

## **Physician 1511**

### Chapter 1511

Boom! Boom!!

Boom!!

Bursts of explosions in response to one after another!

Thousands of law enforcement officers in the West were directly bombed into ashes, leaving only immortal tools and rings of heaven and earth falling down!

Boom!!

Boom!!

The Shenwang and Hunyuan immortal weapons began to explode, and the aftershocks were like dozens of top bombs exploding. A breath of extreme terror and destruction spread throughout Tianjian city. The shock wave of weapon explosion swept over 100000 law enforcement officers, including the five elders, as well as some casual practitioners who watched the Opera!

Fifty thousand spirit tools!

30000 pieces of fairy ware!

1500 pieces of King's tools!

Fifty handle Hunyuan immortal weapon, a piece of self explosion, the aftereffect is no less than the self explosion power of a class of time and space soldiers!

In an instant, the blood light and shock wave generated by the self explosion of weapons crushed the law enforcers one by one, and the warriors of Shenwang and Hunyuan were under the blood light!

In an instant, they were crushed into flesh and blood, only high-grade weapons and rings of heaven and earth were left behind!

Thousands of rings of heaven and earth are falling down like rain!

Ye Chen controls the reincarnation cemetery!

"No!"

"Elders

"Joint application of the laws of space and time and the laws of space!" The fifteen elder looked ferocious and roared sadly. The shock wave had already left him in rags and was seriously injured. When the real explosive force hit, his body and mind were shaking and his spirits were shaking. He broke out and resisted with all his strength!

What kind of madman is that king of God Kingdom boy!

Burst so many immortal tools!

The key is that he didn't get so many high-level immortal tools!

Damn it. Once I catch it, I'll get cramps and bruise the bones!

Elder 15's eyes were almost split, and the powerful shock wave first swept him. When the explosion shock wave converged by tens of thousands of forces, it was like a 10000 heavy hammer bombardment, and his whole body was cracking!

Even if it's the eighth order of his virtual body!

It can't be completely blocked!

"Help the fifteen elders!"

"Let's do our best. The body of the fifteen elder is the strongest among us!"

"Give him power! Otherwise, everyone is in danger of being severely damaged! "

The seventeen elder said quickly, and immediately combined with the other three elders of the Dugu family to transfer the power of space law in his body into the body of the fifteen elders!

At the moment, the law of time doesn't make much difference!

The only law of space!

Use the attacking and killing nature of the space law to resist the damage caused by explosion!

"Masked boy!"

"If I don't get hurt badly, I will hunt you down to the ends of the earth to avenge this and shame today's disgrace." The fifteen elder drank violently, and his whole body was haunted by the power of the law of space. In his hand, he controlled a magic tool of combining Taoism and frantically made the edge of space!

Boom!!

Boom!

Bursts of explosions!

The shock wave and blood light, like a combination of volcanic ash and intense luster, swept through the five elders of heydaojing and swept away towards the distance!

Bang bang bang!!

Bang bang bang!!

Then, buildings on the ground collapsed!

All over the sky, there are fragments of broken limbs. No warrior knows how many people have been killed or injured.

But as we all know, today, Tianjian City, Dugu family and Tianxiang pavilion have provoked a vicious stubble, which has caused so many weapons to explode!

This is to die together!

This masked boy!

How can you get so many weapons?

It's OK to destroy a small sect!

One hundred thousand law enforcers fall in an instant!

The rings of heaven and earth on their bodies, because they were practiced by the law of space, were not damaged by external forces. They fell down one after another, but were absorbed by a unique force before they landed, including their unbroken Shenwang utensils and Hunyuan immortal utensils!

Hoo Hoo Hoo!!

Whoa!!

In the sky, the shock wave is gone!

The five elders of Hedao stand in rags and stand in the sky, their bodies are cracked, and the way of God and king are all cracked. They have been injured for thousands of years. Don't try to recover or even hurt the origin!

Ye Chen's tens of thousands of weapons explode!

Among them, 60% of them are against 100000 law enforcement officers, and 40% of their weapons are self exploding. They are all charged at them!

"Ah

"Damn little beast! I will take care of the eighteen generations of your ancestors The seventeen elder's arms were blown off, and he roared up to the sky with grief and indignation. He couldn't help but burst into tears. "I miss Dugu Jade City, and have achieved the goal of harmony for thousands of years, and have been in the western regions for thousands of years."

"When!"

"When it comes to a boy in the kingdom of God, he has insulted me so much!"

"Ah Little beast, if you don't die, I will never die with you! ""Never die!" On the edge, the nineteen elder is also roaring. He has achieved one level of cultivation in the Taoist realm, and his body is more fragile.

Under the shock wave, his limbs are directly broken. Even if the flesh and blood are reborn, the strength of the limbs is far less than before!

He was floating in the air, ignoring the miserable situation below. His grief and indignation were hard to describe in detail!

Ben Chang is always in harmony with Taoism!

Isn't that where you're going?

Who didn't bow and bow when he saw elder Ben?

Which young man saw this elder, not begged to kneel down to ask me to instruct him?

When!

How can I be reduced to such a situation?

Not only he, but also the seventeen and eighteen elders, were indignant. Some of them were angry and the other were ashamed. He was so high that he was attacked by a boy from the five layers of the divine kingdom!

So insulting!

Even if the three rivers, the four seas and the five lakes, it is hard to eliminate the shame!

In the future, how to deal with other elders in the same realm?

"It's over

"It's all over, it's all over..." Sixteen elder's injury is a little better. The four layers of heaven's cultivation in the state of Tao, at least, has not been broken. However, the internal injury is serious. The God King Road is almost cracked, and he is about to collapse!

But he was not in the mood to be angry. He glanced at the law enforcers below!

100000 law enforcers!

No!

None of them. In the explosion just now, none of the law enforcement officers left, and all of them fell down!

The whole Tianxiang pavilion was turned into ashes, with broken limbs everywhere and blood everywhere. Hundreds of Hunyuan law enforcement officers were all under the explosion and fell in an instant! Even if they, alone face, 100% will fall!

What's more, these law enforcers!

Even thousands of scattered repairs were affected, all of which were seriously injured. Thousands of attics collapsed and tens of thousands of houses collapsed. All of these were caused by a boy who was in the fifth floor of the divine kingdom?

"When!"

"God King state, can it be so strong?" The sixteen elders are all down.

As the main force of resistance, the fifteen elder was seriously injured by the shock wave just now. Now he is barely recovering. He is staring at the situation below. His eyes are clear and his body is full of cold. He can't help but take out a token and call on the whole city, "who knows the brute sect just now?"

Chapter 1512

"My Dugu family!"

"A hundred thousand law enforcers have fallen into pieces!"

"Two hundred Hunyuan worshippers, thousands of gods and warriors fall down!"

"This is a grudge. I'll give you an artifact that combines Taoism with the background of the animal's origin and background."

The voice lingers over the sky of Tianjian City, which has not disappeared for a long time!

All the warriors looked at all these things in front of them, but they were still in a daze. Obviously, they had not recovered and didn't feel what was happening now!

Just as a million warriors were shocked and fell into the roar of explosion, a combined Dao artifact rushed out against the sky and flew directly to the five. A Hunyuan battle puppet flew out of the Hedao artifact, and even made Ye Chen's voice!

Ye Chen is controlling the puppet!

"Old man!"

"Surprise or surprise

The voice of Ye Chen's derision appears in the world!

In an instant, the five elders took out the magic weapon of Hedao and fought out, just as if they saw the enemy who killed his father. They gave all their strength to fight!

"I won't fight you any more!"

"Soon, the other gods and princes of your Dugu family will come?"

"So, let's blow it up!"

With Ye Chen's voice falling!

The flying Er pin he Dao artifact exploded on the spot and produced a huge shock wave. It went straight to the seventeen, eighteen and nineteen elders of the early Hedao realm. Although it was only one fifth of the shock wave that had just exploded, it was extremely strong!

"How dare you, little beast

"No!"

"Elder Ben, I don't want to die..."

The sound of several laments came out!

