Chapter 1571

"Asshole! What do you say Huang can is furious. His accomplishments are three levels of the harmony realm, which is two levels higher than ye Chen's. moreover, after the Shenwang realm, each realm is divided into nine levels, and each level is different from each other. Ye Chen is no different from a mole ant in his eyes, and the mole ant now dares to challenge his dignity!

When Huang can is angry, the momentum of he Dao state can't help but burst out. The boundless pressure of the mountain and the tsunami rush towards Ye Chen. Ye Chen's face is grim. Just the momentum of the other party's outburst will almost crush his bones.

He didn't want to make trouble!

Now it seems that the conflict is inevitable!

Just when ye Chen is ready to use the power of the reincarnation cemetery, Li Yu beside Huang can's face changes and shouts in a hurry: "Huang Daoyou, don't be impulsive!"

When Huang can hears the words, he quickly recovers his momentum, but it is already a little late. There is a golden light on Ye Chen's body, and the golden light is extremely dignified. Even Huang can and Li Yu are very small in front of the golden light. This is the power of the law that yonglao gives him pills!

The power of the law in this pill can protect anyone's safety in a short time.

Even if Huang can regains his momentum immediately, he is also slightly impacted by the force of the law. He can't help stepping back three steps. The corner of his mouth is bleeding, and he has been slightly injured. His eyes towards Ye Chen are full of resentment and poison, revealing the opportunity to kill him!

Ye Chen has relaxed at this time, looking at Huang can with a smile: "why do you look at me like this? Want to do it? Dare you? Don't stare at me like that. I'm not interested in being watched by men. "

Huang can's eyes almost burst out of his eyes. Li Yu on one side rushed out to round the court and said, "brother Huang, don't forget our business. If this boy is injured here, you and I can't afford it."

"Ye xiaodaoyou, please don't get angry. You just came here. Maybe you don't know about this immortal Dabi?"

Ye Chen glanced at Li Yu and showed a trace of interest. When he sent him here, yonglao said that the xuanbei tablet of reincarnation might have something to do with the immortality ascending Dabi here. He nodded his head and said, "I really don't know. What's the matter with this immortal Dabi?"

Li Yu said with a smile: "but all those who can come here are all the top talents in their respective fields. Even if they are placed in the land of Lingwu, there is no one among them who is extremely talented. Therefore, all the major sects and forces have high expectations for these talents who do not belong to any force but have unlimited potential. Of course, they are the best among them Points. "

Ye Chen Mou son a congealed, continued: "so, this is a contest for each big sect to investigate the immortals and select their disciples?"

Ye Chen did not know whether these so-called sects existed in the western regions.

It would be interesting if the sects of the western regions recognized themselves.

Fortunately, according to yonglao's idea, the news from the western regions has not yet reached here, so there should be no need to worry.

At present, the key is to find the stone tablet of reincarnation as soon as possible.

"Yes, and our main task, as the ushers, is to lead the ascents to dengtian City, where all previous contests will be held."

"Ascend to heaven? What a strange name. "

Li Yu said with a smile: "the major forces in Lingwu land are extremely complex. What kind of sect you want to join is closely related to the future of practitioners. In a great sense, it can determine how far a practitioner can go. The top forces in Lingwu mainland are more powerful than you can imagine!

If you can win the favor of some powerful forces in the contest of climbing immortals, and become the first-class disciples of forces, then you will ascend to heaven one step at a time! "

Ye Chen pretended to nod his head and casually asked, "this is the junction of the western regions and another place. Do you have the door of the western regions?"

Li Yu was stunned, but he didn't expect Ye Chen, as an outsider, to know so much about Lingwu. However, he still replied: "the western regions have a lower status in the Lingwu mainland, but there are also good clans. If you want to enter the sect of the western regions, you can do it."

"Oh? It's kind of interesting. " Ye Chen heard a smile of evil charm in the corner of his mouth.

I really don't know what kind of expression will be when these high-ranking western regions zongmen see themselves as evil spirits.

"Ha ha ha, brother Li, is this boy still dreaming of joining this kind of clan?" Huang can squinted at Ye Chen and sneered: "do you know that this immortal contest gathers the most outstanding talents from all over the world?

Do you know how low the Kunlun virtual plane is among the subsidiary planes of Lingwu? Do you know that the first-class forces will only pick the best in the big game?

And you? I'm afraid even the garbage sect will despise you. Do you know how miserable it will be for those who are not invited by the clan to become immortal?

Boy, maybe you can be crazy in a small place like kunlunxu, but when you come to Lingwu land, you are just a ignorant frog at the bottom of a well. When your big contest is over, you will regret not accepting my suggestion! "

Ye Chen smile, smile incomparably confident: "what are you? You are just a shameless villain who is greedy for my wealth. You're a fart!Bringing together countless talents? I step on my feet one by one!

Kunlun virtual ranking reciprocal? I still stand out!

Just pick the best people? I won't be the best, because I'm the best!

After the big match is over, you will regret that you look down on others, and regret every word you said to me

Crazy! Crazy!

Ye Chen's conceit and arrogance are beyond Li Yu's and Huang can's imagination. It's a big contest to become an immortal. The strong people who participate in the contest are all talents who stand out from different places. Which is not the existence of crushing the same rank? In Ye Chen's eyes, it's like a mole ant that can be trampled at will!

Huang can looks at Ye Chen like an idiot, but he sees Ye Chen looking at himself with the same look in his eyes. How much contempt should he have in his eyes, and his heart is even more irritated. He just wanted to say something, but he was interrupted by Ye Chen and said, "do you dare to bet with me?"

Huang can is stunned. Does this kid want to gamble with himself? What qualifications does he have to gamble with himself?

"I'll bet on whether I can win the first prize Ye Chen's eyes were burning and Huang can looked at each other without yielding: "if I can't take the first place, don't mention all my wealth, that is, this life, you can handle it at your disposal!"

"I don't care about your dog life. If you lose, kowtow to me and apologize in public at the contest of becoming immortal!"

Let one of them kowtow and apologize to the king of gods? It's more difficult to accept than to kill him in public!

But Huang can stares at Ye Chen's eyes and says slowly after a few seconds: "good!"

He must let Ye Chen pay for his own arrogance and ignorance! He wants to let Ye Chen live rather than die. It's doomed!

Chapter 1572

"Make a contract." Ye Chen suddenly raises his hand, and something emitting the breath of heaven appears between him and Huang can.

Huang can's pupil shrinks, slightly startled: "the best spirit contract?"

Even if he disobeys the supreme spirit contract, he will be destroyed both in form and spirit!

The key is how can a person from the ground of mole ants have such strength!

This is also one of the treasures Ye Chen got from Dugu family.

On the inside story, I'm afraid Ye Chen won't lose anyone here!

His fame in the western regions is not a random rush.

"What? Afraid? " Although Ye Chen can't see Huang can's cultivation realm, he can still feel that the heaven level spirit contract is enough to restrain the other side.

Huang can didn't expect that this boy from the lower level of Kunlun Xu could still produce such things as the supreme spirit deed of heaven. He could not help but look forward to Ye Chen's fortune and immediately said with a smile:

"I will be afraid of such a good thing?"

If there are other bets, Huang can may also think about it, but the promotion of immortality is more than the first. This kind of thing is impossible for ye Chen of Shenwang state to complete!

What's more, this big contest, there are also those who participated!

That's the existence that even he, a martial man in the realm of Taoism, has to treat seriously!

Ye Chen has no chance to win!

They forced a drop of blood essence to be engraved on the spirit contract, and the contract was established!

Now I just want to go back on my regret. I have no chance!

Thinking of how to torture Ye Chen after Dabi, Huang can't help but show a cruel smile.

"Well, why do you suffer?" Although Li Yu said so, he looked at Ye Chen with a little sympathy, and clearly believed that ye Chen could not win.

