

Physician 1671

Chapter 1671

Ye Chen represses his inner feelings and continues to open the second page.

There is no portrait on the second page, just a few words.

"The Lord of reincarnation, ye Chen, will lead my family to recover the supreme glory after ten thousand years!"

Ye Chen only feels funny in his brain. For no reason, he becomes the reincarnation master of Linghuang. How can it be possible?

"This is my family, a strong man who has the supernatural power, and works it out by his own life."

Ling Lao slowly opens his mouth, but ye Chen doesn't know how to say it.

The patriarch of Linghuang is not able to cheat himself with pediatrics.

The fate of this thing, ye Chen has not believed that the so-called fate should be in their own hands.

But a strong man against the sky, in his birth, has calculated that ye Chen will come here.

At this moment, ye Chen only felt an unreal feeling.

However, with the outside of the mysterious old man's lesson, ye Chen also accepted the reality.

"Linglao, I don't know whether I am the reincarnation master or not. But you also know that I'm just a layer of Hunyuan realm, and I'm afraid I can't do it."

Ye Chen is not sure what forces Linghuang offended at first, but at least it is also a top family, and there is definitely more than one.

He is now a Hunyuan state, to fight against the top family, that is not self sin can not live?

"You can rest assured that our Linghuang clan will choose revenge when you have enough strength."

"During this period, we Linghuang will try our best to assist you."

Hearing linglao's words, ye Chen is silent. If he can have Linghuang's help, he is no longer alone and has his own power.

According to Ye Chen, the lowest strength of linglao is xianzun. If he can have the protection of xianzun, he doesn't have to be afraid of the family of western regions, but once he agrees with linglao. In the future, we will face the top families.

"Linglao, I need to think about this. I want to ask where the teleportation array is. I want to enter the secret place of demon saint. I will give you a reply when I come back from the secret place."

Now ye Chen has no plans to form a force.

Once promised to linglao, he will face more powerful enemies in the future. Every step he takes may be an abyss.

Ling old eyes micro MI, hesitated for a few seconds, and finally nodded: "good."

"You come with me."

"Don't come out of the esoteric realm."

Linglao with Ye Chen came to a place where countless stones were piled up.

Among the stones there was a gleam of light.

"By the way, these things are for you, and you may need them. Think of them as a meeting gift for you."

"After that, you can practice Kung Fu."

With a wave of his arm, a drop of blood essence and a yellow ancient book fell in front of Ye Chen.

Ye Chen is at a loss. He can feel the power in the blood essence!

This is absolutely the essence of linglao!

The Linghuang clan is an ancient beast!

And their own refined blood before no two!

Great value!

"Go up." The voice of the old spirit rings.

Ye Chen wants to say what, however, an invisible force directly sent him to the transmission array!

Then, the whole transmission array shakes violently!

Next second! Space tearing!

.....

Ye Chen opened his eyes and found that he was sent to a strange area by the transmission array, surrounded by hot magma.

The sweltering heat wave, the sweat on Ye Chen's body, drenched the clothes.

"This breath It should be the secret place of demon saint! "

"There's something wrong with the Linghuang clan. Let's wait until we finish here."

Ye Chen looks around, all is boiling hot magma, the ground is blood red.

There are bubbles in the magma. Ye Chen finds that he can't fly to the void. Obviously, there are some restrictions in the demon saint's secret place.

Ye Chen realized that there was no danger around him. He sat down cross legged and took out the yellowing book given to him by linglao. Strangely, it was written that the magic changed!

This skill has no level, but it has an effect against the heaven. As long as you get the essence of the demon beast, you can condense the ghost of the demon beast.

And the content inside unexpectedly and tiger god evil spirit some similar!

Even like one person wrote it!

The tiger god evil spirit focuses on the body and strength, and the gods and Demons change special!

If it's just a mirage, there's nothing against heaven. The most important thing is to inherit everything from the monster.

This is where the gods and demons are really against the heaven.

At the time of parting, linglao also specially took out a drop of blood essence and gave it to Ye Chen.

Ye Chen is more and more shocked by the contents of the magic transformation. The person who created this skill is just a genius.

Now he can't wait to take out a drop of linglao's blood essence and refine it directly. Boom!

Essence blood boils in Ye Chen's body. At this moment, ye Chen seems to be burning.

The Qi and blood in the body is surging wildly. Ye Chen has no time to hesitate and directly runs the skill.

Violent blood essence, in his body crazy scurrying.

It has to be said that ye Chenyi is a courageous man. He was originally allowed to break through and then merge again.

After all, this is the blood essence of the ancient fierce beast. If you are not careful, it will disappear.

Ye Chen's skin overflows with blood. His face is ferocious. He is forced to endure the intense pain in his body. He constantly uses his skills to suppress the violent breath.

If it wasn't for the martial arts, ye Chen's body could not bear it and would have exploded.

Ye Chen does not know how long in the past, only feel all over ache, head muddleheaded.

Whoa!

Ye Chen opened his eyes, and there was a look of joy in his eyes.

Ye Chen slowly stood up and changed his clean clothes. He didn't have to worry about it.

After all, he's the only one here!

Boom! Boom!

Ye Chen walked forward half an hour step by step, and suddenly felt the shaking of the earthquake mountain and the blazing breath came to his face.

Strong sense of crisis let Ye Chen stop, two minutes later, he finally saw a big man full of fire.

Ye Chen brows a frown, in front of this fire person, obviously is to look for oneself.

"Unexpectedly, someone broke into the secret place ahead of time!"

"Ignore the rules of the ants, looking for death!"

Red flame giant sees Ye Chen, a fist clenches, hammer down directly.

At the moment of hammering down, ye Chen takes two steps back and feels the strength of the red flame giant. He should reach the two levels of heaven in the realm of harmony.

Now ye Chen has the strength to fight back in the face of the two levels of heaven in the world of harmony.

And he wanted to test the power of this skill given by linglao!

"Gods and Demons change!"

Ye Chen murmured at the corner of his mouth. At this time, he felt a sharp pain.

An empty shadow of Linghuang suddenly appears behind Ye Chen.

Sing!

A pair of Eagle claws like a sharp blade.

A pair of sharp eyes, as if can penetrate the void.

And all this, ye Chen can feel!

Chapter 1672

He stood in place, as if the spirit of the Phoenix virtual shadow is himself!

Control for him!

At the same time, ye Chen found that the power of his elixir field was rapidly consumed!

It costs a lot!

Although Ye Chen is still the strength of Hunyuan realm, his body and speed have been greatly improved.

In terms of physical body, the improvement is not high, but the speed reaches an extreme.

Boom!

The body of the empty shadow of Linghuang suddenly rushes past, and the terrible speed causes a gust of wind.

One claw goes down, the spirit Huang empty shadow grasps the red flame giant huge body.

With a bang, the red flame giant's shoulder was directly crushed.

This claw goes down, already reached the explosive power of the heavy sky of the harmony realm!

The red flame giant roared with pain, and a flame came out of his mouth.

The blazing flame directly burns the shadow of spirit Phoenix.

Ye Chen spits out blood, and her eyes burst out with anger. She lets Linghuang empty shadow release the red flame giant's shoulder and directly open the distance with the red flame giant. In the moment of opening the distance.

Ling Huang Xu Ying's feathers are detached from her body.

A feather like a peerless blade, burst out a terrible cold light.

"Ten thousand feathered and empty!"

Linghuang family's gifted supernatural power, bestows each feather the terror outbreak, then erupts in an instant.

Tens of thousands of feathers float in the air like a sharp blade.

Boom!

These feathers fly directly from the void to the flaming giant.

Whoosh! Whoosh!

One feather after another penetrates the body of the flaming giant. When the feather is inserted into the giant's body, it explodes.

The red flame giant's body split into pieces in an instant.

Ye Chen's face is extremely weak, using Linghuang's talent and magic power consumes most of his strength.

It's powerful, but it costs too much.

What's more, if he is besieged by many powerful men, his noumenon may also be injured.

It seems that the gods and demons can not be used as a last resort.

Suddenly, ye Chen found something! Extremely constricted pupil!

