Chapter 1561

Ye Chen shook his head helplessly: "can threaten my Ye Chen, only the dead!"

"What's the matter with you! Today! I Ye Chen will erase the Dugu family from the land of Lingwu

The next second, ye Chen did not have any hesitation! Directly pinch lonely Rong's neck.

The lonely glory and death of the eight times heaven!

Lonely Rong's death, also represents Ye Chen's attitude, and lonely home never die!

"Ah! Little bastard

Taishang elder is lonely and angry. If he didn't take into account the purple light on Ye Chen's hand, he would have done it.

Just now he has been hiding in the dark, that purple light, let him feel the threat of death.

So he did not dare to hand, afraid to be directly killed by Ye Chen.

He didn't understand where ye Chen had the means.

It's daunting!

"Ye Chen, you really think your cards can wipe out the lonely home. The details of my lonely home are not what you can imagine."

These two days, I was lonely and proud. I contacted my old friends many years ago just in case.

When he was on the road, he did not believe that ye Chen's means could threaten the realm of creation.

"Listen to the forces hidden in the dark. Don't forget how many people Ye Chen killed in your clan. Don't you plan to revenge?"

At this moment, lonely pride wants to kill people with a knife!

Although he did not dare to do it himself, he could let others do it.

He does not believe that ye Chen's cards can be used countless times, the total strength exhausted.

At this time, a number of figures came out of the dark, all of them, without exception, were all martial artists in the realm of Taoism.

Ye Chen frowns, at the beginning of the original mountain things, he naturally clear, did not kill millions.

"Today, I only fight against the lonely family. If you stop me, as long as I don't die, think about the consequences."

Ye Chen a word, let originally want to move the person, stop pace, now who dares to regard Ye Chen as a God King state?

If ye Chen escapes, can they resist Ye Chen's revenge.

"Lonely and proud, your strength, kill Ye Chen alone, naturally no problem, we are in the side to crush you!"

"Yes, yes, yes. With the help of the elder of the lonely family, you will be able to deal with a Ye Chen."

A group of people, but the general meaning, self-evident, is to let lonely proud hand.

If loneliness can kill Ye Chen, everyone will be happy. If not, they will not offend Ye Chen.

After all, ye Chen standing there is a threat.

Lonely and proud, the corners of his mouth twitch fiercely. These old foxes, one by one, are naturally clear about what abacus they are playing. But if he wants to make a move, he is afraid that ye Chen will kill him directly with one finger.

Up to now, he hasn't figured out what martial arts there are in the world. One finger can completely surpass all forces.

Even, the power of Ye Chen's finger just now seems to be similar to the thunder of heaven in the array that day!

"Lonely old dog, die for me!"

Ye Chen dare not waste time! Holding out a finger, aiming at loneliness and arrogance, destroying the breath of terror, suddenly, burst out in the surrounding air.

Hiss!

Everyone step back three steps, away from ye Chen, even if not attack them, but also let people palpitation!

Lonely proud face big change, did not expect Ye Chen said to start.

Extreme sense of crisis, so that lonely proud of the whole person's hair are up.

"Ye Chen, you stop and have something to say!"

Lonely Ao quickly called, but ye Chen did not bid him at all. The hatred between him and the lonely family must be baptized with blood.

Boom!

Purple light fell in an instant, lonely and proud, ferocious face, took out the Hunyuan immortal tool, a sword cut out!

After all this, loneliness is not over. Seize the last two members of the lonely family and throw them out directly.

The two elders of the Dao realm didn't think of it. They just let their elders abandon them.

I have to say, it's extremely sad!

At the moment when the purple light and the sword light collide with each other, the sword awn is directly broken. The two people in the Taoist realm use their own bodies to resist the damage caused by the purple light, and suddenly split in two!

Lonely Ao throws his Hunyuan immortal utensils directly out of his hands, but he is still a little worried. He takes out the magic tools of the way and throws them out together.

"Bang! Bang! Bang

There is a dull sound in the void, but the afterwave of purple light hits the lonely and proud body.

Lonely proud of the whole body, directly fly out, a mouthful of blood gushing out.

Seeing this scene, everyone took a breath of cool air. The power was terrible.

Lonesome and proud are the top strong men of Dugu family. If they were replaced by them, they would die instantly.

Lonely proud difficult to stand up, the face of the whole person is too empty, the two days he recovered injury, completely turned into nothingness. "You people, do you want to see a good play here?"

Dugu Ao looks at the crowd with difficulty!

He wants these people to do it!

However, no one ever did!

Because ye Chen pointed to the crowd, in public to see this scene, hurried to avoid.

No one dare to bet, ye Chen in the end can play a terrorist force.

Now no matter what level of the strong, are afraid of Ye Chen a finger!

One finger frightens people!

If it is spread out, the finger of a divine kingdom can frighten so many warriors!

I'm afraid no one will believe it!

"If you don't leave, you'll all stay here."

When they heard Ye Chen's words, they said a good-bye and left in a hurry. They did not want to kill Ye Chen.

It's not once or twice that ye Chen does this kind of thing.

The whole clan of the western regions dare to kill!

How can we miss them!

All people have no courage to continue to stay. Everyone is afraid of death. There is no need to explain their lives here in order to watch the fun.

The crowd scattered, and the lonely family side, only a lonely proud one.

At the moment, there is no way to use words to describe the hatred and oppression in the heart of loneliness and pride.

If the strong men of their family didn't go to the devil Kingdom, where would a mole ant in the divine kingdom be allowed to behave freely here.

"Ye Chen, I am willing to hand over all the property of the lonely family. How about you sparing my life?"

Lonely Ao original injury is not good, if purple light comes once, he can't live.

He can only seek to live!

As long as you live, then go to the devil kingdom to inform those strong men of Dugu family!

Ye Chen is still dying!

"Do you think it is possible?"

Ye Chen sneers at the corner of his mouth. At the beginning, he was lonely and proud. He chased him in the primitive mountain. He almost let Ji Lin not pass the thunder robbery.

These things, enough to make loneliness proud to death a hundred times!

"Lonely old dog, when you die, I will let you know what pain is."

As soon as ye Chen's voice fell, he took a look at Liang XueYue.

At this time, Liang XueYue nodded slightly.

When Liang XueYue was fighting, she had already arranged poison in the whole lonely family.

At this time, the lonely family, constantly screaming, a lonely family of disciples, the whole body issued a rotten breath.

There is no perfect place on the whole body. They couldn't control the falling of flesh and blood.

Chapter 1562

"Ah, what's the matter? Why did my flesh and blood fall like crazy

"Elder, help us quickly. I don't want to die."

"Ah! What a pain

Below, the sound of screams continues, the whole lonely family seems to become a hell on earth.

The smell of blood, floating in the air, there are constant death of disciples, like a plague.

Tens of thousands of disciples of the lonely family suddenly turned into nothingness.

This is the horror of the acquired poison, and it is also why countless forces wanted to kill Liang XueYue's grandfather.

Some disciples want to resist, but this is a poison arranged by the strong in the Taoist realm. Can these Shenwang and Hunyuan realms resist it?

They regret it!

They even have in mind a piece of their own once ferocious smile!

Relying on their connection with Dugu family, they did not know how many good women they had captured! I don't know how many innocent people have been killed!

And today, is it retribution in the legend!

"Ah! You little beast

Although the Taishang elder doesn't care about these warriors who enter the divine realm, they spend countless resources on the Shenwang state and Hunyuan state.

But now all this, all have been abandoned, completely turned into nothingness.

Even if you can kill Ye Chen, the lonely family is completely over.

A strong family, in addition to the top strong, the most important is an endless stream of talented students.

Only these disciples can ensure that there will be no fault in a family.

The blood red eyes of the supreme elder wish to kill Ye Chen, but he didn't dare!

He was angry, but he knew himself.

"Time flies!"

Ye Chen stretched out his fingers, aiming at loneliness and arrogance. Now the fighting power of loneliness and pride can't resist the power of years.

Any strong side of you, if you are injured, is not the opponent of years.

The power of time rushes towards loneliness and pride!

