are not tough enough or resolute enough!

Ye Chen has climbed the summit twice in a row and entered a new world, which is enough to prove his way of doing things!

"Seven years!"

"Not long!" Beigong Hongtian shook his head slightly and said, "the top family, at all costs, can make the martial arts practitioners in the state of God and cultivate them into the realm of nature in seven years! But there is a problem. A few days ago, ye Chen broke out the fighting power close to the three levels of heaven in Hedao

"What's going on?"

"He has the tools of he Dao and Hunyuan immortals, as well as a large number of weapons and puppets, which I know!"

"It should be from the Golden Buddha Tantra! However, at most, these things can only make him play the fighting power of three layers of Hunyuan state! "

"So, what force is coming out of it?"

"Is it the power sealed by the strong in his body, or is it that he has such power in his body, because his blood is very high and his birth is very high, so he can use such power when he is in danger?"

Lingyun xianzun shook his head and looked sarcastically at Beigong Hongtian and said: "when I first started fighting with Ye Chen, I sensed that he was somewhat unusual. A few days ago, I even felt that he had a palace like immortal utensil!"

"How could a boy from a mole ant's land have such a treasure? If I'm not wrong, this lowly boy should have been inherited by a dead warrior, and he can use the power of war puppets of palace immortal tools! "

"However, the realm of the deceased warrior should not be high. It is either the realm of harmony or the realm of creation."

"I'm afraid there are several forces left for the inheritors! That's what you've got on the card

"After these times, this power should be used by this boy almost."

"As for blood? What do you think people from places like Kunlun Xu have

"Even if there is, in my aura eyes, it is rubbish!"

Lingyun xianzun's tone has a trace of chill! It can be seen that he hates Ye Chen!

She had numerous apprentices in her life, which apprentice was not grateful to her!

Only Ji Siqing and Xia Ruoxue!

Only Ye Chen is in their hearts!

If you want to achieve something, you must cut off your wish!

This boy named Ye Chen will only tie Xia Ruoxue and Ji Siqing on the way to practice!

How can we not hate!

Hear that analysis!

Beigong Hongtian and the soul clan ancestors suddenly understand!

"Good, good, good!"

"It turns out that his power comes from the spirit of the realm of harmony and creation! It is estimated that this divinity should be related to the disciples or elders of wanjiandi palace! Otherwise, the palace of wanjian emperor will not help this boy! "

"This is the protection of the bulk door!"

Beigong Hongtian's eyes brightened up and said, "it seems that I have always looked up at this little beast!"

"It's just a chance to pick up some garbage!"

"No wonder wanjiandi palace didn't take this boy away. I'm afraid this boy is not as important as we think it is to wanjiandi palace."

"All along, it's just Ye Chen who is pretending to be a tiger!"

At the critical moment, he sensed the power of other warriors in Ye Chen's body!

I thought it was the power of some powerful God or some immortal!

I didn't expect that it was just the power of a group of martial artists in the realm of Taoism, Hunyuan and Shenwang!

What's the fear?

Just ants!

Ye Chen!

Kill!

Looking at the gradually ferocious look of Beigong Hongtian, the ancestor of the soul clan also showed a faint evil smile and gently touched his beard, "even if ye Chen can survive in the array, I'm afraid the blood spirit clan will not let this boy go!"

"If those people of Xueling clan knew Ye Chen was here, it would be more interesting." He clasped his fist and motioned: "thank you for your guidance

"What we need is more than what we need!"

"In this way, ye Chen, a small animal, must be buried in my soul dragon array for ten thousand years, as the nourishment of the soul dragon of heaven and earth!"

The ancestor of the soul clan dispelled the last trace of doubt. He felt completely relieved that there would be no more inexplicable strong men attacking and killing Ye Chen. If I had known that, I would not have to sign the back part of the contract just now. Anyway, if the palace of wanjian emperor could not come and there were no other people, ye Chen would surely die!

At this moment!

After Lingyun xianzun's answer, the ancestor of the soul clan and Beigong Hongtian have completely strengthened their faith!

Knowing that there is no strong person behind Ye Chen, even if there are people who are not based on ants, then you can start to kill Ye Chen with fists and feet, and there is no need to worry about other warriors coming!

So!

Each of the three took out wonderful tea and even some fairy fruits to eat. While eating, they watched how ye Chen died in the space-time environment!

.....

In the soul dragon array!

Ye Chen has just been brought into the array by the power of Lingyun xianzun. His body is unimpeded, and he is not injured!

But there is always a cold feeling around!

It's like a pair of eyes watching Ye Chen in the dark!

This feeling is very uncomfortable!

At the same time, ye Chen found that the black stone in his pocket was flashing a weak light.

The light was very dark, and if he did not pay attention, he would not find it.

Suddenly, the temperature of the whole space is rising!

Ye Chen's clothes are burning up!

"It seems that this is the array of the soul clan."

He got up and looked at the situation around him. There was a red fog, and he could hardly see his fingers. There were holes on the ground about the size of bowls, which sprayed flames as high as hundreds of thousands of degrees, making the temperature in the air as high as thousands of degrees!

Fortunately, ye Chen's body has undergone qualitative transformation and crossed the distance between the immortal and the ordinary!

Otherwise, they will be killed by the environment when they just come in and wait for other puppets to attack and kill themselves!

"According to the diagram!"

"Here is the third layer, and also the most peripheral ten percent, the flame vigorous wind layer!"

"There are more than 70 flamboyant puppets in the realm of divine king."

Chapter 1443

Ye Chen urges the Dharma formula, and his eyes are brighter. He can see the distance of kilometers ahead and scan around him. "The ten thousand year soul dragon array is round, and the third layer is the most peripheral and the largest layer. As long as you walk towards the center and walk tens of thousands of meters in diameter, you will be there!"

"That is to say, from here to the second floor, it takes about 10000 meters to walk!"

Ten thousand meters, relative to China, is already a huge area!

But for Lingwu land, for this soul clan residence, it's just the outer range of an array. When I came here, I didn't see the array, which means that the array is in the huge mountain.

Or in a more distant area!

But they all belong to the soul clan!

"Ten thousand meters!"

"There are only seventy King puppets, some less!"

Ye Chen doesn't talk nonsense. Ji Lin's safety is in his own hands. He can't waste any more time!

He's going straight to the second floor!

The king of war is a puppet king, not to mention his own gods!

War puppets are not afraid of death!

However, combat experience and flexibility are not as good as human warriors, and they have limitations!

Hoo Hoo Hoo!!

Whoa!!

Ye Chen's speed is very fast, even some in the air! Breaking through layers of blood clouds, you can still see only about 100 meters in front of you. This vision is too short for him, so things and blood mist are constantly changing in his eyes. It is difficult to see a thing clearly, but the direction is right!

Just at this moment!

A sharp long knife shot from below!

It's a five grade God King's tool. It's a spirit of destruction. It's forged by the law of destruction!

"The law of destruction?"

"Just right, restrained by me!"

"Buddhist Road, open!" Ye Chen murmured, and a long golden river appeared behind him. On top of it, a Buddha stood on a lotus platform, chanting scriptures. One by one, the Scriptures came out of the cultural entity. In an instant, tens of thousands of golden Buddhist texts flowed and crisscrossed with each other, like ribbons, wrapping the long sword!

Clang! Clang!!

Click!!

