

Physician 151

Chapter 151

"Please kill me! Please Kawasaki right field powerless way.

He begged without dignity!

Kawasaki, looking at you behind the hands of takeno: "negative voice? Did you agree that my people asked you for mercy

Hearing this, Kawasaki right field suddenly thought of the picture in the Tianzheng Group, he was going crazy!

At the beginning, he just crushed the group of people and abandoned the hands and feet of several people! But you are the real torture!

Even the strongest warrior in the Wu Huang society can't bear it!

Devil!

How can China have such a devil!

He couldn't care about everything any more and growled: "Hua Xia boy, I will not let you go as a ghost! As soon as I die, Lord Kitano, the emperor of Japan will find you and kill you completely

"You want to be a ghost?" Ye Chen coldly smile, "you also look at yourself too high, today, I will let your spirit and soul all perish!"

Words fall, ye Chen fingers pinched, a point in Kawasaki right field above the eyebrow!

Kawasaki's right field pupil is constantly enlarged, he can feel his soul as if shaken by a force, a fear from the depths of the dark wrapped him.

Extremely painful, suffering.

He fell to the ground, unaware of life and death.

Ye Chen finished all this, and then walked leisurely toward Lu zewen.

Lu zewen witnessed the whole process completely. He was just an ordinary man. How could he see such a terrible way of killing people!

He looked around, the entire hotel suite, except himself, there was no one alive!

What kind of existence is this man!

Entering the Tianzheng Group, he vaguely knows that this man is the helmsman behind the scenes of the group. His contacts and resources are extremely rich!

Even his boss Shen Haihua is extremely respected!

He thought this man was just a young master of Jiangcheng family.

But who would have thought that this guy was a complete devil!

His body trembled, his whole body was wet, he cried!

Just then, there was a big bang!

Kawasaki right field's body actually exploded and split!

Not only that, a black shadow actually came out of his body, forming a cold face.

Old, but with an invincible momentum.

Ye Chen is also found what, turned around dead staring at that face.

"How could the island state know such a Chinese secret art?"

He had some accidents.

The face looked at Ye Chen and suddenly said, "why do you want to kill my man? And destroy the soul! Isn't it too much! "

The voice was calm but angry.

Ye Chen Mou son twinkles you Leng, way: "passed? Hehe, what are you? "

"Wu Huang society! Takeshi Kitano The shadow is ferocious.

Ye Chen suddenly, light way: "I just say, if your people dare to step into the Chinese half step again, I see a kill a!"

The shadow wanted to speak again, but ye Chen pinched his fingers, and a golden Rune appeared between his fingers!

Directly on the shadow!

The shadow is like seeing something terrible. If you want to escape, it's too late!

It burned up in the air, but also came the sound of hissing.

It's miserable.

At the same time, an ancient building in the island, the Yasukuni emperor's palace.

This is almost the most sacred place in the island.

At the beginning of each year, countless islanders kneel down outside the emperor's palace to seek the protection of Emperor Wu.

Island generals, officials and even prime ministers are no exception!

The power of countless beliefs was born here.

In the emperor's palace, a man sitting cross legged sits on the central cone, and around him there are hundreds of strong men in martial arts clothes holding their breath.

A black force overflows from their bodies, towards the man on the platform.

These forces let the man breath of the cone continue to rise!

Suddenly, the man opened his eyes and a golden Rune appeared on his forehead!

"Poof!"

The strong power of counterattack makes him spit out a mouthful of blood directly! The cultivation is back! Extremely weak!

The strong people around were shocked.

"Master!"

"Master! What's the matter with you? "

Kitano Wu propped up his body, raised his head, staring at the East dead eyes! Roared:

"Huaxia! Why China again

.....

Screen rotation, hotel suite.

Ye Chen has come to LV zewen, without saying a word.

LV zewen is flustered. Now all the people in the room are dead!

He's the only one left!

If ye Chen wants to kill him, he has no way to resist! He could not bear the pressure any longer. He hugged Ye Chen's feet and begged for mercy: "Mr. Ye I'm wrong. I really know I'm wrong! The islanders have been bewitching me, I was blinded by desire! Please let me go! I will do a good job in Tianzheng Group in the future, even without money! "

Ye Chen smiles.

"Do you think you are still qualified to enter Tianzheng Group?"

Lu zewen was stunned and shook his head: "no, no, no! I just want to atone for myself

Ye Chen stepped on his right foot and directly shocked Lu zewen out! The body has broken the two legs of the tea table!

All of a sudden!

"Atonement? Why do you want to atone? "

"I I shouldn't steal the secrets of Tianzheng Group... " Lu Ze Wen Zhan was trembling.

Ye Chen shook his head, sat on the sofa, lit a cigarette, and said, "those secrets of Tianzheng Group are not worth money to me. What is really valuable is the ten lives! "

"How can you redeem these ten lives! Your life is worthless

Ye Chen's voice is so cold! He was born in the killing. He shouldn't have had this kind of fluctuation, but when he saw that someone died miserably in order to leave him with the only evidence, his anger almost went to his head.

Ye Chen doesn't plan to kill Lu zewen. It's too cheap for him.

He wants Lu zewen to watch the rise of Tianzheng Group! He asked Lu zewen to face the resentful eyes of the family members of the dead!

Let this guy live forever in regret and depression!

If Lu zewen does not betray, he Ye Chen can guarantee that within five years, there will be LV zewen in the top circle of China!

It's a pity that he made a wrong step!

Later, ye Chen called Nanjiang Wang: "Jiangcheng Gangri Hotel, 1801 presidential suite, deal with it."

"Yes, Lord."

Ye Chen takes the document back to Tianzheng Group and discovers that everyone is still discussing the emergency plan in the meeting room.

He left the paper on the desk: "it's almost finished. Everyone should go back to rest early."

Everyone's face changed, looking at the papers on the table, in their hearts was extremely shocked.

How long has it been? Mr. Ye actually brought the document back?

Not even the police station.

How did he do it alone?

Ye Chen suddenly thought of what, raised his head, line of sight swept in front of all people.

The scene was enveloped in horror.

"I don't allow anyone to do anything against the interests of Tianzheng Group. If so, get out of here as soon as possible! Otherwise, once I find out, the consequences will be cruel. "

"Yes, Mr. Ye!"

Chapter 152

.....

Tomson first grade.

Sun Yi felt something wrong with Ye Chen from the car.

His breath was very uncomfortable.

"Xiaochenzi, since I'm home, I'd like to make you crayfish, but it's too late today. Tomorrow morning, this fairy will prepare you a super delicious egg fried rice. How about it

Seeing that ye Chen did not respond, Sun Yi said with a smile: "do you feel that there is a snail girl in the room?"

Ye Chen looks at Sun Yi, but her anger disappears.

"You are not a snail girl. You are the Chang'e on the moon. However, Chang'e is certainly not as good as you."

Sun Yi nodded with satisfaction: "xiaochenzi's mouth is very sweet, this palace is very pleased! Well, this palace is going to take a bath and go to bed. Don't you kneel down? "

Ye Chen ignored Sun Yi and went to the bathroom to have a bath.

I feel refreshed.

Good night, he heard another voice from the bathroom.

Ye Chen closed his eyes for five minutes, "creak!" With a sound, the door opened.

A pink figure quietly drilled in, looked at Ye Chen, directly opened the quilt, completely covered.

Ye Chen naturally knows that it is Sun Yi who comes in.

Usually, the girl came in with a quilt, but today she didn't.

Ye Chen thought of something. Just as she wanted to talk, Sun Yi put out her head and said in a soft voice, "Ye Chen, I'll tell you a secret. I haven't told anyone else about this secret. But you have to tell me a secret, OK? It's not fair. "

Ye Chen nodded: "good."

Sun Yi sat up and revealed her upper body.

Her upper body wrapped in a pure white T-shirt, the chest full set off incisively and vividly, the abdomen flat extremely.

