

Physician 1471

Chapter 1471

Seeing this, the green robed God of the soul clan laughed coldly: "little beast, it seems that you have given up resistance! In this case, I will let you feel what is the real power of the soul clan! "

"The soul is dead for nine days!"

Under a roar, the long sword of the God King of green robe cuts through the sky and appears in front of Ye Chen in an instant.

Keep approaching!

As if the next second to penetrate Ye Chen's body.

The successful smile has been outlined in the corner of the mouth of the God in green robe.

In his opinion, the young man who destroyed the array was just like this!

After all, it's rubbish from the low martial world! Vulnerable garbage!

But! At the moment when the long knife is about to touch Ye Chen!

At the critical moment!

Ye Chen's eyes open!

What kind of eyes are those!

As if from ancient times, through everything!

As if from the nine hell out of the devil!

Then, the sword of the God King of green robe hung like this!

It's like being blocked by an invisible force!

This How is that possible?

The green robe God Jun's eyes are wide, just like the ghost!

Then ye Chen's body shape, breath and temperament changed greatly, and even his movements were somewhat different!

"A group of gangsters, dare to be rampant!"

"Broken!"

In an instant!

Green robe God King's long knife into powder!

And then! Xiaoyao God King controls Ye Chen's body. He offers a sword in the air and directly cuts off the arm of qingpao God King!

One more punch and one foot bombarded the past, almost smashed half of the body of qingpao Shenjun. Then, he fought in the past and became more brave in the war!

This scene, see all people astounded!

Is this still the kid from the low world?

This is too strong!

.....

Xiaoyao God King controls Ye Chen's body and fights with the green robed God King. In an instant, the vast land of the soul clan is all within the scope of attack. All the buildings collapse, and the original flat land turns into holes. Countless sand and soil are flying. All the weak warriors of Shenwang state are shocked by the aftershocks and fall directly!

Soon!

In the sky, the sound of road burst!

There were dozens of gods and kings breaking, and then there was a rain of blood!

At this point, nearly 200 of the warriors of Shenwang state who fell down in the soul clan. More than 100 Shenwang Dao collapsed, so that heaven and earth cried and blood rained. Such a momentum was no less powerful than that of the martial arts in the Hedao realm. Even the heavenly way was moved.

Cruel!

How cruel!

At the moment, ye Chen is flowing with a special Daoyun, and the breath on him is unfathomable!

He not only attacked and killed the king of qingpao, who had no resistance, but also bloomed his physical strength and the way of killing and destroying God everywhere he went. He directly killed the surrounding warriors in the spirit Kingdom and Hunyuan state!

Relatively speaking!

Ye Chen's strength has been improved too fast, and he may not be able to fully master his own strength and play the most powerful combat power!

However, the Xiaoyao God King is different. He Dao was the peak of the nine layers of heaven in the Hedao realm 8000 years ago. Even those who can fight against the martial arts of the Huahua realm have far more control over the power, the Dharma formula and the God King's way than ye Chen, and even more than the green robed God King in front of him!

How can the power of reincarnation cemetery not be strong!

Whoa, whoa!!

Whoa!

The God King of qingpao waved his sword and drew a circle on his chest. Then he shot out more than a hundred sword Qi, which was very powerful!

Ye Chen snorted coldly. His hands were behind him. When the sword spirit approached, he turned into a shadow and flashed through the gap of the sword Qi!

Even I don't know when a feather fan appears in my hand. As soon as the feather fan is opened, it can change the world. Countless cherry blossoms are scattered and scattered with the beautiful scenes, and even a wonderful tune is spread among the heaven and the earth!

Wonderful music!

Beautiful cherry blossoms change the world into a snow color.

This is the most powerful skill of Xiaoyao God King!

As soon as the feather fan comes out, heaven and earth will be shocked!

Ye Chen's body is extremely nimble, and the feather fan in his hand turns into a carefree fan, which is very elegant. He swings it violently from the air. The Taoist air blast spreads itself, but he doesn't attack the green robed God King!

However!

When the petals of cherry blossoms falling on the king of qingpao, they would be like a huge hammer with a handle, and the flesh of the God King of qingpao would crack quickly!

That wonderful song also changed into a soul seeping song!

"Ah..."

"Cherry blossom, cherry blossom all over the sky..."

"No, who are you?" Qingpao God Jun's body tumbled and was directly knocked down on the ground. In an instant, thousands of cherry blossom petals fell down together, just like stars in the sky. The body of the God King of qingpao was smashed to pieces completely, and countless blood flew everywhere, leaving only one remnant of the power of gods and spirits!

The God King in green robe who escaped in a hurry did not return, but fled directly!What's going on?

He is a powerful man with five layers of heaven!

Face Ye Chen, actually have no strength to fight back!

It's not right. Even if ye Chen's fighting power breaks out, it is at most equivalent to the three levels of heaven in the Hedao realm. But what's the matter with the cherry blossoms and deadly music? Ye Chen is not the devil? It's not a lowly kid in a low martial world?

Do you know how to speak?

Also know how to combine the general situation of heaven and earth, the power of mountains and rivers?

With these, will our combat power be improved by a whole generation?

And, he is not always rampant, before every time blocked my attack, how changed?

Avoid my attack?

Qing Pao God Jun did not dare to think about it, and quickly called out: "help me!"

"Help me..."

"You seven, help me quickly..."

"Elder, help me..."

Whoa!!

A God King of the three layers of heaven in the realm of Taoism found that his companion had an accident. He had no time to think about it. He broke through the fierce attack of the moonlight Buddha, offered a sword and killed Ye Chen.

At the same time, there are two gods who fight with each other to block the fierce attack of the pharmacist Buddha. They offer their own immortal tools to attack and kill Ye Chen in order to stop Ye Chen's progress and let qingpao God King escape!

Even if they are seriously injured!

Only one thought!

You can't die!

Once the most powerful and the highest level of qingpao God King dies!

Then they, too fast, can't escape that kind of!

"Wait for the little ones!"

"How dare you stop me?"

Ye Chen, who is attached to Xiaoyao God, snorts coldly. The Xiaoyao fan in his hand vibrates. The virtual shadows of dragons and phoenixes roar out, the claws soar to the sky, and the fire of Phoenix spurts out. There are also some virtual shadows such as lark bird and Yinglong. They are fighting with those weapons coming from the sky!

Bang bang bang!!

Bang bang!!

In mid air burst out a group of light!

Those flying Hunyuan immortal tools are all broken by the shadow produced by Xiaoyao fan!

Ye Chen strides over a kilometer, grabs the power of qingpao God Jun's spirit, and laughs with a slight disdain: "I didn't let you go. What are you doing so fast?"

The voice dropped!

Xiaoyao fan also fell, directly cutting the power of qingpao God King's spirit!

Furthermore, ye Chen's own consciousness, coming out of the reincarnation cemetery, mobilized the power of the five gods and kings, directly devouring the broken spirit and soul power, used to stabilize and transform the God King way. The main source of power is the power of the spirit. Different from the other four, it needs the physical strength!

Chapter 1472

Whoa, whoa!!

Whoa!!

Ye Chen's body appears to be shining with Dao Dao, which seems to be feeling the promotion of the power of the spirit!

At the moment, it is still the Xiaoyao God who is in control of his body. After a pause, he stares at the snow-white Xiaoyao fan in his hand. There is a faint luster on the Xiaoyao fan, and he can't help sighing, "it would be nice if I were your real carefree fan!"

The carefree fan in the hand depicts the mountains and rivers, the sun and the moon, and the romantic and snowy moon in a second!

It is the Xiaoyao fan solidified by the power of Xiaoyao Shenjun, not the real Jiupin Hedao artifact, Xiaoyao shenfan!

Whoa!!

Ye Chen received the Xiaoyao fan and turned to look at the other seven spirits. His lips outlined a disdainful smile and said, "it's your turn!"

He immediately jumped out, waved the Xiaoyao fan along the way, played a wave of vigorous Qi, killed more than five Hunyuan state, more than 100 God King state martial arts! When he came to the battle group, he directly drew over three God kings, two four layer heaven and one three layer God King!

Three layers of heaven in harmony with Tao!

He Dao Jing four layers of heaven!

In the southern region, he is at least a leader of the blood spirit clan. Now, he is just a layman here!

