

Physician 1501

Chapter 1501

"There are so many things that we need to keep together!"

"But..." The scar guard showed an evil smile and kept rubbing his hands with a smile and said: "I'm sorry
It's good to steal a few good treasures!"

"In fact, this time, everyone is ready to steal some good treasures!"

Scar guards seem to know this well. It seems that they have done this before!

"Ah..."

"This is my father's How can you do that! " Repair tiger blue childe just said two words, was directly
covered by scar guard mouth!

The scar guard stroked xiuhulan's head with a sigh on his face. He pulled xiuhulan away from the other
two elders and whispered, "young master, are you stupid? Those treasures are not used to improve your
strength

"Besides!"

"I am your man. I will follow you and support you."

"You are the only son of the cabinet leader. You will be the leader of the cabinet in the future. Now the
strength of the people under you is stronger, isn't it good?"

Xiuhulan childe nodded with a confused face!

Scar guard is a face of evil smile, it seems that people are old for the essence, this old guy cheated Xiuhu blue is not the first time!

"Childe

"Think about it!"

"What is the state of the elder? It's just three levels of heaven

"The eight elders, seventeen disciples and eight elders who came here this time have only three levels of heaven for the grand elder and one level for the two elders," said the guard

"The other six elders are all seven or nine layers of heaven in Hunyuan, but they generally ignore you?"

"If you exchange those special god tools and become the God King, they will pay attention to you? I'm not sure. Another person has been chosen to be the leader of the cabinet! "

As soon as this word comes out, Xiu Hu Lan is so impatient!

"Don't worry, young master."

"So, let's get something out to improve the strength of you, elder master and me!" Scar guard looked deep and said: "when the elders arrive in the afternoon, the night is the first night. Those elders will not leave, but will be very cautious."

"Let's go!"

"First go to Tianxiang building and play with those ignorant girls who have just robbed them!"

"By the way, find the little boy who was too proud just now, and kill him. We'll do it for us this time, and then we'll go the next day..."

Scar Dharma protector really wants to do this. The plan is good!

I'm also ready to find the only child in the sect to be a partner. If something goes wrong, you'll have to face it!

Hearing this, Xiuhulan felt very reasonable. She quickly nodded and thought, "let's go to see the house, and then go to Tianxiang building in the evening, or go to the little bastard with green robe first!"

At the same time, Ye Chen walked in Tianjian city and saw many powerful people with terrible strength.

To his surprise, he met several acquaintances.

At the beginning, he didn't kill Beitang Wuyang. Now he also appears in Tianjian City, but now Beitang Wuyang can't recognize Ye Chen!

"Tianyang grand gathering!"

"All Tianjiao gather to discuss, you are selling tickets formally!"

"Listen to Tianjiao's theory. A few words can solve your confusion. Maybe you are more proficient in a certain way than your elders. Different methods of cultivation and different ways of cultivation can not only increase your knowledge, but also broaden your horizons."

A warrior in the early days of Hunyuan Kingdom, standing on a balcony selling tickets!

Ye Chen went over to have a look, but some Tianjiao of the six forces had arrived. They held a banquet and called it "Lun Dao". Then their subordinates peddled the sect here. Each piece could ask those Tianjiao a question!

He didn't pay attention to it, but when he turned around and looked at it, he didn't expect a large number of civil warriors were pouring up!

"Strange..."

"It's not good to find a reliable Shenwang state warrior to guide you with this immortal weapon?"

"I have to ask the disciples of the big school. Can I give you good advice?"

Ye Chen feels bored and walks out of the crowd.

At night, ye Chen gradually came to the ordinary residential area and found an inn.

"Hello Are you here to stay? "

A beautiful girl, dressed in coarse cloth clothes, came up. She was eighteen or nine years old. She was not high in cultivation, but she was born with a water spirit!

But the other side is obviously a little nervous, constantly looking around, seems to be afraid of what.

Ye Chen frowns tightly, light way: "you write Inn above, I don't come to live in inn, chat with you?"

When the girl heard this, she blushed and shook her head: "no, it's not..."

Ye Chen see this girl can't help but tease, then smile: "and you are joking, I may want to stay for a few nights."

Suddenly, the girl took a look outside and whispered, "that Guest, you should be hungry on your way. Why don't you have something to eat

Ye Chen nodded: "what brand dishes do you have in your shop, come up!" Then, he directly took out more than a dozen of the best fairy stones, handed them to the girl, and sat down at a table by the window!

He looked around and found that it was a shabby Inn, but no one came. He was the only customer.

"Thank you

"Thank you, thank you so much..."

The girl, with a look of gratitude, excitedly went to the kitchen to inform her. She went out and personally brought a large amount of wine. She said with a slight apology: "these wines are the best in our shop. They are free for you. If it were not for you, we would not be able to open this shop!"

"No problem!"

"By the way, since you open an inn here, you should know about the surrounding area. Tell me about it. What is the grand auction like?"

Ye Chen has a habit, every place to go to the inn teahouse to ask for information, did not expect to casually walk into an inn, the only guest inside is himself, can only find this girl to ask.

"The guests are flattered

"Just call me light rain!"

The girl said something about the grand auction, and said cautiously, "guests, you must be careful not to go out at night."

"Don't look at Tianjian city. There are law enforcement teams in the daytime!"

"In fact, there is chaos after nightfall. A large number of foreign warriors want to rob the treasures of the sects that come to participate in the auction. It is very likely that they will be killed by mistake for a moment."

"Guest, your strength..." With an apologetic smile, she said, "as long as you stay in the inn, our shop is dilapidated, and there will be no strong one coming."

Ye Chen nodded, originally wanted to ask some basic information, did not expect that Xiaoyu also admonished himself a few words.

He is a bit fond of this girl called Xiaoyu.

But he was curious, where did Xiaoyu's parents go?

Can such a girl really take charge of an inn?

Are the parents or elders behind the girls at ease?

Moreover, this girl obviously does not understand the world.

Chapter 1502

This Lingwu continent undercurrent surging, strong as clouds, a girl with little strength is too dangerous after all.

However, this is a private matter of the other party, and ye Chen does not intend to ask more.

He asked Xiaoyu to see the dishes, drinking wine and thinking about the auction plan.

Before long, Xiaoyu came out with a few dishes!

However!

"Bang!" Two of them!

I saw two dishes fall on the ground, followed by a loud noise!

Xiaoyu ran to the kitchen like a mouse seeing a cat. He changed his clothes in a very rustic way. He carefully came out with the ash on his cheek, and looked at the door of the inn all the time.

Ye Chen feels a little strange, and looks at it!

Sure enough, a group of murderous men came in. They were dressed very strangely, carrying knives and carrying swords. They came in to rummage, and looked around from time to time, "is there no one in this store?"

"What a broken shop you are?"

"I don't know we want to search people in Tianxiang pavilion?"

The first man swaggered in, glanced at Ye Chen, picked up Ye Chen's wine bowl with a look of indifference on his face, drank heavily, and exclaimed happily, "boss, get out of here, grandfather, I'm here, don't you see it?"

"Yes, yes..."

"My Lord is here..."

Xiaoyu lowered his head, his voice pretended to be old, and stood timidly on the side of the leader!

"You fellow

"Why is it so slow? Where's the girl in your shop? "

"Why not? Tianxiang Pavilion is still short of people. I'll tell you, grandfather

The leader grabbed Xiaoyu's head and said in a loud voice: "follow my grandfather to Tianxiang Pavilion, where you can enjoy delicious food and drink spicy food, and there are also officials and dignitaries. It's your honor that you are lucky to be young Tianjiao..."