"Well, the channel for immortality has been completely closed. Let's talk less. Let's go to dengtian city."

The reason why it needs two martial artists who are in harmony with the Taoist realm as the receiving emissary is mainly to go to the heaven city. The space restriction of the heaven climbing platform is extremely strong. Only by combining the power of the two martial artists in the Taoist realm can they lead others to the heaven climbing City.

Huang can and Li Yu lead Ye Chen into a Dharma array. They cast their spells at the same time. Their powerful spiritual power rushes into the array. A streamer of light carries the three people and disappears in an instant.

.....

A few hours later, in a tower with solemn weather, three figures appeared in the array of the pavilion. They were ye Chen.

After arriving at Dengxian City, Huang can glared at Ye Chen fiercely and said with a sneer: "boy, I'll go to see how you win the first big match, ha ha ha."

Then he walked away.

Li Yu said with a smile to Ye Chen: "here is the city of heaven. What do you feel when you arrive here?"

In Li Yu's eyes, ye Chen is obviously a new man.

I'm very curious about the new people, even around me.

However, at the moment, he found Ye Chen extremely calm.

Calm and strange.

"That's it. It's more nimble than the western regions." Ye Chen shrugged.

Li Yu was stunned and said in astonishment, "didn't you come from Kunlun? Have you ever been to the western regions? "

Ye Chen then reacts that although he is indeed from Kunlun Xu, he has always cheated everyone with secret methods and let him step here.

This secret can't be divulged.

He can only smile and say: "I heard an elder say before, how can I go to the western regions."

Although Li Yu was puzzled, she still accepted the answer and explained: "this is the Shengxian Pavilion. The contest will be held in three days. You can live in the pavilion for a few days. If you want to go to the city, it's OK. I will arrange a disciple from the pavilion to give it to you. If you have anything you don't understand, you can ask him."

Li Yu said a little bit on the token. Not long after, a young man in a black robe came to the room, saluted Li Yu respectfully and said, "disciple Chen Zhifan, I've met Master Li."

Li Yu nodded at will and said, "Chen Zhifan, this is Ye Chen, the immortal of this time. You are all from Kunlun Xu. You must be closer to him these days. Don't have anything wrong with Dabi before you start."

"Kunlun Xu?"

At this moment, Chen Zhifan's heart set off a tempestuous wave! He looked at Ye Chen in shock, but soon regained his humble look, and said, "yes, disciple! Please rest assured, Mr. Li! "

Ye Chen is also shocked!

Only then did he think that yonglao had mentioned this place, and yonglao also said that this place might come from the existence of Kunlun void on earth like him!

I didn't expect to see you!

At the moment, ye Chen has the feeling of meeting an old friend in another country! Even feel that Chen Zhifan is very kind!

Li Yu nodded with satisfaction and said to Ye Chen, "ye xiaodaoyou, you can't really do anything to you, even if you can't win the first prize, as long as the ranking is not too bad and you are invited by the sect, you can't really do anything to you." Ye Chen felt good to Li Yu, and then arched his hand and said, "thank you for your concern, but I am determined to get it!"

Li Yu shook her head helplessly, and did not say much. She turned and left. Only Ye Chen and Chen Zhifan were left in the room.

Chen Zhifan heard two people's conversation, slightly frowned, but did not ask what, the face of the expressionless to Ye Chen said: "come with me, I will take you to the place where you live."

Chen Zhifan takes Ye Chen to a quiet courtyard and enters one of the rooms. He throws a jade talisman to Ye Chen: "before Dabi starts, you can stay here for a while. Food will be sent to your room every day. If you have anything to do or want to go out, please contact me with this jade charm."

Then he turned and left.

Just as Chen Zhifan leaves, ye Chen finds a voice coming from the samsara cemetery!

From Xiaoyao God King!

"Apprentice, please ask for me. Chen Zhifan was the Zhenwu God King at that time!"

"Before the Xueling clan attacked Kunlun Xu, there were many powerful people who entered the Lingwu land in this way! After all, the space transmission array is convenient, but there is a huge crisis! "

"And if a warrior enters the Lingwu continent through the promotion of his own strength, he will be selected by the powerful sect of Lingwu mainland if he participates in the contest of promoting immortals! At that time, there will be a chance to soar to the sky! "

"At that time, many talents of Kunlun entered the Lingwu continent in this way! Among them, there is a genius named Chen Zhifan

Ye Chen didn't expect that the youth in front of him even shocked the carefree God King. Seeing that Chen Zhifan had not left too far away, he said, "are you Chen Zhifan, the real warrior God?"

Words fall! Chen Zhifan's figure stopped in front of the door. After a long silence, he said in a desolate way: "Chen Zhifan, the king of Zhenwu God Chen Zhifan, an ordinary disciple of Shengxian Pavilion, is still alive. "

Chapter 1573

Ye Chen watched Chen Zhifan's Xiao Suo's back gradually drifting away, and he couldn't help but sigh. He thought that he had created countless myths in Kunlun Xu, which were respected by thousands of people, and awed Kunlun Xu's favorite son of heaven. At this time, however, it had disappeared, and the land of Lingwu was not as simple as expected.

As strong as Chen Zhifan, it has smoothed the edges and corners.

After all, not everyone has the existence of samsara cemetery!

Ye Chen helplessly shook his head, no matter what kind of situation, he will never retreat! This is his way. It has nothing to do with him!

Once you get the reincarnation xuanbei and activate the samsara blood, he will be qualified to fight against Lingyun! Even save Ji Siqing and Xia Ruoxue!

Unfortunately, although he knew that the reincarnation xuanbei was here, he could not perceive the specific address.

We can only take one step and see another.

Later, ye Chen set up a shielding array and directly entered the reincarnation cemetery!

In the samsara cemetery, ye Chen turns his hand and a small bottle appears in his hand.

The little bottle is a gift from yonglao.

What kind of monster blood essence.

Ye Chen opened the bottle, and a strong evil spirit gushed out.

There is even a terrible pressure!

Ye Chen's face changed slightly! What kind of monster's blood essence is this?

I'm afraid that this pressure alone is also a monster in the realm of Taoism.

Xiaoyao God Jun obviously felt something wrong. When he saw the blood essence, he was surprised and said, "this is a good thing, Gengjin white tiger spirit blood! The existence of one of the ten ancient ferocious beasts

If it is, it will be of great benefit to you

"What's more, once you combine your magic samsara formula, I'm afraid you'll get more amazing results. But, after all, this is the blood essence of the ancient fierce beast. It's very difficult for you to refine thoroughly

Ye Chen Mou son a congeals, firm way: "ancient fierce beast again how, I don't believe my body reincarnation blood can't suppress!"

The next second, ye Chen sits cross legged, runs the magic samsara formula, and begins to practice!

.....

At this time, on a high platform of the Shengxian Pavilion, Chen Zhifan was looking up at the sky with twinkling stars. His eyes seemed to penetrate the time. He went back to another place under the starry sky many years ago and murmured: "Ye Chen, you can't let me down. I have no future. The earth, even Kunlun Xu, has become a disgrace. Is this disgrace Know how long it's going to take... "

.....

Ye Chen runs the magic samsara formula for a long time, barely stable. Then, he looks solemnly at the small bottle in his hand. The lid of the bottle is opened, and a drop of blood essence flies out of it, and a bloody giant tiger appears faintly!

Giant tiger to Ye Chen issued a roar, sent out bursts of terror of pressure, just a drop of blood essence, let Ye Chen have a kind of feeling of panic!

"Hum! It's just a drop of blood essence. I dare to be bold in front of me

Ye Chen snorted coldly and pinched the formula with his fingers. Facing the drop of blood essence teacher, he drank softly: "the reincarnation of gods and demons, respect me, naturalize my body, nine days crisscross, give me a break!"

With Ye Chen's orders, the white tiger spirit blood seems to feel a great fear, roaring to escape, but how can ye Chen let him escape!