Although there is the name of God King, but there is no power of God King. Before that, seven people jointly attacked and killed the three gods and Buddhas. Although they killed the three gods and Buddhas everywhere, they still couldn't win the three gods and Buddhas. Then ye Chen delimited them, and they were directly involved in a bitter battle!

The three gods joined hands to fight ye Chen, and even dozens of Hunyuan state protectors helped each other to fight ye Chen together!

At this moment, all the masters in the land of the soul clan gathered together. No matter what strength they had, they rushed to Ye Chen and the three gods and Buddhas, as well as the magic weapons and tools that killed the enemy independently, plus individual war puppets!

So much power, can't win Ye Chen!

Ye Chen's inside information, said without politeness!

It is equivalent to one or two lower sects!

At that time, there were more than 500 Shenwang war puppets, more than 100 Shenwang war puppets, thousands of immortal tools, hundreds of Shenwang tools, dozens of Hunyuan immortal tools, and several handfuls of Hedao artifact. It is no exaggeration to say that ye Chen alone could exterminate a lower class sect!

Of course!

Enter the soul dragon array!

Almost all of the war puppets were scrapped. In addition, some gifts were given to the Beigong family to solve the problem. More than half of the immortal utensils and Shenwang utensils were consumed. After a breakthrough, the combined Dao artifact was exhausted. Only the Hunyuan immortal ware was left as the main force. Depending on the power of the spirits attached to Ye Chen, he was killing those flying soul warriors!

A Hunyuan immortal tool controlled by spirit and spirit!

It's as good as fighting with a Hun Yuan state!

It can be imagined that ye Chen's spirit power is powerful, but it is still difficult to deal with a large number of Hunyuan state and Shenwang state warrior!

"Pa Cha ~ ~"

"die!"

Ye Chen's carefree fan fell down and directly killed the God King who was in the three layers of heaven in the Taoist realm. With the aftershock, he killed many warriors in the spirit Kingdom and completely killed his blood. After all his efforts, hundreds of people around him who were close to the king of spirit kingdom were killed again!

Immediately, he continued to attack the two spirits!

"Kill!"

"All warriors obey orders!"

"Kill Ye Chen, or I will destroy you!"

Sou Mie Sheng's face is more and more ugly!

Ye Chen, who thought he was seriously injured, would be defeated in three moves!

Now it seems that the soul clan has lost a lot!

If ye Chen can't be taken down again, how can he explain to the elder of the soul hall!

Soul death can only give the final command. In an instant, the soul clan people rise up in the sky and kill Ye Chen and the three gods and Buddhas together!

Another God King!

Every God King is a precious strong man of the soul clan!

Even if more than hundreds of king of gods and martial arts died, there would be no loss of one God King. What a pain!

Bang bang bang!!

Soul clan everywhere, flying all over the sky all kinds of immortal utensils!

The most spectacular, powerful and attractive place is nothing more than the two World War circles!

A battle circle, three gods and Buddhists of the Golden Buddha Tantra fight with the four gods and kings of the spirit clan!

Another battle circle! Ye Chen fights with three gods in the same way and completely destroys the building of this place!

Soul clan!

It's just a branch of the soul hall, the seventh rudder!

However, there are also tens of thousands of Hun clan people here. At first, Qingjian xianzun of wanjian emperor palace killed more than 10000 soul clan members, but there are still 230000 servants and low-level people in emperor Zun's territory. Now, most of them are killed by the aftershocks!

There are many corpses and broken immortal utensils all over the ground. Of course, there are also a large number of ownerless immortal tools and spirit tools scattered on the ground!

As for the realm of God King, the realm of Hunyuan, and the realm of harmony!

No matter the status, whether it belongs to the soul hall or not, it's all over now. Try to kill Ye Chen and the three gods and Buddhas!The kingdom of God, the number of 3000, is the whole details of the land of the soul clan!

At the moment, there are only more than 2500 Shenwang Jingwu people who besiege Ye Chen, but they are killed by the afterwave when they are close. However, they still kill Ye Chen under the command of the soul destroying life!

One hundred and twenty-seven yuan!

At the moment, there are still 97 people left. Half of them attack Hunyuan immortal tools and half of them help the seven gods and kill Ye Chen and the three gods and Buddhas!

As for the realm of harmony!

Only the eight!

Soul clan!

It's a huge thing. There are so many strong people in a branch rudder!

Last time, even if ye Chen was ready to explode all his fighting power and blow up all his puppets and immortal utensils, they were only killed by 18 Hunyuan realm and more than 100 gods combined with eight deities. Now it is the place of the soul clan. All the warriors of the soul clan, even those not directly under the soul hall, have been killed!

After all, the soul of the ancestors, has spoken!

Kill Ye Chen!

In the distance, Beigong Hongtian and Lingyun xianzun, who have never made a move, look at this scene, and their hearts are shaking!

The soul destroys the life, is really does not take under the martial arts person, looks in the eye!

Two or three thousand king of gods!

More than 100 Hunyuan martial arts practitioners!

This is almost equal to the sum of all the sects in the land of heaven and earth. Although it is not as good as it is, it is also a huge force. But at his command, he died half of the time. Ye Chen, the devil of the whole world!

Offending Ye Chen is like offending death!

The key he really can't think why Ye Chen suddenly changed!

Ye Chen gives him the feeling of being a stranger!

And he's a stranger with terrible strength!

"This kid..."

"If you can survive, I'm afraid the future achievements will be incalculable!"

Beigong Hongtian shakes his head and stares at Ye Chen's carefree fan. With a swing of the feather fan, more than 100 warriors in the kingdom of God are killed directly. As a result, the sound of the breaking of Shenwang's way in the sky rises one after another, even as fast as thunder!

God kingdom!

In Lingwu land, of course, it's nothing!

But not to such a degree of killing!

Even he can't do it!

Chapter 1473

Beigong Hongtian sighs again and again. Fortunately, he is not one of his subordinates. Otherwise, his Beigong family would be greatly damaged if so many people died!

However, ye Chen is totally offending the soul clan.

The soul clan is not terrible, but the soul hall behind it.

God kingdom!

Under the hand of the martial arts in the Hedao environment, it is equivalent to those in the Kunlun xudaoyuan environment. In the hands of those in the spiritual realm, they have almost no resistance, and they can't resist no matter how adverse the weather is!

Three thousand king of gods and warriors!

Hundreds of people died in the war, and the blood on the ground almost converged into a river!

Lingyun xianzun gazed at Ye Chen, thoughtfully and quietly at the Xiaoyao fan. Seeing that Xiaoyao fan hit hard a God King who lived in the four layers of heaven of the soul clan, he couldn't help but change his look and said: "this The moves seem familiar It's the carefree king

"Li Jian'an, the free and unfettered king of Kunlun!"

"No sword, but a carefree fan. Master the two rules of time."

The law of time and space!

It refers to the skills condensed from the laws of time and space. For example, the ice sword immortal's space-time sword formula and ice sword formula are similar to this kind of skill!

Happy God King!

Master one hand Xiaoyao fan, one hand Xiaoyao sword!

A carefree fan, the world color, cherry blossom all over the sky, the ultimate beauty is death!

As soon as the Xiaoyao sword comes out, the body of the sword turns into a blood dragon. He is the only one in the world with the highest peak and two original skills. He is known as the most promising God King of Kunlun Xu to enter the realm of creation and transformation!

"No wonder!"

"This boy also got the skill of Li Jian'an, the God of carefree life!"

"Xiaoyao fan!" Lingyun xianzun was so shocked that he even secretly thought: "there are many secrets in this boy, otherwise, it is impossible to have contact with so many great people who once dominated the world. He knows all these people's original Kung Fu, and he is proficient in them. He can even play the charm of these people in those years! "

"Who is standing behind him?"

"These people can't all be his masters. No one can get so many recognition from Tianjiao at the same time!"

Tianjiao!

It's true that Kunlun has so many great powers. In the eyes of Lingyun xianzun, they are just young people, just Tianjiao martial artists!

It is Ye Chen's skill that scares the immortal!

Gather the source of hundreds of families!

"What's the origin of this boy? Have I been looking away? "

Lingyun xianzun felt that he had seen through Ye Chen, but as time went on, he felt that he couldn't see through Ye Chen. Ye Chen was like a man full of mysteries!

.....

And at the moment, the soul is completely destroyed!

Who could have thought of it! The soul clan he has been guarding carefully will be destroyed in the hands of a stinky boy!

The key is that he can't do it!

The contract is here!

I can't help but step out!