With the breaking of Taoism, countless golden Buddhist scriptures burst out and turned into golden crystals!

The body of the long sword is the power of destroying the law. It is extremely powerful and even beyond the scope of the Buddhist road. Unless the Buddhist school is promoted to the Buddhist God King's way, it can't be restrained!

Whoosh!!

Whoosh!

In a moment!

At the same time, eight Shenwang wares are flying from eight directions. The upper class of them is filled with the power of the law of destruction, which is simple and full of power. The whole body is ancient brown and wrapped with the whole Shenwang ware. Along the way, it tears the space to kill!

It seems that ye Chen's Dodge and retreat should be stopped from all directions, and ye Chen will be forced to resist!

"Immortal road!"

"Killing road!"

"Heaven and earth strike!"

"Kill!"

Ye Chen broke out completely. He waved the spirit destroying magic gun in his left hand. The spear pointed out a dragon's shadow. With the spirit of immortalizing the road, the enemy would not dissipate without destroying it. He rushed to the three Shenwang tools!

The right hand turns to Zhushen sword, which breaks out to kill the world. The body of the sword shoots out six magnificent sword Qi!

At the same time, speed up under your feet, want to escape!

Nine handles of God King tool!

Give him a feeling!

Kill him!

This is a weapon with the law of destruction. It can explode ten times the power of the weapon itself!

It looks like the nine five or six level divine king's utensil. The actual power is like the nine nine nine level divine king's instrument. Each one can hurt his body. If he doesn't understand the way of extinction and the Buddhist Road, as long as he is hit, it will dissipate between heaven and earth in no day!

With no possibility of rebirth!

This is the tyranny of the law of destruction!

If you don't have the power to restrain yourself, you will die if you don't want to die!

Sonorous!

Boom!

The shadow of the Dragon flew three Shenwang tools and burst out!

The six swords hit the six Shenwang tools respectively, and the sword Qi was broken, followed by three Shenwang weapons wrapped in the law of destruction!

"Tiansha magic fist!"

"The flame burns the sky palm!"

Ye Chen took the weapon and used his best hand. He adapted his palms and fists. He had to rely on the power of the body to connect the three Shenwang weapons! If you use the spirit killing gun and the sword to resist it!

I'm afraid that even if there is no problem with the two weapons just practiced, there will be cracks!

Bang!!!

A long voice came out!

Ye Chen's fist smashed a long stick type Shenwang ware. The whole fist felt extremely hot. The next second, blood flowed out, and a burst of pain penetrated into his mind, which greatly changed Ye Chen's face!"The law of destruction, how powerful!"

In a moment, he turned around and slapped a long spear shaped divine instrument!

Click!!!

Click!!

The sound of broken metal is coming out!

The head of the spear God King's weapon burst, but the body of the gun slipped through Ye Chen's palm, and a wound was revealed! Suddenly there is a pain in the heart!

Poof!

It's a king's tool with a long sword!

Straight through Ye Chen, wearing the eight grade Shenwang utensil on his body, it is immediately across Ye Chen's shoulder! From the back, with a lot of blood!

For each strike, ye Chen deliberately avoided the key!

The injury is not too heavy!

All this lies in Ye Chen's crazy fighting experience!

If you change to Lingwu mainland people of the same realm step into, one second will die!

Even at the peak of Shenwang state, it can't withstand a blow!

The next second, ye Chen felt a force around the whole body!

"Poof..."

A mouthful of blood!

The law of destruction is still on you, ready to give yourself a fatal blow!

"Damn it, it's too strong. No wonder they are so confident..."

Ye Chen immediately fell down from the high air, several times under the struggle to smoothly fall in a valley, he looked at his own body, the law of destruction, has spread out!

Like poison!

This is the tyranny of the power of law!

"I still underestimate the formation. The first level is so difficult!"

"The reincarnation graveyard can say right! If you enter this battle, you must die a lifetime! "

"But I don't regret it. This is Ji Linsheng's only chance!"

"No matter how strong this battle is, I will break open Ye Chen!"

Ye Chen glances at Ji Lin who is unconscious in the reincarnation cemetery. At the moment, Ji Lin's pale and immature face is full of pain!

This is his greatest belief in this trip!

"At present, we must break away from the law of destruction as soon as possible!"

A stream of ancient Brown gas haunts Ye Chen's whole body, just like a pathogen, constantly destroying and swallowing Ye Chen's physical strength!

The body that was still shining!

It seems that the next second will be full of holes!

Even ye Chen's face will not be extremely dry, just like a man climbing out of hell. He is not like a young man in his twenties. His life force is rapidly consuming. I'm afraid that in half a day, ye Chen's life will be exhausted!

Chapter 1444

The law of destruction!

It mainly destroys the warrior's life element, physical strength, spiritual power and even the power of the Tao!

There is not only the ability to consume the longevity of the warrior, but also the method to abolish the martial arts!

It's a complete version of the laws of space and extinction!

Is one of the most powerful laws in the world!

Fortunately, this Law of destruction does not seem to be composed of the law of destruction at the level of great perfection. Otherwise, ye Chen will turn into smoke in an instant, and even his soul and Tao Yun will not survive!

"Buddhist Road, break the road of destruction for me!"

"Silence the road, resist..."

Ye Chen Mou son a coagulate, want to use the force of two roads to resist, but it is still so difficult!

His forehead is covered with sweat, the pain of the heart, even if the teeth insist on it is useless!

He quickly sat cross legged, even if the ground was contaminated with the power of the law of destruction, they all turned into smoke and drifted away. The original Valley ground gradually went down and empty a big pit, and even went deeper and deeper with Ye Chen's existence!

There is a big hole on the ground!

And vanishing at the speed visible to the naked eye!

The power of the law of destruction, terror to the extreme!

"Damn it!"

"A little bit of law of destruction, you want to destroy Laozi?"

"No way!"

"Hunyuan immortal still has the core power!"

"Melt for Laozi, refine for Laozi!" Ye Chen roars and stores it in his body. The core of the Hunyuan immortal's utensil blooms with strength to nourish the body and the road, and even his original foundation and life element!

"I've never been like this for the rest of my life, just the law of destruction!"

"You want to kill me, too? A fool dreams

At the moment, ye Chen stands up, like a demon, not afraid of everything!

His whole body is gradually shining with a ray of light!

The light is actively resisting the power of the law of destruction!

The original injured power is healing at a very fast speed, and the new flesh and blood are reborn. The strength of the law of space contained in the bones is combined with the power of the law of extinction, gradually driving away the power of the law of destruction!

The healing power of Buddhist road is running at full speed!

Ye Chen's power of the way is so powerful!

The next moment!

A mighty air engine is blooming!

This is the breath of breakthrough!

Ye Chen is actually under the power of the law of destruction! Promoted to the eight levels of heaven!

The Buddhist road is further improved. His body has stepped into the second stage of the virtual body stage. When he turns around and sees a ghost like God Kingdom war puppet killed, he reaches out with one hand like a dragon's claw and grabs the war puppet directly!

Hoo Hoo Hoo!!

Whoosh!

The war puppet looks like a human, but it is like a ghost!

Black skin and armor, Cape, double pupil emitting green light, mouth out of all kinds of flame, hands and feet constantly waving, want to attack Ye Chen!

"War puppets like you!"

"Want to kill me?"

