Chapter 1641

Although he is not his own opponent, ye Chen doesn't want to fight with him rashly, so he uses the moon dust yarn to avoid them. Before finding the green eye snake, he can save one point of strength.

As ye Chen walked, he observed all around. The plants here were affected by Yin Qi and evil Qi. Most of them were strange in shape and dark in color, and even changed into ghosts and demons.

He just saw a green and black tree, suddenly stretched out a branch and pierced a magic mouse bigger than a cow and full of black gas. Numerous branches were stretched out from the branch and inserted into the devil mouse's body. In an instant, the flesh and blood of the struggling devil mouse melted and was absorbed by the magic tree.

However, on Zhenji Island, the Yin Qi and evil Qi that should be intolerable to ordinary martial artists has no influence on Ye Chen. First, he has a strong foundation and excellent body. Secondly, it is because the Qi of Gengjin in his body has a strong effect on restraining the evil Qi.

Therefore, for ye Chen, the strong gray black fog is basically harmless.

Ye Chen suddenly thought of the Tianmo cult. If he joined the Tianmo sect and practiced the magic arts, if he fought with people on Zhenji Island, his strength would be greatly increased.

"If I'm a demon warrior, this place is quite suitable for practice."

"By the way, when does the devil's eye wake up? I'm afraid the voice behind the devil's eye is a Demon power. "

Ye Chen walks and murmurs.

Xiaoyao God Jun's voice suddenly sounded: "boy, you're right. It's really suitable for the cultivation of the devil's road warrior here. Therefore, there may be some devil's road warriors on the island."

"What?" Ye Chen was slightly surprised when he heard the speech. Although there was a strong evil spirit here, there were almost all kinds of demon spirits and beasts on the island. No matter how the warlord warrior said, it was too dangerous to practice here.

Xiaoyao Shenjun said: "if there is a demon warrior, first of all, his accomplishments will not be too high, and those with high cultivation will not choose here. It is estimated that the highest one will be in Junior High School of Daojing.

Secondly, the strength of the demon monk who can survive here will not be too bad. Moreover, this person must have escaped from the clan for some reason. Such people are extremely dangerous. In order not to reveal their whereabouts, they will not let anyone who sees him leave alive. If there is a magic cultivation on this island, this person may be more dangerous than the green eyed devil snake. "

Ye Chen nodded and looked more dignified.

After walking on the island for half a day, ye Chen did not find the whereabouts of the green eyed devil snake. He could not help but ask in his heart, "Xiaoyao God, why is the green eye demon snake so difficult to find? Is there any way to find it? "

Xiaoyao Shenjun said: "the green eyed snake likes to lurk. It's normal that you can't find it for a moment. As long as you search a few caves, you will find it.

However, there are also ingenious ways. As I have observed along the way, there are enough materials on the island to refine a kind of snake venom which is full of temptation to green eyed snake. Since time is short, you'd better collect materials and refine snake venom. You can also use this snake venom as bait to set traps. "

Ye Chen said: "the snake fragrance will attract several green eyed snakes to come together?"

"The green eyed snake does not have the habit of living in groups, and has a strong sense of territory. The effective range of this snake venom is far less than that of the green eye snake. Don't worry about it."

Ye Chen said with a smile: "it's so good. I just have a set of things to set up the array in Xiao Lang's storage bag. It can be used just now. It can also be one of the help for me to fight against the green eyed snake."

Xiaoyao Shenjun said: "to refine snake venom, you need a demon pill of red tailed devil rat in the Taoist realm, and a 500 year old blood Yin flower. Both of these materials are available on the island. If you combine some materials in your hands, you can refine snake fragrance."

When ye Chen hears the speech, he closes his eyes and recalls for a moment that he has seen red tailed devil mouse and blood Yin flower on the island, and he has seen it more than once, which is a relatively common species on Zhenji island.

Immediately, ye Chen moved in a direction. He remembered that there was a 500 year old blood Yin flower beside a cold pool in front of him. If it wasn't for a strong breath in the cold pool, he would have collected it.

However, in order to refine the snake fragrance, ye Chen has to fight it even if he knows that the Warcraft in the cold pool is guarding the blood Yin flower. By the way, he can also see the ability of Warcraft.

Soon, ye Chen came to the edge of a cold pool. The diameter of the cold pool was four or five hundred meters. There were wisps of cold on the surface of tan. Even with Ye Chen's constitution, he felt a chill.

Ye Chen took a deep breath, waved his hand, and the four array disks fell nearby, forming a small array. This array mainly covered the energy fluctuation. He was worried that if the movement was too big in a moment, it would attract the attention of other Warcraft.

When the array disk is opened, ye Chen's true Qi turns far away, and he tries his best to activate the moon dust yarn. Even with his true Qi and mind, he can't even move the treasure. No wonder Zhao Feng didn't react that day, so he couldn't use the protective treasure.

There was a little light dust on the moon dust gauze. When the light dust fell, ye Chen's breath and body shape almost disappeared. He approached the blood Yin flower quietly, and his face changed slightly. After the moon dust gauze was fully activated, the consumption of true Qi was not small. However, the effect is also very obvious. At this time ye Chen has already reached the edge of tan. You can feel something swimming in the cold pool. The breath is quite strong. There should be about the middle period of the harmonious Taoism.

Here we are!

Ye Chen finally went to the blood Yin flower, he took out a pale gold spade, instantly put his hand, the blood Yin flower root shovel up, sealed in the jade box.

Just at this time, a deafening roar broke out in the cold pool!

A monster more than ten meters long jumped up from the cold pool and landed on the bank, with big red eyes staring at the original location of blood Yin flower.

Looking at the emptiness there, he couldn't help but let out a more angry roar. He couldn't feel the breath of any creature. However, in his impatience, he opened his mouth recklessly. A blood flame roared out of his mouth and attacked the void.

Ye Chen is slowly away from the cold pool, in the monster ashore at the same time, look back, the monster is a dark black giant crocodile, black scales on the lines of blood lines.

This is a bloody crocodile!

The blood tattooed crocodile is a kind of Warcraft formed after being demonized by the blood tattooed crocodile. The common blood tattooed crocodile generally has the strength of half a step to create a world of transformation. This blood tattooed crocodile is not yet mature, but it is not far from it.

"Found?" Ye Chen sees blood flame toward oneself spurt, tiny startle way.

With his current cultivation, when using the moon dust gauze, he can't move quickly, and he can't hide his body immediately. Under the operation of true Qi, his body suddenly moves, and he avoids the fierce blood flame, and ye Chen is completely exposed in the eyes of the blood tattooed crocodile.

Chapter 1642

Seeing this scene, Xiaoyao God Jun said with a smile: "you have not been found out in fact. You can only say that you are not lucky, or the bloody crocodile is too intuitive. The blood flame emitted from anger is actually aimed at you."

Ye Chen is also quite helpless. At this time, his breath has been locked by the blood tattooed devil crocodile. If you urge the moon dust yarn, you can't get rid of it. It seems that you have to start.

"Roar The blood tattooed crocodile roared, and another blood flame came out, which made it more powerful. Sure enough, it just spat out and didn't do its best.

Ye Chen didn't dare to neglect the attack that threatened the martial arts in the Hedao realm. He tried his best to avoid the blood flame. At the same time, a long knife fell into his hand. He waved his hand and cut it out. The tiger's shadow leaped out, and the golden ghost fell on the side of the bloody crocodile!

"Boom

The bloody crocodile screamed with pain. The thick leather armor was cut by Ye Chen. A big cut was made on the side of the body, and the blood flowed straight.

However, it is not fatal!

What an amazing defense!

Ye Chen looked at his knife can only break the defense, but also can not help looking dignified.

The blood tattooed crocodile stares at Ye Chen fiercely. Suddenly, the blood color on his body is in full swing. With a bang, a layer of blood light surrounds the whole body. Besides the blood light, there is a layer of blood flame burning. The four claws of the blood tattooed crocodile move, and its body like a hill turns into a black shadow, and rushes towards Ye Chen quickly!

Ye Chen leaped up suddenly, with a roar, the earth cracked, and the dust and smoke filled the air. The power of the bloody crocodile was so powerful!

Ye Chen is staring at the huge shadow in the dust and smoke. He holds the long knife in both hands. His true Qi is running wildly. The air flow of Geng Jin all over his body turns and gathers on the long knife. The light of gold and blood on the long knife is full of light!