"No matter who he is!"

"No matter how many people are behind him, today, he will die!"

But his eyes became colder and colder. He immediately said, "within two hours, ye Chen will not die, you will die!"

"Blow yourself up for elder Ben!"

"Only a spirit of the power left, killed Ye Chen, I resurrect you

Between the voice, indistinct!

A sheepskin contract appears in the void, which is the contract of the blood Saint devil. It seems that ye Chen is really exploring the strength of Ye Chen. It seems that someone is helping Ye Chen, but it does not belong to rescuing Ye Chen. It belongs to the confused situation.

Blood Saint devil contract!

The rule is that ye Chen can get ten thousand year soul dragon grass by himself, and soul miesheng can't do it, and other people can't rescue Ye Chen!

But, help Ye Chen secretly, calculate to save Ye Chen after all?

No one else did it?

From beginning to end, there is only one!

That's Ye Chen!

Body, but the power of spirit is different!

Gradually, ye Chen's body was used by the Xiaoyao God King to fight against the two God kings. He danced with one hand to shatter the sky. He suppressed the two gods from time to time, and soon Xiaoyao God King had already killed the two gods!

The God King of the three layers of heaven in the realm of Tao!

I can't resist it!

Finally!

In the virtual shadow, a bloody lightning appeared out of thin air, with a diameter of 10000 meters, just like a blow to destroy the heaven and earth, so powerful!

Even if it is the face of Beigong Hongtian in the middle of the state of nature, it will be broken suddenly!

Zizizi!!!

Puff! Wipe!!

The void is cut open, and the bloody lightning appears!

The people who were listening to the words of the death of souls could not help looking up at the bloody sky. The extremely powerful lightning for a time pressed all the people in the Taoist realm to the ground and did not dare to move!

"Blood Saint devil contract!" "Thunder!" The soul destroys the life to look at Ye Chen in horror, surprised way: "you still have hind hand?"

"Sure enough, someone will help you! Ha ha, the blood Saint devil contract has been triggered

"I wonder why you suddenly changed your strength!"

No wonder the little beast didn't want to die. It turned out that there was a martial arts man in his body!

How can we not kill thousands of gods and spirits!

How could he come out safely!

Originally, he hides a God King, this God King must be to help Ye Chen, was sensed by the blood devil contract!

"Ha ha ha ha!"

"God help me too!" The soul destroys the life to suddenly laugh, at this moment is how high spirited, how happy!

"Ye Chen! This little beast, it's going to die at last

"Ha ha ha ha, heaven send down the thunder! After all, the contract works. I don't dare to do it. I'm afraid of encountering the thunder. But the people behind you dare to do it. Ha ha ha ha, even if those who are gods and martial arts are faced with the heaven's thunder, they will die! "

"Great!"

"So, the old man who saved money sacrificed so many people!"

"Today, ye Chen, you must die!"

Die!

No one can save it!

The bloody lightning tears the void to appear, is about to fall down!

The smell of destruction made Beigong Hongtian look extremely defeated. He still did not dare to rescue Ye Chen!

He knows!

Even if some elders who are hiding in the void save themselves together, they will die!

Ye Chen, I can't help you!

It's still a miscalculation!

Lingyun xianzun's eyes twinkled, but he was surprised. He didn't believe Ye Chen would die like this!

The three gods and Buddhas wanted to help Ye Chen, but they were trapped by the four gods. Even if they besieged Ye Chen, they would run as fast as they could. They did not dare to be too close to Ye Chen. If they were affected, they would definitely die!

Soul clan!

At present, there are still more than 2000 Shenwang Jingwu!

Sixty or seventy Hunyuan level warlords are now wandering to the edge, waiting for ye Chen to be killed by the thunder. Many of them secretly hold their fists. In order to kill Ye Chen, they sacrifice nearly a thousand King level warriors, dozens of Hunyuan State Warriors, and two God kings!

Now!

Ye Chen, the damned devil!

I'm dying!

Ye Chen looked around and burst out laughing, saying: "God's punishment? Sky thunder? You want to kill me? "

"I don't want to die. Heaven can't kill me!"

Chapter 1474

"If the blood Saint devil contract is beneficial to me, I will obey it. If it is not beneficial to me, why should I obey it?"

"What's the so-called way of heaven? Break it for me!"

With Ye Chen's roar through heaven and earth, all the warriors are staring at him with a kind of look at the devil!

Face the thunder!

Facing the punishment of heaven, I dare to do so. I don't know what to do!

"Heaven and earth strike!"

"Five gods, King's way, open!"

Ye Chen burst out, xiaoyaoshenjun has already retreated, but he still has a very strong fighting power. When he was about to resist, the black stone in his arms suddenly trembled violently, and broke out a strong fighting power, turning into a dark dragon shadow, and fighting against the sky!

Mysterious stone blocks thunder!

Fight with the sky!

Roar!!

Roar!

The sound of the dragon's howling frightens the world!

A giant black dragon fighting up, just like the creator Dragon God, is magnificent and domineering. It runs straight to the bloody lightning and rises. In the air, the huge dragon's mouth opens, swallowing the bloody lightning, and then comes bursts of burst sound!

Lightning overflows in the dragon!

But it still doesn't explode!

"Soul clan!"

"The kingdom of God is thousands, very strong!"

"In the ordinary lower sects, the shenwangjing is only a few tens or hundreds. Relatively speaking, this place of soul clan is still very close to the middle sect." Ye Chen seems to be saying something, people listen to feel like a will, but still choose to listen to the end, the top of the black dragon breath changes rapidly, people do not know the situation!

"Beigong family! There should be a lot of divine king's realm. You should master ten places equal to the land of heaven and earth! "

"There are five or six thousand Shenwang States, there are thousands of Hunyuan realms, and dozens of them are combined with Taoism."

"By contrast, the soul clan is definitely not weak in dealing with the rudder!"

"And I'll wait for today..." Before ye Chen finished speaking, he rose up in the air and grasped the empty shadow of Cang Long. He pointed at the martial arts of the surrounding soul clan, "we should destroy this land of soul clan. There are so many Shenwang and Hunyuan realms..."

"How exciting..."

With the fall of the voice!

Canglong burst out, countless lightning servants rushed out, like the tide, all-round toward the surrounding soul clan warriors to kill!

Ye Chen also suffered heavy damage. He quickly fell below, in the air, and even on the edge of the soul clan territory. Regardless of their accomplishments, they were hit by lightning all over the sky, and then there were explosions!

Bloody lightning!

The black stone turns out to be wanzhang Canglong, which consumes 70% of the internal strength of the dragon. However, the remaining 30% of the power is unable to stop it. It splits into thousands of lightning. Therefore, ye Chen directly explodes the Canglong and releases these lightning, and guides the lightning to attack thousands of powerful people of the soul clan!

Bang bang!!

Bang!!

A burst sound appeared, followed by the king of the Kingdom martial arts body burst open!

Bloody lightning, colorful lightning, hit a strong soul clan one after another!

Soul clan strong, almost visible speed in the fall!

Everywhere Ye Chen walked, there were strong people of the soul clan who burst out of their bodies. If you want to show such a huge scene with a picture, the main body is Ye Chen, and the background is the burst soul clan God Kingdom warrior and Hunyuan state Dharma protector.

In a flash!

Blood was everywhere, and countless fragments of limbs were scattered.

The land of the most powerful soul clan was almost destroyed under the lightning!

Even the soul was killed by more than a hundred thunder and lightning. The remaining six gods were also locked by dozens of lightning and were running around!

Seeing such a scene, ye Chen said calmly: "I, for the rest of my life in a thousand battles, it is hard to have a defeat. I don't know how many people want to kill me, and everyone will die under my hands. This is the case with xuhuang family in Kunlun in the past, and the soul clan in Lingwu mainland today."

"In the future, so will the blood spirit clan!"

"The Blood Sword gate is even more so, and the soul hall is no exception!"

Those who want to kill me!

I will kill it!

Even if the heaven and earth forbid, even if the heavenly way drops the thunder and the heavenly punishment, it can't stop me!

If forced to stop, Laozi will break the heaven and earth, break the Heaven Road and rebuild everything!

"How strong!"

"This boy is crazy!"

Although he was not attacked, he was injured by the aftershock.

There was a look of admiration and admiration in Lingyun xianzun's eyes. Looking at Ye Chen, he nodded and said, "this bloody lightning is not something that this boy can stop. You can understand it as a full blow from the palace sword God of wanjian emperor!"