The red flame giant's body was in a little reorganization.

Less than three rest time, the red flame giant once again recovered to intact.

Ye Chen sees red flame giant recombines, the brow of whole person is frowned, is this red flame giant basically not killed?

This should be filled with the law of the demon saint, otherwise the red flame giant would not exist, and would not die and revive.

But the red flame giant's breath has weakened a lot.

That's the only good news.

Ye Chen takes out Hunyuan Xianjian directly and cuts it down with a sword.

An extreme sword light suddenly fell on the red flame giant, but it seemed that the red flame giant did not know the pain.

Without any hesitation, the body rushes to Ye Chen. At the moment when he comes to Ye Chen, he clenches his huge fist.

The fist fell directly at this moment, and ye Chen covered it with his arms directly.

Boom!

A fist down, shake Ye Chen's arm pain, if not for the physical strength.

This fist, the bones of his arm will be smashed.

"Cold ice sword is determined!"

Ye Chen's whole body erupts the cold law, and the frightful cold air is revealed from his body.

Kill!

Ye Chen raised his arm, and the Hunyuan immortal sword in his hand suddenly chopped out.

This sword cuts through the sky and cuts on the body of the red flame giant.

Click!

The red flame giant explodes again. At the moment of explosion, ye Chen cuts out with a sword.

There are only small particles left in the red flame giant's body.

Ye Chen looks at the red flame giant's body carefully and finds that there is a small yellow dot.

Seeing this little spot, ye Chen did not hesitate to cut it down with a sword. The red flame giant, who had wanted to reorganize, died completely this time. At the moment, a small yellow light dot fell on Ye Chen's arm.

Ye Chen has a yellow dot on his arm, like a mark.

Ye Chen frown, do not know what this is, but there must be a reason for existence.

This little yellow dot does not have much influence on Ye Chen's strength.

Ye Chen went on all the way.

He knew that he had not entered the heart of the demon saint.

Along the way, ye Chen's arm above the yellow dots, appeared more than ten.

Ye Chen didn't feel it at the beginning, but with more and more small yellow dots on his arm, he could feel that the gravity in the secret place of demon Saint had a slight reduction on him.

Ye Chen has no idea how big the lava area is. He has been walking for half a day and hasn't gone out yet.

Looking forward to the crater of the volcano, step by step. Ye Chen found that it was full of hot lava. At this time, he wanted to leave, but suddenly felt a terrible crisis.

At the moment, under the lava, a fire dragon suddenly appeared, and a huge dragon head came out from the bottom of the lava.

Whoa!

At this moment, the whole temperature suddenly rises.

Roar!

The fire dragon roars, and Ye Chen's body steps back slightly. You can feel it from the breath of the fire dragon.

This fire dragon at least xianzun's strength, at present Ye Chen is not an opponent at all.

The fire dragon has no pure body, but a soul body, which Ye Chen can not fight against.

The moment the Dragon saw Ye Chen, he opened his huge mouth and spouted out a blazing fireball.

The moment the fireball spurts out, Ye Chen's whole body is directly locked and can't move at all.

"Ah

Ye Chen roared, exhausted the strength of his whole body, and could not break free at all.

The fireball has not yet arrived, but the blazing flame has already let Ye Chen's clothes and robes gradually burn up.

Not only that, his body became red, as if it could burn in an instant.

Boom!

The fireball explodes directly on Ye Chen's body.

Pooh!

Ye Chen's whole body flies upside down and his robes burn directly.

A mouthful of blood spurted out of his mouth. Ye Chen stood up and chopped out with a sword.

In the chopping out of the moment, ye Chen did not hesitate, turned to escape.

Although he can jump the level to fight, but the level of xianzun monster, far more than the same level of human beings, he is not an opponent.

When ye Chen escapes, the Fire Dragon Figure flashes and comes directly to Ye Chen.

Ye Chen saw the Dragon hovering in the air, and the whole man laughed bitterly.

There is no possibility that he wants to escape. Who knows that the fire dragon is not affected by gravity and can fly in the void.

This makes Ye Chen have an impulse to vomit blood.

"Humble human beings, break into the secret place ahead of time, die!"

The fire dragon opens his mouth to speak, and the huge tail of the Dragon falls on Ye Chen's body.

Terrifying force, let Ye Chen fly four or five meters to stop, inside the corner of his mouth spilled a trace of blood, ye Chen wiped dry, eyes staring at the dragon.

Since there is no way to escape, fight!

Ye Chen holds the sword in his hand and then cuts it out.

"Time and space sword!"

In Ye Chen's body, the law of time and space breaks out from his body, but in the face of the top God, the fire dragon, there is still a huge gap between the two.

Chapter 1673

"Masters, lend me strength."

Now ye Chen can only fight, either you die or I live.

The three deities nodded slightly, and a force was introduced into Ye Chen's body.

Ye Chen's strength at this moment suddenly soared.

An extreme sword light, in the blink of an eye, changes to rush out.

The sword light burst out into a dazzling light, and the sword idea burst out.

"Boom

There was an explosion, and the fire dragon roared angrily.

He did not expect that a humble human mole ant could hurt him.

The fire dragon sends out deafening roar, and the figure comes to Ye Chen in the blink of an eye.

The breath of terror hit, ye Chen did not hesitate, the figure continued to retreat, after the moment, a sword directly cut out.

A bright sword light burst out and fell on the body of the dragon.

It's very hard to defend with the help of fire dragon, even though it's very hard to defend.

At this time, the fire dragon comes to Ye Chen's side and opens his mouth to bite Ye Chen's body directly.

Ye Chen grabs the huge mouth of the dragon with both hands, and his amazing biting force makes the bones inside his arm creak.

"Master, this fire dragon is not a real monster, but a pure energy."

"Let it swallow! It might work wonders! "

At this time, the blood dragon in Ye Chen's body opened his mouth.

Blood dragon empty shadow did not rush out at the first time!

More like waiting for the opportunity!

Although the fire dragon is like the soul of a monster, it should also retain a trace of evil spirit.

However, fire dragon does not have any evil spirit, on the contrary, it is abnormal.

Ye Chen nodded slightly, and a trace of ferocity flashed in his eyes.

Since this fire dragon wants to swallow him, ye Chen lets him swallow it.

Making up his mind, ye Chen loosens the force on his arm and goes straight into the body of the dragon.

At this time, the fire dragon's spiritual eyes showed a trace of surprise.

Although he is not a monster, he also has a certain spirit. He can feel that ye Chen has a certain strength to resist, but how suddenly Give up?

Huolong couldn't think of it, but he didn't go on thinking about it. His huge body went directly into the crater.

Ye Chen enters the fire dragon's body and finds the pure energy around him. He wants to refine him directly.

This energy is extremely pure and does no harm to the body.

"I'd like to see if you can refine me or I can refine you."

Ye Chen a pair of eyes inside, showing a trace of ruthless look, in the body of the dragon, cross legged sit down.

.....

With the passing of time, the day when the secret place of demon and saint was opened came ahead of time.

All the major forces of all sides are concentrated on the same sea surface. Moreover, countless scattered repairs are also hiding in the dark.

This time, it is an opportunity for everyone to open the secret place of demon saint.

But I don't know why, the secret place of the demon Saint unexpectedly came in advance, and had to be opened in advance!

At most, the demon saint's Secret realm allows the strong one of the heaven in the creation realm to enter the second heaven.

As for the realm below the realm of creation, any warrior can enter, even if you are emperor Zun.

However, there is no emperor's realm to enter. Once they enter the demon holy realm, I'm afraid they can't even count as cannon fodder.

"I don't know where ye Chen, a little bastard, has gone."

Since ye Chen disappeared, all the major forces have been looking for it, but not a single hair has been found.

"In fact, you don't have to worry about it. With Ye Chen's character, you will enter the secret realm of demon saint."

"At that time, we just need to surround Ye Chen in the secret place of demon saint."

Because of Ye Chen's affairs, all the forces are worried, especially when they get news that the lonely family in the western regions is destroyed by Ye Chen.