The shock wave of the explosion swept through the three elders who lived in the one or two layers of heaven. They had been seriously injured. The God King Road almost cracked, and their original source was also injured. In addition, their limbs were all broken!

I also have to experience a self explosion of the spirit of the two levels of the Tao!

It's equivalent to resisting the all-out attack of a three-level heavenly warrior in the front!

In this case!

As the shock wave swept through the three people, their bodies turned to ashes in an instant!

He Dao artifact and the ring of heaven and earth in his hand disappear directly and enter ye Chen's reincarnation graveyard!

With a magic tool!

If you change three handles, it's worth it. Maybe there are other magic tools in the three rings of heaven and earth!

This business, absolute value!

As the shock wave dissipated, ye Chen's trace seemed to dissipate between heaven and earth. He only saw a young man in red standing on the edge of the broken house and street. He did not wear a mask, and his appearance and breath were quite different. He stood on the edge of the street and looked at the situation in the sky quietly!

CHEN Ye is!

Ye Chen's lips outlined a smile, whispered: "you don't want to kill me, I will not hit your attention! You want to trick me into coming to the auction and find a chance to kill me? "

"In that case!"

"Then bear my anger

"The three gods and so many masters are enough to make your Dugu family's flesh ache!"

"Two days later, when the auction is held, you will feel more painful!"

After that, ye Chen lowered his head and walked into the crowd. He casually found a still living attic, called a pot of good fairy tea, and examined the situation in the distance!

He didn't notice at all that the brocade box sealed in the samsara cemetery was slowly exuding a trace of original power from the inside.

It's like breaking the seal.

At the same time, a distant voice came from the box.

"Finally, it's time to wait..."

.....

Outside.

Hoo Hoo Hoo!!

Hoo Hoo Hoo!!

In the sky, flash dozens of luster!

In the Dugu family, dozens of Hetao deities arrived. They felt that the three elders of Hedao had fallen down. Even if they were talking with the elders of various sects or with the Dharma protectors of the holy dragon family, they all left everything behind and came in an instant!

Fifteen elder!

Sixteen elder!

The two elders in the middle of the realm of Taoism, alone and widowed, fight against the sky. The second layer of weapons burst their healed limbs again, but they failed to kill them. However, their expressions were greatly changed!

No more anger!

No more atmosphere, no shame!

It's at a loss!

In the blink of an eye, three elders and three friends of ten thousand years died!

Who on earth have we provoked?

Cruel to this point, kill heart so heavy, is the devil?

Is it true that the cultivator or the descendant of the ancient demon God sneaked into our western regions and killed wantonly?

However, why do the descendants of demons have so many spirit tools, immortal tools, God King tools and Hunyuan immortal tools?

Is it difficult!

How many lower sects did this demon descendant rob before he came?

"Damn it, this boy can't be nameless!! It's a pity that his face is covered. The twelve elders of Dugu's family, who came here, trembled with anger. Looking at the two elders who were seriously injured, he said, "you go back to recuperate. This madman, devil, I don't think you will let you go easily."Afraid!

Even the twelve elders are afraid!

A young warrior in the five layers of Shenwang state was surrounded by 100000 law enforcers from the Shenwang state to the Hunyuan realm, plus five Hedao elders. Not only did he not die, but he destroyed 100000 law enforcers and killed three Hedao elders!

Now!

It's not what ordinary Tianjiao can do!

This devil, too crazy, too arrogant!

Since he exploded so many weapons, it's hard to guarantee that he won't continue to attack!

"Yes

"I'll get it later!" 15、 Sixteen elder left quickly under the protection of the other three middle level elders of the harmony realm and returned to the headquarters for healing!

In the sky!

The twelve elders, the thirteen elders and the fourteenth elders of the Dugu family, together with the eleven elders and the ten elders in the middle stage of the Taoist realm, scan around Tianjian City, hoping to catch Ye Chen!

A million warriors below, that's how we react.

Looking at the ruins of Tianxiang Pavilion, the law enforcers everywhere, and then looking at the five elders of Hedao realm in the sky, I feel all these things are very psychedelic. At the same time, I also feel Ye Chen's killing heart and arrogance!

One anger, kill a hundred thousand law enforcement!

The huge Tianxiang pavilion was set on fire. Except for those girls who were forcibly arrested and ran away in advance, the others, from the vice chief elder to the guard, all fell down!

Even, some young martial artists said with emotion: "the cultivation of martial arts should be like the youth in the divine realm!"

"The arrogant warrior!"

"If so!"

"Face thousands of strong enemies without fear!"

"On the contrary, almost all the people of the Dugu family were destroyed!"

Bai Li Yu Yue and Bei Tang are staring at the man with emotion at dawn. It's your highness Youming 19!

Youming 19's highness glanced at everything under him, but he swallowed his mouth and said in praise: "hero! If you practice martial arts, you should be like him. If you are angry and kill 100000 martial arts, you will kill five elders in the same way. Even three of them will be killed on the spot! "

"Ha ha ha ha!"

"Great, great!"

"This man reminds me of one."

"Named Ye Chen!"

"At the beginning, ye Chen dared to fight against the soul hall alone, and the king of God dared to blow up the law enforcers and elders of Dugu family in the headquarters of Dugu family!"

"This is a great talent and a hero!"

"If ye Chen didn't just go into the state of God, I would suspect that the guy in the five layers of Shenwang state was that boy!"

In fact, his highness Youming 19 suspected that the masked youth was Ye Chen.

But he knew that it was too difficult to cross into the kingdom of God!

What's more, no one can cross the fifth level of divine kingdom from the state of entering God in such a short time!

Chapter 1513

Listen to the praise of your highness Youming 19, the other three childe are all creepy!

There are no more than three people in the western regions of Lingwu continent who can let his highness Youming 19 say so!

What is that masked boy's identity!

In the distance, the attic where Baili snow is also shaking, which has restored the situation!

Bai Li Xue glanced around and found that there was no figure of the mask youth.

Even the psychic search has no result.

Looking at the elder of the hundred Li family who came to protect her, she said curiously:

"what about the masked youth?"

"Out of town?"

"This kind of arrogance is resolute, fierce and cruel. Once he grows up to the state of harmony and creation, he can dominate the world and no one can kill him! It is of great help to our hundred mile family! "

"Look for this man as soon as you can! At all costs! "

However, those subordinates did not intend to leave at all. Instead, they said:

"Miss Wu, such arrogance and ruthlessness have offended too many forces! It's better not to have any connection with it. If you offend those guys, something may happen to my Baili family... "

With a long sigh, the guard with the sword swept over the debris and the blood mist floating in the air. He took a deep breath and swallowed his mouth. He said, "we can't afford to offend the mask boy or the Dugu family."

"Especially the masked boy. His temper is unpredictable. If he is angry, the consequences will be too serious..."

That's right!

I can't afford to offend you!

This kind of cruel stubble directly killed 100000 law enforcers and three elders of hedaojing in Tianjian city!

The key is, this is the headquarters of Dugu family, Tianjian city!

The city of Tianjian, where the five elders of the supreme emperor of heaven and the second floor of the creation realm, were all in such a state. If they killed their elders in their old nests, they would disappear without a trace. Even if five elders of hetaojing, hundreds of Hunyuan state and thousands of warriors of Shenwang realm were searched together, no trace was found!

Such skills!

It's a nightmare.

It may even be a cruel person who practices killing way!

Make friends with him, of course, you can trade with him a large number of immortal utensils and King vessels, and enhance the strength of the family!

But if someone in the family offends him carelessly!

Today is the disaster of Tianjian city!

Tomorrow, it may be that we suffered a disaster in Baili city!

Hearing these considerations, bailixue did not speak, but frowned, as if thinking of something.

Somehow, she felt more and more that the mask youth and ye Chen were somewhat similar.

However, she has already ruled out the possibility of being the same person. After all, the two realms are somewhat bigger, and the strength of masked youth is obviously many times stronger than ye Chen!

It can be said that one is the day, the other is low!

The most likely way is to learn from the same school!

