

Physician 1601

Chapter 1601

Crazy! Domineering!

Even in the face of millions of people, ye Chen is still not half a step backward. What kind of mood is this?

This is crazy to the bone!

"Well, I hope your performance is worthy of what you said."

Zhao Lingxiao light said, one step, step through the threshold of 900 meters!

And, he didn't stop, he kept going!

Zhao Lingxiao and ye Chen are the same, the goal is the end of Shengxian Avenue, but he found that he still thought too simple!

After 900 meters, every meter is like a natural moat!

Zhao Lingxiao's mouth overflowed with blood. It was a big burden for him to use the power of heaven and earth. Whether it was spiritual or physical, Zhao Lingxiao forced to maintain the Taoist body at this time. He had suffered internal injury, but he did not stop!

910 meters!

This ten meters, he walked very slowly, a century so long, but no one dares to say Zhao Lingxiao walked slowly!

And Zhao Lingxiao, obviously also reached the limit, the purple light in his skin, collapsed!

Boom, the purple light burst, lost the blessing of purple light, Zhao Lingxiao was instantly crushed by the incomparable gravity muscle burst, bone broken.

However, Zhao Lingxiao took a step forward.

Zhao Lingxiao, 911 meters! On the stele, there is a brilliant record.

The next moment, Zhao Lingxiao was sent out of the immortal Road, looking very embarrassed. Ouyang Jue caught Zhao Lingxiao in a moment and scolded him:

"fool, if you hurt the origin, it will have a great impact on your cultivation!"

But he looked at Zhao Lingxiao's eyes, but full of joy.

Zhao Lingxiao has been unconscious, Ouyang Jue quickly fed him a pill, ancient pills!

Zhao Lingxiao's injury, a sudden recovery of the majority, slowly open his eyes, but full of unwilling.

"Master, I failed you, I didn't go to the end..."

Ouyang Jue looked at Zhao Lingxiao in surprise, then he laughed and laughed from the bottom of his heart. This child is really good

"Silly boy, I have been very satisfied, take good care of yourself."

"No!" Zhao Lingxiao struggling to stand up, body shaking, eyes are very firm, he looked at Ye Chen.

"I want to see him with my own eyes!"

And now.

Finally, it's Ye Chen's turn.

At the same time with Ye Chen, there are also Ling Longcheng, long Xuan, etc.

Ling Longcheng is a bronze skin with a big body and full of violent power!

But long Xuan, handsome face, exudes the breath of the superior, in his exposed neck, under the white skin, it seems that there is a layer of indistinct tattoo.

It's like a dragon.

However, these two people, who should have attracted much attention, became a foil at this time.

Everyone's attention is focused on Ye Chen.

"Boy, are you crazy?"

"You, Kunpeng? Are you flying? "

"I see if you can fly higher than Zhao Lingxiao, this bird!"

"I don't know if I will lose my consciousness after walking 400 meters like that rubbish just now."

"A man from a low martial world dares to challenge a recognized genius! It's probably the biggest joke of the day. "

The crowd roared with laughter.

Ye Chen did not care at this time. He communicated with Xiaoyao God King in his heart and said, "Xiaoyao God King, how to refine blood Dan into marrow for a while?"

The drop of blood essence given to him by the eternal king must be thoroughly refined!

Into the marrow to play the full power of this blood essence!

"You run forward first, I tell you to stop, you stop!"

Ye Chen nods.

Now he has nothing to do with it.

The clue of reincarnation xuanbei has not appeared yet!

But he had a hunch!

That is to win the first place in this competition!

Only the first, it is possible to touch the true whereabouts of the reincarnation xuanbei!

The game officially began.

The immortals are like arrows flying forward!

People are ready to speak to laugh at Ye Chen's turtle speed, but suddenly stay, because they can't find Ye Chen's figure!

There are three figures, at the same time out of the team, go hand in hand, instantly left others behind.

The audience is looking for those who are backward in the promotion of immortals, but naturally they can't find it.

Because ye Chen is one of the three figures!

How could that be possible?

The audience can't believe

Can a warrior in Shenwang state keep pace with long Xuan and Ling Longcheng, the top talents in the period of harmonious Taoism? There must be something wrong with your eyes

"Stop!" Xiaoyao God Jun cheered.

Ye Chen, the momentum of the rush, suddenly stopped, stopped at 635 meters. Long Xuan and Ling Longcheng are both slightly surprised. Their eyes sweep backward. This guy can catch up with their speed. How can they stop here?

But they also did not put in the heart, swept to Ye Chen's eyes with contempt, obviously, did not take this arrogant boy as an opponent.

And the audience, the eyes are bright!

Ye Chengang is not inferior to Ling Longcheng and long Xuan. He really shakes them a little. But now, he is relieved that the shenwangjing garbage is a real waste.

Although 635 meters is a good result, it is far from enough.

It's not enough for ye Chen to say such a big story.

If ye Chen is not so crazy in front of Zhao Lingxiao, maybe people will be shocked by this achievement.

But now, ye Chen does not surpass Zhao Lingxiao, it is equal to mercilessly fan his face!

Taunts, again.

"Well, why don't you move?"

"It's only 600 meters and you're under pressure? Aren't you Kunpeng? Not even a bird? "

"Still in the sky? You're pretty good on the ground? "

"How dare you look down on Zhao Lingxiao even though you are such a rubbish?"

Most of the representatives of the big powers in the sky shook their heads in disappointment.
Obviously, ye Chen's performance was too poor.

And ye Chen, at this time made an unexpected move, he took out a bottle of pills, a head up, all poured into the mouth!

Seeing this, Ouyang Jue frowned, and with a trace of disappointment in his eyes, what ye Chen ate was his blood refining pill.

Ouyang Jue's eyesight is natural and unusual. It can be seen that ye Chen stopped not because he reached the limit. But ye Chen took out the blood refining pill and took it. He wanted to go further with his medicine?

Is he afraid? Have realized their potential can not exceed Zhao Lingxiao, so plan to use external force?

This is really disappointing, especially after ye Chen's wild talk.

It's like an athlete who first said he could win the world championship with one hand, but secretly took doping during the game.

This person, however.

Zhao Lingxiao's eyes, is endless disdain.

He thought Ye Chen was qualified to be his opponent. Now it seems that this boy is not even qualified to kneel in his crotch.

Earth? Kunlun deficiency?

How can there be such a rubbish place in the world?

Chapter 1602

And at the same moment, the audience, again. Taking pills? It must be the limit!

"Ha ha ha, the boy used pills."

"Garbage, six hundred meters to use pills, good meaning to talk nonsense?"

"If he had a little face, he would not do such a thing."

Ye Chen seems to be deaf, he took medicine, but in accordance with the command of Xiaoyao God.

Xiaoyao God's voice rang out again: "boy, next, you give me a part of your body, and I will shrink the strength of blood essence. Only I can do this.

And you, relying on your own physical strength, step by step, forward. In order to adapt to this gravity, with the promotion of the blood refining pill, the refined blood will be forced to be refined into your bone marrow and blood vessels. "

"Good!" Ye Chen knows that with his original physical strength, he will go very hard, but he is still confident!

"Then I'll start!"

In an instant, ye Chen's face changed, he clenched his teeth and stepped forward!

"Ha ha ha, it's moving. It's as slow as a turtle!"

"Taking pills, but also walking so hard, this is the so-called unable to measure?"

"Maybe he is over 900 meters, but we are too small to see him!"

Even Ouyang Jue, zining and others are all very disappointed at this time. If ye Chen had just stopped, now he is really trying his best to walk.

On the other side, Ling Longcheng and long Xuan easily broke through 800 meters.

After 800 meters, their bodies changed at the same time!