Sword God, strike with all your strength!

It is equivalent to this red lightning!

"70% of the strength is lost!"

"But it's equivalent to creating a level of the realm of transformation, and the martial arts man is fighting with all his strength!" "This land of soul clan is gone!" Lingyun xianzun gazed at the lightning subsided, and there was a land of soul clan everywhere. His mind was shocked!

Ye Chen!

He is the son of heaven's pride, an absolutely strong and ruthless young warrior!

Use the inside information to absorb the curse of heaven, as your own use!

How rampant is this?

What a bully?

I'm afraid there are few such people in the world. Even if there are, they can only be made by tens of thousands of years old or even hundreds of thousands of years old?

Boom! Boom!!

Boom!!

In the void is still tearing, there are red lightning!

More powerful than the one just now!

"The curse of heaven!"

"I don't believe in heaven!"

With Ye Chen's roar, an absolute force erupted from a stone pillar in the deepest part of the samsara cemetery, which directly swallowed up three red lightning bolts. As a tonic, the three deities, the ice sword immortal and the three God kings, as well as other tombstones that have not yet been broken, have been greatly supplemented.

The next moment!

In the stone pillar of the samsara cemetery, a remnant image broke through the void and turned into a huge palm, which broke the blood holy devil contract in an upright manner!

The contract is gone!

The way of heaven and the curse of heaven also disappeared!

Such a scene, see Lingyun xianzun speechless!

"The person behind Ye Chen has made a move!"

"How strong, directly broke the blood Saint devil contract, what kind of demon is this?"

"Or a saint? The king, the devil? "

"No!" Lingyun immortal can't help shaking his head and can't believe that "the sages of the past have fallen, and there are no saints in heaven and earth. Can't they be half saints? Can half saints break the blood Saint devil contract

Taixu state of the saint, also by the major powers, respected as the king, the devil and other terrorist existence!

Of course, it can break the blood Saint devil contract, and even fight with the heavenly way, without fear of the road!

However, the nearest one named Saint has been extinct 90 thousand years ago!

Is it a recovery?

As for the semi saint, the nine layers of heaven?

Can you break the blood demon contract?

Lingyun xianzun didn't dare to think about it any more. It seems that ye Chen is not a person he can look down upon!

On the contrary, ye Chen has the right to look down on herself. Her powerful background has completely subverted her ideas and forcibly destroyed her ideas and prejudices!

Chapter 1475

Now!

Don't look down on Ye Chen!

Even if you speak, you have to be careful to say with Ye Chen.

As for Ji Siqing and Xia Ruoxue!

It's a great honor for me to have such a Taoist partner!

Just when the immortal statue of Lingyun trembles, a dark shadow falls from the sky, which is the death of the soul!

After being locked in and attacked by dozens of lightning, the soul of the second layer of heaven in the nature world was almost killed. Now, it has also suffered heavy damage. It has fallen directly to the first and second layer of the Hedao state. The body of the fifth level of the Divine Body stage is directly destroyed, and it looks like black charcoal. It is extremely tragic!

At the moment, he can only do his best to regulate the breath and heal the wound, and dare not interfere with Ye Chen.

By comparison!

Six gods, escape!

Only two of them could finally come back. Because of their good luck, more than a dozen lightning bolts that chased them ran into other Hunyuan warlords, allowing them to survive. As for the other four, although their bodies were not broken, their spirits were directly destroyed by lightning, and they died in situ!

"The soul of this place!"

"It's almost gone!"

Ye Chen felt that his body was about to collapse, so he resolutely resisted. He stepped out and came to the only remaining boulder. He looked down at the large pieces of corpses under his feet. He took all the artifacts, including some immortal utensils, special fairy fruits, miraculous herbs, and so on, and directly collected all the treasures in the land of the soul clan!

"No wonder people in China say that war dividend is the best!"

This time, ye Chen got too much.

However, he could feel that all the power came from the stone pillar deep in the samsara cemetery.

Extremely simple stone pillars.

There is only one word on the stone pillar, which is faintly visible.

Ren!

Ye Chen is very clear, this is the stone pillar only one strength!

I'm afraid the reincarnation graveyard knows that it can't stop this power!

Save yourself at all costs!

The three gods and Buddhas also come to help Ye Chen collect the booty!

The price is so high, if you don't take the booty, it will be a huge loss!

The three deities were not attacked by lightning, but they were also shocked by the aftershocks. Now they can only do something to collect the booty!

Gradually, Beigonghong genius reaction back, surprised: "the soul of the land, destroyed?"

Such a big land of soul clan!

The seventh branch of the soul hall even cooperated with the eighth and ninth branches of the western regions. Ten thousand years ago, they joined hands to suppress ten middle schools and middle families, such as Beigong family, Linghu family and Xuanguang society. With such a huge seventh branch helm, there are endless warriors in Shenwang realm and Hunyuan realm. They have fought against Xuanguang society and killed the seventh branch of soul hall, the five branches of Xuanguang society!

It's gone!

Killed by a man!

This man is not the immortal in the realm of nature, nor the one in the realm of Xingqiao!

It's not a overlord like the real God, but a young man with three layers of heaven in the divine realm -- Ye Chen!

In this way, a branch of the soul hall was destroyed?

The ten branches of the soul hall infiltrated and controlled more than a thousand forces, and even controlled several medium-sized families. Now one branch has been destroyed?

What has never happened in ten thousand years!

"It's gone!"

"The seventh branch of the soul hall is gone, doesn't it mean that the northern palace family and the hundred Li family, the fire cult, can explore to the west?"

Beigong Hongtian babbled on and on. He was shocked in his heart, which was hard to describe. He just didn't expect that he had never done it for ten thousand years!

Now, let Ye Chen do it!

Even if they are hidden in the void, the three elders, the four elders, the five elders and the sixth eldest elder of the northern palace family are all terrified. They can destroy the seventh branch helm, but they are afraid of the soul hall, and dare not destroy or even offend the powers of the seventh branch helm soul clan!

Now!

A peerless Tianjiao who is not afraid of death and things is coming!

Destroy the whole seventh rudder with one person's power.

As for the death of the soul!

Have been hit hard, there is no difference between death and immortality!

Only the soul of the two levels of heaven's fighting power in the realm of Taoism is destroyed. Even if ye Chen doesn't kill him, I'm afraid he can't escape the poisonous hand of the fire cult and the hundred Li family!

"Ha ha ha ha!"

"Out, out..."

"Wanzai

When he saw the seventh branch rudder turned into scorched earth, he immediately said with grief and indignation: "how glorious was my seventh rudder before ten thousand years ago. I suppressed the hundred Li family with my own strength, so that they did not dare to move one or two. Even at that time, fourteen God Kings were born and killed more than ten God kings of the fire cult!"

"How high spirited that is

"It's all due to the fact that the general hall has taken away the six gods all the time."

"Take away four thousand gods and three hundred Hunyuan, otherwise..."

"But even though my seventh pilot is here..." He paced under the scorched earth, looked at the broken buildings and the blood all over the ground, and said sarcastically: "I'm afraid we have to fall, the blood Saint devil contract After all, I still failed... "Blood Saint devil contract!

I thought that the sky thunder could kill Ye Chen!

But did not expect to be used by Ye Chen, instead killed the seventh branch of the soul clan zhuqiang.

Ye Chen this son!

I can't afford the existence behind it!

On that day, I shouldn't take revenge on Ye Chen!

Don't want this dignity and face!

Otherwise, it will not be so!

"Ye Chen!"

"Do you think you won?"

"No, although the great powers of our general hall have not returned, they are still not for you to move!" "You have an idea of reviving the strong in ancient times," he said

"I'm afraid he can only help you once!"

"Next time, who will save you?"

"You think it's over if you kill us? No, my general hall will issue the order to kill you to the ends of the earth, because the strength behind you has been exhausted! Ha ha ha

"And the secret behind you must be interesting! I must be interested in the soul hall! "

"Get this secret, my soul hall will not be afraid of the three top families!"

"Now..." With a smile, he took out a piece of bloody utensil and said, "let the elder huntian try your secret. If you are lucky, you may just be hunted down. If you are not, you may be killed on the spot. It is also ours!"

Soul death is burning the whole body's essence and blood, including its own way of God and king, its own laws of time and space, and even the five elements law. It's just to let the soul heaven fight once every ten thousand miles!

