Chapter 1651

A boy from Hunyuan Kingdom who was invited out of the mountain by wanjian emperor palace?

Can't this be more outrageous!

"Are you sure, master?" the night was uncertain

Frost sword God smiles, some things can not be said too much, he nodded: "Ye Chen is very important to our wanjian emperor palace."

"Since he is in Zhenji Island, let's invite him in person."

"Don't disturb the master of the night."

As soon as this word is said, people dare not breathe.

Please!

It's used, please!

Ice frost sword God and green sword immortal respect each other one eye, smile slightly, leave the hall directly, resist sword.

They don't mind giving Ye Chen some face, which is also a gift to help Ye Chen.

.....

At the moment, Zhenji island.

Ye Chen naturally does not know the current situation of xuanyuezong.

He felt the powerful spiritual power in his body, and a faint smile appeared on his face. However, his harvest this time was more than that.

Ye Chen stretched out a finger and put it in front of his eyes, staring at his fingers. Suddenly, there was a trace of blood flame burning between his fingers. Ye Chen felt the powerful energy contained in the blood flame, and his smile was thick. He didn't expect that he was so lucky. After refining this blood tattooed crocodile, he actually awakened the meaning of blood flame of the blood tattooed crocodile.

Xiaoyao God Jun can't help but sigh: "you boy is not a man. Although the blood tattooed crocodile is named after blood pattern, its most powerful point is the blood flame, which is so easy to get by your boy."

Ye Chen laughs, his luck is really good, this blood flame not only can strengthen his martial arts, but also the blood flame level is not low, with its protection, ordinary flame cold can not hurt himself.

Ye Chen stood up, moved his body for a while, then took out a Dan stove. Before contacting Zhu Liang, he first wanted to refine the snake fragrance.

Although it can attract the green eyed devil snake in the Hedao realm, it is not of high grade. With Ye Chen's strong mind, it is quite easy to refine it, and it is soon finished.

After putting away the magic snake incense, ye Chen finally took out the jade amulet given to him by Zhu Liang. If he could obtain Geng gold and refine it before fighting with the green eyed devil snake, he could greatly increase his chances of winning.

What's more, this Zhenji island is so rich in evil spirit that it is suitable for devil's eyes.

If you can wake up the devil's eyes, that's the best.

After ye Chen urged Yu Fu to move, a voice of "wish cool surprise" came out from the jade Fu:

"brother ye, have you recovered completely so soon?"

Then, ye Chen said, "we haven't died yet."

"Ha ha, good."

.....

Half an hour later.

Ye Chen and Zhu Liang came to the cold pool on that day. After the death of the blood tattooed crocodile, several Warcraft came here. However, there was no special value for losing the blood Yin flower here.

Moreover, the breath of this cold pool is not liked by all Warcraft. Therefore, no Warcraft has occupied this place.

Zhu Liang saw Ye Chen, slightly surprised.

Ye Chen not only recovered, the breath on the body is also more terrible.

This is obviously a breakthrough.

But there was no change in cultivation.

Is it body refining?

He felt that his common sense had been overturned by Ye Chen.

However, after seeing ye Chen kill two martial artists of the same Taoist realm with the cultivation of Hunyuan state, Zhu Liang knows that this person can not be measured by common sense.

Therefore, he did not shock for a long time. He soon regained his calm and said to Ye Chen:

"brother ye, although the Zhenji island is quite beneficial to us Warcraft warriors, the number of Warcraft on the island is still a very dangerous place for us to join the world. The reason why we ventured to come to Zhenji island is to hunt down a traitor in our sect!"

Ye Chen said: "so, this Gengjin is related to this traitor?"

Zhu Liang nodded his head and said, "yes, it's because of the Gengjin!"

A few days ago, my jiusha demon sect held a trip to a secret place. In this secret place, one of my senior brothers got some Gengjin. Somehow, he was known by this person. When he got rich, he suddenly killed the elder martial brother and had a fight between them. Finally, the elder martial brother was defeated by him.

However, the traitor was also injured in the war. It happened that Lin Yang and Lin Yang broke through the incident of killing his fellow disciple. Lin Yang took advantage of the traitor's injury and hit him with a shot of poison. Later, he did not report to the elder of the family, but started to pursue the man without authorization.

However, they didn't expect that the man could still escape so far after being seriously injured, and was actually escaped to Zhenji Island, where the martial spirit was greatly suppressed.

Lin Yang and Lin Yang did not dare to enter, so they found me. They did not report to zongmen because they were greedy for the Geng gold and didn't want to let the elders know about it. At the same time, they knew that there was something in the traitor's hand that was of great use to me.

Therefore, he consulted with me to pursue and kill this man. After he got the hand, Geng Jin belonged to them, and the other thing in the man's hand belonged to me. "Ye Chen Mou son a congealing, nod head way: "so, you want me to help you kill that person?"

He looked at Zhu Liang and suddenly shook his head: "although I'm not a good man, but I won't do it to others because of the one-sided words of a new acquaintance."

Zhu Liang said with a smile: "please rest assured. In fact, I have heard from Lin Yang and Lin Yang about this matter. I don't know what the truth is.

Therefore, I just want to find this person and make a deal with him. However, if this person is really the kind of sinister villain Lin Yang said, I know that he is not his opponent. I am afraid this trip will be very dangerous.

So, I want to ask brother ye to accompany me, just in case.

I know that brother Ye is upright, but even if you don't, you can trade with him. You still have a chance to get the Geng gold. What do you think of him? "

Ye Chen pondered for a moment, and finally nodded: "OK, can you find this person?"

Although he is not a meddler, he really needs this Gengjin. As long as he has the chance to get Geng Jin, he doesn't want to miss it.

Zhu Liang said with a smile: "I don't have any other skills. I'm just sensitive to all kinds of breath energy. Otherwise, I won't be able to see that brother Ye is using the gas of Gengjin. Yesterday, I found the trace of this man. It's not difficult to find him."

Ye Chen said: "well, it should not be too late. Let's start now. I have something important to deal with when I come to Zhenji island. I don't have much time."

Zhu Liang naturally had no objection. He immediately took Ye Chen and moved on Zhenji island. After a while, they came to a very hidden cave.

Ye Chen takes a look at the cave, and he is filled with awe. The evil spirit is rolling in the cave. Ordinary martial artists in the early stage of Taoism can't even enter it.

However, this level of evil spirit is nothing to Ye Chen. He is preparing to go into the cave with Zhu Liang. Zhu Liang suddenly changes his face and says, "brother ye, get out of the way!"

Ye Chen eyebrows a pick, body movement, back to one side, a black light suddenly shot out of the hole, fixed in mid air, showing a strange figure.

Chapter 1652

Ye Chen's eyes coagulated, only before meeting, stood a 28-9-year-old young man with long hair and a sinister face. In addition to his face, he was covered with purple black scales.

A pair of red eyes flashing bloodthirsty light, eyes swept over Ye Chen and Zhu Liang, revealing a cruel smile.

Let Ye Chen and Zhu Liang feel a little dignified is that this person's breath is extremely powerful!

Although his cultivation is only in the middle of the harmonious state, his breath is even more powerful than Lin Yang after being demonized!

Ye Chen looked at Zhu Liang and said, "this is the man you said?"

Zhu Liang nodded and looked at the demon like figure and said, "elder martial brother Bai, please calm down first. I don't know what's wrong with you between Lin Yang and WAN Xin. It's none of my business. I'm here not to pursue my elder martial brother, but to make a deal with him."

The young man named Bai Ke was silent for a moment after hearing the speech, and then said with a smile, "that's because I misunderstood you. OK, tell me, what kind of deal do you want to make?"

Zhu Liang smell speech, slightly relieved, just when he wanted to say something, suddenly look a change, because he sensed, white Ke, to him!

Although Bai Ke was still standing in the air, he did not have any action, but in his blood eyes, a blood light suddenly shot out, straight to Zhu Liang's eyebrows!

Zhu Liangyi bit his teeth, and in an instant offered a scale, which exactly blocked the front of the blood light. In the roar, Zhu Liang's body was repelled by the blood light ten steps!