He said a word, found that the inn did not have a girl out, immediately angry, a kick open Xiaoyu, "originally those girls? Why not one? Grandfather, I'm here to collect money. You're not alone. What do you mean? "

He immediately spilled a bowl of wine, just to throw the ash on Xiaoyu's face.

The beauty of the face was revealed in an instant.

The head man froze for a few seconds. Then he fixed his eyes on it, and his color heart rose. A smile of evil charm hung on his lips and said, "Oh? Today, there is an unexpected harvest. Why do you wipe those things on your face when you are so beautiful? "

After saying that, the first man seemed to catch a chicken, and rushed toward the rain with a smile on his face.

Just when the hands were about to touch the light rain, a dark shadow flickered.

Ye Chen directly blocks in front of the light rain.

With a cold chill in his eyes, he gazed at the leader and said in a cold voice, "what do you mean by what you just said?"

"Can Tianjian City plunder people at will?"

Angry!

Ye Chen has been angry to the extreme!

Tianjian City, the headquarters of the Dugu family, is there anyone to catch young women everywhere?

Is there no royal law here!

What do the law enforcers do?

There's so much activity here that no one is bothered!

The strong people who come and go outside don't even look at it, as if they are used to it!

.....

"Hahaha, you boy, dare to ask me?"

"It turns out that he is a young boy. He just came to Tianjian city?" The leader laughed with astonishment. Although he only had his mid-term accomplishments, he was not afraid of the three layers of the divine kingdom. Even though he knew that ye Chen's cultivation was far above himself, he was still fearless!

"Little ones, bring the chairs!"

"Grandfather, I will teach this little boy well today!"

The leader leaned down and just leaned on the wooden chair that had been moved in. He cocked his legs and glanced at the shy and frightened Xiaoyu. Then he looked at Ye Chen, who was indignant. He said casually, "boy, look at your appearance. Are you here to participate in the auction?"

"These days! Those big people of Dugu family held a grand auction, but there are three mountains and five mountains. People from all sects have come! "

"Of course, if you look like this, you are free to practice, but I don't care about you for the time being because you are young and immature!"

His lips spread a smile of evil charm and said: "our Tianjian city is a mixture of fish and dragons. There are all kinds of people and there is no shortage of anyone. Among them, Tianxiang Pavilion is the most famous because it is the business of Dugu Tian's elder brother."

"As for the robbery of women and women by force?"

"It's their honor to be more beautiful. Have you ever met some servants of emperor Zun in this ordinary residential area? It's too wasteful to be a waste of life

"So!"

The leader pointed to his nose and said in a cold and sharp voice: "we are the only one who can help Tianxiang pavilion to find beautiful women. If we are interested in them, we will send them to Tianxiang pavilion to entertain those childish sons and grandsons and Tianjiao people. This is their honor!" He looked up and down at Ye Chen and thought, "now, you seem to be on the verge of death."

"Grandfather, I'll give you two ways!"

"First of all, you are good at cultivation, so you just follow me!"

"Second, grandfather, I'll have you arrested and sent to Tianxiang Pavilion. Tianxiang Pavilion also takes men. Young students like you will be loved by many old demons!"

In a word, if you like it, both men and women will catch it!

Ye Chen is not moved.

He knows something about Tianxiang Pavilion.

It's just the black property of the elder of Dugu family!

Although this is the territory of the Dugu family, it is too aboveboard.

He looked at the light rain, the latter's body trembling, tightly leaning against Ye Chen, obviously afraid to the extreme.

"Well, since we have met, let's save it once."

Ye Chen's indifferent voice slowly fell: "Xiaoyu, do you want to go with them?"

When Xiaoyu heard this, he did not know why Ye Chen said so, but he still shook his head like a rattle drum: "I don't want to My parents were killed by them. I would rather die than go to Tianxiang Pavilion!"

Ye Chen Mou son shrinks: "good."

Then, his cold eyes fell on the people: "other girls don't want to go, don't force her, get out!"

When the leader heard this, he immediately laughed!

It was the first time that they saw someone dare to fight against Tianxiang Pavilion!

This boy is not only a fool, but also a madman!

"Little beast, you're afraid it's even death..."

The leader's words have not finished, ye Chen a sword sacrifice!

Whoa!!

The majestic sword Qi swept through the air and directly cut dozens of hoodlums who were in the state of mind. They almost did not say anything. They were directly transformed into two sections, and then they were twisted into blood mud by the sword Qi!

Nowadays, under Ye Chen's hand, almost all the martial artists in the divine realm can kill at will!

"You

"How dare you

Chapter 1503

The leader fell to the ground in fright. He immediately took out a token and quickly informed Tianxiang pavilion that something had happened. He was caught by Ye Chen just after the notification!

"You know, why didn't I just kill you?"

The faint voice of Ye Chen falls.

He didn't want to cause trouble, but just now, a voice came from the samsara cemetery!

"Go to Tianxiang Pavilion and get something!"

This voice repeats many times!

Extremely fierce!

It's not the voice of samsara cemetery power!

But the voice of the samsara cemetery itself!

Whatever it is, it must be very important!

At the moment, the leader is completely confused!

Although know ye Chen's strength is stronger than them, but also did not expect to be so strong!

The king's state of mind just now can't break out!

"For Why... "

The voice of the leader became lighter and lighter, and his eyes were filled with fear.

"The token works, yes, your use is over!" As soon as ye Chen's voice fell, he directly pinched the head's head into a blood mist. He turned his cheek full of blood, looked at Xiaoyu and said, "you can find a place to avoid it. Today's night sky is bloody!"

Ye Chen is very clear, since the samsara cemetery to take that thing, it must be a bloody rain.

He has no choice.

"Ah..."

"Master, you'd better go now!"

Xiaoyu said in a panic: "Tianxiang Pavilion is a place where strong people from the same road are sitting."

Whoa!!

Light rain is wrapped in a luster and hidden in the backyard!

Ye Chen clapped his hands, and the luster in his hands diffused. Two immortal tools appeared all over his body. One of them was flowing with endless destructive power. It was breaking space and could destroy everything from a distance. It was not only repaired, but also upgraded to five grade Hunyuan immortal weapon!

On the other hand, the light of the sword is towering and its power of extinction is more like a vast ocean. The body of the sword is engraved with ancient inscriptions. It is a sword for killing gods. It has become a six grade Hunyuan immortal tool. It was melted by Ye Chen, so it was upgraded quickly!

These two immortal tools!

They are all refined by Ye Chen himself. They are also handy when they accompany Ye Chen for a long time. Therefore, when the immortal utensils can't keep up with their own strength, they will practice again to make their power stronger!

Whoosh!!

Whoosh!!

In the sky, there were several streamers, and several extremely powerful guards came, all wearing the clothes and robes of Tianxiang Pavilion!

Three gods, one Hunyuan!

Such a huge fighting force is absolutely enough to deal with some folk martial artists. The sectarian warriors will not provoke them, but they will never think that ye Chen is what they are provoking today!

The guard of Hunyuan realm, ignoring the fighting nearby, gazed at Ye Chen with a high look and said coldly, "boy of the three layers of the divine Kingdom, do you know what you have committed?"

Ye Chen hands negative behind him, looking at the people in the air, light way: "waiting for you for a long time."

The guard of Hunyuan kingdom was stunned and immediately sneered: "arrogant little beast! It seems that you haven't realized it yet

"In that case, I will not kill you today, I want you to feel endless torture!"

The next second, four people directly toward Ye Chen.