With a big drink, his body's power surged wildly, and the blade idea broke out. All the plants around him were cut off by Ye Chen's sword idea.

This Dao is more powerful than the one cut when facing Sikong Feixing that day!

After all, ye Chen did his best to Sikong Feixing, but he didn't want to kill him. But when he faced the blood tattooed crocodile, ye Chen naturally did not have any hands left!

The blood tattooed crocodile raised its head, and suddenly a trace of fear flashed through its blood eyes. It did not understand why the tiny creature in front of him could burst out such a powerful force.

However, it is a Warcraft, although instinctively aware of the danger, it has no intention of avoiding it. On the contrary, the fierce light in the blood eyes flashed wildly. Actually, it moved four feet again, and its muscles swelled up. It shot Ye Chen in the air like a cannon ball. His whole blood light was more condensed. He relied on the strength of his body to fight with Ye Chen!

Boom!

The whole Zhenji island seemed to shake with an earth shaking sound. There was a crack in the array plates arranged by Ye Chen around the cold pool. The impact wave was so strong that it could not be completely covered by the order of the array disk.

At the same time, a young man in a black and white robe suddenly opened his eyes!

However, this person is not alone, beside him, there are two people in the same dress, their breath is quite strong!

"Brother Zhu, what's the matter?"

The eldest of the three, who looked thirty or forty years old, asked with a frown.

The 289 year old young man, known as younger brother Zhu, flashed his eyes and said, "elder martial brother Lin, I feel a burst of energy fluctuation. Someone is fighting with the devil, and both of them are very strong!"

Another man in his early 30s said, "is that him?"

They came to Zhenji island for the purpose of tracking down the man. For this reason, they even invited Zhuliang, a gifted disciple of the school. Zhu Liang was very spiritual and sensitive to all kinds of breath and energy fluctuations. Without him, it would be impossible for him and elder martial brother Lin Yang to find the traitor on Zhenji island.

Zhu Liang shook his head: "elder martial brother Wan, I am very familiar with that person's breath, not him."

The warrior named Wan Xin frowned and said, "isn't he? Is that a fight between Warcraft? Who else on this island will come here but that traitor? "

Zhu Liang said, "I thought so at first, but I'm sure it's not!"

"Oh? What is the basis of Zhu

Zhu Liang said: "the energy that I feel fluctuates violently. It should be a fight at the same level of the Taoist realm. However, the fluctuation is a little vague, and even I can't clearly perceive it. In this case, the battle is far away from us.

Or, the other side used the masking array. Although Zhenji island is not small, it's not my younger martial brother's boast, and it's not out of my induction range. Therefore, it can only be the second case. If both sides are monsters, how can we use the array to cover the energy fluctuation? "

Lin Yang and WAN Xin looked at each other, and their faces were slightly shocked. Zhu Liang's spirit body was so strong that even the waves covered by the array could be sensed?

Zhu Liang said with a smile: "this is mainly due to the low level of the other side's masking array, and the attack is too strong to cover up completely. Otherwise, I can't feel it."

Lin Yang said: "that's amazing. With younger martial brother Zhu, we will find the traitor! But This person is an accident, how to deal with it? If you leave it alone, will it cause extra trouble? "Wan Xin's face was slightly heavy: "then we..."

Zhu Liang shook his head with some solemnity: "this person's strength is absolutely not weak! We'd better not give him any advice. "

He has just slightly sensed the power of Ye Chen's knife from the fluctuation of energy. Just like this, his heart is pounding wildly, and he still has lingering palpitations.

Although he is a genius in the door, he has always been quite proud, but he is not a blind arrogant fool, and knows the reality clearly.

Lin Yang raised his eyebrows and looked at Zhu Liang in surprise: "younger martial brother Zhu said it was a fight at the level of Taoism? Can't we defeat him with the strength of the three of us? Is it a warrior in the later period of the Hedao realm? "

The three of them dare to come to Zhenji Island, and their strength is beyond the existence of the same level. Lin Yang is confident that the three of them will join hands and have the power to fight even in the face of the peak in the middle period of Hedao state. Is this the existence of the latter part of Hedao?

Zhu Liang said: "I don't know what state he is, but with all his strength, he should be able to kill one of us. Even if we can defeat him, we must pay a price. The traitor's strength is also very strong. We still don't provoke strong enemies before we fight him."

After hearing the speech and pondering for a moment, Lin Yang said, "OK, but since he and the magic hands at the level of the Taoist realm will not be damaged, let's go to see the situation first and then make a decision.

Maybe, this person can be our help in killing the traitor. "

Zhu Liang frowned slightly. He really didn't want to have anything to do with Ye Chen. Moreover, the other side had just finished fighting with Warcraft, and he and others were rashly close to each other. It was very easy to fight. Considering the power in the fluctuation just now, Zhu Liang could not help but feel heavy. However, the leader of the three is Lin Yang, which is not good to violate the other party's meaning.

Zhu Liang's face changed for a while. At last, he stood up helplessly and said, "two senior brothers, when you see each other, you must be careful and don't offend him easily."

Somehow, he had a bad feeling.

Chapter 1643

At this time, ye Chen is lying on his back in a pool of blood, constantly panting. Beside him, there is a huge corpse which has been divided into two parts.

The remains of the bloody crocodile!

The bloody crocodile fought hard to defend Ye Chen, but he cut it directly from it!

However, ye Chen is also obviously not good, he is all over broken, many broken, blood people in general.

He collided with the body of the demon crocodile. The power was terrible. Both hands holding the knife trembled and his skin was blackened by the blood flame.

It's good. If it wasn't for the sky scale armor and the Qi of Gengjin protecting the body, and the Qi of Gengjin had a very strong restraining effect on the evil Qi and blood evil spirits, I'm afraid the blood flame could seriously hurt Ye Chen.

Ye Chen reluctantly raised his hand and sent a pill into the mouth.

Although Ye Chen's injury is not light, he is not able to use the elixir sent by the elder.

At this time, Xiaoyao God Jun's joking voice sounded: "boy, how about you? In fact, as long as you spend more time, with your strong mind, and the cloud Rune also has a big bonus on the speed of body method, you can completely kill this bloody crocodile, but you have to fight him head-on. Now you have to taste it?"

Ye Chen said with a bitter smile: "it was my carelessness."

He has been crushing all the way recently. Except for a slight disadvantage when facing Sikong Feixing, others have not resisted his all-out attack. Inevitably, he is somewhat conceited. Seeing that the bloody crocodile has a strong body, he also has a sense of war. He wants to cut the demon crocodile with all his strength.

He did succeed, but the bloody crocodile is not only strong in body, but also powerful and powerful!

But it also cost him a lot.

carefree God Jun: "however, you kill him with a knife, it is also beneficial. This magic alligator has just locked all the essence and spirit of the body into the flesh, strengthening the strength, and hitting with

you. After death, most of the essence is left in the corpse. You take away his blood body and demon Dan, and it is useful for you."

When ye Chen heard the words, he immediately began to refine. Relying on the powerful vitality and extraordinary foundation of his body, ye Chen was still hurt, but he could barely move. After all, the evil crocodile had not yet hurt Ye Chen's essence.

Ye Chen was about to collect the blood of the demon crocodile's body and asked, "Xiaoyao Shenjun, I want to find a place to recover my injury. I don't know where is appropriate?"

Xiaoyao Shenjun said: "this cold pool is good. Although it is a little cold, the most powerful one in this cold pool is Yin Sha Qi. You have the Qi of Gengjin to protect your body, which has no great influence on you."

Ye Chen looks at the cold pool and smiles. His luck is good.

Without hesitation, he moved his feet and fell into Tan Zhong.

Two hours later, Tan Bian appeared a light blue light, Lin Yang holding a light blue umbrella, emitting bursts of blue light covering himself and his two companions, carefully came to this side.

Although they can avoid many dangers with Zhu Liang's spirit sense, they still have to be careful on this island. Fortunately, he has an exotic treasure that can cover his breath. With Zhu Liang's ability, they can move safely on the island.

Following Zhu Liang's guidance, they came to this cold pool. After arriving here, they soon found the traces of battle and the array plate that ye Chen had not yet collected. There were people here!

Lin Yang's eyes swept over the cold pool and frowned slightly. On this Zhenji Island, he didn't dare to go fast. It seems that the fighting man has left.

