Chapter 1521

Bodies?

Remains?

The ruins are full of ruins. Where do we need remains?

It is estimated that they have been beaten into flesh and blood, blood foam!

"Who is it?"

"With such a strong fighting capacity, we can kill the demon sect overnight?" The spirit of the fourteenth elder was trembling. Tianmo sect, there was a harmonious demon king with his cultivation. Such a powerful Tianmo sect was destroyed overnight!

So!

How does the Dugu family control Tianjian city?

Can it be the same as before?

"The bodies of the five hodo masters are gone!"

"Could it be that they were fighting against each other?" Asked an elder!

"Not necessarily! Although the Tianmo sect respects force, it is impossible to kill all its disciples and a few elders even if it is internal strife! "

The fourteenth elder sighed, and the imperial air glanced at the hundreds of protective covers around him. His heart was shaking, and he said, "we must send an order to the elder Taishang immediately. The demon sect is not fighting within itself."

"There must be the king of the gods coming!"

"The king of God?" The twenty elder changed his look and said, "do you mean that the old monster, which is between the state of creation and the state of harmony, is only one step away from the door and has accumulated a great deal, but there is no time and space force?"

Such a warrior, such a cruel man!

Generally, they are old monsters with no background, no backstage, and even unwilling to work for big families!

After tens of thousands of years of promotion to the peak of the nine layers of heaven in Hedao realm, the five elements principle has been thoroughly understood, but there has been no breakthrough in the force of time and space. As a result, their combat effectiveness is much stronger than the new-born nine layer heavenly warriors in Hedao realm!

These warriors!

Also known as the Supreme God King!

"If a supreme God comes!"

"Well, the people of the demon sect died unjustly!" Twenty elders immediately ordered the other elders, saying: "order down, always ready, in case of the Supreme God King attack!"

Immediately, an elder faced the surrounding martial artists and declared: "the Tianmo sect was attacked by a supreme God King, and the whole sect has been annihilated. We will negotiate with the leader of the demon sect after the auction is over!"

As soon as you say that!

The whole Tianjian city is shaking!

"Tianmo sect, this is not an ordinary small sect. I heard that it is a sect with similar strength to the middle power."

"But in Tianjian City, he was killed by the Supreme God King."

"I'd better hurry back and reinforce the protective cover. When the auction is over, I'll inform the left behind warriors of the sect to meet us immediately."

Many of the martial arts people talked about it in succession. They fled and went back to their own homes!

Some casual practitioners, whether happy or sad, wandered around and began to look for those who had fallen alone to attack. At the moment, the existence of law enforcement officers is very small. Originally, with the power of the supreme elder in the realm of nature and the superior strength of the law enforcers themselves, they can still deter the hundred schools and scattered practitioners who come here!

I didn't expect it!

On the seventh day, a masked youth came out and slaughtered one hundred thousand law enforcement officers in anger!

On the eighth day, the Tianmo sect was destroyed, and a harmonious demon king in the door exploded. Obviously, he was extremely indignant before his death. The other five bodies were all gone.

Two events in succession have weakened the authority of law enforcers!

Many elders of Dugu family hesitated when they saw this!

"It's better to report to the supreme elder first."

"The Supreme God appears!" The fourteenth elder sighed and said: "although the ancestor can kill the Supreme God King, the Supreme God King of my Dugu family has fallen too much in the past years. Even if the eight elders were the Supreme God King in the past, they also fell down!"

After saying that, several elders went straight to the place where the elder Taishang was closed. They wanted to report and ask for instructions at the same time!

It's a troubled time for Dugu family!

At first, forty or fifty Hetao deities took charge of the whole court, and then united with the five forces to cover hundreds of lower sects. It was not a big problem, but before it started, ye Chen was interrupted and three elders of Hedao were killed. Don't mention how unlucky it was!

Dugu family is in action!

Others, some people are also thinking, in action!

In the Tianyue Pavilion, Bai Li Xue looked hesitant. Looking at the miserable situation of the Tianmo sect, she was surprised and said, "I feel like this technique is like a destructive force!"

"It seems that there is the power of extinction and the trace of indestructible sword!"

"Is it really Ye Chen?"

It has to be said that this lady of the hundred Li family is not only born with intelligence, but also has the ability to never forget!

Ye Chen used the moves, even the used weapons, the scars and residual strength. After she saw them again, she could never forget them. No matter how bad they were, she would have a great impression. Therefore, when she saw the moves, she thought it was Ye Chen's!

"Miss!"

"Are you sure it was from ye Chen's sect?" "I see the trace..." The elder of Baili family thought: "it's a decisive move, but it's caused by at least three God kings and one disciple. Most of the people who killed them are the disciples, and their skill is far higher than ye Chen! "

"As for the three gods who are in harmony with Tao!"

"It should be Dharma protector!"

Ye Chen?

How can you kill Hunyuan state and Shenwang state, such as slaughtering chickens and ducks?

Is it difficult for ye Chen to break out cards and his whole body strength doesn't need to be restored?

The elder of Baili family didn't think it was Ye Chen's.

"People of the same sect!"

"All have the power of annihilation, the power of destruction, and the immortal sword."

"The three forces seem to be the standard configuration of their disciples..." The elder couldn't speak any more. He was old and flushed. Whose disciple regarded the power of annihilation and the power of destruction as the standard configuration?

Three top families, can't do it!

What kind of top school can cultivate such disciples!

However, the elder on the edge said with a smile: "this sect must be a hidden sect. Only the superior sects are qualified to know about it. Otherwise, how can we cultivate such excellent disciples?"

"We are not in a hurry!"

"This time, the seven elders of the supreme emperor have come, and they are not afraid of the Supreme God King!"

"Good!" Baili snow with restless heart, walked around!

.....

Tianjian City, a mountain waist.

An old man in rags, with a big knife on his shoulder, poured wine, drank and ate a large piece of monster meat, which seemed to be very enjoyable!

On the edge of the road, a butcher was coming. He sat down with the old man and drank together!

It's a tacit understanding.

"Two inferior men!"

"Who allowed you to drink here?"

"Don't you come and kowtow to me?" I don't know whose family's dandy, pointing at their noses, is a scolding. There are several Hunyuan dignitaries standing on the edge, looking at the extraordinary origin!

Just at this moment!

The old man, like a beggar, turned his head, and his pupils burst into bleeding light. An invisible pressure came from all over the world. As the sound of the road burst, the dandy and the Hunyuan environment protector turned into a pool of blood!

Chapter 1522

King of God, dandy!

The protector of Hunyuan kingdom!

In the old call flower hand, can not resist a look!

"Ah

"This blood has touched our taste!"

As soon as the butcher waved his hand, he wiped away the blood all over the place. He grabbed a piece of fat with his hand and put it directly into his mouth. From time to time, he said, "Hey, old man, did you pay attention? In the city, it seems that there is a supreme God who we don't know! "

"Demon sect?"

"Hum, if you say it's destroyed, it's a great prestige!"

He talks and does things exactly like a butcher, but he will never be a top God King weaker than an old beggar. He is only one step away from the realm of nature. He is a peerless master at the same level in the past!

It is praised as the most powerful martial artist under the Immortal Emperor!

"I always call flowers. I just come to grab a piece of time and space to prolong my life!"

"I don't want to argue with the younger generation." Old call flower a pair of completely do not care about Mo like, "what's more, there are so many soldiers of time and space, and it's not one piece, everyone together, it's not impossible to grab it!"

Always calling flowers, butcher!

Two of the most famous deities in the western regions have stepped into the nine levels of Hedao for thousands of years!

In particular, Lao Jiaohua, whose life span has reached 150000 years, has to come to seek a space-time soldier, otherwise he will die of old age.

"So it is!"

"This cooperation, do you want to call on this younger generation?" Butchers eat meat, and the martial artists who come around to disturb them, no matter what the state of affairs, are directly wiped out by the same look. The use of the laws of time and space has reached the extreme!

Just eyes!

Enough to kill!

"It's also OK to combine the eight layers of heaven in the realm of Taoism."