At the moment, I am lonely and proud, and I close my eyes in despair.

"The mole ants in the little god Kingdom think that they have some skills, so they can show off their power?"

Originally despairing loneliness and pride, hearing the source of the voice, blinked his eyes, replaced by ecstasy.

At this moment, his friend finally came!

"Ye Chen, you little bastard, do you think that only you have a second hand?"

Lonely Ao slowly stood up and took a look at the people in the void.

At the moment, ye Chen frowns and finds an old man in the void, wearing a black robe and holding a long gun in his hand.

There is a scar on the old man's face, which is slightly ferocious!

A creator, a strong immortal!

Although the old man did not send out prestige, but looked at Ye Chen.

Ye Chen only feels that the whole person has stepped into the abyss.

Even the top God King can't give ye Chen this feeling, only xianzun can!

"Xianzun, if you don't come, I'm afraid I'll die!"

Lonely proud difficult to come to the gun fire immortal.

At the beginning, gunfire immortal Zun had not reached the realm of creation, so he made friends with him.

Although gun fire immortal Zun is a loose repair, no one dares to underestimate his strength.

"Ye Chen, you little bastard didn't expect that there would be a strong immortal. Today I will let you die."

Although lonely proud injured, but ferocious roar, vent inner anger.

Only let Ye Chen die can he be at ease.

"Ye Chen? Recently, how can you deal with the whole Xiyu

A word directly break Ye Chen life and death!

Arrogant and overbearing, did not put a Ye Chen in the eye at all!!

Gunfire immortal Zun has enough arrogant capital. As a generation of xianzun, how can you pay attention to a mole ant in the divine kingdom?

"Ye Chen, what should I do now?"

Liang XueYue looked at Ye Chen anxiously, not to mention the two of them. Even if there were ten more, they were not xianzun's opponents.

One person can kill one hundred of the top God kings of Hedao realm!

Although gun fire xianzun is just a heaven in the realm of nature, it's also immortal!

"War!"

Ye Chen only says one word, representing his will!

He still has two power to destroy the world. Although he can't kill the immortal, he can also hurt his muscles and bones.

In cooperation with him and Liang XueYue's poison, it is not without a chance to kill the gun fire immortal Zun!

"The power of ants, dare to shout!"

See gun fire immortal Zun a little, an aurora, lightning speed, fell on Ye Chen's arm!

"Bang!"

Ye Chen's arm is directly pierced a hole, the speed just now is too fast.

He was just about to dodge, but it was too late.Hiss!

Ye Chen holds his arm with his fingers and tries to endure severe pain. There is a blood hole in the whole arm, and the blood doesn't flow out like money.

Lonely proud in the side to see ye Chen injured, crazy laughter, only feel the inner incomparable joy.

Ye Chen is arrogant and arrogant, or like a mole ant, he is respected by gunfire immortals and trampled on his feet!

"Aren't you very good? I see how you can destroy me and my lonely home. Ha ha ha

Lonely proud face arrogant, did not want to be hit by Ye Chen half dead.

"I am the sky, you a mole ant, looking forward to the existence."

From the beginning to the end, the gun fire immortal has never seen Ye Chen.

Even if you kill Ye Chen, you should die!

The strong are qualified to make rules, while the weak can only accept them.

"Want me dead? To tell you the truth, you don't deserve it! "

Ye Chen stands in the air, looks directly at the gun fire immortal Zun, and directly reaches out a finger.

The breath of extermination was suddenly diffused.

At this time, gun fire xianzun frowned, this finger he actually felt a trace of threat, although not fatal, but he is xianzun.

An immortal statue feels a threat from a king of gods, which was impossible before!

"What if you are xianzun? Today, I will kill you, the immortal statue

Purple light, blooming a bright light, an instant to kill the past.

"Liang XueYue, if you don't do it now, when will you wait?"

Liang XueYue hears Ye Chen's cry, nods in a hurry and rushes directly to the void. She takes out a small lacquer bottle.

Inside the small bottle flew a blood red, enchanting rose.

When she took it out, Liang XueYue had a pain in her face, which was blood demon poison flower.

In the whole continent, it is even more difficult to find a blood demon poison flower.

This blood demon poison flower, or she was under the chance, just got it.

Blood demon poison flower rushed into the air, at this time into a enchanting woman, her slender jade hand, slightly.

The poisonous gas of terror spread in an instant, and the blood red poison gas continuously flew to the gun fire immortal Zun.

Ye Chen is not hesitating, the power of exterminating the world once again condenses and bursts out.

The whole face of gun fire immortal Zun changed slightly. One hand was directly stretched out, and a fire lotus was condensed in the palm.

The moment the fire lotus appears, the whole surrounding reaches the terrible temperature.

Chapter 1563

"Go!"

Gun fire immortal Zun low roar, fire lotus flies out from the palm.

Fire lotus in the air from one, instant change into three!

"Bang!"

The power of extermination directly smashes a fire lotus and rushes to the body of gun fire immortal.

Gun fire immortal Zun eyebrows pick, in the hand of the flame gun, a shot to go!

"Boom

The gun fire immortal Zun holds the flame gun, the whole person's body flies upside down, a mouthful of blood spurts out.

All this is just a matter in the blink of an eye.

Gunfire immortal looked at his chest, the chest above the flashing purple light, constantly devouring his power.

"It's kind of interesting, but it's almost impossible to kill me."

The gun fire immortal Zun sneered. It's no problem that this kind of power can kill the top God of he Dao in seconds, but at most, it makes zaohuajing suffer a little injury.

Ye Chen does not speak, he did not want to use the power of exterminating the world to destroy the gun fire immortal Zun.

But found in the face of these strong, can hurt!

But not deadly!

Or his cultivation is too low!

If you sue some, maybe you can shake it!

"Master, transmit strength to me!"

The state of the eight heaven in the divine kingdom is still too weak. He can destroy the double heaven warrior of the Hedao state alone without relying on the samsara cemetery.

At this moment, ye Chen's momentum continues to climb, from the God Kingdom directly short breakthrough! Short term promotion!

Even to the realm of harmony!

"How about using the secret arts to break through the realm of harmony? All ants are under the immortal

Gun fire immortal no longer hesitated, the strength of the body condensed at the tip of the gun, the essence of the killing intention, forming a strong wind.

See gun fire immortal Zun rushed over, ye Chen took out a Hunyuan immortal tool, clenched hands.

In the days when he lost his cultivation, he constantly studied the power of extermination and understood the law of time from the power of extermination.

"This sword, I understand the time with the rule of time. I call it" time kill sword. "

Ye Chen murmured at the corner of his mouth and raised his Hunyuan immortal utensil in his hand. The sword meaning permeated the body of the sword.

A sword startles the goose!

The speed of a sword light is very slow instead of fast, but at this moment, the speed of gun fire immortal Zun also drops suddenly.

The law of time can affect not only speed, but also time.

Time stops at this moment!

Ye Chen's years of killing the sword, suddenly speed up, a sword cut to the throat of gun fire immortal Zun.

Boom!

When the sword was about to fall on his throat, the gun fire immortal statue directly broke away from the power of the law of time.

The whole person's figure flashed, dodged a sword directly!

At this time, a cold sweat appeared on the forehead of the gun fire immortal statue.

If he hadn't been strong enough to break free from the shackles, his head would have fallen to the ground.

Gun fire immortal looks at Ye Chen, his eyes show a trace of fear, he is not afraid of Ye Chen's strength, but the power of the law of time.

In the whole land of Lingwu, there is not necessarily one person among hundreds of millions who can understand the law of time, but there is no exception who can understand the law of time.

As long as they can survive, they will become the top powers in Lingwu mainland and stand on the top of Wudao.

As long as ye Chen does not die, he is destined to become the peak of martial arts!

This is the horror of understanding the law of time!

At the moment, the immortal master of gunfire has decided to kill Ye Chen no matter what means he takes out.

If not, let the tiger return to the mountain, the next time we meet, he will die!

Absolutely can't let Ye Chen leave alive.

