

## Physician 161

### Chapter 161

Su yuanxiu is dead!

Since the other side dares to come so unscrupulously, he absolutely has the ability to kill them!

Ma Weiqi suppressed his shock and said, "what do you want?"

Ye Chen raised his head and gazed at them with interest. Then he slowly vomited out a sentence: "at present, you only have two roads. The first one is death. As for the other, it is my servant

When you hear the word servant!

Their faces were red!

An invisible anger is burning in my heart!

They are important members of the martial arts association of Jiangnan province!

The status is incomparable!

How many big people see them all want to bow and bow, the result now, unexpectedly want to give a little boy who does not grow all the hair to be a servant!

Listen to him?

No way!

This is a stain on their way to martial arts!

This is an insult to personality!

Ma Weiqi's eyes were cold and refused: "Ye Chen, I know you are very strong, but we are not weak either. You can kill Su yuanxiu, but you can not kill us both! You are not qualified to be your servants! "

"Do it!"

A roar, Ma weiqi and Cui Zhen with rolling strength, toward Ye Chen.

They have no choice!

If they join hands, they may be able to fight their way out!

The key to this boy's strength they have not learned, in case the other side is just momentum?

Ye Chen has long guessed that he can't convince the two strong men only by words. In this case, he can only use his strength!

Ye Chen's body leaps fiercely, the powerful evil spirit sweeps the whole body, just like innumerable blade suddenly shoots out general!

The sofa was torn in two on the spot!

He met Ma Weiqi's fist and left. Cang Long's phantom body swam on his feet. It seemed that he had turned into a series of shadows, and his five fingers had been locked on Ma Weiqi's wrist!

Press down!

Ma Weiqi felt as if his body had fallen into the abyss!

"Bang!" The sound of! He fell straight to the ground!

Fortunately, arm a pat, a flip, waist twist, a mountain kick toward Ye Chen's head sweep!

Not only that, Cui Zhen's hand appeared a rather strange stick, stick residual a trace of strange breath!

It's a spirit thing!

Cui Zhen's body jumped high, then a stick fell down!

Tear the air!

There was a black stick around.

The black air is like a devil's face, tearing away at Ye Chen!

"Pa!"

Three forces collide, ye Chen's body retreats behind!

Cui Zhen and Ma Weiqi are happy: "kill!"

The next second, the two forces hit Ye Chen hard!

But somehow, ye Chen didn't even plan to retire.

Standing like this, eyes staring at them.

Give up?

Yes, even the ancestral zhenhun stick has been sacrificed. What else can he do except give up!

Suddenly, the spirit of the town has been destroyed by the withered spirit!

At this time, ye Chen suddenly stretched out his hand, his right arm rolled up a burst of red evil spirit, evil spirit wrapped him! Like armor!

The violent air explosion of zhenhun stick suddenly stops!

So ye Chen is dead to hold!

Cui Zhen's smile on his face is stiff. What did he think of? He broke the shackles of Ye Chen with his strength!

But it can't be broken at all!

"I wanted to leave you a way to live, but now it seems unnecessary!"

Ye Chen's power is released, the soul stick is directly seized by him, and even more fiercely thrown out!

"Ding!"

It's on top of a mural behind him!

Then ye Chen's hand caught Cui Zhen, so he buckled his neck!

Ye Chen's whole body evil spirit erupts, the surrounding air seems to be frozen!

Cui Zhen felt his breath was under control. He struggled wildly, but it was no use at all!

Ye Chen instead lifted him up!

He stares at Ye Chen, blood in his eyes! Helpless! fear!

"Put After I... "

A hoarse voice came.

Can ye Chen not be moved! He has no pity! Anyone in his way is either in hell or on his way to hell!

Click!

The sound is very harsh!

The next second, Cui Zhen's neck is directly broken!

See this scene, want to start maweiqi feet like pouring lead general, can not move!

Ye Chen's cold eyes fell on Ma Weiqi's body and said faintly: "now you are the only one left. Just now your hand has slipped, or your friend will not die."Incomparably arrogant!

Then Cui Zhen's body was thrown by Ye Chen at the foot of Ma Weiqi!

At the moment, ten thousand draft horses fly by in Ma Weiqi's heart!

Hands slipping?

Skate you ghost!

You're killing people on purpose, OK!

But what can he say now?

Without Cui Zhen, he has no chance to win alone! Maybe the other hand skates again!

A sense of fear covered his whole body, his back was wet through!

Suddenly, he thought of something. He knelt down and said to Ye Chen, "Mr. Ye, I The second way! I will be your servant

He has no choice!

He doesn't want to die now! Once dead, his family will disappear in Jiangnan province!

His foundation will collapse!

"Are you sure?" Ye Chen Dao.

"Sure Since ancient times, the weak are the servants of the strong! I am willing to do everything for Mr. Ye! Please spare my life, Mr. Ye! "

Ma Weiqi excited way.

Ye Chen forced out a drop of blood essence in his hand and said, "close your eyes, I will put the blood essence into your eyebrows, you can't resist it!"

"Yes, yes, yes!"

Although Ma Weiqi doesn't know what ye Chen wants to do, he still closes his eyes obediently.

If he was going to kill him, he would have been dead!

This shows that he is still useful to Ye Chen!

All of a sudden, he felt a drop of blood essence shot into his eyebrow, and even deeper into his consciousness!

Spread!

He was surprised to find that an invisible force controlled everything!

It's like a pair of cold eyes staring at him in the depth of consciousness!

These eyes

CHEN Ye is!

He opened his eyes fiercely, and then looked at Ye Chen, only surprised and frightened!

There are such skills in this world!

He was sure that as long as ye Chen had an idea in front of him, his body and soul would collapse!

All spirits are destroyed!

My God, is Ye Chen the devil?

When he was shocked, ye Chen's voice rang out: "call Tang Ao, you should know how to say it."

"Within a month, I don't want the martial arts association of Jiangnan province to harass me again!"

Ma Weiqi's face was pale. In an instant, he responded and nodded: "Mr. Ye, I know."

In fact, he was a little surprised why it was a month.

Is this man enough to shake the martial arts association of Jiangnan Province in a month?

Chapter 162

After all this, ye Chen's eyes fall on the soul stick inserted in the mural.

He pulled up the soul stick and held it in the palm of his hand. He could clearly feel the energy contained in it.

The true Qi of Dantian converges in the right arm, and the zhenhun stick seems to feel something, shaking slightly.

"Need true Qi to work?"

Ye Chen transports the true Qi to zhenhun stick again, and is instantly absorbed!

Turn to overflow a light airflow!

Ye chenmeng gently waved the stick, and there was an air wave in the air!

The air waves hit a wall, and then the wall of the hotel even split a hole!

"Not bad. Make do with it."

Ye Chen doesn't have a suitable weapon at the moment, so he reluctantly uses the soul suppressing stick.

Ma Weiqi looks pale when he sees this scene.

He and Cui Zhen have known each other for many years, and have seen Cui Zhen use the soul suppressing stick many times, but it is not as powerful as ye Chen's release!

It seems that although the zhenhun stick was left by Cui Zhenzu, Cui Zhen has not used it reasonably.

Later, ye Chen left the Millennium Hotel.

The rest is left to mavic, who doesn't worry about his betrayal.

It's a far more terrifying technique than most people think.

He can also see Marvel's fear of death.

People who are afraid are always smart people.

The rest is to spend the month safely. After a month, he will naturally go to the Wudao Association of Jiangnan province!

"Tang Ao? 189 Chinese masters? I'd like to see how strong this level master is

.....

Six in the morning.

Ye Chen returned to Tangchen Yipin, and just opened the door, he found that Sun Yi had already got up.

"Xiaochenzi, why did you get up so early today?"

Sun Yi was a little surprised.

She had a few eggs in her hand, apparently preparing for breakfast.

Ye Chen smile: "wake up early today, went out to walk a circle."