"I don't think that boy must be the king of the gods. This time, there are five old guys coming here, one more than him, one less than him!" Old call flower a pair of do not care about Mo, as if he can force against the immortal general!

This auction!

Attracted too many and too many warriors, including the supreme god king like them!

Of course, there is no such thing as xianzun in the realm of fortune. Most of the martial artists at this level belong to various sects. When they arrive at this level, they dare not mess around. Otherwise, they will be chased and killed by the three top families!

Therefore, it is more than ye Chen who is trying to rob the auction!

And these five supreme gods!

"That's it!"

"Take a look at it again. If the man is good at fighting, invite him in with him." The butcher shakes his head and follows the meat and drinks!

.....

Ye Chen at the moment naturally does not know the external situation, even if know, also have nothing to do with him.

He is now focusing on the magic samsara formula!

Whoa!

Whoa!

Ye Chen's body is full of luster. Not only does he recover from his injury, but his breath climbs to the top!

He opened his eyes and stood up. His lips outlined a cold smile. "The devil sect is a coward, but this seven elder is a cruel man!"

"Under the condition that all the five harmonious masters of the demon sect submit to me!"

"It's just a shame to see these evil warriors!"

He danced his hands, quickly arranged the next layer of formation, and then entered the reincarnation cemetery!

Ye Chen's spirit power condenses and sweeps around the reincarnation graveyard's Hunyuan immortal utensils and he Dao's artifact, and his face is beaming with joy.

"Almost. I've looted three small sects that want to kill me, plus five evil sect sects. Now we've made up enough of the fairyland artifacts for the Qiankun Tianlong array."

Looted eight small sects!

Hunyuan Xianqi has nearly 300 handles!

There are thirty-five vessels in total, plus the original, it is over fifty!

"Master, this time! In addition, there are about 20 God kings and more than 100 Hunyuan realm worshippers! Now, are you going to arrange for them to come over or hide around? " The moon Buddha asked!

"Abbot!"

"I mind putting them on both sides of the platform!"

"Even xuanhuang's two auction stands are equipped with some god kings. I believe that they will always think you are just one person!"

Just one person?

This has always been a joke, even if the outside world knows Ye Chen has many war puppets!

However, the outside world has never known that he Ye Chen will measure the method!

I believe that the moment when the Dugu family surrounded Ye Chen was the time when many Duhua gods appeared!

Ye Chen's spirit power returns to the body, continue to practice!

Although it's difficult to practice the magic samsara formula, once the practice is successful, it will bring too many benefits!

.....

The auction has not started yet!

Wind and rain are coming!

Only on the seventh day, 100000 law enforcement officers fell! The ninth day, in the morning, the demon sect was found to have been destroyed!

Then, just at noon, there were many martial arts practitioners who openly attacked and killed those who wanted to participate in the auction, killed and robbed for their own interests, and even the law enforcement officials came to kill the law enforcers and escape!

Gradually, in the afternoon!

There are hundreds of thousands of fallen monks and martial artists. The corpses are returned to the imperial beast Pavilion without any claim. They are used as feed for monsters!

"In this Tianjian City, the law enforcement force is becoming weaker and weaker, and the more unsafe it is!"

Bai Li Xue sighed a long sigh, but he was singing wine with Tianming of Beitang and others, checking the situation of the outside world from time to time, leading to the miserable cry of Daodao, and the sound of sword piercing the flesh, and the voice of God King's road breaking!

"From one o'clock in the afternoon!"

"Four hours now!"

"The voice of God King's road breaking has never stopped?"

He looked up at the sky, a huge fracture of the God King Road across the sky, for a long time has not dissipated.

Night!

A ray of light soared into the sky and defeated all Hunyuan warlords!

A law of time overflowed and killed several Hunyuan martial artists!

All kinds of sword Qi, sword spirit, gun gang and so on are overflowing everywhere in Tianjian city. There are warriors fighting in the air everywhere. Unlike the situation in the past few days, with the law enforcement officials "going to enforce the law" but being killed constantly, the management of Tianjian city is getting weaker and weaker. Even some martial arts people specially kill law enforcement officers to seek personal benefits!

In the middle of Tianjian city!

In the headquarters of the Dugu family, dozens of elder Yukong of hedaojing didn't make a move!

Among them, the ten elder sighed and asked, "has the elder Taishang left the pass yet?"

"No!"

"Damn it, the thousand devil ginseng is a bastard

"Over the years..." Elder 20 was filled with resentment and said, "over the years, elder Taishang needs to suppress the gas once every ten years. I didn't expect that this time the poison gas broke out so fast!"

"If the supreme elder comes forward!"

"Why, now that the gods and princes of hetaojing are fighting with each other in Yukong, do you really think that there is no one in my Dugu family?"

He questioned a group of Dharma protectors and asked, "what about the other five forces? Let them do it. What about their people? Did not they all come to a deity in the realm of nature and ten warriors in harmony with Taoism? "

"How come now, no one has done anything?"

Chapter 1523

"Let those inferior sects and monks go to make trouble?"

"This..." Those Dharma protectors could only lower their heads and said in a low voice, "the five major forces say that we have no right to mobilize them. Ask the supreme elder to discuss with them, and then they will help suppress them!"

"Asshole!" An elder was so angry that he broke a Hunyuan Jinshi mountain and said, "well, the day after tomorrow will be the day of the grand meeting! What about the treasures of their five forces? Did you hand it in? "

It's more difficult for a group of Dharma protectors!

The captain of the Dharma protector said bitterly, "no, the five major forces all say that after the Supreme Master leaves the pass, they will be jointly accepted and presided over by the six faction of the supreme elder of the heaven realm!"

"Asshole!"

"These bastards!"

"Sit on the mountain and watch the tiger fight?"

Many elders of Dugu family were filled with indignation!

Five middle-sized families, as long as they make moves, how can Tianjian city fall into such a chaotic situation?

The Dugu family is powerful, but it all depends on the powerful weapons. There are not many gods and princes of hedaojing directly under the family. There are more than a dozen of them in the headquarters, plus more than 30 external hetaojing elders!

In the face of any lower sects, there are absolute crushing!

But in the face of tens of lower sects and hundreds of thousands of scattered monks and troublemakers, is this to kill or not to kill?

If you kill them all?

In that grand auction, more than half of the treasures need not be sold!

If not!

Keep the mess going?

That's more trouble!

"We won't do it either!"

"Let them make noise!"

Ten elder's eyes were sharp and said: "wait for them to kill, as long as they don't take the initiative to attack and kill my Dugu family members, they can kill them at will. But whoever killed them, no matter who they are, will go out and bring their bodies back!"

Though hard on the surface!

In the heart is actually ten thousand do not want!

Next time I will never hold the auction in my own headquarters!

All blame the masked youth for not only opening the mouth, but also killing their 100000 law enforcement officers!

One hundred thousand of the most elite law enforcement officers are also the main force to maintain the temporary public order of Tianjian City, but they are all slaughtered. Hateful!

What's more hateful is the Supreme God King of mietianmo sect this morning!

If it wasn't for the destruction of the demon sect!

Where can small sects go crazy!

The situation gradually became uncontrollable. The Dugu family simply did not control it and let it develop!

The next day, in a stone chamber deep in Dugu's family.

An old man opened his eyes slowly!

It was the Taishang elder of Dugu family.

Taishang elder's nose moved slightly, and naturally smelled the whole Tianjian city full of thick bloody gas.

"You come in! The auction is coming. What's going on in Tianjian city! "

The cold voice rang through.

The door of the stone chamber opened, and several elders walked in carefully.

"I'd like to inform you that something has happened in Tianjian city these days."

Elder Taishang frowned slightly: "tell me everything! Now! Now

Several long bodies trembled, but they still said what they knew in their hearts.

Even, he used the secret method to project some pictures that the supreme elder had never seen.

After watching all this, the Supreme Master fell into a long silence.

"There's something wrong with it. It's not that simple!"

"What's more, the masked youth is a little familiar..."