The surging spiritual power carries the white tiger transformed by blood essence into Ye Chen's body.

In a flash, a very powerful evil spirit rushed to Ye Chen's elixir field. At the same time, his blood was filled with the spirit of Gengjin, constantly cutting his meridians.

"Ah

Ye Chen sends out a roar in pain, his eyes are congested, and he is almost possessed by the devil!

He never thought that refining this blood essence is still so dangerous when he has the reincarnation formula of gods and demons!

The field of elixir was impacted, ye Chen tried his best to run the skill, and the six roads were suspended out!

Unite against the evil spirit of invasion!

For a long time, ye Chen recovered a trace of consciousness, and immediately ignored the injury of his meridians. He ran the magic formula of reincarnation and suppressed the white tiger evil spirit first!

At the moment when he was working on the skill, the massive aura of heaven and earth began to gather around the room where ye Chen was. The figure outside the room flashed. One looked at the house shrouded by the aura whirlpool, and his face was startled. It was Chen Zhifan who came!

However, he soon showed a smile. Ye Chen was obviously practicing some extremely powerful secret arts. Although he didn't say anything, Chen Zhifan was very close to the only one from Kunlun Xu for many years. He was naturally pleased to witness his growth.

Chen Zhifan quietly stood in front of Ye Chen's door. He knew that he was most taboo to be disturbed when practicing this secret art. He wanted to protect Ye Chen's Dharma here!

In the city, several pairs of eyes opened at the same time and looked in the direction of the pavilion. But soon, they all slowly closed their eyes and were immersed in practice. Obviously, the other party could not arouse their interest, or it was not qualified!

Ye Chen, at this time, was frowning, sweating, trying to refine the blood essence in his body. His meridians were cut off again and again by the strong vitality of the blood essence. The pain can be imagined. However, the more restless this blood essence is, the more it stimulates a fierce force of Ye Chen. He clenches his teeth and carries the intense pain to suppress the spirit blood in his body! One day and one night later, Chen Zhifan, who was meditating outside the door, suddenly looked moved. He stood up, and the aura whirlpool that enveloped the house dissipated. He guessed that ye Chen should have finished his work, but he did not immediately push the door in. Ye Chen should still be quite weak at this time.

This is the taboo of practitioners.

Another half day later, the door creaked and opened. Ye Chen walked out of the room with a smile on his face. He clasped his fist at Chen Zhifan and said, "thank you for protecting my Dharma!"

He felt the arrival of Chen Zhifan when refining his blood essence. Although he had prepared some successors, it was obviously safer to have Chen Zhifan protect the Dharma for him outside the door.

Chen Zhifan waved his hand at will, but his eyes showed a gratifying color. Ye Chen's whole spirit was lifted up, and his whole body was faintly emitting a kind of frightening breath, as if he was facing a young man in his twenties, but a wild beast!

Although I don't know what kind of secret arts Ye Chen has become, Chen Zhifan is sure that ye Chen's strength has been greatly improved. Let alone Ye Chen's cultivation, he has improved a lot! It's even about to break through!

You know, it may take decades to break through a small realm after the divine kingdom!

And ye Chen came to Lingwu less than two days ago, there is such a harvest, even in those Lingwu mainland genius, is also rare!

Thinking of this, Chen Zhifan is more confident that ye Chen has made a good achievement in the promotion of immortality.

Chapter 1574

Chen Zhifan took a jade slip from his arms and threw it to Ye Chen, saying:

"I have input some information about Lingwu land, immortal promotion Dabi, and other higher planes. Take it, it's useful for you."

Finish not wait for ye Chen to speak, then quietly leave.

Ye Chen holds the jade slips in his hand, and a warm feeling rises in his heart. In a strange place, he gets help from people from his hometown, which makes him feel more cordial. Although Chen Zhifan is silent and always has a cold face, ye Chen knows that he cares about himself, which is enough.

From then on, Chen Zhifan was his friend.

Also qualified to be his friend.

Ye Chen returned to the room, did not immediately start to check the jade slips, but clenched his fist, felt the terrible power in his body, and his face was full of joy!

A drop of the blood essence of the ancient fierce beast has improved his body a lot!

Although the state of physical training has not changed!

But the essence is very different!

If he faces the gun fire immortal Zun again now, he can't be so embarrassed!

And, more importantly!

Ye Chen found that there is a special life skill in this blood essence!

Tiger God!

This is from that ancient beast!

Yonglao gave him more than a big gift!

Ye Chen suddenly took a deep breath and ran the magic samsara formula. A strong momentum rose from the sky. Behind him, a black tiger shadow with blood eyes was formed. He threw himself on Ye Chen. His whole body trembled, his body suddenly lifted up, his muscles swelled and his eyes glowed with blood. A black king shaped stripe appeared on his forehead. Ye Chen clearly felt the strength of his body About three times more!

"It's really a good thing. I'll call you Tiansha tiger magic change in the future! I'm afraid it's a very special body building skill. "

After practicing the magic transformation of Tiansha tiger, ye Chen took out the jade slips that Chen Zhifan gave him and began to read the contents carefully.

Soon, he was attracted by a term, the list of immortals!

The list records the information of the talents who have attracted much attention in this contest.

Ling Longcheng, a 20-year-old from the Holy Family of Beiming, is 20 years old. He has a strong natural blood. It is said that the ancestor of the northern Ming holy family has the supreme blood of the devil kingdom. With the passage of time, the lineage gradually becomes thin, but it is still extremely strong. And Ling Longcheng's blood is pure and has the potential of returning to the ancestors!

The second one, Longxuan, comes from the land affiliated to Lingwu mainland. He is 23 years old. In the early stage of he Daojing, he is said to have something to do with the dragon family!

The third place, Wuyou, comes from the blood clan. Among the subordinate planes of Lingwu continent, the blood clan belongs to the lower middle stream plane, which is much higher than that of Kunlun Xu!

The blood clan is not under the supervision of Lingwu mainland, so the specific information is not available. At present, only this daughter is a genius not seen in ten thousand years. The reason why she ranks third is that she seriously injured Li Lingxiao, who was originally the third place, after she came to dengtian city.

The fourth place is Li Lingxiao, who belongs to the land of Tianyuan, and cultivates the realm of Taoism

Ye Chen finished watching and took a deep breath.

There's not much difference in age, but mother TUT is in the right place!

The key information is not complete. If he meets this group of people, it is extremely dangerous not to use the power of thousand soldiers explosion and reincarnation of the graveyard master.

He finally understood the eternal reminder.

However, ye Chen didn't feel frustrated. The purpose of his trip was not these people, but the xuanbei of reincarnation.

Since the specific whereabouts of the reincarnation Xuan stele is unknown, it can only take the immortal big ratio first.

What if the reward for becoming immortal is xuanbei?

Of course, ye Chen just thinks about it.

After all, the value of reincarnation xuanbei is too high, how can we reward casually.

"Apprentice, you should be careful of this Wuyou." The voice of the free God King rings in the sea of knowledge.

"Oh? The blood group? Blood clan, blood spirit clan, is there any relationship between them Ye Chen has a wonderful way.

Xiaoyao God shook his head and explained, "you have just refined the essence of an ancient fierce beast. Your blood is delicious for the blood clan."

Ye Chen smell speech slightly a Zheng, he is not afraid, just think of a pale woman looking at his drooling appearance, can not help but feel a little creepy.

Ye Chen shook his head helplessly. Then he took out the jade symbol and contacted Chen Zhifan and said, "brother Chen, I want to go to the city of ascending heaven..."

After all, one's own blood has an inductive effect on reincarnation xuanbei.

If the reincarnation xuanbei is hidden in dengtian City, he can feel it at the first time.

.....

Inside the city.

Chen Zhifan leads Ye Chen to walk on an incomparably magnificent road. The passers-by on the road has extraordinary breath, and some shops display a lot of immortal utensils!