What's more, it's said that the elder Taishang of the lonely family found an immortal statue, but in the end, the immortal statue disappeared, and ye Chen appeared intact. What does this mean?

Ye Chen, who was originally a humble realm, didn't pay much attention to it. When we heard this news, all the forces were flustered.

The more they encircle Ye Chen, they can only explain one thing. Ye Chen makes them constantly afraid inside.

Among these forces, they are more or less hostile to Ye Chen.

If ye Chen grows up, who can be ye Chen's opponent?

During the discussion, a whirlpool appeared in the sea, which became bigger and bigger, forming a door.

The whirlpool appeared one after another, and all the forces could not wait to rush in.

.....

As the picture turns, ye Chen practices in the fire dragon's stomach. During this period of time, using the pure energy in the fire dragon, he feels that his Hunyuan state is changing. Not only that, he could feel thunder on the sky!

Thunder robbery will come soon!

During this period, ye Chen also used these pure energy to forge his own body.

Now ye Chen can rush out, but he didn't leave. It's hard for him to leave.

Now the fire dragon is under the magma. If he rushes out for a moment, I'm afraid it will burn the magma directly.

If ye Chen didn't have other things in the demon saint's secret place, he would like to be in the fire dragon's stomach all his life.

I can't leave such a good cultivation place.

Ye Chen practiced for half a day and decided to leave. Now there are many changes outside the demon saint's secret land. I'm afraid it's opened in advance.

I don't know what's going on out there.

In the monster's stomach, ye Chen directly stood up, clenched his fist, and struck down.

"Boom

Originally, the fire dragon was still sleeping quietly. Suddenly, he felt the intense pain in his stomach and let out a painful roar.

"Let me fly out quickly."

Ye Chen roars loudly, the fire dragon already has the intelligence, can hear clearly what he says.

"You How come you haven't been refined. "

At this time, the fire dragon angry and surprised voice, it had thought Ye Chen had already died, who knows in its stomach live well.

Ye Chen didn't talk nonsense. He beat out again with a fist.

Boom! Boom! Boom!

One blow after another, the fire dragon was in agony, and the whole magma was pouring.

The fire dragon could no longer bear the intense pain and flew directly to the void.

.....

"What is that?"

There are martial artists from the Hedao and Hunyuan realms. They come to the crater and see a fiery red dragon rushing out.

Roar!

The fire dragon roared angrily. Now it is painful and tears are about to flow out.

"Man, I'm out of the magma. You get out of it."

Now the Dragon just wants Ye Chen to run out of its belly.

Ye Chen sweeps around with divine thought, and is sure that it is outside that he can rest assured.

"Open your mouth and I'll get out of your stomach now."

Ye Chen opened his mouth in a cold voice. After he went out, he was not afraid of the fire dragon's anger, but he got into his stomach again.

At the moment, the fire dragon opens its mouth. At this time, ye Chen rushes out of the fire dragon's mouth directly.

At the bottom of the martial arts, has long been staring, there is a immortal level of fire dragon also forget, fire dragon's mouth actually ran out of a human.

What's the situation with NIMA?

At the moment, these warriors are full of question marks!

Who is the strong one in the end, so fierce! Let's not let people live.

Then when people see ye Chen's appearance clearly, the whole person's face changes.

"The man Why are you so familiar? "

"Crouch, isn't this special mother Ye Chen?"

Chapter 1674

In the eyes of many martial artists who enter the secret realm, ye Chen should be seriously injured and hide in the corner at this time.

Or embarrassed in the crowd silent.

After all, ye Chen has become the number one enemy of many sects.

Once you show up, you'll die!

However, no one would have expected Ye Chen to appear in front of the public in such a domineering way!

Out of the mouth of the dragon?

How terrible the fire dragon can feel!

How can ordinary warriors survive in it?

However, this simply impossible thing happened in front of the public.

At the time when everyone is in a trance, ye Chen has already come to this group of warriors.

He didn't know everything in the secret place of demon saint. He had to find someone to inquire about it.

As for the fire dragon behind him, he looks at Ye Chen with fear and goes straight into the magma.

It doesn't want to fight this Terran. It always feels too evil.

And there's something wrong with his energy.

The strength of these warriors is not too high. For ye Chen, there is no threat at all.

"Ye Chen, you dare to appear!"

Among them, the fierce devil palace, a martial artist in the early stage of Taoism, spoke directly.

They never thought that ye Chen would dare to stand in front of them.

"Why dare I?"

Ye Chen's playful eyes look at the disciples of the evil demon palace. At the early stage of he Dao state, he is not qualified at all.

"Since you dare to appear, I will let you die."

At the beginning of the evil spirit palace, he took out a sword and rushed to Ye Chen.

Ye Chen saw this scene, a wisp of sneer at the corner of his mouth, and then burst out of the body's spiritual power and kicked out directly.

Endless wind swept!

This foot down, without warning, fell on the other side's chest.

A terrible force hit, directly let the other side spit out a mouthful of blood, the whole body, fly five meters away, finally fell heavily on the ground.

"Sorry to disappoint you."

Ye Chen sneers, a part of the pure energy in Huolong's body is dormant in his body.

Just that foot, directly burst out in the body dormant energy.

The martial arts man in Hunyuan, who was watching on the side, took a breath directly.

Yechen, tianima is terrible!

At this moment, everyone was scared!

This is not Hunyuan territory, but a real and reasonable combination of Taoism.

When can the mole ants who have just stepped into the Hunyuan realm be able to kick and fly the harmony realm with one foot?

All of us have a feeling of unreal, but the fact is here, so they can't believe it.

At this moment, all the martial arts, sweat on their foreheads, ye Chen can kill he Daojing in seconds. I'm afraid they are not enough for ye Chen to kill alone.

At the moment, all warriors want to escape. Ye Chen is a god of killing.

"Whoever dares to run, I will be the first to kill."

This time ye Chen a word, no one dares to move, they dare not take their own small life joke.

They came to the secret place of demon saint, but they were looking for opportunities, not for death.

In a word, none of the five hunyuanjing people dare to move.

They also want to be killed, but they don't even have the strength.

Can only let Ye Chen one-sided crush!

"You tell me about all the things in the secret place of demon saint."

Ye Chen's eyes are black now. He doesn't know about the secret place of demon saint.

Now his most important thing is to understand information.

"My Lord, I know something. There are four areas in the secret place of demon saint. We are divided into spring, summer, autumn and winter. The place we are in is summer."

"Not only that, there is a place that has never been opened, which is the place where the demon Saint inherits, but it has never been opened, and I don't know whether it is true or not."

That Hunyuan martial arts man is not well dressed. He can see that he is a free man.

"What's the little yellow dot on the arm?"

Ye Chen stretched out his arm. There were some small yellow dots on his arm.

The sanxiu saw the little yellow dot on Ye Chen's arm, and his face changed slightly.

"My lord This... "

Ye Chen takes out Hunyuan Xianjian and hangs it on his neck.

"Say, or die now!"

Ye Chen doesn't want to waste time here with them.

The sanxiu of Hunyuan state was about to cry and knelt down in front of Ye Chen.

"My Lord, this thing is called" true life point ". In the three days when the secret place of demon saint is about to be closed, it is said that only those who have the most true life points can finally laugh."

This matter is not a secret in the demon saint's secret place. Not only can you hunt these strange monsters, but you can get your true life points, even if you kill and rob them. Ye Chen took a look at the arm of this loose repair and found only a small yellow dot.

"My Lord, I have only one real life point. You see..."

At the moment, the Hunyuan warrior was about to cry, which was the last one he got.

When they came, they did not know which son of a bitch, and killed many red flame giants.

They didn't get much along the way.

"Keep this one for yourself."

Ye Chen for a real life point, he did not look up to.

"Go

Hearing Ye Chen's words, the Hunyuan warlord kowtowed in a hurry. Now he felt that he was walking around under the sickle of death.

"My Lord, can we go too?"

Some other Hunyuan martial arts practitioners laughed bitterly. They thought that a man who combined with Taoism could solve Ye Chen's problem. Who would want to steal chicken and not eat rice.