"It's almost as good unless the old miscellaneous hair of the soul clan comes in person!"

Ye Chen is very strong, listening to the "click" sound, the war puppet of Shenwang state is directly pinched and exploded by him!

He jumped out and fell on the edge of the valley. He watched the eight war puppets flying from the sky with a cold smile. Immediately, a group of brilliance appeared in his hand. The luster was scattered. The sword appeared and one sword was offered. The four swords were in full swing, just like the waves of the river and the sea!

Little war puppet!

Means you want to kill Lao Tzu if you have the law of destruction?

I've slaughtered you!

Whoosh! Whoosh!

Whoa!!

The majestic sword spirit is like the wave tide, which is dense and violent!

The eight war puppets seem to know that they can't stop them. They all throw out their weapons, which contain the law of destruction!

Eight pieces of God King's tools come again!

Bang bang bang!!

Bang bang!!

With bursts of burst sound out!

The sword Qi tide destroyed the other seven Shenwang tools, leaving only one axe type Shenwang tool to kill. Suddenly, an ax was struck on Zhushen sword. The law of axe body destruction was as spiritual as if it had spirit. It flew to Ye Chen's body to destroy Ye Chen!

Ye Chen quickly shatters these destructive laws, but he finds his own body, which is not swallowed by destruction!

He was subconsciously overjoyed and said, "is it difficult for me to absorb the power of the law of destruction as I used to absorb the power of the road of extinction?"

At the beginning, ye Chen's road of extinction, how did the power of extinction come from?

If you are lucky enough to be killed by others, you will be able to kill yourself with your own strength!

Now!Ye Chen is resistant to the law of destruction!

Is it not to say that we can understand the way of destruction?

And it is likely that with the power of the five roads, he will be promoted to the realm of God King, and will be transformed into five ways of God and king?

Is the power of Tao 50 times stronger than that of people living in the same territory?

Such a powerful power can make up for the power of the law of space. It's not impossible to cross the level and fight the Hunyuan territory!

But why can do this, he does not know!

Is it because of their own reincarnation?

Reincarnation cemetery can have been surprised by Ye Chen's blood!

Now it seems that the terror of his blood lies in this!

"Ha ha!"

"The old soul clan! You want to kill me, but you bring me treasure

"I'll destroy your formation when I pick up the ten thousand year soul dragon grass!" Ye Chen grabs the Shenwang tool and absorbs the power of the law of destruction. However, his body is stronger and stronger. He is more happy. The original law of destruction can not only enhance the power of the Tao, but also enhance the strength of the physical body!

The next moment!

Ye Chen takes the initiative to fight out, which is quite different from the scene when he was forced to escape and nearly died in battle!

In an instant, he fought with the eight shenwangjing war puppets. He was not afraid of the law of destruction. After he killed the five or six layers of shenwangjing war puppets, he was no different from killing chickens. He soon destroyed the eight war puppets and absorbed the power of the law of destruction from the war puppets!

Now!

Ye Chen already has the basic law of destruction in his body, and even takes the initiative to use a little bit of destruction law power, and his combat power is more than doubled!

He rose from the sky again, his lips outlined a vicious smile and said: "there are more than 60 war puppets, I will wait for you to kill me!"

At the moment, ye Chen's eyes are only hot!

If you can't kill him, it will only make him stronger!

.....

People outside the array naturally saw the situation in the picture.

Originally the smile of the three people's mouth, actually gradually solidified!

In their eyes, ye Chen is about to die under the law of destruction!

But the critical moment has suddenly emerged!

How can the key ants in the spirit state block the power of the law of destruction!

They did not know that ye Chen not only resisted, but also absorbed the power of the law of destruction!

After all, this is too shocking!

No one in Lingwu can do it!

No matter how talented and evil spirits exist!

At the moment, the eyes of Lingyun and others are still shocked!

This shouldn't have happened!

"Damn little beast!"

"To block the law of destruction! Is this boy's body changed? More powerful than I thought? This is the law of destruction! It's not a joke

Beigong Hongtian was angry and even regretful. He felt that he should not give ye Chen the essence of the four grade Tianjin beast!

Originally is to have the excuse, did not expect is actually helped Ye Chen!

If ye Chen does not have the flesh body of empty body period!

Otherwise, he would have died by now!

In his opinion, ye Chen was lucky to live, but because of the strength of the body!

It's ridiculous!

Chapter 1445

"I didn't expect that the one who really saved Ye Chen would be the blood essence of my four grade Tianjin beast. Alas, things are hard to predict."

Beigong Hongtian had no choice but to lament.

He has no choice.

If you don't need this thing, the wanjian emperor palace comes, and you can't get rid of the suspicion completely. In the end, even if the Palace won't fight against its northern palace family, those supreme elders will certainly let themselves go out to apologize and admit their mistakes in order to protect themselves. If not, they will have to be slapped by the chief or vice leader of wanjiandi palace. It's impossible to die!

But it could be hard hit!

It seems that when they are in this realm, they are called xianzun, and even those who are called gods and true gods!

It's very difficult to get hurt. But once you get hurt, if you don't have the corresponding treasure treatment, you'll have to rely on your own cultivation to recover. Don't try to recover after 800 years. You may even be like the ancestor of the soul clan. After 500 years, the injury will not only be bad, but also worsen. In another thousand years, you may fall into the realm of fortune!

"Give it to him..."

"It's fate."

"But this humble boy is going to die after all

The ancestor of the soul clan calmed down from the shock. Naturally, he heard the words of Beigong Hongtian and was surprised: "this son's body can resist the law of destruction because of the blood essence of your four grade heavenly golden beast?"

"No, the essence of the four level heavenly gold beast has a certain restraint on the law of destruction, but it's not so exaggerated."

At this time, the voice of Lingyun xianzun fell down!

"Just now this kid blocked the law of destruction at the critical moment. It's strange. However, if the four level heavenly gold beast is at the peak of the fourth level, it's possible!"

"I'm afraid that he's got five days of refined blood, and it's a good part of the five days' alchemy."

"If this small part is blessed with secret method, it is possible to resist the law of destruction."

After that, he said, "I'm afraid you're defeated."

Lingyun xianzun looks very cold. Although some people think that Beigong Hongtian is not good at it, they also know why Beigong Hongtian did it!

Although I don't know the palace of wanjian emperor, why do you accept Ye Chen as a disciple!

However, in terms of the importance attached to Ye Chen by the warriors of their level, ye Chen must be related to some secret things in the palace of wanjian emperor. No matter how bad it is, it is also the inheritance of a certain sword master and sword God!

But Lingyun xianzun doesn't care so much!

Sword Zun, Title xianzun level?

She is!

What's more, the palace of wanjian emperor has gradually declined, and now there are many enemies!

She has no fear!

Even if those top-notch strong hand for ye Chen how!

The master of the palace behind her is a martial artist of the Fengshen level!

It's not that she wants to kill Ye Chen herself. Anyway, ye Chen is looking for death on her own. At most, the palace of wanjian emperor is angry. What else can she do!

"something's wrong!"

Suddenly! It seems that the ancestor of the soul clan has found something. His eyes are fixed on the scene projected from the mirror!

"Look, you guys, what the hell is this boy doing?"

Hearing the voice of the ancestor, Lingyun xianzun and Beigong Hongtian fall into the picture again!