Speaking of this, the elder Taishang of the Dugu family quickly pinched the formula with his fingers and forced out a drop of blood essence.

Unexpectedly, a few pale blood colored figures were suspended!

The first figure is Ye Chen of the soul clan!

The second and the third are the shadow of the mysterious masked youth and the demons!

Suddenly, the three figures coincide!

At this moment, the face of the elder of Dugu family was completely black!

It was a clear sky, a violent drink, directly fan fly in front of the two elders, angrily yelled: "where are the three people? It's all made by Ye Chen! You idiots give ye Chen a chance to breathe! "

Bang!

Bang!!

Bang bang!!

The Taishang elder of Dugu family was so angry that he slapped many internal elders one by one!

"Asshole!"

"A bunch of bastards, you've missed the opportunity!"

"Ah Ah, the damned little beast is haunted The emperor was so old-fashioned that he pointed to many kneeling elders and said, "I tell you, yesterday was the best time to kill or capture Ye Chen, but you missed it!"

"Do you blame the five forces for watching the tiger fight on the mountain?"

"This is our own territory. We don't do it ourselves. Why should others do it? You fools, your gods and kings don't go out to kill troublemakers. Let them go out and kill those warriors. DreamCoward!

In the first World War, all the talents of his family were lost!

Otherwise, today, it will not be these people who are full of bread and drink to help me to run the family!

"Elder Taishang!"

"Not necessarily!" An elder crawled over, with a red palm print on his face, and said, "how could the Tianmo sect, which has six harmonious demons, be destroyed in Ye Chen's hands?"

He choked his neck and said, "it's impossible to die in Ye Chen's hands! It must have been other gods

"If we do it without permission, we are likely to be ambushed by them!"

"If the other five clans don't fight, we will probably be defeated and killed if we attack alone."

Crack!!

Boom!!

A burst came out!

The elder Taishang directly killed the elder who spoke in the three layers of Hedao realm. His momentum was completely blooming, like the tide of the sea. The God King of Hedao who was on the scene quickly knelt down and kowtowed, and did not dare to have the slightest fear.

He waved to sweep away the old man's broken limbs and said coldly, "you don't understand?"

"How much I value Ye Chen, but you despise the enemy again and again! I warn you, ye Chen must not be despised. The seventh branch of the soul clan has been destroyed in his hands. It is easy for him to destroy a demon sect! "

Elder Taishang is an old-fashioned man and shrewd in doing things. He can see the crux of the matter at a glance!

The king of God!

Every one of them is fighting for time and space!

How can we fight against the demon sect!

At best, there are some magic tools in the Tianmo sect. There is absolutely no time and space weapon, which will not be noticed by the Supreme God King! Even if the newly promoted God King wants to become famous, he will never choose the demon sect!

Not after the destruction of the faction!

Not even a name!

Therefore, it is by no means the work of the Supreme God, nor will it be the hands of the five major forces!

The only possibility is Ye Chen!

Ye Chen is the only one who has the ability and courage to do it!

"Order to go down!"

"List Ye Chen as the highest wanted order!"

"Elder thirteen, please go and investigate the whole story of Ye Chen's disappearance after he entered the city." The elder Taishang looked at the other elders angrily and said, "the other elders, order the leaders of all schools to come here in person!"

Chapter 1524

"If you don't come!"

"No matter what the status, what the reason!"

"My Dugu family will destroy the sect and destroy the blood of Tianjian city

"But not now He said: "everyone in the Dugu family will obey orders. When all the leaders of the sect arrive, I will hold a meeting."

"The meeting is over

"Those who are still fighting, regardless of their status, will kill them directly!"

Overbearing!

Absolutely overbearing!

If you don't come, no matter who you are, you will return to the middle school!

I will kill you, not only to kill, but also to destroy your sect and your seed!

Dugu family, the only one in the headquarters of xianzun strong, blooms his courage and hegemony. With his fighting power, even if 300 sects gather together, as long as there are no more than 10 supreme gods and no soldiers of time and space, he can spend a lot of time and kill at one time!

Xianzun!

All immortals are supreme, above the God King!

Kill God King, just wave between!

"Understand!"

"I'm going to issue a wanted notice quickly and investigate the whole situation!" The thirteen elders immediately got up to investigate!

Several elders of the adventure all started with their fists and said, "elder Taishang, I'll go right away!"

Immediately, a large number of elders of the same territory left to inform the leaders of each sect!

Elder Taishang is sitting in the central hall. He has some problems in his heart. Maybe he should not put the auction event in the headquarters, but if he is not familiar with other places, he will be attacked and killed by the supreme god!

Come and go!

Or headquarters is the most suitable!

According to the original plan, before the auction, one hundred thousand law enforcement officers led more than one million law enforcement officers to maintain public order!

What's more, there are close to 30 Hedao deities, 500 Hunyuan realm worshippers, and even other five great forces to maintain safety together, so as not to cause the situation that the wind and rain are about to come, and the auction will turn into a big fight before the auction starts!

The result!

On the seventh day, ye Chen came!

First kill Tianxiang Pavilion and 100000 law enforcers, and then give the elder Taishang a power!

It directly destroyed the confidence of law enforcers and many God kings!

On the eighth day, kill the demon sect!

What's more, he destroyed the desire of the elder of hetaojing in the Dugu family. They all thought that he was a supreme God King. He was afraid of being killed, so he actually cowered in the headquarters one by one. He didn't report all this until the ninth morning when the elder Taishang left the pass!

"Ye Chen!"

"This child's behavior, seemingly disorderly, seems to be acting everywhere!"

"But there are subtleties everywhere."

"Hit the snake and hit seven inches. On the first day, I hit seven inches..." Elder Taishang sighed and thought, "the next day, I hit the snake's head, and the dogs surrounded the snake. Then I hid myself. It was a good plan."

"But..."

"Why did ye Chen come here?"

"Pure treasure? The artifact of harmony? There is no shortage of him! "

"He also has the soldiers of time and space!"

"Then why is he?" The elder suddenly fell into a bewilderment. His eyes swept over by the thirteen elders and pressed on Xiao Yu, the shop assistant who had received Ye Chen at the beginning, asked, "is this the person who first entertained Ye Chen?"

"Yes, elder Taishang!"

"Speak up!" The thirteen elders yelled, the endless pressure surged, and the painful light rain's face changed!

Elder Taishang waved his hand and said, "don't worry. Although it's just an ordinary person, it's enough to have this medium. Press it down and wait for ye Chen to come out tomorrow. Now, I want to deal with the bloodbath of Tianjian city."

Media!

Light rain!

Although only a medium, but he knows Ye Chen!

Since the fall of Dugu FengChen, the Dugu family is investigating all the information of Ye Chen!

They know very well that ye Chen is decisive, but he is not a villain!

If you know that an innocent person is insulted by him or died of him, it will certainly affect the heart of Tao! What's more, it affects his way of killing!

How many years has the supreme elder lived, knows human nature well.

He would like to see people insult Xiaoyu, in front of hundreds of thousands of people to stage a living spring palace!

The killing Ye Chen!

Dare you come out!

See ye Chen, can you bear, help you people, tragic death in the eyes of hundreds of thousands of people, and before death, but also to endure countless humiliation and torture!

"I see!"

"Ye Chen, this little bastard, will die as long as he comes out!"

The thirteen elders went down under the light rain. This is the big killing tool they used to deal with Ye Chen. As for hiding his face?

Tomorrow!

Who dares to insult Dugu family? Kill! No matter who is killed, even the people of the holy dragon family will not be so boring, in order to provoke a medium-sized family!

"Newspaper!"

"The leader of Xuantian sect is here!"

The bodyguard of the divine kingdom came to report.

Then, one by one, the bodyguards rushed in to report the leader of each faction.

"Newspaper!"

"The leader of Tianyin sect is here!"

"Send the supreme elder to infinity!"

"The supreme elder of Tianyin Pavilion is here!"

"Elder Taishang of Tianyang Pavilion..."

"Wang Dao sect..."

"Xuanshui..."