Since you can't be a friend, you have to pay all the price to kill him!

Ye Chen saw this scene, a wry smile, the strong price of fortune, it is not easy to deal with.

Just now, if you were the top one, you would be seriously injured if you were not dead. However, the gun fire immortal Zun could easily avoid it.

"Ye Chen, we are not rivals."

Now, only half of Liang's strength can be seen.

She originally wanted to let Ye Chen escape, but after all, she left the green hills in fear of no firewood.

"Lonely and proud, must die!"

At present, the law of time is more powerful than all cards, but it can't kill the immortal.

Ye Chen has plans to leave, but lonely Ao can never live.

It's too important to have a congenital poison.

"But..."

Liang XueYue wanted to say something more, but seeing ye Chen's firm eyes, he could not say a word.

Although she did not know ye Chen for a long time, she was very clear about ye Chen's character.

As long as the identified things, no matter what the cost, must be achieved.

Even if you give your life!

Ye Chen holds the Hunyuan immortal utensil in his hand and rushes directly to the gun fire immortal Zun. "Heaven has a way, you don't go, hell has no door to break in!"

Gun fire immortal Zun sneers, a shot to Ye Chen.

In this moment, ye Chen only felt that death was constantly diffused around him.

Lonely proud in the back, see the mood is excited, will see ye Chen thoroughly fall, how he is not excited.

In the heart only feels incomparably joyful, if is not the time wrong, he all wants to burst out the laughter.

In a shot to Ye Chen's chest.

Ye Chen mouth overflow a trace of blood, the breath of terror, shock his viscera, almost shift.

Ye Chen holds Hunyuan Xianqi in his right hand. His left arm resists the pain and stretches out his arm. With one hand, he grabs the body of the gun.

"Ah

Ye Chen sends out painful roar, the clothes of whole left arm are broken instantly.

The muscles on the upper part of the left arm were shaking, and there were scars.

Pain!

Bloodthirsty!

Endless evil spirit! Buddha spirit! The power of the road! All gathered on Ye Chen's arm!

At this time, ye Chen's body slightly twisted to avoid the tip of the gun.

In an instant, ye Chen passed by from the body of gun fire immortal Zun.

When ye Chen presents the crazy killing intention, the gun fire immortal Zun immediately understood.

When the gun fire immortal Zun took back the fire gun and looked around, it was too late.

The Hunyuan immortal sword in Ye Chen's hand cuts to the head of the supreme elder.

"No Don't kill me I don't want to die yet

Lonely Ao voice a fall, the whole head spray blood, splash down on Ye Chen's cheek!

At this moment, the elder of the lonely family, die!

The biggest threat, lift it!

"Little beast, you dare to kill people in front of me!"

In a moment, he was furious. A mole ant in the God Kingdom killed people in front of him. He couldn't tolerate it. This is his shame.

Gunfire immortal Zun was completely infuriated, and his killing intention poured out wildly.

"You want to kill me? Not yet. "

Ye Chen stands in the air, a hand is full of blood, but just like the immortal god of war!

At the moment, Liang XueYue has withdrawn. After all, Jilin is still in the city, so she can only take her away first.

Time kills the sword

Ye Chen raised his right arm and chopped it out with a sword. The strength in his body rushed out madly.

After a sword cut out, ye Chen did not hesitate and ran away crazily.

"Little beast, I'll see how you can escape today!"

Gun fire immortal Zun, step by step directly chase after.

If ye Chen escapes from his hand, what face does he have to dominate in Lingwu land?

Ye Chen escapes from the city. All the warriors in the city are paying attention to this scene.

This is a shocking scene!

Chapter 1564

Ye Chen is well aware of xianzun's terror and can only escape continuously. Half an hour later, ye Chen sees Liang XueYue and Ji Lin in his arms.

They haven't left yet!

"Why didn't you leave?"

Ye Chen frowns, he attracts gun fire immortal Zun, is to Liang XueYue can take Ji Lin to escape.

Liang XueYue hesitated for a few seconds, or said: "we can't say we have a chance to kill the immortal statue."

Ye Chen hears Liang XueYue's words and doesn't know where she comes from. But when she thinks of it, Liang XueYue will not joke about her own life.

"I arranged the ancient array handed down by my family ten li ahead. When the time comes, I will introduce the gun fire immortal Zun into the array and kill him together!"

This is one of the back roads left by Liang XueYue's family.

Ye Chen nodded slightly, and the gun fire immortal Zun was not willing to give up.

For them, the time of ten miles is only two breaths.

"Ye Chen, this is it!"

Liang XueYue falls from the sky and hides in the jungle with Ji Lin.

.....

"Ye Chen, you little beast, why don't you run away? Now you decide on your own. I can't leave you a whole body."

Gun fire immortal Zun's playful eyes, looking at Ye Chen.

In his opinion, ye Chen must have known that he could not escape and decided to fight to death.

"Old man, do you deserve it? I'm sorry you don't deserve it! "

Ye Chen raised his middle finger and grinned.

"Since you want to die, I'll cut you to pieces in memory of my friend's spirit."

In the eyes of gunfire immortal, ye Chen is now a dead man, and can be kneaded at will.

As long as he wants, he can kill Ye Chen in an instant.

Ye Chen finished speaking, the figure a flash, directly turned his head, ran forward.

The gun fire immortal Zun sneered, a mole ant in the divine Kingdom compared with him in speed, simply beyond his ability.

Ye Chen must be killed today!

Gunfire immortal statue just moved, suddenly hit a barrier!

"Well?"

Gun fire immortal Zun eyebrows a frown, this time, ye Chen and Liang XueYue hold Ji Lin to come out.

"Ye Chen, do you think one array can trap me? In the face of absolute strength, all intrigues are floating clouds. "

Gunfire xianzun's voice dropped, just ready to raise the fire gun, burst out of the array.

At this time, a drop of blood fell from the array.

This drop of blood is common, but the gun fire immortal Zun actually felt the heart tremble.

"Some tricks!"

Gun fire immortal Zun holding a fire gun, a shot to the blood.

Bang!

The blood was split, and the gun fire immortal Zun didn't notice. The blood dropped on his clothes and quietly melted into the flesh and blood.

"Just a drop of blood, put on airs in front of me!"

Gun fire immortal Zun, a shot pierced the trapped array, directly rushed out.

At the moment of rushing out, a bullet stabbed at Ye Chen's head.

Ye Chen sees the gun fire immortal Zun, has no time to hesitate, directly takes the Hunyuan immortal tool to rush to.

He didn't know what Liang XueYue was doing. At the moment, he could only believe Liang XueYue.

"Cold ice sword is determined!"

A sword, frozen miles!

When ye Chen's Hunyuan immortal sword touched the firearm, it suddenly broke into pieces.

A immortal Zun's killing intention directly penetrates Ye Chen's body.

Ye Chen is in a hurry, wriggles the body, dodges a gun, but the gun head cuts his flesh and blood.

"Sister XueYue, are you sure my blood essence is useful?"

In the following, Ji Lin some worried mouth, in Liang XueYue found Ji Lin, directly asked for a drop of blood essence.

"That's nature. You are the inborn poison that everyone in the land of Lingwu is afraid of! This is against the heaven! Wait for the gun fire immortal Zun, I don't know how to die! "

Why did the innate poison awaken and experience thunder robbery? Isn't it because it's too bad?

If Ji Lin is in the realm of harmony, when this drop of blood essence melts into the body of gun fire immortal Zun for a moment, it will completely poison his vitality.

.....

At the same time, a hundred miles away from Tianjian city.

A girl was riding a wind monster at a gallop.

The girl is Xiao Yun from the palace of the Immortal Emperor!

Xiao Yun's face was covered with sweat.

She had forgotten how long she had been travelling day and night.

If it was not for the face of Ji Siqing and Xia Ruoxue, she would not have ventured here.

The aura of the outside world is not as strong as that of the Immortal Emperor Palace. There are even many monsters along the way.

If she hadn't had many magic weapons in her hands, I'm afraid it would have been much worse.

However, she has not yet used the cards of Lingxian palace.