It's tempting.

Sun Yi suddenly leaned on Ye Chen's shoulder. Her face was red and lovely. She took a few deep breaths and then said, "in fact I like you. "

"I know."

"Do you know I fell in love with you five years ago?" Sun Yi Tao.

Ye Chen slightly a Zheng, shook his head.

"Do you remember the incident five years ago? When you stood up for me, I couldn't help falling in love with you. I thought it was just a good feeling. But when you disappeared, the whole world looked for you crazily, and I knew I really liked you.

Later, I learned what happened in your family. I was very angry, but my ability was too small to change anything.

I thought I'd never see you again, but I didn't expect you to show up again.

I once made a wish to Bodhisattva. If one day you suddenly appear, I will choose you without hesitation. I want to be your woman

Ye Chen is moved and wants to speak. Sun Yi reaches out her hand and blocks Ye Chen's mouth.

"Listen to me."

"These days are the happiest days for me. I like the sense of security when you are there. I like to call you xiaochenzi. I also like to cook all kinds of delicious food for you all day.

But the more powerful you are, the more I feel small. I'm afraid that you will leave me, and even more afraid that you will not look up to me. There are more and more excellent women around you. I am afraid that one day, I will be compared with them.

So I want to be the first woman for you, so you will remember me all your life. "

Ye Chen took away Sun Yi's hand, touched her soft hair, and held her in his arms. He said very seriously: "no matter how many women I have around me, I have a place in my heart that no one can replace."

Sun Yi's eyes are red, and she is waiting for the answer.

She broke away from ye Chen, took off her T-shirt, a pair of full pop-up, impact on Ye Chen's line of sight.

The next second, Sun Yi's red lips directly kiss up.

Abuse as much as you can.

Ye Chen gently around the tip of her tongue, Sun Yi gently trembling to bear his love.

Sun Yi's body was a little soft and she was singing softly.

Two people lie down with the trend, ye Chen's big hand climbs the towering plump, vigorously kneads.

Sun Yi also took the initiative to take off Ye Chen's clothes and stroked Ye Chen's thigh root with both hands.

Mobilize your heart strings.

Love to the deep, unable to extricate themselves.

When the quilt was lifted, Sun Yi's almost perfect and proud figure was revealed.

Ye Chen's most primitive desire is completely aroused.

Sun Yi looked at Ye Chen in a daze and said shyly, "I want to..."

Ye Chen can't help it any longer, and his body is very warm.

A bright red plum blossom fell on the bed.

Soon the whole room was filled with groans and physical collisions.

The house is full of spring.

.....

Ten o'clock the next morning. Ye Chen had never slept so heavily, and the night's moistening almost lasted until three o'clock in the morning.

He opened his eyes and found that Sun Yi's fingers were playing on Ye Chen's chest.

Seeing ye Chen wake up, Sun Yi shows a satisfied smile.

"Xiaochenzi, I've been late for work. You should be responsible. Shen Haihua has called several times and I've hung up. I guess he's going to be pissed off."

Ye Chen smiles: "you are my Ye Chen's woman now, he dare not be angry."

Sun Yi took a light breath on Ye Chen's cheek and thought of something. She asked, "yesterday I told you a secret, and you promised to tell me a secret. Don't play tricks."

"What do you want to know?" Ye Chen gentle way.

Sun Yi pondered for several seconds and shook her head: "you have too many secrets. I don't know which one to ask. You can choose by yourself."

Ye Chen Mou son tiny MI, open a way: "that I tell you this five years I went where, OK?"

Sun Yi got interested and sat up fiercely. However, she found that she didn't have a piece of clothes. She was a little shy and shrank back.

"Good!"

Ye Chen's momentum changed slightly. He looked at the birds outside the window and said, "five years ago, I fell down in Dongqian Lake and was rescued by an old man. The old man took me to a place called Kunlun Xu."

"Kunlun Xu? Is it in the Kunlun mountains?" Sun Yi tilted her head in a strange way.

Ye Chen nodded: "his entrance is in the depth of Kunlun Mountains, where there are many strong people, and there are all kinds of skills. There is no effect of Chinese law.

There's only one rule there - the law of the jungle

Sun Yi blinked her big beautiful eyes. She thought Ye Chen was joking, but she didn't look like she was serious.

"Can you take me to see it later?"

Ye Chen is stunned and looks at Sun Yi in surprise, and then nods with force.

In the past, ye Chen did not dare to take Sun Yi to the Kunlun Mountains, but now, he controls the reincarnation cemetery!

Behind him stand a hundred ancient great powers!

What fear does he have!

How can fireflies compete with the bright moon!

He Ye Chen will eventually be the bright moon above the sky and despises all living beings!

And the strong inside can only be regarded as firefly light, reduced to foil!

.....

Chapter 153

.....

At the same time, a building in Jiangnan province.

There are seven strong characters on the outside -- Wudao Association of Jiangnan province!

The inscription is actually a Chinese general with outstanding military achievements!

Full of details.

In a hall inside the building, more than a dozen old people sit together, and the atmosphere is extremely dignified.

After a while, an old man sitting on the top said, "who should be responsible for the death of Yuan Jingfu?"

"And! Who should be responsible for Jiang Luozhen's death secretly sent by the Wudao Association of Jiangnan province? Who can tell me! "

It is Tang Ao, President of the martial arts association of Jiangnan province!

189th in the list of Chinese masters! Far more than yuan Jingfu hundreds!

Strength to the sky!

He is also the head of Tang family, one of the top martial arts families in Jiangnan province!

Tang Ao's questions made the air almost solidified. The famous masters in Jiangnan province dare not breathe.

"Are you deaf? Is there no one responsible for this! Is it my fault? "

At this time, an old man stood up: "president Tang, I personally feel that the real responsibility is not us, but the boy named Ye Chen. I have roughly investigated the matter of wudaotai in Jiangcheng. Although there are many doubtful points, it is absolutely related to Ye Chen

Tang Ao Mou Zi congealed and said in a cold voice, "the boy named Ye Chen is just a waste of Ye family. I don't know where to learn tripod Kung Fu and step into the realm of master. I'm not surprised that he killed the two masters in Jiangcheng, but how could he kill yuan Jingfu!

Although yuan Jingfu's strength can not be said to be strong, it is not such rubbish that can be killed casually! "

Another old man stood up and said, "president Tang, there are many doubts about this matter. I heard people who saw him say that Yuan Jingfu blew himself up, as if he had been possessed by a devil, and wudaotai was blown up as a result."

"Self explosion?" Tang Ao waved his sleeve and clapped his palm on the solid wood table. "Yuan Jingfu, as the vice-president of the martial arts association of Jiangnan Province, has a promising future. Facing a garbage, why should he blow himself up? And Jiang Luozhen, who has been hiding in the dark, why would he die?

Obviously, at that time, some people broke the rules and made a rash move! "

The man's face changed and his voice trembled: "president Tang, last night, we brought back a lot of people. We didn't know why. When we asked about the details, we didn't know. They had no reason to lie to us! If there are experts in Jiangcheng wudaotai, it's impossible to hide so many people. This is the most confusing place! "

Tang Ao put his hands behind him, glanced at all the people present and stopped on three of them.

"Marvel! Su yuanxiu! Cui Zhen! The strength of the three of you is in the upper reaches of the Wudao Association of Jiangnan province. Two of you are still vice-chairman. You should bear the primary responsibility for the death of Yuan Jingfu! I now order you to go to Jiangcheng to investigate the cause of Yuan Jingfu's death!

Don't let go of any clues! If there is no clue, bring the boy named Ye Chen to me!

In this matter, this son absolutely can't escape the connection! Even if there is no result, how can I wipe out this rubbish!

We, the Wudao Association of Jiangnan Province, must not die a vice president without any reason! "

"Yes, president Tang!"

.....

Tomson first grade.