Zhu Liang's feeling is extraordinary. When he reaches the cold pool, he can clearly feel the residual blood breath of the bloody crocodile and ye Chen. Obviously, the blood tattooed crocodile is dead, but ye Chen should also be hurt, and

Zhu Liang stares at the cold pool in front of him. The blood guidance extends all the way to the cold pool. It seems that the warrior who killed the blood tattooed crocodile has sneaked into the tan to cure his wounds.

At the same time, he was more afraid of Ye Chen's strength. He knew more than ordinary people the horror of the evil spirit in the cold pool. Even Lin Yang, the strongest of the three, could not stay in the cold pool for more than five minutes, but he could sneak into the cold pool to heal his wounds Is this human?

Thinking of this, Zhu Liang carefully sensed Ye Chen's blood, which gave him a very strange feeling It seems that they are not ordinary people.

Is there an alien blood?

However, no matter what ye Chen's identity is, Zhu Liang doesn't intend to tell Lin Yang and Lin Yang about his discovery. He knows very well that according to their personalities, he will take advantage of Ye Chen's serious injury to do something to him.

And he never wanted to fight ye Chen, even if he was injured!

Lin Yang observed for a moment at the array disk, and his face was also fretting. The order of the array plate was ok, but now there are cracks? Is the other side half step into the realm of creation?

Thinking of this, Lin Yang is also a little timid. Since this person has left, it is better not to pursue further. Just when he was about to ask several people to leave together, WAN Xin suddenly said with a happy face: "elder martial brother Lin, I wish you can see here."

.....

At the same time, Kunlun Xu, Lingcheng.

A hot sexy girl stands in front of the broken transmission array, frowning. Beside him stood an old man and a burly man.

It is Han Yun and ye Lingtian.

At the moment, the breath on both of them was terrible.

Obviously, after ye Chen left, the two continued to practice with the things left by Ye Chen.

Break the limit.

Han Yun reaches out his hand and touches the transmission array. Then his eyes sweep around him, slightly shocked.

Bodies were all over the place.

You should know that the spirit city is the place where Kunlun virtual content is the most powerful!

But there are so many strong people who are killed by crazy!

It's like revenge!

Han Yun looked at the hot girl and said, "Miss Sun, this is not right."

"Most of us know that Kunlun is the strongest, even if the spirit City, we also have records."

"It's impossible for people to be slaughtered on a large scale."

"All sorts of signs show that the murderer has been hiding in the dark."

Han Yun didn't dare to look at the girl more.

He knows the identity of this girl!

Sun Yi!

Sun Yi and ye Chen what relationship, he does not understand, but from ye Lingtian's mouth, Sun Yi is likely to be ye Chen's first woman.

Very important.

He dare not have any disrespect and blasphemy.

Sun Yi took a look around her. At the moment, though the breath surging on her body can't compare with Han Yun! But not weak!

Ye Chen originally gave her the skills, she has been practicing!

Since ye Chen went to the land of Lingwu, she vented all her energy on cultivation.

She also wants to go to Lingwu land like Xia Ruoxue and Ji Siqing!

She also wants to help Ye Chen share everything, instead of becoming a burden to Ye Chen!

At this time, because of her practice, her figure is more perfect! The fullness seems to be the most perfect proportion and line in the world!

Even the temperament of the body has a trace of mystery.

Among the women Ye Chen has seen, if you want to compare your figure.

No one will be Sun Yi's opponent.

"There's no other way to know what's going on here?" Sun Yi's eyes are dignified.

I don't know why, she always feels that things here will threaten Ye Chen.

It's a woman's sixth sense.

"No Han Yun shook his head.

However, at this time, ye Lingtian, who has not spoken, moved!

He came to a stone pillar and pointed it out.

Then, a surprise appeared on his face: "this is the brand stone of the spirit city! Similar to China's monitoring! Just drive, you can see what's going on here! "

Han Yun's face also changed, his eyes swept, and he nodded: "Lingtian's eyes are fierce. I've forgotten this thing."

Sun Yi also appeared in front of the imprint stone and said to Han Yun, "in this case, master Han, open the prohibitions here. I want to see what happened here!"

Han Yun is not nonsense, fingers pinch Jue, forcing out a drop of blood essence!

The essence blood falls on the imprint stone, the brilliance flickers!

And then countless stars of light flow!

A picture jumped up!

But when seeing everything in the picture, Sun Yi Gujing bubo's face appeared a touch of tremor!

She subconsciously covered her mouth and lost her voice: "how can it be! He is Lin Juelong! He's still alive

"No! Ye Chen is in danger

Chapter 1644

For a long time, sun Yicai reacted from the shock.

She knows Lin Juelong better than anyone else.

Five years ago, Lin Ye became a nightmare.

This nightmare was not eliminated until ye Chen defeated Lin Juelong at wudaotai in the capital city.

After that, Lin Juelong disappeared.

Ye Chen once went to find Lin Jue long, but even the blood alliance was destroyed, and Lin Jue long did not appear.

Everyone thinks Lin Juelong is dead.

But unexpectedly, Lin Juelong came to the spirit city!

Is to control such a terrible strength!

According to Lin Jue Long's character, he must go to Lingwu land to slaughter in Lingcheng!

The threat hidden in the dark will make ye Chen defenseless!

Ye Lingtian's eyes are also extremely serious. He looks at Han Yun and asks, "what do you think this person's strength has reached?"

Han Yun shook his head: "I can't predict that the strength of these powerful spirit cities is not weak, but they are still slaughtered by this person. I'm afraid that this person's strength is above the divine kingdom! Maybe even Hunyuan! Or higher! "

"The strangest thing about this man is the smell. In the picture, his breath is very disordered, which is impossible for ordinary martial artists

"I suspect that this person used some secret arts to force himself up."

Ye Lingtian nodded and then looked at Sun Yi: "what should I do next? Lin Juelong must have gone to Lingwu. The Lord of the temple is on the top. He doesn't know that Lin Jue long is still alive. If Lin Jue long dies in secret, the consequences will be unimaginable! "

"We can either inform the temple master or stop Lin Juelong."

Sun Yi clenched her fist tightly and said, "master Han, is there a teleportation array in Lingwu

After a few seconds, he nodded and said, "it seems that there is still a relatively complete transmission array. With my resources, I should be able to barely open it."

"Just..."

Sun Yi Mei Mou a congealed, serious way: "just what?"

Han Yun truthfully said: "Lingwu land is too dangerous for us to kunlunxu, and the transmission array, which leads to the place, seems to be close to a demon land in Lingwu land If you go, I'm afraid..."

However, without any hesitation, Sun Yi said directly, "I will go!"

"I have some things that ye Chen left me, so it should not be a problem to deal with the crisis."

"It has to be done."

"I don't want to stay in Kunlun all the time. I want to see the outside world."

"I want to find the guy who used to be in the metropolitan apartment."

Han Yun is in a bit of a dilemma.

At this time, I have enough strength to stand for master Lingye

"I'd like to go with Miss Sun. As long as I have a breath, I will never let Miss Sun hurt half a hair."

Han, let's go in the direction of long sigh!

"Well, in this case, what else can I say? If you don't agree, you will say that I am unfaithful to the temple master. Come with me."

.....

At the same time, ye Chen doesn't know about Kunlun Xu.

He was concentrating on healing, not to mention the danger.

Outside the cold pool.

Lin Yang and Zhu Liang walked past and found a bloodstain!

And this bloodstain, straight in front of the cold pool!

Wan Xin said: "this person should have been injured. Now It should be in this cold pool. "

After saying that, his face was also slightly moved. The cold pool gave him a very dangerous feeling, which could not be easily entered.

Lin Yang stares at the cold pool in front of him. After a moment's silence, he is hard to set up a channel: "can't this person heal in this cold pool?"

Zhu Liang looked around and hesitated: "I think we'd better leave first. It's certainly not easy for those who can enter the cold pool."

Wan Xin suddenly squinted and asked Zhu Liang, "younger martial brother Zhu, have you found this man's whereabouts with your spirit body? Why not? Are you so scared?"

No matter how strong this person is, the three of us are here. It should not be a problem to retreat calmly? Or do you look down on the strength of elder martial brother Lin and me? "

Zhu Liang said with a smile of embarrassment: "it's not so. It may be that the Yin evil spirit of this cold pool is too heavy, which has affected my feeling. So I didn't notice it for a while. With the strength of senior brother Wan and elder martial brother Lin, I'm naturally at ease."