If you use it, what are those people and monsters in the way! Suddenly, Xiao Yun stopped.

Her suspicious eyes look around, but there are many strong people around her.

And these strong people are all in the same direction.

"Where are so many warriors in the western regions going?"

Xiao Yun got off the mount and directly blocked in front of a road warrior. In a cold voice, he said, "where are you going?"

The warrior stopped quickly, his eyes fell on Xiao Yun's body, slightly surprised, and even a trace of greed appeared in his eyes.

Because he found that the clothes and weapons of the little girl in front of him flowed with a trace of special Daoyun.

Extraordinary grade!

I found the treasure!

The warrior laughed and rubbed his hands: "little girl, are you lost? Or I'll take you away? I can bring you hot and spicy food

"Go away!"

Xiao Yun, even if it is no longer simple, can not not not know the purpose of this person, the whole body cold murderous gas release!

A sword to sacrifice!

Come to the limit!

In a flash, the cold sword fell on the neck of the warrior.

The cold feeling made the warrior panic instantly!

He never expected to kick on the iron plate today!

"Little girl No, nvxia, I'm wrong! I'm the one

Xiao Yun cold hum: "I just want to know two things, first, where are you going?"

"Second, do you know the whereabouts of Ye Chen?"

As soon as he said this, the warrior's face was pale and even more hesitant!

What are the two problems!

Obviously, it is a problem!

"Say it! My patience is limited! "

The cold sword has already cut the neck of the warrior, and there is a faint bloodstain!

The warrior did not dare to have any hesitation, and even said, "Ye Chen Ye Chen appears! In the sky sword city! I heard that Ye Chen is going to kill the Dugu family today! We are going to have a look. After all, who can kill Ye Chen will get a supreme treasure

Xiao Yun was stunned. During her journey, she also learned about the power of the Dugu family.

Although the western regions are the weakest in the whole Lingwu continent, the status of the Dugu family in the western regions is not weak.

Such a family should be killed by a king of gods?

It's ridiculous!

Ye Chen is too arrogant!

But at the thought of the two elder martial sisters, she still had no choice but to shake her head.

Whether ye Chen is alive or dead, she still has to complete this task!

The next second, Xiao Yun on the mount, a ride away!

Seeing Xiao Yun go, the warrior breathed out a long breath!

But the next second, a sudden change!

A cold light flashed by!

Through the body of the warrior!

Then, that cold light is thinking of the direction of Xiao Yun and go!

Soldiers without masters! Kill the threat!

This is Xiao Yun's attitude!

She's from Lingxian palace!

No one can doubt her authority!

Anyone!

Chapter 1565

Now.

Ye Chen naturally doesn't know about Xiao Yun's affairs. Even if he knows, he doesn't have time to care!

The only thing he has to do is to bear the power of the immortal!

Give Liang XueYue and Ji Lin enough time!

He could feel his body being destroyed! Is this the terror of the powerful?

Enter into the state of God, the state of God King, the state of Hunyuan, the state of harmony, the state of creation, the state of star orifices, the state of sealing doors, the state of Taixu!

How can he resist the immortal statue, who is just a warrior in the realm of God King!

His eyes were ferocious and angry!

But the gun fire immortal Zun is unceasingly punctures the leaf Chen's flesh and blood, actually did not have the killer.

A Ye Chen has no threat in his eyes. It's better to kill him slowly to relieve his hatred!

Ye Chen's five fingers tightly grasp the gun fire immortal Zun's weapon, does not yield at all!

Even if you are hurt!

"Little beast, do you feel fear now?" "The gap between you and me is too big. Your behavior is just looking for death."

At this time, the gun fire immortal Zun, his eyes full of banter, stabbed Ye Chen's abdomen again.

Ye Chen Mou son is cold, he wants to release all strength to contend!

But it's impossible!

The power given to him by the master is almost dissipated!

It won't last long!

He looks at Ji Lin and Liang XueYue.

The only chance is in their hands!

Although do not know what two people want to do, but ye Chen is willing to believe them!

I saw Liang XueYue's finger pinching Jue, and the array was even more fluctuating.

In a flash, the light is shining!

A sudden change!

The moment the gun fire immortal Zun stabbed out, he only felt the intense pain in his arm, not only that, all over the body, as if countless ants were biting his flesh and blood.

"Well, what's going on?"

Gun fire immortal Zun stopped two steps, his forehead was covered with sweat, severe pain, so that he did not move.

Ye Chen saw the appearance of gun fire immortal Zun, and knew that his opportunity had come.

If we don't do it now, when will we wait?

"Time flies!"

Ye Chen stretched out his fingers, the strength of the years, crazy into the fingers.

Boom!

A finger falls, the strength of time rushes into the body of gun fire immortal Zun.

If it's normal, this blow can't enter his body. After all, if a xianzun wants to resist, it's no problem at all. But now, the gunfire immortal Zun can't bear the pain. How can you pay attention to it.

The strength of years into it, a little bit of wear gun fire, Xian Zun's body, and life expectancy, but the speed is not obvious.

After all, he is also an immortal in the realm of creation. How can it be compared with the realm of harmony?

Gun fire immortal Zun bit teeth, eyes staring at Ye Chen.

Now the cause of the body, I'm afraid, is the drop of blood, he didn't care, who knows now, but it has become his talisman!

What is this blood essence!

So terrible!

Gunfire immortal Zun stood up and turned to escape.

The toxins and years in his body are constantly eroding. If he goes on fighting, he will die.

Ye Chen looked at the gunfire and xianzun wanted to escape. He said in a cold voice, "now I want to escape. Is it too late?"

"Didn't you just ask me if I felt scared? Now I'll give you the original words! "

"Do you feel fear?"

"Time kills!"

The power of the law of time, out of Ye Chen's body.

Even wrapped in the body of gun fire immortal!

This moment, the gun fire immortal statue is fixed there!

To the extreme!

Ye Chen no longer hesitates and takes out the spirit killing magic gun.

A shot to his heart!

"Bang!"

This gun goes down, stabs directly into the heart of the gun fire immortal Zun, ye Chen is not at ease, the gun head in the body frantically smashes his flesh and blood.

The gun fire immortal respects the whole body and falls to the ground fiercely.

It's splashing dust!

The whole world seems to have ushered in a huge earthquake!

Ye Chen fell from the air and stepped on the cheek of the gun fire immortal Zun.

"You You little son of a bitch, you can't die easily

Gun fire immortal Zun's face did not have any blood color, he could feel that his life, in the crazy loss.

This time, he was a total failure!

He should have killed Ye Chen instead of tormenting him It's a pity that there is no regret medicine in this world!

Ye Chen's indifferent eyes look at the gun fire immortal Zun, and then kick down!

Click!

Gun fire immortal Zun's head suddenly split.A generation of xianzun, die!

Of course, ye Chen's power can't obliterate xianzun at all! Thanks to Liang XueYue and Ji Lin for all this!

Three people set such a big picture!

The pride of gunfire immortal sent himself to hell!

Ye Chen looks at the gun fire immortal Zun's vitality vanishes, deeply exhales a breath, takes out the healing pill, directly takes down.

A strong effect is distributed in the body.

"Liang XueYue, is that the blood of Ji Lin just now?"

Just now, something happened to xianzun. It must be the blood drop.

It is impossible for the blood of the acquired poison to kill xianzun a little bit. The only thing that can be poisoned is Ji Lin's blood essence.

Ji Lin's cultivation is not high, but she controls the congenital poison body!

"That's right. Once Ji Lin reaches the realm of harmony, it's not without a chance to kill the heaven in the realm of nature."

Ye Chen heard Liang XueYue's words and nodded deeply.

This is the terrible part of the innate poison body. Now Ji Lin's state can poison xianzun with blood essence. Once he reaches the state of harmony, even ordinary blood will give a headache to those who are strong in creating chemical environment.

"Go, go to Dugu's house!"

Ye Chen puts away the ghost killing magic gun. He knows that Dugu family has a lot of wealth.

Since the Dugu family has been destroyed, these things can not be cheap to others.