Ye Chen and Sun Yi had a long time in bed, because yesterday was too fierce, and it was Sun Yi's first time. Naturally, it was strange to walk. Sun Yi simply asked for leave to rest at home.

Ye Chen doesn't want Sun Yi to walk around, so he plans to go to the supermarket under Tangchen Yipin to buy some ingredients for the evening.

As soon as he arrived downstairs, he found that the mobile phone rang, which was called by Ying Qing.

"Yingqing, thank you for yesterday's business."

At the other end of the phone, Ying Qinglian said, "Mr. Ye, it should be."

"By the way, what did you call me for?"

"Mr. Ye, our dragon soul commando team wants to invite..."

Before finishing, ye Chen felt that it was not a good thing and refused directly: "no, I'm busy shopping."

Yingqing on the other end of the phone almost fell to the ground!

The impulse to smash your cell phone!

You are a world-class strong man, can't you be so playful! How could you even go shopping for your mother's food!

Is this going to be a good man at home?

At the thought of Ye Chen carrying a bag of vegetables leisurely and leisurely picture, and that day wudaotai's strong bombardment to form a sharp contrast.

The corner of her mouth twitched.

"Mr. Ye, it was invited by the chief executive. He has something important to see you..." Should hold to suppress the mood of the heart, try a way.

"No time, that's it. There will be no food in a moment." Ye Chen directly hung up the phone.

Sitting in the car Ying Qing looked at the leader Lei Shuwei in front of him and gave a bitter smile: "chief, Mr. Ye..."

Although Lei Shuwei was a little speechless, he still opened the door and said, "the strong have the temper of the strong. I can understand. I'd better go to find him in person." After a while, Ye Chen found a middle-aged man beside him. He glanced and stopped.

"Why did you call me when you were out there?"

Lei Shuwei smiles awkwardly: "isn't this afraid to disturb Mr. Ye?"

As soon as he said this, Lei Shuwei was helpless!

His identity has always been that other people are low on him and act according to his face!

But now, he wants to see the other side's attitude!

But at the thought of Ye Chen in wudaotai that day, he was a little cold behind him.

Even all the words were very pale at that moment, so they could only use "lying trough!" To vent.

"What's the matter? Come on, I'll help if I can. " Ye Chen Dao.

Lei Shuwei's eyes were happy, and even said, "Mr. Ye, can I take you to a place that won't delay Mr. Ye's too much time. If you want to buy vegetables, I can send the freshest ingredients to the army upstairs."

"Sir, I refuse to go to the south of the Yangtze River for the sake of benefit, sir. It's a good place for me to go there."

"All right."

Ye Chen got on a red flag military customized car and went directly to a small airport. A camouflage military aircraft stopped.

"And a plane?" Ye Chen was surprised.

"Mr. Ye, soon, really won't waste too much time." Lei Shuwei had a cold sweat.

Ye Chen got on the military plane, took off directly and landed slowly after about half an hour.

After getting off the military plane, Lei Shuwei and ye Chen drove a military vehicle into the jungle. After many levels of certification, he stopped.

"Mr. Ye, here we are."

The military vehicle stops and ye Chen comes to a special base.

There are dozens of men with short heads in the base. This is not an ordinary fight!

It's martial arts!

Every body exudes a murderous spirit, and there is a trace of strong energy between the waves!

Although the strength is not as good as him, if these people form a combat team, they will be invincible!

"Is this dragon soul commando?" Ye Chen asked.

Lei Shuwei shook his head: "this team is a mysterious force of China, code name - dragon soul! As for Yingqing's dragon soul commando team, it is only one branch. The dragon soul only obeys the command

of the chief! To defend the dignity of China's land to the death! Deal with all the special problems in China! "

Ye Chen Mou son tiny Mi: "this should be regarded as Chinese secret, what do you tell me to do?"

Lei Shuwei clenched his fist and said earnestly, "Mr. Ye, I hope you join the dragon spirit!"

"No way." Ye Chen refuses decisively and is ready to turn around and leave.

He is used to being free, and no one or any force is qualified to bind him, even the Chinese dragon soul!

Even if the chief invited in person, the result is the same!

At this time, Lei Shuwei said again: "Mr. Ye, I'm not asking you to join the dragon spirit. I hope you can be the chief instructor of the dragon spirit!"

Chapter 154

"Dragon soul chief instructor?"

Ye Chen stops and seems hesitant.

Seeing this reaction, Lei Shuwei thought that there was a drama. He clenched his fist slightly, nodded his head and said, "yes, it's the commander-in-chief of dragon soul. With Mr. Ye's strength, no one in China is more suitable than you."

"No, I don't like being bound. I'm sorry." Ye Chen light way.

With that, he went outside.

Lei Shuwei finally brought Ye Chen here. Of course, he would not let Ye Chen leave. He hurriedly came over and said seriously: "if Mr. Ye doesn't like to be bound, don't worry at all. The chief instructor of dragon spirit is just a title, which represents the affirmation of China to you."

"I can assure you that the Chinese authorities will not have any restrictions on Mr. Ye, on the contrary, they will only help Mr. Ye! Even the people around Mr. Ye will be protected by the Chinese military! "

Hearing the last sentence, ye Chen came to a trace of interest and turned to Lei Shuwei: "what degree of protection do you mean?"

When Lei Shuwei sat in this position, he naturally knew what ye Chen needed. He explained: "for example, Miss Sun Yi and Xia Ruoxue are protected by all-round top snipers. If they are faced with some unavoidable danger, the military will directly kill them!"

"Of course, this is only part of it. Dragon soul will also arrange experts to garrison nearby. If there is any disturbance, it will report to the system of dragon spirit! In this way, the dragon spirit can react in the first place. "

At this moment, ye Chen's eyes narrowed slightly.

He admitted that Lei's offer was very attractive.

This degree of protection is almost comparable to that of some important leaders.

Although encounter the strength of terror of martial arts, or problems, but to a large extent for him to buy time.

Seeing ye Chen's heart, Lei Shuwei continued: "Mr. Ye, don't mind if you say something bad. You have made too many enemies during this period. The martial Road Association of Jiangnan Province, the Qin family of Jiangnan Province, and the Wuhuang society of the island state yesterday, plus some hidden dangers These may not be a threat to you, but they are not the same for Miss Xia and miss sun.

Once you become the chief instructor of dragon spirit, you can mobilize part of the strength of dragon spirit! More can protect the people around you! Why not

The air seemed to solidify and the scene was very quiet.

Lei Shuwei's palms are all sweaty. If ye Chen doesn't agree, he really can't think how to persuade him.

Time goes by like this

All of a sudden, ye Chen looked at Lei Shuwei and said, "what does chief instructor of dragon spirit need to do?"

Lei Shuwei looked at the strong men who were fighting, and said: "it's entirely up to Mr. Ye to decide. Of course, the core is to make those guys stronger! If they are strong, they are strong in China! "

This is Lei Shuwei's biggest authority for ye Chen!

When we were talking in Beijing, those leaders must arrange standards and assessment for ye Chen. He knew Ye Chen's character. If there were any of these things, he would never agree!

So he gave up all the requirements at all costs, as long as ye Chen became the chief instructor of dragon soul!

So far, only three people have seen that video!

He, Ying Qing, and the one in Beijing!

The old man holding Chinese power saw the video and supported him without hesitation! This allows him to withstand the pressure and ye Chen to propose conditions!

"Well, I can be the chief instructor of dragon spirit, but I need two conditions!"

Ye Chen Dao.

Hearing this, Lei Shuwei's blood almost expanded, and a stream of hot blood was burning. He even said, "don't say two conditions, I will also agree to ten."

"First, I have to have enough authority and freedom. I may not come once a year! Second, you must protect the people around me. If you don't, I will leave the Dragon Spirit immediately! Except for special circumstances, of course! "

Lei Shuwei hesitated. If ye Chen came only once a year, how could he make this group strong? It's hard for him to explain.