Ye Chen didn't want to waste time. He stepped out one step and rose against the sky. Behind his back, he showed the way of immortality. He filled his whole body with a breath of immortality. He held the Zhushen sword and cut it horizontally. The light of the sword was like a bright moon, spinning and flying out!

When crossing the sky, blue light bursts out. In a moment, it lights up half of Tianjian City, attracting many warriors to look up!

"It's ridiculous that you dare to resist even though you're only in the three layers of the divine kingdom!"

A guard of shenwangjing shows a smile of evil charm. He thinks that the five or six layers of shenwangjing are cultivated, and they are not afraid of Ye Chen's three layers of heaven!

But when the bright moon is getting closer and closer, he thoroughly feels an invisible evil spirit, and his smile is stiff in an instant!

His face changed greatly. He was crushed by the sword Qi of Haoyue and turned into a blood mist!

"Be careful!"

"This man has hidden his accomplishments!"

"Do it..."

For a moment, the other three guards were startled and rushed to take out their king's tools to fight!

Just looking at Ye Chen, Xiuwei was so weak that he didn't want to run into a cruel stubble!

"How about elder Dugu sitting in Tianxiang pavilion! This kind of rubbish force should not exist! "

Ye Chen, relying on his physical strength, is close to the guardians of the two gods. He immediately penetrates them with a sword, and then exterminates their spirit power, just like killing mole ants!

Two king of God realm master, did not last ten seconds, directly fell!

"No way! How could an ordinary kingdom be so terrible

This is the only idea in the mind of the Hunyuan state guard. He turns around and runs. He is joking. The king of God is quick to kill. His combat power is stronger than himself!"Since it's here!"

"Then don't go. You'll be dead if you run back!"

Ye Chen catches up with the sky, and a sword comes out. The sword Qi is everywhere. With the thunder and the vigorous spirit, he directly cuts off the arms of the sky protector of Hunyuan kingdom. Then a Hunyuan immortal tool appears under his feet. The speed is faster, and there is only residual shadow left. In the vast night sky, chase after the Hunyuan state Dharma protector!

"Help

"Help, deputy chief, help!"

"A bold thief attacked me and killed many of our guards. Help..."

The Hunyuan Kingdom Dharma protector ran wildly all the way, and his success in roaring and shouting attracted the attention of a large number of martial artists.

There was also a Hunyuan immortal tool under his feet, which was very fast, and he wanted to run towards Tianxiang Pavilion. It has to be said that Tianjian city is extremely huge. With his accomplishments in Hunyuan state, he has been running wildly for dozens of seconds and has not reached the destination.

Hoo Hoo Hoo!!

Whoa!!

In the sky, a run and a chase, with the sword overflowing, blood falling down!

The soldiers below looked up at them with a look of horror. They killed so much at night? Don't the law enforcers say you can't kill them?

"Grandfather..."

"Will the law enforcers stop it? Well, they are so powerful... " Some young people asked the old man beside him!

The old man closed his mouth, shook his head and said, "the young man, it seems that he is a master of the sect. He is extremely powerful. He actually chases down the people in Tianxiang Pavilion. The law enforcement officials should not dare to control it!"

"Let's go and have a look."

"Maybe this young man has a great history, and Tianxiang Pavilion can't do anything about it."

"Yes, yes, go and have a look!" Many young people responded.

In an instant, hundreds of warriors ran on the street and rushed to Tianxiang Pavilion. They did not dare to fly in the sky and were afraid to be killed by mistake, but there was no sign of them running on the street.

Everyone wants to see it!

Who in the end, dare to kill Tianxiang Pavilion people, but also kill so arrogant, so strong!

He must be the Tianjiao disciple of a great school. If he is not good, he will be a great master!

Chapter 1504

"Ha ha ha ha!"

"Little beast, in front of you is Tianxiang Pavilion. You are dead!"

"Captain Qin, help The little beast in the back wants to kill me and challenge the authority of Tianxiang Pavilion! "

Click ~ ~

two broken sounds come out!

When the Hunyuan border guard flew to Tianxiang Pavilion, his feet had been cut off by Ye Chen, and the blood of the immortal fell on the front yard of Tianxiang Pavilion. Many of the dandies were surprised to retreat, and the girls looked pale.

Hunyuan Kingdom warrior!

Cut straight into this!

What a cruel man!

"Who are you?"

"Why kill my Tianxiang Pavilion guard?"

A middle-aged man in green robes, walking out of the platform on the ninth floor of Tianxiang Pavilion, is full of the power of space rules. It seems that he is a top master of Hunyuan realm. He wears a long sword on his waist and a white jade crown on his head. Although he is not young, he is still beautiful!

He walked out of the sky, glancing at thousands of guests and girls. His face was very flat. He looked at Ye Chen and asked, "I'm Lu Zhanyuan, the deputy leader of Tianxiang Pavilion. This guest, I don't think your cultivation is high, but I dare to act like this. Who's your disciple?"

"If I offend you in Tianxiang Pavilion, I can tell you!"

"You don't have to kill people like this. There are people in Tianxiang Pavilion. Even the master behind you can't be provoked."

Lu Zhanyuan saw Ye Chen, wearing a mask, but wearing a pair of very ordinary clothes!

His cultivation is not high, but he has great courage. He judges that ye Chen is probably a great master!

"Ah, my guest!"

"It's not nice to be friendly. Don't fight and kill people."

"Come on, look at our girls!" A fat woman with thick Rouge came out and pushed two pure girls beside her. She said with a smile, "my guest, come and have a look. Our girl is very lovely. Let's have a catharsis first."

The two girls' eyes were full of pain, but they did not dare to say a word.

Obviously, it was forced!

Whoa!!

Whoa!!

This sentence directly exchanges with Ye Chen's three sword Qi. The sword Qi is combined into a sword gang. It jumps into the air and vows to kill this woman!

The fat woman pushed two young girls away directly. Their faces were fierce, their arms were agitated, and the two ribbons leaped out. They combined into a flower ball and went straight to the sword. The two collided together and produced a dramatic explosion, which caused the Tianxiang pavilion to vibrate. Many young princes standing on the top of the building were all staggering, and there were two princes who fell into the state of mind directly !

Among the princes, xiuhulan and bingyue are not only shocked, but also staring at the collision between Jiangang and xiuhuaqiu.

Whoa!!

Whoa!

Two breath overflowed, and then a puffing sound was issued. Xiuhua ball was chopped and exploded directly, and Jiangang continued to fly!

The fat woman's face changed greatly. Her cultivation in the second layer of Hunyuan state could not stop the sword gang. The young man was so powerful!

Seeing that the fat woman was about to fall under the sword Gang, Lu Zhanyuan came from the sky, and the law of Taoist space appeared all over his body!

The huge rules of space have turned into dozens of space sharp blades from all sides, directly destroying Ye Chen's sword Gang!

Lu Zhanyuan looks very gloomy at the moment, staring at Ye Chen, a little afraid!

This kid!

I don't know the origin!

But the skill is very strong!

He was able to cross the border from Shenwang to Hunyuan, and almost killed his people!

It's definitely a big story!

He can't easily kill each other, but he has to explore his bottom!

Immediately, Lu Zhanyuan and the fat woman looked at each other and understood each other's ideas. It was not difficult to kill Ye Chen, but the key was not to know whether there was a master school behind Ye Chen, nor could he directly explore Ye Chen's skills. Therefore, we have to ask first!

After all, it's from the big gate school!

Or a lonely and cruel lone traveler!

The former, then you have to apologize, as for the latter, kill!