"You? Stay here

Ye Chen sneers at the corner of his mouth, takes out Hunyuan Xianjian, raises his arm, and cuts out a sword directly.

All of these people are the clan or family who have had hatred with him, and they have just erupted into extreme killing intention.

How could ye Chen keep them.

A sword goes straight through their bodies, and there is no chance of resistance.

After killing these people, ye Chen takes a look at his arm and finds that there are more real life points.

I'm afraid it's also because they use Sanshu as a meat shield.

If there is any danger, let loose repair first, and then the benefits will naturally be theirs.

What does it have to do with the life and death of sanxiu?

Ye Chen takes away these people's Hunyuan immortal tools and turns around and leaves. The whole demon Saint secret place, except for sanxiu, doesn't know how many of his enemies are. If he doesn't prepare for everything, it's not clear how to die at that time.

After finishing everything, ye Chen turns to leave, but he doesn't see it. After leaving, the blood of these corpses flowed into the ground and disappeared.

All the way, ye Chen saw many bodies of warriors. Many of them were not killed by red flame giants, but basically by human warriors.

Here, human life is the least valuable.

Along the way ye Chen also met three red flame giants, but all let him kill.

Another day, ye Chen found that there was no harvest, so he closed his eyes and ran the magic samsara formula under a giant tree.

All of a sudden, his eyes opened, and he obviously found something, and looked north.

A man and a woman, seriously injured, ran to him.

Chapter 1675

"Lord, please help us."

These two people are a Taoist couple, and their clothes are not so gorgeous. They should be the loose repair of Lingwu continent.

The strength of both men is not high, but they have the strength of seven layers of Hunyuan kingdom.

It's not enough to see in the secret place of demon saint.

Ye Chen originally didn't want to be multi-disciplinary. After all, the life and death of others have nothing to do with him.

However, after seeing two people who were in the evil devil's palace, he began to feel cold.

"Ha ha, where can you two go and hand over your real life spot and that thing?"

The two disciples of the evil evil Palace are extremely murderous, and they are full of blood.

Apparently killed a lot of people.

Ye Chen hears the voice of two fierce demon palace disciples, a wisp of sneer at the corner of his mouth, and his eyes are filled with disdain.

The next second, he clenched the Hunyuan immortal sword in his hand and murmured: "years kill sword!"

The power of the law of time, in his body crazy out.

A sword in this moment, suddenly cut out!

"Boom

The faces of the two warriors in the fierce demon palace changed greatly. They were still arrogant, and they were scared out of color for a long time.

At present, this force is not what they can fight against.

Absolutely unmatched!

At the moment when they were about to die, they finally saw the face of Ye Chen.

At this moment, they realized that they had provoked the wrong people.

Ye Chen died in the hands of the Hunyuan strong, do not know how many,

two people's bodies instantly exploded, turned into dust.

Thank you very much, my Lord

At this time, the monks came to Ye Chen and worshipped him slightly.

"No

In the face of two people's thanks, ye Chen didn't care at all. He didn't want to save him, just because of the evil devil's palace disciple.

"Sir, can we both follow you?"

The strength of their Hunyuan state is not bad outside, but they are nothing in the secret place of demon and saint.

Ye Chen frowned, he did not want to let others follow.

Two people seem to see ye Chen's worries, and hastily open his mouth and say, "my Lord, I have a soul fruit here."

When the man took out the soul fruit, there was a look of pain in his eyes.

Ye Chen took a look, slightly a Zheng.

Soul fruit can enhance the power of the spirit, is a rare treasure.

"If I kill you now, I can still get the soul fruit. Why bring you two burdens?"

Ye Chen shows a trace of ruthlessness in his eyes.

As soon as their faces changed, they bit their teeth and said, "if you want to kill us, you are not your opponent. However, we would rather die than let the adults get the soul fruit. Although we are humble, we also have our own backbone."

Hearing their words, ye Chen laughed and said, "follow me, there is no problem, but my enemies are many."

Ye Chen knows that he doesn't know much about the secret place, but if the two monks dare to break into the secret place by force, they must have done enough homework, and it is good for him to stay around.

"My Lord, don't worry. Our husband and wife are not the top of the wall. There is a soul tree in front of us. It is also because of the soul tree that we are pursued by the evil spirit palace."

Ye Chen and the couple talked all the way, but also knew the names of two people, one named Wang Qian and the other named Chen Feng.

These two men are the most humble casual practitioners in Lingwu land, with no background.

It is not too far away from the soul tree in Chen tuyere. The three soon came to the place where Chen Feng said, in a cave.

Ye Chen three people in the cave outside a hidden place, found two Hedao strong, stationed outside the cave.

Both of them are disciples of the evil palace.

"Little Lord, what shall we do now? There are also strong people in the middle of the harmony realm. "

Ye Chen sneered at the corner of his mouth and then said, "we are waiting for a rabbit here."

Naturally, some people will pick them. They just need to wait outside.

Naturally, someone will send the soul fruit.

Hearing Ye Chen's words, Chen Feng two people nodded slightly.

Now they are all headed by Ye Chen. Whatever ye Chen says, they can do it.

"You two are ambushing around. I'm going to set it up."

In the cave, I'm afraid there is not only one strong person in the middle of the Hedao realm, but there should also be other Hedao Jing.

He has no big problem in dealing with the middle stage of he Dao state by himself. If there are other harmony realm, or the top God King, it will be very disadvantageous for him.

The matter of soul fruit, now ye Chen has the potential to get it. After all, it is impossible to give up the treasure that can enhance the power of the spirit.

Ye Chen is ready, three people ambush in a hidden place, waiting for an hour, the people from the evil palace finally come out. Ye Chen takes a look and finds that in addition to one in the middle of the Hedao realm, there are also two early Hedao practitioners and ten Hunyuan martial artists.

For him, the Hunyuan warlords have been automatically filtered, not to mention ten, even if another 20 are not ye Chen's opponents.

"Little Lord, shall we do it now?"

Chen Feng can't wait. When do they dare to attack the powerful?

This is the first time, Chen Feng two people's heart, inevitably some excitement.

"Wait a minute!"

Ye Chen calmly opens his mouth. At present, these people have not reached the attack range. If they detonate now, they can not achieve the best effect.

It would be great for ye Chen to kill the warrior in the middle of the Hedao realm.

"Lord Gu Yun, this time you get ten soul fruits. It's definitely a great harvest. It's a worthwhile trip to the secret place of demon saint."

At the moment, the two martial artists of the Taoist realm took a pleasing look at Gu Yun.

Although the ancient cloud is only in the middle of the Hedao realm, it is too easy to deal with them.

"Ha ha, this is a good time. You can get ten soul fruits at a time."

There are very few treasures that can enhance the power of spirits and spirits.

The price of this soul fruit can withstand his income for two years.

Ye Chen looked at the ancient cloud step by step into the scope of the explosion, murmured in the corner of his mouth: "thousand soldiers explode!"

At this moment, a bang, suddenly between the explosion.

The terrible explosion made the surrounding magma gush out.

The huge explosion noise was deafening, and the scene suddenly became chaotic. Not only that, the warriors of Hunyuan didn't even utter a scream, but were directly exploded into a blood mist.

As for the two martial artists, they were on the verge of being bombed and seriously injured. I'm afraid they don't even have the strength to walk.

Now, even if one of them meets, they are not rivals.

As for Gu Yun, there was not a good skin all over his body. Moreover, his whole face was very white, without a trace of blood.

The main thing was that all of these things came so suddenly that everyone was unprepared. Otherwise, it would not have happened.

"Who is it? Get out of here."

Chapter 1676

At this time, Gu Yun had a ferocious look on his face. He didn't expect that someone would attack at the critical moment.

How could he have been seriously injured now.

Who ate the courage of bear heart leopard and dare to attack the fierce demon palace!

"Soul fruit is a good thing. It's a pity to see if you have the life to take it!"

At this time, ye Chen comes out from the hidden place, with a banter look in his eyes and looks at Gu Yun.

Behind Ye Chen, Chen Feng and Wang Qian come out.