Sun Yi takes a look at Xia Ruoxue's room. Seeing that there is no movement in the door, Sun Yi stealthily comes over and reaches over Ye Chen's waist with both hands.

The sexy red lips on the kiss, a wet kiss, Sun Yi's body is soft.

Ye Chen holds Sun Yi's buttocks in both hands and just plans to hold her to her room. A trace of movement comes from the door of Xia Ruoxue.

Sun Yi quickly broke away from ye Chen, blushing.

Xia Ruoxue came out of the house in her pajamas. When she saw Ye Chen and Sun Yi were there, she rubbed her eyes: "you two are really early. Are you going to make breakfast? I'll try it today. I learned a Minnan breakfast from my grandmother. "

Sun Yi lowered her head and said, "good Good

I don't know why, there is always a trace of inexplicable excitement in her heart.

"Then you wait for me a moment."

Xia ruoshue said a word and went to the bathroom to wash.

After Xia's breakfast, she sat on the table for three and a half hours.

Not to mention, the breakfast Xia Ruoxue learned from her grandmother is really good.

Xia Ruoxue looked at Ye Chen triumphantly and said, "my girl's skill is good, how many points do you score?"

"Ten."

"Which one do you prefer, Sun Yi's breakfast or my breakfast?" Xia Ruoxue said with a smile.

Hearing this, Sun Yi looks forward to Ye Chen.

Ye Chen is helpless. This problem is totally unsolved. Neither of them can offend him. He just wants to change the topic when the doorbell rings.

"I'll open the door."

This doorbell is the Savior.

The gate opens, let Ye Chen surprise is, unexpectedly is gold Lengyan.

Since the death of Jiang Yuanli, the entire Chiang family has disappeared.

The Wudao family in Jiangnan province has also changed from a three legged system to only Jin and Meng families.

Because of the good relationship between the Jin family and ye Chen, the Jin family will become the first Wudao family in Jiangcheng.

"Mr. Ye, may I go in?" Jin Lengyan's look is extremely flustered.

Seems to be afraid of something.

Ye Chen Mou son a congealing, nod a head: "come in."

Jin Lengyan carefully looked at his back, and quickly went in and closed the door, which was anti lock.

When she saw Sun Yi and Xia Ruoxue inside, she nodded politely and then said to Ye Chen, "Mr. Ye, I need a quiet place. I have something important to tell you!"

Ye Chen for the first time found Jin Lengyan so nervous that he did not hesitate to know that something had happened. He said, "follow me."

Ye Chen with gold Lengyan came to a secret reception room, the door closed.

"Come on, what's going on? There can't be any monitoring devices here."

Jin Lengyan nodded and then took off his coat directly.

Seeing this scene, ye Chen is a little strange. Does Jin Lengyan want to use the beauty trick?

But he was obviously wrong. After taking off his coat, Jin Lengyan took out a jade pendant from the bra!

When you see the jade pendant, ye Chen's eyes suddenly shrink!

Because he clearly found that there was a very strong aura in the jade pendant!

If you take this jade pendant to practice, the speed must be more than three times faster!

Even if it is put into the Kunlun void, it is also a treasure!

How can such a rare treasure appear in China? It's Jin Lengyan's hand again!

"Where did you come from?"

Jin Lengyan looked very flustered: "Mr. Ye, you also know that my Jin family is responsible for the special auction of Jiangcheng. A friend of my father's came from Xiangjiang the night before yesterday and gave it to my Jin family, saying it was for the auction the day after tomorrow! But I suddenly changed my mind yesterday, saying that I was going to take it back in the evening and not participate in the auction. My father naturally agreed, but I didn't see him all day!

When my father arrived at his friend's private villa in Jiangcheng today, he found that his friend and all the family members were destroyed!

The method is extremely cruel! From the wound point of view, the strength of the hands is very strong!

What's more, my father also found that anyone his friends came into contact with these days had a strange family accident!

My father decided that there must be forces looking for it!

At present, the strength of our Jin family has basically protected this thing, but it is impossible to give it to others. The only thing my father thought of was to give it to Mr. Ye for safekeeping! If something goes wrong with our Jin family, it belongs to Mr. Ye. "

The Kim family has no choice.

Ye Chen is the only one they know that can protect this jade pendant!

Ye Chen looked serious: "what do you do? What if those forces come to you? "

Jin Lengyan looked at the time and suppressed his inner tension: "Mr. Ye, my father has arranged a private plane. Our Jin family will leave Jiangcheng for a while, so let's go."

With that, Jin Lengyan plans to leave, but when she holds her hand on the doorknob, she thinks of something again and turns to Ye Chen.

The next second, on tiptoe, kiss on the cheek of Ye Chen.

Caught off guard.

"Mr. Ye, I'm sorry, but it's a parting kiss. Perhaps, if we leave today, our friendship with Mr. Ye will be over. "

"To know Mr. Ye is my golden goose's greatest fortune."

"Good bye."

The door closed.

When ye Chen comes to the living room, the cold goose has long been gone.

Chapter 163

"Xiaochenzi, who was that beauty just now?"

Sun Yi said curiously.

After all, Jin Lengyan's figure and appearance are pretty good, although there is still some gap with them, but the heroic temperament is somewhat different.

Xia Ruoxue is also curious to see ye Chen.

Ye Chen Mou son tiny congeals, light way: "a friend."

I don't know why Ye Chen is always worried about Jin Lengyan. That force can easily do something to destroy the gate, and the news of Jiangcheng doesn't pop out. It definitely has a certain strength.

As the top martial arts family in Jiangcheng, the Jin family are so afraid of this force that they can think of the terrible behind it.

And the other party must be from the martial arts and Taoism circles of China.

He was in Jiangcheng these days, Jin Lengyan also helped himself many times.

From the auction of pills to wudaotai, although the Jin family pays attention to interests, Jin Lengyan always tries to persuade with good intentions, even against his father's will.

However, if the Jin family left Jiangcheng, it would be safer to avoid it temporarily than to face such forces.

Summer if snow see ye Chen worried, think of what, open a way: "Ye Chen, will you go to Tianzheng Group later? Today, Tianzheng Group held a product conference and invited reporters from home and abroad. Tianzheng Group wants to launch its products before it goes online. "

Sun Yi also said, "xiaochenzi, you must go, because today I speak on behalf of Tianzheng Group. Yesterday, I prepared the speech draft for the whole evening. To tell you the truth, I was a little nervous about the first time I was faced with such multimedia. "

Ye Chen remembers that Shen Haihua called yesterday to say that he had done this, so he nodded: "of course, I'll take some beautiful pictures for you with my mobile phone."

Sun Yi's eyes are like the crescent moon. With Ye Chen under the stage, she will feel quite at ease.

Ye Chen takes advantage of two female collocation clothes, then returns to the bedroom, takes out that jade pendant.

Suddenly the aura overflowed and filled the whole bedroom!

"So precious, no wonder that force is willing to destroy the door to seize." Ye Chen murmured.

He closed his eyes, slightly moved nine days xuanyang Jue, then felt countless auras pouring into his body!

Rising momentum! The breakthrough speed is almost ten times faster than before!

"It seems that this jade pendant is more terrible than I thought."

Suddenly, the black stone in Ye Chen's pocket flew out! The black stone kept spinning and finally stopped at the side of the jade pendant.

"Boom A sound, that room of innumerable aura actually continuously toward the black stone!

The aura in the room is gone!

Black stone began to absorb the aura of jade pendant crazily!

And it's crazy absorption!

Even if the jade pendant has more Aura, it can't help absorbing it!

Ten minutes later, ye Chen found that the jade pendant had become dim. The original aura was overflowing, and now there is no trace left!

There is no difference between jade pendant and ordinary jade pendant.

Later, ye Chen's sight falls on the black stone, and unexpectedly finds that all attributes of the jade pendant are transferred to the stone.

The aura is also rich. Even if he practices, the black stone will continuously deliver the aura to himself.