Bai Ke was also slightly surprised. He didn't expect Zhu Liang to be able to completely block his blood evil spirit light. However, he didn't pay attention to it. Even if he could jump twice, it would not change the fact that they were lambs to be slaughtered.

"What do you mean, elder martial brother Bai?" Zhu Liang's face is completely gloomy. If he didn't have the perception spirit, he would have been killed by the terrible blood light just now!

"What do you mean? Ha ha ha

Bai Ke burst into laughter in the face of Zhu Liang's question.

"Did you bring a punk from Hunyuan to talk to me about a deal? Don't laugh. Are you two punks qualified? However, since I have agreed, I am not a renegade. "

He suddenly showed a ferocious smile and said: "you can trade, but what I want is your life!"

But at this time, Bai Ke's smile suddenly solidified, because there was a knife light, cut in front of him!

His blood eyes were staring at the burning blood flame of the golden and red knife light, and his face was shocked.

This knife light, let him feel extremely dangerous breath!

He knows that this knife has the power to kill himself!

At the same time, he was covered with purple sword!

This sword makes people have a sense of evil spirit coming to the world and abusing all nations!

It even contains extremely cruel sword meaning!

The sword awn collides with the sword Qi, and the violent impact sweeps around.

Wish cool face color changes suddenly, inspired the scales in front of the body to protect themselves again!

Bai Ke retreated, gasping for breath, staring at the direction of the knife. It was Ye Chen standing there.

Ye Chen squinted at Bai Ke and said faintly, "who do you think is rubbish?"

"Good, good." Bai Ke stares at Ye Chen, "it's me who's out of sight. You're very strong. You're far from Lin Yang's garbage."

He suddenly asked, "you are not a member of my jiusha demon sect, are you?"

Ye Chen said, "No

White Ke suddenly smile: "very good, then, you can leave, I don't kill you, I just want to wish a cool life."

Zhu Liang changed his face and exclaimed, "brother ye, don't believe him. Don't fall into his scheme of estrangement."

Ye Chen also laughed: "I am not familiar with him, you want his life, please."

Zhu Liang's face turned white, and he was completely despairing. With the strength that Baike showed, he was afraid that he had no chance to retreat.

Baike was laughing: "very good. Those who know the current affairs are the heroes. Go quickly. Leave Zhenji island. Don't worry. You are not a member of the jiusha devil sect. As long as you don't say anything about today, I won't embarrass you."

With that, Bai Ke looked at Zhu Liang and licked his lips.

Wish cool see shape, face is decisive color, suddenly a bit of the scale in front of the body, that scale, even into his eyebrows, Zhu cool breath, also suddenly rose.

Bai Ke sneered: "waste, still want to fight in a corner?"

Said, raised the black sword in his hand, about to hand, but he suddenly did not move, glanced at Ye Chen standing on one side calmly: "what's the matter with you? Not yet? "

Ye Chen mouth a Yang, revealed a gentle smile: "I still have something to do."

Bai Ke frowned and said, "what's the matter?"

Ye Chen said, "you said you didn't kill me?"

Bai Ke stares at Ye Chen's eyes and says, "are you afraid that I will go back on my regret?"Ye Chen shook his head and said, "no, I believe you, but..."

"But what?"

Ye Chen and Bai Ke looked at each other, and his face suddenly showed an incomparable tyrannical color. He laughed wildly and said, "do you say you don't want to kill me? Good, but I'm going to kill you

As he spoke, ye Chen suddenly appeared in front of Bai Ke. He was full of evil spirit and full of blood. He was holding a long sword, which was like a God coming!

"Jinsha, cut with a knife!"

A loud drink, a long sword!

Bai Ke's face changed wildly. He held up his sword to resist it. He roared like a thunderbolt!

Bai Ke blocks Ye Chen's knife, but he is still shocked by Ye Chen's strength and vomit blood, and his body explodes back!

"Cut! Cut! Chop

Ye Chen didn't stop. He ran his psychic power to the limit. He appeared in front of Bai Ke again, and cut him off again!

Ye Chen, regardless of the burden of his body, pursues Baike crazily!

Bai Ke looks at Ye Chen, who is crazy and scared at last!

His heart is full of regret! At the same time, he also scolded Ye Chen for being so cruel and extreme than himself!

Just because of their own words, they even want to kill themselves at all costs?

Is this a man?

Three cuts in a row!

Every knife is shaking and the blood mist is rolling!

After the third attack, Bai Ke's body hit the ground like a meteor, shaking the whole Zhenji island. Ye Chen was covered with blood at this time.

It's not that Baiken resisted and hurt him, but the reason why his meridians burst because of his forced operation of spiritual power in a short period of time. That is, his physical strength is far beyond ordinary people. If someone uses such a powerful move in his present state, his whole body will be smashed!

However, these three sabres even cut, also let Ye Chen burden is not small, had to stop to adjust the strength in the body.

If he cuts down again, his strong foundation will be shaken, and he may be about to hurt the origin. He gasps violently, and the wound on his body slowly heals.

Chapter 1653

His eyes were fixed on the pit under his feet.

Baiken is lying at the bottom of the pit, and the black sword is inserted beside him. His armor, which is the best armor for body protection, has been cut into two pieces by Ye Chen.

A deep scar on his chest almost cut him off as a chest. At the same time, one of his hands was completely twisted and his legs were broken due to impact. His bloody eyes were full of resentment and killing intent, but he was unable to stand up. Although he still had a trace of breath, but! It's too hurt to hurt again!

On the verge of death, completely lost the ability to fight!

Ye Chen is also slightly moved to look at Bai Ke. This man's strength is not weak. He connects himself with three knives, and he is not dead yet!

He also stepped into the state of Hunyuan and refined his body. After several times of spiritual strength, he could barely display the three sabres.

Moreover, even if his cultivation is more powerful, he can't continue to cut down, because he has reached the limit of his body by cutting three swords with the cultivation of Hunyuan state.

If ye Chen didn't improve his cultivation, he could not be seriously injured so soon. I'm afraid it will take a fierce battle to get Baike injured. Moreover, he may not be able to hurt him to this extent.

Of course, this is also because Baike is a magic cultivation. He is more powerful on Zhenji island. If he had been killed in other places, he would have been killed by Ye Chen.

One side of Zhu Liang looked at Ye Chen in awe. Although he knew that ye Chen was very strong, he did not know that ye Chen was strong to this point!

Those three sabres together, I'm afraid that they can threaten the martial arts in the later stage of he Dao realm!

Ye Chen is now in the state of Hunyuan. God! How many small realms has this crossed?

However, his face suddenly changed, and the scales on his eyebrows instantly gave off a rolling black air, and Zhu Liang also turned into a demon figure at the same time. However, he looked much more beautiful than Lin Yang and Bai Ke's demons, and was not ferocious and ugly. The scale on his brow flashed, and suddenly a shapeless wave surged to Baike on the ground.

Ye Chen's eyes twinkled, this Zhu Liang, display unexpectedly is the mind attack!

At this time, Zhu Liang said to Ye Chen: "brother ye, stop him! He's going to sacrifice his soul. He's completely demonized

At this time, Baike was attacked by Zhu Liang's spirit, and blood gushed from his five senses. Obviously, the spirit was hurt, but he laughed carelessly: "ha ha ha ha, it's too late. Even if I'm going to die, I'll take you two to hell together!"

With a roar, Bai Ke's whole body explodes in an instant, and his spirit disappears!

At the same time, from the cave where he came out, a huge amount of pure black magic gas suddenly gushed out, wrapping Baike's body.

Baike's body is rapidly reorganized under the package of evil Qi. His body is completely recovered and his body is rebuilt!

"What is this?" Feeling the horror of that monster, ye Chen's face color also changed.

The blue light flickered in his eyebrows,

but soon it was silent.

Ye Chen can ignore the changes in the eyebrows, five fingers a grip, while the monster's body has not yet fully formed, Baike's storage bag into his hand.

After a scan of his mind, he found a little Geng gold in it. Although it was not much, both the quantity and the quality were far higher than the trace he had refined at the beginning!

Can't help but face ecstasy!

Zhu Liang at this time, but also can not control and ye Chen to their needs of goods, only to Ye Chen high drink: "Ye brother run away!"