Ye Chen seemed to see through Lei Shuwei and continued: "I can assure you that as long as I come here once, I can let this group of people kill more than ten strong men on the battlefield!"

"Hiss --" Lei Shuwei took a breath of cool air, and ye Chen was too boastful.

Being strong doesn't mean you can make others strong.

"Mr. Ye, when are you free to start this year?"

Just want to say what, ye Chen has gone to the group of dragon soul soldiers!

"Now!"

Ye Chen opens the gate of the iron net and walks in with Lei Shuwei.

Seeing Lei Shuwei stop one after another, the dragon soul soldiers with a strong breath all over their bodies and pay a standard military salute: "Hello, chief!"

Lei Shuwei and ye Chen came to the middle of the crowd.

Everyone looked at Ye Chen with a little curiosity. In their opinion, Lei Shuwei should have brought new players.

Their eyes are constantly sweeping over Ye Chen, and they don't feel a trace of aggressiveness. Now the threshold of dragon soul has become so low?

This kind of person can mix in?

Some dragon soul soldiers even noticed that the standing posture of Lei Shuwei and the youth was somewhat strange, and began to suspect that the young man might be a relative of the chief executive.

Back door?

There is a trace of coldness in everyone's eyes!

In dragon soul, only advocate strength! And what they despise most is that they have no strength but to come in with the help of relationship!

The young man was undoubtedly the latter

Lei Shuwei felt some discontent in the crowd, so he quickly coughed and said in a loud voice: "please be quiet. I'll introduce you to a man. The gentleman next to me is ye. He will be the chief instructor of dragon soul. You must obey any order of the chief instructor in future! Do you hear me? "

Words out, the entire base fell into a dead silence!

It's like a cemetery in the middle of the night!

The eyes of innumerable double like knives are directed at Ye Chen! A strong pressure towards Ye Chen!

Ye Chen's eyes are flat, stride out a step, both hands bear behind: "Ye Chen, give more advice."

The pressure broke down in an instant.

The next second, the whole world seems to burst, an uproar towards all directions swept!

Chief instructor?

This young man?

He deserves it!

Everyone's eyes are full of anger!

If such people can be the chief instructor of dragon spirit, this is an insult to the dragon soul! This is a blasphemy to the dead dragon soul warrior!

"Chief, I don't accept it!"

A big man came out!

"I don't agree with you, chief!"

A row of extremely terrible dragon soul soldiers also came out!

Their eyes are full of bloodstains, and no impurity is allowed to insult the dragon soul!

Lei Shuwei's face was a little embarrassed. He just wanted to explain. Ye Chen made a gesture to let him not talk.

"Since you don't accept it, you should speak with your strength." Ye Chen light way.

Then, ye Chen pointed to the 20 dragon soul soldiers who stood up.

One of the dragon soul soldiers was angry and said in a loud voice, "don't order! Who do you want to challenge! The dragon soul is not afraid of anyone

Ye Chen shook his head, his eyes swept the audience and said, "you misunderstood me. I'm not going to challenge anyone -"

"I'm going to challenge all of you!"

Chapter 155

At this moment, the whole base was stunned.

Challenge everyone?

With this kid?

They are dragon soul warriors!

Anyone who takes it out is enough to sweep a well-equipped seal team!

Not only that, their martial arts strength is not weak!

Many have even entered the list of Chinese masters! Although the ranking is relatively low, will those who can enter the list of Chinese masters be weak?

And now this ignorant boy boasted that he wanted to challenge everyone?

This is provocation!

This is ignorance!

This is arrogance!

The blood of the dragon soul soldier is picked up by Ye Chen like this!

One of the two meters tall man directly stood out: "boy, although the chief is standing behind you, there are some things you are not qualified to say! What does the word "dragon soul" mean? You have no idea! I have only one request now, to apologize to our dragon soul! And get out of this base

His words were extremely cold, and a strong chill swept the audience!

His name is Gu Dashi. He is one of the strongest warriors of the dragon spirit. He is qualified to stand for the dragon spirit.

Those dragon soul soldiers behind him also shot at Ye Chen, saying:

"get out of the base!"

"Get out of the base!"

If it wasn't for the head's sake, they might have beaten the young man down! The other side does not even have the qualification to fight back!

Gu Dashi turned around and came to Lei Shuwei. He paid a standard military salute and said in a loud voice: "Gu Dashi, the dragon soul warrior, requests the chief to expel this man from the base! The report is over

Lei Shuwei is quite helpless. These guys are really hard to tame. Although they are under military management, they are almost the elite of the army and the ancient warriors. Which one has no pride in his heart!

He just wanted to talk, ye Chen's eyes had swept all the people calmly, and took the lead to say: "dragon soul? How much rubbish do you have that you don't dare to take on the challenge? "

The whole base fell into a dead silence!

Everyone thinks Ye Chen is crazy!

Dare to be crazy in front of the dragon soul soldiers!

Gu Dashi's cold eyes are staring at Ye Chen, hoping to kill him directly!

Dragon soul garbage?

How brave!

"Dragon soul Fang Chao accepts your challenge!"

There is a dragon soul warrior who can't help it any more! Stand up!

The dragon soul again and again to the boy step down, since the other party is not willing to go, then die!

Fang Chao in situ into a shadow, like a cheetah toward Ye Chen.

Speed to the limit!

Those dragon soul soldiers saw Fang Chao's hand and showed a cold smile.

Fang Chao is famous for his temper in dragon spirit. Once he starts, he must beat the other party to the point where he can't stand up!

With Ye Chen's small arm and thin leg, it is estimated that the next life will be spent in a wheelchair!

This is the consequence of insulting the dragon soul!

Fang Chao's strength was flowing. When he was only three meters away from ye Chen, he gave a light drink. He suddenly exerted force at his feet, turned his waist and turned his crotch. He kicked out a leg with the traction of his predecessor!

This foot, as if sweeping the horizon!

What's more, it rolls up the dust around, and it's very powerful!

But ye Chen is standing like this at the moment, not even blinking his eyes.

"I said, to challenge all of you, it's far from enough to rely on you now!"

"In that case, I'll give you the first lesson!"

"The strength is on the toes, and the momentum is in the elixir field!"

The words fall, ye Chen raises a leg, unexpectedly face square Chao's leg and go!

In people's eyes, ye Chen is looking for death!

Fang Chao's strongest is leg skill!

Who dare to meet him!

"Bang..."

Two legs suddenly collide! Make a dull explosion.

Dust all over the sky, wind howling, the scene is extremely messy!

At the moment, Fang Chao only felt an extremely frightening force extending from the lower leg to the thigh, and then from the thigh to the chest!

He even found himself in front of this power, gave birth to a small meaning!

"Bang!"

And he was so angry!

He flew out!

It's more than ten meters! "Bang!" Hit the ground heavily!

Fang Chao stood up with his body in a mess, gasping heavily, bowing his waist, his face showing a painful color, and his body trembled slightly.

"He's strong."

Fang Chao only said these three words.

Everyone was stunned to see this scene!

The face is very pale!

All that remains is awe and dignified eyes!

A move! Just one move!

Fang Chao was defeated! And it's still rolling!

Who could have thought of it!

Key Fang Chao even admitted that the other side is very strong!

At this time, ye Chen stepped out and hooked his finger to all the people: "I said dragon soul garbage, is there anything wrong with it? If you don't accept it, stand up! I accept the challenge from all of you! "

The reason why he said this is to kill the pride of these people!

Otherwise, they will never be in awe of Wudao all the way!

No awe, no progress!

The next second, those dragon soul soldiers move! Gu Dashi also moved!

Dozens of figures toward Ye Chen quickly swept!

Only because this war represents the dignity of the dragon soul!

The other party has provoked to the door. If you don't fight back, the dragon soul is Muggle!

Lei Shuwei looks at the picture in front of him, and his mouth twitches slightly. He challenges the whole dragon soul. It is estimated that only Ye Chen dares to say so.