Ye Chen!

I can't kill my seventh rudder!

In this case, I'm about to fall. I'd better sacrifice myself for the opportunity of the fifth elder. Let's have a look at you!

Almost for a short time!

The blood colored utensils cooperate with everything of soul extinction to form a blood gate in the air!

The soul sky, whose face is extremely hidden, comes out of the blood gate!

Not ontology!

It's a combination of spiritual power and spirit power, plus all the power of soul destroying itself. It's a virtual shadow, but it has the fighting power of the five layers of heaven in the realm of creation!

Chapter 1476

Of course, it's a shadow!

However, as the strong one of the soul hall, as soon as it appears, it is to let the dark clouds in the sky surge.

Like a dormant beast roaring!

Based on the life and all the strength of an original strong man of nature!

The shadow of a strong man at the top of the nine layers of heaven is enough to kill Beigong Hongtian.

What's more, the injured Ye Chen!

The shadow of the soul comes out.

Eyes cold to the extreme!

Who can understand the anger in his heart!

Heaven and earth soul dragon is destroyed!

His efforts were destroyed!

The soul clan here is completely finished!

His towering anger gathered in his eyes, and then directly shot at Ye Chen!

"Little beast..."

"My seventh rudder..."

"Hello, you are very good, Lingyun, Beigong Hongtian, you are all his helpers?"

The soul of heaven slowly stepped into the air, and the blood colored lotus flowers were born under his feet, just like the devil who killed the world. He asked, "Lingyun, do you dare to help Ye Chen, there is only one immortal warrior in your Lingxian emperor palace!"

"Do you want to destroy the faction?"

"Beigong Hongtian, there are only eight or nine immortals in the northern palace family. There are not even gods and martial arts masters in your family. My soul hall wants to destroy you. But when you wave your hands, are you two looking for death?"

"Don't come and visit me!"

Hearing this sentence, Lingyun is a little annoyed!

Even if the palace of Lingxian emperor can't compare with the hall of soul, she, as a deputy palace master, can't scold her casually with an empty shadow!

Bang!!

Lingyun xianzun clapped it out with one hand, and the cold killing intention turned into a huge cold palm, which directly made the empty shadow of Hun Tian stagger.

"Old man, I know what you want to do! However, I tell you, I didn't help Ye Chen. Don't threaten me and meet you? What are you? You've been stuck in the nine layers of heaven for 20000 years, and I've only been eight thousand years! "

"It doesn't take a thousand years for me to become a star body state and a god!"

"Why see you!"

"Oh? That being the case, then, do not interfere with what my soul hall is doing Although Hun Tian is not happy, he can only give in. Lingyun is a warrior of the same level. He just wanted to frighten Lingyun. He didn't expect Lingyun to be so powerful!

As for mieling Xiandi palace!

If you can do it, you will lose more than ten people in the hall of spirit!

Even Fengshen elders are very likely to fall, not to that juncture, the soul hall will not really start!

"Elder huntian!"

"My Beigong family also belongs to the dragon family!" Beigong Hongtian hugged his fist and said slowly. At the same time, four elders of the northern palace family appeared.

Whoa, whoa!!

Whoa!!

One after another, green light leaped out, and four dark pines like figures stood beside Beigong Hongtian. Wearing the light blue robe of the Beigong family, the whole body was full of Taoist luster. His body in the period of divine body was particularly powerful. He also held Jiupin Hedao artifact in his hands, and all of them were staring at the soul heaven elder!

Beigong family!

Four elders of the Supreme Master appeared. They were all immortal statues in the realm of heaven and earth!

For them, the war of time and space is very important. They are all the hope of the family elders to achieve the realm of creation. So they have been using the nine level combined Dao artifact. Although their combat power is somewhat weakened, they are not afraid of the spirit and heaven at all!

"Elder huntian!"

"What do you mean?"

"If you want to destroy my Beigong family, I'm afraid it's not enough for you now." The three elders held up their ice blue swords and looked at the soul heaven. They said slowly, "although our Beigong family is only a medium-sized family, not everyone can be bullied and trampled on."

"Especially the elders of the soul hall!"

"Seven hundred years ago, our Beigong family suffered a terrible defeat in the fire region, and three gods and one half step immortal statue fell down!"

"In my opinion, is it made by the soul hall?"

More than 700 years ago!

A thousand years ago, for the attack of Nanqi palace, because of the soul hall, the northern palace family was defeated!

Seven hundred years ago, it was a fiasco!

Six hundred years ago, the Beigong family and the Baili family started a war. Because of the soul hall, they lost their lives. The two gods died in the hands of the Baili family!

Four hundred years ago, the two elders of the northern palace family were attacked by the six elders of the soul hall and returned with serious injuries!

A hundred years ago, I also encountered the poison hands of the soul hall!

A few years ago, if the northern palace family did not unite with the hundred Li family and the huohuojiao sect to attack the other flame palace, otherwise they would have been caught in the treacherous plot of the soul hall, and the God King would have been lost again, and even xianzun would have been severely damaged!

Over the years!

The northern palace family is suppressed by the soul hall, but it has not been able to relax this tone!

I didn't expect that the immortal soul was still aggressive and even called out to destroy the northern palace family. How could he not make many Taishang elders angry!"This..."

"Hum! You Beigong family is tough

"I am here, you may not be afraid! I hope that when my noumenon comes, you can have the same attitude! "

Hun Tian shook his sleeve and ignored their five immortals. He didn't expect that he would come once and speak hard. However, he was rejected by others one after another. What a shame!

He took a deep breath and forced himself to calm down. He said, "since it has nothing to do with Lingyun and Beigong family, please step aside. I will personally execute this little bastard who broke the branch of my soul hall!"

"Old man!"

"You're still an immortal. I didn't expect that people would ignore you at all!"

Ye Chen also saw the rise. He glanced at several immortals and said, "they all say that the elder of the soul hall is unruly and secretly oppresses the top ten families. It seems that it is such a thing. But today you are an old man and you are shriveled. It seems that you are hurt."

Soul hall!

Soul clan!

Everyone is an unruly, tyrannical race!

When did you give in?

The reason why the soul died and gave way was because of his injury. However, other people of the soul clan, no matter how high or low they were, didn't give in to Ye Chen, so that he was slaughtered by Ye Chen. However, the elder of the soul Hall who came down again and again gave way to Lingyun and Beigong Hongtian again and again!

Look!

There's something fishy about it!

Lingyun xianzun takes a look at Ye Chen and knows that ye Chen has found some problems!

She also found that there was something wrong with the breath of Hun Tian, which was not as powerful as she had imagined. She even asked, "Hun Tian, are you hurt?"

"You don't have to take care of it!"

"Ye Chen, little beast, prepare to die!"

Hun Tian can't be so wordy. I thought this power was enough. I didn't expect Lingyun and Beigong Hongtian to be there!

I thought that, after the condensation of his own body, at most, he killed Ye Chen!

I didn't expect that the situation here is more complicated than expected. These people seem to have some relationship with Ye Chen!

It's really tricky!

However, at this time, Beigong Hongtian stood up:

"huntian elder!"

"Don't be in such a hurry."

Chapter 1477

"If you want to deal with Ye Chen, you can take your time." Beigong Hongtian also said something to stop him. His eyes twinkled and he had no deep meaning. He secretly communicated with the four elders. Ye Chen can invest, and the soul hall is also a big enemy!

The soul hall is powerful!

The Beigong family dare not tear their face to face, but they can come secretly!

It seems that the spirit of heaven is not strong, and it can't maintain its combat power for a long time. Maybe as soon as time comes, the combat power will be greatly reduced or even dissipated?

The soul hall harmed dozens of gods and even two elders of the northern palace family suffered heavy damage because of the soul hall!

This revenge, can not but revenge!

Besides, ye Chen has the ability, there must be someone behind!

Now is the time to send charcoal in the snow, not to add to the icing on the cake. Save Ye Chen at this moment, there will be a chance!

The four elders of the Supreme Master whispered: "master, find a chance to hold down the spirit heaven's body. Don't do it. Don't leave a confession for the soul hall. In this way, they won't have a chance to fight with us in person. Even if we do, we can pull the fire cult and the master of the hundred Li family as assistance."

"At the same time, don't let Ye Chen die!"

"The people behind Ye Chen are very strong. The power of the divine power just erupted is extremely terrifying."

"I take back my prejudice against Ye Chen before!"