There was a change in the palm of his hand.

Although it is still desolate, it is full of endless aura.

Chen Qingcang's tombstone has been flashing a glimmer of light, some dazzling, it is estimated that before long, it can be triggered.

Ye Chen can't imagine that the jade pendant given by Jin Lengyan has this effect.

But the gold family just let themselves take care of the jade pendant. Now that the jade pendant has become like this, how should we explain it?

Ye Chen laughs bitterly for a few times. It's really impossible. Take out some pills and skills to compensate.

"How are you, xiaochenzi? We're going to start! "

Outside came Sun Yi's voice.

Ye Chen should be a few, quickly put away the jade pendant and stone, put on a custom-made suit, toward the outside.

.....

Banquet hall, 12th floor.

It's overcrowded. The staff on the

stage are debugging equipment and instruments at last.

There were hundreds of reporters and photographers under the stage.

Most of them are journalists from Jiangcheng, and the other part is from Jiangnan Province, Beijing and even other mainstream media.

The middle position is empty. Judging from the words on the seat, it should be overseas journalists.

This time, Shen Haihua invited reporters from m, eagle, island and H countries.

After all, the two products released by Tianzheng Group are cross century!

Enough to shake the whole China and overseas!

Ye Chen is standing under the stage, looking at Sun Yi, who is going to be on stage.

This girl today painted a light makeup, wearing is also a bit strong. After all, we will face the media which is known as a vicious tongue.

Some Jiangcheng reporters under the stage naturally noticed Ye Chen, her eyes slightly shrunk.

Who could have thought that the big boss behind the scenes of Tianzheng Group has come.

Tianzheng Group opened business that day, but they saw the horror of Ye Chen!

Behind him stood two top leaders in the city, Yuhao club, Zhou family in Jiangnan Province, and the military.

Who dares to offend against such a background?

Some photographers had planned to shoot Ye Chen, but they were stopped on the spot.

"Anyone can shoot, that man can't shoot."

Some of the new photographers are very confused: "why?"

"Don't ask why. You'll be responsible for what happens."

The photographer panicked and quickly aimed his lens on the stage.

.....

At ten o'clock sharp in the morning, the press conference officially began.

When Sun Yi came to power, some foreign media and overseas media were astonished.

They know that this speech is made by Miss Sun, vice president of Tianzheng Group. But who would have thought that the vice president was so young?

Even if Sun Yi is the brand spokesman of the group, they believe it.

Sun Yi stood in the middle of the stage, confident and talkative.

"I guess you are very curious about our group's two products. This time, Tianzheng Group released two products at the same time. The first one is called coagulation and longevity pills! It is different from the general health products, its curative effect is real. Once the elderly take the next course of treatment, their body will glow with infinite vitality. We Tianzheng Group guarantees that every old man can be at least five years younger! "

The words fell down in an uproar.

Make sure the old man is five years younger?

Can't this be a goddamn pill?

At this time, the door suddenly opened, a well-known Island media came in. Obviously late.

Ye Chen and Sun Yi are displeased. The press conference has stipulated the time to be present. Everyone is on time. Why is this media late.

But in front of so many cameras, Sun Yi did not attack, just nodded.

Chapter 164

After that, Sun Yi continued her speech. Before saying a few words, an island woman who just came in stood up and asked, "what's the product you just said? Can you say it in Japanese?"

Sun Yi was stunned and immediately changed her face and said, "no, I only speak Chinese in the whole process. Tianzheng Group has also arranged simultaneous interpretation. If you want to listen to Japanese, just pick up the earphone in front of you."

There were whispers from below.

The Chinese media are not happy with the island media.

Perhaps feeling the surrounding discussion, the woman did not continue to speak.

Sun Yi continued to introduce blood clotting Yishou pills and medium-level Zhuyan liquid. When she finished the two products, I didn't know why the media looked a little ugly.

Because it's too divine.

More like nonsense!

Old people delay aging! Women are five years younger!

Key Tianzheng Group actually uses the reputation of the group to ensure that the functions and descriptions of the two products are basically consistent!

Ten for one false!

Such a pledge has puzzled all the media.

Seeing everyone's doubts, Sun Yi said with a smile: "any cross era product will be questioned. We have arranged some samples for some journalists to take, because only some samples need to be decided by drawing lots."

Each reporter received a random number plate from the gate. It was fair to draw lots at random through the large screen.

Finally, ten journalists were selected, eight from China and the remaining two from m and eagle.

Ten people were photographed by the staff and invited backstage.

After a while, there were several exclamations in the background! Let the rest of the media reporters feel that something is wrong.

Is there something wrong with the backstage?

Five minutes later, the ten reporters came out. To everyone's surprise, there were obvious changes in their faces!

Really younger!

“Oh, MyGod ! ”

"What kind of miracle is this? I have fewer wrinkles, amazing China!"

A blonde reporter said, her voice is very excited!

She's forty! Who could have thought that she still had a chance to be young!

If it was the Chinese who sent out such exclamations, most people on the field would think it was Tuo, but it was the people from m who praised the samples so much.

Now, all the reporters on the field changed color.

Sun Yi showed a smile at the corner of her mouth and said: "you can look at the big screen. Some of the ten reporters will not change much, but as long as you compare the photos, you will understand whether the products of Tianzheng Group are useful or not!"

Everyone's eyes fall on the big screen. When they see the contrast pictures, everyone sucks a cold breath!

Who could have thought that the products of Tianzheng Group had such a terrible effect in just five minutes!

This is a miracle!

Not long, the whole field boiling!

"Hello, I'm a media reporter of TBA in M. when will Tianzheng Group's products be sold in China M?"

"Hello, I'm a media reporter from Xiangjiang Oriental times. I want to know from which platforms can I buy products from Tianzheng Group?"

.....

Some journalists are almost crazy! The camera keeps flashing!

Tianzheng Group is definitely the hot topic of tomorrow!

But some journalists are calm, they remain skeptical.

Because it's so weird!

Ten people were selected by Tianzheng Group unilaterally, and cheating is not possible.

Maybe these ten reporters are all Tuo, but they just make up in it.

At this time, some of the reporters from the Shimbun group did not know about the products. Although some of the first reporters in the shijikuo group did not know about their products, some of them did not know about it What happened to Taiwan. "

"Second, in order to be more persuasive, can you also give me a sample and let me take it to my country for testing by the authority?"

Sun Yi's face on the stage was somewhat wrong, and she refused directly: "no way."

That island country female reporter sneers: "does this mean that your Tianzheng Group is afraid of testing? Or, there are problems with your products. "

Everyone on the field saw that the island's female reporters were deliberately targeting Tianzheng Group, but the other side was the media, and they could not say anything.

After all, the media have the right to question and question.

Sun Yi also had no problem with the products of Tianzheng Group, but before the official release of the products, no samples were allowed to leak out. This is the rule. Please understand this media friend

As far as I know, your products should be on line soon, and no testing is allowed. Does that mean that your products will have side effects and have a great impact on the body? As soon as this was said, the faces of the reporters who took the samples were somewhat wrong.

Even if the effect is significant, if it has an impact on the body, it will be troublesome!

The gain is not worth the loss!

Under the stage the instant burst the pot, the question voice unceasingly gushes!

The island's female journalists obviously intend to sabotage the press conference!

Sun Yi's face on the stage was a little flustered. She didn't expect anyone to make trouble. However, no matter what she said, the other party would take advantage of the opportunity to discredit Tianzheng Group.

She wanted the security guard to invite this reporter out, but as a result, the press conference of Tianzheng Group turned into a vicious event!

Chapter 165

For a moment, Sun Yi didn't know what to do.

After all, this is the first time that she has faced so many scenes, which also represents the Tianzheng Group.

Every word is related to the development of Tianzheng Group.

Xia Ruoxue wanted to go to save the field, but found a dark shadow has rushed up, naturally is Ye Chen!