She pondered and asked, "is not there a huge hidden sect in the land of practice between Xingchen sea and luochahai, and even several superior sects are suppressing luochahai? Maybe Ye Chen is their disciple! "

"We can make friends!"

"Not bad, too!"

"Xueer, don't mention it for the time being. This person is unidentified. Even if we want to make friends, he won't pay attention to us!" The 19th elder thought: "this young warrior should come to participate in the auction. With this kind of mind, he can't rob the grand auction party!"

"Wait for the auction, this complicated thing is over!"

"Let's talk about the origin of this warrior again."

After that, the elder of Baili family sighed with a long sigh, and looked at the angry Dugu family warrior with a scornful smile on his lips, and whispered: "tonight, I'm afraid it's not peaceful here!"

"In vain, Dugu family is still the closest family to Zhongyu!"

"Grandiose spirit held a grand auction of the six clans. I didn't expect that the event would be smashed before it started!"

.....

This night, it is destined that no one can sleep!

As soon as such a great event happened, not long after, all the big and medium-sized sects in the western regions, and the lower sects, were all soldiers. They kept the treasures brought by themselves all the time. I was afraid to meet the young warrior!

A street!

Ye Chen sits in the teahouse, glancing at the warriors coming back and forth. They are all talking about their own affairs. Without stopping to sketch out a smile, ye Chen enters the reincarnation cemetery and begins to count the spoils!

This time!

Most of them are immortal and spirit tools!

Before I got the Shenwang ware, it blew up a quarter, the Hunyuan immortal ware exploded about a third, and the seventeen Hedao artifact also exploded one. You should explore and explore the harvest of heaven and earth ring!

"Masters, are you ready to explore?"

Ye Chen came forward and took over the account book from the sunlight Buddha. He looked down and was overjoyed. He said, "well, this time it's unexpected joy! The harvest is quite prosperous! After copying the auction of the Dugu family, we can arrange the heaven and Earth Dragon array!" He gazed at Ji Lin, who was sleeping in the distance. He said, "don't worry, Ji Lin, elder brother ye will save you! It's just a thousand demons ginseng, fifty magic weapons and eight weapons of time and space! "

"It won't take long for me to raise the money!"

"At that time, you wake up, I will find you a poison gate inheritance, make you strong!"

After saying that, ye Chen carefully checks all kinds of harvest's immortal weapons and trophies!

Spirit tool, more than 20000 handles!

There are about 70000 of them!

The king's utensil, that is, about 700 handles, has been replaced by half!

Hunyuan immortal ware, 67 handles, more than the ones that were blown up.

He Dao artifact, a total of 15, seven were snatched by Tianxiang Pavilion, five were from the heaven and earth rings of the three elders, and the other three were weapons used by the three elders. They were damaged by explosion, so they can only be regarded as incomplete ones!

"The power is a little weak!"

"It can't be used to set up a large array, so I have 28 pieces of the combined Dao artifact in my hand!"

"If you find another power to trouble you, you may be able to search for a few more magic objects of the same way!"

Ye Chen murmured about the spoils!

100000 law enforcers!

Three elders of Hedao realm!

They were all killed by the blast wave. Compared with the weapons they used, most of them were directly destroyed by the explosion. Almost all the booty they could get were obtained from the ring of heaven and earth. After all, this war made a lot of money!

"Abbot!"

"Be careful"

"now the Dugu family has already reacted!"

Moonlight Buddha hands together, slowly said: "next, the abbot wants to rob the auction, I'm afraid it's not easy! My advice is: first grab all the magic objects of the same way. When waiting for the grand auction, take a picture of the thousand demons ginseng, and then directly fight for the soldiers of time and space

"According to the news from the host!"

"The six forces take out treasures to sell. The buyers are usually top-level families with strength, similar to the collateral of the holy dragon family and the dragon family!"

Chapter 1514

"The two top families have also sent the guardians of Hedao realm. They should carry the soldiers of time and space as the capital of trade. According to the momentum and the details of the six forces, the two top families should bring at least four soldiers of time and space!"

"The headquarters of Dugu family should have three soldiers of time and space!"

"Now, the battle in the northern region is very dangerous, and there are only five elders of the family of Dugu in Tianjian city

"At best, one more creator of the realm of nature!"

"No!" The pharmacist Buddha directly denied, saying: "of course, the two families will not send chemical realm warriors to come here, but the six forces are not necessarily. Each family still has two deities in the realm of nature. It is very likely that there will be two immortals in the realm of nature!"

"Count it out!"

"Three! In addition, some old-fashioned masters of the nine levels of the Tao realm are also holding the goal of seizing time and space! "

"There may be four to five immortals in the realm of nature!"

"Half step into the realm of creation, estimate eight or so, if there is scuffle at that time!"

The pharmacist Buddha stopped for a moment, his eyes sharpened, and he said, "it's better to seize the soldiers of time and space, and prepare to release all war puppets for cover! It's better to make preparations before the auction ceremony starts

Eight arms of time and space!

It's the minimum requirement for setting up the Heaven Earth Sky Dragon array to resist the three heavenly thunder. It's impossible to reduce it any more!

Ye Chen has two weapons of time and space at present, which is obtained from the seventh branch of the soul hall, which is equivalent to six arms of space-time soldiers. At the auction, the two top families will use four arms of time and space to buy many treasures and many immortal materials of the next six forces!

Plus, Dugu family headquarters!

There are three or four weapons of time and space, which is equivalent to Ye Chen, almost equivalent to killing all the soldiers of time and space!

We have to face the five immortals in the realm of nature!

At least eight of them, who have the same purpose as him, are mostly solitary travelers without any sects or even many friends and relatives. They have robbed the space-time soldiers of the six forces, and are not afraid of being revenged. As long as they spend time refining the forces of time and space and upgrading to the realm of nature, their combat power can be increased ten times!

At that time!

Even middle-sized families dare to provoke them easily!

Also because of the rare time and space war, many old brand and Taoist realm God King will start!

Equivalent to, ye Chen needs to snatch food from the mouth of these strong men, and not to seize a handle, is to seize all!

He has to pack at least six soldiers of time and space alone. I'm afraid everyone will think that ye Chen is daydreaming!

"He Dao Shenqi!"

"It is possible to loot those small sects!"

"As for six or seven weapons of time and space!" Ye Chen's eyes twinkled, staring at the four auction tables that have been built in the distance, which are xuanhuang everywhere, according to the level of the auction items and the accomplishments of the guests!

Myself!

Need to end the tianzitai and dizitai, two auction houses to go!

It is estimated that there are about 2000 war puppets, but most of them are in Shenwang state. Even if all of them are thrown out, they can only afford themselves three minutes to delay. Facing dozens of immortal statues and half step immortal statues, it is not easy to solve them!

"Blood dragon and Xiao Huang!"

"At that time, we need their help!"

"It's not difficult to escape. Use the space transmission array!" Ye Chen suddenly thought of the transmission array and said, "ice sword immortal Zun, can you build a small space transmission array?"

"Space God stone, I have captured a lot of them these days!"

After hearing this, Bingjian xianzun took a long breath and said, "I can't do it alone. If all six of them come to help, they can! Small space, but it's not completely stable! "

"Most likely, you're in transit!"

"Directly smashed by some old guys, and then fell out of the void!"

"Not afraid!" Even if they can't kill their enemies for more than a few minutes, they can kill themselves with a smile

"Besides!"

I like it

"Especially at the moment of so many sects, I like it even more! What's more, Ji Lin's problem can't be delayed any more. There are only ten days left for him. Otherwise, he will have to sleep forever! "

Congenital poison blocks meridians!

At most, it can only be delayed for 28 days!

as soon as the time comes, the meridians may break directly, causing the congenital poison to spread in Ji Lin's own body!

At that time, Ji Lin will not die, but will sleep forever and forever, and there is no possibility of waking up. Therefore, ye Chen has no choice!!

"Good!"

"Then I'll start refining the teleportation array!"

"It will take about a day!" The ice sword immortal Zun summoned six gods, gods and Buddhas, and began to take action!"Good."

Ye Chen nods, this time must bear huge risk.