Just now there was an earth shaking sound, which scared both of them. The breath of destruction made them sweat.

If they were within the scope of the explosion, they would have been dead and could not die again.

"You You are ye Chen... "

The ancient cloud sees Ye Chen's figure, a trace of fear in the eyes.

All the major forces in the western regions all have the appearance of Ye Chen. This time, when they enter the western regions, the strong ones of all major forces give an order.

If ye Chen appears, kill him at all costs.

Now ye Chen's threat to the western regions is too great!

"Congratulations, you guessed right. Unfortunately, there is no reward. You still have to die!"

Ye Chen mouth reveals a trace of smile, since the big forces of all sides, all want to kill him.

He will not be soft hearted.

The murderer, the person always kills!

"Ha ha, you think I can kill me if I'm hurt now? I'm in the middle of the realm of harmony, and you're just the king of gods... "

The voice stopped abruptly.

"You broke through? However, no matter how to break through, it is just a layer of heaven. Do you know how much difference there is between Hunyuan realm and Hedao realm? "

Gu Yun mouth corner sneer a, although Ye Chen is evil, but again adverse day again how? It's not a piece of garbage in Hunyuan!

Although he was injured, he was also a real man in the right place.

Ye Chen did not open his mouth, turned to look at Chen Feng two people, and then said: "the two together in the realm, there is no threat, directly kill."

Chen Feng and Wang Qian two people, silly standing there, then rigid nod.

They didn't think that the person they followed was Ye Chen, the blood butcher God King who made countless sects tremble.

Ye Chen they have not seen, but does not mean, do not know ye Chen's deeds.

Recently, ye Chen is the most popular in the western regions. It is said that ye Chen destroyed the lonely family and killed millions of warriors in the primitive mountains.

A cruel man is not afraid of the day!

The devil from hell!

In sanxiu, I don't know how many people worship ye Chen.

After all, ye Chen did not have any background or resources in Lingwu mainland, which was basically the same as their scattered cultivation.

Ye Chen did all the things that he did not dare to do.

Chen Feng and Wang Qian had thought before that they would follow Ye Chen if they had a chance.

Only such a person can soar up to 90000 miles in a desperate situation!

It's just unexpected that their dream has come true!

Chen Feng and Wang Qian come back to their senses and come to the two injured persons who are strong in the world.

"No! Don't kill me, I can give up all my treasures. "

At the moment, the two powerful people in the same way have already been scared out of their wits. They have no way to use their strength now.

It's as simple as killing chickens to kill them in Hunyuan kingdom!

The two of them, I'm afraid, did not expect that one day they would beg for mercy in front of the two Hunyuan territory.

Chen Feng and Wang Qian have no words at all. They go down with a sword.

Chen Feng's hands are trembling. He is a Hunyuan state, and even kills he Daojing.

In the past, he did not dare to think about it. As expected, he followed Ye Chen, which was really exciting!

"Little beast!"

Gu Yun's gloomy face was terrible. If it had not been for ye Chen's other cards, he would have rushed to kill the two hunyuanjing.

In front of him, it is a shame to kill his men.

"Ye Chen, I want you dead!"

At this moment, Gu Yun could no longer suppress his inner anger. He directly grasped the Hedao artifact in his hand and chopped it with a sword.

Ye Chen looks the same, holding the Hunyuan immortal sword in his hand. He is a ghost like figure, and rushes directly.

Now Gu Yun is a toothless tiger in front of him.

At this time, ye Chen's whole body is full of fighting spirit, and cuts in front of the ancient cloud's Hedao artifact.

Bang!

With a dull sound, ye Chen takes a step back, but Gu Yun retreats two steps.

At this moment, the gap is directly revealed.

If the ancient cloud was at its peak, it would not be like this. Unfortunately, the combat effectiveness of the ancient cloud is not even half.

Chen Feng and Wang Qian had already retreated. They were not even qualified to intervene in the battle at the level of Daojing. Zheng! Zheng! Zheng!

Ye Chen's whole body sword wantonly surging, a trace of vigilance in the eyes.

Although Gu Yun's combat effectiveness can't play much now, who knows if there is a card?

How can Gu Yun say that, it is also the middle of the Hedao realm. Ye Chen has to be careful.

"Years kill the sword!"

Ye Chen murmured in his mouth and raised the Hunyuan immortal sword in his hand. At this moment, the real Qi in his body was vented madly.

The law of time flows around Ye Chen, and the terrible sword spirit rises to the sky.

This time ye Chen didn't want to give Gu Yun a chance to fight back, so he directly used killing moves.

Gu Yun's whole face was dignified, and this time came the crisis of death.

This move, if ye Chen is really hit, if he does not die, there will be no combat effectiveness.

"The strength of the little Lord is so strong!"

Chen Feng beside, murmuring, this time, he is to understand Ye Chen's powerful.

It is absolutely impossible for an ordinary Hunyuan state to possess such terrifying power.

Ye Chen's arm falls down and cuts out in the blink of an eye.

The speed of this sword seems extremely slow to the naked eye, but it seems to be extremely fast.

"Bloody armor!"

Gu Yun did not have time to hesitate, a mouthful of blood spurted out, blood essence condensed in itself.

His whole body is wrapped with blood color, and his blood essence condenses into a set of defensive armor.

This time, even if he does not die, it will take some time for him to recover to his heyday.

"Ah! Ye Chen, I will let you die

Gu Yun's bloody armor is worn on his body and rushes directly at Ye Chen's sword Qi.

A sword is cut on the bloody armor of Gu Yun.

The speed of the bloody armor is visible to the naked eye. There are cracks and horrible breath, which makes the Qi and blood inside the ancient cloud roll.

Although there were cracks in the bloody armor, they were able to resist.

At the moment, Gu Yun has come to Ye Chen's side and stabs Ye Chen's heart with a sword.

Ye Chen has long been on guard against the ancient cloud, in the moment he rushed over, his body slightly tilted, and then a palm on his heart.

"Boom

With a palm down, Gu Yun's bloody armor is broken in an instant, but ye Chen doesn't stop and instantly dodges Gu Yun's sword.

In a flash!

A pair of hands directly grasp Gu Yun's arm, and then suddenly force!

Click!

A crisp sound came out of Gu Yun's arm.

Chapter 1677

Ah!

Gu Yun's entire person directly screamed, the intense pain, almost let him pain coma in the past.

Ye Chen releases the arm of Gu Yun, and the violent air wave directly stirs away.

"Bang!"

The whole person of ancient cloud flies upside down, heavy hit on a huge stone.

The boulder broke.

There are many scars.

Ye Chen did not hesitate, Mou son a coagulation, a sword sacrifice.

"Don't Don't kill me, I can give you all the soul fruit. "

Gu Yun didn't expect that ye Chen, a Hunyuan Kingdom, could burst out such a terrible force.

Ye Chen pulls a sword on Gu Yun's cheek, and suddenly a red sword mark appears on his cheek.

"I don't like to leave any threats."

"Do you understand?"

Ye Chen takes away Gu Yun's soul fruit and all valuable treasures, and then shakes his head.

"Now you have no value, I can only send you on the road!"

"I don't like killing people or threatening to live."

Ye Chen takes out Hunyuan Xianjian, and stabs it into Gu Yun's heart.

For the enemy, ye Chen will not be soft hearted at all.

"Ah! Ye Chen, you will not come to a good end! "

Gu Yun's blood red eyes, roared up to the sky, then the whole body fell on the ground, completely lost vitality.

"Little Lord, this is the treasure of the two realms."

Chen Feng comes over and takes out the treasure that was found by two people who are strong in the heaven and gives it to Ye Chen.

Ye Chen looked at it, nodded slightly, and then put it away directly.

This time he got ten soul fruits. If he can refine them, the power of spirit will reach a new height.

Ye Chen three people clean up everything, just ready to leave, suddenly feel a strong breath.

"No, let's go!"

Ye Chen can feel that this time he is the strong one of the eight layers of heaven.

He Daojing eight layers of heaven, if with the help of cards, you can break out half step immortal power.

Ye Chen now wants to fight against banbu xianzun, but the odds are unknown.