Her heart clutters, this ye Chen's character she knows!

Once this guy comes on the stage, small things will become big things!

Sure enough, when ye Chen appeared on the stage, the atmosphere was quiet.

Ye Chen looks at Sun Yi. With a sign in her eyes, Sun Yi understands something and gives the microphone to Ye Chen directly.

And she quietly retreated to Ye Chen's back.

Ye Chen picked up the microphone, the eye son looked at that island country female reporter, way: "you have any doubts about the products of Tianzheng Group, I can answer you."

"Who are you and what qualifications do you have to represent the Tianzheng Group?" she asked

Ye Chen did not pay attention to each other, but ordered the staff to take a bottle of Zhuyan liquid sample, poured half, and then casually threw it to the island female reporter: "you don't want the sample, I'll give it to you now, but only allow you to take it on site."

The island's female reporter was stunned and didn't expect this man to have such a right.

She took a look at only half of the sample in her hand. Although she said that there were side effects, so many people took them without any problems, and the side effects would not be too serious.

The key product has passed the record of Huaxia drug administration, so it is impossible to be dangerous.

She snorted and took it.

Almost instantaneously, she felt a warm current in her body and her face was a little hot. When she wiped it carefully, she found something black oozing out.

She quickly took out the wet towel, carefully wipe, five minutes, the warm current completely disappeared.

She had found something strange about her body. She took it out of her bag and looked at it in the mirror.

"PATA!"

The mirror fell to the ground and her eyes were full of horror.

Wipe off those black things, her face is really young!

It's like releasing the toxin and regenerating!

The key is half a bottle of lotion!

The reporters around were also shocked and took photos in succession!

This is absolutely the best material!

The island woman reporter looked at Ye Chen on the stage. Some of them couldn't speak. Her face was a little hot.

Ye Chen picked up the microphone and continued: "some media friends just asked about the sales area of the product?"

Hearing this, everyone under the stage is short of breath!

This question is extremely critical!

Ye Chen Mou son a congealed, throw the ground to have a voice: "Tianzheng Group's two products at present only launch in China, naturally including Taiwan Province and Xiangjiang! It will be a month before you choose to sell it in other countries. But! Tianzheng Group will never enter the island market!"

At this moment, everyone was stunned! Not even breathing!

This is totally hostile island country!

That island country female reporter instantaneous reaction comes over, this is opposite party's Revenge obviously!

She glared at Ye Chen and said: "although I don't know who you are, what you said represents unfair market competition. As one of the ten economic countries, island countries have the right to become the first country."

"If Tianzheng Group only refuses to open the market of island countries, we have the right to protest to the United Nations! You are discriminating against our country! It's also an insult

The island woman reporter, however, knew the strength of the Zhuyan liquid, and naturally protested for the first time.

Ye Chen sneered and said, "sorry, I am discrimination! It's up to me to decide the product group! "

"You --" that island country female reporter didn't expect Ye Chen to ignore the market rules so much. Just as he wanted to speak, ye Chen continued: "and Tianzheng building, I own 100% equity. Now I don't want to see you, please get out of here!"

"Any late reporter has no right to step into the Tianzheng building again!"

The island woman reporter thought the man on the stage was crazy!

Is he trying to offend the media of the whole island country?

This is to make people angry!

Once the island countries put pressure on China, China will certainly destroy this small Tianzheng Group!

This man is digging his own grave!

As soon as the island's female reporters wanted to speak, six security forces of Tianzheng Group came to them with a bad look, stretched out their hands and made a gesture.

Obviously let them go!

The female reporter was angry and stepped on her high-heeled shoes and walked outside.

"No matter how good the products of Tianzheng Group are, they will not last for tomorrow! You can wait for the anger of the island countries and China's diplomacy. "

Ye Chen naturally ignored the threat of the island's female reporters.

With so many forces behind Tianzheng Group, how can it be afraid of such Island media?What's more, Tianzheng Group is no worse than such a small market!

The next press conference was handed over to Sun Yi.

With the island media incident, the rest of the media are quite calm, and the questions raised are no longer so offensive.

What's more, Tianzheng Group's two cross century products are in front of us, and no one wants to be the culprit in the domestic market!

When ye Chen comes to the stage, Shen Haihua talks about the pros and cons of this matter.

After all, his remarks are so targeted that it is difficult for the island countries to make trouble.

Ye Chen didn't care too much about it. He just had this temper.

Even if under the pressure of public opinion, it doesn't matter if the two products can't be put on the market. He has not only these two kinds of Dan Fang.

At this time, a news item appeared on Ye Chen's mobile phone:

[emergency headline: at 10:45 a.m., a private plane in Jiangcheng suddenly exploded with unknown causes and unknown casualties. Jiangcheng fire control and police are rushing to the scene. ]

Ye Chen was stunned, and there was a chill behind him.

After saying goodbye in the morning, Jin Lengyan said that she would take a private plane with all the Jin family.

Now a private plane in Jiangcheng has an accident!

This time coincides too much!

Regardless of everything, ye Chen quickly called Ying Qing and asked the dragon soul to investigate this matter quickly! And ask him to send his address to his mobile phone.

Not long, ye Chen received a text message - Xiao Deng is downstairs, the address has been sent to Xiao Deng.

No longer hesitant, ye Chen directly came to the Tianzheng Group downstairs, Xiao Deng is anxiously waiting at the door.

"Mr. Ye, are you going to the king's house?"

"Yes! Get to Jin's house as soon as possible

"Good!"

The car disappeared in Tianzheng Group.

Half an hour later, the car slowly stopped in front of a remote courtyard.

The car has not stopped completely, ye Chen opens the door directly and rushes out like a cheetah!

Before entering the Jin family courtyard, he felt a strong sense of blood coming!

"Bang!"

He kicked the door open!

A sense of anger rushed to Ye Chen's head!

Because the Jin family in the gate is full of corpses! shed blood like water!

The Jin family is destroyed!

Something really happened!

Chapter 166

Ye Chen walks into Jin's house and takes a look at the disorderly bodies.

It's shocking.

Men and women, old and young, are not spared.

Some people's chest is hard to break through the blood hole.

Flesh and blood.

The guys who started it have such strength to deal with these ordinary people.

Ridiculous!

Does Huaxia care?

Ye Chen glances at the whole Jin family, but finds no body of Jin Lengyan and his father.

They were either on the plane or missing.

Xiao Deng also came in, frowning slightly when he saw the bodies.

"Mr. Ye, the Jin family is at least a martial arts family in Jiangcheng. It's impossible for the family to be destroyed like this. The force of the attack must not be weak."

Ye Chen looked at Xiao Deng and asked, "what's the matter with the plane

Xiao Deng shook his head: "there is no news from dragon soul, it should be in the search stage."

Words just fell, ye Chen's mobile phone rang up.

It's from Yingqing.

After pressing the answer button, Ying Qing's voice came from the other end of the phone: "Mr. Ye, the private plane in the accident has preliminary results. It is an aerial plane. Only the pilot and security personnel were killed. The father and daughter of the Jin family were not on the plane.

But... "

Ye Chen Mou son shrinks: "but what?"

"Mr. Ye, a corpse has just been found near Linshi Lake in Jiangcheng. After comparison, it should be Jin Xiangming, the father of Jin Lengyan. There was a fight at the scene. Although Jin Xiangming was a strong master, he was crushed to death. Moreover, according to the traces on the scene, Jin Xiangming should have broken his ribs and arms in order to hold the assailant. "

Hearing this sentence, ye Chen Mou son slightly shrinks.

For a jade pendant, as for?

Is human life so worthless?

"Have you found the golden goose?" Ye Chen Dao.

"Judging from the footprints on the scene, Jin Xiangming dragged the assailant to buy time for Jin Lengyan, but his footprints suddenly disappeared in Linshi lake and did not know where to go. Longhun is continuing to investigate. If there is any new information, it must be reported to Mr. Ye. "

"Good, hard work."