After that, he ran away in the distance, and the scale that integrated into his eyebrow was crazily absorbing the blood essence in Zhuliang's body and the evil Qi around him. Obviously, Zhuliang also used some kind of life-saving means to stimulate his potential!

"Run away? Where are you going? " The ferocious shadow suddenly opened its eyes and made a voice that was not like human beings. The voice was full of irony.

"Boy, there's a problem!" The carefree God King of the samsara cemetery changed his face slightly, "there is a medium to summon the soul of the true devil on Zhenji island. What this damned thing does not do is to completely demonize, but to really summon a trace of true devil's soul! Boy, run away

When ye Chen hears the speech, his face changes wildly. Is he the real demon in the legend?

When ye Chen hears the speech, he flies to the opposite direction of the real devil. At the same time, he has a jade Rune in his hand. Now it's not the time to care about the assessment. He wants to contact zining to come here!

However, when he infused spiritual power into the jade talisman, he found that the jade Rune was invalid!

What's the situation!?

Ye Chen's face looks ugly for a moment.

The real devil's body finally took shape. He glanced at Ye Chen and Zhu liangdun's direction. After thinking for a while, he went to the place where ye Chen was. In his induction, although Ye Chen's realm was low and his strength was far stronger than that of Zhuliang's, he wanted to kill Ye Chen first.

Although Ye Chen didn't look back, he was suddenly shocked. His face was even more ugly. He knew that this was a fatal danger. When he approached him, he felt that his body was really possessed of evil spirits and was chasing after him!

While he stimulated the speed to the extreme and ran away at full speed, he asked in his heart, "Xiaoyao God, if you put your hand, can you kill this real devil?" For the first time, Xiaoyao God said: "my strength has faded too much, and the chance to kill him is not more than 50%

Ye Chen's heart sank to the bottom of the valley in an instant. Did he really want to die on this Zhenji island?

At the beginning of his idea, suddenly, there was a terrible breath behind him. Ye Chen's face was startled, his body twisted strangely, and he flashed to one side. Almost at the same time, he was in his original position. The evil spirit was surging, and all the space in that space was instantly destroyed!

The real devil part unexpectedly took back his hand and looked at Ye Chen, who was panting violently, and said, "your intuition is good. You can avoid my attack. It seems that your qualification is quite good even according to the standard of our demon clan."

He suddenly showed a very ugly smile and said to Ye Chen, "don't run away. Stand still obediently. I won't kill you. Your body is much better than my present one."

When ye Chen heard the speech, he really stood still. He turned to face the real devil and said with a wild smile: "are you sure you are qualified? You're not a man or a ghost. "

He knows, run, is absolutely can't run, this is really magic.

The real devil was stunned when he heard the words. He didn't expect that the human mole ant would still dare to abuse himself. He looked at Ye Chen and burst into laughter:

"OK, you have character. I like it. If you can survive the demonization, I can leave your spirit and let you become my subordinate."

Say footstep move, want to walk toward Ye Chen.

Ye Chen was biting his teeth, and his face was crazy. He drank in his heart: "xiaoyaoshenjun! Do it

When Xiaoyao God heard this, he was about to borrow Ye Chen's body. Suddenly, ye Chen and the real devil did not move.

Heaven and earth, full of a strong breath!

Chapter 1654

The real devil immediately ignored Ye Chen and suddenly turned back, staring at a figure coming from the horizon, and slapped at the figure! And the figure just in the sky, at this time, has come to the body of the real devil.

Boom! The space is broken, the black hole rotates, the powerful energy sweeps across the Zhenji Island, and some weak creatures on the island suddenly die!

Ye Chen looked at this blow, but his breath was stagnant. If the real devil had just done so, he would not have escaped without using the power of the carefree God King.

However, the figure from the horizon blocked the blow of destroying the heaven and earth. His figure swayed and even stepped back, but that was all.

The man who came here was also a very handsome young man of twenty-eight or nine years old, but with a trace of frivolity!

He was wearing a pale gold robe with a moon in cloud pattern embroidered on his collar. He was actually a disciple of xuan yue zong!

The frivolous young man first glanced at Ye Chen and saw that he had no less arms and legs, and then he took a long breath:

"younger martial brother, what are you doing? Let you kill a green eyed snake. How can you get the real devil out? If anything happens to you, I'm afraid I'll spend my whole life in the face of the cliff. "

He is the personal disciple of Cangye, the leader of Xuanyue sect, and one of the secret disciples of Xuanyue sect. He was ordered by Cangye to supervise Ye Chen's trial near Zhenji island. From this, we can see that Cangye attaches great importance to Ye Chen.

Originally, his mind shrouded in Zhenji island and watched Ye Chen's actions secretly. Although he was surprised by Ye Chen's performance, he did not pay attention to it. He ran to the nearby sea to experience.

However, when the real devil appeared, he suddenly found that his mind could not feel Ye Chen!

I can't even feel everything on the island of Zhenji!

He pondered for a moment. After ruling out the possibility of his brain water, he immediately arrived at Zhenji island. As soon as he entered the island, he regained his sense of the island, and soon found Ye Chen and the real devil.

When the youth finished, he looked at the real devil in front of him, and said in a deep voice, "this guy is very strong. I'm afraid I can't beat him. This Zhenji island has been blocked by his strength. You can't contact people outside the island here. I'll hold him down first. You can run out and ask elder martial sister Zining to help."

The real devil separated himself to smell the speech and glanced at Ye Chen. Ye Chen suddenly felt the intention of killing him. Obviously, the real devil didn't care to take Ye Chen away. He had to be killed first!

"Evil thing, although I can't beat you, but you want to kill people in front of me, don't you look down on people?"

When the frivolous young man spoke, the whole person suddenly exuded an indescribable and extremely clear meaning. For a moment, the young man seemed to be the master of the world. His whole body exuded a faint silver light. The attack of the real devil on Ye Chen was instantly eliminated under the illumination of this silver light.

Ye Chen opened his eyes and looked at the youth who looked like a God. What was that just now?

What is the power that is invisible and powerful enough to make heaven and earth fall?

Xiaoyao Shenjun said: "boy, that's the power of the law of heaven and earth. You're a good elder martial brother. You're much better than other martial artists in the realm of nature. You can resist the real devil. Now, leave Zhenji Island quickly!"

Ye Chen immediately no longer hesitated to fly away from Zhenji island!

The real devil separated himself and felt that the law of heaven and earth bound the whole body, and had to confront the youth in front of him. He said grimly: "humble human, do you dare to hinder me? Interesting, I will satisfy you, let you experience the extreme torture. "

The young man of xuanyuezhong frowned: "I'm sorry, I have no interest in men, especially those who look ugly like you. Please don't use such suggestive words when talking to me. It will make people misunderstood."

Boom!

The pure evil spirit collides with the light silver on the youth, and the space seems to be collapsing

At this time, ye Chen is flying away from Zhenji island!

He felt his brow.

There seems to be strength to rush out.

It should be the devil's eye that feels the power!

However, due to some restrictions, the devil's eye still can't wake up.

But before he flew out of the island, he suddenly got up and flew to Zhenji island. In a blink of an eye, he disappeared in the sky.

Ye Chen looks at that magic shadow slightly a Leng, how to return a responsibility, oneself that suddenly appears elder martial brother so quickly to fail?

A silver glow suddenly appeared beside Ye Chen, and the figure of the frivolous youth emerged. At this time, he was covered with blood and looked pale, looking like a dying man.

The young man wiped the blood on his face and said to Ye Chen: "younger martial brother, that demon clan is really cunning. He pretends to pursue you regardless of the injury, which distracts me. Now that he runs away, I may not be able to hold on to it. Since he has left, the shield should also disappear. Please contact sister zining to come over..."

Said, he suddenly spit out a mouthful of blood, blood seems to be mixed with visceral debris.

The young man gasped: "by the way, ask her to bring me a healing elixir." Finish saying, unexpectedly eye a close, momentarily faint past.

Ye Chen quickly caught the young man and called out, "Hello, elder martial brother, are you ok! What if the real devil comes back now? "

See that youth has no response, ye Chen reaches out the hand to feel a time, slightly frown.

He got Lin Qingxuan's medical skills. He was qualified even in Lingwu mainland.

However, he found that the young man's injury was not as serious as he had imagined.

