

## Physician 1461

### Chapter 1461

"You hybrid dragon!"

"I thought you had the power and blood of a dragon!"

"I didn't expect that you are a creature. Although you have the blood power similar to the dragon, it is produced by your own flesh and blood, not the power of the real dragon!" The blood dragon is like a legendary Dragon God, commenting on the heaven and earth soul dragon!

"So!"

"You are a second-class green dragon in the dragon clan

"Under the Dragon claws, the Golden Dragon and the Golden Dragon."

"It can be juxtaposed with the four claw Golden Dragon and the three claw golden dragon, but you will be a fourth-class hybrid dragon at best. It is better to die down such a humble thing, so as not to pollute the reputation of our dragon clan!"

With the fall of the voice!

The blood dragon burst out his own blood pressure, and if he didn't do it, he created an invisible force that covered the whole world and oppressed the soul dragon of heaven and earth!

In front of the absolute blood, even if the strength is not enemy, the blood dragon is also crushing!

"No, no, no..."

"The supreme Dragon God, I was wrong, Xiao Long was wrong!"

"Please spare Xiao Long's life, I don't know this little scumbag - no, this man Tianjiao is a good friend of the Dragon God!"

The soul dragon of heaven and earth was pressed in the river, but it didn't fall. Instead, the dragon body was continuously compressed and began to have the effect of tempering the body. It gradually exceeded the limit. The Dragon scales of the dragon body were constantly broken and exploded, and even countless blue dragon blood overflowed!

It never imagined that there was such a terrible dragon in the human boy's body!

The key dragon is so high, how can it be willing to keep company with a man who is in a state of God?

It really can't think of it!

If the blood dragon fully awakens the blood, let alone the soul hall, many families in Lingwu land will be shrouded in fear!

The only thing it can do now is beg for mercy!

The blood dragon lived in a high position and looked at the face of the dragon and wolf in heaven and earth. There was no temperature in his eyes. Suddenly, he thought of something and said to Ye Chen, "master, although this guy's blood doesn't exist, it also has great use value."

Ye Chen nods, natural understanding!

Dragon! Whether it is in China or Kunlun Xu, or even now the Lingwu continent, it is an extremely noble existence!

If we make good use of it, his strength will surely go up to a higher level!

No more hesitation!

Ye Chen sacrificed several Shenwang wares, which were condensed into a huge platform. A protective cover was raised around him. It seemed that he was collecting the blue dragon blood. He could not help laughing and said: "although it is a miscellaneous dragon, there is dragon blood and dragon body after all. Taking it can also improve the physical state."

Although the blood dragon does not look up to!

But ye Chen needs, ah, absorbed these blue dragon blood, enough to forge his own body to a new height!

"Lord dragon, spare your life..."

"Forgive me, Dragon God..."

"Rao..."

The voice is getting weaker and weaker!

The dragon body of the heaven and earth soul dragon has been compressed to the size of about ten meters. The dragon body is extremely collapsed and compressed, which directly leads to the death of the body of the heaven and earth soul dragon, leaving only the power of the spirit. To this extent, it can be said that it is dead!

Although the dragon body can be freely enlarged and shrunk, the dragon body forced down by the blood dragon is equivalent to compressing a person to a size of more than ten centimeters through great force. If he does not die, he will die!

"What a strong blood vessel!"

"The blood of Dragon God, no, it's not the blood of Dragon God, it's the real dragon god!"

Xiaoyao God Jun and Jiuwu Shenjun were surprised. They thought Ye Chen had to recuperate for decades no matter what!

It is even possible that they and others should output all their strength in advance to protect Ye Chen from leaving!

But I didn't expect it!

Ye Chen, this Tianjiao disciple, has such a strong backhand!

The ancient dragon god revives, such a powerful existence still follows the disciple!

Think about it!

What is the blood spirit clan!

We can hope for our real liberation!

"In fact, part of the escape is lucky. The blood dragon is not strong enough, but the victory lies in the pure blood, and the opponent happens to be a Zunlong! That's why we can use blood crush. If we change to other strong people, I'm afraid this boy has already fallen. "

"In this case, the boy's luck is really against the weather!"

"The resurrection of the Dragon God is willing to follow!"

"The revival of the ancient lion demon God of war exists, also voluntarily follow!" Bingjian xianzun said to himself, not only relieved, but also nodded slightly, saying, "we are ready to be liberated. The world of Lingwu mainland will soon welcome us back to our real bodies."

How many years has ice sword immortal been trapped?

Over ten thousand years!

How many years have Jiuwu, Zhumie and Xiaoyao been trapped?

How many years have the three golden Buddhas been trapped?

That's a number we can't face up to.

Comparatively speaking, compared with any one of the six, ice sword immortal Zun expects to extricate himself from the predicament. Although the mind body has independent consciousness, it is also based on the real body. Once the real body gets rid of the difficulty, it is the real liberation! Before!

Ice sword xianzun just thought that ye Chen would only need a few decades!

I've been waiting for ten thousand years, and I don't care about it for decades!

Gradually, ye Chen has been involved in many risks for many times and nearly fell down several times, which makes ice sword immortal Zun feel that ye Chen may be severely damaged by others and by the old generation of martial arts. The younger generation of martial arts is not ye Chen's opponent. I'm afraid it will be more than a hundred years before he gets out of trouble!

But now!

It's different!

Ye Chen's two companions with the blood of ancient demons are getting stronger and stronger!

Blood also with time continue to recover!

No one knows what Xiaohuang and Xuelong will look like when they wake up completely!

Immeasurable!

At that time, the two ancient demons were the top of the nine layers of heaven in the Fengmen realm. They were only one step away from Taixu state and the realm of sanctification was only one step away. This realm even the realm of legend. Now these two powerful beings are reviving. With the previous information, this world will surely be able to reach the star orifices of the real God, and even the Fengmen realm of the Fengshen!

It doesn't take ten years to reach this level!

Moreover, ye Chen's promotion speed greatly shocked the ice sword immortal Zun!

Go ahead at this speed!

I'm afraid it won't take you three or five years to get out of trouble!

Three to five years compared with a hundred years!

For the warrior, there is almost no concept!

But for the ice sword immortal Zun, that was the most important thing, so that he secretly breathed a sigh of relief.

Since then, even if ye Chen is in danger again and his master doesn't take action, the two revived ancient demons will help Ye Chen. With Ye Chen's character, he will surely come to save himself. It will be a firm thing for him to extricate himself in the next five years!

Crack!!

A clear voice emerges!

Heaven and earth mirror is directly shocked by blood dragon power!

In fact, when the original nature of the soul dragon of heaven and earth was transformed into a real green dragon, the power of the warrior who created the top of the nine layers of heaven and earth in the soul hall had already blocked the radiation ability of the heaven and earth mirror of the spirit immortal!

Chapter 1462

From then on!

Lingyun xianzun, hunzu Laozu and Beigong Hongtian don't know anything about the array!

Now, the blood dragon directly explodes the mirror of heaven and earth with the pressure of his majesty. The immortal immortal of Lingyun and others even don't know what's going on in the array. They think that the soul dragon of heaven and earth has killed Ye Chen with his own information!

Click!!

Click!!

Second layer array area!

The dragon body of the soul dragon of heaven and earth makes a sound of breaking down. Immediately, the blood dragon takes back its own blood pressure. The heaven and earth soul dragon, which has been curled up into a piece of meat, falls down. The power of the spirit and soul is directly seized by the blood Dragon and presented to Ye Chen!

Ye Chen takes over, also have no nonsense, direct phagocytosis!

The power of the spirit of the true dragon in the state of harmony can certainly make great progress in one's own strength!

Hua Hua Hua Hua!!!

Whoa, whoa!!

One by one, Guanghua flows!

From the body of the soul dragon of heaven and earth, there are three magic objects flying out of the body, which are the foundation of the dragon body. Ye Chen takes it out. The value of the dragon body has been reduced a lot, but it still has a huge outflow!

A tripod, a knife and a sword!

Swords and swords are all the magic tools of Wupin Hedao!

The blood colored tripod looks like a dragon shaped Golden Tripod. It's the artifact of Qipin Hedao!

So the three immortal utensils add up to be more expensive than ye Chen's whole family, which is the most effective for ye Chen!

"Blood dragon!"

"If you help me, I will break through the realm of God and kill me!"

"Outside, there are eight God kings and more than a hundred Hunyuan martial arts masters!"