Ye Chen hung up the phone, eyes have unprecedented dignified.

At present, jinlengyan should still be alive.

Behind the hands of the force without fear, strength is very strong.

He didn't want to get involved in the affairs of the Jin family, but the jade pendant had lost its aura and was transferred to the reincarnation cemetery.

It is impossible for him to return the jade pendant to the Jin family.

It's equivalent to that he owes the Jin family a favor.

And it's a big favor.

All now, no matter what the big power behind it, he will protect Jin Lengyan at all costs!

He looked at Xiao Deng and ordered, "you drive back to Tomson."

Small Deng a Zheng, surprised way: "that leaf Mr. how do you do?"

"Don't worry about me. It makes sense for you to go back."

When Xiao Deng heard this, he drove away.

Only Ye Chen is left in the Jin family.

Ye Chen Mou son looks at those corpses, light way: "since owe you gold family's affection, I also should help you do something, I Ye Chen wants to protect the person, no one is qualified to move!"

With that, ye Chen came to a room of golden goose, closed his eyes, and drew a strange Rune in front of him.

On the rune, there is a personal object of the golden goose.

If he had to, he would not use "the great way to find a solution"!

This kind of searching method is too much for the body!

If you are a little careless, your body will be bitten back and your cultivation will be stagnant!

Ye Chen pinched his fingers and kept saying something in his mouth: "bring down the capital and the current, and create all things.". Qing is the source of turbidity, and movement is the foundation of stillness... "

Can break the vitality, thousands of miles to find people!

With the speed of Ye Chen's speech getting faster and faster, the runes and pink objects in front of him even floated up!

Next second, direct combustion!

The flame is blue! It even forms a strange shape.

"Now!"

Ye Chen bites his finger and shoots out a blood essence! When the blood essence hits the flame, the fire lights up!

A picture appeared in his mind.

A girl on the rocks was wet.

The girl's lips were white, with a trace of blood, and her whole body was swollen by the lake water. Her breath was weak and she was seriously injured.

Not far from the girl stood a tall man with a cold look.

The man looked at the girl's body, sneered and walked slowly past.

Like the steps of death.

Ye Chen's eyes open, a torrent of evil intention to sweep in all directions!The whole house was shocked by a terrible shock!

.....

The lower reaches of Linshi lake.

The burly man clasped the faint golden goose with one hand!

A strong sense of pain hit, Jin Lengyan opened her eyes, when she saw the face, her eyes only fear.

"Where is that jade pendant! If you don't tell me again, I'm sure your neck will be broken

Jin Lengyan thought of Ye Chen for the first time, but she didn't want to sell Ye Chen.

This person's strength is too strong, and the means is extremely cruel, once the information of Ye Chen is disclosed, it is estimated that the two women of Tangchen Yipin will have an accident!

Then she will be a sinner!

All of the Jin family are dead, and she has no value in living.

"I don't know."

Jin Lengyan said decisively.

The burly man sneers and presses Jin Lengyan in the river. The strong suffocation makes Jin Lengyan struggle desperately.

Half a minute, jinlengyan was thrown out, almost all the bones of her body would fall apart!

The voice of man's cold extreme rang out: "I'm the thing of Yan Jin, no one is qualified to peep at! If I want to torture you, there are 10000 ways!

I heard that your Jin family is the top martial arts family in Jiangcheng? Pooh! With your strength, you are also called Wudao family! My Yan family is called the real top martial arts family

When Jin Lengyan heard this sentence, her eyes were very serious.

The other side is obviously from a stronger martial arts family!

Jiangnan province?

Or the capital!

Damn it! I knew that my father's friends had brought such hot potatoes that they shouldn't have accepted them!

Yan Jian Mou son showed a trace of Indifference: "since you are not going to tell me, I can only kill you. I will make a thorough investigation of anyone you come into contact with today, no matter who it is, through the means of my Yan family, will become the ghost of my Yan Jin's men! "

The words fall, Yan Jin curls up all around, the lake seems to roll up, a palm toward the head of Jin Lengyan!

This one! The head must be crushed!

He wants this ignorant woman to be a headless corpse!

Jin Lengyan felt a terrible wind in front of her. She knew she would die today.

My heart is dead.

In the last moment of her life, she saw a figure in the water quickly swept!

The figure is getting closer and closer!

Ripples on the water!

Someone is stepping on the water!

What means is this!

All of a sudden, her pupils dilated, staring at the figure in horror!

Incomparably familiar figure!

Ye Chen!

Chapter 167

Jin Lengyan is actually ready to die.

But WanChen did not appear!

Key Ye Chen how to find here!

Can't help her surprise, Yan Jin's palm is getting closer and closer!

Just at the moment of touching the golden goose, a blade of wind breaks through the sky directly towards this side!

Yan Jin's eyes shrunk and his back swabbed to the cold. Naturally, he realized the crisis. He took back his hand, and at the same time, his body went to one side like a cheetah!

"Bang!"

But the blade still crossed his arm, a trace of blood spilled, and finally hit the water, splashing a huge spray!

Yan Jin took a look at his wound, and his anger went straight to his head!

He has practiced martial arts for so many years. Who dares to hurt him! No one has the right to let him bleed!

Who on earth is the secret hand!

He raised his head and his eyes shot in the direction of the wind blade!

The next second, his pupil even enlarged!

Completely confused!

I saw a young man with his hands behind him, his toes lightly touching the water and stepping on the water!

As if with the power of an immortal!

How can a mere mortal resist!

What a means!

He has seen many strong people with lightness skills!

He has mastered a family's lightness skill!

But you can't walk on the water!

Even the martial arts master of his Yan family can't do it so easily!

Before Yan Jin reacts, ye Chen's figure has fallen, and her eyes are cold to the extreme!

The eyes with the intention of death swept a glance at Yan Jin, as if he had decided his life and death!

Then, ye Chen comes to Jin Lengyan's front and looks at the embarrassed Jin Lengyan. Ye Chen's heart burns with anger!

Jin Leng Yan is injured all over the body!

There are many broken ribs on my body!

Black nose and swollen face!

The five zang organs and six Fu organs were all injured in varying degrees!

This is torture to a woman!

If Jin Lengyan was not an ancient warrior, she might have died of pain!

Jin Lengyan looked at Ye Chen in front of her, and her lips trembled slightly: "Mr. Ye."

Ye Chen suppressed the anger in his heart and said faintly: "why don't you come to Tangchen to find me? You should be very clear. Only I can save you in Jiangcheng."

Jin Lengyan shook his head fiercely, and tried to hold back the pain. He said respectfully: "this is the disaster of our Jin family. Lengyan doesn't want to involve Mr. Ye."

Ye Chen sighed: "why do you need it?"

In fact, ye Chen knows that if Jin Lengyan wants to save herself, the best way is to betray him.

Tell the other party his name and the address of Tomson Yipin.

After all, the jade pendant is in his hand.

But Jin Lengyan would rather suffer from torture than betray him even before he died.

This friend deserves his sincere treatment.

Yan Jin after death completely reacts to come over, Mou son stares at Ye Chen dead, angry voice way:  
"boy, who are you after all! How dare you interfere with my Yan Jin's affairs

Although this sudden man can step on the water and walk, but when Yan Jin see ye Chen's face, fear is a little less.

It is estimated that the opponent's age is about 20. Even if this kind of person starts to cultivate from a young age, his strength can't be better than himself.

He has seen some top martial arts talents in China.

But ye Chen's appearance is unheard of.

Therefore, in his opinion, ye Chen may have obtained the lightness skill Dharma decision by accident, and has been concentrating on cultivation to do so!

On the strength of martial arts, the other side can not be his opponent at all!

Hearing the voice, ye Chen didn't pay any attention to Yan Jin. Instead, he asked Jin Lengyan, "how about a deal between us?"

Gold Lengyan a Zheng, some doubt: "what trade?"