Ling Longcheng's whole body gushed out a very pure evil Qi. His body was raised to three meters, and his skin color turned to blood red, just like a demon coming!

And long Xuan, suddenly covered with a layer of thick black scales, breath more terrifying!

After the transformation, even if the two reached 800 meters, the forward speed was still not slow! Faster than Zhao Lingxiao and Wuyou!

Of course, Wu you obviously didn't play seriously

And ye Chen, clenching his teeth, withstanding enormous gravity, and overwhelming ridicule, step by step, go forward!

His face, however, did not see the slightest discouragement, on the contrary, with a trace of joy!

He felt that his body was getting stronger and stronger!

Every time he takes a step ahead of time, he increases one point!

At this time, there is a pair of eyes, looking at Ye Chen, full of pleasure, it is Huang can!

Ye Chen, this rubbish, is about to be planted!

This kid's big talk before, but now it's such a performance, which clan will want him?

To accept such a disciple is to discredit the clan!

Without the protection of the clan, ye Chen is not a mole ant that can be kneaded easily?

Huang can has begun to think about how to torture Ye Chen!

"Alas..." Ouyang Jue shakes her head and doesn't want to see it any more. After taking her own blood refining pill, she is still at this level. She is really out of sight.

He is now a little bit in love with his blood refining pill.

However, it is strange that Zhao Lingxiao said before that it is impossible to continue to advance by breaking through the limit after 600 meters. Ouyang Jue almost thinks so, but what about ye Chen?

Each step seems to have reached the limit, but each step has broken through the limit. Although he walked slowly, he has been walking.

However, people's limit, and then break, are limited, you can break through to 900 meters?

Finally, long Xuan and Ling Longcheng arrived at 880 meters! Ling Longcheng is one step faster!

Boom!

With the fierce force of the dragon, it will break through the barrier!

At this time, the audience, for more than 900 meters, has been a little numb, this session of the immortal than really is the highest quality of the one, evil spirits emerge in endlessly.

Ling Longcheng first step over 900 meters, long xuanguangshen, he knows, he lost, his talent than Ling Longcheng, one notch worse.

Ling Longcheng's front foot just passed, and Longxuan also broke out his true Qi and went on desperately.

Finally!

Long Xuan, also over 900 meters!

When they reached 900 meters, their movements slowed down!

Beginning as ye Chen general, step by step forward.

However, the same is slow, their slow and ye Chen's slow, is a day, a ground.

But at this time, high in the air, zining suddenly surprised and said: "no, this boy from Kunlun Xu is weird!"

"What's the matter? He should not have hidden strength, I can see that he did his best

A representative of the second class forces doubts.

Zi Ning said with a smile: "but have you found that ye Chen has been breaking through the limit with all his strength, but his speed is getting faster and faster!"

Finish saying, her eyeground, unexpectedly faint have a silk of joy, at this time tightly stare at Ye Chen, put long Xuan on one side."Indeed! What's going on? "

Wujizi and Xue Huang looked at each other, and they were shocked. There were some methods to refine blood and bone in the magic way and blood way. They were very similar to Ye Chen's performance at this time!

But how can they shake their heads in secret?

First of all, refining blood and bone requires a huge mind, but also extremely specialized!

More importantly, the source of blood essence must be extremely pure!

It is very difficult for the monsters in Lingwu land to have such pure blood essence.

Except for the ancient beast.

But the ancient giant beast is too far away, there is no blood essence left.

Even if there is, it is controlled by the top forces.

Ye Chen's action now seems absurd to all.

In the immortal Dabi, the idiot who can endure the attack of the mind and the enchantment of the heart demon, but also refine the blood and bone, will end up in the devil or die!

697, 698, 699!

Ye Chen is going to break through 700 meters!

However, it is extremely difficult to cross this hurdle!

In front of long Xuan and Ling Longcheng, they have already broken Zhao Lingxiao's record!

Long Xuan 919, Ling Long Cheng 921!

At this time, both of them are holding the fairyland tool in their hands, and they are frantically bombarding the air in front of them, trying to go further!

Ye Chen's hand, also out of a knife!

"Jinsha, cut with a knife!" Ye Chen fiercely drinks a sound, a knife with incomparable sharp breath and boundless knife idea, cut forward, ye Chen, successfully stepped over 700 meters!

Ye Chen is holding a heavy sword. His face is impassioned. The sword is violent and violent. In his opinion, it is natural for him to go beyond 700 meters.

However, this insignificant behavior makes the whole world silent at this moment!

Silence!

The audience was shocked!

Zhao Lingxiao is shocked!

A number of forces and representatives of the clan were shocked.

Ye Chen every step, they think, ye Chen to stop, but, ye Chen did not!

Constantly pounding their nerves!

Chapter 1603

Even if you are a fool, you can see that ye Chen is not simply breaking through the limit.

Among them, the most ugly face is Huang can!

Damn Ye Chen, why don't you stop for me?

Obviously, it is a waste thing. Why can it be unexpected?

To tell you the truth, Huang can is flustered. If ye Chen has such a tiny thread, he may reach 800 meters. Even if he is crazy and says a lot of crazy words, those big forces may also regard his talent and put him under the door.

Huang can even has the impulse to escape!

However, even if ye Chen didn't hope to get the first prize, the spiritual contract could not come into effect. The gambling contract between him and ye Chen in the gambling house is obvious to all. If the Shengxian Pavilion is investigated, where can he escape?

All of a sudden, ye Chen put the knife away, and the pace of advance is faster and faster!

"Ye Xiaozi, how do you feel?" Xiaoyao God Jun said with a smile.

"Cool! How wonderful

With a roar, ye Chen stepped over the 800 meter ridge!

Moreover, look at his look, unexpectedly did not have the slightest dignified, still has some enjoyment! It seems to be more relaxed than when walking at 700 meters before!

Crazy, this is completely crazy, breaking the logic of the audience's thinking, how can there be such people in the world?

Ye Chen, at the moment of breaking through 800 meters, is full of ecstasy!

Xiaoyao God Jun said with a smile: "success, ye Xiaozi, feel the strength of your body now!"

Now ye Chen, refining blood essence into bone marrow, feels that he is not at the same level as in the past. Not only is his spiritual sense almost doubled, but his physical fitness, Dantian, and the six God King's roads have been greatly improved!

There is even an ancient beast roaring in the body!

Now, he seems to be a tiger who really inherited the ancient blood essence!

The fusion of the essence and blood in his body is terrible!

Even, the blood essence began to be absorbed by the reincarnation blood vessels!

His whole body is suffused with extremely weak original light! Reincarnation force!

This is a sign of blood awakening!

This is the magic reincarnation formula, the real strength!

"Listen to me, the word" waste "can not be used by everyone. Do you understand it

As soon as ye Chen said this, most of the audience turned pale, because they had scolded Ye Chen as a waste just now, but no one refuted it.

And ye Chen, after saying this sentence, step on the foot, the evil spirit and blood Qi actually condense a head of majestic fierce beast on Ye Chen's body!

A giant tiger from ancient times!

One man and one tiger, as if to block out the sun!

A great sense of oppression!

The next moment, ye Chen's body moved, toward the front, the evil spirit soared to the sky. Looking at Ye Chen's momentum, many people felt their bodies tremble, as if the next moment, they would die that tiger mouth!

Boom! Speed up!

When people see ye Chen's figure, he has already stood in the position of 900 meters!

"This, this is impossible!"

Huang can roared, almost crazy!

He stares at Ye Chen's figure.

He looked down on Ye Chen and hated Ye Chen from the bottom of his heart. However, everything that ye Chen showed told him that he was wrong. Even if he didn't want to admit it, he was forced to accept the fact that ye Chen was a well deserved genius!

As long as ye Chen is given time, he will surely grow into the existence that he needs to look up to.