After that, he secretly scolded Wanxin fool in his heart. How could you know this man's terror and retreat calmly? You were the first to die!

After listening to Zhu Liang's words, WAN Xin's face softened slightly and asked Lin Yang, "elder martial brother Lin, what should we do now?"

Lin Yang looked at the cold pool in front of him and said, "we'll wait for him to come out."

Zhu sighed and said, "two elder martial brothers, why are you suffering? Let's continue to search for the traitor." Lin Yang also looked at Zhu Liang with an unhappy face and said, "Zhu Liang, why didn't you see that you are so seedless before? We don't have to do it. Are you afraid to say a few words to each other?"

We should know that on Zhenji Island, our strength will be stronger, while ordinary warriors will be suppressed. Even if this person is at the top of the road, we should be sure to escape. After all, even if we are outside, we can cross the level to fight. "

Zhu Liang shook his head and said, "I just don't want to create extra troubles. Now that the warrior is healing, it will not affect our pursuit of that traitor. If during this period, the traitor runs away again, what should we do?"

Wan Xin said, "wish you cool! Are you contradicting your senior brother? "

Wish cool and cold to sweep Wanxin one eye, did not speak, in the heart already thought whether to leave.

Lin Yang's face changed slightly. He seemed to see Zhu Liang's intention. If they want to find the traitor, they must not lose Zhu Liang. He immediately said with a slow look:

"don't worry, younger martial brother, the traitor will heal on this island for the time being, and will not be able to run away for a while. However, it is the warrior in the cold pool who happens to come at this time. It's really suspicious to get to Zhenji island.

I was also worried that he was the helper of the traitor, so I decided to wait for him to come out here

Zhu Liang said with a sneer in his heart: "if that traitor's helper, knowing that I'm waiting on the island, I will specially set up a magic array to fight with the devil?

The two villains, however, are just thinking of killing and seizing treasure again, and they are still putting on airs here. "

But he didn't say anything. He just stood there with a cold face. If it wasn't for something in the traitor's hand, he would never have been with these two guys.

At this time, ye Chen in the cold pool was closing his eyes and concentrating his mind, refining his medicinal power. He exuded a light golden light on his body. The evil spirits in the cold pool repeatedly melted as soon as they met the natural enemies.

He knew nothing about what happened on the shore.

Chapter 1645

Three hours later, ye Chen in the cold pool opened his eyes in vain, and the essence of his eyes suddenly appeared. He moved his body for a while, and most of his injuries had recovered.

In the activity room, a layer of dead skin was removed from the body, revealing the skin underneath. The burned parts actually recovered completely without leaving any scars.

"The healing ability of the magic samsara formula is really terrible."

However, at this time, he only recovered most of his strength, but his breath was still a little weak. He decided to leave the pool temporarily and find a more suitable place to heal his wounds. He had been running the Qi of Gengjin and the reincarnation formula of gods and demons, which was also a big consumption for him.

"Hua La" a sound, ye Chen breath a swing, like an arrow shot out of the water, steadily landed on the shore.

As soon as he landed, ye Chen's eyes flashed, and he saw Lin Yang's three men. He could not help frowning.

There are people on this island!

Waiting for yourself here at this time?

Are these people who practice in Zhenji island?

When he was seriously injured, he was eager to heal, and did not deliberately cover up the traces. These people should have seen that there had been a battle here, and they were injured, but they were still waiting for themselves here, obviously with bad intentions.

However, when ye Chen came ashore, Lin Yang's three people were all stunned and looked at Ye Chen strangely.

Ye Chen looks at their appearance some unclear, therefore, not from the cold voice way: "several, can get out of the way?"

Wan Xin first said yes, but he was not answering Ye Chen. He looked at Zhu Liang and said, "brother Zhu, what's the matter with your spirit body? Don't you say it's the fluctuation of the level of harmony? Why is it a piece of rubbish in Hunyuan

Zhu Liang also looked at Ye Chen with some stupidity and murmured: "he is right..."

Ye Chen's breath is very obscure. I think it is a treasure of high rank to cover up the breath, which makes him feel not very clear.

However, ye Chen has just been injured, and there are blood stains on his clothes. The smell on the blood stains is the same as that he sensed. I think it should be the same person. Yes, but The people in front of us only have the level of cultivation in Hunyuan. It's really incredible.

Ye Chen didn't cover up his accomplishments. The breath of the sky in the Hunyuan realm was undoubtedly revealed. After all, the Warcraft, the demon on Zhenji Island, was extremely sensitive to the breath of Qi and blood in the flesh, but ignored the breath of cultivation.

He heard Wanxin call him rubbish. He frowned and stared at Wanxin. A cold and fierce evil spirit was invisible. In such a remote place, he didn't mind killing a man who wanted to die himself.

Feeling Ye Chen's killing intention, WAN Xin looks grim and stares at Ye Chen fiercely and says, "do you want to kill me? You have to know that in places like Zhenji Island, people are very sensitive. If you want to kill people, you will die miserably. "

Lin Yang did not manage Ye Chen, but looked at Zhu Liang with a smile and said sarcastically: "Zhu Liang, is this the person you have been afraid of and always let us be careful?

A Hunyuan realm, a martial arts man? Ha ha ha, if you spread it out, I'm afraid you will become the laughing stock of our whole nine evil spirits sect? "

Zhu Liang did not speak, and he finally regained his composure. Due to the relationship between spirit and body, he had seen many people with low level but strong strength. Only the difference between Ye Chen's strength and realm made him unable to turn around for a while.

However, he now believes that ye Chen has the strength of a harmonious world, because from the beginning to the end, facing the three of his own, ye Chen looks pale and does not have a trace of timidity.

He has seen many hidden strong men, all of them have the bearing of Ye Chen!

And ye Chen hears speech, also somewhat unexpectedly looked at Zhu Liang one eye.

"Hello, garbage." Seeing that ye Chen did not speak, WAN Xin thought he was afraid and said with a grim smile: "we went to the island to carry out the confidential task. You just let out the killing intention to me. Now I suspect that you are related to our goal. Hand over your storage bag for us to check immediately!

If we dare to resist, we have reason to think that you are our enemy and will kill you immediately!

Oh, by the way, after you hand over your storage bag, kneel down on the ground and kowtow to us as punishment for your killing intention

"Garbage, after all, should look like garbage."

Hearing this, Lin Yang also said with a smile: "younger martial brother Wan, when have you been so kind that you should kowtow and apologize to a disrespectful trash? I think, should we let him break his limbs first?

It's still on the ground

After all, I can't get rid of the power by kneeling down, elder martial brother Lin! In this way, how can he ask for mercy in the future? "

Insult! The ultimate insult!

Don't leave a trace of face for ye Chen!

It seems that they have no intention to let Ye Chen leave alive, although they don't know why Zhu Liang is alarmist.

However, when they saw that ye Chen had only one level of the Hunyuan realm, they had no scruples. They could not believe that ye Chen had the strength of the Taoist realm. They completely exposed their own nature. Two people finish saying, is to send out a burst of laughter, at the same time, each step forward, faintly will ye Chen in the middle.

Only Zhu Liang still stood in place, did not speak, did not move.

Lin Yang and WAN Xin looked back at the expressionless Zhu Liang, their faces were gloomy.

Lin Yang said coldly, "brother Zhu, what do you mean?"

Zhu Liang doesn't care whether Fu yechen is right or not. After all, a mole ant can be crushed to death without so many people. However, Zhu Liang obviously starts to disobey himself and can't control it. This is not conducive to the next action.

Zhu Liang took a deep look at Ye Chen, and then said to Lin Yang, "don't you say you just want to see if the warrior here is the accomplice of that traitor?"

Now what does that mean? First insulting, now robbing? What is the difference between what you are doing now and that traitor?

I advise you to stop now and apologize to each other! "

Wan Xin and Lin Yang were stunned by Zhu Liang's words, and then they laughed, full of ridicule.

Wan Xin pointed to Ye Chen and said, "Zhu Liang, is there something wrong with your head? Let's apologize for the garbage of a Hunyuan place? I said, in front of a garbage, what kind of gentleman do you pretend to be? "

"Elder martial brother Lin, it's better if he doesn't interfere. We'll divide the boy's things."

Lin Yang looked at Zhu Liang with disdain and said, "younger martial brother Zhu may be used to being comfortable in the clan. He couldn't see blood. He wanted to play tricks on this boy, but now he is not interested. Younger martial brother Wan, kill him."