Ye Chen and Chen Feng run wildly, but behind a terrible opportunity to kill, constantly approaching.

"You little beast, you want to run. If you want to kill me, you must pay me back with blood."

Behind Ye Chen, a ferocious old man, with a look of fury, chased Ye Chen.

In the past two days, the number of their disciples in the evil palace decreased continuously in summer. Finally, xuelao found out that it was Ye Chen who did it.

Originally blood old thought Ye Chen's strength was stronger, could he still kill he Dao Jing?

But when he saw Gu Yun die, he knew how ridiculous his idea was.

This time, xuelao also made up his mind to kill Ye Chen. Otherwise, the next time the forces will perish, I'm afraid it will be their evil palace.

"If you want to kill me, you can catch up."

In the face of xuelao's clamor, ye Chen is not afraid. He does not know how many times he has been chased and killed, and he will be afraid of an eight level heaven in the Hedao realm?

"You little beast, I will catch up with you

Xuelao didn't believe that he could not catch up with a Hunyuan realm.

Ye Chen's speed drives to the extreme, behind him, Chen Feng and Wang Qian tightly chase after.

Their faces were a little pale. When was it that they were chased and killed by a strong man in the eight layers of heaven?

I'm afraid that if the quality is not bad on the ground, I'm afraid it would have been good on the ground.

"Little Lord, we are too slow. I'm afraid it won't be long before we are overtaken."

At this time, Chen Feng opened his mouth. They were just the strength of Hunyuan realm, but there was no Ye Chen evil spirit.

"It's really not possible. We two will blow ourselves up and find a chance of life for the little Lord. We hope to avenge us then."

At this time, a trace of ferocity flashed in Chen Feng's eyes.

Entering the secret place of demon saint, they are ready to die.

The strength of their Hunyuan realm is just better than cannon fodder.

They can stay with Ye Chen for a few days. They are proud enough to boast even when they get to the hell.

Ye Chen frowned, and then said, "a world of eight layers of heaven, you don't deserve to catch up with us."

Voice a fall, Chen Feng and Wang Qian two people have not responded, only see ye Chen fingers Jue, a spirit Huang Xu shadow rushed out of the body!

Spirit Huang empty shadow covers three people!

Their speed has been extremely improved!

In the back of the old blood, slightly lost, eyebrows pick.

When he saw the shadow, his eyes seemed to explode!

Is Ye Chen a survivor of the Linghuang clan? On the contrary, the blood in the old man's heart is not clear.

"What kind of anti heaven skill is this?"

Blood always thought of this, and a greedy look flashed in his eyes.

In his eyes, although Ye Chen's strength is not very good, but this luck is true, there is a bit of adversity.

Chen Feng and Wang Qian two people, looking at the head of the Linghuang virtual shadow, already shocked speechless.

However, when you see the speed of Zhichen, you will catch up with Lao Ye.

Is NIMA a little too fast?

If he hadn't seen it with his own eyes, old Xue would not believe that the speed of a Hunyuan realm was as fast as xianzun!

Of course, there is also the reason why the demon saint's secret place was suppressed. If it was outside, the speed of xuelao would not catch up with Ye Chen, nor would he lose it.

The blood old looks at Ye Chen's figure, unceasingly vanishes, can only give up, continues to pursue, also has no significance.

"This little beast, I'd better pray that I don't catch it!"

The old blood scolded, turned his head and left, let a Hun yuan realm escape from his hands. He would never say the shame, only rotten in his heart.

How else to mix after old blood?

Ye Chen escapes from the tracking of xuelao and lands in a place.

All around, he had explored, and there was no apparent danger.

"Little Lord, thank you this time, otherwise..."

Chen Feng and Wang Qian two people, face ruddy, they were ye Chen's hands, did not expect to finally need Ye Chen to rescue.

Ye Chen waved his hand and didn't say much. Since Chen Feng was obedient to him, that is, his subordinates, how could he not rescue him?

"You two look around carefully, and if there's anything wrong, report it to me immediately."

Although there is no danger on the surface, there is always a trace of worry in Ye Chen's heart.

This time, ye Chen didn't know how long he had run. He made sure that xuelao didn't catch up and stopped.

The only thing yechen can confirm now is still in xiadi. If it had been in other places, the surrounding magma would have disappeared.

Chapter 1678

Ye Chen finds a cave, and then falls cross legged to recover his true Qi.

An hour later, Chen Feng and Wang Qian return to the cave and tell Ye Chen that there is no danger.

Ye Chen nods slightly, but there is always a trace of danger in his heart.

He couldn't think about it, so he didn't want to continue to think about it.

"You two, find a place to sit down and recover."

Chen Feng two people originally also want to refuse, but see ye Chen's eyes, also had to agree.

An hour later, ye Chen and his three men left the cave directly.

Walking outside for a long time, not to mention a person, even the red flame giant did not see.

At present, the secret place of demon saint has been opened, and there will be people everywhere. Now no one can see it. It is not normal.

The more forward, ye Chen's inner uneasiness becomes more and more obvious.

"Let's go back the same way!"

Continue to walk for a few minutes, at this moment Ye Chen speaks directly.

He doesn't know what is ahead, but ye Chen believes in his inner intuition.

Chen Feng and Wang Qian nodded their heads, and they always felt something strange. Not only did they not have one warrior, they could not even find traces of fighting.

Ye Chen three people just ready to retreat, at this time the whole ground suddenly shaking, under the ground came a roar.

"No, there's something under the magma."

Now ye Chen finally knows what the inner uneasiness is.

Ye Chen's three people are running on the ground crazily, and suddenly a huge pit breaks out on the ground.

The terrifying magma rushed directly into the sky with the heat wave.

"Young Lord, what do you think that is?"

At this time, Chen Feng opened his mouth, and ye Chen looked up and saw a magnificent palace floating out of the magma. Not only that, at the entrance of the palace, there was a red flaming Unicorn garrison.

The strength of this flaming unicorn is directly forcing us to create a new world.

Even better than the dragon.

Red flame Kirin a pair of cold eyes, looking at Ye Chen three people, immediately let them feel the heart shaking.

"Get out of here

This red flame fire Qilin, obviously saw Ye Chen and them, and a pair of fire red eyes, full of killing intention.

At this moment, ye Chen three people, using the strength of the whole body, even once again used the spirit of Huang Xu shadow!

Linghuang is the top blood, but ye Chen is not Linghuang after all.

And just used for too long, the breath in the body is not stable, and the red flame unicorn is getting closer and closer!

Ye Chen feels something is wrong.

The other party at least two layers of heaven!

Roar!

The red flame fire Unicorn sends out a roar, unexpectedly directly toward the direction of Ye Chen.

Ye Chen's speed has reached the limit, but compared with the red flame Kirin, it is still too childish.

Within a short period of time, the red flame Kirin comes directly to Ye Chen.

Seeing this scene, ye Chen showed a bitter smile.

Although ChiYan huoqilin hasn't started at present, the terrible smell on his body is crushing his bones.

Ye Chen's current strength and red flame Kirin compared, between the two is completely a day a ground.

"If you want to fight, fight!"

Ye Chen looks dignified and takes out Hunyuan immortal sword. If others see the red flame and unicorn, I'm afraid they don't even have the courage to fight the first World War. However, ye Chen comes all the way and does not know how many strong enemies he has faced.

He has also met a lot of xianzun who created the realm of transformation! No fear of a war!

The red flame fire Qilin looks at Ye Chen's appearance, showing a trace of disdain.

As if to Tell ye Chen, a mole ant can not shake the tree!

Chen Feng and Chen Feng, who are hiding in the same place, decide to rush to attract the red flame Kirin's attention.

Although their strength is not strong, but also understand that to protect their own boss.

Ye Chen is aware of the movements of Chen Feng and their two people, and says in a cold voice, "don't get close to me!"

Red flame fire Qilin hands, Chen Feng and they are not even qualified to be cannon fodder. I'm afraid that fire Qilin will blow out in one breath, and Chen Feng and Chen Feng will have a thorough play.