What's going on?

Ye Chen did not think much about it. He glanced at the direction of the real devil's escape. He quickly took out the jade talisman and said to Zi Ning:

"elder martial sister, come to Zhenji island! There is a real devil on the island, and a senior brother is seriously injured! "

Soon zining came to Zhenji island. She said anxiously, "Ye Chen, are you hurt?"

Ye Chen shook his head and said, "I'm ok, but this elder martial brother..."

Zining see ye Chen nothing, a sigh of relief, but soon, she was surprised to see ye Chen and said: "Ye Chen, your breath..."

Ye Chen light smile way: "nothing, these two days have a little harvest just."

Even though zining's qualification is quite evil, seeing ye Chen's speed of practice is a little unacceptable. Is that a little harvest!

He has only come to Zhenji island for a day or two, and his sense of danger is even stronger!

The key is that ye Chen's breath is still very strong, and there is no sign of unstable foundation. If this is called a little bit, zining doesn't know what is a great harvest

However, after all, her accomplishments far surpass Ye Chen, and it is not a big deal how fast the Hunyuan realm can be improved. She also did not ask Ye Chen what to do.

Instead, he glanced at the unconscious young man with a plain face, and suddenly kicked him on the other side's head and said coldly, "don't pretend, get up quickly."

Chapter 1655

The leaf Chen sees the shape, the corner of the mouth draws.

At the same time, he took a shocked look at the young man who was kneading his head and stood up from the ground.

He finally understood why there was a problem with his check just now. It turned out that this guy was pretending to be

Zining said to Ye Chen, "Ye Chen, you should take the time to continue the assessment. In order to prevent the real devil from returning, I will stay near Zhenji Island temporarily. You don't have to worry."

Then she glanced at the gold robed youth beside her and said, "hum, the leader sent you such an unreliable guy to supervise. If ye Chen made any mistakes at that time, I can't spare you."

The young man in golden robe said wrongly, "isn't it all right, younger martial brother..."

Ye Chen took a look at the young man in gold robe and said, "thank you for your help. I'm Ye Chen. I haven't asked the elder martial brother's name."

The young man said with a smile: "don't be polite. It's just your duty. My name is Meng Xingyun. My master is the leader."

Ye Chen looked at the young man's clothes and said, "elder martial brother Meng is a secret disciple of the family?"

Meng Xingyun Chin a Yang way: "good, I also just graduated from the Shenhuo college, back in the door."

Ye Chen nods, and he is surprised. The Shenhuo academy is really extraordinary. Meng Xingyun is less than 30 years old. He has such accomplishments. On the one hand, Meng Xingyun is gifted. On the other hand, we can see the strength of Shenhuo Academy. It is not easy to teach disciples like Meng Xingyun.

He was more curious about the Shenhua Academy.

After that, zining and Meng Xingyun went to the cave where Baike had been. They destroyed the array in the cave and the medium for summoning true demons to separate souls. They searched the island again. After confirming that there was no problem, they left Zhenji island.

After leaving Zhenji Island, zining and Meng Xingyun stand in the sky above Zhenji Island, covering tens of thousands of miles with huge gods, but they can't feel the trace of the real devil's separation.

However, zining didn't want to find the real devil now. She opened her beautiful eyes and looked at Meng Xingyun and said, "what do you say? Ye Chen defeated two magic warriors in the middle of the Hedao realm on the island? "

Meng Xingyun nodded his head and said, "yes, younger martial brother Ye's strength is excellent, and he has the style of my time. Although the second demon cultivation is in the middle of the Hedao realm, his strength is not weak. You can feel the level of seven layers of the Hedao realm on Zhenji Island."

He is very clear about ye Chen's actions on Zhenji island. Although there is a certain suppression of deities on Zhenji Island, it is not a big problem for those martial artists like Meng Xingyun who have strong spiritual thoughts and practice.

Moreover, ye Chen has the mark planted in the dark night, so Meng Xingyun can easily feel the trace of Ye Chen.

Zining heard the speech, and her pretty face showed a very moving smile. It seemed that she still looked down on Ye Chen. Even though the trial conditions were extremely harsh, ye Chen could not be defeated.

.....

At the moment, ye Chen gently breathed a breath, this time, it was not dangerous, but he also deeply felt the lack of his own strength.

It's just a trace of the true devil's soul, or it comes from Bai Ke's remnant body. In fact, the force may be less than one thousandth of the body. But even so, the real devil's body has the power to kill Ye Chen in seconds.

He is now closed to six gods and kings, unable to use.

The power that can be activated is a strange temper.

The eye of the devil is sleeping.

The cards are too few after all.

Ye Chen's eyes coagulate, this Lingwu continent is full of crisis, he must quickly improve his strength, otherwise, even he may die!

At present, the most convenient way to enhance the strength is to find a way to wake up the devil's eye!

If the devil's eye wakes up, maybe all the things in Zhenji island can be used by him!

He is not afraid of the real devil!

What did he think of? He took out the Geng gold from Baixe, and his face showed a strong smile. Since refining the spirit of Geng gold, he has been able to clearly distinguish the grade of Geng gold. This small piece of Geng gold can be divided into four grades according to quality: low-grade, intermediate, high-grade, and each grade is divided into three levels: inferior, medium and high.

What he smelted before was only the lowest and inferior Geng gold, but now he has this one, which is lower and higher, and the quantity of this Geng gold is more than ten times that of the previous absorption!

If the Gengjin is traded, it can definitely be exchanged for an unimaginable wealth.

It's no wonder that Lin Yang knew that Zhenji island was so dangerous and Baike had such a strong strength that he still ventured to pursue Baike on the island for Gengjin.

Ye Chen looked at the small piece of Geng gold for a while, then put it away. Instead of being in a hurry to refine it, he took out a jade talisman and contacted Zhu Liang. He was not a man who broke his promise. Since there was a prior agreement, he would give Zhu Liang what he needed.

Soon, Zhu Liang found Ye Chen. They looked at each other and felt that they had survived. They could not help but smile.

Zhu Liang said with a smile: "brother ye, you are really the reincarnation of the true God. The real devil incarnation should have chased you at that time? How can you survive What's more, the real devil has left Zhenji island... "Although Zhu Liang didn't know what happened, his spirit still sensed the fluctuation of the fight between the real devil and Meng Xingyun, and he had some conjectures. He had intended to escape directly to the zongmen, but when he saw that the real devil was away from the island, he did not dare to leave Zhenji Island rashly.

Ye Chen gave a brief account of what happened. At this time, Zhu Liang knew Ye Chen's identity. He looked at Ye Chen in shock and said, "no wonder brother Ye is so powerful that he is a disciple of xuan yue zong."

Ye Chen is not wearing xuan yue zong's clothes, so at first Zhu Liang and Lin Yang did not recognize.

Ye Chen threw Bai Ke's storage bag to Zhu Liang and said, "take what you need."

Zhu liangyixi took out a transparent crystal from his storage bag. His fingers rubbed the crystal stone and exclaimed:

"originally, this crystal belongs to my elder martial brother who was killed by Bai Ke. I had already agreed with him on the trading terms. I also wanted to get what he needed. I planned to come out of the secret place and give it to him after returning to the sect, He never had a chance to go back to the door again... "

Ye Chen is slightly silent. This is Lingwu land, a cruel world of the jungle. There is no so-called fairness. There is only strength.

He looked at the crystal and said curiously, "what is this?"

Zhu Liang said with a smile: "this is the Dixian stone, which is also a kind of extremely rare spiritual material. It has many functions. For a warrior who has the spirit body of earth view, the value is far more than this."

Ye Chen nods. The Dixian stone is just like the value of Geng Jin to Ye Chen.

Zhu Liang took the Dixian stone and returned the storage bag to Ye Chen. He said with some embarrassment: "there is one more thing I want to ask brother ye to help."

"Oh? Tell me about it. " He now and Zhu Liang is also some friendship, Zhu Liang personality, ye Chen or recognized, to help him a little help, there is no need.

Zhu Liang said: "I'm not far away from Zhenji island. You know, after the real devil separated from the island, I don't know where to go. I dare not leave the island rashly.