"God..."

The names of hundreds of sects are echoing in the hall!

There are 237 small sects, some of them are under the command of Dugu family, some are under the command of the evil demon palace, and there are also sects under the middle forces such as Baili family and Huohuo cult. Either they send the leader of the cabinet or the elder Taishang leads the team to come!

The leader of a small half of the sects is in the early stage of the people's harmony!

Most of the leaders of other sects are in the late or middle period of the Hunyuan kingdom. Their level is the same as that of the original jindaomen. They don't have the king of Hedao. They also want to sell Hunyuan immortal tools in exchange for Hedao artifacts!

Or they can sell surplus and useless tools to exchange for a large number of Hunyuan immortals to enhance their fighting power and prevent accidents!

The elder Taishang glanced at these people and looked very cold, just like the king in the ice palace. He said, "the elder of the tiger sword Pavilion, the leader of the heaven and earth sect, and the leader of the Jade Emperor sect Wait, why didn't the leaders of the fifteen forces and the elder Taishang arrive? "

"This..."

"Elder Taishang, I'll wait until I get there! The protective covers of those sects have not been opened! "
"It seems that they didn't receive our orders internally," said one Hunyuan state protector

As soon as you say that!

Elder Taishang's face changed greatly, and he quickly ordered, "go and see what's wrong with these fifteen small sects?"

"Yes

Several elders and other people quickly out of the empty!

Soon, the fourteenth elder returned with a very bad look. He sighed: "I broke the protective cover of the Jade Emperor sect, and found that none of them survived In addition, in the most eye-catching courtyard, there are some words carved on the blade of the sword! "

"Content!" Elder Taishang's breath is cold to the extreme!

Chapter 1525

The fourteen elder replied slowly: "the content is The Jade Emperor sect, 300 years ago, slaughtered dozens of villages. 150 years ago, it destroyed a town and slaughtered millions of innocent creatures Seven years ago, seven villages were destroyed and 70000 people were killed The justice of heaven is clear, retribution is not happy, leave the word - Yama! "

Hell!

Ye Chen left the word Yama, not only started to destroy the school!

Before exterminating the sect, I investigated whether it should be destroyed!

If it's time to kill, ye Chen will do his best to destroy the Qi sect and turn its leader into a leader. If not, he won't start. He asks himself to kill, but he is not a demon butcher who doesn't care about everything!

"Damn it!"

"You dare to call yourself king of hell!"

The emperor was so old-fashioned that he blew his beard and glared. He asked, "where's the Jade Emperor sect's Hedao artifact?"

"The Jade Emperor sect is the seventh small sect under my Linghu family!"

"There should be some magic objects of the way."

"Yes, but they were all taken away!"

Hearing the fourteen elder's reply, the elder immediately felt that he was asking for nothing!

Soon, another elder came back, holding his fist and saying, "I went to the Qiankun sect, but there was no response from inside. I broke through the protective cover and found that none of them survived. There are handwriting carved in the courtyard, which are generally the traces of the Qiankun sect's slaughtering villages in recent years, and left the words" Yama! "

"Newspaper!"

"Elder Taishang, the tiger sword pavilion has been destroyed, and there is no one alive. There is the writing of the tiger sword pavilion that has done evil over the years, and the word" Yama "

"Elder Taishang, tiandaomen has been destroyed. None of them survived..."

"The willow gate was destroyed, and none survived..."

"The gale pavilion was destroyed, and no one survived..."

"God..."

.....

On and on!

News from 15 sects!

All the fifteen sects have been destroyed, and none of them have survived. All of them have left words to explain the crimes of the destroyed sects, and at the same time leave the word "Yama!"

For a while, there were two or three hundred leaders and the supreme elder in the hall, all of whom were in danger. For a moment, there was a commotion!

Fifteen sects!

Together, there are thirty gods of the same way, right?

Between two days!

It was broken by a blow!

Up to the realm of harmony, down to the realm of God!

No one alive! Ye Chen, can be called the devil king!

"Elder Taishang!"

"I want to go back and take charge of the sect!"

"Elder Taishang!" The individual leader asked for instructions and said, "I want to entrust you with the fairy ware to be traded in advance. You can check it out for me, and I will leave immediately."

"Yes, yes, yes!"

"Elder Taishang, I'll give you the immortal utensil right away!"

"You give us what we want, we need to leave quickly. It's too dangerous here!"

"Elder Taishang..."

"Empress Dugu..."

Many headmasters and elders of the Supreme Court cried out!

Ye Chen can destroy seven or eight sects in one day and fifteen sects in two days. It is impossible to be afraid of them tonight? How can we not be afraid? I'm not a fugitive. How can I be afraid!

"Shut up!"

"Who dares to speak half a minute, I will destroy him!"

The elder master of the Supreme Master yelled angrily, which made more than 200 leaders of all factions in the harmony of Taoism and the Hunyuan Kingdom tremble, and some of them even knelt down on their knees!

Taichen, his eyes are cold

"Ye Chen! I just wanted to deal with the riot

"You have brought me such a big gift

"You are very well, I despise you!"

He turned to look at many leaders and elders, and said boldly, "OK, I promise you. However, the auction will be advanced to tonight, and you will trade ahead of time."

Elder Taishang, is it possible for hundreds of small sects to leave at the same time?

You're kidding!

These small sects add up to his family background, which can't be compared!

When the situation rose again, when there was chaos, they had to sell a large number of all kinds of unnecessary immortal materials and medicinal materials accumulated by the Dugu family for many years, and the slightly medium-sized immortal materials should also be exchanged with the five major forces. How can they leave!

"About the auction!"

"Yes

"Ladies and gentlemen, it will be held tonight. You don't have to be afraid!"

The supreme elder turned to look at the thirteen elders and others and said, "all the elders in the family and their law enforcers and law enforcers will be sent out. I will have no more homicide in Tianjian city within an hour!"

"Even if it's done by the supreme god!"

"I will kill him in person

"As for the sect leaders, you don't need to open the protective cover again, or you will be killed inside. We don't know!""Yes, master Tai!" The thirteen elders and others quickly removed them and mobilized all the hands of the Dugu family to completely calm down the disturbance caused by Ye Chen!

Only calm down!

The auction will continue!

And the auction can not be interrupted, only in advance!

This time!

Dugu family leads the auction!

Even if all the things in the family don't make money, they can still earn a huge property equivalent to one or two soldiers of time and space by relying on the service charges. If we do some business with the Shenglong family, in a word, the Dugu family will not pay for it anyway!

"Leaders, leave!"

"Of course, you can ask your men and their disciples to come here!"

"I can protect you or send someone to take you to the meeting place directly!" The elder Taishang looked at the Dharma protector and said, "the venue has begun to warm up and prepare for the entrance of all major forces and monks."

"Understand!" The Dharma protector received the order and executed it according to the preset situation, but it was only one day earlier!

Seeing this, hundreds of leaders and elders can only go to the meeting in advance!

.....

On the street, the sky is filled with the master of Hunyuan realm of the Dugu family and a God King of he Dao. They kill and arrest the disordered sanxiu everywhere!

Poof!!

A sword is rising!

The fall of a Hunyuan state master is a troubling loose repair!

Bang bang!!

One after another, the scattered repair bodies in the chaotic environment fell down like dumplings!

Not only the Dugu family, but also the other five forces of Hedao Shenjun and Hunyuan jingzun also took actions one after another to calm down the chaos and disorder!

Ye Chen sat in a teahouse and looked at the corpses falling down from the sky. His lips outlined a smile of evil charm and said, "old guy, just react?"

"Six forces of the God King together to fight together!"

"The riot must be put down!"

"It seems that it is not easy to fish in troubled waters. This time, the power of loose repair is greatly weakened. When the time comes to seize the soldiers of time and space, there will be only the Supreme God who will be my cover!"

"Butcher!"

"Beggar!"

His fingers beat the table top rhythmically, thinking about something!

Just now, two supreme gods invited themselves to seize the soldiers of time and space!

Promise to give yourself a weapon of time and space after it's done!