Even, Huang can's heart has faintly felt that ye Chen is really likely to win the first place.

After ye Chen has created countless miracles, it is difficult to force yourself to think otherwise.

But what about yourself? What will happen to myself?

He regretted, afraid, almost want to kneel down to Ye Chen, beg his forgiveness.

But will ye Chen forgive him?

Thinking of his own ridicule of Ye Chen, Huang can trembles all over It's impossible. He has gone too far to be forgiven.

Huang can's mood is on the verge of collapse. All of a sudden, his lost eyes suddenly glowed, as if he saw hope, as if he had caught a straw to save his life!

There's another way! There are ways to save yourself!

Huang can, as an emissary of Shengxian Pavilion, has a special position to watch Dabi. After he says something to the master of the pavilion, he leaves the seat of the pavilion

At this time, ye Chen's face has been dignified. The magic spirit of reincarnation has reached the extreme, and his whole body exudes terror and pressure. A sharp breath of Geng Jin cuts through the air all over the body. The knife in his hand cuts continuously, and the spirit of Jin Sha is vertical and horizontal. Every step he takes, he seems to try his best!

"Master, can I help you?"

At this time, ye Chen's ear rang out two voices!

A song of a dragon, a roar of a giant beast. Blood dragon and Xiao Huang!

Ye Chen shook his head and directly refused: "do not need your hand, you stay in the samsara cemetery, do not come out until you have to!"

Ye Chen can certainly rely on the strength of blood dragon and Xiaohuang.

After all, Xiao Huang also has a special magic power, and is not afraid of any coercion.

But ye Chen would not.

This dengtian city is very special, different from the western regions, where there are many strong people.

Above the sky are the representatives of many major gates in Lingwu continent.

If these people are aware of the smell of blood dragon and Xiao Huang!

It must be dangerous!

Therefore, in dengtian City, ye Chen can never use blood dragon and Xiaohuang!

Even the samsara cemetery, we should hide it!

If it is detected by the strong, there will be endless troubles!

At the same time, long Xuan and Ling Longcheng looked back, but they were shocked!

Because ye Chen's speed is much faster than the two of them!

"Roar A non-human roar sounded, but not from ye Chen, but after the transformation of long Xuan!

With this roar, the shadow of a black dragon soars from behind the Dragon Xuan, and pours forward with its teeth and claws, with a towering momentum!

Long Xuan stepped out of two steps, I don't know why, the breath of Ye Chen behind him made him raise a trace of submissive idea!

The shadow of the dragon is shaking!

This is fear!

This is repression!

Long Xuan was shocked. They inherited a trace of black Jiao's blood!

Although jiaolei is far less powerful than the real dragon, there is no doubt that jiaolei inherited a trace of real dragon blood!

Jiao is still a kind of horrible creatures!

At such a level in Lingwu mainland, jiaolei can already be called Jiaolong, which is one of the Dragon families. Longxuan's blood is very pure. However, he seldom shows his blood transformation because of his pride!

His blood makes him proud! Even respect!

Therefore, he is not easy to use, so that many people do not know whether he has dragon blood, but now, he has a trace of surrender heart?

That's from the suppression of blood!

When he saw the empty shadow covered by Ye Chen, he could be sure that ye Chen was the same as himself. His blood was not ordinary!

However, long Xuan didn't care about it at first, because there were not many different kinds who could be more powerful than Jiaolong!

Chapter 1604

But at this time, his blood was suppressed!

He won't accept it!

He must not lose to Ye Chen!

Seeing ye Chen approaching, Longxuan will thoroughly stimulate the blood vessels, juxtapose with Linglong!

But at this time, Ling Longcheng, is a step forward!

His muscles were swollen and swollen, his body was covered with black air, and his teeth were clenched. Just as he stepped out of this step, he felt as if he was about to collapse.

Ye Chen, 911, long Xuan, 921, Ling Longcheng, 922!

At this time, the hearts of the audience are entangled into a ball, this competition, affected the minds of all people!

They all hope to be able to quickly determine the first place, but they do not want the three immortals to stop so soon.

Now, no one dares to insult Ye Chen and despise ye Chen!

No matter what the final result is, ye Chen has proved that he is a unique genius!

And Lingwu mainland, the strong for respect, you have strength, you are worthy of respect!

I don't know who started it and called out: "Ye Chen, come on!"

Sounds, is a young woman, the voice, also with three points shy!

Then, a second person called out, "long Xuan, come on!"

Then, the whole venue!

Everyone is shouting for their support!

Zhao Lingxiao, however, seems to have lost his soul at this time. He looks at Ye Chen who is struggling to move forward. Because ye Chen has surpassed himself, but he has not stopped.

This time, he lost Zhao Lingxiao!

Why? He has Lingxiao DaoTi, which is very powerful. As we all know, he still failed. He can see that ye Chen's blood is extraordinary, but he never thought that this blood vessel is stronger than his own Dao body!

Is it your fault?

As ye Chen said, with his own vision can not measure his strength?

Zhao Lingxiao whole person decadent come down, murmured: "master, it's me, is wrong?"

Ouyang Jue, with her hands behind her, looked very complicated and said, "maybe, but the real strong have the reserve of the strong. It doesn't matter if they are wrong, but they will never admit defeat."

Zhao Lingxiao hears the speech, the whole body is shocked, staring at Ye Chen's figure, in the eye, gradually burns has no match war intention.

"Master, after my breakthrough, I hope to fight ye Chen! I am wrong. He is not a waste, but an opponent worthy of my respect

Ouyang Jue looks at Zhao Lingxiao with firm eyes and nods happily.

As time passed by, the cry did not weaken at all, because at this time, long Xuan, Ling Longcheng and ye Chen had shown miracles that had not been seen in tens of thousands of years.

CHEN Ye, especially!

At this time, Ling Longcheng walked to 932 meters. His eyes were full of madness. He only kept a trace of reason and moved forward. However, Ling Longcheng, who was in this state, was obviously more powerful. Although his whole body was dripping with blood, it could be seen that he still had the strength to move forward!

And long Xuan, at this time, also looked at the breakthrough of 930 meters, also covered with blood, his face is pale and terrible, it seems, has been the bow of a strong crossbow!

However, long Xuan didn't give up. He already had fear in his eyes.

It's not because of the difficulties ahead, but because of Ye Chen!

Ye Chen catches up, at this time ye Chen has come to 927 meters.

Bang! One step, 928 meters, long Xuan's heart, even colder, he yelled for life to stimulate potential, to continue to move forward, but, for a while, he was unable to do so.

Bang! 929 meters.

"Asshole! I can't lose! "

Long Xuan roared, at this time, the virtual shadow of the whole body of long Xuan was a huge point!

Even gradually substantial!

Long Xuan's blood, even at this time evolution!

"Ha ha ha ha ha ha ha!" Long Xuan was overjoyed and took another step forward!

"Ye Chen, thank you, it's you, let me go further!"

Long Xuan looked back at Ye Chen behind him with a smile and said, "you must want to surpass me? You will never have a chance now

Ye Chen didn't say a word, just waved the knife in his hand and moved forward in silence. In the eyes of long Xuan, it was undoubtedly a sign of despair!

Long Xuan let out a happy laugh and kept on moving forward.

However, he was happy for a short time.

Because he found that even if his blood had been upgraded to a higher level, he still couldn't get rid of Ye Chen!

Long Xuan is about to collapse. What kind of monster is this guy?

Is this guy really from the low martial world?

The earth and Kunlun are empty, and the aura is so thin, how can it breed such a strong one!

"No way! It's impossible! "

Long Xuan shook his head crazily and looked at the hard Ye Chen who came to his side and said in a cold voice, "I can't possibly lose!" "Boom!"