"I'm afraid it's not so easy to get out, but I love it!" Ye Chen gradually fell in love with this sense of crisis!

Life and death are in a thought!

But wealth insurance in demand!

The more dangerous, it means the greater chance!

His way of killing is to degenerate step by step between life and death!

Moreover, as long as the majority of the land of the soul clan is destroyed, a large number of weapons and corpses can be recovered, and the corpses can be refined into war puppets!

Then!

Even if you try your best to attack other sects, you can resist it!

Even if it can't be stopped, many immortal utensils and war puppets will blow themselves up and die as soon as they come out!

"Good!"

"Which artifact are you going to use to break through the realm?"

The ice sword immortal Zun has the greatest understanding of Ye Chen's breakthrough. How long has it been! Ye Chen is ready to impact the kingdom of God!

Moreover, ye Chen is different from the general warriors in Lingwu.

Other breakthrough, is to use the corresponding immortal tool breakthrough!

But ye Chen is to cross a big realm of immortal, just enough!

This is also the biggest reason why Ye Chen can leap over the level to fight!

At this rate, I'm afraid it will take only two or three years to achieve the goal of harmony!

Ye Chen looked at the Golden Tripod in front of him, and finally looked down on the golden tripod. He said:

"when I fell from Dongqian Lake, my master happened to pass by. He took me into Kunlun void, and taught me how to practice medicine all my life, even into the door of medical God Wang Jing, I'll use the dragon pattern gold tripod

"Qipin Hedao artifact, the power of which is enough to make my five roads evolve into the God King way!"

"The stronger the way of God and king is, the stronger the power of law derived from it!" Ye Chen pauses for a moment and then says, "however, before this, it is necessary to temper the body first."

Now!

The second-order flesh body of virtual body stage is not enough!

If it is not enough to smelt the magic weapon, the strength is not enough, it must be improved, or the body will explode when breaking through!

"Good!"

"Master, go on!"

The blood dragon condenses the green dragon essence blood of the soul dragon of heaven and earth, the most pure dragon blood!

If it's ordinary dragon blood, it's estimated to be more than ten tons. However, after purification, it will be only dozens of drops. It can be worth as much as two or three weapons of time and space!

Lingwu land!

When it comes to luxury and personal details, I'm afraid only Ye Chen is the strongest in the stage of entering the divine state and the divine king state!

Who has ever seen the breakthrough of the martial arts in the spirit realm, with the green dragon blood of the real dragon, with the seven level Taoist artifact?

No!

Never since ancient times!

First, no one can bear it!

Second, no one has this capital!

But now!

Ye Chen has!

It's the first time we've ever made a breakthrough!

"Master, I protect the Dharma for you!"

Xiaohuang is naturally aware of the power of the blood dragon in the samsara cemetery. He is a little unconvinced in his heart. This is the time to stand up!

In a flash, Xiaohuang's body is huge, like the blood dragon, half body invades the river, the all-round Guardian Ye Chen!"Disciple

"For the teachers and for you

Three golden Buddhas come out of the samsara cemetery!

Stand on the periphery of Ye Chen, help Ye Chen protect Dharma!

After all, shenwangjing is an extremely important realm for martial arts!

In Lingwu land, it's not very important to be in the spiritual realm!

Because only stepping into the realm of God and king can be regarded as stepping into the road of martial arts!

This is also the biggest division between the low martial world and the high martial world!

At this moment, two revived ancient demons and three golden Buddhas personally protected Ye Chen's Dharma!

Unless all the eight gods and princes in the land of the soul clan have arrived, you can't easily break through their guarding places. As for the three golden Buddhas in the Hunyuan state, ye Chen has refined the green dragon blood, the real dragon blood, and the overflowing power has greatly increased their strength!

The three golden Buddhas of the three layers of heaven in Hunyuan!

In less than an hour, you will be promoted to the top of nine layers of Hunyuan realm!

They directly returned to their original peak state, and their weapons and artifacts were melted by them, completely transformed into real human flesh, and advanced to the sixth level of virtual body stage!

Virtual body stage is not just the physical state of Hunyuan martial arts!

It also includes the martial arts of the road!

If you go up again, you will be able to temper your physical body!

Ye Chen's physical state is also constantly improving, but after reaching the virtual body stage, the progress of the flesh body is extremely slow. The essence of the fierce beast in the same Taoist realm has a very small effect, that is, the green dragon blood of the harmonious realm has a slightly greater effect!

For an hour in a row!

Ye Chen's body reaches the fourth level of virtual body stage, which is equivalent to the body of eight layers of heaven in Hunyuan!

If you reach the fifth level of virtual body stage, it is equivalent to the physical body of the nine layers of heaven peak in Hunyuan state, and then reach the sixth level of virtual body stage of the three golden

Buddhas, which is equivalent to the physical body level of one or two levels of heavenly martial arts in the harmony realm!

"There is still some blood essence left!"

"Three masters, if you take another part of your body, you will almost reach the limit."

Ye Chen immediately took out three handfuls of Hedao artifact, namely, the purple gold pestle, which was left by the original Golden Buddha Tantra, and this time he got a knife, a sword, and two Wupin Hedao artifact, and handed them to the three golden Buddhas, saying, "three masters, break through!"

"With your inside information and the power of the law of God and the law of space, all have been fulfilled!"

"If you break through now, you are likely to reach the level two or three of Hedao directly!"

Chapter 1463

Pharmacist Buddha, Golden Buddha, sunlight Buddha!

The three golden Buddhas, when their weapons and their flesh bodies were completely transformed into human bodies, their divine kingcraft and space law appeared. Because the previous life had already been perfected, it took less than half an hour to recover to the level of previous life!

Can break through already!

The three golden Buddhas, once broken, will be the three gods and Buddhas, who will kill the land of the soul clan!

Ye Chen will be more sure!

"This..."

"This..."

"Good!"

The pharmacist Buddha nodded directly. In contrast, the moonlight Buddha and the sunlight Buddha are somewhat embarrassed!

After all, I and others are masters. I didn't expect to use my apprentice's weapons to break through. I really can't hold my face!

The pharmacist Buddha took over the Hedao artifact, but he said cautiously: "disciple, you give us the Hedao artifact today. In the future, your realm will be greatly improved. Surely you will return the Hedao artifact to you, and will certainly return you more than seven grades of Hetao artifact. Thank you for what you have done today."

"Yes

"After our strength is improved, we will return it to you!"

Sunlight Buddha and moonlight Buddha also nodded, took the Hedao artifact, and began to break through!

After a while, the three golden Buddhas appeared with divine light on their heads, and they are fusing together to break the realm!

Looking at this picture, ye Chen also took out the Qipin Hedao artifact and began to break through!

He works his skills, and countless Buddhist texts are surging all over his body!

Five roads are gradually floating out!

On the sky above the soul clan, there are dark clouds pressing the city!

The next second, rolling God thunder in the dark clouds constantly surging, like an angry lion, at any time to roar!

Four people break through together!

With great momentum, Xiaohuang and Xuelong find that the situation is abnormal, and they also feel that ye Chen's strength is getting stronger and stronger!

They can be regarded as the weakest time to follow Ye Chen!

I know ye Chen's difficulties along the way.

At any moment, it is possible to die!

But ye Chen still walked down.

Xiaohuang looked at the blood dragon and murmured: "the stronger the master is, this is a happy thing, but I don't know why, I can't be happy."

"The stronger he is, the faster he will meet those guys. The secret of our blood will not last long. They'll find out after all. "

When Xuelong heard this sentence, he was slightly stunned. His eyes were fixed on Xiao Huang. He was surprised and said, "do you also have this feeling?"

Xiao Huang nodded, with a touch of complexity in her eyes: "when our blood recovers, some memories will appear. Recently, fragmentary memories let me capture some things. I'm afraid that before long, the master will be in danger, which is different from what he faced before."

"It was a real disaster."

"I hope the day will come later. I'm afraid the master Fall on this land. I'm really afraid

The blood dragon looked at Ye Chen who was breaking through and said, "don't be so pessimistic. Take a step and see a step. Doesn't the host surprise us every time? "

"If that day comes in advance, I will guard the master at all costs, even if I burn blood and essence blood!"

"I live because of my master! More for the master! The master's way is my way

Hearing this, Xiao Huang's eyes also changed incomparably firm!