"We must have a good relationship with Ye Chen today."

Ye Chen's secret is precious, but it's not for their Beigong family to covet. The master is Ye Chen. If Ye Chen doesn't die, he will surely become a giant in the future, which will benefit their Beigong family!

The supreme elder of the northern palace family will weigh the pros and cons!

And he can see more clearly than Beigong Hongtian and know what can and can't be asked for!

"Understand!"

"The surface drags the soul, but does not tear the skin!" Beigong Hongtian responds, all of which are in a flash. Looking at Ye Chen, he said in secret, "brother ye, we'll help you stop huntian. Don't go. When the time goes by, the natural combat power of huntian will be greatly reduced, and there will be no threat to you!"

Split up, have a certain time!

Ye Chen, may die in the hands of Fenshen, also may not!

But it's all an opportunity, a chance for his Beigong family to make friends with Ye Chen thoroughly!

Imagine, they saved Ye Chen's life, ye Chen will not repay them?

Ye Chen smiles and nods. He wants to see what kind of tricks the northern palace family is playing. As for the spirit heaven elder's body, he has the fighting power of the five layers of heaven in the creation realm. He is not absolutely sure that he can stop it!

"Elder huntian!"

"Let's talk about it 600 years ago."

When Beigong Hongtian saw the elder huntian landing, he went up. At the same time, the four Taishang elders around him all moved. According to the four directions of the southeast and northwest, some of them wanted to surround the elder of huntian, but it was not thorough. Only if there was a close distance, the hand was beautiful!

The spirit of heaven elder's body, looking at the five immortals coming, instantly alert up, hand appeared in the hands of a combined way artifact, saying: "five, back away, otherwise don't blame me for doing it!"

"Everybody, think about it. What kind of existence is my soul hall?"

"There are several gods and warriors in my soul hall!"

"You are only eight or nine immortals. They are equivalent to the fighting power of our three or four branches. Don't miss yourself!"

He walked forward step by step, and the five people surrounding him also moved forward, warning Beigong Hongtian and others with words. He was extremely anxious and didn't dare to do it. But if he didn't do it, the shorter the time that the separation could exist!

Split up!

It is mainly composed of the spirit heaven elder body and soul death life body essence blood!

It is equivalent to an ordinary energy combination. Without any substantial objects, it can only last for three minutes at most!

When time comes, it will collapse directly, and even begin to weaken in a minute. Now Beigong Hongtian and other five people are around him, wasting time. He is hesitating whether to do it or not!

Don't do it, time is gone!

Hands on, the strength may be extremely consumed, can not kill Ye Chen!

"Everybody! Get out of here

"When the soul hall is angry, your northern palace family will disappear in the land of Lingwu."

"Ye Chen, this son, must die today, or I will kill him if the head of the hall of soul comes back in person! You and the northern palace family will not be exterminated if we offend the supreme elder. However, once we are offended, we will be completely exterminated! "

Soul day quickly forward, the voice with bursts of cold!

Ye Chen!

Blood dragon on the body, consistent with the legend!

Must die!

However, these bastards of Beigong family still want to covet interests and stop him!

Idiots, they're a bunch of idiots!

How can ye Chen live under your protection? Even if he can stop him, the temple master will come back and do it himself. Ye Chen will die as well. At the same time, all your Beigong families will have to die. You can't exterminate the family! However, since Beigong Hongtian has made up his mind, he is not afraid of it. He stepped out of the room and said with no politeness:

"this is not right!"

"The Shenjun and xianzun of my Beigong family have been attacked by you many times!"

"Plus, you say we're blocking your business? Actually, it's not! " Beigong Hongtian took out a map, pointed to the contents above, and said slowly, "I don't quite understand the territory where our two major forces border."

"Look at this area, Yanmo mountain!"

"Who is in charge of it?"

"What's more, we all have disputes in yangfenggu, farmland plain, Luan Valley and so on. We are just discussing the boundary issue with you, not trying to stop you. You answered our question, we agreed on the boundary dispute, and then you went to kill your enemy!"

The North Palace Hongtian is a pair of thought that entangles the soul and the heaven!

What I bet is that the soul dare not do it!

To put it bluntly, he is still afraid of the soul hall. He really wants to help Ye Chen and directly smash the soul of heaven!

Soon!

The northern palace Hongtian drags the soul heaven elder's body to ramble about for more than a minute!

Ye Chen looked at this scene and couldn't help it. He said, "return to the master, return to the immortal, and have no character at all. I'll quit. You can talk to each other slowly! "

However, ye Chen has not gone a few steps, a cold female voice will come from behind!

It's the spirit of xianzun!

"Ye Chen, do you know that to leave now is to die?"

"Leave it for me!"

Lingyun xianzun is very clear that ye Chen's safest way is to wait for the shadow of the soul to dissipate here.

Otherwise, the soul day is infuriated, regardless of the North Palace family's dissuasion, directly kill!

Ye Chen's steps still did not stop.

There's a black face!

Through the array, she has changed her outlook on Ye Chen!

As long as ye Chen is willing to be controlled by her, it is not impossible for her to call ye Chen into the Lingxian emperor palace!

What she needs now is Ye Chen's attitude!

Chapter 1478

However, ye Chen's character is doomed to change.

The next second, the prestige of Lingyun xianzun is like a strong wind rushing to Ye Chen, trying to stop Ye Chen from leaving!

Ye Chen stops suddenly.

And then he turned around.

Cold eyes staring at the spirit of the immortal.

This is a pair of eyes like the evil beast from hell!

"Aura, no one can command me!"

"Of course, you are now a high-ranking immortal, but you are also the deputy head of the Lingxian emperor palace, and you are not qualified!"

"Also, you remind me of the agreement you and I made before we broke the battle."

"Right, mole ant?"

Hearing this, Lingyun xianzun, and even Beigong Hongtian's expression is somewhat wrong.

Just before the break!

Ye Chen not only made an agreement with the ancestor of the soul clan, but also bet with Lingyun xianzun!

Once the battle is successful, ye Chen calls Lingyun mole ant in front of everyone!

Key aura must agree!

Lingyun xianzun thought Ye Chen could not have broken through!

But in fact, ye Chen not only broke through, more successfully destroyed the soul clan!

How many people dare to call Lingyun immortal as mole ants!

Even the elder soul of the hall of souls was slightly stunned.

"Lingyun, I'm afraid you can't afford to gamble." Ye Chen said with a playful smile, "if I guess correctly, once I violate the gambling agreement, it will have an impact on your Taoist mind. I'm afraid it will be more difficult to break through in the future."

"You At this moment, the aura really blew up!

Her eyes like a sharp knife seem to stab Ye Chen's body!

"Ye Chen, don't deceive people too much!"

"You really think I dare not kill you!"

"I'm going to kill you. It's no different from killing an ant!"

Ye Chen shrugged his shoulders and calmly said, "mole ant, you haven't been able to answer it yet."

At the moment, it is difficult to see the extreme expression on Lingyun xianzun's face!

A long time!

Lingyun waved his sleeve, gritted his teeth and said, "good! Ye Chen! Today I will be a mole ant

"But remember! Our one-year engagement

"If you don't have the strength to suppress me in a year, you will never see Ji Siqing and Xia Ruoxue in your life!"

"What's more, you don't think that if you break through the realm of the divine king and destroy a branch of the soul hall, you are qualified to stand on the land of Lingwu!"

"There are countless talents stronger than you in Lingwu land! I will personally take Ji Siqing and Xia Ruoxue to see the wider world! With their talent and beauty, you can't afford it! Maybe, in a year's time, you'll get their wedding invitation

Ye Chen heard the last sentence, a little angry, but still confident: "Lingyun old woman, you can rest assured, I believe in my woman."

"Although the land of Lingwu is vast, there is only one person who dares to be called a genius in front of me ye Chen! That's the stepping stone to become! "

Lingyun's body trembled, and finally left a sentence: "Ye Chen, you have to face the crazy revenge of the soul hall and even the blood spirit clan! I hope you will live to a year's agreement! "

With that, Lingyun turns around and obviously doesn't intend to see ye Chen again!

In her eyes, ye Chen is excellent, but offended such a big force, will die soon!

Of course, she is also willing to do something in it to speed up Ye Chen's death!

Ye Chen doesn't want to stay in the soul clan more. He can feel the injury on his body. He just wants to continue to leave.

A roar!

"You must die today, little beast!"