See you! Ye Chen flies in the sky and attracts eleven destruction puppets. These war puppets use the spirit clan secret method to plant the power of destruction law when the warrior is alive, and then kill them, so that the war puppets maintain the power of the law of destruction from the beginning to the end!

According to reason, these war puppets have great attack power!

However, ye Chen has defeated 11 puppets in a row!

Such a record!

It's not easy!

"Ye Chen's Constitution!"

"It's not right. It's absolutely wrong!" The ancestor of the soul clan stood up and looked shocked. Unconsciously, he came to the picture.

He carefully watched Ye Chen's moves, even to accept the law of destruction, actively absorbed the action of the law of destruction on the puppet, stroked his beard and said, "his body is actually equivalent to Hunyuan state!"

"The ordinary warrior has such a body!"

"It's powerful, but it's impossible to resist the law of destruction. What's more, he seems to be Take the initiative to absorb so many laws of destruction! "

"Yes! Is absorbing the power of the law of destruction

"My God! What the hell is this monster

"There is something wrong with his body. It seems that he has a special magic power!"

Absorb power!

Magic power!

As soon as these words come out!

Beigong Hongtian, Lingyun xianzun and hunzu Laozu all looked at each other with a look of horror in their eyes!

Let alone how absurd the law of absorption is!

The power of the magic way alone is enough to shake the land of Lingwu! Pure natural magic, not the power from the acquired cultivation of magic!

Ye Chen is not a warrior who has experienced fierce Qi since he was a child. He comes from the cultivation of evil Qi!

That means that ye Chen's blood is extraordinary!

Even, it is very likely to be the descendant of the ancient demon God!

"Descendants of the devil!"

"The power of this evil way's blood is not active, even passively absorbing the law of destruction!"

The ancestor of the soul clan instantly recalled that he had looked through all the materials of the ancient times. Some materials about the gods, the king of Warcraft and the devil saint in the ancient times of Lingwu land all shook their heads slightly and said, "there is no corresponding match!"

"In the records of my soul clan!"

"There is no record of the blood force in Ye Chen's body! And his blood is strong indeed

"He is either a descendant of an extremely powerful devil saint, and is an unknown descendant of a demon saint in ancient times!"

"Or it's the new blood!" The more the soul clan ancestor said, the more shocked he was. Before that, he felt the fury and even some evil of the blood power in Ye Chen's body. However, he didn't expect that ye Chen's blood body could absorb the power of the law of destruction, which is known as the "strongest attack power in the world."!

That's it!

First class blood can not do it!

The Dragon son and dragon daughter of the holy dragon family and the dragon family have never heard of anyone like this!

"New blood!"

"New blood!"

Beigong Hongtian and Lingyun xianzun chant this word, and their eyes are more focused on killing.

The birth of blood means that he is a warrior with the blood of the first generation. His blood is generated by himself, and is the first generation and also the strongest generation. The blood on Ye Chen's body, if it is the first generation of blood, will have a bright future!

Of course, there is another possibility, that is, waste pulse!

Any first generation of blood, no awakening is abandoned pulse!

In Lingwu land, the blood of the first generation is not small!

But there are only a few who really wake up!

Grade is different! The value cannot be measured!

This is why Ye Chen was not cared about by Huaxia Jiangjia from the beginning!

One birth, is to detect the root of waste pulse! Can't practice!

Chapter 1446

It's impossible to achieve great success in martial arts!

This kind of descendants will only tarnish the strong blood of Jiang family and even Jiang Peirong!

But no one thought that ye Chen, when he was an adult, would arouse the black stone!

It is the cultivation against the sky!

Blood also gradually wake up!

However, at the moment, ye Chen's blood, only one percent of the awakening!

People's eyes are more and more intent to kill.

Although the first generation of blood is very likely to waste a lifetime, but now ye Chen has been blooming some light!

If they grow up, they may be threatened!

"He can't leave alive!"

"In that case, let him stay in the battle at all costs today!"

The old soul clan and Beigong Hongtian both spoke.

Kill!

Must be killed!

We have already offended Ye Chen!

Such a young warrior with the first generation of rebellious blood will have a 1% chance to become a Wushen warrior in the future, and may even arrive at Fengmen. It is definitely not something we can offend!

Since there is danger!

We must strangle the danger in the cradle!

The old ancestor of the soul clan immediately took out a blue stone, on which there was an ancient Taoist Scripture. He handed the stone to Beigong Hongtian with a deep look: "I have signed a contract and can't attack and kill Ye Chen. This is the core stone for controlling the soul dragon array. You can control and change the array and kill Ye Chen!"

Lingyun xianzun's eyes twinkled, no words to stop, no words to accept!

Beigong Hongtian quickly took it in his hand, and then he sensed in his mind all the Shenwang battle puppets in the third layer of the ten thousand year soul dragon array. Suddenly, his face changed and he said, "how come there are five puppets of the destruction war in the eight or nine layers of the divine Kingdom?"

There are also five puppets in the kingdom of God, which contains the law of destruction!

Three gods, eight layers of heaven!

Two gods, nine layers of heaven!

Isn't it to say that there are no war puppets in the later period of the divine kingdom?

"Ha ha..."

"How could I be the one who put all the cards on the surface?"

"The spirit of the array, the heaven and the earth, and the soul Dragon don't want to come to the third layer to kill Ye Chen. We despise ye Chen, but we can mobilize the war puppets hidden in the deep to kill him!" The soul clan ancestor's eyes show a cruel luster!

This old thing, and hidden!

And the cards!

It seems that we can't believe all the information about the soul dragon array of ten thousand years from the outside world!

Or, it can't be used as an absolute guide!

"Ha ha ha, OK!"

"Ye Chen must die today!" Beigong Hongtian pinches the blue stone, and a drop of blood essence is forced out and remains on the stone.

All of a sudden, the blue light was flashing.

It's wonderful.

Then, Beigong Hongtian felt something. A smile of evil spirit appeared in the corner of his mouth, and the power of spirits flowed. A sense of consciousness was transmitted to the five battle puppets in the array through a distance of thousands of miles. The five war puppets originally hidden in the lava burst into the sky and went straight to Ye Chen!

The killing machine is released!

.....

In the array!

Hoo Hoo Hoo!!

Whoa!!

The sound of breaking through the sky is coming out!

Five lava destroying puppets were formed in the sky. Each of them was dressed in a black cloak, with a long bow across his waist, and a bloody sword in his hand. His face was as black as iron, and his eyes were like lava. He sent out an extremely powerful murderous spirit. Each of them had the power of shaking the sky and breaking the earth!

The combined power of the five war puppets is comparable to the combined power of the other 30 war puppets!

These war puppets were specially placed by the ancestors of the Hun clan. Over the years, many Tianjiao warriors who had been lucky enough to pass through 70 destruction war puppets and jointly attacked and killed were all killed by them. After the death of those Tianjiao warriors, their bodies were also made into new destruction war puppets and placed in the third layer!

Seventy war puppets!

It's always been that number!

But after several changes, almost none of them were the original puppets of the war of destruction!

All of them are refined from the flesh of Tianjiao warriors who are beyond their own abilities. Only these five war puppets are the third true king war puppets!

The outside world only knows that those arrogant warriors defeated in the second layer of cannibal black fish mouth, but never know that they were refined into war puppets, and they were refined into war puppets, and these war puppets even have a certain spirit!