Ye Chen, Liang XueYue and Ji Lin all the way to Tianjian city.

.....

In Tianjian City, countless warriors from the western regions gathered.

Talk about it!

There is only one topic for everyone to chat with!

Ye Chen!

"To tell you the truth, ye Chen is really a bit of a level. During this period of time, the whole western regions have been turned upside down. It's really interesting that a God King state can achieve this."

"It's a pity that shenwangjing is after all shenwangjing, and garbage is garbage after all. In the face of the powerful immortal, it will inevitably fall."

A warrior in royal clothes said to his friends.

A young girl beside the warrior in the royal guards didn't seem to be able to recover. She said in a trembling voice, "do you think ye Chen is not dead yet? The Dugu family has not killed Ye Chen in such a pursuit, but the Dugu family has been killed. If he were still alive, would we be avenged for saying so? "

On hearing this, the warrior in the royal guards burst out laughing: "miss ling'er, you women are as timid as a mouse. What is the cultivation of elder Dugu Taishang? And what is the cultivation of gun fire immortal Zun? "

"I heard that the gun fire immortal Zun gun skills, not to mention the God King state, even if he is in his hands, can not hold a gun.

As for ye Chen, a mole ant from a low martial world, no matter how hard he struggles, he will die. "

Chapter 1566

"I can even assert that ye Chen is a soft egg, even though he kills people without blinking an eye! Maybe before he died, he would kneel down and beg for mercy in front of the gun fire immortal

When the warrior of the royal guards is talking about his high spirited, he doesn't know that the three figures are slowly approaching.

And the appearance of these three figures makes the martial arts of the royal guards and even the people behind them gape!

The fear in that eye was like a ghost.

How did ye Chen come back?

He was not chased by xianzun. Now he should run for his life or be killed by xianzun?

Does Ye Chen have the power to kill xianzun?

No way!

Even if ye Chen goes against the sky, he can't shake the immortal like this!

"Ye Chen..." The girl named ling'er kept rubbing her eyes for fear that she would be dazzled!

However, the figure still did not disappear!

That devil is not dead!

He's back!

Liu Cheng, a martial arts man in royal guards, did not find Ye Chen's existence at all. He could feel the stupidity and shock of people's eyes, thinking that he was frightened by his eloquence.

The more he said, the more excited he said, "I have a feeling that ye Chen killed the friend of gunhuo xianzun. It is estimated that ye Chen's body has turned into pieces of treasure and scattered in the world Ha ha Shall we go and find the leak? "

"Ye Chen has a lot of treasures. If you get one or two, it's worth the trip."

When Liu ling'er kneels directly, she will not bear it.

Liu Cheng felt that something was wrong. He found that the eyes of his friends were full of fear, and even some people seemed to remind him of something!

He turned his head violently!

A cold breath wrapped him in an instant.

The next second, he saw this life unforgettable picture!

Behind him stood a damned young man!

Ye Chen!

"Plop!"

Liu Cheng's legs were soft, and he knelt down in front of Ye Chen!

"Mr. Ye What a coincidence How do you How come... "

Liu Chengcheng is going to cry!

He didn't mean to say that for a second!

The guy in front of me is a killer without blinking an eye!

Even, he could feel his lower body wet!

Scared to pee!

Naturally, ye Chen couldn't fight against such a warrior. He shook his head helplessly and went to Dugu family.

After ye Chen left, Liu Cheng's knee seemed to dissolve in the ground!

Unable to get up for a long time!

It's a fear!

The deepest fear in my heart!

.....

When ye Chen came to the door of Dugu family, he found that many warriors had already rushed into it and robbed the treasures.

As soon as ye Chen appears, those warriors who grab the treasures are stunned and motionless.

All people saw with their own eyes that ye Chen was chased out by an immortal.

No one felt that ye Chen could survive. After all, xianzun killed a God King state, which was too simple.

However, ye Chen came back in an open and aboveboard way. What does this mean? Can only explain one thing, gun fire immortal Zun was killed by Ye Chen!

At the thought of it, all the warriors took a breath.

Is this kid really special? Is he a king state?

How terrible!

"You are not qualified to point out the treasures here. Give you three rest time. Put down the treasures and leave immediately. Otherwise, you will die!"

Ye Chen, standing outside the door, opens his mouth directly. All the treasures of Dugu family are his!

No one can touch his things!

Hearing Ye Chen's words, all the warriors took out the treasure and left quickly.

Life is the key!

If you offend this evil spirit, the fruits of your lifetime cultivation will be wasted!

If ye Chen didn't kill xianzun, they could fight together.

However, ye Chen can even kill the immortal. They dare not do it. No matter how important the treasure is, it has no value for its own life.

They know that ye Chen can't be provoked!

These warriors come fast and leave quickly.

Seeing that all these warriors left, ye Chen and his three men went directly into the Dugu family's treasure house.

All the strong men in the Dugu family's creation realm entered into the devil's Kingdom, so the treasures could not be carried with them.

Otherwise, once dead, these treasures will only be cheap to others.

All these treasures have been kept in the treasure house of Dugu family. Now all these treasures are cheaper than ye Chen.

When ye Chen came out of the treasure house, he was full of smiles. Unexpectedly, the Dugu family was so rich that it was worthy of being the middle-class family in the western regions. In the treasure house, ye Chen found two pieces of soldiers of time and space. He took one and gave Liang XueYue another.

Liang XueYue's trip is crucial.

Without her casting, Ji Lin's blood essence is useless.

As for the war of time and space, Ji Lin wakes up, which means that everything is not important.

However, while searching for the treasure, ye Chen found something wrong.

It's not the treasure that's wrong.

It's Ji Lin.

Ji Lin in many inadvertent moments, all face show a sad face.

This is what ye Chen has never seen before.

Before that, he had always thought that Ji Lin's melancholy came from the affairs of the soul clan.

Now it seems that it is not at all.

Under that sad face, it seems to be afraid of something.

And now Ji Lin is extremely eager to practice and become strong!

All these signs seem to indicate that Ji Lin is ready to do something big.

After Ji Lin wakes up, ye Chen asks Ji Lin for the first time what happened before she is captured by the soul clan.

When asked about this, Ji Lin hesitated, as if he was afraid of something. Ye Chen did not force him to ask, so he did not continue to ask.

Now it seems that the little girl is still hiding some secrets and refuses to tell herself.

Or fear that this secret will implicate me.

Does she want to fight her own way?

Ye Chen shook his head helplessly, no longer think much.

"Ye Chen, now that the Dugu family is destroyed, would you like to go to luochahai with me? Now that the demon saint's secret place is born, there is not only the inheritance of the demon saint, but also the inheritance of my grandfather and thousand poison God King."

"Even if you don't go, Ji Lin must go. I'm for her good. I can't waste her talent! "

This time, Liang XueYue got the thousand demons ginseng, and awakened the acquired poison body, in order to seek the inheritance of the thousand poison God King for the demon saint's secret place.

When Ji Lin heard Liang XueYue's invitation, he was so excited that he grasped Ye Chen's clothes directly.

She is very clear, she wants to become strong, must go here!

These days, Ji Lin pondered many times whether to Tell ye Luo'er's affairs!

Although she is not high in cultivation, she also knows how terrible the people who took ye Luo'er away!

She would like to say, but often see ye Chen injured, it is unbearable!

Once Ye Chen enters this muddy water, something may happen!

Although she is young, she is only guilty of Ye Chen.

Chapter 1567

Because of himself, ye Chen offended the whole clan of the western regions!

Because of himself, ye Chen suffered the torture of the power of heaven!

Because of himself, ye Chen is scarred and shocking again and again!

She can't bear it!

She wants to bear it with her little body!

She wants to rely on her inborn poison to fight against the power to take away ye Luo'er's sister!

This is her stubbornness!

Ye Chen takes a look at Ji Lin's yearning eyes. Without much thought, he nods and agrees. Now, although Ji Lin has awakened to the innate poison, he also needs to be nourished by the poison.

Moreover, if Ji Lin gets the inheritance of the thousand poison God King, his strength will be even more terrifying.