Long Xuan burst out a blood mist all over his body, which was obviously the result of forced operation of spiritual power. He did not hesitate to hurt himself, but also wanted to go further!

He succeeded, but he was more desperate.

Because, ye Chen, or step forward, as always silent, firm!

Long Xuan is still struggling, and the blood mist is thicker all over his body, but he still can't take the next step.

Finally, his pupil trembles, looking at the shadow of Ye Chen, over himself, walking in front of himself.

Nine hundred forty-three meters, long Xuan.

944 meters, ye Chen.

945 meters, Ling Longcheng.

Long Xuan's state of mind was shaken, and at the moment of his laxity, he was sent out of the immortal road.

There is a name on the tablet, long Xuan, 943 meters!

Incomparably dazzling! Incomparably bright!

However, they were standing there cheering for the audience.

Zi Ning sighs and comes to the side of long Xuan and pats him on the shoulder.

Long Xuan came back to the God and said with a bitter smile, "master Zi Ning."

Zining encouraged: "you are already very good, that boy is not simple, you don't have to be too depressed."

Long Xuan lowered his eyes: "what struck me most was not that he was stronger than me, but at the moment when he surpassed me, I had an impulse of submission. It was the oppression of blood. Even though my blood evolved, it was still inferior to him."

Zining is slightly stunned and looks at Longxuan thoughtfully.

Long Xuan said: "I have always been proud of my own blood, but now I understand that only relying on blood, can not become a world-class strong, not only blood, his heart, will, are better than me."

"I can't imagine how he came along. He is a king! Even in his twenties! "

With that, he slowly raised his head: "therefore, if I want to surpass him, I must be stronger than his heart and stronger will."

Purple Ning smile, this session of genius, is really a better than one.

Chapter 1605

However, her eyes look at the back of Ye Chen, which is surrounded by a faint light.

Once there was a back, as bright as the back of Ye Chen, so that countless geniuses can only look at that figure, from the lonely.

It's the back that makes her love for the first time in her life, makes her cling to her, and fascinates her

The figure buried in her heart once again appeared in front of her eyes. There was a trace of moisture in her beautiful eyes. Looking at the figure gradually overlapping with Ye Chen's back, Zi Ning murmured: "younger martial brother..."

"Master Zi Ning? What's the matter with you? "

"Ah?" Purple Ning suddenly wake up, "nothing, I go back first."

With that, he disappeared in a flash.

Only Ye Chen and Ling Longcheng are left on Shengxian Avenue.

It has to be said that Ling Longcheng's blood of demons is indeed incomparably strong. Even in the real demons, such a powerful blood is rare.

But

Silence, silence like death.

At 951 meters, ye Chen surpassed Ling Longcheng.

Countless people felt that their faces were burning with pain. Those who had satirized Ye Chen had no face to continue to watch the game and left the arena one after another. The audience around them all cast sarcastic eyes on them, and those who remained in the seats were very happy.

Among them, although there are many people who look down on Ye Chen, they do not speak sarcasm. Now, they have become Ye Chen's supporters, and have honor!

One of the most happy, is some unbearable odds of temptation, bet Ye Chen the first audience! They're laughing their chin off!

Ling Longcheng, finally also reached the limit, disappeared in the Shengxian Avenue.

When the stele is lit, linglongcheng is 954 meters.

On the road, only one figure was left to move on.

Ye Chen's figure.

Even those representatives of the clan were shocked to see ye Chen. They all had an idea that they couldn't believe. Could ye Chen really climb to the top?

Among them, the happiest is wujizi. According to the gambling agreement, the Tianmo sect can give priority to invite Ye Chen to join.

I don't know who started it. At this time, the audience was shouting a name.

"Ye Chen!"

"Ye Chen! Ye Chen... "

.....

In the distance, the western regions zongmen influence area.

Several old people of xianzun level stare at Ye Chen, showing a little surprise between their eyebrows.

"I didn't expect Kunlun such a rubbish place, could have born this kind of genius."

"If I remember correctly, Kunlun Xu should be destroyed by the blood spirit clan. According to the principle, there can be no strong one."

They arrived at dengtian city in advance a few months ago. Naturally, they did not know what ye Chen had done in the western regions.

And Teng Tiancheng was cut off from most of the news.

Unless they have to, they will naturally not receive information from the outside world.

One of the black robed immortal elders said, "anyway, the potential of this guy is amazing. Even if he was born in a bad place, he is better than his talent. After that, we can try to invite this person. "

"It's a good thing for the western regions, no matter which one of us got this son."

"The western regions have always been too weak in Lingwu. Only a top talent can break the current deadlock."

"The western regions should also rise, which is the biggest reason why we came here in advance."

Several people behind the old man in black nodded.

Their eyes were hot and serious.

Suddenly, an old man thought of something and said, "what if ye Chen doesn't want to join our sect in the western regions?"

"After all, with his talent, those big powers will also extend olive branches to him."

The black robed old man's eyes coagulated and said with pride: "no matter what, we give this son the most benefits! As long as he wants it! We all give it to him! "

"If he still refuses and chooses to join another sect."

The old man in black pauses for a moment.

Suddenly, the intent to kill is released.

"If we can't control it, we'll kill it."

"Even if he is brilliant, we will not allow him to grow up!"

"Kill him with our strength, nobody will notice it!"

"What's more, his arrogance has offended too many people."

"No one will think of us either!"

Just then! A voice rings through!

Boom!

970 meters!

Ye Chen bursts out a cloud of blood mist all over his body. He, too, has reached the limit

Suddenly, there was no light in Xue Huangyou's eyes!

She called to Xue Huang: "master Xue, I want this person, give him to me!"The other strong men in the sky, hearing the speech, all look to Wu you It's said that the ethos of blood clan is open, but the girl is too explicit, right?

Although girls like this kind of gifted youth, but at least it's a little implicit

Only Xue Huang narrowed his eyes. As a warrior of blood, he was most sensitive to blood. He knew the meaning of Wu you. Ye Chen's blood was very powerful!

Wu you wants to devour Ye Chen's blood and improve yourself!

On the road to immortality, ye Chen trembled all over, as if his flesh and blood were about to collapse, but he still took a step, 971 meters!

This step directly scarred him!

To the extreme!

If it wasn't for the protection of six gods and kings, if it wasn't for the reincarnation blood, if it wasn't for the reincarnation of the white tiger spirit blood, he might have been unable to persist.

"Boy You are not in a good state now Even the carefree God could not help but persuade him.

One is not good. Ye Chen may die on the road to immortality.

Of course, ye Chen knew his situation at this time, but he did not give up. If ordinary people could get to Ye Chen's present position, he would be ecstatic, which is almost the highest record in tens of thousands of years.

But ye Chen is still dissatisfied. What about the highest record in tens of thousands of years?

He wants to be the first person in history from now on!

Therefore, ye Chen just said faintly: "I said, my goal is the end, I will do it."

980 meters, at this time ye Chen, almost has become a bloody man!

"I can't walk any more..."

Xiaoyao God was silent for a moment and said, "I should have advised you to stop, but I know you won't listen. If you want to go on, it's not impossible for me to help you."

Depending on the power of Xiaoyao God King, using the ice sword formula, time and space sword formula, and Jinsha butcher God chop, even if the immortal road is suppressed more severely, it can also stride a long distance in an instant.

Just do this, the carefree God King also dare not guarantee, can dissipate.

However, in the heart of Xiaoyao God, ye Chen really likes this boy. All the way, he saw his shadow in Ye Chen.

Otherwise, with his character, if ye Chen can't satisfy himself, he won't even pay attention to this boy.

Therefore, he is willing to help Ye Chen, help him to the end of Shengxian Avenue, and help him establish a firm heart of Tao!