"Well, as you said, if that day comes! I'm going to fight to the last minute to stop those guys from touching the master

At this moment, the blood dragon and Xiao Huang both broke out a strong intention to kill.

The cold eyes even let all the temperature around suddenly drop to the bottom.

But ye Chen is concentrating on breakthrough, and naturally he doesn't notice.

This is the secret of Xuelong and Xiaohuang.

Neither of them chose to Tell ye Chen.

Because this matter is too big, now ye Chen has to face too many things. If ye Chen knows, it will certainly affect the heart of Tao.

Concealment is the best result.

In the samsara cemetery, the nine dance God King and other three people naturally did not notice the dialogue between Xiao Huang and Xuelong. They watched Ye Chen's behavior before he broke through. They couldn't help nodding and agreed with Ye Chen!

So proud!

Give up and get!

Is our disciple!

He Dao artifact, which is extremely precious and incomparable, is just for the purpose of improving everyone's strength. Such actions and behaviors are worthy of the contemporaries' pride. Ye Chen deserves this title!

"Such a hero leads me to Kunlun Xu!"

"My Kunlun Xu is about to prosper!"

Zhu Mie Shen Jun sighed that he would not be able to give free Hedao artifact!

It's a difference!

He would rather smelt a few more by himself, even if he couldn't, he would let the three golden Buddhas sign a contract to help him, but ye Chen didn't mention that his courage was enough to shock him and make him agree!"It's because of this hero!"

"The blood spirit clan will do anything to get rid of him!"

"According to the situation of this boy now, we will get rid of the difficulties. It won't take long," he said! Master Bing Jian, don't worry too much. We have seen the character and conduct of the tomb owner, and he will not refuse anything he promised

"Our original skills can also be passed on to this guy!"

"This is our duty originally. I believe that the old guys like Xue Qiye, Nie Baijian and Chen Anping think so too!"

Original skill!

It's a skill that can't be understood by others!

Even if it's a skill passed on by one's own disciples or even his own sons and daughters, they may not be able to pass it on!

But those old guys passed it on!

And is willing to teach Ye Chen!

Nie Baijian's Qiankun sword seal!

Chen Anping's all things forging decision!

Wang Qiantian's Wandan refining decision!

Seven night sword of blood!

.....

And a lot more!

Many old friends, even the patriarchs and leaders of xushenwang and Hunyuan realms in Kunlun, passed on their housekeeping skills to Ye Chen!

why?

Because ye Chen is worth believing!

Worthy of their investment, they also believe that they will do their best to help Ye Chen, and ye Chen will certainly do their best to help them!

Heart for heart!

The real friendship between master and apprentice!

"Good!"

"I'm afraid Ye Chen won't learn my original skill!" The nine dance God smiles. Her original skill is not sword rhyme, sword technique and so on. Instead, it is a dance. It is called Jiutian dance, which has the ability to hook the power of heaven and earth and the law of all things. But when performing, she needs to dance, dance, and kill countless enemies, and the enemy has been killed!

Of course, this original skill is not necessarily not suitable for men!

But learn to dance! Ye Chen may not agree!

It's even hard to imagine that ye Chen was fighting and suddenly dancing to kill the enemy!

Thinking of this, Xiaoyao and Zhumie not only laugh, but also understand the power of the law of extinction and the law of destruction. They are absolutely arrogant. They can pass on their origin and understanding to Ye Chen and make him master the two laws quickly!

"I'm afraid, when this boy breaks through the realm of God, there will be another round of earthquake outside! Ha ha

Chapter 1464

When people are talking!

Ye Chen has smelted most of the magic tools of the way!

There was a Golden Tripod floating above his head.

Virtual shadow flickers in bursts of light, attached to Ye Chen's body.

In a flash, ye Chen opened his eyes!

Eyes like stars in the night! The whole space is coming to shake violently!

Overhead countless lightning direct landing!

Ten thousand thunder and lightning hit Ye Chen's body without warning.

There is no change on Ye Chen's face. Keep running the skill!

The whole body's evil Qi, Buddhism and spiritual power are like a long river surging.

In the next second, the road of killing is floating out, and the cold intention of killing runs through the whole hall!

On the road of killing, a bloody shadow has gradually formed!

The bloody shadow holds the sword in his hand, as if a sword is a killing area!

Then, the Boulevard of immortality also floated out!

It's like a sword soaring into the sky! As if to break the space in front of you!

Countless space cracks suddenly formed, such as spider web spread to open!

What is immortality? All things wither, and Tao does not die out!

Then, the avenue of silence appears!

All the life around him has been mercilessly deprived, and ye Chen's square kilometer circle seems to be a dead land.

No life, silence to the extreme.

At this moment, the whole world seems to be the only one left Ye Chen!

At this moment, ye Chen's body gushed out countless Buddhist texts. The Buddhist scriptures converged into a pillar of light and rose from the sky!

Light up the whole world!

On the pillar of light, the shadow of a deity Buddha spreads all over the world!

If I become a Buddha, there will be no devil in the world! If I become a devil, what will happen to me!

The cold voice resounds!

Finally, the Fifth Avenue floats out!

The way of destruction!

Of course, the way of destruction is Ye Chen's weakest way, and also the last way to awaken!

Don't look down on it!

The road of destruction, except for the round area under Ye Chen's body, everything around fell into collapse!

We can see its micro!

In a flash, the five ways are in one!

All the strength is absorbed in Ye Chen's body!

At the moment, ye Chen feels like a flood surging, and the dam of Dantian can't hold back the torrential flood at all!

"God Kingdom, break it for me!"

Ye Chen's whole body is red, is roaring!

The figure is shaking the sky, a ripple wave open!

The sky above the head of the soul clan is like a huge beast roaring ferociously!

Ye Chen feels as if his body is going to burst!

He seemed to see the cracks!

At the moment Ye Chen is engulfed by thunder and lightning, and the existence of five evil spirits.

"God and king! Open it to me

Ye Chen roared.

The next second.

The road of immortality evolves into the way of not destroying God. Ye Chen is promoted to a level of heaven in the divine kingdom!

The road of killing evolves into the king's way of killing God. Ye Chen is promoted to the second heaven of God kingdom!

A road!

Can let Ye Chen advance to a small realm!

Evolution into the force of five roads, how hard, like the pain of bone regeneration, but ye Chen still gritted his teeth and insisted!

The top of the chessboard.

The two old men stopped playing chess long ago.

It's just because the picture on top of my head suddenly collapses.

You can no longer check Ye Chen's situation in the array.

The old man, who was not a believer in evil spirits, wanted to take out the Taoist plate, but found that the Taoist plate had been broken when investigating Ye Chen's fate.

Another old man took a drink and said with a mysterious smile, "old man, I'm afraid I won this game of chess."

"We don't know what's going on inside, but the results are obvious."

"The soul clan's array can't trap this boy. Hey, are you going to give me the mirror that day?"

The immortal old man snorted coldly: "the picture is broken, it doesn't mean that the boy won! Why did I give you the mirror of heaven? "

Obviously, the old man is ready to cheat.

After all, the heavenly mirror is too precious.

Their existence at this level is the rarest treasure in Lingwu land!

What's more, the mirror of heaven is sealed with a wisp of the will of heaven!

Value cannot be measured!

Another old man snorted coldly, drank all the wine in the gourd, hung the wine pot on his waist, held out his hand, pointed to a direction and said, "although we can't check all the secrets of the soul clan, but seeing is believing, you can see the thunder cloud disaster."

"The color of five lights, auspicious scenery, this must be the picture of five crossing into the realm of God and king!"

"Under the heaven, who dares to have five roads in the realm of God! Who can trigger such a vision!  
Only Ye Chen

As soon as the words came out, the immortal old man took a look at the distant picture, and his expression could no longer be indifferent. For a long time, he took out a bright flowing mirror from the cuff and threw it out: "old thing, first give it to you to keep!"

"But this game of chess is not over. Ye Chen is strong, but he can't go to the end. His character is so stubborn that he can either become the emperor of heaven or die prematurely."

With five fingers, the old man of the wine pot carefully put away the mirror of heaven, and immediately showed a smile: "Hey, you can't even touch his fate. Dare you mention the future?"

"Forget it. I won't play chess with you. I'm going to see the boy."

The next second, the old man step out of the wine pot, and then throw the wine pot around his waist, which suddenly becomes bigger!

The old man stepped on the wine pot with his hands behind him!