There are even soldiers of time and space!

The things stolen by countless people in the western regions at all costs are placed here at will!
fantastic!

However, ye Chen feels the inspection of a strong man in every shop. Ye Chen is sure, as long as he starts to rob!

There is no doubt that you will die!

Suddenly, Chen Zhifan hands Ye Chen a storage ring.

Ye Chen strange way: "this is?"

Chen Zhifan smile, the cold face is relaxed a lot: "you just came here, I as your predecessor, also should give you some things, these fairy stones can buy things here."

Ye Chen is moved in his heart. How could he be short of such things!

He robbed so many families, clans and auctions in the western regions, and his wealth far exceeded that of Chen Zhifan.

However, Chen Zhifan gave him such a valuable thing.

But ye Chen did not refuse, he always had a way to return to Ye Zhifan.

He took a deep look at Chen Zhifan and said in his heart, "Chen Zhifan, I won't forget it."

Just then, not far away, a strange voice sounded: "Oh, isn't this the garbage Chen Zhifan from Kunlun?"

I usually hide in Shengxian Pavilion. How can I come out today?

You don't know that the air pollution of Lingwu is like that of us

Chen Zhifan's face is flat, but ye Chen is not!

Ye Chen's eyes are as cold as ten thousand years of ice, and his killing intention is not covered up!

Even if he did not get so angry in the face of Huang can's humiliation, he already regarded Chen Zhifan as his real friend, insulting his friend even more than insulting himself!

Ye Chen coldly looks at several people who are coming towards him. He is talking about a short and fat young man of 278 years old, who is squinting at Chen Zhifan with disdain.

Feeling Ye Chen's cold and murderous intention, the fat flesh on the face of the short fat youth shivered for a moment, and his eyes swept away at Ye Chen. However, he saw that the murderous young man only had the cultivation in the middle period of Shenwang state, and then relaxed, and his heart was filled with anger!

The anger seemed to devour him completely!

What kind of cat and dog can touch his brow?

Ridiculous!

Chapter 1575

The young man sneered in his heart!

This little garbage in the middle of the divine Kingdom dare to kill me? Scare me! Since this person is mixed up with this garbage, there must be no background

He immediately angrily said, "Chen Zhifan! Do you want to rebel? The kid next to you seems very arrogant? Let's kill you in public. Come on, break the boy's limbs for me

The short and fat young man's cultivation is a layer of heaven in the realm of harmony, and all the four people around him are in the middle of the realm of harmony!! It is also the realm of God and king!

When the four warriors heard the words, they looked at each other with a smile. They were not able to catch a warrior in the kingdom of God. What's more, they were still four people. They walked up to Ye Chen with their heads held high and yelled: "little brute, dare you disrespect our young master? We will teach you a good lesson for your parents, ha ha ha ha. "

Ye Chen looks at a few people who smile grimly. He has no fear on his face. His aura is turbulent, and he is going to make a move!

He killed countless people in Lingwu land!

What are these harmonious realms!

The Supreme God King, he does not miss to kill!

What's more, these guys!

However, the next moment was stopped by a hand.

It's Chen Zhifan's hand.

Chen Zhifan coldly looked at the four people who were coming, and suddenly said, "get out of here!"

The next second, he Daojing's powerful pressure broke out and swept over the four people. Before they could make a shout, they all spat out blood and fell in front of the short fat youth.

"Chen Zhifan? How dare you! "

"A waste in the middle of the Kingdom dares to kill me? Kneel down and kowtow to me. I can consider sparing your life! "

At this time, there were more and more onlookers around. Many people gloated at Ye Chen. Although Huang Yuan was not a strong man, he could only bow his head when Chen Zhifan was suppressed.

"Oh?" Ye Chen grinned, "are you really magnanimous?"

"Ha ha ha ha, just know it. Get down on your knees. Maybe you will follow me when you are in a good mood?"

"I'm after your mother! Do you really think highly of yourself, you bully? " Ye Chen snapped, "and my friend Ye Chen, who is not qualified to move!"

At this moment, Huang Yuan was stunned, and the onlookers were stunned.

Everyone didn't expect that ye Chen would dare to abuse Huang Yuan, who was much more terrible than himself, in the face of losing Chen Zhifan!

Being so insulted by a king of gods and warriors, it's like rubbing Huang Yuan's face on the ground. Even if Huang Yuan killed Ye Chen today, he will become the laughing stock of the whole city of heaven!

Huang Yuan was so angry that his body fat was shaking! He wants to abolish Ye Chen, let Chen Zhifan not be like death, torture this insulting garbage under the eyes of all people in dengtian City, and restore his dignity!

Boom!

A sharp cold light rose from behind Huang Yuan's head. It turned out to be a flying knife. Huang Yuan suddenly yelled, "return to yuan and cut with a knife!"

The onlookers were all slightly surprised. Huang Yuan still had some strength. He had been looked down upon before. That sharp throwing knife was a perfect combination of Taoism and immortals! And Huang Yuan's use of this return to the yuana knife to cut is not simple, this return to yuana knife is a high-level martial art, known for its power!

Although Huang Yuan this move makes very reluctantly, is only just beginning, but also already strong enough!

It's even more amazing to cooperate with the best products and Taoist immortals!

The flying knife trembled, and with the rolling spirit of a huge wave, he chopped at Ye Chen with the momentum of splitting the sky. At this time, people seemed to have seen the end of Ye Chen. It was as difficult for the king of God to take this move!

What's more, ye Chen seems to have no blood!

However, to everyone's surprise, ye Chen didn't change his face in the face of this amazing sword, and he was quite Disdain!

He even despised Huang Yuan's knife!? How could that be possible?

Ye Chen is not afraid!

Huang Yuan has obviously just stepped into the realm of harmony! And it's the result of pills piling up! The actual level is just Hunyuan!

And he Ye Chen from Kunlun Xu to Lingwu continent, is to kill a bloody way!

There are six gods and kings and several masters to guard! What are you afraid of!

But at the moment, ye Chen does not intend to use all his strength!

He wants to try the power of dissolving in the blood essence!

"Tiger god evil spirit!" Ye Chen light way, a concise mind with a strong evil spirit suddenly into the sea of knowledge of Huang Yuan!

"Ah, ah, ah!" Huang Yuan shouts with his head in his arms. His eyes are bloodshot and his sharp Sabre Qi is slightly lax, but he still cuts towards Ye Chen!

"Eh?" Ye chenlue was surprised that Huang Yuan was not completely defeated by this attack. His mind and evil spirit easily invaded Huang Yuan's consciousness of the sea. Suddenly, a force that did not belong to Huang Yuan broke out and blocked his tiger spirit!

Must be a master for him planted a god protection!

A blow does not hit, but the throwing knife has been cut in front of Ye Chen, but ye Chen still looks light and has no intention.

"Tiansha tiger magic change!" A fierce shock of the black tiger virtual shadow, into the back of Ye Chen.

Chapter 1576

Ye Chen's body suddenly lifted, muscles bulging, eyes blood red!

He gazed at the flying knife that seemed to cut off the sky in front of him, and roared: "break it for me!"

A blow to the boundless sword!

There was a big bang, as if heaven and earth collapsed, all things vibrated!

Raise the boundless dust!

The onlookers used secret methods to protect their bodies. Those who were weak in cultivation could not help but turn pale. They stepped back a few steps. It was only the aftereffect of this blow that they were slightly injured!

Ye Chen's fist is so terrible!

People look at the smoke and dust in their eyes have changed, now they are even stupid can see, ye Chen is not a simple king of God realm warrior!

If that punch hits you

Many people swallow their mouths, even if they are Hunyuan, they can not guarantee that they can safely receive ye Chen's attack!

However, although Ye Chen's attack is powerful, it's tough. Can the immortal weapons and martial arts of such a level be safe and sound?