"There's nothing going on right now. Let's go now." Ye Chen Dao.

"Good!"

The two girls spoke with one voice.

.....

When ye Chen, Liang XueYue and Ji Lin left the Dugu family not long ago, the whole western region was once again a sensation.

This is like an explosion!

Western regions, in the main hall of the northern palace family.

Sitting on the top of the hall, Beigong Hongtian stood up when he heard Zheng Bo's shaking voice.

"Zheng Bo, are you sure that the Dugu family was destroyed by Ye Chen?"

At this moment, Beigong Hongtian could not take into account his own gaffe.

When he heard the report, he thought Ye Chen would die. Who knows, ye Chen killed the Dugu family!

The Dugu family has existed for thousands of years, but it was destroyed by a young man.

This young man is still in the divine realm!

It's incredible, isn't it!

Even if ye Chen has a counter Tian bottom card, it can not be so strong ah!

Is this still human?

"Master, more than that! The real horror is not here. "

Zheng Bo's body is shaking!

He's afraid!

He felt scared because of Ye Chen's deeds!

Beigong Hongtian frowned: "is it terrible to destroy the Dugu family in a divine kingdom? Is this guy against the weather

Zheng Bo suppressed his shock and said, "it's said that Dugu Ao asked for help from xianzun, and ye Chen directly killed Dugu Ao when he faced a strong xianzun

When Zheng Bo got the news, he even lost his temper than Beigong Hongtian.

"Should ye Chen die?"

Even if ye Chen has great ability, he can't live.

"Master, wait for me to finish."

Zheng Bo took a deep breath, as if to suppress the shock in his heart, then he continued to say: "the gun fire immortal statue shot, ye Chen fled, but three hours later, ye Chen and Liang XueYue appeared at the gate of Dugu family again. What does this mean? The owner should be very clear about it... "

Speaking of this, Zheng Bo didn't go on. When he got the news, his heart almost jumped out.

At this time, Beigong Hongtian was sitting in the main hall. He could not stand on both legs when he heard Zheng Bo's report just now.

What does it mean that ye Chen can stand in front of Dugu family?

It shows that the gun fire immortal Zun was killed by Ye Chen, otherwise, how dare you run out with swagger?

Although I don't know how ye Chen killed xianzun, xianzun is dead indeed!

Now ye Chen can kill xianzun, which is

Beigong Hongtian doesn't dare to think about it any more. It's too scary.

In the whole continent, who dares to say that there is only Ye Chen who kills xianzun in the divine kingdom!

"No matter what price you pay, you must make friends with Ye Chen!"

Beigong Hongtian spoke directly. Originally, he had offended the whole western regions. He was still hesitating, but now he decided to stand on the same front with Ye Chen.

Now ye Chen is able to kill xianzun in Shenwang state. Once he reaches the state of creation, he can't imagine how terrible Ye Chen is.

Ye Chen's money against heaven makes Beigong Hongtian intend to pay everything to make a bet.

.....

The screen turns, just as ye Chen and Liang XueYue are ready to leave.

An old voice reached Ye Chen's mind.

"See you at the top of the mountain."

This simple three words is to let Ye Chen expression a Zheng.

That mysterious old man again!

Last time I went to the auction of Dugu family, the mysterious old man appeared once!

I wanted to explain some things, but because of some special breath, I left directly!

Said it would come back in a few days!

Ye Chen also tried to wait, but no news!

He is sure that this old man is definitely related to the reincarnation cemetery!

Even, the old man knows the most about the bureau that my grandfather set up in China!

All along, he felt a pair of big hands pushing him!

From the ancient Kunlun xuye's family falling extraterritorial meteorites, the reincarnation cemetery appears! My grandfather fled to China! Now, ye Chen has set foot on the land of Lingwu.

This is by no means accidental.

He looked at Liang XueYue and Ji Lin and said seriously, "you wait here for a while. I'll come when I go."

"Good."

.....

Ten minutes later, ye Chen came to the top of the mountain.

I saw an old man sitting under a tree, with his back against the tree, drinking happily.

The liquor got on the old man's body, but he didn't notice at all.

"Here it is."

The old man laughed and said to himself, "recently, some old people from Lingwu land found that I had come to the western regions, so the meeting time was delayed."

"My whereabouts can't be known by too many people, even if you and I meet, we can't be detected by outsiders."

"Otherwise, you can't live tomorrow even if your cards are against the sky."

"This world is not only the western regions, even the Taixu realm is not the end point."

"Ye Chen, logically speaking, your grandfather asked me to look after you and help you. I should have done so."

"But since I know you, I intend to be a bystander and never interfere in your life until I have to."

"Because once I intervene in your life, the enemy you have to face will be crushing! Xianzun? Hehe, xianzun doesn't even have the qualification to give those guys shoes. "

The old man seemed to feel that his words were a little too much. He patted the earth around him and said, "Ye Xiaoxiao, don't stand up. Come and drink a few drinks with me."

"No one has been drinking with me for a long time."

Ye Chen frowned, but still sat down: "old man What should I call you? "

The old man who drank the wine laughed: "I talk about being crazy. What's wrong with calling me?"

Ye chenbai glanced at the old man, speechless: "don't say, you rapper said well, you can go to China to participate in rap programs."

The old man was stunned. He laughed and handed the teapot to Ye Chen: "have a drink. This wine is made by me. The whole world is unique."

"Also, I have many names, but my friends all like to call me eternal old. As for why I am called yonglao, I still have a title in Lingwu land - Eternal holy king!"

Eternal king!

When you hear these four words! Ye Chen is completely stunned!

Although he did not know what these four words represent!

But can be called the eternal holy king, in Lingwu land's status is absolutely supreme!

Chapter 1568

This old man can freely enter and leave China, Kunlun, Lingcheng and even Lingwu continent!

Sure enough! The identity is not ordinary!

That's the question!

Why should such a strong man care about his affairs?

Is it the chess game that grandfather said?

Yonglao looks at Ye Chen with plain eyes and outlines his mouth. In fact, he is somewhat proud.

After all, he was sitting next to a famous thorn in the western regions!

It may also be a pleasure to shock such people.

Ye Chen stretched out his hand stiffly and took over the wine pot.

Yong Lao's thin hand touched Ye Chen's fingers.

The next moment, he was still with a trace of complacent smile suddenly solidified!

Eyes are even bigger!

As if to see something terrible!

"You have practiced the magic formula of reincarnation

"And the power within you The way of heaven How can it be! "

Yonglao is really not calm!

According to his plan, it will be at least ten years later for ye Chen to encounter the reincarnation formula of gods and demons!

Why is it ahead of time!

Which link is wrong!

What's more, how can ye Chen have the power of heaven in his body!

No way!

The way of heaven and this boy are obviously two extremes!

, in principle, heaven should hate to wipe out the existence of awesome Chen, why give it back to strength?

"What happened to you recently?" Yong Lao said excitedly.

Ye Chen eyebrows a pick: "forever old, since you know the magic samsara formula, then you also know the whereabouts of reincarnation xuanbei?"

Yonglao suppressed his shock and nodded: "before that, you should tell me what happened recently."

"Good." Ye Chen tells yonglao what happened recently, including the mysterious brocade box and even the array to save Ji Lin.

Only then did yonglao suddenly realize: "demon! What a monster! Heaven God thunder all let you not die, just God King situation, dare to carry everything! What a madman

For a long time, yonglao calmed down and said, "there are ten pieces of reincarnation xuanbei, each of which hides the power of reincarnation blood. If you get these ten pieces, your blood will wake up completely. At that time, I'm afraid no one in Lingwu can stop you! "

"No, if you get five bucks and absorb all the power in it, you can't do it."

"Even if you only refine one piece, the reincarnation in your body will be so powerful that it is extremely terrible."

"Blood is the foundation of martial arts. Although you have reincarnation, you can only use 1% of it now."

"It's also your fatal flaw."

"At the same time, reincarnation is the most difficult to awaken in all blood vessels!"

"If you want to be strong, you can only find the ten reincarnation steles!"