If there was not a place where he could have used it, he would have directly insulted him and kept company with garbage?

That's the same rubbish!

Chapter 1646

Zhu Liang suddenly burst out: "if you hit him, I will quit this action!"

Lin Yang and Lin Yang looked at Zhu Liang coldly and said, "brother Zhu, is it worth the garbage? What's more, is this operation something you want to participate in or quit? "

Zhu Liang Wen Yan turned around and left without saying a word.

"Good!" Lin Yang suddenly said, "we don't start with him."

He glanced at Ye Chen again and said, "boy, you are very lucky. Younger martial brother Wan, let's go."

It's important to hunt down the traitor. The thing in the hands of the guy is the treasure they need most. As for the garbage in a Hunyuan area, it's not necessary.

Wan Xin looked at Ye Chen reluctantly and hesitated: "that his storage bag..."

Lin Yang coldly took a look at the leaf Chen with a cool look on his face and said with a sneer: "put it in his hand first. It matters."

Wan Xin nodded and walked along with Lin Yang.

However, before they took a few steps, a young man's indifferent voice rang out in several people's ears: "my life, is you want to take it, want not to take it?"

At the same time, Lin Yang looks back at Ye Chen in disbelief. Even Zhu Liang is shocked. What does he mean?

Obviously, he still has injuries on his body. Does he want to meet two martial artists in the same state?

What's more, Lin Yang and WAN Xin are still magic Xiu!

Jiusha magic gate is a second-class force. It can be regarded as one of the powerful demons in Lingwu land. The magic power passed on is extremely powerful!

Lin Yang looked at Ye Chen with great interest and said, "Oh? What are we going to do

Ye Chen light way: "since want my life, leave your life."

"Remember, the man who killed you is Ye Chen."

Lin Yang and WAN Xin looked at each other for another burst of laughter. Then they turned their heads and gazed at Zhu Liang. They said sarcastically: "brother Zhu, in fact, at the beginning, you lied to us that this man has the strength of the right realm, and again and again stopped us from attacking him.

I suspect that you want to fight this person alone. Maybe, what do you like about him and don't want to share with us?

I wanted to help you. After all, we still have to rely on you to find the traitor. However, your wishful thinking can't be done now. This boy wants to die by himself. Then, my dignity as an inner disciple of the jiusha demon sect can't be violated by this person! "

Zhu Liang looked at Lin Yang in surprise and disgust, which was really a villain's heart. Although he was not a good man, he was not as miserable as Lin Yang thought. However, he did not explain anything. It was useless to say more to such people.

Lin Yang turned to WAN Xin and said with a smile, "do you hear me? We are told to leave our lives. Ha ha ha."

Wan Xin also raised his head and laughed: "ha ha, I haven't heard such a funny joke for many years. I'm afraid this person is not mentally retarded?"

Also, who dares to go to Zhenji island? However, what kind of treasure should he have in him? Otherwise, how could he possibly enter the cold pool

Hearing this, Lin Yang also looked greedy and said with a smile, "younger martial brother Wan, what should we do if they want our lives?"

Wan Xin will smile: "elder martial brother, wait a moment, I will go and give him my life."

Finish saying, the vision then fell on Ye Chen's body, disdain way: "waste, I come to give your life, take well, my life is very expensive, you such waste, don't know if you can take it or not?"

As he spoke, WAN Xin's face was sharp, and his whole body was filled with black gas. Suddenly, the evil spirit near the cold pool rushed to Wanxin like a moth to a fire.

Countless demons were around him. In a moment, a huge black claw appeared in front of him. When the magic palm came out, the world turned pale!

Seeing ye Chen standing still, WAN Xin said with a grim smile:

"well, you can do it. Then, you can do it until you die! Take my life

With a big wave of his hand, the magic palm in front of his body trembled, and then with the power of tilting the sky, he pressed to Ye Chen!

Although Wan Xin looked down on Ye Chen, he didn't mean to keep his hand. He even used Sha devil's palm, one of the unique skills of jiusha devil sect!

Lin Yang also nods with satisfaction. Wan Xin's evil palm is good and has a small level of success. Moreover, when it is used on Zhenji Island, its power is doubled. Good, very good!

That boy, he can't die any more!

Ye Chen looked at the dark hand that pressed to himself, and finally a trace of smile appeared on his indifferent face, cruel and evil smile, when the magic palm was about to hit him.

As he turned his hand over, a long knife fell into his hand.

The long sword moves, and the golden evil spirit comes out!

Boom!

A loud noise, the earth shakes, the edge of the cold pool Ye Chen foothold, instant fragmentation, dust flying!

Wan Xin's face was beaming with joy!

You don't even get to the end of it?

Just as he was about to laugh, there was a cold but slightly playful voice behind him "I thought you were so crazy that your life was so hard to take. It turned out that it was just a dog's life. Now, I took it."

Talk, tiger roar, startled, breath released!

Ye Chen is surrounded by endless evil Qi and blood Qi!

Far stronger than Wanxin!

Wan Xin's face changed dramatically. A purple light suddenly appeared on his body. A purple jade amulet was hidden in the purple light. The amulet sent out bursts of sunlight to protect Wan Xin!

At the same time, the black air of his whole body shrinks rapidly and condenses on his body surface, like a black iron armor.

However, ye Chen's sword is like an invincible weapon. When the sword passes by, the amulet bursts and the black air spreads everywhere!

The blood splashed and the head flew.

Wan Xin's head was flying high, and his face was full of disbelief and fear. He was not completely dead. His head was in the air, and his mouth was still screaming: "no

There was a roar. Before his scream was completely sent out, the whole head suddenly exploded, and at the same time, his body!

The power of Ye Chen's sword is so powerful!

Lin Yang was stunned. He shook his head as if to sober himself up. What happened just now?

Younger martial brother Wan is dead? Killed by the waste of the Hunyuan kingdom?

Are you dreaming?

Ye Chen looks at the sluggish Lin Yang. Even if he has not recovered to the peak, he is still not afraid that the cultivation is a state of harmony, and there will be more magic cultivation in Zhenji island.

He is so arrogant.

Just now, from Wan Xin's attack to his cutting open the flaw of the magic palm, breaking through the breath lock, strengthening the body with the blood essence of the ancient fierce beast, and quickly killing Wan Xin with one knife is just a breath time.

The power of WAN Xin's palm is quite good. However, his martial arts level is too low, and his flaws are too big. With Ye Chen's sense of Dao, he can easily break the lock and kill him by surprise.

Lin Yang suddenly came back to his senses. Wan Xin died and could not die again.

Chapter 1647

His eyes are bloodshot, staring at Ye Chen, he and WAN Xin made a mistake, but he doesn't think he will lose!

He is far stronger than Wanxin, and Wanxin is careless and pays the price of his life. However, Lin Yang will not be careless again! Therefore, this waste has no chance to turn over!

"Nine evil demons change!" Lin Yang suddenly murmured, and countless evil spirits on Zhenji Island poured into his body. The shadow of nine ferocious demons appeared all over Lin Yang's body.

Purple and black lightning surrounded him. The breath of Lin Yang soared and his body began to rise. At the same time, black scales appeared on his skin. His tusks turned out and his eyes were red. His appearance became extremely ferocious and terrifying!

Not far away, Zhu Liang's face changed greatly, and Lin Yang turned jiusha into a demon!

He is very clear, in this Zhenji Island, display the nine evil devil change how terrible, I am afraid, ye Chen will lose!

Ye Chen sees the appearance, is also the vision is dignified, this breath unexpectedly has the devil eye one percent feeling.

It's a pity that the devil's eye is still sleeping, or we'll show this man what the real devil is!

The blood dragon of samsara cemetery is also roaring.

As if silent for too long, want to rush out to fight for ye Chen!

Ye Chen shook his head and said, "blood dragon, and Xiao Huang, this kind of garbage doesn't need your hands."

"You are my biggest card."

As soon as the words came out, Xuelong and Xiaohuang fell into silence.

Seems to be very satisfied with the praise.

In an instant, the momentum of Ye Chen's body is climbing rapidly!

At the next moment, the golden light flickers, and the evil spirit is crisscrossed. Ye Chen's figure disappears from the original place and appears in Zhuliang's side in a twinkling. With a knife, the knife's intention is turbulent, the tiger's shape is rolling, and the golden and black light is in full swing!