Instantly disappeared in the world!

.....

At the same time, another mysterious place!

Soul hall!

The elder of the nine layers of heaven in the state of nature sensed the power of the blood dragon, and even more the change of the soul dragon of heaven and earth that he had nurtured, and his look changed greatly.

The soul dragon of heaven and earth was damaged, and he was naturally attacked by a strong attack.

"Poof!"

The elder of the soul hall couldn't help but spit out a mouthful of blood. The blood stained the ground, which actually corroded out a hole on the ground!

Then his breath began to weaken to about a third of his full strength!

Original!

The soul dragon was suppressed, and he lost one-fifth of his spirit power, which is still acceptable!

But now, because the soul dragon of heaven and earth was killed by Ye Chen, he suffered a great deal of damage in an instant. Even the body of the dragon was darkened. At most, there was only five or six layers of heaven's fighting power in the realm of creation.

"Something happened to the soul dragon of heaven and earth!"

"The soul dragon array of ten thousand years has been destroyed!"

"Which one, damn asshole!"

"Who dares to damage the foundation of my soul! Who on earth is it? "

A cold roar rang through the room.

Soul days wipe the blood of the lip corner, can't help waving hands, exerting the law of time and space to explore the situation.

He is the elder at the peak level who arranges the power of gods and spirits in various soul clans and arranges his own strength in the soul dragon array for thousands of years!

"Damn it, it's the one in the western regions!"

"My elder's power of spirit and soul has disappeared for ten thousand years!"

His eyes were about to crack, and he continued to explore the situation. He could not help but change his look again. "The only breath of heaven and earth soul dragon has disappeared!"

Damn it!

Damn it!

Actually killed the heaven and earth soul dragon of this elder!

"Why can't I see the pictures inside?"

Chapter 1465

"Is there strength to stop it?" Huntian elder snorted coldly and said to himself, "elder, I want to have a good look at you and see how you killed you. After confirming your identity, I will not torture you for thousands of years, and will not be able to deal with my soul dragon of heaven and earth!"

With his nine layers of heaven, the highest cultivation!

If there is no artifact, you don't have to disperse the power of your spirit to sit in all directions!

I thought that the heaven and earth soul dragon absorbed the strength that he had left him and could transform into a real dragon. When the time came, his fighting power would be enhanced and he might be able to obtain a magic weapon. But I didn't expect that this hope was shattered, and there was no hope for promotion!

I'm afraid I can't move forward in the soul hall!

There are many powerful beings in the soul hall, but he is not included. Even if he is a nine layer heaven in the state of creation, he is only an inner sect elder, ranking the fifth. The four inner gate elders above him are all deities in the Xingqiao realm. There are eight supreme elders, all of them are terrorist beings in the Xingqiao state and above!

Lingwu land!

Among the superior sects, I'm afraid the soul hall can be the front row!

Compared with Lingxian emperor palace, it is only a lord of Fengshen palace, and wanjian emperor palace is only five sword gods. Even if they add up, they are not rivals of soul palace! But the soul hall has to face many sects, including several superior sects, families, and some medium-sized families!

Even, sometimes we have to face the pressure of two top families!

The soul hall is powerful!

But there are also several powerful ones, and there are also a number of artifact in the hall. They will give great contributions to the elders of the nine layers of heaven in the world of nature!

Hun Tian originally thought that he scattered the power of gods and spirits to guard the branch helms of various soul families. Once he succeeded, he would make a lot of contribution, but he didn't expect this accident today! Don't count on the artifact rewarded in the hall. Don't think about it!

Two ways!

With the extinction of his spirit power and the destruction of heaven and earth soul dragon!

Whoa, whoa!!

Whoa!!

The mirror composed of the laws of time and space is completely broken.

Obviously, his further exploration was fruitless.

"It seems that the affairs of the soul clan in the western regions are not so simple."

"However, it doesn't mean that I can't do it!"

"This is the soul clan. I set up all the arrays there by myself."

"Maybe all the techniques in Lingwu mainland can't be surveyed, but I still have some left behind!"

Words fall, soul hall elder finger pinches Jue, force out a drop of blood essence.

His face turned pale.

Then a glass ball floated from the palm of his hand.

The essence blood hits on the glass ball, and the center of the glass ball instantly flows with ancient lines!

The next second, the glass ball is moving!

The scene in the array is constantly emerging!

It's just a little fuzzy!

There is even the process of blood dragon appearing to suppress the soul dragon of heaven and earth with the power of blood!

Now, the soul day saw the blood dragon and the youth fighting the soul dragon of heaven and earth, and his face was gradually black and blue!

At this moment!

It doesn't matter if hope is broken!

The important thing is the blood dragon!

That legend, really realized, and has appeared in front of us!

Bang!!

The elder of huntian slapped the ground violently, just like an earthquake. "The blood dragon is actually attached to a humble human being!"

"This young man!"

"Attached to the blood dragon, and this blood dragon is not a descendant of the ancient blood demon Dragon God, let alone reincarnation!"

"It's recovery!"

Recovery!

It means that the ancient dragon god was not dead!

In other words, even if the powerful existence of many human beings, such as the ancestors, fought in the same way, and finally all died, they did not completely kill the ancient blood demon Dragon God, and was escaped by one of its spirits!

After hundreds of thousands of years ago, it recovered again!

The overall level of martial arts in Lingwu continent is much higher than that of Kunlun Xu. The strength and spirit power mastered by them are also much stronger than those of Kunlun Xuwu! Therefore, when a warrior reaches the realm of harmony and even the realm of creation, as long as there is a trace of the power of the spirit that has not been wiped out by the enemy during the war, or escapes, he can find a chance to be reborn again!

It's just that the martial arts who combine the Tao realm and create the chemical realm!

Most of the souls of the youth will be absorbed by the gods!

Only the martial arts in the level of celestial beings and orifices can their power of spirit merge into heaven and earth, accumulate strength slowly and secretly, and then slowly emerge, and then recover to the fighting power of that year!

"Elder!"

"What's the matter, elder?"

"Is it the dragon family that attacked our branch again?"

Three Dharma protectors of the Taoist realm came forward and asked.

They are no longer the Dharma protectors of the last time, but the God kings of hetaojing who were transferred from other side halls. At the moment, they all look at the five elders who are like the giant giant of the earth, who are spewing blood!"Go away!"

"What is the holy dragon family?"

"Recovery, recovery!" Hun Tian was incoherent. He slapped a Dharma protector in Hedao realm with a slap. His eyes were red with blood. He forcibly calmed down and seized the other two Dharma protectors. He said cautiously, "now, contact the supreme elders immediately. No, contact the temple master directly!"

"Get him out of the devil's land!"

"I want to tell him something about the danger of life and death in the soul hall!"

He is now seriously injured and has no power to contact the Lord of the soul hall in the demon kingdom!

"This..."

"Five elders, once things are not really important..."

"The temple master may have killed us..." One of the Dharma protectors of hetaojing said slowly: "the main force of the holy dragon family and the divine dragon family is in the devil Kingdom, or they are

still in the demon kingdom. The ancient demons, the temple master and other predecessors are all recruited personnel. Once our affairs go wrong, the temple master will rush back --"

the voice is still declining!

Hun Tian slapped the head of the Dharma protector in the Hedao realm.

At the next moment, the "corpse" is flying out. It generates a force and recovers the head, but the breath is extremely weak!

This is the special ability of the strong in the soul hall.

Even if their heads are broken, they are not really dead!

If the body is broken, it can live as long as the power of the spirit is still there and a large amount of power of the spirit is retained!

Hun Tianchang was always in a rage and didn't want to listen to his wordy words. He directly burst his head and made him suffer heavy damage!

After he was barely restored, he did not dare to speak any more, and stood up honestly!

The other Dharma protector looked at the elder huntian with a cold look. He didn't dare to speak. He was afraid that his head would be smashed in the next moment. That would be a heavy blow. He can't recover without a hundred years!

Huntian elder looked at them and took a deep breath. His mood stabilized for a moment. He immediately said, "you can control the heaven and earth in the side hall, export your power, and cooperate with some treasures left in the temple. You can contact the temple master."

Chapter 1466

actually!

He can't really contact the master of the soul hall!