The dust did not disperse, and the aura of heaven and earth was disturbed by this blow. Even the gods of people were disturbed. I wonder if ye Chen in the smoke is still alive.

"Look at Huang Yuan Exclaimed one of the crowd.

They turned their heads and looked at Huang Yuan. They saw that he was lying on the ground pale in front of him. There was blood on the corner of his mouth. Obviously, he was seriously injured. That throwing knife was his own spiritual weapon, and only with the help of it could Huang Yuan exert his martial arts!

Even when he successfully displayed that move, he was extremely surprised!

Because he knew that this Sabre was the most powerful blow in his life, and he could even kill the warriors in the early stage of the common Hedao realm!

But he never thought, his far more than full force of a blow, unexpectedly was broken by the mole ants in the God Kingdom period!

What's more, his life weapon was damaged under Ye Chen's attack!

This is the best combination of Taoist and immortal tools!

It can be imagined that ordinary Hunyuan martial arts can not easily damage this level of immortal tools!

Thinking of this, Huang Yuan was scared. His legs trembled slightly. He wanted to stand up, but he could not. But he still struggled to climb back. His intuition told him that ye Chen was not dead!

If ye Chen doesn't die, it is

He knew that he was really in trouble this time, and the shadow of death hung over Huang Yuan's heart. He was so scared that he almost broke down. He regretted that he wanted to beg Ye Chen's forgiveness at all costs. What dignity, what identity, in front of his life, are bullshit!

However, ye Chen's words echoed in his ears

"And, my friend Ye Chen, no one is qualified to move! You hurt him, I let you die

For Huang Yuan, who has always been well respected, how can he bear such despair?

At this moment, his body trembled!

Some even found that his crotch was wet.

"This is really the funniest thing in the hundred years of dengtian city. I'm so laughing."

"What's more, he's afraid. Take a closer look. He's pissed!"

Endless ridicule, endless ridicule into Huang Yuan's ears, he humiliated to want to die, but, he did not dare, he was afraid of death, even if he was a humble dog, he did not want to die!

A dark shadow fell. The sound of footsteps is getting closer.

Laughter, sarcasm, disappeared in a moment, and everyone's attention was attracted by the sound of footsteps in the smoke.

A huge figure, out of the dust.

"Ah ah ah ah ah, you don't come here, don't come near me!" Huang Yuan looked back. His mind was clouded and his vision was blurred by tears. He could not see ye Chen clearly. He saw a dim and huge black shadow coming towards him, just like the devil in the nine secluded places!

After exerting the Tiansha tiger demon transformation, ye Chen's heart is also vaguely affected by the nature of the Tiansha devil tiger. He looks down at Huang Yuan crawling on the ground, just like looking at a lamb to be slaughtered.

He took another look at Chen Zhifan, who was scarred beside him.

He knew very well that Chen Zhifan would be more dangerous once he let the tiger return to the mountain.

It may even be crazy revenge!

He is not afraid of Ye Chen, and will not stay here for a long time! But Chen Zhifan is different!

Moreover, before he came here, Chen Zhifan must have been subjected to endless humiliation, which only weakened his fighting spirit!

If it was not for himself, Chen Zhifan would continue to endure.

"Please let me go. I kowtow to you. I'm garbage. Please let me go of this garbage..." Huang Yuan incessantly beg for mercy, ye Chen seems not to hear one side, slowly raised a foot, heavily fell.

With a click, the meat foam splashed everywhere and the blood filled.

"Ah, ah, ah, ah, ah, my feet! so painful! My feet Then came Huang Yuan's scream of killing a pig.

Ye Chen stepped on Huang Yuan's whole thigh into meat foam!

Everyone's face appears different color, the line of sight moves to Ye Chen's face, the heart can't help but thump!Huang Yuan screamed and looked at the one who was dyed red with blood and stepped on his feet. His eyes were full of panic!

Anger and fear coexist!

"Boy, I swear you and Chen Zhifan will die! Your whole family is going to die! I will torture you ants to death! I want to break the limbs of you and Chen Zhifan! Split the horses

"Sorry, I won't give you a chance!" Ye Chen's indifferent voice rings out.

The onlookers at this time in the heart of all people have an idea, nothing, do not provoke Ye Chen, no matter how high your realm is!

This guy, it's weird! It's horrible!

Breaking human limbs is nothing in Lingwu land, but ye Chen's voice and ye Chen's actions make them feel cold in their hearts, as if human beings were facing their natural enemies.

Crack, bone smash, flesh and blood disintegrate! Another thigh, trampled by Ye Chen!

"Just now, you said to break my limbs?" Ye Chen looks at Huang Yuan's wound with interest.

Huang Yuan's mind has completely collapsed at this time. Even if ye Chen doesn't kill him now, he will become a waste man. There is no possibility of any practice, and he can't even do normal life. He will live in endless fear!

Suddenly!

"Boom!" A loud noise, Huang Yuan, self explosion!

"Boring." Ye Chen turned his lips, and Huang Yuan was determined to die, and self explosion was not very powerful.

with his body after the transformation of Tiansha tiger, he did not receive any damage even though he suffered Huang Yuan's self explosion at close range.

Ye Chen waved and collected the Deacon token on the ground and Huang Yuan's storage. His eyes swept away at several shivering figures not far away.

See ye Chen looking at himself, several people have issued a scream of fear, one kneel down on the ground, desperately kowtow, pray for ye Chen and Chen Zhifan's forgiveness.

Ye Chen is thinking about how to deal with these odds and ends when Chen Zhifan behind him says: "Ye Chen, don't worry about them, let's leave here first!"

When ye Chen hears the words, he can barely stand up at this time. His face is still very pale. He hastens to support Chen Zhifan. He moves and takes Chen Zhifan into a shadow to the distance.

Chapter 1577

Outside the city.

A forest full of endless killing.

The martial artists in Lingwu land called it the forest of shadows. The trees in the forest, no matter their trunks or branches, are all dark. The whole forest is covered with a strange shadow.

And ye Chen, under the guidance of Chen Zhifan, came here through a secret channel.

"Well, stop here. The shadow forest is extremely dangerous. Don't move on." Chen Zhifan said.

Ye Chen nodded and put down Chen Zhifan. At the same time, he scattered the power of the ancient fierce beast's blood essence. Although this thing is powerful, it consumes Qi.

With his current accomplishments, he still can't support it for a long time. From the beginning of the battle to taking Chen Zhifan out of the city, the total time is less than 10 minutes, but it has already consumed a lot.

Ye Chen frowned and looked around. The shadow of the forest really gave him a very uncomfortable feeling, as if there was an endless threat hidden in it.

It's like facing a firecracker.

"I'm sorry, ye Chen. I'm sorry. You forced Huang Yuan to death. Huang can will not let you go."

Chen Zhifan looks at Ye Chen apologetically. He knows that ye Chen's potential is terrible. Maybe if you give ye Chen a few years, Huang can is nothing.

But now, ye Chen is still just a king of gods. No matter how bad his strength is, he will not be Huang can's opponent.

There is too much gap between the realm of harmony and the realm of divine king.

Ye Chen said with a smile disapprovingly: "brother fan, I have already regarded you as a brother, so don't say so unconventional words.

What's more, when I first came here, I had a feud with Huang can. No matter whether I killed Huang Yuan or not, he would like to tear me into pieces. I'm not OK now. "

Chen Zhifan shook his head and said: "you just came here, there are laws to protect, so it's OK, but now, the power of the law has dissipated."

When ye Chen heard this sentence, he thought of yonglao's account.

When I come here, I can erase the traces of the way of heaven in my body.

After a few days, has it been erased?

Without thinking about it, ye Chen continued: "it's OK. Huang can and I have signed a spiritual contract. There is a contract to bind me. He can't move me before he becomes a immortal."

Recalling what Li Yu and ye Chen said, Chen Zhifan was a little worried and said, "is it a big bet? This... "

"Van Gogh!" Ye Chen suddenly interrupted with a smile: "I have confidence!"