Boom!

Lin Yang's body moved tens of meters, two deep gullies appeared at the foot!

But he's not dead!

At this time after the demonization of Lin Yang, both hands holding a black axe, block a knife Ye Chen.

However, Lin Yang did not have the slightest excitement, he a pair of red eyes staring at the ax in his hand, was actually cut out a crack by Ye Chen a knife!

And!

I hurt my hands!

He was shocked by the huge force of Ye Chen's knife. After he was demonized, he had strength, and was not even able to defeat the wounded Ye Chen?

The most terrifying thing is Ye Chen's Dao idea!

If it wasn't for the support of infinite evil Qi on Zhenji Island, I had exerted my nine evil magic changes, and my evil spirit splitting axe had touched a trace of artistic conception. Otherwise, I would have to say two things about whether I could block Ye Chen's sword!

"Ah, ah, ah, ah

Lin Yang roared. He knew that he was in danger. Therefore, he had to fight hard. Only by fighting hard could he have the chance to defeat Ye Chen!

Moreover, he is now a demonized body. In this Zhenji Island, it can be said that he has a strong vitality. He is not afraid to fight!

Lin Yang waves his axe and rushes to Ye Chen. His boots suddenly give off black light. His body flashes and speeds up. The boots are also a treasure that can enhance the speed of body method.

This axe really made the world howl, chaos wail, power boundless, evil spirit rolling.

Ye Chen saw Lin Yang block his own knife, is also quite surprised, now see Lin Yang do not want to die like rushed up, but also face dignified.

He still has injuries on his body, but I don't want to aggravate it, or it may affect his fight with the green eyed serpent.

Immediately, ye Chen drank out: "die!"

At the same time, a tiger roar in Lin Yang's mind, ye Chen's spirit can be far more than anyone, and after refining the blood essence into the body, the evil spirit is also more heavy.

At this time, he displayed the spirit of the tiger, Rao was blessed by the demon God, and the protection engraved by the elders of the clan in the sea of knowledge, so he couldn't help being stunned.

In this moment, ye Chen a knife has been cut to his neck!

Lin Yang's face changed greatly, and suddenly a pale red light curtain rose on his body, and slightly blocked Ye Chen's long knife, so that he had a chance to resist with his axe.

The evil spirit splits the earth axe. It has been ready for a long time. When it moves, it is opposite to Ye Chen's knife, and the earth shaking explosion breaks out!

The wave swept, and the broken array disk added a crack!

Boom!

The two figures are flying backwards, each falling on the ground, smashing a hole!

Lin Yang was covered with purple blood and gasped heavily. He was leaning on a big axe with one hand and half kneeling on the ground. One of his hands was broken.

Ye Chen's knife is even stronger than that one just now!

However, he did not let himself down. He looked at the magic Qi gathered in his wound and the muscles that were wriggling and healing. His face showed a cruel smile.

Ye Chen doesn't have his strong recovery ability. Now, he must have been unable to get up.

However, ye Chen is really terrible. In addition to Juli and Dao Yi, the long Dao in his hand is obviously a very high-level weapon. Besides his body method is extremely fast, he can even attack with the mind! If it wasn't for a body protecting treasure, I'm afraid Ye Chen would have been seriously injured or even killed by Ye Chen!

Just as Lin Yang was getting ready to get up, a figure suddenly appeared in the smoke and dust in front of him. Lin Yang was stunned, and his eyes gradually showed an incredible color. The figure was walking slowly towards Lin Yang with a long knife in hand.

Lin Yang struggled desperately, mobilized all the evil Qi to stimulate the broken muscles of his body. His body trembled and stood up. Just as he stood up completely and his face showed a trace of joy, the figure finally came to him.

At this time ye Chen, only the corner of his mouth has a trace of blood, much better than Lin Yang.

However, he seems to be totally indifferent to his injury in general, smiling at Lin Yang who is struggling to speed up his recovery.

Lin Yang glances at Ye Chen's rapidly healing wound. His pupil shrinks, and finally he can't help it any more. He yells in a low voice:

"how can it be! You are just an ordinary warrior in Hunyuan kingdom! How can you have such a strong recovery ability! Faster than my body

Ye Chen plays the flavor: "is you too weak, I give you the original words, if you break your limbs, kneel down to beg for mercy, perhaps, I can consider whether I will spare your life."

"Die!" Lin Yang suddenly looks fierce, he has just brewed out a trace of strength, immediately regardless of the axe.

"Pen!" A big bang!

Ye Chen emerged in front of a silver mask, the axe hit on it, the light curtain did not even shake.

Lin Yang looked at the light screen in the sneer of Ye Chen, finally, collapsed.

He shook his hand and fell to the ground. With the fall of the axe, Lin Yang's face twisted, his red eyes burned with crazy color, and his mouth gave out a shrill scream.

At the same time, the muscles on his body began to expand abnormally. He roared out of his mind: "ha ha, let's die together! Die together

Chapter 1648

"Not good!" Ye Chen's face color changed, and his body suddenly retreated. At the same time, the silver mask in front of him was shining, and the sky scale armor was fully excited! At the same time, hold the long knife horizontally in front of your chest.

With a roar, the boundless evil spirit roared, and the array disks which covered the breath were finally overwhelmed and completely broken.

In the place where Lin Yang stood, there was a very deep pit. The explosion made the water in the cold pool full of water.

The black air blotted out the sun.

Suddenly, a red light wrapped in a cloud of black smoke flew out of the sea of evil Qi, and flew to Zhenji island. In the black smoke, a vague face appeared. It was Lin Yang!

He didn't know what secret method he used. He saved his soul when he exploded and wanted to escape from the chaos of the explosion!

Lin Yang's face in the black smoke showed the color of ecstasy. Although his body was lost, as long as the spirit and soul were not in the way, he could still recover his cultivation after finding a suitable body.

At that time, he will certainly let Ye Chen pay the price!

However, before he could fully smile, a dazzling golden light appeared in front of his eyes. The golden light emitted a very masculine aura, which was the enemy of the evil cultivation and the ghost!

He faintly saw a shadow after the golden light, Lin Yang's eyes were finally filled with fear!

"No

Lin Yang's soul issued a shrill wail, the next moment, it was swallowed by the golden light, turned into smoke dissipated.

Ye Chen gently breathed a breath, a move, Lin Yang's storage bag and a piece of red body protection magic weapon into the hand.

Seeing this scene, the carefree God King of samsara cemetery said with a smile:

"boy, although the influence on you in Zhenji island is relatively small, your mind is far less sensitive than that outside. Therefore, he did not realize that this guy wanted to explode himself. Fortunately, the magic cultivation just wanted to escape his soul by body explosion, which was not powerful.

Otherwise, you will suffer

Ye Chen nods. He has learned a lesson this time. It seems that he can't leave too many opportunities for each other to fight with people on this Zhenji island.

Thinking of this, he looked at the sky scale armor on his body, and his eyes showed a color of satisfaction. The scale armor was really strong on that day. Just now, Lin Yang's self explosion was not as powerful as the real self explosion, but it was also two or three times as strong as his all-out effort.

But the sky scale armor was in his own hands, and under the full force of urging, it completely blocked the attack. It seems that the day scale armor can resist the full attack of the warriors below the chemical realm.

However, the consumption is also too large, prompting the sky scale armor to resist Lin Yang's self explosion, ye Chen's spiritual power is instantly reduced by 30%.

After a great war, he blocked Lin Yang's self explosion. At this time, he had less than 20% spiritual power left in his body.

However, after this war, ye Chen is more confident in his own strength. He has only 70% of his strength. Lin Yang has already played his strength in the middle of the Hedao Kingdom on Zhenji island!

Although the green eyed serpent is far more powerful than the average human warrior, ye Chen believes that he still has the power of World War I in his heyday!

After slightly calming the breath, ye Chen finally turned his head and looked at Zhu Liang on one side, although Zhu Liang was also affected by the Lin Yang explosion.

But at this time, it seems that he was not hurt. Obviously, he also used some means to block the afterwave of Lin Yang's self explosion.

Xiaoyao God Jun reminded him: "boy, although this person only has the harmony realm, in fact, his strength should not be weaker than that demon cultivation in the middle period of the Dao state just now. You are not in a good state to deal with him."

Ye Chen frowns, his spiritual power has been some worse, it seems, is to improve his cultivation.