It's just that the ability needed to contact is too large, because it needs to run through thousands of miles of space. If he uses it once in his heyday, it will only hurt his vitality. If he uses it again now, he will only have 10% of his combat power, which is equivalent to the combat power of the second and third layers of the creation realm. At that time, any warrior in the middle of the creation of the chemical realm may kill him!

So!

He asked more than ten Dharma protectors in the left behind soul hall to join hands to launch the heaven and earth ceremony and contact the master of the soul hall!

Although this is the headquarters of the soul hall, all the elders are not there. Some of them went to the Phoenix family in the eastern region. Most of the remaining elders are recruited by two top families to deal with the existence in the demon kingdom. There are not many elders left!

Otherwise, it will be there!

For a long time, there have been gods and warriors who have broken through the void and directly shocked and killed Ye Chen of the soul clan!

"Tell the Lord!"

"It's said in ancient times that this elder has confirmed it is true!"

Hun Tian slowly narrated: "the ancient blood demon Dragon God did not fall, but fell into a deep sleep. Now he has awakened. He has initially possessed the fighting power between the realm of harmony and the realm of creation. He is attached to a young warrior, who is now in the seventh branch of my soul Hall in the western regions!"

"I will order the elder of the seventh branch to keep the boy with all my strength!"

"Later, I will send the Dharma protectors who can still fight in the general hall to kill them!"

"This person enters into the nine layers of heaven or the early cultivation of the divine kingdom. It's very strange. I can't guarantee that I can keep him, but I will try my best. Please come back quickly and solve this person!"

It is indeed the peak of the nine layers of heaven in the realm of creation!

Seeing that the young warrior and the blood dragon burst into absolute combat power, after killing the soul dragon of heaven and earth, they just said that they couldn't guarantee to stay, but they would try their best, neither take responsibility nor be blamed by the hall master!

"Yes, elder!"

"I'll send the message right away!"

Two Dharma protectors hurry out!

The soul sky gazed at the stars all over the sky, thinking deeply, and finally whispered: "master of the temple, you should come back soon after you get this news! This son is too evil

He didn't even think about the cableway: I felt the breath of the ancient blood demon Dragon God before my Lord!

Originally thought that the ancient blood demon Dragon God had turned to the northern palace family area to create the chemical realm, or to combine with the Taoist realm martial arts!

But I never thought of it!

It takes refuge in a child who is in a state of mind!

"Seventh rudder!"

"With the eight members of the harmony realm and the 17th elder, there should be the cultivation of the second layer of heaven in the realm of creation."

"Such accomplishments can take a long time even if we fight with the local Beigong family. Why, I feel a little sleepy about that boy?" Hun Tian was a little nervous. He took out the token and started to contact the soul clan elder of the seventh branch!

Despise all costs!

Stop that man!

If you can, trap them!

The adherents of the ancient blood demon Dragon God will never be simple!

Moreover, after the blood demon Dragon God recovers, even if it does not restore the peak combat power of that year, there must be successors!

Let the seventeen elder stop first!

If you can't stop it!

I will try to do it again!

Now, elder huntian feels that he overestimates Ye Chen. He doesn't do it himself. He decides to let the seventeen elder in the same place do not do it himself. Unless the seventeen elder is defeated, he will do it himself!

He's seriously injured now!

How dare you start without authorization? Those who hate the soul hall are more than one sect!

If you start without authorization, even if you kill Ye Chen, if you are caught by other superior sects, you will also fall!

.....

Ten thousand year soul dragon array!

The three divine lights soar to the sky!

The three golden Buddhas were sitting in the air with their knees crossed. The lotus stands gradually appeared under them, which was particularly sacred!

At the next moment, a force of the law of time surged out, causing the earth and the earth to shake and the void to vibrate. The breath of incomparably strong breath was released, just like the ancient great powers. The three golden Buddhas, who broke the boundary and achieved the harmony of the Tao, became the three gods and Buddhas!

Golden Buddha!

God Buddha!

There is a word difference between the two, but there is a thousand miles difference!

The former means mastering the law of space, and the latter means mastering the law of time. The power of the latter can change the enemy's time velocity. His own time velocity has already had the power of partial extinction. You can use the law of time to pass the enemy's life!

"Ha ha ha ha!"

"Thank you very much, my teacher. I will help you to kill all the people of the soul clan."

Moonlight Buddha roared with laughter, hands together, behind the golden light, a Buddhist God King Road extended, and there are a time arhat and a space arhan on the left and right, which are the power of two principles!

At this moment, he not only broke through the realm to reach the realm of harmony, but also directly joined the realm of three levels of heaven! He used the trippin Hedao artifact, which was left by the Golden Buddha Tantra. It has a deep foundation and can break through three realms one after another!

"My Buddha is merciful!"

"However, the Buddha once said that it is our honor to eliminate demons and protect the way."

"If the soul clan is a demon, it should be removed!" The sun Buddha hands together, also get the fruit of Tao god Buddha, is already the four layers of heaven in the realm of Taoism!

"Disciple

"Now I have no fear. What is the soul clan? I will kill the devil in the same realm and repay you today's kindness."

The golden light and the divine kingcraft behind the medicine master Buddha are more magnificent. He himself has reached the peak of the four layers of heaven in the Hedao realm, and is only a step away from the five layers. Both he and the moon Buddha have used the five level combination of the divine tools to break through. The artifact itself has a strong foundation. When combined with them, it will naturally surpass the ordinary martial arts.

Originally, their spirit power was extremely weak, even inferior to the spirit power of the king of gods. However, with the help of the reincarnation graveyard for thousands of years, the power of the spirit has been ten times as powerful as that of the Immortal King's martial arts practitioners!

In fact, including the original Kunlun Xu of those strong!

Lin Qingxuan, xueqiye and others, the power of the spirit also gets the nourishment of the reincarnation cemetery. Otherwise, they have no strength to help Ye Chen many times! However, the power is limited in the end, and the power of the spirit has to dissipate after consuming this part. As for whether the body knows or not, it is not necessarily!

"Break the border!"

"God King way!"

"Build!"

Ye Chen also rises from the sky with a high drink. The five gods and kings behind him are like five heavenly rivers crossing the sky. They are extremely magnificent and brilliant. The power released will quickly evaporate the black water Xuanhe river below. Within ten seconds, the original river surface dropped by as much as 10 meters!

The king of the slaying God, the Lord of the world to kill, blood does not flow dry, more than killing!

The king's way of destroying God originates from the strongest attack and killing power in the world. Once offered, no one can resist it, even if he wants to restrain the power or the same destructive power!

If we don't destroy the way of God and the power of spirit, then the way of God and King will not be destroyed. Therefore, there is no danger of breaking the way!

Chapter 1467

Silence destroys God's way, all forces in the world and Shouyuan!

If it is a living creature, it can be used by Ye Chen!

When the Buddhist road evolved into the God King's way, it completely evolved into the Dao of God and king. From then on, ye Chen did not need to consume the power of the spirit and soul, but directly used the power of the Dharma of God and king to subdue it completely. It is no longer the situation that Qian Kun Jian Yin did not accept!

At the same time, ye Chen is promoted to the third level of Shenwang state, and the physical body is promoted to the sixth stage of virtual body stage!

Actually!

Ye Chen contains a seven level Bodhisattva. According to the truth, it can't be just the three layers of the divine kingdom!

At least it is the nine layers of heaven in the divine Kingdom, but the parallel of the five gods and the king's ways consumes a lot of power, so that he stays in the three layers of heaven. Moreover, ye Chen can't use the power of some special Tao and the power of the law of time!

Wait until a certain time, the God King Road feeling up, comprehend the law power!

The realm will naturally rise up!

"The kingdom of God!"

"God King way!" Ye Chen felt the strength of the present, and his lips could not help but outline a smile. Now his own strength is ten times stronger than before. Ah, even if he faces the eight gods of the soul clan, he also has some resistance capital!

He collected five ways of God and king, and realized himself, "now, some things are similar to the state of God, that will be it! Smelting too strong weapons, the body accumulated a lot of strength, as long as the thorough digestion, then, Hunyuan realm can be expected! "

Immediately, ye Chen gestured to the three gods and Buddhas, "congratulations on the three masters breaking through the boundary!"

"My Golden Buddha Tantra will be rebuilt soon."

"It won't be long before our school will be famous in the mainland, and those guys in the devil kingdom will tremble for it!"

"See the Lord!" The three gods and Buddhas joined hands at the same time, bowing to Ye Chen. Although Ye Chen is their disciple, ye Chen is the leader of the secret sect of Golden Buddha. It is up to the patriarch to make the sect famous in mainland China!

