Chapter 1681

People see ye Chen leave, a long breath.

If the evil spirit doesn't go away, they will not go further in the red flame palace.

Later, those martial eyes a coagulation, also toward the door of life and death to choose and go.

Since they have come, they have reason to believe that the real chance lies behind the door of life and death!

.....

The moment Ye Chen stepped into the gate of death, he found that all the scenery around him had changed.

At this moment, a huge waterfall flew down 3000 feet, and the towering peaks seemed like fairyland on earth.

Ye Chen looks around and finds a golden ladder on the top of a mountain.

At the top of the ladder, there is a painted black coffin with a bloody sword on it.

Ye Chen eyebrows pick up, about the demon Saint secret place thing, he also knows a lot.

That blood sword seems to be the weapon of demon saint. It is the top weapon of time and space, blood magic sword!

It is said that this sword has disappeared completely at the moment when the demon Saint perishes.

Ye Chen didn't expect to see it in this place.

Is it the body of the demon saint in the coffin?

Ye Chen doesn't know, but when he sees the blood demon sword, he naturally wants to find a way to get it.

This is a top-level soldier of time and space. If you don't get it, I'm sorry for myself.

Ye Chen rushes past with a lunge. At present, relying on his speed, he doesn't even need ten minutes to get to the foot of the ladder.

All the way running, ye Chen stood at the foot of the ladder, this time step on it.

However, when stepping on it for a moment, ye Chen's accomplishments are directly imprisoned.

"It seems that only the flesh can be used on it."

Ye Chen murmurs at the corner of his mouth, and his physical strength is not weak, but there is obviously the law of gravity to suppress it.

His body is on the first floor. Naturally, there is no problem, but the ladder is at least 999.

Ye Chen has no way, can only take a step to see a step, if it really can not be as forging their own flesh.

He went up step by step, and when he came to the 300 floor, the pressure suddenly rose.

"Look, there's the little beast!"

At this time, people who have continued to have martial arts come in, just like Ye Chen's choice.

Dead door.

After these people recover strength, recuperate their own injuries, they decide to enter the dead door to look for ye Chen.

For them, it's not a person to take revenge!

"Look, it's the demon saint's sword!"

I don't know whose eyes are sharp, and see the blood devil sword at the top of the ladder inserted on the coffin.

"Is there a demon saint in this coffin?"

An old man with a terrible breath looked ruddy. If he could get the treasure of the demon saint, he would be worthy of the trip.

"Let's go, let's rush up quickly. We can't let Ye Chen take the lead."

At this moment, everyone's eyes become crazy, which is the treasure of demon saint.

If they can get it, they can go to the sky one step at a time.

The most exciting thing is that they have no background and resources.

If they can get the demon saint's treasure, everything will change. Then they will be able to use the treasure to break through the realm of harmony and creation. Even if they reach the height of demon saint, they will not have no chance.

A group of warriors, as if beaten by chicken blood, became completely crazy.

What reason, at this moment, is like farting, the treasure is attractive.

When the group of warriors stepped into the ladder, their faces changed and their accomplishments could not be used.

Isn't it possible to rely only on physical strength?

Ye Chen originally wanted to continue to go up, but when he saw that group of warriors rushed over, he couldn't help stopping.

In this, only the power of the body can be used, and so are those who are strong in the realm of creation.

Depending on the strength of the physical body, how much strength can the strong man of the natural environment possess?

Ye Chen's physical body is extremely strong, and he can fight against the realm of creation under this restriction.

Of course, these powerful people in the world of nature have only treasures in their eyes, but they have a strong desire to kill Ye Chen.

In that case, how about letting them leave something?

Some warriors see ye Chen standing there motionless, eyes shining, do not know what to do.

Some people continue to stand on the 290 floor, their forehead is covered with sweat, and ye Chen is not as good as ye Chen.

"Now I give you two choices, either hand over all your valuable treasures, or I will kick you down."

Ye Chen looks at these people with a smile. After all, they are God of wealth. They must be friendly.

These warriors are all in harmony with Taoism. They always have some valuable treasures.

"Ye Chen, don't deceive people too much."

At this time, a martial artist in the Hedao realm of the evil demon palace spoke directly. Their strength was good. How could they endure being robbed?"You mean you don't want to give it?"

Ye Chen's face changed, and the smile on her face turned cold gradually.

"Naturally, you are not qualified to rob me."

"Ye Chen, you are now the enemy of the whole western regions. I know you are very strong, but there are restrictions on cultivation here! How much do you think you can play? "

"I just want the top sword now, I don't want to kill you. I advise you to go down by yourself!"

These people have not been robbed, do not know ye Chen's strong.

He thinks that he is in the right position, even if he uses his physical body, ye Chen is not an opponent.

In 200 storeys, there was a warrior who had been robbed, and his face became dim.

Others don't know, but they know ye Chen's terrible strength.

Naturally, it is impossible for them to tell others these shameful things.

"I like a hard spoken person like you."

As soon as Ye Chen's voice fell, he stepped down step by step and came to the martial man in the Hedao realm. His five fingers turned into a fist, and a fist suddenly blew out.

Seeing this scene, the fierce demon palace disciple did not hesitate to fight out with a fist.

The moment the two collided with each other, only a click was heard.

"Ah

A scream came from the mouth of the martial arts man in the world of harmony.

Ye Chen directly snatched all the treasures on his body, and then kicked him down.

If you fall from more than 200 meters in the air, you will become disabled even if you don't die.

"Are you going to pay it now?"

Ye Chen turned his head and looked at the crowd with a smile. With the lesson of the warrior, who dares not to hand in?

It is natural for them to know which is important to hand over the treasure or lose one's life.

Looking at Ye Chen's smile at the moment, you can't feel any warmth at all. What you can feel is the cold chill.

No one can stop it.

If their accomplishments were not sealed off, how could it be like this!

"Big Elder brother, I have been robbed by you once. Can you spare me? "

At the moment, the strong man in the harmonious world was about to cry out. He managed to escape from death. Who knows, he met this animal robbery again.

Chapter 1682

"Are you going down by yourself now, or am I going to kick you down?"

Ye Chen face expressionless mouth, since there is no money, it is impossible for them to go up.

"I'll go down by myself

The martial artist smiles bitterly. If he starts to attack Ye Chen, he will insult himself.

These warriors who gave up their treasures were gnashing their teeth with hatred. Originally, they laughed at those who were robbed. Who ever thought that they would be robbed soon.

They have decided to rob the demon holy treasure, ye Chen robbed their things, one by one let Ye Chen spit out.

One by one, these warriors handed over their treasures and kept climbing.

All this ye Chen also did not stop, more and more go up, the pressure is increasing.

Even if it is him, whether he can go up is still an unknown.

Ye Chen has already laughed at the flowers in his heart at the moment. If these resources are allowed to be used by himself, they are enough to be squandered, and if they are to establish a force, they are still too small a drop in the bucket.

However, he is not in a hurry. Naturally, resources should be piled up slowly, and there will always be enough.

If people know ye Chen's inner thoughts, I'm afraid they will despise ye Chen.

I have never seen such a shameless person!

"Ye Chen, we are the realm of nature. Do you want to rob us?"

At this time, a god of fortune realm looks at Ye Chen with a gloomy face.

They are celestial beings who are respected by countless people.

They never thought that they would be robbed one day.

"What if you are immortal, everyone is equal here. If you don't hand in treasures, I'll kick you down."

"You..."

The immortal Zun gnawed his teeth with hatred. His accomplishments were limited, and he could not exert his cultivation in the realm of creation. However, ye Chen could feel the threat in his opponent's body and could only bear to hand over some treasures.

Ghost knows how much pain he is suffering in his heart.

.....

Ye Chen saw that there was no one in the back for the time being. He took a look at the top and found that some people had climbed to more than 800 ladders.