Over there, Hun Tian can't help it any more, and quickly moves. As time goes by, his breath has weakened to the level of the second layer of heaven in the nature world. If you don't, ye Chen will have no chance to run!

In an instant!

A thin sword cuts through the void and shakes back the two Taishang elders of Beigong family!

The elder huntian separated himself and beat back Beigong Hongtian at the cost of giving up an arm. He forced himself to rise from the sky. With a thin sword in his other hand, he gathered the strength of his whole body and thrust out a sword suddenly, which made the space vibrate and the heaven and earth changed color!

This is the real power of the strong!

Bang!!

After sending this sword!

The spirit of heaven elder's body with the consumption of power and burst!

"Old man!"

"It's just an empty shadow. If you want to fight, I'll fight!"

Ye Chen turns around and wants to block it, but finds something wrong. The spirit of heaven's separation is not in accordance with the routine!

On the contrary, a shot is a kill!

He thought that the spirit of heaven's body would stop him for a moment, and then fight again, so as to summon the masters to do it. Unexpectedly, the other party would kill him with his own strength!

Otherwise, it will not explode this separation!

Whoa, whoa!!

Whoa!!

The thin sword is also an artifact of Jiupin Hedao. It cuts through the air, causing a very sharp sound of breaking the sky! Far away, the North Palace hongtiangen could not have done it! Can only look at the two elders!

"Kill!"

"Pa!"

In an instant!

The remaining two elders of the northern palace family, inspired by the Supreme Master of the northern palace family, rose up to show their own divine and kingly ways respectively. With the power of the laws

of time and space, they sacrificed a sword and a sword to attack the soul and heaven, and played a thin sword!

Now, only the two of them can save Ye Chen!

Crack!!!

A white sword was crushed by a thin sword, and then burst out inch by inch!

Another red sword is about to collide. When it comes to the thin sword, it will burst out directly!

The two Taishang elders at the beginning of the creation of the chemical realm could not resist this move. This move was at least equivalent to the all-out attack of the four levels of heaven in the creation of the chemical realm. Even those who built the six layers of the heaven had to suffer heavy damage and even lost most of their lives!

"Flash!"

"Hide!"

The two Taishang elders quickly avoid the thin sword. Ye Chen is not their son. They can't block the sword for ye Chen!

They've just created a world of two or three layers of heaven to block the sword?

I'm dead!

Crack!!

In mid air, a supreme elder was shocked by the aftershock, like a broken sack!

Another Taishang elder didn't come and was shocked by the aftershock of the thin sword. He spurted blood and retreated. Ye Chen, who was far away, wanted to do it, but found that he was imprisoned by the time law of Hun Tian and couldn't move at all!

I'm going to fall under the thin sword!

Danger is only in a thought!

It's too late even to summon the master of samsara cemetery!

.....

The strength of the thin sword is that the two Taishang elders of the northern palace family who created the realm could not stop them, but were hurt by them!

And the speed is so fast that the tip of the sword is almost close to Ye Chen. The violent force breaks everything around, and even causes bleeding red lightning. Although it is not as powerful as the contract lightning, it is also extremely powerful!

Even imprisoned Ye Chen, he felt that the world was breaking and breaking!

This sword has the power to destroy the world!

No one can stop this sword!

This sword, ye Chen will die!

Beigong Hongtian in the distance looks at all these things and wants to get up. Even if all the accomplishments break out, ye Chen can't be saved!

Soul!

The fifth elder in the soul hall is the top of the nine layers of heaven in the realm of nature. He is called xianzun!

It is famous for its fast sword technique, even close to the sword God of wanjiandi palace. Although the attack just now was a split body burst out, and it was only equivalent to the full blow of the four layers of heaven warrior in the creation realm, the speed was close to the attack of the nine layer heavenly warrior in the creation realm!

Chapter 1479

North Palace family, five immortals!

I can't stop it!

What's more, it can't catch up!

Far away the spirit charm immortal Zun, also cannot catch up with, can only watch ye Chen fall under the thin sword!

At this moment, it seems that all of us recall the words of soulmate growing old!

Take my life for the chance of the fifth elder!

Yes, he paid his life, and no one could save Ye Chen. He sacrificed a disabled immortal and a fallen branch helmsman in exchange for killing Ye Chen, who had been attached to ancient demons!

Kill the ghost of the dragon on the body, and tell the Dragon God to kill the ghost!

Otherwise, he will not even be able to fight this sword, because the northern palace master and Lingyun xianzun will not let him fight. They will certainly do their best to help Ye Chen, even if he is injured!

Just, no chance!

Ye Chen!

Dying!

At this moment, ye Chen is cold all over.

It was the first time that he felt death since he stepped into Lingwu.

Crazy death!

What to do!

Do you really want to fall here!

He didn't see Ji Siqing! Don't see Xia Ruoxue!

The hundred masters of the samsara cemetery were not rescued!

Didn't take yelol to find her own parents!

I didn't break the chess game that my grandfather spent all his life!

Did not find the biggest secret of black stone!

How could he die!

A strong sense of survival breaks out in an instant!

Ye Chen's eyebrow heart suddenly appeared an eye!

Eye of the devil!

Then, an angry voice seemed to roar out of the devil's eyes!

"The man I have chosen, he has not achieved the supreme devil! How can you be allowed to kill such rubbish

"Heaven can't kill him, not to mention your sword!"

Rolling evil Qi completely envelops Ye Chen!

At the same time, ye Chen's eyes have changed.

The blood moon seems to have devoured Ye Chen's pupil!

Cold blood, it's red.

The merciless devil is black.

In the blood demon, it seems that ye Chen was completely devoured at this moment!

Ye Chen roared and burst out. The whole body's reincarnation blood was burning. There was an empty shadow behind. You can't see clearly. You can't see how big it is. Other people only see this black shadow, which goes deep into the clouds. I'm afraid it's huge!

Blood deficiency shadow!

Ye Luo'er's is Qianzhang!

Ye Chen's is wanzhang!

This virtual shadow is appearing and staring at a very fast speed, but it is wrapped with a thick black fog, which makes it impossible to see clearly. Even if it is xianzun or Lingyun xianzun, it can't be seen clearly!

Only Ye Chen can feel it!

Or, it's not that they can't see clearly!

But not qualified to see!

No one has ever known Ye Chen's blood!

"The way of the five gods!"

"Go

"Devil's eye, give me strength!"

Ye Chen's hissing and roaring roared through the heaven and earth, and endless magic power bloomed from it, gathering the shadow behind, as if to attack the thin sword!

At the same time!

In the samsara cemetery, the pillar of God also changed its luster, and an inexplicable force surged out, incomparably powerful!

Three forces in a soft, issued a light of extinction, impact of the sword!

Boom!!

In an instant, a dazzling luster, sweeping the world!

Everyone can not see the internal situation, only feel the collision of two extreme forces!

After a long time!

A body fell down, a circle in mid air, stable and heavy to fall on the ground!

CHEN Ye is!

Not dead!

Suffer from the long sword immortal zunhuntian's attack from the nine layers of heaven in the nature realm, but not dead!

In this situation, several strong men who were present at the scene of the foolish eye, Beigong Hongtian subconsciously took a few steps and swallowed his mouth water, "this is not dead?"

"How hard is this life?"

"How thick is this?"

He looked at the injured Taishang three elders and said, "we made a mistake just now! Third uncle, do you think ye Chen is a member of the three top families

God kingdom!

I will not die under xianzun in the realm of nature!

Don't die!

What an inside story, what an amazing backstage?

Ye Chen is not a member of the three top families. Beigong Hongtian doesn't believe it!

Lingyun xianzun was also shocked. He was the same as the four Taishang elders of the northern palace family. They didn't slow down! It seems that, just now someone said, ye Chen escaped once!

Can't escape a second time?

Escaped!

I escaped the second time!

Who can kill him, unless the head of the soul hall comes by himself?

"Poof..."

"Sooner or later, I will kill the soul hall!"

Ye Chen spurs out a mouthful of blood, covering his chest, obviously injured extremely serious!

This wound does not come from the power of soul!

It comes from the power of his blood to stop the reverse of this power!

He stares at the crowd, wipes off the bloodstain on the corner of his mouth, and says: "everybody, I will come to you again!"

As soon as the voice fell, ye Chen jumped into the air and left. He didn't dare to stay!

Who knows if the soul clan has any secrets!