He was actually a little worried.

I'm not worried about ye Chen's accident, but I'm worried that these dragon soul soldiers are injured and affect the mission!

Chapter 156

On the court.

One after another virtual shadow flickers, roaring momentum, overflowing air waves, let the atmosphere dignified to the extreme.

Ye Chen's hands are negative behind him, and Dantian's true Qi condenses. His eyes are slightly narrowed and he looks at the people who rush over. He is extremely calm.

Suddenly, he moved!

The footstep is nimble, the pace is strange, no one can touch him, ye Chen directly poured into the crowd!

"Bang! Bang! Bang

Ye Chen three fists, in front of a few people directly smash back five or six steps!

But there are too many dragon soul soldiers. Several of them turn their fists into claws and pat them directly to Ye Chen's shoulder!

Seeing that he was about to take a picture, ye Chen's body was slightly on one side, and then the real Qi gushed, and directly buckled on one of the people's wrists!

The powerful true Qi is formed like a huge wave. With his help, the dragon soul warrior lost his center of gravity!

The other party wanted to resist, but when he tried, he found that his strength was gone!

"Bang!"

His body was pushed out by Ye Chen and hit several other people directly!

Gu Dashi saw that eight dragon soul soldiers had lost their fighting ability. He burst out with a roar and his whole body strength burst out with his hands clenched.

Boom

This blow is coming out in bursts of air blast, with great momentum!

Ye Chen naturally noticed Gu Dashi, his eyes a coagulation, this group of people, Gu Dashi's strength is the strongest!

Catch the king first!

Ye Chen's body moves, like a fierce tiger down the mountain, the cheetah preys.

At the moment when he was about to touch Gu Dashi, ye Chen suddenly made a fist. A red evil spirit wrapped his fist, forming a shadow of bloody evil fist!

"Tiansha fist!"

This is the martial arts skill of kunsha Zong Luo Yuntian. He hasn't tried it all the time. Today, it happens to be used!

"Bang!"

This blow out, as if the earthquake split, the blood evil spirit spread to all directions! The overflowing energy even directly hurt the dragon soul soldiers who are closest to the two people and directly overturn them out!

Gu Dashi was even more miserable and in a mess. His body suddenly retreated more than ten steps, leaving rows and rows of deep footprints on the ground! Originally wanted to stabilize the body shape, but still was a stream of blood evil ruthlessly overwhelming on the ground!

Ye Chen's body is constantly swimming in the crowd!

At the moment, he is like a fighting machine. Wherever he goes, those dragon soul soldiers overturn one by one!

Incomparable!

What a mess!

Because the base has a region to simulate the desert fighting area, this war, too much strength, leading to the base of yellow sand all over the sky.

Cover everyone's sight!

Some dragon soul soldiers lying on the ground stood up, trying to see the situation inside, but it was impossible!

Five seconds later, silence returned to the field.

The yellow sand gradually dispersed.

But when you see everything inside, the proud dragon soul soldiers are stunned!

Everyone's eyes stare to the extreme! Is full of horror!

Because of the whole base, all the dragon soul soldiers are down!

There is only one young man standing!

The young man's hands behind him stood upright like a pine tree, and his eyes swept across the hall. A boundless majesty and hegemony spread out.

Like the God of war!

"Hiss -"

all the dragon soul soldiers took a breath of cold air. Who could have thought that all the dragon soul soldiers could not defeat a young man!

It's not that they are too weak, but that young man is too strong!

So strong that even words can't describe it!

"Do you take it now?" Ye Chen opened his mouth, the strength of his words did not cover up at all!

Those dragon soul soldiers are trembling. They have no qualification to refuse!

They stare at the young people standing in the middle, and their pride disappears completely!

All that's left is excitement!

With this kind of chief instructor, they will only become stronger!

Gu Dashi stood up. After a standard military salute, he said in a loud voice: "Gu Dashi, report to the chief drillmaster!"

All the people responded and stood up and reported to Ye Chen one after another!

Since then, the dragon soul only admits one chief instructor, that is Ye Chen!

Lei Shuwei is very satisfied with the result. He thought Ye Chen could not tame the tigers, but now it seems.

In front of a giant dragon, these tigers dare not even have a temper.

This may be the terror of those who are strong in martial arts.

Ye Chen looks at those dragon soul soldiers, but his eyes are actually a little bit unexpected. Although these people have the foundation of martial arts, some of them are even very strong, but their fighting skills are more inclined to traditional killing, without any trace of martial arts skills.

Once there is a martial arts battle, the strength must rise at least one step!

If these people are trained successfully, not only the strength of Huaxia will be much stronger, but also he will have more cards. At present, the hidden power of the south of the Yangtze River is hidden in the south of the Yangtze River.

The development of Tianzheng Group is bound to be terrible, and it can provide him with strong cash flow in the future.

In addition to these two cards, if there is a military background, the mysterious power directly under the central government, dragon soul!

Then his power structure has been initially completed.

These three forces can not only protect the people around him, but also fight against the Dragon Lord who destroyed his life in Yunhu villa!

During this period of time, ye Chen has been asking ye Lingtian to investigate the Dragon Lord of the capital city!

But I don't know why, there is always a powerful force in the way of investigation.

Even ye Chen asked Lei Shuwei, but the answer Lei gave him was not sure.

Because the Dragon Lord appeared in Jiangcheng, in fact, no one knows his origin. Yao Jingu is his spokesman.

From Yao Jingu's attitude, everyone can see that the Dragon Master is terrible, and only knows that he is from the capital.

The water in the capital is very deep. Those martial arts families hidden behind the capital, even the top power in the capital, should give them face.

Even if we use the military data, we can't find any information about the Wudao families in the capital.

Just because they are on the top of China.

And the children from these families and even their subordinates are rooted in the tip of the pyramid in all fields of China!

The clue is completely broken.

Ye Chen is not in a hurry to go to the capital. Although he is very strong now, and even has a reincarnation cemetery against the sky behind him, his wings are not yet full, so he rushes into the capital, and it is not certain that the Dragon Lord can not be seen.

.....

One afternoon, ye Chen almost stayed in the base. Before Luo Yuntian disappeared, a powerful flow of information filled his mind.

Among them, there are many martial arts skills of kunsha sect.

Ye Chen casually took out two ordinary combat skills and gave them to these dragon soul soldiers!

It's ordinary for ye Chen, but it's a rare treasure for them!

Just a few hours later, Lei Shuwei, standing beside him, found that the strength of these dragon soul soldiers was actually rising rapidly!

The progress is terrible!

He clenched his fist and felt that inviting Ye Chen was the wisest choice in his life.

At four o'clock in the afternoon, Ye Chen was ready to leave. He was the chief instructor. The two martial arts skills were enough for the group to digest for a while.

As for when to come next time, it depends on the mood. It may be a month, a half a year, or a year.

He doesn't have any restrictions.

Chapter 157

Back in Jiangcheng, Lei Shuwei took the initiative to send Ye Chen to Tangchen Yipin.

Ye Chen was just about to get off the bus. Lei Shuwei thought of something and quickly took out two things from his pocket: "Mr. Ye, wait a minute. These two things are for you."

Ye Chen glanced and found that they were two small certificates.

One of the books is black and extremely mysterious. When you open it, you can see that there are five characters written on it!

As for the other one, it's green. It looks ordinary, but the content is extremely unusual - Major General rank!

Seal is directly the highest organ of power in China!

Ye Chen slightly a Zheng, the former one is OK to understand, what is the situation of the latter one?

Seeing ye Chen's doubts, Lei Shuwei explained: "Mr. Ye, you can keep the front one. You'd better not show it to others. As for the latter one, it was the result of a consensus discussion between the head of China and several authorities, and can be used in many places. There is no restriction on you, nor will it affect you. This time, China has almost set a precedent. Please don't refuse

Ye Chen originally wanted to refuse, but the other side said so, he nodded and put it in his pocket.