And because of the complexity of the Baike affair, I can't contact the elder members of the clan to come here. So, I think after brother Ye finishes his trial, I can ask the master of xuan yue zong to send me back to the sect... "

Ye Chen smelled speech and said with a smile: "this little thing, naturally can."

After he agreed to Zhu Liang, ye Chen found a cave suitable for seclusion with the help of Zhuliang spirit body. Now he has to adjust his body to the peak state and begin to refine the low-level and high-level Geng gold.

And, he wants to try, can wake up the devil's eye!!!

Chapter 1656

Ye Chen sat in the cave, opened his eyes, his eyes were full of light, and his whole body was full of momentum. He stopped hesitating, took out the Geng gold and began to refine it.

Strands of gold are separated from the Geng gold and melt into Ye Chen's body

While refining, ye Chen is also looking at the state of the devil's eye.

He can clearly feel the power surging in the center of his eyebrows.

As if ready to rush out!

However, a stronger force is suppressing.

On the occasion of Ye Chen's concentration, a joking voice suddenly rings from the reincarnation cemetery!

"Oh, Gengjin, although the level is lower, it is also worth a lot. You should have such a thing."

"No, there is a trace of gold in your breath."

"It's the second piece. It's good luck."

Ye Chen, who is refining, is stunned when he hears the voice, because it comes from the tombstone that can be moved by the samsara cemetery!

Of course, it can be triggered, but the power has no intention to come out.

Extremely proud.

What's more, ye Chen knows that Gengjin, which can make the samsara cemetery's power and the devil's eye be interested in at the same time, must be more terrible than imagined.

"How can you come out? What's more, listen to your tone, not from Kunlun Xu? " Ye Chen Dao.

Soon, a faint voice came from the tombstone: "Kunlun Xu? I'm not Kunlun Xu. Those wastes can be compared. "

As soon as this word came out, a anger flashed on the face of the God King, the happy God King and the nine dance God King.

But soon, the anger disappeared.

Because they know that the power of noumenon is not the rival of the voice.

The same is true of divinity.

However, ye Chen said: "they are my masters. You are not allowed to insult them. If you insult them again, you will not want to step out of the reincarnation graveyard."

"I am the reincarnation tomb owner, you should know that I have this ability."

Threat!

A naked threat!

Hearing this sentence, the three gods of samsara cemetery all flow through a warm meaning.

They have no regrets to give ye Chen strength.

At the same time, the tombstone that can be moved fell into silence. I don't know whether it is afraid of Ye Chen or displeased with Ye Chen's behavior.

Ye Chen doesn't intend to pay attention to it. As the reincarnation tomb owner, he doesn't believe that the great power in the tombstone doesn't come out!

Just as he was preparing to continue refining Geng gold, his eyebrows were burning with a strong feeling.

However, the fury of evil spirit swept over the whole body!

Ye Chen heart a joy, this feeling, is the devil's eye feeling!

"Are you awake?"

Ye Chen said to the air, but there was no reply.

When ye Chen thought he thought more, a voice from Jiuyou suddenly rang out!

"Give me part of Gengjin!"

"The place where you are is full of evil Qi. If I refine part of it, I will recover to some extent."

Ye Chen smiles at the corner of his mouth.

The voice was so familiar to him that it came from the eye of the devil!

Sure enough, Gengjin can wake up this guy!

"Good."

Ye Chen's words fall, his eyebrow heart suddenly shoots out a magic light!

In the magic light, it seems to be an eye penetrating the nine hell!

Then, a magic hand stretched out and caught the Gengjin.

"Click!" A sound, most of the Gengjin has been taken away!

Leave only a small part to Ye Chen!

However, ye Chen did not feel any depression, he felt the power of the devil's eye!

The eye of the devil is worth more than Geng Jin.

"Boy, this island is full of evil Qi, which is suitable for my recovery. In addition to the Gengjin, it will not be long before I can fully wake up and even recover part of the power of noumenon."

"Although I am a devil, I am not a member of the demons. I will repay your kindness."

"And, thank you."

The devil's eye said thank you, and he was completely silent.

At this moment, ye Chen found that the devil's eye is more righteous than some of the strong.

It seems that the demons are not all bad people.

"Forget it, the devil's eye has been solved. There is only a small part of Geng gold left. Refine it."

"The effect may not be strong, but it still works."

.....

A few hours later, a dazzling golden light burst out from the cave. It sounded like a tiger's roar. After a while, the golden light gradually stopped. Ye Chen came out of the cave, full of surprise.

Although his cultivation is still Hunyuan realm, the breath is more powerful!

When ye Chen clenched his fist, his fist exuded a strong golden light. With his current strength of Gengjin Qi, he used a golden Sha knife to cut it. Even Bai Ke could not take his knife without being hurt! He doesn't even need to use three knives to kill Baike.

In addition to the spirit of Gengjin, on the other hand, his body is powerful several points!

Now his casual fist is like the power of an ancient beast, and his flesh is more tenacious! I'm afraid I can defend the Taoist immortal's tools with my body.

The blood essence and the reincarnation formula of gods and Demons given to me by the eternal king are against the heaven!

If you give him enough Geng Jin, I can't imagine it!

"Boy, don't be too proud. The amount of blood essence of ancient fierce beast in your body is too small, and the Qi of Gengjin that can be absorbed is also limited. Moreover, the low-level Gengjin can improve the level of the body, and it is also very limited."

Ye Chen hears the speech and laughs. Even so, with his current strength, he should be able to easily defeat the green eyed devil snake. After all, the more powerful existence in the green eye snake is equivalent to Bai Ke.

Zhu Liang was originally protecting the Dharma for ye Chen. When he saw that ye Chen's whole body was emitting more intense Qi of Gengjin, even if he had guessed, he could not help but look surprised.

Is it true that human beings can devour Geng Jin for their own use? Isn't that horrible?

It's hard to bear the Qi of Gengjin, even if it's of poor quality. It's conceivable that ye Chen can refine the Qi of Gengjin into meridians and use it freely?

He can't help but think of the legend about the ancient fierce beast. Is Ye Chen's blood related to the ancient fierce beast?

"Brother ye, you are stronger again." Zhu Liang wry smile way, and ye Chen stay together really too hit people.

Ye Chen said, "brother Zhu, can you feel the smell of green eyed snake around here?"

Zhu Liang closed his eyes and felt a way: "there is indeed a green eye devil snake's breath Wait There's something strange about the devil snake... "

Not waiting for Zhu Liang to finish, ye Chen took out the snake fragrance. As soon as he was urged by the spirit, the snake fragrance in his hand immediately turned into smoke and drifted around.

At this time, ye Chen turned his head to Zhu Liang and said, "what did you say just now?"

Zhu Liangzheng is ready to answer, but not far away, suddenly came a loud noise, dust all over the sky, roaring constantly.

The momentum of terror even makes Ye Chen feel the opportunity to kill.

Extremely cold killing machine!

Chapter 1657

Ye Chen looked in that direction, but saw a huge body, all black scales, a pair of blue eyes flashing cold light of the big snake leaping to his position, it is the green eye devil snake!

However, different from the common green eyed snake, this green eyed snake not only has a bigger body, but also has a single horn on its head!

Ye Chen looks at this demon snake doubtfully. Does the green eyed snake have long horns?

Zhu mieshen Jun said: "this is not an ordinary snake."

Xiaoyao God Jun brows tight, for a long time did not say a word, finally light Yi way: "unexpectedly is a variant."

"Mutants?"

Xiaoyao God continued: "some monsters, Warcraft or blood variation, or part of the atavism, will be transformed into some different from the same species, these species, often more powerful than the same kind."

Ye Chen feels that the green eyed snake is more powerful than Baike, and he can't help but smile with a bloodthirsty smile.

"I wonder if this mutant snake is more delicious than the bloody crocodile?"

Xiaoyao God Jun gave Ye Chen a white look and said, "boy, the stronger the Warcraft is, the more delicious it will be. Moreover, mutants will generally have unique magical powers. If you eat it, you may also get some unexpected harvest."

Ye Chen smiles and starts with a long knife. He immediately meets the green eyed devil snake. He raises his hand and cuts out a golden sword. The tiger roars in the shape of a tiger. The tiger emits a turbulent golden light, which is extremely dazzling.