In the distance, in a sandstorm!

Ye Chen stabs out with a sword, and the boundless sword Qi flies out in a vertical and horizontal direction, which directly explodes the sandstorm. At the same time, he defeats three destroyer puppets with one sword. He turns around and smashes a destroyer puppet to the ground with one punch!

His left hand was clawed, and fell on the head of a destroyer puppet. His palm was like a whirlpool black hole, absorbing the power of the law of destruction wildly. Every second, his breath of ascension was powerful! Even to the back, ye Chen can directly break through the destructive law power of the destroyer puppet, thus directly defeating the war puppet!

At the same time, it can absorb the power of war puppets while attacking!

Bang bang bang!!

Loud!!

A few crackles came out!

Five Shenwang state war puppets who have been sucked out of the law of destruction are kicked and exploded by Ye Chen!

"Twenty eight!"

"Thirty!"

"Thirty seven!"

"Forty one!"

Ye Chen says the number in his mouth, and the sword light of Zhushen sword in his hand twinkles in the sky, sweeping all the puppets of destruction coming here one by one!

So far, he has absorbed the power of 41 war puppets of destruction and smashed them. There are 29 war puppets left, and only 18 are here. Other war puppets are still on their way!

Bang!!

Ye Chen's fist pierces the chest of a puppet of destruction, and his arm's body is extremely strong and absorbing. He sucks up the power of the puppet like a demon. Immediately, his arm shakes, and the puppet explodes directly and turns into countless pieces!

He attacked and killed other puppets with his sword, and subconsciously thought, "not enough! Not enough! "

"These war puppets are not enough to combine the power of the law of destruction in me into the road of destruction!"

"The road of destruction! As long as there is the power of the Tao as the foundation, it is much easier to understand its laws! "

There is the power of the great way, and the power of God and King's way as an auxiliary!

Re understand the law, for ye Chen is twice the result with half the effort!

Now!

Four roads in Ye Chen's body!

The road of extinction can understand the extinction law of absorbing other people's life and supplementing the life of noumenon!

The immortal road can understand the immortal law of its own will!

Killing Road, you can understand the killing law of killing thousands and stopping killing with killing!

The Buddhist road can be understood as the law of all living beings, or the law of degree, or the law of healing!

If you master the road of destruction and understand the law of destruction, then when you achieve the Hunyuan realm, the five laws will be understood and integrated, and the power will still be above the five elements law, and even all of them will be integrated and cultivated to the great perfection. The power is far beyond the law of time and space!

Chapter 1447

Then!

The four rules focus on killing!

One rule is cure!

Ye Chen will always be invincible. Unless he meets an enemy who is absolutely irresistible and will be killed in front of him, he will not be his opponent even if he is in the same territory!

When ye Chen is absorbing destruction!

A bloody red sword with pure sword meaning breaks through the air and explodes into air!

Ye Chen obviously doesn't feel right, wave his sword to resist!

Bang!!

A distant sound of metal collision is coming out!

The violent power attacks, instantly let Ye Chen face big change!

"The power How can it be! "

"Bang!"

Ye Chen's body flew upside down and rolled down on the desert. His lips overflowed with blood, and his internal organs were shaken. He took a pill to protect his wound. Looking at the Jiupin Shenwang tool in his hand, he actually had a crack!

What's more, the crack has the intention of expanding!

What kind of power did that fall!

This is a sword that can be compared with the second grade Hunyuan immortal!

They just resisted an attack. They all split!

Is it difficult!

Is there a puppet of Hunyuan border war coming?

Whoosh!!

Whoosh!!

Ye Chen raised his head, suddenly realized what, Mou son pan bursts of ice meaning!

I saw three bloody swords coming from three directions!

Ye Chen jumps quickly to avoid the bloody sword flying close to the ground. When he is in mid air, a sword formula is offered and a bloody sword is temporarily blocked!

However, it didn't last too long, and ye Chen's sword formula was completely broken!

When ye Chen turns over and falls on the ground, it is a flash of blood light!

That's too fast!

Don't leave Ye Chen reaction time at all!

Even more is the plan to Ye Chen's death!

Cold! unfeeling! Bone erosion!

Ye Chen can only rely on consciousness to turn around quickly!

But it's still late!

"Boo!"

A long bloody sword crossed Ye Chen's arm, and the sword spirit took his body back for dozens of meters before stopping!

Endless killing machine seems to completely wrap Ye Chen at this moment!

"What the hell is going on?"

"The three handles of the Jiupin Shenwang ware are all attached with the law of destruction of Xiaocheng realm!"

Ye Chen grabs the hilt of the sword and twists it to the left to mobilize the power of internal destruction law to resist. He immediately shakes back the bloody sword. As a result, the sword breaks free from his own hands and returns to the master thousands of meters away.

He looked up in surprise and saw five lava war puppets!

Each killing opportunity is enough to turn this array into a place of ice for thousands of years!

Ye Chen stretched out his hand and wiped the blood stains on the corner of his mouth. He couldn't help sneering, "not bad. It seems that the old soul clan has left behind!"

"It must have just begun!"

"Five war puppets at the top of the divine king's realm!"

"With the power of Xiaocheng destruction law, it is comparable to the martial arts of Hunyuan Kingdom, and the weapon blade in hand is comparable to the third grade Hunyuan immortal weapon!"

"Well, since you have mobilized such powerful puppets, I will use them to hone my martial arts skills!"

In an instant, ye Chen fought with one enemy and five, directly into the battle circle!

Although the beginning is incomparably brave, but the absolute strength has quickly suppressed Ye Chen!

The five battle puppets are listed as five element array, standing in five directions in the southeast and northwest respectively. With the cooperation of Jue Lian, they completely exceed the strength of five people!

Don't say ye Chen!

Even if it is higher than ye Chen two big realm strong person also does not have the qualification to face!

A few minutes later, ye Chen was covered with blood. The power of the law of destruction in Xiaocheng's realm was much stronger than that at the entry level of those puppets!

Ye Chen can block or even absorb the destructive power of ordinary devastation puppets!

However, ye Chen is not qualified for the power of lava destroying puppets!

"Not bad, not bad!"

"This little boy, just die!"

The ancestor of the soul clan lightly touched his beard and gazed at Ye Chen being killed by five war puppets. He said faintly:

"it's estimated that within half an hour, he will be killed on the spot! His body, I really want to use it to refine a molten rock destruction puppet. When the time comes, he will lead five lava destroyer puppets and arrange a large array. That is, the warriors of the second and third layers of the Hunyuan kingdom are coming, all of them are broken feet and sinking into sand! "

In the eyes of the ancestor of the soul clan!

Whether ye Chen's body, or blood, is the best choice for refining war puppets!

This is a more powerful factor!

Unexpectedly, ye Chen rushed into the array, but he sent a big gift to his soul clan!

He can use his material to change the realm of God to the realm of God! With the other five lava destroyers!

That is to say, all the warriors in the second and third floors of the Hunyuan realm will die when they come, while those in the fourth tier of the Hunyuan realm may not be able to win them down!

"What a pity!"

"What a pity!"

It seems that the ancestor of the soul clan has decided that ye Chen must die. He can't help but sigh: "this is the Taoist disciple of wanjian emperor's palace. The corpse has to be returned. Otherwise, ah, I don't want this corpse!"

Ye Chen must die!

Don't even think about it!