"The jade pendant belongs to me. I'll help you kill people!"

Ye Chen's indifferent voice rings out.

Very calm.

It's like telling a little thing.

Jin Lengyan's beautiful eyes are all confused, but she knows Yan Jin's means!

Ruthless degree and strength are extremely frightening!

Ye Chen is willing to take risks for a jade pendant?

More for her?

"Mr. Ye, our gold family has been destroyed. According to the agreement in the morning, the jade pendant should have belonged to you, but..."

Words have not finished, ye Chen then interrupted: "when you agreed."

Then, ye Chen turns around, that is like the eyes of the abyss straight Yan Jin!

Yan Jin subconsciously step back, I don't know why, see this look, his whole body creeps!

He naturally heard the conversation between the two people, and quickly reacted to it and said angrily, "the jade pendant is in your hand! Now that you've sent it to the door, I'm not to blame!" The next second, Yan Jin's legs burst out and shot out like a shell!

At the same time, he drew a steel knife of 70 cm from his waist!

This is made by a top Weapon Master who is paid a lot of money by his Yan Family!

It's his personal weapon!

Cut iron like mud! Cut off dozens of people's bones!

Although he was not afraid of Ye Chen, he still had some fear in his heart, but he did not show it.

"Boy, remember, kill you! It's my sword

Sharp blade, interwoven into a net, roll to Ye Chen.

The powerful sound of breaking through the sky is like death whistling.

But ye Chen is carrying his hands behind him, motionless.

I didn't even blink my eyelids.

Jin Lengyan thought Ye Chen was careless and quickly exclaimed, "be careful, Mr. Ye. This man's Sabre skill is very strong!"

Yan Jin sneered repeatedly: "boy, this woman is also better than you know goods, since you don't move, then I personally gouge your heart!"

The speed of the steel knife is getting faster and faster. In the blink of an eye, it will chop Ye Chen's chest!

Once it falls, the consequences are unimaginable!

At this time, Ye Chen finally raised his hand, only stretched out two fingers, a light air flow in the fingertips.

Yan Jin's knife suddenly stopped!

I can't chop it down at all!

His pupils are full of horror! Dead staring at Ye Chen's two fingers!

He is powerful and powerful. He can even break a huge stone!

At present, I was caught by this boy?

The key opponent only used two fingers!

Sleeping trough!

Yan Jin no longer hesitates, want to draw out the steel knife, but found that his knife is as if by Ye Chen hard welding dead!

It's no use how he does it!

"You don't deserve a knife for such rubbish!"

Ye Chen light words fall, the next second, a strong anti shock force, such as the tide toward Yan Jin!

Yan Jin held it tightly, but the force shook him open!

More back to the full five steps!

Yan Jin's blood was surging up, and the original arrogant and arrogant face was full of horror!

"The strength of this boy Crush him! How can it be! "

Ye Chen turns his finger tip, and then holds the steel knife in the palm of his hand. He gently cuts in the air and frowns.

"This knife is too rubbish for me."

Words fall, his palm surging a strong airflow!

All you hear is "click!" The knife is broken!

Fall apart!

This scene is just like a heavy hammer, severely hit on Yan Jin's chest.

His heart seemed to be broken!

This Dao is made of top-grade craft. It is impossible to destroy it with ordinary strength!

Chapter 168

But what's going on right now?

Jiangcheng has such a master!

Why has he never heard of it!

The top martial arts talents on the list of Chinese masters are not so shocking!

Ye Chen looks at Jin Lengyan and continues:

"where did he hurt you just now? Tell me. "

"If he hurts your feet, I'll waste his legs!"

"If he breaks your bone, I'll break him!"

"If he palms your face, I'll cut his head off!"

Jin Lengyan was stunned, and her body trembled slightly. She wanted to speak, and then she swallowed it back.

She never thought that ye Chen would stand up for her!

But all this, she is very clear, not because of her, is entirely for the jade pendant.

Without the jade pendant, ye Chen would not have made a move at all!

If she had taken the initiative, would she have become one of the hostesses of Tomson?

Ye Chen sees Jin Lengyan does not speak, then continues: "since you don't speak, it means all have."

At the end of the speech, ye Chen carries the Canglong phantom body, forms a shadow in situ, and rushes towards Yan Jin!

Like an eagle!

Like an evil tiger!

Like a Qianlong!

Yan Jin has already realized that ye Chen is very strong. He doesn't hesitate any more and quickly retreats!

He has to leave alive!

Only if you ask the family to come forward, can you be qualified to kill this son and take back the jade pendant!

But just as he was about to retreat, he found that behind him was like a wall of gas! It can't be broken in any case!

"No one I want to kill is qualified to leave alive!"

Hearing this, Yan Jin couldn't pay attention to anything. His whole body strength was condensed in a fist, and he hit Ye Chen fiercely: "I don't believe me! Kill thunder fist! Die to me

"Bang!"

The fist and seal crisscross, the fist spirit is mighty!

The two forces seemed to blow apart!

An extremely dangerous breath envelops Yan Jun!

I don't know why, his heart is full of fear, but before the result comes out, he has already produced the retreat intention!

This is the biggest taboo of martial arts!

But he didn't want to! Who knows what kind of monster he is facing now!

"Click!" A strong pain swept Yan Jin's whole body. His eyes widened, and he found that his right arm was broken!

The cold bones just broke open and showed up!

It's so scary!

"Ah

Yan Jin's face was ferocious to the extreme, and he cried out in pain. His voice rang through the whole forest and Stone Lake.

Very sad.

"Men's hands are not used to beat women! It's for the world! But now, it seems, there is no need for your hands to exist. "

Ye Chen's shoulder fiercely bumped on Yan Jin's chest, the latter seemed to be hit by a high-speed train!

A mouthful of blood from my mouth!

At the moment when he hasn't landed, ye Chen appears again and directly clasps the other hand of the other party!

A quick turn!

His only arm was also broken!

At this moment, Yan Jin is not as good as dead!

He thought he was cruel, but in front of this guy, his cruelty was just a child!

Is this guy still human!

Yan Jin's body smashed on the lake, gradually huge spray, countless blood sprinkled on the surface of the lake! But it was washed out quickly!

Yan Jin wants to shoot, but how can he climb without his arms!

The swift current made him extremely uncomfortable. Fortunately, he was an ancient warrior. His whole body was full of vigor, and he was about to get up!

A pair of big feet on his back!

"Click, click, click!"

All the bones are broken! The whole person is not into the lake, the cheek is stuck to the bottom of the lake!

A strong sense of suffocation came, and he struggled desperately!

But all the power in front of Ye Chen is extremely small!

He finally understood the feeling of pressing the golden goose at the bottom of the lake.

Helpless!

Pain!

He opened his mouth, and the water of the lake mixed with his blood entered his body through his mouth!

He choked violently! My face is blue!

Madman!

This guy is crazy!

Unfortunately, Yan Jin has no strength to struggle again!

At the moment, he doesn't even have the right to speak!

Humble as dust!

His consciousness gradually subsided. At this time, he was clasped by a pair of big hands on his neck and thrown directly on the bank!

He spat out the lake and breathed. But not yet breathe a few, a terrible pain hit!

He looked down and found that one of his thighs was cut down!

"Click!"

The other leg is broken!

Just as this kid promised Jin Lengyan!

Yan ember eyes blood red, death stare at Ye Chen, he thought of this boy just a word!

"If he palm your face, I'll cut his head!"

Suddenly, endless fear enveloped the body, his heart was afraid of burst.

He doesn't want to die, he can't die!

He looked at Ye Chen and said in a surprise, "you can't kill me, you can't really kill me! I am a martial arts genius of Yan Family! If you kill me, you will offend the whole strict family! "

"My Yan family is one of the top martial arts families in Jiangnan Province, and my father is yanzhengbo! My uncle is Tang Ao, who ranks 189 in the list of Chinese masters! Tang Ao is the president of the Jiangnan martial arts association! He is still my master! You can't kill me! "

This is the last struggle of Yan ember! And he's the biggest card!