Chen Zhifan looked at Ye Chen's confident smile, how similar he had been to himself. Instead of saying more, he nodded heavily and said, "I believe you!"

Ye Chen suddenly looks at Chen Zhifan with some incomprehension. He knows that Chen Zhifan was once in Kunlun Xu and must be a proud practitioner.

But why did he become the humble Chen Zhifan in the immortal Pavilion, and the Chen Zhifan who endured the bullying of others?

Ye Chen can't help but ask: "fan Ge, what happened after coming up from Kunlun Xu?"

Chen Zhifan's eyes flashed a little gloomy, but he still said: "in those years, I successfully came to Lingwu land, which was also full of high spirits. But who knows, we were not well received in Lingwu land, and we saw countless more excellent talents than me in the contest of becoming immortal..."

"But even so, I was not discouraged, still proud, but who knows, before the big match, I had a conflict with a warrior in the city of heaven!"

"This man, who was the first in the big contest of that time, was much stronger than me. Although I managed to save my life, I was also beaten down by him. Moreover, with my physical condition at that time, it was almost impossible to get an ideal ranking in the contest..."

"Right here, someone in the Shengxian Pavilion told me that if I am willing to contribute enough precious treasures, Shengxian pavilion would like to take me in

Do you know that in a place like Lingwu, where there is no protection of power, almost everyone will step on you

"So I agree, but who knows, after being banned by the Shengxian Pavilion, you have only two choices in the Shengxian Pavilion, either endure humiliation and live hard, or! Die

"I should have died, but I'm not willing to! I am not willing to be defeated by the one who defeated me, and die as a dog of Shengxian Pavilion! So, after all these years, I've put up with it! "

Ye Chen is shocked to see Chen Zhifan. He knows that it is more painful to let a proud man endure humiliation and live on than to kill them!

Chen Zhifan's hardships can be imagined!

At the same time, he looked at Chen Zhifan's eyes with admiration. He admired Chen Zhifan, because Chen Zhifan had not degenerated!

He still has fighting spirit in his heart! So, even if he is now humiliated, his pride still exists in his heart!

Ye Chen's friends are not many, but Chen Zhifan is absolutely worth making friends with!

"But thanks to you, I'm going to be free!" Chen Zhifan suddenly said with a smile.

"Oh? Thanks to me? " Ye Chen has a wonderful way."Is that token of Huang Yuan in your hand?"

"Yes Ye Chen nods and takes out the token to Chen Zhifan.

Chen Zhifan looked at the token in his hand, and his smile was even stronger.

"Originally, the prohibition of Shengxian pavilion has much less binding force on those who are in the martial arts area.

However, after all, it is still a hidden danger. My original intention was to escape from Shengxian pavilion after reaching the realm of harmony.

But with this deacon token, things are much better Although I have been sent by Shengxian Pavilion all these years, I have little time to practice, but my cultivation has also made a little progress.

As you can see, just now I used the secret method to break out the power of Hedao peak! Although this is not my own strength, but to achieve it will not be too long.

I hope that before long, I will be able to break out of this power without resorting to the secret method! Don't be afraid of anyone!

What's more, with this deacon token that has the effect of controlling the prohibition, I'm sure I'll break the ban now! "

Ye Chen realized just now that Chen Zhifan's power of terror actually comes from the secret method. It must be that Chen Zhifan also has a good chance.

However, this is the secret of the warrior himself, and he will not ask more.

He felt happy for Chen Zhifan from the bottom of his heart and said with a smile: "this Huang Yuan, it's really worth killing!

Even if I didn't have a festival with Huang can, I would kill him for Van Gogh

He is happy, happy for Chen Zhifan. Once Chen Zhifan breaks the prohibition, he can be himself again, and be proud of himself!

Looking at the token in his hand, Chen Zhifan was full of expectation and said:

"Ye Chen, I am going to break the prohibition now. Huang Yuan is destroyed. Huang can should have known that if there is no accident, he should be rushing to dengtian city."

Chapter 1578

Chen Zhifan continued: "you are OK, Huang can't move you, I can't go back Fortunately, I haven't been unprepared for so many years. By chance, I got a cave in the forest of shadows. Now I have to go there to avoid it until I successfully break the prohibition. Otherwise, I won't be able to leave the pass. By the way, what's your plan? "

Ye Chen said without hesitation: "I protect Dharma for you!"

Chen Zhifan looks at Ye Chen with more warm eyes, but still shakes his head and says: "no, first of all, you have to participate in the contest of becoming immortal, and breaking the ban is not a matter of a day.

Secondly, the cave is very safe for me. Huang can't find it. Even if he does find it, he can't invade it! "

Speaking of this, Chen Zhifan suddenly said with a smile: "what's more, ye Chen, although your strength is far beyond the same level, are you sure you can protect the Dharma for me in the face of the martial arts of the same level?"

Ye Chen's face turned pale, both hands behind his back, saying: "he Dao Jing in front of me again calculate what, I even made the immortal statue of a layer of heaven to kill!"

Although it was thanks to Ji Lin's blood essence to kill the gun fire xianzun, he did kill an immortal Zun.

I'm afraid the western regions are scared to hear their names.

This moment's Ye Chen body erupts extremely strong killing intention!

This is the proof that he has been stained with countless blood and bathed in blood!

Chen Zhifan was even stunned by this powerful momentum!

For a moment, he really felt that he believed it!

I don't know how long it took for Chen Zhifan to wake up and feel funny.

He was almost cheated by Ye Chen's momentum.

God King's realm kills the immortal statue?

You're kidding!

Lingwu mainland has never appeared in ten thousand years!

Chen Zhifan didn't intend to break through Ye Chen either. He laughed, patted Ye Chen on the shoulder and said, "OK! I believe in you, and you should also trust me. My life is very hard. Take this

Chen Zhifan raises his hand and throws a jade card to Ye Chen.

"Is this?"

"I have nothing to give you. This is the forbidden card of that cave. You can enter and leave the cave at will with your token.

It also records the location of this cave, I have nothing to give you, only this one!

Don't underestimate it. According to my investigation, this card can not only open this cave, but also several. And I'm sure that this cave must be left by some very powerful power.

This one I got is only the temporary cave of the great power. There are no treasures left in it. However, if you are lucky enough, you may be able to inherit his inheritance by virtue of this jade card if you discover other caves of this power in the future

"Brother fan, you..." Ye Chen knows what it means to inherit a great power. Even if he has a reincarnation cemetery, it is also a great opportunity for him. Inheritance is never too much!

"Well, there's no need to say anything more. You can take it when I'm a brother. There are three forbidden cards in total, and I still have two. I'll keep them. I don't give them to you, and inheritance may not be what you get."

Ye Chen knows that the inheritance of such great powers can only be inherited by one person, which is extremely precious.

If Chen Zhifan is willing to give this to himself, he has already regarded him as a friend.

Ye Chen didn't say much. He knew that if he was himself, he would do the same!

Between brothers, there is no need to say much!

Seeing ye Chen accept it, Chen Zhifan smiles heartily, and then waves to Ye Chen and says:

"OK, you go back. I should break the ban in closed door. Once Huang Yuan stirred me up, you didn't do what you wanted to do, right?"

Hurry up. It's not so simple to become a immortal. If you can enhance your strength by one point, you can come to the cave to find me if you don't leave in a hurry after the big contest is over

Ye Chen nodded his head and said, "brother fan, take care!"

Then he turned to the direction of the city.

.....

After saying goodbye to Chen Zhifan, ye Chen returned to the city of heaven, where he kept running the true formula of seeking spirit, which consumed little mana. While wandering in the city, he occasionally went into shops to buy some favorite items.

At the same time, ye Chen finds that people on the road are pointing out to themselves. It seems that they have already gained some reputation in the city of heaven for killing Huang Yuan.