"Cold ice sword is determined!"

Ye Chen roared, the law of ice constantly gushed out, Hunyuan fairy sword burst out bright light.

"Three masters, give me strength!"

"Three golden Buddhas, give me strength too!"

In the face of red flame and unicorn, it is still too weak to be attacked.

The six forces pour into Ye Chen's body.

Although weak, but for the present Ye Chen, the increase is not a little bit.

The distance between the three golden Buddhas and the three masters who created the realm in half step has not been long.

The only thing they can do is fight to the death. This is the meaning of their existence.

The law of ice around Ye Chen is more and more terrifying. The magma under the ground has a trace of ice.

The horror of sword suddenly erupts in Ye Chen's body.

This sword is definitely the most terrifying sword that ye Chen has ever seen.

A sword light rushed out, and the whole ground was split in this instant.

The sword Qi rushes past, the red flame fire Qilin's face does not have any expression.

In other people's eyes, this sword is terrible to the extreme, but in front of the red flame unicorn, it is too common.

The red flame Unicorn opens his mouth and spits out a blazing flame. Ye Chen's sword disintegrates in this moment.

The blazing flame directly penetrates the sword Qi and rushes to Ye Chen's body.

Boom!

An explosion, ye Chen's whole body, directly fly out, the coat burning blazing flame.

Ye Chen spits out a mouthful of blood in his mouth, but he has not been much injured.

At the moment, the Red Flame Fire Kirin comes to Ye Chen's front, and grabs Ye Chen's arm with his hot claws.

At the moment of holding Ye Chen's arm, the flaming Unicorn flies directly to the void.

Ye Chen sees that the Red Flame Fire Kirin doesn't directly go down to the killer, and the whole person's eyebrows wrinkle.

He doesn't know what red flame Kirin is going to do at present.

At the moment, he can only walk one step at a time. Since ChiYan huoqilin didn't kill him just now, there must be a reason.

Otherwise, a monster, ye Chen's realm doesn't care at all. He would have been killed with a slap in the face.

What's more, the devil's eye and the power that is proud and unwilling to make a move have no action.

It's as if I'm sure I won't have an accident.

At this time, the red flame Kirin takes Ye Chen to the entrance of the palace and releases Ye Chen's arm.

"Open the red flame palace. Those with the most true life points can enter first."

At the moment, ChiYan huoqilin opens his mouth directly. After saying this, he doesn't bother to talk to Ye Chen, and turns his head and lies down in a part of the palace.

For the red flame unicorn, ye Chen is just a dispensable mole ant.

A mole ant doesn't care.

Red flame palace opened, the whole summer can be seen, a palace stands on a peak.

At this moment, all the warriors in xiadi are crazy. The secret place of demon saint has been spread for so many years, and the ChiYan palace has never been opened.

I didn't expect that this time, they should have such an opportunity!

Chapter 1679

In an instant, all the warriors who entered the secret place all burst into a pot, and those in the summer went crazy to the palace.

As for ye Chen, he has already opened the gate of ChiYan palace and entered the palace.

The whole palace is divided into seven floors. Ye Chen has just reached the first floor.

Ye Chen looked around and found that there was nothing around. The first floor was completely empty hall, and there was no entrance to the second floor.

All of a sudden, directly let Ye Chen perplexed, he believed, demon Saint absolutely impossible to leave an empty hall.

In Ye Chen's wild thoughts, the bright hall suddenly becomes dark, and a mechanical sound comes from this time.

"Challenger Hunyuan state one layer of heaven, you can choose simple, difficult, hell mode."

Hearing the sound of the machine, ye Chen's mouth reveals a trace of smile.

This palace is like a Chinese game, with free choice mode.

At this time, the mechanical sound is explaining the rules of the game.

When the mechanical voice is finished, ye Chen almost laughs. At present, his Hunyuan state has one level of heaven, and the hell mode is no more than six levels of Hunyuan state.

Ye Chen in the ChiYan palace, is completely open hanging, equivalent to a full-scale Tuba into a trumpet, is completely hanging.

"Choose hell mode!"

As soon as ye Chen's voice falls, five monsters of Hunyuan Kingdom and six layers of heaven appear in front of him.

At present, his strength is not enough.

Ye Chen takes out Hunyuan Xianjian, holds it in his hand, and then cuts it directly.

When the sword goes down, the five monsters in the six layers of Hunyuan haven't responded. Their heads are separated and fall to the ground in an instant.

At this time, there are five Hunyuan immortals floating in the void. Ye Chen takes them directly without any courtesy.

At the moment, the channel leading to the second floor is opened, and ye Chen does not hesitate to go up step by step.

came as like as two peas in the second floor.

There is nothing on the second floor of the red flame palace, and soon the mechanical sound rings out.

Ye Chen directly chooses the hell mode and kills all the monsters with one sword to obtain a magic tool of the way.

In the red flame palace, ye Chen all the way through, directly to the fifth floor.

Reaching the fifth level, even ye Chen dare not choose hell mode again.

Coming to the fifth floor, ye Chen finds that the simplest mode is all the monsters at the peak of Hunyuan.

If ye Chen chooses the hell mode, he may directly meet the demons in the middle period of the hundred head he Dao realm.

Ye Chen went all the way from the first floor to the fifth layer. He not only got the magic weapon of the way, but also got a weapon of time and space.

If he can break through the fifth floor, I'm afraid he can get two more soldiers of time and space.

At present, what ye Chen lacks most is some of the magic tools of the Tao. The soldiers with time and space are naturally the best.

Ye Chen is alone in the fifth floor. However, outside the ChiYan palace, there are already countless warriors of Hunyuan realm and hedonism realm who have stayed on it.

Not only that, but also two immortals in the realm of nature.

Both of them have the strength of heaven. They look at the flaming Unicorn with a look of greed in their eyes.

Red flame unicorn, such a monster is basically treasure, every place is a treasure.

How can we keep the two of them from getting excited?

No matter how, they are also gods of nature. They use the secret method to enhance the realm and join hands, which is enough to deal with the red flame unicorn.

After a battle, both sides had their own injuries. The two strong ones of the immortal gods in the state of nature were seriously injured. As for the breath of red flame and unicorn, it gradually weakened.

It's a pity that the four red flame fists are hard to beat.

As for Hunyuan Kingdom, how many people died.

Even some people who fish in troubled waters sneak into the Palace during the red flame and unicorn war.

Although the red flame unicorn is full of treasures, they also know that these are not what they can have.

They entered the first floor of the palace as ye Chen met. Unfortunately, they rushed to the palace with all their lives and did not get any treasures.

Because ye Chen directly chooses the hell mode, all the rewards are given to Ye Chen. I'm afraid the demon Saint didn't expect Ye Chen to appear.

"Damn it, which son of a bitch took all the treasures?"

"He must be on the other floors. You can find him and kill him directly!"

These warriors, who fish in troubled waters, are so angry that they try to break through the barrier but get nothing.

At the moment, he was standing in the hands of the sixth layer of pain.

Ye Chen stood alone on the sixth floor, waiting for a long time, there was no mechanical sound. He guessed that when he reached the sixth floor, there was no rule to break through. Ye Chen took a look around and found that there was nothing around the hall, just two more doors.

Above these two doors, the door of life and the door of death are written.

Ye Chen took a look and took back his eyes and found a remote place to recover his injury.

At present, the most important thing for him is to recover from the injury and then to break through the door of life and death.

In Ye Chen's recuperation, some people have broken through the fourth level, toward the fifth level.

"Hoo!"

At the moment, a man with strong moral condition came to the sixth floor. His whole body was seriously injured. He only passed the fifth level after dying.

"Ye Chen? Why are you here? "

At this time, the strong man in the harmony of Taoism looked at Ye Chen in the remote corner.

Ye Chen hears the sound and opens his eyes slowly.

"What? I can't be here? "

Ye Chen mouth reveals a trace of sneer, he has recovered almost.

The martial arts in front of him are only in the middle of the state of Taoism, five layers of heaven or six layers of heaven. If it is in its heyday, ye Chen is not sure that he will choose to stay away from the edge.