Ye Chen no longer hesitated, one foot on the ladder above directly rushed up.

All of them started their steps with difficulty. In contrast, ye Chen's face was not red and breathless. He had a lot of spare power.

"Damn it, this little beast, why is the body so strong?"

"If I had known that, I would have exercised my body!"

These popular chest ups and downs, but there is no way.

Ye Chen didn't know how many people were on the way and ran to the front directly in less than an hour.

He came to the 899 floor but didn't go up. He could feel the terrible pressure of 900.

Once you step into the 900 floor, compared with the 800 floor below, it's totally pediatrics.

Although Ye Chen's body is strong, it is not invincible.

Whoa!

Ye Chen took a deep breath and stepped on it directly. At the moment when he stepped on the 900th ladder, the power of terror came.

Boom!

Ye Chen all over the body came severe pain, the mouth directly ejected a mouthful of blood.

Standing precariously on the top, the power of this ladder is too terrible for ye Chen.

People see this scene, the whole person's face slightly changed, ye Chen's physical strength, but they have seen.

Now even ye Chen is so difficult to stand there, whether they can go up is not clear.

Ye Chen stepped on that moment, step by step continue to go forward, from the top, only a hundred steps left, he will never stop here.

Some fighters came to the 900th floor one after another, others rushed up. But some people stop there.

They also have no way, the physical strength is too weak, 900 layers above, not even half of the people.

I don't know how many warriors have been blocked by 900.

"Come down to me!"

At this time, a shadow flashed through the eyes of a God God in the realm of nature. Behind Ye Chen, he forced one hand to fight out.

Now has reached the most critical moment, absolutely can't let Ye Chen ascend the summit first.

If not, how could it be their inheritance.

This palm, directly hit Ye Chen's back, ye Chen a mouthful of blood and water gushed out, his body fell on the top of the ladder.

The law of gravity oppresses Ye Chen's body, and the bones are in severe pain every second.

And he didn't expect that these people would be so mean to make a move at this moment.

"Let's fight together, first suppress Ye Chen!"

"This restriction makes Ye Chen hurt!"

At this time, the immortal in the realm of nature spoke directly. At present, ye Chen is the most dangerous one.

Relying on him alone is not ye Chen's opponent at all.

Hearing xianzun's words, the people's faces were solemn and nodded slightly. They have decided to get rid of Ye Chen. Ye Chen's body is the most powerful on the whole ladder.

If you can come to the 900 level, it is basically the eight level heaven, the top God King or the creation realm.

As for the level below the eight levels of heaven, no one can come up except ye Chen.

899 to 900 is a natural gap. It's too hard to rush up.

These people have made up their minds to fight against Ye Chen and snatch their treasures from ye Chen. It is already a situation of endless immortality.

Ye Chen looks cold gradually. If he knew this, he should kick them all down one by one.

"Since you've dealt with me, don't blame me for being rude."

Ye Chen's cold words make everyone's heart shake hard, but think of them to make a move together.

Even if ye Chen's body is strong, it is impossible to resist.

Ye Chen clenched his fist, raised his arm and hit him with a fist.

Boom!

This fist hit the body of the strong man in the natural environment, and a mouthful of blood gushed out of his mouth.

The whole person's body slightly shakes, the feet step back, almost fell down.

Ye Chen constantly blows his fist, and every time he swings his arm, he can feel severe pain.

It was as if there were thousands of ants biting his arm.

Bang bang bang!

There is no cultivation and spiritual power here! Only the body and the body!

Ye Chen can't remember how many fists he waved, and his body didn't know how much strength he could bear.

Each of these people punched Ye Chen's body.

Ye Chen is biting his teeth hard. He can't fall down. Now he is completely relying on a strong willpower.

"Ah

There was a constant scream, and some of them were directly beaten down.

"Ye Chen, how can we stop? No one will get the treasure if we go on like this."

At this time, a strong man of creation environment opened his mouth, and every time he looked at Ye Chen about to shake his fist, they were beaten in the face.

Ye Chen's tenacious willpower makes them scared.

If it goes on like this, it will only hurt both sides and no one can go on.

Ye Chen ignored and turned to the top.

His state at the moment has already reached the acme, can't love to fight, after all, treasure is the most important.

Ye Chen stepped out step by step, and soon came to the 999 layer. Only the last layer could get the blood demon sword.

Ye Chen can feel a bloodthirsty sword. The blood magic sword is not only a top time and space soldier, but also a magic sword!

Chapter 1683

"Ye Chen, your strength is low. Why don't you give me the blood devil sword to protect you when you go down."

At the moment, a creative realm opens his mouth. So far, only Ye Chen is most likely to get the blood magic sword.

The rest of the people also have to speak, in their eyes, as long as ye Chen goes down, there is no chance to live.

Ye Chen directly offends all the warriors. Once he goes down, he will be surrounded and killed by everyone.

After all, as long as you are not on the ladder, you can use all your accomplishments.

Ye Chen mouth reveals a wisp of sneer, these people said on the surface to protect him, I am afraid to get the blood devil sword, the first will kill him.

These people are basically from the western regions, killing Ye Chen is also everyone's task.

"If you want the blood magic sword, you can get it yourself!"

Ye Chen stepped on a thousand layers directly, this moment all the pressure suddenly disappeared without a trace.

What's more, the originally closed cultivation came back completely, and there was no prohibition at all on the 1000 floors.

Ye Chen came to the coffin step by step and felt a terrible breath.

This bloody, evil, a series of negative emotions, filled his mind.

Fortunately, there is a faint blue light shining in the center of eyebrows.

Endless evil Qi surrounds Ye Chen, as if guarding Ye Chen!

This power comes from the eye of the devil!

Ye Chen forced to resist the invasion of negative emotions, jumped to the coffin, stretched out his hand just ready to hold the blood magic sword, suddenly a crisis surged into his heart.

At the moment, an immortal in the realm of nature has broken through the limit, and his cultivation has been completely released.

At this time, there is no longer any consideration, the power of terror toward Ye Chen.

In front of him, he can't get the sword in front of him.

The breath of terror rushed directly towards Ye Chen.

Ye Chen frowned, looked at the blood magic sword, and finally turned to jump down.

In the moment of jumping down, the spirit of Huang virtual shadow.

I don't know why, if ye Chen pulls out the bleeding magic sword, he always has a bad premonition.

A warrior in the realm of fortune sneered and didn't chase Ye Chen. In his opinion, ye Chen gave up because he found that his current strength was not enough!

"Ha ha, the blood magic sword must belong to me."

The strong man in the natural world laughs angrily. He only feels happy. He comes to the coffin with a dart and clenches the blood magic sword with both hands.

When ye Chen falls on the ground for a moment, I don't know how many strong people surround Ye Chen directly to prevent him from escaping.

"Little brute, how strong are you? You still can't get the treasure. If we hand over our treasure now, we can't leave you a whole body."

I don't know how many strong people show murderous spirit. Even if ye Chen hands over the treasure, he must die.

Only in this way can their hatred be solved.

Ye Chen mouth reveals a trace of sneer, this kind of situation he had already anticipated.

Now he doesn't know how many weapons he has. Relying on the power of thousand weapons, he can escape from the heaven.

This is also the reason why Ye Chen has the courage to rob these strong men.

The power and chaos of the thousand soldiers explosion, depending on his speed, can escape.

At the moment when everyone was ready to start, a sudden change suddenly appeared, and all the warriors felt a smell of evil.

"What's going on?"

This evil smell makes all people scared, even those who are strong in the creation of the situation feel a crisis.

At this time, ye Chen looked up and found that the coffin had been opened without knowing when. Not only that, the strong man who created the world was full of evil spirit, and his eyes were concave and convex. His dark eyes turned into bloody eyes.

The blood devil sword in the hand of the strong man of creation turned into a sickle at this moment.