"My little brother is very skilled. I don't know how to name a taboo?"

"Where did I offend my little brother?" Lu Zhanyuan showed a warm smile, and his old fox's behavior showed no doubt. He said: "no matter what happens, it can make you so angry. Today's event is my Tianxiang pavilion's fault with my little brother!"

"That's it

"I'll prepare a gift myself. I'll visit your master with my younger brother. I'll apologize to you. How about that?"

It's obviously an apology!

Dark is to explore the details of Ye Chen!

Ye Chen's change of color, and also the idea of Lu Chin yuan, that is to say, he secretly mobilized many gods and implements in the reincarnation cemetery, and began to empower the artifact and put the power of the spirit into play. As long as he took it out, he could explode, and at the same time, he looked at Lu Yuan Yuan and said, "no need for compensation!"

"I don't need something from a dirty place like you, to make amends to me!" "What are you talking about, little brother! I just want to make friends with my little brother Lu Zhanyuan is still smiling brightly, as if he is pulling a family to explore the bottom of Ye Chen!

"Forget your friends! I'm not rare! " Ye Chen light way, "I just feel your Tianxiang Pavilion does not need to exist!"

Ye Chen has a plan in mind on the way to here. He is bound to make a big fuss about it!

.....

Thousands of people in Tianxiang Pavilion, surrounded by tens of thousands of martial artists, just stare at the two people in the air!

One insisted on coming to the door to apologize!

An attitude is unpredictable!

Even in the 89th floor of Tianxiang Pavilion, many young talents and dandies are somewhat surprised.

Among them, Bai Li Yu Yue, the ninth child of the Baili family, raised his glass and said, "Uncle Hong, these two people are interesting. If they don't fight, they are talking!"

"Child

"I'd better leave first." The old man, called Uncle Hong, seems to be the servant of Bai Li Yu Yue. His accomplishments are similar to those of Li Shu.

Bai Li Yu Yue shakes her head and looks like a handsome young man. Although she is a man, she has attracted many girls' admiration for her white and beautiful skin.

He sighed, "don't worry, don't worry!"

"It's not easy for us to come out once. My father won't let me come to the land of Fengyue often."

"Today, I have a good time. When it's time, I will go to the auction hall."

This time, the Baili family sent an elder of hedaojing and a childe!

Even the young master of Baili Yuyue is not weak. He just likes to stay in the Fengyue place. Even this time, the prince of the three major forces, namely, the evil demon palace, the Linghu family and the Beitang family, all like fireworks and willow alleys. They all sit nearby together!

Baili family, bailiyu moon childe, 27 years old, king of God, nine layers of heaven!

Beitang family, Beitang Tianming childe, is 29 years old. He is the king of heaven!

Linghu family, Linghu Xingyan childe, 30 years old, eight layers of God kingdom!

Fierce evil palace, Youming 19, 27 years old, seven layers of heaven!

Chapter 1505

The six major forces, almost the four leading princes, sat here and enjoyed the girls playing music. In the evening, they would take the girl's Yin yuan practice, so they directly saw Ye Chen wearing a mask!

Four childe, looking at Ye Chen's dress up, all face disdain!

They chat and drink, and don't think what ye Chen will do!

However, in mid air, Lu Zhanyuan's smile gradually disappeared, and his voice was cold: "do you mean you have to fight against Tianxiang pavilion?"

"Presumptuous! Do you know what kind of existence stands behind Tianxiang pavilion! Don't say it's you, not even the people behind you! "

Ye Chen hands negative behind him, light way: "don't waste time, this time, only me!"

As soon as the voice falls, ye Chen turns his head and rushes to the interior of Tianxiang Pavilion. He waves the sword in his hand and spreads blood all over the first layer!

Now!

Ye Chen's only goal is to rush to the sixth floor!

There is a place where the treasures of Tianxiang pavilion are stored. There must be a large number of immortal utensils and stones, and even a lot of immortal materials!

It's extremely important for this auction!

"Kill!"

"All escorts escort guests out!"

"Three guards, seven Dharma protectors, kill this little beast for me!"

Lu Zhanyuan strongly ordered that three junior high school guards and seven mid-term Dharma protectors of Hunyuan realm were called to directly surround and kill Ye Chen!

He hovered in the air and sat in the audience. His eyes swept over the boys and girls who had escaped one by one on the first, second and third floors. His lips outlined a smile and said, "you can jump over the level. You can defeat the second layer of Hunyuan territory, and at most you can defeat the third layer of Hunyuan territory!"

"Now, ten Hunyuan States, kill you!"

"Enough!"

The voice dropped!

The three guards at the same time, do not use Hunyuan immortal tools, but condense a space blade in their hands, directly hit Ye Chen!

In their eyes!

All weapons are not as important as the law of space!

The attack power of the law of space is still on the Hunyuan immortal weapon!

Whoa!

Poof!!

As the edge of space passes by, the void on both sides is constantly cracking. When it hits Ye Chen, he leaves blood stains on his bones!

Ye Chen took a breath of cool air and immediately killed the blades of these spaces. He fought with the three guards in close combat!

I didn't expect that my sixth level flesh body would be hurt by the blade of space formed by the law of space. It seems that I haven't cultivated the law of space. It's still very difficult to resist the force of space law directly!

Bang bang bang!!

The sound of broken roads is coming out!

Four figures are entangled in one. From the first floor of Tianxiang pavilion to the second floor, countless tables, chairs and benches are broken in the battle. The Three Dharma protectors almost force Ye Chen to fight. Even if the wound is replaced by injury, ye Chen's injury is much more serious than them!

"That's what happened!"

"I thought it was strong." Many warriors are lost to Ye Chen. They thought they would be a peerless Tianjiao. They didn't expect to let the three guards fight like this.

No background, no helper, dare to provoke Tianxiang pavilion?

You can't stop looking for death?

What an idiot!

"This guy, I don't think I've seen it before!"

"It seems to be the man in the day!" the seventh floor Xiuhu blue child looked surprised and looked down at Ye Chen, who was fighting. Suddenly, he said with a smile: "during the day, I thought he was something fierce, but I didn't expect that he was such a thing?"

"This cheap thing?"

"How did you survive, then?"

"Elder, if we want to give that boy a blow, we will be good at Tianxiang Pavilion."

"No!" The elder of the scar guard shook his head, his eyes were clear, and he said, "this boy, you must die! If we do it, it's like robbing other people's achievements! "

Three layers of heaven!

Impact on the Tianxiang Pavilion, which has dozens of Hunyuan realms?

Even there are a lot of martial artists in the city, and they are the Tianxiang Pavilion opened by Dugu family. This boy is looking for death!

"Waiter!"

"Come on, give me some wine and vegetables. I want to eat and drink and watch how the little boy died!" Master Xiuhu blue waved and yelled! He is on the eighth floor. Every level of Tianxiang pavilion has an array to maintain. Even if the lower two layers are destroyed, as long as the whole array is not exploded, people at higher levels will not feel at all!

On the ninth floor!

The four princes, including Youming 19, bailiyuyuyue, Dugu Xingyue and Beitang Tianming, took a look at xiuhulan, and suddenly felt that the other party's suggestions were good. They all called for wine and vegetables, ready to enjoy the unexpected "activity"!

in their opinion, ye Chen did this!

It's called egg hitting stone, which is very appropriate!

Soon, the eighth floor of the boys began to work, began to give the big boys wine and vegetables! In the second floor, the exhibition hall of thousands of square meters, four people play extremely fierce, the seven rules of protection is to sit around in case Ye Chen runs away!