These things are dispensable to him, and it would be nice if he could solve some small problems at that time.

"Gone."

Lei Shuwei looked at the distant figure of Ye Chen and fell into meditation.

This move is a dangerous move taken by China.

The chief executive was under a lot of pressure and criticism.

From the founding of China to the present, there is no exception to this title.

Ye Chen is very strong, but is it really worth that?

That night, he couldn't help but ask the man in Zhongnanhai.

The one who stood in front of the French window only answered him with one sentence: "China has him and is fearless in all battles."

.....

Top floor of Tomson Yipin.

Ye Chen just opened the door and wanted to see how Sun Yi was. As a result, a beautiful image appeared directly in front of the door!

"Sun..." Words to the mouth, ye Chen swallowed again, "if snow, you come back?"

Xia ruoshue is wearing a dress, and she has a charming temperament.

She glanced at Ye Chen and joked, "you can't see it. There's a house of Tangchen Yipin in silence. Why didn't the three of us squeeze into such a small apartment? Do you think being smaller can take advantage of the two girls? "

Don't you laugh at me, I can't take advantage of you

"Puff

Xia Ruoxue laughs, shallow dimples and red lips match, have to let Ye Chen sigh, smile, said it should be this.

"Don't embarrass you. By the way, where did you go today? I didn't see you all afternoon. Sun Yi complained. You went downstairs to buy a dish and bought it for several hours. Fortunately, someone brought it up later. Otherwise, you would be told by Sun Yi later. " Summer snow road.

She was obviously in a good mood.

After the birthday party, her mother told her a lot, but in a short time, she would not be allowed to go back to Jiangnan province.

The only trouble is the Qin family. However, it is said that some important figures of the Qin family in Jiangnan province have recently gone to Mount Emei and have not come back.

Including the young master of the Qin family.

It should be OK for a short time.

Ye Chen glances at it and finds that Sun Yi is cooking inside. The strong smell of dishes can be smelled in the whole room.

There were already several dishes on the table, all of which he liked to eat. After swallowing, he replied, "go to a certain base and help."

Summer if snow nods, also did not think much.

Soon, Sun Yi came out with the dish in her hand: "what are you two doing standing there, eating?"

Her face some flustered, secretly looked at Ye Chen.

"OK."

Three people are seated.

Ye Chen looks at the delicacies in front of him and the two beauties around him. He thinks that this kind of life is also good.

At least not so nervous.

At the beginning, in Kunlun Xu, he even felt a kind of extravagant desire to sleep. Once he closed his eyes, his life would stop quietly.

.....

At the same time, Jiangcheng wudaotai.

The three old men's eyes were fixed on the broken and collapsed wudaotai, and their eyes were serious.

They are the three strong men sent by the Wudao Association of Jiangnan Province, Ma Weiqi! Su yuanxiu! Cui Zhen!

Compared with Yuan Jingfu, any one of the three can only be strong, not weak!

Among them, Ma weiqi and Su yuanxiu are also vice presidents of Wudao Association in Jiangnan province! Special identity!

It can be seen how much Tang Ao cares about yuan Jingfu's death!

"From the perspective of Yuan Daofu's breaking, it's not because of the strong internal force! This kind of power doesn't seem to have been done by ancient warriors. " Marvel frowned."Do you mean that kind of people haunt Jiangcheng?" Su yuanxiu was surprised.

Cui Zhen, who has not spoken for a long time, has changed his face. He knows what the kind of person in Su Yuan's mouth means!

In recent years, they have found that there are not only ancient warriors in the Chinese martial arts world, but also a kind of alien.

Cultivator!

This kind of person can be said to be the highest peak of martial arts, but it is extremely rare.

They didn't see it, they just heard about it.

This kind of people do not know where they come from. Their means are unpredictable and their strength is extremely terrible!

Ma Weiqi shook his head: "not sure, this possibility is very small, if it is the existence of president Tang, it should be able to barely do it."

"Can it be the boy named Ye Chen? According to the survey, ye Chen disappeared for five years. Will there be any adventures in these five years? In five years, you will have the ability to kill the master. There is absolutely a problem! " Su yuanxiu opened his mouth.

Ma Weiqi touched his beard and fell into meditation. For a long time, he opened his eyes and said, "we checked all the information today. There are too many doubtful points. Those Jiangcheng warriors who were present at that time did not accurately describe what happened to Vice President yuan. The only one who can explain all this is the boy named Ye Chen."

"President Tang said, if there is no clue, directly blame the boy! Now that it's a dead end, let's start with that kid. I'm curious about ye Chen's ability to kill so many masters! "

"Good!"

Chapter 158

After a dinner, ye Chen felt satisfied.

Because they are too full, Xia Ruoxue and Sun Yi are going to a new shopping mall nearby.

Although Ye Chen was invited, he was directly rejected.

Ye Chen is going to Jiangbei University. Wang Yuheng's injury in school last time should be almost good.

I don't know how he practiced his "purple cloud running thunder resolution".

If Wang Yuheng practices well, you can ask him if he plans to join the dragon spirit.

As the chief drillmaster, this small stove can still be opened.

Of course, it all depends on the talent and strength of the other side.

Ye Chen came downstairs, originally intended to take a taxi, a Mercedes Benz slowly drove over.

A middle-aged man got off the bus and said respectfully, "chief, do you want to go out?"

Hearing these two words, ye Chen immediately responded.

That's what they call subordinates.

"Lei Shuwei asked you to come?"

The middle-aged man nodded: "the dragon soul, considering the chief executive's trip, arranged a car around. This time, I am in charge. The chief can call me Xiao Deng."

"No problem."

Ye Chen directly got on the Mercedes Benz and said, "don't call me any chief officer later. Call me ye Chen or Mr. Ye."

"Yes, Mr. Ye." Deng returned to the driver's seat and asked, "Mr. Ye, where are you going?"

"Jiangbei University."

.....

Half an hour later, Jiangbei University arrived.

Ye Chen let Xiao Deng wait outside, and he came to the man's roof.

Wang Yuheng had been waiting on it. When he saw Ye Chen, Wang Yuheng was excited: "brother Chen, you gave me that thing too powerful! I'm now training to the first level, and I feel like I'm full of explosive power

Ye Chen looks flat: "you wave a fist to me to see."

"Good!"

Wang Yuheng condenses the only trace of genuine Qi left in the elixir field. With a step of his step, he hits the air with a fist!

There was a faint air explosion, but it was very light and almost negligible.

Ye Chen nodded: "not bad, relying on self-cultivation can achieve this effect, has been very good."

After that, ye Chen took out ten pills and handed them to Wang Yuheng. He said, "if you take one pill every week, you will feel a little uncomfortable, but you must resist it. Then you can run that set of skills, and you will have unexpected gains!"

Wang Yuheng clenched his fist and said: "yes, Chen elder brother!"

He knew that the young man in front of him had completely changed his fate.

Now he has some ability to protect his parents. He hopes that his strength will be stronger, so that his parents will not have to go to the couple's barbecue stand in the morning and night, and no one will bully them any more. At least he is qualified to protect them.

He even sometimes thought that if he didn't stand up and support Ye Chen five years ago, when he was called a waste by everyone, would there be anything now?

Ye Chen instructed Wang Yuheng for an hour on the roof. Seeing that the time was almost coming, he got up and left and asked Wang Yuheng to continue his practice on the roof.

As soon as he left Jiangbei University, an old man stood in front of him.

Although it did not release martial spirit, but a sense of threat came.

It was su yuanxiu, one of the people sent by the Wudao Association of Jiangnan province!

What did Xiao Deng find in the car, he quickly got out of the car and asked, "Mr. Ye, do you need to inform the Dragon..."

"You just stay in the car and I'll be right there." Ye Chen Dao.

With that, he did not wait for Deng's reaction and went to a construction site beside Jiangbei University.