However, he Ye Chen is only a handle?

He wants it all!

Chapter 1526

And!

The five supreme gods do not know his true identity!

Only knowing their own code name 'Yama' is like their code name 'butcher'!

"Listen, everyone in Tianjian city!"

"The auction will be held at nine o'clock tonight!"

"You powerful warriors, loose repair, can buy tickets to enter the arena already!"

A God King of harmony is shouting in the sky, using the power of the spirit to bless the voice, to ensure that every living creature can hear clearly!

The auction will be held in advance!

It's not just the meaning of elder Taishang of Dugu family!

At the same time, it is also the meaning of the other five forces. It is better to hold the meeting in advance than to go through the storm overnight!

"Oh, the great auction has been held!"

"Let's buy a king's artifact."

"It's said that the king's ware is very cheap."

"Hunyuan immortal utensils seem to be the same. We only need the corresponding immortal materials to exchange them. Let's go to Huang Zi Tai to join us..."

.....

There's a lot of talk from the warriors around!

Ye Chen takes a deep breath and stares at the information in his hand. The sky and the earth are dark and yellow!

In fact, Huang Zi Tai and Xuan Zi Tai auctioned some Hunyuan immortal utensils, plus dozens of combined Dao artifact. They were all auction houses for loose repair. After the auction, other immortal wares were sold publicly, and the small sects did business with them!

The real auction house is tianzитай and dizитай!

Dizитай, the auction houses of small sects and middle-sized families sell all kinds of fairy medicines and materials, such as star stones and other treasures! As well as a large number of transactions of Shenwang ware, Hunyuan immortal ware and Hedao artifact!

Tianzитай, the most brilliant auction platform!

The six middle powers and the Dharma protectors of the holy dragon family and the dragon family are auctioning each other and exchanging treasures!

The most complete and precious treasures are all on the Tianzi platform. The princesses and princesses of the six middle-sized families, even the elders of Hedao and the immortal statue of Zaohua will all gather together once!

"Waiter, check out!"

Ye Chen threw down some of the best fairy stones and went to the street. He looked at some very strange people. He nodded slightly and walked in different directions! These people are the God King and Hunyuan xianzun!

He didn't just want to grab the Tianzi platform!

And grab the floor!

And the home of Dugu family!

With his current strength, once he makes such a thing, even the whole Lingwu continent will shake!

Ye Chen spent a piece of magic King's ware and bought a sect that entered the tianzitai auction house. When he walked in, he found that the auction ground was not big, that is, the scale of a football field, which was much smaller than that of other auction houses!

There are more than eight families and sects here!

There are also some independent visitors, casual repair and so on, which is about 10000 people!

Only 30% of the people in the conference hall with nearly 10000 people were from big families and sects. The others were from families in some areas. Of course, there were also some independent travelers who really had the financial resources to buy. There were also the top gods like Ye Chen who were fighting for the auction!

Compared with the other three venues, the people in the tianzitai venue are the least!

Di Zi Tai venue, nearly 150000 people!

Millions of people in xuanzi stage!

Huang Zi Tai is not closed at all. In the open air, almost tens of millions of people have come to participate in it. However, those who have the financial resources and strength can auction them, and they can trade the divine king's wares and immortal utensils!

"Ladies and gentlemen

"Welcome to the tianzitai venue. This auction is held by the Dharma protectors of six medium-sized families and two top families!"

"Don't say much, just start to enter the first auction!" The auctioneer is an old man, not like the other three venues. They are all hosted by women trained by Dugu family!

"The first treasure!"

"It's a special artifact of combining Tao, which contains the attribute of thunder."

"It's called Tianyue Dao. It's the match Dao of tianxiyue 4000 years ago. It was collected by the Taishang elder of the evil demon palace after he fell down on the way to fight the devil kingdom. Today, it's specially taken out for auction, and it's the first treasure to be auctioned!"

The auctioneer ordered people to present a long Sabre with white body and thunder light. He continued to introduce: "this sword has the ability to call thunder. It is also mixed with the ice and snow Sabre technique of Dao Jun in those years. It also calls for thunder and frost!"

"Starting price!"

"A hundred handfuls of Jiupin Shenwang ware!"

"Please note that each price increase is based on Jiupin Shenwang ware or Jiupin Hunyuan immortal ware. As data, the price increase of Shenwang ware should not be less than 10 handles, and that of Hunyuan immortal ware should not be less than two!"

Almost equivalent to barter!

In fact, it is the best immortal stone in Lingwu land. For them, it has little effect!

Only when the fairyland and the Shenwang ware are auctioned, the best immortal stones will be used. For example, the auctions of Hunyuan and Hedao are all based on Jiupin Shenwang ware!The elder Taishang of the evil demon palace offered: "300 pieces of Jiupin Shenwang ware!"

"Four hundred pieces of magic ware!" Baili family also offered!

"Five hundred pieces of nine grade King's utensils!"

"600 handles..."

"670 handles..."

"Seven hundred handles..."

...

"Three handle and nine grade Hunyuan immortal ware!"

"Five handles..."

"Seven handles..."

The data is still growing, except for the fierce devil palace and the hundred mile family, the others are scattered repair, and some sects are bidding!

A hundred pieces of Jiupin Shenwang ware is equivalent to a Jiupin Hunyuan immortal tool!

The value of Sanpin Hedao artifact is about between 20 and 30 handfuls of Jiupin Hunyuan immortal utensils. However, it is a special one. It can't be refined. It can only be reduced by half, which is only equivalent to the value of fifteen Jiupin Hunyuan immortal utensils!

Ye Chen did not bid, just glanced at everyone lightly.

Apart from the private rooms of the eight families and sects, among the people sitting outside, he had already seen the butcher, the old beggar, and so on.

"Boy!"

"Don't worry!"

"Let's do it when they've finished the price and both sides have their things out and ready to trade!"

"Good goods, still in the back!" The butcher communicates with Ye Chen. He can't see Ye Chen's accomplishments and identity, but he can feel the power of Ye Chen's spirit. It's special, so he recognizes Ye Chen!

"Good!"

"Don't bid for what I want!" Ye Chen gave them a voice, and his eyes suddenly turned to the Dugu family headquarters. With a smile in his heart, all the God kings of Dugu family came out. There were not many people in the headquarters!

"Good!"

"Sixteen handle nine grade Hunyuan immortal ware three times!"

"This Tianyue Dao belongs to the moon Watching God King!"

As soon as the auctioneer's voice dropped, the monk immediately took out the corresponding 16 pieces of Jiupin mixed yuan immortal utensils from the heaven and earth ring and handed them to the auctioneers. Only after the auction was over, could he get the Sanpin Hedao artifact Tianyue Dao!

Chapter 1527

Compared with the God King of the United Way!

No matter how many Hunyuan immortal utensils are, they are not as effective as the Taoist ones!

First of all, he Dao Shenjun has strong fighting power. It is very likely that when fighting, Hunyuan immortal weapons can't bear their own strength. Without being interrupted by enemy weapons, they will be crushed by themselves. That's not worth it!

It's easy for a lone traveler like him to plunder several small sects and get 16 pieces of Jiupin Hunyuan immortal utensils!

"Cough!"

"Ladies and gentlemen, the second auction is a golden star!"

"It's a good treasure for refining the war of time and space. It comes from the Dugu family. The starting price is ten Hunyuan immortal tools!" As soon as the auctioneer's voice fell, the following major forces had already bid, especially the Baili family, the Beitang family and so on!

They are short of soldiers of time and space!

they are not like the Dugu family. They have redundant soldiers of time and space, but they are not used by the elders of the nine layers of heaven in the same Taoist realm!

"Thirty handle Jiupin Hunyuan immortal utensil!"

"Forty handles..."

"Seventy handles..."

"Eighty handles..."

Soon, the price is more than 100 handle nine grade Hunyuan immortal ware!

The main material for refining the weapon of time and space is that it is difficult to exchange dozens of Hedao artifact, and the price will increase a lot. A hundred handfuls of Jiupin Hunyuan immortal ware is almost equivalent to the price of a Jiupin Hedao artifact!