Ye Chen Mou son a congealing, incomparably serious way: "also please tell me the whereabouts of the reincarnation xuanbei!"

Yonglao nodded, stretched out his hand, waved with his hand, a picture was formed!

In the picture is a place full of Fairy Spirit.

It's daunting.

"The first stone tablet of reincarnation is here, but whether you can get it depends on your nature. The value of this object is too terrible. It must be heavily guarded. As for the specific location, you can find it yourself. I don't know. "

"Interfering in your life is not a good thing."

Ye Chen looks at the place in the picture and frowns slightly: "what is this place?"

Yonglao explained: "originally, I wanted you to go to this place after reaching the Hunyuan state. Now it seems that you can go. Moreover, you not only want to go, but also represent Kunlun Xu and the earth!"

"This place is at the junction of the western and eastern regions of Lingwu, also known as the land of rising immortals in Lingwu mainland. Many affiliated forces of Lingwu continent, the strong in the middle and low martial world, will step into this place when their own strength reaches a certain level!

It's the only way for them to cross into Lingwu

"You have to go here!"

"First, it's because of the Xuan stele of samsara. Second, you have the power of the way of heaven in your body. The way of heaven has not killed you, but it will leave the force against the heaven in your body. This is absolutely not allowed! Those people must have been angry. No mortal should have mastered the power of heaven

"Any!"

"They can sense the breath of heavenly power in you. You are a dying prey now!"

"But if you enter the immortal passage and enter that place, they will not be able to see your breath! Even if you stay in it for ten days, the breath of heaven will be covered naturally! It's impossible for them to look for you then! "

"So you must go to this place, now! Now

At this moment, yonglao's eyes are full of seriousness!

Ye Chen is the most important existence in this chess game!

Is also the most likely to fight against that group of potential stocks!

He must not die young! Once you die, the old man's chess game will be destroyed!

Ye Chen's heart is slightly shocked!

He never thought that he would be chased and killed by the way of heaven that day?

What's the matter!

I'm a king of gods. What are you doing after me!

However, ye Chen thought for a second that the authority of the way of heaven was beyond doubt.

Power is less likely to be controlled by mortals.

There is a trace of residual power in his body, which is not appropriate.

Anger is normal.

It seems that this immortal land must be visited.

Well, the wind is too tight recently, so we should avoid it.

Not for themselves, but also for the awakening of blood.

Yonglao took the wine pot, patted his buttocks and stood up. He took a deep look at Ye Chen and said, "I wanted to talk to you about another thing. Now it seems that it is not the time."

"You are in a very dangerous situation. You must go there as soon as possible. As for whether you can find the stone tablet of reincarnation, it depends on your nature."

"Since ancient times, the reincarnation xuanbei is not a common thing, one piece is enough to let countless powerful people compete. Because this is an opportunity for them to awaken their samsara. The only chance! "

"If those top strong people can feel the samsara blood in the samsara tablet by chance, even a little bit will be enough to enhance their strength a hundred times!"

"Boy, you are a treasure house. Now you haven't even explored the tip of the iceberg! I'm sorry for you

"Don't talk much nonsense. Go and prepare for it. Come back here in an hour! If I don't come to you today! I'm afraid you have long been suppressed by heaven! "

At the same time, there is a mysterious temple in Lingwu.

The temple is surrounded by clouds, just like a fairyland.

If you observe carefully, you will find that every stone in the temple is extremely rare zhenlingyan stone in Lingwu continent!

A zhenlingyan stone can make countless top powerful people in Lingwu land breathe fast!

What's more, tens of thousands of zhenlingyan stones!

In the deepest part of the temple, a simple gate was knocked.

It was an old man who knocked at the door.

The old man is thin and thin, but his whole body is full of rhymes, even immortal!

He can't see through his cultivation. It's terrible!

Chapter 1569

"Come in!"

A thick voice came from behind the door.

Next second, the door opens! Countless auras are surging!

The old man took a long breath and walked in carefully.

However, to the inside, did find countless God of heaven around the thunder!

A giant dragon lies in the deep!

The breath is terrible! Terrible!

A mysterious man sits cross legged on the terror dragon.

The man did not open an eye, light way: "why to disturb this gentleman."

The old man's face was pale to the extreme. With a plop, he knelt down directly!

"A few days ago, someone awakened to the innate poison

The next second, the man above the Dragon suddenly opened his eyes, the cold killing machine made the whole world seem to be a piece of ice! The old man's body is covered with a layer of ice!

Become an ice sculpture!

After a long time, all ice disappeared! Old man recovery!

The man above the Dragon slowly closed his eyes and said, "it's unnecessary to care about the postnatal poison. However, the innate poison has been forbidden by the heaven. It must be that the God's thunder has wiped out the person who is not allowed."

Hearing this, the old man's face became paler and even more trembling. His voice said, "on that day, the thunder of heaven's way fell down, and the power of heaven suppressed it. The congenital poison should have fallen down. However, some outsiders resisted all the injuries! Protect the innate poison at all costs... "

"What!" A voice of exclamation resounded through the whole temple!

Cold and angry!

The man above the dragon stands up and covers everything with endless pressure!

Majesty to the extreme! Like a real king!

"That man is looking for death, and those outside dare to contend with the power of heaven! Both of them must have fallen! Even if they don't die, they're useless! "

This man is so confident!

However, a trembling voice still sounded

"My Lord, neither of them died What's more weird is The power of heaven was absorbed by a young man!! I can't think of it! Even more unable to detect the existence of that person! That's why I come to disturb you

This word a, that Regal is full of horror of the man's expression is not calm! There was a storm in his heart!

Absorb the power of heaven!

How could it be!

How can mortals be in line with heaven!

"Are you sure? If you dare to cheat me, you can't afford the consequences! "

"Confirmed by subordinates!"

At this moment, men know the seriousness of the matter!

He knows the strength of the old man in front of him.

If this old man can not detect the existence, it is absolutely a threat to him!

More importantly, the other side can absorb the power of heaven!

No one can do it for thousands of years!

This threat must be killed!

For a long time, the man's cold voice sounded again: "since this absorbed the power of heaven, the breath must be detected by us!"

"Now go to the place where the incident happened and release your divine knowledge for thousands of miles! Find the man with the breath of heaven! Kill at once

"And the inborn poison, we should also kill it!"

"Start now!"

"Yes, my Lord!" The thin old man's body trembles, the next second is completely disappeared!

He dare not neglect! There is no right to neglect!

...

Ye Chen returns to Liang XueYue and Ji Lin.

"Where did you go and how did you come back now?" Liang XueYue frowned.

Ye Chen looked at Ji Lin, hesitated for a few seconds, or said: "I have some things to deal with now, would you like to go with this sister first?"

"I'll meet you as soon as I'm done."

Ji Lin wanted to say something, and finally nodded: "Ye Chen, I have only one request. You must come to me, and you should come to me well. I will practice hard and not delay you."

"And I'll give you a month at most. If you don't show up in a month, I'll take you as an accident. I will use my inborn poison to kill all living beings

Threats.

Ye Chen did not expect that this little girl would threaten him.

But the threat warmed his heart.

"Well, I promise you." Ye Chen reached out and touched Ji Lin's head.

I don't want a baby's face, but I don't want to be a baby in my eyes

"Liang XueYue, let's go on the road."

Ji Lin even called his name.

"No disrespect!"

Ye Chen just wanted to blame, but Liang XueYue said with a smile: "it's OK. Ji Lin's blood will suppress me. If you call me that address, I can't stand it." "Since you have something to do, we will meet at that time. Take this jade pendant. There are some ground marks in it. Ji Lin and I will wait for you in tianwu city."

"Good."

Ye Chen watched Ji Lin and Liang XueYue leave, and finally his eyes became incomparably determined and went toward the top of the mountain.

Whether it is to avoid the way of heaven, but also reincarnation xuanbei!

This trip is very important!

.....

On the top of the mountain, yonglao has been waiting for a long time.

"Is everything settled? But you don't have to worry about the inborn poison. I'll take care of it for you. It's also to solve your worries. "

Ye Chen nodded: "eternal old, thank you."