This is not the demon saint's blood devil sword at all.

"I don't know how many years this seat has been sealed, and finally come out!"

At the moment, the voice of the strong man in the natural environment has completely changed. The blood of terror permeates around.

"Ha ha, the demon Saint wanted to seal me when he died, but I have changed the rules here for ten thousand years, so that you can continue to fight and absorb blood, so that you can break this coffin."

Ye Chen heard his words, the whole person frowned, from his words it is not difficult to hear, the rules of the whole summer has already changed.

Ye Chen is not sure how strong this person's strength is. I'm afraid he is also a strong one with demon saint.

If it is not sealed, do not know how many years, his strength can kill anyone.

Bang bang bang!

At this moment, the blood seemed to have come alive, and constantly poured into the body of the warrior.

Ye Chen can clearly see with his naked eyes that these blood gases enter the body of the warrior and constantly absorb the blood of the warrior. Those warrior's blood, along with the blood gas into his body.

"What wonderful blood, you people, are all the nourishment for my strength."

"Let's kill him together, or we'll all die!"

At this time, ye Chen spoke directly. The rules in it have been changed. I'm afraid the exit inside has already disappeared.

No matter how tough this man used to be, what he is taking away now is just a layer of heaven in the realm of creation.

If all the warriors fight together, I'm afraid there is still a chance to kill this guy.

Otherwise, once this guy grows up, the demon holy land will only become the grave of all people.

Ye Chen at this moment, no longer hesitated, raised the Hunyuan immortal sword in his hand, and suddenly chopped in the blood!

"Boom

The blood gas was cut in half, and the bleeding water came!

Everyone is not a fool to be able to cultivate into the realm of harmony and creation.

Everyone can see that when the other side recovers, they will die!

As for ye Chen's robbery of their treasures, it has been put aside for a long time, not because of their righteousness.

It's mainly because I don't have my own life. What's the use of more treasures.

"Years kill the sword!"

This moment, no one dares to hide, all out of their own housekeeping skills.

Boom! Boom!

The sound of the explosion was constant, and there was no pause at all. The smell of terror was everywhere.

"A group of ants don't know how strong I am!"

Within the explosion range, came the old man's sneer, this moment only saw a bloody figure.

In the blink of an eye, the old man came to a warrior in the six layers of heaven in the same Taoist realm. A pair of fingers were directly inserted into the heart of the warrior.

The martial arts man in the six layers of heaven in the Taoist realm can be seen by the naked eye and become a corpse in an instant.

The old man's fingers came back, his hands stained with scarlet blood, and his fingers licked slightly in his mouth.

"What a wonderful taste, I haven't enjoyed it for a long time."

Chapter 1684

The figure of the bloodthirsty demon king and ghost constantly shuttles through the crowd. Every time a warrior comes to the front of a warrior, there will be a warrior who directly loses his life.

Ye Chen's brows are tight. If he goes on like this, I'm afraid no one can live.

"The law of blood!"

At this time, the bloodthirsty Prince roared, and the surrounding scenery changed in an instant.

Torrential sea of blood, bloody taste, people can't help but want to nauseous.

At this time, a bloody man appeared in the blood.

When the strength of these blood people reaches the level of harmony, the weakest is also a layer of heaven.

"Enjoy the killing feast

The figure of the bloodthirsty Prince did not know where it was hidden, and he knew it himself.

At present, he has not recovered much. If these warriors unite, he will be planted here.

After all, he does not have his previous accomplishments, but is a man of nature.

Ye Chen frowns, and the bloodthirsty Prince obviously wants to use these blood men to kill the warriors one by one and turn them into his nourishment.

At present, ye Chen doesn't know where the bloodthirsty Prince is hiding.

At this time, a blood man from the three levels of heaven in the realm of Taoism rushed to Ye Chen.

Ye Chen clenched the Hunyuan immortal tool in his hand and chopped it out with a sword.

With a sword going down, the blood man dodges directly, and the figure comes to Ye Chen.

At this time, ye Chen feels a bloody breath. At the moment when he comes to Ye Chen, he smashes his fist to Ye Chen.

Although these blood people are powerful, they have no thinking and no weapons at all. They can only rely on their bodies.

Ye Chen's figure twists slightly to avoid the blood man's fist, and then a sword is inserted into the blood man's abdomen.

The blood man did not know the pain, turned and kicked out.

Ye Chen loosens Hunyuan Xianjian, grabs the blood man's thigh with one hand, and then hits his head with a fist.

Boom!

A fist down, the blood man's head is broken, his body suddenly explodes, and his clothes are wet with blood.

When the blood man disappeared, another blood man came out of the blood.

As long as the bloodthirsty Prince's blood law is not broken, these blood people will not die.

Ye Chen is full of blood, he doesn't know how many blood people killed, but it has no effect at all.

Some warriors have already fallen and become the nourishment of bloodthirsty Lords.

"Everyone gathered together to find a way to solve his blood law."

At this time, I don't know which one of the immortals in the realm of nature opened his mouth. If it goes on like this, they can only be dragged to death.

Now it's only by gathering the strength of the people.

Ye Chen came to the people step by step. Now there are less than 100 warriors left in the dead gate.

Except ye Chen, all of them were above the realm of Tao. As for the Hunyuan Kingdom, they had already died.

At present, only the accomplishments above the realm of harmony can resist one or two.

After all the people gather together, as long as there are bloody people rushing over, they will kill them together.

"Hoo!"

At this moment, the people finally have a breath of time, but in the face of the law of blood, they still have no way.

If the bloodthirsty prince does not come out, sooner or later they will be dragged to death.

In the long run, there is no way.

"Ye Chen, you don't have the method of explosion, cooperate with us to create the damage of the chemical environment, and finally break this law."

At this time, an immortal in the realm of nature opened his mouth. These people were very clear about ye Chen's means.

It can make the Hunyuan immortal and the Hedao artifact merge together to produce explosive power.

If this power can achieve certain damage, it is enough to break the law of blood.

"I use a thousand soldiers to explode, naturally there is no problem, but my spirit power is not enough."

At this time, ye Chen opens his mouth, and thousands of soldiers explode. He has already thought about it. But his spirit power, which wants to achieve the explosion of breaking the law of blood, is not enough at present.

"Ye Chen, since you are not strong in the power of spirit and soul, you might as well hand over the secret method of" thousand soldiers exploding "for us to display

When the king speaks, his eyes are full of greed.

All the warriors of the western regions have seen the power of this secret method.

If you can, no one doesn't want to get this secret.

Ye Chen turned his head and took a cold look at the top God.

At this critical moment, he still thinks about his secret method. He really doesn't know how to cultivate to the top God.

"It's impossible to want my secret method!"

As soon as ye Chen's voice falls, he shakes his head slightly. It is absolutely impossible for him to hand in this secret method.

People also know that it is almost impossible for ye Chen to hand over a thousand weapons. After all, who is willing to hand over his unique skill.

"What now? Is that how it is consumed?" One of them spoke timidly. If it goes on like this, they can only be consumed to death.

"I'm refining the soul fruit now. I can enhance the power of the spirit. I'm not sure I can break the law of blood. You protect me."

At this time ye Chen opens his mouth to speak, he still has the soul fruit to be able to use, when the time comes, it is not possible to break open.

People surprised to see ye Chen, the role of soul fruit, people naturally clear.

Did not expect Ye Chen to have this kind of treasure in his hand, this luck also too NIMA adverse weather?

However, at this time, no one dares to snatch Ye Chen's soul fruit. The gratitude and resentment can't be mentioned in front of life and death. After all, only Ye Chen will be a thousand soldiers.

Whether they can live on or not.

"Everyone, surround Ye Chen and protect him. If anyone dares to rob, I will be the first to kill him."

At this time, a strong man who created the world opened his mouth. Now ye Chen can't have any mistakes.