Estimate!

There is no bid for three or five handles and nine pints!

This golden star stone will not be photographed easily!

"This time, the Dugu family made a lot of money

"Jiupin's Hunyuan immortal ware is sold everywhere..." Ye Chen looks at himself with some saliva. So many Hunyuan immortal utensils are not big white tofu. He actually offers at all costs for a piece of main material for refining the soldiers of time and space!

The more happy the big families bid!

Ye Chen is more happy!

Anyway, it's all his in the end!

In the private room, the elder Taishang of the Dugu family nodded with satisfaction and said: "a piece of golden star stone has harvested three pieces of Hedao artifact. It's good, good. In the next few years, the number of he Dao gods in our family will soar!"

"By the way!"

"take advantage of this period of time, bring up the thousand demons ginseng and see if there is anyone to bid!"

"Yes, elder Taishang!" Twelve elders pause for a moment and ask, "elder, how to deal with Ye Chen?"

"Don't worry!"

"When the auction is over, I'm forcing him out!" The elder was very excited and said to himself, "I have gained so much. Maybe I can exchange one million year old ice grass to drive away the postnatal poison in my body!"

The poison of the day after tomorrow!

Originated from the thousand evil ginseng, the master of thousand evil ginseng is the original thousand poison evil spirit!

Fortunately, the thousand poisons and evil spirits have already fallen, otherwise the land of Lingwu will be full of blood and blood!

The elder Taishang of Dugu family deeply felt the power of the acquired poison!

Even if he suppressed it for one or two thousand years, he could only delay the toxicity, or even gradually weaken the toxicity, but could not completely eradicate the toxicity. Then the thousand evil ginseng, which is contaminated with a large number of acquired poisons, should change extremely in this situation and play a role!

Ask!

Even xianzun can poison, and even poison the acquired poison!

Which force would not want it?

Maybe in the past, no one could use it to deal with the betrayed xianzun, which would cause a war of destroying the sect. But now it is different. The devil kingdom is dangerous. The internal waves are everywhere, and the undercurrent is surging. More and more dangers are emerging!

"Ladies and gentlemen

"The third auction item is one of the most amazing things. It's called thousand demons ginseng!"

"It's a thousand poisons and evil spirits that fell down in the past year. It was taken back by the elder Taishang of the Dugu family. The elder Taishang was poisoned for many years. It was not until 500 years ago that the poison was cured." Auctioneers will not naturally spread the poisoning of their elders!

He reached out and motioned to the black ginseng wrapped in a brocade box. Up and down, the ginseng was filled with primitive evil Qi, and even drops of postnatal poison appeared. "Among the thousand evil ginseng, there is a famous postnatal poison!"

"This poison!"

"Well used, it can poison xianzun!"

"No matter who you are, you can kill them with poison!"

"I believe you must have a sexual interest, the starting price is ten pieces of nine grade Hunyuan immortal utensils!"

The voice dropped!

Ye Chen under the stage is excited to the extreme, even some fiery eyes!

He came to Tianjian city for the thousand devil ginseng!

This is the key to awaken Ji Lin!

It is also the key to Ji Lin's blood awakening!

In those five years, Ji Lin and Ji Siqing helped him countless times!

This love, ye Chen is destined to have a lifetime! Ye Chen is forced to calm down and feel everything around him.

However, it is strange that there is no rush to bid like that just now!

It seems that all major forces don't want the thousand devil ginseng. The thousand devil ginseng is good to say and can poison xianzun. In fact, if it is not well preserved, it will poison its own people. It is better not to contaminate it!

One day the butcher, the old call flower and so on the top God monarch, did not speak up!

The Taishang elder of the Dugu family was a little disappointed and sighed: "ah, I didn't expect that no one would bid for it!"

Just then! A sudden change!

"Twelve yuan for me

This voice shocked everyone!

Even if ye Chen wants to get the thousand devil ginseng, he doesn't bid at this time, because it's too dangerous!

Ye Chen looked down at the source of the voice and found that it was a young man who also wore a mask. He couldn't help but wonder: "is there anyone who wants the postnatal poison in the thousand demons ginseng? Or is that a poison man? "

"People of poison family, how dare they be

"A few years ago, how dare you come here after killing so many gods in Dugu's family?"

When ye Chen doubts, all around stare at the eyes, but does not let the youth feel any discomfort!

"Twelve Hunyuan immortals, once!"

"Twelve Hunyuan immortals, twice!"

The auctioneer talked about the price over and over again. Every time he talked about it, his mind was shaking. The land was sold at such a low price.

"Twelve Hunyuan immortals, three times!"

"Success, thousand poison ginseng, belongs to this young man!"

When the auctioneer finished, he was in a cold sweat!

In the private room, the elder Taishang gazed at the young masked man. His eyes were sharp and he thought carefully about the cableway: "this boy, it's not right!"

"Thousand demons ginseng!"

"Even the seven major sects have not made an offer!"

"Even sanxiu and the Supreme God did not bid, but he did

He took a deep breath and said, "some elders, you go and look after this man for me, right!"

He stopped the two inner elders, and immediately said, "bring up the female manager of the inn, and the living spring palace should be staged. Otherwise, ye Chen, the little beast, will run away with the thousand devil ginseng later."

The elder does not care about the real identity of masked youth.

In his opinion, everything is going according to plan!

The corner of his mouth outlined a successful smile. He believed that before long, the Dugu family would surely kill this young man who made countless forces in the western regions nightmare in front of the public!

Let's start!

Chapter 1528

Not long.

The Taishang elder of the Dugu family appeared on the stage.

With his hands behind him, he took a look at the masked youth who photographed the thousand demons ginseng, and then his eyes fell on the people!

"Cough!"

"All the elders, princesses and princesses, sanxiu, and the Supreme God King hidden in the secret!"

"I'll come out and say a word. It's OK!" Elder Taishang's whole body is like a deep-sea wave, which makes it very difficult for people to breathe!

The masked youth frowned and deliberately imitated the rough voice and said, "I photographed something. Should I give it to me first?"

Taishang elder smiles: "don't worry, this auction also has a free big play. It's a gift for everyone. "

Although the masked youth was not happy, he still waited for the follow-up of the elder Taishang of the Dugu family.

Seems to feel the fish on the hook, the pressure of the supreme elder continues to strengthen!

"Immortals respect the strong!" Sitting not far away, the snow covered his chest and felt like a big stone pressing himself!

This feeling is terrible!

Corresponding!

The child of Beitang family and his highness Youming 19 all lie down on the table, breathing extremely hard!

They want to resist, but find their strength is not enough!

This is a powerful immortal!

Who can resist the pressure that comes out!

Other Hunyuan Dharma protectors and elders of Hedao all looked at the Taishang elder of Dugu family, and their hearts were filled with fear. The breath alone was enough to suppress them, not to mention the real attack!

Shenglong family and Shenlong family's collateral!

The two Dharma protectors, gently took out a treasure and blocked the pressure!

However, the rest of the practice is not so good luck, one by one the servants were pressed on the ground, dare not move, one or two, this pressure, too powerful!

Ye Chen naturally felt the endless pressure of the supreme elder of Dugu family.

There were already cracks in the ground under his feet.

Shoulder like a huge mountain down!

"I'm afraid this person's strength is not weaker than aura."

Ye Chen murmured a word and ran the magic reincarnation formula!

Originally wanted to resist, but found that originally let him suffer the extreme pressure actually gradually reduced!

Yeah?

Is this the power of reincarnation?

Can you resist some of the powerful?

Ye Chen looked at the people around, but found that everyone's expression was full of hardship and pain.

Just then, a cold voice sounded in the crowd!

"Scatter!"

The elder of the Baili family burst out with a violent drink. He broke out of his family's immortal prestige and said, "what are you going to do, old man of Dugu family?"

"Go

"Out!"

"Drive!"

"Broken!"

Then, the sound of four violent drinks came out!