Chapter 1606

However, ye Chen shook his head and said, "no, I have to rely on my own strength to advance."

He didn't want to let the carefree God dissipate because of his goal.

At the same time, he also wants to prove that, on his own, he can!

He's reincarnated!

Even if it's not fully awakened.

Reincarnation two words, enough to let the world look up to!

"You boy, you are stubborn enough."

Xiaoyao God Jun wryly smile, but there is joy in the laughter.

Ye Chen didn't speak. He cut the ice sword formula, the space-time sword formula, and the golden Sha sword one after another, and forced to move forward. However, with his rich and sincere spirit, he was almost unable to continue.

Ye Chen found that all the martial arts he mastered seemed to be contemptuous here.

Only Jinsha is special!

It may be because it contains the fury power of Geng Jin and the blood essence of the ancient fierce beast.

In front of these two forces, what is the road to immortality!

BR, if you can't see the end of the martial arts, you can't see the end of the sword!

Of course, I will also point out from the side, but the main thing about martial arts polishing is to see your own understanding. If you can't grasp the feeling, no matter how much you say, it's nonsense! "

Ye Chen hears speech, eye is bright, have direction, easy to do!

But at this time, there is not much time left for him. On the Shengxian Avenue, everyone can stay for a limited time!

Under the stage, Ling Longcheng, who has recovered his original body, looks at Ye Chen's eyes, which is extremely complicated.

Since he was born, he is the hope of their family, so no matter what he does, he must be the first!

He wants to let everyone know that although the population of the northern hell saint is small, it must not be despised or insulted!

He wants to leave behind the genius of all nationalities!

However, I was defeated so quickly, or I was defeated by a warrior whose realm was not as good as his own.

Although Zhao Lingxiao and long Xuan have been hit hard, it is still Ling Longcheng who has been hit the most.

He suddenly began to doubt, can he really lead the family to become strong?

Do you really deserve the trust of the people?

He originally looked down on Ye Chen and didn't regard him as an opponent. His wild talk, his performance at the beginning and his realm made Linglongcheng ignore him. However, he was such a person that he surpassed himself.

Proud Ling Longcheng, confused, confused

It turns out that his self-confidence, his pride, so vulnerable

Ye Chen at this time, finally, stopped, his body, blood has been flowing.

There is not much time left. There is an hourglass light and shadow on his head. When all the sands in the hourglass leak down, he will be forced to send out.

But he, or stopped, closed his eyes, nothing to do, nothing to think, just to calm down.

All the audience thought Ye Chen was going to give up, and they were ready to celebrate the miracle created by Ye Chen. However, Ye Chen was not sent away.

Does Ye Chen have a card?

At this time, Ye Chen opened his eyes, eyes, only calm.

Fury of blood and evil Qi covered the whole body!

Cover everything!

Ye Chen at this moment, just like a demon from the nine hell!

Even if the devil's eye sleeps, the breath on his body is extremely terrible!

From Huaxia to Kunlun Xu, and then to Lingwu continent, only Ye Chen knew his hardships along the way!

If you are careless, you will fall!

He got out of the dead!

He wielded the sword, but the power of this knife was much less than that of the previous one. Every time ye Chen cut it out, the golden light on the road to immortality would flicker, but this knife did not set off a ripple.

The audience sighed, ye Chen, to the limit.

However, ye Chen just waved the knife in different ways. Sometimes, the knife was more powerful, and sometimes, it was too weak to be scared.

A group of strong people in the sky, also with doubts, do not know what ye Chen is doing.

Wujizi's eyes flashed suddenly, and some of them couldn't believe it and said, "this ye Chen It's not like you're learning martial arts... "

"Ah?" Xue Huang shook his head. "On the road to immortality, it's a terrible impact of the gods. Now you understand martial arts, don't you want to die?"

Ouyang Jue frowned: "it seems that he is really understanding martial arts. This boy seems to have some means to resist spiritual attack."

When people hear the speech, they are all shocked. Is this still human?

Ordinary geniuses may be in this position. Just mental pressure can make them crazy and go crazy. Are you still here to learn martial arts?"No A sweet female voice rings, is Zi Ning, "he is not understanding martial arts."

"What is he doing?" Someone asked.

"He." Zining's breath has a trace of ups and downs, "in improving martial arts, honing martial arts skills, condensing Artistic Conception!"

What? In Shenwang state, it is necessary to condense artistic conception?

This is something that many martial arts practitioners can't do. You know, if the artistic conception is realized, it has already touched the edge of the law.

If the artistic conception can be condensed, even if there is no change in cultivation, the combat power of practitioners will be greatly improved!

With the impact of the road to immortality, polish your mind, understand the soul of the sword, and cut through some chaos?

Even if they are all over 900 meters of genius, such as Ling Longcheng, long Xuan and others.

It is also extremely dangerous to do so. If you are a little careless, it will cause a relapse. If you are not careful, you will become an idiot. What's more, you may lose your soul directly!

Is Ye Chen a lunatic? Are you really afraid of death at all?

Even so, do you want to achieve your goals?

Shock, even these strong people, also was shocked by Ye Chen's courage!

With Ye Chen a knife cut out, his originally very quiet eyes, gradually had a change.

His eyes, bright, like a knife out of the body, cold light dazzling!

And the sands of hourglass are less than one tenth of them!

Boom!

A sharp sword, soaring to the sky!

In an instant, it swept the whole venue!

All the people felt cold in their hearts, as if they were held on their necks by a sharp blade.

Good terror, really good terror, this is the true intention of the sword, just the idea, let oneself feel the threat of life.

And ye Chen, slowly raising his hand, seems to be a simple knife cut out.

"Pooh A light sound, sound like split brocade, as if invisible, what obstacles were cut off.

Then, everyone's eyes widened, their pupils contracted, and a golden Sabre breath, like a tornado reaching the sky, roared out and swept everything!

The sword is as powerful as a dragon!

Chapter 1607

Ye Chen's body shape swayed with the intention of the sword. It was as if it was integrated with the Jingtian sword and a knife cut out in his hand. With the blade's posture, he pushed forward!

It's amazing. This knife, at Ye Chen's age, is enough to be proud of!

Those who are strong in the sky are all from great forces. In their life, they have seen countless amazing talents. However, there are few who can cultivate such artistic conception at Ye Chen's age!

What's more, they remember clearly that although Ye Chen's Sabre technique was extremely fierce, it didn't make a big stir in their hearts, because ye Chen's hand was quite rough.

However, ye Chen now can practice the meaning of Dao to such an extent!

It can be said that only half a step of the creation of the immortal statue can be used like this!

If it wasn't for what they saw, they couldn't believe it!

This progress is appalling!

Although it is possible in theory, if someone does, it will be a miracle!

They have witnessed the birth of a miracle, a miracle in martial arts and practice. Ye Chen, no matter in what era, is a worthy genius. This understanding alone is enough to be proud of ancient and modern times!

With one stroke, ye Chenren has already broken through 990 meters.

His face is extremely pale, not only physically, mentally, but also a great consumption.

However, ye Chen mouth, but with a smile, eyes, burning crazy.

"Ye Xiaozi, you can only cut your body one more time. If you do this, you can't reach the end successfully..."

"I will die." Ye Chen light way, his whole body is trembling, if not for the whole body there is evil Qi and Dao Qi guard, now, he has been crushed.

Although he was shaking all over his body, the hand holding the knife was very stable, so stable that there was not a trace of shaking, just like his eyes!

He took a deep breath. This knife is stronger than the one just now, otherwise, he will fail.

In his mind, he recalled the process of his own hand and adjusted the shortcomings.

"Happy king, what will happen if I make it to the end?"