After all, I wish him a cool look, and he didn't intend to do anything to cool himself.

Ye Chen is about to leave here. He wants to recover his full strength as soon as possible. On this Zhenji Island, there are dangers everywhere. He must have strong strength to survive.

With that agreement, he couldn't use the help of the samsara cemetery.

What's more, the battle just now has already disturbed some Warcraft on Zhenji Island, which is no longer safe.

However, when he was just ready to leave, Zhu Liang stopped him: "this Taoist friend, wait a minute."

"Well?" Ye Chen eyebrows a pick, "how? You want my life, too? "

Zhu Liang quickly shook his head and said, "I dare not dare not. I already know what will happen to those who want to be friends."

"Why did you stop me

Zhu Liang glanced at a messy battlefield, although the bodies of Lin Yang and WAN Xin could not be found.

However, their death certificate shows that Wan Xin and Lin Yang, the inner disciples of the nine evil spirits, have completely disappeared from the world!

Lin Yang and Lin Yang can't die. In fact, he doesn't care. He looks down on them and doesn't have any idea of revenge for the same family. But

They ventured to Zhenji island to hunt down the traitor, but now two of them are dead!Zhu Liang's own strength is limited, how to pursue and kill that traitor?

Although the traitor was attacked by Lin Yang, his strength is too strong. Even if he is injured now, Zhu Liang is not sure that he can defeat him or even escape from his hands!

Therefore, Zhu Liang made a decision. At present, only in this way can he have a chance to defeat the traitor. He raised his head slightly, looked at Ye Chen's eyes, and solemnly said to him:

"excuse me for taking the liberty, but I want to ask you for help next time!"

"Well?"

Ye Chen curiously looked at Zhu Liang, something to ask for?

Although he and Zhu Liang do not have any hatred, but it is just a stranger who just met, this man even begged for his head, is his brain OK?

Zhu Liang said with a smile: "of course, it's after Daoyou's injury recovery that my name is Zhuliang."

"By the way, Daoyou also introduced the name just now. It seems strange to call you Daoyou. Why don't you call you brother ye?"

Ye Chen waved his hand and said, "I'm not interested in your request, go first."

Looking at Ye Chen, who was preparing to leave, Zhu Liang suddenly said, "brother ye, what you used just now is the gas of Geng Jin?"

"Well?" Ye Chen slightly turned his head and looked at Zhu Liang in surprise. He had refined the Qi of Geng Jin completely, which was just like his own spiritual power.

Moreover, Geng Jin Ben is rare, ordinary people can not recognize it at all. Zhu Liang has found it.

Does this person know Geng Jin?

You know, the devil's eye is very interested in Geng Jin!

If there is extra Geng gold, maybe the devil's eye can wake up in advance!

"So what?"

It's no big deal when you discover it.

"Then." Zhu Liang's smile became more intense. "Is brother Ye interested in Gengjin?"

Chapter 1649

The next moment, ye Chen suddenly turned around, staring at Zhu Liang: "do you have Geng gold in your hand?"

Zhu Liang said with a wry smile: "how can I have something like this?"

However, I can tell brother ye that my two dead senior brothers came to Zhenji island for the sake of Gengjin. What's the matter? Are you interested in it now? "

Ye Chen has deep ecstasy in his eyes and says, "OK, tell me about it."

He really needs Geng Jin very much. Refining more Geng Jin can not only strengthen his Jinsha sword, but also, because of the relationship between white tiger spirit blood, he can also use Geng Jin to strengthen his physique! It's a way to improve our strength!

Most importantly, devil's eye needs it too!

Seeing ye Chen's move, Zhu Liang said with a smile: "I'm not in a hurry for a moment. I'll stay on Zhenji island for the time being. Brother ye will heal his wounds first, and then we will talk in detail after brother Ye is cured."

Said, he throws a jade Fu to Ye Chen: "after ye elder brother heals, use this contact me."

Ye Chen took it in silence and said, "well, don't die during my healing."

Zhu Liang said with a smile: "ha ha, brother ye, don't worry about me, but Elder martial brother Lin's small blue umbrella, I want to borrow it... "

Ye Chen smell speech, take out a small blue umbrella from the storage bag and throw it to Zhu Liang, then instantly disappear in place.

Zhu Liang looks at Ye Chen's leaving figure, unfolds the small umbrella, closes the eye to feel a time, the same goes to a direction.

At the same time.

In an underground cave on Zhenji island.

A pair of blood red eyes opened, and a cold smile appeared in the eyes. The owner of the eyes moved his mouth and made a hoarse and harsh voice like the friction between gold and iron. He murmured to himself:

"the fluctuation just now Is Lin Yang here? Hehe, he must have never thought that my injury would be healed so soon. Since I have come, I will stay on Zhenji Island forever. Then, no one in the world will know what I have done, ha ha... "

After that, the red eyes closed again, and he continued to absorb the more pure evil Qi in the cave than outside, refining the evil poison in his body.

On Zhenji Island, a giant red tailed rat is gnawing at the body of a black leopard, and the whole body is full of evil Qi.

Suddenly, the mouse's eyes suddenly showed a trace of fear, fat body move, will jump, but at this time, a knife light flashed, the giant mouse's movement stopped suddenly, a mouse head slowly dropped, a man stood behind it, it was Ye Chen.

After ye Chen killed the red tailed devil mouse, he put away his body and looked around. There was a cave not far away. It seems that it is the nest of the devil mouse, which is suitable for him to heal his wounds.

Ye Chen enters the cave, and after arranging the array plate at the entrance of the cave, he is ready to start healing.

At this time, Xiaoyao God said: "boy, take out the flesh and blood of the bloody crocodile."

Ye Chen doubts: "now take out those why?"

Xiaoyao God Jun said with a smile: "do you know that the meat of Warcraft is even more delicious than that of monster meat?"

"Ah?" Even so, this is not the time to eat.

"As I told you before, the flesh and blood of this bloody crocodile is useful."

Xiaoyao God Jun continued: "is to let you eat them! There's a reincarnation magic formula. I've found a magic formula.

It is to refine the flesh and blood of all kinds of creatures for your own use.

However, your original foundation is not strong enough. It will have a great influence on your future practice to improve your cultivation and body by this way.

However, now that you have the Qi of Gengjin and the evil Qi, you can absorb the flesh and blood of a blood tattooed demon crocodile in the Taoist realm with the divine and demon samsara formula, which is totally free.

Strong blood can also help you recover from injury, kill two birds with one stone!

Moreover, although the blood tattooed crocodile is not a great blood vessel, if you are lucky enough, you may get some magic power from it

Ye Chen was pleasantly surprised. He immediately took out a large pot, made a fire, and put the blood and meat of the blood tattooed crocodile into the large pot to boil, adding some spices.

Soon, the cauldron will be scattered in bursts of extremely attractive aroma, if not for the entrance of the formation of blockade, this aroma may be enough to attract a number of Warcraft.

Ye Chen nose moved, looking at the pot of flesh and blood, big move! Take out a bowl and sweep the flesh and blood in the pot like wind and wind!

At the moment of eating the blood and flesh of the blood tattooed crocodile, ye Chen felt a burst of strong blood gas, mixed with the evil Qi, and poured into the body's meridians. His face changed slightly, and he was so domineering!

Immediately, he did not dare to neglect it. He tried his best to run the magic formula. The blood and evil spirit was like a roaring tiger, but in front of it, it turned into a tame lamb and was refined by Ye Chen.

Ye Chen looks happy. While eating the blood of the demon crocodile, he runs the skill refining. As he continues to eat, his breath gradually increases.

In other words, ye Chen has a strong physical fitness and a strong foundation, and he also masters the evil spirit samsara formula, which is an anti heaven skill. If you change to an ordinary martial artist, even if you are a natural immortal like Ye Chen, you will have to burst your meridians. One day and one night later, the small cave was full of white bones. The bloody crocodile had completely fallen into Ye Chen's abdomen. At this time, ye Chen was sitting in the cave with his swollen stomach, concentrating on refining and absorbing the powerful blood gas in his body.

With the refining of Ye Chen, his breath becomes stronger and stronger. As time goes on, ye Chen's breath begins to stabilize and no longer becomes stronger.

All of a sudden, ye Chen opened his eyes with a flash of essence in his eyes. He finally refined the blood of the bloody demon crocodile!