The elders of xianzunjing, including Linghu family, Beitang family, ferocious demon palace and huohuojiang, burst out their own prestige and dispelled the pressure of the elder Taishang of Dugu family for their own disciples!

The pressure of casual repair is even more serious!

However, no one dares to say anything, otherwise the pressure will be even more serious. Even some Hunyuan places will be destroyed by the pressure!

The leaders of some small sects are also pressed, panting and unable to speak.

"You old fellows!"

"Don't worry!"

"I want to invite you to a play The elder, staring at the masked youth who had just auctioned the thousand demons ginseng, said with a smile, "Ye Chen, are you so worried?"

"Do you know?"

"Who is Ye Chen?"

"He was a little devil of extraordinary origin. Relying on some dog dung luck, he destroyed the seventh branch rudder of the soul hall, and even more, he linked the northern palace family to kill the soul and destroy the life, and obtained a lot of magic weapons and time and space weapons!"

"Now, this little beast has come to our Tianjian city!"

"He was very powerful. On the first day he came, he killed 100000 law enforcers of my Dugu family and the three God kings of he Dao!"

"Even seven small sects were exterminated overnight!"

"The next day, we exterminated eight small sects and robbed a lot of Hetao artifacts." He looked at the masked youth and said, "I'm right, ye Chen!"

At this moment, countless eyes fell on the young man who took a picture of the thousand devil ginseng!

Bai Li Xue and other people who know ye Chen have opened their mouths wide!

Fright to the extreme!

Has Ye Chen, who killed the soul clan, come to the auction?

What's more terrifying is that ye Chen is the mysterious youth who makes Tianjian City restless these days? Isn't Ye Chen in the state of mind?

When will there be such terrible power!

At the moment, the atmosphere of the auction house is extremely tense, and it is as quiet as the graveyard in the middle of the night!

"I don't know what you're talking about!"

"I'm not ye Chen in your mouth!

"I photographed something. Do you think the Dugu family is going to regret it?"

The masked youth directly denied it!

His eyes are full of doubts!

At the same time, the opposite seat on the Ye Chen, in order to not reveal his identity, is falsely oppressed to the extreme.

In fact, his heart is completely confused!

Is it?

Someone was found pretending to be him?

Or is it that people just want to buy the thousand devil ginseng, but they don't expect to be implicated by him?

Leading to the face-to-face greetings from the Taishang elder of the Dugu family?

"Ha ha ha ha!"

"Ye Chen, ye Chen, when did you dare to be

The supreme elder firmly believed that the young man who bought the thousand demons ginseng was Ye Chen, and immediately said, "ten elders, take ye Chen this son for me!"

"Yes, elder!"

"Ye Chen, you dare to kill the elder of my Dugu family. You deserve to die!"

Ten elder ascended to the sky, and a pale blue sword appeared in his hand. The sword body twinkled with red and blue lustre. With the sharp shot of the sword, it was attached with the laws of time and space. It had the effect of confinement, and also had the strangling power comparable to the law of destruction!

A shot is a kill!

It can be seen how much the ten elders hate Ye Chen!

Who could have thought that such a heavy loss of the Dugu family would come from one person!

"You

"No..."

The masked youth is imprisoned by the law of time, unable to move!

At the next moment, when the sword Qi gathered from the laws of space was about to hit her, a unique light rose in her body and collided with the law of space!

Boom!!

A huge shock wave spread out!

The mask of youth with the mask fell down, and his long hair flowed out, revealing a charming face!

At this moment, all the people stopped!

Who could have thought that this young man was actually a daughter!

Women disguise as men!

Cheated everyone!

Is deliberately with the rough voice does not expose themselves!

However, he was mistaken for ye Chen by the elder of Dugu family!

Chapter 1529

"You

"Dugu family, how brave you are

"A thousand poisons!" The young woman's five fingers were clawed, and she waved it with one claw, and countless poisonous smoke and poisons floated out. Under the influence of her own space-time law and space law, she attacked and killed ten elders fiercely!

He Dao Jing!

This young woman is actually the existence of three layers of heaven in the realm of harmony!

For the ten elders who have seven levels of the same way, they attack fiercely instead of running!

"Still a girl!"

"There doesn't seem to be any sense of transfiguration."

"Who are you?"

"No matter, even if you are not ye Chen, you may also be ye Chen's mistress and destroy you!"

"The sword breaks the sky!" The ten elder's left fingers crossed the body of the sword and thrust out a sword with the power of earth shaking. It dispelled the poisonous fog. A sword pierced the young woman. In an instant, it was repulsed by an invisible force!

"There are soldiers of time and space to guard!"

"It seems that this man is really related to Ye Chen! At such an age, he must be the mistress of that little beast

"Go away! You are a concubine. Your whole family is a concubine. If I don't change my name or sit down, I will not change my surname. I'm a thousand poisonous blood girl, Liang XueYue! " The young woman spits out a mouthful of blood, and then takes out the broken knife of time and space in her body. It seems that she has a blood relationship with her!

Liang XueYue controls the sword of time and space. It changes from time to time, and innumerable luster emerges. She wants to kill ten elders!

"Enough!" The elder Taishang chuckled out and held out his hand slightly. The great strength of heaven and earth united and directly defeated Liang XueYue, saying:

"hundred poison blood girl? Are you the daughter of Baidu God

"Ha ha!"

"Your grandfather's thousand poisons and evil spirits have all fallen down!"

"Your father, google God, has died out. I didn't expect that the day after tomorrow, you will still be a woman like you!"

"No wonder Ye Chen will come here! It's for you to buy a thousand poisonous ginseng. Why, he doesn't make a sound, but you do it yourself? "

The words of elder Taishang!

It's really shocking that the grandfather of this beautiful woman is actually the famous thousand poison evil spirit in the mainland at that time!

It seems that Liang XueYue already has part of the body after tomorrow, and still wants to follow the path of his grandfather?

The world slaughters again?

"I thought it was Ye Chen..."

"I didn't expect to catch a big fish!" Bai Li Xue sighed, "this beautiful body is a little pathetic!"

"Pity what!" On the edge, the young master of the Beitang family said with a smile: "I can't tell. Ye Chen has already lived with her. No matter how good-looking such a woman is. "

"What's more, you use the word" pitiful "to describe the person of poison gate

"Do you know how many strong men her father and grandfather killed with poison?"

"It can be said that none of them should live in Lingwu land. There is no doubt that this daughter will die today."

"But I'm curious, what's the taste of a woman with acquired poison? I'm afraid only Ye Chen knows

What a pity the beauty!

Actually and ye Chen got involved!

It is one of Ye Chen's many harem!

"No!"

"She is a virgin!" Youming nineteen, with keen eyes, stared at Liang XueYue and said, "you can't be more than 30 years old, but you may have been frozen for thousands of years, and your accomplishments will be so high. If you can use it as a furnace cauldron, our skills may be directly promoted to the middle and later period of Hunyuan state."

They're in the late days of the kingdom!

Pick and mend a virgin in the early stage of the harmony of Taoism!

The cultivation will certainly go up!

"No!"

"Let's find a chance to let the elders talk to the Dugu family and buy it for Liang XueYue?" Youming nineteen asked!

He still has a good feeling for a woman like Liang XueYue!

After all, they can improve their own strength!

Although Liang XueYue was bound, she could hear everything around her clearly.

She glared at his highness Youming 19!

"Go away!"

"A group of dandies, I will kill you sooner or later!"

"And you, old man, who is a concubine but not a concubine. I have only one person. If you want to kill or cut, you can do whatever you want."

Liang XueYue choked her neck and glared at the supreme elder of the Dugu family, and said: "what's more, the thousand demons ginseng is my grandfather's property. Why not take it away?"

The supreme elder ignored her, just like catching a chicken, and imprisoned Liang XueYue in the air!

He thought the masked youth was Ye Chen, but he didn't expect that he was behind the poison gate.

Whether this is a misunderstanding or not, ye Chen must lead it out!

His majestic eyes scanned all the people in the auction house and said, "I know, ye Chen, you are in here!"