Ye Chen nodded slightly, saying: "three masters, advanced reincarnation cemetery!"

He came to the tomb of samsara, clasped his fist at the other masters, and said cautiously, "masters, please don't worry. When the disciple has strong fighting power, you will be rescued!"

"Good!"

Ice sword immortal, the three gods have responded, the heart is also incomparable joy!

The three Buddhas have become the three Buddhas!

Ye Chen so promised to us, then, their real body will be able to solve the difficulties!

Knowing that the situation was urgent, ye Chen began to walk out of the ten thousand year soul dragon array. In his present state, the damage caused by some special environment made of magma and storm is no longer a problem!

.....

The seventh branch, the three warriors in the attic, are puzzled. Sometimes they look at the soul dragon array for thousands of years. However, due to the particularity of the array, they can't see through the situation inside. The heaven and earth mirror of Lingyun xianzun is broken, which makes people even more surprised.

"The mirror of heaven and earth is broken!"

"Ye Chen, this humble boy, damn it!"

Lingyun xianzun was a little lost. He thought that the boy could come out alive. Unexpectedly, he was so arrogant that he destroyed the Dragon nest where Hun clan had planted Hun long grass for ten thousand years. As a result, the soul dragon of heaven and earth became mad and even the mirror of heaven and earth was broken. Under such circumstances, how could ye Chen not die?

Heaven and earth soul dragon!

Originally, it was just the spirit of the array, but it also had the fighting power of seven or eight layers of heaven in the realm of Taoism!

Ye Chen dare to attack the soul dragon of heaven and earth by force, and lead it out!

Such behavior!

This way!

How dare you!

It's almost like killing yourself!

But he did!

However, he destroyed the Dragon Nest of the soul clan which planted the soul dragon grass for ten thousand years, so that he was found by the heaven and earth soul dragon. Even if he was found, he would seriously hurt the heaven and earth soul dragon, forcing the heaven and earth soul dragon to burst out the power left by the soul hall elder!

If it's a normal time!

If she was a disciple of her Lingxian palace, she would praise her good deeds and feel that the other party's courage was commendable and she had the opportunity to become a real strong man!

But the person who makes it is Ye Chen, that can be different.

Although Lingyun xianzun is rare, it is only rare that she can control!

If out of control, she would strangle it in the cradle.

"Soul clan, Dragon Nest..."

"Heaven and earth soul Dragon..."

Beigong Hongtian, like a dead man, sat down on his chair with a gloomy face!

It's over!

Ye Chen is dead!

The owner of my family finally decided to invest in him and even prepared to help him, but he was killed by the soul dragon of heaven and earth!

Thinking of such a scene, he is not enough to shout in his heart: ye Chen, you arrogant boy, don't die like this, OK?

I'm ready to marry my daughter to you. Go and die! Son of a bitch!

He failed to live up to his investment enthusiasm and destroyed the dragon's nest. There are so many dragon grass plants of ten thousand years old!

If the elder of the family is not hidden in the void, the head of my family is ready to run away. Who knows that old bastard of the soul clan can't do it to you, will he do it to me?

I brought you here!

That old son of a bitch, it's very likely to get me into trouble!

Beigong Hongtian takes a look at the soul of the old family of the soul clan. He stands upright, his eyes clouded to the extreme. For a moment, he feels that the sky is dark.

Soul death, the 17th elder of the soul clan!

If it wasn't for the contract problem, I'm afraid it would have been killed. Now I guess my lungs will explode.

.....

"Ye Chen, this little beast!"

"Kill, some waste!" His eyes were extremely cloudy. He clenched his fist and clenched his teeth. He said, "we should tear down his bones, eat his flesh, drink his blood, and forge his spirit with fire for thousands of years, no, ten thousand years!"

"Eight gods listen to me!"

He roared hysterically and slapped it on the table. In an instant, he clapped the red sandalwood table into powder. He roared again: "all the soul people listen to the order, enter the soul dragon array, search for ye Chen's body!"

"This elder wants to frustrate the bones and bring to the ashes!"

"Not only, search for his remnant thoughts, the power of the broken spirit!"

"I will never let him go. Never!"

It has been ten thousand years since soul miesheng has been guarding this important place. In the past few years, when the heaven and earth soul dragon grass is fully mature and handed to the general hall after picking, it may be healed for meritorious deeds. In this way, the injury can be solved and the peak combat power of the past can be restored!

But!

It's all ruined!

They are all the animals called Ye Chen!

Even if you only have a bone, a drop of blood, the soul will not let Ye Chen feel better!

"Yes, elder!"

"I'll start right away!"

Eight gods and princes rise to the sky!

The hundred Hunyuan Dharma protectors also soared into the sky, following the eight gods and princes, they set out with great momentum to search for ye Chen's corpse!

Chapter 1468

Just at this time, heaven and earth change, a golden token tears the void, which contains a strong power of existence!

It's the summoning token of elder huntian. Here we are!

Whoa, whoa!!

Whoa!

The golden token radiates a radiance that shakes the heaven and earth. A virtual shadow is revealed. It's just like the elder of huntian!

The virtual image of huntian elder is like an emperor. He declares: "the soul is destroyed. Mobilize the martial men under your command to kill the young people in the array. If you can't kill them, you will surround them and report them to the elder!"

A voice!

Heaven and earth are shocked, many people are staring at the ghost of the elder, a face unbelievable!

Ye Chen is not dead?

How could it be?

Heaven and earth soul dragon erupts. The power left by the old soul God is the power that can kill the creation of the world. Can't Ye Chen be killed?

Do you want us to go all out to kill Ye Chen?

If you can't kill them, you'll be surrounded and waiting for the elder huntian to come?

Ye Chen?

Isn't it the nine layers of heaven?

Is it the nine layers of heaven in Hedao? Even the elder of the soul heaven, who was high above, spoke in person!

"Five elders?"

"Seriously?" The soul grows old to ask!

"Naturally, it's true. If it's fake, what do I want you to do?" The elder huntian was not happy and said, "this time, I can not care about your mistakes, but you must give ye Chen to the elder to arrest!"

"Once arrested, the elder will come to receive it in person!"

"At that time, maybe I can give you some pills to cure the foundation of the road!"

When you hear that you can get the elixir to cure the foundation of the road!

The whole soul is excited. Finally, it's time!

Five hundred years!

I've been seriously injured for five hundred years, but I haven't been well. I thought that hope would be broken, but now I have it again!

At the next moment, he said angrily, "the eight great gods, 170 Hunyuan martial arts men, were all surrounded by the heaven and earth soul dragon array, waiting for ye Chen to come out, and then he started to catch him!"

"Yes

"Yes

Many soul warrior listen to orders one after another, lay out the array, wait for ye Chen to come out, then immediately arrest!

The elder of the general hall speaks!

Catch Ye Chen!

Ancestors can get treasures, they can also get some rewards!

Ancestor eat meat, they drink some soup is also good!

What's more, ye Chen, the God killed, has killed so many of our people who have entered the realm of God. Today, we have to arrest him and send him to the general hall for execution!

Lingyun xianzun and Beigong Hongtian, as well as several Taishang elders of Beigong family, were shocked when they heard the dialogue between sou Mie Sheng and Hun Tian!

"Ye Chen is not dead?"

"Not dead?"

Beigong Hongtian didn't know whether he was happy or sad. He picked himself up for a moment, and his sense of decline suddenly disappeared!

Ye Chen is not dead, there must be a card!

Maybe we can escape this time?

Maybe, there is the elder jianzun of wanjiandi palace who is guarding it?

This time, if you don't have a team, you will regret it for life in the future!

At this moment, Beigong Hongtian is completely ready to stand in line with Ye Chen!

Lingyun xianzun didn't respond for a while, and said to himself, "soul God, the old guy, let the soul perish and catch Ye Chen? Why, some secrets of Ye Chen have been exposed? Why doesn't he come by himself

"Afraid of me?"

"No, the soul hall is not afraid of my Lingxian emperor palace?"

"What is the old man thinking?"

Compared with the joy and shock of Beigong Hongtian, Lingyun xianzun is more puzzled!

A soul heaven at the top of the nine layers of heaven in the world of nature clearly hates Ye Chen who breaks the battle, but he doesn't do it himself. Instead, he lets his men do it. What's wrong?