Five puppets who can join hands to hunt and kill Hunyuan's second tier heavenly warrior!

Don't believe that you can't kill Ye Chen, who is in the eight layers of God's realm!

As for refining war puppets!

The ancestors of the soul clan covet it. If you get Ye Chen's body, use the destruction god stone rewarded by the soul hall, extract some destruction rules, and leave the destruction law in his body that is comparable to the level of Xiaocheng, then it would be perfect!

"Old man!"

"Ye Chen, the corpse of this mean boy, you'd better not make up your mind!"

"His body, I and wanjiandi Palace are useful!"

Lingyun xianzun's face was cold, and he said faintly, "the disciple of my master needs to recognize the corpse. The green sword of wanjian Emperor Palace also needs to recognize the corpse. Don't think about it!"

Body!

Only get the body back!

Her two baby apprentices, will really believe that ye Chen this humble boy died!

When the time comes, the two lovers will not necessarily be motivated by love. Maybe the speed of practice will be more extraordinary?

"Cough!"

"How interesting you are

Beigong Hongtian also smiles heartily. Looking at the situation in the picture, he is in a good mood.

Once Ye Chen is dead!

Then naturally he doesn't have to worry about Ziyu!

"Five war puppets!"

"Half an hour!"

"I didn't expect that, so soon!"

Beigong Hongtian Xuan is leaning on his chair, drinking tea comfortably, and closing his eyes slightly, waiting for the news of death to come!

Then he goes in and gets the body!

Finally, inform wanjian emperor palace to recognize the corpse!

Of course, there may be Lingyun xianzun's disciples, and my precious daughter, who will come to identify the body!

After identifying the body, the whole thing is over!

His Beigong family is also the biggest one this time!

Chapter 1448

Beigong Hongtian even thought that ye Chen had a lot of opportunities and Golden Buddha Tantra along the way. He was bound to be a treasure and could be divided up at that time.

.....

Ten thousand year soul dragon array!

Endless killing opportunities seem to overflow the array.

Desert Fury, sword driven, as if a burst of sandstorms in the raging!

But in the sandstorm, stood a young man with blood all over his body, but his eyes were full of firmness!

It's Ye Chen!

Ye Chen of course can use the reincarnation cemetery to solve these war puppets!

But he didn't want to!

He doesn't want to rely on the samsara cemetery!

His way of killing is to experience life and death to strengthen!

The stronger the enemy, the stronger he will be!

This is his martial faith!

It is also a few years, from a waste that people despise, step on the Lingwu continent, the most powerful magic weapon in the world of martial arts!

And!

He knows that this is his best chance to understand the road of destruction!

Whoosh! Whoosh!

Bang bang bang!!

Every way is shining, and every attack is connected with each other!

Ye Chen has never fallen down, even though his casual clothes have been broken, and the whole dress is dyed red with blood!

In less than ten minutes, his body had been pierced dozens of times by the bloody sword. If it was not for the second-order body of the virtual body stage, he would have died completely!

"Poof!"

"I don't believe it!"

"Destroy the road, I can't understand it!"

"Suck, suck it up for me!"

Ye Chen completely let go and put away the Zhushen sword. His hands were in the shape of claws, like dragons and snakes. He knocked on the heads of the two lava destroying puppets, and forcibly absorbed the law of destruction in their bodies!

Whoosh!

Whoa!

A stream of ancient Brown law of destruction converged from the two lava destroying puppets, and gradually flowed to Ye Chen's arms!

It is clear that ye Chen's arms turn to ancient brown, as if poisoned, and his channels are broken, but he is still hard to absorb the power of the law of destruction, and refining and purifying in his body, trying to produce the fruits of the law of destruction!

Bang bang bang!!

Bang bang!!

The other three puppets, with their fists and bloody swords, killed Ye Chen!

Ye Chen blooms several Hunyuan immortal weapons to protect his body, but he is still hurt by the sword Qi attacking and killing through the gap.

In an instant, ye Chen's body was pierced by sword Qi for more than 100 times, and was hit by a killing move. All the evil Qi and aura guarding him were completely smashed!

"Today!"

"Laozi will become the road of destruction!"

"If you die here, I don't believe it. How many puppets can you kill me?"

"You are not qualified yet!" Ye Chen suddenly drinks, regardless of everything, completely erupts, crazily absorbs the power of two lava destruction war puppets!

Samsara cemetery!

Looking at this scene, Bing Jian Xian Zun nodded and exclaimed, "I like this boy more and more. He has a kind of ferocity that we haven't had in practice. He is cruel to himself, and he must be cruel to the enemy!"

"Such behavior is rare and hard to see!"

"Since ancient times, people who can bear such pain, if they don't die, will become the hero who frightens the world!"

"This boy is not only gifted, but also capable."

"I really want to see if this boy can stand on the top of Lingwu land!"

"In this way, my body unties the shackles, and I must be proud to tell people that this son is my disciple of ice sword immortal!"

"Ten thousand years ago, although I received thousands of students, I did not have any really satisfied ones. I thought this was the greatest regret of my life!"

"Now it seems that my body is trapped in that place, and it is not a bad thing that my mind exists here. On the contrary, it is the absolute will of heaven."

"I have no regrets in this life."

He stands with negative hand and does not help Ye Chen!

With him and three golden Buddhas, ye Chen can't die!

But ye Chen's determination and decision shocked the four of them!

Resist the attack of three lava destroyers!

Just to condense and destroy the road!

There's no other way!

If ye Chen didn't sacrifice himself as a lure and took in two war puppets, he would have been fighting with five war puppets all the time. He would have died within half an hour, as the ancestor of the soul clan said!

But ye Chen can escape!

But if you escape, the heart of martial arts is not there!

There is no chance of defeating the five lava warlords!

So!

The only way to resist three war puppets and absorb the power of two war puppets!

Of course, you can ask four masters to do it, but ye Chen doesn't dare to do so, and he doesn't encounter an irresistible enemy. It doesn't conform to Ye Chen's code of conduct. As a warrior, he should not only stand up to heaven and earth, but also have the courage to face all enemies!"Ah..."

"Break it for me!"

In the meantime, ye Chen suddenly drinks, directly sucking and exploding two lava destroying puppets in the eight layers of the divine kingdom!

At the next moment, a long river of destruction emerges behind him. Countless ancient Brown rivers are surging, and a stream of destruction is moving through the world, just like the appearance of a demon. Even a breath, a breath, has the ability to kill people and spirits!

"The road of destruction!"

"Ha ha ha ha!"

"Good, old soul clan, you want to kill Laozi!"

"It's just the fulfillment of Laozi." Ye Chen immediately looked at the three war puppets in front of him, and lifted a smile of evil charm on his lips and said, "now, it's your turn!"

Ye Chen put away the Hunyuan immortal weapon and directly fought out. He grabbed a war puppet, and the road of internal destruction unfolded. In an instant, he absorbed and exploded the war puppet, followed by other escaped war puppets. His demeanor was determined and extremely domineering!

"Still want to run!"

"Some spirituality, it seems, is refined by living people."

"Soul clan, it's really vicious. Just, I'll release you!"

Ye Chen flies out and grabs a puppet of the nine layers of heaven in the divine kingdom. Fearlessly fearing the destruction law of the other side, ye Chen smashes the head of the war puppet with one blow and blows the puppet with one kick!