If a strong man is killed, he will stop him!

Who knows what Beigong Hongtian and others think!

If you spy on your own secrets, the consequences are unimaginable!

As for Lingyun xianzun, I'm afraid the old woman wants to kill herself most.

Lingyun wants to make herself. Now she is shocked by herself. When she has other thoughts, she can't escape the poison hand. She simply goes first and looks at the situation when the injury is better.

Leave Ye Chen Yukong!

Several immortals looked at each other and couldn't help laughing bitterly. They all knew that ye Chen was afraid that he and others would do something to him!

Beigong Hongtian got up, wiped the blood from his lips and said with a smile, "thank you very much Ye Chen. If it wasn't for ye Chen, this branch of the soul clan would take tens of thousands of years to be destroyed."

Soul division!

They can destroy it, but they are afraid of the soul hall and dare not destroy it!

As a result, we can't expand to the west, and can't hunt and kill monsters. We can't make a large number of magic tools and time and space weapons!

But now it's OK. High level monsters are the main materials for combining Dao's artifact and space-time soldiers. The reason why the Beigong family has been able to refine a weapon of time and space for thousands of years is that they are hard to kill and they are not adjacent to each other. It is too dangerous to kill a single immortal!

Not like the Lingxian emperor palace, bordering on the overseas fierce beasts, can directly launch large-scale operations!

Now it's all right!

The northern palace family can border on the land of immortal beasts and monsters to the West. In the next hundred years, the number of God kings in the Hedao realm will increase greatly, and even the number of immortal statues in the realm of creation will increase by several, not to mention the soul hall!

"Ye Chen, this little beast..."

"Since let him run away!"

"But the next time I see him, I'm afraid I'll see his body!"

"To tell you the truth, I feel a little sorry for the fall of such a genius!"

"But such a stubborn boy must fall!"

Chapter 1480

Lingyun xianzun's lips outline a cold smile!

No one knows the chill behind the smile.

It's very cold.

Soon, Lingyun xianzun tore up the void and went back to the Lingxian emperor palace directly!

"Master of the house!"

"Let's also prepare to deal with the wording of the soul hall. At the same time, combined with the fire cult, the hundred Li family will fight against them!"

"This time, we can not only unite with them to fight against the questioning of the soul hall, but also hunt and kill monsters and refine magic soldiers together!" The four elders of the Supreme Master sighed and said, "Ye Chen has helped us a lot, but he has to give him some help."

Help?

"Four uncles, how are you going to help?" he asked

Ye Chen, what you are provoking is the soul hall!

We Beigong family have to face the interrogation of the soul hall this time. We also have to pull together the fire cult and the hundred Li family, and even the porch meeting to gather about ten or twenty celestial beings in the realm of nature to block the questioning of the soul hall and ensure that we do not have much loss!

To help Ye Chen?

How to help?

Ye Chen's inside story is that the immortal of the realm of heaven and nature has made a move. I'm afraid it's hard to kill him, right?

We help him, not on the surface, secretly, we seem to have nothing to help him?

Immortal delivery device?

Ye Chen exterminates the soul clan. All the booty has been taken away. There are a lot of artifacts from the immortal to the combined way. We can't help at all!

The four elders of the Supreme Master had some sweat and coughed a few times. He said slowly, "Hongtian, I think Ziyu is suitable for ye Chen! No matter how bad it is, there are still three unmarried daughters of yours. Cough, can ye Chen be the son-in-law? "

"Of course, it seems that the boy has his own heart. This is not very reliable, but we should try it."

"What's more!"

"We secretly revealed some information to Ye Chen!"

"For example, if the soul hall wants to kill him, we will arrange for him to leave in advance, or the information of the blood spirit clan!"

He glanced at the three elders of the supreme emperor, stroked his beard, mobilized his spiritual strength to heal the wound, and said, "how many harmonious and mixed realms of the Blood Sword sect created by the blood spirit clan can also be collected in advance and told ye Chen!"

"At last!"

"I heard that the blood spirit clan has detained many ancient great powers of Kunlun void!"

"These people are likely to be related to Ye Chen. They may also be teachers, uncles, brothers and sisters of the same clan."

"Let's have a chance to see if we can save one or two!"

The four elders of Taishang said a lot!

In a word, I will try my best to make friends with Ye Chen!

Ye Chen's inside information, already let their Beigong family, thoroughly decided to invest, even to spend a lot of money to invest Ye Chen!

In the future, ye Chen is bound to be a giant. This business is absolutely not a loss!

"Good!"

"Collect the information of many warriors of Xueling clan!"

"At the same time, return all the information in the hall to us, and send all the information back to us!"
Beigong Hongtian made a decision and immediately went back to the Beigong family together with the elders!

This time!

The thin sword that resists the soul sky, all five people are injured!

Among them, the two Taishang elders who were in the early stage of creation of the realm of creation were almost severely damaged. They needed to take a good rest and recuperate for some time. Fortunately, they got a weapon of time and space here from the soul clan, and an immortal statue in the realm of creation was about to be born. The loss can also be made up for!

.....

North region, soul hall headquarters!

The soul in the core area is exerting its strength with both hands, and a huge reverse force rushes in!

Poof!!

A mouthful of blood flew out!

The whole person of huntianchang retreats and bumps into the surrounding walls. The walls of the immortal utensils refined from hematite are all torn apart. The blood on the ground is even more corrosive, which directly corrodes the ground clothes into a huge hole!

"Damn it..."

"Split up, no more..."

"Ye Chen Ye Chen, little beast... "

Soul day incomparably weak, pale face, strength once fell to the historical freezing point!

As far as his breath is concerned, it is only equivalent to the second layer of the heaven in the realm of creation. I'm afraid his real combat power can only be comparable to that of the realm of creation!

For days in a row!

Repeated repeated counter attacks have severely damaged him, the inner elder who is infinitely close to the fiefdom warrior!

No one can survive in battle!

I'm afraid it will take a long time to recover!

"Split up, plan failed!"

"Beigong family, Lingyun xianzun, ye Chen..." Hun Tian kneels down on the ground as if he is old. He looks like he is going to die in the next moment. He immediately takes out his token and says in a low voice, "all the gods and the Dharma protectors, all come here!"

Whoa, whoa!!

Whoa!!

The token GLOWS!All the gods and princes of Hedao state who are still in the headquarters of the soul hall have arrived. There are nearly 50 of them, almost equal to the total of a medium power. They are even stronger than others. However, there is only one soul heaven in the heaven!

Ten years ago!

The devil kingdom is restless. Many descendants of demon gods rush into the Northern Territory, wantonly kill the warriors and attack the territory of the two top families!

The Shenglong family and the Shenlong family have enlisted experts from their families to fight against Warcraft. As for the two masters, when they left, they felt that the soul hall was too powerful to penetrate into the clan family!

So, I'm going to collect martial artists from the soul hall!

The soul hall, from the hall master to the supreme elder, the elder and so on, altogether 10 Xingqiao realm gods and martial artists, 24 God statues of the nature realm, and 130 God kings of the Hedao realm all accepted the recruitment. With the team of the dragon family, they drove to the demon kingdom to resist the enemy!

Soul hall, even the God King of the branch helm, has been summoned to set off!

Now, it can be regarded as the weakest time of the soul hall headquarters, leaving only a nine layer heaven of the nature realm and a half step deity sitting in the seat!

But the soul of the headquarters, also suffered a heavy blow!

"Order to go down!"

"Issue the order of chasing and killing the spirit of heaven, and kill Ye Chen, the man of Kunlun Xu!"

"Give me a weapon of three grades of time and space!"

Soul day slowly said, the breath sometimes strong, sometimes weak, ups and downs, can not help looking up at the God in front of the Dharma protector, said: "you listen to the order, go ahead to kill Ye Chen, both sides in parallel!"

"Yes

Fifty gods and princes listen to orders one after another!

This power is almost equivalent to the two middle forces of the northern palace family and the Xuanguan society!

"No!"

"Wait!"

The soul of heaven called to leave the 50 gods, deep eyes flash a few luster, immediately cautiously said: "you don't go! Now, the general hall is empty. Although the dragon family has promised to protect us, we can't trust them completely! "

"You're going!"

"Some forces, such as the secret society and the fire cult, will surely take advantage of this opportunity to enter."

"Even if you don't take advantage of it, the wanjian emperor's palace will attack and kill you. You can't let the news of the elder's injury spread out."