Is it difficult!

Ye Chen, this boy, is not only Kunlun Xu's people behind him?

Those old things from wanjiandi Palace are here, too?

Are you ready to save your strength against those old guys?

At the same time, she guessed that there were attacks on the outer part of the ten thousand year soul dragon array. The huge array and the sky blocking array burst out completely under the attack of Taoism!

Among them, a young warrior dressed in Hunyuan immortal armor, holding a magic sword, walked out slowly, fearless in the face of hundreds of powerful enemies, just like the ancient god of war. No matter how many and how strong the enemy is, he will die in his hands!

"Ye Chen, really not dead!"

"not dead!"

Lingyun xianzun and Beigong Hongtian are both strange. At last they see ye Chen come out alive, and their mind is proved to be more than half!

If you dare to kill my soul today, you will be able to kill me with a sword"Are you going to do it?"

"Old man, do it, I want to see you do it!"

Ye Chen waved his sword and pointed to sou Mie Sheng. His voice was cold. His eyes swept over the soul clan people in front of him. He laughed and said, "I want to destroy this place. It's not a day or two. If you are killed by thunder, I'll kill the people here. It's my wish."

Contract!

Ancient blood devil saint's contract!

The most powerful Taixu strongman of that time, the terror of self-called blood devil saint, once ruled the top figure of the demon road hundreds of thousands of years ago in Lingwu land, and created many laws and special roads, including the law of destruction and the law of extinction. He also created the blood devil contract, but later encountered a top existence from Jiuyou!

After more than ten years of Nirvana war, the two great masters of Taixu realm won the victory or defeat!

Since then, the blood devil Saint did not appear in Lingwu land, and the evil way was weak. However, many laws, the power of the road, and the blood devil contract created by him were recognized by the heaven and the road in Lingwu land, so they have been handed down to this day!

Blood demon holy contract!

It's about the contract left by the power of the devil saint, which guarantees that those who break the contract will be shot and killed!

But in fact, over the years, the power of the blood demon saint has been exhausted, but the power of the heavenly way is maintained!

Even those who are called true gods and violate the blood demon contract will be transformed into thunder by the power of heaven!

Therefore, ye Chen is not afraid of soul death at all!

What if you are a strong creator?

What can you do for me?

You dare to do it, I don't need to do it, you will die under the thunder!

And you, the land of soul clan, will be slaughtered by me!

This is Ye Chen's foundation!

"I'll do it?"

"Ha ha ha ha!"

"Tracherous boy, you are vicious, you are fierce!"

"Elder Ben, don't do it!" Soul miesheng almost gnawed his teeth to say this, but he waved and said, "the eight great gods, and other Hunyuan and Shenwang state Dharma protectors, all hands, kill Ye Chen for me!"

"Ye Chen will not die!"

"You die!"

A world of shock!

The strong people of the whole soul clan were excited, and a large number of powerful people put out their hands, and all kinds of immortal utensils flew out and even covered the sky!

Chapter 1469

Hundreds of gods!

Hundreds of Hunyuan!

Eight in harmony!

So many, so powerful warriors!

Even the martial arts in the early stage of Hedao will be blasted in an instant!

"Seven masters!"

"Give me a hand!"

Ye Chen raised his arms and called out. He had a lot of strength in his body, which came from the three gods and the ice sword immortal!

Before the storage of more than a dozen, hundreds of Shenwang tools, Hunyuan Xianqi Qi kill!

Boom!!

BAM, BAM, bam!!!

Thousands of weapons collided together!

Only the aftershocks have severely damaged many soul warrior!

Ye Chen fought out in person, which was comparable to the fighting power in the middle period of the Dao state. He wielded the sword to kill 17 soul warriors of Shenwang realm, and then kicked and exploded the spirit clan Dharma protectors of two Hunyuan realm!

At the next moment, ye Chen evades the attack of the eight God kings of the soul clan and turns to attack and kill those who are in the realm of God King!

Bang bang bang!!

Bang bang!!

In the sky, one after another God King Road breaks!

It means the fall of one king of gods and warriors!

Now! In the sky, the voice of the God King's road breaking up one after another, a large number of soul clan God King State Warriors died miserably!

Ye Chen is invincible in the same territory, and promoted to Shenwang realm!

No matter how rebellious and powerful Shenwang Jingwu is, he will not survive the combination of one move!

"Ah, kill!"

"The kingdom of God retreats!"

"Hunyuan realm is on the edge, form an array to kill Ye Chen!"

"The formation We are the main force! "

The eight gods roared hoarsely. With their speed, they could not catch up with Ye Chen. They could only watch ye Chen slay those warriors in the divine kingdom!

God kingdom!

Can be the existence of a city Lord!

Even in this place of soul clan, there are quite a few strong men. Among them, most of them are Tianjiao martial arts people. In the future, they can be promoted to Hunyuan state and even the talents in the Taoist realm. At the moment, a large number of them die in the hands of Ye Chen, who is the same age as them!

I can see that the hearts of the eight gods are bleeding!

What the hell is this monster?

The peak of spiritual state?

The early days of the divine kingdom?

Damn it!

When is Lingwu's garbage realm so strong!

.....

At the same time.

Kunlun Xu, Jue hanzong, ten thousand years of cold.

The endless cold seemed to turn this forbidden area, which had not been opened for thousands of years, into a dead place.

Since the talent contest held by Mr. Jingshui, Jue Han Zong welcomed back the saint who had been waiting for thousands of years, and there was no more movement.

Even if Kunlun Xu confronts the sudden arrival of Xueling clan, even if countless sects become a part of the palace of light, even if ye Chen becomes the worthy master of Kunlun Xu.

Jue Han Zong still did not move.

It's like a secluded sect that doesn't care about everything outside.

Ten thousand years of cold outside, a few breaths of terror of the extreme cold on the face is full of sweat and tension.

A red robed old man holding a jade ring kept pacing back and forth for a long time. After a long time, he stopped and looked at another old man who was full of immortal spirit and said, "Laozu, do you really think that the saint can walk out of the void of Kunlun and achieve the supreme Road of Jue Han sect?"

The old ancestor of juehan sect took a deep look at the closed stone gate and said, "we have been waiting for the holy daughter for thousands of years. The holy daughter has the rare evil blood cold body in the world, which is our only hope."

"Everyone knows that the evil blood cold body is one of the ten worst bodies, but they don't know that the evil blood cold body can also wake up!"

"Once awakened, the evil blood cold body can become the evil blood spirit body that shocked countless strong people in ancient times!"

"To know the evil blood spirit body, even in the Lingwu land, it is also considered as the top blood line!"

Speaking of this, Jue Han ancestral burst out of a strong momentum, Mou son as if the dust laden history suddenly opened!

"All the disciples of Kunlun Xu thought that my Jue Han sect didn't like to communicate with people, and they thought that my Jue Han sect was very cold! But they don't know where the details of my Jue Han sect come from! "

"My Jue Han sect does not belong to Kunlun Xu, but comes from Lingwu land!"

"The palace of juechan emperor was once the top door of Lingwu land! If it wasn't for that group of animals, how could the palace of juechan emperor be reduced here? " As soon as the words of Qixiang village were uttered, a cold air like a sword pierced into the bodies of many supreme elders.

Many supreme elders spit out a mouthful of blood.

Even the old man in red can't bear the power of this ancestor!

"Ancestor Stop it I... "

Said the old man in red.

At the next moment, Jue Han Zong's ancestor noticed something, and then he restrained his momentum, and all of them breathed out a breath.

The power of our ancestors is really terrible. The old ancestor of Jue Han Zong shook his head and went on to say, "we are here to wait for a person with evil blood spirit body."

"As long as the saint awakes the evil blood spirit today, she will be able to set foot on the land of Lingwu and rebuild the glory of juechan emperor palace!"

"I don't know how the virgin is now. The energy in the cold area should be enough..."

Now, in the cold of ten thousand years.

A beautiful girl sits cross legged on an ancient and simple ice.

Countless runes are surging over the ice.

The girl's long black hair was covered with bursts of frost. The long hair was coiled up, and the ice crystal jade hairpin was properly hairpin.

Crystal clear beads flutter down, swaying between the temples, the beauty to the extreme.

The girl's eyes are like water, with the cold like frost, it seems that she can see through everything.

A white dress, with a pink ribbon gently around, Dun show that graceful figure, thousands of amorous feelings.