Bang!

"Kill!"

"Kill this wretched little bastard

The three Hunyuan guards, under the joint attack, will directly repel Ye Chen, the first hand space rule, the use of vivid!

In the middle of the air, ye Chen turns over his body, and his lips outline a smile. He says, "it's just time to test your new sword formula and skill!"

Break through the realm with the tool of harmony!

Obviously, ye Chen doesn't have most of the power of digestion and syncretic artifact!

At the moment, the best choice is to use the Wuyuan stone!

"Bold and reckless!"

"You still want to use us as a grindstone to kill you!"

Among them, the guard of the three layers of heaven of Hunyuan kingdom came out of the sky, and his body was flashing. He quickly turned into eight figures and killed Ye Chen from all directions. In a twinkling of an eye, he has fought with Ye Chen for thousands of moves!

Ye Chen is full of blood!

He's not easy either!

See this, the two Dharma protectors attack and kill together, use the space law to attack, the effect is the fastest, the most powerful!

Bang bang bang!!

Boom!!

Countless explosions and collisions!

The four men had been fighting for dozens of minutes. Lu Zhanyuan, who was on the edge, was somewhat disdainful. He said, "it takes such a long time to kill a kid in Shenwang state? Three guards, directly break out the law of space, kill him, I'll supplement the space law for you

Thank you very much

"Good!"

"Yes, my Lord!"

The Three Dharma protectors have sharp eyes!

Among them, one fist is wrapped in the law of space, and hits Ye Chen directly with one fist!

Obviously, he is going to kill Ye Chen

"I don't think I can defeat you?"

"Now, it's about the same!"

Ye Chen is suddenly outline a cruel smile, step out a step, said: "the training is almost the same, God King state four layers of heaven, broken!"

Boom!!

With a roar of fury!

Five gods and kings have been revealed, and all kinds of power are more than several times powerful!

Chapter 1506

Ye Chen is like a newborn, surrounded by countless immortal Qi and evil Qi, just like the ancient gods and demons. He turns around and penetrates a guard of the second layer of Hunyuan kingdom with a sword, and spits out a mouthful of blood. The blood turns into a blood sword and penetrates the head of another Hunyuan Dharma protector!

Bang!

Crack!!

Two crackles!

The two Hunyuan Dharma protectors' heads exploded and were killed by Ye Chen before they could react!

Ye Chen turned to look at the Hunyuan guard who had collapsed his chest just now, and said with a smile, "it's just been a good fight, right? Now, it's me! "

If it wasn't for your strength just now, temper my body and the way of God and king!

How can you hurt me?

Whoa!!

From his fist came the sound of breaking through the air. The Hunyuan guard panicked and turned to escape!

Who can think of such a god of terror!

It's not too much to say it's Hunyuan!

Then, ye Chen's fists burst into his chest and pierced his chest directly. With the spatter of blood, ye Chen's arm was shocked, and his incomparably powerful physical strength directly shocked the guard of the three layers of heaven in Hunyuan!

At this moment!

There are many folk warriors in the periphery!

The boy who is doomed to die even uses the strong man of Hunyuan to break the situation?

The key is to kill Hunyuan territory in seconds?

You're kidding!

Ye Chen was covered with blood, dressed in a pair of armor and holding the sword of killing God. His eyes fell on the seven Dharma protectors with evil charm and arrogance. He slowly pointed at them with his sword and said, "come on, I still need some training."

"I'm looking forward to entering the five layers of the divine kingdom!"

"In that case, I will kill you as if I were slaughtering chickens and ducks!"

"Incompetent people!" Lu Zhanyuan looked very clear and waved: "go, kill him! I can't kill him in three minutes. I'll kill you

"Yes, my Lord!"

The great Dharma protector of the seven layers of heaven in the Hunyuan state raised his hands and clasped his fist. His eyes fell on Ye Chen, moved his muscles and bones, and said, "you are really looking for death. Do you think you can defeat us if you break the state?"

"I don't know what kind of elixir you ate, the strength has silted up!"

"If you want to use our hands to temper the body and the way of God and king, you are not qualified enough!"

As soon as the voice fell, the Dharma protector's body flashed, and he came directly behind Ye Chen, offering sacrifices with one hand, and countless lights burst out, just like a sledgehammer hitting wood, and withdrawing Ye Chen from dozens of meters!

On the other hand, the second Dharma protector, the third Dharma protector and the fourth Dharma protector act accordingly!

They held up Hunyuan immortal tools and formed a knife array, which directly hit Ye Chen!

Loud!

Loud!!

The sound of metal collision is coming out!

Fortunately, ye Chen's body is very strong, otherwise he has been spewing blood!

"It's interesting. I'm not afraid of you seven coming together!"

"Today, it's time to kill the king and break the heaven!" Ye Chen burst out laughing without fear of seven people!

"Mean thing!"

"Dare to be arrogant

"Surround him!"

"He dares to escape from the encirclement and use the law of space directly to encircle and kill with all his strength!"

The great Dharma protector mobilized six Dharma protectors. He personally fought with Ye Chen. He was surrounded by two layers of encirclement. If he fell into such an array, he would be the warrior in the eight layers of Hunyuan Kingdom, and would fall down!

What's more, a mere Ye Chen!

It doesn't take three minutes!

Within a minute, ye Chen will be killed alive!

"Kill!"

"Golden knife!"

"White moon sword!"

"Heaven and earth fist, tiger and leopard palm..."

The great Dharma protector's martial arts moves have been played one by one. Dozens of times, ye Chen almost collapsed. But after each collapse, the unhealed Hedao artifact power in Ye Chen's body will surge out to help Ye Chen heal his body!

He mobilized the way of God and king to bombard Ye Chen's way of God and king!

Next moment!

He Dao artifact power will restore Ye Chen's kingcraft, but his power is stronger than before!

"Damn it!"

"What did you eat, little beast?"

"So much power in the body, asshole!"

The greater the Dharma protector is, the more urgent it is. What's the matter!

Every time he beat Ye Chen half to death, and even killed him several times. Will the other party live and live in the next moment?

How much strength does he have in his body?

What on earth did he eat?

How could you be so greedy!

"My way is to kill!"

"It won't kill me, it will only make me stronger!"

"You are just my stepping stone!" Although Ye Chen is injured, he still laughs wildly!

The way of God and king of others should be cultivated hard, and the body should be tempered slowly! He doesn't have to!

When he crossed the distance between heaven and earth, he used Hunyuan immortal tools!

When his way evolved into the way of God and king, he used the tool of combining Tao!

He has a lot of power accumulation. As long as the silting power is released for refining, the stronger he will be!

Bang bang bang!!

Bang bang!!

The greater the Dharma protector is, the more angry he is!

In the samsara cemetery, many great powers looked at this scene and were not distressed. The moonlight Buddha sighed: "abbot, why is this necessary?"

"Those forces can be refined slowly."

"If you're suffering from this pain, you'll have collapsed for a long time."

The body was smashed seven times!

The way of God and king was nearly destroyed many times. In order to enhance the power, is the host too crazy?

"You don't understand!"

"There's a lot of pressure on this kid!" Zhu Mie Shen Jun sighed and said: "he can use our strength, we can kill these Dharma protectors in a moment, but he has not!"

"This boy!"

"What we want is to improve our strength."

"The real realm and the improvement of combat effectiveness, not relying on us to oppress and kill the enemy!"

"Pain and gain side by side! It is because of this perseverance that this boy has been able to get to the present stage, to dominate the two domains at this age, and to create a great legend in the land of Lingwu! "

Ye Chen!