"This..." "Generally speaking, the first person who reaches the end will be given a grand prize by the maker of the ancient treasure, which can cure your body and spirit instantly. However, I'm not sure..."

"Or maybe it's the xuanbei of reincarnation..."

If ye Chen succeeds in going to the end and nothing happens, then ye Chen's fate will be very miserable. He overdrafts too much, and now he has not died. Xiaoyao Shenjun thinks that ye Chen is extremely lucky.

Then, nod your head and get rid of everything.

Whether it's a xuanbei or not, he has to go to the end.

He's not qualified to gamble!

This time, the eternal king asked him to come here for the xuanbei of reincarnation.

This is the only chance!

.....

Knife, cut again.

This Dao has the shape of a white tiger and a blood dragon. It has the power of a superior life.

Ancient power.

"Good!" Ye Chen's knife, even the Xiaoyao God Jun, can't help but praise. Ye Chen has already touched a trace of the artistic conception of butchering God. Good, really good. If it was him, Xiaoyao Shenjun himself would hardly have progressed as fast as ye Chen.

White tiger out, blood dragon Yin, ye Chen move.

He is more perfect with this Dao idea.

But even so, in the process of moving forward, ye Chen's body still suffered great damage.

His flesh and blood, his bones, began to crack.

995, 996, 997

998!

Ye Chen's seriously injured body can only move forward under the drive of the knife.

999, the Dao in Ye Chen's hand can't bear the strong Dao Qi and burst!

Everyone's heart is pulling up!

Does Ye Chen want to fall in this place only one step away from the end point?

What a sad result that would be!

The knife was white tiger, and its body began to blur, as if it was really about to dissipate.

If the sword is scattered, people will die!

All people think that ye Chen, the invincible genius of ancient and modern times, should drink hatred at this time.

Ye Chen, who was slowly falling down, suddenly raised his head. The golden light burst out of his eyes. He said, "turn the body into a knife, butcher! God! Cut

The meaning of the white tiger sword melts into Ye Chen's body. The evil spirit of Geng Jin roars out of Ye Chen's body, and faintly turns into the shape of a knife and cuts forward!

and ye Chen, after cutting off the blow of the knife, the remaining flesh and blood quickly declined. Not only did they exhaust the true Qi, the spirit, even the essence of life, they were depleted. Boom!!! Ye Chen's body, forward collision, burst out loud noise.

Golden light! Boundless golden light!

Ye Chen's body, with the surging golden light, press forward.

Finally, at the last moment before the golden light dissipated, he dashed over 999 meters.

Ye Chen's breath, rapidly weakened, the strong in the sky, at the same time, to help, but, it is too late.

Ye Chen that thin face, floating a proud smile.

He, ye Chen, did it, but he felt that his consciousness was about to dissipate.

The next moment, a colorful light broke the sky, covering Ye Chen!

Ye Chen's body, immersed in the brilliance, rapidly reorganized at the speed visible to the naked eye.

With a few breaths, ye Chen's body is as good as before, and looks full of Qi and blood, without half a deficit. Moreover, in the colorful brilliance, ye Chen's skin and bones are more and more crystal clear.

"Seven colors set the light?" Xiaoyao God Jun was surprised and said: "is it colorful? Ha ha ha, boy, your risk is not in vain. It can be said that you not only bet right, but also make a lot of money

Ye Chen has regained consciousness at this time, but the colorful brilliance has not dissipated. Ye Chen, immersed in it, feels incomparably comfortable. He hears his speech and says, "what is this colorful light?"

"Seven color fixed divine light is one of the few treasures that can cleanse the user's body, without side effects, refresh the user's potential and strengthen the foundation.

You shouldn't have been in this small city of dengtian. You've been lucky. Your foundation is already very strong. With this colorful light, as long as you go back and consolidate it, the foundation will be incomparable.

Even if you absorb pills, spirit blood and other things to improve your cultivation, the side effects will be much smaller than those of ordinary martial arts. Even if ordinary martial arts people can't absorb some spiritual things, you can directly absorb them without scruple. Do you think you've made a lot of money?
"

Chapter 1608

Ye Chen hears the speech, also is the face appears the color of ecstasy! This benefit, too big, even if let him fight again, he is willing to!

At this time, the colorful light finally dissipated, and ye Chen's body, also ruled out a lot of black filth.

"Boy, it's just the main benefit. You can feel your physical condition now."

Ye Chen a Leng, there are other benefits?

He was staring in, and suddenly, his face was surprised again.

First of all, his cultivation has reached the peak. If he wants to, he can break through the Hunyuan state at any time. Secondly, his physical strength.

After the blood refining pill into the marrow, and the seven color fixed God light, he can now shake any Hunyuan state with one punch at will!

With this power alone, we can run in the realm under the realm of the unity of Tao.

Then, his spirit and body.

Originally, his spirit was extremely powerful. Now, it is more powerful and concise. If he uses the spirit attack, it will be more fierce than before!

Then his body, tough! Powerful! Qi and blood are incomparably thick!

It's a crazy recovery!

If combined with the degree of God, absolute terror!

This soaring strength, really let him feel too wonderful.

Suddenly, ye Chen realized what! In the glare of light, a key floated out.

Slowly fell on the hand of Ye Chen!

There is a trace of reincarnation on it!

"Is this the secret of reincarnation? This key is the only way to open the reincarnation stele of dengtian city? "

Ye Chen quickly collected.

After all, it's too valuable.

It must not be found by the strong.

At the moment when the colorful light dissipated, a huge name appeared on the stele, ye Chen, 1000m!
At the top of the list!

Cheers! The roar of the Tsunami!

At this time, who dares to look down on Ye Chen?

Ye Chen with a faint smile, flattered or humiliated, but his eyes are more fierce, it is time to collect money.

All of a sudden, four strong men with misty breath appeared in front of Ye Chen and looked at him with a smile.

Their breath is unfathomable, just standing so let Ye Chen have a kind of thrilling feeling, these people obviously come from the main gate of Lingwu continent.

Although it is not the top door, but these large doors are also the existence of countless talents want to contact.

Ye Chen nods to the crowd without speaking.

A scholar in a green robe, looking about 30 years old and with a mild face, said with a smile: "ye xiaodaoyou, we all come from some major schools in Lingwu continent. I am a Wuji son of Tianmo sect. This is Xue Huang, the blood god sect. This is Zi Ning, xuanyue sect. This is Ouyang Jue of Lingxiao sect."

This man is the strong one of the demon sect, wujizi!

He shows his true appearance and meets Ye Chen, which shows his solemnity.

Wujizi said: "our Tianmo sect, which is based on magic skills, can't practice. Now, I'd like to invite you to join our Tianmo sect. Several Taishang elders in my sect have already understood about your affairs. One of them wants to accept you as a close disciple. What do you think?"

Change normal person, if have no pole son to open such condition, which still has half minute hesitation?

Ye Chen, however, pondered for a moment. He did not lack the skill.

Master, he is not lacking.

In addition, among all the disciples of the devil's sect in the mainland, there are a lot of first-class information from the devil's sect.

Even more so if he became the close disciple of the supreme elder!

However, he did not immediately reply, but looked at several other people.

Xuanyue sect, Lingxiao sect, Xueshen sect

Xuanyuezong likes to recruit all kinds of disciples with special qualifications, spirit and blood.

Xuanyue's name is not borrowed from sunlight, but also with the original meaning. It advocates that everything is born in ancient times, and can fully exert the potential of talent and talent, so as to build a road.

The experts in the door have their own uniqueness.

Moreover, ye Chen subconsciously looked at the purple coagulation of xuanyuezong.

He can feel that there is a special force in Zi Ning's body.

Even he could feel a tombstone shaking in the samsara cemetery.

The black stone in the pocket is now glowing with heat and light.