Only feel behind her as if there is smoke light close, really non earthly people, can not blaspheme.

The only exception was a broken stone hanging from the girl's waist.

There is no restriction on the stone, but the girl is well protected.

If ye Chen were here, he would be shocked to find that this stone was the one he gave to Wei Ying to suppress the existence of evil blood and cold body.

And this beautiful girl is naturally the beautiful teacher of Beijing Normal University, and Wei Ying, who was brought into Jue Han Zong by him!

In an instant, the ice broke and a strong momentum surged in the whole space.

Wei Ying opened her eyes and countless Ancient Runes poured into her body.

Her pupils are blue and full of magic.

"The way of heaven is the way, escape into the cold palace, sacrifice with blood, awaken the spirit body!"

Wei Ying's lips slightly open, the body is suddenly suspended, a trace of pain spread throughout the body!

But she insisted.

She knows what she's going to do!

Awakening the evil blood spirit is her biggest chance!

"Touch!"

A violent vibration spread throughout the whole Juehan sect!

It's like an earthquake!

At the same time, a beam of light straight into the sky!

Countless Kunlun virtual closed door Strong Qi Qi open eyes!

Even Han Yun and Ye Lingtian, who are far away, are aware of something!

Their eyes were filled with deep horror.

"Who is this Apart from the temple master, there are people who can break out such a vision

"Check it for me!"

"The hall master has been away from Kunlun Xu for a long time. Kunlun Xu can't have an accident because of Han Yun!"

"This breath doesn't seem to belong to Kunlun void. It makes me feel the threat of death!"

"Who the hell is it?"

Chapter 1470

For a long time, the beam disappeared.

The forbidden area of juehan sect collapsed completely.

She couldn't believe the trembling body of Jue Han Zong.

Did the only hope fail?

Does juechan emperor palace really want to dissipate between heaven and earth?

The legend of Lingwu land no longer?

In this case, the endless gravel trembled slightly.

In the next second, the gravel is pushed away by an invisible force and turns into powder.

Then, in the sight of the public, a beautiful girl appeared.

The girl's cold eyebrows are like knife carving, with a trace of temperament that seems to come from the sky.

Step by step toward the crowd.

The eyes of Jue Han Zong's ancestors were getting wet gradually His ancestor, who was once famous in Lingwu land, knelt down in front of a girl.

"See the palace master!"

Jue hanzong countless elders on the spot Petrochemical!

My grandfather knelt down!

Kneel down to a saint!

The next moment, a surge of pressure, people are also kneeling down!

The eyes are full of submission.

They have no choice!

Jue Han Zong's voice choked, as if he used his strength to shout: "Jue Han Emperor Palace, supreme palace master! It controls the world, and its power is in all directions

"To control the world, the power is in all directions; youth will never die, never die."

.....

Waves of sound drowned everything, but Wei Ying did not pay attention at all.

Her slender jade hand moved slightly, and the jade order in the hand of Jue Han Zong's ancestor came to her hand.

Her mouth outlined a smile, eyes toward the direction of the spirit City, murmured: "I absolutely cold emperor palace ups and downs for too long, also should let those Lingwu mainland people know, we are back."

"Lingwu land, your nightmare is back!"

Smile convergence, a touch of tenderness is suddenly appeared.

Wei Ying's eyes were so complicated that she said, "besides, that guy should be in Lingwu land."

"Stinky boy, if you haven't come to me for so long, have you forgotten the neighborhood years of Beijing Normal University?"

.....

Ye Chen at the moment does not know what happened in Jue Han sect.

Although he sometimes wants to go to Wei Ying, since the dragon pool, Wei Ying seems to have evaporated.

With the disappearance of the Xueling clan and Ji Siqing, ye Chen naturally puts down his plan to find Wei Ying.

At present, ye Chen is in danger, and the only thing he has to do is to kill a bloody way!

On the ground and in the air, hundreds of warriors of the soul clan participated in the battle, and the battle area was very small for a time!

Ye Chen's body method is very fast, and those who are not in harmony with Taoism can't beat him. Once the God King of the Dao state breaks out with all his strength, it may even affect the martial arts of the soul clan, so that the eight gods dare not fight with all their strength!

Can only call the warrior of the divine kingdom to retreat!

Hunyuan realm can only be on the edge!

Whoosh!!

Bang!!

Two sword Qi, a record of sword Gang leap!

Hit Ye Chen's chest directly, just like a giant hammer, and fly Ye Chen out!

Bang!

Ye Chen smashed out a big hole on the ground. It was the three gods who made a move!

"Eight harmonious realms!"

"One day, two two days, two three days!"

"There are still two four layers of sky and one of five layers of sky!" Ye Chen glanced at the eight deities and said, "the three masters helped me block some martial artists in the Hedao realm. I will kill the one who lives in the five layers of heaven in the Hedao realm."

Whoosh!!

Three golden lights are rising!

The sunlight Buddha, moonlight Buddha and pharmacist Buddha were killed from the samsara cemetery, holding a magic pestle, and directly stopped seven martial artists in the same Taoist realm!

Lingyun xianzun and the ancestor of the soul clan were stunned when they saw the sudden appearance of the three gods and Buddhas with terrible breath.

They didn't find out all the time, and the strong ones were hidden among them!

According to the principle, the existence of such breath can not escape their divine consciousness!

But the reality slapped them hard!

Are these three people helping Ye Chen?

A mole ant from the garbage world has this inside story!

How could it be!

Of the three, only Beigong Hongtian understood anything.

After all, the Golden Buddha Tantra is above the boundary of his northern palace family.

However, he still has a doubtful point in his heart. It is said that the Golden Buddha has fallen and the Golden Buddha's character is aloof and arrogant. They have no connection with Ye Chen. Why should they help Ye Chen?

At the same time, ye Chen and the three gods and Buddhas fight with the powerful soul clan!

The three gods and Buddhas are just worthy of losing ground!

Look!

Can carry for a while!Ye Chen gazed at the king of the spirit family God who was in the five layers of heaven in the realm of Taoism. He said, "I have always gained a lot by using my cards. I will destroy you, the land of the soul clan."

"Ha ha ha ha!"

"Boy, your realm is not low!"

"It should be three layers of heaven in the divine kingdom!"

With disdain on his face, the God King of green robe kept holding the seal of Dharma to attack and kill Ye Chen. He tossed and killed ten thousand meters of space and destroyed most of the soul clan buildings. However, he said with a smile: "when you can cross the border to kill people, you should be able to exert the fighting power of the three layers of heaven in the same realm."

"So how about that!"

"You must die after all. You must have used a lot of strength to kill the soul dragon of heaven and earth!"

"Now I am enough to kill you!"

"Little beast, I advise you to take your life!"

"There's a big gap between you and me!"

As soon as the voice fell, he suddenly cut out a knife, covering his body with endless soul power!

He not only controls Ye Chen with the spirit, but also tears the space, and devours Ye Chen with the intention of the sword!

Ye Chen's realm is still too low after all!

I wanted to fight against him, but I found that the fierce sword idea beat him back 100 meters directly!

"It seems that the God King of the soul clan is not weak indeed!"

Words just fell, green robe God King has appeared in Ye Chen's side.

Qingpao God King dare not have the slightest carelessness!

After all, the soul hall elder's heaven and earth soul dragon all fall in this boy's hand!

It's so evil!

He suddenly cleaved hundreds of knives, which were fatal. Each knife had the power to kill the later Hunyuan kingdom!

Mid air!

Ye Chen reluctantly resisted, but the strength of his body disappeared quickly. He couldn't help saying, "four masters, give me some more strength!"

However, an angry and old voice rang out.

"No need!"

"Disciple, you are naturally gifted, but the training time is too short, and your understanding of Tao is not enough!"

"Today, these despicable people of the soul clan are bullying you so much that I can't stand up to being a teacher!"

"Come on, let me borrow your body!"

Xiaoyao God King to prevent the other three people, Huoran into Ye Chen's body!

The power of mind enters Ye Chen's body, which means that the mind needs to consume power faster!

The carefree God King doesn't want his disciples to be humiliated in the land of Lingwu!

Even if we pay a great price, we should let these people regret facing their apprentices!

Ye Chen closed his eyes in silence.

It seems that I don't care about everything around me.

It seems absurd to all!

You know, closing your eyes in a battle is undoubtedly an act of seeking death!