Talent is very strong, more details!

Since ancient times, the most profound, should be ye Chen!

For other people, as long as they are a little numb, ignore anything, and practice slowly, they can achieve Taixu state in ten thousand years and become the strongest sage and king since ancient times!

But ye Chen didn't!

Why?

His way comes step by step!

His way is above blood!

As soon as the words were said, the three deities and the ice sword immortal were silent, but they were ready to fight at any time!

All of a sudden, the Xiaoyao God King finished his martial arts and passed on a message to Ye Chen and said, "disciple, it has been investigated clearly that there are seven Hedao artifact and more than 100 Hunyuan immortal utensils in Tianxiang pavilion's treasure house. These are of great value, but we must not let the samsara cemetery make a sound!

Not qualified!

With the power of divinity, I also noticed that there was a sealed mysterious brocade box inside. Although it was sealed by a powerful force, the breath inside was similar to the samsara cemetery! "

"I'm afraid that's what the samsara cemetery wants you to take!"

"Find it, and you may touch the secret of the samsara cemetery!"

Chapter 1507

Ye Chen hears the words of the carefree God King, Mou son a coagulate, in the heart already made up one's mind.

Even if you offend the whole Tianxiang Pavilion, you should get that mysterious brocade box.

This mysterious brocade box may not be important to Tianxiang Pavilion!

But to him ye Chen, extremely important!

Grandfather's Millennium situation, his own blood secret, and even the mysterious old man's crisis must be related.

He still can't figure out why the samsara cemetery chose him.

Why did he land in the xuye family of the ancient Kunlun.

Grandfather at all costs, even give up the position of the master, muddle along, with the rest of his life to lay a belongs to his Ye Chen bureau!

That's right.

Ye Chen has a kind of intuition in his heart!

If you want to solve everything, you can only get the mysterious brocade box of that day!

Ye Chen's eyes cold looking at the crowd, he is very clear, Tianxiang Pavilion this group of people rob girls, I am afraid it is not a good bird.

In this case, we will wipe out the Tianxiang Pavilion today!

.....

"Kill!"

"All hands, one-time Bang --"

before the Dharma protector's words had been finished, there was a flash of light in front of him. A breath of breakthrough came from his eyes. He couldn't help but crack his eyes and yelled: "Damn it, this little beast has broken through again! He just wants to break through with us! "

He has heard of the breakthrough of the warrior in the battle, but he has not heard of the breakthrough of the warrior in the Siege!

Because the breakthrough must consider many factors!

In this case, how can the boy still concentrate on the breakthrough!

"Ha ha ha ha!"

"The five layers of the divine kingdom are broken!"

"The seven steps of body refining and empty body stage, break!"

With Ye Chen's two violent drinking sounds, several powerful forces came. He lifted his arms and shook back the seven Dharma protectors and the six Dharma protectors. Instead, he took out the soul killing demon gun. Countless power of annihilation appeared on the body of the gun, which came out with the gun Gang flying!

Poof!

"No..."

Two Dharma protectors of the second layer sky in Hunyuan state were hit by gun gang before they could react!

The body is not broken, but its life is disappearing at a very fast speed!

70000 years of life!

In a flash!

Then, the two Dharma protectors were transformed into two white bones!

This is the terror of Ye Chen's death of God!

"Kill!"

"He will annihilate the law. Kill him. If we don't kill him, we will become white bones."

With the roar of the great Dharma protector, ye Chen dances the soul destroying magic spear and robs him and the second protector!

The next moment, the great Dharma protector catches up again. When you have a close look, the five Dharma protectors and the four Dharma protectors have turned into two white bones!

Two more brothers died!

What's the origin of this guy!

Must kill!

"Lu Zhanyuan, want to kill me?"

"You don't have enough of them!" Ye Chen dodges the attack of Da Dharma protector and slaps him on the Dharma protector!

Hoo Hoo Hoo!!

Whoa!!

A force of extinction surged out and directly wrapped the Dharma protector, just like a spider's web. No matter how the Dharma protector could break free, even if the force of spatial law was blooming, it did not break free!

Less than two breaths!

The great Dharma protector of Hunyuan seven layers of heaven has turned into a white bone!

Then, two white bones fell down. They were two Dharma protectors and Three Dharma protectors. In terms of combat effectiveness, ye Chen could not defeat the Three Dharma protectors in the middle and late period of the Hunyuan Kingdom, but the power of annihilation is OK. As long as you have Shouyuan, you can die!

Crack!!

With Ye Chen breaking seven white bones!

The hearts of tens of thousands of martial arts practitioners around us are pounding. Seven Hunyuan realm Dharma protectors!

In a twinkling of an eye, seven people are all destroyed, and Shouyuan is exhausted and dead, this young man!

How vicious!

It even controls the power of extinction!

Although it is not to the level of annihilation law, it is definitely not weak. It is even more powerful than the law of destruction to deal with the warriors in the realm of creation!

The warrior in the realm of creation!

Life and vitality are the king!

This is the source of life!

In an instant, the power of annihilation can dissipate your life span of tens of thousands of years. How long can these people live?

Without the baptism of the soldiers of time and space, the origin of life has not been transformed, and there is no acceptance of a large amount of life power, they will soon die in the force of extinction, and resistance is impossible!

The great Dharma protector of seven layers of heaven in Hunyuan!

Ye Chen's body is not as good as ye Chen, but he fights alone. Ye Chen does not use his cards. He only relies on the body, the way of God and the spirit. It doesn't take ten minutes to die! But with the power of annihilation, the great Dharma protector fell down within two breaths!

"I thought! Ten of them will kill you" I didn't expect that it was still a failure."

"But..." Lu Zhanyuan slowly flew into the second floor. With his cultivation of the nine layers of heaven in the Hunyuan realm, the space law was perfect. In an instant, he could strangle any warrior without a perfect space law, including the eight layers of heaven in Hunyuan!

The law of space is perfect!

A glimpse of the law of time means half step God King!

In other places, such accomplishments can already be the overlord. It is still possible to control at least ten giant cities and the lives of hundreds of millions of creatures!

"It's done!"

"If Lu Zhanyuan does it himself, that guy will surely die!"

His highness Youming 19 took a long breath, put down his glass, and gazed at many warriors outside the window. He couldn't help laughing and said, "how could you kill a lowly thing in the kingdom of gods and kings? It's fun, it's fun! "

"The Dugu family is not very good these years."

"Maybe." Beitang held up his glass at dawn and said, "it's normal for the two gods to come and see it! However, there are so many treasures in Tianxiang pavilion that we can have a more prosperous auction

"At the critical moment, if Lu Zhanyuan doesn't work!"

"Let's do it!"

Linghu Xingyan shook his head, pinched the cheek of a girl sitting beside her, and said with a smile: "we still don't have to. When the boy is dead, you and I should enter the room to enjoy the fun. I can't wait any more!"

The boys above are talking!

Next, ye Chen and Lu Zhanyuan fought fiercely, from the second floor to the fourth floor.

Ye Chen takes out the sword for killing gods, the gun for killing the soul, and even a long knife with nine grade Hunyuan immortals. He constantly suppresses Lu Zhanyuan's rules of space. Fortunately, his body is comparable to the level of heaven in the realm of harmony, and has been tempered many times, otherwise it will be directly chopped up!

Bang bang!!

Boom!!!

The two fought fiercely!

Ye Chen asked for some strength from the moonlight Buddha, and directly fought Lu Zhanyuan to the sixth floor, and even killed the treasure house of Tianxiang Pavilion step by step!