After all, his strength is too weak.

Otherwise, how can we do so step by step?

If he is a powerful immortal, he may be able to suppress everything by waving his hand.

At that time, it would be so troublesome to save Ji Lin?

Ye Chen sighed, and suddenly, the line of sight noticed the mysterious brocade box of the reincarnation cemetery.

Out of curiosity, ye Chen or toward the brocade box.

"What is the origin of this thing? Why did he get it from Tianxiang Pavilion of Dugu family

"Judging from the location of things in the treasure house, Tianxiang Pavilion doesn't think this brocade box is extremely important!"

"I'm afraid the brocade box is only precious to ordinary people, but it is meaningful to me."

"After all, I am in control of the existence of such adverse events as the samsara cemetery."

Ye Chen came to the mysterious brocade box, five fingers a grasp, the brocade box appeared in his palm.

Suddenly, he noticed something and his face changed slightly!

"The power of the source! The power of the origin is flowing in it

In Kunlun Xu, ye Chen knew the horror of the original power!

And his blood is also closely related to the original power!

But the power of the flow of things is still too little!

But I didn't expect that there was a mystery inside the brocade box!

Before ye Chen reacts, ye Chen finds that the power of origin permeates the seal on the brocade box!

The seal was magically untied!

"Click!"

The brocade box is open!

At this moment, ye Chen was excited to the extreme.

I saw a chess piece standing quietly in the brocade box.

The chess pieces seem to be made of special basaltic stone, which is extraordinary!

The whole body is flowing with the power of origin.

And it is engraved with a powerful big character!

"Will!"

Blood red!

Just a glance, ye Chen has a strong sense of oppression!

"This is the blood essence of ancient great powers! Why is it carved on this piece? "

Ye Chen's voice just dropped!

The chess piece suddenly broke! To powder!

Chapter 1515

The reincarnation graveyard seems to be surging with bursts of starlight!

Finally, the light of the stars converged into a shadow.

That's an old man with white hair!

The old man is dressed in Taoist robes, full of immortal spirit! The origin of Zhou is to do our best!

His eyes seem to penetrate time!

The old man glanced around. When he saw the tombstones, his expression was extremely shocked!  
Even more, a voice of surprise came out:

"this This is the samsara cemetery Didn't that guy fail? Did you succeed? "

Then, he noticed what, the sight fiercely falls on Ye Chen's body!

At this moment, ye Chen felt unable to move, as if locked by an invisible force!

"Inside you..."

The old man seems to have been greatly shaken, step out, appeared in front of Ye Chen.

After that, the fingertips slip, and a sword will be formed!

The sword cut Ye Chen's finger!

A drop of blood essence is suspended!

It is flying to the old man's hand.

The old man looked at the blood essence in his hand, and his eyes were full of surprise: "reincarnation blood! Even someone awakened to the samsara blood! "

"That chess game, did not lose! Ha ha ha ha! I knew it

The old man is crazy to the extreme!

For three minutes, the old man's smile stopped and his eyes were burning at Ye Chen!

"It's a pity that it's just a god kingdom! The realm is so rubbish

"And only a small part of the reincarnation blood is awakened. This kind of blood against heaven falls on you, this boy. It's just a cruel thing!"

"As far as your strength is concerned, don't mention the ability to save the hundred tombstones. If those guys realize your existence, I'm afraid they can erase you from the world with one thought."

Ye Chen slightly one Zheng, pour is unexpectedly so unbearable in the old man's eyes!

Just as he was about to ask, the old man said, "what kind of skill are you practicing now?"

Although practicing martial arts is a martial arts secret, ye Chen knows that the old man will not attack him, and the old man is the only one he meets who knows the existence of reincarnation cemetery!

This kind of person must be able to solve his countless doubts!

Immediately, ye Chen arched his hand and said the skill conscientiously.

However, what ye Chen didn't expect was that the old man's expression became extremely strange. Instead, he asked Ye Chen, "you have reincarnation blood, but you don't practice the magic samsara formula? Did no one tell you? "

"No wonder you're just an ant in the kingdom of God! It's not a complete awakening of blood! "

"Boy, do you know that your blood is the existence that countless people dream of?"

The secret of reincarnation?

Ye Chen has never heard of it!

The old man stares at Ye Chen and sighs helplessly. Then he points out that a powerful information flow appears in Ye Chen's mind.

At this moment, ye Chen was completely subdued by the reincarnation formula of gods and demons!

This skill can perfectly integrate the power of all the gods, kings and laws!

Not only that, the speed of absorbing aura is more than ten times faster than any other skill!

At the end of practice, waving is the source!

The gods and demons are afraid!

There is such a skill in the world!

After the surprise, ye Chen quickly looked at the old man and arched his hand and said, "thank you very much."

The old man looked at Ye Chen and sighed: "boy, you don't have to thank me. It's my duty to give you the magic samsara formula, but it's not so easy for you to fully awaken your blood."

"You should be in the western regions of Lingwu now. The western regions can be said to be the weakest place in Lingwu. You are still far away from that group of people."

"Those people won't find you in a short time!"

"But one day, you will enter the realization of that group of people!"

"If at that time, you don't fully awaken your blood, you will die. We don't have to try to save the hundred great powers of the samsara cemetery. "

At this moment, ye Chen seemed to have broken his world outlook and subconsciously said, "is there a stronger existence of the blood spirit clan?"

"Blood spirit clan?" The old man laughed, "what you see now is just the tip of the iceberg, just a blood spirit clan. Do you think you can really trap that hundred people?"

"Behind the blood spirit clan, there is still a giant! From the beginning, the blood spirit clan is just a puppet

"This huge thing, even the ancestors of the dragon family and the holy dragon family should be afraid of!"

"Now, do you dare to fight against that force?"

At the moment, the old man looked at Ye Chen with interest, as if waiting for ye Chen to give up.

In his eyes, even if there is reincarnation blood and magic samsara formula, without a firm heart, it is useless.

Unexpectedly, the next second, ye Chen step out, five God King Road surging out, cold kill intention and determination to cover!

"I don't know who that force is! But I Ye Chen never fear! Even if they are gods in heaven! I Ye Chen also want to set foot on the heavenly palace and break the sky! Step on the path of reincarnation As soon as this word comes out, it seems that ye Chen's towering meaning is felt, and the hundred tombstones in the reincarnation cemetery vibrate!

At the same time, a dragon song and animal roar resound through the sky!

Blood dragon empty shadow sky appears!

The world!

Xiao Huang incarnates as a monstrous beast, ferocious fangs, blue and red pupil, glowing with the meaning of eroding bones.

Awe inspiring to the extreme!

One dragon and one beast guard Ye Chen!

This picture, as if all gods are invincible!

The old man had despised Ye Chen, but when he saw Xuelong and Xiaohuang, he was not calm.

The heart has set off a huge wave!

"How can you have these two guys around you?"

"Who the hell are you?"

He knows the background of Xiaohuang and Xuelong!

Such blood, if awakened and revived, the whole Lingwu continent will surely shake!

At that time, ye Chen against that force, it is not impossible!

The figure of the old man is becoming more and more empty. Obviously, there is a time limit for him to condense.

At the moment, he can only suppress the vibration in his heart and say to Ye Chen, "boy, I'll tell you one more thing."

"It's very important!"

"If you want to awaken your blood, it's not enough to have the magic samsara formula! In this world, there is a strange stone which is consistent with the origin of the samsara cemetery. Ten strange stones have been made into ten earthshaking steles by the top powerful person who also has the samsara blood in ancient times, which is called reincarnation xuanbei! "

"On the stone tablet of reincarnation, there is the power of reincarnation blood!"

"If you find these ten steles of reincarnation, absorb them thoroughly! Blood must wake up! "

"Then you will be qualified to fight those guys!"

"Remember, we must find the ten reincarnation steles at all costs! Wake up to the blood

"Before awakening the blood! Never contact that force! Never! "

"When the world wakes up, it must be blood! Wanxiong is shocked! Demons fear! Nine you wail!  
Thunder robs the sky

"Once in a lifetime!"