Now, he not only recovered from his injuries, but also stepped into the first level of shenti period!

Broken body stage, conggu stage, super body stage, vigorous phase, deficiency phase, shenti stage, Shentong stage, broken soul stage, immortal period!

Each realm of body refining is divided into nine levels!

However, what makes Ye Chen strange is that the body refining has entered the shenti period, why there is no change?

It's so quiet!

Even the silence is terrible!

What's wrong with your body?

Is there something terrible brewing?

.....

At the same time.

Xuanyue lived thousands of miles away.

Two breath of terror old man flying sword!

Both of them were carrying magic swords with a jade card on their waists!

There are four big characters in the palace of wanjian emperor.

These two people are the qingjianxianzun and the frost sword God of wanjiandi palace!

They left the palace of wanjian emperor, looking for ye Chen all the time!

After all, ye Chen is the only one who gets the inheritance of ice sword immortal!

Only Ye Chen can save the life and death of wanjiandi palace.

This promise wanjian emperor palace, a month to find Ye Chen, but I do not know why, ye Chen's breath was forced to cover.

They naturally do not know that there is the eternal King behind Ye Chen.

Not long ago, they even noticed the breath of Ye Chen.

Close to xuanyuezong!

Anyway, they have to go.

"Frost sword God, do you think ye Chen can really save the crisis of wanjiandi palace?" The green sword immortal respects the way.

Looking at the direction of xuanyuezong, frost sword God sighed: "wanjian emperor palace has no choice. Do you think I want to give everything to a boy who has not entered the realm of Taoism?"

"Fortunately, we still have time. Those who fight against the palace of emperor wanjian have encountered some troubles recently, but they have given us time to fight for it."

"I'll wait until I see ye Chen."

"Someone has covered his breath for so long. I think this little guy is not as simple as we think."

Qingjianxianzun is silent.

Chapter 1650

I don't know how long after that, frost sword God and green sword immortal still appeared at the gate of xuanyue sect.

"What should we do next, so we can go to Ye Chen?"

"The position of wanjian emperor palace is obviously higher than that of xuanyuezong. Should the leader of xuanyuezong come out to meet us when we two condescend to xuanyuezong?" The green sword immortal respects the way.

However, frost sword God shook his head: "green sword, this time, we are here to invite Ye Chen."

"No matter why, the breath of Ye Chen appeared in xuanyuezong, it may be because ye Chen became a disciple of xuanyuezong."

"If you were the leader of xuanyuezong, what would you think?"

The green sword immortal Zun sighed: "this ye Chen is really, my wanjian emperor palace can't compare with xuanyuezong! What kind of xuanyuezong does this kid join! How nice to join me

However, the God of frost sword said, "we still have to blame for this. If it wasn't for the wanjian emperor palace, how could we have left Ye Chen in the western regions?"

"Ye Chen comes up from a low level of martial arts. He always wants to find a supporter."

"We wanjiandi palace is powerful, but the current predicament certainly can't help him."

"Come on, needless to say, let's go in."

Frost sword God shakes his head, hands behind his back, toward the gate of xuanyuezong!

at the same time, in the hall of xuanyuezong.

Sitting on the high platform, the headmaster of xuanyuezong suddenly opened his eyes, and a thick color of accident surged.

He found out that there were two strong men outside xuanyue sect!

One of them was horrifying.

"How could my xuanyuezong suddenly come to such great power? Is someone coming to settle accounts after autumn

Not only did the night find it.

Many elders around the night were aware of it.

There was a trace of deep incomprehension in their eyes.

"Master, can this matter have something to do with Zi Ning?"

"During this period of time, we did not leave xuanyuezong, only zining left, but also went to dengtian city."

"There are many strong people in the city, which is obviously the most likely."

An elder frowned.

As soon as the words fell, Zhao Ping, who had long held a grudge against zining and ye Chen, opened her mouth!

"Master, it's zining and the little animal that caused the disaster!"

"Climbing into Tiancheng, although the top forces won't rob people, there are still many strong ones. It must be this reason that the two external breath entered xuanyuezong."

"What's more, headmaster, you can see the arrogance of Ye Chen, a little brute. As soon as he stepped into the sect, he hurt his brothers like this!"

"The little beast must have made trouble outside! They may even kill the disciples of the top forces! "

"They are coming to blame now!"

"Those two people may be a signal, and there must be the outrage of the top forces behind them!"

"I suggest to let zining come back immediately, and the little beast also stop trying and drive out xuanyuezong!"

Zhao Pingyue said more excited, as if today's matter, and ye Chen is related!

"Enough!"

Roar in the dark night!

Zhao Ping's voice suddenly stopped.

The master's anger is not what she can bear.

At night, he stood up, waved his sleeves, and walked out of the hall: "since the two men are here, we, as xuanyuezong, should show our proper attitude! You may as well see you last time

"If the other party is hostile, I will not be afraid of xuanyuezong!"

"If this matter really has something to do with Ye Chen, I will not tolerate it in the dark night. I will stop the trial immediately and drive him out of the sect!"

Zhao Ping's heart secretly pleased, also quickly followed up.

.....

Outside the gate of xuanyuezhong.

As soon as the frost sword God and the green sword immortal Zun wanted to step in, they saw the dark night and others coming quickly.

They stopped and didn't speak, a big school style.

The identity of wanjiandi palace is placed, so they can't bow their heads naturally.

But xuanyuezhong's dark night saw the frost sword God, in the heart slightly startled, the other party is even more terrible than he imagined!

Such a strong man stepped into xuanyuezhong, how terrible was the clan behind him!

It seems that this time, xuanyuezhong really has a crisis!

The dark night is not afraid, the steps stop, arch hand way: "two come to xuanyuezhong, can have what instruction?"

There was no retrogression in his attitude.

After all, this is in xuanyuezhong!

His territory.

Qingjianxianzun was dissatisfied and wanted to say something. The frost sword God took the lead and said with a smile: "I'm afraid this is Cangye, the leader of xuanyuezhong. I've heard a lot about you."

The night nodded and asked, "where are you from?"

The frost sword God took out a jade pendant and said lightly, "the palace of the emperor of swords."

The words, not only the dark night, the presence of people are confused!

Wanjian emperor palace! This is really one of the top forces in Lingwu mainland!

Although I heard that the palace of wanjian emperor was in trouble, it was besieged by many forces.

But a lean camel is bigger than a horse!

Xuanyuezong can't shake this existence at all!

Dark night in the heart of some helpless, but he still forced to suppress the shock in the heart, opened a way: "I do not know wanjiandi Palace's predecessors come, there is a loss to welcome, you two don't go to the palace for a seat?"

The God of frost sword nodded and all the people were seated in the hall.

The God of frost sword also felt the atmosphere was oppressed, so he said, "master of the dark night, this time we come here to talk about this time, it's mainly because of one person."

As soon as this word came out, all xuanyuezong's faces changed greatly!

Sure enough!

It's the people who come to ask for help!

Zhao Ping is even more nervous to the extreme! She's excited!

In the dark night, there were some beads of sweat on his forehead, but his face did not change much. He hesitated for a long time and said, "Oh? Who is wanjiandi palace for my xuanyuezong? "

"Ye Chen." Frost sword God spits out two words.

But these two words, actually overcame the last straw in the dark night.

Dark night helpless shake head.

Ye Chen is indeed a time bomb.

It seems that it is time to stop the trial and expel the boy from the clan.

One side of Zhao Ping was excited to the extreme, and said: "master, I said this little beast should not stay!"

At present, I'm really trying to make a sword on the dark island

"Since ye Chen has offended the palace of wanjian emperor, from now on, I will drive him out of xuanyuezong and give it to you for decision."

Zhao Ping is very happy to hear this!

She seems to have seen Ye Chen's tragic death in the hands of wanjiandi palace!

The ultimate pleasure!

However, at the time when everyone was determined Ye Chen's fate, frost sword God stood up and said, "why should ye Chen be expelled?"

"It seems that the headmaster of the dark night has misunderstood us. We came to xuanyuezhong just to ask Ye Chen for help."

"After the event, we will also thank xuanyuezhong."

At this moment, the whole world was silent.

The night's eyes are wide open!

Zhao Ping is confused.

A group of elders seem to see the ghost.

Who did not expect, wanjian emperor palace came to xuanyuezhong to find Ye Chen!

Not to blame!

But to ask Ye Chen to do it!

That's too much of a goddamn thing!