"I also want to know why you can't help it!" "In that case, bring the man up!"

The voice dropped!

Eleven elder grabs the light rain of ragged clothes to come up, clasp fist way: "report to the elder, intact!"

With a smile of evil spirit, the elder said, "Liang XueYue's grandfather was killed by all factions in Lingwu mainland. Naturally, his granddaughter should die. As for this little girl, she is the first person to receive ye Chen in Tianjian city."

"As a man of Tianjian city!"

"She has committed a terrible crime!" He grabbed Xiaoyu with an obscene smile and said, "Beitang, Linghu, Baili and Youming are four young masters. I think you should want to supplement them!"

"Easy!"

"If ye Chen doesn't come out, I'll ask these four young masters to pick up Liang XueYue and this girl together."

"Insult to death, stage a living spring palace, I believe you have no opinion!"

Hoo Hoo Hoo!!

Whoosh!

As soon as the words came out, all around were shocked!

Many monks looked at the elder in awe. They wanted to let the four young masters insult Liang XueYue and Xiaoyu to death in front of them, and perform the living spring palace in front of nearly 10000 people?

How vicious!

This old man is so cruel!

This is even more vicious than killing two girls, just to force Ye Chen out?

Is it too much for the Dugu family to do?

the key is that the girl, who has no strength, just meets ye Chenping water, so she treats her like this?

What's the difference between this and those evil Taoist sects?

"Elder!"

"That's not right." Bailixue pleaded: "after all, they are girls. How can they be like this?"

"Cher, kindness is not used here!" The elder of Baili family said: "the Dugu family has already hated Ye Chen. Don't speak any more!"

The elder of Baili family knows!

The Dugu family has already reached the point of madness. Otherwise, you will not ignore the bottom line and do such a cruel thing. If you mediate now, you will disturb the deployment of the Dugu family. At that time, you will have to bear the anger of the Dugu family, and even the two families will fight!

Just for the innocence of two women!

It's not worth it!

Almost at the same time, the representatives of all the major sects and families did not speak, but quietly watched all this!

Chapter 1530

"Old bastard, old beast!"

"If you want to kill you, I want to use my girl to force out the people you want to look for. Dream!"

"He may not even be here at all. I don't know ye Chen. What do you do?" Liang XueYue struggled and roared: "even if you blow yourself up, you don't want to move me a cent!"

And the light rain at the moment is flustered looking around.

She didn't know what to do.

And she didn't experience what she saw.

In Tianjian City, she knew that the power of Dugu family was so powerful that ordinary people's lifeblood was not worth money!

But she couldn't think of it. Just because she and a young man had one face, the Dugu family would treat her like this.

She listened to the angry voice of Liang XueYue beside her and made a faint determination. If these people want to insult themselves, she would rather die than follow!

Even, she will use all means to blow herself up like Liang XueYue!

Countless images flashed through her mind.

She thought of her parents and her life.

But the more I miss her, the more painful I feel.

She's only a teenager!

The future is just beginning!

At the moment, however, why should she be treated in such an inhuman way.

At this moment, Xiaoyu can't help it any longer. She is crying with tears, which makes many people in the scene moved! With a 14-year-old girl to force Ye Chen to appear, the Dugu family is really proud!

There are many elders of the Dugu family in the distance, but their faces are cold and merciless.

They are the existence of high above, torture an ordinary girl, what?

This is power!

Elder Dugu Taishang stepped out, wiped his beard, and said to Xiaoyu, "little girl, crying can't solve the problem. I advise you, it's better to let Ye Chen come out. Although you are only one-sided, ye Chen should be a bit human. Is he willing to die for him

At the moment, everyone's attention was focused on the elders of the Dugu family and the two trapped girls, but they didn't notice that a young man wearing a mask was emitting an extremely cold breath in a humble corner under the stage!

The breath seemed to cut off everything!

Let the surrounding one meter of land, full of hell!

No one dares to get close to one meter.

This mask youth is Ye Chen naturally!

Ye Chen's heart is like a raging fire!

Even devour him!

His original plan was perfect, but unexpectedly, the Dugu family even used an innocent person to lead him out!

Despicable!

He's hesitating! Should we step up!

Once he stood up, his plans were all in disorder! You may not even get out of this auction alive!

What did Ji Lin do then?

But if you don't go! What about Xiaoyu?

Ye Chen is sure to practice killing, but he only kills those who should be killed!

His heart for those kind people and the people around him, is gentle!

Iron and blood tenderness is what a man should look like!

At this moment, the quiet and cold hall, light rain stopped crying.

She looked around helplessly, and her eyes became very firm at last!

"Brother ye, I don't care if you are at the auction, I hope you don't come out!"

"If brother Ye didn't save me, I might have been sold to Tianxiang Pavilion."

"Although you and I are only one-sided, Xiaoyu believes that elder brother Ye is a man of great achievements and will finally stand at the top of Lingwu land one day!"

"Xiaoyu has always been a cheap life since he was a child. How can people of Dugu family kill me and humiliate me?"

"But Xiao Yu still wants to thank elder brother Ye."

"I hope that in the next life, Xiaoyu and brother ye will be friends!"

Xiaoyu said these words in one breath.

That's what she thinks.

It's simple.

Although she doesn't know anything and her strength is very poor, she knows that there is definitely a problem for the Dugu family to attract elder brother ye to come out!

The Dugu family is afraid of elder brother Ye!

In this case, it's better to use her cheap life for brother Ye's survival.

The words fall down and sound loud.

In the auction hall, many people were filled with emotion.

An ordinary person is more righteous than the Dugu family!

But that's the rule of the world.

The weak eat the strong.

The weak still want to be fooled by the strong in the end!!!

At the moment, the elder's face was black! She wanted to attract Ye Chen with the help of light rain!

But I didn't expect this little girl to be so uncooperative!

The next second, a terrible air wave toward the light rain hit!Xiaoyu's cheek instantly appeared a red mark!

"Dead and alive things! In that case, the good play begins

Whoa!

Whoa!!

Xiaoyu and Liang XueYue are imprisoned, and their cultivation and strength are all over the body!

They were crushed on two boards, unable to move. They could only curse or cry!

"Four young masters, come up!"

"Which of you is the first? Don't worry, I'll have some skills to hide. Some private things won't be noticed by outsiders. " Elder Taishang still smiles, don't believe Ye Chen can't come out!

"I'll go first."

"I need to be in the right place."

Youming 19 jumped up with a smile on his face. This is a great opportunity! Originally, I wanted to buy Liang XueYue, and I would like to have a good adjustment in the evil demon palace. I didn't expect that there would be a chance to kiss Fangze now. Although he was in public, he was a man, so he was not ashamed!

What's more, it's enough to have skills!

"This ordinary little girl!"

"I'll come first, then you!" Another Prince of royal clothes, with a smile on his face, walked with light rain all the time!

At the same time, Youming 19's hands were about to untie Liang XueYue's robes, and they were going to stage humiliation in public!

At this critical moment! A cold voice spread all over the auction house!

The powerful force even shocked the whole auction house!

"Enough!"

All the people's eyes turned away. Only a young man wearing a light blue robe and a bronze mask got up slowly. He walked out of the sky and came to the stage. His eyes swept the nether nineteen and the prince of royal clothes, and his anger had risen to the extreme!

Now!

Ye Chen can't help it!

Dugu family, Youming 19, Prince Jinyi!

They are animals. They insult animals. In public, they act in such a way that even animals are not worthy to do!

"What do you want to do?"

"Or are you ye Chen the Dugu family is looking for?"

Prince Jinyi tentatively asked a question. He didn't care about the danger in front of him. He even planned to reach out to touch Xiaoyu and said, "this is the base camp of Dugu family. Get out of here

At the moment, the masked youth was cold.

Under the mask, only one eye is revealed!

What kind of eyes are those!

Like the coldest God of death in the depths of hell.

Are trying those ants who are not worth living in the world!

"Who am I, you ask? I'll tell you! "

" I'm the one you can't afford

"And take away your dirty hands!"