Although not promoted!

But there is one more Avenue!

It means that the combat effectiveness is more than doubled. It is easy to face a puppet who is only a small level higher than himself!

Between warriors and puppets!

If weapons, spiritual power and physical combat power are not taken into account, the strength will be judged by whose road is strong!

Ye Chen, in particular, has mastered the top five avenues of Tianjiao. When the level of tianwu in the Hunyuan realm arrives, it is very difficult to take him down. Unless he is a Hunyuan state martial arts person who has the magic weapon of the same way, he can use the law of time to imprison Ye Chen for a short time!

As for other warriors?

Other weapons and law power, road power!

Don't even think about it!

Bang!!

With the explosion of the last lava destroyer!

Ye Chen's road of destruction, perfect to 100 percent!

Now, only Buddhism road is left, and 30% of it is not completed. Otherwise, ye Chen will soon be able to step into the nine layers of heaven in the spirit state, and even can melt the magic tools to break through!

Chapter 1449

"Old thing!"

"I know you're watching Laozi!"

"Since you sent such a powerful puppet here!"

"I don't give you a look. You are the third level puppet. Don't take any of them!"

Ye Chen is fierce, also do not enter the second layer, sweep the third layer directly!

The other puppets of the war of destruction could not hide. They were directly blasted by him, which made his destructive power stronger. He came to the junction of the second and the third layers and said, "old man, wait for me to come out of the array and cure Ji Lin, and in the future we will destroy the land of the soul clan."

Say it!

Ye Chen directly into the second layer, black water Xuan domain, a black river!

This piece of black water is extremely broad, almost can be called a river composed of water of death, coupled with the violent killing gas, it is filled with incomparably strong corrosivity!

Come in, ordinary warrior with golden body!

As long as you fall into the water and are not nibbled by the cannibal black fish, you will instantly turn into a pool of meat mud!

Only the body above the vigorous period can be blocked!

Ye Chen is looking for the key place to cross the river, but the three people sitting in the attic are already livid!

In particular, the ancestor of the soul clan is now so angry that his teeth click, and he is about to burst his seat!

"Ye Chen, this shaft!"

"Ann dares to insult my ancestors!"

"Damn it, damn it, little beast!" If it wasn't for the contract, he would have killed Ye Chen immediately. Once upon a time, my ancestor had been insulted by such humble warriors!

Such insults, even if the three rivers and five lakes, are hard to wash away!

My grandfather!

Just said Ye Chen's body, how useful!

Now ye Chen is still alive and has destroyed the outermost layer of my old ancestor's array. My face!

"The little beast

"We underestimate him!"

Beigong Hongtian also looks bad, breathing heavily, even shaking his head!

He sighed and continued to think about the background of Ye Chen!

Ye Chen, ye Chen!

What's your background like?

You can resist the attack of five lava war puppets, defeat them, absorb their destructive power, and forge your own power of destruction road. Ah, what background and identity are you!

If you have a strong background!

For example, if you are really a sword elder in wanjian imperial palace!

You say it!

My master rebelled and came to help you!

Beigong Hongtian is now shaking again. He had to kill Ye Chen just now, but he didn't kill him. Instead, he saw that ye Chen was more powerful. He kept murmuring in his heart, or was he secretly helping Ye Chen?

At this time ye Chen, if you help him?

Remember, right?

Just remember!

If there is a sword Zun or a warrior at the sword God level behind him, my master will also make money!

At least my master didn't tear his face to face with Ye Chen. We can talk about it. It's circuitous!

"You two!"

"It can be regarded as the existence of some identities in Lingwu mainland, but it is not as calm as this humble boy!"

Lingyun xianzun can see Xiaojiu in Beigong Hongtian's heart at a glance, even the anger of the soul clan's ancestors!

She did not say much, just sneered at you Sheng!

Lingyun to Ye Chen, also calculate know the root know the bottom!

What background does this kid have?

It's nothing but a disciple of Kunlun's ancient great power!

As for wanjian emperor palace, sushi is a Daoist disciple of jianzun. Ji Siqing and Xia Ruoxue are the same Taoist disciples of their own. By contrast, this humble boy has a good status!

It's just!

Ye Chen, this boy, has no fear!

It's the attitude towards her Aura!

She can't acquiesce in Ji Siqing, Xia Ruoxue and ye Chen!

If ye Chen is willing to kneel down and kowtow to her and apologize, I can't accept him!

The key is that this kid doesn't know how important it is to be afraid of the strong in Lingwu land!

If not, it's time to kill!

"Cough!"

"Old soul man!"

"On the second floor, are there some demon fish?"

Lingyun xianzun's eyes twinkled with murderous spirit. Since ye Chen is such a mean boy, he doesn't want to bow down to himself, and he wants to hook up with his own Taoist disciples. So, kill it! in any case!

If this mean boy!

Still alive, let's talk about it!

"Demon fish, not without it!"

"There are 30 cannibal and demonic fish in the early days of Shenwang state. Under the joint efforts, 300000 piranhas can be mobilized from the emperor's and the God's realm, and they can eat ye Chen in an instant, just..." The ancestor of the soul clan sneered at himself and said, "I fell into the treacherous plot of Ye Chen. I can't do it to him personally!" His eyes fell on the body of Beigong Hongtian, and he immediately showed a cold smile and said: "the master of the northern palace, I still have to trouble you!"

"Me?"

"Well..." Beigong Hongtian began to waver. From time to time, he looked at Lingyun xianzun and said, "master Lingyun is here, since master Lingyun proposed it..." He handed the array stone to Lingyun xianzun and said, "it should be controlled by Lingyun master!"

Ye Chen!

It's better for my master not to be contaminated with this boy's affairs!

Dabi in baizong arena, Jinfo Tantric sect, the land of the soul clan, and now the soul dragon array of ten thousand years and so on, I thought it was inevitable to die four times. As a result, they did not die each

time, and their strength was getting stronger and stronger. My master had better take a look again. If ye Chen is really dead, my master will rely on the past!

"I'm worthy of being the head of a family."

"The style is very good." Lingyun xianzun satirized Beigong Hongtian and took the array stone. He thought in his heart: "Ye Chen, ye Chen, you should not be disrespectful to me. If you are not dead, you will be regarded as the test of me!

If you do something wrong, you have to bear the cost!

Before that, I couldn't kill you. First, I didn't want to kill you because of your talent!

Er? The two disciples and the only two of them love you!

Therefore, I couldn't kill you before. I could only let you die in other people's hands. In this way, my two Taoist disciples could cultivate in peace of mind!

But now, it's different!

You are such a mean, low-level boy. You refuse your kindness again and again!

Kowtow and kneel!

It's not about your life, it's not about your strength, it's not about closing you!

On the contrary, if you are willing to worship me as a teacher, I can't help but regard you as a disciple. When you kneel down and kowtow, it's your worship ceremony. It's a pity that you are too stubborn!

How stubborn!

Even I want to kill you!

In an instant, Lingyun xianzun's face was clear, holding the array stone, the power of the spirit penetrated thousands of miles away, directly controlled the demon fish in the second array, and led hundreds of thousands of cannibal black fish to kill Ye Chen!

Life and death are only in a thought!

Chapter 1450

She murmured to herself, "Ji Siqing, summer is like snow!"

"Two lovers, don't blame the master!"