Ye Chen sits cross legged in the sea of blood, takes out the soul fruit to put in the mouth, closes the eye, unceasingly refines the soul fruit.

As for everything outside, ye Chen doesn't pay any more attention to it. Some people who are strong in creating chemical environment can't rush over for a while.

As time went by, the bloodthirsty prince also noticed some problems and found that these people had been protecting a young man.

Although I don't know what's strange about this Hunyuan state, he must be careful at present.

After all, he is not as good as he used to be.

At this time, the blood man no longer strange hands, these blood and water unexpectedly constantly fusion.

Not only that, in the process of fusion, these blood and water condense into an extremely big and bloody giant.

The body of the blood man reaches 10 meters. The huge body and the breath of terror are daunting.

The strength of this bloody man has reached a level of heaven in the realm of nature.

Without hesitation, the blood man rushed directly to Ye Chen and wanted to kill Ye Chen with a blow.

"No, please protect Ye Chen!"

One can see at a glance that the blood man is obviously rushing towards Ye Chen.

At present, ye Chen has reached the critical moment and can not tolerate any mistakes.

Chapter 1685

"Let's stop the bloody man, and leave a creator and two top gods to protect Ye Chen!"

At this time, it is too late for them to hesitate. They must try to stop the blood man.

Boom!

In an instant, the war broke out completely, and the lowest one who could make a move was also the strong one of the eight layers of heaven in the Hedao realm.

Otherwise, it's not enough to kill people with one fist and become the nourishment of the bloodthirsty prince.

In spite of this, there are also top gods who have fallen. At the moment of falling, the strength of the blood man is constantly enhanced.

It has been infinitely close to the second heaven of the realm of creation. If it had not been for the limitations of the laws here, the blood man would have broken through.

"Damn it, this bloody man can't be killed!"

At this time, a man with grey head and grey face opened his mouth, and he was under most of the attacks of the blood man.

Every time you cut off the blood, your arm or thigh will grow in an instant.

Unless the law of blood is broken, there is no way.

The air was filled with blood, and the terrible aftershocks of the battle rolled up a sea of blood.

At this moment, even the top gods are in danger of falling down. Only the realm of creation can guarantee their own safety, but such a battle will not last long.

At the moment Ye Chen opens his eyes, this time refining all the soul fruit, let his spirit power greatly increase.

When they saw Ye Chen wake up, they said in a hurry, "are you sure you can break the law of opening blood?"

"Try your best!"

Ye Chen also dare not say 100% assurance, after all, did not try, now he can only do his best.

This time ye Chen took out a piece of time and space weapons and ten pieces of magic weapons of the Tao. As for the function of Hunyuan immortal tools, it had no effect on the law of blood.

"You try to stay away from me. I don't know how terrible the effect of the explosion is."

When they heard Ye Chen's words, they hurried away from ye Chen.

Ye Chen looked at it, felt almost the same, murmured at the corner of his mouth: "thousand soldiers explode!"

At this time, the soldiers of time and space and the artifact of the unity of Tao emit a buzzing sound, and a breath of terror suddenly fills the air.

This breath, even if the environment is strong, has a slight sense of danger.

Boom! Boom! Boom!

At this moment, an instant explosion, the vast sea of learning and blood blast out a layer of spray.

Around the smell of blood, continue to reduce, ye Chen looks ferocious, in the mind is bearing huge pain.

"Look, everyone, the law of blood has disappeared!"

At this time, I do not know who said a word, the surrounding sea of blood has already disappeared.

The bloodthirsty Prince looks ferocious and pale, and the law of blood is broken, which has a great influence on himself.

"Damn little beast!"

The bloodthirsty Prince roared. He didn't expect that his plan would fail.

If it was not for a humble boy, he would have devoured these people and turned them into his own nourishment. He could break away from the rules of the demon saint and break through to the second heaven of the realm of creation.

At that time, all the people in the demon saint's secret place will die, and they can't live at all.

However, his plan, completely destroyed!

"Let's kill him together!"

At this time, an immortal in the realm of nature could not let the bloodthirsty King leave alive.

If it's the devil's blood, who will grow up.

"What a pity You want to kill me? It's not qualified. "

At this time, the figure of bloodthirsty Prince is constantly blurred.

"Ha ha ha, the secret place of demon saint is your death time. The strong men in the other three places should have awakened. You can't live!"

The bloodthirsty demon gentleman finished this sentence, the whole person's figure suddenly disappeared, also did not know where to go!

When the bloodthirsty Prince left, the surrounding scenery changed in an instant. The original world of birds and flowers turned gloomy. At the moment, where is the ladder.

It is actually a sealed ladder full of evil atmosphere, but it has been damaged for a long time.

This is the place to seal the bloodthirsty prince.

"Ye Chen, now that the crisis has been lifted, it's time for you to hand over the treasure."

At this time, a top God King spoke directly. I'm afraid he is not only a strong man in the words of a bloodthirsty demon.

If you want to live next, I'm afraid you can't live without some treasures.

"The treasure is on me, but my things will never be given to you."

At the moment, ye Chen opens his mouth directly. How can he hand in the treasure that he finally gets?

"Ye Chen, we people, if we insist on doing something, do you think we can go out alive?"

In the face of the crowd's clamor, ye Chen does not have any expression on his face. Instead, he directly takes out two pieces of soldiers of time and space. The meaning is self-evident. When they see ye Chen take out the soldiers of time and space, the corners of his mouth twitch fiercely, and the power of thousand soldiers explodes is still fresh in their memory.

If the scope of the explosion is thrown into the crowd, I don't know how many people will die.

Even if you are not careful, you will be seriously injured.

"If you want to rob me of my treasure, you may as well try it. Can I use the thousand soldiers explosion now?"

Ye Chen grinned, but no one dares to move forward. Although the treasure is important, no one dares to joke about his own life.

If the treasure is gone, it will be gone. If the life is lost, there will be nothing.

"What? Don't you dare? I thought you were not afraid of death. "

Ye Chen sneered at the corner of his mouth and looked at the crowd with disdain.

The thing in his hand is his!

If others want to rob, they should also see if they have the strength.

"Ye Chen, you wait for me. Sooner or later, you will vomit."

At this time, the people put down their harsh words and decided to leave. They must be prepared early.

This time, the rules are broken. I don't know how many strong people will fall in the secret place.

After the crowd left, ye Chen took a deep breath, and he just forced support.

If the war goes on, the power of his spirit will not be enough.

Because the bloodthirsty Prince left, the surrounding fantasy disappeared, and the exit also appeared.

Ye Chen walked into the entrance and exit, and found that he came to a strange world.

"What is this place?"

Ye Chen murmured at the corner of his mouth and looked around him. He found that there was no vegetation or anything around him.

As if everything becomes desolate, everything is nothing.

"Roar!"

At this time, a strong breath came, and ye Chen frowned.

This is the breath of red flame and unicorn!

"Human beings, the testing place of summer land, I choose you."

The red flame fire Unicorn comes to Ye Chen's side and reinforces his own breath. Otherwise, he can suppress Ye Chen only by his breath.

At the moment, the red flame unicorn is very weak. At the beginning, those people coveted the red flame fire unicorn and wanted to kill it.

Although it was able to escape, it was also seriously injured.

Chapter 1686

"I've been paying attention to the war just now, but I don't have the strength. Kill the bloodthirsty king!"

Red flame and unicorn, showing a trace of dejected look.

At the beginning, the demon Saint let the red flame Kirin guard here, not only in search of the descendants of the red magic sword, but also to prevent the bloodthirsty prince from breaking free.

The red flame Unicorn could have been killed, but because of the greed of the Terrans, it was seriously injured and had no strength to fight the bloodthirsty king.

If it was not for the greed of the Terrans, now the bloodthirsty king had already been suppressed, how could we make waves!