Su yuanxiu's eyes narrowed slightly and naturally followed.

After a while, both of them arrived at the construction site because there was no construction at night. It was very quiet.

Su yuanxiu touched his beard and said, "are you ye Chen? I don't see what you can do

Ye Chen looks cold. He takes out a pack of cigarettes from his pocket, pulls out a cigarette and puts it into his mouth and ignites it.

"Say, who sent you, and what purpose."

His voice is very flat.

No fear.

Su yuanxiu didn't expect that the boy was still so calm and even smoked when he was dying.

How many ancient warriors still smoke?

He looked serious and said, "you have only one choice now. Tell me what happened in wudaotai that day and how yuan Jingfu died."

Ye Chen suddenly, the corner of his mouth outlined a radian, put out the smoke in his hand, and said, "you and that guy are also the same dance company?"

Dance company?

Su yuanxiu was stunned at first, and immediately responded, saying, "it's the Wudao Association of Jiangnan province!"

"Jiangnan Dance Association?" Suyuanxiu was completely angry, his face was red and growled: "Ye Chen, don't challenge my bottom line! I said it last time, it is Jiangnan martial arts association! It's not dancing! It's the word Wu Dao! If you don't answer my question again, I'll make you regret it. "

Suyuanxiu threatened.

Ye Chen nodded with interest and admitted: "yuanjingfu was killed by me."

Suyuanxiu didn't expect Ye Chen to admit that he would be so plump. Isn't there a strong man behind this guy?

Is he going to take all the consequences for himself? He just wanted to ask, and the indifferent voice of Ye Chen continued to ring:

and, you were also killed by me

Suyuanxiu was shocked and there was a strong air in his body: "if you want to kill me, you should have this qualification! If you let the people behind you come to save you, there are still some ways! "

"Since you don't cooperate so much, I will discard your hands and feet today and bring it back to Jiangnan province myself!"

Next second, Suyuan repaired his knee bent and broke out, and the whole man rushed out like a shell!

Speed is very fast, in the moment near Ye Chen, five fingers close together, the strength seems to condense into a blade, mercilessly toward the shoulder of leaf Chen!

The momentum is like a rainbow!

Once it falls, it is enough to cut off an arm of Ye Chen!

This is his famous martial arts - the bone cutting edge!

More is to take this to cut off the arm of the ninety-nine strong people!

It seems that the boy in front of you is about to be the 100th!

"Wow!"

The bone cutting edge has been cut on the arm of Ye Chen!

It's so easy!

But Su yuanxiu's face changed!

Because there is no drop of fresh blood splashing out! And no arms fall!

This is the shadow!

How could it be? This kid is so fast!

Before Su yuanxiu came back, a lazy voice came from behind him: "look at you an old bone, let you move, after one move, you must kneel in front of me and kowtow!"

Suyuanxiu's eyes flashed a little anger, and he ranked 334 in the list of Chinese masters! More than yuan Jingfu a full dozens!

And how can I be insulted by this boy!

He stepped on his steps, the whole man jumped up, and a sharp dagger appeared between the cuffs, which was extremely cold! There is a lot of energy! Turn into a arc of death to wipe away the leaf Chen!

But the result is that even the leaf Chen clothes can not touch!

"One move!"

The cold voice of Ye Chen suddenly sounded, then the foot of the Dragon phantom body decided, instantly appeared in front of Su yuanxiu!

Suyuanxiu felt that he was not right. He just wanted to withdraw. It was too late!

The true Qi of Ye Chen is surging, and it is taken with a strong brake! Take a direct pat on suyuanxiu's shoulder!

"Click!"

Suyuanxiu's whole arm was removed!

Not only that, he also felt a force from the sky down the sea!

He can't hold it up!

"Click!" Two times, his knee is broken, kneeling in front of Ye Chen!

It's not over yet!

Ye Chen grabbed the other party's head and smashed it to the ground!

"I must say ye Chen, after a move, let you surrender, you will surrender!"

Chapter 159

"Bang!"

Su yuanxiu's head fell on the ground.

His face was almost covered with blood.

At this moment, he woke up completely!

There is no strong person behind Ye Chen!

The real strong man is himself.

Yuan Jingfu was killed by Ye Chen!

Wudaotai was also destroyed by Ye Chen!

Who could have thought that a boy of more than 20 years had mastered such unpredictable martial arts strength after five years of disappearance!

His heart set off a storm, the pain on his face let him incomparably sober!

This guy is a pervert, a real pervert!

"Although your strength is very good, but you did not use the most mysterious existence of human body - Dantian, and your body method is too rubbish, garbage to me to kill you, easy."

Ye Chen's faint voice rings out.

If he didn't break through to the aerodynamic environment, he might not be his opponent. But after the breakthrough, plus some memories given to him by Luo Yuntian, his strength has almost changed dramatically!

Su yuanxiu's face was pale, and his endless fear was like a storm, which was raging in his heart.

Dantian!

Body method!

"You You are really a cultivator Su yuanxiu's voice of panic rang out.

Ye Chen didn't expect that the other side understood quite a lot. He buttoned up the other side's neck and said, "how many people come to Jiangcheng this time? Where are they?"

Su yuanxiu did not speak. Once he exposed the position of these two people, he would end up the same as him!

When the time comes, three people from the Wudao Association of Jiangnan province will all fall down. It will be an earthquake for Jiangnan province!

And he was very clear that once he said it, he could not live. After all, he knew the secret of Ye Chen.

Only the dead can keep secrets.

"Are you sure you don't?" Ye Chen didn't expect this guy to be so stubborn that he didn't even plan to beg for mercy.

All of a sudden, Su yuanxiu held out his hand fiercely, and the only remaining strength condensed, "bang!" , slapped hard on his chest!

"Poof!"

His blood gradually came out, the whole person was extremely weak, and even fell to the ground!

"Ye Chen, I will not let you go as a ghost! Besides, if the people of the martial arts association of Jiangnan province know that I haven't gone back tonight, you will surely die! Ha ha

When the words fell, Su yuanxiu vomited out a mouthful of blood and lost his vitality completely.

Ye Chen Mou son narrowed up, looking at the corpse in front of him some dignified.

"I'd rather kill myself than answer my question! It seems that things are getting tricky. "

Ye Chen called Nanjiang Wang and asked him to deal with the body. At the same time, he asked him to investigate all the materials of Wudao Association in Jiangnan province!

This kind of existence must be a threat to him!

Just as he was about to leave, Su yuanxiu's phone rang in his pocket.

Ye Chen a Zheng, the palm of the true Qi condenses, that mobile phone then fell into his palm.

Pressing the answer button, an old voice sounded: "yuanxiu, have you seen the Ye family waste? If the other party resists, don't kill him. President Tang wants to live! "

The other end of the phone saw no movement, felt something wrong, and suddenly asked, "who are you?"

The phone suddenly hung up.

Ye Chen takes Su yuanxiu's mobile phone to the school gate. Xiao Deng is waiting anxiously there.

When he saw Ye Chen coming, he sighed: "Mr. Ye, do you want to return to Tangchen?"

Ye Chen handed the mobile phone to Xiao Deng: "dragon soul should be able to locate the information of the mobile phone number. You can help me investigate the latest phone calls of this mobile phone."

"Yes, Mr. Ye!" Deng said carefully

.....

Tangchen Yipin top floor, secret room.

Ye Chen already has a material about the martial arts association of Jiangnan province.

He thought that the martial arts association of Jiangnan province was just a general force. Now it seems that he is wrong.

The influence of the martial arts association in Jiangnan province is complicated.

Involving twelve Wudao families in Jiangnan province!

Not only that, but also a few of them have no origin, ye Lingtian tried every means to investigate.

The Wudao Association of Jiangnan province has been established for a hundred years with a long history and details.

Every president stamping his foot in Jiangnan province will lead to the existence of the situation earthquake in Jiangnan province!

And this president is called Tang Ao!