"Ye Chen is too arrogant and overbearing. Sooner or later, he will die. Even if he does not die today, he will die tomorrow."

"Since he will die, it is better to die in the hands of a teacher than in the hands of others."

"As for ye Chen's Kunlun Xu, I will protect you, and no one will die in the hands of the Blood Sword clan and the blood spirit clan. You can go at ease!"

As for Ji Siqing and Xia Ruoxue!

Their future achievements are destined to be extraordinary, if they want to choose a mate!

That is the real genius. In the future, you can join us as a teacher again!

"Cough!"

"I'll have some tea!"

Beigong Hongtian twisted his neck and moved his body. He obviously felt the killing intention of Lingyun xianzun!

This woman!

How cruel!

If you don't get it, it will be destroyed!

Who called her powerful, directly mobilize the strongest power of the second layer of array, to kill Ye Chen, but also said such a thing, this woman is too poisonous, too cruel, decisive and ruthless, can't offend her openly!

"Oh, no..."

What did Beigong Hongtian think of? His face changed a little. He secretly contacted the nine God state elders of Beigong family!

In case Lingyun xianzun killed Ye Chen!

You want to blame yourself and the old soul clan guy?

I have to ask all the elders to wait in the void!

In case the old woman is cruel to herself!

Looking at this scene, the soul clan old man drank tea indifferently, and his goal was achieved. No matter what form it was, as long as ye Chen voluntarily broke into the array to die, and he did not control the array and killed Ye Chen, it has nothing to do with himself!

Lingyun xianzun does this!

So cruel!

It's none of your business!

.....

Ten thousand year soul dragon array!

In the second layer of dark water, ye Chen finds a dark bridge, and immediately reduces his breath to the lowest level. He is like a dead man. He crosses the river gently, and even sees the piranha swimming in the middle of the surrounding river!

Ye Chen stares at the front, step by step carefully, even if treading on the water is very quiet!

He looked at these piranha, but it was different from the piranha on earth!

Piranha of the earth!

At most, it's the size of a palm with sharp teeth!

They mainly move out in groups. Soon they can chew clean prey, leaving only bones. Ordinary people will die if they fall down. People with a little skill can step out of the water before being seriously injured, and they can also save their lives!

But the black fish in the array is not so simple!

Any head has a person's size, but the mouth is not in line with the proportion of normal fish, only seven inches in size, one bite can crush the flesh of the vigorous period! As long as fifteen or six of them are gathered together, a cannibal black fish will take a bite and walk away. A complete person will be eaten in an instant, and all the bones and dregs will not be left!

And this kind of cannibal black fish body, is full of a spirit toxin!

The poison is no worse than the soul poison!

Once infected with the human body, unless treated with the Dao level divine elixir, he will surely die!

Walking, ye Chen couldn't help but look up at the sky. Thousands of meters above is a piece of violent thunder clouds, countless lightning flashes back and forth, at the same time, there is no living things in the vast sky!

"You can't walk in the air!"

"The piranha leaps from the river and can jump directly into the thunder cloud!"

Ye Chen recalled the information on the intelligence he had bought before. If he walked in the air, he was afraid that hundreds of cannibal black fish would jump up and fall into the river in an instant. Unless he had the body in the period of divine body, he would be a warrior in the same way and would be eaten clean in an instant!

All of a sudden, the water is turbulent!

Ye Chen takes a close look, and there are a series of cannibal black fish rising on both sides of the river. In an instant, there are tens of thousands of cannibal black fish in the river within 100 meters around him, and the targets are all staring at him. Among them, there is a ten meter giant demon fish staring at himself, two pairs of ice blue fish eyes, full of the breath of death!

"Damn it!"

"These animals have found me!"

"And! Not only the black fish, but also the demon fish have come out. It seems that someone has mobilized them! "

"The old thing of the soul clan, Beigong Hongtian, Lingyun!"

"three bastards!" As soon as ye Chen's voice fell, hundreds of cannibal black fish around him jumped towards him. His momentum was fierce. He had to take out the magic weapon and the magic sword, and burst out all his fighting power. He urged the two pieces of divine king's tools, and burst out pieces of gun Gang sword Qi and thunder light, forming a tide to sweep away!

Puff, puff, puff!

There's a constant burst!

Dozens of cannibal black fish burst out!

When other piranha fell, thousands of piranha jumped up to attack and kill Ye Chen standing on the dark bridge!"Damn it!"

"No matter!"

Ye Chen jumped up and couldn't stand on the dark bridge any more. Otherwise, he would die once he fell into the river!

He had just jumped a hundred meters, and it was not surprising that he was hit by the array design. Tens of thousands of piranhas were springing up from the river around him. They were so dense that they could not see the edge at all. They all went straight to Ye Chen!

"Some fish also want to eat Laozi?"

"The road of destruction!"

"Thousands of destruction!"

Ye Chen put up two weapons and spread them out with both hands. In their hands, they emerged the endless destructive power, forming two lightsabers, which were immediately combined into a piece to form a sky curtain and spread out in all directions!

But all the black fish that were hit by the curtain of extinction burst out!

In the blink of an eye, thousands of piranha burst, five or six thousand piranha fell down and were directly eaten by the same kind!

.....

At the same time, on a mountain top in Lingwu.

Surrounded by clouds, the spirit is rich!

This place has a rich aura, far more than any place in Lingwu land!

Not only that, there are countless ancient arrays around the mountains.

Anyone forced to break into, will inevitably turn into powder!

Even if the Hunyuan realm, the harmony realm!

Even in the array, there is a trace of original power!

On the top of the mountain, there is a chessboard where two old men of fairyland are playing chess.

The two old men's eyes closed slightly, sitting cross legged, without any movement!

But the pieces in the chessboard are constantly moving.

If there is a strong player nearby, it is bound to find that the seemingly ordinary chess pieces contain rules!

A piece of chess is enough to make many powerful people crazy in Lingwu land!

At the same time, there is a picture in the sky above the chess game!

In the picture, ye Chen is breaking through the battle!

This is not the most terrifying!

What's more terrifying is that Lingyun xianzun, the ancestor of Hun clan and Beigong Hongtian are all in the picture!

Being watched by the strong, they didn't notice it!

A few seconds later, one of the old people opened his eyes, the eyes, as if from ancient times, long life thousands of years!

He took a look at the chess game, took out a pot of wine from the side of the chessboard and poured it into it. Then he said to the old man opposite, "I said, that boy is the key to the game, right?"

"Today, he wakes up the way of destruction from the soul clan array and adds five ways to his body. As long as he doesn't die young, I will win this game."

"Over the years, how many young talents have we met, but which young talent can do this?"

The old man slowly opened his eyes. He gazed at Ye Chen in the battle. His eyes were very complicated.

For a long time, he opened his mouth and said, "you are wrong. Have you forgotten the boy surnamed Ren who we once looked out of sight?"

Hearing the name mentioned by the old man, the old man's face suddenly changed and his eyes were even more frightened!

The old man stood up with his hands behind him and looked at the whole land of Lingwu from the top of the mountain. He continued: "the boy who is the master of Jiuyou has awed countless top powerful people. With the power of stars and blood moon, how many invincible myths have been left in Lingwu land!"

"You say, can the boy who broke the battle at the moment surpass his achievements?"

"We never know until the end of the game!"

"But we still have to look at the present day for the immortals!"