The reason of the human race makes the present fruit!

These things must be paid back by the Terrans.

"The blood magic sword is here. It depends on whether you have the ability to control it!"

At this time, when the red flame Unicorn raised his hand, an altar appeared in a deserted place.

At the top of the altar, a sword stands on it, and the sword's intention soars into the sky.

Blood magic sword is not only a top-level weapon of time and space, but also a magic sword. Only those with great perseverance can control it.

What is magic sword!

For the devil!

You can kill the devil!

If not, it will only become the puppet of blood magic sword.

"Demon Saint left a total of four inheritance, xiadi is the place to suppress the blood magic sword. You need to pull it out by yourself. Remember, don't let the blood magic sword control your mind."

Red flame Kirin finished, closed his eyes and said no more. Now it has to recuperate its body.

Ye Chen nods slightly. Why does ChiYan huoqilin choose himself? He doesn't ask.

Since ChiYan huoqilin chose himself, there must be his reason.

Ye Chen comes to the altar step by step. When he keeps approaching, the more he can feel the sword and killing spirit!

Blood demon sword, master kill!

Ye Chen's killing intention and blood magic sword are almost insignificant.

The blood demon sword releases a killing intention and falls on Ye Chen's side. It seems that he is telling Ye Chen that he is too humble!

Blood magic sword thinks that ye Chen has no strength to control him at all!

Ye Chen bit teeth, step by step in the past, each step is very difficult, but firm incomparable!

Who is born strong!

The strong are step by step from the sea of blood, the real emperor, are stepping on countless bones, stepping on the throne.

A general success, ten thousand bones wither!

Ye Chen comes to the blood demon sword. At the moment, he has been scarred and covered with blood.

Ye Chen opened his eyes and held the blood magic sword with both hands.

Boom!

Blood demon sword spread crazy killing intention, want to kill Ye Chen!

Such ants are not worthy to control it!

The killing intention pierces Ye Chen's body, and the blood gushes out crazily, but ye Chen's face is expressionless and indifferent.

Arms in this moment, suddenly between the force, the upper arm of the blue tendons burst.

"My life is up to me, whether you are a devil or an immortal, I will submit to my feet!"

Ye Chen roared, at the moment in his mind, there are countless evil thoughts, killing, desire, in his mind constantly flow.

Buzz!

Blood magic sword is buzzing, ye Chen's huge strength, constantly pull out the blood magic sword.

His eyes are slightly blood red, and his mind is struggling to resist!

He can't let the blood demon sword control everything!

"Go

Ye Chen roared, and the blood magic sword was pulled out completely at this moment.

At the same time!

Ye Chen's eyebrow heart appeared an eye!

Eye of the devil!

Ye Chen's whole body is surrounded by endless evil and nine You Qi!

Evil Qi surrounds Ye Chen's whole body!

At the moment, ye Chen is a demon!

The supreme devil!

At the moment of pulling out, the killing intention around the blood magic sword disappeared.

Ye Chen's eyes are gradually restored to Qingming, and the blood magic sword at this moment has been completely subdued!

Red flame Kirin slightly opened his eyes. Although his face was expressionless, his heart had already been shocked.

The pride and magic nature of blood magic sword is the most clear. Originally, it let Ye Chen have a try, which is also a bet.

Ye Chen did not have much confidence, after all, this is the demon saint's sword.

Is it easy for a kid in such a garbage state to pull it out?

But it did not expect, ye Chen actually succeeded!

"Ye Chen, although the blood magic sword is subject to you, its magic is still there. Don't use the blood magic sword easily."

At this time, the flaming Unicorn speaks!

Ye Chen nods slightly. There is nothing on the surface of the blood demon sword now, but once the blood demon sword is used to fight, the crazy killing intention and demonic nature will break out completely. Before the crisis of life and death, ye Chen will never use the blood magic sword. Otherwise, once he is eroded by the magic nature of the blood demon sword, it is not easy for him to recover his nature.

"Now that you have control of the blood demon sword, now I can send you away."

Red flame Unicorn a flame from the mouth, in the void suddenly appeared a door of emptiness.

"Now the four people suppressed by the demon Saint have come out. You should be careful

The red flame Unicorn spoke slightly. Each of the four was a terror ten thousand years ago.

Although it is basically a level of heaven in the realm of creation, their means are not what people can deal with.

Ye Chen nodded slightly and stepped into the door of emptiness.

If we can solve the four, ye Chen will not hesitate to do something for the demon Saint since he inherits the inheritance of the demon saint.

When ye Chen comes out from the gate of emptiness, he finds that he has already appeared outside Xia di.

There are basically no warriors outside. Because of the birth of the bloodthirsty prince, they have been making killing all the time.

During this period, some strong men organized martial artists to destroy the bloodthirsty king. However, the bloodthirsty king was just like loach, and could not be grasped.

Every time you arrest, you will never succeed!

Ye Chen is in the red flame fire Qilin there, although did not waste time, but in the summer has passed a few days.

What's going on outside at present, ye Chen is not clear!

All the way, ye Chen finds a warrior and inquires about some news.

At present, xiadi is divided into two groups of big forces. The forces formed by the evil demon palace fight against the bloodthirsty Prince together. Another group of forces is composed of loose cultivation.

Of course, there are still some big and small forces. Now there are basically no warriors and dare to be outside alone.

I'm afraid that the bloodthirsty prince will come out accidentally. Like Ye Chen, a person running around in the summer, I have to say that the master craftsman is bold.

In one place, Chen Feng and his wife were covered with blood. They were not allowed to go in because they had taken refuge in Ye Chen.

"Two humble ants, you two can't escape from my palm."

Behind Chen Feng, the bloodthirsty Prince chased after him, but he was not in a hurry to kill them.

It's hard to find two playthings. We must let them die in despair.

Such blood is the most wonderful!

Chapter 1687

"It seems that we can only die here."

Wang Qian's mouth reveals a trace of bitter smile. They are now in the realm of Taoism. They are lucky enough to find a breakthrough in the secret realm of the demon saint.

He Dao state is a strong man in the outer world, but he is nothing in the demon saint's Secret realm.

Because of the existence of the bloodthirsty king, the top gods don't know how many deaths and injuries.

"It's OK. Even in hell, we are husband and wife."

In the face of death, Chen Feng does not have too much fear, but can no longer take care of Wang Qian.

When they decided to die, a vague figure appeared in front of them.

When the fuzzy figure, constantly clear up, Chen Feng's eyes almost shed tears!

He's back!

The man who made the western regions afraid did not die and appeared intact in front of them!

"Little Lord!"

At this time, Chen Feng and Wang Qian kneel down directly in front of Ye Chen.

Ye Chen was originally captured by the red flame Kirin, thinking that he could not survive. However, when some powerful people rushed out of the palace, they knew that ye Chen was not dead.

On the contrary, they robbed countless powerful people, even in the realm of fortune, they were not spared!

They have been waiting for ye Chen, but for several days, ye Chen did not come out.

They thought something had happened to Ye Chen.

Now ye Chen appears intact in front of them.

"Well!"

Ye Chen slightly nods, now also is not the time to speak, in the back bloodthirsty devil gentleman crazy rush over.

"Bloodthirsty Lord, long time no see!"

Ye Chen alone in the face of the bloodthirsty prince, the whole look changed, he and the bloodthirsty Prince is not "how to say, we do not fight do not know each other, why so angry!"

Ye Chen mouth reveals a smile, the hands of two arms of space-time soldiers!

Now the only card he can hold down the bloodthirsty king is thousand soldiers!

When the bloodthirsty prince saw Ye Chen's two pieces of space-time soldiers, the corners of his mouth violently twitched.

At the beginning, it was because of these weapons that his strength declined, otherwise he would not have become what he is now.

"Son of a bitch, you think you can still hurt me now?"