189th in the list of Chinese masters! Far more than yuan Jingfu hundreds!

Strength to the sky!

And this is the data of two years ago, no one knows what the strength of Tang Ao has reached in these two years!

Not only that, Tang Ao is the head of the Tang family, one of the top martial arts families in Jiangnan province!

Su Yuanxiu, who he killed tonight, is a vice-president. Like Yuan Jingfu, he ranks 334 in the list of Chinese masters. Ye Chen estimates that his real strength should be before the 300 Chinese masters list, but it is uncertain whether he can reach 200.

So for now, Tang Ao's existence is a threat to him.

Ye Chen put the document aside, took out the black stone, held it in the palm of his hand, a sense of desolation swept over.

The whole room seemed to disappear suddenly, and he was in the Samsara cemetery.

Luo Yuntian's tombstone has disappeared.

The remaining ninety-nine tombstones were almost dim, but only one had a slight change.

The words above are extremely obscure. Ye Chen can vaguely recognize a few words - Chen Qingcang!

As for the rest of the words, he could not recognize them.

Luo Yuntian told him before he disappeared that the ninety-nine people behind him would only become stronger and stronger!

Now, Chen Qingcang should be his biggest card.

But if you want to see this great power, his present state is far from enough!

No longer think about it, ye Chen puts down the black stone and takes several pills. The strong fragrance of medicine explodes in his body. At the same time, he runs nine days xuanyang Jue! A strong breath gushed from the elixir field!

Stepping into the first level of aerodynamic environment, ye Chen can clearly feel that the nine days xuanyang Jue has also changed, as if there is a warm current flowing in the body!

The efficiency of operation is greatly improved!

"Is this the effect of" nine days xuanyang Jue ", or is it because of one's own talent

Not long, ye Chen's whole body appeared a golden dragon virtual shadow!

The shadow of the golden dragon is winding around Ye Chen's body, and the Taoist dragon chant rings out, which is very powerful all over the world.

But ye Chen did not respond at all.

Practice to four o'clock in the morning, ye Chen suddenly opened his eyes, a angry drink, the breath of the body toward all directions to rush!

The whole building suddenly came another earthquake!

But some people don't feel the tremor very quickly.

Even if some people react to it, the tremor is gradually disappearing.

The occupancy rate of Tomson has been greatly reduced since the last earthquake.

After all, all the people who live here are the top tycoons, so it's impossible to live in this property.

The real trouble is the developers, they specially installed a foreign shock detector in Tomson!

This again detected the earthquake, although the magnitude of the earthquake is not as high as last time, but enough to make them disorderly!

Chapter 160

Ye Chen exhaled a puff of turbid air and took the mobile phone.

There were several phone calls in the evening, all of which were from dragon spirit.

Ye Chen dialed back, and Xiao Deng's voice came from the other end of the phone: "Mr. Ye, the information you want me to check has come to an end. The two numbers are located in the Millennium Hotel in Jiangcheng. We have intervened in the hotel system through the military authority. After comparison, we did not find anyone from the martial Road Association of Jiangnan province. It is estimated that the registered hotel information is from others.

One thing is certain, though, that they must stay in the presidential suite at the Millennium Hotel.

We also compared all the flights, train information and the Jiangnan Provincial Expressway. After one night's hard work, we finally found out the specific information. This time we came to Jiangcheng, there were three people from Jiangnan Wudao Association, namely Ma Weiqi! Su yuanxiu! Cui Zhen

"The status of these three people in the Wudao Association of Jiangnan province is not low, and their strength is very strong. Do you need dragon spirit to intervene in the negotiation? The pressure of the Chinese authorities should make them more restrained."

Ye Chen thought, or shake his head: "no, I can deal with it."

"Yes, Mr. Ye!"

Hang up the phone, ye Chen fell into meditation.

Even if I killed these two people, the martial arts association of Jiangnan province will not stop retaliating against myself!

Unless the martial arts association of Jiangnan province is uprooted!

But with his current strength, Tang Ao has too much uncertainty.

He must go to Jiangnan Province, but not now.

At least after Chen Qingcang's tombstone is completely moved!

He has already had a villa bought in Jiangnan Province, and he can live in it at that time.

Moreover, the products of Tianzheng Group will be on the market soon. When they are almost developed, they will naturally take root in Jiangnan province.

In addition, ye Lingtian's influence and the branch of longhun are in Jiangnan province.

In fact, it is more secure for him to go to Jiangnan province than to stay in Jiangcheng.

At present, the most important thing is that the remaining two members of the martial arts association of Jiangnan province!

Kill or not?

All of a sudden, ye Chen thought of something and showed a smile at the corner of his mouth.

He had forgotten one thing. He wanted to keep a secret. Besides death, there was another way.

That is to make them die!

Wuxiangming is the best example.

.....

Millennium Hotel, a presidential suite.

Ma weiqi and Cui Zhen are pacing back and forth, their eyebrows twisted into Sichuan characters!

Su yuanxiu has not come back yet!

Coupled with the silent phone call before, a kind of ominous premonition twined in their hearts.

They can only choose to wait!

I hope Su yuanxiu is delayed because of something!

They wanted to call president Tang, but how dare they call!

If it's an oolong, isn't that tantamount to teasing president Tang?

When the time comes, president Tang will be angry, they will all die very ugly!

"Cui Zhen, the last coordinates of the mobile phone are displayed near Jiangbei University. Have you seen it and found anything different?" Ma Weiqi says.

Cui Zhen shook his head: "I went to see it nearby. There was no smell of Su yuanxiu. I'm not sure whether it was cleared or whether Su yuanxiu left long ago."

"According to Su yuanxiu's character, it's impossible for him not to come back and wait! Something must have happened! " Ma Weiqi's eyes were extremely serious, and he made up his mind to say, "I can't control so much. Since something happened to Su yuanxiu, there must be someone protecting Ye Chen in the dark. With our strength, we are a little tricky. We should inform president Tang immediately!"

"Good!" Cui Zhengang picked up the mobile phone, ready to broadcast the phone, a blade of wind broke through the air!

Directly on his cell phone!

Cell phone burst! To pieces on the spot!

"No, someone's coming!"

As soon as Ma Weiqi reacts, a French window breaks and a young man in casual clothes falls in front of them.

When seeing this young man's appearance, two people's eyes suddenly shrink!

Ye Chen!

It's Ye Chen!

Ma Weiqi no longer hesitates, the hand shot out a flying knife, toward the key of Ye Chen!

He knew very well that since Ye Chen would appear here, it meant that Su yuanxiu was dead!

If you can kill Su yuanxiu, this ye Chen is not as simple as investigating!

Ye Chen stepped on his feet and waved his arm gently!

Something strange happened!

The flying knife is hanging in the air!

"Go away!"

Ye Chen faintly spits out a word.

The next second, the Throwing Knife reverses and breaks through the air!

Cut off maweiqi's beard! And then nailed to the wall, the powerful force even let the flying knife shake constantly!

See this picture, Ma weiqi and Cui Zhen Mou son almost stare out, Leng in the spot! Even breathing stopped!

This is the wall of condensation!

Even president Tang can't do something!

But now it happens to a young man in his twenties!

Weird to the extreme!

They stare at Ye Chen!

Is this still the legendary Ye family waste? Condense the waste of gasification wall!!!

If ye Chen like this is all rubbish, what are they?

Ye Chen directly sat on the sofa, regardless of any reaction of the two people.

What he wants is to shake all people with action and let them collapse and fear!

He raised his head, glanced at the petrified two people and said, "you don't have to wait for Su yuanxiu. He has been killed by me. If you really want to wait, I can take you down and wait. "

The threat is very obvious!

Although Ma weiqi and Cui Zhen are the top leaders of the martial arts association in Jiangnan Province, they feel small in front of Ye Chen at the moment!

The key opponent from entering the room, completely occupied the initiative!

Now the whole house is covered with death on him!