Is there a tombstone from xuanyuezong in the samsara cemetery?

Very likely!

How could zining's cultivation fail to feel Ye Chen looking at himself? He immediately laughed and said to Ye Chen, "what are you doing looking at your sister like this?"

In front of so many people, my sister will be embarrassed. If you want to see it, come to my sister's room in the evening, how can my sister show you enough? "When Zi Ning talks, she exudes the power of enchantment. The strong men present are nothing, but they are very nervous at the same time. Ye Chen is just the king of gods. How can they stand this?"

Most martial artists in the Hedao realm will be fascinated by Zi Ning.

Wuji son is a slight change in complexion, and cried out: "Zi Ning, stop it for me!"

But out of everyone's expectation, ye Chen's face did not have anything unusual, but helplessly said with a smile: "master, don't make fun of me, I have a beloved."

This time, even zining's face is different. Ye Chen can't be treated according to common sense.

Although Ye Chen was not enchanted by Zi Ning, he was also in a daze. His heart was dark and said: "what a powerful power of enchantment. If his spirit hadn't been tempered by the seven color fixed divine light, he would have been successful..."

However, he did not dare to see zining any more. Instead, he turned his eyes to Ouyang Jue, the white haired old man who gave himself blood refining pills.

Seeing ye Chen looking at himself, Ouyang Jue also said with a smile: "boy, Congratulations, my useless apprentice. I want to say something to you, OK?"

Ye Chen hears the speech and looks at Zhao Lingxiao beside Ouyang Jue and nods.

Zhao Lingxiao walked to Ye Chen, his face was quite embarrassed. He opened his mouth but didn't know how to open his mouth. After hesitating for a moment, he finally said, "Ye Chen, it's me that I look down upon others. I'm Zhao Lingxiao. I'm sorry, I'm wrong!"

This is extremely proud, the face of life and death is still unchanged genius, at this moment, is actually full of red, look twisted.

"But! I'm wrong, but I haven't lost! "

Zhao Lingxiao continued to shout: "your qualifications are very good! Better than me! However, the master has said that those who can rush to 900 meters are top talents. Although my talent is not as good as you, my potential is also huge!

I may not grow up worse than you, ye Chen, I want to challenge you once after breakthrough, although you refuse me, it's normal.

But I hope you can accept it

Zhao Lingxiao's eyes burning to see ye Chen, eyes, is the intention of war.

Chapter 1609

Ye Chen looked at Zhao Lingxiao, who seemed to have changed himself, and said with a smile, "yes."

Zhao Lingxiao seems to be relieved, looking at Ye Chen's eyes, but also with a friendly.

After Zhao Lingxiao finished, he stood behind Ouyang Jue again. Ye Chen saluted Ouyang Jue: "thank you for your blood refining pill, otherwise, I may not be able to achieve my present achievements."

Ouyang Jue waved his hand: "that's just what Lingxiao gave you because of his impoliteness. Since you don't care about it, what can I do for you?"

When ye Chen hears the speech and laughs, he is still quite fond of Ouyang Jue.

Lingxiao school is an orthodox school of Taoism. The most famous school is its Taoist meaning!

The so-called Dao Yi is similar to the artistic conception of Dao, but it is more profound and extensive, which is the artistic conception of Tao.

Therefore, in addition to their aptitude, the Lingxiao sect also pays more attention to the students' understanding and mind than the ordinary schools!

Even some disciples with high understanding and poor aptitude are willing to be admitted to the school.

The disciples of Lingxiao sect have a characteristic. Compared with ordinary martial arts, they are easier to break through the realm of creation and become more powerful. It is precisely because of their practice in the sense of Tao that they have a deeper understanding of the law of the great way.

It's a good choice to join the wuxiaoye sect.

Finally, ye Chen looks at Xue Huang of the blood god sect.

Ye Chen is also interested in the blood way skill. Because he has refined the essence of blood, and after the seven color fixed divine light, his blood is far more powerful than ordinary people. If you can combine the blood cultivation, maybe you can find a different way, but

Looking at the girl held down by Xue Huang, ye Chen shivers with her eyes like prey. The blood god sect is too strange.

Seeing that ye Chen looked at him strangely, Xue Huang couldn't help laughing at him and saying, "sorry, Wu you, she Well Some old diseases have been committed..."

When people heard the speech, they were all covered with black thread. Xue Huang had lived for many years and lied so badly.

On the whole, each of the four sects has its own advantages. If it is replaced by ordinary people, they can not refuse or even agree immediately.

How can ye Chen look like this now?

After a few seconds, ye Chen said, "I've got your kindness, but I won't join any sect."

As soon as the words came out, the whole world seemed to be quiet.

Xue Huang's mouth is slightly open and his pupils are enlarged!

Ouyang Jue's body is shaking!

Zining's beautiful eyes also flash a little surprise.

Everyone around was stunned!

Over the past ten thousand years, countless people have participated in the contest to be promoted to immortals just to be favored by the major sects and forces?

No one will refuse!

Never!

What's more, how can a person from a low martial world live in Lingwu without background!

There is no backing, even the most evil people will fall down quickly!

However, ye Chen's answer at the moment is to explode the eyeballs of all the people present!

Madman!

A complete madman!

I'm not sure of such an opportunity!

When people were shocked, ye Chen's mind had already entered the reincarnation cemetery.

"What do you think of these forces? I'm not here to join the sect for any reason. I just want the reincarnation xuanbei. " Ye Chen asked.

"To tell you the truth, as a man and cultivator, I hope you join xuanyuezong!" Said the carefree God without hesitation.

"This purple coagulation is the legendary body of heavenly fragrance!"

"Xiaoyao God, can you be serious?" Ye Chen said with a bitter smile.

"Who is not serious with you Xiaoyao Shenjun said coldly, "there are only a few treasures in this land of Lingwu that can enhance its potential and have no side effects. This Tianxiang treasure is one of them

"What?" When ye Chen heard this, he was horrified You want me to eat her? "

Although he was decisive, he didn't like eating people.

"You idiot..." Xiaoyao God Jun said with a smile, "but if you want to say eat, it's also eating. However, it's not to eat with your mouth, hehe, hehe."

Laughter gradually obscene, ye Chen already understood the meaning of the free God King.

Xiaoyao Shenjun continued: "according to my observation, this Zi Ning seems to be dissolute, but in fact, it is still a virgin. The owner of Tianxiang treasure body with virginity, in some places, has a nickname, which is called Rendan.

As long as the cultivation of zining goes further, the fire of Rendan is enough, and it can be picked. Through a special method and double cultivation, you can improve your potential again, and the effect is even better than qicaiding divine light! "

"And that kind of thing!" When ye Chen heard the speech, he was also shocked. When he practiced, he knew too little.

"But even so, I won't join xuanyuezong. I'm not interested in this kind of cultivation..." Ye Chen thought.

Xiaoyao God regained a trace of seriousness: "the reason why I let you join xuanyuezong is that in addition to this zining, I also found a big secret!" "What's the secret?" Ye Chen is interested.

"You are not a human being."

"What?"

"You are not a man at all."

"Why scold me?"

"I didn't scold you." "At least you're not an ordinary person. When you cross the road to immortality, I have a feeling. Your origin is certainly not simple. Even I can't see through your details. Therefore, joining this xuanyue sect may help you understand your true origin."

"Do you really think the samsara cemetery chose you for no reason? Blood dragon and Xiao Huang are so lucky to choose you

"Your origin is not simple."

"At least I can't guess."

"The only strange thing is that you have reincarnation blood, why you were born in this small place, Jiangcheng, Huaxia."

"My true origin..." Ye Chen pondered for a moment and fell into meditation.