The bloodthirsty Prince looked ferocious. Although he said so, he did not step forward.

Behind Ye Chen, Chen Feng and Wang Qian have already been shocked.

You know, the bloodthirsty prince in the summer has become an absolutely invincible existence.

If it was not for the strength of the bloodthirsty prince, how could they form a force.

Chance in the bloodthirsty prince appeared at that moment, has long been nonexistent, it is important to keep your own life first.

Even if you see the bloodthirsty prince in the realm of creation, it is only a short fight. You have never seen a bloodthirsty Prince afraid of anyone.

Now ye Chen is able to frighten the bloodthirsty prince. How can they not be shocked?

"If you can hurt you, you will know. But if you are hurt, even if you kill me, you think you can escape?"

Ye Chen looks the same, does not have any timidity at all, now he, once exudes a trace of fear, the bloodthirsty prince will definitely move quickly.

The bloodthirsty Prince did not speak, and everyone could feel that in the void, the strong man in the environment of nature paid attention to every move.

Once the bloodthirsty king is seriously injured, I'm afraid these strong people in the natural environment will not hesitate to take action.

Ye Chen laughs but doesn't speak. The bloodthirsty Prince looks at him angrily, and finally says in a cold voice: "let you live two more days first, then I will let you die!"

After saying this sentence, the bloodthirsty Prince disappeared without a trace. Even if he can kill Ye Chen now, he has to pay his own life, which is not worth it.

Whoa!

Ye Chen breathes out a breath gently. If the bloodthirsty Prince doesn't leave, he and Chen Feng and others, I'm afraid, have to explain here.

"Let's go!"

Ye Chen takes a look at Chen Feng and them and turns to leave here.

In a cave, ye Chen inquired about the latest things, and learned that because of him, Chen Feng and their time, they fled everywhere.

He kept these accounts in his mind, and sooner or later he would let these people repay them.

At present, he has found that his internal strength has accumulated to the extreme, and it is time to bear the thunder robbery.

Xiaoyaoshenjun and the mysterious old man said that his present Hunyuan state is not true!

He didn't go through thunder robbery!

No experience!

If you cross this, he can have a real sense of power!

Once he reaches the real Hunyuan state, his strength will have a qualitative breakthrough, and will not be as difficult as he is now!

"Chen Feng, you two keep the cave entrance. No one is allowed to come in. I want to break through here!"

"Yes, little Lord!".....

Ye Chen sits cross legged in the cave, and his spiritual power flows. After this breakthrough, he will have a qualitative breakthrough.

Outside Chen Feng and Wang Qian two people, feel the inside of the cave out of the terrible air wave flow.

"How do I feel that when we break through the realm of harmony, we are not so terrifying."

This momentum makes Wang Qian feel very frightened, her heart is faintly trembling.

"Demons are used to break common sense."

Chen Feng didn't feel anything. A demon was doomed to break the cognition.

Ye Chen's spirit power flows wildly in his body, and there is a dull sound in his body, and his six gods and kings are buzzing behind him.

Boom!

At this time, the sky exploded like thunder, which shocked people.

Dark clouds cover the whole demon holy place.

The scope of thousands of miles is all thunder robbery, and the breath of heaven makes everyone feel depressed.

"Who broke through the realm of nature?"

At this time, when a warrior opens his mouth, this breath is almost like breaking through the realm of nature.

It's even better than creating a world!

Everyone thought that it was the breakthrough of the strong in the natural environment, but only Chen Feng and Wang Qian knew that this was not a breakthrough in the natural environment at all, but a Hunyuan state.

There was a deafening noise above the dark clouds, and the terrible thunder robbery whirled around the top of Ye Chen's head.

At the moment, ye Chen only felt a sense of terror. He knew that he had broken through the terror of thunder robbery, but he did not expect to reach this level.

The pain of the king's way is constantly changing.

What is Hunyuan? It is to integrate the way of God and king, and break out a more powerful fighting force!

Above the dark clouds, the thunder flickered all over, and the breath of extermination shook everyone's heart.

"Ah

Ye Chen sent a painful roar, the transformation of six gods and kings, let him bear the pain of tearing heart and lung.

This is not the most terrible, the most important is thunder robbery!

Now, the strength of the thunder is not to endure the strong consequences of the thunder.

Every step is against the day!

Boom! Boom!

A terrible thunder is brewing in the dark cloud.

Stab!

At this moment, thunderbolt fell, a bright thunder, let the whole earth tremble.

In summer, lava erupts continuously, and the power of thunder robbery seems to destroy the whole world.

A thunderbolt blows directly on Ye Chen's body!

Chapter 1688

The terrible thunder rob seems to devour Ye Chen!

Ye Chen finally understood why he stepped into the Hunyuan realm. He would be different from other martial artists. There was no thunder robbery!

It's thunder robbery accumulating!

It's the way of heaven punishing yourself!

Don't allow yourself!

The mysterious old man said that his present Hunyuan state is a fake one.

Only after suffering the thunder robbery, can we really transform!

At present, what ye Chen wants to do is endure!

Ye Chen looks up to the sky and roars, his clothes and robes are directly broken by thunder, penetrating his body.

Thunder robbed his body constantly.

Ye Chen forced to hold back the blood that he wanted to spit out, and his body had a smell of paste.

He takes out five magic tools and a weapon of time and space. Ye Chen does all these things and quietly waits for the second thunder robbery.

He was bombarded by thunder robbery all the time. He couldn't bear it.

At this time, a dragon chant came from above the void, and a flashing Thunder Dragon climbed out of the dark cloud.

Chen Feng's face was dignified, and he didn't know whether the little Lord could break through.

Thunder Dragon came into the world, even if they broke through the realm of Tao, they did not meet.

This can only show one thing, ye Chen's threat is too terrible.

This is the second thunder robbery. Who knows what's left behind? Chen Feng did not dare to think about it any more.

"Come on, I'll see what you can do for me

Ye Chen laughs wildly. He doesn't face the fear of thunder robbery at all. At the moment of stepping into the warrior, life and death are between the lines.

Roar!

Thunder Dragon roars, seems to be infuriated by Ye Chen's contempt. He breaks through the clouds and rushes to Ye Chen, vowing to destroy Ye Chen.

Boom!

An explosion, the cave here has long disappeared, Chen Feng and Wang Qian two people have been hiding far away.

If we get closer, they can only go down in smoke.

He Dao artifact and the weapon of time and space blocked the Thunder Dragon, but it was also broken in an instant.

Ye Chen's eyes flashed a trace of flesh pain, which is the war of time and space.

Priceless!

Now a blink of an eye to be broken, how not to let Ye Chen feel heartache?

Sing!

At this time, a thunder Phoenix circled the sky, and not only that, a Thunder Dragon continued to appear.

The dragon and Phoenix are intertwined with each other, and everyone in the demon saint's secret place can see this scene.

"Who in the end is this person who breaks through the immortal?"

At this time, a strong man who created the world spoke. When they broke through, there was only thunder. There was no vision in the void.

Boom! Boom! Boom!

After several thunder robberies, ye Chen is covered with blood. Even though he is scarred, he has never bent down. There is an unyielding look in his eyes.

His life is up to heaven!

As long as he resists the last thunder robbery, he can break through completely, but the last thunder robbery has not fallen yet.

It's so oppressive that people want to suffocate in the secret place of demon saint. All the warriors in Hunyuan state lie on the ground and can't stand up at all. He Dao state is better, but he is also struggling to support it. Only the nature realm can resist one or two.

"Come on

Ye Chen roared angrily, one foot on the ground, using the ground's seismic force, jumped into the sky.

At this time, everyone was shocked!

"This How could this be ye Chen? "

All people's minds are full of doubts. They thought they were a top God to break through the realm of nature.

Who knows it is Ye Chen who breaks through the Hunyuan realm!