Lu realized that the situation was not right, and his face changed. "What are you going to do?"

He saw Ye Chen bombarding the treasure house, and then he suddenly said, "treasure house?"

"Do you dare to pay attention to the treasure house?"

"It seems that your purpose in the beginning is treasure house!"

"Little beast, do you really want to die?"

Chapter 1508

Whoa!!

Ye Chen is splitting Lu Zhanyuan's weapon with a knife!

Just when ye Chen was about to break the treasure house, suddenly a hand of the magic tool of the way flew from the edge!

Kill a chance to lock Ye Chen instantly!

He quickly waved the soul destroying magic gun to block it, but found that the power of the long sword combined with the Taoist artifact was extremely terrifying!

It's like a huge mountain!

The whole person of Ye Chen retreats tens of meters and falls on the edge of the wall. Lu Zhanyuan knows that this is an opportunity to kill again!

At this moment, ye Chen fell into a struggle again!

"No! The life of this little animal is so hard that it doesn't die! "

But soon, his surprise turned into countless anger!

Kill Lu Zhanyuan in front of the Dugu family!

If this is spread out, the Dugu family will surely become the laughing stock of Lingwu mainland!

"A sword!"

"How dare Lu Zhanyuan, who has cut off the nine layers of the Hunyuan kingdom!"

The seventeen elder's eyes are cold, and they unite with the eighteen elders to surround Tianxiang Pavilion!

Two gods of the same way!

He was just like the God of heaven, guarding the Tianxiang Pavilion everywhere. Even in the distance, there were even the elders of the Dugu family who came here!

Whoosh!!

Whoosh!

There are several streamers in the sky!

There are also three elders from the family of Dugu. They are fifteen elder, sixteen elder and nineteen elder!

The sixth stage of the winter, as if the eyes of the winter were frozen, as if the winter were frozen!

Chapter 1509

The fifteen elder stood in the air, as if issuing a decree: "masked boy!"

"He Dao artifact, Hunyuan immortal tool, these things are not what you should take!"

"Hand it in, we can give you a whole body, crisp and neat! Otherwise, we will torture you for thousands of years

Domineering and resolute!

Give it to you!

No, torture you to death!

At the same time, the seventeen elder looked more relaxed and looked at the eighth and ninth floor of Tianxiang Pavilion and said, "gentlemen, please stand aside first. We have solved this cowardly and mean bastard. Later, we will let you go back to Tianxiang Pavilion!"

Five elders of Hedao realm!

The five gods are still in the headquarters of Dugu family!

Even if the heavenly king and Laozi come!

"This mask is young and strong!"

"How dare you pull your teeth out of your mouth!"

"In the headquarters of the Dugu family, grab the magic tools of the Dugu family and seek death!"

Many small sects and even the sanxiu all agreed that the youth in the divine realm must die!

Here comes the five kings of the United Way!

If they haven't come yet, the youth of shenwangjing may have a chance of life!

And now, it's absolutely impossible!

Unless he is an immortal in the realm of nature, he will surely die!

"Five old men!"

"It's not so easy to kill me!" Ye Chen's eyes scan the Xiuhu blue child who is ready to leave, and begins to plan the next action in his heart!

Standing on the top floor of Tianxiang Pavilion, he looked around. There were already hundreds of thousands of martial arts people gathered in the street. It seemed that they all wanted to see the battle between the God King and himself. There were countless powerful people in the distant pavilions who were watching him here!

Same thing!

The five middle forces and hundreds of people from lower sects who came to participate in the auction ceremony were all like watching the opera. Among them, master xiuhulan in the tiger sword Pavilion originally wanted to kill himself and please the Dugu family.

Xiuhulan child can't make a move. Naturally, those people in the same realm dare not act rashly!

Clang! Clang!!

Clang!!

The sound of iron armor came, a team of Jinge warriors arranged in an orderly line-up to kill!

It is the law enforcement team of Tianjian city. There are only a few hundred thousand people. However, each of them has his mid-term cultivation. Individual law enforcement team leaders, team leaders and so on. Their accomplishments once reached the middle and later stage of Shenwang realm, and the junior high school of Hunyuan state!

"Line up!"

"Surround Tianxiang Pavilion and prepare for the blood moon bow to prevent the boy from escaping!"

A law enforcement team leader waved his sword and ordered that he had the cultivation of four layers of heaven in Hunyuan state. As soon as the voice fell, 100000 law enforcement officers were divided into four teams, so as to come to the streets of Tianxiang Pavilion. Even the law enforcement officials who were in the spirit state and the God Kingdom state took out the blood moon bow behind them one after another!

Whoa, whoa!!

Whoa!

With the opening of the blood moon bow, blood light converges and condenses into crystal like long arrows, which are powerful and even full of the breath of destruction. All the blood moon arrows are aimed at Ye Chen on the top floor of Tianxiang Pavilion!

"The wind blows

"Sky array!"

The law enforcement captain again ordered that, in an instant, a thousand law enforcers in the middle and later stages of the divine Kingdom and 30 law enforcers of the Hunyuan realm were in the air and placed under the five elders at the same height as ye Chen!

A bloody yellow sword with a handle came out of the scabbard and changed into a spear. It also aimed at Ye Chen!

Only an order!

Rain of arrows all over the sky!

Throwing a long spear will make ye Chen a hedgehog!

It took only tens of seconds for the elite law enforcement officers to set up the array!

The air is full of murderous and endless power, which really shocked the martial arts around!

Kill a king youth!

100000 law enforcement troops are here!

Plus five God kings!

Even if it is the God King in the realm of Tao, will it fall in an instant?

"Report to the five elders!"

"The man above thought that there was something wrong with the masked boy, and his strength had been improved too fast for a time!"

"Specially sent his subordinates to send the first army of law enforcers to come here to assist the elders to kill this person, and to shock the gangsters at the same time!" The chief of the law enforcement brigade respectfully clasped his fist and said to the five elders. As soon as his voice fell, his body shook and his blood poured out all over the sky!

It seems that it is not only a Garrison Army, but also should have fought with monsters in the past years!

And, the law enforcement captain shows his attitude!

Not only today, but today!

But also frighten the hundred schools and many loose repair!

The grand auction will open soon. There can be no more trouble. After the auction, you can kill whatever you want! Such a scene made a lot of scattered practitioners panic!

In a jasper loft in the distance, a pure and beautiful girl stops by the window and stares at Ye Chen on the top of Tianxiang Pavilion. Her eyes twinkle with doubts. "The man wearing a mask is like a man..."

"Miss, who is it?"

Asked the guard of Hunyuan border.

The girl slightly bowed her head and bit her lips with silver teeth. After a moment, she raised her head and said, "Ye Chen!"

"He looks like Ye Chen at that time!"

"Facing thousands of enemies alone and standing still, even waiting for the enemy to gather together, just like Ye Chen, who had absolute confidence, absolute hegemony and arrogance!"

Maiden, it was the hundred mile snow that appeared in the hall of soul clan sacrifice at that time!

This time, the Baili family came to participate in the auction. Not only did Mr. Yuli lead the team, but also Baili snow. They just disdained to go to a place of wind and rain, so they came to the first attic of Tianjian City, the residence of Tianyue Pavilion!

At this time, ye Chen killed Tianxiang Pavilion alone. Facing the five elders, 100000 law enforcers were fearless, which directly attracted most of the people in Tianjian City, including bailixue!

"Ye Chen?"

"I've heard of that man, who was in the land of the soul clan, seemed to be arrogant!"