Wish cool see this face color big change, leaf Chen become strong again!

He had the strength to kill Baike, but now he is strong again!

The green eyed serpent was so convinced that it had sensed a kind of fragrance full of temptation for itself and came to find out the truth. However, when he arrived here, he saw a golden blade that even he felt dangerous!

However, the green eyed serpent flashed a fierce look in his eyes, and he was staring at the tiny figure in front of him. He did not give in at all. His single corner on his head suddenly condensed a little blue light!

A roar, a pale blue thunder fire from a single corner, hit Ye Chen's golden knife awn, but both disappeared!

When ye Chen saw this, he was also slightly surprised. The thunder fire was so strong that it was far stronger than the blood flame of the blood tattooed crocodile!

It seems that this strange green eyed snake is not so easy to deal with.

The magic snake's strike counteracts Ye Chen's blade, but he doesn't continue to use thunder and fire. It seems that this magic power can't be used continuously or consumes a lot.

Its whole body muscles contracted and tightened to the limit. The whole body of the snake seemed to have shrunk twice. Then it suddenly bent and bounced. The earth shook. The snake's body suddenly burst out a very strong force, like a huge black feather arrow, shooting at Ye Chen!

Zhu Liang's face was pale. He had great confidence in Ye Chen's strength. After seeing this strange snake, he was not sure that ye Chen could win.

How fast!

Ye Chen is startled at the appearance, and the body moves to avoid it.

However, the snake twisted in mid air and chased Ye Chen. Ye Chen's face changed a little, and the distance was too close. At this time, it was too late to dodge. It was only necessary to stimulate the hard resistance of the sky scale armor!

The silver light on the sky scale armor was in full swing. It collided with the one horn of the snake's head. The sound was loud and loud. The silver light that wrapped Ye Chen was shaken and flew upside down.

"Grass!" Ye Chen scolded. The attack of the strange snake had reached the level of all the warriors in the later stage of the combination of Taoism. It even shook the protection of the sky scale armor. In order to resist this attack, ye Chen paid a great price!

However, after this attack, the snake did not continue to pursue, but its body slightly fluctuated and absorbed the evil Qi in the air. It seems that the consumption and burden of this evil snake are not small, and can not be used continuously.

Reincarnation cemetery dragon chant repeatedly, blood dragon seems to rush out!

After all, in front of the dragon, what is the magic snake!

However, ye Chen still stopped.

After all, the contract between him and the dark night clearly states that we can not use external forces, we can only rely on ourselves.

He didn't want to break the contract.

Ye Chen looked at the demon snake and said with a cold smile, "it's my turn now!"

His spirit power surging, quickly flew to the green eye demon snake, and at the same time, he displayed the true spirit change!

During the flight, ye Chen held the long sword in both hands and raised it over his head. He roared with all his strength to cut it out. The tiger roared. The sword was full of meaning, shining gold, and surrounded by blood flame!

The serpent didn't dodge when he saw it. The fierce light in his green eyes was generous, and he tightened his body again.

At the same time, there was a little blue light on the top of the head, and the thunder and fire were rising. When the snake body shrank to the extreme, it was just when ye Chen's sword was approaching. With a roar, the earth under the demon snake was broken and shot at Ye Chen!

However, ye Chen has no spare power to stimulate the sky scale armor. He has to fight with the devil snake!

Golden light and blue fire intersect, heaven and earth die!

The powerful energy burst out, where ye Chen and the devil snake are, a mushroom cloud rises instantly, and everything around them disappears. Wish cool face crazy change, sacrifice that strange scale, instantly into his eyebrow, magic Qi rolling, will protect himself in the center.

Ye Chen and the devil snake fight to produce the aftereffect, unexpectedly need him to resist with all his strength!

High in the sky, zining and Meng Xingyun are also looking at Ye Chen, especially zining!

When did ye Chen become so strong!

How long has it been since he killed Huang Ming!

Meng Xingyun's eyes twinkled, and he knew that ye Chen became stronger again.

Finally, the aftereffect dissipated, and ye Chen and the green eyed snake appeared.

Ye Chen was covered with blood at this time. Even though he was wearing the sky scale armor, he still had a big cut in his chest by thunder and fire, and the wound was blackened. If he was a common warrior, he would have been on the verge of death and lost his fighting ability.

However, although Ye Chen's breath is disordered and gasps heavily, it seems that it does not affect his actions.

He was staring at the snake in front of him, bloodthirsty and cruel.

If ye Chen is seriously injured, the devil snake is far worse than him!

From the top of the snake's head, the snake's head has been cut open like a snake's head!

The strange green eyed snake, lying on the ground with weak breath, could not live at all.

Ye Chen raised a cold smile at the corner of his mouth, and chopped at the seven inch key of green eye demon snake!

The head of the snake was chopped to pieces.

Ye Chen sees this and breathes out a breath. It's really hard to deal with this strange snake. Fortunately, he is wearing a sky scale armor. Even if it is not excited, the material itself has a strong protection ability. Otherwise, he may be hurt more seriously.

But when ye Chen slightly relaxed, Xiaoyao God Jun suddenly said: "boy! Be careful

Chapter 1658

When ye Chen hears the speech, he feels a very dangerous breath coming from behind him. He almost subconsciously dodges to one side. In a hurry, he excites a trace of the power of the sky scale armor.

Boom!

Although Ye Chen subconsciously evades, but can not completely evade, he looked at the bloodstain on the waist! In the case of barely stimulating a ray of protection of the sky scale armor, just a little scratch, it caused such a huge damage to yourself. It can be seen how terrible this attack is!

He took a precious pill and took a deep breath to mix it up.

He stares at the green eyed devil snake with a single horn on his head, which is only the size of a man in front of him. The light from the corner of his eyes sweeps to the body of the snake on the ground. At this time, the corpse of the snake turns gray and dissipates with the wind.

What's the situation?

Ye Chen is a bit muddled, is this desquamate?

Can you still come back from the dead?

Xiaoyao Shenjun said: "this demon snake has some qualifications. It has awakened the similar low-level divinity transformation skill."

"What is that?" Ye Chen said strangely:

the Xiaoyao God King said: "with the same ability as Phoenix Nirvana, some races can molt to recover as long as they have one breath. However, there are some side effects and limitations. This kind of magical power is common in some advanced snake and dragon creatures."

"Grass!" Ye Chen looked at the green eyed devil snake, which was infinitely small in front of her eyes. "Isn't it impossible to kill?"

Xiaoyao God Jun said with a smile: "this little snake's molting is much lower, and it can't be used any more. Moreover, after molting, it is not in full swing. The blow just now has consumed most of its strength. Now you can easily defeat it."

When ye Chen hears the speech, he no longer hesitates. His breath is locked, and his knife light flashes continuously. He cuts the strange green eye demon snake the size of a man into several pieces.

Later, ye Chen did not immediately withdraw the knife, but watched the snake corpse with vigilance. After confirming that the green eyed devil snake had really died, he put away the snake blood snake corpse on the ground and took out its demon pill.

At the same time when ye Chen received the knife, zining immediately appeared beside him, frowned at the amazing wound on Ye Chen's body, and said in a hurry: "Ye Chen, how are you?"

Ye Chen looked pale and said with a smile: "this little injury is nothing. By the way, elder martial sister, I have a friend who is a disciple of the jiusha devil sect. The true devil's body may still be nearby. Can you send him back to the sect?"

Zining hesitated for a few seconds, or nodded: "nature can."

Although she is a demon disciple, she shouldn't have done it.

But since it is Ye Chen's friend, she still wants to give ye Chen some face.

Ye Chen a smile, will take Zhu Liang to come to meet, but he just turned around, on the face of a change, in front of a black lost consciousness.

Zi Ning holds the fainted Ye Chen, frowns tightly to explore Ye Chen's state. After confirming that he is not in a big way, she breathes a sigh of relief. After feeding a pill into Ye Chen's mouth, she takes him and Zhu Liang to the boat.

However, just as the boat was about to open, ye Chen suddenly opened his eyes.

Zining was stunned: "younger martial brother, why do you wake up so quickly? Just started. "

Ye Chen saw that the boat had not yet started. He took a long breath and quickly stood up: "elder martial sister, I'm really sorry. I can't go back to xuanyuezong now. I want to go to tianwu city nearby."