No, isn't Ye Chen already in the mixed world?

Why is the thunder robbery delayed?

It's just a joke from heaven!

How terrifying is Ye Chen's talent? Breaking through the Hunyuan realm makes the thunder robbery appear strange.

Ye Chen can't stay!

At this moment, ye Chen's enemies are furious. If he breaks through the realm of nature, who are their opponents?

I'm afraid Ye Chen alone will be able to kill all of them.

Roar!

At the speed visible to the naked eye, a head of Linghuang appears on the top of Ye Chen's head.

There is no fear in Linghuang's sharp eyes. There is only a strong sense of war!

What about the way of heaven? Heaven can't stop it!

Not only that, a blood dragon is also out of Ye Chen's body!

Blood dragon chants and glares at the sky!

As if to say, to move this person, step on me first!

The way of heaven seems to feel Ye Chen's intention of war, and the angry roar comes from the dark clouds.

He is the way of heaven. Everyone should be afraid of him!

"Damn it, this ye Chen is just looking for death!"

"Ha ha, I don't think ye Chen can break through at all. He will be killed by thunder!" These people did not expect that ye Chen would dare not to pay attention to the way of heaven.

Who is the way of heaven? The master of heaven and earth!

Basically all forces want Ye Chen to be killed by thunder!

.....

At the same time.

Below.

Two figures, one big and one small, are running fast!

When Liang XueYue and Ji Lin Hear ye Chen's movements, they arrive in time. When they see the picture in front of them, they look at each other and pray in secret. Their eyes are full of worry.

If you can see Wang Ji Lin's spirit, you must be able to see it.

And the breakthrough breath on the body is extremely rich!

The speed of this breakthrough is daunting even to him.

"Do you think ye Chen will be in trouble?" Ji Lin's eyes are moist.

She has not seen Ye Chen for a long time.

I didn't expect that it was this scene to meet again.

Endless worries spread in my heart.

Liang XueYue looked at the sky, hesitated for a few seconds, and finally said seriously: "in my understanding, although you are a natural poison, no one in Lingwu mainland can look up to your future achievements."

"But ye Chen, his achievements are absolutely beyond our imagination."

"We have to believe him."

Ji Lin nodded: "OK, then I will continue to break through. This place is worthy of the secret place of demon saint, which is extremely suitable for me."

"I hope to protect Ye Chen in the future, not him."

"And..."

Ji Lin did not go on.

There was a trace of determination in her eyes.

And, sister Jerome, I'm going to save her.

On your own.

Ji Lin knows how heavy the pressure on Ye Chen is now, and how terrible it is for the people behind ye lu'o'er to be captured.

Young as she is, she doesn't know nothing.

She has been guarding this secret, do not tell Ye Chen.

She doesn't want Ye Chen to be distracted.

She really wants to rely on herself!

.....

"Boom! Boom

There is a lacquer black eye in the dark cloud. At the moment when it comes out, ye Chen sprays blood directly.

"This This is the eye of heaven

At this moment, everyone was scared out of a cold sweat!

What is the eye of heaven?

It is said that this is the will of heaven.

Only when the sky is afraid of a person, will we be born!

In the records of Lingwu land, it only appears once.

No one thought that ye Chen would have the eye of heaven when he broke through the Hunyuan realm.

Those who are afraid of heaven will be destroyed!

Chapter 1689

At this moment, the eye of heaven opens suddenly. At the moment of opening, it seems that the whole world has become nothing.

In the eye of heaven, a black beam of light suddenly fell down!

"Ah

At this moment, ye Chen only felt that his soul was about to be destroyed, and his body seemed to be breaking apart!

Of course, he has a strong body!

But now it can't fight against heaven!

Ye Chen's whole body, as if to burst in the next second!

Hum! Hum! Hum!

At this moment, the smell of thunder robbery is disappearing.

"Ha ha! Ye Chen, this little animal, is dead completely

"Ye Chen is dead at last. Ha ha ha, happy!"

People who expect Ye Chen's death send out a happy smile. Ye Chen is like a thorn in their heart. Now this thorn is finally eliminated.

Chen Feng and Wang Qian two people, looking at the void, heart do not know how to express.

A generation of Tianjiao against the sky, unexpectedly fell under the thunder?

How could that be possible?

"Look, what is that?"

At this time, a warrior opened his mouth, and everyone saw that a soft energy in the void rushed into Ye Chen's body.

At that moment, ye Chen's body was about to collapse, but the next second, at the speed visible to the naked eye, a light was lingering around Ye Chen's body!

Very strange light!

Not only that, his strength from Hunyuan one level day, directly broke through to Hunyuan three levels of talent to stop.

The way of heaven has its rules. If someone can resist thunder robbery, he can get benefits.

This gentle energy lasts for an hour before it stops. Ye Chen clenches his fist and feels the power of terror all over his body.

Even if it's him, it's not clear how strong he is now.

I'm afraid he can kill with one fist.

"Sister XueYue, I knew Ye Chen would be OK."

At this time, the tears in Ji Lin's eyes disappeared, instead of a face excited.

Ye Chen, a man who has created miracles all the way, how could he die in the thunder robbery!

Liang XueYue smiles and turns to the deep: "Ji Lin, we should go, after all, we still have more important tasks."

She had no intention of seeing ye Chen.

Ye Chen's constitution is neither a congenital poison nor an acquired poison, and the places where they want to go, apart from these two constitutions, can't enter at all.

"Good."

Ji Lin nods his head and finally takes a look at Ye Chen and disappears in situ.

And the western regions forces set off a great deal of horror in their hearts, ye Chen did not die!

Ye Chen had been able to fight against the early stage of he Dao state before. If he wants to kill him, I'm afraid he can't do without the strength above the seven layers of heaven in the Hedao realm.

If you wait for another period of time, I'm afraid the top gods will have no way to take ye Chen, unless the strong in the natural environment will do it.

Ye Chen's breakthrough speed is too fast, for them, too much threat.

None of the forces in the western regions didn't want Ye Chen to die. There were some grudges between them.

"Little Lord, I knew you were OK!"

At this time, Chen Feng and Wang Qian came to Ye Chen.

The inner excitement can not be described by words. As long as ye Chen is more powerful, their status will rise.

After all, they were the first to turn to Ye Chen, and they were equivalent to the old people. Ye Chen would never treat them unfairly when he formed forces in the future.

"Well, tell all the monks and tell them that ye Chen wants to form a force, so it's called shazong!"

Sha Zong represents Ye Chen's intention to kill and his determination. At the beginning, he would not let go of any of the forces that oppressed him.

In the secret place of demon saint, free cultivation is the weakest group.

There is no value at all.

And ye Chen is going to make sanxiu become a terrifying existence in the land of Lingwu!

Wang and Chen Xiaofeng change their minds slightly.

"Little Lord, we will do it at once!"

Although there are only two big forces at present, there are still some small forces. Depending on Ye Chen's talent, there will definitely be a lot of free cultivation.

After all, as long as ye Chen doesn't die young, he will definitely dominate the land of Lingwu in the future.

Even Chen Feng and Wang Qian didn't expect that they could become a strong force in Lingwu mainland at the beginning of joining Ye Chen.

Of course, these are afterwords!

After ye Chen this news sends out, Xia Di all forces are shocked.

Now ye Chen wants to form a force!

The big powers in the western regions have become ugly. Ye Chen was only one person before. Now ye Chen is forming a force, isn't he telling them that they will definitely destroy their clan or family in the future!

At the moment of Ye Chen's news, the western regions forces also spread news.

If anyone joins Ye Chen's sect, he will not die with them in the future, and he will surely find a way to kill him.

As soon as the news came out, I originally wanted to join the loose repair of Ye Chen's forces, but some of them did not dare to move.

Of course, there are also some who are not afraid of death or who have a festival with some families, and do not care at all.