Chapter 1516

"On that day, that force will kill you at all costs!"

"What's more, the force is called..."

The old man's words have not finished, the moment dissipated!

Ye Chen helplessly watched the old man disappear, but still did not get the answer.

He shook his head helplessly: "what is that force in the end, even let so many strong fear?"

"However, at present, my strength is still too low, even if I know, it will only affect the heart of Tao, it is better not to know."

"Fortunately, I have the magic samsara formula. If I have a good chance to find those ten reincarnation steles, I may achieve the supreme way!"

"Forget it, go back to the Inn and practice some magic samsara formula."

Ye Chen's spirit returns to noumenon and looks around. He is just about to leave, but suddenly he sees several people!

It's xiuhulan and others!

"Xihulan is not dead yet?"

Ye Chen clearly remembers when the weapon exploded!

He also threw some Hunyuan immortal utensils and Shenwang utensils to Xihu blue!

Unexpectedly, he was not killed, but only two Hunyuan territory elders were killed!

"Since you just attacked me at the critical moment!"

"Well, I just need some more things. I'll take your tiger sword pavilion to open the sword first!"

Ye Chen finished the account, went out of the teahouse, and followed Xihulan's child and scar elder. With his current fighting power and secret arts, ordinary strong people would find him even more difficult!

Now, on the street.

Xihulan's left arm was cracked by the explosion. He was healing slowly. He said angrily, "damn the animal, his life is so good that he ran away. He still wants to blow up this young master?"

"I knew! The sword before will release all weapons, even if it can't be killed, it can hold him back! "

"Lu Zhanyuan may be able to hit him hard. If he cooperates with the elders of Dugu family, it is estimated that he has already killed that boy. Where is the matter of 100,000 law enforcement officers killed?"

He walked swearing all the way, passing by many law enforcers!

Tianjian city is a huge city that can accommodate hundreds of millions of creatures. There are more than one million law enforcers in the city, but ye Chen has already been destroyed! With the operation of other 8.9 million law enforcement officers, the riot in Tianjian city has been calmed down in a short time!

"Young master, the strength of this little beast is strange. Let's not worry about him first!"

The elder scar followed xiuhulan to stop and walk around the streets and alleys, and came to a quiet street. "Those elders of Dugu family, who are equal to the level of our elder, have all died in this boy's hands!"

"Hateful!"

"Sigh!"

"We have to be more careful. If this beast dares to attack us, we will not be able to endure it."

"Hum!" Master xiuhulan flew a passing monk in anger. He took a deep breath and said, "this little beast can't live long. He should be seriously injured. After we go back and explain to the elder elder, we'd better contact several sects to search for the whereabouts of the little beast!"

Find the whereabouts of this little beast!

You can get a magic tool!

And it's not the special god tools of our sect that can add a king to our sect!

Whoa, whoa!!

Whoa!!

Gradually, the two men came to a shining protective cover. Inside was a villa. The warrior of tiger sword Pavilion bought this villa and set it. Even if the array was not strong, it could be broken by attacking with the king of Taoism!

At this interval, they can inform the Dugu family of their support!

At night, the lone traveler fights, and the Dugu family doesn't care!

However, the Dugu family will still be in charge of the small sect coming here!

Just then! A cold voice suddenly sounded!

"You two, are you trying to kill me?"

"I don't like threats. Since you have threatened me, should I erase them?"

Ye Chen appears in front of the two people with a smile on his lips, just like a ghost. He immediately takes a stroke of the divine sword and goes straight to the elder scar!

Hearing this sound, Xiuhu blue and scar elder are all confused!

The whole city is searching for the boy!

Not only did the boy not run!

On the contrary, he died at the door!

Is this really fearless?

However, the cold sword spirit instantly sobered them up!

Master xiuhulan turns around and runs away. Ye Chen can even kill Lu Zhanyuan with one knife. What's the use of him as a God King state guy!

Half a knife is gone!

He crawled towards the shield and took out his token, trying to get in!

On the edge, the breath of the dead sword split into three in the air. The elder scar only blocked two of them, and another one hit him on the shoulder!

Bang!!Scar elder rolled down on the ground, his chest was pierced, but he looked horrified and said, "your strength is not right, that's not your strength!"

Just now, ye Chen can kill Lu Zhanyuan, the peak of Hunyuan's nine layer sky!

Kill him!

It's just a slight injury to him!

It's not right!

Obviously, the effect of the pill to enhance the strength has passed!

At this moment, the elder scar was not flustered, but a cold smile appeared at the corner of his mouth.

He is very clear, this boy not only has no ability to enhance strength, but also must be seriously injured!

"Since you can't do it!"

"Then I --"

the elder scar is getting ready, but he ignores his own change. His vitality is rapidly losing!

"You use silence..."

In a flash, he seemed to be transformed into a white bone from the old man, and then the white bone turned into a ball of powder and floated away, as if he had died for millions of years!

Not even qualified to speak!

This inner elder of the six layers heaven of Hunyuan kingdom!

Fall directly in Ye Chen's hand!

This is the horror of the way of extinction!

"Waiting for you to open the protective cover!"

"Well done!" Ye Chen leaps forward, grabs Xiuhu blue child, and enters the protective cover directly. The next moment, the channel originally opened disappears. In this way, the array can withstand the battle at the five levels of the heaven in the Hedao realm!

It's just what you want!

Get rid of these guys!

It won't be discovered until at least the next day!

"Who!"

"How dare you break into my tiger sword pavilion?"

"Looking for death?"

Three shouts!

The great elder, the second elder and the third elder of Hudaoge rushed out directly. Dozens of Dharma protectors in the later period of Hunyuan state were followed by them. As for nearly 100 junior middle school elders of Hunyuan Kingdom, dozens of young disciples were killed!

The elder looked at Ye Chen, who was wearing a mask. He felt very strange. They had been staying in the room all the time. Naturally, they had not noticed the disturbance outside. Therefore, he said to Ye Chen: "it's only five layers of heaven in the divine Kingdom, and dare to break into the land of tiger sword Pavilion!"

"I don't know what to do! Kill The two elders directly mobilized all the elders to surround Ye Chen. The young disciples all watched the battle. It seemed that they wanted to see how the Immortal King state fellow would die under the elders!

Chapter 1517

God kingdom?

It's not a harmonious realm!

Impact us here, 100% dead!

"Three harmonious realms!"

"107 Hunyuan realm!"

"Twenty divine realms, enter the divine realm!"

"I like this strength. I believe you should have what I need." Ye Chen's lips outlined a smile and ignored the threat of the elder of tiger sword Pavilion. He said, "three gods, please come out and help me block these three old guys!"

He pointed his sword at the other side and said with a smile, "the others, give it all to me!"

"Good!"

"If the abbot has orders, he should obey them."

In an instant, three divine lights emerge from ye Chen's body!

The pharmacist Buddha in the five layers of heaven, the moonlight Buddha and the sunlight Buddha in the four layers of heaven in the same Taoist realm join hands to kill the three elders in the tiger sword Pavilion!

When the three deities and Buddhas appear, the light of Buddha is diffused.

The power is boundless.

But the people in tiger sword pavilion are completely confused!

Clearly, the barriers are all closed, why suddenly there are three powerful gods and Buddhas!

Is this boy summoned by secret method?

This is a strong one in harmony with Taoism!

They didn't even notice it!

See three murders coming!

"Things have changed!"

"All the elders come together!" As soon as the sound of the old adage fell, he was entangled by the pharmacist Buddha. They were inseparable from each other!

Two elders and three elders are also stopped by the sun moon Buddha!

The six gods and Buddhas of the Hedao realm fought each other, and destroyed a large number of houses in a moment. Fortunately, the house was vast and could live thousands of people. There was enough space for them to move around. Otherwise, if they were to fight out and attract the attention of the Dugu family, ye Chen would have to run away again!

"Don't run!"

"You are mine

Ye Chen blocks the three Hunyuan state elders with a sword, turns around and kills three young shenwangjing disciples with one punch across the air!