"A friend is waiting for me. It won't be long."

Zi Ning slightly frowned, but she also remembered that when she first came here, ye Chen seemed to have mentioned a mouth.

"In that case, I'll send your friend off first and come to tianwu city to pick you up."

"Don't waste too much time, elder martial sister."

Ye Chen nodded: "good."

He didn't know how Ji Lin and Liang XueYue were. Since this place was close, he still wanted to see it.

As for the stone tablet of reincarnation, I can't be anxious.

.....

Ye Chen said goodbye to zining and came to tianwu City alone.

Before entering, he contacted Liang XueYue in advance with his message.

Five minutes later, a blue shadow rushed towards Ye Chen!

Ji Zhenglin!

Ji Lin jumps onto Ye Chen's body. His feet hook Ye Chen's waist, and his double rings around Ye Chen's neck, just like a koala.

"Ye Chen, ye Chen! You're here at last! I'm bored to death! "

"These days, Liang XueYue doesn't allow me to leave the house for half a step. I can only practice. It's so boring!"

"If you don't come again, I'll get moldy!"

"However, my strength is advancing by leaps and bounds."

Ye Chen glances at Ji Lin and is suddenly stunned. He finds that he can't see through Ji Lin's accomplishments.

Either Ji Lin's strength is stronger than himself, or his blood is completely inspired.

It's not simple.

Ye Chen looked at Liang XueYue and nodded to each other. Then, he said, "let's go."

"Good."

.....

Tianwu city is very close to luochahai.

Luochahai is surrounded by islands, and the only city is tianwu city. Because the secret place of demon saint is about to open, tianwu city is full of people and the whole street is full of people.

In addition, Baili, Beitang, Duanmu, Linghu family, huohuojiào, xuanhui, Feiyu Pavilion, and fierce demon palace all gathered in tianwu city.

Ye Chen did not find xuan yue zong and other sects. It must be that xuan yue zong is not interested in this kind of secret place.

I don't know how many people are attracted to the secret place of the demon saint. Of course, there are also some hidden poison practitioners who want to inherit the thousand poison God King.

For poison cultivation, only the inheritance of thousand poison God King can attract them.

Ye Chen and Liang Xue Yue find a tavern. They just walk in and see the disciples of the evil evil palace.

Ye Chen didn't like the disciples of the evil demon palace. He had killed many at the beginning.

Find a remote corner, ye Chen and Liang Xue Yue call the waiter to serve.

When ye Chen was ready to leave after eating, a man suddenly stopped him.

"Ye Chen, I didn't expect you came to tianwu city."

The person who spoke was the disciple of the evil devil's palace. At first, ye chenkeng killed the elder of the evil demon palace in Tianjian city.

It is not only that, but also robbing them of their treasures.

The whole western regions hate Ye Chen most.

They never thought, disappeared for a period of time ye Chen, unexpectedly appeared here!

Ye Chen turns his head and turns to look at the disciples of Tianmo palace. He has the strength of seven layers of heaven in Hunyuan.

"What? You want to do something to me? "

Ye Chen is too lazy to pay attention to a disciple of seven layers of heaven in Hunyuan state, and he has a lot of gratitude and resentment with the evil devil palace.

If he wants to make a move, ye Chen doesn't mind cutting him with a sword.

"You..."

The fierce demon palace warrior dare not answer. Although he is a seven layer heaven in the Hunyuan realm, he is still a little afraid of Ye Chen's hand.

Ye Chen is in the whole western regions. The warlords of Hunyuan state don't know how many killed Ye Chen. If they want to kill Ye Chen, only the God King of Hedao realm can do it.

Chapter 1659

And it should be combined with the existence of the later stage and even the peak of the Taoist realm!

Ye Chen can't use the realm to determine his fighting power.

"If you dare not, what's your dog's name here?"

Ye Chen's mouth corner a wisp of sarcastic smile, fierce demon palace disciple, see ye Chen's ridicule, the face turns red.

"I don't dare to fight you. Naturally, some people dare to kill you."

The evil spirit palace disciple finished saying, directly rushed to the high altitude to roar!

"Ye Chen appeared in tianwu city!"

In a word, ye Chen is directly exposed in tianwu city.

Tianwu city is full of great forces. Naturally, there are many people who want to kill Ye Chen.

"Looking for death!"

Ye Chen doesn't intend to use the power of Geng Jin to directly take out a Hunyuan immortal tool and cut it out with a sword.

"Bang!"

When the sword goes down, the sword light directly cuts off the neck of the fierce demon palace disciple, and his head falls to the ground from the high air.

Ye Chen put away his weapons, feeling a breath, is constantly approaching.

These people are obviously not from good sources. At the beginning, ye Chen slaughtered too many people in Tianjian city. I'm afraid some of the forces from all sides died in Ye Chen's hands.

Once Ye Chen appears, how can they let go.

"Tianwu City, we're afraid we can't stay."

Liang XueYue smiles bitterly. Now ye Chen is in the western regions. Either he will not be found, or he will attract countless people to pursue him.

"Liang XueYue, you take Ji Lin to leave first, and then we will meet in the secret place of demon saint."

Ye Chen also knows his own situation, Liang XueYue with him, will only be more difficult.

After all, he doesn't have to worry too much about himself. Once someone catches Ji Lin, he can't help it.

This is his weakness.

"Ye Chen, what are you doing? We just met and you are leaving again?" Ji Lin was discontented.

Ye Chen touched Ji Lin's head and said with a smile, "it won't be too long."

"I see, you men are so day and night, not single-minded at all."

"I was going to say something nice for you in front of my sister, but now I have to think about it."

Ji Lin pouts his mouth and walks in a direction.

"Ji Lin, give it to me, don't worry!"

Liang XueYue nodded slightly, followed up, she also knew the current situation, no unnecessary nonsense.

After liang XueYue left, ye Chen took out twenty Hunyuan immortal utensils and five Hedao immortal utensils for a long time.

In the face of a person, maybe Gengjin's Qi and Jinsha are enough to be chopped.

But in the face of so many people, a thousand soldiers explosion is undoubtedly the most useful!

The people in the tavern have already left for fear of damaging the fish pond.

"Ye Chen, if you don't hide, you dare to show up."

"Today, everyone together to kill Ye Chen."

At this time, ten figures appeared in the sky. All of them were in the same realm.

They knew that it was no use killing Ye Chen.

Fierce demon palace, Baili family, Feiyu Pavilion, Duanmu family all appear in the sky, and there are even several breath coming.

"Ye Chen, today's tianwu city is your burial place."

Among them, the fierce demon palace, an old man with six layers of heaven in the realm of Taoism, denounces Ye Chen.

The old man's right arm has been broken, all because of Ye Chen.

"If you want to kill me, do it!"

Ye Chen is not afraid at all. He has been pursued many times. How can he be afraid of these people.

Ye Chen said, no one started, they also suffered a lot in Ye Chen's hands, even so many people, no one dares to look down on Ye Chen.

People who despise ye Chen are dead now.

Ye Chen is the only one who can make so many harmonious realms dare not to fight.

"What? There are so many old dogs in the realm of harmony. Even I, a Hunyuan state, dare not do anything, and they are not afraid to make fun of them. "

In the face of Ye Chen's ridicule, the veins on their faces burst out. When were they insulted by a hunyuanjing junior.

"Damn it, you don't dare. I'll kill him first."

The evil spirit palace, a martial arts man who combines the two levels of the Tao, comes to Ye Chen in a flash.

Raise your arm and want to kill Ye Chen with a fist.

The real intention of killing comes out of his body.

Ye Chen saw this scene, and then sneered. Although he could not kill him, he was not helpless.

"Get out of here!"

Ye Chen points a little, and a ray of light rushes to the second layer of heaven in the Hedao realm.

He Dao Shen Jun of the evil spirit palace is not careless in the face of Ye Chen. He takes out a Hedao immortal tool and directly cuts the light of Ye Chen.

Boom!

With a blast, ye Chen rushed into the sky, holding a long sword in his hand, and chopped at the neck of the God King of he Dao. In the face of Ye Chen's attack, the fierce demon Palace Shenjun blocks with a sword. At the moment of blocking, ye Chen directly raises his left arm, clenches his fist, and hits the abdomen of Hedao Shenjun.