In half a day, ye Chen visited half of the city, but he still didn't feel the breath of the reincarnation xuanbei. He couldn't help feeling a little disappointed. But it's normal to think about it. If this thing is so easy to find, it won't be so rebellious.

At this time, a sudden roar spread all over the city!

"Who killed Huang Yuan?"

Here comes Huang can at last!

Although dengtian city is the place for holding a big contest for the promotion of immortals, it is actually a small town in Lingwu mainland. The main force is the Shengxian Pavilion. Huang can has three levels of strength in the city, and he is one of the strong in the city.

Huang can would have been more arrogant in looking for the man who killed Huang Yuan. But at this time, many forces came to watch Dabi in the city. No one of them could be provoked by Huang can. In order to avoid kicking the iron plate, he was quite restrained. Ye Chen glances at the direction of the voice, and simply doesn't care about him. He continues to go shopping by himself.

Seeing that no one responded, Huang can felt a little relieved when the other party was afraid. If those people with great power, for the sake of the dignity of the clan, they would not respond to his questions.

He began to understand the process of Huang Yuan's death. In fact, if someone with great power had answered, Huang can would not have offered a teacher to make a crime, but would have made an apology to the other party. This angry shout was just for the sake of preserving his dignity in dengtian city.

But when he learned about the process of the matter, he knew that Huang Yuan was forced to collapse and commit suicide after being interrupted by Ye Chen. He couldn't help but be angry and looked at him!

Ye Chen! Ye Chen again!

What makes him angry and wants to vomit blood is that although Ye Chen is just a mole ant that he can trample to death at will, he can't do anything to Ye Chen because of the relationship of spirit contract!!!

I'm a martial arts person in Taoism, but I've been losing money in the hands of a king of gods. I can't do anything about it! How can you not be angry!

It's so suffocating!

But at this time ye Chen is indifferent.

He is studying the Guiyuan Yidao used by Huang Yuan before.

He is not short of martial arts, but he is interested in it. It can be used as a common move.

Ye Chen's talent is extremely high. He just glances at it and understands the secret of Guiyuan Yidao. He is confident that he can cultivate this skill to the beginning before he becomes a immortal.

At the same time, he also secretly scolded Huang Yuan as a fool. It's not suitable to use the flying knife in Guiyuan, otherwise the power will be greatly reduced!

However, what ye Chen doesn't know is that Huang Yuan would not be able to use this skill if it wasn't for the throwing knife

Chapter 1579

However, Huang Yuan's throwing knife can't be used because it's Huang Yuan's original spirit weapon, so he can't use it, so he can't wait so long, but he can't wait so long.

He looked for a circle in the samsara cemetery and found no weapon most suitable for this martial art.

However, there are many materials for his reincarnation cemetery, which can be refined by himself.

However, there are many conditions needed to forge weapons.

Now we have to find a weapons shop or a place where weapons can be forged.

...

Recalling the contents of the jade slips given to him by Chen Zhifan, ye Chen came to a weapon shop called "Shenbing" in dengtian city and said to an employee in the shop:

"Hello, is boss Wu in?"

Boss Wu of the weapons shop has some friendship with Chen Zhifan. Chen Zhifan tells Ye Chen in the jade slips that if you need weapons, you can come here to find boss Wu.

The employee did not answer, but looked up and down at Ye Chen.

Seeing ye Chen dressed in ordinary clothes, he only had the cultivation of Shenwang state. A trace of disdain flashed in his eyes. He opened his mouth blandly and said, "boss Wu is not here."

At this time, a young man with gorgeous clothes came up behind Ye Chen. The employee immediately beamed with light, and passed Ye Chen with a smile on his face and said, "what can I do for you, young master? Come on, come on, look over here. "

Ye Chen frowned slightly, but he didn't say anything. He casually browsed all kinds of spiritual and immortal artifacts in the shop. He didn't have the same insight with a servant.

Unexpectedly, the well-dressed youth behind him didn't even look at the employee, but walked straight to Ye Chen.

Ye Chen sensed that someone was approaching him and looked at the young man with a slight surprise.

He seems to be twenty-one or two years old. He is quite handsome. At the beginning of his cultivation, he has a deep breath.

This man is obviously a realm of practical cultivation, which is quite different from Huang Yuan's accomplishments piled up by external forces. If he really starts to work, under the same other conditions, this young man can at least play five kinds of Huang Yuan.

The young man stared at Ye Chen and suddenly said, "this Taoist friend, my name is Xiao Tianchen. Excuse me, did you kill Huang Yuan?"

As soon as Xiao Tianchen said this, the people in the weapon shop looked at each other and said, "Deng Tiancheng, Xiao family? The power next to the Shengxian pavilion

"At the beginning of Xiao Dan's life, she didn't rely on the elixir of heaven, even more, she didn't rely on her talent in the early days."

Ye Chen looks at Xiao Tianchen, and his face is quite displeased. Xiao Tianchen vaguely releases pressure on himself when he speaks. Although it has no influence on Ye Chen, such behavior has obviously offended him. Ye Chen has never had a good impression on such a person who has been pressing people with pressure.

"It has nothing to do with you." Ye Chen casually replied, then turned to continue to check the spirit, Xiao Tianchen in the side.

Seeing this, all the onlookers look different. Is this the one who is said to have killed Huang Yuan?

There is a rumor that he is the land of mole ants from the ascent, the name is Ye Chen.

Xiao Tianchen is surprised to see ye Chen's reaction. His breath is extremely thick. Even if he releases it to ordinary martial artists of the same level, the other side will feel pressure,!

However, this king of God state warrior can completely ignore his own bullying action, and there are some ways.

However, he Xiao Tianchen still does not put in the eye!

Cross the steps to kill Huang Yuan? Like Huang Yuan that kind of rubbish, oneself also can knead dead!

If someone treats him and Huang Yuan as the same level, that person will surely die miserably!

When they see Xiao Tianchen's face getting gloomy, they can't help looking at Ye Chen, who is looking at the weapon.

Some of the customers shook their heads and said, "although this young man has good strength, he still has too little experience and not enough heart.

Does he think he will be invincible after killing Huang Yuan?

Although Xiao Tianchen and Huang Yuan are in the same realm, their strength is one heaven and one underground! If he treats Xiao Tianchen with this attitude, he will pay a price! "

"Hello, boy, I'm talking to you."

Xiao Tianchen said coldly. If he was usually, Xiao Tianchen would have taught this boy a lesson. The reason why he didn't do it was not because of Ye Chen's strength, but because of Huang can!

Why hasn't Chan got the background of Huang Lingchen?

Ye Chen's eyes were filled with anger, but he still suppressed it. Here is boss Wu's shop. Boss Wu is Chen Zhifan's friend, and Chen Zhifan is his Ye Chen's brother!

He didn't want to work with people in boss Wu's shop, just to be worthy of Chen Zhifan, so he didn't break out!

Ye Chen turned around and looked at Xiao Tianchen without expression and said, "what's going on?"

Seeing ye Chen's reply, Xiao Tianchen said with a sneer in his heart: "count your boy's insight!""Is that throwing knife that Huang Yuan used in your hand?"

Xiao Tianchen stares at Ye Chen's dark eyes, extremely serious.

"It's useless for you. I'll take it. Don't worry. We Xiao family won't take advantage of you. You can make a price at will. I'll buy the damaged Throwing Knife in your hand."

Xiao Tianchen looked at Ye Chen confidently. He believed that ye Chen would not be stupid enough to refuse himself in dengtian City, especially after he offered such superior conditions.

Everyone was surprised when they heard the speech. The Xiao family was really generous!

This is a free offer!

"No, you can go." Ye Chen said impatiently.

At this moment, everyone was stunned!

They didn't expect Ye Chen to refuse!

This is Xiao Tianchen. Can you refuse it at will?

Even if there is something special about this Throwing Knife, it's not something you can have!