Tiger sword Pavilion in the western regions of this area, known for burning, killing and looting!

Any disciple's hands are stained with the blood of many innocent people!

Chen's way is to kill Ye!

Just with the blood of these people, sacrifice those who died innocently!

"Kill!"

"Kill this little bastard!"

"Kill this little beast, and then help the elders to solve the three gods and Buddhas!"

For a moment, more than 100 Hunyuan territory elders surrounded and killed, and a handle of Hunyuan immortal tool flew out!

Ye Chen's body looks like a ghost. He quickly escapes from the range of attack. He is close to a group of hunyuanjing elders. His left hand turns the soul killing magic gun, and the right hand uses the Zhushen sword. He displays the sun, moon, heaven and earth, and heaven killing three Jue guns!

With the sound of the road burst out!

The seven elders of the early Hunyuan state fell into Ye Chen's hands!

Bang bang!

Click!!

Ye Chen resisted the attack of the three elders in the later period of Hunyuan state, spurting blood and retreating several steps. He said, "master, give me some strength. I will kill them as soon as possible! Their physical bodies can refine war puppets

"Good!"

"Watch out, don't let the fighting spirit spill out!"

Ice sword immortal Zun mentioned a word, then delivered a force to Ye Chen!

In a flash, ye Chen's breath is comparable to that of a God King in the same level of Taoism. He is more powerful in fighting. He kills the elders of Hunyuan realm just like a wolf into a sheep. He can kill a Hunyuan elder with his fist and foot!

Under Zhushen sword, each sword Qi can kill two or three elders!

With the help of the way of not destroying God and the way of killing God, the gun can pierce three or five elders with one shot!

Pooh!!

Bang!

Poof!!

Countless blood flew out. In the past, tiger sword pavilion was a bullying Hunyuan elder!

At the moment, like a chicken dog, ye Chen slaughtered him!

Thirty young disciples were killed by Ye Chen at the moment of the war!

"No, no, no!"

"Who are you..."

"Why, why should we do this? We have not offended you in tiger sword Pavilion!" The great elder was killed by the pharmacist Buddha and retreated step by step. His body was cracking. He asked miserably, "why? Why? "

"Why do you ask us why?"

"You should ask your Xiuhu blue!"

The chest of the great elder Yijian of the pharmacist Buddha flew with blood. He once again hit the big elder and said, "your so-called young master xiuhulan, in the fierce battle between us and Lu Zhanyuan, he actually attacked secretly, almost seriously injuring our host!"

"After that!"

"I want to search for the whereabouts of our Abbot!"

"So, we have never offended you, and you want us to die everywhere, so, should you destroy it?"

Boom!!As the voice dropped, an explosion came out!

An elder of Hunyuan Kingdom blew himself up!

Ye Chen killed him and blew himself up, but the afterwave still hurt Ye Chen. Ye Chen was faster. He saw 107 Hunyuan state elders. At the moment, there were only more than 40 left. If you continue to fight, the tiger sword Pavilion will be destroyed!

"I see. It's our fault!"

"But can you stop killing me, please..." The elder's eyes are dripping blood. This is my own sect and family property. I can't afford to lose it!

Originally, there were only two God kings in Hudaο Pavilion, but on the day when they came to Tianjian City, the three elders had a feeling and refined an ordinary Hedao artifact. Without death, they directly created the second heaven of Hedao realm!

At the moment, the three elders are fighting with the moon Buddha!

Unexpectedly, it can resist the attack of moonlight Buddha with the disadvantage of two small states!

Moonlight Buddha, the four layers of heaven in the Hedao realm. Even if they have just entered the realm, the three elders have just entered the same realm. They have a hard time fighting. In such a scene, the elder Hu Dao Pavilion and ye Chen are both a little strange!

"Three gods, poof..."

"Everyone, we are willing to hand over our things. Please let us leave the tiger sword Pavilion!"

The elder's words were pierced in the chest by a sword of the pharmacist Buddha. The body of the seventh stage of the virtual body was extremely weak. The ice blue blood was scattered in the air. The blood condensed into crystal in the air. There was no smell of blood. On the contrary, it was a bit sad!

Bang bang bang!!

The pharmacist Buddha attacked with all his strength, almost crushing the elder.

"Ladies and gentlemen..."

"We are willing to surrender. Don't kill any more..."

The elder is really going to cry!

Although they killed a lot of people in tiger sword Pavilion, they didn't dare to attack them like this!

I thought I could gain a lot when I stepped here!

But I didn't expect that all the people in tiger sword pavilion would fall here!

So far, they have not understood what kind of blood feud between Tiger sword Pavilion and the three gods and Buddhas!

The elder's body fell on the ground, and the buildings on both sides were swept away by the sword spirit. Although the elder of the three layers of Hedao realm had entered the Hedao realm for a long time, the pure power gap made it difficult for him to stop the fierce attack of the herbalist Buddha. He could only beg for mercy and fight against it!

Bang bang bang!

Click!!

On the edge, countless blood gushed out!

Chapter 1518

Ye Chen shoots a Hunyuan elder with a single shot, turns around and penetrates two mid Hunyuan elders with one sword. Killing the elder is as simple as killing a chicken. He directly ignores many space rules and forcibly breaks into dozens of Hunyuan elders to kill them!

"No, no, no..."

"Who on earth have we provoked?"

"What's the matter? Who provoked such evil spirits and demons?"

The two elders of the tiger sword pavilion are about to split their eyes. Even if their limbs are broken, they are still unable to escape from the attack range of the sunlight Buddha. It is difficult to rescue the elders of Hunyuan state. They are filled with grief and sorrow!

Their tiger sword Pavilion!

Although there are a lot of magic weapons escorted to us, they are all special types. Ordinary martial artists in Hunyuan can't use them!

In this way, when they came to Tianjian City, they were careful!

Since there has never been a wanton act, why has it been attacked by such extinction?

What did they do wrong?

Why offend such a powerful existence?

Fortunately, the tiger blue child and the scar elder have already fallen, otherwise if they live, they can let the three elder and the big elder of sad ran die alive!

"Beg for mercy?"

"How to seek forgiveness?" Ye Chen suddenly stopped the killing in his hand and hit it with one hand. Dozens of Hunyuan state elders were shocked back. He looked at the elder in the distance and asked, "how do you want to beg for mercy?"

Since the other side asks for mercy!

The key point is to combine the Taoist realm with the God King, which is quite rare!

The Dharma of Buddhism and Taoism can be used!

"My tiger sword Pavilion is willing to belong to you!"

"Please kill us

The elder is black and blue all over, so he has to hold his fist and beg for mercy towards Ye Chen!

Correspondingly, the two elders and the three elders are also pressed by the sun and moon Buddha. The three elders of tiger sword pavilion are all suppressed in front of Ye Chen!

"Since you ask for mercy!"

"I'll take it too!"

"Bloom out of the depths of your spirit. I'll set a ban, and I'll die around you!" Ye Chen has never been a soft hearted person. Although most of the elders in the tiger sword pavilion have no intention to kill him, master Hulan has already intended to kill him and take action!

All the people in tiger sword Pavilion will follow each other!

All right!

Start ahead of time, turn the three elders!

It's also very useful for robbing Dugu's auction!

"This..."

"Good..." The elder sighed and looked at the second elder and the third elder. "Our tiger sword pavilion has offended this elder, and our skills are not as good as everyone else. Maybe this can help us to retain some foundation in the tiger sword Pavilion!"

In Lingwu land!

Nothing is wrong, the only mistake is that the strength is not enough!

Practice together, set foot on the road of heaven, compete with all things in the world, fight against countless people of the same way, and seize resources!

Who is strong, who is justice, who can control other people's lives, such as ye Chen!

If ye Chen had no reincarnation graveyard today, he would have been the one who knelt on the ground and opened the forbidden spirit! Whoa, whoa!!

Whoa!

Gradually!

Behind Ye Chen, there is a Dao of Du Hua Shen Wang Dao (Buddha door god Wang Dao). The luster of Dao Dao Dao Bai Zhi leaps out at a very fast speed, and directly flows into the spirits of the three elders. At the same time, the assimilation destroys the original subject consciousness of the three elders!