Ordinary people just hear Tang Ao these two words, absolutely dare not move him!

"Jiangnan Provincial Association of martial arts? Tang Ao? "

Ye Chen was a little shocked.

He really has some helplessness. Is this Jiangnan provincial Martial Arts Association haunted!

Good Jiangnan province does not stay, why must intervene in Jiangcheng matter!

It seems that a month has been too long. He must go to Jiangnan Province as soon as possible!

If you don't uproot this force, you will never be peaceful!

Yan ember saw Ye Chen hesitated, thought the other side was afraid, and continued: "I may as well tell you, that jade pendant is my Yan family is ready to give him in Tang Ao's birthday! Do you know what it means to watch Tang Ao! Don't say Jiangcheng, the whole Jiangnan province has no place for you! "

Leaf Chen looks flat, right foot has stepped on Yan ember's neck, as long as he slightly exert force, Yan ember will become a headless corpse!

Yan ember noticed the cold of his neck, and was a little flustered. He trembled and said, "what are you going to do!"

Ye Chen smiled coldly: "tell you a secret before you die."

"I killed yuanjingfu, and Cui Zhen and suyuanxiu were killed by me, and even Ma Weiqi became my servant."

Yan ember pupil enlarged!

What did he think of!

Jiangnan province has been passed on Yuan Jingfu was killed in Jiangcheng wudaotai is really!

Besides, cuizhenhe and suyuanxiu were killed by this guy too?

How could this be possible!

The strength of these two people is extremely terrible!

But see ye Chen that cold eyes and the strength of terror, he really believe!

Is this guy dead!

Jiangnan Martial Arts Association three Vice Presidents were killed by him!

This is to and Jiangnan Martial Arts Association will not die forever!

"And, Tang Ao in your mouth can not live on the day of his life, and I will have ye Chen!"

The voice of Ye Chen seems to be uploaded from that vast nine days.

Chapter 169

Yan Jin's eyes are wide and round, and his fear is sweeping his whole body!

How dare this guy kill Tang Ao!

He just wanted to say what, ye Chen's foot is severely trampled, the true spirit is furious.

The evil spirit breaks the sky.

Blood was splashing around.

Yan Jin became a headless corpse.

Jin Lengyan looks at him like this, staring at Ye Chen cruelly and killing Yan Jin all the way!

Even though she knew Ye Chen's strength was terrible, at the moment when she heard that he was going to kill Tang Ao, the waves in her heart constantly pounded her body.

Her breath rose and fell, and the fullness of her breast trembled and magnificently.

Tang Ao is a legendary figure in Jiangnan province!

The existence of the top 200 masters in China!

The key data is years ago! Maybe you've stepped into Tang's 100!

Become one of the top 100 masters in China!

Ye Chen even Tang Ao is not let go?

No wonder he doesn't care about the title of the first person in Jiangcheng!

It turns out that ye Chen will be the first person in Jiangnan province from the beginning!

Ye Chen naturally did not know what Jin Lengyan thought. He took out a pill and threw it in the past:  
"take it, your body will be better."

Jin Lengyan nodded and took the pills. A strong fragrance of the medicine hit the whole body. Her injury was obviously reduced.

She has confirmed that ye Chen is an alchemist, because according to the Dan lines of this pill, the refining time is no more than three days.

Ye Chen looked at the calm lake and asked, "the Jin family is gone. What are you going to do next?"

Jin Lengyan thought for a few seconds and said, "Yan Jin is dead. Tang Ao and Jiangnan province will be shocked. They will definitely investigate this matter thoroughly. Then I will become the biggest suspect. I intend to find a place to hide my name and live in a different identity."

Ye Chen nodded: "have you thought about where to go? If you hide again, they will find you. "

, the Golden Cold wild goat, was no longer speaking. She knew that ye Chen was right. Tang and arrogant means all over the world. The whole province of Jiangnan was his eye liner. His nephew and apprentice died, and he would find himself at all costs.

"I'll show you a bright way. Your martial arts are not weak. How about joining the Chinese Dragon Spirit? Dragon soul will erase all your identities and change your face.

Of course, this is just a transition, because within a month, Tang Ao will die, and then you will be free. "

Jin Lengyan bit her lips and nodded fiercely: "everything depends on Mr. Ye."

"Good."

Ye Chen dials Lei Shuwei's phone and says something about Jin Lengyan. The other party naturally agrees, and then asks longhun to send someone to pick them up.

After waiting, perhaps feeling cool and uncomfortable, Jin Lengyan took off his wet clothes directly.

In front of Ye Chen.

No clothes.

Jin Lengyan pretty face crimson, the rest of the light looked at Ye Chen, and then wrung off the clothes and the water of personal clothes.

After all, it's obvious that a woman will be too wet to see her.

As for why in front of Ye Chen, she does not need to tangle so much.

She knew it was impossible to reach the man.

No matter strength or identity, the gap is too wide.

She wished Ye Chen had a reaction to her, but from the beginning to the end, ye Chen had no reaction.

When she threw it on, she put it on

Jin Lengyan a Zheng, immediately took the clothes, Meng nodded: "thank you, Mr. Ye."

After a while, the Dragon Spirit came.

To Ye Chen's surprise, Lei Shuwei actually came in person.

When he knew that the dead was Yan Jin, he shook his head helplessly.

Why did the Yan Family provoke such a evil spirit.

Everyone thinks that Tang Ao is the strongest person in Jiangnan province.

But they did not know that there was a young man named Ye Chen in Jiangcheng.

He may become the first person in the martial arts circle of China in the future.

.....

In the next few days, Jiangcheng was calm.

But after the calm, there was a terrible wave.

This wave is the successful listing of Tianzheng Group's products in China.

The main coverage area is Jiangnan province.

Originally, it was just a few media who witnessed the press conference to publicize the terrible products of Tianzheng Group.

Most people don't believe in the products of Tianzheng Group.

Although the video of the original press conference was also released on the Internet, more and more people thought that those reporters were entrusted.

Can a course of treatment make the elderly five years younger?

Is Zhuyan liquid able to give women a new life?

This advertisement word is really too pompous, in the 21st century that the advertisement flows, nobody believes at all.

Even the network, microblog, forum began to scold a company called Tianzheng Group. On the first day of the launch of Tianzheng Group's products, the sales volume was only 2 million.

Most of them are bought by employees' relatives.

But the next day, sales actually reached 20 million! It's ten times over!

Word of mouth effect has begun!

On the third day, the sales volume of that day was close to 100 million!

Not only that, on the network, for the Tianzheng Group praise is almost one-sided!

All the people who buy the products of Tianzheng Group find that the efficacy is terrible! Have spontaneous publicity on the network!

On the fourth day, when everyone reacted, Tianzheng Group was out of stock!

All purchase points are out of stock!

And the official website of Tianzheng Group also collapsed instantly!

The group's technology department had to upgrade the server, and even put an announcement on the group's official website.

"Due to the popularity of consumers, the products of Tianzheng Group can not be provided for the time being. Please wait patiently."

As soon as the announcement came out, the people were not happy.

One after another in the microblog scolded Tianzheng Group tricks, deliberately hidden.

Some people from Jiangnan Province even went to Tianzheng Group to make a lot of trouble.

But when the group released another announcement that day, those people did not dare to continue to scold.

"Recently, Tianzheng Group has been attacked maliciously on the Internet. If the influence is further expanded, Tianzheng Group will consider removing all products from the shelves."

That's how tough it is!

Of course, the marketing department of Tianzheng Group dare not say this sentence, the key is that ye Chen mentioned it!

The president of Tianzheng Group, which is 100% holding! Who dares not listen!

Don't say off the shelf products, even if the cancellation of Tianzheng Group is in his mind!