The truth of every man's innocence is the same everywhere. What's more, Xiao Tianchen's conditions are so good that he may even take this opportunity to climb the Xiao family. It's not a loss!

But what about ye Chen? Didn't think about it and refused! Don't give Xiao Tianchen any face. It will make him angry!

A good opportunity turned into a disaster, and everyone felt sorry for him. They looked at Ye Chen who was trying to use a magic knife like a fool.

Ye Chen didn't have any idea about this flying dagger. He was going to sell it. However, he would not sell it to Xiao Tianchen for nothing else, just because he hated Xiao Tianchen.

I don't like it! That's enough!

"I'll give you another chance Do you sell it

Xiao Tianchen's face was gloomy as if to eat ye Chen. His violent pressure was completely released, and he poured out to Ye Chen. Obviously, he was really angry!

Chapter 1580

What a powerful momentum!

The customers in the shop all changed their faces. Even the practitioners who were in the same Taoist realm all changed a little. They felt that a high wall had fallen to themselves!

The strength of Xiao Tianchen is far beyond the same level! Even if it's the ordinary Hunyuan state, the warrior in the Taoist realm will have no chance to win in the face of him!

What a terrible genius!

We should know that there is a huge gap in the strength of each small realm above the Shenwang realm, the Hunyuan realm and the Hedao realm!

People thought they would see ye Chen spit blood and get hurt, but ye Chen was beyond their expectation again!

Ye Chen turned to Xiao Tianchen and roared: "are you bored! How many times do I have to say before you understand?"

I said no! Tell you to get out of here! Is it loud enough? Do you hear me? I didn't hear you clearly. I told you to get out of here again

Silence! Dead silence!

Bang, a customer's Spirit fell to the ground, but he ignored, just staring at the angry Ye Chen.

No one can think of Ye Chen's hard resistance to Xiao Tianchen's pressure, not only nothing, but to Xiao Tianchen? A god king warrior?

Are they dreaming?

Although these people knew that ye Chen had defeated Huang Yuan, they were only hearsay. They didn't see the scene of Ye Chen trampling on Huang Yuan's limbs. The shock in their hearts was far lower than that of the audience at that time. It was just that Huang Yuan was too weak.

But now, they remember, ye Chen's performance they want to remember is difficult.

Even Xiao Tianchen was scolded a little sluggish. He looked around and found no one standing beside him. Then he pointed to himself and asked in disbelief, "are you talking to me?"

"Damn idiot."

Ye Chen shook his head helplessly and put down the weapon. He turned around and was about to leave the spirit shop. It was too hard to communicate with low energy. Being disturbed by Xiao Tianchen, he was not in the mood to wait for boss Wu any more.

When ye Chen is about to go out of the shop, Xiao Tianchen just reacts.

How dare you tell me to get out of here? Call me an idiot?

Xiao Tianchen's face was flushed with blood, and his eyes were covered with blood. It was his anger!

When did Xiao Tianchen bear such humiliation!

"Boy! You want to die Xiao Tianchen roared and made a bold move!

For a moment!

The wind and the clouds change!

The boundless and majestic aura of heaven and earth suddenly gathered in his palm, and a palm print emitting a terrible breath rushed to Ye Chen who had just stepped out of the shop!

"It's the Xiao family's must kill skill, heaven and earth Hunyuan palm!" There was a cry of surprise.

"And! Look at the power of his hand, he has reached the state of Xiaocheng

"Genius! Genius! This ye Chen is finished! "

Xiao Tianchen shocked them again. It's good to say at the beginning that Xiao Tianchen can cultivate to a small level at his age. In dengtian City, he is definitely a well deserved genius. Even in the whole land of Lingwu, he can be regarded as excellent!

Ye Chen turns around and gives out his fist. At the moment of punching, he pulls out his body shape, and a king's character stripe appears on his forehead, emitting a terrible atmosphere like a great beast in the vast land!

He's not going to use other martial arts! I don't want to fight with God and king!

With the power of refining the blood essence of ancient beasts!

Meat fist and palm print hit each other, everyone thought Ye Chen would be slapped into a cloud of blood mist in an instant, burst!

But! It's the palm print of Xiao Tianchen!

There was a big bang, the palm print burst, and the terrible aftershocks rushed around. The shop was filled with aura, and the prohibition triggered. A layer of light curtain appeared. Each artifact also emitted aura to resist the powerful energy!

Ye Chen unexpectedly took the palm of Xiao Tianchen!

Besides, it seems effortless!

Did Xiao Tianchen release the water?

Absolutely not! Customers in the store felt the horror of the blow! Even if there is prohibition protection, under the impact of the aftershock, people feel Qi and blood concussion!

Xiao Tianchen also looked at Ye Chen in an incredible way.

This is his best shot! He was stopped by a king of gods!

After ye Chen showed off the evil spirit and tiger demon, the whole person's temperament suddenly became strange. He took a slightly excited look at Xiao Tianchen and said, "yes, I have some strength. I should be able to bear a few punches. Now that you've done it, it's my turn!"

"Tiger god evil spirit!"

Ye Chen murmurs, first displays the mind attack, matchless evil spirit, with the surging mind surging toward Xiao Tianchen's knowledge sea, ye Chen can't help but frown slightly!

Xiao Tianchen's divinity was several times stronger than Huang Yuan's, only a little worse than himself. If it wasn't for his divinity that was not as pure as himself, he could not break through the defense. Although he was forced to invade, Xiao Tianchen's consciousness sea also had a god defense which was not his own, and soon suppressed the tiger evil spirit!

However, although it was only a moment of invasion, Xiao Tianchen was still affected. He flashed an abnormal red on his face, and his breath was disordered. In this moment, ye Chen moved! People only feel a flower in front of them. The street under Ye Chen's feet suddenly breaks into a spider like crack. A figure appears in front of Xiao Tianchen and blows at him with a fist!

On body building and strength! He won't lose any genius in the land of Lingwu!

Just for a moment of disordered breath, ye Chen has taken the lead!

However, Xiao Tianchen is obviously different from Huang Yuan's straw bag. He has rich experience in fighting. He is not disorderly in the face of danger. He adjusts his breath, and once again uses the heaven earth mixed yuan palm to shoot Ye Chen!

At the same time, I sneer in my heart, boy, do you think that the palm print just now is the real power of the heaven and earth Hunyuan palm? Even choose to fight with me close to hand, heaven and earth mixed yuan palm, hand to hand combat is stronger!

Boom!

The fists and palms intersect, the huge impact force spreads around, and the prohibition breaks, and the spirit weapons of the two people's bodies are dim!

This fist and palm intersect, Xiao Tianchen, retreat!

Moreover, the palm that he collides with Ye Chen is actually congested and swollen, like pig's hoof!

How could that be possible!

A fight, Xiao Tianchen will fall into the wind, but also injured!

Now, people finally have a general understanding of Ye Chen's terror.

At this time, ye Chen saw that Xiao Tianchen had received his 70% power fist. He could not help flashing an excited light in his eyes and grinned: "good, come again!"

You know, in terms of real strength, he may not be so easy! Even he is in a mess!

But in terms of hand to hand combat, he has refined the essence of an ancient fierce beast!

Are human warriors and fierce beasts more powerful than hand to hand combat?

It's not about dying?

And Xiao Tianchen, looking at Ye Chen's eyes at this time is very complex, shocked, puzzled, but more, is afraid!

The strength of Ye Chen has made Xiao Tianchen feel scared!

Second punch, 80% strength! To Xiao Tianchen!

"Ah, ah, ah! No way Xiao Tianchen burst into a drink. His whole body was full of genuine Qi. He ran beyond the limit. He held up another intact palm and gave full play to the heaven and earth hybrid palm to meet Ye Chen!

Boom!

Another big bang!

Xiao Tianchen repeatedly retreated, spit blood, hit the left hand has been deformed!