He Dao Shen Jun of the fierce demon palace directly steps back.

In the sky, looking at the fight of the God King of the road, eyebrows pick, at the beginning of Ye Chen facing the God King of he Dao one layer of heaven, are not rivals.

The current combat power can even cause such a threat to the two layers of heaven in the Hedao area.

Growing up too fast!

They feel a strong sense of crisis, let Ye Chen grow up, who knows what height will be reached?

Not sure, one day let Ye Chen destroy their family.

Ye Chen can't stay!

Kill!

At this moment, all the God King of the way directly hands, in a moment, ye Chen's pressure doubled.

At the moment, ye Chen retreats from the front of the evil spirit palace God King, and directly retreats a hundred meters.

"If you want to kill me, you have to pay for it!"

"A thousand soldiers explode!"

At this moment, all the Hunyuan and Hedao immortal tools hidden in the dark all came out.

"No, the boy still has so many tools of he Dao and Hun yuan."

However, it is too late for you to leave.

Boom!

A huge noise detonated directly in the air.

After the explosion, I don't know how many soldiers were killed.

"Ah

Within the scope of the explosion, there were constant screams. The God King in the early stage of he Dao kingdom was caught off guard and was killed by the explosion without any dust left.

Ye Chen didn't stop and left without looking back. Although the power of the thousand weapons explosion was not small, it was unrealistic to let all of them die here.

After a while, they rushed out of the explosion.

They were covered with blood and looked miserable. Fortunately, they were powerful, otherwise they would have been killed.

"Damn it, this little bastard, you must kill him!"

"Chase, he can't run far. Once you catch him, you must let him live and not die!"

He Dao God Jun madly rushed to Ye Chen's escape direction.

They don't believe that there are so many God kings who can't catch one ye Chen.

There are not so many monsters in the original mountains.

How fast can ye Chen's speed and where can he escape without the help of monsters?

Chapter 1660

Ye Chen just escaped less than 100 interest time, he saw a group of God King of the road in pursuit of him.

The speed of these God Kings is getting faster and faster. One by one, they take out the fastest speed and swear to kill Ye Chen.

After all, ye Chen's threat is too great.

Ye Chen turned his head and looked at it with a frown. If he went on like this, sooner or later, he would be overtaken by this group of God kings.

Although he is not afraid of the God King of harmony.

But many of them are the strong ones in the later stage and even the peak of the Dao state.

He may not be afraid of a few.

Gold Sha a knife to cut enough.

But so many strong people work together against him. It's too bad for him to consume!

Elder martial sister Zining didn't come so soon.

He must find a way to lure these people away, otherwise Liang XueYue and Ji Lin will be in danger.

So Ye Chen escaped from Tianwu city and decided to go to Luochahai.

There are countless islands in Luochahai. As long as Ye Chen can enter an island, he will have a chance to escape.

In front of Ye Chen, the endless sea area, the sea is rough.

At this time, Ye Chen suddenly felt a sense of crisis. In front of Luochahai, several top deities at the top of the Taoist realm directly blocked the way.

The strength of the top God King, relying on Ye Chen alone, is not an opponent at all.

Escape!

There is only one idea in Ye Chen's brain, which directly changes the direction.

"You don't have a chance to run away from us."

See a few top God Jun, blink of an eye already came before ye Chen.

At this moment, the crisis of death, shrouded in Ye Chen's mind.

The power of the top gods and monarchs came, and they didn't leave a hand at all!

These powers are even as powerful as those of the immortal God!

Ye Chen will surely die!

Ye Chen's internal strength gushes out crazily, since there is no way out, he must find a way to directly rush past.

Otherwise, waiting for him is hopeless!

The power of Gengjin!

The shadow of the giant tiger breaks out!

At the same time, the blood dragon virtual shadow also rushed out at this moment!

So many strong people join forces to strike, but far more than the power of the God of God!

Ye Chen can only do so!

Boom!

Ye Chen hits several top gods with a fist.

"Your power is too small."

A few of the top of the king's mouth.

His strength is not a boy who just stepped into the Hunyuan realm can resist.

When ye Chen blows to the top God King's hand, a huge shock force directly shocks his blood.

Several top God Jun's strength, even if ye Chen uses whole body's bottom card, has no way.

There are wolves before and tigers after. This time, ye Chen is really in a desperate situation.

"Ye Chen, this little bastard, is injured. Let's kill him together."

"The top king of god hands, this little beast can't escape."

In the back of the road God Jun, see ye Chen whole person injured, all over excited.

This time, ye Chen is absolutely doomed.

Strong sense of crisis, more and more heavy, ye Chen forced to endure the pain, directly stood up.

He will never give up until the last moment.

.....

At this moment, inside the samsara cemetery.

Xiao Yao Shen Jun, Zhu Zhu Shen Jun, and even Jiu Wu Shen Jun are all standing in front of a tombstone.

Suddenly, Qi Qi knelt on one knee.

"You look down on our apprentice, but he is worth your effort."

"He is the belief of our reincarnation cemetery!"

"Please do it once."

"We are no longer strong enough."

"We are willing to contribute some energy!"

The tombstone was extremely silent.

I don't know attitude.

Xiaoyao Shenjun can feel the crisis outside Ye Chen. Now a great master of samsara cemetery wakes up and can not solve the problem for ye Chen.

.....

Outside.

Ye Chen was directly surrounded by many gods.

These gods and princes form a circular encirclement circle, directly encircle Ye Chen, and do not give him any space to escape.

Ye Chen did not open his mouth, looking at many gods, a bitter smile in his heart.

He could have run away. Who knows there will be so many top gods.

Since you can't escape, fight to death!

At this moment, ye Chen is ready to die in battle. Even if he is afraid of death, he wants these gods to break their muscles and bones.

"You can run, you little bastard? Why don't you run! "

"Ye Chen killed a thousand disciples of our sect, and he will pay his life today."

There are many things that ye Chen did, and some of them were framed by the Dugu family."It's too cheap to kill this little bastard directly. Let's fight together and crush him a little bit directly."

These God kings, one by one, burst out their own momentum. Now it is easy for them to kill Ye Chen, but it is difficult to solve their hatred.

The terrible pressure directly hits Ye Chen.

Pooh!

Ye Chen a mouthful of blood spurt out, face endless pale, pressure wants to let him kneel.

Ye Chen shivers all over, and his mouth overflows with blood. However, ye Chen's spine has never been bent, even if there is no trace of it.

Blood overflows from ye Chen's skin. Within ten breath, ye Chen's whole person has become a blood man.

"Ye Chen, as long as you kneel down, we can't spare your life."

One of them opened his mouth, but ye Chen gave a ferocious smile and spat out a mouthful of blood from his mouth and spat it directly on the face of the God King.

"A group of old dogs, if you want me to kneel down, you deserve it?"

Ye Chen is a proud man, even in the face of heaven, he has never been bent. In this life, he only kneels down to his parents, others? No such qualification.

"Well, you little son of a bitch, you dare to speak hard when you die!"

The voice falls, the pressure on Ye Chen body, suddenly direct heavy many.

Ye Chen took out a Hunyuan immortal utensil and inserted it on the ground to support it.

"If I don't die, all of you will die in the future."

Ye Chen's blood red eyes, staring at these people's cheeks, put their faces in mind.

Seeing this scene, they were shocked.

If ye Chen is allowed to escape, none of them will survive.

"Disciple, someone can help you. Let go of your mind and let that person control your body."

At this time, the free God King in the samsara cemetery opened his mouth.

Originally Ye Chen holds the heart that must die, hears the words of the free God King, slightly nods.

What did he guess.

But he couldn't figure out why the arrogant existence was willing to help himself.

At this moment, ye Chen completely let go of his mind and a divine thought directly entered his body.

At this moment, ye Chen's temperament has changed, less arrogant, more indifferent.

Not only that, the mind entered Ye Chen's body, and ye Chen's breath soared from the first level of the Hunyuan realm to the sixth level of the Hedao realm.

"What's going on?"

He Dao Shen Jun, who besieged Ye Chen, changed his face. Just now, the breath of Ye Chen disappeared obviously.