Now how much of his strength can play, or an unknown, ye Chen naturally will not be afraid.

"Did you take all the rewards in front of you?"

This martial artist in the middle of the realm of Taoism was also a disciple of the evil devil palace. He had led the first to come.

Breaking into the front three floors, not only was he exhausted, but also he didn't get any reward.

"What if I took it away from you? Since you can pass the customs, you must also have a magic weapon and a weapon of time and space."

As soon as ye Chen's voice fell, he directly grasped the Hunyuan immortal sword in his hand, and his eyes were full of killing intention.

"You deserve to kill me, little beast."

The disciple of the evil demon palace sneered. Although he was hurt a lot, he was also a martial artist in the middle of the Dao state.

"Time and space sword!"

Ye Chen doesn't give him a chance to talk nonsense. He raises his arm, and Hunyuan Xianjian is buzzing in his hand.

Zheng Zheng Zheng Zheng!

Ye Chen's law of time and space breaks out suddenly at this moment.

Chapter 1680

The disciple of the evil spirit palace has a slight change in his eyes. Although his sharp sword has not yet come out of his body, he has already felt a terrible sense of sword.

The sword was stabbed on his skin, bleeding directly.

Ye Chen's sword has a feeling that he can't resist.

This fierce demon palace disciple only felt that everything was not true.

How could that be possible?

No matter how powerful Ye Chen is, he is only a layer of heaven in the Hunyuan realm. How can he be threatened?

These ideas are fleeting in his mind, and ye Chen's sword has rushed over crazily.

Boom!

There was a terrible explosion in the sixth floor of the palace.

Completely defeated.

Later, ye Chen directly took away his weapon and a weapon of time and space, and then gave up!

"We will not let you go."

The strong man in the middle period of he Dao state had a resentful look on his face.

If he had not been seriously injured, if he had not paid attention to Ye Chen's strength

Unfortunately, there is nothing if in this world.

"Evil palace? Sooner or later, I will uproot the evil palace, but you can't see it. "

As soon as ye Chen finished this sentence, the sword meaning flickered, and there was no rest immediately.

At this time, there was a wave from the palace, and ye Chen was smiling. It seemed that someone had come to send gifts.

Ye Chen clenched the Hunyuan immortal sword in his hand and could not bear the excitement in his heart.

Hum!

At this time, an old man appeared in front of Ye Chen. Ye Chen took a look and found the old man, slightly stunned.

Because the strength of the other side has reached the level of creation.

Xianzun!

The injury of the old man is more serious than others. The higher the cultivation is, the more serious the injury will be.

After all, the higher the level of cultivation, the more difficult it is to fight beyond the level. There is no way to change it.

"What about the state of creation? It still needs to be suppressed."

Ye Chen sneered at the corner of his mouth. He had already seen that there was not much left in his cultivation.

"Time flies!"

Ye Chen held out a finger with his left hand, and the spiritual power in his body surged at this moment.

The old man just came in, and the whole person didn't react. A terrible breath suddenly rushed to him.

Boom!

At this moment, a finger falls suddenly. At the moment of falling, ye Chen holds the Hunyuan fairy sword in his hand, and the ghost figure comes to the old man.

The old man by Ye Chen's one finger, a mouthful of blood spurted out from his mouth, in a hurry to see ye Chen rushed over, raised his hand!

Bang!

Ye Chen stabbed his sword into the old man's arm. His body bears the old man's palm and steps back three steps.

Although the old man was seriously injured, but how to say, his accomplishments also reached the realm of fortune.

"Ye Chen, it's you little beast. What do you want to do?"

Ye Chen has not concealed his identity, the old man can see it at the first sight.

In an instant, the old man burst out with a strong intention to kill.

"You destroyed my family. I haven't dealt with you yet. Now it's better. You can deliver it yourself!"

"Heaven has a way, you don't go, hell has no door, you want to come in!"

The old man's chest is up and down, and a God King's state dares to create a state of immortality. It's really hopeless.

"The rosefinch method, the fire starts a prairie fire!"

At this time, the old man made strange gestures, and a lifelike rosefinch suddenly appeared behind him.

Rosefinch belongs to fire. At this moment, a terrible high temperature suddenly broke out, as if to melt the world.

Sing!

Rosefinch in the old man's back, issued a song, the palace is constantly shaking.

"This skill, I want it!"

There is a trace of killing in Ye Chen's eyes. This skill is extraordinary.

If the outsiders know ye Chen's idea, I'm afraid a mouthful of blood will have to spit out. Now it's the attack of the immortal in the realm of nature. He doesn't want to escape, but he still wants to get the skill.

"Cold ice sword is determined!"

Ye Chen murmured in his mouth, the temperature of the air beside him kept falling.

This moment is like two layers of ice and fire, so that the surrounding temperature, one cold and one hot.

Ye Chen is always careful and vigilant in the face of the state of creation, and the spiritual power in his body bursts out crazily.

At this moment, ye Chen's body moves, with the help of the anti shock force of the ground, jumps in the air, and suddenly cuts out a sword.

A cold light cut out in an instant.

At this time, behind the old man, the lifelike rosefinch flew out in a twinkling of an eye. The breath of terror seemed to burn up the whole palace.

Sword light and the moment of contact with the rosefinch, the outbreak of terror damage, this force makes everyone heart tremble.Boom!

The breath of terror pervaded around, and the whole figure of Ye Chen flew out.

At this moment, all the people were shining with bright light and couldn't open their eyes at all.

At the moment of flying backward, ye Chen clenched the Hunyuan immortal sword in his hand and chopped it out in an instant.

And now there are many people on the sixth floor.

People see this scene, open their eyes, see ye Chen fly out, instantly excited!

Ye Chen fell on the ground, mouth a mouth of blood spurt out, figure light shaking stand up.

"Why, are you excited?"

Ye Chen turned to look at the excited people and grinned.

"You're seriously injured now. The immortal of the heaven realm can beat you to death with one slap."

"Ha ha ha, you little beast, I said you would be punished."

One of the warriors laughed blatantly. He wanted to go now and torture Ye Chen.

"You may as well look over there!"

Ye Chen has no expression and points to the old man.

At this time, the warrior, with a pair of eyes, suddenly solidified his smile.

"This This... "

Because! At the moment, the immortal statue of the state of nature fell on the ground with a sword mark on his chest, and he died completely once his eyes were closed.

Of course, it is immortal, but the limitation of this palace is for self cultivation!

Those who are strong in natural environment will be seriously injured if they can reach the sixth level!
How to fight against Ye Chen in his heyday!

Ye Chen comes to the old man's side and counts his booty. The soldiers of time and space find out two pieces from the old man.

There are ten Hedao artifact and fifty Hunyuan immortal utensils. As for some elixirs, there are countless.

Ye Chen also found the skill used by the old man, which was called "four gods determination". He put it away without ceremony.

At this moment, the people who are still at the entrance feel as if they are dead hearted. Even ye Chen suppresses the creation of the immortal statue.

How can they get revenge?

In the secret realm of demon saint, the strongest one is just a layer of heaven. Now ye Chen is suppressing him. Who can save them?

Now ye Chen has received a lot of treasures. He decides to leave the sixth floor first and then continue to stay. When the time comes, he will come out of the realm of creation, which is hard for him to resist.

After all, even if he was seriously injured, ye Chen would have to pay a price to deal with it.

Ye Chen sits next to him to recover from his injury, which has been cured in less than half an hour.

"Everybody, you stay here slowly. I'll go first."

Ye Chen evil smile, go to the front of life and death.

These people hear ye Chen's words, almost cry out, the devil is going to leave at last.

If ye Chen stayed any longer, they didn't know the year of the monkey before they could leave.

Ye Chen stands in front of the gate of life and death and decides to go to the gate of death. In fact, he doesn't think too much about it. The gate of life and death is just a choice.

As for the crisis behind the door, ye Chen can only take a step to see a step.

Make up one's mind, ye Chen walks in directly, his figure also at this moment, disappear instantly.

His way is to kill!

He has experienced life and death countless times, but he is not afraid of life and death!