Soon, the three elders recovered a lot from their injuries. They were surrounded by countless Buddha lights, which made them very peaceful!

The eyes are no longer pure. Although they are living beings, they have no ability to think independently. So they hold hands together, bow to Ye Chen, and mechanically say, "master!"

Du Hua!

It can be used for all living things in the world!

After that, he was just a living dead man, and a thorough audience gave out the orders of the humanized people, just like the three elders. He would not have any rebellious heart!

"Who in the end ruined our tiger sword Pavilion..."

"The three elders have been transformed, and we are also..."

In the distance, the 23 surviving hunyuanjing elders of tiger sword pavilion are all gloomy!

Now, the three elders of Hedao have been Douhua, and the rest of the eldest brother has been killed, and the elite disciples have been burned. Since then, the tiger sword pavilion has declined, even if it is inferior to the third class sect!

Whoa!

Whoa!

Ye Chen, in charge of more than 20 Hunyuan elders, exerted his own power of Du Hua, which also made them more comfortable. He said happily, "the method of Du Hua is really better than the one printed by the sword of heaven and earth."

Qiankun sword seal is a forced seal, which is equivalent to placing a bomb beside the enemy!

The enemy rebel, he will know, but also can detonate the bomb, kill the enemy!

However, Du Hua is different. It is impossible for the warrior to worship ye Chen from the bottom of his heart!" Abbot!"

"All the treasures in the auction of tiger sword pavilion have been searched out!" The moonlight Buddha took out two Heaven and earth rings and handed them to Ye Chen. He couldn't help laughing and said, "I didn't expect that there would be a special magic tool for combining Taoism in tiger sword Pavilion. It seems that the success rate of this arrangement of Heaven Earth Sky Dragon array will be greatly increased!"

Special magic objects of the Tao?

Ye Chen was stunned. The power of the spirit scanned the inside of the ring, and asked, "masters, what's the special magic tool?"

"Special magic tool of the way!"

"It refers to the combined Dao artifact which contains nine forces, such as gold, wood, water, fire, earth, light, dark thunder and wind, in addition to the pure law of time."

The ice sword immortal held up a light green artifact and said, "the common combined Dao artifact is only made by the monster beast in the realm of harmony, or the heart core and demon core of immortal beast and Warcraft, combined with some demon clan limbs and weapon refining materials!"

"As for grades!"

"The level of the center core and the demon core of the Hedao artifact is the level of the demon beast. The higher the level of the demon beast, the stronger the artifact will be created!"

For example, if you kill a monster of three layers of heaven, you can refine the three levels of Taoist artifact!

Kill the immortal beast and Warcraft of the seven levels of heaven in the realm of Taoism, and you can also refine the seven level Taoist artifact!

Ye Chen was stunned. He turned to Zhu Mie Shen Jun and asked, "once, forging master, he was able to refine the magic tools of the way. I remember that there were not so many ferocious beasts in the realm of Kunlun."

"Disciple

"That's what you see now!"

"Ten thousand years ago, Kunlun Xu was like the land of Lingwu, where there were immortal beasts and Warcraft!"

"Finally, ten thousand years ago, the master of Kunlun launched a peak battle and slaughtered all the beasts above Kunlun's spiritual realm!" "At that time, all the collected demon cores were put in a deep air not far from danxu town!" he said at that time

"Everybody knows it too!"

"However, Chen Anping is the only one who is qualified to use it!"

"with a large number of animal demon cores in harmony with Taoism, plus a part of the law of time, he can create a lot of magic tools of the way!"

Chapter 1519

He Dao artifact!

The reason why we call it "harmony" is to combine the body with the road.

Must contain the extremely strong strength, as well as the time rule!

What is the source of strength?

It's the core of the monster that has been hunted! The law of time is something that allows the warrior to produce the power of the law of time in his body, so that he can cultivate himself!

"Common magic objects of the way!"

"The strength comes from the fierce beast, so when fighting, if you break out with all your strength, you will see the shadow of the fierce beast!"

"As for the special artifact of syncretic Tao!" With a smile on his lips, the ice sword immortal said: "that is the Hedao artifact that is not made of beast heart core and demon core, but is made by five element source stone and wind and thunder light and dark stone!"

Hearing the explanation of the ice sword immortal, ye Chen was in touch with the special Hedao artifact. He found that there was not the strong and powerful Qi and blood power of the ordinary Hedao artifact. Instead, there was a gentle water spiritual power and part of the time rule!

Ye Chen carefully inspected the eleven special magic weapons collected, and then he understood: "although the special combined Dao artifact has strong attack power, it does not have the Qi and blood power of demon beasts, so it can't transform the top martial arts in Hunyuan state!"

Between the special and the ordinary!

But the way of refining is different. The former can't break the boundary, but the combat effectiveness is much stronger than the latter!

The former is used to set up the array, which is the best!

"Tiger sword Pavilion, we should have found these special magic objects in some ruins!"

"But it's bad luck. It's a pity that we can't let the elders in the door refine and promote them without holding the eleven handles Ye Chen suddenly smiles and puts away all the booty. At the same time, several masters are refining Hunyuan battle puppets!

He glanced at the huge villa and said, "you three, each lurk!"

"I'll have an order for you in two days!"

"Yes, master!" The three elders of Mona nodded and looked for places to hide. The God King of Hetao wanted to hide. If not, no one would find their trace.

Ye Chen changed a robe and walked out of the villa without any wonder and walked towards other places. On the way, he said: "Duhua God's way!"

"Maybe I can talk to some of the God kings of the demon sect!"

"At that time, not only war puppets and immortals will explode themselves, but also these God kings who have been transformed by me!"

"It can also be used by me to resist those old monsters!"

The immortal statue in the realm of nature!

With all one's strength, even if ye Chen has reincarnation, the graveyard has no confidence!

What's more, there are as many as five people in this auction, as well as some ruthless solo travelers from the nine story heaven of Hedao realm. At that time, he will be the biggest target!

There's not enough preparation for the backhand!

That's death!

In the reincarnation cemetery, the nine dance God King said: "disciple, the reincarnation cemetery has explored more than a hundred evil schools that have come to Tianjian city!"

"They can be tamed

"They usually practice by killing animals. They should be killed. We can help you!"

"This night, perhaps we can spend a lot of harmony, two days later the action will be better!"

"Good!" Ye Chen gets a lot of master's words and goes to the address of many evil sects!

All the demonic sects entering Tianjian city have bought houses in the city. They are also equipped with protective covers to block the fierce attack of the God King of Hedao!

Of course, ye Chen took advantage of these evil sects in and out of the normal time, directly mixed in!

Night to midnight, then to morning!

Ye Chen doesn't know how many magic warriors he has influenced.

Buddha and devil are irreconcilable!

If he becomes a Buddha, there will be no devil in the world! If he becomes a devil, what about Vernet!

This is the theory of Buddha and devil.

Of course, the good thing is that the magic sect of Tianjian city is not strong, otherwise ye Chen can not easily influence.

If the demons, or the top of the evil sect, ye Chen has not yet applied the way of Du Hua God, he will be killed!

What happened inside and outside the cover, basically nothing happened inside!

As ye Chen attacks the last sect of the demon sect, an elder of the heaven demon sect explodes and breaks the outer protective cover, which attracts the attention of other warriors!

Boom!!

A violent explosion spread, the force of the law of time, with the flesh and blood and the afterwaves, caused the protective covers of other sects' houses around to shake violently, and even the houses in the civilian areas hundreds of miles away collapsed in large areas!

All warriors look up at the sky!

Under the rain of blood, the power of dissipation, let his heart tremble!

In the distance, a hundred miles of snow in Tianyue Pavilion gazed over, her body trembled slightly, and her face was at a loss: "how could it be that there was a God King of the same way in the city, and it exploded!" "The God King of the state of harmony explodes! Heaven and earth cry, God and King's way is broken, completely cut off all opportunities of reincarnation and reincarnation!" On the edge, the elder of the Baili family suddenly felt some sympathy. He took a long breath and said, "it's the second elder of the demon sect. He was forced to blow himself up!"