Ye Chen does need cash flow support to do something, but making money is not the most important thing for him!

These days, ye Chen has been practicing in Tangchen Yipin. The powerful aura of reincarnation cemetery combined with pills almost made his cultivation speed more than ten times faster!

Most of the group's affairs are left to Xia Ruoxue, Sun Yi and Shen Haihua.

He knows what to do now.

The trip to Jiangnan province is imminent.

There is no comparability between Jiangcheng and Jiangnan province.

The latter is full of strong and complicated forces!

Although Tang Ao is obviously the first person in Jiangnan Province, there are more powerful people in the dark!

Only by strengthening his strength can he have a real voice there!

Chapter 170

Jiangnan Province, rose garden villa area.

In a luxury villa, an enviable couple are sitting on a sofa.

The atmosphere was a little dignified.

The man is about 40 years old. He has a national face and is not angry. He is the contemporary owner of Xia family in Jiangnan province!

Xia Hongye controls Xia's consortium, and any decision can affect the market trend of Jiangnan province.

And the woman is Xia Ruoxue's mother Ding Wan!

At the moment, both of them were holding a newspaper, and the contents of the newspaper were just about the achievements of Tianzheng Group in Jiangnan province these days.

Xia Hongye put down the newspaper, looked at her mother Ding Wan and asked, "this Tianzheng Group was made by the boy named Ye Chen?"

Ding Wan nodded. She thought that Tianzheng Group was just a little fuss by Ye Chen, who deliberately showed it to herself.

After all, the other party is young, and it is normal to have such a stubborn idea.

Moreover, ye Chen's martial arts strength is already very strong, far surpassing some young talents in Jiangnan province. There is no need to set up a Tianzheng Group.

But when she saw today's newspaper, she was a little shocked.

Tianzheng Group is really reinvigorated by this guy?

She even sent someone to buy two products of Tianzheng Group on the black market and let the servants take them in person!

The effect is remarkable!

As a top commercial family in Jiangnan Province, Xiajia can naturally predict how much sensation this product will have on China.

A small Jiangcheng enterprise has upset some pharmaceutical groups in Jiangnan province.

If Tianzheng Group turns the market to the whole of Huaxia and establishes various sales points, it will become the top group of Huaxia in less than half a year!

Xia Hongye's eyes narrowed slightly, took a sip of tea, and said to Ding Wan, "you've been with me for so many years. You should be very clear about what this kind of thing means in the market. It's hard to understand! In addition, there are Zhou family and Chinese army in charge of Tianzheng Group. No one dares to touch this cake!

For half a year, the terror group will become a monster. It may even shake my family. "

Xia Hongye put down the blue and white porcelain teacup and continued: "you and ye Chen this boy's bet, in fact, has lost."

Ding Wan admitted: "in fact, I have long since given up. I don't know why. I always feel that ye Chen is a little unreal."

Xia Hongye was surprised to hear this sentence: "unreal? What's not true? How much do you know about this boy

Ding Wan shook her head and said in bewilderment, "I thought this boy was a waste who had been exterminated, but the more I got in touch with him, the more strange I felt about this son. After he disappeared for five years, he somehow became a strong martial arts man.

I have told you about the birthday party. Wu Xiangming is willing to be under this son. This son is absolutely different.

Not only that, this son has also made Tianzheng Group out. There are too many secrets behind it. "

Xia Hongye held his chin in his fingers and fell into meditation. After a few seconds, he asked, "what is the attitude of ruoshue to this son?"

"Ruoxue has never been in love. As her mother, I can see that Ruoxue likes Ye Chen, but what should I do with the Qin family?"

Hearing the Qin family, Xia Hongye's eyebrows were more helpless and sighed: "Ye Chen is indeed a potential stock. If there was no Qin family, I might have agreed to this marriage."

"But this matter involves the Qin family. That's a special case. As one of the top martial arts families in Jiangnan Province, the Xia family can't afford it! I heard that the Qin family have returned from Mount Emei... "

Ding Wan's face changed greatly, and her voice trembled: "does Qin's return mean that she knows about the birthday party? Will it hurt Ruoshue then?"

Xia Hongye said: "in this life, our Xia family can only be sorry for Ruoxue. The engagement of Qin family can't be pushed. As for ye Chen, let him be. When he gets to Jiangnan province from Jiangcheng, he will naturally find himself small.

He may be a heaven in Jiangcheng, but in Jiangnan Province, he is the frog at the bottom of a well that can't see the sky! "

"Also, anyway, there is still some time before the wedding. If Xue wants to stay in Jiangcheng, let her stay. This may be her last free time."

The words just fell, Xia Hongye's back suddenly sounded a magnetic and strange voice: "how can my fiancée Qin Zhengyang stay in such a humble place!"

Hearing this, Xia Hongye and Ding Wan's faces changed!

The young master of Qin family is here!

When on earth did he appear in the villa?

Two people smile stiff, turned to the past, when saw that evil charm face, quickly smile way: "Qin Shao, you How did you get here? "

Qin Zhengyang did not pay attention to them. He sat on the sofa and poured a cup of tea. Then he clapped his palm on the marble tea table.

The tea cup flew up, and the water didn't splash out. Qin Zhengyang firmly held it in the palm of his hand.

After taking a sip, he said to the Xia family: "I just came back from Emei Mountain and have a look at my fiancée." At the end of the speech, a loud noise, marble coffee table directly broken into powder!

Terrible!

Xia Hongye's face was pale and his whole body was wet. He trembled and said in his voice, "if snow is in Jiangcheng now, he will come back in a few days. Please calm down Qin Shao."

"In a few days?" Qin Zhengyang has a trace of displeasure on his face. His eyes coagulate, and the opportunity to kill him is released. "If I want her to go back to Jiangnan province today!"

Xia Hongye repeatedly nodded: "good, what Qin Shao said is what."

Just then, grandma Xia Ruoxue, upstairs, heard the news and walked down with her body outlined? Why is it so noisy? "

Ding Wan's face changed greatly. Just about to speak, Qin Zhengyang showed a gloomy smile. Her five fingers gathered strength. Xia Ruxue's grandmother was directly sucked in, and her neck was tied by him!

Ding Wan and Xia Hongye knelt down in front of Qin Zhengyang and begged for mercy: "Qin Shao, my mother is just an old man. Please let her go..."

Qin Zhengyang smiles coldly, his palm suddenly condenses a black gas, directly pats on Xia Ruoxue's grandmother's body.

The latter as faint, mouth is spit out white foam.

"Now, ruoshue's grandmother is seriously injured, and no one in the world can solve it! I believe if snow will come back soon, ha ha! "

.....

Jiangcheng, a product of Tangchen.

After dinner, ye Chen and Xia Ruoxue and Sun Yi sit on the sofa watching TV.

From time to time a few cheers and laughter came from the living room.

Tianzheng Group has entered the right track, and the rest time of the second daughter naturally increased.

When they are free, they can take a walk together. It is quite enjoyable to watch TV.

Ye Chen has a look at the two people who laugh on the sofa at the moment. They don't know that they have already burst out in spring.

The waist and the undulating chest make people think.

Maybe that's the fun of living with a beautiful woman.

Sometimes, ye Chen fell in love with this feeling.

Can put down everything, let the heart in a state of ease and rest.

Although his way is to kill, who is born to like to kill?

It's just being gradually influenced by the world.

Since ancient times, the survival rules of China have not changed, that is, the law of the jungle.

You're not tough, you're weak, there's always someone who wants to swallow you.

At this time, Xia ruoshue's mobile phone rang.

"Xiaoyizi, I'll pick up the phone."

Sun Yi got up, adjusted her clothes and went to the living room to answer the phone.

But soon, her smile disappeared, replaced by the ruddy eyes.

She suddenly picked up a coat, put it on, and said to Ye Chen and Sun Yi, "I'll go back to Jiangnan province."

With that, he disappeared into the living room and went outside.