"With the power of one person, we want to fight against the eight God kings in the soul hall, dozens of Hunyuan worshippers, and more than a hundred king of gods and martial arts!" The old guard on the edge gazed out and thought, "but miss, there are five gods, hundreds of Hunyuan worshippers, thousands of King level warriors, and more than 100000 of them!"

"This masked man!"

"If there is no backhand, no helper, no backstage, there is no doubt that you will die!"

"At the beginning, ye Chen heard that the elder of green sword of wanjiandi palace saved him. Now, this man is facing a scene much stronger than ye Chen's enemy at the beginning..."

Bai Li Xue suddenly looked at him and calmly asked, "you know, what's going on with the seventh branch of the soul hall, the land of the soul clan?"

The guard shakes his head. He is a Dharma protector at the peak of the Hunyuan realm. He specializes in protecting Bai Li Xue, but his authority and status are not high in his family!

"The seventh branch of the soul hall!"

"It's gone!"

Chapter 1510

Bai Li Xue carefully glanced at several ten subordinates and said, "according to his father, ye Chen destroyed the seventh rudder!"

She then looked at Ye Chen in the distance and said, "this man's technique and courage are very similar to Ye Chen. It seems that the weapons and skills used by him are also quite similar to Ye Chen. If he is

not the same person, he must be from the same door. If you can save him Maybe it's the chance of Baili family in Lingwu

Save this man!

Can also make friends with Ye Chen!

Ye Chen, who is in the state of God, can destroy the seventh rudder of the soul hall. The background is certainly not low!

If this person and ye Chen go out the same door, even if he offends the Dugu family, he will have great benefits!

"Yes, miss!"

"I'm going to inform all the elders of hodo to come to discuss business immediately." The guard quickly took out the token and sent the message!

However, high in the sky!

The five elders looked at Ye Chen as if they were gods.

The fifteen elder said slowly, "humble little beast, I don't know what you are waiting for, but now that the array has been set up, even if there are two or three King of the same way coming, they can't escape!"

"Now

"Elder Ben, kill yourself

As soon as the words fell, the fifteen elder turned into a streamer, and the speed was as fast as possible. I don't know when a red short knife appeared in his hand. It's a magic tool of combining Tao. The mark of the knife is extremely sharp. You're about to chop Ye Chen!

Ye Chen doesn't feel flustered. At the moment when the other party's intention falls, ye Chen takes out the Zhushen sword and offers a sword to block the scar. His body can't help but retreat dozens of steps, but his eyes are more evil!

Soon, ye Chen and the fifteen elders fight together. With the cultivation of the fifteen elders, they only suppress Ye Chen's attack, but don't kill Ye Chen quickly!

Samsara cemetery!

The three gods and the ice sword immortal are all giving Ye Chen strength!

At the same time, thousands of Shenwang tools are ready!

What is this about?

Is it just self exploding?

Ye Chen is not so wasteful!

It happens that there are so many people today that he wants to make a big deal!

Bang bang bang!!

Loud!

Whoa!

Countless explosions, the air of swords and the sound of collision spread out!

The fifteen elder exerts the law of space and ye Chen fight fiercely in the top floor of Tianxiang Pavilion. They are very fast and fight with each other for thousands of moves in the blink of an eye. Although Ye Chen is beaten with blood and retreats step by step, he has no intention of escaping his life!

"This masked man!"

"I'm sure I'll die!"

"It must be dead!" The martial man on the edge scorned and said, "don't look at it. The elder of Hedao has his own hand. Even if he has the inside information, what can he do with it?"

"It's just that I've been lucky enough to have a bad baby!"

"I want to temper my body through the elder of Hokkaido."

"I want to die completely!"

Young warrior's words, spread to the public, around the martial arts all nod approval!

That's right. God King's state provokes he Dao state?

You can't help looking for death!

Those who have just killed the top ten Hunyuan martial arts in Tianxiang pavilion have already shown their prestige. There is still time to run at that time!

Now, if you want to run, you can't run away!

Must die!

Almost hundreds of thousands of martial artists have such an idea in their hearts!

What's the difference between the king's situation and the baby's provocation of the top boxer? Even if there is treasure support for a short time, it will be finished in the end!

Gradually!

There are more and more law enforcers in Tianjian City, and more and more loose repairs are coming!

Millions of warriors gathered in the streets and low air around Tianxiang Pavilion, and even hundreds of millions of creatures in the huge Tianjian city were startled and watched Ye Chen and the fifteen elder fight one after another!

Bang!!

Ye Chen's horizontal sword blocked the fifteen elder's knife, and then he retreated and bumped into the wall of the golden Phoebe. His eyes swept around him, and his lips outlined a smile and said, "old man, you are so many!"

"But I'm so happy that so many people are gathered so close together!"

"That's good. It's wonderful."

100000 law enforcers!

This is a good opportunity!

It's a good chance to destroy Dugu family!

Fifteen elder a Leng, slightly frown, staring at Ye Chen, suddenly feel some bad in the heart, but the next moment to see, can not help but angry cry: "want to run? All the law enforcers will be killed by this elder! "

Whoa, whoa!!

Whoa!!

However, ye Chen did not continue to escape at all.

It stopped.

He closed his eyes and held out his right hand!

There are thousands of rays of light in the palm of your hand, and the light is still increasing violently!

In the twinkling of an eye, thousands of rays of light have been flying to all directions, all over the world, and even the body of Ye Chen has turned into a ray of light. With many lights flying out, it just disappears in a moment!"Turning itself into light?"

"Want to run?"

"Law enforcers, cut these lights!" The fifteen elder was so angry that he rushed out of the platform and ignored the light of the shuttle. He decided that ye Chen did not dare to hide by his side!

But!

This is the ultimate insult!

The boy in the kingdom of God turned into a streamer in front of my elder?

If you can't catch this boy, what's your face!

"Yes, elder!"

"Law enforcers, go further, smash the light!"

The chief of the law enforcement brigade rose up in the air himself and looked at the light around him. Suddenly, one light was divided into two parts, two parts were made into four parts, and the whole sky was covered with yellow light. He could not help but feel puzzled and felt something wrong in his heart!

100000 law enforcement officers, the vast majority of the sky near those lights!

Some of them did not fly, but they were also wrapped by many rays of light. They were surprised to see the light floating around like silk threads. They were not fast or slow, just like flying maple leaves, lingering between heaven and earth!

Even the other four hodo elders are in the same situation!

Wrapped by the light of Taoism, I feel at a loss!

I don't know!

Death has come, stand by their side!

Waiting to escort one by one to hell, reincarnation again!

Individual law enforcement officers, waving their swords in doubt, are about to break the light in front of them!

Just in the middle of the fall of the sword, the fifteen elder's eyes suddenly wanted to crack and his dark color changed greatly. He called out, "don't destroy it!"

the law enforcement officer was dazzled.

At the same time, there were many law enforcement officials who were stained with light and looked at the fifteen elder, full of doubts. Didn't you ask us to chop them up?

What?

Is there a problem?

All of a sudden, when the law enforcement officers looked down again, the broken light in front of them converged abruptly, showing a complete set of three grade immortal utensils, four grade immortal utensils, and even nine grade spirit tools and one grade divine king utensils.

In the twinkling of an eye, bursts of burst sound came, just like China set off firecrackers quickly.

With the broken rays of light, many immortal utensils were exposed. They were quickly charged with energy and turned into blood red. In the next moment, countless pieces and power rushed out from the inside of the immortal utensils - the immortal utensils exploded!