Xiaoyao God Jun continued: "also, I suspect the reincarnation xuanbei is related to zining! After all, all the guidelines are here to ascend to heaven

"There are so many forces in dengtian city. Only xuanyuezong has been stationed here all the year round. I even found some amazing things."

"You toss that key at will, pointing to the direction is Zi Ning!"

Ye Chen slightly a Zheng, quickly throw that key up.

Once, twice, three times!

Sure enough, the directions are all purple coagulation!

Is the reincarnation xuanbei on Zi Ning's body?

At this moment, ye Chen's eyes are blazing! Even back to reality!

And outside, the people were relieved.

"You really want to refuse all of us, little Taoist? If you go on like this, you will make people angry

"After all, you have to choose a clan to leave after all, which is an unwritten rule of dengtian city."

"Join my family and I can give you everything you want."

The infinity strives for the way.

Zining is also blinking, affectionate way: "those smelly men's ancestral door have what good to go, it's better to come to the elder sister here, what you want, the elder sister can satisfy you."

Wujizi saw this, angry, just want to denounce zining! But ye Chen opened his mouth.

"Since I have to choose a sect, I can't break the rules. I'm sorry, elder wujizi, after some consideration, I decided to join xuanyuezong!"

Chapter 1610

All of them are stunned when they hear the speech. Subconsciously, they look at zining and see that her pretty face is full of surprise. Subconsciously, they all think that ye Chen is really lured by Zi Ning's body?

Wujizi looks gloomy. It seems that the so-called genius will also fall.

The genius of lust for beauty will eventually be destroyed in a woman's belly.

However, he still said with a smile: "well, since ye xiaodaoyou has made a decision, I will not say more."

Zining ran over directly and said with a smile: "little brother, you really have a vision. Since you have chosen to join xuanyuezong, my sister will not let you regret it.

My master is the supreme elder of xuanyuezong. I'm also interested in you. After you start, I'll introduce you to her. If there's no accident, I'll be your elder martial sister. You should listen to the elder martial sister

At the same time, zining can't help but flash an idea, younger martial brother, is also younger martial brother, is this fate?

Ye Chen takes a deep breath and reluctantly breaks free from Zi Ning's embrace. Zining can't control her Tianxiang treasure body. If she holds her in this way, ye Chen has no confidence to keep calm.

He is not interested in zining, he is only interested in reincarnation xuanbei.

At present, he must find a way to get reincarnation xuanbei from Zi Ning.

Zining looked at Ye Chen and said, "OK, don't tease you. Since you have become my younger martial brother, elder martial sister also gives you a small meeting gift, and then."

Zining said a shake hands, a brilliant fall into the hands of Ye Chen.

It is full of brilliance, showing a simple black long Dao. There is a blood line flashing red light on the blade. As soon as it appears, it gives off a strong breath of ancient, boundless, domineering and fierce.

Terrible!

It's even more than the fairyland tool!

This can be used as a town faction with a weaker force and a family heirloom.

I'm afraid that the value of this knife is in the hundreds or even tens of millions. It's the best immortal stone.

No, it's priceless!

"This..." Ye Chen hesitated: "I can't take it."

Ouyang Jue said with a smile: "although this thing is precious, but compared with your potential, you don't have to care too much."

Zining also nodded: "I'm not used to using knives. It's just right to send you."

When ye Chen heard the speech, he put away the long sword with a bitter smile. It is hard to imagine the wealth of these first-class forces.

After finishing all this, ye Chen suddenly face a Li way: "everybody elder, forgive younger generation disrespectful, want to leave first, deal with some private affairs."

At this time, at the seat of the pavilion, Li Yu was talking to the master of the pavilion. The master suddenly changed his look and said, "what! How could it be? What about Huang can!? Find out Huang can for me

When talking, it is already a cold sweat!

Huang can offends Ye Chen. If he is not good, he will be destroyed.

And ye Chen at this time, the huge mind gushed out, searching for the breath of yellow can. Suddenly, his look changed, and rushed to a direction.

Soon, he came to a corner outside the big contest, where against the wall, an inverted figure.

"Brother Wu!" Ye Chen said in a deep voice. His murderous spirit was revealed. The figure in front of him was Wu Wei. He was hurt seriously. Fortunately, he still had a breath!

Zining appeared at Ye Chen's side and asked, "your friend?"

Ye Chen nods and looks at zining. At this point, he can only hope that zining can make a move, otherwise Wu Wei will be very dangerous.

Zining smiles and waves a pill into Wu Wei's mouth. At the same time, a genuine Qi enters his body.

In an instant, Wu Wei opened his eyes. His pale face had a trace of blood, and his breath gradually stabilized.

As soon as he opened it, he exclaimed excitedly, "apricot!"

"Brother Wu, calm down first. What happened?"

When Wu Wei saw that it was Ye Chen, he gradually calmed down and gasped anxiously: "Ye Chen! Save apricot! He was taken away by Huang can's beast! "

"What?" Ye Chen looks a change, the next moment, the towering murderous spirit erupts: "Huang can!"

With a roar of anger, he will launch the spirit contract and directly annihilate Huang can's spirit!

But at this time, a ray of light soared into the sky and said, "Ye Chen! If you kill me! That woman will die

In the middle of the sky, the pupil shrinks to the sky!

He never thought that Huang can started to attack the people around him in order to threaten himself!

He didn't think of it!

Huang can's behavior at this time has violated the spirit contract. Although Ye Chen didn't officially launch the spirit contract, he was also affected. His face was pale and his breath was unstable.

The realm of cultivation fell into the early stage of the harmony of Tao, and there was a trend of breaking through the state of harmony.

This is the power of spiritual contract!

However, at this time, Huang can is full of excitement and madness. Ye Chen doesn't kill him! He bet right!

"How are you going to die?" Ye Chen stares at Huang can in the air, and his voice is as cold as the ice for thousands of years. "Ha ha ha, ye Chen, are you still arrogant? Launch the spirit contract to kill me? How am I going to die? I don't want to die!"

You're a waste. How about your talent?

You dare not kill me because of a female dog?

No matter how high your qualification is, it's useless. You can only be a garbage forever!

You see, you can kill me with one thought now, but? But you still didn't do it

"If a dead dog is successful, it will be rampant. You really think." Ye Chen suddenly calm down, light way: "I dare not take your life?"

Huang can's eyes lit up in a flash of anger, and his pale face turned red. At this time, most of the audience had not dispersed. He was scolded to death by Ye Chen in front of so many people?

Imagine how humiliating and humiliating it was.

The woman's life is clearly in his hand, why can't Ye Chen show weakness? Why is he still so crazy and so strong?

However, does Huang can dare to confront Ye Chen? He didn't dare, ye Chen moved to read between, can let his form and spirit all perish, only get color Li inside Ebara way: "what do you mean?"

"Your dog's mouth barks out a word that makes me uncomfortable," Ye Chen gazed at Huang can's eyes, "I will kill you."

Ye Chen knows that if he shows weakness at this time, it will be more unfavorable to Wu Xinger.

Huang can hears the speech. His face is red and white. He clenches his teeth and wants to explode. He wants to fight with Ye Chen.

However, in the end, he was still afraid. He had been so crazy that he was beyond his imagination. How many times did he surprise himself?

Therefore, although he looked at Ye Chen's eyes with bitterness, he wanted to tear him into pieces. However, he did not have the courage to ridicule Ye Chen any more. After all, in his heart, a woman died, and with Ye Chen's talent, what woman did he want?

He is afraid that he will stimulate Ye Chen fiercely. He will kill himself directly regardless of everything.

"I planted the same life lock in Wu Xinger's body. As long as I die, she will die. The senior people present are very clever. I believe they already know where Wu Xinger is. However, it only takes one thousandth of a second for me to start the lock. Are you confident that you can break the lock before I start it?"