Yonglao smiles and takes out a plate from his waist and throws it out directly.

The array plate is split into four in an instant, and four different lights flash!

I broke the void in front of me!

CHEN Ye is slightly shocked!

It's too scary to manipulate the laws of time and space at will!

If you are more serious, you must be more serious

"Only when I break through the void can I get you there as soon as possible."

Ye Chen did not hesitate, step out, just want to step into the void, to the junction of the western and northern regions!

But it was pulled back by an invisible force.

"Boy, what are you doing in such a hurry?"

"You don't have the breath of immortality. If you go there rashly, you will be mercilessly torn."

After that, yonglao threw out a pill and said, "this pill is refined at a cost. It has a unique smell. If you take it, the disorder of space won't tear you. And when you get there, you won't be found. I sent you there."

"What's more, there's a blood essence from a virtual strong man in Kunlun, which matches you."

"It's just that the earth's Kunlun void is ultimately a low level plane. You should feel the contempt of people in Lingwu continent."

"At the junction of the western and northern regions, I'm afraid this contempt will be stronger."

"So I hope you can change that."

"What happened in the western regions should not be so fast to get there. You should be very safe in these ten days."

"But the paper can't stop fire. Once you get hold of the reincarnation xuanbei, you will come out immediately! Do you understand? "

Chapter 1570

Ye Chen solemnly nodded his head and took the pill immediately.

Yonglao breathes out and throws out a bottle.

"I have some chance with you. I'm afraid you will have an accident in it. This drop of blood essence is the essence of an ancient monster. If you absorb it, you will benefit immensely. That's all I can do for you. Go ahead. "

Ye Chen has a deep look at yonglao, just want to step out, yonglao kicks out, he a stagger, directly into the tearing void!

The next second, the void suddenly closed!

I'll always smile.

"You're a thorn in the western regions. It's too popular. I'll give you the courage."

"Not to mention it. It's cool."

Finish saying, he restores calm face again, looking at all this, murmured: "Ye Chen, ye Chen, hope you don't let me down."

"I'm ahead of time in this move. The divination shows that you are more or less unlucky. But your fate and heaven can't be checked. How can there be divination in the world to cut off your life? "

"I'm gambling. Bet you will live up to my eternal king

At the same time, the border between the western regions and the southern regions.

A huge crack appeared out of the air, which seemed to tear the space open slowly. There was a deep darkness in the crack, sending out a chilling breath, as if everything could be torn into it.

Suddenly, a figure flashed out of the crack and fell to the ground, sending out a surprise cry: "I succeeded! I come to Lingwu land! Ha ha ha ha ha

The visitor was a young man. He looked about twenty years old. He was looking at everything in front of him excitedly. But at the moment when he landed, his face suddenly changed. He looked down in disbelief. His lower body disappeared completely!

The young man vomited a mouthful of blood, his eyes were bloodshot, and he growled: "impossible! I am blue star's unique genius! I have successfully passed through the channel of ascending immortality and arrived at Lingwu continent. How can I fall here! No way

At this point, his genius fell to the ground.

Not far away, two middle-aged men in Taoist robes stood with their hands and looked at the scene in front of them without expression.

This place is called dengxiantai, and these two people are Li Yu and Huang can, the recipients of dengxiantai in Lingwu.

Li Yu glanced at the young man's corpse. With a wave of his robe sleeve, the corpse turned into powder and dissipated. Only a storage bag flew into Li Yu's palm.

The divine consciousness flashed into Li Yumou, but his face was rather regretful. He sighed: "the rank of blue star in the subordinate plane will fall again, and those who come from this place can't even pass the path of immortality."

Huang can snorted coldly: "this time, the power of the turbulent flow of space in the passage for the promotion of immortals is more powerful than ever. The talents in the lower ranks are not even as good as the children of our small families in the western regions in Lingwu mainland. Can they succeed on their own? It's a waste of my time waiting here! "

Li Yu said with a smile: "brother Huang, please don't be impatient. In another ten minutes, the passage will be completely closed and our task will be over."

Huang can wants to say something more, but just then, they suddenly look at someone.

There is another crack in the air, and the turbulent flow of space is surging out of it. Even Huang can and Li Yu are moved slightly, and Huang can't even show a trace of joy on his face. In such a violent space storm, even if the immortal can come to the land of Lingwu, most of them will not live. Then his relics will belong to him.

Strangely enough, the channel was opened for five minutes, but no one came out. Huang and Li couldn't help but look different. You know, if the ascending immortal dies, the channel will be closed directly. It's unexpected that this person can persist in such a turbulent time and space for such a long time.

Huang can't help but ask Li Yu, "where is the immortal?"

Li Yu takes out the order for the promotion of immortality. The order can show where the ascending immortal comes from. He glances at the information on the token. It's strange, because the words on the token seem to have changed.

But he could only think that he was dazzled. He looked at the message on the token and said, "this man is from a place called Kunlun xukunlun."

"Kunlun Xu?" Huang can slightly disappointed, "it's just a mole ant with a low military position. How long has no one come here?"

As soon as his voice fell, he heard a loud bang. A figure fell from the crack and hit the ground firmly.

It's Ye Chen!

Ye Chen wants to scold his mother in his heart. Can't he use a bit of relaxation?

Send oneself to leave also behind a foot!

What's the matter!

It's a shame to get a master!

Ye Chen bared his teeth and climbed up from the ground, looking around.

Sure enough, this is more rich than the spirit of the western regions.

And he could feel his blood burning. This is the performance of the change!

The stone tablet of reincarnation is really here!

It must be found as soon as possible!

But soon, ye Chen calmed down, because he found that he was not the only one here. Not far away, there were two middle-aged men in Taoist robes staring at themselves with burning eyes.

These two people, must be the lead? Ye Chen thought in his heart and walked toward them. At the same time, he was slightly surprised. The power of his spirit was far beyond the same level, but he could not feel the state of the two people at this time. This only shows that the cultivation of these two people is far stronger than their present self.

Ye Chen walked up to them and politely clasped his fist and said, "two elders, younger Ye Chen, come from Kunlun Xu!"

The success of Ye Chen's appearance surprised Huang and Li. However, seeing that he had only the cultivation of Shenwang state, he also came from such a rubbish place as Kunlun Xu, which was somewhat disagreed with.

Huang can said with a sneer: "it's really a low level. Even those who are promoted to immortals only have their accomplishments in the early days of the kingdom of God. Boy, don't think that you are lucky enough to pass the immortal promotion channel. Passing through the channel only means that you are qualified to participate in the immortal contest. If you want to really have a foothold in Lingwu mainland, you can only get a good place in the immortal promotion contest By you? Hehe, I advise you not to lose face. "

When ye Chen hears the speech, his face sinks and he looks at Huang can coldly. He finally understands the meaning of yonglao, and even more unexpectedly, he has just come here to be ridiculed by others!

Seeing ye Chen's look, Huang can said with a disdainful smile: "do you want to start with me? Ha ha, you may be a genius in Kunlun, but I tell you, in Lingwu land, you are not even fart! You are an immortal now, and you will be protected by the law of the plane to which you belong for a short time. However, after you have dealt with me, the power of the law will not protect you. "

"But Huang can's voice suddenly changed. "Although I said it more directly, it was also for you. You are low in strength. You take part in the big contest of promoting immortals. Don't mention getting the place or even losing your life. I advise you to quit. I think you are pitiful. If you are willing to hand over

your wealth, I can make you join me in Dengxian Pavilion and become a servant disciple As far as the traveler is concerned, it is a great opportunity

Seeing that ye Chen's face tends to be calm, Huang can't help but be quite proud. This boy must have taken the bait!

Ye Chen said quietly: "what are you, and I can't get the place in the immortal contest?"

How about getting to the immortal? What about the high and deep realm? Even if the immortal is here, ye Chen will never shrink back!

He just killed the gun fire immortal Zun!

What's more, it's a nightmare for countless people in the western regions!

Other people will bow to such a person, he will not!