"On that day, the elders of the evil sect liked to kill, but they destroyed many sects. Many of them in the western regions were extremely afraid. How could they be reduced to this place today? What's the matter?"

Blow yourself up!

Not killed, not suppressed!

The spirit and spiritual power of the whole body will be turned into the strongest attack to make the same death attack!

At the cost of completely disappearing between heaven and earth, send out this attack!

"Who is it?"

"So cruel, actually killed the evil road sect, but also forced a demon road to join the road demon king to explode?" In the distance, the hearts of countless warriors are full of doubts.

Before that, the youth with mysterious mask killed Tianxiang Pavilion and the elder of Dugu family. Now, the elder of Tianmo sect blew himself up, and everyone felt a sense of death.

All people are covered by an invisible fear! The worst!

Is this auction in the western regions going to be a big event?

At the same time, it's a hundred miles away.

A veiled girl rode a high-grade monster to the direction of the western regions.

The girl was full of ice.

With a white skin maid.

What's more strange is that the cultivation and breath of servant girls are even higher than that of girls!

The masked girl is Wei Ying!

"Bai Er, how long is it from that place?"

Bai Er took a look at the map, frowned, and then respectfully said: "palace master, it will take about half a day."

"Palace master, that's just a hearsay. What if ye Chen is not the one you want to find?"

Wei Ying smiles and looks at the bracelet on her hand and murmurs: "it must be him."

.....

Chapter 1520

Bai Er looked at Wei Ying and sighed.

Originally, they had other things to do. After all, the palace master's mission is to restore the palace of juechan emperor.

Juechan emperor palace, as the forbidden fish of numerous top forces in Lingwu mainland, must act in the dark.

Otherwise, once known by those forces, they will be pursued and killed crazily!

However, when the palace Master heard a word about ye Chen, he kept coming towards this side.

Very decisive.

A little bit of the news from Yidi of Bai Yier.

Enter the divine realm, even the divine realm!

She really can't understand why the palace master cares about a person with such accomplishments.

Later, however, the master of the palace will step into the realm of Taixu and achieve great achievements.

After all, the imperial master's blood against heaven, and even the inheritance of juechan emperor's palace, are doomed to overlook the whole Lingwu continent.

But now, does the palace give up the revival of juechan palace mainly because of men and women?

It's not worth it.

Wei Ying seems to be aware of Bai er's eyes. She turns her eyes and says, "Bai Er, do you have something to say to me?"

Bai Er Meng shook his head, and then he nodded fiercely. He stammered and stammered: "master of the palace, Bai'er has a sentence. I don't know whether to say it or not."

The cold wind blows Wei Ying's veil, revealing a cold and beautiful face.

"Say it."

An extremely crisp voice.

There's no temperature.

Bai'er finally said: "palace master, your destiny and starting point are destined to surpass the genius of the whole Lingwu continent."

"It can be said that you are now the leader of juehan emperor's palace, the head of the holy dragon family and even the dragon family. When you see you, you have to bow to your knees."

"Your identity, you should not go to the man named Ye Chen."

"Instead, you should put your energy into practice and search for the secret of juechan emperor's palace in Lingwu land."

"Although Bai'er doesn't move the feelings between men and women, Bai'er knows that cultivation and strength are the foundation of Lingwu's survival."

When Wei Ying heard these words, she didn't understand her smile

"Although his present state and strength are not high, she will definitely affect the situation in Lingwu mainland in the future! Even, the establishment of the palace of emperor Jue Han must be helped by this man! "

At this moment, Bai'er was completely stunned.

The building of juechan emperor palace needs the help of a god Kingdom boy?

Are you kidding?

What can shenwangjing do?

Even when she waves her hand, she can suppress the existence of the peak of the divine kingdom!

Bai'er still wants to say something, but Wei Ying interrupts: "my affairs, don't need you to worry about."

"What's more, this time, I didn't mean to go to see the boy, but in the depths of the western regions, there was something from my juechan palace, which I naturally wanted to get."

"Let's go."

With that, Wei Ying rode away.

In the blink of an eye, it dissipated in the world!

.....

At the same time, Lingwu mainland, western regions, Tianjian city.

The whole city of Tianjian is completely fried!

A demon lord was forced to blow himself up!

What a cruel means it must be!

What kind of devil's hand did he force a demon lord who killed countless people to blow himself up?

The shock wave of the God King's self explosion was just like the second sun. Its luster covered all parts of Tianjian city in an instant. Tens of millions of living beings were not enough to look up at the flying light, and his mind was shaking!

"Who dares to violate the law of Tianjian city?"

"What a thief, how dare you be so arrogant

"Who!"

"Who is the killer in spite of the order of our immortal?"

The sound of several violent drinks filled out, followed by the seven God light column!

In the Dugu family, seven God kings of Hedao were killed against the heaven and went straight to the address of Tianmo sect. Each of them was a God King in the middle of Hedao Kingdom, and even the supreme elder of xianzun Kingdom looked at him!

Who is it?

Even before the grand auction began, did he force a demon lord to blow himself up?

Is it an antique of the nine story heaven in Hedao?

Or a lone traveler?

Countless martial artists guessed the identity of the assailant. Who would have expected that ye Chen, dressed in rags, leaped in from an inn on a dozen streets away from the address of the demon sect.

His body was scarred and his clothes were stained with blood.

The injury was very serious.

Ye Chen breathed heavily, swallowed several pills, and sat cross legged.

Just want to run the skills, but found that the movement of skills, the injury is more serious.

"Damn it!"

Suddenly, ye Chen eyebrows a pick, thought of what! Now that he has mastered the magic formula of reincarnation, he should abandon all the skills, and it is the king's way to major in it.

After all, this skill may be the most suitable for his existence in the whole land of Lingwu!

It is also one of the keys to open his reincarnation!

No longer think, ye Chen according to the information in his mind began to run the magic samsara formula.

At the beginning of operation, it is extremely difficult.

He spat out a mouthful of blood.

The magic samsara formula is against the heaven, but it is far more difficult than other skills!

Ye Chen didn't give up!

Keep running!

I don't know how long it took!

Ye Chen's elixir field actually appeared a wisp of tiny original gas!

Although it is only a prototype, but it does exist!

"Is this reincarnation formula of gods and demons the ancient anti heaven level skill? If my elixir field is full of the original Qi, what are the blood spirit family, soul hall, and immortal respect

Ye Chen's ecstasy!

Not only that, he also found that his injury recovered very quickly by using the magic samsara formula and combining the way of God and king!

"Is it this divine and evil reincarnation formula that has thoroughly inspired the reincarnation blood in me?"

"If I find the ten reincarnation steles, will my reincarnation blood be immortal?"

Ye Chen tasted the sweetness and began to run the magic reincarnation formula madly!

This is the key to the auction!

.....

The address of the demon sect.

"Who did it?"

"Say it

"Who did it?"

Several elders of the Dugu family watched this scene, and the address of the demon sect turned into ashes, and almost all the demons disappeared. There was a stream of blood on the scene, which was terrible. In the past, we could only see the scene when the Tianmo sect slaughtered other sects. I didn't expect that it happened to the Tianmo sect itself now!

"It's just killing the demon king and exploding!"

"What about the other five demons of the demon sect?" On the edge, the fourteen elder flew out to investigate all this in front of him. He could hardly believe it was real!

Tianmo sect is one of the ten lower sects of Dugu family!

In the sect, there are eight harmonious Taoist princes. Six of them came here. Unexpectedly, one of them blew himself up and the other five disappeared!

"Report to the elder!"

"A group of people from the demon sect, according to the records of entering the city and the present corpse records!"

"Come to Tianjian City, there are 137 Shenwang state disciples, 47 Hunyuan state disciples, and 6 Taoist realm disciples!"

"Now, except for the bodies of five elders of Hedao realm and thirty of Hunyuan realm, the rest have fallen down!" On the edge, the Dharma protector of the Dugu family's Hunyuan realm replied!