They were originally scattered and isolated, and they were not afraid of revenge from the western regions.

Ye Chen didn't know these things at all. During this period of time, he found a cave and had been in a stable state of seclusion.

As for the matter of receiving people, it is natural for Chen Feng and Wang Qian to do it.

On this day, ye Chen came out of the closed house and saw two hundred people standing behind Chen Feng and Wang Qian.

Ye Chen can see the realm of two hundred people with his mind. Most of them are Hunyuan state with seven layers of heaven, and there are three strong people who are in harmony with the two levels of heaven.

"Little Lord, only 200 people have been received during this period of time. The western region forces have sent out cruel words. If anyone joins in to kill the clan, he will never die."

Chen Feng came to Ye Chen and said directly!

Ye Chen brow a wrinkle, the eye son inside twinkles a silk cold look.

These forces are good! Never die!

"It's OK. It's not your fault."

Ye Chen knows that Chen Feng and Wang Qian can receive 200 people, which is not easy.

Ye Chen stood in front of them, looked at these people and said directly, "since you join in the killing clan, you must abide by the rules of killing the clan. We don't bully the weak, but some people dare to bully you. One can't beat two, two can't beat three, and if you can't fight again, all the clan will attack to avenge you!"

Ye Chen's voice is not big, but anyone can hear it.

This is Ye Chen's will, but also the will to kill the clan!

They do not take the initiative to provoke others, but if anyone dares to provoke the slayer of Zong, no matter who it is, they will fight for revenge!

"All Hunyuan martial arts can get Hunyuan immortal weapons, and those who combine Taoist martial arts can get them."

Chapter 1690

At this time, when ye Chen opened his mouth, everyone was shocked inside. They were originally free to repair, and they were poor to death.

These Hunyuan warlords still use Shenwang tools, while those who combine Taoism use Hunyuan immortal weapons, so they can't exert their greatest strength.

As soon as they hear that they can have the magic tools of the same way and Hunyuan immortals, how can they not be excited?

I'm afraid only Ye Chen can give so many treasures when they just joined.

Ye Chen is always cold-blooded and merciless in the face of the enemy, and will not be stingy in the face of his own people.

"Since these forces will never die with us, we should rest for a day, and tomorrow we should let those forces see how terrible the shazong formed by loose repair is!"

After ye Chen finished, he said two more words, then turned around and walked into the cave.

At present, the killing clan is just taking shape, and many things need to be arranged.

If ye Chen were alone, he would naturally have enough resources, but it would be a drop in the bucket to form a force.

The formation of forces is not only because of the Linghuang family, but also because of the people in Kunlun.

If the Kunlun Xu people came to the lingzu land, there is still a place to go.

After a day's rest, ye Chen inquired about the names of the two hetaojing and arranged to become the outer elder. As for Chen Feng and Wang Qian, they were arranged to go to the inner gate elder.

Although Chen Feng and Wang Qian are not strong enough, they are the first to follow him.

The main thing is that ye Chen has the resources to make a quick breakthrough for Chen Feng.

After ye Chen arranges everything, a team of two hundred people suddenly appears in the summer.

"Little Lord, we found the forces of the evil devil's palace in front of us. The leader is two people who live in the four layers of heaven."

At this time, Huangpu Tian said!

Huangpu Tian is one of the 200 people who are in a strong position of Taoism.

"It seems that the evil palace wants to kill the threat. In this case, we will give him a meeting gift!"

Ye Chen spits out this sentence indifferently, to the evil spirit palace, he does not have any good feeling.

With the strength of the four layers of heaven, ye Chen can deal with it alone.

Huangpu Tian's face changed slightly, but he didn't say much, so he nodded.

Ye Chen naturally saw the difference of Huangpu heaven. They turned to Ye Chen and valued Ye Chen's talent.

Now he is only three layers of Hunyuan kingdom. Huangpu heaven doesn't know if ye Chen can deal with it.

He didn't say much about all this, sometimes it needs to be proved by strength.

Sha Zong ran directly to the small force in the fierce demon palace and met him directly in less than half an hour.

"Ye Chen, what do you want to do?"

At this time, two strong men from the four layers of heaven in the realm of Tao opened their mouths and looked at Ye Chen with vigilance.

Although Ye Chen is only the third tier of Hunyuan Kingdom, no one dares to underestimate it.

They have a strong sense of killing!

But they dare not do it!

Only when the fierce and evil palaces in the secret realm all converge, can they have the power of World War I!

"What are you doing? You may as well guess

When ye Chen's voice fell, he did not say a word and started directly!

Seeing his ghostly figure, he rushed directly to the two Taoist realms.

The people who killed Zong saw that ye Chen had already rushed past, and they no longer hesitated to kill them crazily.

For a moment, there were constant fighting voices. The strength of scattered repair was slightly weaker in the face of these forces.

It's not that their strength is not bad, mainly they don't have too many resources, but because of Ye Chen, these gaps can be ignored!

Ye Chen clenched Hedao artifact and chopped it out with a sword. In the instant of chopping out, he came to the front of another Hedao realm and smashed out with a fist.

Bang! Bang!

"Vulnerable!"

Ye Chen sneered at the corner of his mouth. After he broke through, he was not qualified at all because he was in front of him.

With one sword, you can directly cut off the head of the four layers of heaven in the Hedao realm.
Second kill!

Ye Chen's fist hits in front of another God King, a huge force, directly breaks his heart.

The fight between the two is not enough time!

Fierce demon Palace this side a look, the leader has let Ye Chen kill, suddenly morale is completely lost.

In less than half an hour, this side will solve the battle directly.

"Take all the valuable things from them and keep looking for them!"

At this time, ye Chen directly opened his mouth and took away the things of the two gods. As for the treasures of Hunyuan Kingdom, he didn't take one of them.

At the moment, Huangpu day looks at Ye Chen with a slight change in his eyes. He originally wanted to support Ye Chen in the battle just now.

Who knows he hasn't gone yet. Ye Chen has already solved the battle.

The strong are always in awe of the weak, which is an eternal truth.

.....

An hour later, the two powerful people in the evil magic palace heard about the killing of the emperor, and their chest heaved with anger. They lost a lot in the evil palace, and the chief culprit of all this was shazong.

"This shazong has become more and more rampant in recent years, and even some scattered practitioners are turning to shazong. We must find a way to eliminate it."

During this period, they did not want to stop and kill Zong, but the speed of killing Zong was so fast that they had already finished in the past.

"I suggest that we should unite with other forces to wipe out the shazong. We can't let them continue to be rampant."

"OK, I'll leave it to elder Hong. You can contact other forces and kill Zong together."

Ye Chen didn't know all this, but he had already thought of it.

In several caves, ye Chen stands high, and the warriors below are all smiling.

Recently, they are the most comfortable. They have no influence. They usually take a detour when they see the major forces.

There is no way to be as proud as it is now.

"Little Lord, what shall we do next?"

At this time, in the Huangpu sky below, there is a trace of bloodthirsty in the eyes.

"For the next period of time, we'll practice first, not in a hurry."

At this time, ye Chen opened his mouth at the top. Recently, he was restless and always felt that something important was going to happen.

When they heard Ye Chen's words, they looked a little dim, but no one dared to refute.

Recently, ye Chen's strength is obvious to all.

If it is not because of Ye Chen, their strength growth speed is not so fast.

All people have a trace of gratitude to Ye Chen. They always have no dignity in front of the major forces.

Even some Shenwang realms can scold them in the Hunyuan state. They can't have a background.

They have no problem killing God Kingdom, but the consequences are not what they can bear.

On the contrary, these days to join the killing clan, incomparably happy, no worries at all.

Ye Chen said two words, then left, let them each practice.

At present, shazong has a certain scale, but it is still too weak. After all, there is no top strong person. Once facing the fate, there is no power to resist.
